Surveyors Complete Season's Work

R. P. Bishop, B. C. L. S., and party left on the last southbound steamer after a long season's work in the Sigutlat Valley district.

Mr. Bishop's chief work for the past two seasons has been the redefining of the boundary line between coast ranges 3 and 4, which is now completed to a point 93 miles west of the 125th meridian, in the foothills of the coast range of mountains west of Sigutlat valley.

This newly defined boundary will form the future basis of all surveys in coast district, ranges 3 and 4.

All surveys north of Abuntlet Lake and south of Eutsuk and Tetachuck Lakes were tied up by triangulation, and all arable lands in the neighborhood of Qualcho, Sigutlat Valleys and Nahlouza Lake were also surveyed.

Mr. Bishop made a traverse survey of the summer trail between Alcatcho and Long Lake and obtained during the season considerable topographical information which will be used in correcting the present government maps of this district.

Negotiations Proceed Favorably

Success is attending the efforts of Mr. F. M. Britton, right-of-way agent for the Pacific and Hudson Bay Railway Company, in his negotiations with the valley settlers for a right-of-way through their lands.

The majority of the settlers already approached have agreed to the terms offered by Mr. Britton and there is no doubt that the trifling obstacles which always arise in negotiations of this nature will be speedily overcome.

Mr. Britton is at present visiting the settlers in the Upper Valley.

Five Killed in Wreck

North Bay, Ont., Oct. 29.—Five were killed and several injured on the Canadian Pacific, near Weyland station, west of Chapleau, when a work train returning to a gravel pit collided head-on with an eastbound freight. Engines and cars were piled up in a mass of wreckage in which were entangled the crews of both trains.

Derelict Is a Menace

Washington, Oct. 29.—Revenue cutter headquarters were notified that European liners had reported that the hulk of the burned steamer Voltorno was inviting another disaster by floating as a derelict in the path of navigation.

Settlers Petition the Government

TAKE WILLIAM MANSON, M.P.P., AT HIS WORD

A well-attended meeting of settlers was held at the Colony Hall, Hagensborg, on Wednesday last for the purpose of discussing the advisability of making representations to the government regarding the matter of a new bridge over the Nootsatsum River at the old crossing, as against the proposed new road on the north side of the Bella Coola River, which also includes a bridge of considerable dimensions.

A previous attempt to pass a resolution in favor of a bridge at the old crossing was frustrated by Mr. Manson, on the plea that until all the settlers concerned had made themselves thoroughly acquainted with the projected route on the north side of the Bella Coola River, they were not in a position to judge fairly; this in spite of the fact that the large majority of those concerned, having lived in the vicinity for some twenty years were thoroughly intimate with the route.

On Wednesday last the settlers residing above the Nootsatsum River, who are the persons to whom this matter is of vital importance, took Mr. Manson at his word and made a trip over the projected route on the north side, following which the aforementioned meeting was held, with the result that it was unanimously decided to petition the government for a suitable bridge to be constructed at the old crossing, in lieu of the projected north road.

It appears that these settlers are not willing to admit the impossibility of constructing a bridge at this point that will not wash away with the first freshet, as happened on the last occasion when the government constructed a bridge with the piers resting on the bed of the river, and which tipped over when the gravel was washed from under the piers.

A previous small bridge with piled piers stood for many years, which should prove a hint to the government as to what is required.

Bomb Throwing in Trinidad Miners Strike

Trinidad, Colombo, Oct. 30.—The coal miners strike is daily becoming worse, outrages being on the increase. Strikers rifle and burn post office at Auguilar. Camp thrown in panic by explosion of a bomb. Another pitched battle with guards occurred today. Disorder grows worse as more troops arrive, the long span frame railway trestle is burnt down and more shooting is reported.

Annual Celebration of Landing of Colonists

EARLIEST SETTLERS ENTER UPON TWENTIETH YEAR OF RESIDENCE

The annual celebration of the landing of the Norwegian colonists at Bella Coola was held at the Colony Hall, Hagensborg, on Thursday, October 30. Addresses were delivered by Mr. P. Lauritson and Rev. T. C. Colwell, in addition to which a varied program was also enjoyed.

During the day a sale of work was held by the local ladies, the proceeds amounting to the sum of \$170.

It is now 19 years since the colonists landed in Bella Coola Valley, and needless to say many changes have taken place since

that time.

October 30th is one of the red letter days in Bella Coola Valley, and on this occasion a large number of recent arrivals gathered to do honor to those early pioneers who in the face of many obstacles, demonstrated the advantages of Bella Coola and made easy the lot of the more recent arrivals. A dainty luncheon was served to those coming from a distance, and altogether the proceeding were worthy the occasion. So, the early colonists now enter upon their twentieth year of residence in the valley.

Jury Disagree

New Westminster, Oct. 31.—After a trial lasting all day the jury in the case of Richard Goodwin, W. James Connors, John Taylor and Jack Hall, charged with assault during the early stages of the Vancouver Island coal strike, disagreed, making necessary a re-trial.

Starving Dog Eats His Master's Body

Rosslund, Oct. 29.—News of an occurrence that is too horrible for detailed description has been brought to Rosslund by immigration officers Quigley and Graham who gathered the facts by conversation with men along the train route. Near Frontier, a homesteader, Henry K. White, by name, has been found dead in his cabin. Owing to the fact that his dog was locked in the cabin with him, and that death had taken place several days before discovery, the body had been mutilated by the hungry animal.

Suffragettes Receive Encouraging Answer

Swindon, England, Oct. 29.—Chancellor of the Exchequer, believes that a measure giving the parliamentary suffrage to women in the British Isles will become law within a short time, but not during the present parliament. He said this in reply to questions put to him by a deputation from a number of suffrage societies.

Militants Still Active

London, Oct. 29.—An "arson squad" of militant suffragettes today set fire to and destroyed the sports pavilion of Brixton University.

Will Take Moving Pic- tures of Northern B. C.

Vancouver, Oct. 31.—Northern British Columbia will be pictured by the Gaumont Motion Picture Company, of New York, and the many reels which will be taken of scenery along G. T. P. and surrounding country will be shown all over America.

Mr. Allen, the operator has gone to Prince Rupert and will travel to end of steel on G. T. P. stopping off at various points to take pictures of mining scenes, beautiful cloud effects in Skeena River Canyon and the actual work of railway building.

From the end of steel he will proceed overland by pack-horse and canoe to end of steel on eastern division, also taking pictures around Mount Robson, and hopes to obtain one of the snow storms whirling around the head of that great mountain towering more than thirteen thousand feet.

Mr. Allen will return to New York via Edmonton.

Charles Dean Not Guilty

New Westminster, Oct. 31.—Charles Dean held in custody for twenty-two months charged with robbing the Bank of Montreal, and after two trials within two months was found not guilty.

Storm Wrecks Three Ships

Casas Blanca, Morocco, Oct. 31.—Three vessels have been driven ashore near this port by violent storms. Eight men from one ship were drowned by capsizing of a lifeboat, all others are saved.

Japs Will Protest

Vancouver, Oct. 31.—The repeal of the alien land laws is the object of the formation of a Japanese body in California, who intend to appoint a delegation to take measures in an endeavor to have that unfair law withdrawn.

Jottings of Bella Coola and District

The SS. Camosun arrived at this port on Sunday morning bringing the following passengers: Mrs. Casebeer and children, Messrs J. A. Rolston, J. B. Sylvester, F. Drummond, O. Bainbridge, C. Bainbridge and Col. Lindsell.

Mr. C. Bainbridge comes to join his brother who has been resident in Bella Coola for some time past.

Mr. and Mrs. Casebeer and family left town for The Crossing on Monday last.

Mr. J. A. Rolston and party are at present engaged in surveying a new subdivision adjoining the Indian Reserve.

Col. Lindsell has returned from a visit to Vancouver and will probably spend the winter with his son Mr. G. A. Lindsell.

Among the outgoing passengers were Mesdames G. Young and T. P. Saugstad, Mr. R. P. Bishop and party and W. Lewin.

Mrs. Young left for Vancouver in order to meet her three sons who were due to arrive from England on Thursday.

Mrs. Young expects to return with her sons in the course of two weeks.

Mrs. T. P. Saugstad joins her husband at the Kimsquit cannery.

Messrs R. Barlow and B. Taylor left town on Wednesday last in charge of a bunch of horses belonging to Mr. R. P. Bishop, which they will take through to Chilcotin for the winter, afterwards proceeding to Victoria by way of Ashcroft.

John Creswell and W. Sleigh left on Tuesday with a pack-train for Mr. Lewin's cattle ranch on Salmon River, where Mr. Sleigh will remain in charge during the winter.

Bert Barrow left for his newly located ranch in the Liilooet district on Saturday last.

Rev. T. C. Colwell left town on Tuesday for a visit to Firvale and the Upper Valley, and will therefore be unable to conduct the usual service at the Mackenzie School on Sunday next.

Dr. Best, of Bella Bella, arrived by gasoline launch on Tuesday last in order to attend Mrs. John Clayton, whom we regret to learn is seriously ill.

Mr. A. Gothard is spending the week in town as the guest of Mr. and Mrs. R. A. Teebay.

Athletic Association Organized
A well attended meeting was recently held at the Grand View Hotel for the purpose of organizing an Athletic Association in the valley.

While various sports are indulged in by the young men of this district, and a high standard of play in all branches has been attained, the lack of proper organization has proved a serious handicap. Recognizing this fact, it was resolved to form the Bella Coola Athletic Association, the officers being duly elected as follows:

Hon. President, H. L. Harris; President, H. M. Rolston; Vice-President, Ed. Wheeler; Sec. Treasurer, Rev. T. C. Colwell. Managers: Hockey, J. N. Cran; Football, F. Hagan; Baseball, W. H. Mackay; Indoor sports, J. Hoage.

A meeting of the officers will be held at an early date when arrangements will be made for the purchasing of the necessary equipment and the staging of the first games.

The work of repairing the damage to the road occasioned by the recent flood, has been taken in hand and the road is rapidly regaining its former appearance.

The pile driving crew are still busily engaged on the long trestle over the north side of the Bella Coola River. The damage occasioned by the flood was fortunately not of a very serious nature.

"Salus populi suprema est lex."

SATURDAY, NOV. 1, 1913.

We desire to remind our readers that the Courier having completed its first year, the subscriptions of all our early subscribers are now due for renewal.

The management wishes to thank our numerous readers for their support during the past year and trusts to a continuation of same in the future.

The subscription rate remains at \$1 per year, payable strictly in advance.

"We must endeavor to attract the attention of the public in general to the wrongs either of the system of working out these appropriations or to the actions of the executive officers of the administration."

The foregoing is an extract from a letter to the Courier from Mr. M. W. Marvin, of Atnarko, which appeared in our columns last week.

We would like to remind Mr. Marvin that this is precisely the object of the Courier.

Further, we would say that there now remains little doubt that the public in general is something radically wrong with the present method (or lack of method) of expending the annual appropriations for public works.

"Persuade the Government that the present system, besides being ruinous and unfair to all parties, does not attain the end for which it is supposed to work, that is to help the settler.

In this matter also we fully agree with Mr. Marvin.

We would like to remind Mr. Marvin however, that the present "ruinous and unfair" system seems to be the set policy of the present administration.

We would have our esteemed correspondent recollect that the life of the present administration has been prolonged only by such "ruinous and unfair" systems.

We would like Mr. Marvin to recognize the fact that as secretary of the Atnarko Conservative Club, he undertakes duties involving efforts towards strengthening—the hands of an administration whose policy "does not attain the end for which it is supposed to work, that is help the settler."

If Mr. Marvin is of the opinion that by the occasion writing of a letter to the Courier, condemning a "ruinous and unfair" system, (which he, himself, shows to have existed for the past eight

years,) while at the same time, in virtue of his official post in connection with the local Conservative party, he is influencing the votes of all with whom he comes in touch. If he imagines that this really can have any "ruinous and unfair" system. We certainly cannot agree with him.

It appears to us absurd to think that the government is to be persuaded from its course, by occasional protests in the form of letters to the press, from persons who are actively employed in who Conservative organization, and in who when the time comes can be depended upon to support the government to a man, regardless of what the issue might be.

Mr. Marvin will probably tell us that he has never voted in this district.

This may be true. Yet the fact remains that as secretary of a Conservative Club, he could only have voted one way and still have held his official post.

"Hitherto our sole demand has been for the money—the necessary means—henceforth we must insist that money be not dissipated in ineffectual, unsystematic, amateurish trifling with a work upon the completion of which the livelihood of so many settlers depends."

Are these Mr. Marvin's real state of affairs tolerated for years past by an administration, which he as secretary of a Conservative club, is virtually pledged to support?

Has Mr. Marvin ever used his influence with the local Conservative party towards a cessation of the present "ruinous and unfair" system? If so, has it so far from Mr. Marvin's recent letter we presume that it has not.

Why? Will the government not give ear to the local Conservative party? Again we presume not, or else why Mr. Marvin's continued lamentations?

Then why does Mr. Marvin still hold on to his official post as secretary of the Atnarko Conser-

vative club, and so assist (even if only by lending the prestige of his presence) in upholding an administration which he pronounces as responsible for a system of expenditure of the public money that is "RUINOUS AND UNFAIR TO ALL PARTIES?"

Slightly Misleading

"Bella Coola has now a newspaper of its own, the Bella Coola Star, the first of which has made its appearance."—Vancouver World, October 3.

There is as yet only one newspaper published in Bella Coola, owned and operated by Bella Coola men, and that is the "Courier" which has entered well upon its second year and is destined to stay. In the "Courier" Bella Coola has truly "a newspaper of its own."

We agree with our contempor-

ary in its complimentary remarks regarding the "Star," and wish the new publication every success. But as the "Star" is not owned or published in Bella Coola we feel justified in remarking that as yet Bella Coola's only "own" paper is the "Courier."

Successive floods have robbed the townsites of Bella Coola considerable land.

The town has repeatedly been inundated, with always more or less damage to roads and bridges, beside personal property.

The cause has been obvious for the past nine years, exact time required for the Department of Public Works to waken to a sense of its responsibility in this regard.

We learn now—after the damage is done—that Mr. Baxter, Inspector of Public Works, is to

THE OTHER SIDE

Answer to "W'at's de trouble Bella Coola" by S. Le C. Grant.

"Much shall be given to him that hath."

I got home at eventide, Sore, last night I had a dream! Me and Grant had traded team, Famb'ly, ranch and bank account. (At a very small discount.)

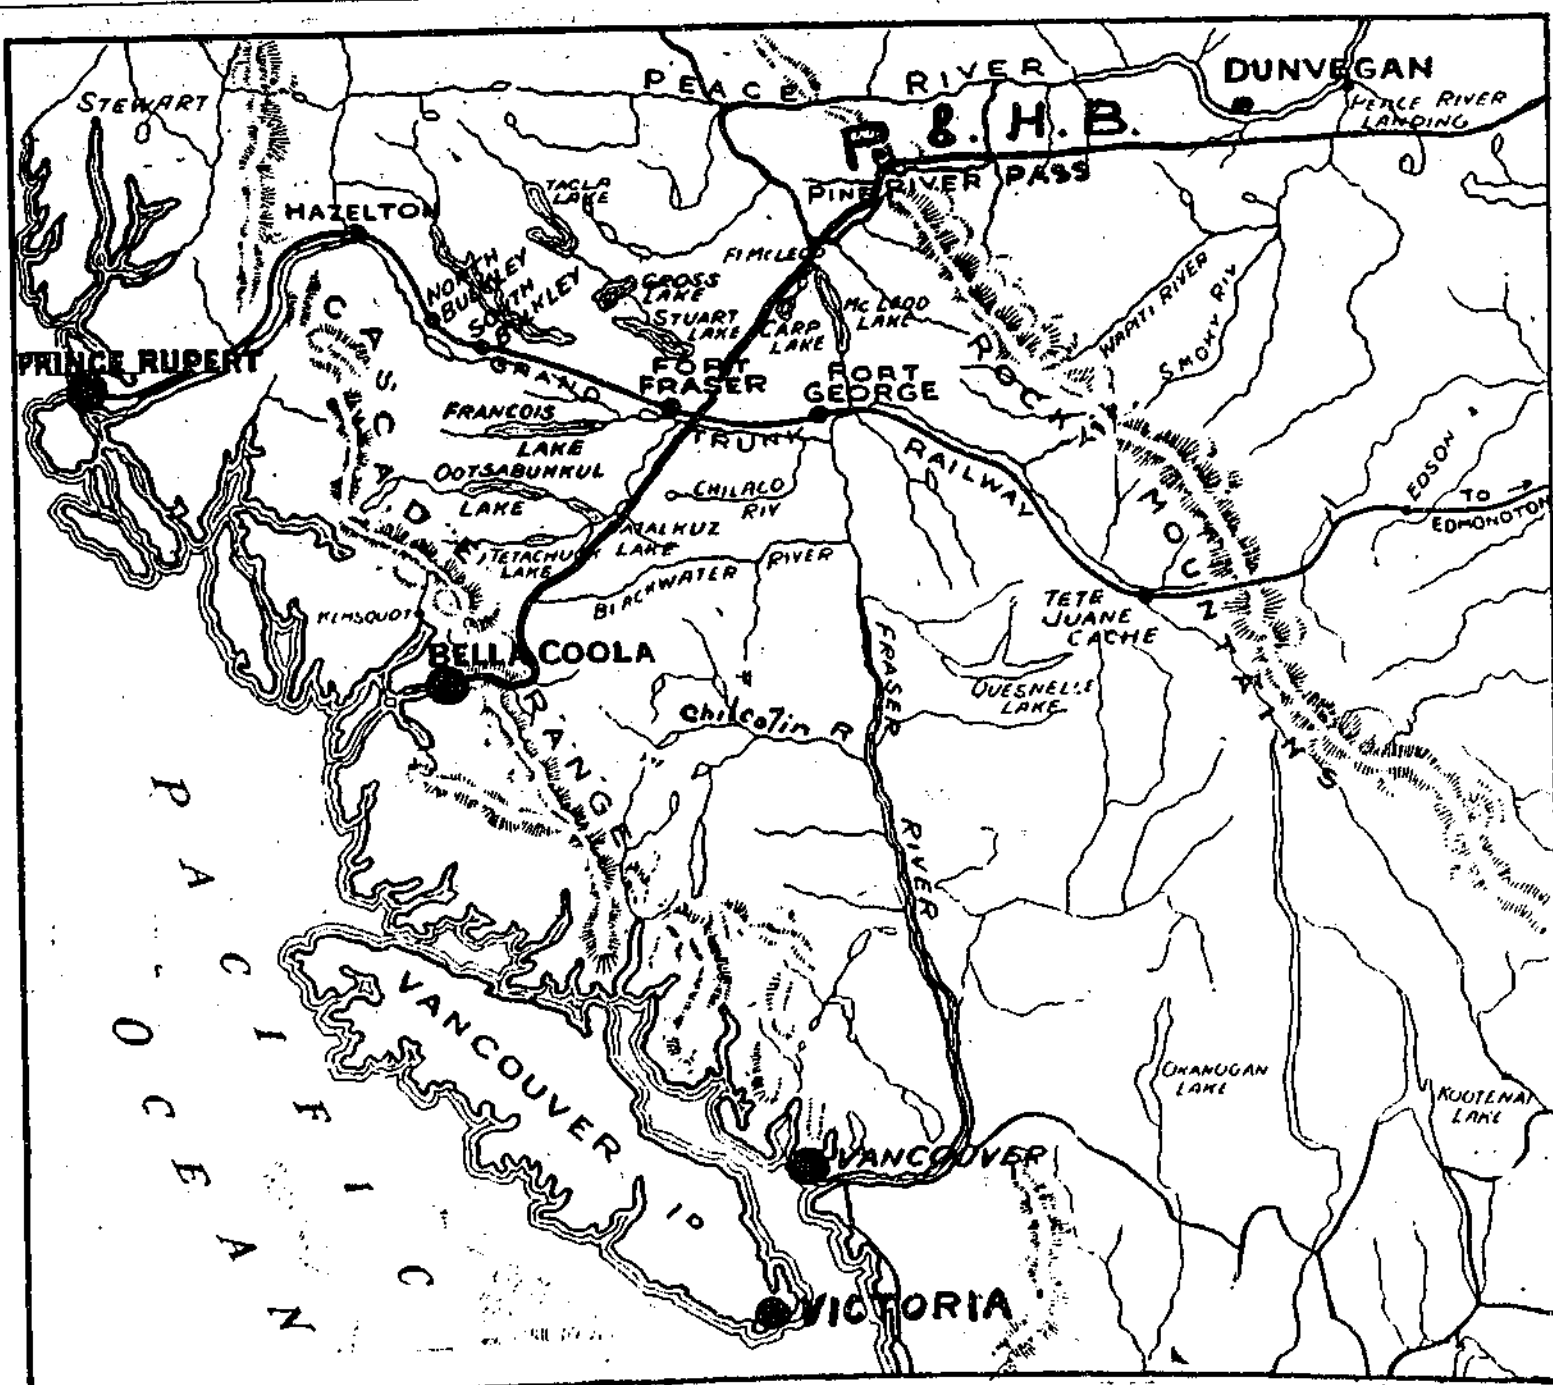

I was happy as a coon Down in sandy, snug Aytoun: Road in sight, boat and store Almost at my very door. Dainty meals, attendance free, Loving wife, and helpful "Bee." Grant, he punched a pack-cayuse (All de same as old Capouse) Cussing hard, (to me a shock) Every time he hit a rock. Lamenting: for do as he may Could not keep de wolf at bay.

When who should ride along but Joe; Grant, he starts an awful row, 'Gin the Gov'nt, 'gin the road, Where you cannot haul a load, Stormed and stamped, argued and flared: Sich a noisy big mix-up, That at last it woke me up. In my shack, alone and far, With "Constantia" for my star. Far and roadless: that's why Harry, Dick and Tomkins cannot marry.

I am glad t'was but a dream I am a batch, and lots of steam Is still left in my old back, If I must, go and back-pack, As it's said he did, old Marko, When first settling in Atnarko. Now the difference I am sure you'd see My good friend Grant, S. Le C.

"W'at's de trouble Mr. Writer? "Nothing! frien's, to-day "I lost track of blessings counting "Troubles on de way."

be shown the cause of the trouble.

It is now up to the property owners in the town to make sure that Mr. Baxter gets a thorough understanding of what is required, and to find out from him what he proposes to do.

Might we respectfully suggest that the Development League should obtain assurance that the plans for this work be of such a nature as to make a recurrence of the recent flood an impossibility.

A Bad Arrangement

Discussing ocean freight rates in a letter to the Ottawa Citizen, Mr. John Corbett of Montreal, who for 28 years was foreign

freight agent for the C.P.R., says: "Canadian flour is much cheaper in London, England, than in the industrial centres in Canada. This fact should be specially interesting to consumers in the Dominion and should make them ask themselves what is the reason."

The reason is easy. The Canadian customs duty on flour is 60c a barrel. The Canadian consumer has been taxed so that the increased cost of his flour may enable the Canadian millers to sell to foreign consumers more cheaply than to the Canadian.

What would happen if the duty on flour should be abolished so that Canadian wheat producers would be given free entry to the United States and the Canadian and American wheat growers and flour millers put on equal terms?

Dated at Prince Rupert, B. C., September 25th, 1913.

SYNOPSIS OF COAL MINING REGULATIONS

COAL MINING RIGHTS of the Dominion, in the Yukon Territory, the North-West Territories and in a portion of the Province of British Columbia, may be leased for a term of twenty-one years at an annual rental of \$1 an acre. Not more than 250 acres will be leased to one applicant.

Application for a lease must be made by the applicant in person to the Agent or Sub-Agent of the district in which the rights applied for are situated. In surveyed territory the land must be described by sections or legal subdivisions of sections, and in unsurveyed territory the lands applied for shall be staked out by the applicant himself.

Each application must be accompanied by a fee of \$5 which will be refunded if the rights applied for are not available, but not otherwise. A royalty shall be paid on the merchantable output of the mine at the rate of five cents per ton.

The person operating the mine shall furnish the Agent with sworn returns accounting for the full quantity of merchantable coal mined and pay the royalty thereon. If the coal mining rights are not being operated, such returns should be furnished at least once a year.

The lease will include the coal mining rights only, but the lessee may be permitted to purchase whatever available surface rights may be considered necessary for the working of the mine at the rate of \$100 an acre.

For full information application should be made to the Secretary of the Department of the Interior, Ottawa, or to any Agent or Sub-Agent of Dominion Lands.

W. W. CORY, Deputy Minister of the Interior. N. B.—Unauthorized publication of this advertisement will not be paid for.—2999.

Two years ago the farmers of Canada were told that reciprocity would prove of no advantage to them because the United States was a large exporter of foodstuffs. To-day leading Conservative newspapers advocate the abolition of the duty on Canadian wheat in order that farmers may secure the advantage of United States markets. This change is as sudden as the Borden flop on the navy question.

The Allan Line Steamship Company, Limited The Norwegian Centenary 1914 If you intend visiting the "old land" for the Centenary Celebrations travel by THE ALLAN LINE (Royal Mail Steamers) Bookings through direct to all parts by our Local Agents B. BRYNILDSEN & CO. BELLA COOLA, B. C.

The broiler door is so roomy and well arranged that a rich juicy steak or toast can be done to turn without the usual tiring, stooping necessary with common ranges. This and many other exclusive convenient features increase the pleasure of kitchen work and should be insisted upon in the range you buy. The poker-hole door in the front of the Kootenay range is in just the right place for poking down the ashes and stirring up the fire. Kootenay Ranges are sold everywhere by good dealers who back up our guarantee on this splendid range—McClary's

I'll cost you more NOT to Paint your house than it will to paint it. Thirty or forty dollars spent on painting your house may save you \$500 each year on its selling price. For PURE Paint is a wood-preserver. It prevents decay—arrests depreciation—and helps to increase the value of your property from year to year. And if you do your painting with Bapco Pure Paint you secure the maximum of Paint Protection at MINIMUM cost. Because BAPCO PAINT covers 25 per cent. more surface than ordinary cheaper paints—and outlasts and outwears them by years. Supplied only by B. BRYNILDSEN & CO., Dealers in Oils and Varnishes BELLA COOLA - - British Columbia
