—COMPANY, LTD.—

Some SUMMER Specials

Just a few of the many bargains to be found here at this season. We can save you money on all classes of summer goods. Let us prove it.

CORSET COVERS
NIGHT GOWNS
DRAWERS
WHITE SKIRTS

All these lines of ECLIPSE whitewear, trimmed in lace, embroidery, insertion, tucks, beading, etc. **20 PER CT. OFF**

FOR LITTLE TOTS

WHITE DRESSES—Tucked front and back; pleted bottom. Price now $1. Other lines 75c to $1.

PRINT DRESSES—Collars and cuffs of embroidery. Well made and of good material. Varied colors. 75c and 90c.

STRAW HATS

LADIES' SAILORS---Plain and fancy straw. Black or White silk bands. The regular prices of these high class goods range from 50c to $1. NOW **35 to 70c**

CHILDRENS---A good assortment still left. They are new goods, but we wish to close them out this season. Regular prices 35c to $1.25. NOW **25 to 95c**

FANCY SILK PARASOLS Only a few left. We are offering $3.25 and $3.50 articles AT ☞ **$2.25**

CLEARING OUT SALE

In order to make room for our fall stock of Clothing, we wish to get rid of every suit in the store by that time, and to do so are offering the following inducements:

$10.00 Suits for - $5.00
12.00 Suits for - 6.00
13.50 Suits for - 7.50
15.00 Suits for - 8.50
20.00 Suits for - 12.50

$18.00 English Cerduroy Suits for $8.00

See those snaps in Felt Hats at $1.00 each. Cotton Underwear for 50c, $1.25, $1.50, $2.00 to $2.50 a suit.

RUSSELL-LAW-CAULFIELD CO., Limited.

AMERICAN SHOES

The Original "Julia Marlowe" Lace Boot with elastic instep **$5.00**

RICH'S FAMOUS JULIA MARLOWE SHOES

With or Without "Elastic Instep"

THE GENUINE HAVE THE NAME ON EVERY SOLE. ACCEPT NO SUBSTITUTES.

"Julia Marlowe" Lace Oxford Shoes, fine Kid with elastic instep **$3.25**

THE NEW "JULIA MARLOWE" LACE BOOT WITHOUT ELASTIC INSTEP..... $4.50

We announce with great pleasure that we are the exclusive agents of this famous make of fine shoes and have in stock a variety of the best styles.

RENDELL & CO.

Agents for Mason & Risch pianos.

RAILWAY BUILDING

Instructions Given to Begin Survey of North Fork.

MR. MACDONELL'S TRIP

A Busy Season of Railway Construction Anticipated.

All indications point to a busy season of railway construction in southern British Columbia. The Times has announced from time to time the progress the Great Northern is making in the construction of its lines in the Boundary district and has given publicity to the pretty well authenticated rumor that Mr. Hill intends building westward through the Similkameen. Mr Hill's activity has at least nettled C.P. R. officials if he has not succeeded in spurring that big corporation to decisive action. The Nelson News of yesterday discusses Mr. Macdonell's trip into the Similkameen as follows:

"Harry E. Macdonell, general agent of Kootenay lines of the Canadian Pacific railway, has gone to the Similkameen and Okanagan sections for the purpose of making a reconnaissance for the C. P. R. From Midway he will make a horseback tour of the country to the west as far as Hope. He will visit Hedley and other camps. At Hedley the big Nickle Plate mine owned by the Marcus Daly estate is located and M. K. Rogers, the manager, has been writing to Mr. Macdonell making inquiries as to freights. The company will soon have a large quantity of concentrates to haul and desires to have rates made on them to the British Columbia smelters. It is supposed, too, that the C. P. R., now that the Great Northern is heading for the Similkameen section. It is reasonably certain that one of the points to be reached by the extension, if it is made, will be Hedley, as there is tonnage to be obtained there. The Daly estate purposes erecting a smelter at Hedley, and if it does custom work, as it intends to, there will be a large tonnage to be hauled to the smelter, besides coke and supplies. Should transportation facilities be given it would be the signal for a large number of mines in that section to begin the outputting of ore. There are some of the largest copper-gold ledges in that section in the province, besides gold and silver ledges. There is every promise of a large tonnage there, and Mr. Macdonell's visit probably means that there will be a race between the C.P.R. and the Great Northern to reach the points where the largest tonnage can be obtained. The tour of Mr. Macdonell will last for about 11 days and he will come out by way of Hope, on the main line of the C.P.R. On his report will largely depend the action which the C.P.R. will take in regard to extending its tracks into that section."

A definite announcement in connection with the early construction of the Midway and Vernon road is expected in a few days. The principals are now on the ground and they are only waiting further reports from the engineers who are carefully examining the route to definitely decide whether to accept the proposition or not.

From Grand Forks comes a despatch that H. W. Warrington the general superintendent of the Kettle Valley lines has received instructions from the head office at Toronto to immediately proceed with the survey of the North Fork extension. The engineering corps is being organized and will start work on Monday next.

The charter authorizes the company to extend its North Fork line to Vernon and through Nicola to Spence's Bridge. The company is anxious to tap Franklin camp where there are many promising claims and prospective tonnage and it is expected that this portion of the road will be completed at the earliest possible date.

Last year the Dominion Government voted a subsidy of $6,400 a mile for 50 miles of the North Fork branch. The company was expecting assistance from the local government; in fact, the promise of the McBride government in this regard cut a considerable figure in the provincial election in the Grand Forks riding and was a strong factor in securing the return of Geo. A. Fraser, M.P.P. The Grand Forks people were warned then about McBride's gold bricks but evidently the electors had more confidence in the premier then than now and sacrificed principle in order to secure an advantage for their home town.

The promise of aid to the North Fork road like the summer session failed to materialize. Evidently the railway company have become tired waiting for premier McBride and are taking advantage of the substantial subsidy granted by the Liberal government at Ottawa to build this road which will play no small part in opening up a rich mineral section of the province.

Drill! Ye Tarriers Drill!

Challenge Was Issued and Promptly Accepted.

The following communication appeared in the Spokesman-Review:

CHESAW, Wash., July 16.—To mining Editor of The Spokesman-Review By The Spokesman-Review of July 11 I see that the Greenwood (B. C.) drilling team are trying to raise a controversy over the drilling contest here on July 5.

On July 4 Superintendent Henry Thompson of the Interstate Mining company, who was chairman of the celebration arrangements committee, and Superintendent John Bensen of the Rainbow Mining company, were raising money by subscription for this drilling contest. What the British Columbia people raised I don't know.

I was official timekeeper for the contest of July 5, and was present when the official measurements were announced as 47½ inches and 41 inches, which still stand as the correct measurements.

A few minutes after the contest Mr. Bensen told me that he was trying to arrange another contest with the British Columbia people for $1000 a side in which a series of three holes were to be drilled, and that he had not yet received a definite answer.

It was on this information that I based my article, which appeared in The Spokesman-Review of July 8, and later inquiry convinces me that I was not wrong.

In conversation with Mr. Benson today that gentleman informed me that his proposition was still open to the Greenwood team and that the $1000 was still ready for them at any time they wished to try for it on the teams proposed by him on July 5.

FRED J. FINE.

The Greenwood drillers replied as follows:

GREENWOOD, July 19.—To the Mining Editor of The Spokesman-Review: Your paper of the 17th inst. contains an article in reference to that famous drilling match which was held in Chesaw, Wash., of July 5, and in reply we shall say that the Greenwood team is willing to drill the Chesaw team on the same proposition as they gave us on the days of the celebration at Chesaw, Wash., and we invite them to come to Greenwood, B. C., to get even.

(Signed.) JAMES FOULDS,
GEORGE FOULDS,
P. STEFFINS,
JOE LAMPING,
JAMES BUCK,

P. S. We have money in the banks at Greenwood, B. C., and shall have cattle on the range at Chesaw, Wash., should Chesaw keep on drilling.

The garden party at the residence of Mrs. H. C. Shaw on Tuesday night was largely attended. The evening was delightful and the big bonfire added to the charm. The Citizens' band furnished excellent music.

BOARD OF DIRECTORS

Stong Board Chosen by Montreal and Boston Co.

COLONEL POPE PRESIDENT

Assisted by Some of New York's Most Successful Men.

The Montreal and Boston Consolidated Mining and Smelting company, Ltd., has appointed its board of directors. The personnel of the board is a strong one and includes some of the wealthiest and most successful business men in the United States. The president is Col. Geo. A. Pope, at the head of the Pope Manufacturing company. The Pope company is the largest manufacturers of bicycles and automobiles in America and Col. Pope is one of the wealthiest and best known business men of New York. C. A. Fish of Geo. Kissam & Co., New York, is vice-president and A. H. Loomis, the son of the vice-president of the City National Bank and president of Farmers' Trust and Loan company, New York, is treasurer.

Included in the directorate is John G. Hannah, president of the Staples Coal company and the Sacremento Coal company; A. Davidson, of John N. Shaw & Co., members of the New York Stock Exchange and brokers for the Amalgamated Copper company; and John F. Plummer a retired millionaire.

SUCCESSFUL ENTERTAINMENT.

Mr. John Magure delighted a large audience. Only a man possessed of theatrical genius and wonderful versatility could succeed single handed in entertaining an audience for two hours. Mr. Maguire is the happy possessor of both. The auditorium was filled on Monday night with the largest audience seen there since the boom days of 1898 and the veteran actor demonstrated that he hasn't lost the knack which has made him famous from ocean to ocean. In pathos, in humor, among the classics or those rough and ready descriptions of western life he was equally at home. He is an Irishman with the genuine Irish humor and an elocutionist of the highest order. Even the recitations of schoolboy days assumed a new meaning when delivered by this nestor of the stage.

Mr. Maguire will remain here for some time and will assist the Miner's Union in their concert and dance next week.

Fraser's New Town

Farrell City, B. C., is the name of a new town to be located in the Flathead valley. George Frazer, M. P. P., who has just returned from a two week's trip in the Flathead vallay, has applied to the provincial government for surface rights, a mile square, for townsite purposes. It is said that the new townsite will be located on the Hackett group, near the largest outcrop of coal in that district.—Fort Steele Prospector.

H. E. McDonnell of the C. P. R. left Greenwood on Wednesday on a trip through the Similkameen and Nicola. He expects to be away about ten days.

NOTICE.

Notice is hereby given that 30 days after the publication of this notice, I will offer for sale a roan mare, brand S H on left hip, unless cost of keep is paid before that date. The said mare was left at my place by Alf. Swinbourne of Camp McKinney about Nov. 1st, 1903. EDWIN HATTON.

THE MORRISON SPUR.

There is nothing particularly new to report in connection with the Montreal & Boston Company. It is now a question of steady work to get the mines in shape to supply the smelter with ore. The Phoenix mines are being pumped out and the announcement is made that the long delayed spur to the Morrison mines will be built at once. C. P. R. contractor W. P. Tierney will be on the ground with a force of men and the spur rushed to completion. There is considerable ore on the Morrison dump and more stoped out so that this property will be in a position to make regular shipments as soon as the spur is completed.

THE BOGIE MAN.

The C. P. R. is worried; so is the daily Province of Vancouver. That awful bogie man, J. J. Hill, has invaded the Canadian Pacific preserve and according to the officials of the Canadian road and its newspaper organ, the Dominion of Canada and particularly the city of Vancouver is threatened with disaster. Smelters are going to be built at Spokane, Seattle and at other American points to treat Canadian ore and the trade of the interior will be permanently lost to Vancouver.

It is now some eight years since the C. P. R. attempted by argument of this sort to keep an American road out of southern British Columbia. When D. C. Corbin first made an application for a charter to build a railway into the Boundary, similar arguments were then advanced against the project by the C. P. R. and its newspaper organs. They were sufficiently strong in those days to defeat the application and Mr. Corbin was forced to abandoned the project.

Had the Canadian road made any special effort to give southern British Columbia adequate railway facilities, the rather threadbare argument might prove effective again, but Similkameen and Nicola have been crying for years and the C. P. R. did not hear nor heed the voice. The dog-in-the-manger begins to yelp as soon as an enteprising railway man makes arrangements to build a road that will not be a drainer but a developer. The Province needn't worry about where Canadian ores will be treated. These ores will not be treated at Spokane or Seattle but will be treated on the Canadian side in Canadian smelters and as near the point of production as it is possible to secure the necesssry facilities for cheap and economical smelting. Everyone acquainted with the mining industry recognizes this fact.

Vancouver cannot expect to secure trade in a district that has no trade to give. The opening up of the Similkameen and Nicola by a railway it matters not whence it comes nor by whom built should benefit Vancouver more than any other city on the continent. unless all of Vancouver's business men have developed into mossbacks and can see no trade beyond the line of the C. P. R.

If this province is going to be opened up and developed it is surely time to look at matter from a broad standpoint. The province of British Columbia as well as every other part of the Dominion should not be compelled to take what one railway corporation likes to give. There is no good reason why the C. P. R. should not build through the Similkameen and Nicola and on to the coast; there is no apparent reason why this road was not built years ago and there is less reason for offering opposition to the construction of a railway that will give these promising districts a chance to develop and prosper.

Complaint has been made to The Times that boys and children of a larger growth are destroying young grouse. Armed with a 22 rifle, the young birds just learning to fly are wantonly destroyed by those who should know better. The attention of the authorities is directed to this matter as some effort should be made to protect the game of the district.

The special edition of the Vernon News is a very creditable number. It is handsomely gotten up, well illustrated and in an interesting way tells of the wonderful resources of the Okanagan valley. The proprietors of the paper deserve the greatest credit for their enterprise in publishing a number that will do much in attracting attention to the garden of British Columbia.

Hon. Mr. Blair and Prof. Mills of Railway Commission will pay British Columbia an official visit in the near future. They will stop at Revelstoke on their way to the coast and at Nelson on the way back. Should there be any matters connected with the transportation question in the Boundary needing adjustment a brief should be prepared and presented to the commission. Parties interested may appear before the commission at either of the points stated.

MR. MINER IN PHOENIX.

He Discusses the Granby Company's Prospects.

PHOENIX, B. C., July 19.—S. H. C. Miner, president of the Granby Consolidated, arrived yesterday afternoon from Grand Forks, accompanied by J. P. Graves, general manager. This is Mr. Miner's regular annual visit to the mines and smelter, with which he keeps closely in touch. He expressed himself as well satisfied with the progress that had been made since his visit here a year ago this month, and at no distant date expects to see the daily tonnage of the Granby company increased considerably, although, he said, there are no details for publication at this time. Mr. Miner reiterated that James J. Hill, president of the Great Northern, has not secured control of the Granby company, and that the different interests in the company are working together harmoniously in the conduct of the mines and smelter.

Mr. Miner will spend a few days at Grand Forks, when he will visit Vancouver and Victoria before returning east.

CONTRACT WILL BE LET.

Rumored that Greenwood - Midway Road Will be Built.

It is rumored that the contract for the railway from Midway to Greenwood will be awarded at an early date and this work rushed to completion in order that the Great Northern may get to the smelters at Boundary Falls and Greenwood. By connecting the railway at Denoro with the road at Midway the Great Northern loop around the Boundary will be completed and the road will be connected with all the big mines and smelters.

It is also understood that this work will be awarded to a Canadian contractor and there is a strong prejudice on this side of the line against American contractors doing work on the Canadian side. This feeling is particularly strong in the east where there is an agitation in favor of a law which would place American contractors on the same footing in Cadada as Canadian contractors are in United States. It is thought that the Great Northern officials will not care to antagonize the federal government by having Canadian work done be American contractors.

J. C. HAAS BONDS GROUP

BOLSTER, Wash., July 14.—J. C. Haas of Spokae W. F. Smith of Greenwood, B. C., have just secured a bond on the Copper Queen, the No. 9. the Golden Curry, the Neutral and the Aztec claim on Copper mountain. The claims are one and a half miles east of town. The bond runs for one year.

Five per cent cash was paid yesterday, Work will commence at once It is common report that they secured the bond for the Granby company at Grand Forks. The showing on these claims are large deposits of iron-copper ore.

The Man Who Work Hard.

Perseverance and will-power he must have, but whether he has strength and vigor is another consideration. Hard working men usually have irritable nerves and should fortify their systems with a course of Ferrozone, a tonic that rebuilds and revitalizes beyond all telling. It's just wonderful the strength that Ferrozone imparts to brokendown men. It forms new blood, supplies the system with abundant nourishment, and where formerly there was tiredness and lassitude Forrozone establishes a reserve of neergy and vim. Try Ferrozone,—price 50c per box. For sale at Thomas Drug Co.

In the Mines and Metallury building, Canada again had decidedly the best and most interesting exhibit, and just here let me say, that in all the Canadian exhibits you will find the men in charge most courteous and ready to give you all the information you wish about their department. Even the questions that to these men who know must appear very foolish and trival are answered with a patience and courtesy that cannot fail to win your admiration.

The mining exhibit is a particularly noteworthy one, as is but natural, when we consider the wealth of Canadain mineral resources. There is a very beautiful little stone fortress, within which are displayed specimens of the gold which is the Yukon's contribution to Canada's wealth, and there are many others minerals, and also a fine display of asbestos. I was very much interested in hearing that 95 per cent of the asbestos used by the whole world is supplied by Canada.—London Advertiser.

Synopsis of Regulations for Disposal of Minerals on Dominion Lands in Manitoba, the Northwest Territories and the Yukon Territory.

Coal.—Coal lands may be purchased at $10 per acre for soft coal and $20 for anthracite. Not more than 320 acres can be acquired by one individual or company. Royalty at the rate of ten cents per ton of 2000 pounds shall be collected on gross output.

Quartz.—Persons of eighteen years and over and joint stock companies holding free miners' certificates may obtain entry for a mining location.

A free miner's certificate is granted for one or more years, not exceeding five, upon payment in advance of $7.50 per annum for an individual, and from $50 to $100 per annum for a company, according to capital.

A free miner, having discovered coal in place, may locate a claim 1500x1500 feet by marking out the same with two legal posts, bearing location notices, one at each end on the line of the lode or vein.

The claim shall be recorded within fifteen days if located within ten miles of a mining recorder's office, one additional day allowed for every additional ten miles or fraction. The fee for recording a claim is $5 00.

At least $100 must be expended on the claim each year or paid to the mining recorder in lieu thereof. When $500 has been expended or paid, the has been expended or paid, the locator may, upon having a survey made, and upon complying with the other requirements, purchase the land at $1.00 an acre.

Permission may be granted by the Minister of the Interior to locate claims containing iron and mica, also copper, in the Yukon Territory, of an area not exceeding 160 acres.

The patent for a mining location shall provide for the payment of royalty on the sales not exceeding five per cent.

Placer Mining, Manitoba and the N. W. T., excepting the Yukon Territory.—Placer mining claims generally are 100 ft. square; entry fee, $5 renewable yearly. On the North Saskatchewan river claims for either bar or bench the former being 100 feet long and extending between high and low water mark. The latter includes bar diggings, but extends back to the base of the hill or bank, but not exceeding 1000 feet. Where steam power is used, claims 200 feet wide may be obtained.

Dredging in the rivers of Manitoba and the N. W. T., excepting the Yukon Territory.—A free miner may obtain only two leases of five miles each for a term of twenty years, renewable in the discretion of the Minister of the Interior.

The lessee's right is confined to the submerged bed or bars of the river below low water mark, and subject to the rights of all persons who have, or who may receive entries for bar diggings or bench claims, except on the Saskatchewan river, where the lessee may dredge to high water mark on each alternate leasehold.

The lessee shall have a dredge in operation within one season from the date of the lease for each five miles, but where a person or company has obtained more than one lease one dredge for each fifteen miles or fraction is sufficient. Rental, $10 per annum for each mile of river leased. Royalty at the rate of two and a half per cent collected on the output after it exceeds $10,000.

Dredging in the Yukon Territory—Six leases of five miles each may be granted to a free miner for a term of twenty years, also renewable.

The lessee's right is confined to the submerged beds or bars in the river below low water mark, that boundary to be fixed by its position on the 1st day of August in the year of the date of the lease.

The lessee shall have one dredge in operation within two years from the date of the lease, and one dredge for each five miles, within six years from such date Rental $100 per mile for first year, and $10 per mile for each subsequent year. Royalty, same as placer mining.

Placer mining in the Yukon Territory—Creek, gulch, river and hill claims shall not exceed 250 feet in length, measured on the base line or general direction of the creek or gulch, the width being 1,000 to 2,000. All other placer claims shall be 200 feet square.

Claimes are marked by two legal posts, one at each end, bearing notices. Entry must be obtained within ten days, if the claim is within ten miles of mining recorder's office. One additional day allowed for each ten miles or fraction.

The person or company staking a claim must hold a free miner's certificate.

The discoverer of a new mine is entitled to a claim of 1,000 feet in length, and if the party consists of two 1,500 altogether, on the output of which no royalty will be charged, the rest of the party ordinary claims only.

Entry fee $10. Royalty at the rate of two and one half per cent. on the value of the gold shipped from the Yukon territory to be paid to the Comdtroller.

No free miner shall receive a grant of more than one mining claim on each seperate river, creek or gulch, but the same miner may hold any number of claims by purchase, and free miners may work their claims in partnership by filing notice and paying fee of $2. A claim may be abandoned, and another obtained on the same creek, gulch or river, by giving notice and paying a fee.

Work must be done a claim each year to the value of at least of $200.

A certificate that work has been done must be obtained each year. If not, the claim shall be deemed to be abandoned, and open to occupation and entry by a free miner.

The boundaries of a claim may be defined absolutely by having a survey made and publishing notices in the Yukon Official Gazette.

Petroleum—All unappropriated Dominion Lands in Manitoba, the Northwest Territories and within the Yukon Territory are open to prospecting for petroleum, and the minister may reserve for an individual or company having machinery on the land to be prospected, an area of 640 acres Should the prospector discover oil in paying quantities, and satisfactorily establish such discovery, an area not exceeding 640 acres, including the oil well and such other land as may be determined will be sold to the discoverer at the rate of $1.00 an acre, subject to royalty at such rate as may be specified by order-in-council.

JAMES A. SMART,
Deputy of the Minister of the Interior.
Department of the Interior, Ottawa.

NOTICE OF FORFEITURE.

TO DAVID BEATH, HENRY SHIELDS, or to any person or persons to whom they may have transferred their interest in the Paymaster mineral claim, situate in the Greenwood Mining Division of Yale district.

You are hereby notified that I have expended the sum of $1000 for surveying the above mentioned claim and $2.50 for recording the same for an assessment, such being required and necessary to hold the said claim for the year ending October 11, 1903, under the provision of the Mineral Act and Amending Acts; and if at the expiration of ninety days from the date of the first publication of this notice in the Boundary Creek Times, you fail or refuse to contribute your portion of such expenditure, namely, $51.25, together with all costs of advertising, your interests in said mineral claim shall become invested in me, [your co-owner] upon filing in the proper office in that behalf the affidavit required by section 4, of the Mineral Act Amendment Act, 1900."

Dated this 9th day of June, 1904.

A LARGE ORE BODY

The McKinley Claim on North Fork of Kettle River.

GRAND FORKS, JULY 18.--Recent development work on the McKinley claim in Franklin camp, on the east fork of the north fork of Kettle river, 45 miles north of this city, has opened up an enormous body of self-fluxing sulphide ore. The width of the ore zone from the hanging wall diagonally across to the foot wall side is about 352 feet. This represents the distance from the lowest open cut on the east side of a ravine, where rich chalcopyrite ore has been exposed, to a big showing alongside the hanging wall. At various intervals between these two points the same characteristic ore has been uncovered. The upper ore body alongside the hanging wall and occupying the bottom and sidess of the ravine has been opened up in places along the course of the ore zone for a length varying from forty to sixty feet across the ore zone for a distance of 62 feet. The ore averages $11 per ton The copper runs from three and a half to four per cent; gold and silver constitute the subsidiary values Through the ore body runs a shoot of chalcopyrite from five and a half to six feet wide. It averages 22 per cent. copper, $2.50 gold and six ounzes in silver per ton. Into the lower portion of the main ore body an open cut 26 feet long and 16 feet wide has been driven. Chalcopyrite ore has also been struck in a 12 foot open cut on the eastern extension of the lead, two hundred feet from the big showing, and 150 feet above the gulch. This ore runs over six per cent in copper. The lower open cut near the foot wall is 12 feet long and nine feet wide. Is is situated 25 feet above the bed of the ravine. The ore is chalcopyrite and runs ten per cent copper. The McKinley was recently bonded by George MacLeod of this city.

A PROSPECTOR'S DEATH.

Starved for Days and Then Drowned in Sight of Companion.

VANCOUVER, July 19.—Frank Hayes of this city has returned from the head of Butte inlet with a terrile tale of starvation and death of a comrade. He and Jacob Scholtz, also of Vancouver, left here several weeks ago on a prospecting trip, and when miles from any settlement ran out of provisions. After starving for two days they killed their dog and ate him and journeyed along as well as they could to sait water.

Scholtz, while crossing a small stream, fell down and was so exhausted he could not regain his feet. Hayes was so weak he could render no assistance and saw his comrade drown before his eyes.

Hayes subsisted on what remained of the dog and what berries he could gather until he reached the coast, where he met friendly Indians, who attended to his wants. That was three weeks ago, snd it has taken him that time to recover his strength after his hardships.

Sniffeling and Sneezing Colds.

Can be stopped in a few minutes and permanently cured in one hour by inhaling fragrant healing Catarrhozone. No remedy compares with Catarrhozone for cold in the head and nasal catarrh. It sooth and heals the inflamed mucous membranes, prevents sneezing and coughing, clears away the "stuffed up" feeling in the forehead. If you have'nt used Catarrhozone get it to-day and try it on yorr next cold. You'll be suprised at the efficiency of this delightful inhaler treatment which pleases everyone because it cures so quickly. Complete outfit $1.00; trial size 25c For sale at Thomas Drug Co.

LOOKS FOR 14 CT. COPPER

E.F.Underwood of British Columbia Copper Company Is Here.

E. F. Underwood and W. H. Thomas of New York, of the British Columbia Copper company, at Greenwood, B. C. are in Spokane returning from a visit to the properties of the company. They express great plesure in the magnificen' condition in which they found the company's mines and reduction works. The new converter is meeting every expectation of the builders and the manger of the smelter. This, and other improvements and additons to the mine and smelter equipment, has resulted in effectuating great economy and assuring the profitable operation of the property.

Asked as to the future of the copper market, Mr. Underwood said that it was unquestionably very promising; that the money market in the east is now, in every way, in a condition of confidence and no trouble is experienced in placing bonds for the construtions of electrical power and transportation enterprises and that he expected to see copper soon establish a permanent price of 14 cents. Mr. Underwood places no confidence in the repeated Wall street statement concerning the settlement of the Butte copper mining litigation, the copper market having ceased to take any interest in the matter.—Spokesman Review.

Henry S. Turner, formerly a well known newspaper man in the Boundary, is located in San Francisco, being the publisher of the Western Caterer and also conducting a print shop.

Mrs. F. M. Elkins and daughter have returned from a holiday trip to California and Coast Cities.

Six horses found their way to the city pound last evening and irate owners this morning had to pay the penalty for violation of the pound by-law.

Pete McCallum, deputy sheriff of Grand Forks, was in the city today.

Thos. Hemmerle and Hughie McGee are putting themselves in training this week at their training ground the claim adjoining the Defiance It is expected that in two weeks time they will issue a challenge to the Fould Bros. or if the Chesaw drillers have any money left they will be given a chance.

A car of ore was shipped this week from the Rhoderick Dhu in Long Lake camp to the Greenwood smelter.

BIRTHDAY ATTAINED.

Mr. A. H. Clark Was Surprised by Many Greenwood Friends.

Od Sunday last Mr. A. H. Clark of this city attained his majority and on the following evening about forty of his friends gathered at the Methodist parsonage where he has lived since coming to Greenwood, to celebrate the event. The plan to susprise him was deeply laid and well carried out. He expected only the Epworth League present for an ordinary social evening but this number was augmented by the choir and other friends and early in the evening it became evident to him that, though president of the league, the management of the entertainment was in other hands. For as soon as the guests were all assembled Mr. J. R. Brown, M.P.P., called Mr. Clark forward and read an address which was typewritten on a pale blue satin banner trimmed with gold fringe and braid. Mr. Godfrey Muller made the presentation which consisted of a solid gold locket. Just at the close of the address some young ladies entered the room carrying a large birthday cake on which had been placed twenty-one candles. Mr. Clark though taken completely by surprise was quite self possessed and in an appropriate speech fittingly acknowledged the kindness of his friends.

Mesdames Brown and Petch, Misses Wright, Green and Dynes, Messrs. Clark, Janion and Cook contributed to the pleasure of the evening in a well rendered programme of songs and recitations after which the ladies served dainty refreshments to all present.

Mr. Clark is a young man of stirling qualities and has, during his several months' residence in Greenwood, become well known, especially in the Methodist church, and very highly respected. The following is a copy of the address presented:

Mr. A. H. Clark,

Dear Sir: We, a few of your friends have come this evening to offer congratulations and good wishes on the occasion of your twenty-first birthday. We recognize that the day is one of importance and we wish to mark it in as fitting a manner as possible.

The periods of life marked off by boyhood and youth now belong to the dast and you stand tonight on the threshold of full manhood with those sterner responsibilities, which accompany it and which must be met with a steady and resolute purpose, awaiting you.

We congratulate you on being able to bring to this larger service a good physical constitution; also those educational equipments which are in this age indispensible to a successful career, and especially the high type of character which you possess and with out which, notwithstanding all other abilities, natural and acquired, the word failure, not success, will stamp any life.

We congratulate you again on the Godly example and wise counsel of your parents and for the general atmosphere of piety by which the home of your childhood and youth was hallowed, and upon your own voluntary choice. For as we have met you from day to day and have had opportunity to watch your well ordered course, it has become evident to us that you do not look lightly upon life, but that you attach to it its due importance. You have not followed the dark and devious trail of wrong, but have instead, chosen to walk on virtue's upland way showing that in your estimate of life you are like minded with him who wrote,

"Would thou live long? The only means are these—
'Bove Golen's diet or Hippocrates':
Strive to live well; tread in upright ways,
And rather count thy actions than thy days.
Then thou hast lived enough amongst us here,
For every day well spent I count a year.
Live well, and then, how soon soe'er thou die,
Thou art of age to claim eternity.
But he that outlives Nestor, and appears
To have passed the date of gray Methuselah's years,
If he his life to sloth and sin doth give,
I say he only was—he did not live."

But we wish to mark this event with something more tangible than words; and therefore offer you this gold locket which we ask you to accept and wear, not because of its monetary value, but because it silently speaks faithful friendship's language; expressing our esteem for you as a christian gentleman.

We all wish you health, happiness and prosperity, a long and useful career, and trust that no circumstance may arise to render your early departure from Greenwood necessary, but that you may for many years to come live amongst us, and to faithfully serve in the Epworth League of which you are now the devoted president, in the choir of which you are a faithful member, on the quarterly board to which position you have recently been appointed, and in any other sphere to which your Master may call you.

Wishing you many happy birthday anniversaries, we remain

Yours in friendship,
On behalf of your friends,
J. D. P. KNOX, Pastor,
J. R. BROWN,
MRS. GEO. B. PAUL,
MINNIE E. GREENE,
BERTHA M. DYNES.

Greenwood, B. C., July, 1904.

ST. LEON SPRINGS.

The St. Leon hot springs on Arrow Lakes is becoming more popular with those who are in search of health and recreation. Mr. O'Grady, the proprietor of the hotel, is continually making improvements and the place is comfortable and homelike. The waters of the springs are very beneficial to those who are sick or overworked. In addition the fishing in the locality of the hotel is the best along the Arrow lakes. Among the Greenwoodites who visited the springs recently and who thoroughly enjoyed the outing are Mr. and Mrs. R. K. Stevens and postmaster K. C. B. Frith.

Lines, Flies,
and other tackle at
reasonable prices.

COLES & FRITH

Books, Stationery, Cigars, Wall Papers, Etc.

MANY ARE CALLED BUT FEW GET UP

PROVERB

What is more annoying to a man or a woman, who wishes to get up at a certain hour in the morning than to find that they have overslept themselves?

OUR ALARM CLOCKS

insure punctuality in getting to work "on time" in the morning. There can be no "second nap" when this alarm clock calls. Isn't it well worth a lot of money for such services.

WE SELL THEM FOR $1.50

A Bath In The Sea

With a few handfuls of our genuine Sea Salt in the tub you may have all the refreshing, stimulating, nerve quieting effects of a bath in the sea—and without some of the inconveniances of ocean bathing.

If you take salt baths this summer you will feel better, look better and will be better able to stand the debilitating effects of hot weather.

Items of Town and Country...

What is Going on And Being Done by People Who Inhabit the Great Boundary Country.

His Honor Judge Leamy of Grand Forks is in the city.

D. S. Noble of Trail was a visitor to the city this week.

J. McNicol, the Midway merchant, was in the city this week.

Prov. Constable I. A. Dinsmore of Grand Forks was in the city today.

J. G. Billings of the Yale-Columbia Lumber Company, was in the city this week.

H. T. Hazen has returned from a trip over the Midway and Vernon route.

Alex. Miller has returned from a business trip to Grand Forks and Republic.

Miss McCreath has returned from a six months visit to friends in Hamilton, Ont.

The final payment on the Gold Bug bond was made last week by the local syndicate to D. A. Holbrook.

P. W. George & Co. of this city will open a gents' furnishing store in Phoenix at an early date.

Carl Holman, superintendent of the Mother Lode mine, left this week on a holiday trip to his old home in Massachusetts.

Max Berger, formerly with the Greenwood Trading company, but now representing the New York Life, is in the city from Spokane.

The Greenwood Miner's Union are giving a concert and dance next Wednesday evening in aid of the wives and family of the deported Colorado mines. A good programme is being arranged for the occasion.

E. H. Thruston was in the city this week after returning from Rossland. He is negotiating to secure a plant for the Carmi in the West Fork country. Mr. Thruston went up to the mine on Wednesday.

Ralph Smailes returned on Tuesday from Vernon where he left the members of the syndicate who are negotiating for the construction of the Midway and Vernon road. There is yet nothing definite to announce in connection with this project.

Rev. Father Bedard leaves for the east in a short time on a well deserved vacation. Father Bedard has worked hard since coming to the Boundary. He has had a large territory to cover and during the last five years he has been indefatigable in his efforts. He will visit Ottawa, Montreal and other eastern cities. Protestants and Catholics alike wish him a pleasant vacation. Rev. Father O'Neill of New Westminster will officiate for Father Bedard during his absence.

C. M. Crouse, proprietor of the Midway Advance, is seriously ill with typhoid fever in the hospital in Nelson. Mr. Crouse went to the North West with a carload of horses some time ago. He was taken ill in the territories and endeavored to get home. Upon reaching Nelson he was delirious and was taken to the hospital. Mrs Crouse is now with him and while dangerously ill there are strong hopes of his recovery.

Mrs. Arthur G. Rendell was injured in a runaway accident on Sunday last. Mr. and Mrs. Rendell were being driven from Eholt by J. Holmes when the whiffletree broke and the team became unmanageable. Both jumped and Mrs. Rendell twisted her ankle with the result that she has been confined to the house since then. Messrs. Rendell and Holmes escaped with a few bruises.

A young man employed as express agent at the C P.R. depot left town suddenly last week. It was discovered that he was about $600 short in his accounts. A warrant was issued for his arrest but in the meantime, he had crossed the line to Spokane and his father having made good the defalcation no further action was taken by the C. P. R. authorities.

The Greenwood Citizens' band is increasing in numbers and musical ability. The band is an organization of which Greenwood is deservedly proud. An order has been given for natty uniforms for the boys. These should be here before the Grand Forks street carnival where the band plays a two day engagement. Later on a concert will be given to raise funds to pay for the uniforms.

At the regular meeting of the city council on Monday evening, the city solicitor was instructed to go to Kamloops to search the records in connection with the tax sale. Already some of those in arrears have paid up to avoid additional expense. Further expense can be avoided by paying deliquent taxes promptly. The cost of search, additional notices, advertising, etc., will be added to the taxes if they are not paid forthwith.

Pat Welch, manager for J. W Stewart who has the contract for the Grand Forks-Phoenix branch of the Great Northern, was in the city on Monday and left on Tuesday for Fernie where Mr. Stewart has another Great Northern contract. Mr. Welch reported that the Grand Forks-Phoenix work was being rushed, over 1300 men being employed. He expected that the work would be completed in November.

An application has been made to the provincial government to incorporate the McKinley Mining Company, Ltd., with a capital stock of $1,000,000, par par value of shares to be $1 each The applicants are: B. Lequime, D. Whiteside, H. W. Warrington, Dr. C. M. Kingston and Geo. A. McLeod, all of Grand Forks. The company is being formed to acquire the McKinley claim and develop the same.

Frank Fera, proprietor of the Ottawa, desires to announce that he has reopened that hostelry and is prepared to welcome the old patrons and as many new ones as can make it convenient to drop in.

The many friends of Mrs. C. H. Archibald will be pleased to learn that she won the prize in the Hunter-Kendrick Co's guessing contest. The successful guess was 17,550 while the actual count was 17,558 beads.

Eddie Lukov, a ten year old son of J. Lukov manager of the Canada Clothing company, Vancouver, and formerly of Greenwood, was instantly killed in Vancouver last week. While playing with a younger brother he ran in front of a moving street car and was run over.

Last week Mr. Simpson of Phoenix purchased the Arlington hotel on Copper street from Piekart & McDonald. Mr. Simpson is an experienced hotel man. Phil McDonald will attend to his extensive mining interests while Tom Pieckart will take a well earned vacation.

C. L. Thomet of Midway, a special constable, arrived in the city last Monday with a man named Grant who was arrested for horse stealing. Grant is accused of stealing a horse at Curlew and selling it to a man named Taylor at Grand Forks. After the sale the horse was seized by Collector of Customs Gilpin for non-payment of duty. Taylor paid the duty and no sooner was this done than the rightful owner appeared and claimed the horse. Grant appeared before Stipendiary Magistrate McMynn and was remanded for a few days.

NOTICE.

Notice is hereby given that the undersigned will not be responsible for any bills contracted by Frank Miller, a minor, who left his home on the 19th instant.
