TO BUILD NEW BRIDGE OVER SHUSWAP RIVER SOON

The Minister of Public Works has filed at Ottawa a description of the site and plan of a proposed new bridge over the Shuswap River at Enderby, B. C.

LOOKING AHEAD

Every issue of the Record is reaching a class of business and professional men who are not only contemplating building improvement work in this section, but who are directly responsible for work that is actually being done. The industry is becoming more active each day. There is more building improvement work under way and in prospect in Vancouver and British Columbia generally than in several years past and every indication points to the fact that fall will see even greater activity. This means the buying of a vast amount of equipment and materials.

Are you getting your share of the business this fall offers you? If several weeks ago this article had appeared before the men who have the authority to buy, now is the time to reach them.

TO BUILD HOME AT DENMAN AND ALBERNI

Architect William F. Gardiner, 701 Vancouver Block, has awarded a contract to Edward Cox, rear 530 Howe street, for the erection of a five-room bungalow for Mr. B. V. Gamage at Denman and Alberni streets.

ANOTHER ATTRACTIVE HOME PLANNED FOR VICTORIA

Tenders are being invited by Architects Maclure & Lort, 405 Credit Foncier Bldg., City and 404 Union Bank Bldg., Victoria, for the construction of an attractive home to be erected at Oak Bay, Victoria for Mr. A. Denison of Hong Kong.

ROBERT MONCREIFF GETS CONTRACT FOR VICTORIA HOME

Architects Maclure & Lort, 405 Credit Foncier Bldg. have awarded a contract to Robert Moncreiff, for the construction of a residence to be erected in Victoria for Mr. R. W. Gibson at a cost of \$50,000.

The contract is the largest of its kind let for a residence in Victoria, since the outbreak of the war and will be erected on one of the most commanding sites in the capital, overlooking Oak Bay. The plans provide for concrete blocks, rough-casted for the walls, tile roof, terrace, etc. These terraces will be of stone with sandstone caps and tiled floors on three sides of the house, which is to be erected in a garden that has been already carefully made.

The basement contains a full-sized billiard room and the usual heating and domestic accommodation. The ground floor has in addition to the dining room, drawing room, library, etc., an unusually large living hall and tiled sun room, and also generous-sized quarters for the domestic staff. The wall will be carried up two stories with a gallery, and like the rest of the interior, is to be finished in Georgian style.

Tenders are being invited by Architects Maclure & Lort for the Electrical work and heating which was not included in Mr. Moncreiff's contract. Mr. Moncreiff is at present making his home at the Kent Hotel, Victoria or may be gotten in touch with by mail through P. O. Box 1394, Vancouver.

DAVIES CONSTRUCTION CO. AWARDED \$40,000 CONTRACT

A contract has been awarded to the Davies Construction Co., 714 Credit Foncier Bldg. for the construction of a large Round House, Turn Table, Water Tower, Ash Pits, etc., to be built at Sirdar, B. C. for the Canadian Pacific Railway.

Sirdar is on the Cranbrook branch of the C. P. R. near Kootenay landing, head of the Kootenay Lakes. The improvements will cost about \$40,000 and work will be started at once.

TO MAKE EXTENSIVE ALTERATIONS TO HOTEL

Plans are underway in the office of Architect Percy Fox, 3 Brown Block, Victoria, and will be ready about September 22nd, when tenders will be asked for extensive alterations and additions to the Dominion Hotel, Victoria, to cost in the neighborhood of \$10,000. The alterations will include steel work, masonry, tile work and tile floor, oak panelling, ornamental plaster work, electrical work and decorating.

PATRONIZING HOME PRODUCTS

Is it not a truism that the wealth of a country is in its products, whether of farm, or of factory? A country to retain its wealth must export more than it imports, otherwise, the balance of trade is against it and it is a natural sequence that with the balance of trade against the country, then its wealth diminished instead of increasing.

No apology is therefore considered necessary for urging upon our citizens, in season and out of season, that buying home products is to the advantage of all and sundry, both of buyers and sellers, and above all to the country at large.

Have our manufacturers a cause of complaint against our citizens as a whole when the general public do not give them their whole hearted support by buying of their products instead of imported goods? No doubt the manufacturers think so, but sometimes—too often, in fact—the shoe is on the other foot.

The Record has consistently contended that it is the duty of one and all to patronize home products first, last and all the time. This should be not only the duty of the "buying public," but also that of the "producing public."

The Record has consistently contended that it is the duty of one and all to patronize home products first, last and all the time. This should be not only the duty of the "buying public," but also that of the "producing public."

MINING

The Index Mining Company has completed a building that will shelter a compressor, at its mine, on the south fork of Kaslo creek. The compressor will generate power for machine drills to be used in driving a long tunnel.

Work will be resumed shortly on the Soho property in the Slokan district. A force of 26 men will be employed and shipping will begin at once. The ore will average about 200 ounces of silver to the ton and 50 per cent. lead.

Buildings and towers destroyed by fire are being repaired and rebuilt at the North Star mine at Kimberley. The resumption of shipments at the rate of a carload a day is expected soon after the arrival of a cable for the tramway.

Doing business without advertising is like winking at a girl in the dark. You know what you are doing, but nobody else does.

ELECTRICAL FIRM HAS MOVED TO LARGER SHOP
Finding their former quarters on Broadway West, far too small for their constantly increasing business, the Richardson Electric Company has just moved into larger and more centrally located premises at 923 Georgia St. West. The new shop, the firm points out, will not only enable them to carry a larger and more complete stock of electrical goods, but with an increased staff, they will be in a position to offer superior service to their patrons. The firm has also undergone a change in taking in Mr. M. D. Rushforth, a former partner of Mr. Richardson. Mr. Rushforth has just recently returned from four years service overseas with the Canadian Engineering Anti-Aircraft Searchlight Company.

GIANT TRUCKS

1--2--3½ TON CAPACITIES
are a perfect assembly of highly standardized units, to which is added an exclusive feature, viz.: the Duntley Generator, which permits the burning of low-grade fuels. Distillate at 23c per gallon instead of gasoline at 33c per gallon effects a saving that the shrewd buyer will not overlook.
Investigate the merits of this truck; inquire into our "Service" before purchasing.
