TENDERS WANTED FOR REMODELLING SCHOOL

Architect Joseph H. Bowman, 716 Yorkshire Building is desirous of receiving tenders immediately for remodelling of the school at Kingsway West, Burnaby.

PAINTING TENDERS WANTED

Tenders are being invited up to March 30, by D. E. Mackenzie, secretary of the R. A. & G. Society, New Westminster, for the work of painting the grandstand, fences, gates, etc., to the Stadium at Queen's Park.

CONTRACT FOR OIL PLANT AT NANAIMO AWARDED

The Imperial Oil Company have awarded a contract to Mescher Bros., Nanaimo, for the installation of a distributing plant at Nanaimo to cost approximately $22,000.

The plant will be of brick construction and will consist of a two-storey storage warehouse, 60x100 feet, office building, garage, additional wharf accommodation, pumphouse and four storage tanks.

LONDON GRILL TO BUILD ON HOWE ST.

Mr. C. H. Taylor, 936 Granville St., has been awarded a contract for the erection of a building at 825 Howe St. for the London Grill. The building will be a one-story brick structure, 50 by 120 feet in size and will cost $10,000. W. M. Dodd, Standard Bank Building is the architect.

INVITING TENDERS FOR TWO SCHOOL BUILDINGS

Tenders for the erection of a two-room school at Kimberley in the Cranbrook Electoral District, and a four-room school at Granby Bay in the Atlin Electoral District, are being invited by the Hon. the Minister of Public Works. Notice of tenders appears elsewhere in this paper.

ARMSTRONG SCHOOL CONTRACT AWARDED

The contract for the erection of a twelve-room school at Armstrong in the North Okanagan Electoral District has been awarded by the Honourable the Minister of Public Works to Mr. H. J. Davies of Kamloops.

A separate contract for the Heating and Ventilating was awarded to Messrs. McDowell & Mann, of Victoria.

SPECIFICATIONS FOR DRYDOCK ARE MAILED

VICTORIA—The specifications for the drydock were mailed to Mr. J. C. McIntosh, M.P., Thursday or Friday of last week and should arrive here at any time now. The Federal member stated Wednesday night that tenders for the dock would in all probability be called for next week.

BUYS 30 COTTAGES TO USE LUMBER IN THEM

NEW WESTMINSTER—A somewhat unique building deal has just been put through by Mr. Frank McQueen of the Vancouver firm of Faulds, McQueen & Pearce. He has purchased thirty cottages at Sapperton, located on property of the Fraser Mills, and forming part of the housing accommodation for the mill employees. The site being required for lumber yard extensions and additions to the mill plant, it was planned to raise the cottages until Mr. McQueen heard of it and bought them at a price which made some of the mill officials stop to figure it out.

Mr. McQueen intends to dismantle these thirty houses and sell the lumber in them. He may use some of the best of the material in the big, house building scheme he has under way at

BUILDING PROSPECTS ARE REPORTED BETTER

Clouds which until recently have been hovering over the eastern spring building market appear to be in process of reduction to mere floating vapors and the general prospects for construction oprations are now much brighter, according to the Dow service building reports. The most menacing of these adverse conditions, the labor situation, with special reference to the bricklayers and the men employed on structural steel optrations, has been modified, according to statements made by officials of both the Building Trades Employers' Association and of the Building Trades Council, representing 115,000 workers in the New York building industry. These conditions have been improved to a point at least where the horizon is in view with the prospect immediately beyond it of the beginning of one of the greatest building construction eras that this part of the country ever has experienced.

Building material supply for the eastern market, under present production programmes, is menaced now almost solely by the car shortage. One company put in a requisition for 1,000 cars and only four cars could be provided to meet the order. In January this same firm ordered approximately 500 cars to move material to this market to relieve a shortage, and only 123 cars were sent in. This muddle in transportation facilities, due partly to conditions which commenced under government control and which will take some time yet to remedy, may yet somewhat cripple spring building activity.

The steel shortage and its present high prices, together with the demand for special material for new forms of industrial construction, are two other factors which may somewhat handicap progress, or at least an early start on some of the larger construction jobs, the details of which have now been completed in many instances, but on which further progress by the successful tenderers bids fair to be blocked by delay in securing material. The terrible weather conditions which prevailed all through the northeastern states about the middle of March also resulted in delaying delivery of material which was being anxiously awaited. But these problems are being tackled now with renewed vigor and new records in construction progress are expected to be recorded this spring and summer.

ASK COMPLETION OF COAL HARBOR CAUSEWAY

Deeming the present condition of the Coal Harbor causeway an eyesore as well as lacking sufficient transport accommodations to the thousands of vehicles and pedestrians who will soon be visiting Stanley Park on Sundays nad holidays, the board of park commissioners has decided to ask the city council to spend about $2,000 on the causeway at once and complete it as far as this year's programme is concerned.

WILL SPEND $5,000 ON ENGLISH BAY THEATRE

Through a lease which has been practically concluded with the park board, the Columbia Theatre Company which controls some seven motion picture houses in this city, will take over and operate the little theatre and open-air concourse at English Bay. The company has been granted a five year lease of the theatre and seating tract on condition that they spend at least $5,000 in an addition to the theatre building proper as well as improvements to the staging and seating facilities there.

PLAN SEWER ALONG DUFFERIN

In order to relieve drainage and improve the sanitary conditions of industrial properties along Front and Dufferin streets on the south side of False Creek, the city council has requested the city engineer to bring in an estimate of the cost of a trunk sewer along Dufferin street, from Main to Cambie streets. The estimate will be submitted to the board of works at its meeting next Tuesday. It is expected the work will be approved and tenders called shortly.

TAKING TENDERS FOR COLOR PRINTING WORKS

Architects Dalton & Eveleigh, Davis Chambers, have plans ready and are receiving tenders from the general trades for the erection of a large lithographing plant for the B. C. Printing and Litho. Ltd. The contract for excavating the property has been awarded to Nicholas Cosco, 1367 Seymour street.

CITY GRANTS SIX MORE LOANS FOR NEW HOMES

Six more loans under the Soldier Housing Scheme, which will aggregate $20,600, were approved by the city council on Monday.

Those granted loans, the amount and their present addresses were as follows: W. J. Murdoch, $3,500, 1542 Second avenue east; B. Amey, $3,300, 336 Broadway west; W. Steel, $2,500, 1734 Fourth avenue west; J. Dunns, $4,500, 1856 Seventh avenue west; C. A. Barnett, $3,300, 589 Burrard street; F. E. Bennett, $3,500, 1442 Howe street.

Tenders are to be called shortly by the city building inspector for the construction of most of these houses.

PREPARING PLANS FOR TWO POINT GREY HOMES

Architect Joseph H. Bowman, 716 Yorkshire Building, is preparing plans for two modern residences to be erected in Point Grey for prominent Vancouver people. It has not been definitely decided at this time as to whether tenders will be called for by the architect or if the work will be done by the owners by day labor. Further particulars will appear in the Record.

SCHOOL ALTERATIONS

Architect Joseph H. Bowman, 716 Yorkshire Building, is receiving tenders up to March 27th for small structural alterations to the Nelson Avenue School, Burnaby. Particulars may also be obtained at the School Board Offices.

INVITING TENDERS FOR THREE SUB-TRADES

Architect Edwardes Sproat, 403 Dominion Building, is receiving tenders for plumbing, heating and electrical work in connection with two office buildings in the down-town district. One of these is a five-story modern, reinforced concerte structure to be erected at the corner of Gore Avenue and Pender street for a local Chinese society. The other is also on Pender street, near Gore avenue and compriss a three-story structure.

APPEALS FOR B. C. ARCHITECTS

Editor,
"B. C. Record."
Sir:—

As a reader of your paper I note that an architect from Minneapolis, U.S.A. is preparing plans, etc., for the building of a Consolidated School in Chilliwack, B. C.

It would look fairer, and would give B. C. Architects an apparent, if not a real, chance—if such work were open to competition; giving it to an outsider, without competition, looks as if the man from Minneapols had some other qualfication beyond that of merit.

The only excuse, and it needs an excuse, for the employment of American architects in B. C., would be that our own men are not qualified. A look over the Normal School in Victoria, the fine schools in Point Grey, Burnaby, North and South Vancouver, etc., proves that we have "school specialists" amongst our own men.

It does not look right to me that money raised by B. C. taxes should be paid to outsiders, when we have qualified men available, men who are taxpayers, etc. of the Province.

The employment of an American may, naturally, lead to preference being given to American building materials, etc.

I have no brief for our architects, though I recognize that their profession, as a class, have suffered harder than most lines, during the recent hard times. It is hard lines for those men who have at last weathered the storm, to now find the larger work going to outsiders, and that without getting even a sporting chance to compete.

Trusting that you will give your valuable assistance towards remedying this injustice.

Yours truly,
W. J. CONWAY.

CHINESE MERCHANTS TO ERECT FINE BUILDING

Plans and specifications are being prepared by Architect Edwardes Sproat, 403 Dominion Building, for a three storey business block to be erected for a firm of Chinese merchants on Hastings street, east, between the Royal Bank of Canada and the Empress Theatre. As shown on the plans the ground floor of the building will be used for store purposes while the upper floors will be used for a rooming house. Full basement and separate sanitary arrangements are planned for each floor. The new building will be of fireproof construction throughout. Plans will be completed and tenders called for the latter end of this week.

Shaughnessy Park. These houses at Sapperton originally cost from $800 to $1200, and were built by the mill company out of the very best of lumber. At present prices, what can be saved of the material in these houses will bring almost the original cost of the building. A number of these houses, however, will be moved intact to other locations in Sapparten while still others will be placed on a couple of scows and moved to White Rock, Boundary Bay, and other seaside resorts where they can be easily landed and will form ideal, ready-made summer homes for some of the prospective residents at these resorts. The opportunity to get a ready-built house for about half the present cost of building has already created a decided demand for these cottages.

It used to be that the man hunting for a wife chose the woman who could bake. Now it's the woman who can brew. There's a raisin.

Sealed tenders, addressed to the Secretary of the Prince Rupert Board of School Trustees, Prince Rupert, B. C., and marked on the envelope "Tender for School Building," will be received up to and including April 14th, 1920, for the erection of a twelve-room public school in the city of Prince Rupert, B. C. Tenders may be bulk or separate for the following trades: Masonry, hollow tile and brick; concrete, plain and reinforced; plastering, art stone work, carpentry and joinery, roofing and galvanized iron-work, steel sash, fire escapes and steel work, painting and glazing, terrazzo floors, electric wiring, plumbing, heating and ventilation.

Each tender shall be accompanied by a certified cheque on a chartered Bank of Canada, for five per cent (5%) of the amount of the tender. Cheques of unsuccessful tenderers will be returned immediately the tenders are opened. The lowest or any tender not necessarily accepted. Plans and specifications and all information may be obtained from the office of the Architect.

J. W. POTTER, Architect,
Prince Rupert, B. C.
W. D. VANCE, Secretary,
Prince Rupert, B. C.

Sealed Tenders addressed to the undersigned, and endorsed "Tender for improvements at Nicomen Island, B. C.," will be received at this office until 12 o'clock noon, Tuesday, March 30, 1920, for the construction of a dam in Slough, from Devil's Run Island to Nicomen Island, Fraser River, District of New Westminster, B. C.

Plans and forms of contract can be seen and specification and forms of tender obtained at this Department, at the office of the District Engineers at New Westminster, B. C.; Victoria, B. C.; and at the Post Offices, Vancouver, B. C., and Deroche, B. C.

Tenders will not be considered unless made on printed forms supplied by the Department and in accordance with conditions contained therein.

Each tender must be accompanied by an accepted cheque on a chartered bank payable to the order of the Minister of Public Works, equal to 10 per cent. of the amount of the tender. War Loan Bonds of the Dominion will also be accepted as security, or War Bonds and cheque if required to make up an odd amount.

Note—Blue prints can be obtained at this Department by depositing an accepted bank cheque for the sum of $20, payable to the order of the Minister of Public Works, which will be returned if the intending bidder submit a regular bid.

By order,
R. C. DESROCHERS,
Secretary.
Department of Public Works.
Ottawa, March 1, 1920.
