BUILDING AND INDUSTRIAL
NEWS

BUILDING PERMITS

10276—St. Paul's Church, school
room, corner Pendril and Jervis \$145.

10277—E. L. Rene, garage, 836 Sey-
mour St. \$150.

10278—J. W. Baynton, garage, 1144
21st Ave. E., \$75.

10280—P. M. Macfarlane, Garage,
2325 5th Ave. W. \$100.

BUNGALOW TO COST \$4000

Architect Fred L. Townley, 338
Homer street has prepared plans for
a bungalow for Mr. H. I. Henderson,
of the Hunter-Henderson Paint Co. to
be erected in Magee. The new home
will have seven-rooms, hardwood floors,
hot air heating etc., and will cost in
the neighborhood of \$4,000. G. M.
Champion, 4350 14th Ave. W. will have
charge of the construction work.

TWO GARAGE BUILDINGS PLANNED FOR SEYMOUR ST.

Plans have been prepared and work
will be started almost immediately on
the construction of a two-story rein-
forced concrete garage building, 50x120
feet, to be erected on the corner of
Seymour and Drake streets for Chap-
man's Motor & Machine shop. The
ground floor of the new building will
be used for garage purposes while the
second floor will be used as a machine
shop.

A one-story brick building 75x120
feet in size will also be erected on the
corner of Seymour and Smythe streets,
and will also be used for garage pur-
poses.

Details of these buildings are not
available at present but will be pub-
lished later.

ARTISTIC HOME PLANNED FOR 35TH AND BLENHEIM

Plans are underway in the offices of
Architect Fred L. Townley for an at-
tractive six-room home to be erected
on the corner of 35th and Blenheim
streets for Mr. J. Paull. A garage
costing \$1,000 is at present being
erected on the property. Purdy and
Loneragan have charge of the work.

HOW ABOUT KITSILANO BEACH?
The board of park commissioners is
already getting somewhat anxious
about the future of Kitsilano bathing
beach in view of the reported develop-
ments there for ocean docks and ter-
minals contemplated by the Canadian
National Railway system. At the
meeting of the parks board held last
Wednesday, a special committee was
appointed comprising Chairman J.
ogers, and Commissioners Logan and
Weeks to enquire into just where the

MEETINGS

An important meeting of the
Architectural Institute of British
Columbia will be held on Monday
afternoon, June 2, at 5:00 p.m. in
the offices of Mr. Fred L. Townley,
325 Homer street.
Important Business—Come!

branch extensions now being surveyed
around to Kitsilano by way of Point
Grey, will affect the Kitsilano beach.

BIG BRIDGE WILL COST \$520,000, CITY FINDS

VICTORIA—It will cost \$520,000, to
build the Johnson Street bridge if the
city's present plans for the structure
are carried out and the price of steel
remains more or less constant. City
Engineer F. M. Preston told the Coun-
cil Tuesday.

C. P. R. TO PUT BLOCK ON SALE FOR HOMESITES

POINT GREY—In order to meet the
demand for moderate priced home-
sites, especially since so many return-
ed men are ready to erect houses for
themselves, the Canadian Pacific Rail-
way intends placing a small sub-divi-
sion comprising block 19, D.L. 526, on
the market soon. The plans for this
sub-division were tentatively approved
by the Point Grey council at its meet-
ing on Tuesday evening, subject to
certain provisions in regard to road
allowances and drainage. This can
be satisfactorily arranged, it is stated
by representatives of the company,
which also intends to donate a section
of the block to the municipality for
use as a public park.

VETERANS TO ERECT 35 HOMES IN POINT GREY

POINT GREY—The Point Grey
council at its meeting Tuesday night
approved of sketch plans of a sub-
division of D.L. 316, which comprises
property owned by Capt. F. W. Stew-
art. Following the formal approval of
the projected new sub-division, it is
stated the property will be taken over
by an organization of returned sol-
diers to be utilized for new homesites
on a considerable scale. The veterans,
who have already practically closed
the deal for the property, intend to
divide it into 35 quarter-acre plots,
each of which will be utilized for a
model but moderate priced home. The
next step in the scheme which the re-
turned men will take will be to secure
the services of a competent architect
to draw plans for several different
types of houses from which the mem-
bers of the syndicate will select which

TAX RATE HELD DOWN TO 24 MILLS

By adopting the only sensible course that was open to them—that of increasing the tax on improvements by another 25 per cent—and also making a number of rather drastic cuts in the civic estimates, the city council has succeeded in keeping the tax rate down to the same figure as that which prevailed last year—24 mills net.

N. G. Foster Limited WALLPAPERS Paints and Varnishes Seymour 1075 905 Granville St. Specialists in Interior Decorators Interior Finishes

other local dailies that the tax rate would be over 30 mills this year.

In achieving this task the aldermen also adopted the very logical stand that the property-owner was already carrying all the burden of taxation that the land values could possibly stand.

One angle of the increase of assessment on improvements will probably be an increase of rentals, especially in office suites in large business blocks and in apartment house suites.

EDMONDS WATER TOWER

EDMONDS—On the recommendation of the water committee, the council agreed to accept the tender of D. A. Britain and Charles Lamb for taking down the Edmonds water tower, accepting the material as consideration.

MINING

The retiring board of the Florence Silver Mining company was re-elected at the annual meeting of stockholders held recently in Ainsworth.

BRADSTREET'S WEEKLY REPORT IN CANADA

Trade has improved in Canada, export and domestic business expanding, but labor troubles mar an otherwise excellent prospect. Montreal reports a better feeling in domestic trade, improved export buying of butter, cheese, poultry, eggs and flour, very large exports of the latter and of wheat, crop conditions improved by warmer weather and rains, and manufacturing, especially of flour, more active.

BUILDING MATERIAL PRICES

Figures of the U. S. Geological Survey show that actual production of common lime in 1918 was 20 per cent. less than in 1917. Portland cement produced in 1918 was 23 per cent. under the 1917 figure. Lumber was reduced 19 per cent. in output.

A composite index for all building materials, including steel as well as lumber and the rest, would show an increase of 93 per cent. over the pre-war period for the last quarter of 1918. At the present time the index would be 189.

SAFETY RULES.

Mr. Foreman, it's up to you. Enthusiasm is a healthful contagion, just as indifference is the opposite. Both are catching and the foreman who has enthusiasm will see it reflected in his men.

Nine times out of ten the foreman finds his men are thoughtless about safety if he thinks little about it himself. On the other hand, if he is honestly and earnestly interested in safety, so will his men be.

Mr. Foreman, the accident problem is largely up to you. Do your part. Neglect on your part means neglect on the part of your men.

Representatives of large employing interests which would be most directly affected by labor unrest and any tendency towards Bolshevism, are manifesting much confidence in the present outlook in this respect, despite the great volume of rumor and talk about possible developments.

There is some hope for the man who spends today talking of what he will do tomorrow; for the man who talks of what he did yesterday, none.—The Hustler.
