VANCOUVER—Metal trades workers employed in local shipyards have applied for an increase of 10 per cent. in wages to date from February 1st.

VICTORIA—The Chief Engineer of the Toronto Harbor Commission, accompanied by one of the Commissioners, will arrive in Victoria to inspect the Ocean Docks, and other ports facilities in the course of a few days.

SEATTLE—Again smashing the Pacific Coast record for the number of ocean-going cargo ships launched in one day, Seattle on Saturday launched three magnificent freighters, two of steel and one of wood—a grand total of 18,800 tons in deadweight capacity.

VANCOUVER — The Nitinat Logging Company has secured a contract for the delivery of 30,000 feet of spruce logs daily for the Imperial Munitions Board for aeroplane manufacture from its limits at Nitinat Lake.

The contract will run for a year with the option of renewal.

VICTORIA—On Thursday and Friday of this week the District Engineers of the Provincial Department of Public Works will meet at the Parliament Buildings with A. E. Forman, Public Works Engineer for the purpose of discussing important matters relative to the work of their several districts.

VANCOUVER—Superintendent Rawlings stated at the final meeting of the 1917 commissioners that all the work for which estimates was carried out, notwithstanding the fact that charges which were unforseen at the time estimates were prepared, had to be met in the form of increased wages and increased cost of material. The total expenditure for the year amounted to $84,139.91.

VANCOUVER—The salmon canners of the British Columbia coast are getting busy for the season of 1918. Material is being assembled, contracts are being made for material and labor, boats are being overhauled along with nets and gear. Much misgiving of the canners exists for various reasons, the two important being uncertainty regarding this year's fish run and the present price of material.

VANCOUVER—Tenders are wanted by the Imperial Munitions Board offices in the Belmont House, Victoria; Yorkshire Bldg., Vancouver, to be closed by Jan. 31, 1918 for the work of installation and supplying the necessary fittings for the following: Arrangement of steam and exhaust pipes to winches and steering engine; Sanitary and deck wash service; Steam heating arrangement; Pumping plan, including modified plan to suit shaped tanks.

BUSINESS NOTES.
and other items of interest to the business man.

VANCOUVER—Coal prices will advance next month. Announcement to this effect was made today by Mr. Nichol Thompson, provincial fuel controller.

VANCOUVER—An auto truck belonging to the Canadian Fir Company was badly damaged on Sunday evening when it caught fire at the foot of Bidwell Street. The blaze was extinguished by the use of chemicals.

NORTH VANCOUVER — Messrs. Cedars, Limited, have taken a pile driver up Lynn Creek for the purpose of putting in crib work along Lynn Creek to protect their logging roadway, which was badly damaged by the recent floods.

VANCOUVER—Half a million dollars is the amount which Hon. T. D. Patullo, minister of lands, says he will ask the provincial legislature to pass at the coming session of the House for the purpose of improving the irrigation system in the Okanagan valley.

NORTH VANCOUVER—A very complete report in detail prepared by acting engineer F. M. Sharpe of the district of North Vancouver was presented by chairman of the board of works committee Councillor R. P. Purdie at the annual ratepayers' meeting held in the municipal hall last evening. The report dealt with each ward separately.

VANCOUVER — The first boom of big fir logs has arrived here from the newly-opened logging camp of Mr. P. D. Anderson at Knox Bay, Thurlow Island, 125 miles from Vancouver.

This is one of several new camps established on the coast as a result of the Imperial Munitions Board Shipbuilding programme. Mr. Anderson has secured one hundred million feet of timber to log and is employing about 100 men in the woods. In a short time he expects to be cutting about four million feet per month, most of which will be utilized by local mills in filling shipbuilding orders for large timbers. The Munn & Kerr Timber Co. is handling the output of the Anderson camp in Vancouver.

VICTORIA—The prospect that Vancouver may expect to become the headquarters of a large electrical smelting and steel plate industry and enter into the world's competition for steel shipbuilding is contained in an intimation given today by Hon Wm. Sloan, minister of mines. For several months past, it is said the government has been engaged in negotiations with Eastern capitalists and electrical smelter experts. These negotiations have now reached a point where the government has agreed, it is said, to join with the Pacific Steel Company of Eburne, the Aetna Iron and Steel Company of Port Moody—in both of which companies the Tudhope interests of Orillia and Mr. R. Turnbull, a well-known electrical metalurgist of Welland, Ont., are identified, together with other interested parties—in inviting an eminent outside metallurgist of international standing to come to Vancouver and make a final report on the proposal to establish a steel plate mill here.

MINING.

Five hundred tons of magnetite were shipped from Redonda Island for a test on which t oobtain data for an iron and steel industry.

The Granby Company shipped 1,000 tons of pyrites in 1917 to the Nichols Chemical Company at Vancouver for manufacture of sulphuric acid.

Copper bearing ore in a body 13½ feet wide and running 4 to 5 per cent. has been struck by the Highland Valley Mining and Developing Company on its property near Ashcroft, according to President F. Keffer.

In British Columbia petroliferous shales have been reported at Ashcroft, Horsefly and the North Thompson river, and an Indian states that shales near Spences Bridge take fire, indicating their petroliferous character. The shales of the Crow's Nest Pass and Nicola and Princeton coal fields, are petroliferous and have affected the associated coals to such an extent as to present new dangers in mining.

PROVINCIAL ESTIMATES ARE TABLED IN THE HOUSE

VICTORIA.—A revenue of just under $6,000,000 and an expenditure of $11,000,000 for the year commencing April 1 next is predicted in the provincial estimates which were tabled in the House by Hon. Lorne Campbell, Minister of Finance, on Monday. The revenue shows a falling off of about $1,000,000 for the anticipated revenue for this year, while the expenditures show a slight increase.

The exact estimated revenue is $5,044,015, as compared with $7,134,615 for the present year, a difference of $1,095,000. The estimated disbursements are $11,301,374, as compared with $11,163,656 for the previous year, an increase of $138,000. The increase is more than accounted for by the increased fixed charges, which are over $300,000.

Summary of Expenditure

The summary of estimated expenditure indicates that in four of the 14 Government services there will probably be an increased expenditure over last year. In the rest a reduction is predicted.

The following are the totals:

	1915-16.	1916-17.
Public debt	$1,152,376	$1,422,254
Civic government (salaries)	1,709,566	1,637,736
Administration of justice (salaries)	68,000	67,428
Legislation	89,820	167,620
Public institutions (maintenance)	467,426	472,575
Hospitals and charities	374,100	525,800
Administration of justice	378,000	308,670
Education	1,594,600	1,524,500
Transport	33,000	43,000
Revenue services	50,000	25,000
Public works	3,067,315	3,023,010
Miscellaneous	2,128,752	2,032,000

In this year's report of the estimates the service "miscellaneous" is divided into three distinct services. "Lands," upon which $565,000 is to be spent this year, and "agriculture," upon which $176,500 will probably be expended, are each given a service to themselves, thus greatly reducing the "miscellaneous" total.

Present conditions have also necessitated more and larger hospitals, the result being an unusually large increase for hospitals and charities. Last year $16,000 was voted in the way of assistance in the construction of hospitals. This year about $150,000 will probably be granted for that purpose. Grants to refuge homes, aid societies, etc, is increased from $19,000 to $80,000.

University of B. C.

Among the appropriations in this year's estimates is a conditional one of $200,000 for the University of British Columbia. Last year's estimate was $175,000. Included in the works and buildings to be constructed by the Public Works Department are the following: Okalla prison farm, $15,000; improvement of government reserve, Burnaby, $10,000; mental hospital and colony farm, Essondale, $35,000; provincial government buildings, London (completion and maintenance), $175,000; maintenance, $8,000. The appropriations provincial normal school, Vancouver, for roads, streets, bridges and wharves in each constituency are the same as last year. Chilliwack gets $33,300; Delta, $22,500; Dewdney, $68,500, and Richmond $40,000. Eighty thousand is revoted for Kingsway through the Municipality of Burnaby. Point Grey gets $10,000 for roads, and Nicomen Island the same amount for dyking; $13,500 is a subsidy for the Ladner-Woodward ferry.

Other Appropriations.

The vote of $400,000 on last year's estimates for the Second Narrows bridge is left off. For bridges generally $450,000 is set down, while for the bridge over the Fraser River at Prince George there will be an appropriation of $150,000.

An item in the Land Department appropriations is that for $20,000 for "timber testing and investigation of wood products." An indication that the government intends to continue seeking overseas markets for the B. C. lumber trade is that another $50,000 is appropriated for salaries, travelling expenses, and purchase of material.

Among the other appropriations are the following:

Grant to B. C. regiments $5,000, grant to patriotic fund $6,000, grant to boy scouts $1,000, grant to Victorian Order of Nurses $500, grant to returned soldiers' aild commissions, $15,000; Royal Commissions $15,000 (last year $50,000), cougar bounty $35,000. Contribution to Vancouver toward purchase of certain lanes in Ward VIII., $5,000. Fraser River Bridge, New Westminster, maintenance and repairs, $20,200. Songhees Reserve improvements, $240,000.

THE MEDIUM.

Did you ever notice that 95 per cent. of the big successful firms are firms who advertise? They figure advertising as an investment, not an expense. The secret of advertising is the selection of a medium which reaches those people who are or will be the most likely "purchasers of your product." If you are in the building supply or machinery line don't select a moving picture publication in which to do your advertising. Because of the fact that the RECORD is the only paper published in the province devoted exclusively to the contracting business it is read by practically every one you would like to sell your products to. Your ad. where they will see it will put a capital on your cash.

NOTICE TO CONTRACTORS.

DEPARTMENT OF WORKS.

SEALED TENDERS addressed to the undersigned, and endorsed "Tender for Wooden Freight Shed, Vancouver, B. C." will be received at this office until 4 p.m., on Monday, February 4, 1918, for the construction of a wooden freight shed and fireproofing of grain conveyor supports, on the West side of the Government Wharf, at Vancouver, B. C.

Plans and forms of contract can be seen and specifications and forms of tender obtained at this Department and at the offices of District Engineers, Equity Chambers, Toronto, Shaughnessy Building, Montreal, and at the Post Office, Vancouver, B. C.

Persons tendering are notified that tenders will not be considered unless made on the printed forms supplied, and signed with their actual signatures, stating their occupations and places of residence. In the case of firms, the actual signature, the nature of the occupation, and place of residence of each member of the firm must be given.

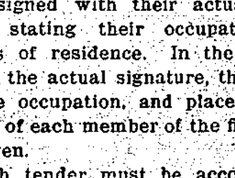
Each tender must be accompanied by an accepted cheque on a chartered bank payable to the order of the Honourable the Minister of Public Works, equal to ten per cent. (10%) of the amount of the tender, which will be forfeited if the person tendering decline to enter into a contract when called upon to do so, or fail to complete the work contracted for. If the tender be not accepted the cheque will be returned.

The Department does not bind itself to accept the lowest or any tender.

NOTE.—Blue prints can be obtained at the Department of Public Works by depositing an accepted bank cheque for the sum of $50, made payable to the order of the Honourable the Minister of Public Works, which will be returned if the intending bidder submit a regular bid.

By order,
R. C. DESROCHERS,
Secretary.

Department of Public Works,
Ottawa, January 7, 1918.



Sealed tenders will be received by the Minister of Lands not later than noon on the 21st day of March, 1918, for the purchase of License X113, to cut 18,166,000 feet of Fir, Hemlock, Cedar, Balsam, White Pine and Spruce on an area adjoining S. T. L. 36134, Johnstone Straits, Rupert District.

Three (3) years will be allowed for removal of timber.

Further particulars of the Chief Forester, Victoria, B. C., or District Forester Vancouver, B. C.

TIMBER SALE X1214.

Sealed tenders will be received by the Minister of Lands not later than noon on the 30th day of January, 1918, for the purchase of License X1214, to cut 6,210 Cords of Dead and Down Shingle Bolts on an area situated on Powell Lake, New Westminster District.

Two (2) years will be allowed for removal of timber.

Further particulars of the Chief Forester, Victoria, B. C., or District Forester, Vancouver, B. C.

Two (2) years will be allowed for removal of timber.

Further particulars of the Chief Forester, Victoria, B. C., or District Forester, Vancouver, B. C.

SYNOPSIS OF COAL MINING REGULATIONS.

Coal mining rights of the Dominion in Manitoba, Saskatchewan and Alberta, the Yukon Territory, the Northwest Territories and a portion of the Province of British Columbia, may be leased for a term of twenty-one years at an annual rental of $1 per acre. No more than 2,560 acres will be leased to one applicant.

Applications for a lease must be made by the applicant in person to the Agent or Sub-Agent of the district in which the rights applied for are situated.

In surveyed territory the land must be described by sections, or legal subdivisions of sections, and in unsurveyed territory the tract applied for shall be staked out by the applicant himself.

Each application must be accompanied by a fee of $5 which will be refunded if the rights applied for are not available, but not otherwise. A royalty shall be paid on the merchantable output of the mine at the rate of five cents per ton.

The person operating the mine shall permitted to purchase whatever available surface rights may be considered necessary for the working of the mine furnish the Agent with sworn returns accounting for the full quantity of merchantable coal mined, and pay the royalty thereon. If the coal mining rights are not being operated, such returns should be furnished at least once a year.

The lease will include the coal mining rights only, but the lessee may be at the rate of $10 per acre.

For full information application should be made to the Secretary of the Department of the Interior, Ottawa, or to any Agent or Sub-Agent of Dominion Lands.

W. W. CORY,
Deputy Minister of the Interior.
