BUILDING NEWS
And Construction Work not otherwise Classified.

VANCOUVER—Hodgson & King, London Building, have awarded the contract for the electrical work in connection with their contract to construct the new Government Shed to C. H. E. Williams, 509 Richards Street.

NANAIMO—The George A. Fletcher Music Company are busy making extensive alterations and additions to their premises on Commercial Street which, when completed, will give them quarters that will rank among the largest in this province.

VICTORIA—Loss estimated to amount to approximately $3,000 was occasioned by fire last week at the farm of Captain A. D. Macdonald and Mr. R. Brydon, North Saanich, when the farm buildings, implements and a quantity of supplies were totally destroyed.

VANCOUVER—A. R. Mann of Scotford Farm, Alberta, will commence work at once on the erection of farm buildings composing of a Stable 100x28, Cow Barn, 100x34 and an Implement Barn, 100x24 with Hay Loft above. The work will be done by local men.

VANCOUVER—Architects Honeyman & Curtis, 821 Pender St., have awarded the contract for the alterations of the Blackburn Hotel, Main Street to contractor H. A. Wiles, 1361 8th Ave. W. The plumbing contract on this work was awarded to J. G. Mortimore, 540 Pender Street.

MONTREAL—The board of governors of Notre Dame Hospital have decided to build a million dollar hospital on Sherbrooke Street, facing Lafontaine Park, and construction probably will be begun before the war is over, so Archbishop Bruchesi announced yesterday at the annual meeting of the Notre Dame Hospital.

NANAIMO—A public meeting of the citizens of Nanaimo was held last night and at the close two splendid addresses by Messrs. J. F. Bledsoe and F. W. Higgins of Victoria, the meeting unanimously adopted a resolution calling upon the Dominion government to establish a steel plant in B. C. for the development of the rich iron ore deposits of the province.

TILSONBURG, Ont.—Fire Thursday night completely destroyed the main building of the Huntley Manufacturing Company. Its origin is unknown. The loss will not be known for some days, but probably will amount to $100,000 on the building, exclusive of machinery, tools, and new machines ready for shipment to the northwest, which will make the total loss several times the above amount.

NEW WESTMINSTER—One of the few remaining water lots in use in the improved harbor area has just been leased by the City Council to the firm of T. J. Trapp & Co. It is directly opposite the Front street side of the Trapp block and will be used as a site for a garage in connection with the firm's automobile business. The lease is for twenty years and calls for a flat rental of $1,011 per year.

The plans for the garage call for an $8000 building, 116x64, of two-story construction and tenders will be called for at once. The company has prepared their own plans and will do the preliminary work themselves.

BUSINESS NOTES.
And other items of interest to the business man.

LANGLEY FORT—The municipal road work in Langley Fort district has again been held up owing to the frost and snow. The municipal engineer has laid out the work for the grading of Church street, between Mary street and Francis street, and this work will be among the first to be done whenever the weather lets up.

VANCOUVER—Although the property involved was worth $277,558, the total loss occasioned by the seventeen fires extinguished by his department in the month of February, according to the monthly report of Fire Chief Carlisle, was only $5586, about 90 per cent of which was covered by insurance. The department responded to 46 alarms, five of them being false. Ten calls proved to be chimney fires.

VICTORIA—During the week the following companies were granted certificates of incorporation: Mountain Lumber Company, Limited, $10,000, Vancouver; Mutual Fruit Company, Limited, $50,000, Vernon; The Empress Stock Company, Limited, $10,000, Vancouver; Seymour Club Limited, $10,000, Vancouver; J. Lorne MacLaren Limited, $10,000, Prince Rupert.

The Canadian Steel Corporation Limited, a company incorporated by Dominion letters patent, is now licensed to do business in British Columbia, authorized capital $20,000,000. The company's head office is in Victoria.

SEATTLE—The proposal to form a Northwest Master Builders' Association which would include building contractors of Washington, Oregon, Idaho, Montana and British Columbia, has met with such enthusiastic approval throughout this section that the committee of Tacoma and Seattle master builders having the preliminary organization work in hand has decided to call a general conference of contractors from the territory to be embraced in the proposed order at an early date. Several of the committee members have made preliminary pilgrimages to nearby communities and are getting the various cities in line.

E. J. Rounds, chairman of the organization committee, made a trip to Spokane, where he met S. G. Morin, T. A. Heutter, F. E. Peterson and other prominent members of the trade who greeted his propsal enthusiastically and the contractors of that city are now proceeding with the organization of a local association and are working for the proposition in adjacent territory.

The contractors in Bellingham were visited by J. B. Warrack of the Seattle Master Builders. Mr. Warrack will again meet with the Bellingham men and those in Everett and Mt. Vernon. Messrs. Bradley and Hedrick of Bellingham are now forming a local order.

The Tacoma Master Builders' Association is busy in the city of Olympia, Aberdeen, Chehalis, Centralia, and other points, and has already sent a delegate to Aberdeen where an organization is under way.

The contractors of Yakima are now proceeding with a local in that valley, as are contractors in Bute, Mont., and Boise, Ida.

The Portland contractors who have

had such an order for some time are enthusiastic over the idea of a Northwest order, so much so in fact they volunteered to send a delegate to Seattle to help in the work.

To date over 50 letters have been sent out to contractors throughout the Northwest who are not members of any contractors' organization and more are being sent out every day.

MINING.

Two lead furnaces are in blast at the Northport smelter, where some 500 men are employed.

Shortage of water, usual at this period, is not being experienced to a great extent in eastern British Columbia; consequently preparations have been made to resume milling. Nearly all of the plants near Slocan lake will be in operation shortly.

THE MEDIUM.

Did you ever notice that 95 per cent. of the big successful firms are firms who advertise? They figure advertising as an investment not an expense. The secret of advertising is the selection of a medium which reaches those people who are or will be the most likely "purchasers of ing supply or machinery that don't select a moving picture publication in which to do your advertising. Because of the fact that the RECORD is the only paper published in the province devoted exclusively to the contracting business it is read by practically every one you would like to sell your products to. Your ad. where they will see it will put a capital C

SHIPBUILDING NOTES

VANCOUVER—Directors of the British-America Shipbuilding Company, who are understood to have contracts for construction of twenty wooden ships on this Coast, admitted yesterday that they have reached a deadlock with the Vancouver Harbor Board regarding a site at Kitsilano Reserve. If negotiations do not take a satisfactory turn here, they will go to Victoria to secure a site they have been considering.

NORTH VANCOUVER—The announcement that six new boats are to be built by the Lyall Shipbuilding company just as quickly as they can clear their ways of the vessels now being constructed for the Munitions Board is good news to the people of North Vancouver.

The Lyall plant is daily being extended, with the idea of making it a permanent shipbuilding establishment on the north shore, and within the next week a considerable part of the material required to be used in the construction of the six new boats will be landed in the yards ready for construction work to commence about March 15.

VANCOUVER—A. S. Lilly, special representative of the Foundation Shipbuilding company of New York, with three shipyards on this coast and three on the Atlantic, is in the city. His company has contracts for the construction of 100 wooden ships of about 1500 tons burden, each for the British and French governments. These are being built on the Pacific coast. The eastern yards are constructing ships for the United States government. Mr. Lilly stated that the western yards had launched one ship, and now had 24 ships on the ways. They expect to resume launching this month, and will have all of the 24 ships completed by summer at the latest.

PROPOSALS WANTED

TENDERS WANTED FOR HEATING AND VENTILATING EQUIPMENT
Parliament Buildings, Ottawa.

Sealed tenders will be received by the undersigned until noon, March 18, 1918, for heating and ventilating equipment required in the reconstruction of the above building.

All tenders to be based on the execution, erection and completion, together with the furnishings of all materials, tools, appliances, scaffolding, apparatus and labor required for the installation of the heating and ventilating equipment as called for in the plans and specifications.

All information can be obtained at the office of the general contractor, P. Lyall & Sons Construction Company, Limited, Ottawa. A set of plans and specifications may be had by depositing an accepted bank cheque for twenty-five ($25) dollars made payable to the Honourable the Minister of Public Works, which will be returned if the intending bidder submits a regular bid.

Each tender must be accompanied by an accepted cheque on a chartered bank payable to the order of the Minister of Public Works for a sum not less than five per cent. (5%) of the amount of the tender, which will be forfeited if the parties tendering decline to enter into a contract when called upon to do so. If the tender is not accepted the cheque will be returned. If the tender is accepted an additional cheque for a sum equivalent to five per cent. (5%) of the amount of the tender must be deposited before the contract is signed. The total security will be forfeited if the contractor fails to complete the work contracted for.

Payments will be made monthly and will not exceed in the aggregate ninety per cent. (90%) of the value of the labor and materials furnished and set in place.

The lowest or any tender not necessarily accepted.

Envelopes containing tenders to be marked "Tenders for Heating and Ventiating Equipment," and addressed to the undersigned.

JOHN A. PEARSON, Architect.
J. O. MARCHAND, Associate.
Centre Blk, Parliament Bldgs, Ottawa.
