Vol. 7. GREENWOOD, B. C. FRIDAY, JANUARY 9, 1903. No. 20

RALPH SMAILES FOR MAYOR

A Requisition Requesting to be a Candidate

CONSENTS TO RUN

What He Intends to do if Elected to Office.

To
RALPH SMAILES,
Greenwood, B. C.

We the undersigned, electors and business men of the city of Greenwood, believing that the interests of the city would be best served by your election to the office of Mayor, desire you to become a candidate for the Mayoralty at the forthcoming Municipal Election, and hereby pledge you our hearty support.

H. F. Mytton	F. M. Elkins
W. H. Bolt	W. W. Craig
W. T. Smith	Chas. H. Dempsey
Jno. L. Coles	Wilfried Cookson
P. W. George	H. A. King
M. E. Frazee	R. Grieger
T. M. Gulley	James Cameron
W. B. Flemming	W. T. Hunter
C. J. Eales	W. J. Wartman
W. G McMynn	J. Lukov
J. L. White	J. N. Paton
C. W. H. Sansom	Duncan McIntosh
W. Elson	W. S. Keith
J. W. Ellis	John Crabb
J. A. Russell	J. E. Spankie
Geo. Maynard	James Sutherland
C. H. Fair	Robert Wilson
Charles Martin	W. C. Tilsley.

To H. F. MYTTON and the electors of Greenwood.

In response to the above requisition I have decided to become a candidate for mayor at the coming election.

If elected to serve you I shall do everything in my power to further the best interests of the city. conduct its affairs in a business like manner and endeavour to gain for Greenwood the position she is entitled to occupy as the educational, commercial and railroad centre of the Boundary.

RALPH SMAILES.

Annual Reports

Civic Department Officers Review Year's Work

Annual reports from several of the civic departments were received at the regular meeting of the City Council on Monday evening. Geo. E. Richardron bandmaster, D. A. McK. uzie, pres. and L. B. Hodge secretary reported on behalf of the Citizens' Band. Briefly they stated that the number of active members are 19 that the city owns 19 instruments and four members have instruments of their own leaving room for four additional players as soon as they can be secured. The city instruments are worth $415. That the city band is an enterprising institution is shown by their having leased the skating rink. The proceeds if any from running the rink will probably go towards securing uniforms. The officers asked that the influence of the council in maintaining the leading musical organization in the leading town of the Boundary.

A. D. Hallett acting Chief of Police congratulated the councilupon the orderly town. During the year 80 cases were tried in police court the majority of which were for minor offences.

Mr. Hallett also reported for fire department. During the year there were eight alarms two of which were serious. The department is composed of 5 officers and 21 men. More apparatus was needed. Gossip says the department is a useless bill of expense but the work of the department at the Williams fire saved the city more than the expense of the department for years to come. The reports were received and referred to the incoming council.

Among The Oddfellows

Officers Installed at Grenwood and Phoenix

Last Tuesday evening D. D. G. M. H. B. Monroe installed the officers of Boundary Valley Lodge. He was assisted by the following Grand Lodge officers. Grand Marshall Wm. Law, Grand Warden J. A. McKinnon, Grand Secretary W. J. Kirkwood, Grand F. M.Sec. T. M. Gulley, Grand-Treasurer W. B. Fleming. The officers installed follow: D. A. Bannerman N. G; J. L. White V. G.; F. B. Holmes Sec.; G. B. Taylor Fin. Sec.; W. M. Frith Treas.; E. Foyle Smith Warden; Duncan Ross conductor; A. D. Hallett R. S. N. G.; C. W. Wilson L. S. N. G.; J. W. Ellis R. S. V. G.; D. Smith L. S. V. G.; W. Harvey I. G.; D. A. McKenzie O. G. J. D. Davidson R. S. S.; H. Coutts L. S. S. Rev. Dr. McRae Chaplain. After installation an enjoyable evening was spent, several visitors being present from Phoenix. On Monday evening officers of Snowshoe Lodge I. O. O. F. at Phoenix were publicly installed several local members accompanied the district deputy to assist him in the ceremony.

From Japan

A Learned Japanese Metallurgist Visits the Boundary

The little men of the "Land of the midnight sun" are easily holding their own in the march of progress. Those who think that Japan is not an up-to-date nation are very much mistaken. She has sent her sons to the centres of learning to acquire knowledge of the modern kind and get an insight into all that has revolutionized industrial life. Greenwood this week was visited by a cultured much travelled Japanese gentleman in the person of Kisabura Yamaguchi P.H. D. Mr. Yamaguchi is on a voyage of discovery. Connected with the metalurgical department of the mining operations controlled by Baron Farakaiva, a Japanese mining multimillionaire, he is visiting all the mining and smelting centres to gather information regarding the allied industries. He visited the Greenwood smelters on Wednesday and left on the afternoon train for Grand Forks.

The mines with which he is connected employ 20,000 mens and produce 1,500,000 pounds of copper monthly.

Mr. Yamaguchi received his preliminary education in his own country but he is a doctor of physics from John Hopkins' University and took a special course in one of the German universities.

R. Weill of New York and Paris who is connected with a large French steel corporation was in the city this week. He is making a tour of the mining districts.

R. C. Longley intends shipping a car of ore to the smelter shortly from the Non Such claim, near Boundary Falls. With W. T. Smith he made arrangements last fall to do some work on the property, but an attack of fever incapacitated him for two or three months, so that there has been delay in getting a trial carload of ore ready for shipment. Now it is being got out, and if results come up to expectations work will be continued and further shipments be made. The Non Such is one of a group of four claims owned by the Republic Mining company of Spokane. Of the group the Republic and Last Chance have been opened up, each by a 100-foot shaft on the vein and the Non Such by long tunnels. The ore is quartz carrying values in gold and silver

COKE SHORTAGE

Smelters are Threatened With Shut Down

IMPOSSIBLE TO GET FUEL

Coal Company Evidentally Unable to Supply the Demand.

The Crow's Nest Pass Coal company are unable to supply the Boundary smelters with a sufficient quantity of fuel. The B. C. Copper company's furnaces had to be blown out on Thursday, no coal being on hand. Thursday evening a car of coal intended for the mine arrived at Greenwood and was taken to the smelter. A single furnace was started again on Friday but may be closed down at any time as there is no assurance of a steady supply. The Granby company's furnaces are run only when coke is available. Today all are running, tomorrow one, two or more furnaces are forced to close.

The absence of a steady supply of fuel is seriously crippling the industry in the Boundary. A month ago the Times pointed out that with increased smelter capacity, shortage of fuel was likely to arise and suggested the appointment of a commission to see if something could not be done to insure a full supply of necessary fuel. A presumably inspired article appeared in the Free Press of Fernie telling the smelters to go ahead and put in more furnaces, that they would get all the coke and coal required and that the Crow's Nest Pass Coal company could supply all demands. But the situation today is apparently as serious as at any time since the accident at Fernie. The smelters are living from hand to mouth. Delays and shut downs resulting from shortage of fuel are expensive.

Mining and smelting are the paramount industries of this province Without considering those who have invested money in the industries, believing that the illimitable coal measures could easily supply all the fuel required, the welfare and prosperity of the people depend upon the continuous operations of the mines and smelters.

It has been demonstrated time and again during the year that the smelters are increasing so rapidly that the coal company is unable to keep up with the demand for fuel. The government has extensive coal measures in the Crow's Nest Pass and those should be opened up.

D. McVicar who has the bond on the Lancashire Fraction and E Pluribus Unum has bonded the Marjory an adjoining claim from C. J. McArthur and Geo. R. Naden.

Mayor Naden left today for Rock Creek where he has business with the estate of the late Thos. Barry. He will return on Sunday.

From Old England.

Interesting Letter From Mr. Lumsden of the Leeds Mercury.

James Lumsden, of the Leeds and Yorkshire Mercury, one of the British editors who visited Canada last autumn has written in his paper some interesting articles regarding this country. *Further and more detailed articles are* promised as the following letter to the editor of the Boundary Creek Times will show:

This is to wish you a Happy Good New Year and to recall to your recollection the glorious day I spent with you at Greenwood in September last. I have not forgotten that enjoyable dinner nor the splendid drive up the hill side on the following day. I received the copy of the "Boundary Creek Times" you sent me a few days after reaching home, and should like very much to see other copies of the "Times" from time to time just to see how the Boundary district is getting along and to record the progress of the mines for the benefit of British investors. I trust you have got all the papers I sent you. You will see I am still writing and have not finished up with Canada yet. I don't know if I have written in a strain to gratify the Canadians, but I know that I have adopted the line most likely to awaken a sympathetic interest here. The English people do not care much for statistics. To parade figures like the American papers is the very way to repel English readers. I am writing up a full narrative of our tour which I hope to publish early next spring, when I hope to do more justice to the mining industry that I was able to do in the space at my disposal in our daily paper. I heard the other day from Mr. Anthony McMillan who is at present in England. Kindly convey my best wishes for a good New Year to my friend Mr. Paul Johnson. I hope I shall hear from you soon. Believe me yours most sincerely,

JAMES LUMSDEN.

Masquerade Carnival

To be Held at Rink Next Thursday Night.

The masquerade carnival which was to have been held on Monday evening has been postponed until Thusday evening January 15th so as not to interfere with the Gavin Spence concert in the auditorium. The cold weather has made the ice in good condition. The prizes are as follows: For best costumed lady prize donated by A. Logan & Co; best costumed gentleman prize donated by H. A. King & Co; best costumed girl prize donated by Smith & McRae; best costumed boy prize donated by P. W. George & Co; best comic costume prize donated by Rendell & Co. A concert will be given by the citizens band and after nine o'clock the public will be allowed to skate.

Several of Daniel A. McKinnon's friends in Greenwood received invitations to attend his marriage at Spokane on December 29th. The happy bride being Miss Caroline Louise daughter of Mr. and Mrs. Roderick McKenzie. Mr. McKinnon was for some time connected with the Hunter-Kendrick company in this city. The Times joins in extending congratulations.

GEO. R. NADEN FOR MAYOR.

His Worship is a Candidate for office.

A PUBLIC MEETING

Where He Will Give An Account of Stewardship.

Mayor Naden has issued the following card:

I hereby announce myself as a candidate for re-election to the position of mayor for the city of Greenwood. At a public meeting, which will be announced later, I shall have pleasure in giving you an account of my stewardship for the past year and announcing my platform for the future.

G. R. NADEN.

Came to Greenwood

Missouri Elopers Were Here for a While

The Spokesman-Review is the authority for the following: After a race that extended from Missouri to Greenwood, B. C., and then to Spokane, a distance of more than 2000 miles, W. R. Cummings and Mrs. Henry C. White were caught in this city and were arraigned before Justice Hinkle yesterday charged with unlawful cohabitation. The person bringing the charges is Farmer Henry C. White of Canton, Mo., and his attorney R. W. Ray, who followed them.

Farmer White is a veteran of the civil war, whereas his wife is 23 years of age and pretty, Cummings is about 25 years of age, and at the time of the alleged elopement worked for the White family on their large farm near Canton. He was the star boarder and star hired man.

In October Cummings and the wife disappeared while White, the husband, was absent in Texas visiting a sick brother. Before going it is said Mrs. White took away with her more than $6000 in the insurance policies on the life of Mr. White, made out in her favor before they were married two years ago, and about $1500 in cash, the proceeds of all the cattle and horses which had been owned by Mr. White and wich were sold during his absence in the south.

Cummings and the wife went first to Greenwood, B. C., and then to Spokane. They had rooms on Hilliard street where they were found.

Farmer White, after the case had been continued until Friday, said he did not wish to prosecute.

"We have the insurance policies," he said, "which is more satisfactory than for me to stay here and see that rascal tried for living with her."

Phil. McDonald and James Sutherland now have the Elkhorn mineral claim under a working bond and are doing some prospecting on it with the object of finding the continuation of the Providence vein believed to run into this claim. Eight or nine years ago some of the richest ore sent out from the Boundary creek claims—and some rich ore was shipped to Tacoma from this district by Howard Walters and those interested with him in 1893-94—came from the Elkhorn, but the ore shoot soon gave out. Several attempts have since been made to pick up the vein again, but so far without success, but McDonald and Sutherland are determined to try their luck at it. The Elkhorn adjoins Greenwood city on the north.

Sig Kelsheimer of Collville who is heavily interested in Greenwood realty was a visitor to the city this week.

W. Frawley of the Greenwood Barber Shop has made some improvements on his establishment. He has put in a porcelain bath tub and in the the future the price for baths at this popular shop will be only 25 cents. 4t

Have you made any New Year resolutions ?
Are you going to keep them ?
Perhaps you are not
Plenty of them have been broken
You can make one that is easily kept.

No man can afford to not dress well
Even in Greenwood,
Why not resolve to get a new suit ?

You can get what you want at home,
Elson the tailor can supply you
And guarantee satisfaction.
Remember the name and place

THE MUNICIPAL ELECTION

Next Monday is nomination day in the city. It is the duty of the electors to nominate one mayor and six aldermen to serve during 1903. Should further nomination be made an election will be held on Thursday next. We are not among those who deprecate a municipal contest. We believe that the office of mayor or alderman is sufficiently important to be worth striving for and that the great body of the electorate should have the opportunity of expressing their opinions should they desire to do so. But such contests should be fought on the broad grounds of policy, not upon any narrow personal issue. By upholding the right of the people to exercise a free and untrammelled franchise, we do not wish to be misunderstood. We are not expressing dissatisfaction with the present council. Taking everything into consideration we think the city is to be congratulated upon the goodwork done by Mayor Naden and the board of aldermen and upon the fact that the mayor is seeking re-election. As the Times stated last week in reviewing the workof the year, no great projects were undertaken by the city but it was not the time for great undertakings. The work of the council was putting the municipal house in order to be prepared for the good times that are coming. This was done by putting the finances of the city in first class order. The floating debt was materially reduced, the bonded indebtedness was increased by only $5,000 in two years. Waterworks were extended, streets improved and all the civic departments maintained in a high state of efficiency. The business man who has held his own during the trying times of the past two years has done well and what is true of this individual business man is true of the city.

It is a good rule to follow in municipal life that when the chief magistrate has done well he should be given a second trial. No man should have a cinch on the position but good work the first year entitles the chief magistrate to a second term.

Regarding the aldermen, we would like to see Ald. Smailes, Caulfield, Bannerman, Kirkwood and Swayne back in the council They all did good work. In the smaller cities it is a difficult thing to find men who care to do a lot of work for the city without pay or reward except sneers and criticisms. The members of the council applied themselves to the work they had to do They carefully considered every matter that came up for discussiion. If nothing great was accomplished no serious mistakes were made.

As was stated at the outset we believe municipal matters should be freely discussed and rather favor a contest. The beautiful harmony the city has been enjoying for two years is getting monotonous. We would like to scent the smoke of battle. If a fight does come let it above everything else be free from those bitter personalities which has taken the pleasure and enjoyment out of a few municipal fights in Greenwood.

Since the above was written a requisition has been circulated asking Ralph Smailes to become a candidate for mayor and he has consented to do so. Mr. Smailes has had a long and successful business career in the city and in municipal work. The electors are in the fortunate though somewhat difficult position of not being able to make a very serious mistake whichever way they vote. Notwithstanding Mr. Smailes' candidature whom we would like very much to support we still adhere to the position taken at the outset that Mr. Naden has made a good mayor and is entitled to a second term.

The Fernie Free Press has issued a creditable souvenir number. The matter is neatly arranged and well illustrated. The issue is full of interesting matter regarding the town and the resources of the district surrounding it.

The Victoria Colonist republishes an interview with D. K. Mann which appeared in the Quebec Chronicle and ornaments the same with the scare head "Warning to Canadians." "D. D. Mann speaks of danger of the country splitting in two." The country is fairly well split in two now. The C. P. R. has one portion and D. D. Mann and associates are after the other portion.

MINERAL ACT
NOTICE OF FORFEITURE.

To LEWIS MEYER, FERDINAND HASSE, and to any person or persons to whom they may have transferred their interest in the "WHITE HORSE" Mineral claim situate in Copper Camp, in the Kettle River Mining Division of Yale District, British Columbia.

You are hereby notified that we have caused to be expended $205.00 to hold the said mineral claim under the "Mineral Act", that the proportion you should contribute for you undivided one half interest in the above claim is $102.50 and if within ninety days from the first publication of this notice you fail or refuse to contribute the said sum of $102.50 which is now due, with all costs of advertising, your interest in the said mineral claim will become vested in us the undersigned, your co-owners under section 4 of an Act entitled the "Mineral Act Amendment Act" 1900.

WHEN OUGHT WE TO GO TO A DENTIST?

Many think it unnecessary to devote particular attention to the teeth until the appearance of the mouth is affected by damaged, decayed or broken teeth. Others give the teeth no attention till pain compels them.

The stupidity and shortsightedness of either policy is evident.

Everyone who thinks a moment on the subject knows that food cannot be masticated satisfactorily if one or more teeth are tender, inflamed, decayed, or otherwise out of working order; and if this be the case, the mouth requires immediate attention.

		By cash paid architect		280
		By balance		2 575
	$9 925			$9 925

I. H. HALLETT, Chairman.
RALPH SMAILES, Secretary.

I have examined the School Building account and find that $9,925 has been received by the City Treasurer for this purpose, and $7,345 has been expended, leaving a balance of $2,575 to which should be in his hands in cash; but the School Trustees and the City have only one bank account, and the balance in the bank to the credit of the City on December 31st, was only $263.76 in all. In order to observe the by-law the City Council should pay over this $2,575 to the School Trustees which should hereafter be kept in a seperate account.

Regarding the expenditure of $7,345 detailed above $3,377 appears for the purchase of real estate, from which $1,000 must be deducted, this being the amount given by the government in cash to the City for exchanging sites, which makes the net cost of the real estate $2,377, of which $537 was lost by exchanging lots in Block 15, which cost $2,437, for S ½ Lot 20 and 21, Block 11, valued at $900, and $1,000 in cash.

The trustees have paid $3,595 on on account of the building contract leaving $4,195, exclusive of any extras, due on completion against which the government still owe $3,875 on account of their bonus.

BOBBETT'S STROKE OF ECONOMY.

Bubbett was in a desperate hurry to reach home. He was already late for dinner, and Mrs. Bobbet had addressed an ultimatum to him on this subject that very morning. So he chased a car a block and a half and was breathing like a blast furnace when he caught it.

On the rear platform he handed a dime to the conductor and received the customary nickel in return. But what with the fluster of his violent exercise and the numbness of his cold fingers, he dropped the nickel and it rolled of to the ground.

Now, Bobbett is a man of economical impulses. Not that he is inordinately stingy, but he believes in having a run for his money, as horsy people say. He wouldn't mind giving a nickel to a worthy beggar, but to throw one away in the streets seemed to him wanton waste of a good thing. So he jumped—jumped hastily and inconsiderately, slipped down, tore his trousers, crushed his hat and raised a lump on the back of his head.

Twenty minutes later he boarded the next car and took a seat beside a friend.

"What's the matter, Bobbett?" said the friend. "You look as if you'd been arguing with the earth."

Bobbett told his story circumstantially. 'But I found the nickel!' he added, holding the coin triumphantly aloft. 'I've spoilt my clothes, and I don't know but I've cracked my skull, but I've got the nickel! I expect Mrs. Bubbett'll say things that'll cut like a saw-edged collar, but, I saved that nickel, just the same.'

'Fare, please!' said the conductor.

Bobbett gave him the nickel.—Brooklyn Eagle.

CHOLER CHEAPER THAN COAL

'Why do you pack people into your cars this way?' asked an irate passenger, standing in the side.

'Well, you see,' the conductor explained, 'It makes 'em so hot they don't notice how cold the car is.'

'Intrinsic value should never figure in considering a Christmas gift.' 'It never does with me,' answered Miss Cayenne. 'What touches me is the thought that anybody has been willing to brave a crowd of holiday shoppers for my sake.'—Washington Star.

KNOWLEDGE IS POWER

'Good morning, ma'am,' said Nappy Doolittle, as the woman of the house opened the front door. 'Could you oblige me with a dime?'

'No, sir.'

'Or a nickle, maybe?'

'No, sir; I never give anything to beggars.'

'Not beggar, ma'am; not that,' said Nappy, in a tone of injury. 'I am a numismatist.'

'Oh, excuse me.' She gave him a dime. 'What's that you say you are?'

'A numismatist, ma'am—a collector of rare coins.'—Brooklyn Eagle.

Certificate of Improvements.
NOTICE.

BOSTON Mineral Claim, situate in the Kettle River Mining Division of Yale District. Where located: On Deacon Creek, Main Kettle River.

TAKE NOTICE that we, Felix Durrach and William Bacey, Free Miners Certificate Nos. 64,357 and B 30,285 respectively, intend sixty days from the date hereof, to apply to the Mining Recorder for a certificate of Improvements, for the purpose of obtaining a Crown Grant of the above claim.

And further take notice that action, under section 37, must be commenced before the issuance of such Certificate of Improvements.

NOTICE OF FORFEITURE.

To GEORGE PITER, of the City of Greenwood in the Province of British Columbia, Prospector:

You are hereby notified that I have expended $200.00 in performing assessment work on the "Barquahala" and "Peremeter" Mineral claims, situate in Copper Camp, in the Kettle River Mining Division, Yale District, Brit. Columbia, and the sum of $[illegible] has been paid for the said work, the same being necessary to hold the claims and in the prescribed manner under the Mineral Act, and amending Acts, and if within ninety days from the publication of this notice in the Boundary Creek Times, you fail to contribute your portion of the said sum of $[illegible] together with all costs of advertising, your interest in the said claims shall [illegible] vested in the undersigned, according to the Mineral Act, Amendment Act, 1901.

Dated at Greenwood, British Columbia, this [illegible] day of October, A. D. 1902.

MIKE MORRIS.

COPPER STREET, GREENWOOD.

Killed at Smelter

James Laidlaw was killed at the Montreal & Boston Copper company's smelter this (Saturday) morning. He was engaged on the top floor near sampler and was caught in belting. He was horribly mangled. Coroner Foster went to the smelter this morning and an inquest will likely be held this afternoon.

Last Wednesday evening Duncan Smith D. D. G. C. installed the officers of the local lodge K. of P. the list of which has already been published. After installation, refreshments were served and an impromptu programme carried out. Max R. Hopkins of the Scranton Correspondence school entertained the brothers with several phonograph selections.

A fire at the power house, Granby smelter on Thursday evening caused about $10,000 damage. A portion of the building was destroyed. The smelter had to close down in consequence and as Grand Forks got power from there the city was in darkness Thursday night.

Smith Curtis addressed a public meeting at Phoenix on Monday evening. The meeting was well attended. Mr. Curtis spent Wednesday in Greenwood before returning to Rossland.

F. W. Swinborne's butcher shop at Camp McKinney was destroyed by fire at about ten o'clock last Monday night. The loss is stated to be about $500.-- It is supposed the cause of the fire was a defective flue.

E. A. Duff of the Bank of Montrea staff left on Monday for Winnepeg where he will be operated on for appendicitis. Last Sunday evening, after the close of the church service, he was presented with a valuable gold watch. There was a large attendance at the meeting, and Rev W. A. Robins, M. A. rector, in making the presentation on behalf of the congregation, expressed the earnes appreciation of all concerned of the valuable services Mr. Duff had rendered the church in the capacity of honorary organist during a period of about three years His unselfishness and zeal, combined with his musical ability had contributed much to the services of the church, and while they were sorry that he was leaving them, they were especially grieved at the occasion of his going.

John E. Gibbons who is now located at Blairmore N. W. T. is visiting the city.

A Gallery of Pictures.

Reproductions of Water Colors and Oils.

The special set of ten pictures which the Free Press, Winnipeg, have been giving to subscribers to their Weekly, has been withdrawn. Hereafter subscribers to the Weekly Free Press will receive twelve pictures on receipt of their order, and one additional every month during 1903. We have received from the Free Press the special twelve painting reproductions. They are beauties, and well worthy of a place in any home. The pictures have evidently been selected with great care, and cover, as their titles would indicate, a pleasing variety of subjects.

The set consists of the following. "Yachting," "Algerian," "Roman Boy," "Polo," "Spaniel and Duck," "Chrysanthemums," "Smooth Sumac," "Coaching," "Ducile" (a splendid picture of a horse), "Jacqueminot Roses," "Indian Maiden," and "Pointer Dog Oddsides." The last is an artistic picture of a dog so well executed as to be scarcely distinguishable from a delicate water color.

Small Voters' List.

The amendments to the municipal act passed at the last sitting of the legislature raised havoc with the voters list for the municipality. Under the new law license holders are compelled to make a statutory declaration similar to that demanded from householders. Although due notice was given of the changes only one licenseholder and few householders took the necessary steps to get enrolled, thinking that no election would be held. Now that there are two candidates in the field many are kicking themselves for their negligence. Under the circumstances a comparatively small vote may be expected. It is not probable that more than 150 votes will be polled on election day.

Local and Personal.

Dr. Mathison will be at Phoenix until the 15th inst.

The survey parties of V. V. & E. working from Curlew towards Midway and from Myers Creek eastward met this week about one mile above Midway. Both parties moved to Bolster Wash. from which point the survey will be continued westward.

Lovers of high class entertainment should not forget the Gavin Spence and Flora McDonald concert given under the auspices of the Greenwood St. Audrew's society at the Auditorium next Monday evening. These delightful Scottish entertainers are receiving flattering notices whereever they go.

F. M. Elkins has opened a fire insurance office in the Rendell block. He has been appointed agent for the Norwich Union, Caledonian and other strong companies.

The Trail smelter, through its ore buyer, D. W. Moore, has bonded the Seattle, a well known North Fork proposition, for $97,000. Development work will be started immediately. According to the terms of the agreement the smelter company will expend $1000 per month in development work. Ore shipments will be made continuously, as teams have been engaged to haul ore to the C. P. R. tracks. The Seattle is situated on the west side of the Forth Fork a few miles below the Volcanic mine. It has a big surface showing of pay ore. It is owned by a company in which Robert Clarke owns the controlling interest. The minority interest is held by Neil McCallum and Charles Hay of Grand Forks.

The Sacred Heart hospital gratefully acknowledges donations from the following on New Year's Day: Mr. Ralph Smailes, Mr. and Mrs. Thos. Walsh, Mr. and Mrs. Methot and Mr. Lamb.

Geo. C. Hodge superintendent of the Vernon & Nelson Telephone Co. was in the city this week.

Henry F. Mytton manager of the Greenwood branch of the Canadian Bank of Commerce returned on Tuesday from a pleasant vacation spent in Victoria. E. Fane Sewell who was acting manager during Mr. Mytton's absence returned to Vancouver by Wednesday's train. Mr. Sewell thoroughly enjoyed his visit here. He likes the town, the people and believes there is a great future in sight for Greenwood. The good feeling is appreciated by the many friends made by Mr. Sewell during his brief stay in the city. After a brief vacation in Vancouver, Mr. Sewell will go to the Seattle branch.

The Lyon Boarding School.

Earnest Russell son of J. A. Russell of this city has attained the distinction of having his name placed on the Roll of Honor at the Lyon Boarding School for boys, Spokane. Three boys only have attained this honor. The Lyon Boarding school for boys is an institution that earned flattering testimonials from the parents of many boys who have been educated there. A. L. Steel a merchant of Trail writes as follows;

Trail, B. C., June 23, 1902.

Prof. James Lyon,
Spokane, Wash.

Dear Sir:—I received yours of June 21st to-day and am very much pleased with report of Marion's yearly examination.

I have examined Marion in some of his studies and am satisfied that he has made great progress, especially in arithmetic, and Mrs. Steel and myself take this opportunity to thank you and Mrs. Lyon for the care and training you have given him. He has exceeded our expectations.

He comes home in perfect health, a gentleman in behavior, and with a good start towards an education.

I am, your respectfully,
A. E. STEEL

Corporation of the City of Greenwood

PUBLIC NOTICE.

Is hereby given to the electors of the Municipality of the City of Greenwood that I require the presence of the said electors at the City Hall, Greenwood, on the 12th day of January, 1903, at 12 o'clock noon, for the purpose of electing persons to represent them in the Municipal Council as Mayor and Alderman.

Further notice is also given that nomination for one School Trustee will be held at the same time and place and an election, if any, will take place at the same time and be under the same regulations as that for Mayor.

The mode of nomination of candidates shall be as follows :

The candidates shall be nominated in writing ; the writing shall be subscribed by two voters of the municipality as proposer and seconder, and shall be delivered to the Returning Officer at any time between the date of the notice and 2 p. m. of the day of the nomination, and in the event of a poll being necessary, such poll will be opened on the 15th day of January, 1903, at the City Hall, Greenwood, of which every person is hereby required to take notice and govern himself accordingly.

Sec. 14.—The Council of every City Municipality incorporated after the 23rd day of April 1902, and of every City Municipality hereafter incorporated, "Shall consist of a Mayor and not more than nine nor less than five Alderman

a. After the first municipal election the persons qualified to be nominated for and elected as the Mayor of such city shall be such persons as are male British subjects of the full age of twenty-one years, and are not disqualified under any law, and have been for the six months next preceding the day of nomination the registered owner, in the Land Registry Office, of land or real property in the city of the assessed value, on the last municipal assessment roll, of one thousand dollars or more over and above any registered incumbrance or charge, and who are otherwise duly qualified as municipal voters :

b. After the first municipal election, the persons qualified to be nominated for and elected as aldermen of such city shall be such persons as are male British subjects of the full age of twenty-one years and are not disqualified under any law, and have been for the six months next preceding the day of nomination the registered owner, in the Land Registery Office, of land or real property in the city of the assessed value, on the last municipal assessment roll, of five hundred dollars or more over and above any registered incumbrance or charge, and who are otherwise qualified as municipal voters.

G. B. TAYLOR, Returning Officer.
