OF
FALL COMFORTS

EACH freight brings its contribution of new fall goods. We are prepared, better than ever before, to meet all the requirements of a comfort loving community.

WE ARE RIGHT ON
HOSIERY
A new stock of Infants', Children's, Misses' and Ladies cashmere and heavy all wool hose. Bought right, they will be sold right.

FLANNELETTE
NIGHT GOWNS
Fancy and plain, in blue, pink and white. Also exceptional values in flannel and flannelette piece goods.

LADIES' AND CHILDREN'S UNDERWEAR
WATSON'S unshrinkable wool, in all sizes from the smallest infant's to the largest out size for women. Also combination suits.

We have the best line of winter weight KIMONO'S ever shown here. You are invited to look them over.

Warm Dresses for little Misses serge and cashmere. All colors. Prettily Trimmed. Also in Flannelette.

HOME FURNISHINGS Carpets, Linoleums, Window Shades, Syrian and Smyrna Rugs, Lace Curtains. SPECIALS in Jap Matting and Art Squares.

NEW
Fall Goods Arriving

We are showing the nicest line of all-wool clothing at $15.00 ever brought in town

Fall and winter underwear ranging from a suit. The Wolsley at $5.50 a suit, guaranteed $1.25

Our Mackinaws in English and Canadian goods are union made and guaranteed a $5.00

SHOES A nice line of Slater's Invictus Shoes just in, which we can highly recommend, and at prices to suit the times. SHOES

Stetson Hats best quality from $4.00 to $5.50.

In shirts, collars and cuffs we carry a neat range of the W. G. & R. goods,

RUSSELL-LAW-CAULFIELD CO., Limited.

AMERICAN SHOES

The Original "Julia Marlowe" LaoBotc with elastic instep $5.00

RICH'S FAMOUS JULIA MARLOWE SHOES

With or Without "Elastic Instep"

"Julia Marlowe" Lace Oxford Shoes, fine Kid with elastic instep $3.25

THE GENUINE HAVE THE NAME ON EVERY SOLE. ACCEPT NO SUBSTITUTES.

THE NEW "JULIA MARLOWE" LACE BOOT WITHOUT ELASTIC INSTEP..... $.50

We announce with great pleasure that we are the exclusive agents of this famous make of fine shoes and have in stock a variety of the best styles.

RENDELL & CO.
Agents for Mason & Risch pianos.

East Greets West

New York Capitalists Interesting in Montreal and Boston Consolidated Mining & Smelting Company Visits the Boundary. Represent Much Wealth—Banquet Tendered by A. A. Munroe.

New York and Greenwood were brought together on Wednesday evening by the arrival of a party of Gotham business men who are interested in the Montreal and Boston Consolidated Mining and Smelting Company. They travelled across the continent in the private car "Twilight." The New York Central was used to Chicago, the Burlington to St. Paul the Great Northern to Grand Forks and the C. P. R. to Greenwood. They came here at the invitation of Messrs. Munroe & Munroe who were instrumental in successfully floating the big consolidation. The hosts did everything in their power to make the trip a pleasant one. Geo. Armstrong, from Munroe & Munroe's New York office, came along with the party and encomiums lavished upon him by the members of the party upon their arrival here was an indicator of the success which attended his efforts to provide comforts for the guests.

It was a jolly crowd who reached Greenwood Wednesday night They were all boys from Col. Plummer, the the venerable dean of the party, to "Handsome Harry" from the plains.

ACROSS THE CONTINENT.

They thoroughly enjoyed the trip, they fairly revelled in the pure atmosphere of the west after living between skyscrapers in New York and Boston. The weather was perfect all the way across but the acme of perfection in this regard was reached in the Boundary. But they were out here for more than a good time. They represented their own and other people's interests, and they came to examine the properties of the Montreal and Boston to satisfy themselves that their money was well invested and to assure their friends by bringing home good reports. The sum of money involved in the consolidation is necessarily a large one and this is the first time any of the heavy stockholders visited the company's properties. The visit means much for the Boundary. The men who are here represent some of the best financial houses in New York and Boston, and judging from the expressions which fell from the lips of prominent men of the party at the banquet on Thursday evening, the interest of neither Montreal and Boston nor the Boundary will be jeopardized by the visit.

THOSE WHO CAME.

But the banquet is another story. Those who came across the continent to see and invest were under the fatherly charge of Col. John H. Plummer, retired millionaire and prince of good fellows. He looked gay and debonair after chaperoning so many restless colts. He freely acknowledged the good conduct of the older members of the party, and claimed that the young men, like Senator Werner Miller and Mr. Charles Macdonald, were responsible for all his trouble. Col Plummer is a director of the Montreal and Boston. He is enthusiastic regarding the properties of the company and the Colenel's enthusiasnf is infectious.

Senator Werner Miller has seen many years of service in the U. S. House of Lords. He represented New York in the Senate but a few years ago retired from active politics. He is no stranger to British Columbia or the Boundary. He invested in British Columbia mines some years ago and also in Republic. The Senator is associated with many of the big financial magnates of New York, some of whom are interested or desire to become interested in the Montreal and Boston.

PLUMMER'S COLTS

Charles Macdonald is a retired civil engineer whose success as a bridge builder is known all over the world. He also knows something of British Columbia because he was associated with Andrew Onderdonk in the construction of the British Columbia section of the C. P. R. Like many another good man who has helped to give the United States a reputation for successful business men, Mr. Macdonald was born in Canada, near Kingston, Ont. He now makes his home in New York.

Dr. A. E. Margoris is one of the successful medical men of the banner state. He comes from Brighampton. This is not his first experience in mining as he has been largely interested in mines in Mexico and elsewhere in the west, and has made many trips westward in connection with his mining interests.

Geo. Armstrong attained fame before he made a reputation as personal representative of Munroe & Munroe on the trip across the continent. He is one of the best amateur golfers in the United States. Like the majority of the party he is Scotch, with this difference, some of the visitors can successfully conceal the fact, Mr. Armstrong cannot. He is connected with Munroe & Munroe's New York office.

BRIGHT YOUNG MEN.

Quincey Ward Boese is a splendid type of the young American who, during recent years, has demonstrated that youth is no barrier to success. He is one of the leading attorneys of New York and looks after the legal business of the Montreal and Boston on the other side of the line.

Louis G. Whicher is another of the bright young men of the party. He comes from the banking firm of Joes & Whicher, who are prominent members of the stock exchange.

Dr. Homer Giboney is physician to the Waldorf-Astoria hotel and has interested himself in Western mining investments.

F. A. Fish is another of the directors of the Montreal and Boston. He is a member of the banking firm of Geo. A. Masson & Co. Mr. Fish's firm is heavily interested in copper investments.

FROM BOSTON.

W. F. Bartholemew represents the Boston News Bureau, one of the big financial journals of the east. Boston is the home of the copper investors, and the Boston News Bureau is their organ.

Joseph H. Cody is another bright Bostonian the wit of the party during the trip across the continent. But behind the "Sunny Jim" smile is a shrewd business capacity necessary in the representative of the big banking firm of Hayden, Stone & Co., who are big dealers in copper securities.

G. A. Shaw represents a New York banking firm Keach, Lowe & Co.

Willis W. Russell who is a replica of Henry Cabot Lodge represents the American Playing Card Trust. His company commands millions of capital some of which is likely to find its way into British Columbia.

Edward Lyndon is a well known electrical engineer and W. E. Mitchell is a young mining engineer with good connections. He represents a number of investors including his father in this trip and as he has the technical knowledge of mining his report will be awaited in Gotham with considerable interest.

Last but not least, A. Graham is bright newspaper man. His paper is "The Courant" published at Hartford, Conn.

SMELTER BLOWN IN

The private car Twilight with the party on board reached here about eight o'clock Wednesday evening. They were welcomed to the Boundary by A. A. Munroe. They went down to the smelter at Boundary Falls that evening and found one furnace running full blast. The furnace was blowd in Wednesday morning. Since the consolidation was successfully accomplished, superintendent Collins of the company's mines systematically went to work to get the various properties on a permanent shipping basis. The Brooklyn, Stemwinder, Rawhide, Athelstan, and Sunset were all overhauled, shafts were straightened and other improvements carried out. From the outset the management announced that everything would be in readiness to blow in the smelter on October 1st. This date was anticipated a few days. Regular shipments are coming to smelter from the various mines and the second furnace will shortly be blown in. This will be followed by a third and fourth. The capacity of the smelter will be increased from time to time and with a converter plant added the company will then be in a position to treat its ore at the lowest possible cost.

The visitors inspected the smelter by electric light. Superintendent Welch and manager Pemberton were kept busy showing the various parts and answering questions.

Thursday was a day of rest for the majority of members of the party. Thursday night they and a number of Greenwood citizens were guests of A. A. Munroe at a complimentary banquet given at the Imperial.

THE BANQUET

No better method of bringing New York and Greenwood closer together could have been suggested. The dinner was excellent, excellently cooked and excellently served, the speeches were all in a happy vein and there was a splendid feeling of good fellowship. The speec hes of the evening so far as the mining industry is concerned were made by Messrs. Hodges and McAllister both of whom stated that the ore was low grade but the values were sufficient to insure an absolute and permanent profit and the amount of this profit depended solely on the quantity of ore mined and treated. Mr. Munroe presided. To his right was Col. Plummer who acted as toast master; to his left Chas. Macdonald and seated around the festive board were the visitors from New York and the following local people, A. M. Whiteside, Dr. G. M. Foster, W. B. Wilcox, Phoenix, M. Brookes, W. G. Gaunce, J. E. McAllister, E. G. Warren, A. B. W. Hodges, J. P. Myers-Gray, H. F. Stow, W. G. McMynn, Duncan Ross.

The menu card which was indicative of the various properties of the company follows:

"CARD OF GUID THINGS"

OYSTERS—Blue Points.

Consomme Royal a la "Brooklyn"

Breaded Fillett of Halibut

Celery "Stemwinder" Potatoes

Sliced Cucumbers. "Rawhide" Tomatoes.

"Montazuma" Olives. Salted Almonds

Brazed "Athelstan" Pheasant Breast Aux Champignon.

Smelter Omelette a la "Boundary Falls"

Prime Ribs of Beef "A Jack Pot"

"Crown Silver" Turkey "Sunset" Jelly

Whipped Potatoes

Asparagus Tips in Butter

"Idaho" Plum Pudding, Dry and Brandy Sauce

"Mountain Rose" Ice Cream "C. O. D."

Assorted Fruits.

"Standard" Nuts and Raisins

Cafe Noir.

Col. Plummer is an excellent toast master. He kept the programme moving and the speeches were short and happy and the songs and music were much appreciated. The toast master in a few well chosen words which breathed a feeling of friendliness to the people of this side and a warm appreciation of King Edward, proposed

FRIDAY SEPTEMBER 30, 1904

NEW YORK—GREENWOOD

The visit of the big party of New York capitalists is an important event in the history of the Boundary. There is no more promising field for the investment of capital than the Boundary district; on the other hand capital is absolutely necessary to the development of the larger bodies of low grade ore. We have the mines, New York has the capital. Bringing the two together will be mutually advantageous. The Times joins with the other residents of Greenwood in extending to the distinguished visitors a cordial welcome. We trust that they will enjoy their visit and that they return home convinced that they have seen the best and biggest mining camp in the world.

RAILWAY BUILDING.

The announcements made by the Boundary Creek Times in recent issues in reference to railway construction westward are being confirmed by railway officials. Sir Thomas Shaughnessy admitted that his company intended building west, and Great Northern officials who were recently in Vancouver announced that their road would be extended into the Similkameen. The race by the two rival railroad corporations will be watched with interest. The construction of these roads means much to the Similkameen district whose progress has been retarded by lack of transportation facilities. It is a district, however, that will not prove disappointing to the railroad builder.

A GOLD BRICK.

Conservatives are attempting to belittle the Grand Trunk Pacific project by advocating a policy of governmental ownership. With many of the Conservative leaders, including Hon. John Haggart, ex-minister of railways, Sir McKenzie Bowell, ex-premier, opposed to governmental ownership, the sincerity of the Tory advocates is not above suspicion. A. W. Puttee, M. P. for Winnipeg, and a strong labor representative, while a consistent exponent of governmental ownership does not take much stock in the Tory programme. In his paper, the Winnigeg Voice, he says:—

"Some prominent persons are welcoming the approaching contest in the belief that for once again it is be fought on a higher plane, and that the question of government ownership as a policy for Canada is to be settled. This may be very comforting to some, but people who have fought for government ownership, and the Labor party who make it a cardinal principle in their platform, don't want a gold brick at anybody's hands. We in the province of Manitoba have had one lesson in the way that the political parties can juggle with any promise. In 1899 a (conservative) government was elected on a government of railways platform. The Roblin-C. N. R. deal was the fulfillment, and it ought to be distiactly understood that we want no more of it.

"Government construction, ownership and operation of railways is the plain way to state the government ownership platform. Mr. R. L. Borden, in his speeches as leader of the opposition, or in his motions made in the commons, has not advocated that policy, and so far has not in frankness raised it as an issue. In the senate Sir Mackenzie Bowell stated that operation of railways was not included in the proposals made by the opposition. A thousand-year-lease deal of the Mackenzie & Mann brand would fill all the promises that have so far been officially made. We of the labor party object to any party getting votes on decoy schemes. If the Conservative party is prepared to adopt government ownership, let them adopt it and win on it; but if the party has not got that much virility let it bear the loss."

The virtuous party which gloried in its act for the "hiving of the Grits', and preventing an honest expression of public opinion; which enacted a special franchise act and placed it entirely in the hands of its own agents to assist in the same purpose; which regularly assessed contractors in order to create election funds; which was guilty of every conceivable electoral crime in order to entrench itself in power, which fortified itself so strongly that nothing less than a political revolution could remove it from its stronghold—that party is today assailing the Laurier government with charges of corruption, but is unable to produce one tittle of proof in support of its allegations.—Victoria Times.

The Dominion government has a staff of Scotch experts teaching the people of Causs, Nova Scotia, how to pack herring. The fish put up by them command a ready sale at a price in advance of the ordinary Canadian product. The Scotch experts are to remain in the country another year. Before they go home they should spend a year or two in British Columbia. There are fine herring in our coast waters, and a great industry might be built up here, if the best means of curing them were used.

Harold Nelson's Return

This Season He Gives Us Elaborate Productions of "Heart and Sword" and "Faust."

Mr. Harold Nelson and his excellent company will appear at Greenwood Opera House two nights commencing Wednesday, Oct. 12. On Wednesday evening he will present his latest and most pronounced success, "Heart and Sword," a spectacular romantic drama of absorbing interest. Mr. Nelson is still under the management of Mr. C. P. Walker, to whom Western Canada's theatre-goers have in the past been indebted for entertainment of a superior character. Mr. Walker promises that Mr. Nelson's production of "Heart and Sword" will in the elaborateness of its costuming, scenery and lighting effects, eclipse even the splendid production of "Quo Vadis:" which was the chief theatrical event locally of last season. Romantic plays being now so much in vogue, Manager Walker has induced Mr. Nelson to step, for the time, from the more serious classic partrayal to the lighter and brighter line of characters.

In selecting "Heart and Sword" for Mr. Nelson's first venture in a new field of the drama, his manager not alone considered the special opportunities the stellar role afforded his star, but also had in mind the possibilities for elaborate scenic settings, pictnresvue costuming and beautiful lighting effects. all of which are so essential to a satisfactory presentation of romantic drama.

A VANCOUVER SURMISE

Vancouver Province Believes Great Northern will build.

The Great Northern Railway intends to proceeds immediately with the construction of a line of railway from Midway, in the Boundary district, to Princeton, in the Similkameen, via Hedley City.

The riches of of mineral deposits of the Smilkameen Valley are to be turned into the Granby smelter at Grand Forks for reduction; James J. Hill, president of Great Northern, owns the controlling interest in the Granby smelter; the Granby people own large interests in the Tulameen and Boulder districts, and so it comes about that James J. Hill is going to build a line of railway right into the heart of the Smilkmeen to act as a feeder for his smelter and his lines of railway to the south of the boundary line between Canada and the United States.

The charter under which the Great Northern will build into the Smilkameen is that one so well known to Vancouver people—it is none other than the charter of the V., V. & E. Railway which some time since passed into the hands of the Great Northern, and the rights to which were renewed at the last session of the Dominion Parliament.

Yesterday Great Northern Railway officials commenced to reach Vancouver from all points of the compass. On arrival, each official professed to know nothing of importance, and each said he had just casually happened along. As a matter of fact the Great Northern people, some of them the highest officials in that company, came to Vancouver principally to hear the report of J. C. Eden, general traffic manager of the Great Northern, who spent the past two weeks touring the Similkameen Valley, and receiving information from Great Northern and Granby smelter agents located throughout that territory.

Mr. Eden reached Vancouver yesterday direct from the Similkameen. He made his report. Those who heard it were Mr. J. D. Farrell, assistant to J. J. Hill; R. I. Farrington of St. Paul, second vice-president of the Great Northern and financier of the company; F. E. Ward of St. Paul, general manager of the Great Northern; Mr. S. G. Yerkes, general western passenger agent of the road, and possibly some others intimately connected with the move to build the line from Midway. Included in the "others" were one or two local men who in the past had much to do with the V., V. & E. charter.

As a direct result of the report turned in by Mr. Eden, there left Vancouver at 7 o'clock this morning for the Similkameen, Mr. R. I. Farrington and Mr. F. E. Ward. Although to all inquiries from newspapers as to what the conference in this city means the Great Northern officials were deaf, it leaked out today that the gathering here was in the main for the purpose of hearing Mr. Eden's report. That such is the case is obvious from the trip Messrs. Farrington and Ward started out on today. That the Great Northern intends to rush the line of railway into the Similkameen there is no possible doubt for the information was confirmed today from a source which cannot be questioned.

Twenty miles of the road from Midway toward Hedley City has already been surveyed, and construction is to be proceeded with immediately material and men can be placed on the ground. Already shipments of rails have been started in from Bellingham, Washington, and more are following from the same point.

Mr. Eden states that the possible ore output from the mineral properties at and in the vicinity of Hedley City alone warrant the construction of a railway.—That Mr. Eden is not basing that statement on guesswork is shown by the fact that last week Geologist C. H. Wolf of the Granby smelter was in the Hedley district from the boundary line north as far as Princeton, in fact, he had made a general roundup of information concerning the mining prospects of the entire country, the output of which, it is planned shall be drained into the Granby works.

Being in possession of the V., V. & E. charter, and therefore in a position tion to commence construction without haqing to run any bills through either the local or Dominion house, construction of the line from Midway to Princeton mry be commenced without delay by the Great Northern.

In view of the activity of the Great Northern officials in the Smilkameen, tne completion of the surveving of twenty miles of the road, the known transportation of rails from Bellingham to Midway by the Great Northern and the semi-official announcement of to-day that the building of the line is to be pushed, there is every reason to believe that work will be actually started within the next couple of months.

Possibly at some later date the Great Northern may make use of the remaining portion of its V., V. & E. charter and build into Vancouver, but apparently there is no intention of such action at present. Perhaps some other line of railway may tap the Similkameen from the northern end of the valley and lay some of its riches in the lap of Vancouver?—Vancouver World.

Question of Matrimony

When a Clerk in Bank B. N. A. is Allowed to Wed.

The San Francisco Examiner of recent date refers to the rule in force in the Bank of B. N. A. that no clerk earning less than $1500 can take unto himself a wife and incidvntally announcing the engagement of Fritz Lewin, who for several years was connected with the Greenwood branch of the bank. The Examiner says:

"It is not absolute celibacy that is enjoined on the young financiers of the Bank of British North America, but merely relative.

The paternal care which the directors of that institution exercise over these young men has reduced marriage to a phase of banking—that is to say, it is a question of finance and arithmetic. The information was elicted by way of cemmentary on the case of Frederick Lewin, a young banker whose engagement to Miss Laura Sanchez Scott was announced yesterday.

Now the stern fathers of the Bank of British North America have declared that nOne of their young men shall embark on what some graceless poet has called "the sea of matrimony" unless they are earning a certain hard and fast minimum.

But look you, this is not the $14 a week desideratum which for months has agitated the breasts of the fair and the unfair in this neck of the woods. No, sir. The irreducible minimum at which the monastic rule of the Bank of Bfitish North America shall be relaxed is $1400 per annum. Make a note of it ladies, and in the future when the gay young British financier comes a courting after office hours just ask him if he is earning $1400 a year before engaging your affections. Although Britannia reles the waves the British "sea of matrimony" cannot be navigated for a penny less. Because Britains never, never shall be slaves.

It would not be polite to inquire whether Mr. Lewin's income passes the irreducible minimum of $1400 a year, but he deprecated publicity because really the bank people might not like it. He was seen yesterday at the badk and asked about his engagement and the harsh unbending regimen of the matrimonial minimum enjoined by the unpoetic board of directors."

Miss Jessie Shirley and her company who will be at the Auditorium next Wednesday and Thutsday, Oct. 5 and 6, is conceded by both press and public to be the best company that have ever played the provinces. The theatre goers of Greenwood will have a dramatic treat in the engagement of this this talented little lady and her sterling company. The plays which are to be presented by this capable organization are "The Princess of Patches" and "Camille." The first named play is the story of a young girl who having been stolen when a babe by an octoroon slave belonging to her father, is brought up in ignorance of her parentage. The slave afterwards murders the father in revenge for a flogging. The opening of the play discloses the Silverthorn plantation and the real action commences at the entrance of a tramp, (Waggles) who has found the clothing of a little girl on the river bank, and brings them to Col. Silverthorn, thinking the owner has been drowned. Miss Shirley as Selma, (called the Princess of Patches) makes an entrance in the first act which is both novel and unique. The play is full of startling climaxes and funny situations, and is replete with pathos and comedy,

Synopsis of Regulations for Disposal of Minerals on Dominion Lands in Manitoba, the Northwest Territories and the Yukon Territory.

Coal.—Coal lands may be purchased at $10 per acre for soft coal and $20 for anthracite. Not more than 320 acres can be acquired by one individual or company. Royalty at the rate of ten cents per ton of 2000 pounds shall be collected on gross output.

Quartz.—Persons of eighteen years and over and joint stock companies holding free miners' certificates may obtain entry for a mining location.

A free miner's certificate is granted for one or more years, not exceeding five, upon payment in advance of $7.50 per annum for an individual, and from $50 to $100 per annum for a company, according to capital.

A free miner, having discovered coal in place, may locate a claim 1500x1500 feet by marking out the same with two legal posts, bearing location notices, one at each end on the line of the lode or vein.

The claim shall be recorded within fifteen days if located within ten miles of a mining recorder's office, one additional day allowed for every additional ten miles or fraction. The fee for recording a claim is $5 00.

At least $100 must be expended on the claim each year or paid to the mining recorder in lieu thereof. When $500 has been expended or paid, the has been expended or paid, the locator may, upon having a survey made, and upon complying with the other requirements, purchase the land at $1.00 an acre.

Permission may be granted by the Minister of the Interior to locate claims containing iron and mica, also copper, in the Yukon Territory, of an area not exceeding 160 acres.

The patent for a mining location shall provide for the payment of royalty on the sales not exceeding five per cent.

Placer Mining, Manitoba and the N. W. T., excepting the Yukon Territory.—Placer mining claims generally are 100 ft. square; entry fee, $5 renewable yearly. On the North Saskatchewan river claims for either bar or bench the former being 100 feet long and extending between high and low water mark. The latter includes bar diggings, but extends back to the base of the hill or bank, but not exceeding 1000 feet. Where steam power is used, claims 200 feet wide may be obtained.

Dredging in the rivers of Manitoba and the N. W. T., excepting the Yukon Territory.—A free miner may obtain only two leases of five miles each for a term of twenty years, renewable in the discretion of the Minister of the Interior.

The lessee's right is confined to the submerged bed or bars of the river below low water mark, and subject to the rights of all persons who have, or who may receive entries for bar diggings or bench claims, except on the Saskatchewan river, where the lessee may dredge to high water mark on each alternate leasehold.

The lessee shall have a dredge in operation within one season from the date of the lease for each five miles, but where a person or company has obtained more than one lease one dredge for each fifteen miles or fraction is sufficient. Rental, $10 per annum for each mile of river leased. Royalty at the rate of two and a half per cent collected on the output after it exceeds $10,000.

Dredging in the Yukon Territory—Six leases of five miles each may be granted to a free miner for a term of twenty years, also renewable.

The lessee's right is confined to the submerged beds or bars in the river below low water mark, that boundary to be fixed by its position on the 1st day of August in the year of the date of the lease.

The lessee shall have one dredge in operation within two years from the date of the lease, and one dredge for each five miles, within six years from such date Rental $100 per mile for first year, and $10 per mile for each subsequent year. Royalty, same as placer mining.

Placer mining in the Yukon Territory—Creek, gulch, river and hill claims shall not exceed 250 feet in length, measured on the base line or general direclion of the creek or gulch, the width being 1,000 to 2,000. All other placer claims shall be 200 feet square.

Claimes are marked by two legal posts, one at each end, bearing notices. Entry must be obtained within ten days, if the claim is within ten miles of mining recorder's office. One additional day allowed for each ten miles or fraction.

The person or company staking a claim must hold a free miner's certificate.

The discoverer of a new mine is entitled to a claim of 1,000 feet in length, and if the party consists of two 1,500 altogether, on the output of which no royalty will be charged, the rest of the party ordinary claims only.

Entry fee $10. Royalty at the rate of two and one half per cent. on the value of the gold shipped from the Yukon territory to be paid to the Comdtroller.

No free miner shall receive a grant of more than one mining claim on each seperate river, creek or gulch, but the same miner may hold any number of claims by purchase, and free miners may work their claims in partnership by filing notice and paying fee of $2. A claim may be abandoned, and another obtained on the same creek, gulch or river, by giving notice and paying a fee.

Work must be done a claim each year to the value of at least of $200.

A certificate that work has been done must be obtained each year. If not, the claim shall be deemed to be abandoned, and open to occupation and entry by a free miner.

The boundaries of a claim may be defined absolutely by having a survey made and publishing notices in the Yukon Official Gazette.

Petroleum—All unappropriated Dominion Lands in Manitoba, the Northwest Territories and within the Yukon Territory are open to prospecting for petroleum, and the minister may reserve for an individual or company having machinery on the land to be prospected, an area of 640 acres Should the prospector discover oil in paying quantities, and satisfactorily establish such discovery, an area not exceeding 640 acres, including the oil well and such other land as may be determined will be sold to the discoverer at the rate of $1.00 an acre, subject to royalty at such rate as may be specified by order-in-council.

JAMES A. SMART,
Deputy of the Minister of the Interior.
Department of the Interior, Ottawa.

NOTICE OF FORFEITURE.

TO DAVID BEATH, HENRY SHIELDS, or to any person or persons to whom they may have transferred their interest in the Paymaster mineral claim, situate in the Greenwood Mining Division of Yale district.

You are hereby notified that I have expended the sum of $1000 for surveying the above mentioned claim and $2.50 for recording the same for an assessment, such being required and necessary to hold the said claim for the year ending October 11, 1903, under the provision of the Mineral Act and Amending Acts; and if at the expiration of ninety days from the date of the first publication of this notice in the Boundary Creek Times, you fail or refuse to contribute your portion of such expenditure, namely, $51.25, together with all costs of advertising, your interests in said mineral claim shall become invested in me, [your co-owner] upon filing in the proper office in that behalf the affidavit required by section 4, of the Mineral Act Amendment Act, 1900."

Dated this 9th day of June, 1904.

ROBERT WOOD.

MINERAL ACT
Certificate of Improvements.

NOTICE

SNOWSHOE, DIAMOND, and TOLEDO, Mineral Claims, situated in the Greenwood Mining Division of Yale District. Where located: At Camp McKinney.

DEATH OF S. McLELLAND

Much Respected Miner Dies at Cranbrook.

Word was received here last week that Sam McLellaand, a well known miner, had died at the Cranbrook hospital. The deceased was well known and popular in the Boundary. He worked at the Mother Lode for some time and was president of the Greenwood Miners' union. He went from here to Rossland and when the St. Eugene mine started up he left to work there.

Mr. McLelland was a member of Boundary Valley Lodge I. O. O. F. He was sober and industrious and his death is much regretted by all who knew him.

The Moyie Leader gives the following particulars of his death :

"Samuel McLelland, formerly of Rossland and Greenwood, but for several months past a resident of Moyie, died in the St. Eugene hospital at Cranbrook early Wednesday morning after an illness of only five or six days. Death was due to intestinal obstruction. It was necessaay to perform two operations on him, and everything possible was done by the physicians in attendance and the Sisters to save his life but to no avail. Mr. McLelland was 26 years of age and a miner by occupation. He was a member of Moyie Miners' union, a member of the Odd Fellow's lodge in Greenwood and a member of the Encampment and Rebekah lodges in Rossland. As a devoted and enthusiastic member of these orders, he governed his daily life by their precepts and teachings, and when the end came he was prepared and passed to that eternal rest which a well governed life has for its ward. The news of his death, while in the prime of life, will carry sadness to many hearts.

The funeral was held in Crankrook today and a special train was run from Moyie. Over 100 people from here turned out. The funeral was held under the auspices of the Moyie Miners' union and Oddfellows' lodges of Cranbrook and Moyie. The pall bearers were made up of three from the union and three from the lodge. Services were held at the Methodist church, Rev. S. J. Thompson officiating. The casket was covered with flowers. A wreath in the form of three links, the Oddfellows emblem, was made by Mrs. Foote. The letters W. F. M. and a cross were made by Mrs. Elmer, and a cross was made by Mrs. P. J. McMahon. The remains were shipped to his friends in Ottawa."

MISS JESSIE SHIRLEY

The Shirley company which opens at the Opera House Wednesday, Oct. 5th, for an engagement of two nights is one of the best stock companies on the road and their repertoire includes the best standard plays. Miss Shirley enjoys a reputation second to none as an actress of great ability, her portrayal of the principal roles in the number of plays presented by this sterling organization are conceded by both press and public to be equal to that of higher priced stars. The company includes the following well know people: Geo. McQuarrie, Edmund Abbey, Wilson Forbes, C. F. Ralston, Wm. R. Abran, Frank McQuarrie, Less Grier, Harry Smith, Chas. Quinn: Miss Laura Adams, Miss Maxie Mitchell, Miss Helen Hamilton and Miss Odell Reise, under the management of Harry W. Smith. The company has just completed a short tour of the provinces, and after their return date at Nelson during the fair week will return to the states. The bills to be presented at Greenwood are The Princess of Patches and Camille Seats will be on sale for both performances Monday, Oct. 3. Prices $1.00 and 75 cents at White Bros.- and Thomas' drug stores.

GAYLER--McLAREN.

Carson was the scene of a very pretty wedding on Wednesday, September 21st when Homer N. Gaylor, general manager of the International Coke Co. at Coleman, was married to Miss Isabelle Budina McLaren, third daughter of John McLaren. Rev. J.R.Robertson of Grand Forks tied the nuptial knot. The bridesmaid was her sister, Miss Ethel, while A. R. Rome supported the groom. The honey moon is being spent in eastern cities.

Among the guests were Mr. and Mrs. J. McNichol of Midway, Mrs. McNicol being a sister of the pride.

NOTICE

IN THE MATTER of the Railway Act, and Amending Acts, and In the Matter of the Columbia and Western Railway Company and portion of Lot 534, Group 1, Osoyoos Division, Yale District, British Columbia.

NOTICE IS HEREBY GIVEN that the said Railway Company is the owner and in possession of its Right of Way over the subdivided portion of the West Half of the above described lot, as shown on the map or plan of the main line of the Columbia and Western Railway, on file at the Land Registry Office at Kamloops, by virtue of an agreement in writing dated the 5th day of August, A. D., 1898, made between Edward Ruckle and Francis Ruckle of the one part and the said Railway Company of the other part, according to the provisions of the Railway Act, 51 Vict., Chapter 29, and Amending Acts, an authentic copy whereof is filed in the office of the Clerk of the County Court of Yale, at Greenwood in the said County.

AND FURTHER TAKE NOTICE that the sum of $262.40, the amount of compensation for the said lands, and interest thereon, has been paid into Court, and all persons claiming an interest in or entitled to the said lands or any part thereof are required to file their claims to the said compensation or the portion thereof to which they may claim to be entitled, in the said office.

Dated this 9th day of September, A. D. 1904.

A. M. WHITESIDE,
Solicitor for the Columbia and Western Railway Company.

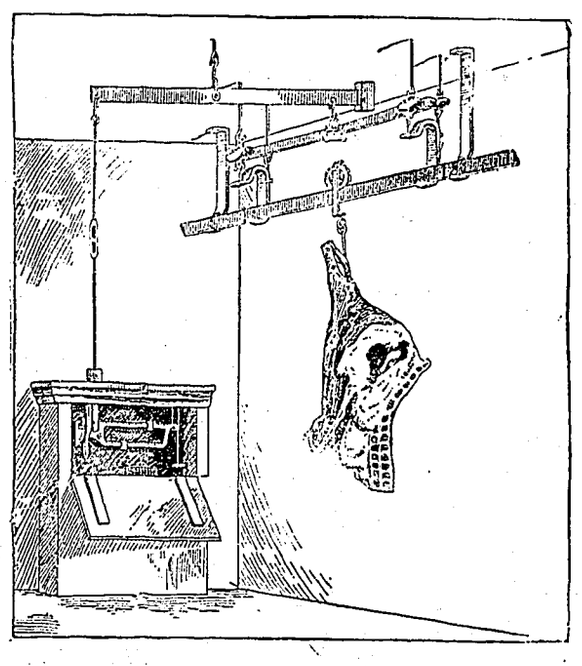
To Edward Ruckle, Francis Ruckle, the Grand Forks Townsite Company and to all others whom it may concern.

Union Meat Market.

I beg to announce to the people of Greenwood and vicinity that I have taken the business of the Union Meat Co., over, in this city, and ask for a share of your patronage. My wagon will call mornings for your orders and the greatest care will be taken in filling of same and prompt delivery. Everything carried in stock that can be had in any up-to-date butchering establishment. Trusting you will favor us with an order

Yours etc.,

J. P. FLOOD, Prop.



P. Burns & Co.

Wise and Otherwise

S. Barry Yuill was one of the Greenwood visitors to the Nelson fair.

I. D. Merton of Melbourne, Australia, who is making a trip around the world, was in Greenwood this week.

H. W. Fuller has returned from Tonapah where he recently made a deal which netted him a small fortune.

W. F. Smith, of Smith & McRae, has returned from a five months' visit with his family in Wisconsin. He also visited North Dakota and Ontario points.

The annual meeting of the Greenwood Curling club will be held in the former Board of Trade rooms, Windsor hotel, on Monday evening at eight o'clock.

C. Scott Galloway, who has charge of the work at the Strathmore mine recently purchased by the Greenwood-Strathmore Mines, Ltd., has three men at work on the property.

A typographical error crept into the announcement in the Times in reference to the Curfew by-law. Children under age are not allowed on the streets after nine o'clock unless accompanied by parent or guardian.

The harvest home social in the Methodist church Monday night was well attended. An interesting programme was carried out. Rev. J. D. P. Knox, the pastor of the congregation, is rapidly recovering from an attack of typhoid fever.

J. E. Whitcher, a Chicago journalist who went to the Orient to report the war, but who was prevented from going to the scene of action by the over cautious Japs, was in the city this week. He is doing special work for Gosnell's year book.

W. J. Bowser, grand master of the British Columbia jurisdiction A. F. & A. M., paid an official visit to the Boundary lodges last week. He was in Greenwood on Friday and Phoenix on Saturday. Several of the local members accompanied him to Phoenix.

Frederic Keffer, manager of the B.C. Copper Co., Mrs. Keffer and Master Robert, editor of the Anaconda News, leave next week on a holiday trip in the east. Cleveland and New York will be visited and St. Louis on the return trip. They expect to be away about five weeks.

The charge against Mrs. McNaughton for having stolen chickens in her possession was dismissed by Magistrate Hallett on Monday. After the dismissal officer Currie found a sack of chickens adjacent to her residence. They were identified by Wm. McBride as some of those stolen from him last week.

According to the Spokesman-Review of Sep. 27th there are piles of coal stacked up around Port Arthur. This is not the case in Greenwood. The fact is that where coal is such a luxury the best thing to do is to invest in a Queen heater. You will find a splendid new line of these economical stoves at Hunter-Kendrick's.

A meeting of the directors of the Providence Mining company was held in Greenwood this week. Among those present were W. Macey of Phonix J. Peatt of Spokane, and all the local directors. The directors ordered the purchase of the Diamond fraction, adjoining the Providence mine, from Wm. Diamond. The consideration is about $8000.

At the manse September 26th, by Rev. M D. McKee, Mr. John Alexander Hanna and Miss Lizzie Louseke, both of Phoenix, were united in marriage. Mr. and Mrs. Hanna will make their home in Phoenix.

R. H. Robinson was advised by wire on Monday night that his three year old daughter had died from diptheria after 36 hours illness. Mrs. Robinson and the family went to Vancouver about three months ago. The dread epidemic appears to be prevalent at the terminal city and the family did not escape. Mr. Robinson left for the coast on Tuesday. Much sympathy is felt for Mr. and Mrs. Robinson in their sudden and sad bereavement.

Sir Thos. Shaughnessy and party of C. P. R. officials did not come to the Boundary after all. Too much time was spent on the coast, so that the party was forced to go east over the Crow's Nest line without visiting the camp with the tonnage. Sir Thomas made some interesting announcements. He said the C. P. R. would build a line through the Kootenay valley to Golden and also a line from Midway to Ruby creek. Ruby creek is on the main line across the Fraser river from Hope. When the work is to be commenced was not stated.

Dr. J. G. Rutherford, chief of the Dominion Veterinary department, was in the city over Sunday accompanied by Dr. S. F. Tomie of Victoria. Dr. Ruthford's jurisdiction extends from ocean to ocean and his visit is one of inspection. He is particularly anxious to improve quarantine facilities at various points where horses and cattle cross from the other side. During recent years large numbers of scrub horses have been imported, some of which were diseased. Quarantine stations will be established at certain points and customs officers will be instructed not to accept any entry of cattle or horses unless passed at these stations. Drs. Rutherford and Tolime went west through the Similkameen district.

The Providence Mining company on Monday bought the Diamond Fraction, immediately east of the Providence. The main lead of the Providence is believed to run through the Diamond property as it has already been traced almost to the line of the claim. The consideration is said to have been 1600 shares of Providence treasury stock and is regarded as very reasonable by mining men. Wm. Dimond, the owner of the property, preferred to take stock in the company to taking cash, believing the stock a better investment than he could make with the money. On September 30 another dividend of 10c per share will be paid by the Providence company. This means a 12 per cent interest already earned this year on the par value of the company's stock.

East Greets West

the toast of the King. Canuck and Yank joined together in singing the national anthem, and the toast was enthusiastically received.

Duncan Ross hastened to congratulate the people of New York upon having reached the promised land and Mr. Munroe upon being the Moses to lead them out of the wilderness. He thanked Col. Plummer for his words of good will and for his eloquent references to His Majesty the King. He briefly referred to the progress made in the Boundary.

W. G. Gaunce in a short but eloquent speech also welcomed the visitors. He pointed out that we were people of one blood, one race and whose ideas and ideals were the same. He rejoiced that it was so and thought the coming together of the people of New York and Greenwood would be mutually advantageous. We had the ore, they had the capital, and as an evidence of what the Boundary could do he quoted figures to show the remarkable progress made in the Boundary.

The toast to the President of the United States was received with the same enthusiasm that characterized the toast to the King. America took the place of God Save the King and enthusiasm did not slacken. Senator Miller responded in an eloquent speech in which he paid a tribute to Canada and Canadians, urged reciprocal trade relations and depreciated the fact that the suggestions made by Canada for reciprocity were turned down by the U. S. government. He spoke in glowing terms regarding President Roosevelt. He referred to his investments in this country, some of which were not profitable but he believed in looking for his money where he left it. Patience and determination and the investment of large capital were sure to bring in large returns in this district. He congratulated the Montreal and Boston Consolidated on its investments and Munroe & Munroe on their successful flotation.

A. M. Whiteside also welcomed the visitors to the Boundary and proposed a toast to Munroe & Munroe who were so successful in promoting the consolidation.

Before Mr. Munroe responded Col. Plummer took occasion to say that New York appreciated the Munroes, appreciated their sterling worth, their enterprise and push, that they were all friends of Munroes and they were going to stand by them.

Mr. Munroe in a modest speech thanked Col. Plummer and others for the many kind things said.

Mr. Charles Macdonald was introduced as a Canadian by birth and a New Yorker by adoption. He himself didn't know what country he belonged to. He had a warm spot in his heart for his native land. He was delighted with the trip and impressed by the magnificent resources of the country.

Mr. Arthur Shaw entertained the company with an exhibition of skirt dancing, and Mr. Pemberton's splendid voice was heard in several topical songs, Mr. A. W. B. Hodges acted as accompanist.

MEN WHO KNOW.

J. E. McAllister, supt. of the B. C. Copper Company's smelter, spoke as a technical man with eighteen months experience at a smelter treating Boundary ores. He had not the experience of Mr. Hodges who was the dean of Boundary smelting. Outside of Mexico the Boundary was the greatest copper producer in America. (Applause.) It was only a question of production at low cost and that problem had been solved. (Applause.) The stuff is here to be worked and we know how to work it. (Applause.) He paid a compliment to Mr. Hodges by saying he had paved the way to success and they were all profiting by his experience He congratulated the Montreal and Boston on the success of their flotation and on the valuable properties which they had secured.

A. W. B. Hodges, general superintendent of the Granby company's mines and smelter, said there was considerable talk about low grade ores but low grade mines meant success (hear, hear) and low grade mines meant success in the Boundary. (Applause.) The total profits are measured by the amounts you can mine and smelt per day The profits are here. He was glad to learn of the consolidation. His company had been doing business by itself and when they were fighting for better freight rates on ore and supplies they would have been glad to have the cooperation of the Montreal & Boston. The Montreal & Boston had in Phoenix mines just as good as the Granby, but not so well developed. (Applause.) He extended to all a cordial invitation to visit the Granby mines and see for themselves what Phoenix mines look like after five year's development. He would be glad to cooperate with the Montreal and Boston and assist them in any way he could. (Loud applause.)

H. T. Pemberton, general manager of the Montreal and Boston, thanked the visitors for the opportunity to show them the properties of the company. He felt sure with the necessary capital that in less than five years they would be able to make just as good a showing as the Granby or the B. C. Copper Co.

Lack of space precludes even a reference to happy speeches by C. A. Fish, a director; Quincey Ward Boese, attorney for the company; Mr. Bartholemew, Mr. Graham, Dr. Margoris, Mr. Brooks, Mr. Stowe, Mr. Mitchell, Mr. Cody, Mr. Armstrong, Mr. McMynn, Dr. Foster and Mr. Whicher.

Mr. Wilcox, of the Phoenix Pioneer, in a neat speech stated that while the mining companies were doing things and furnishing plenty of copy, the newspaper men would be glad to print the news.

The banquet was over at one o'clock. Those from Greenwood declared it one of the most successful affairs ever held in the city, and the gentlemen from New York one and all claimed they had seldom spent a more pleasant evening.

VISITING THE MINES.

Friday morning the members of the party went to Phoenix to examine the big mines of the company. Some drove up while others took considerable diversion out of riding festive cayooses. The day was spent at the Brookly and Stemwinder.

Tomorrow night the visitors will be guests of the Greenwood Club at a complimentary smoker.

CHURCH OF ENGLAND.

Sunday next, October 2nd, the services will be taken by the Rev. F. H. Graham, Rector of Nelson, who will preach both morning and evening.

An Ottawa dispatch announces that parliament has been dissolved and that the Dominion general elections will take place on November 3rd.

MORTGAGE SALE

MORTGAGE SALE OF VALUABLE RESIDENTIAL PROPERTY

Under and by virtue of the power of sale contained in a certain mortgage which will be produced at the time of sale, there will be for sale by public auction by W. G. Gaunce, in front of the Mart at the City of Greenwood, British Columbia, on Saturday the 29th day of October, 1904, at 12 o'clock noon, the following property in the City of Greenwood, to wit:

Lot 6, Block 25, Map 34 in the Sub. of Dist. Lot 711; on which is erected a neat one story cottage at the corner of Church and Ida streets.

For further particulars and conditions of sale apply to Harris & Bull, Bank of B. N. A., Bldg., Vancouver, vendor's Solicitors, or to W. G. Gaunce, Greenwood, B. C.

27th September, 1904.

MYERS-GREENWOOD

At the residence of the brides parents Anaconda, Mr. Arthur H. Myer of the British Columbia Copper company's office staff was married to Miss Elorian Greenwood, Rev. Father O'Neill officiating. The bridesmaid was Miss Bravar and Albert Greenwood, brother of the bride, supported the groom. The happy couple will spend the honeymoon in Spokane. The Times joins their many friends in extending congratulations.

Provincial Grand Master, Thos. Neelands, visited Boundary Valley Lodge, I. O. O. F., on Wednesday night. A special meeting of the lodge was called to greet the Grand Master and there was a good attendance. Previous to the meeting District Deputy Fred B. Holmes entertained the Grand Master and several past grands at dinner at the Swayne house. Grand Master Neelands, who is an exmayor of the City of Vancouver, delivered an interesting and instructive address to the Oddfellows. Refreshments were served after the meeting. On Thursday night the Grand Master visited Grand Forks lodge and Phoenix lodge tonight. He was accompanied by District Deputy Holmes.
