BUILDING NEWS

And Construction Work not otherwise Classified.

NEW WESTMINSTER—On the recommendation of Ald. Jardine the city council has decided to macadamize Columbia St. from Brunette to Hospital St., at an estimated cost of $2,500.

VANCOUVER—The Vancouver and Districts Joint Sewerage and Drainage Board have opened tenders submitted for materials to be used in the construction of Section 5-B of the West End interceptor, and will award contractors for same within a day or so.

NEW WESTMINSTER—City Electrician Digby reported to the city council that the changing of the city's lighting system from arc to nitrogen lamps had been completed. Tests made since the installation was begun show that whereas the arc lamp system cost over $12,000 a year, the new system will cost less than $5,000.

VICTORIA—Mr. R. Marpole, vice-president of the company at Vancouver, states that the C. P. R. will not share in the proposed Johnson St. bridge, to connect the city with the Indian Reserve, unless the railway company is not asked to contribute more than $80,000 to the cost of construction. The city is asking a contribution of $150,000.

VANCOUVER—To force the Canadian Northern Railway Company to proceed with the construction of the sea wall on False Creek which was held up by the injunction temporarily secured by Messrs. Champion & White, the City Council Monday instructed the city solicitor to commence action in the courts compelling the Canadian Northern to live up to the terms of its agreement.

SEATTLE—Seattle may be selected by the Northwest Steel Co. of Portland as the site for the construction of steel-plate mills to cost $1,000,000, plans for which have been drawn. President J. R. Bowles, of the company, in Portland, recently refused to make public the intentions of the company, but it is known that this city, as well as Portland and San Francisco, is being considered.

DUNCAN—The Island Lumber Co.'s mill at Duncan and its logging camp have closed down.

VICTORIA—The annual meeting of the British Columbia division of the Canadian Society of Civil Engineers will be held in this city December 9.

NEW WESTMINSTER—To consider what can be done to relieve property owners on paved streets from the burden of local improvement taxes, the city council will hold a special meeting on Friday evening.

VICTORIA—That with the existing shortage of labor in the Crow's Nest Pass section, which has caused a shortage in the coke supply, and thus materially affected the output of metal products so urgently required in the production of munitions of war, has reached serious proportions and, coupled with the labor troubles which have again broken out in that district, the mining industry of the Province is being seriously affected, is the statement of Hon. Lorne A. Campbell, Minister of Mines.

BUSINESS NOTES.

And other items of interest to the business man.

MISSION CITY—The home of Bert Miles has been destroyed by fire.

OTTAWA—A gain of more than six hundred million dollars is shown in the Canadian trade statement covering the seven months period ending November 1.

MUNSON, Alta.—The Alberta Farmers' Co-operative elevator at this point has been destroyed by fire. It contained about 15,000 bushels of grain, which will be partly lost.

VICTORIA—Concerted action for the establishment of ferry connection between the Island and the Mainland is to be one of the immediate results of the Victoria business men's excursion up the Island last week.

NORTH VANCOUVER—A loss of $20,000 was caused by the fire on Saturday night at the Great Northern Canneries, nine miles west of North Vancouver, and nearly a mile east of Caulfield.

VANCOUVER—The three-story warehouse and stable near the corner of Lorne and Columbia Sts., has been destroyed by fire. The building belonged to Dixon Bros. & Schultz, and was valued at $10,000.

VANCOUVER—The city council has accepted the tender of the Spruce & Cedar Mills, Ltd., for the standing timber on the city's lot on the Capilano river, below the waterworks intake.

VANCOUVER—Considerable developments in the service of the White Pass and Yukon line, involving the construction of two new $100,000 steamers, are being planned for next year. The general manager of the line, Mr. H. Wheeler, has just gone north on a tour of inspection of the line.

LUMBER AND MILLS.

A. E. Burnette has closed his camp on Raza Island and has moved to Lewis Channel, where he is buying some government timber. He will be back at Raza in the spring.

P. B. Anderson, who has been logging at Skookum Chuck Narrows, is reported to be moving shortly to Pender Harbor, where he has approximately one hundred million feet to log.

The L. C. K. logging camp at Simoon Sound has been taken over and is being operated by the McNair Timber Co. Logs from this camp will probably go to the Cook & Craig Mill at Coal Harbor.

Mr. Bernard of the South Gate Logging Co., Seattle, reports shutting down the camp for the winter. It is just probable, however, that work will continue there if they are able to get timber.

The Powell River Paper Co. have started operation under contract to Woolridge Bros. & Cliffe on Gilford Island, Shoal Harbor.

Dahl & Larson are opening a camp on Blind Channel, Thurlow Island. This is a locally held timber licence.

Frank King of Vancouver, has started to operate on Timber Sale X52, Loughborough Inlet. This was formerly operated by the late Chas. Lee.

MINING.

Both Hope and Hazelton are talking about local smelters.

Profits of $23,500 are reported from the Galena Farm mine near Silverton, for October.

It is quite likely that the King Solomon, near Greenwood, will be shipping ore this winter.

A force of twenty men are working on Emmons' placer mining proposition near Tulameen.

The Consolidated company has let a contract for 1,000 feet of drifting at the Silver King mine at Nelson.

W. A. Williams, general smelter superintendent of the Granby company, has recently been inspecting properties at Merritt.

Net profits of the Rambler-Cariboo mine in October were between $6,000 and $7,000. In addition 75 tons of zinc concentrates were stored.

PROVINCIAL ESTIMATES ARE TABLED IN THE HOUSE

VICTORIA.—A revenue of just under $6,000,000 and an expenditure of $11,000,000, for the year commencing April 1 next is predicted in the provincial estimates which were tabled in the House by Hon. Lorne Campbell, Minister of Finance, on Monday. The revenue shows a falling off of about $1,000,000 for the anticipated revenue for this year, while the expenditures show a slight increase.

The exact estimated revenue is $5,944,015, as compared with $7,134,615 for the present year, a difference of $1,095,000. The estimated disbursements are $11,301,374, as compared with $11,163,056 for the previous year, an increase of $138,000. The increase is more than accounted for by the increased fixed charges, which are over $300,000.

Summary of Expenditure

The summary of estimated expenditure indicates that in four of the 14 Government services there will probably be an increased expenditure over last year. In the rest a reduction is predicted.

The following are the totals:

	1915-16	1916-17
Public debt	$1,152,376	$1,422,264
Civic government (salaries)	1,709,566	1,687,736
Administration of justice (salaries)	68,000	67,428
Legislation	89,820	167,620
Public institutions (maintenance)	467,426	472,575
Hospitals and charities	374,100	525,300
Administration of justice	378,000	368,670
Education	1,594,600	1,524,500
Transport	83,000	143,000
Revenue services	50,000	25,000
Public works	3,067,315	3,023,010
Miscellaneous	2,128,752	2,032,000

In this year's report of the estimates the service "miscellaneous" is divided into three distinct services. "Lands," upon which $565,000 is to be spent this year, and "agriculture," upon which $176,500 will probably be expended, are each given a service to themselves, thus greatly reducing the "miscellaneous" total.

Present conditions have also necessitated more and larger hospitals, the result being an unusually large increase for hospitals and charities. Last year $16,000 was voted in the way of assistance in the construction of hospitals. This year about $150,000 will probably be granted for that purpose. Grants to refuge homes, aid societies, etc. is increased from $19,000 to $80,000.

University of B. C.

Among the appropriations in this year's estimates is a conditional one of $200,000 for the University of British Columbia. Last year's estimate was $175,000. Included in the works and buildings to be constructed by the Public Works Department are the following: Okalla prison farm, $15,000; improvement of government reserve, Burnaby, $10,000; mental hospital and colony farm, Essondale, $35,000; provincial government buildings, London (completion and maintenance), $175,000; maintenance, $8,000. The appropriations provincial normal school, Vancouver, for roads, streets, bridges and wharves in each constituency are the same as last year. Chilliwack gets $33,300; Delta, $22,500; Dewdney, $68,500, and Richmond $40,000. Eighty thousand is revoted for Kingsway through the Municipality of Burnaby. Point Grey gets $10,000 for roads, and Nicomen Island the same amount for dyking; $13,500 is a subsidy for the Ladner-Woodward ferry.

The vote of $400,000 on last year's estimates for the Second Narrows bridge is left off. For bridges generally $450,000 is set down, while for the bridge over the Fraser River at Prince George there will be an appropriation of $150,000.

An item in the Land Department appropriations is that for $20,000 for "timber testing and investigation of wood products." An indication that the government intends to continue seeking overseas markets for the B. C. lumber trade is that another $50,000 is appropriated for salaries, travelling expenses, and purchase of material.

Other Appropriations.

Among the other appropriations are the following:

Grant to B. C. regiments $5,000, grant to patriotic fund $6,000, grant to boy scouts $1,000, grant to Victorian Order of Nurses $500, grant to returned soldiers' aiid commissions, $15,000; Royal Commissions $15,000 (last year $50,000), cougar bounty $35,000. Contribution to Vancouver toward purchase of certain lanes in Ward VIII., $5,000. Fraser River Bridge, New Westminster, maintenance and repairs, $20,200. Songhees Reserve improvements $240,000.

If you have Congoleum on your floors, you can run a mop over them and they will be cleaner than any swept floor. Congoleum is waterproof right through—water cannot injure it. Compared with printed linoleum, Congoleum is more durable, more attractive, more waterproof, yet the price is less. Congoleum requires no fastening—any one can lay it—it won't curl up.

THE MEDIUM.

Did you ever notice that 95 per cent. of the big successful firms are firms who advertise? They figure advertising as an investment not an expense. The secret of advertising is the selection of a medium which reaches those people who are or will be the most likely "purchasers of your product." If you are in the building supply or machinery line don't select a moving picture publication in which to do your advertising. Because of the fact that the RECORD is the only paper published in the province devoted exclusively to the contracting business it is read by practically every one you would like to sell your products to. Your ad. where they will see it will put a capital C on your cash.

NABOB COFFEE

—is strictly high-grade—a combination of Mocha and Java.

From the plantation to the cup, all the processes through which "Nabob" passes are strictly sanitary.

The blending—the roasting—the grinding—follow an exact scientific formula which ensures absolute Coffee perfection.

And it also ensures absolute uniformity—an exceedingly important point—day in and day out.

A user of "Nabob" knows this—those who are not drinking "Nabob" are surely missing one of the Joys of the culinary art.

Pathfinder, up North Fork of Kettle river, is shipping to the Greenwood smelter. Last week an assessment of one mill per share was levied.

A contract has been let for hauling 12 tons of ore daily from the Eureka mine, on Eagle and Forty-Nine creeks, which is being operated by a Nelson company.

At an expense of more than a million dollars Granby Consolidated has insured itself against a repetition of last winter's delays to operations at the Anyox smelter.

Rambler shipments for October are reported to have brought in the sum of $14,600 with an operating expense of about $8,000, leaving a net profit for the month of $6,000 or $7,000.

J. Y. Kessler one of the original locators of the Ruth mine has bonded the Chambers group on the south fork of Carpenter creek, in the Slocan. The bond is for three years and the price is said to be $50,000.

NELSON—The new 10,000 horsepower unit of the West Kootenay Power & Light Co.'s plant at Bonnington Falls was turned over last week. It has been built this summer.

VANCOUVER—Considerable activity is reported in mining circles at present, and the latest announcement is to the effect that the Gleaner Group, comprising four claims and located on Fanny Bay, near Ramsay Arm, has been bonded by the owners to the Granby Consolidated Mining and Smelting Company for $75,000.
