11953—W. A. Clark, picture booth, 63 Hastings St. W., $350.

BIDS ARE ASKED ON NEW WHARF AT THETIS ISD.

The department of public works at Ottawa is inviting bids on the construction of a new government wharf at Thetis Island, near Nanaimo. The bids will be received up to noon of Tuesday, August 3. All tenders must be sent to R. C. Desrochers, secretary of the department of public works at Ottawa. Plans and specifications of the new wharf may be seen at the office of the district engineer at Victoria and also at the post offices in Vancouver and Nanaimo.

ASK BIDS ON TWO HOMES FOR BURNABY SOLDIERS

Burnaby municipal council, through its clerk, Mr. Arthur G. Moore, is inviting tenders for the construction of two new homes for returned men under the provisions of the Soldier Housing Act. The plans and specifications for these new dwellings can be seen at the office of Architects E. Evans & Sons, 108 Molsons Bank building, and the tenders will close at 5 p.m. on Monday, July 19. Each tender must be accompanied by the usual ten per cent. deposit and the successful bidder will also be required to furnish the usual surety bond.

SECURE SITE FOR NEW CHURCH AT PENTICTON

PENTICTON—As the first move towards the erection of a handsome new Anglican church and parish hall which will cost between $40,000 and $50,000, the congregation of St. Saviour's church has purchased half an acre on the east side of Winnipeg street. The site is regarded as an ideal one for a church, being in the midst of a choice residential section and at the same time not far from the main business section. Plans are now being invited for a new church as well as a parish hall, and as soon as these details are settled and the cost known, steps will be taken towards raising the necessary funds. It is hoped to have construction actually started by the end of the year.

EXTEND TIME FOR TENDERS

VICTORIA—Announcement is made by the provincial public works department that the time for receiving tenders on the three bridges on the Hardy Bay-Coal Harbor road has been extended from the original closing date of July 12 to noon of July 26.

NEW WHARF AT SYDNEY HAS BEEN COMPLETED

SIDNEY—The new wharf of the Sidney mill has just been completed and taken over by the mill company from the contractors, Messrs. McDonald, Watson & Withers, the well known pile-driving firm. The new wharf is 42 feet wide by 60 feet long and affords good shipping facilities with a fair depth of water sufficient for loading scows at all stages of the tide.

Messrs. McDonald, Watson & Withers have had their pile-driving outfit towed to Cucheon Cove where they have commenced work on another small wharf contract.

AWARD CONTRACTS FOR FOUR SOLDIER HOUSES

PENTICTON—Architects Swan & Augustine, who were recently commissioned by the building committee of the city council to prepare the plans for a number of new dwellings for returned men under the provisions of the Soldier Housing Act, have awarded the contract for the erection of four of these new homes. The successful bidder for the first four of these houses is Mr. G. F. Priest of Penticton. The houses will cost about $3,000 each and will be of the bungalow type. Subcontracts for the wiring of these dwellings have also been awarded to Messrs. Menzies & Adama, and for the plumbing to the Okanagan Plumbing & Heating Company. Work is to be started on these dwellings immediately.

PENTICTON TO GET NEW $35,000 BANK BUILDING

PENTICTON—At a cost of over $35,000 the Bank of Hamilton is to erect a new bank building at the southeast corner of Main and Westminster streets. A permit for the erection of the structure has been taken out by Mr. R. N. Wyatt of Winnipeg who has been awarded the general contract for the building.

The new bank building will be a handsome structure of brick, stone and tile construction, 28 by 52 feet in size and one story high, with a mezzanine floor at the rear. The main room of the bank offices will have a ceiling 10 feet high. Provision is made in the preparation of the plans to erect an

OFFICIAL ORGAN.

The British Columbia Record is the official organ of The Architectural Institute of British Columbia, federated with The Royal Architectural Institute of Canada and as such is used by them as the medium through which to make their official announcements to the general public.

By such selection the British Columbia Record is no wise pledged to editorial support of any policy advanced by these societies, but maintains an absolutely independent position on all matters subject to editorial opinion.

PEAK OF PRICES REACHED; EXPECT DECLINES SOON NOW.

The public which pays the bills the economists who calculate how large those bills ought to be, and the manufacturer, wholesaler, other middlemen and the retailers who make out the bills, have been engaged lately in heated discussions as to whether prices had really begun to recede. Arguments on both sides of the question have been supported by many facts. Those who held that prices had passed their peak pointed to the fact that stores which had engaged in recent cut price sales had stated that lack of buying on the part of the public had forced them to lower prices in order to move stocks; that the public, in other words, had ceased buying until prices receded to more moderate levels.

Those who urged that prices must remain high pointed to the still existant shortage in supply of essentials, and predicted that any recessions from high prices must be temporary until supply has definitely overtaken demand. In the meantime a number of leading eastern mercantile weeklies which are generally regarded as authoritative on such matters, and one in particular, 'Current Affairs' a Boston mercantile weekly, which deals specially with the shoe and leather market, makes a definite prediction as to the future trend in the price of shoes. In its last issue "Current Affairs" says:

"It may be taken for granted, however, that the retailers cannot dispose of high grade goods for next season at prices exceeding $15 to $18. In other words, the $20 shoe has vanished from the horizon. General opinion throughout the trade appears to be that the peak of leather and footwear prices has definitely been reached, and that from now on there will be at least a gradual decline. In other words, it looks as if everyone, from the hide dealer to shoe retailer, would have to adjust himself to the new conditions arising from the refusal of consumers to buy any more footwear until they find where they are 'getting off.'"

Were it not for the insistent demand for more housing accommodation, the same state of affairs would prevail in regard to the building supply and material situation. But even at that, many leading contractors and dealers are of the opinion that when building slacks off in the fall and stocks begin to accumulate, the same condition of affairs will prevail in the building trade as is now manifesting itself in the clothing and boot and shoe markets.

LOCAL FIRM TO START ON C. N. R. ROUND-HOUSE

VICTORIA—Messrs. Robertson & Partners of Vancouver, who were awarded the contract some time ago for the construction of the new C. N. R. round-house and machine shop on the former Songhees reserve here, are assembling material and will start active work this week on this undertaking. The start on this contract has been somewhat delayed owing to minor changes in the original plans, but the work is to be rushed now and an effort will be made to have the new round-house completed in ten weeks. The round-house will be a five-stall one, built of brick and concrete and will cost about $50,000.

Robertson & Partners announce that they are open to receive tenders on the plumbing and painting of the buildings. The machine shop which is part of the contract, will also be of brick and concrete. Mr. D. O. Lewis, resident engineer of the C. N. R., will supervise the construction. When this new round-house and machine shop have been completed on the site just north of the Point Ellis bridge, the company's terminal area will take on the appearance of a fully equipped railway yards, for freight sheds were built some time ago.

P. J. SALVUS WILL BUILD KETTLE VALLEY BRANCH

PENTICTON—Mr. P. J. Salvus of this city has been awarded the contract for the grading of a 2½ mile section of the Kettle Valley branch line railway from South Penticton to the head of Dog Lake. Work is to be commenced by the contractor at once and is expected to be finished in about sixty days. Steel laying by the railway company's construction gang is to follow the completion of the grading as rapidly as possible.

Contractor Salvus expects to make fast time on the grading contract as the route is through a fairly open and level country covered only by small brush. Tenders are now being received by the Kettle Valley Railway Company for a new wharf at the head of Dog Lake. It is also understood that the Kettle Valley company intends to award a contract later on in the summer for the construction of another section of 16 miles of line extending from Okanagan Falls down to the new townsite near the canteen.

PENTICTON PERMITS SHOW MUCH ACTIVITY

PENTICTON—Major Dufresne, city engineer and building inspector, has submitted a report to the city council showing that the total value of the building permits for the first half of the current year has come very close to the hundred thousand mark. The actual total was $97,451, or about $2,500 greater than Kelowna's record for the same period, thereby settling for the time being the keen rivalry between these two interior towns. A particularly pleasing point about these building figures to Penticton residents is the fact that out of 69 permits issued during the last three months, 36 were for new residences, which aggregated in value $37,863.

ARCHITECTS MOVE OFFICES

PENTICTON—Architects Swan & Augustine have moved their offices from their former quarters in the Kandall block to new and more commodious quarters in suite 24, Mitchell block.

MINING CONVENTION AT NELSON JULY 20-24

NELSON — Elaborate preparations are being made here for the staging of what promises to be the most important mining convention yet held in the interior. The convention is called for July 20 to 24, and Mr. Fred A. Starkey, secretary of the convention, has already received acceptances of invitations to be present from some of the most prominent mining engineers on the American continent, Hon. William Sloan, provincial minister of mines, will be present and deliver an address on the mineral resources of the province and a very fine display of minerals has also been secured as one of the features of the gathering.

2875—G. Magee, 6608 Laburnum St., bungalow, $5,250, A. H. Cromie, Contr.

EXTEND CLOSING TIME FOR CHURCH TENDERS

Announcement is made by Architect W. S. Griffith, Dominion building, that the time for receiving tenders for the alterations to Robertson Presbyterian church, corner Napier and Salsbury Drive, has been extended to July 16. Plans are available at the office of Mr. Griffith to intending bidders.

ELECTRICAL TENDERS ASKED

Tenders for Electrical Wiring and fittings at the Public Building, Comox, are being received up to 12 o'clock noon, Saturday, July 17, 1920, by Wm. Henderson, District Resident Architect, Public Works Department, Victoria.

Plans and specifications and forms of tender can also be obtained from Mr. J. C. Wright, Room 32, Public Building, Vancouver.

PLANS READY FOR NEW CARMANAH LIGHTHOUSE

Plans are now on file for inspection by intending bidders at the Vancouver post office building as well as at the department of marine at Ottawa, for a reinforced concrete tower for a new lighthouse at Carmanah Point, near Victoria, B. C. The tower is to be 30 feet high and very solidly constructed, as it will be exposed to heavy storms on the point. Tenders will close for this work on July 31, with the department of marine at Ottawa.

PRICED FOR QUICK SALE.

addition of equal size on the bank's adjoining vacant lot should conditions warrant it, and the foundation is made heavy enough to carry an additional story if it should be required later. The plans were prepared by Mr. A. D. Acheson of Winnipeg. The only sub-contract awarded so far is to Carter Brothers of this city for the haulage of material for the building.

The main entrance of the building is to be at the corner of Main street. The building will be heated by hot water and the fittings will be of white oak and brass grille work, while the finishing of the counters and wainscoting will be of Italian marble. Other sub-contracts are to be awarded shortly.

INVITE BIDS FOR LUMBER

VICTORIA—Announcement is made by the Foundation Company of British Columbia that it is open to receive bids on the whole or any part of the stock of yard planking and dimension timber which remained over in the Point Hope and Point Ellice yards at the conclusion of the shipbuilding operations. There are approximately 1,250,000 feet of timber in these yards. Bids will be received by Mr. J. Gaskin, assistant secretary treasurer of the company, at the Point Hope yard.

ROYAL CITY SEEKS MORE FUNDS TO BUILD HOMES

NEW WESTMINSTER—The city has received an intimation from the provincial government that the latter is unable to provide any more funds for soldier housing, the allocation from the Dominion government for that purpose being about exhausted. Recently the city council, at the request of the Great War Veterans' Association, asked the provincial government for another $50,000 to build more new homes for soldiers under the provisions of the Soldier Housing Act.

New Westminster was first allocated $50,000 for soldier housing and this was later increased by another $10,000. This has all been utilized in the construction of new homes and there are over a score of applications still of file of veterans who will be disappointed unless Mayor J. J. Johnston is able to get some additional grant made. He intends to take the matter up with the government.

A NEW GAS SERVICE -- HEATING --
YES, you can heat your home, office building, store or factory with GAS economically, conveniently and satisfactorily—without the dirt and dust of a furnace—without the work of carrying ashes or shoveling fuel.
There are gas-heating systems that fit any type of house or building from the hot air system that uses your present registers and pipes to the automatic unit radiator system that controls your heat to a nicety.
Think of the convenience of a gas-heating system—think of the clean basement and the freedom from work that gas means—and then call up our New Business Department. Seymour 5000.
WE SHALL BE GLAD TO ADVISE YOU ON YOUR HEATING PROBLEMS

NOTICE TO ARCHITECTS.

Competition for Church at Penticton, B. C.

The Council of the Architectural Institute of B. C. is in communication with the promoter of this competition and in accordance with the "Architects' Act" of 1920, has sent to him the particulars of competition such as are recognized as fair and equitable, in the other Provinces of Canada.

Architects who contemplate submitting plans for this work are therefore requested to abstain from competing until they have been informed through the British Columbia Record that this Institute approves of the conditions.

PLANS FOR NEW SAANICH HEALTH CENTRE PASSED

VICTORIA—The Saanich Council at its meeting last Friday, inspected and gave formal approval to the plans for the new Saanich Health centre which were submitted to the council by Major Spurgin, architect, who was recently commissioned by the council to draw them up.

The plans provide room for sixteen beds in the centre or main ward of the building without including the emergency ward. Tenders will be called at once for both frame, hollow tile and brick construction for the building. It is expected the tenders will close by July 31 and the council will award the contract shortly after that.
