Vol. 7. GREENWOOD, B. C. FRIDAY, AUGUST 7. 1903. No. 50

A GREAT DAY'S SPORT

Under Auspices of Greenwood Miners' Union

ON NINETEENTH OF AUGUST

A Good Programme and Substantial Prizes Offered

Wednesday, August 19, will be a gala day in Greenwood. H. R. Parsons. William McIntominy, Fred McInnes, T. Lightbody and O. A. Berg, a committee of the Miners' Union, ably assisted by George F. Dougherty, the secretary, have perfected arrangements for a splendid programme of sports in connection with the celebration of the anniversary of their union in Greenwood. The citizens generally have subscribed liberally towards the funds of the celebration, and at a well attended meeting held in the city hall on Tuesday evening, they were so well pleased with the work done by the committee that it was decided to leave all the details of the celebration in such capable hands. The committee made suitable arrangements with the C. P. R. for bringing the large number of expected visitors to Greenwood. Excursion rates will be given from Rossland, Nelson and other Kootenay points, good from August 18 to 20 inclusive, and on August 19 a special train will leave Cascade at 7 a.m., connecting at Eholt with Phoenix train, and arriving here about 10 a. m. The celebration will open with a parade of all organized labor bodies, after which a public meeting will be held in the auditorium. The meeting will be addressed by J. H. Hawthornthwaite and others.

In the afternoon there will be hose races in which teams from Greenwood, Grand Forks, Phoenix, Mother Lode and Boundary Falls and Greenwood smelters will take part, with a possibility of teams from Kootenay points. Six entries have already been received for thh drilling contests. In this contest two holes, a dry and down hole, must be drilled. There will be plenty of small sports, baseball, etc., the day to wind up with a grand ball in the evening. The mines and smelters will close on that day so that a large attendence is expected. Substantial prizes are offered for the various events.

The Fun Is Ended

The public schools reopen on Monday next. A. B. McNeill of Victoria has been appointed principal of the Greenwood schools. Mr. McNeill was principal of the North Ward school in the capital city for several years. He has had a long and very successful career as a teacher. The new appointments were rendered necessary by the resignations of the members of the old staff. D. McD. Hunter, after years of faithful work, resigned to give his whole attention to the business of the Greenwood Fruit company, with which he has been connected for some time, and Miss Laird went to the coast to recuperate after her recent severe illness. She expects to get a school there.

The Shaw Clan

In the Saturday Globe of July 25th an illustrated article by Alexander Fraser of Toronto, tells all about the warlike bent of the family of Shaw. Scions of this clan fought at the taking of Quebec and in other memorable battles where British arms were victorious often because of the impetuous rushes of the Scottish regiment, in which the Shaws were always at the front. The article deals chiefly with the careers of descendants of Angus Shaw, who had two sons, Alexander and Aneas. Charles Aneas Shaw, the peaceful and law-abiding engineer of this city, is a direct descendant of the latter.

LAWN TENNIS

Greenwood Defeats Phoenix by Eleven Matches to One

On Saturday last the Greenwood tennis club played the Phoenix club a match, and won out by eleven matches to one. Four men from Phoenix came to Greenwood and played on the courts here and four men from here went to Phoenix and played there. The following schedule shows the result of the different matches:

DOUBLES AT GREENWOOD

Hodges and Lewin, Greenwood, defeated Morkill and Spier, Phoenix, 2-0.

Merritt and Wilmot, Greenwood, defeated Boucher and Smith, Phoenix, 2—1.

DOUBLES AT PHOENIX

Burnside and Dickinson, Greenwood, defeated Hunter and Stretzel, Phoenix, 2—1.

Frith and Fisher, Greenwood, defeated Green and Slack, Phoenix, 2—0.

SINGLES AT GREENWOOD

A. N. Wilmot, Greenwood, defeated Dr. Boucher, Phoenix, 2—1.

C. E. Merritt, Greenwood, lost to O. B. Smith, Phoenix, 0—2.

W. E. Hodges, Greenwood, defeated Mr. Spier, Phoenix, 2—0.

F. Lewin, Greenwood, defeated A. Morkill, Phoenix, 2—0.

SINGLES AT PHOENIX

K. C. B. Frith, Greenwood, defeated Rev. Green, Phoenix, 2—1.

H. G. Fisher, Greenwood, defeated N. Slack, Phoenix, 2—0.

H. P. Dickinson, Greenwood, defeated J. Stretzel, Phoenix, 2—0.

A. J. Burnside, Greenwood, defeated Mr. Hunter, Phoenix, 2—0.

We Killed the Bear

A telephone message from Banbury's milk ranch informed local nimrods that dogs had treed a bear. Dave Bannerman and Steve Irwin started up the hill on two fleet horses and armed to the teeth. Jack White and Bert Logan started on foot. Bannerman and Irwin got on the wrong trail and got to Donagin's spring. White and Logan got on the right trail and got the bear. Jack White had no gun; Logan had; but Logan is a modest fellow, and is apparently quite willing to let White take all the credit for killing the bear. Fred K. McMann went up as official photographer for the expedition. He got some good views of the bear; also of the valiant huntsmen. Bannerman and Irwin got back home safely.

Some New Subjects

His Honor Judge Leamy at a regular sitting of the county court held here on Tuesday last heard the applications of thirteen men anxions to become British subjects. As there were no objections offered the necessary order was made and the thirteen became subjects of King Edward. They reside in four separate electoral districts, and their postoffices addresses stretch from Grand Forks to Kelowna. The list follows: Peter Colgan, Paul Nelson, Oliver Niles Galer, Julius Prior Black, Edward Benjamin Allen, Edward Hallinger, Dick Sewecers, John Lenk, Andrew Anderson Sigalit, John Abbot Bailey, Spencer P. Whitely, John Henry East, James D. Graham.

THE WEST FORK ROAD

A Good Political Move to Have It Built

THE MONEY IS AVAILABLE

Construction Would Be an Excellent Vote Maker

For the past three years every possible legitimate argument that could be suggested was offered with a view to inducing the provincial government to complete the West Fork wagon road, but the West Fork was handicapped by the fact that it possessed exceptional mineral wealth and it has been the policy of the provincial government to discourage development in promising districts. Legitimate argument has been exhausted and the road has not been built. The Boundary Creek Times begs to submit an argument in favor of the construction of this road which must certainly appeal to the powers that be in Victoria.

A general election will be held on October 31st. There are several voters living in the West Fork. There votes will certainly be required to elect a Conservative candidate in the Similkameen district. The necessary money to complete the West Fork road was voted by the legislature. The politics of the West Fork is to secure the completion of this wagon road. A splendid opportunity is now afforded Premier McBride to make votes for his candidate and at the same time help in opening up a rich mineral district.

It would be an easy matter to win over the West Fork by spending a large amount of money in road building in that district. There should be no difficulty in the way of the undertaking. The Grits could not make any objection to the expenditure of money there because the necessity is great and the legislature voted the money for the purpose.

This argument is of the low order usually adopted by British Columbia politicians, but it is likely to prove all the more effective on this account. The great desideratum is the building of the road.

A Nice Cheque

The Providence Mining company this week received a cheque for $2664, the net proceeds of a small shipment of 14½ tons sent to the Trail smelter about three weeks ago. Since that shipment the principal work done in the mine was to make an upraise to connect with an old shaft. This work was completed this week, giving the mine a much better system of ventilation. With this work completed more ore will be extracted and heavier shipments made to the smelter.

BETTER MAIL SERVICE

Through the Crow's Nest and on the Columbia & Western

Acting on representations made by the associated boards of trade and local boards the dominion government has improved the mail service through the Crow's Nest and on the C. & W. The information is contained in the following communications from W. A. Galliher, M. P., to the secretary of the Nelson board:

H. G. Goodeve, Nelson: Minister advises me daily service over Crow's Nest without delay. W. A. Galliher.

Another letter received from Mr. Galliher by Mr. Goodeve, is as follows:

Ottawa, July 31.—Sir: The government have just notified me they are putting on a mail car service between Nelson and Midway, instead of the the baggage car service, as at present.

Candidates Nominated

The following have been nominated as candidates from the respective ridings as representatives in the provincial assembly:

Fernie—J. McPherson, Socialist-Labor.

Grand Forks—J. Riordan, Socialist-Labor.

Greenwood—J. R. Brown, Liberal.

Islands—T. W. Patterson, Liberal.

Kaslo—John L. Retallack, Liberal.

Kamloops—J. F. Deane, Liberal; F. J. Fulton, Conservative.

Nelson—S. S. Taylor, Liberal.

New Westminster—Thomas Gifford, Conservative.

Okanagan—T. W. Sterling, Liberal.

Slocan—R. A. Bradshaw, Liberal; William Davidson, Labor.

Skeena—James Herman, Liberal; C. W. D. Cliffod, Conservative.

Similkameen—W. J. Snodgrass, Liberal.

Vancouver City—T. Ogle, Socialist; A. R. Stebbings, Socialist; J. E. Edwards, Labor; Francis Williams, Labor; A. G. Perry, Labor.

Yale—Stuart Henderson, Liberal.

General meeting of the Liberal association next Friday night at the board of trade rooms.

Mrs. W. Allison and family arrived from the coast last week to join Mr. Allison, the manager of the Canadian Bank of Commerce. They have taken the Travis residence on Gold street.

C. A. Blatt of Molson was in the city this week. He reports that the country around Molson is now well settled by prosperous ranchers and that the mining properties are again coming to the front.

Bannerman & Lewis last week purchased the Palace livery stables from M. A. Harvey, taking possession on August 1. Mr. Harvey has decided to take a well earned rest before engaging in business. He will first visit Winnipeg and later on California.

R. H. Anderson of the B. C. mine, has been appointed superintendent of the Le Roi mine under Manager Parrish. Mr. Anderson was Mr. Parrish's right hand man at the B. C. for several years. He was very popular with his employes and business men generally who rejoice at his well deserved promotion. It is probable that Mr. Larson, a Rossland mining man, will succeed Mr. Anderson as superintendent of the Denoro mines.

NEW POPE ELECTED

Cardinal Sarto Becomes Pope Pius X

LIKED IN THE ROMAN WORLD

Sketch of the Life and Character of Cardinal Sarto

The conclave of cardinals of the Roman Catholic church elected Cardinal Sarto, patriarch of Venice, to succeed Leo XIII, on August 4. Maud Howe, the accomplished daughter of Mrs. Julia Ward Howe, and cousin of the novelist Marion Crawford, has a very able article in the Outlook for August 1, in which she foreshadowed the probable election of Cardinal Sarto and gives the following sketch of his life and character:

Sarto was born in Treviso, June 2, 1835. He studied at the college of Castelfranco and at the seminary of Padua. His first cure was in the parish of Tombolo, from which in 1867 he was transferred to Salzano. The bishop of Treviso, noticing his talent, appointed him canon of the cathedral of Treviso. He next became bishop of Mantua. In 1893 he was elected patriarch of Venice. He is one of the most popular of the cardinals and is much beloved by the Venetians. He is a prudent, correct, well balanced man. Never opposing the policy of Leo XIII, he is noted for his abstinence from all aggressive action, and his influence is always exerted to keep the peace between the opposing factions. When King Humbert went to Venice to meet the emperor of Germany Cardinal Sarto announced his intention of making a state visit to the king. A hint was sent him from the vatican that his course might not be a wise one, and that he had best be absent from Venice at the time of the king's visit. The decision, however, was left with Sarto, who carried out his original plan, made his state visit to the king, and, it is said, mentioned the fact that the vatican had advised against it. Personally, he is perhaps the most sympathetic of the papabile cardinals. (The term papabile may be translated eligible for the papacy.) He is a handsome man, carrying his 68 years lightly. Strong, modest, disliking the intrigues and the ceremonies of the papal court, he rarely comes to Rome, and is content to remain in his beloved Venice, the friend of the people and the clerics alike. For Italy his election would be fortunate; he has many well wishers in the Roman world where, his friends hold, he is too little seen."

The contest in the conclave appears to have been a triangular one between the party of conservatives who hold to the belief that tradition and old institutions must be maintained above all else; the party of liberals who maintain that the church must advance with the rest of the world; and the Italian party which is tired of the position so long held by Pius IX and Leo XIII as "prisoners of the vatican." The Italian party have held that "religious functions of all sorts have been carried on at Rome with perfect liberty and security; great pilgrimages have been organized from every part of the world; many beatifications have been made; papal encyclicals have been circulated far and wide; all this without interference from, nay, it is not too much to say under the protection of the Italian government."

It is not an easy matter for a new pope to change the policy adopted by his predecessors. He is expected to follow along the line in which he starts. But from what is known of Sarto's opinions and character it may be inferred that so far as in him lies, he will have peace instead of a quasi war with the Italian government and allow the noble families of Italy to be, what they have so long been prevented from being, patriotic Italians as well as devout Catholics.

THE CROW'S NEST LIAR

R. F. Keffer, manager of the Greenwood smelter, visited the collieries of the Crow's Nest Pass Coal company this week. He spent several days at Fernie. Interviewed by a press representative regarding the attacks made upon the coal company and General Manager Tonkin by the Boundary papers, he stated that they were utterly uncalled for. He believed that the company were doing all in their power to supply the Boundary with coke and that as far as the company which he represented was concerned, they were well pleased with the way they had been treated by Mr. Tonkin.

The statement made by Mr. Keffer, manager of the B. C. Copper company of Greenwood that they were receiving an ample supply of coke for their smelter should have a tendency to open the eyes of Brother Ross of the Boundary Creek Times, who has been heaping columns of abuse upon the Crow's Nest Pass Coal company and manager Tonkin for the past few months. Mr. Keffer says that they are not only receiving an abundant supply, but that the Crow's Nest Pass Coal company have guaranteed them sufficient coke to warrant them erecting two more furnaces in the near future.

The Boundary Creek Times does not believe that Mr. Keffer made the above statements with which he is credited by the Morrissey Despatch. Mr. Keffer does not make statements which are not true, and the above is about as far from the truth as it is possible to get. The Morrissey Despatch and the Fernie Free Press are under the same management, but the altitude of Fernie and Morrissey must be somewhat different. The Morrissey end lies and lies deliberately, while the Fernie paper, not having sacrificed all its reputation in its defence of the coal company, puts it this way:

"Mr. F. Keffer, manager of the Mother Lode mine and well known in Fernie as a member of the conciliation commission, stayed over a day in Fernie this week on his way east as far as Medicine Hat. He reports the mining operations in the Boundary country to be flourishing. The fuel situation is improving steadily, the smelters seldom being entirely without coke though the supply often runs low."

Now, if Mr. Keffer did talk for publication, which he seldom does, the latter statement is nearer what he did say.

We have given the Crow's Nest Pass Coal company good advice in the past which it should have heeded, and would again strongly advise the company that instead of attempting to fill fuel bunkers through its newspaper organs its management should make a real honest effort to meet the requirements of the Canadian smelters. The Sunset smelter today has one furnace idle because it cannot get coke to feed, and the Crow's Nest Pass Coal company has admitted in writing that it cannot increase the supply. Notwithstanding a big reserve of coke when the B. C. Copper company resumed operations after the Fernie strike, this company has not been getting sufficient coke to meet the requirements of its two furnaces and its reserve is practically exhausted, and the real reason which took Mr. Keffer to Fernie was to make a personal effort to secure more coke. The Granby company has not been getting sufficient coke to run its four furnaces and has had to augment the Crow's Nest Pass supply by coke from the American side. These are incontrovertible facts which have been admitted in writing by John H. Tonkin, the manager of the Crow's Nest Pass Coal company. It is difficult to understand what advantage the company or its management can hope to derive by deliberately lying about the matter in the columns of the Morrissey Despatch or by putting words in the mouth of a gentlemen who has a reputation for veracity to lose.

WE NEED A CHANGE

Reports to the bureau of labor reveal the extraordinary growth of industry in Ontario. Over one hundred new factories have been started in the province during the course of a year, and there are visions of a steady increase to meet the local demand.—Toronto Globe.

This is an awful state of affairs in Ontario. No wonder the Tories are making goo-goo eyes. They want to go back to those "good times" under Conservative regime—factories shut down, idle men, empty dinner pails, hungry children and starvation wages. Yes, we surely need a change, to please the Tories.

The Imperial Daughters of the Empire have instituted a movement to influence the British authorities to prevent the erection in St. Paul's cathedral, Toronto, of a statue to General Washington. Now, Washington was a good man; he couldn't even tell a lie, and what would be more fitting for a church than a statue of him. Probably the Imperial Daughters would much prefer to have a bust of John Rockefeller—a man who robs his workingmen in order to give liberally to the church and a man who raises the price of oil to build universities.

Senator Lougheed, a Tory senator from Alberta, has a bill in the senate to prohibit Americans assisting in settling labor troubles in Canada. It is to be a criminal offence for a man who has had wide experience in arranging industrial disputes to come across to Canada and help to settle labor troubles. While the senator was about it he should have made it a criminal offence for American capitalists to invest in Canada. The senator from the gopher belt carries a vast tank of defective intelligence.

In the dominion house last Friday the criminal code was considered in committee. Hon. Mr. Fitzpatrick promised to suppress the tramp nuisance by the liberal use of the lash. The anti-cigarette clause was thrown out. It would have been much better to have used the lash very liberally on the cigarette fiend. Of the two evils the cigarette curse is the worst.

The Seawanhaka cup, which was captured by Canadians from the Americans nine years ago and has been won year after year ever since, will remain in possession of the Royal St. Lawrence Yacht club for another year. The Canadian defender easily defeated the Yankee yacht. Tom Lipton ought to take a few pointers from Canadians in yacht building.

HE KNEW IT ALL

TIME, A. D. 1930.

Once upon a time, long years ago,
A story tellers say,
A little man worked in a bank
For very little pay;
He labored at a little desk
Propped up against a wall,
And in his little heart content
He knew he knew it all.
All, all, all!
Absolutely all!
His wisdom well was never dry,
His knowledge aye on call;
He'd frame a law to run the earth,
Decide a strike or ball,
And never get a headache once—
This man that knew it all.

The junior clerks in awe would stand
To hear the words he spoke,
The seniors roared in ecstacy
Whene'er he deigned to joke,
The porter trembled in his shoes
When he passed down the hall,
And all the waiters rushed to serve
The man that knew it all.
All, all, all!
Absolutely all!
Assistant superintendent he
Of this terrestrial ball,
'Twas strange that one so very great
Should draw a wage so small,
But no one thought of that who saw
The man that knew it all.

But, somehow, when that self-same bank
Had lost a well-known face,
It always chose another man
To fill the vacant place;
The messenger moved up a peg
In slow promotion's crawl,
The junior's rose—but he sat still—
The man that knew it all.
All, all, all!
Absolutely all!
It may be that his wisdom vast
Did lesser minds appal;
Perchance they were too modest such
A marvel to install—
I know not, but I know he stuck—
This man that knew it all.

That bank is doing business still,
The messenger's cashier;
The other clerks are filling now
High places there or near.
But, sitting at the same old desk
Beside the same old wall,
He's holding down the same old job—
The man that knew it all.
All, all, all!
Absolutely all!
His wisdom's still unlimited,
His pay's still just as small.
He talks of "pull" and "influence,"
With sneers like drops of gall,
But others think it didn't pay
To know he knew it all.

The Matter With Jane

A dear little boy, whose identity it is unnecessary to disclose, attended school last spring, and on an occasion when visitors were announced took part in the exercises given in their honor. The program consisted of recitations by the brighter children of the school and among them this particular little boy was called. He recited, in perfectly good faith, the following lines, which he had learned or had caught from an indulgent nurse with a semi-poetical instinct:

Jane ate cake, and Jane ate jelly,
Jane went to bed with a pain in her——
Now, don't get excited, don't be misled,
For what Jane suffered was a pain in the head.

When the youngster told this to his entirely surprised and somewhat shocked parents, they asked him, "What did the teacher say?" He replied: "She said nothing. She just turned around and looked out of the window, but the scholars and the visitors wanted me to say it again."—Lippincott's Magazine.

Valuable Time Saved

Slight injuries often disable a man and cause several days' loss of time and when blood poison develops, sometimes result in the loss of a hand or limb. Chamberlain's Pain Balm is an antiseptic liniment. When applied to cuts, bruises and burns it causes them to heal quickly and without maturation and prevents any danger of blood poison. For sale by J. L. White, Greenwood, and A. F. Thomas, Midway.

For fruits for preserving go to H. B. Munroe, who receives fresh supplies of fruit every day from the Bellevue Fruit Farm, Meyers Falls, Wash.

Remarkable Cure of Diarrhoea

"About six years ago for the first time in my life I had a sudden and severe attack of diarrhoea," says Mrs. Alice Miller, of Morgan, Texas. "I got temporary relief, but it came back again and again, and for six long years I have suffered more misery and agony than I can tell. It was worse than death. My husband spent hundreds of dollars for physicians' prescriptions and treatment without avail. Finally we moved to Bosque county, our present home, and one day I happened to see an advertisement of Chamberlain's Colic, Cholera and Diarrhoea Remedy with a testimonial of a man who had been cured by it. The case was so similar to my own that I concluded to try the remedy. The result was wonderful. I could hardly realize that I was well again, or believe it could be so after having suffered so long, but that one bottle of medicine, costing but a few cents, cured me." For sale by J. L. White, Greenwood, and A. F. Thomas, Midway.

Ain't It the Truth

A preacher came at a newspaper man in this way: "You editors do not tell the truth. If you did you could not live; your newspaper would be a failure." The editor replied: "You are right, and the minister who will at all times and under all circumstances tell the whole truth about his members, alive or dead, will not occupy his pulpit more than one Sunday, and then he will find it necessary to leave town in a hurry. The press and the pulpit go hand in hand, with white wash brushes and pleasant words, magnifying little virtues into big ones. The pulpit, the pen, and the gravestone are great saint-making triumvirates." And the great minister went away looking very thoughtful, while the editor turned to his work, and told of the surpassing beauty of the bride, while in fact she was as homely as a mud fence.

Spokane's Carnival

Interest in the big carnival to be held in Spokane is increasing every day. New and novel features are being arranged for which are designed to instruct and amuse the thousands that will be here for that week. The executive committee have just arranged for a competitive drill for a handsome prize between the W. O. W. drill team and the uniform rank Knights of Pythias' drill team. This event will take place on fraternal day, August 27. The executive committee is also arranging for the famous Professor Heritage's children's chorus for Saturday afternoon, which will be children's day, as well as the numerous prizes for the baby show on that day. Interest is increasing in the queen's voting contest, and an enormous vote is piling up, showing that whoever is to be queen will have to fight their way to the throne.

Chang and the Expert

Li Hung Chang at one time had an American mining engineer inspect some of the Chinese silver mines. The report was rather unfavorable, so he summoned the engineer to an audience. After asking him the usual questions, how old he was and how much money he had, he asked him what he could tell about a mine. "Well, your excellency," said the engineer, "I can go into a mine, measure the vein, sample the ore, have it assayed and tell the value of material in sight and the cost of realizing on it." "Is that all you can do?" said his excellency contemptuously, and turnig to one of his associates, said in Chinese, "What did we get this foreign devil here for? Any Chinaman can do that."

A Wonderful Mine

Some faint idea of what a wonderful mine the Copper Queen, at Bisbee, Arizona, is can be had when it is stated that it has 140 miles of drifts and tunnels alone. It used underground 11,000,000 feet of timber in 1901. Its production of copper for that year was 20,000 tons. It employs 1800 men. Its new smelters now being built at Douglas, which is 294 feet wide, with a capacity of treating 1800 tons of ore every 24 hours, is almost completed.

A WELL KNOWN ALBANY MAN

Recommends Chamberlain's Colera, Colic and Diarrhoea Remedy

About eighteen months ago W. S. Manning, of Albany, N. Y., widely known in trade circles as the representative of the Albany Chemical Co., was suffering from a protracted attack of diarrhoea. "I tried Chamberlain's Colic, Cholera and Diarrhoea Remedy," he says, "and obtained immediate relief. I cheerfully recommend this medicine to those similarly afflicted." For sale by J. L. White, Greenwood and A. F. Thomas Midway.

Butter beans, cucumbers and tomatoes, just in. H. B. Munroe.

Grape juice the summer drink. Pure unfermented grape juice is as nutritous as beef and as harmless as water. J.L. White.

WITNESS:

J. R. BROWN as to execution by J. P. Flood and T. M. Gulley.

J. P. FLOOD. T. M. GULLEY. K. M. REES.

ROBT. WILSON, as to execution by Kingman M. Rees.

EDITORIAL OVERFLOW.

The popular color throughout the Greenwood district is Brown.

Don't be a Chinaman. Register today. Only seven more days to get your name on the list.

A citizen who has not enough interest in the country to register his vote is the lowest kind of a scab.

Ireland did herself proud in the welcome of the king and queen to the shamrock isle. No one took a shot at them.

Bruce and Spokane are not the only places that will hold agricultural fairs this year. Nelson, B. C., is to have a fall fair.

Hon. Charles Wilson and Hon. Robert Green, who were spending their "vacations" at Ottawa, returned to Victoria Sunday night.

An American physician, not a German this time, has discovered the germ of laziness. It's up to some scientist now to discover the germ of conservatism.

For the first time in many a moon, Thursday, silver reached the 55⅛ mark. With lead at £11 in London, and $4.20 in New York, and a $15 bounty, the silvery Slocan ought to boom.

The customs returns for July for the dominion amounted to $2,603,231; an increase of $620,881 over the same month last year. Verily, this is a growing time; but still it don't please the Tories.

Do you want stagnation or development? If you want the latter, get on the voters' list and plump for the Liberal party, that has done so much for Canada. If the former, vote for the old party (Tory) the empty dinner pail and the sockless kids.

Premier McBride, in an interview with the Victoria Colonist upon his return to the sloppy slope from the interior, said: "There seems to be a regular slump towards conservatism all over the country." The premier is right. Slump describes it exactly—a falling off.

C. W. D. Clifford, at a meeting at Port Essington, told his audience that he was not very certain what he was now. "The first time I ran I was an independent; the second time I ran to oppose Joe Martin; this time I am in favor of McBride. So you see I don't know really what I am." He's a mugwump of the rankest kind.

Shocking to Westerners

Women in Halifax while playing golf swear like troopers, and the good citizens of that village are much excited over it. Ministers have been giving the female golfers some hot shots from their pulpits. They ought to be excused (we mean the girls.) As the chained poet sighed:

A maiden fair, with sun-kissed hair,
Came running down the link;
Her face serene, her age eighteen—
Gee whiz, but she was a pink.

On the grass, slick, she came down quick,
With a jolt that shook her curls;
But the words she used, must be excused—
For she's one of the sweetest girls.

Cholera Infantum

This has long been regarded as one of the most dangerous and fatal diseases to which infants are subject. It can be cured, however, when properly treated. All that is necessary is to give Chamberlain's Colic, Cholera and Diarrhoea Remedy and castor oil, as directed with each bottle, and a cure is certain. For sale by J. L. White, Greenwood and A. F. Thomas, Midway.

LOCAL EXTRACT

Mrs. H. C. Shaw has returned from a visit to Nelson.

C. J. Eales and wife have returned from a holiday trip to Victoria.

Mrr. and Miss Keffer have returned from a holiday trip to Spokane.

E. J. Wilson, superintendent of the Northport smelter, is in the city.

John Elliott, a well-known Nelson barrister, visited in the city today.

Miss Wilson left this week for Toronto where she will reside in the future.

Wednesday Thomas Hardy shippe the Greenwood Miner plant to Leduc, Alberta.

Julius F. Ehrlich of P. Burns & Co. left by today's train on a business trip to Nelson.

Miss Helen Moffatt has returned from the coast, where she has been attending high school.

J. P. Keane and C. S. Betts of the Cariboo mine, Camp McKinney. were in the city this week.

Richard Plewman, the well known mining broker, was in the city this week after an extended visit east.

Frank H. Clerf, a big sheep man of Loomis, Washington, came in last week with 1000 sheep for P. Burns & Co.

The Greenwood Conservatives meet tonight to consider the advisability of putting up a candidate for this district.

J. D. Sword, M. E., has returned from Rossland. He intends going to Alaska on mining business in a few days.

R. K. Steven leaves for Nelson tomorrow to join Mrs. Steven. A ten day holiday will be spent on Kootenay lake.

J. F. Royer, proprietor of the Greenwood-Grand Forks stage line, was in the city this week accompanied by Mrs. Royer.

Rev. Mr. Glassford will conduct the serviees in the Presbyterian church both morning and evening next Sunday.

Albert I. Goodell, superintendent of the Sunset smelter, left this week on a business trip to Grand Forks and Spodane.

Mr. Keith of the Bank of Montreal arrived this week from the coast to relieve Mr. Fisher, who will spend his holidays in California.

O. S. Floyd has sold his dairy to his brother, J. A. Floyd, and H. M. Fox. Mr. Floyd intends going into the cattle business in the Northwest.

C. Æ. Shaw and family, accompanied by W. M. Firth, left on a three weeks' camping and fishing expedition to the Similkameen this week.

W. T. Smith went up the West Fork this week to bring down his brother, D W. Smith, who is seriously ill and who will be sent east for treatment.

The city hose team is practicing hard for the races on the 19th, and good time is being made. It will take a dandy to back Greenwood over the dump.

Mr. and Mrs. George Vallance were visitors to the city this week. Mr. Vallance is a member of the big hardware firm of Wood, Vallance & Co, Hamilton.

R. C. G. White returned Monday after spending a short vacation with the millionaire farmers of Manitoba. He reports everything booming in the wheat center.

E. W. Bishop received the sad intelligence Tuesday of the death of his mother at Toronto, whence she had gone from Owen Sound to undergo an operation.

The sports are practicing on Silver street every evening for the Miners' Union celebration on the 19th. Some of the boys can do the 100 yard dash in 18⅕ seconds.

Services will be conducted in the Methodist church next Sunday at 11 a. m. and 7:30 p. m. by the pastor. Class meeting at 10:20 a. m. Sunday school at 2:30 p. m.

Sandy McDonald, who has been developing the Bull Con Mining company's property, near the Providence, suspended work this week, awaiting word from his partners in the east.

Dr. A. G. Hopkins, dominion veterinary surgeon, with headquarters at Vancouver, accompanied Dr. Armstrong to Anarchist mountain last week to investigate the cases of glanders there. The epidemic is now well under control.

George B. Paul of the B. C. Copper company's staff has returned from a holiday trip to Spokane. Mrs. Paul and family, who went out with him, will remain in the inland capital for a longer vacation.

Fred. H. Oliver, managing-director of the Morrison mines; H. V. Fuller, of the syndicate who recently acquired the Gold Bug; J. C. Haas, M. E., and D. A. Holbrook were a party of mining men who came in on last evening's stage.

J. Robinson of the C. P. R. staff, St. John, N. B., visited his uncles, R. and Alex Robinson, this week. He was shown the big mines in the vicinity and he will have some interesting stories to tell his fish-eating friends when he returns home.

WHEN IN NELSON

STOP AT THE

HOTEL
PHAIR

The new manager B. Tomkins has made it the leading hotel of the Kootenays.

BAD EYES

Are your eyes bad? Do you have headaches? Do your eyes twitch after you have been reading a little while? Do they ache, smart, water and get red? Are you getting nervous? Do your eyes roll up?

If they do you ought to have them attended to at once. Come in and let us examine your eyes and see what ails them. We will tell you just what is the trouble and will not charge you a cent for telling you. If you need glasses we will be pleased to fit them to your eyes, so that you will not have any more trouble.
