BUILDING NEWS

And Construction Work not otherwise Classified.

TRAIL—Twenty-six permits were taken out in Trail in October for $10,515 in structures. Nearly all of these were for modest residences. With a record of $109,285 in 167 permits taken out since May 1st, a healthy growth is indicated for Trail.

VICTORIA—The approval of the Government is announced, subject to certain amendments of the applications of Port Coquitlam City and Westminster Power Company, Limited, for water rights on the nearby rivers and lakes for the purpose of establishing water works.

PRINCE RUPERT—The bonding of the Dunsmuir mineral holdings on the Hocstahl River, near Port Essington, by E. Hinman, representing New York interests, is regarded here with a good deal of interest, for the transaction may foreshadow the construction of a smelter which would be of vast importance to the business life of this city.

PORT MOODY—Upon the subject of damming up a lake recently discovered by him at the source of Noon Creeks City Engineer Kilmer reported to the City Council at a special meeting. A dam of fourteen feet was proposed to be constructed at the outlet. He estimated the cost at $1650, which estimate allowed a good margin for contingencies. This work will be undertaken at once.

VANCOUVER—The only work that will be done at the Hotel Vancouver from now on until the close of the war will be the usual maintenance work, according to a statement made yesterday by Mr. Mapes, the C. P. R. architect. Up to the present the hotel has cost over $3,000,000, but when the war is over it will be added to by the provision of another 250 rooms, bringing the number to a total of a thousand. The additions will cost another $750,000.

BUSINESS NOTES.

And other items of interest to the business man.

WEST VANCOUVER—It is expected a volunteer fire fighting force will be organized here.

VICTORIA—Victoria bank clearings for the week ending Nov 9 totalled $1,644,150.

VICTORIA—The minister of railways for the province has issued a certificate approving of an agreement existing since November 7, 1912, between the Pacific Great Eastern Railway Co. and the Howe Sound and Northern Railway Co. and permitting the two companies to amalgamate into one company.

KERRISDALE—The timber limits on the government reserve west of Dunbar St., owned by Young and Scott, who previously operated a sawmill there, have been sold to Chas. Loucks and F. H. Sawyers of Kerrisdale.

VANCOUVER—The B. C. Manufacturers Association has received word that the department of marine and fisheries is calling for tenders for 360,000 lbs. of cod, hake and pollock from British Columbia. It is part of a big order for the British army. British Columbia will also have a chance to supply goods to the navy to the extent of $200,000. This includes boots and clothing.

VICTORIA—Certificates of incorporation have been granted to B. C. Glass Works, Limited, with head office in Victoria, and a capital of $10,000, to take over the business heretofore carried on by Thomas W. Howard and Clarence C. Johns under the style of B. C. Glass Works in this city, and to manufacture and deal in glassware of every description; Copper Queen Mining and Smelting Company, Limited (Non-Personal Liability), Vancouver, $1,000,000; Alidra Theatre Company, Limited, Fernie, $10,000; Union Jack Motor Company, Limited, Vancouver, $10000; Vancouver Drydocks, Ltd. $100,000.

MINING.

Utica is said to have a surplus of $35,000 net proceeds from recent shipments.

The Charleston near Whitewater is producing high grade silver lead and zinc ore.

A new vein in No. 3 tunnel in the Triune, near Ferguson, runs 300 oz. in silver.

The French zinc plant at Nelson is expected to be in operation before the first of the year.

The payroll at the Hedley mine last month, exclusive of boarding house charges, was $15,000.

About 90 men are working at the Bluebell, on Kootenay Lake. The mine is being developed on the fourth level.

This month the B. C. Copper Co. is expected to begin to have its copper refined at Trail instead of sending it to New Jersey.

A. E. Rand and partners are resuming operations at the Athabasca near Nelson. In the past this property has produced half a million in gold.

Clarence Cunningham has bonded the Idaho-Almo mine at Sandon, from the Scotch company which owns it and has 12 men employed at the property.

The purchasers of the mine formerly owned by W. A. Chisholm near Marysville are busy putting buildings in shape for working the property in the spring.

The monthly dividend of the Standard, Silverton, for November has been declared. It is $50,000, or 2½ per cent. for the month, or 30 per cent. for the year. It is payable Nov. 10th.

There has been more mining development in Upper British Columbia in the last six months than there has been in the last five years. They are sending out principally silver-lead and copper ore.

The Highland Valley Mining and Development Co. near Ashcroft, expect to have their concentrator working early in November. There is plenty of ore in sight to keep it running for months.

Two carloads of ore are being taken out of the Freddy Lee mine near Sandon, which is being developed for A. W. McCune. It is expected that the ore will average 150 ounces in silver and 78 per cent. lead.

VICTORIA—W. Galt, City Purchasing Agent, will receive tenders up to 4 p.m. Monday, Nov. 13, for the purchase of any or all of six horses and wagons, the property of the Fire Department. Particulars may be had from the Fire Chief.

PROVINCIAL ESTIMATES ARE TABLED IN THE HOUSE

VICTORIA.—A revenue of just under $6,000,000 and an expenditure of $11,000,000 for the year commencing April 1 next is predicted in the provincial estimates which were tabled in the House by Hon. Lorne Campbell, Minister of Finance, on Monday. The revenue shows a falling off of about $1,000,000 for the anticipated revenue for this year, while the expenditures show a slight increase.

The exact estimated revenue is $5,944,015, as compared with $7,134,615 for the present year, a difference of $1,095,000. The estimated disbursements are $11,301,374, as compared with $11,163,056 for the previous year, an increase of $138,000. The increase is more than accounted for by the increased fixed charges, which are over $300,000.

Summary of Expenditure

The summary of estimated expenditure indicates that in four of the 14 Government services there will probably be an increased expenditure over last year. In the rest a reduction is predicted.

The following are the totals:

	1915-16.	1916-17.
Public debt	$1,152,376	$1,422,254
Civic government (salaries)	1,709,566	1,687,736
Administration of justice (salaries)	68,000	67,428
Legislation	89,820	167,626
Public institutions (maintenance)	467,426	472,675
Hospitals and charities	374,100	525,800
Administration of justice	378,000	393,670
Education	1,594,600	1,524,500
Transport	88,000	48,000
Revenue services	50,000	25,000
Public works	3,067,315	2,023,010
Miscellaneous	2,128,752	2,032,000

In this year's report of the estimates the service "miscellaneous" is divided into three distinct services. "Lands," upon which $565,000 is to be spent this year, and "agriculture," upon which $176,500 will probably be expended, are each given a service to themselves, thus greatly reducing the "miscellaneous" total.

Present conditions have also necessitated more and larger hospitals, the result being an unusually large increase for hospitals and charities. Last year $16,000 was voted in the way of assistance in the construction of hospitals. This year about $150,000 will probably be granted for that purpose. Grants to refuge homes, aid societies, etc, is increased from $19,000 to $30,000.

University of B. C.

Among the appropriations in this year's estimates is a conditional one of $200,000 for the University of British Columbia. Last year's estimate was $175,000. Included in the works and buildings to be constructed by the Public Works Department are the following: Okalla prison farm, $15,000; improvement of government reserve, Burnaby, $10,000; mental hospital and colony farm, Essondale, $35,000; provincial government buildings, London (completion and maintenance), $175,000; maintenance, $8,000. The appropriations provincial normal school, Vancouver, for roads, streets, bridges and wharves in each constituency are the same as last year. Chilliwack gets $33,300; Delta, $22,500; Dewdney, $68,500, and Richmond $10,000. Eighty thousand is revoted for Kingsway through the Municipality of Burnaby. Point Grey gets $10,000 for roads, and Nicomen Island the same amount for dyking; $13,500 is a subsidy for the Ladner-Woodward ferry.

The vote of $400,000 on last year's estimates for the Second Narrows bridge is left off. For bridges generally $450,000 is set down, while for the bridge over the Fraser River at Prince George there will be an appropriation of $150,000.

An item in the Land Department appropriations is that for $20,000 for "timber testing and investigation of wood products." An indication that the government intends to continue seeking overseas markets for the B. C. lumber trade is that another $50,000 is appropriated for salaries, travelling expenses, and purchase of material.

Other Appropriations.

Among the other appropriations are the following:

Grant to B. C. regiments $5,000, grant to patriotic fund $6,000, grant to boy scouts $1,000, grant to Victorian Order of Nurses $500, grant to returned soldiers' aild commissions, $15,000; Royal Commissions $15,000 (last year $50,000), cougar bounty $35,000. Contribution to Vancouver -toward purchase of certain lanes in Ward VIII., $5,000. Fraser River Bridge, New Westminster, maintenance and repairs, $20,200. Songhees Reserve improvements, $240,000.

CONGOLEUM
Floor Coverings
If you have Congoleum on your floors, you can run a mop over them and they will be cleaner than any swept floor. Congoleum is waterproof right through—water cannot injure it. Compared with printed linoleum, Congoleum is more durable, more attractive, more waterproof, yet the price is less. Congoleum requires no fastening—any one can lay it—it won't curl up.
Congoleum Rug Borders, laid next to a rug or carpet, give the actual appearance of polished oak.

THE MEDIUM.

Did you ever notice that 95 per cent. of the big successful firms are firms who advertise? They figure advertising as an investment not an expense. The secret of advertising is the selection of a medium which reaches those people who are or will be the most likely "purchasers of your product." If you are in the building supply or machinery line don't select a moving picture publication in which to do your advertising. Because of the fact that the RECORD is the only paper published in the province devoted exclusively to the contracting business it is read by practically every one you would like to sell your products to. Your ad. where they will see it will put a capital C on your cash.

NABOB COFFEE

"—is strictly high-grade—a combination of Mocha and Java.

From the plantation to the cup, all the processes through which "Nabob" passes are strictly sanitary.

The blending—the roasting—the grinding—follow an exact scientific formula which ensures absolute Coffee perfection.

And it also ensures absolute uniformity—an exceedingly important point—day in and day out.

A user of "Nabob" knows this—those who are not drinking "Nabob" are surely missing one of the joys of the culinary art.
