Vol. II. GREENWOOD CITY, B.C., SATURDAY, JUNE 26, 1897. No. 16.

## THE DIAMOND JUBILEE CELEBRATION.

IN CELEBRATION of Her Majesty the Queen's Diamond Jubilee a cricket match was played on Tuesday between elevens representing Greenwood and Midway, on the latter Club's grounds. The weather left nothing to be desired the sky being for the greater part of the day being overcast and cloudy, and a shower of rain which fell during the previous night effectually laid the dust. Play was commenced shortly after 10:30 a.m., Mr. Hodgson, who captained the Greenwood eleven, elected to send his men first to the wicket. For Greenwood Woodhouse and Hodgson alone succeeded in making any sort of stand against the bowling of Morgan and Gardom, and by half-past twelve the score stood at 49 for all wickets down. For Midway R. Stuart and Morgan compiled together 43 runs before they were separated, when play was adjourned for luncheon in the pavilion where an excellent cold collation was served, prepared by the ladies of Midway. At 1:30 Deans joined R. Stuart at the bat, and Luff and Woodhouse were put on to bowl in the place of Hodgson and Smith. The change in the bowling proved beneficial, notwithstanding Deans succeeded in making the respectable score of 30 runs before he was caught by Smith at point. Bergman, captaining Midway, also made double figures, and at the close of the innings the home team had scored 124. In the 2nd. innings Greenwood did better, Hodgson making the top score of the day with a brilliantly compiled 31; Woodhouse also did yeoman's service for the visitors, playing a very careful game; and he had just become well set when he was unfortunately run out. After Midway had made in their 2nd. innings 50 runs for two wickets stumps were drawn, the visitors thus being decisively defeated by eight wickets and 39 runs. Both elevens showed want of practice but in all points Midway was undoubtedly the stronger. It is hoped that a return match will be played in about a month's time when Greenwood will have the opportunity of reversing their recent beating. The following is the full score:

GREENWOOD.

| Name. | 1st Innings. | 2nd Innings. | |

In the evening the Greenwood visitors were hospitably entertained at the Lancashire house with a dinner, at the close of which Mr. Hodgson in a few aptly-chosen words expressed on behalf of his team acknowledgment of the courtesy and hospitality extended towards them. Mr. Bergman, in responding, said he hoped that the day's match would be but the first of many friendly and enjoyable contests between the two clubs. He could not say that he regretted Greenwood's present defeat, because he did not (laughter), but he thought he might safely state that the vanquished had nevertheless enjoyed the day's play of the good old English national game as heartily and as thoroughly as the conquerors (cheers). Mr. McMynn then proposed "the health of Her Most Gracious Majesty the Queen." The toast was drunk with the greatest enthusiasm, the company joining in the singing of the National Anthem, which was followed cheers. Later, a smoking concert, at which Mr. W. H. Norris presided in the capacity of chairman, took place in the town hall—formerly known as Palmerston's hall—and a capital programme was carried out, every number being well-received. Mr. Morgan played all the accompaniments very skillfully on the auto-harp. At midnight an exceedingly enjoyable day was brought to a close with the singing of "Auld Lang Syne" and "God save the Queen," in which all heartily joined.

❋ ❋ ❋

## THE DAY IN GREENWOOD.

While the residents of Greenwood made no special preparations to celebrate Jubilee Day yet like the people of probably every locality in the great Empire over which Her Majesty reigns, they lighted their bonfire and fired a royal salute. On Monday most of the houses in the town were decorated with flags and these continued to wave until after Tuesday. On Tuesday morning a few went to Grand Forks and a few to Midway but the majority remained at home. In the afternoon a volunteer company, including several ladies, was organized and proceeded to the top of the mountain on which the Spotted Horse mineral claim is located and which overlooks the town, where they built up a huge pile of wood surrounding a tree. One of the party, Mr. Gulley, further securely fastened a large flag to the top of one of the trees, while another, Mr. Bosshart, prepared the dynamite for the royal salute. At dusk Mr. Bosshart and Mr. Propper returned to the mountain and soon the vicinity was illuminated with a magnificent blaze; at the same time the regularly fired royal salute reverberated from hill to hill. In commemoration of the day several of those who ascended the peak favored the suggestion that it hereafter be called Jubilee mountain.

❋ ❋ ❋

## THE GRAND FORKS CELEBRATION.

The Grand Forks Jubilee Celebration was attended by a large number of visitors from the surrounding districts. The different events on the programme of sports were keenly contested and several of the prizes were won by residents of Greenwood. In the drilling contest Lynch and Callahan from the Golden Crown mine won the first prize and Hoffstetter and Winters, of Greenwood, second. Several fast horses were entered in the races, the Curlew Creek grays which distinguished themselves at Greenwood during the Queen's birthday celebration, securing several prizes.

❋ ❋ ❋

Precisely at noon on Tuesday, while the open-air service was being held at St. Paul's, London, Her Majesty the Queen, as previously announced, sent simultaneously messages of greeting to all parts of her Empire. Owing to the difference in time, the Australian colonies did not receive the message till late in the evening, while in Canada the telegrams were received from four to eight hours before the hour in London at which they were despatched.

## DISCOURAGING RAILWAY NEWS.

Boundary Creek district will in all probability keep the greater portion of its wealth this year because the promoters of two rival railway companies refused to agree at Ottawa. The Rossland Miner's Ottawa correspondent writing under date June 18 explains the matter in the following way:

"Although the Dominion government was anxious to subsidize a railway as far as Penticton this year, and although the Eastern members were ready to vote for such a proposition, the whole matter has been finally abandoned on account of the conduct of some parties promoting the Victoria, Vancouver & Eastern railway, who could not get all they wanted from the promoters of the Columbia & Western railway. It is just as well that the people of British Columbia should know the facts. As stated in this correspondence last night an arrangement was reached by which the railway committee was going to pass both bills to-day, all interests in the Coast road being amalgamated with the Columbia & Western railway for certain considerations. This agreement was signed by Dr. Milne in a lawyer's office here last night. Dr. Milne got pretty much what he had in the first instance suggested. It is understood that for certain sums of money to be paid over at different times, and in all amounting to $55,000, Dr. Milne was to hand over or amalgamate the whole affair with the Columbia & Western. Charles Hyman and Herbert Holt are now controlling the Columbia & Western, and had completed their arrangements to go on with the building of the road at once. Everything was closed last night, but this morning Dr. Milne sent a letter to one of the promoters of the Columbia & Western that he could not stand by his agreement. Those who were supporting Milne got disgusted with the whole affair and the result was that there was no quorum at to-day's committee meeting. Heinze and Warfield were present at the committee."

It is just possible that some arrangements may yet be made through which Heinze will be able to build the road. He has a great deal to lose by not building; he has a large land grant; he secures $4,000 a mile for 100 miles if he begins construction within fifteen months from May 1st last and he is under bonds to begin within that time. He has a smelter that requires ores and the district through which the road will pass will furnish him with an abundant supply. Taking all these things into consideration Heinze may yet begin the construction of the road.

But the people of Boundary Creek are to be congratulated upon the fact that when one railway scheme passes under a cloud another new one fairly glitters before their eyes. The discouraging news from Ottawa is accompanied by a report that the Seattle & International Railway Co., of which General J. H. Bryant is president, is going to extend its line across the state through the Okanogon country and across the international boundary line. The announcement is made by General Bryant himself. Then the rumor is revived that Mr. Corbin is going to build through the reservation to tap this district.

If we cannot get a railway we have at the least the next best thing—a promise that one will come from somewhere in the near future.

## INDEPENDENT ORDER OF FORESTERS.

Mr. J. H. Falconer, Supreme Deputy High Chief Ranger of the Independent Order of Foresters, instituted a court at Greenwood on Monday evening. At the time of organizing the lodge the charter roll included the names of 37 members, while several others have since then signified their intention of joining. After the work of organization had been completed, the following officers were elected and installed by the Supreme Deputy :

C.D.H.C.R.—R. Smailes.
P.C.R.—Mr. Smith.
C.R.—Duncan Ross.
V.R.—J. H. Macfarlane.
Chaplain—Rev. Mr. Leith.
Physician—Dr. Jakes.
Treasurer—J. P. Flood.
Fin. Sec.—Mr. Guess.
Rec. Sec.—Mr. Miller.
Supt. Juvenile Foresters—J. W. Nelson.
S.W.—C. W. Tynan.
J.W.—Mr. Cropley.
S.B.—Louis Bosshart.
J.B.—D. W. Hicks.
Trustees—Messrs. Black, Sutherland and Paton.

At midnight the members of the newly organized court, together with visiting Foresters, adjourned to the Cosmopolitan restaurant, where an appetizing supper was spread by the newly made Forester, Mr. Hicks. Owing to the limited time at their disposal, the toast list was confined to "The Queen," proposed by the Chief Ranger; "The I.O.F.," proposed by Mr. Smith and responded to by Mr. McKenzie; "Sister Societies," proposed by Mr. Black, and to which Messrs. Tynan and Smailes replied. Mr. Macfarlane proposed "The Supreme Deputy," and Mr. Falconer replied and also proposed the toast "The Supreme Chief Ranger." "Our Host" and "Auld Lang Syne" brought the pleasant banquet to a close. The members re-assembled in the lodge room, when the initiation ceremony was carried out. A resolution was also passed endorsing the action of the Supreme Deputy in recommending that Mr. R. Wood be made an honorary member of the order, and another resolution was passed expressing the members' appreciation of Mr. Falconer's efforts.

### A Charge of Forgery.

Edgar Dufour appeared before Mr. J. Hamill, J.P., on Monday to answer to a charge of forging his brother's name to a cheque of Rendell & Co.'s. The whole case arose from a misunderstanding, the evidence for the prosecution going to show that Edgar Dufour and his brother, J. Dufour, were partners; that one transacted business for the other, and that previous to this occasion one had signed and cashed the other's cheque. Rendell & Co. have always treated them as partners and sold them goods on that understanding. The magistrate, after hearing the evidence for the prosecution, stated that it was unnecessary to call any witnesses for the defence as there was no evidence upon which the accused could be held for trial. He therefore dismissed the case. Mr. A. S. Black appeared for Dufour.

R. C. Johnson and partner returned to Greenwood on Wednesday, after completing the assessment work on two of their claims in Copper camp. Mr. Johnson went down to the reservation where he is also interested in several promising properties. Another payment on the Calumet, which Mr. Johnson and others bonded to the Brandon & Golden Crown Co., is due next week.

## THE MAIL SERVICE.

W. J. Snodgrass, of Okanagan Falls, who has the contract for carrying the mails from Penticton to Greenwood, is at present in Ottawa and it is reported that he is there for the purpose of inducing the Dominion government to grant the necessary appropriation for a daily mail service between Penticton and Greenwood. Mr. Snodgrass' plan is to have the steamer "Aberdeen" run daily to connect with trains and to reach Penticton about five o'clock each evening. The stage would start from there upon the arrival of the steamer, and remain over-night at Okanagan Falls. By starting from the Falls early in the morning, Greenwood could be reached the same evening. It is to be hoped that Mr. Snodgrass' mission will prove successful and that the government will see its way clear to give this district such mail facilities as will be in keeping with its growing importance. At the same time the salary attached to the Greenwood postoffice should be increased from $40 a year to about twice $40 a month. There is sufficient mail matter arriving here to keep a person busy for about 12 hours a day, and it is simply ridiculous to ask one to do this work for $40 a year.

The post-office, with Mrs. Wood in charge, was this week removed to comfortable and convenient quarters in the rear of Rendell & Co.'s block.

## DISTRICT NEWS.

The contract for building the Midway irrigation ditch has been completed.

Messrs. D. A. Holbrook and A. S. Black left for Marcus on Wednesday, in order to close a deal in which they are interested.

The current issue of the British Columbia Gazette contains the announcement that Mr. G. B. Taylor, Rock Creek, has been appointed a notary public.

Mr. Thos. McDonnell having secured a license at the last sitting of the court of licensing commissioners, will open his hotel in Boundary Creek City about July 1st.

If Mr. Reuger, manager of the Skylark mine, had not schooled himself to treat mining difficulties philosophically the air in Skylark camp would be in a sulphurous condition these days. He had several men at work baling the water out of the shaft and was just congratulating himself upon the fact that they were down to within a few feet from the bottom when the winch broke. The necessary repairs could not be secured here, and before they can be forwarded from the States the shaft will again be full of water.

To-morrow evening Rev. Mr. Leith will preach a special sermon to the members of the Independent Order of Foresters. The music will also be specially suited for the occasion.

Mrs. Bailey arrived from Spokane on Thursday to join her husband who is half owner in the Frederick mine, Copper camp. Mr. and Mrs. Bailey will reside in Greenwood the summer.

Mr. A. Fisher, of the Boundary Creek Milling & Lumber Co., returned from Spokane on Saturday. He was accompanied by Mrs. Fisher and two daughters, who will take up their residence here.

The Anaconda Commercial Club met on Wednesday evening and perfected all arrangements for the Dominion Day celebration. The Club decided to hold no further meetings during the summer months.

Mr. Lancaster Hobbs, of the Hall Mines Exploration Co., came in from Kootenay on Thursday and in company with Mr. Hedley is visiting the different mining camps. Ms. Hobbs is a mining expert of long experience.

The funeral of the late J. J. White, which took place on Saturday last, was largely attended by the many friends and acquaintances of the deceased. The services at the hospital and at Boundary Falls cemetery, where the remains were interred, were conducted by Rev. Mr. Leith.

Dr. T. J. Jones, of Victoria, who is president and manager of the Cascade Water & Power Co., returned to Victoria on Thursday, after spending two weeks at Cascade City and Christina lake. The company's surveyors are now at work and active construction work will be commenced shortly.

L. V. Cuppage, inspector of roads and bridges, this week went over the route for the new wagon road to Long lake and on Monday will put a gang of men to work to build the road. Mr. Cuppage has not yet secured the necessary lots for the jail and court-house, but expects to get some centrally located lots within the next few days. When this is done the building will be commenced.

## Have Not Lost Faith.

Mr. W. T. Smith, of the Republic Mining Co., has returned from Spokane and reports that notwithstanding the unsatisfactory railway news, Boundary Creek district is attracting the attention of many mining men in that city. All in Spokane who are acquainted with the mineral wealth of the district are confident that but a short time will elapse before active railway construction into the district begins. Mr. Smith met Mr. Corbin, the president of the S.F. & N. R'y. Co., and that gentleman informed him that he had by no means forgotten Boundary Creek, and, in fact, intended visiting the district at an early date to look over the situation for himself. The Victoria Colonist says that Corbin's engineers are now on Sheep creek surveying for a route wherever a line can be built into Boundary Creek.

Mr. T. White wishes to express his thanks for the kind sympathy shown him in his bereavement at the death of his brother, by the people of Boundary.

## Certificate of Improvements.

### NOTICE.

GOLD DROP mineral claim (l. 1841 g. 1), situate in the Kettle River mining division of Yale district. Where located: In the Greenwood camp and adjoining the Monarch mineral claim (l. 701 g. 1).

Take notice that I, John Hirsch, as agent for F. C. Innes, free miner's certificate No. 81,264, intend, sixty days from the date hereof, to apply to the Mining Recorder for a certificate of improvements, for the purpose of obtaining a Crown grant of the above claim.

And further take notice that action, under section 37, must be commenced before the issuance of such certificate of improvements.

Dated this 14th day of June, 1897. 41-8

## LOCAL NOTES.

An effort is being made by the Roman Catholic residents of Greenwood and Anaconda to secure a resident priest here.

Mr. Williams, proprietor of the stage line between Grand Forks and Marcus, has purchased the Simmonds' stage line running between Greenwood and Grand Forks.

The house now occupied by Mr. Keffer at Anaconda has been leased and will be converted into an hotel about August 1st. Mr. Keffer's new residence is now nearing completion.

The Vancouver World's Ottawa correspondent states that Dr. Milne refused to stick to his agreement with Heinze because the latter refused to deposit a guarantee of good faith.

An effort is being made to organize a tennis club in Greenwood. Mr. J. Sutherland, it is understood, has already kindly offered a site for a court on the Dundee addition for the season.

Mr. Coates has a force of carpenters at work on Mr. Hodgson's residence at Midway. The founeation is already laid and the work will be hurried forward. The building is a two-storey one of very neat design.

The Spokesman-Review is responsible for the statement that a compressor plant has been ordered for the Old Ironsides claim in Greenwood camp and that it will be sent in and installed immediately.

Mr. and Mrs. Keightley returned on Thursday from their honeymoon trip to Spokane and on the same evening a largely attended reception was held at Midway, when the happy couple received the congratulations of their many friends.

On Thursday last Mrs. Wilkins, who resided on a farm about four miles below Boundary Falls, died suddenly of heart disease. The deceased had been a resident of the district for several years and had a large circle of friends and acquaintances. She leaves a husband and a family of five to mourn her loss.

The Boundary Creek Mining & Milling Co.'s properties, the G.A.R. and D.A., are showing up well as the work of opening them up continues. On the G.A.R. 12 men are at work and the showings continue to improve. One shifts at work on the D.A. and the results on this property are equally satisfactory.

Mr. J. Murray, provincial timber inspector, visited Greenwood this week and left to-day for Midway, his intention being to go through to Vernon and the Coast. Mr. Murray came in from Marcus after visiting Kootenay, and is collecting royalties from the mills using timber from government lands.

Mr. J. P. Graves, who last week visited the Old Ironsides and Knob Hill mines in Greenwood camp, spoke most encouragingly of these properties in particular and the Boundary Creek district in general upon his return to Spokane. He discussed the erection of smelters and volunteered the opinion that one or two would be erected in the district shortly. Messrs. Farrell & Midgeon are expected in the camp shortly, to resume work on the Stemwinder, but whether they will go on with the erection of their smelter in view of the railway news cannot be ascertained until they reach here.

The Boards of Trade and other organizations on the Coast are telefraphing the Government to grant aid for a road from the Columbia river to Penticton.

The attention of incorporated mining companies is again called to the fact that any free miner's certificate held by the company expires on the last day of June. After that date companies must be possessed of a special certificate issued for $50 to a company having a capital less than $100,000 and for $100 to a company having a capital of more than $100,000.

It is reported that the Custom house on the Marcus road will be removed from Gilpin's to Grand Forks. This will in a measure be a convenience to freighters as the old method of dumping the freight out on the road was extremely unsatisfactory. The increasing trade of Greenwood demands the establishment of a Customs' office here so that freighters could bring in goods from the railway without having to unload and reload when half way to their destination.

Mr. L. V. Cuppage, the inspector of roads and bridges, has travelled upwards of 800 miles per month for the last three months. This gives an idea of the area of the district and the amount of road building that is required.

# NOTICE

## To Business Men:

In connection with "THE TIMES" we have now one of the most complete

**JOB PRINTING OUTFITS**

in the interior of the Province. With new power Presses, new Type, and a complete stock of Printers' Stationery, we are in a position to fill any orders for Job Printing as reasonably, as satisfactorily, and as expeditiously as can be done in Spokane or on the coast. A merchant who uses "cheap and nasty" Stationery and Printing does his business a serious injury—it is dear at a gift. Let us fill your next order; then compare our work and prices with others'. We guarantee you satisfaction.

### The Provincial Mineralogist.

Mr. W. A. Carlyle, the provincial mineralogist, visited Copper, Deadwood, Wellington, Greenwood, Summit and Long Lake camps during the week and inspected all the important claims. Owing to a number of the shafts being full of water, Mr. Carlyle was prevented from examining some of the mines as thoroughly as he desired; but such properties as the Mother Lode, the Sunset, the Gold Drop, the Golden Crown and the Jewel gave him a fair idea of the underground wealth of the different camps visited. Mr. Carlyle will next week visit Smith's camp and continue until every section of the district has been gone over. He expects to remain here at least another week.

### The Bullion Mining Co.

The first general annual meeting of the Bullion Mining and Milling Co., (Lt. L'y.) was held at the office of the Midway Co. on the afternoon of Wednesday, June 23rd. All the shares were represented. The minutes of the last meeting were read and adopted and the bye-laws as drawn up by the Compans's solicitor, Mr. I. H. Hallett, were confirmed by the shareholders. The following directors were then elected by ballot; J. C. Haas, president; C. L. Thomet, vice-president; R. Stuart, sec'y-treas.; A. K. Stuart and Spencer Bennerman. At a subsequent meeting of the board of directors, it was decided to commence work on the Company's claims, the Bertha Kurz and the Silver Cliff, about July 1st. It was also decided to issue a limited number of shares of treasury stock.

### Jubilee Honors.

Among those upon whom Jubilee honors have been conferred are the Hon. Wilfrid Laurier, who was made a privy councillor and received the order of the Grand Cross of St. Michael and St. George; Sir Richard Cartwright and Sir Oliver Mowat, both of whom were admitted to the same Order. Knighthood was also conferred on several other prominent Canadians.

### English Capital and Boundary Creek.

Dr. Powell, a prominent resident of many years' standing of Victoria, and a representative of a wealthy English syndicate, visited the district during the past week and viewed a number of promising properties. It is not unreasonable to suppose that from Dr. Powell's visit some deals of importance will result. The syndicate he represents have adopted a policy that will doubtless recommend itself to people here, of proving thoroughly any claim they may acquire. Dr. Powell was accompanied as far as Fairview by the syndicate's expert, a Mr. Mitchell, who will also visit Boundary Creek in due course provided that Dr. Powell is sufficiently well impressed with the showing on the properties offered him. Another English mining expert of repute, Mr. A. Woodhouse, arrived in Greenwood this week and has occupied the time since in examing claims in the neighborhood, and under Mr. Sansom's guidance at McKinney. It is highly satisfactory to note that quite a large proportion of the investments lately made in the district are from money subscribed in England.

A force of men are at work grading and extending Government street to the end of the city limits.

SOAP - SOAP

WE TAKE pleasure in informing the Public that we are now buying our soaps direct from the manufacturers, thereby saving the middle man's profit and giving our Customers the benefit. JUNE 17.

American Eagle, ½ int., John Holm to Hugh McGuire.
Monte Carlo, ½ int., E. M. Johnston to Hugh McGuire.
W. J. Bryan, ½ int., F. Graaf to G. A. Rendell.

JUNE 19.

Cannon Ball, ½ int., R. D. Marshall to G. L. Armstrong.
Christina,—E. Baker to D. McLaren.
Drum Loman, ½ int.; River View, ¼; Key (fr), Tiger, Red Cross, Blue Grass, ⅓ ea.; Whaleback, Famous, all ea., R. G. Poe to C. A. Lowman and M. J. Yesler.

JUNE 21.

Willamina,—David Smith to A. A. McIntosh and A. Spence.

JUNE 23.

Roman Eagle,—W. R. Poulten to J. J. Walker.

### Election of School Trustees.

At eleven o'clock to-day all freeholders and householders and their wives should be present in the schoolhouse for the purpose of placing in nomination candidates for school trustees. Three trustees will be elected. The nominations close at noon and if there are more than three candidates a poll must be declared, the same to close at four o'clock in the afternoon. The candidate receiving the highest number of votes will hold office for three years, the second for two years and the third for one year.

### A Mining Expert.

Mr. Hobbs who is at present visiting the mines of Boundary Creek district has had a large and varied experience in mining. He was at one time sent by a syndicate of English capitalists to re-open an old Spanish mine which had been previously worked several hundred years ago. The work proved a decided success from a mining engineer's or an antiquarian's standpoint, but after all the tunnels and crosscuts had been opened out it was found that the ancient miners had taken all the valuable ore therefrom. Mr. Hobbs found in the mine a Roman sandal which he keeps as a memento of the most unique mining enterprise of the day. Mr. Hobbs has also followed his profession in Mexico and other mining countries.

Mr. J. H. Macfarlane, who represents the syndicate holding a bond on the Sunset, reports that the tunnel on this well-known property is approaching 100 feet. The indications are extremely satisfactory, the tunnel running on porphyry with a solid formation. Everything goes to show that the lead proper will be tapped in a few days.

## INDIGNATION MEETINGS.

The people of British Columbia of all shades of politics are strong in their denunciation of the miserable fiasco which took place at Ottawa last week. Even the Coast people are dissatisfied at the conduct of the promoters of the Victoria, Vancouver & Eastern Railway Co. A mass meeting was held at Trail City on Tuesday evening. Hon. D. W. Higgins presided and he characterized the Vancouver & Eastern promoters as a band of "impecunious speculators from the Coast who, unless they are bought off, will steadily refuse to allow the Columbia & Western railway to be extended to Boundary district." Other strong speeches were made and a resolution was unanimously passed, condemning the action of the Victoria, Vancouver & Eastern company and urging upon the government to grant aid to the Columbia & Western road.

A meeting was held at Grand Forks on Wednesday evening and a strongly worded resolution was unanimously passed. It is reported that similar meetings are being held on the Coast.

The citizens of Boundary Creek district also forwarded to Ottawa a strongly worded protest against the plan of shelving railway construction into the district for another year. On Thursday afternoon a meeting was held in Sansom & Holbrook's hall. Although the meeting was hurriedly called, so great was the interest in the subject of railway construction that nearly 100 persons were present. John Hamill, J.P., was voted to the chair and Duncan Ross was appointed secretary. As it was considered wise to forward any resolutions which might be passed by that day's stage, but little speech-making was indulged in. The following resolution, moved by Mr. Lamb and seconded by Mr. Guess, was unanimously carried and telegraphed to Ottawa:

Whereas efforts have been made by perties at Ottawa to defeat the bill for the construction of the Columbia & Western railway from the Columbia river to Penticton; and

Whereas the completion of said line, 38 miles of which are under construction and operation, while insuring the opening of vast mineral deposits in and about the Boundary Creek country that are at present inaccessible, would conduce to the prosperity and development of British Columbia and advancement of the dominion as a whole:

Be it therefore resolved that the citizens of Boundary Creek district view with alarm the efforts put forth to defeat the project for railway connection and that they respectfully urge upon the government the necessity for aiding the Columbia & Western railway during the present session.

Resolved, that copies of this preamble and resolution be telegraphed Hon. Mr. Blair and Hewitt Bostock, our representative at Ottawa.

Dr. Milne's unholy bargain, which he refused to stand by, is given in detail in the following dispatch from Ottawa; "The agreement which Dr. Milne signed was to the effect that the Columbia & Western would pay over $12,500 after the subsidy and charter were awarded to them; that $11,500 more would be paid when the road reached Boundary Creek; $11,000 when it got to Penticton; $10,000 when it reached Hope; $10,000 more when it got to the Coast. The Columbia & Western promoters hold that this is the agreement which Dr. Milne refused to stand by."

## HASTEN INCORPORATION.

Many citizens of Greenwood who were led to believe that long ere this they would be enjoying all the advantages of self-government, are wondering why the government are delaying the issuing of the letters patent. The necessary papers were forwarded to the Coast some two or three months ago, and since then there has been no explanation regarding the matter outside a brief note from Hon. Mr. Pooley to the effect that the matter would be hastened. The government's conception of hasty action is evidently not compatible with that of the people of Greenwood, for the latter have come to the conclusion that the former are extremely dilatory in the matter. Several reasons could be offered for the delay, but the one that is most consistent with the reputation of the government is that they are anxious to get as much money as possible from Greenwood before granting it incorporation. Now nearly all the liquor licenses in the town expire shortly after July 1st, and as municipal government cannot be introduced before that time, the money paid for the renewal of licenses goes into the provincial treasury. Then again, the taxes on real property are generally paid before June 30th to save the discount, and these will also go into the provincial treasury. Under the provisions of the Speedy Incorporation Act, a portion of this money may be returned to the newly-created municipality, as Sec. 16 makes it lawful for the Lieutenant-Governor in Council to pay to the treasurer of the municipality a ratable part of the real estate tax collected upon property within the city for the year 1897, proportioned to the fraction of the year during which the city is governed by the charter issued under authority of the Speedy Incorporation Act. With liquor licenses it is different, for the same act states that "all licenses heretofore issued shall be valid until the expiration of the period named in the same, and upon the expiry the re-issue shall be regulated by the statutory provisions governing the city."

The same paternal government show their appreciation for the good order maintained in Greenwood and the provincial police officer is removed to maintain the peace at Fairview. We feel grateful to the government for the compliment it has paid to the people of Greenwood but beg to point out that there is probably no other town of its size in the province and immediately surrounded by such a large mining district that enjoys the proud distinction of being free from the espionage of a provincial police officer. Even Grand Forks which appears to be a special favorite of the members of the government is under the eagle eye of Provincial Officer Dinsmore even after the town is incorporated. A person of average intelligence unacquainted with the orderly class of men who are denizens of Boundary Creek district would be almost sure to come to the conclusion that there is surrounding Greenwood a large and populated mining district where a provincial police officer might be required, but the solons on parliament hill, Victoria, think differently and consequently a wail of anguish has gone forth because our officer has gone to Fairview.

Coryell's new mining map of the district can be purchased at H. B. Munroe's book-store.

### THE KEENE TRIAL.

The trial of J. P. Keene, who shot and killed Matthew Roderick, did not result in an acquittal, as stated in THE TIMES last week. Keene was tried before Mr. Justice McColl, without a jury, and after all the evidence was heard the Judge formally found him guilty of manslaughter and sentenced him to one day's imprisonment.

Deputy Attorney-General Smith represented the Crown in the prosecution, while Keene was defended by J. P. McLeod, of Midway, and R. Cassidy, of Victoria. The evidence of Dr. Jakes, Thos. Graham, Constables Cuppage and Deans, and Mr. Keene himself, brought out only the facts which have already been published. After hearing the addresses of the counsel for both sides, Mr. Justice McColl reserved his decision for a day. When he delivered judgment, His Lordship stated that after careful consideration of the evidence he was unable to account for the action of the accused in any manner that would justify him. The deed was one for which the law afforded no sanction. He was willing to believe, however, that the prisoner felt his position very much, and in passing sentence he took into consideration the worry and expense which he had incurred during various proceedings. He would take the position assumed by the provincial authorities,—that the case was one of manslaughter, and would inflict only a nominal punishment. His sentence was one day's imprisonment, which had already been undergone, so the prisoner was discharged.

At the same court Fairfax Haynes was charged with stealing a horse from Octave Herbert, of Okanagan Mission. After hearing the evidence the jury were a long time in considering the case and finally brought in a verdict of not guilty. Haynes was re-arrested on a charge of stealing an outfit of camp utensils and was arraigned before Price Ellison, S.M. He pleaded guilty and was sentenced to four months hard labor in the Kamloops jail.

### Official Visitors.

Mr. Justice McColl, Deputy Attorney-General Smith, and F. S. Hussey, superintendent of provincial police, spent several hours in Greenwood on Saturday last. They came from Vernon and were on their way to Kootenay via Marcus. Mr. Hussey visited his officers at the different stations and inspected the jails and court-houses. He has ordered some changes which will take effect on July 1st. Mr. Elkins, who was stationed at Greenwood, will go to Fairview, while Mr. Brown, of Midway, will act as special constable here until the town is incorporated. Mr. Deans, constable at Midway, will be stationed at Osoyoos after July 1st.

### Coryell's Map.

We are in receipt of Coryell's Map of a portion of the Kettle River Mining Division and hasten to congratulate the delineator, Mr. J. A. Coryell, C.E., P.L.S., upon its many excellent points. The map includes the mining district from Christina lake on the east to Graham's camp on the west, and all the claims recorded up to the 1st of May, 1897, are marked thereon. The map should prove valuable to prospectors and others interested in the topography of the district.

## PUBLIC INTEREST SACRIFICED.

The railway news from Ottawa, while discouraging to those who are desirous of securing the necessary facilities for the production of the almost illimitable wealth of Boundary Creek district, is but the story of the natural result of the iniquitous railway policy promulgated and followed by the government of this province. For years past that government has, by its action, shown that it considered that its first duty was to see that railway adventurers should have the opportunity to fleece the public, the opening up of the country being a secondary consideration. Irresponsible men were given enormous land grants and cash subsidies and the right to delay railway construction until they had secured all that could possibly be obtained and the right to barter what should never have been granted to them. Every Tom, Dick and Harry then went into this railway-subsidy, land-grabbing business; consequently the mineral wealth of certain districts was forced to remain dormant because there yet remained a government to which the impecunious could go a-begging. These adventurers appear to be as selfish as they are rapacious, and when the loaves and the fishes are within their grasp they quarrel among themselves. If these bickerings at Ottawa had resulted in honest men recovering their dues, the general public would have been perfectly willing to allow the disputants to pummel each other until the next Jubilee year. Unfortunately, however, Boundary Creek and other important districts of the province will probably remain without railway connection for at least another year because nature has not endowed Dr. Milne with sufficient common sense to know when he has been offered a good thing, or because F. August Heinze has been so accustomed to having his own way that he wants more than a reasonable compromise. We have not sufficient information at this writing to know who is chiefly responsible for the unseemly squabble at Ottawa. What concerns us most is that those who have been granted subsidies by the provincial government have, by their own stupidity and greed, lessened the chances for securing the transportation facilities that are so urgently needed.

Surely the time has arrived to stop the practice of placing the important work of opening up rich sections of the country in the hands of those who are in the business solely for the purpose of enriching themselves, not by the legitimate profits from railway traffic, but through securing subsidies and land grants. If construction of railways by the government is impracticable, it were infinitely better if the present provincial government went out of the business of dealing with railways and railway enterprises altogether and paid the Dominion government its fair share for railway facilities which particularly benefitted the province. Then the Federal government would not be hampered in its intentions by the importunities of those who are rivals because of the concessions granted them by the provincial government.

Our hope for railway connection lies with those who build railways as a matter of business and not for the purpose of securing legislative favors. If Mr. Corbin or General Brant will construct a branch line to tap this district we can assure them that the people here are so disgusted with subsidy-seekers and land-grabbers that they will gladly welcome a legitimate railway company and guarantee them the large and increasing trade of the district.

While the railway news is discouraging, the people of the district are still confident. They know that its mountains are filled with wealth, and that after all it is only a question of perhaps another year until some enterprising railway company furnishes the necessary transportation facilities.

# BOUNDARY CREEK MINING & MILLING CO., LTD. LY.

*CAPITAL $1,500,000,*

*In 1,500,000 shares of $1 each, of which 700,000 are Treasury Stock.*

**Directors:**

*G. ARTHUR RENDELL*.....*President.*
*S. S. FOWLER, A.B.,E.M.*.....*Vice-President.*
*D. A. HOLBROOK*.....*Manager.*
*THOS. McDONNELL*
*C. AE. SHAW, C.E., P.L.S.*

**Bankers:**

*BANK OF MONTREAL, VERNON, B.C.*

THE COMPANY'S mineral claims now number 14, of which 12 adjoin and form a compact group situate in PROVIDENCE CAMP, BOUNDARY CREEK. Development work is in progress on three of these, viz. the D. A., G. A. R., and O. B. claims, each giving promise of good results.

THE COMPANY lately acquired MR. THOS. MCDONNELL'S pre-emption of 320 acres and adjacent lands, upon which are excellent mill-sites and which give access to an abundant supply of water for power purposes. Forty acres of the pre-emption have been sub-divided into town lots, and the new townsite thus established has been named

# BOUNDARY CREEK CITY,

which is most favorably situated at the junction of Boundary and Eholt creeks, and at a convenient distance from several important mining camps. These town lots are being offered at reasonable prices and upon easy terms of payment. Plans, prices and full particulars, are now obtainable at the Company's
