PLANS FINE COLONIAL HOME AT CENTRAL PARK

Plans are now being prepared by Architect Joseph H. Bowman, 716 Yorkshire building, for a particularly handsome home of Colonial design which is to be erected for Mrs. W. Payne, at Central Park. The plans are expected to be ready for tenders early next week. The dwelling will be a one and a half story structure of seven rooms and will be equipped with full concrete basement, built-in fixtures throughout and warm air heating.

PREPARING PLANS FOR \$8,000 HOME FOR HATZIC

Architect Joseph H. Bowman, 716 Yorkshire building, has been instructed by Mr. J. A. Schuberger of Hatzic, to prepare plans for a new residence to be erected for the latter at Hatzic. The new home is to cost about \$8,000 and will be equipped with all modern conveniences. It will be one of the handsomest and up-to-date structures in the Fraser Valley and a decided acquisition to the Hatzic community. As soon as the plans are ready work will be commenced under the personal direction of the owner under the day labor plan.

CONTRACT IS AWARDED FOR NEW WATER MAINS CHILLIWACK

The Elk Creek Water Company has awarded a contract for the supply and laying of about half a mile of new eight-inch cast-iron water main which is to replace the wood-stave pipe line. The new main will involve an outlay of about \$9,000 and arrangements have been made to lay the main at the same time the streets of the business section are being repaved. The new mains cost in the neighborhood of \$135 a ton or nearly \$40 per-ton more than the listed price last fall. When the new mains are laid they will make a total of about eighty miles which the Elk Creek company has in commission for the water supply of Chilliwack and vicinity.

OFFICIAL ORGAN.

The British Columbia Record is the official organ of The Architectural Institute of British Columbia, federated with The Royal Architectural Institute of Canada and as such is used by them as the medium through which to make their official announcements to the general public.

By such selection the British Columbia Record is no wise pledged to editorial support of any policy advanced by these societies, but maintaining an absolutely independent position on all matters subject to editorial opinion.

SCHOOLS, HOSPITAL AND MONEY BYLAWS SHOULD BE SUPPORTED

When such of the taxpayers of the city as are public-spirited enough to go to the polls tomorrow to vote on the money bylaws, take the ballot with the list of the ten bylaws in hand and mentally figure up the aggregate amount thereon represented, \$1,425,000 will seem like a lot of money to authorize the borrowing of just now, especially with taxes already so high.

Especially urgent are the four school bylaws which appropriately enough, will head the list of bylaws on the ballot paper. It is almost a scandal the way at least two thousand more children than there are maximum accommodations for are being crowded into the public schools of the city and have been taught under the double-shift system for nearly a year past.

Then there is the \$1,000,000 bylaw for \$80,000 for replacing and repairing defective and insufficient ventilation in a number of the city schools. This is a legacy from the piecemeal contract system of pre-war years in school construction and is a matter that should have been remedied years ago.

Just as important as education is the health of the coming generation, and in view of the total inadequacy of the present facilities at the Vancouver General Hospital for handling maternity cases as well as the overcrowded condition of the nurses' home, the bylaw for \$500,000 for a maternity wing and a new nurses' home for the hospital plant is not only necessary but will prove a good investment to the city as it will tend to make the hospital more self-sustaining.

Good Eats Cafe

"The Good Food Restaurants"

Granville street hostelry with a view to seeing what could be done in the way of providing additional accommodation. As the hotel is already built to nearly the full of the C. P. R. holdings there, about the only thing possible in the way of an addition would be to tear down the laundry and electric light plant quarters on the Howe street side and re-build a large wing there.

If an addition to the Hotel Vancouver, proper is not decided upon, it is understood that as an alternative the company may adopt the plan for an overflow seaside hotel at Kitsilano for which a site has been reserved near the Indian reserve and at the north end of the Kitsilano beach.

After their inspection here is concluded Mr. Wetmore and his associate architects will go over to Victoria where they will be engaged for a few days in an inspection of the Empress hotel, where it probable that an additional wing will be added in the future to provide for increased accommodation.

ANOTHER FINE HOME IN SHAUGHNESSY HEIGHTS

Architects Mackenzie & Bow, Winch building, have prepared plans for another fine residence to be erected on Avenue D, Shaughnessy Heights, for Mr. M. Rector, at a cost of approximately \$15,000. The new home is to be of frame and stucco construction, and the contract for the carpenter work has been awarded to Blakely & Company.

GOVERNMENT TO BUILD WHARF AT KUSKONOOK

Tenders are being invited by the federal department of public works at Ottawa for the construction of a floating wharf at Kuskonook, B. C., in the district of Kootenay on Kootenay Lake. The bids on this work will be received up to noon of Friday, June 18th.

LANDING PLATFORM BIDS ASKED BY GOVERNMENT

Marking the construction of the first work of its kind rendered necessary by the commercial advancement in aviation, bids are now being invited by the federal public works department for the construction of a large concrete landing platform at Jericho Beach to be used by the Canada Air Board machines which will have a hangar near the beach there.

Plans and specifications for the concrete platform can be seen at the office Mr. Worfold, post office building, New Westminster, and at the office of the superintendent of dredges, London building, Vancouver. Tenders must be on the forms supplied by the department and should be accompanied by the usual ten per cent. deposit.

"Prospects" Your Competitors Get

It would be worth many hundreds of dollars every year to you to know that you have the information your competitors get—not hazy, hearsay "tips"—but real, concrete, definite news of

Building & Engineering

contracts, wouldn't it? You can get it—at small expense—a daily stream of live building reports that will mean many more orders for you at away less expense.

BEGIN CEMENT LAYING SOON ON PACIFIC HIGHWAY

WESTMINSTER—Actual work on the cement laying of the second paving unit of the Pacific Highway scheme expected to commence next Wednesday by employees of the Cotton Construction Company. This is much earlier than anticipated by the engineers and will mean, providing good weather is experienced, that the work will be completed by the end of next month and traffic allowed over the two and a half mile stretch by the end of August.

PLAN BIG SEPTIC TANK FOR SOUTHERN SLOPE

SOUTH VANCOUVER—In order to take care of the sewerage from an increasing number of residences located on the southern slope of South Vancouver, which by reason of their location will not drain into the main sewerage system, a large community septic tank is being planned by Municipal Engineer Whittaker. The plans for the new tank are now being prepared and it is expected tenders will be called in a short time. It will be designed to take care of the discharge from a number of other smaller private tanks and from the main tank will discharge into the Fraser.

When the municipality can afford to finance it, a trunk sewer is planned from Fifty-first avenue along Iversness street to the Fraser river, which will take care of the entire sewerage needs of the southern slope. Such a trunk sewer would probably cost about \$180,000, as it would entail some very deep excavation.

CHANGE IN ADDRESS

The city map and White Print Co. have moved their offices from 432 Cordova street west to larger and more commodious quarters at 524 Pacific Bldg., Seymour 6693.

KIMBERLEY SCHOOL NOTICE TO CONTRACTORS

Sealed Tenders superscribed "Tender for Kimberley School" will be received by the Honourable the Minister of Public Works up to 5 o'clock p.m. of Monday, July 5th, 1920, for the erection and completion of a two-room school and out-buildings at Kimberley, in the Cranbrook Electoral District, B. C. Plans and specifications can now be seen at the offices of:—

N. A. Wallinger, Esq., Government Agent, Court House, Cranbrook, B. C.

Rupert, Esq., Secretary to School Board, Kimberley, B. C. or the Department of Public Works, Victoria, B. C.

A NEW GAS SERVICE -- HEATING --

YES, you can heat your home, office building, store or factory with GAS economically, conveniently and satisfactorily—without the dirt and dust of a furnace—without the work of carrying ashes or shoveling fuel.

There are gas-heating systems that fit any type of house or building from the hot air system that uses your present registers and pipes to the automatic unit radiator system that controls your heat to a nicety. Think of the convenience of a gas-heating system—think of the clean basement and the freedom from work that gas means—and then call up our New Business Department. Seymour 5900.

WE SHALL BE GLAD TO ADVISE YOU ON YOUR HEATING PROBLEMS

NOTICE TO CONTRACTORS

Trans Provincial—Kuskanook-Sirdar Road.

Sealed tenders, endorsed "Tender for Construction Kuskanook-Sirdar Road" will be received by the Honourable the Minister of Public Works up to Noon, 23rd June, 1920, for the construction of above road.

Plans, specifications, contract, and forms of tender can be seen at the District Engineer's Office, Court House, Vancouver, at the Court House, Nelson and at the office of the undersigned. Copies of plans etc., may be had on payment of \$10 deposit which will be refunded on return of plans, etc., in good condition.

Each tender must be accompanied by an accepted bank cheque for an amount equal to ten (10%) per cent of the tender. The cheque of the successful tenderer will be retained as security for the due and faithful performance of the work till the satisfactory completion of the contract. A bond in an acceptable Surety Company for an amount equivalent to twenty (20%) per cent of the amount may be accepted in lieu of the tenderer's deposit cheque.

All cheques to be on chartered banks of Canada, and made payable to the Minister of Public Works.

The lowest or any tender, not necessarily accepted.

A. E. FOREMAN, Public Works Engineer, Public Works Department, Parliament Buildings, Victoria, B. C., June 9th, 1920.

TENDERS WANTED

NOTICE TO CONTRACTORS

The Board of School Trustees of the Municipality of North Vancouver, B. C., invite tenders for the erection and completion of a 4 room fire-proof school building.

The Plumbing and Heating contracts will be separate from the General Contract.

Sealed tenders endorsed "Tender for Lynn Valley School" or "Tender for Plumbing and Heating, Lynn Valley School" must be delivered to the undersigned at School Board Office, Municipal Hall, Lynn Valley, B. C., not later than 12 o'clock noon, on the 21st day of June, 1920.

The Board of School Trustees do not bind themselves to accept the lowest or any tender, nor pay any fees in connection with tenders.

Each tender to be accompanied by a certified cheque on a chartered bank to the amount of five per cent (5%) of the tender which shall be held as security for the tenderer's faithful performance of the work when called upon to do so.

Special forms for tendering will be supplied and no tender will be considered unless made out on same, signed and enclosed in the envelope furnished.

Plans and specifications may be obtained from the office of the Architect, Blackadder & Mackay, 61 Lonsdale Ave., North Vancouver, B. C., on and after June 7th, 1920.

A deposit of \$25.00 will be required for each set of plans and specifications issued, which will be refunded when plans and specifications are returned to the Architects.

H. MARTYN JENKINS, Secretary Board of School Trustees, District of North Vancouver.

NOTICE TO CONTRACTORS

Mars—Squamish Road.

Sealed tenders, endorsed "Tender for Construction Mars-Squamish Road," will be received by the Honourable the Minister of Public Works up to Noon of the 21st June, 1920, for the construction of approximately 3.22 miles of the above road.

Plans, specifications, contract, and forms of tender can be seen at the District Engineer's Office, Court House, Vancouver, at the Assistant District Engineer's Office, Court House, Vernon, and District Engineer's Office, Pentiction, and at the office of the undersigned. Copies of plans, etc., may be had on payment of \$10.00 deposit which will be refunded on return of plans, etc., in good condition.

Each tender must be accompanied by an accepted bank cheque for an amount equal to ten (10%) of the tender. The cheque of the successful tenderer will be retained as security for the due and faithful performance of the work till the satisfactory completion of the work. A bond in an acceptable Surety Company for an amount equivalent to twenty (20%) of the amount may be accepted in lieu of the tenderer's deposit cheque.

All cheques to be on chartered banks of Canada and made payable to the Minister of Public Works.

The lowest or any tender not necessarily accepted.

AWARDS CONTRACT FOR FINE COUNTRY HOME

Architect Wm. Frederick Gardiner, 701 Vancouver block, has awarded a contract to Mr. L. C. Young, Nanaimo, for the erection of a fine country home at Cape Lazo, Vancouver Island, for Mr. W. A. B. Paul. The new dwelling which is to be erected from plans prepared by Mr. Gardiner, will be two stories in height, will have all modern conveniences and will cost about \$6,000. Together with a number of smaller outbuildings and barns, the improvements will represent an outlay of about \$8,000. Contractor Young intends to start work on the construction of the dwelling so as to have it complete before bad weather sets in.

TENDERS ARE OPEN ON QUEEN MARY SCHOOL

NORTH VANCOUVER—Secretary George Campbell of the North Vancouver school board opened the tenders for the various sub-contracts in connection with the completion of the Queen Mary school at yesterday's meeting of the school board. The tenders were all referred to the board's architect for tabulation and report and it is expected announcement of the successful bidders will be made early next week at a special meeting of the board to be called to consider Architect W. C. F. Gillam's report on the tenders.

TENDERS INVITED FOR A BANK AT WILLIAMS LAKE

WILLIAMS LAKE, B. C.—A new two-story bank building is to be erected here by the Canadian Bank of Commerce, which recently commissioned Architect Wm. Frederick Gardiner, 701 Vancouver block, Vancouver, to prepare the plans for the new structure which will be one of the most modern for its size in the Cariboo district. The building will be two stories in height with a frontage of 24 feet and a depth of 44 feet. It will be equipped with concrete vaults and the usual bank fittings of the most modern kind. Architect Gardiner is now calling for tenders for the erection of the

WORK IS COMMENCED ON LULU ISLAND PAVING

The Harrison & Lamond Construction Company, Ltd., who were recently awarded the contract for a considerable section of paving of No. 2 Road, Lulu Island, have already commenced work on that undertaking and intend to rush the job through. They have at work already a large tractor grader, scarifiers, and other equipment, as well as a large force of men and motor trucks to handle the material. The contractors intend to make every effort to have the work all completed early in the fall.

CONTRACT IS AWARDED FOR BLOCK OF 8 STORES

Architect H. H. Simmonds, Carter Cotton building, who prepared the plans, awarded a contract on Saturday to Snider Bros. & Son for the erection of a one-story brick building designed for eight stores. The building is to be erected for Mr. J. Meinster at the corner of Cordova street and Columbia avenue, and will cost in the neighborhood of \$20,000. The structure will measure 75 by 120 feet in size and will have one store facing on Cordova street with seven fronting on Columbia avenue. Work on the excavation for the foundation is to be commenced in a few days.

BIDS FOR WOODS LAKE SCHOOL ARE INVITED

The minister of public works is inviting tenders for the erection and completion of a two-room school and outbuildings at Woods Lake, in the North Okanagan electoral district. Tenders will be received up to noon of Wednesday, July 7. Plans and specifications, contract and forms of tender may be seen at the offices of J. Mahony, government agent, court house, Vancouver; L. Norris, government agent, court house, Vernon, B. C.; E. C. Shanks, secretary of the school board at Woods Lake, or at the department of public works, Victoria. The usual ten per cent. deposit must accompany all tenders.

BIDS INVITED ON BIG CONCRETE PIER NOW

With a view to getting all the preliminaries over and allowing the successful tenderer ample time to order his steel and other material so that work can be started next spring, the Board of Harbor Commissioners is now calling for tenders on "Contract No. 2," in connection with the construction of the new Ballantyne pier at the foot of Heatley Avenue. This part of the project comprises the con-

VICTORIA—Harry F. Bullen, retired shipbuilder, has just added to his residential holdings in the exclusive part of St. Charles Street by the purchase from the Angus estate of the property at St. Charles Street and Angus lane, next to the present Bullen home.

PREPARING PLANS FOR \$8,000 HOME FOR HATZIC

Architect Joseph H. Bowman, 716 Yorkshire building, has been instructed by Mr. J. A. Schuberg of Hatzic, to prepare plans for a new residence to be erected for the latter at Hatzic. The new home is to cost about \$8,000 and will be equipped with all modern conveniences.

A man may take a day off to celebrate his birthday, but a woman takes year off and doesn't celebrate at all.

BUILDING AND INDUSTRIAL NEWS

NEW SIDNEY PAPER MILL WILL FILL NEEDED WANT FOR BUILDING TRADE

VICTORIA—Fast taking shape on the old Songhees Indian reserve at Hospital Point, near the end of the Johnson street viaduct, is the fine new \$250,000 plant of the Sidney Roofing & Paper Company, Limited, which besides making another notable addition to the industries of the city, will also fill the dual purpose of providing a much-needed adjunct to the list of manufacturing plants for the building trade as well as utilizing in its output raw materials and waste products indigenous to the province which hitherto have had to be imported from the east.

For nearly a decade now the Sidney Roofing & Paper Company have been bringing raw material for the manufacture of roofing felt and building paper from eastern Canada, but with the completion of this new quarter-million dollar plant soon, the majority of this material will be secured in British Columbia and utilized. Not only will this new plant mean a boon to the building trade and a big boost to the weekly payroll of the city, but it bids fair to create several new minor industries and side lines on a considerable scale in the collection of the raw materials which have hitherto been dealt with mainly as waste and a general nuisance to be got rid of regardless of their commercial value.

Few industrial plants anywhere will have such an admirable location and such ideal shipping facilities as those possessed by this new industry. In front, deep water wharfage; in the rear rail connection with two such important transcontinental lines as the C.P.R. and the Canadian National Railways system. In fact, ample shipping facilities in order to give the best possible service to customers is a feature of both this new plant and the company's other well established plant at Sidney, B. C. Together, the two plants have an area of nine acres. There is 950 feet of waterfrontage at this new Victoria plant while the Sidney plant possesses 1200 feet of waterfrontage.

The size of the factory buildings which are now approaching completion impresses one with the magnitude of the operations which will be carried on when the plant is in operation, which is expected to be about the first of August. The buildings are all of heavy mill construction covered with corrugated iron, thereby reducing the fire risk to a minimum. Some of the machinery for the plant is already on the ground while the rest is now on the way from the east and is expected to arrive soon. Construction of the main buildings is now being rushed with a view to having them ready to house all of the machinery just as soon as it arrives.

The largest single building of the plant will be that in which the actual manufacture of the building paper and felt will be carried on. It will be 50 by 270 feet in size and house the machinery necessary for this process. Near by will be the saturating room, a structure 50 by 180 feet in area, while adjacent is also the rag storage warehouse which covering an area of 60 by 100 feet, will provide ample storage facilities for accumulating a large stock of this necessary material. A heater room, 70 by 100 feet in size, also gives one an idea of the magnitude of the operations. A prepared stock warehouse, 50 by 135 feet, will provide storage for the semi-finished material.

A short distance away is the boiler house, 35 by 60 feet in size, where there is being installed a battery of boilers that will generate 300 horsepower for the operation of the machinery besides furnishing steam for drying purposes—an important adjunct of the manufacturing processes. An office building 20 by 40 will also be erected for the administrative staff.

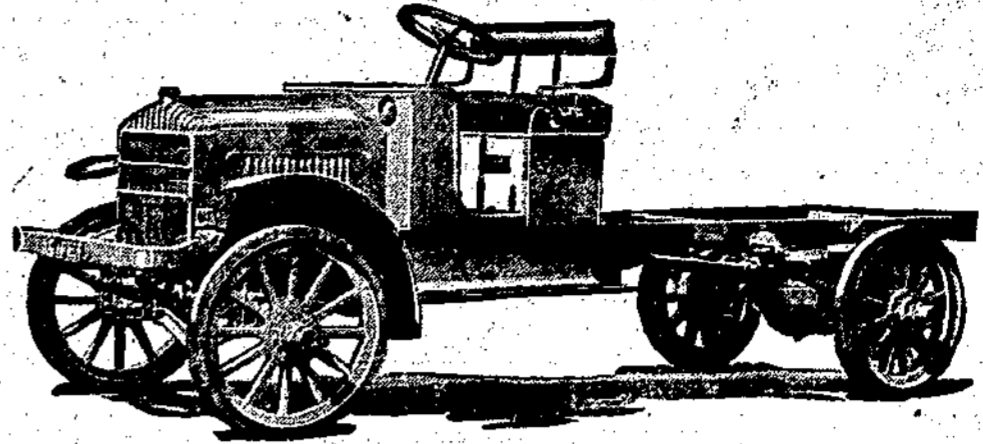

Manager R. W. Mayhew announces that the capacity of the plant will be 20 tons per day of building paper, and 12 tons per day of roofing felt. But to secure this output a truly enormous amount of waste paper and rags will have to be collected throughout the lower mainland and forwarded to this plant to feed the insatiable maw of the machines that turn out these building supplies so much in demand. It is estimated that the plant will need 4,000 tons of waste paper per year—and a ton of waste paper is a whole lot. There will also be required 1500 tons of rags per year, and in case the full quantity required cannot be obtained in British Columbia, they will have to be imported from the prairie provinces or the east. This is what had to be done in the past to supply the company's other plant at Sidney.

The company has about 1,000 tons of raw material on hand already and is constantly accumulating this stock of rags and waste paper so as to be in a position to run continuously when once the plant is started. The markets for the finished product are practically unlimited. Right now the company is about six months behind on accumulated, standing orders from New Zealand, Australia, and even some from China. They expect to make some big shipments to China when the plant is in operation.

(Continued from page 1)
 structure of the re-inforced concrete pier and transit sheds, on which it is planned to start work just as soon as "Contract No. 1," which comprises the dredging and filling of the site is completed.

Bids for the re-inforced concrete pier and transit sheds will be received by the harbor commissioners up to noon of August 7, 1920. The plans and specifications for this part of the project can be seen at the office of the harbor commissioners, 712 Pender street west, or at the office of A. D. Swan, consulting engineer to the commissioners, 10 Phillips Place, Montreal, Quebec. Tenders will not be considered unless made on the forms supplied by the commissioners, and in view of the fact that the new pier is expected to cost considerably over \$1,000,000, each tender must be accompanied by an accepted check for \$100,000. Copies of the plans can be had on deposit of \$50 with the harbor commissioners or the engineer. As it is expected the C. P. R. will be awarding a contract for the superstructure of its new pier about the same time, there will probably be some keen bidding on both of these jobs by some of the biggest firms on the continent.

NEW PIER WORKS AT BURRARD INLET. CONTRACT NO. 2.

Sealed tenders, addressed to the undersigned, and endorsed "Tenders for the Construction of Reinforced Concrete Pier and Transit Sheds" will be received at this office until 12 o'clock noon, August 7th, 1920, for the construction of Reinforced Concrete Pier and Transit Sheds for the Harbor Commissioners, to be known as "Ballantyne Pier," at Burrard Inlet, Vancouver, B. C. Plans and specifications can be seen and forms of tenders obtained at the office of the Harbor Commissioners, 712 Pender St. W., Vancouver, B. C., or at the office of A. D. Swan, M. Inst. C.E., Consulting Engineer to the Commissioners, 10 Phillips Place, Montreal, P. Q. Tenders will not be considered unless made on the forms supplied by the Commissioners and in accordance with the conditions set forth therein.

Each tender must be accompanied by an accepted cheque on a chartered bank, payable to the order of the Harbor Commissioners, for the sum of One Hundred Thousand Dollars (\$100,000.00). Copies of plans can be obtained on application to the Harbor Commissioners or the Consulting Engineer on payment of the sum of \$50.00, which will be returned when the plans are returned. Or, if contractors desire further copies, they can have same on payment to the Engineer of \$50.00 per folio which will not be returned.

The Harbor Commissioners do not bind themselves to accept the lowest or any tender.
 By order,
 W. D. HARVIE, Secretary.
 Dated at Vancouver, B. C., 19th June, 1920.

A NEW GAS SERVICE -- HEATING --
 YES, you can heat your home, office building, store or factory with GAS economically, conveniently and satisfactorily—without the dirt and dust of a furnace—without the work of carrying ashes or shoveling fuel.
 There are gas-heating systems that fit any type of house or building from the hot air system that uses your present registers and pipes to the automatic unit radiator system that controls your heat to a nicety.
 Think of the convenience of a gas-heating system—think of the clean basement and the freedom from work that gas means—and then call on our New Business Department, Seymour 5000.
 WE SHALL BE GLAD TO ADVISE YOU ON YOUR HEATING PROBLEMS

NOTICE TO CONTRACTORS
 Trans Provincial Kuskanook-Sirdar Road.

Sealed tenders, endorsed "Tender for Construction Kuskanook-Sirdar Road" will be received by the Honourable the Minister of Public Works up to Noon, 23rd June, 1920, for the construction of above road.
 Plans, specifications, contract, and forms of tender can be seen at the District Engineer's Office, Court House, Vancouver, at the office of the undersigned, Copies of plans etc. may be had on payment of \$10 deposit which will be refunded on return of plans, etc., in good condition.
 The cheque of the successful tenderer will be retained as security for the due and faithful performance of the work till the satisfactory completion of the Contract. A bond in an acceptable form, in the sum of twenty per cent (20%) of the amount may be accepted as security in lieu of the successful tenderer's deposit cheque.
 All cheques to be on chartered banks of Canada, and made payable to the Minister of Public Works.
 The lowest or any tender, not necessarily accepted.
 A. E. FOREMAN,
 Public Works Department,
 Parliament Buildings,
 Victoria, B. C., June 9th, 1920.

TENDERS WANTED
NOTICE TO CONTRACTORS

The Board of School Trustees of the Municipality of North Vancouver, B. C., invite tenders for the erection and completion of a 4 room fire-proof school building.
 The Plumbing and Heating contracts will be separate from the General Contract.
 Sealed tenders endorsed "Tender for Lynn Valley School" or "Tender for Plumbing and Heating, Lynn Valley School," must be delivered to the undersigned at School Board Office, Municipal Hall, Lynn Valley, B. C., not later than 12 o'clock noon, on the 21st day of June, 1920.
 The Board of School Trustees do not bind themselves to accept the lowest or any tender, nor pay any fees in connection with tenders.
 Each tender to be accompanied by a certified cheque on a chartered bank to the amount of five per cent (5%) of the tender, which shall be forfeited if the party tendering fails to enter into contract when called upon to do so.
 The satisfactory completion of the work will be retained as security for the due and faithful performance of the work.
 Plans and specifications may be obtained from the office of the Architects, Blackadder & Mackay, 61 Lonsdale Ave., North Vancouver, B. C., on and after June 7th, 1920.
 A deposit of \$25.00 will be required for each set of plans and specifications issued, which will be refunded when plans and specifications are returned to the Architects.
 H. MARTYN JENKINS,
 Secretary Board of School Trustees,
 District of North Vancouver.

NOTICE TO CONTRACTORS

Sealed tenders, endorsed "Tender for Construction Mara-Sicamous Road," will be received by the Honourable the Minister of Public Works up to Noon of the 21st June, 1920, for the construction of approximately 3.22 miles of the above road.
 Plans, specifications, contract, and forms of tender can be seen at the District Engineer's Office, Court House, Vancouver, at the Assistant District Engineer's Office, Court House, Vernon, the District Engineer's Office, Penticton, and at the office of the undersigned. Copies of plans, etc., may be had on payment of \$10.00 deposit which will be refunded on return of plans, etc., in good condition.
 Each tender must be accompanied by an accepted bank cheque for an amount equal to ten per cent (10%) of the cheque of the successful tenderer will be retained as security for the due and faithful performance of the work till the satisfactory completion of the work. A bond in an acceptable form, in the sum of twenty per cent (20%) of the amount may be accepted as security in lieu of the successful tenderer's deposit cheque.
 All cheques to be on chartered banks of Canada and made payable to the Minister of Public Works.
 The lowest or any tender not necessarily accepted.
 A. E. FOREMAN,
 Public Works Department,
 Victoria, June 2nd, 1920.

Sidney Roofing and Paper Company Limited.
 OFFICE: VICTORIA, B.C.

We have about completed our plant for the manufacture of felt and building paper. For eight years we have been bringing this raw material from Eastern Canada, with our new plant we will manufacture it at Victoria.

Our plant is located on two lines of railroad and has boat connections. We can assure our many customers of quicker delivery and the same high quality of building material, all home made. Let us figure on your requirements for fall delivery.
