BOUNDARY CREEK TIMES

A Weekly Paper published in the interests ot the Boundary Creek Mining District.

Vol. III. GREENWOOD CITY, B.C., SATURDAY, SEPTEMBER 11, 1897. No. 1.

THE MUNICIPAL COUNCIL.

THE first meeting of the City Council was held in the school-room on Saturday last. Pursuant to the letters patent, the Mayor took the chair at noon, and seated around him were Aldermen Hamill, Rendell, McKenzie, Barrett, Phelan and Galloway. Before beginning the regular work of the council, Ald. Hamill, J.P., administered the oath of office to His Worship Mayor Wood and also to the other aldermen. Mayor Wood then took Ald. Hamill's oath and the entire council were sworn in.

Mayor Wood expressed his pleasure in welcoming the aldermen around the board for the transaction of business; he hoped that their meeting would be harmonious.

Mr. A. S. Black was appointed temporary clerk and then the council adjourned until 7.30 in the evening.

At the evening session all the members were present. Mr. Black, the clerk, read communications from Rendell & Co. and C. J. McArthur, offering to lease rooms for the use of the council. The question of securing rooms was then discussed, the Mayor thinking it would be more economical if the Clerk had an office and the meetings of the council could be held in the school-room.

Ald. Galloway asked Ald. Phelan (who is also a school trustee) to express his opinion on the matter; he understood that the trustees were opposed to having the school-room used for other than school purposes.

Ald. Phelan replied that the matter had been discussed by the trustees. Personally he had no objection to holding church services in the school-room. If the council would lay the matter over until the next meeting he would interview the other trustees and bring in a report.

The Mayor could see no objection to meeting in the school until spring, when a city hall would probably be built.

Ald. McKenzie then moved that the consideration of the question be postponed until the next meeting. Ald. Rendell seconded the motion and it was carried. Later in the evening, however, the council re-considered the matter and the finance committee were given power to act.

The Mayor then named the following standing committees: FINANCE—Ald. Phelan and McKenzie; BOARD OF WORKS—Ald. Hamill and Galloway; HEALTH—Ald. Barrett and Rendell. The question of appointing a city clerk then came up for consideration. The Mayor considered that economy ought to be practised from the first and the offices combined. Ald. McKenzie said that as there would likely be no money in the treasury it would make no difference this year, but in the future the offices of clerk and treasurer should be separated. Ald. Hamill suggested that after this year one person hold the offices of clerk and assessor, and another treasurer and collector.

At this point Mr. Milligan attempted to address the council but the Mayor refused to give his consent. It would, in his opinion, lead to endless confusion to allow outsiders to address the council.

The question of combining the offices was further discussed when, on motion of Ald. McKenzie, the council decided to combine the offices of clerk, assessor, collector and treasurer for this year. Ald. Hamill moved that the salary for the office be $150 for the balance of the year. Ald. McKenzie seconded the motion and it was carried.

The council then went into committee of the whole to discuss the appointment. The committee rose, a ballot was taken, when it was found that Duncan Ross had a majority of the votes. The other applicants were: E. Jacobs, W. B. Paton, and G. E. Furness.

Ald. Hamill then introduced a by-law to enable the council to make a temporary loan to pay current accounts. Ald. Hamill fixed the amount at $500, but this may be increased. The by-law was read a first time and the second reading was fixed for the next meeting.

His Worship, the mayor asked the council to consider the question of water works. He had partially built a dam on Twin creek, and had a special act put through the legislature giving a franchise for Twin and Boundary creek and the power at the Falls. If it is practicable he proposed to turn all over to the city at cost. If not he could get associates and they could put in a plant. He had written to secure information regarding the floating of city debentures. All he wanted now was the cost, but if a company put in the plant they would ask 30 per cent. in addition to the cost, should the city desire to buy in the future. In answer to Alderman Phelan the Mayor stated that the entire cost up to the present would be about $2,000. He would lay an itemized bill before the council.

Alderman Galloway said Mayor Wood's offer was a generous one and the council should make an effort to secure the valuable franchise on the terms offered.

The other aldermen joined in the discussion and the matter was finally disposed of by a resolution referring the whole question to the Finance Committee and Board of Works for report at the next meeting.

The clerk was authorized to procure a seal and necessary stationery on motion of Alderman Rendell and Alderman Barrett.

The council adjourned at 10 o'clock to meet at 7:30 on Tuesday evening.

TUESDAY'S MEETING.

All the members of the council were present at the meeting held on Tuesday evening. The temporary loan by-law went through committee and passed its third reading.

The Finance Committee reported on the matter of securing suitable quarters for the meetings of the council. Nothing definite was decided but an effort will be made to secure the use of the courthouse and in the meantime the meetings will be held in Rendell & Co's. hall.

Alderman Phelan on behalf of the Finance Committee and Board of Works reported that they had made inquiries regarding the cost of what has already been done towards securing waterworks and from the books found that in wages, securing a charter and in other ways the cost up to the present was $1,890.99.

A lengthy discussion then took place regarding the city taking over the charter of the Greenwood Waterworks Co. All were convinced that it was desirable that such a valuable franchise should be secured for the city but owing to the time required to pass a by-law and borrow money it was considered impossible to do anything this fall and consequently the whole question was postponed.

The health committee wished for information regarding their duties. Alderman Rendell said it was highly essential that the health of the city should not be endangered by the non-observance of sanitary regulations. Other members of the council also expressed similar views and Alderman McKenzie moved, and Alderman Galloway seconded, that the Board of Health be instructed to confer with Dr. Jakes and provincial officer Lawder with a view to putting into force effective sanitary regulations.

Alderman Hamill's temporary loan by-law enabling the council to borrow $500 until the end of the year was read a

second time, considered in committee, reported complete without amendments and then read a third time.

On motion of Alderman Phelan and Rendell, Aldermen Hamill, Galloway and Barrett were appointed a committee to report on the matter of securing proper street levels.

The question of having a mineral exhibit at the Spokane Fruit Fair was then taken up. Mayor Wood and the aldermen were sure that a first-class exhibit at the Spokane Fair would be of the greatest benefit to Greenwood and Boundary Creek.

Mr. Leamy asked the council to also aid in securing an exhibit for the New Westminister Fair.

The council resolved itself into a committee to collect exhibits. The mayor and each of the aldermen will look after one camp. Alderman Galloway was chosen to represent the council at the Fruit Fair and $50 was voted to defray the cost of freight.

Alderman Phelan moved, and Alderman Barrett seconded, that the clerk be instructed to write to Hewitt Bostwick, M. P., the Postmaster-General and the post office inspector requesting that a daily mail be established between Greenwood and Grand Forks. The resolution was carried.

The clerk was also authorized to open an account with the Bank of Montreal at Vernon.

Mayor Wood brought up the question of a telephone line. A company are building to Grand Forks this fall and they offered to extend the line here if inducements are offered. Owing to the lateness of the hour no action was taken and the council adjourned shortly after eleven.

WEDNESDAY'S MEETING.

Licenses—was the subject which evoked a rather warm two hour discussion at the council meeting on Wednesday evening. After Alderman Hamill's temporary loan by-law was reconsidered and finally adopted and $10 per month had been placed at the disposal of the Board of Health, the council went into committee to determine what licenses should be collected. Hotel licenses were fixed as at present $100 for six months. It was decided to grant no saloon or bottle licenses. Wholesale liquor dealers will pay $50 for six months, a wholesale merchant $10 and a retail merchant $5 for six months. When hawkers and peddlers were reached the discussion began. Alderman Phelan wished a heavy license imposed on the Big Benders in order to protect B. C. farmers and Greenwood business men. Alderman Galloway strongly objected to restricting trade in any way. The other aldermen considered that those coming from across the line who spent no money in this country should pay a license. The question was finally disposed of by fixing a license of $25 for every six months for hawkers and peddlers. The committee rose and reported progress and will consider the question again on Monday evening when the council will hold its regular meeting. Rendell & Co's. hall has been secured for holding the meetings until some other arrangement is made.

The report that Heinze's surveyors are in the field is generally accepted as authentic. A prospector returning from Christina Lake reports having met eight surveyors on Sheep Creek. They expect to reach Christina Lake in about a week.

DISTRICT NEWS.

R. Donagin is doing the assessment work on the Hope in Skylark camp.

W. T. Smith of the Republic Mining Co., is away on a business visit to Spokane.

E. A. Bielenberg left yesterday for the headwaters of the main Kettle river to look at some mining property in that district.

A. Cameron, of the firm of Cameron and McKenzie, has left the Greenwood hospital almost fully recovered from his severe illness.

Mr. J. McFarlane acting on behalf of Mr. Hogg this week paid R. Donagin the first payment on account of the bond on the C. O. D.

Gerald T. Hodgson and F. B. Smith left on Monday for England. It is reported that Mr. Hodgson does not intend to return alone.

The B. C. mine in Summit camp is being developed in a thorough manner. Development work only increases the value of the property.

J. W. Nelson of the Pioneer hotel, Mrs. Rhodes and sister, and Mrs. Comstock left yesterday on a ten days' visit to the Okanagan district.

Mr. Keisir and son of Spokane arrived in Greenwood on Thursday to examine some properties in which they are interested in Summit camp.

At the last meeting of the directors of the Le Roi Mining Company a dividend of $50,000 was declared. This is the 19th dividend and will make a total of $57500 in about 20 months.

H. Marymont and partner came over the Dewdney trail from Rossland on Thursday to do some work on the Copper King, adjoining the Mother Lode in Deadwood camp. Mr. Marymont visited Boundary Creek a year ago when he invested extensively in mining property and real estate.

J. W. McFarland of the Prospecting Syndicate returned to Greenwood on Saturday last. He secured an extension of time for his company on the North Star mine in Long Lake camp and the work of developing this property will be continued. Mr. McFarland left again for Vancouver on Wednesday.

The Commercial hotel was opened on Tuesday night and on Wednesday evening a social dance was given by the proprietors. About 20 couples were present and all spent a pleasant evening. The Commercial is a new building, well furnished and as the proprietors are good business men, it should secure its share of the traffic.

Owing to the wet weather building operations were somewhat delayed during the week but now the carpenters are again hard at work. Mr. Gibbs' assay office and residence for which Kay & Blough of Anaconda are the contractors is nearing completion. Several carpenters are at work on the Hamill Block, the foundation being laid and the frame erected.

PROMINENT VISITORS.

After the paragraph headed "A Political Tour," was in type the gentlemen referred to came in on Friday's stage from Grand Forks and left by special conveyance for Fairview the same afternoon. The party consisted of G. R. Maxwell, M. P. for Burrard, Mayor Templeton of Vancouver, D. G. McDonnell a prominent barrister of Vancouver and ex-M. P. for North Lanark, C. N. Davidson president of the Tinhorn Mining Co., and D. Menzies of Vancouver. It was the intention of the party to remain for some time at the different towns on the route but while in Rossland Mr. Maxwell received a telegram announcing that Hon. Mr. Sifton, Minister of the Interior would be in Vancouver on September 12 and Mr. Maxwell will make an effort to meet him there.

The gentleman of the party laughed at the idea of theirs being a political tour. They came out simply for a holiday and to see the country. While in Rossland those opposed to the present government convened a meeting and stirring addresses were delivered by Mr. Maxwell, Mr. McDonnell, Mayor Templeton and several local men.

Mr. Maxwell was asked as to his intentions regarding the provincial campaign and while he would not say definitely that he would be a candidate for a provincial seat still it is more than probable that he will be. He will at least aid the opposition in defeating the present provincial government. Mr. McDonnell will also in all probability be a candidate.

Mayor Templeton is one of the directors of the Vancouver, Victoria & Eastern Railway Co. He stated that if the provincial government had named his company as the recipients of the $4000 a mile from Penticton to Boundary Creek, they would have had no difficulty in financing money to build the road. As it is a representative of English capital it is now on the way to the province and there is a strong probability that arrangements can be made where by the road can be built by the company. Mr. Maxwell and all the other members of the party were delighted with Greenwood and expressed their regrets that they were unable to remain longer. They will remain a day at Fairview and then hasten to Vancouver.

Advance in Silver.

Silver is slowly going up and will probably reach 60 cents within the month. The last quotations are 54¾ cents, 3½ cents of a rise from the lowest price. Whether the remarkable decrease in the price of silver was due to the manipulations of the politicians in the United States or the action of the the British government with reference to India, it is difficult to determine but the reaction has come. Silver mine owners are consequently happy and those who have promulgated the rule that good prices for wheat go with good prices for silver are beginning to think that their reasoning is not unsound.

NEWSPAPER VULGARITY.

British Columbia owes much to the enterprising American mining man. He invested his money fearlessly in mining properties and did much toward developing the resources of the province. But with him came the American fake newspaper man whose only capital was his vulgarity, his want of principle and his gall. He invaded many of the mining towns and undertook to tell the residents of this country how its affairs should be run. His ignorance of the province and political conditions is only exceeded by his importance, his impecuniosity by his lack of principle. Kootenay has been his field for several years, but fortunately for the whole province he is now giving place to honest and reliable journalists. Grand Forks has among its other ills to shoulder the responsibility of harboring newspaper men who have brought across the line only that which has brought many American journals into disrepute. It is true that those who camped in Grand Forks were suited to their environments, and between them and those who endeavored to boom the townsite they succeeded in making for this beautiful village anything but an enviable reputation. Grand Forks being situated on the road leading to the mining district, they have been in a position to attempt to prejudice those who were desirous of coming to Greenwood, the center of the district. In some instances they have been known to succeed, and men of capital anxious to secure investments have gone away under the impression that the entire district was of the same unreliable character as the town of Grand Forks.

Under such circumstances it would be beneath the dignity of a respectable journal to make any reference to the vulgar comments which the Miner has seen fit to make upon the editor of the BOUNDARY CREEK TIMES. Whether the editor of THE TIMES has been connected with the Victoria Colonist or the Victoria Times cannot affect his position. Both Victoria papers are creditable alike to the city and their proprietors.

Recently the Grand Forks Miner published among other matter still less compatible with honest journalism the following :

"We have got to that period when the promotors and business men of the town claim they cannot patronize the Miner, on the ground that they cannot afford it; we fail to see where they have any reason to expect us to try and induce trade and investors to come to Grand Forks and let them derive the benefit, unless they are willing to give us a handout occasionally.

We are willing to scratch the back of those who scratch our back, but when the scratching comes all on one side we have a kick coming. For the last six months we have been patted on the back by the townsite people, and others who are posing as promotors of the town until there is a running sore. We have week after week told of the wonderful things these people were going to do, until patience ceases to be a virtue. We would like to have some one point out one thing these people have done, except to try and freeze somebody out."

The opinions of an honest journal are never influenced by money considerations and no better indication of the character of the Miner can be found than the above excerpt.

WATERWORKS.

The majority of the citizens of Greenwood will agree with the views expressed by the different aldermen that it is highly desirable that the city should own and control its own system of waterworks. In the near future a well equipped waterworks system would bring in a handsome revenue to the city. It is useless wasting time, however, discussing that which although desirable is also impracticable and in our opinion the acquiring of the franchise of the Greenwood City Waterworks Co. by the city at the present time is beyond its financial ability. Under these circumstances it were a better plan to encourage the company to put in its plant, and then in the future when the city is in a position to purchase, extreme care should be exercised to see that the company does not put an inflated value upon its property. It is an easy matter to deal with Mayor Wood as he only wants the actual cost of the work already done and always intended that the franchise should be secured by the city; but a powerful company such as will likely acquire water rights at Boundary Falls will require watching. If we had the money the property should be acquired now but the money is not available: it takes time to pass by-laws and borrow on the credit of the city and consequently for a year at least the work should be left in the hands of a company. Then the city may buy by giving a 30 per cent. bonus.

A Political Tour.

The following paragraph from the Vancouver World will prove interesting reading:

"Geo. R. Maxwell, M. P., Mayor Templeton, D. G. Macdonell, C. N. Davidson and D. Menzies left by to-day's express on a trip to the interior. Notwithstanding what has been said to the contrary, it is their intention to hold political meetings at several points during their pilgrimage. The first of the series, it is said, will take place at Revelstoke to-morrow. Then the Slocan, Kootenay Lake and Trail Creek districts, including Rossland, of course, will be visited. From Rossland it is their intention to proceed westward through Boundary Creek and Southern Yale to Okanagan and Vernon; Kamloops and Ashcroft in all probability will be calling places on the way home. To accomplish the work laid out for them will consume at least three weeks' time. In addition to the political nature of their mission it is understood they will have an eye to business generally. The selection of a Moses for the Opposition is to be a matter for future consideration."

LOCAL NOTES.

Mr. C. A. R. Lambly, the gold commissioner, paid Greenwood a visit this week.

Paul Meyers is working in some rich looking ore on the Tam O'Shanter claim in Deadwood camp.

Contractor Glaze is making good progress with the wagon road between Midway and Curlew Creek.

Monday, Labor Day, was not generally observed as a public holiday. The school was closed but all the business houses were open as usual.

Mr. Robert Hedley who visited Greenwood a short time ago has been appointed superintendent of the Hall Mines smelter at Nelson.

Mr. Cyril J. Eales has leased his interest in the Windsor hotel to Mr. Walter J. Francis who has been one of the proprietors in the Windsor for some time. Mr. Eales and family left for New Westminster on Thursday but he intends returning to Greenwood in about three months.

Mr. Alfred Woodhouse arrived in Greenwood on Saturday. He went down as far as Osoyoos to look at some mining properties, returning to Rossland on Wednesday. Mr. Woodhouse leaves in a few days for England. He brought with him from Rossland Mr. J. C. Hale who will have charge of the Anaconda group which begins work in a few days.

MINERS' AND PROSPECTORS'

...SUPPLIES...

A full line of Haberman's celebrated German Granite-Ware received.

Greenwood City Mercantile Co.

General Merchants and Wholesalers of Wines, Liquors and Cigars.

That Mineral Exhibit.

Now that the council have decided to send a mineral exhibit from Boundary Creek to Spokane, every one should make an effort to make the collection worthy of the district. If every mine owner in the district will see that the best specimens from each camp are brought to Greenwood, a wonderful collection of ores can be sent to Spokane. Mr. J. F. Hemenway of the Ironsides claim in Greenwood camp has signified his intention of getting ores for the exhibit and taking them to Marcus free of charge if necessary. Mr. Collins of the Brandon & Golden Crown will also do his share. Let all the others join in and there will be in Spokane a mineral exhibit from Boundary Creek that will astonish the hundreds of mining men who will be at the Fair.

A Daily Mail.

A strong effort will be made to induce the Dominion government to provide the necessary money to secure a daily mail both ways between Greenwood and Grand Forks. At present there is a daily mail from Marcus to Grand Forks and only three times a week between Grand Forks and Greenwood. As a result the Greenwood mail remains at Grand Forks every alternate day although a stage runs daily between the two points.

Sam Martin who runs the stage line interviewed the business men regarding the matter this week and over thirty agreed to pay the sum necessary to secure a daily mail if the government cannot be induced to do so. Satisfied with this agreement Mr. Martin will bring the mail daily from Grand Forks.

Mr. Green, a Montreal millionaire, visited Boundary Creek this week and was delighted with the universal possibilities of the district. Mr. Green is a member of the Adams Co., and is therefore interested in the Midway Townsite. He stated that the reports which reached them in Montreal gave only a vague idea of the district. Eastern money would seek investment here if the extent of the mineral resources of Boundary Creek were known. Mr. Green left Mrs. Green in Spokane and they intend visiting California before returning east.

BOUNDARY CREEK LIBERAL ASSOCIATION

Constitution and By-laws Adopted at the Meeting held in Greenwood on Monday, September 6th.

CONSTITUTION.

ARTICLE I.

TITLE.—This association shall be known and designated as "The Liberal Association of Boundary Creek, B.C."

ARTICLE II.

OBJECTS.—The objects of this association shall be to aid in securing and maintaining good government by the advocacy and support of liberal political principles in the Dominion of Canada; the maintenance of British connection, and the fostering of the interests of the British Empire as a whole.

ARTICLE III.

MEMBERSHIP.—Any person who is vouched for by a member in good standing of this association, who has subscribed to the principles of this constitution and has paid his fees, may become a member.

ARTICLE IV.

(1) OFFICERS.—The officers shall consist of an honorary president, president, first vice-president, second vice-president, secretary and treasurer.

(2) EXECUTIVE COMMITTEE.—The Executive Committee shall consist of the officers and four other members.

(3) DUTIES OF PRESIDENT.—It shall be the duty of the president to preside at all ordinary meetings of the association and enforce a due observance of the constitution, by-laws and rules of order; to announce the result of all ballotings or other votes; to call special meetings as provided in the by-laws, and to exercise a general care and superintendence over the affairs of the association; he shall not vote unless there be a tie, when he shall have the casting vote, and he shall be ex-officio a member of all committees.

(4) VICE-PRESIDENTS.—In the absence of the president, one of the vice-presidents [according to their rank], or in their absence a chairman chosen by the meeting, shall preside.

(5) SECRETARY.—The secretary shall keep a record of the proceedings of the association; he shall also keep in the register a list of all members, with their residences; he will be required to furnish at each meeting, for the guidance of the chairman, an order paper containing the regular routine of business and all unfinished matters arising out of past meetings; he shall conduct the correspondence of the association and report thereon at each regular meeting.

(6) TREASURER.—It shall be the duty of the treasurer to receive all moneys collected by the secretary, to keep a written account of all receipts and expenditures, and to pay no sum without obtaining a written order from the chairman of the executive committee; he shall be prepared to present a financial statement of the association at the call of the executive committee, and shall furnish to the auditors a statement of the finances of the association up to the first Tuesday in October in each year, together with all vouchers and papers held by him, and shall present a duly audited report thereof at the regular annual meeting.

(7) EXECUTIVE COMMITTEE.—It shall be the duty of the executive committee to report all matters upon which the action of the association may be particularly required; to recommend subjects for discussion and the occasions for holding public meetings, and generally to employ such active measures for carrying out the objects of the association as may be deemed advisable.

(8) AUDITORS.—Two auditors shall be appointed by the executive committee to audit the accounts of the treasurer up to the end of the association's year, and they shall present their report at the annual meeting.

(9) ACCOUNTS.—All accounts against the association shall be submitted to and passed by the executive committee before being paid.

(10) SUB-COMMITTEES.—Sub-committees may be appointed by the executive committee, and shall keep regular minutes of their proceedings; they may report to a general meeting of the association in case a meeting of the executive committee shall not have been called by the chairman thereof at which such sub-committees could report prior to the regular meeting.

BY-LAWS.

ARTICLE I.

(1) NOMINATIONS AND ELECTIONS.—The nomination and election of officers and members of the executive committee shall be made at the annual meeting in each year.

(2) All elections of the officers of the association and members of the executive committee shall be by ballot.

(3) The entrance fee, which shall constitute the first annual subscription, shall be $1.00, and the annual subscription thereafter shall be $1.00, payable in advance.

(4) In the case of a vacancy occurring on the executive committee, the remaining members shall have the power to fill such vacancy from among members of the association, and in case of any office being vacated the executive committee shall have power to appoint a substitute to serve for the remainder of the term.

ARTICLE II.

SUSPENSION AND EXPULSION.—At any general meeting of the association any officer or member may be suspended or expelled by a two-thirds vote of the members present, but such officer or member so suspended or expelled shall have the privilege of appealing to a special general meeting called for that purpose.

ARTICLE III.

FEES IN ARREARS.—The privileges of membership may be denied to any member who has not paid to the treasurer all moneys due by him to the association.

ARTICLE IV.

QUORUM.—Five members shall constitute a quorum for the transaction of business.

ARTICLE V.

AMENDMENTS.—The constitution, by-laws and rules of order may be amended by a vote of the majority of the members present at any regular or general meeting.

ARTICLE VI.

MEETINGS OF EXECUTIVE.—When meetings of the executive committee are to be held every member of such committee shall be notified, and three members shall constitute a quorum for the transaction of business.

ARTICLE VII.

PAYING FEES.—Under the heading "Finance" in the Order of Business, the members may pay their fees to the secretary or treasurer, and the latter's report may be demanded before this order is passed.

ARTICLE VIII.

The regular meeting of the association shall be held on the first Friday of every month.

APPLICATION FOR LIQUOR LICENSE.

NOTICE is hereby given, that the undersigned intends to apply to the License Commissioners of the City of Greenwood, at their next sitting on the 8th day of September, 1897, for a license to sell liquor by retail on the premises known as the Commercial Hotel, on lot 5, block 5, in the City of Greenwood, B.C.

Will sell through Tickets to Vancouver, Victoria, Seattle or Portland.

OLD IRONSIDES AND KNOB HILL.

The development of the mining properties of Boundary Creek district is a subject in which every resident is interested. While the owners of the many claims which have been recorded in the office at Midway are each confident that he has a property that will become a producer and that "he has struck it rich," still railroad companies and capitalists are usually not so optimistic regarding the future. They are "doubting Thomases" until they can see the ore ready for shipment. Notwithstanding the large amount of work done there are as yet but few properties in the district in a position to keep up continuous shipment of ore, but if a fully equipped plant, plenty of capital, a determination on the part of the owners and enormous bodies of rich ore can make a shipper then the Old Ironsides in Greenwood will astonish the mining world within six months.

Fortunately for the entire district the Old Ironsides and the Knob Hill adjoining are now controlled by big companies which have the capital necessary to purchase the powerful machinery required and to put the mines on a shipping basis. Mr. J. P. Graves, the well known Spokane mining man, went east last spring and succeeded in securing the organization of two strong companies to take over and develop both properties. The Old Ironsides Company includes such well known capitalists as Rufus Pope, M. P., Wm. Farwell, an eastern banker, and C. E. Gault, a prominent woollen manufacturer, also S. E. Rigg, of the Spokane Drug Co. The eastern capitalists have purchased all the treasury stock, giving the company ample funds to put the property on a shipping basis.

With the money behind him Mr. Graves lost no time in going to work. He secured the services of J. F. Hemenway, an experienced mining man, and under the latter's supervision several men were put to work on both properties. Then Mr. McEntyre was given a contract for sinking on the Old Ironsides shaft and he succeeded in piercing the obdurate rock and getting into softer and richer material. As previously stated in THE TIMES the company also purchased a plant from the Jenckes Machine Co., of Sherbrook, for which F. R. Mendenhall of Rossland is the agent. The plant includes a 60-horse power boiler, 6¼x8 double cylinder hoist, No. 5 Cameron sinking pump and No. 2 drill with stoping bar. The machinery was hauled from Bossburg and over the half-mile of road which was built from the main road to the Ironsides. It arrived at the mine in good condition, and several men are now engaged in the work of placing it in position. Mr. Hemenway has been delayed by lack of bricks for the foundation but by October 1 he expects to have everything running. The shaft will be sunk to the 100 foot level when the work of cross-cutting and drifting will be carried on. Then the shaft will be sunk another 100 feet and at this depth drifting and cross-cutting will be continued. The Ironsides vein is simply enormous, its entire width not having yet been ascertained. The ore, copper pyrites in quartz gangue, assays well and will yield handsome profits.

The Knob Hill Company of which Mr. Graves is also manager is composed of well known eastern capitalists, including the president, J. F. Buck of the Royal Paper Mills, Quebec; R. H. Pope, M.P., R. E. Greenshields and C. J. Chisholm, Montreal; S. French, Sherbrook, and H. C. Bailey, Cookshire. There are several men doing surface work on the Knob Hill. The ledge here has been uncovered to over 100 feet in width and the ore is of the same character as that in the Ironsides. The Ironsides machinery is of sufficient capacity to also do the necessary work on the Knob Hill. In all probability the Ironsides Company will put in a compressor of four to six drills.

When the Ironsides Company get their machinery in position they will have the most powerful and only complete mining plant in the district and there is no good reason why their output should not be equal to the capacity of the plant.

MINERAL ACT, 1896.

Certificate of Improvements.

LAKE Mineral Claim, situate in the Kettle River mining division of Yale district. Where located: Skylark camp, Boundary Mountain.

Take notice that I, Charles de Blois Green, as agent for William Adam Corbett, free miner's certificate No. 47A, intend, sixty days from the date hereof, to apply to the Mining Recorder for a certificate of improvements, for the purpose of obtaining a Crown grant of the above claim.

And further take notice that action, under section 37, must be commenced before the issuance of such certificate of improvement.

PROVIDENCE ... HOTEL

McDONNEL & HOLBROOK, Prop'rs.

BOUNDARY CREEK CITY.

A comfortable stopping place on the road to Long Lake, Summit, Pass Creek, North and Kimberley Camps.

CHOICE LIQUORS AND CIGARS.

Pass is Impassable.

The situation on the trail to Yukon is as bad as it can possibly be. The heavy rains have made the Chilkoot impassable with the result that horses which sold for $150 a head are now being offered for $10. Horse feed is worth $70 a ton. A gentleman who has just returned from the pass says language is inadequate to describe the terrors of the pass since the rainy season began. Over ninety per cent. of the thousands who left for the Yukon will be unable to cross the summit this fall.

Death of Mr. Begg.

Alex Begg, the editor of the British Columbia Mining Record, died in Victoria on Monday last. Mr. Begg was well known throughout the province. For several years he was Queen's Printer in Manitoba and wrote a history of Manitoba and the Northwest. He established the Seattle Times and the British Columbia Mining Record which he edited up to about a month ago when he was forced to retire on account of illness. Mr. Begg was a native of the province of Quebec and was 65 years of age.

A Unique Connection.

Hon. J. H. Turner, premier, and Hon. C. E. Pooley, president of the council, have taken advantage of their public positions to secure some profit from the Klondyke excitement. A company was recently formed in London for exploring the Yukon territory and in its prospectus it states that the Board "is composed of practical men experienced in the control and financing of gold properties. Special attention is directed to the names and position of the Board in British Columbia. The Hon. J. H. Turner is Premier of British Columbia; the Hon. C. E. Pooley, Q. C., is President of the Executive Council; and Mr. Boscowitz is a gentleman of great business experience and standing in the Colony. The importance to the company of this unique connection cannot be over estimated, as it will obviously have command of the leading mining experts in the Colony."

Without discussing the probability of the minister of the Crown becoming identified with companies such as the one referred to, the people of the interior cannot but look with alarm upon this connection. At the next session of parliament several schemes will be advanced to secure aid to build railways into the Yukon and judging from past experiences the ministers will look to their own interests rather than those of the province. No surprise need be felt if plans to open up Boundary Creek and other interior points will be sidetracked for those appertaining to the Yukon district.

THE VOTERS' LIST.

In drawing attention to Mr. Higgins' letter which appeared in THE TIMES last week we had no desire to offer any reflection upon Mr. Norris, the government agent and collector of votes. He carried out his instructions with reference to the closing of the voters' lists and used every effort to secure as many names as possible on the list. But many of those who are not yet registered having read the notice, considered they were barred from registering this year. Our only object was to remove this impression and as a result several names have during the week been forwarded to the collector. We have always found Mr. Norris a courteous and painstaking official and we have no desire to drag civil servants who mind their own business into political discussions. The fact still remains, however, that many people understood from Mr. Norris' notice that the work of registration could not proceed after August 4. What Mr. Norris did intimate was that the list would be closed for another year after August 4. Voters can and should be registered at any time.

Government Engineer.

Mr. J. R. Roy, the Dominion Government Engineer for the province, is at present at Penticton inquiring into the best means of making Okanagan river navigable between Penticton and Okanagan Falls. A sum of money for this work was voted by the Dominion government and as a steamer is being built at this point, it should be carried out without delay.

Corporation of the City of Greenwood.

BY-LAW No. 1.

Temporary Loan By-law, 1897.

A By-law to authorize the Council to borrow the sum of Five Hundred Dollars ($500) repayable during the current year in terms of Section 11 of the "Municipal Act Amendment Act, 1895."

The Council of the Corporation of the City of Greenwood, enacts as follows:—

1. The Council are hereby authorized to borrow from any person or persons, in one or more sums, an amount of money not exceeding in all the sum of Five Hundred Dollars ($500), of lawful money of Canada, and to pay therefor at the rate of interest not exceeding nine per cent. per annum, for the purpose of meeting the current legal expenditure of the Corporation, which is payable out of the annual revenue before the revenue for the year is payable by the taxpayers.

2. The money so borrowed, together with the interest thereon, shall be made payable, and shall be paid on or before the 31st day of December, out of the Municipal revenue of the current year.

3. The obligation to be given in acknowledgement of the liability hereby created, shall be a promisory note or notes, signed by the Mayor and the Clerk of the Council, and sealed with the seal of the Corporation, and shall be, mutatis mutandis, in the form following:

$ GREENWOOD , 1897

"On or before the 31st day of December. 1897, the Corporation of the City of Greenwood promises to pay to or order the sum of dollars, for value received, with interest at per cent. per annum.',

4. This by-law may be cited as the "Temporary Loan By-Law, 1897."

Passed the Council the 7th day of September, 1897.

Reconsidered and finally adopted by the Council this 8th day of September, 1897.

[L.S.] ROBERT WOOD, Mayor.
DUNCAN ROSS, City Clerk.

NOTICE

THE above is a true copy of a by-law passed on the 8th day of September, 1897, by the municipal council of the corporation of the City of Greenwood, and all persons are hereby required to take notice that anyone desirous of applying to have said by-law, or any part thereof, quashed, must make his application for that purpose to the Supreme Court within one month next after the publication of this by-law in the British Columbia Gazette, or he will be too late to be heard in that behalf.

DUNCAN ROSS,
City Clerk.

A NEW COMPANY.

Notice of incorporation of the Boundary Creek Printing & Publishing Company will appear in the next issue of the British Columbia Gazette. The company has been organized for the the purpose of acquiring and carrying on the business of the BOUNDARY CREEK TIMES. "THE TIMES" was started about a year ago and since then its proprietors have no complaint to offer regarding the patronage of the public, but in order to increase the business and to make THE TIMES better than ever it was considered advisable to secure more capital. In organizing of the company the present proprietors of THE TIMES met with every encouragement. The business men of Greenwood and Anaconda at once subscribed for the shares issued beyond those taken by Messrs. Harber and Ross. The company is of limited liability, the capital stock being $5,000 divided into 500 shares of $10 each. The shares were issued at par.

In the memorandum of association the objects of the company are set forth as including the purchase of THE BOUNDARY CREEK TIMES, to carry on the business of printers, publishers, lithographers and stationers and any kindred trade that may be carried on in connection therewith; to acquire, purchase, register or obtain any interest in the copyright of any book, paper, pamphlet, map or design, and to grant leases or licenses thereof or to sell or deal with same.

The controlling interest in the new company will be retained by the present publishers of THE TIMES.

The resident correspondent of the Vancouver News-Advertiser makes the following kind reference to the organization of the new company:

"THE 'TIMES' has been in existence just about one year, the first issue having been published on September 12th, 1896. It was started under considerable disadvantages, and although having at times many difficuties to contend against, caused chiefly by unreliability and irregularity of transportation matters, it has faithfully fulfilled its engagements right along, at times at no small monetary sacrifice. Both in regard to tone and general get-up, it is a newspaper a new and comparatively remote town like Greenwood has no reason to be ashamed of, and now that the introduction of more capital has been arranged for, it will doubtless more than hold its own, to the benefit of the district at large, as well as to the pecuniary advantage of those directly interested in its affairs. THE "TIMES" enters upon its second year under favorable auspices and it has the good wishes of the community for its prosperity and extended usefulness."

Street Levels.

It is understood that the Board of Works who have been given power to act by the Council, will secure the services of Mr. C. Æ. Shaw, C. E., to run the proper street levels in Greenwood. There is a pressing necessity for this work as there are several desirous of erecting buildings and they are compelled to wait until they can secure the proper level. At first buildings were erected in Greenwood without regard to street levels and when the streets are properly graded some will find that the foundations of their buildings are several feet too high while others are too low.

Owns the "Golden Crown" mineral claim and has a bond on the "Calumet," situated in Wellington camp, Yale District, B.C.

The Golden Crown.

Hon. T. Mayne Daly, the president of the Brandon & Golden Crown Co., has submitted a voluminous report to his company regarding the property. He describes the many improvements which have been made at the mine and says further that the ore which assayed $97 gold and 3 per cent. copper on the surface continues to hold its value as depth is attained. The company contemplates installing at once a 50 horse power boiler, a pump and a 20 horse power double cylinder friction hoist. A compressor plant and air drill will follow soon. As soon as snow comes two carloads of ore will be shipped to the Trail smelter, in order to get a smelter return to show ore values.

Keep the City Clean.

Greenwood has been fortunate in escaping from the ravages of any serious epidemic. Other cities similarily situated have had to cope with typhoid fever, diphtheria and infections that are the accompaniments of impure water and bad sanitary regulations. Greenwood's good fortune in this respect cannot be said to be due to the care which has been exercised in keep the city in a sanitary condition. It is rather because it is healthily situated and has heretofore not been of sufficient size to make dangerous those contaminations which are usually found in populated cities with indifferently observed sanitary regulations.

Greenwood is now assuming proportions which demand that sanitary regulations be strictly observed. Those whose duty it is to see that the city is kept clean should not be backward in prosecuting those who by their carelessness endanger their own health and the health of others. But little sympathy will be wasted on those who endanger the lives of citizens by their ignorance or neglect of sanitary matters.

Liberal Association.

A meeting of the Liberal Association was held in Rendell & Co's. hall on Monday evening last. The committee on constitution and by-laws brought in a report which was slightly amended and adopted. Regular meetings of the association will be held on the first Friday of each month.

Alex Currie has leased Walter D'Aeth's residence on Silver street.

THOS. McDONNELL
C. AE. SHAW, C.E., P.L.S.

Bankers:

BANK OF MONTREAL, VERNON, B.C.

THE COMPANY'S mineral claims now number 14, of which 12 adjoin and form a compact group situate in PROVIDENCE CAMP, BOUNDARY CREEK. Development work is in progress on three of these, viz. the D. A., G. A. R., and O. B. claims, each giving promise of good results.

THE COMPANY lately acquired MR. THOS. MCDONNELL'S pre-emption of 320 acres and adjacent lands, upon which are excellent mill-sites and which give access to an abundant supply of water for power purposes. Forty acres of the pre-emption have been sub-divided into town lots, and the new townsite thus established has been named

BOUNDARY CREEK CITY,

which is most favorably situated at the junction of Boundary and Eholt creeks, and at a convenient distance from several important mining camps. These town lots are being offered at reasonable prices and upon easy terms of payment. Plans, prices and full particulars, are now obtainable at the Company's

HEAD OFFICE - - - GREENWOOD CITY, B.C.
