VANCOUVER—At Monday night's council meeting, Building Inspector McKenzie was instructed to bring in a report on what a complete remodelling of the plumbing in the police station will cost.

VANCOUVER—Tenders closed yesterday for the pile driving in connection with the extension of the four launching ways and the building of a new wharf at the Coughlan Shipyards, False Creek. The contract will be awarded immediately.

PRINCE RUPERT—Tenders will be received up to December 3rd by the City Clerk on 50,500 feet of No. 3-0 B. & S. G. bare copper wire; three 1000-ft. length No. 2-0 B. & S. G. bare copper clad steel wire, f.o.b., wharfage paid, Prince Rupert. Delivery Feb. 1, 1918.

VANCOUVER—Ald Kirk has given notice of a bylaw to transfer approximately $66,000 for additions to school buildings and other school purposes, also to provide for the raising by debenture issue of $75,000 for other school purposes including alterations to ventilating plants.

VANCOUVER—Ten tenders were received by Archts. Sharpe & Thompson, London Bldg. for the construction of the buildings at the University site, Point Grey. The figures are being considered at present and it is expected that it will be at least two or three days before an announcement of the awarding of the contract is made.

VANCOUVER—The Northern Construction Co. and Carter, Halls, Aldinger Co. have let the following subcontracts in connection with their contract for the train-sheds at the Canadian Northern Depot, False Creek: Plumbing, to Barr & Anderson, Ltd.; electrical work to Mundy, Rowland & Co.; roofing to the B. C. Ceiling & Roofing Co.

VANCOUVER—A health clinic building, to cost approximately $30,000 will be erected by the Vancouver Rotary Club on the old hospital grounds facing Pender St., with the object of making a more determined fight against the white plague in Vancouver. The Rotary club plans to start a campaign to raise funds for the erection of this building, which is to be presented to the city free of all cost, on the condition that the city grant the use of the old hospital site on which to erect the building. The Rotary club already has a large share of the necessary sum pledged for the erection of the building.

BUSINESS NOTES.

and other items of interest to the business man.

CRAWFORD BAY—Crawford Bay has decided on a school site and the property is to be cleared at once.

VANCOUVER—The city council on Monday night, at its regular meeting, formally put through all legal stages and passed the new garage bylaw, which has been under consideration for some time.

SURREY—A bylaw with reference to securing a right of way to the new site of the Timberland Lumber Co. at South Westminster, was given three reading by the Surrey Municipal Council at their meeting Saturday afternoon. The bylaw gives them power to expropriate.

VICTORIA—An error was made in the announcement in last week's Provincial Gazette to the effect that the time for the completion of the Provincial assessment rolls for the year 1917 had been extended from November 30, 1917, to January 31, 1918. The rolls referred to are not the 1917 rolls, but those for 1918.

VANCOUVER—In a few weeks, contracts will be awarded by the Dominion Government for the supply of spruce for the manufacture of airplanes, according to Major Austin Taylor, who expects to be here for a considerable time investigating the situation. That the making of thousands of airplanes is contemplated was indicated by his statement that he did not believe British Columbia would be able to meet the entire demand for spruce. Large quantities of this lumber are being shipped east from Oregon and Washington, but as far as this province is concerned the government will take every foot of spruce that is obtainable and suitable for their requirements.

VICTORIA—When the question of Saanich irrigation is taken up this week, there will be some change from the outline discussed at the preliminary meeting at Royal Oak recently.

At that meeting the discussion had centered round the proposal to proceed with a main along Shelbourne St. to Feltham Road, and thence to Gordon Head. When the meeting takes place this week, it will be suggested by the Saanich officials that the district could be better served by leaving Shelborne St. near the Cedar Hill Cross Road, and proceeding in a north-easterly direction across subdivision land to Gordon Head Road. It is believed that better service could be given by that route, the laterals running westerly through the strawberry and other orchards.

If the City will sanction the taking up of portion of the Lake Road main, replacing it where needed by smaller diameter pipe, there will be five miles of pipe available for installation. To obtain new pipe, apart from existing stocks, is practically impossible now, so that any scheme will have to adapt itself to utilize material now on hand. The city officials will not, of course, go beyond the statement made publicly until they have had a chance of looking into the situation more fully on the ground with the aid of the data gathered by Saanich officials some months ago.

VICTORIA—To examine the concrete pipe line from Sooke Lake to Humpback Reservoir it is announced that James Allen, Washington State's Highway Commissioner, and State Hydraulic Engineer Chase will be over from the Sound this week.

VICTORIA—Pursuant to the powers conferred upon it by the legislation passed at the last session of the Legislature and in line with the policy which the board has inaugurated looking to the development of the agricultural industry of British Columbia, the Land Settlement Board has secured an option upon some 40,000 acres of first-class land in the Kispiox, Bulkley and Nechaco valleys and Stewart Lake district. If secured the lands will be thrown open to development under the direction of the board. The chairman, Mr. W. Maxwell Smith, stated yesterday that with the organization of the work of the board and the getting under way its operations, attention is now being paid to a number of development schemes which will, he believes, result in a decided impetus to the development work to accelerate which the board was organized.

PROVINCIAL ESTIMATES ARE TABLED IN THE HOUSE

VICTORIA.—A revenue of just under $6,000,000 and an expenditure of $11,000,000 for the year commencing April 1 next is predicted in the provincial estimates which were tabled in the House by Hon. Lorne Campbell, Minister of Finance, on Monday. The revenue shows a falling off of about $1,000,000 for the anticipated revenue for this year, while the expenditures show a slight increase. The exact estimated revenue is $5,944,015, as compared with $7,134,615 for the present year, a difference of $1,095,000. The estimated disbursements are $11,301,374, as compared with $11,163,056 for the previous year, an increase of $138,000. The increase is more than accounted for by the increased fixed charges, which are over $300,000.

Summary of Expenditure

The summary of estimated expenditure indicates that in four of the 14 Government services there will probably be an increased expenditure over last year. In the rest a reduction is predicted.

The following are the totals:

	1915-16.	1916-17.
Public debt	$1,152,376	$1,422,254
Civic government (salaries)	1,709,566	1,687,736
Administration of justice (salaries)	68,000	67,428
Legislation	89,820	167,620
Public institutions (maintenance)	467,426	472,575
Hospitals and charities	374,100	525,800
Administration of justice	378,000	308,670
Education	1,594,600	1,524,500
Transport	83,000	43,000
Revenue services	50,000	25,000
Public works	3,067,315	3,023,010
Miscellaneous	2,128,752	2,032,000

In this year's report of the estimates the service "miscellaneous" is divided into three distinct services. "Lands," upon which $565,000 is to be spent this year, and "agriculture," upon which $176,500 will probably be expended, are each given a service to themselves, thus greatly reducing the "miscellaneous" total.

Present conditions have also necessitated more and larger hospitals, the result being an unusually large increase for hospitals and charities. Last year $16,000 was voted in the way of assistance in the construction of hospitals. This year about $150,000 will probably be granted for that purpose. Grants to refuge homes, aid societies, etc, is increased from $19,000 to $80,000.

University of B. C.

Among the appropriations in this year's estimates is a conditional one of $200,000 for the University of British Columbia. Last year's estimate was $175,000. Included in the works and buildings to be constructed by the Public Works Department are the following: Okalla prison farm, $15,000; improvement of government reserve, Burnaby, $10,000; mental hospital and colony farm, Essondale, $35,000; provincial government buildings, London (completion and maintenance), $175,000; maintenance, $8,000. The appropriations provincial normal school, Vancouver, for roads, streets, bridges and wharves in each constituency are the same as last year. Chilliwack gets $33,300; Delta, $22,500; Dewdney, $68,500, and Richmond $40,000. Eighty thousand is revoted for Kingsway through the Municipality of Burnaby. Point Grey gets $10,000 for roads, and Nicomen Island the same amount for dyking; $13,500 is a subsidy for the Ladner-Woodward ferry.

Other Appropriations.

The vote of $400,000 on last year's estimates for the Second Narrows bridge is left off. For bridges generally $450,000 is set down, while for the bridge over the Fraser River at Prince George there will be an appropriation of $150,000.

An item in the Land Department appropriations is that for $20,000 for "timber testing and investigation of wood products." An indication that the government intends to continue seeking overseas markets for the B. C. lumber trade is that another $50,000 is appropriated for salaries, travelling expenses, and purchase of material.

Among the other appropriations are the following:

Grant to B. C. regiments $5,000, grant to patriotic fund $6,000, grant to boy scouts $1,000, grant to Victorian Order of Nurses $500, grant to returned soldiers' aid commissions, $15,000; Royal Commissions $15,000 (last year $50,000), cougar bounty $35,000. Contribution to Vancouver toward purchase of certain lanes in Ward VIII., $5,000. Fraser River Bridge, New Westminster, maintenance and repairs, $20,200. Songhees Reserve improvements, $240,000.

THE MEDIUM.

Did you ever notice that 95 per cent. of the big successful firms are firms who advertise? They figure advertising as an investment not an expense. The secret of advertising is the selection of a medium which reaches those people who are or will be the most likely "purchasers of your product." If you are in the building supply or machinery line don't select a moving picture publication in which to do your advertising. Because of the fact that the RECORD is the only paper published in the province devoted exclusively to the contracting business it is read by practically every one you would like to sell your products to. Your ad. where they will see it will put a capital C on your cash.

VANCOUVER—After hearing the legal aspects of the case set forth by George E. McCrossan, special counsel for the city and City Solicitor E. F. Jones, and a resume of the judgment handed down by the supreme court of Canada recently, the city council have decided to appeal the Champion & White seawall case to the privy council of England. Both Mr. McCrossan and City Solicitor Jones expressed themselves as strongly in favor of the city appealing the case, declaring that in their opinion, the city had better than an even chance of winning the right to construct the seawall in front of a portion of the Champion & White property, when the improvement was for the good of the whole community.

As the foreshore and harbor rights and the navigable waters act of Canada are all involved more or less in the case, it was decided that in the meantime the city's counsel should interview the board of harbor commissioners and see if they would join with the city in the appeal in regard to the harbor rights part of the case.

TIMBER SALE X1157.

Sealed tenders will be received by the Minister of Lands not later than noon on the 19th day of December, 1917, for the purchase of Licence X1157 to cut 1,000,000 feet of Fir and Cedar on an area adjoining Lot 747, Van Donop Creek, Cortes Island, Sayward District.

Two (2) years will be allowed for removal of timber.

Further particulars of the Chief Forester, Victoria, B. C., or District Forester, Vancouver, B. C.

SOUTH WELLINGTON SCHOOL.

Second Call.

SEALED TENDERS, superscribed "Tender for South Wellington School," will be received by the Honourable the Minister of Public Works up to 12 o'clock noon of Tuesday, the 27th day of November, 1917, for the erection and completion of a four-room school at South Wellington, in the Newcastle Electoral District, B. C.

Plans, specifications, contract, and forms of tender may be seen on and after the 8th day of November, 1917, at the office of J. Mahony, Government Agent, Court-house, Vancouver, B. C.; S. McB. Smith, Government Agent, Court-house, Nanaimo, B. C.; J. E. Parrott, Esq., Secretary of School Board, South Wellington, B.C.; or the Department of Public Works, Victoria, B. C.

Intending tenderers can obtain one set of plans and specification by applying to the undersigned with a deposit of ten dollars ($10), which will be refunded on their return in good order.

Each proposal must be accompanied by an accepted bank cheque on a chartered bank of Canada, made payable to the Honourable the Minister of Public Works, for a sum equal to 20 per cent. of tender, which shall be forfeited if the party tendering decline to enter into contract when called upon to do so, or if he fail to complete the work contracted for. The cheques of unsucessful tenderers will be returned to them upon the execution of the contract.

Tenders will not be considered unless made out on the forms supplied, signed with the actual signature of the tenderer, and enclosed in the envelopes furnished.

The lowest or any tender not necessarily accepted.

A. E. FOREMAN,
Public Works Engineer.
Public Works Department,
Victoria, B. C., Nov. 8th, 1917.
