VANCOUVER—Work on the three new big pulp and paper mills at Ocean Falls, Swanson Bay and Quatsino is progressing rapidly, although all three outfits are hampered to some extent with a scarcity of labor.

RICHMOND—W. C. Worsfield, district government engineer, communicated to the municipal council yesterday that construction on the protection work on Lulu Island opposite the Brighouse estate was to commence immediately.

RICHMOND—A large delegation of ratepayers from the Westminster end of the Island waited upon the municipal council demanding instant action by the council regarding the cleaning out of the ditches in their portion of the municipality. The council has decided to have the work done and tenders are now called.

VANCOUVER—It is reported that Archts. Somervell & Putnam, London Bldg., are preparing plans for extensive alterations and additions to a large building situated on the west side of Granville, just north of Georgia St. The whole front of the building will be remodelled and an additional story built. No further details are available.

NELSON—It is expected that mining men from the state of Washington will reach Nelson this week to inspect the Perrier mine with a view to taking an interest in the property and that while here they will look into the question of establishing a customs mill for the treatment of gold ores. Considerable interest is being taken in the proposal of C. E. Crossley to establish a plant at Nelson and owners of the smallers properties in the district state that ample ore would be available.

VANCOUVER—Plans to store one hundred million galons of water at Henesetta Lake in Cedar Valley, Howe Sound, by erecting a concrete dam at the south end of the lake and flooding an area of sixty acres, have been filed with the government by the B. C. Sulphite Fibre Co., with an application for a water right. The water is required to gain a head of power to operate the new pulp plant that the company is to build there.

PRINCE RUPERT—J. S. Emerson, the Vancouver lumberman, who is conferring with Grand Trunk Pacific officials concerning a site for a sawmill in Prince Rupert, says his plans call for a mill capable of sawing up 75,000 feet of lumber daily to start with. Mr. Emerson proposes to have in addition to the mill, dry-kilns for seasoning the lumber and also shingle and planing mills. A site at the eastern end of Kaien Island, near where the old B. C. Tie & Timber Co. building stood, is being considered.

NORTH VANCOUVER—City electors are to be given an opportunity at the civic elections of voicing their opinions as to whether the number of city firemen be reduced to eight men and a fire chief, and if they are in favor of closing one firehall.

VANCOUVER—As a result of the work of Building Inspector McKenzie in revising and consolidating the city building by-laws, Ald. McIntosh, chairman of the committee, has given notice of an amendment to the building by-laws, to bring these revisions into force.

PORT MOODY—There is considerable anxiety being expressed as to the city's liability in connection with its guarantee of the bonds of the steel works to the extent of $100,000. The plant, although never properly assembled yet, has nevertheless been closed down for some little time, and there appears to be no immediate prospect of its ever reopening.

VANCOUVER—It was resolved at the meeting of the city council Monday night that the tender for supplying half the quantity of 1,800 feet of fire hose that is required be awarded to the Canadian Consolidated Rubber Co. for the Keystone brand, and half to the Gutta Percha Rubber Co. for the Paragon brand.

PROVINCIAL ESTIMATES ARE TABLED IN THE HOUSE

VICTORIA.—A revenue of just under $6,000,000 and an expenditure of $11,000,000 for the year commencing April 1 next is predicted in the provincial estimates, which were tabled in the House by Hon. Lorne Campbell, Minister of Finance, on Monday. The revenue shows a falling off of about $1,000,000 for the anticipated revenue for this year, while the expenditures show a slight increase.

The exact estimated revenue is $5,944,015, as compared with $7,134,615 for the present year, a difference of $1,095,000. The estimated disbursements are $11,301,374, as compared with $11,163,056 for the previous year, an increase of $138,000. The increase is more than accounted for by the increased fixed charges, which are over $300,000.

Summary of Expenditure

The summary of estimated expenditure indicates that in four of the 14 Government services there will probably be an increased expenditure over last year. In the rest a reduction is predicted.

The following are the totals:

	1915-16.	1916-17.
Public debt	$1,152,376	$1,422,254
Civic government (salaries)	1,709,566	1,687,736
Administration of justice (salaries)	68,000	67,428
Legislation	89,820	167,620
Public institutions (maintenance)	467,196	472,575
Hospitals and charities	374,100	525,800
Administration of justice	378,000	308,670
Education	1,594,600	1,594,500
Transport	83,000	13,000
Revenue services	50,000	25,000
Public works	3,067,315	3,023,010
Miscellaneous	2,128,753	2,032,000

In this year's report of the estimates the service "miscellaneous" is divided into three distinct services, "Lands," upon which $565,000 is to be spent this year, and "agriculture," upon which $176,500 will probably be expended, are each given a service to themselves, thus greatly reducing the "miscellaneous" total.

Present conditions have also necessitated more and larger hospitals, the result being an unusually large increase for hospitals and charities. Last year $16,000 was voted in the way of assistance in the construction of hospitals. This year about $150,000 will probably be granted for that purpose. Grants to refuge homes, aid societies, etc, is increased from $19,000 to $80,000.

University of B. C.

Among the appropriations in this year's estimates is a conditional one of $200,000 for the University of British Columbia. Last year's estimate was $175,000. Included in the works and buildings to be constructed by the Public Works Department are the following: Okalla prison farm, $15,000; improvement of government reserve, Burnaby, $10,000; mental hospital and colony farm, Essondale, $35,000; provincial government buildings, London (completion and maintenance), $175,000; maintenance, $8,000. The appropriations provincial normal school, Vancouver, for roads, streets, bridges and wharves in each constituency are the same as last year. Chilliwack gets $33,300; Delta, $22,500; Dewdney, $68,500, and Richmond $40,000. Eighty thousand is revoted for Kingsway through the Municipality of Burnaby. Point Grey gets $10,000 for roads, and Nicomen Island the same amount for dyking; $13,500 is a subsidy for the Ladner-Woodward ferry.

The vote of $400,000 on last year's estimates for the Second Narrows bridge is left off. For bridges generally $450,000 is set down, while for the bridge over the Fraser River at Prince George there will be an appropriation of $150,000.

An item in the Land Department appropriations is that for $20,000 for "timber testing and investigation of wood products." An indication that the government intends to continue seeking overseas markets for the B. C. lumber trade is that another $50,000 is appropriated for salaries, travelling expenses, and purchase of material.

Other Appropriations.

Among the other appropriations are the following:

Grant to B. C. regiments $5,000, grant to patriotic fund $6,000, grant to boy scouts $1,000, grant to Victorian Order of Nurses $500, grant to returned soldiers' aild commissions, $15,000; Royal Commissions $15,000 (last year $50,000), cougar bounty $35,000. Contribution to Vancouver toward purchase of certain lanes in Ward VIII., $5,000, Fraser River Bridge, New Westminster, maintenance and repairs, $20,200. Songhees Reserve improvements, $240,000.

THE MEDIUM.

Did you ever notice that 95 per cent. of the big successful firms are firms who advertise? They figure advertising as an investment not an expense. The secret of advertising is the selection of a medium which reaches those people who are or will be the most likely "purchasers of your product." If you are in the building supply or machinery line don't select a moving picture publication in which to do your advertising. Because of the fact that the RECORD is the only paper published in the province devoted exclusively to the contracting business it is read by practically every one you would like to sell your products to. Your ad. where they will see it will put a capital C on your cash.

NABOB COFFEE

—is strictly high-grade—a combination of Mocha and Java.

From the plantation to the cup, all the processes through which "Nabob" passes are strictly sanitary.

The blending—the roasting—the grinding—follow an exact scientific formula which ensures absolute Coffee perfection.

And it also ensures absolute uniformity—an exceedingly important point—day in and day out.

A user of "Nabob" knows this—those who are not drinking "Nabob" are surely missing one of the Joys of the culinary art.
