Hunter-Kendrick
COMPANY, LTD.

HINTS ON COMFORT
FOR AUTUMN SHOPPERS.

THIS is the time of year that tells on your pocket-book. Warm Clothing, shoes, woolens, blankets, comforters, etc., soon mount up, and yet it pays to have them. It insures comfort and saves doctors' bills. No pains have been spared in securing a complete assortment of all lines required for fall trade and we have cut the prices very fine.

UNDERWEAR

Ladies' and Children's

Woolen and Union goods in all prices and sizes. Penman's celebrated combination suits will please the most fastidious. Every piece guaranteed; absolutely unshrinkable.

Men's

Ask to see "Penman's," or the "Tiger" elastic ribbed. Both brands are high grade and one or the other should suit anybody. Also a full stock of fleeced goods, and a line of some 200 undershirts valued at from 75c. to $1.50 to be sold at 50c. each.

Shoes

Our shoe department is receiving special attention and merits the patronage of economical people who are particular about their comfort and appearance. A large shipment of Weston's shoes for children just to hand—also a full line of felt slippers.

Rubber Goods

See that your feet are not neglected in this respect. If it is damp and you are tempted to put off wearing rubber until later, DON'T DO IT. Buy a pair to-day and avoid a cold. Prevention is better than cure—and surer.

Carss mackinaws

We handle the genuine Carss Mackinaw coats and pants—the only high class articles of their kind obtainable.

Boys' Clothing

In boys two and three piece suits and odd knickers, we are taking the lead. Our prices are low and values "Out o' sight."

IT IS NOW BROWN M.P.P.

Liberals win Over Both Parties in Greenwood

HOTLY CONTESTED FIGHT

The Result Throughout the Province —Election Notes.

It is now J. R. Brown M. P. P., and one of the most bitterly contested elections in the province is over. Mr. Brown's majority over Ernest Mills, Socialist, is small but in elections an inch is as good as a mile.

The campaign was unique in many respects. Mr. Brown shortly after his nomination, gave almost his entire time to the fight and personally saw the majority of the electors. Meetings were also held at the various centres in the district and the issues of the campaign intelligently and forcibly discussed. The campaign so far as the Liberals were concerned practically closed on Thursday with a largely attended meeting in the auditorium. Mr. Brown went fully into the issues of the campaign and the Liberal platform. He was followed by Chas. W. Wilson on behalf of the Socialists and Duncan Ross closed the meeting on behalf of Mr. Brown. Dr. Spankie the Conservative candidate held no meetings until Thursday evening before the election when at the earnest solicitation of his friends in Eholt, a meeting was held there. Dr. Spankie, James Kerr and H. C. Shaw spoke on behalf of the Conservatives and Alex Robinson and and J. W. McKinnon for the Liberals. The Socialists carried on an aggressive and well directed campaign. Numerous meetings were held by them and outside speakers including E. T. Kingsley and Rev. Ben J. Wilson of California were brought in. Their campaign closed with a monster meeting in the auditorium on Friday evening. Mr. Mills' the Socialist candidate, Rev Ben J. Wilson, Geo. F. Dougherty and others addressed the meeting for the Socialists and Dr. Spankie accepted the invitation to address the meeting and spoke briefly in the interests of his own candidature.

The campaign while a hot one was good natured and there was little said or done to which exception could be taken.

On Saturday all parties made strenuous efforts to poll a full vote. A number of electors in the city refrained from voting until the results from the outside points were known. Outside the city the polls closed at five o'clock, The first returns were from Eholt Brown 20 Spanke 33 Mills 16; There Mr. Brown got an expected vote Dr. Spankie polled a much larger vote than the Liberals expected. Then came Oao Denoro with Brown 4 Spankie 6 Mills 17; Deadwood with Brown 19 Spankie 17 Mills 17. These returns were not sufficiently decisive to affect the general result and the Liberals were anxiously awaiting returns from Midway, Midway has always remained true to the Liberal party and great things were expected of Midway. Midway did not disappoint. But strange to relate, telephone wire would'nt work and no word could be secured. Finally the returns were received over the C. P. R. wire and it was seen that not only Midway but Rock Creek and Boundary Falls had polled up big votes for the Liberal candidate. Mr. Brown was then so far ahead of Dr. Spankie that the latter was practically out of the race and the fight was between the Liberal and Socialist. The first box counted resulted in Mr. Mills pulling down Mr. Brown's majority from 40 to 15 and all then depended on the second box. Here Mr. Mills made a gain of only two votes and Mr. Brown won.

His enthusiastic supporters rushed to the committee rooms and the victorious candidate was received with cheer after cheer. Mr. Brown thanked them for their magnificent work. The victory was theirs and he was determined that they would never regret the ef-

(Continued on page 3)

A Confession.

Now that the elections are over the editor of this great family journal humbly confesses that $40,000 passed through the office during the campaign. This large amout was made up of Bank of Montreal five and ten dollar bills. The bills arrived here in sheets of four bills to a sheet. As sheets of bills are not convenient to carry round they were cut into single bills on the Times paper cutter. Manager Deveber did the cutting while accountant Fisher stood guard with a revolver so that neither Peck nor the devil got away with a bunch.

The Revelstoke Herald, Nelson Tribune and other Conservative journals will please copy.

Wanted.

Information regarding the whereabouts of Alex. Finlayson formerly of Chatham, Ont.

A. D. Hallett,
Chief of Police.

NEW MEAT COMPANY

Has Been Organized by Local Business Men

THEY WILL OPEN SHOPS

In Local Towns and in the Northwest.

Local Business men have arranged to go into the meat business in a large scale. The Union Meat Company has been organized by W. M. Law, J. P. Flood, Jas. Kerr Greenwood and W. S. Macey Phoenix. A shop has already been opened at McLeod Alta. and next week shops will be opened at Geeenwood, Phoenix and Grand Forks.

The Company has made arrangements with Maunsell Bros. McLeod for supply of live stock sufficient to meet all demands. Maunsell Bros. are among the largest and wealthiest cattle men of the Northwest. They have 27 square miles fenced and have sufficicnt stock to supply the markets. The Union Meat Company intend opening shops in other towns in British Columbia and the Northwest.

Mr. Law will be general manager of the Company, J. P. Flood local manager and Jas. Kerr manager at Phoenix. The McLeod shop is already opened and is in charge of Geo. F. Biere, a nephew of the Maunsell Bros.

The local shop will be in the Miller block. Carpenters are now at work making the necessary improvements.

Mr. Law, the general manager is one of the most successful business men in the Interior while Messrs. Flood and Kerr have had a long experience in the meat business.

Messrs. Law and Macey who own the Granby boarding house whose meat bill is about $1000 a month, recently purchased Spencer, ranch about midway between Grand Forks and Phoenix and this will be used as a run for the cattle until required for the local markets.

J. A. McDonald For Leader

Mr. MacDonald is THE man for the Liberal leadership, and certain it is that his many friends and supporters will so place him. He has all the qualifications for a leader. He has just defeated a cabinet minister by a tremendous majority. He has no equal in the house when it comes to genuine ability. The fact that he has had no parliamentary experience is no deterring factor in the case. He knows what is required of him and can and will rise to the occasion with the greatest ease. He can and will make his party popular and bring unprecedented prosperity to the whole province Any attempt to prevent Mr. Macdonald's elevation to the leadership would be worse than folly, no matter from what point of view it may be considered. If the Liberals fail to make J. A. MacDonald their leader, they will overlook a golden opportunity from both a party and a patriotic standpoint.—Rossland Miner.

Juicy Hungarian plums at Monroe's.

MONTREAL & BOSTON

Superintendent Goodell Returns From Vist East.

NEW BUSINESS MANAGER

Mr. Goodell Will Remain As Superintendent of Smelter.

Albert I. Goodell superintendent of the Montreal & Boston Copper Company's Sunset mine, and Smelter returned Wednesday from Montreal where he was in conference with the officials of the Company regarding plans for the future. He was accompanied by H. T. Pomberton of Montreal who has been appointed buisiness manager for the company and who will reside here in the future. Mr. Goodell's many friends will be glad to learn that he has consented to remain as superintendent of the company's works. During his eighteen months' residence here he has won the complete confidence and esteem of business and mining men generally who all regretted his contemplated resignation.

Snaps in toilet sets and Singer Sewing Machines at the O. I. C. 2nd Hand Store.

National is Sold.

The National Hotel block, Copper street has been purchased by Frank H. Parker of P. Burns & Co. The National is a three story building, built about four years ago by Louis Bosshart. It has a fifty foot frontage on Copper street and is 100 feet deep. The ground floor is occupied by the National saloon and the Maxwell photograph gallery. The upper flats are furnished as an hotel.

When you want a physic that is mild and gentle, easy to take and sure to act, always use Chamberlain's Stomach and Liver Tablets. For sale by J. L. White and A. F. Thomas Midway.

BUSY TIMES AT SMELTER

Converter Plant Ordered and Other Improvements

ARE WELL UNDER WAY

The B. C. Copper Company Show Their Confidence In District.

F. L. Underwood, paesident, F. L. Sommers, vice president, and W. H. Thomas, managing director, of the British Columbia Copper Company, together with Mr. McAllister arrived in the city last week from New York, and spent a few days inspecting the Mother Lode mine and the Greenwood smelter, and also in visiting some of the neighboring mining camps.

They would say nothing for publication regarding the reported amalgamation of the British Columdia Copper and Snowshoe Companies, except the bare statement that there was nothing definite to report.

The company officials are busy arranging for the extensive enlargements which were announced some time ago. A two stand converter plant has been ordered from the Allis Chalmers Company. The shells of these converters are 84 x 126 in.

The excavations of the site for this converter plant are being hurried on to completion, and the work has been started on the machinery foundations; The blowing engine for the converter plant is coming from the Nordberg Mfg. Co., and is arranged so that it can be operated either by steam or electricty. The steam cylinders are 8 x 42 in., and air 40 x 42 in., and will be connected with the motor by means of a rope drive.

In the converter power house building will also be located the hydraulic accumulator with electrical driven hydraulic pump, to furnish water to operate the converters.

In the converter building there will also be located a 72 in., Carlin Silica Mill, for preparing converter linings, and on the North side of the building will be erected the bins for silica and clay together with crushing machinery. The main converter building will be 90 x 44 ft., and the copper shed attached to it is 60 x 30 ft. The buildings are steel, on massive masonry foundations.

As has already been stated in the Times, a contract has been entered into between the British Columbia Copper Co., and the Cascade Water, Power & Light Co., for a supply of electrical power from the latter company's big plant at Cascade. Work on this power line is being pushed and it is hoped to have it completed before heavy snow makes construction difficult.

The Cascade Co., has bought a plat of ground on the smelter site of the Copper Co., upon which it is now erecting a substantial brick sub-station, in which will be located the transformers which will reduce the voltage from 20,000 to 2,000, and from which building, power lines can be run to other concerns needing power.

THE LOCAL CONTEST.

Probably the most bitterly contested of the many keen election fights in the province took place in this riding. On the one side was the Liberal party, well organized and solidly lined up behind a strong candidate. Against them were the Socialists and Conservatives, both determined that whatever happened the Liberals should not meet with success. The Liberals knew from the outset that under no circumstances could Dr. Spankie be elected, but they also knew that every vote received by him increased Mr. Mills' chances of success. Better organization and more aggressive campaigning on the part of the Conservative candidate would have elected Mr. Mills, but fortunately for the district those elements were lacking in the Conservative fight.

The Socialists put up a magnificent fight. Among their workers was J. J. Caulfield, than whom there is no more successful campaigner in this province. Ordinary mortals wonder why he was there, but those who were associated with him in political battles in the past, were not surprised at the splendid showing made by the Socialist on Saturday last.

The election is over and the best man won. Mr. Brown will make a capable representative of a great and growing district. He has the ability, the energy, the integrity and the determination to make a name for himself in the political arena. The interests of the district will be well looked after and what is more important Greenwood has given to the province, one of the strong men whom the Liberals have elected. To these men the province must look for the good government which is so badly needed.

THE LIBERAL LEADERSHIP.

At the present writing, the result of the elections is still in doubt, but it is a certainty that ere long, the Liberals will be in power in this province. A well organized and well directed opposition can do much in the best interests of the province but it is of still greater importance than when the time comes for the Liberal to assume management of the province, the party should have at its head, one in whom the people can have implicit confidence and who has the necessary ability to successfully administer the affairs of the province. At the outset of the election contest the Times ventured to hope that the campaign would produce the man capable of leading a great party and well fitted for the important position of premier of this province. The man has appeared in the person of J. A. MacDonald of Rossland. Liberals and Conservatives alike will acknowledge that J. A. McDonald was the man eminently suited to direct the destinies of the young Dominion. Another of the same illustrious name has appeared to lead this province out of the slough of financial depression and place it where it belongs—one of the most prosperous in the Dominion.

We sincerely hope that the Liberal candidates elect will make a choice in the interests of the party and the province by appointing J. A. McDonald their leader.

EDITORIAL NOTES.

Brown is in town.

J. R. Brown M. P. P. sounds well.

That woodpile has been measured. It was a full rick short.

R. G. Sidley Esq. J. P. of Sidley was in the city this week. He reports magnificent crops in his district. The weather for harvesting hasn't been the best but the crops are not yet damaged and should October be fine, there will be a splendid yield in that locality.

After all, it is probably just as well that the suggestions of Rev. Benj. F. Wilson of California were not followed out in the matter of governing British Columbia. While British Columbia hasn't shown a great capacity for good government, they will probably make as good a job of it, as one who has no interest in the province and is now a very prominent citizen of a foreign country.

A Remarkable Record.

Chamberlain's Cough Remedy has a remarkable record. It has been in use for over thirty years, during which time many million bottles have been sold and used. It has long been the standard and main reliance in the treatment of croup in thousands of homes, yet during the all this time no case has ever been reported to all manufacturers in which it failed to effect a cure. When given as soon as the croupy cough appears: it will prevent the attack. It is pleasant to take, many children like it. It contains no opium or other harmful substance and may be given as confidently to a baby as an adult. For sale by J. L. White Greenwood and A. F. Thomas Midway.

Spokane Interstate Fair.

The race meet at Spokane this year will be the biggest ever held in the city. It opens October 5 and lasts until the 13th The purses are handsome ones and will bring entries of the very finest horseflesh on the Pacific coast. There are half a dozen purses of $600 each ; there is one of $760; several of $500, and many smaller ones. Each day's program is well filled with running and harness races, so that no one will grow tired of waiting. Some of the California horses already have been sent to Spokane and are getting ready for the exposition. The total amount given this year in prizes is over $10,000

Piano and Sewing machines and furniture for rent. A. L. White New 2nd Hand Store.

Billiard and pool table for sale or rent at Second Hand White's.

Dollars That Never Return.

Ten years ago an Up Country farmer put an X mark on a silver dollar and went to town and spent it with a merchant. Before the year was out he got the marked dollar back again for poultry and spent it again with a village merchant. Four times in six years that pollar came home to him for produce and three times he heard of it in the pockets of his neighbors. The time he got it in change three years ago he sent it to Toronto to a mail order house that has amassed millions of dollars selling third rate stuff. He has never seen that dollar since. That dollar will never pay any more road or school tax for him, never help build up the town or country, never bless and brighten the homes of his neighbors. He sent it entirely out of th circle of usefulness to him.

For sale.—A Fine Guitar. Apply at this office.

Total votes cast 666.

Considerable money changed hands on the results. The Conservatives confident of winning offered several bets that Spankie would beat Brown, and the Socialists that Mills would beat Brown. These bets were all accepted and local Liberals cleaned up from $1500 to $2000.

The biggest winner, in the contest was R. H. Anderson formerly superintendent of the B. C., mine but now of the Le Roi. He personally won $1600 betting on Macdonald in Rossland and Brown in Greenwood.

The sure thing men in Greenwood bet money against the election of all candidates, and of course couldn't lose.

At the time of writing the result in the province is still in doubt, but below will be found a classification of district, so far as reported:

LIBERAL.

Alberni	Mclnnes
Cowichan	Evans
Columbia	Wells
Chilliwack	Munro
Cranbrook	King
Caribou (2)	Murphy
"	Jones
Delta	Oliver

ELECTION NOTES.

Good Old Midway.

Midway always stands for good government.

W. H. P. Clement went down in Grand Forks fighting against odds. He was one of the best men running and the electors of Grand Forks will yet realize that brains are somewhat necessary in the legislature.

One of the surprises of the campaign was the defeat of S. S. Taylor K. C., in Nelson. The Tories at the outset were determined to defeat their own candidate John Houston but Tories on election day generally vote Tory.

It's a Goodeve Mr. J. A. Macdonald.

Harry Wright in Ymir was above Parr.

Honest Ed. Smith wasn't defeated by the votes of the electors of Fernie district but there are other ways of defeating Liberal candidates.

Is it Wright that the Interior should send a Taylor to the legislature. The electors are altogether too Green. The Tories were done Brown.

There is no King in the hole.

Don't handle a bucksaw unless you know how.

He Learned a Great Truth.

It is said of John Wesley that he once said to Mistress Wesley. "Why do you tell that child the same thing over and over again?" "John Wesley, because once telling is not enough." It is for this same reason that you are told again and again that Chamberlain's Cough Remedy cures colds and grip; that it counteracts any tendency of these diseases to result in pneumonia, and that it is pleasant and safe to take. LOCAL EXTRACT

E. Jacobs is taking in the Spokane Interstate Fair.

Mrs. F. H. Parker is among the Greenwood visitors to Spokane Fair.

Mext Thursday is Thanksgiving day and a public holiday.

W. G. Gaunce left last week for Spokane in charge of the splendid exhibit of Boundary ores for Fruit fair.

Dr. Foster is spending a brief holiday in Spokane and taking in the fair at the same time.

J. R. Brown M. P. P. elect for this district has gone to Spokane, on a professional visit.

A. A. Miller the Seattle representative of the Westinghouse Company is in the city.

Miss Rithet of Victoria, who was visiting with Mrs. Sydney M. Johnston has returned to her home.

J. E. McAllister superintendent of the Greenwood smelter and Mrs. Mc returned last week from New York.

Mrs. A. Fisher and Miss Dolly Fisher left this week to join Mr, Fisher in Edmonton where he is engaged in business.

E. W. Monk, representing the Hamilton Powder Company was in the city from Nelson this week. He was accompanied by Mrs. Monk.

Rev. J. G. Shearer, secretary of the Lord's Day Alliance, was in the city on Sunday last and addressed a meeting in the Presbyterian church after the evening services.

Ore is being rawhided from the Roderick Dhu mine to the Long Lake wagon road. There are about 15 tons on the dump ready for shipment. Its average value is $198 th the ton.

Fritz Lewin of the Bank of B. N. A. staff left on Wednesday for Vancouver having been transferred to the bank there. His successor is Mr. Stowe who was previously on the bank staff here.

Rev. Mr. Turner president of the B. C. Methodist Conference was a visitor to the city last week. Mr. Turner is one of the pioneer missionaries of British Columbia and here met one or two old timers whom he knew 30 years ago in this province.

A union Thanksgiving service will be held in the Methodist church in this city at 11 o'clock on Thursday next, when Rev. Mr. McKee the new pastor of the Presbyterian church will preach. A short and bright service may be expected. All are invited.

Mr. and Mrs W. J. Kirkwood leave on Saturday for San Diego Cal. where they will spend the winter. They are old time residents of the Southern city and may possibly remain there permanently. Ald. Kirkwood is one of the oldest members of the city council in which capacity he did splendid work for the city.

The Boys' Literary Society will give a public patriotic concert in the Methodist church at 8 o'clock on the evening of Thanksgiving, Thursday Oct 15th, No admission fee will be charged. A collection will be taken however to defroy expenses. The public cordially invited. Watch for dodgers and programmes next week.

Rev. M. D. McKee arrived in Greenwood on Saturday last to take charge of the Presbyterian church here. Mr. McKee was for some time stationed at Slocan City but failing health forced him to take a rest. He is now about fully recovered. He is an effective pulpit speaker. He will hold services both morning and evening in the Presbyterian church on Sunday next.

H. P. Dickenson, resident agent for the Giant Powder Company left on Monday for Rossland. He was recently appointed manager for the entire Kootenay-Boundary district and will divide his time between Greenwood and Rossland. Mr. Dickenson's many friends and the mining men with whom he has been doing business are congratulating him on his well merited promotion. On Saturday evening he was tendered a complimentary smoker by several friends here. The affair was very successful and thoroughly enjoyed by all present.

Nanaimo, B. C., 4 Oct.
Mr. Brown Greenwood.
Hearty congratulations upon the splendid result of yesterday.
W. W. B. McInnes.

BUSY AT SMELTER

(Continued from first page.)

The motors for operating the smelter plant will be as follows.

Three 100 H. P., motors for operating furnace blowers, and sample mill. One 300 H. P., motor for operating converter blowing engine. One 15 H. P., motor for operating elevators. One 25 H. P., motor for operating hydraulic pump, and one 40 H. P., motor for driving relining machinery.

Also,

1-5 H. P. motor for the sample grinder, and in addition to these will be a 75 K. W. motor generator set to convert the alternating current into direct current to operate the crane. There will also be a further motor to operate the present electric light plant. These motors for the most part will be furnished by the Canadian General Electric Company. The transformers for the sub-station will come from the Westinghouse Co.

This converter plant will have a capacity for treating the matte from approximately 2,000 tons of ore per day, which will be sufficient to provide for all needs for some time to come. The other converting plant in the interior is at the Granby smelter where all the matte of the Boundary smelters has been treated up to date.

The erection of this plant will mean the expenditure of a large amount of money in material and labor, and will give employment to a large additional force of men. In other respects the smelter manage management has not been idle. The big stack is well under way, 30 ft. of its 120 ft. having been completed. The stack has an internal diameter of 12 ft. and 220,000 brick will be required in its erection.

The locomotive for carrying away the molten slag has arrived and in a few days the little railway carrying its cargo of fiery substance will be in operation, the pouring of which will cast a glow upon the skies at night.

Until the slag dump is levelled up to meet the requirements of the track the slag from one furnace will be granulated as at present, but eventually all the slag will be handled by the railway.

These improvements, which mean the expenditure of thousands of dollars are the strongest possible evidence of the confidence that the men behind the company have in the Boundary country. The Mother Lode and the smelter have passed the experimental stage and the investment of further large sums fully indicates that mining and smelting in the Boundary is an attractive investment. The outlook for a a solid permanent industry was never brighter than at present.

Tents, Guns and sporting goods for ale or rent. O. I. C. 2nd hand store.

Owes His Life to a Neighbor's Kindness.

Mr. D. P. Daugherty, well known throughout Mercer and Sunner counties, W. Va.. most likely owes his life to the kindness of a neighbor. He was almost hopelessly afflicted with diarrhoea! was attended by two physicians who gave him little, if any, relief, when a neighbor learning of the serious condition, brought him a bottle of Chamberlain's Colic. Cholera and Diarrhoea Remedy, which cured him in less than twenty-four hours. For sale by J. L, White Greenwood and A. F. Thomas Midway.

Death of Col. Armstrong.

A telegraphic message from Spokane announces the death of Col. I. P. Armstrong, until recently proprietor of the Hotel Armstrong in this city. Col. Armstrong was considered one of the best hotel men in the Northwest. He opened the Armstrong about four years ago and the hotel soon had a reputation for being the best in the province. Failing health compelled him to retire and he and family returned to their old home in Spokane. Bright's disease was the immediate cause of death. The deceased who was a native of Kentucky lived in the west for several years. He leaves a wife and family of two boys.

Coverts prunes at Munroe's 90c. per 20lbs.

Ran a Nail Through His Hand.

While opening a box, J. C, Mount, of Three Mile Bay, N. Y., ran a ten penny nail through the fleshy part of his hand. "I thought at once of all the pain and soreness this would cause me," he says, "and immediately applied Chamberlain's Pain Balm and occasionally afterwards. To my surprise it removed all pain and soreness and the injured parts were soon healed." For sale by J. L. White Greenwood A. F. Thomas Midway.
