## The Imperial Hotel

IS THE BEST HOTEL IN GREENWOOD. A New Building, well furnished. First-class Service in all departments. Choice Wines, Liquors and Cigars. Headquarters for Mining and Commercial Men.

Copper Street, Greenwood.

## THE CORBIN CHARTER

ENDORSED BY COMMERCIAL

Association—Strong Resolutions Will Be Sent to Members of Parliament—A New President—A Customs Officer—Joint Meeting Suggested.

The Greenwood Mining and Commercial association unanimously adopted a strongly worded resolution at a large and representative meeting held in Barrett's hall on Friday evening. After the reading and adoption of the minutes, Alderman Galloway was elected president of the association to fill the vacancy caused by the removal of Mr. Anderson.

The secretary of the Rossland Board of Trade asked for the co-operation of the association in securing a joint meeting of different boards of trade at some central point to consider matters of importance to Kootenay and Boundary Creek. The secretary was instructed to write, promising co-operation in the movement, and suggesting Rossland as the place of meeting.

The consideration of the Corbin charter was then taken up. Mr. W. T. Smith said that it was of the highest importance that this railway should be built. It is not a question of fighting the C. P. R. It was the importance of securing competition. If Corbin had a monopoly in Boundary Creek he would be just as anxious to encourage the C. P. R. It was of the highest importance that the lowest transportation rates should be secured.

Mr. F. J. Finucane, manager of the Bank of Montreal, urged that everything be done to secure the charter. It was a matter in which Greenwood was peculiarly interested, and every effort should be made by the citizens.

Mr. Pringle urged that a strong resolution be passed, even stronger than those of other boards of trade. Greenwood was more directly interested and could speak more feelingly in the matter.

The meeting then went into committee to prepare a resolution. The committee reported the following resolution, which was adopted unanimously on motion of Mr. McRae, seconded by Mr. Finucane:

Whereas, railway competition is absolutely essential to the speedy development of the Boundary Creek country; and

Whereas, public sentiment in the district is unanimously in favor of railway competition; and

Whereas, an application is being made to the Dominion parliament for a charter for the construction of a railway traversing a portion of the Boundary Creek country, which will be called the Kettle River Valley railway; and

Whereas, the granting of such charter and the construction of said railway would be of the utmost benefit to the development of Southern British Columbia, and is absolutely necessary to gain the confidence of capital, to secure its rapid influx; and would insure the establishment of the smelting and mining industries under the most favorable conditions; and

Whereas, the promoters of said railway are not asking any money subsidy, land grant or other bonus;

Therefore be it resolved, that in the opinion of the Mining and Commercial Association of the City of Greenwood, it is not only desirable, but absolutely essential to the development of the country that this railway should be constructed, subject to government control of rates, and that the people are justly entitled to obtain the railway competition asked for, and that in order to render the accomplishment of this possible, the charter applied for should be granted, thereby rendering an act of justice to the people of Southern British Columbia.

Be it further resolved, that copies of this resolution be sent to all members of the Parliament of Canada.

The secretary was instructed to have 500 copies printed for distribution.

The question of sending a delegate to Ottawa to push the charter was then discussed. Mr. Smith and others stated that the sending of a delegate last year was a splendid advertisement for Greenwood. They could better afford to send one this year. It was decided to call a public meeting at an early date to finally decide the matter.

On motion of Mr. Ross, seconded by Mr. McDonnell, a resolution passed, urging the appointment of a customs officer at Greenwood. Messrs. Keith, Ross and McRae were appointed a committee to secure the signatures of business men to a petition praying for the appointment.

## THE CITY COUNCIL

Deals With Various Matters at Its Regular Meeting.

All the members of the city council, with the exception of Alderman Naden, were present at the regular meeting Monday evening. Rendell & Co., through A. S. Black, notified the council that their Government street building was sagging on account of removal of supports by city contractors, and unless remedied action for damages would be taken. The city engineer was instructed to attend this matter.

Boss and Nelson requested payment of \$127, the wages of man kept on dump on Copper street. The council granted \$75 and in the future offered to pay half the wages for one man kept to level the streets.

Mowat & Palmer and Paton & Co. were granted permission to make copies of assessment roll.

Dr. Schon wrote on health matters, and Geo. A. Guess pointed out the danger of using Boundary creek water taken from below points of contamination. The letters were received and filed.

The mayor's action in dismissing W. Smith, city engineer, was upheld and the clerk was instructed to tender him \$80 in full for claims of salary and damages.

The city engineer was instructed to survey a part of the Hall ranch for cemetery purposes.

The council decided, in return for a rate of \$2 a day for city patients, to grant the Greenwood hospital exemption from taxation, a bonus of \$500, open up Skylark street, and the privilege of tapping the water mains.

Three loan by-laws were read a first and second time. No sum was mentioned in the by-laws, but one is for street improvements, the second for waterworks and the third for municipal buildings and cemetery.

The treasurer was instructed to pay the collector \$25 for stationery, etc.

On motion of Alderman Cameron, seconded by Alderman Cropley, it was decided to recommend the appointment of C. J. McArthur and Alderman Sutherland as police commissioners.

## Strike on the Saloon Fractios.

A rich strike was made the past week on the Saloon fraction in Summit camp. A quartz ledge 12 feet in width was uncovered, carrying high gold values. The ledge has been stripped for about 25 feet. The Saloon lies between the Mountain View, Blue Bell and Brayfogie, and is owned by Jas. Cunningham and W. Shaw. The ledge is a porous quartz, showing copper stain, and, like the ore bodies on adjoining claims, will doubtless with depth increase in copper values. The claim is 500 by 1,000 feet and was located last year.

The shaft on the Oro Denoro in Summit camp is down 100 feet.

Fritz Haussener has returned from Switzerland accompanied by his sister. Fritz intends starting a large dairy on his Boundary creek ranch.

**GREENWOOD'S DANGER.**

GREENWOOD still continues to be one of the dirtiest towns in British Columbia. A special providence must be thwarting the machinations of disease because in the back yards of hotels and other places fever-breeding factories are working continuously. The streets are almost as bad as the back yards and nothing is done. A brand new set of health regulations has been added to the list of city ordinances, but there is no improvement in the sanitary conditions of the city. It is the veriest folly to act as if Greenwood was to enjoy special immunity from the evil consequences of slothfulness and a studied neglect of ordinary sanitary regulations. It is idle to suppose that people can keep on using water from Boundary creek while it is being contaminated by varied pollutions—all of the worst description. There are fifteen or sixteen hotels in the city. At least a dozen of the proprietors should be asked to appear in the police court or at once get their premises in a proper sanitary condition. There are probably 2,000 residents in the town. Ninety per cent. of the householders should be treated similarly to the hotel keepers. The city authorities should also be forced

to clean up the streets and keep them clean.

Action should be taken at once. All that is needed to ruin the prosperity of Greenwood is a fever epidemic. All that is needed to secure a fever epidemic is a do-nothing policy. The head of a prominent institution which spends thousands of dollars in the city said last week that just as soon as the fever struck Greenwood he would move the offices to Columbia. He did not propose to risk the lives of himself and his men simply because no one made any effort to keep the city clean.

One week's good work is all that is required to bring the city back to a state of ordinary cleanliness. The general good requires the most drastic measures. There is plenty of municipal and provincial machinery. Shall it be set in motion?

**IN FAVOR OF THE ROAD.**

THE feeling in Greenwood in favor of the Corbin road is as strong as it ever was. The meeting of the Mining and Commercial association held Friday evening was the best attended meeting of the year, and the resolution in favor of the road was passed without a dissenting voice. The resolution is couched in temperate language and cannot be objected to, even by the friends of the C. P. R. The company cannot surely deny the people the right to urge the granting of such railway charters as will afford them competition. The people demand the Corbin charter, not because of any special antipathy to the C. P. R., but because it is exceedingly dangerous to the prosperity of any country that it should be placed at the mercy of one railway company. As Mr. W. T. Smith stated, if Mr. Corbin's line was the only one in the district, we would be just as anxious to secure the C. P. R.

The people all along the line are recognizing that a gross injustice would be inflicted on the people of Boundary Creek by denying them railway competition. Even Vancouver is taking up the fight in the interests of this district. At a largely-attended meeting of the Vancouver board of trade a resolution was introduced favoring the Corbin charter. The meeting was overwhelmingly in favor of the resolution, but the discussion was postponed for one week. Mr. Geo. McL. Brown, the executive agent of the C. P. R., waved the old flag at the meeting, but it is scarcely likely that the common sense business men of Vancouver will be fooled all the time by sentimental twaddle.

**SITE NOT SETTLED.**

Mr. Jay P. Graves Discusses His Big Smelter Scheme.

One of the busiest mining operators in this city is Jay P. Graves, who, outside of managing several properties in the Rossland camp, is at the head of five companies operating in the Boundary Creek district. Mr. Graves has just returned from one of his flying visits to this last mentioned district, looking over the mines in which he is interested and incidentally trying to make up his mind where to locate the smelter plant of the Granby Consolidated Mining and Smelting company, of which he is the head, and was the successful promoter in Montreal, Canada.

Mr. Graves, after taking a day's rest in the city, left for Rossland, and may perhaps visit Trail. This time he is accompanied by A. B. W. Hodges, who will be the smelter superintendent and metallurgist for the new company. These gentlemen will return to the city in a few days, and then another flying trip to the Boundary country will be in order, this time perhaps to settle for once and all where the smelter will be located.

Mr. Graves frankly admitted that he did not know himself where the site was going to be. He said: "It is not for me to decide the proper place to build. That is the reason why Mr. Hodges is going up to the Boundary country."

"What, in your opinion, would be a desirable location for such a plant?" was asked.

"There are several places that would suit us. We might build for instance at Midway, or somewhere on Boundary creek near Greenwood. Again, the North Fork of the Kettle river presents advantages. This can also be said of the main Kettle river near Grand Forks, Columbia or Carson. What we desire is a site the nearest to our mines, where the ore can have a down hill haul; with the least distance and consequent saving in freight; plenty of water, fuel and lime. There are two or three such places, but no decision has been reached. If I could tell you, honestly, I would do so, but I can not."

Asked if any of the towns in that section had offered his company a bonus to build the plant in their vicinity, he replied: "We have had no positive bonus offered us, nor are we looking for one, but several of the towns would like to have the smelter near to them and have offered to help us in every way possible."

The smelter will have a capacity to treat, at the lowest, 400 tons of ore daily, and if necessary 500 tons. It will be so constructed that it will be increased when needed to double its capacity with little extra expense. When asked if it would be a customs smelter, he replied:

"No, I hardly think so. We are building it for our own use. However, until a customs smelter is built in that country, it may be that we will treat the product of other mines if requested and if favorable rates can be arranged suitable to all parties. The intention is that it will be used mainly for our own ores, as I firmly believe by the time the plant is completed the different mines my companies own will be in a position to ship all the ores necessary to run it continuously."

Then the reporter switched to the treatment of Rossland ores. Mr. Graves is operating the Mascot, Southern Belle, Snowshoe and California properties in that camp that are being extensively developed, so that in the near future they will be turning out a considerable tonnage. The question evidently seemed to surprise him, but he promptly replied: "It is certainly within the bounds of possibility. But this question involves the matter of freight rates to a considerable degree. If we found we could get from the railway company such a rate that would be low enough to allow us to make a profit by smelting the ores ourselves, instead of paying money to another smelter, we might do so, though this question has not been fully discussed." Spokesman-Review.

### CERTIFICATE OF THE REGISTRATION

OF AN

### Extra-Provincial Company

"COMPANIES ACT, 1897."

"The O'Shea Mining and Milling Company."

FILED THE 3RD DAY OF MARCH, 1899.

I HEREBY CERTIFY that I have this day registered "The O'Shea Gold Mining and Milling Company" as an Extra-Provincial Company under the "Companies Act, 1897," to carry out or effect all or any of the objects hereinafter set forth to which the legislative authority of the Legislature of British Columbia extends.

The head office of the company is situate at the City of Spokane, State of Washington, U. S. A.

The amount of the capital of the Company is \$50,000, divided into 1,000,000 shares of five cents each.

The head office of the company in this Province is situate at Camp McKinney, and Thomas Donald, miner, whose address is Camp McKinney aforesaid, is the attorney for the company.

The time of the existence of the company is fifty years.

The objects for which the company has been established are:

To work, operate, buy, sell, lease, locate, acquire, procure, hold, and deal in generally, mines, metals, mineral claims of every kind and description within the United States of America and British Columbia; to carry on and conduct a general mining, smelting, milling and reduction business; to purchase, acquire, hold, erect and operate electric light and power plants for the purpose of mining and treating ore, and for the purpose of furnishing lights and creating power for all purposes; to bond, buy, lease, locate and hold ditches, flumes and water rights; to construct, lease, buy, sell, and operate railroads, ferries, tramways, or other means of transportation, for transporting ore, mining and other materials; to own, bond, buy, sell, lease, locate timber and timber claims; to do and conduct a general mercantile business, and finally, to do anything consistent, proper, and requisite for the carrying out of the objects and purposes aforesaid in the fullest and broadest sense within the territory aforesaid.

Given under my hand and seal of office at Victoria, Province of British Columbia, this 3rd day of March, one thousand eight hundred and ninety-nine.

S. Y. WOOTTON,  
 Registrar of Joint Stock Companies.

MINERAL ACT, 1896.  
 Certificate of Improvements.  
 NOTICE.

MARGUERITE Mineral Claim, situate in the Kettle River mining division of Yale district. Where located: In Deadwood camp. TAKE notice that we, Elwood C. Brown, free miner's certificate No. 14,246, and D. M. McMartin, free miner's certificate No. 14,288, intend, sixty days from the date hereof, to apply to the Mining Recorder for a certificate of improvements, for the purpose of obtaining a Crown Grant of the above claim. And further take notice that action, under section 37, must be commenced before the issuance of such certificate of improvements. Dated this 10th day of March, 1899. March 9

**GREENWOOD AND DISTRICT.**

Messrs. Smith & McRae report a large sale of Coryell's new map.

D. McMillan of the firm of McMillan & Co., Camp McKinney, is visiting in the city.

H. T. Wilgress, the C. P. R. right of way agent, is away on a business trip to Nelson.

S. A. Mighton, a Siccan business man is in the city with a view to beginning business here.

Wilson McKinnon has purchased the Currie lots on Greenwood street from Alderman C. Scott Galloway.

The by-laws granting franchises to the Greenwood Waterworks and Columbia Telephone companies were both sustained by the ratepayers on Monday. The vote for the Telephone company stood 27 to 6, and for Greenwood Waterworks company 29 to 4.

J. C. Goupil has gone to Rock Creek for a few days. During his absence H. C. Holden, formerly of Sandon, a competent and up-to-date sign painter, will attend to all orders left at Munroe's cigar store or at shop situated over blacksmith shop.

The city council has at last given instructions to have the business streets cleaned up. Three men and a cart completely changed the appearance of Copper street in a day. Loose rocks and refuse have been removed until it now has the appearance of a very creditable business street.

Messrs. Hall & Brown have opened law offices in the Naden-Flood block. Messrs. Hall and Brown are both eastern lawyers, who resided in Rosland six months awaiting the law examinations held in Victoria recently. They were both successful and decided to take chances in Greenwood.

John Hamill came down from Armstrong this week. He went over to the Burnt Basin district, where he has valuable mining interests, but will return in a few days. Mr. Hamill was one of the lucky investors in Greenwood property. He recently sold the Imperial hotel property, but he still strongly believes in the future of Greenwood. He intends to do considerable building in the city this summer.

Constable Gardom of Midway arrived from Grand Forks on Tuesday with a man named Everett, who was committed for trial at Grand Forks for figuring in the Niagara hold-up. Everett is supposed to be the man who took a shot at Constable Gardom a few weeks ago. Brault, one of the accomplices, was released on bail and could not be found on the day of the trial. Theo. Foust again escaped the clutches of the law as there was no evidence against him.

A. H. Sperry has returned from a business trip to Spokane.

Thos. McDonnell has gone to McKinney to secure a mining property.

F. A. Mulholland is again in the city after visiting the mines at McKinney.

T. M. Gully is away at Bossburg, loading a big consignment of furniture for his firm.

A meeting of mine owners was held on Monday evening. The eight-hour law was under discussion.

Rev. Ralph W. Trotter conducted services in Barrett's hall last Sunday morning and again in the evening.

Alderman Geo. R. Naden left on Saturday for the Similkameen district and expects to be away about ten days.

Kingham Rees has joined the firm of T. M. Gully & Co. Mr. Rees is one of the most popular young men in the city, and is sure to be successful as a member of the very enterprising firm with which he has become associated.

Fritz Critke, a mining expert who spent several weeks in Bounary Creek, has arranged for an Eastern Canadian syndicate to purchase 250,000 shares of Mountain Lion stock. The Mountain Lion is a Republic property of much merit.

Alderman Geo. H. Cropley has given notice of a by-law to widen Silver street, between Dundee and Greenwood street, from 40 to 60 feet. Another by-law should be introduced to open an alley between Copper and Silver streets. The alley would be a convenience, not only to business houses, but is an absolute necessity for sanitary purposes and in case of fire.

GREENWOOD.

**DELEGATE CHOSEN.**

W. S. Keith Appointed to Go to Ottawa to Push Corbin Charter.

A public meeting was held in Barrett's hall on Wednesday evening. Mayor Hardy was voted to the chair and R. H. Palmer appointed secretary. The resolutions passed by the Mining and Commercial association in favor of the Corbin charter were endorsed by the meeting. A telegram was read from Mr. D. C. Corbin, in which he stated that all rumors to the effect that he was not making every effort to secure charter were untrue. It was decided to send a delegate to Ottawa, after addresses in favor of same by W. T. Smith, R. B. Kerr and others. Mr. McRae moved that the choice of delegate should be left to those who subscribed the money. The motion was lost. Mr. Keffer proposed that Mr. Ross be the delegate, seconded by Mr. E. A. Bielenberg. Mr. Law proposed Mr. W. S. Keith, seconded by Mr. W. J. Lee. It was suggested that Mr. W. L. Hogg be requested to act as delegate, he having large interests in the district and being well known in the east. The meeting considered, however, that Mr. Hogg was too busy a man to afford the time necessary at Ottawa. Mr. Ross declined the nomination, as his business interests would not allow him to leave the city in time to reach Ottawa before the meeting of the railway committee. Mr. Keith was then declared the choice of the meeting.
