GET $6,000 CONTRACT.

A contract covering the plumbing, heating and electrical work in connection with the remodelling of the premises at 111 Dunsmuir street, for the Navy League of Canada, has been awarded to Orr Bros. Ltd., 1210 Granville street. The amount of the contract is $6000.

WORK ON NEW BANK AT TRAIL STARTED

A contract for the erection of the new Bnk of Montreal building on the corner of Bay avenue and Helena streets, Trail, has been awarded to Messrs. Medby & Vestaunet, of that city. The building will be a two-story hollow tile and brick structure and will have every modern convenience. The second story will be made into an attractive apartment. Hardwood floors will be used throughout the building and a hot water heating system will be installed. The cost will be in the neighborhood of $15,000.

REGINA TO BUILD FAIR AMPHITHEATRE

REGINA—Plans have been prepared by Storey & Van Egmond, of Regina, Sask., for several important additions to the provincial fair buildings at the exhibition grounds. The principal item in the list is a huge amphitheatre 200 by 320 feet, to be of fireproof construction. Tenders are now being called for the general contract work.

TO STRENGTHEN BRIDGES ALONG MARINE DRIVE

SOUTH VANCOUVER—Partly as a measure of precaution and also because some of them need it, the municipal engineer's staff has commenced work on the strengthening and overhauling of all the bridges on Marine Drive, east of Victoria Road. Extra bracing is to be put in to counteract the sudden strain of heavy and fast-moving motor cars coming onto the bridges at a high rate of speed. In the case of some of the bridges these stresses were not calculated for to the extent of the vibration which a speedy motor car causes.

MEETINGS

AN IMPORTANT MEETING OF THE ARCHITECTURAL INSTITUTE OF BRITISH COLUMBIA WILL BE HELD ON THURSDAY AFTERNOON, JUNE 19, AT 5:00 P.M., IN THE OFFICES OF MR. FRED L. TOWNLEY, 325 HOMER STREET.

MEMBERS ARE URGENTLY REQUESTED TO BE PRESENT.

HOUSING SCHEME FUND READY.

VICTORIA—Premier Oliver has been advised from Ottawa to the effect that a first instalment of $750,000 has been placed to the credit of the Government of British Columbia in connection with the Province's allocation for the operation of the national housing scheme.

SOUTH VANCOUVER WILL PROCEED WITH DRAINAGE

SOUTH VANCOUVER—As a result of several conferences between Commissioner Gillespie and the ratepayers and property owners affected, it has been decided to proceed with the proposed drainage work affecting a number of low-lying sections of South Vancouver. The work is to be carried out as a local improvement under the provisions of the Ditches and Watercourses Act. The municipal engineer has been instructed to bring in an assessment against the properties that will be benefitted by the improvements, and any owners who object to the assessment will be given a chance to appeal against it.

ASK COMPETITIVE PLANS FOR MEMORIAL MUSEUM

REGINA — Considerable surprise has been expressed in local building and architectural circles that no Pacific coast architects have been invited to send in competitive plans for the proposed war memorial museum at Regina, which is to be erected by the Sskatchewan government. The list of competitors as invited by Hon. Archie McNab, minister of public works for Saskatchewan, does not include a single architect located any further west than Moose Jaw. In view of the large number of able architects in Vancouver and Victoria it is considered that the coast cities have been slighted in the list of architects invited to compete.

Those invited to compete are as follows: Brown & Vallance, Montreal; Emil Delay, Regina; E. and W. S. Maxwell, Montreal; Nobbs &

OFFICIAL ORGAN.

The British Columbia Record is the official organ of The Architectural Institute of British Columbia, federated with The Royal Architectural Institute of Canada, and The Engineering & Technical Institute of British Columbia, and as such is used by them as the medium through which to make their official announcements to the general public.

By such selection the British Columbia Record is no wise pledged to editorial support of any policy advanced by these societies, but maintains an absolutely independent position on all matters subject to editorial opinion.

WATCHFUL WAITING WON'T PAY AN INTENDING BULDER.

More and more do the indications from recent developments point to the fact that costs in the building and associated trades are not going to drop to pre-war levels—for a long time anyway. The sooner that fact is grasped, the sooner will more logical methods of cuttings costs than "watchful waiting," be grappled with in connection with all building problems.

Waiting for prices to drop will not bring business; neither will it cause your bank roll to swell and burst the confines of the fat wallet that has hitherto housed its contents. Nor will it cause new houses to spring up and confound the profiteering landlord. The more astute and progressive among the builders and cntractors are already beginning to adopt more practical means of combatting the situation. Some of them have already taken steps to see that the chimera of lower prices must not be allowed to bolshevik its way into the hearts of homebuilders, causing them to hold off and off until their regrets are as loudly wailed as those of the men who were "out" when opportunity knocked.

The situation must be boldly met. Relief can and is being sought by progressive and up-to-date methods, which gradually are turning the tide. Contractors and architects, too, are finding that it is possible to save on labor, on materials, on equipment, and to do so not by sacrificing quality, but by eliminating waste. Many a country house in the halcyon days of yore was, like Topsy, not built up logically, but just growed. Yes, in many cases it grew without plan, without thought as to economy of labor, of material, of anything. And as it grew, it evinced an enormous appetite—an appetite that swallowed excess over estimate entirely regardless of cost.

So don't follow a policy of watchful waiting, a waiting that is sure to bring vain regrets. Jump into the fray now and cut costs by eliminating waste. You can do it. Others are—why not you?

MINING DEVELOPMENT IN THE SLOCAN.

Mining development in the Slocan and other Kootenay districts of British Columbia is not lagging despite unfavorable market conditions. Andrew G. Larsen, a mining engineer interested in this section, explains that many properties, owing to the silver contents of their ore, are able to proceed with operations and store the lead if necessary. The Surprise, a silver mine at Sandon, B.C., is to be opened up and development is being vigorously pushed on the Noble Five because of its silver, the intention being to take the fullest advantage of the present market. A tunnel has been driven from which there is a raise to the ore bodies and the management is discussing the installation of a concentration mill. The mill also is to be started on the Cork-Province near Kaslo. The Florence Silver Mining company has been operating its mill at capacity for several weeks and at less than capacity for months before. Silver bearing ore is being drawn from a number of its properties by the Consolidated Mining and Smelting company. It is expected that the mill of the Silversmith Mines soon wil resume operations, it being reported that development has resulted in the proving of a large body of good ore.

GAS HEAT YOUR BUILDING
Gas heating by means of a system like the Rector has been the dream of engineers for years.
It does away with dirty, smoky furnaces, dusty basements filled with fuel, and the necessity of constant stoking.
Each radiator is a unit—you can cut as many of them out as you wish. You pay for your gas after you use it, not as you pay for coal, in advance.
We will be glad to give you figures on a gas-heating installation.

CONTRACTS AWARDED BY ORDER IN COUNCIL

The Department of Public Works of Canada announces the following contracts awarded under Orders in Council.

Little Pembina River, Man.—Construction for stop-log dam, pile bridges and canal for diversion of river into Lake Pelican. Contractors: Carter-Halls-Aldinger Co., Ltd., of Winnipeg, at $17,157.34 (unit prices).

Toronto, Ont.—Construction of laundry building in connection with Military Orthopaedic Hospital. Contractors: Dickie Construction Co., Ltd., of Toronto, at $18,000.

Kingston (Sydenham), Ont.—Alterations to buildings for conversion of same into a vocational building. Contractor: W. H. Harvey, of Kingston, at $10,660. Alterations to building for conversion of same into officers' quarters. Contractors: McKelvey & Birch, Ltd., of Kingston, at $6,337.

William Head, B. C.—Repairs to wharf at Quarantine Station. Contractor: W. Greenlees, of Vancouver at $19,415.40 (approximately—unit prices).

Black River, N.B.—Dredging. Contractor: A. Ramsay MacLeai, of Black River, at 24 cents per cubic yard, scow measurement for about 9,000 cubic yards of mud, entailing an approximate expenditure of $2,160.

We must be able to stand a lot of hard luck and disappointment, the loss of temper from time to time, but if real faith and courage exist and are not permitted to lag, success is positive.—Bottles.

FOREIGN TRADE OPPORTUNITIES

Additional information regarding these inquiries may be obtained from the Secretary of the Board of Trade, Vancouver, or upon application to "The Commercial Intelligence ranch of the Department of Trade and Commerce, Ottawa."

Correspondents are requested to quote the number of the "opportunity" when asking for additional information. Request for each opportunity should be on a separate sheet and state opportunity number. The Bureau does not furnish credit ratings or assume responsibility as to the standing of foreign inquiries; the usual precautions should be taken in all cases.
