TENDERS INVITED FOR PLUMBING AND HEATING ON NEW MARPOLE SCHOOL

Architects Twizell, Bird & Twizell, 719 Metropolitan building, are inviting tenders for the plumbing and steam-heating sub-contracts in connection with the erection of the new twelve-room school at Marpole for the Point Grey school board.

The tenders will close at noon of Wednesday, September 15, and all bids must be accompanied by a check equal to five per cent of the amount of the tender, while the successful bidders will be required to put up a bond equal to fifty per cent of the amount of the contract.

Copies of the plans and specifications and forms of contract can be seen at the office of the architects. Official notice of tender appears elsewhere in this paper.

SCHOOL COST MAY BE HIGHER THAN BYLAW

Tenders on Penticton Building Run Over $100,000 with only $85,000 Available.

PENTICTON—The Penticton school board faces somewhat of a quandary in connection with the construction of the new high school, for which a number of tenders have already been received but no award made as yet owing to financial reasons.

The tenders were opened at the last meeting of the school board and the figures rather surprised the members of the board. According to statement made by members of the board, the new school when completely furnished will cost in the neighborhood of $140,000. This is considerably in excess of the total of $85,000 provided by the recently passed school bylaw and the government grant. Just what action will be taken, or whether the board will decide to revise the plans and call for new tenders will not be decided until after the next meeting of the board.

To add to the complications that seem to be combining to delay a start on the new school building is the fact that Architect Bell of Vernon, who prepared the plans for the building, and who came to Penticton last week to aid the board in making the award, was taken seriously ill and is at present confined to his home in Vernon. The board will probably await his recovery before taking any definite action but they are plainly disappointed, as it was hoped to get work started on the building before the winter weather set in.

TO ASK TENDERS SOON ON TWO FINE HOMES

Gardiner & Mercer Preparing Plans for Dwellings on Shaughnessy Heights

Architects Gardiner & Mercer, 827 Birks Building, have been commissioned to prepare plans for two more fine residences which are to be erected soon on Shaughnessy Heights. The plans for these dwellings are now well under way and tenders will be invited for their construction shortly by the architects.

One of the new homes is to be a cosy bungalow for Mr. S. Rainsford, while the other is to be a two-story dwelling for Mr. William Love. Both houses are estimated to cost about $8,000 each, and will have hardwood floors, hot water heating, full concrete basement and other modern conveniences.

The architects expect to have the plans completed in about a week's time and will then be calling for tenders from selected contractors.

C. N. R. INVITES BIDS ON RAZING OF GLOBE HOTEL

Preparatory to turning over to the city a strip of property comprising about ten lots located immediately north and south of the Main street bridge, in accordance with the agreement to that effect made seven years ago, the Canadian National Railways is inviting tenders for the purchase and immediate demolition of the old Globe hotel, located just north of the Main street bridge. The tenders will close at 5 o'clock on Saturday, September 11, and will be received by Mr. C. C. Labrie, local purchasing agent of the C. N. R.

The Globe hotel is a substantial and fairly modern three-story structure built of cement block and stone, and the material contained in the building should be of much value in these days of high building costs. The hotel is the only structure left on the strip of property which the railway company purchased several years ago prior to turning it over to the city. After the structure is razed the railway company is under contract to clear the site and turn it over to the city for park purposes. The entire strip along both sides of the bridge is to be laid out in park style.

TO BUILD $7,000 HOME IN NORTH VANCOUVER

NORTH VANCOUVER—A new residence that will make a notable addition to the number of handsome dwellings already erected in the North Lonsadle section is to be built soon by Mr. A. S. Williamson. It will cost in the neighborhoods of $7,000, and will have a full concrete basement, hot air heating, hardwood floors and all modern conveniences. The plans for the structure are now being prepared by a north shore architect and it is expected that tenders will be called for the construction of the dwelling shortly.

CUT-TO-FIT BUILDING FACTORY GETS ORDER FOR 90 DWELLINGS FOR IOCO

NEW WESTMINSTER—With its new factory at South Westminster just completed and the necessary machinery now being installed, the Cut-To-Fit Building Company has been awarded a contract that will keep the new factory and a big staff working for six months at least. The Employees Building Association of the Imperial Oil Company has awarded to the Cut-To-Fit Building Company a contract for the erection of ninety new dwellings which are to form the model townsite at the company's refinery town on Burrard Inlet.

The contract will involve an outlay of about $270,000 by the time it is

CANADA'S PULPWOOD INDUSTRY NOW ONE OF NATION'S CHIEF ASSETS.

Few even among the best posted of loyal Canadians realize the extent to which Canada's paper and pulpwood industry has grown and to what a major extent the rest of the continent as well as many other parts of the world, now depend on the Dominion's bountiful forests for their supply of pulp and paper.

From April, 1914, to August, 1919, Canadian pulp and paper companies floated a total of $40,752,876 of various forms of securities. Of this amount, $1,199,876 only was placed in Great Britain; $17,800,000 was placed in the United States, and $20,753,000 in Canada. Of the balance of $1,000,000, which is uncertain, probably about $800,000 was placed in the States and $200,000 in Canada. The $20,000,000 placed in Canada was floated subsequent to November, 1917, the period during which Canada absorbed three great victory loans.

The "Census of Industry" gives the total investment in pulp and paper mills in Canada in 1917 as $136,787,405, being an increase of $53,050,602, or 39.6 per cent. over 1915.

These figures reveal that the investment in our pulp and paper industry is very large and that it is rapidly increasing. Indeed it may be truly said that the manufacture of pulp and paper is one of our "key" industries. We must always import many commodities from foreign nations, and these must be paid for with our own exports. Every industry which produces a large surplus for export is vital to the nation's welfare.

The researches undertaken by Dr. C. D. Howe for the Commission of Conservation indicate that pulpwood is of such slow growth that the trees of the smaller diameter classes cannot be depended on to reach commercial size within a period during which the lumberman can afford to hold his limits. This demonstrates that the provincial government must assume direct responsibility for assuring the perpetuation of a very valuable source of revenue. The vigorous prosecution of further research is necessary that wherever regulations be framed be founded on a sound basis.

(Continued from Page 1)

filled. For the model dwellings which are to be erected on the 22-acre site now being cleared, will average about $3,000 each in cost, but will have a wide variety in design and type. Some of them will run as high as $6,000, of which some will be small bungalows costing about $2,500 but the majority will run about $3,000. Each building erected will be of full value for there will be little, if any, overhead expense. The material can be very cheaply transported from the Cut-To-Fit Building Company's factory and wharf at Liverpool to the new wharf which is to be erected soon at Ioco, and this one-handling, water-transit arrangement was one of the chief factors in deciding the award of the contract.

Mr. Lionel Guertin, manager of the Cut-To-Fit factory, expects to make an early start on this big contract just as soon as the installation of the machinery is completed. In addition to the big order for Ioco, the factory has many other orders booked, he states.

NEW NANAIMO PLANT OF IMPERIAL OIL CO. READY

NANAIMO—Manager P. T. Corocran and his staff of the Imperial Oil Company have moved into the fine new premises and plant just completed for that company on the waterfront near the old provincial jail. The plant which cost $30,000, includes three large storage tanks holding 15,000 gallons each, a two-story warehouse of brick and cement fireproof construction, a neat office building and a brick garage.

Between the plant and the new floating wharf which has been constructed along the Jingle Pot wharf there has been installed a narrow-gauge railway. This provides facilities for supplying the gasoline tanks which are also built on the wharf for the supply of launches and other vessels using that form of fuel.

HUNDRED PER CENT. IN BUILDING INCREASE

New Westminster—For the first eight months of the current year the aggregate value of the permits issued at the office of City Building Inspector Thos. Turnbull shows an increase of 100 per cent. over the same period last year. The building inspector's report for the month of August is as follows:

August, 1919	$ 20,957
August, 1920	13,550
Total eight months 1919	116,550
Total eight months 1920	231,315

ITEMS BELOW HAVE BEEN PUBLISHED PREVIOUSLY BUT ARE HELD FOR READY REFERENCE

Architects Maclure & Lort, Credit Foncier building, who were commissioned some time ago by Mr. B. A. Rhodes to prepare plans for a handsome new terra-cotta and tile residence, have now completed the plans and are inviting tenders on the construction of the structure.

The new home which is to be built for M. Rhodes, is to occupy a site in the west end section of the city at the corner of Nelson and Gifford streets. It is to be one and one-half stories in height, of the popular bungalow type and the exterior will be finished in rough cast. Seperate tenders for the hot air heating are also being invited.

BIDS ASKED ON NEW HOME IN VICTORIA SUBURBS

VICTORIA.—Bids are being invited from contractors by Architects Maclure & Lord, with offices in this city and Vancouver, on the construction of new home which they have just completed the plans for. The dwelling is to be erected for Mr. E. B. Malfall on the site secured at the corner of Beach Drive and Transit Road. It is to be a two-story frome structure with all modern conveniences.

Tenders are to close with Mr. Maclure, 404 Union Bank building, Victoria, on Tuesday September 14 at 3 p.m.

ASKS BIDS ON RENEWAL OF WHARF AT KINCOLITH

Tenders are being called by the Dominion department of public works for the renewal of the present wharf at Kincolith in the Skeena district. Tenders will be received up to noon of Wednesday, September 22, by Mr. R. C. Desrochers, secretary of the department at Ottawa.

Plans and specifications of what is required in the way of wharf renewal and repairs, together with forms of contract and tender can be obtained at the office of the district engineer at Prince Rupert, and at the post offices at Vancouver and Kincolith, B. C. Blue prints can be obtained from the department at Ottawa upon payment of $10 to ensure their return. The usual ten per cent. check must accompany all bids.

TENDERS INVITED FOR RECLAMATION WORK

Tenders are being invited by the Department of the Interior, Ottawa, up to September 27th for the construction of Drains, Waterhen Reclamation project.

Plans, specifications and form of contract can be seen at the office of the District Chief Engineer, Dominion Water Power Branch, 213 Hastings street east.

An accepted bank cheque drawn on a chartered bank of Canada for the sum of $10,000 and made payable to the order of the Minister of the Interior must accompany each tender.

MINING NOTES

The Lanark Mining Company, near Glacier, B. C. shipped its first carload of 30 tons or ore to the Consolidated Smelter at Trail.

More than 200,000 tons of ore and concentrates have been received thus far in 1920 by the Consolidated Mining and Smelting Company of Canada, at Trail. Of the total amount 196,961 tons were crude ore and 4,103 concentrates.

A valuable coal deposit near Bullockville, south east of Edmonton, Alberta, is to be uncovered by hydraulicing with water from the Red Deer river. The scheme is regarded as feasable and if successful will enable the mine to be quarried without the necessity of shafting.

The Hedley Gold Mining Company, operating on the Nickel Plate and other mines at Hedley, has 150 men at word. Two-thirds are engaged underground and the remainder in the mill and power plant. The company is extracting gold bearing are containing $9 to the ton as compared with $12 in former years. The cost of production is $8.50 a ton.

Since the embargo on coal went into effect on August 1, Hon. F. B. Carvell, chairman of the Board of Railway Commissioners, has been bombarded with requests for permits to export. As soon as the announcement was made of the embargo, shippers and mine-owners got hold of everytype of craft that was available to load with coal. A number of these did not get away in time and the permits to export are asked on the ground that these are exceptional cases. Only in "very exceptional" cases is Chairman Carvell granting the permits asked for.

TO BUILD BIG SCOWS AT POPLAR ISLAND YARDS

NEW WESTMINSTER—Mr. H. M. Fullerton, who was secretary of the New Westminster Construction & Engineering Company, Ltd., while that company operated the Poplar Island shipyards and built some large wooden steamers, has taken over the yards again and will operate them for some time. He has a contract for the construction of a number of large, seagoing scows, but beyond that, has no shipbuilding contracts in sight.

These yards, which are well equipped and situated, were recently operated by Messrs. Haley & Christian who rebuilt the steamer Comox there for the southern trade.

VICTORIA ALSO NEARLY DOUBLES ON BUILDING

Victoria—While the month of August only showed a fair increase over the corresponding month of last year in the agregate value of building permits isued in Victoria, the city has nearly doubled in total of building authorized so far this year as compared with the first eight months of 1919. During the past month there were 21 permits issued of a total value of $28,826, as compared with 38 permits aggregating $22,483 for August, 1919.

It is on the showing for the first eight months of the year, however, that Victoria makes a very satisfactory report, according to the city building department officials, for the 215 permits issued so far this year provide for construction of a total value of $498,447, which is almost double that of the first eight months of 1919, when there were 201 permits issued aggregating $256,574 in value. With the number of important projects still in line, Victoria expects to considerably more than double last year's record on building permits by the end of the year.

FIRE DEPT. ANSWERS 166 CALLS IN AUGUST

An interesting fact in the report of the fire department for August is contained in the figures showing that although the month was the city's record in number of calls, numbering 166, the total loss has been kept within the very nominal figure of $29,000.

The average number of calls for the past 10 years has been but 50 per month, and the average for 1919 was only 81 per month. Of the $92,623 fire losses for the past month $18,603 in insurance has been paid. Of the total of 166 fires damage has resulted from only 30 of the August flames.

BUILDING PERMITS ISSUED IN NORTH VANCOUVER

NORTH VANCOUVER—Following is a list of the building permits issued by Building Inspector Fugler of North Vancouver during the month of August: Mrs. Doherty, 309 12th street east, $3,490; Mrs. Muir, 232 St. Patrick's avenue, addition to dwelling; T. Wilton, 316 22nd street west, addition to dwelling, $500; J. Rogers, 317 15th street west, addition to dwelling, $560; Mrs. McPhail, 608 3rd street east, addition to dwelling, $350; Mrs. E. Sharpe, 251 19th street east, $650; S. Benson, 624 Chesterfield avenue, $2,500.

KEEP IT UP

One step won't take you very far,
You've got to keep on walking;
One word won't tell folks what you are,
You've got to keep on talking;
One inch won't make you very tall,
You've got to keep on growing;
One little "ad" won't do it all,
You've got to keep 'em going.
