Oddfellow's Installation.

On Tuesday, January 5th, the officers for the ensuing term of Boundary Valley Lodge, No. 38, I.O.O.F., will be installed in their respective offices by E. Foyle Smith, D.D.G.M.

The order is in a flourishing condition in Greenwood 105 new members having been enrolled during the past year with a number of applications in waiting.

Hockey.

The first hockey match of the season will be played at the skating rink on New Year's night when the local team will face a fast bunch of players from Grand Forks.

The Greenwood boys have been practising faithfully and have expressed themselves as being confident of winning the match, which promises to be a fine exhibition of the Canadian winter game.

Play will be concluded before the K. of P. ball will open and the admission fee has been placed at 50 cents.

LOCAL ITEMS

Pemberton's C.P.R. bridge gang has completed the bridge at Boundary Falls and moved to Greenwood.

The supper of the K. of P's. New Year's Ball will be served at the Pacific Cafe.

A very successful dance and supper was given by Ola Lofstad at the Ladysmith hotel on Wednesday evening. A large crowd was present and after the dancing was over at three o'clock, Mr. Lofstad was presented with a beautiful silver tea-set by his fellow-countrymen from the Mother Lode.

The entertainment given by the Polmatier Sisters in the Auditorium on Monday evening was a musical treat, and was greatly enjoyed by all who had the good fortune to be present. The Polmatier Sisters are finished artists and the Auditorium company deserves a great deal of credit for bringing such a talented group to Greenwood. It is to be regretted that the house wasn't packed to the doors.

Miss Shaw wishes to thank Mr. Buckless for giving her Sunday school class a very pleasant drive yesterday.

GENERAL MINING

The B.C. Copper Co. is building chutes and ore-bins at their new properties in Wellington camp preparatory to shipping two or three thousand tons of ore per month to their Greenwood Smelter.

The ore will be shipped out over the Great Northern and transferred to the C.P.R. tracks at Summit camp.

Dominion Copper.

No definite plan for a reorganization of the Dominion Copper company has as yet been agreed upon, though we understand that in any plan so far considered, present stockholders are not likely to have any participation beyond a possible right to subscribe to new securities, says the News Bureau.

The property of the company is now represented by $800,000 of bonds, $100,000 floating debt and 500,000 shares of stock, par value $5.

Some stockholders recommend a plan similiar to that of the First National Copper company, and the Davis-Daly company, whereby stockholders would have to stand an assessment through a new company.

There are about 5000 shareholders, a good portion of whom paid around $3 per share for their stock.

The bonds control the situation, and Samuel Untermeyer controls the bonds.

The entire property represents an actual cash outlay in excess of $1,500,000.

British Columbia imposes a tax of 2 per cent on the gross output of all minerals other than coal when the value amounts to $5000 and over; on coal there is a tax of 10 cents per ton, and 15 cents per ton on coke, if produced from untaxed coal. Unworked coal lands are taxed 2 per cent on the assessed value, and an acreage tax of 25 cents per acre on unworked crown-granted mineral lands. These taxes with the usual fees amounted in 1907 to $580,000.

Alaska will exhibit $1,000,000 in virgin gold—dust, nuggets and brick—at the Alaska-Yukon-Pacific Exposition.

The value of the gold output of Alaska since the northern country was purchased by the United States is 15 times the amount of the purchase price.

Silver in Nova Scotia.

The discovery of a rich vein of silver six feet in width, is reported in Halifax County on the property of Miss Bessie Dunbrack, who has had men employed for the last three years searching for the vein.

When all the big silver deposits are opened up at Cobalt, Gowganda, Nova Scotia Greenwood, and the West Fork of the Kettle river, the Dominion of Canada will be as famed for its silver as it is for its tremendous deposits of copper.

The Canadian Gazette contains a notice that R.W. Brock, M.A., of Ottawa, has been appointed a director of the geological survey. Prof. Brock was for some time connected with Queen's University, but did field work for the geological survey. For a year past he has been acting director of geological survey. He will act under A. P. Low, deputy minister of mines.

Local mining men are showing much interest in preparing a representative collection of minerals from this part of British Columbia for the Alaska-Yukon Exposition at Seattle. Nearly 200 shipping mines will be represented and, as these properties produce gold, silver, lead, zinc. etc., in many different forms, the exhibit should prove interesting.

Arizona Leads.

The mine operators of Arizona reported to the United States Geological Survey for the calendar year 1907 a production of gold, silver, copper, lead and zinc valued at $55,511,560. Of this total the value of the copper output constitutes 92 per cent, for the production of that metal amounted to 254,879,489 lbs., having a commercial value of $50,975,898. Although this copper output is nearly 12,000,000 lbs. in quantity and more than $500,000 in value less than that of the preceding calendar year, it exceeds the record of Montana for 1907 by nearly 35,000,000 lbs. in quantity, and $7,000,000 in value, and places the territory first among the copper producers of the country.

Mines in the Cour d'Alene district in northern Idaho, called the "millionaire factory," will produce 150,000 tons of lead this year, or 37 per cent of the total output in the United States. In addition there will be 7,000,000 ounces of silver and several million dollars in copper, gold and zinc. The value of the output of metals in the district since A. J. Pritchard, a prospector, made the discovery of gold in 1884 is placed at $190,000,000, apportioned as follows:

Lead, $121,653,850; silver, $55,826,140; copper, $6,725,000; gold, $5,550,000; zinc, $845,000.

Mounted Police on Trackless Tour.

A Northwest Mounted Police detachment has left for Dawson and Herschel island and Fort McPherson with mail. The expedition is expected back in March and will travel a trackless course over the Rocky mountains, penetrating the Mackenzie valley via Peele river. The noted mushers Forest, Simons and Hewitt, are in the party with Indian trail-breakers and several dogs drawing toboggans.

Big Storm at the Coast.

On Christmas morning the southern coast of B. C. was the storm center of one of the fiercest gales that has been experienced in that district for years.

A great deal of damage was done to standing timber and Stanley park at Vancouver suffered severely from the high winds.

Dr. W. J. McGuigan, M.D., LL.D., a prominent citizen and former Mayor of Vancouver, is dead. His funeral on Monday was attended by a representative body of citizens and civic officials.

Cumbersome Orthography

Dr. Zath, superintendent of education, has ordered such words as honor, rigor, favor, etc., to be spelled will with a "u" in the new public school readers.

"We are following the English spelling and accept the 'imperial dictionary as authority. We are not Americans," he added significantly.

With Stone and Broom.

The annual match between the president and vice-president of the Curling club resulted in victory for the presidential rinks by a majority of nine points in the following score:

President.	Vice-President	
Frith	Dill	7-9
MacDonald	Simmons	2-9
Birnie	McMynn	7-9
Bishop	McCutcheon	13-2
Coles	Johnson	9-6
Bunting	Russell	11-5

New Year's day will see lively times at the Greenwood rinks. Greenwood will send two rinks to compete with the Phoenix curlers who will be represented by two rinks here.

Two rinks from Grand Forks will also play at Greenwood, and accompanied by the Grand Forks' hockey team, will arrive in a special car at 4 p.m., returning after the games are over.

The matches for the Warren cup will start on Monday night.

Denoro Doings.

Mrs. G. R. Pierce, son and daughter spent the Xmas holidays in Spokane.

A meeting of the debating society was held on Tuesday evening last the subject for debate, 'decided that summer is better for pleasure than winter." Mr. R. B. McLeod led for summer, M. W. Ludlow for winter, supported by several of the members. Carried that Summer was the best time. A very enjoyable evening was spent.

Two shifts are now on at the Denoro mines, development work is now being carried on vigorously in the new shaft, and 150 tons of good ore is now shipped daily to the Greenwood smelter.

O. T. Scott, the Ranch, is importing this week a pen of Buff Orpingtons which his brother picked for him from the prize-winners at the Ontario Provincial Winter Fair. He has also on the road a pen of Buff Leghorns from stock that has won almost everything in Chicago for several years so that there should be some good stock in poultry at the Scott ranch this coming season.

The shortest day in Dawson, Yukon Territory, Dec. 21, has 2 hours and 25 minutes of sunlight. The longest day, June 21, has 21 hours and 35 minutes sunlight.

City Council.

At the Council meeting on Monday evening all the members were present but Ald. Galley.

Communications were read from G. R. Naden, M.P.P., asking for instructions re. "Municipal Clauses Act;" from the Provincial Secretary re fire alarm for hospital; Dr. Fagan asking for medical officer's report; B.C. Copper Co. re water service; all of which were ordered received and filed, the Clerk to answer G. R. Naden, Provincial Secretary, and Dr. Fagan.

The Finance Committee recommended payment of the following accounts:

S. P. Dixon	$105.00
Greenwood City Waterworks Co	138.95
Hunter-Kendrick Co	3.25

A letter from the Fire department asking for a new stove was referred to committee with power to act.

On motion of Aldermen Wilson and Fleming By-law 135 was read a first, second and third time.

G. B. Taylor was appointed returning officer and E. Hallett deputy returning officer at the Municipal Election for 1909.

It was ordered that nominations for Mayor, Aldermen and School Trustees be held at the office of the Municipal Hall, Greenwood, on January 11th, and in case a poll is required such poll be taken at the Municipal Hall in the City of Greenwood, on January 14th.

St. Jude's Church.

The services on Xmas day at St. Jude's church were well attended, and the church looked very beautiful. The altar was vested in a white silk frontal embroidered in gold and colors, and with its polished brass cross, lighted candles, and the four brass vases of white chrysanthemums, was a silent witness to the great festival commemorated. The singing of the choir, accompanied by the organ and violoncello was especially good, and many favorable remarks have been heard thereon.

On Sunday, the 27th, the Freemasons of Greenwood and Phoenix lodges attended service in regalia at 11 a.m., and in the evening a carol service was held, which was well attended; both were also fully choral.

FRIDAY, JANUARY 1, 1909

French protectionists have shown extreme hostility to the proposed trade treaty and as Canada is not prepared to offer further concessions at present it is probable that the treaty will not be ratified until after the French tariff revision takes place.

Negotiations with Germany in regard to the sur-tax have also been postponed; though the matter will undoubtedly be adjusted in the near future.

Restrictions of trade are a hindrance to commerce, and at best the sur-charges on German goods are only a retaliatory measure which appears to have served its purpose.

F. A. Heinze having won his appealed suit with the C.P.R. over the 800,000 acre Columbia Western grant will have several years yet in which to select his halt of the ground.

All of which will continue to retard the development of the country, and constitutes a most convincing argument against the British Columbia habit of alienating the public domain.

Thomas F. Ryan, financier, on the advice of his physicians has resigned from the directorate of thirty-four different corporations, but he still holds important posirions. There was a time when Tom had only one little job and it took 14 hours of his daily time to attend to it.

Foot-prints 50,000 year's old were found in the clay beds under Toronto Bay. The fact that they all pointed north shows that even in those distant days there were people who recognized the possibilities of the Canadian Northland.

Alphonse Verville, M.P., President of the Dominion Trades and Labor Congress, says that the sentences imposed upon officials of the American Federation of Labor will probably be enforced as American capital had decreed that Mr. Gompers should go to jail.

The Provincial Government having lost its appeal to the full court in the fisheries case will now carry the case to the Privy Council, and provide a pleasant trip for some of the local cabinet who have not been to England for several months.

It is now declared by the American press that Tommy Burns always was a Canadian anyhow Tommy will be permitted to assume his real name once again and to retire to his native country, where amid the green fields and the murmuring streams he should be fairly happy with his quarter million dollars.

Once again the man who has yielded to the persuasion of his many friends announces that he will be a candidate for the perennial municipal honors.

Montreal is en fete with an old-time ice-carnival despite the opposition of some who would make believe that the St. Lawrence is in the Pomegranate belt.

The experience of Emma Goldman in B.C. should convince even Emma herself that anarchy is not even a topic of interest with the Canadian people.

Hon. Mr. Pugsley has stated that owing to the decline of revenue there will be a curtailment in the expenditure for public works.

PROVINCIAL ITEMS

Revelstoke has put on the lid.

Joseph Martin, K.C., will go to England to practise law.

Bye-elections will be held in Nanaimo and Revelstoke on January 9th.

A number of Mongolian pheasants will be turned loose at Harrison river.

Fruit growers of Summerland are organizing a company to build a cannery.

A transfer of False Creek waterfront has been made at Vancouver for $350,000. The purchasers are said to be acting for the Great Northern Railway.

It is probable that some of the Fraser River canneries will not receive licenses for 1909.

Dr. McGuire is named as the Conservative party whip in the legislature in succession to Thos. Taylor.

Building at Fernie has made remarkable progress and by spring the town will have a more substantial appearance than before.

E. W. Monk, manager of the Nelson branch of the Hamilton Powder Co., has gone to live at Montreal.

The Observer is a bright new weekly published at Revelstoke under the direction of E. A. Haggen.

The total revenue from Chinese immigration for the fiscal year is $365,000. of which amount B.C. receives $345,000.

The C.P.R. trains known as numbers 1 and 2 "Imperial Limited" will be discontinued after January 1st.

J. S. H. Matson, of Victoria, has been elected a Fellow of the Royal Geographical Society.

Chief Chamberlin of the Vancouver police, was presented with a life-size portrait of himself by the members of the force.

The Vancouver Board of Trade is asking the Dominion Government for more fisheries cruisers for the North Pacific Coast.

Five car-loads of Christmas presents arrived in, Vancouver from England in one afternoon.

MINES AND MINING

The Nugget mine has sent out another brick which weighs 300 ounces.

Shipments of coal have commenced over the new spur to the Royal mines at Lethbridge.

Reports of a tremendously rich strike in the Innoko country has caused a stampede from Nome.

Two miners employed at the Columbia mine, Cobalt, were killed by the breaking of a bucket rope while they were descending the shaft.

The Ontario Government has withdrawn from prospecting and leasing an area of 140 miles in extent in the Gowganda district about 50 miles north-west of Cobalt.

The Gallagher at Ainsworth reports a good strike of ore.

The Reco mine at Sandon is busy rawhiding, and claim to have 3 feet of high-grade ore.

The Lucky Jim, one of the well-known shippers of silver-lead in former days is said to have been sold to the Standard Oil.

T. J. Smith has effected a transfer of the Diamond Vale properties in Nicola Valley to a new company styled the Diamond Vale Colleries, Ltd., for $150.000 cash and $250.000 in stock.

The Slocan-Cariboo Co., on Willow river, have closed down till spring.

A shaft will be sunk on the Kimberley at Kamloops.

A silver belt seven miles in length is reported from Gowganda, Ont.

The Kingston tunnel at Hedley has broken through the dike and has encountered a body of ore.

The mercantile marine contracts under way in European yards will consume 57,000,000 lbs of copper within a year.

COMMON SENSE

Leads most intelligent people to use only medicines of known composition. Therefore it is that Dr. Pierce's medicines, the makers of which print every ingredient entering into them upon the bottle wrappers and attest its correctness under oath, are daily growing in favor. The composition of Dr. Pierce's medicines is open to everybody. Dr. Pierce being desirous of having the search light of investigation turned fully upon his formulæ, being confident that the better the composition of these medicines is known the more will their great curative merits be recognized. Being wholly made of the active medicinal principles extracted from native forest roots, by exact processes original with Dr. Pierce, and without the use of a drop of alcohol, triple-refined and chemically pure glycerine being used instead in extracting and preserving the curative virtues residing in the roots employed, these medicines are entirely free from the objection of doing harm by creating an appetite for either alcoholic beverages or habit-forming drugs. Examine the formula on their bottle wrappers—the same as sworn to by Dr. Pierce, and you will find that his "Golden Medical Discovery," the great blood-purifier, stomach tonic and bowel regulator—the medicine which, while not recommended to cure consumption in its advanced stages (no medicine will do that yet *does cure* all those catarrhal conditions of head and throat, weak stomach, torpid liver and bronchial troubles, weak lungs and hang-on-coughs, which, if neglected or badly treated lead up to and finally terminate in consumption.

Take the "Golden Medical Discovery" *in time* and it is not likely to disappoint you if only you give it a *thorough* and *fair* trial. Don't expect miracles. It won't do supernatural things. You must exercise your patience and persevere in its use for a reasonable length of time to get its full benefits. The ingredients of which Dr. Pierce's medicines are composed have the unqualified endorsement of scores of medical leaders—better than any amount of lay, or non-professional, testimonials. They are not given away to be experimented with but are sold by all dealers in medicines at reasonable prices.

Copper HANDBOOK.

The Copper Handbook is concededly the

WORLD'S STANDARD REFERENCE BOOK ON COPPER

The Miner needs the book for the facts it gives him regarding Geology, Mining, Copper Deposits, Copper Mines.

The Metallurgist needs the book for the facts it gives him regarding copper milling, leaching, smelting, and refining.

The Copper Consumer needs the book for every chapter it contains. It tells what and explains how and why.

The Investor in Copper Shares cannot afford to be without it. The Copper Handbook gives statistics and general information on one hand, with thousands of detailed mine descriptions on the other, covering the copper mines of the entire world, and the 40 pages of condensed statistical tables alone are worth more than the price of the book to each and every owner of copper mining shares.

Bedridden with Piles

Mrs Wm HUGHES.

If you suffer from Piles the experience of thousands leads to one definite conclusion—that the surest way to relief is The Zam-Buk way! Surely you believe that nature provides somewhere, a cure for all nature's ills! Zam-Buk is the refined and concentrated essences of healing herbs—nature's balm. Theoretically it should be good. Analysts and doctors agree on this. Practically as well as theoretically it is good. Thousands of people in four continents bear testimony. Read these cases:—

Mrs. Wm. Hughes, of 253, Hochelaga Street, Hochelaga, Montreal, says:—"I suffered from blind, itching, and protruding piles for years. Sometimes they were so bad that I could hardly bear to move about. The inflammation, the burning smarting pain, the throbbing, the aching, the overpowering feelings of dulness and dark despair which this ailment brings, the shooting spasms of agony—all were so terrible that only sufferers from this awful ailment can understand!"

Bad as this case was, Zam-Buk triumphed, and Mrs. Hughes suffers no longer.

Mrs. E. Boxall, of Scott Street, St. Thomas, says:—"For months without cessation I endured great pain from bleeding piles. For as many more I tried everything which I thought would give me ease, but in the end disgusted and still suffering I gave in."

Then it was she heard of Zam-Buk, and she adds:—"Although I feared Zam-Buk would be like the ordinary remedies—useless—I am glad it was not. It soon proved itself to be very different. It rapidly gave me relief, and after a time cured me completely. I would like to let all sufferers from piles know what a grand thing Zam-Buk is."

Mr. Thos. Carr, of Ellesmere Street, Runcorn, says:—"I first began to suffer from piles through sitting on damp grass one summer, and for years I endured agony from this terrible complaint. Sometimes I would be bedridden for as long as a month at a stretch. Yet, to-day, I never suffer from piles! Zam-Buk cured me, to stay cured, and I bless the day I first tried it!"

So one could go on quoting case after case and it is by working such cures that Zam-Buk has earned for itself its great reputation.

Now if you suffer from this terribly painful ailment just be guided by the foregoing cases! Don't delay! Don't waste time on things said to be "just as good." Get the real genuine Zam-Buk and start out on the way to health!

Zam-Buk is a cure also for cold-sores, and chapped cracked hands, ulcers, festering sores, blood-poisoning, eczema, bad leg, ringworm, scalp sores, burns, scalds, and all skin diseases and injuries.

All druggists and stores at 50 c. a box, or post free from Zam-Buk Co., Toronto, for price; 3 boxes for $1.25.

HOMESTEAD REGULATIONS.

ANY even-numbered section of Dominion Lands in Manitoba, Saskatchewan and Alberta, excepting 8 and 26, not reserved, may be homesteaded by any person who is the sole head of a family, or any male over 18 years of age, to the extent of one-quarter section of 150 acres, more or less.

Application for entry must be made in person by the applicant at a Dominion Land Agency or Sub-agency for the district in which the land is situate. Entry by proxy may, however, be made at any Agency on certain conditions by the father mother, son, daughter, brother or sister of an intending homesteader.

DUTIES—1. At least six months' residence upon and cultivation of the land in each year for three years.

2. A homesteader may, if he so desires, perform the required residence duties by living on farming land owned solely by him, not less than eighty (80) acres in extent, in the vicinity of his homestead. He may also do so by living with father or mother, on certain condition joint ownership in land will not meet this requirement.

3. A homesteader intending to perform his residence duties in accordance with the above while living with parents or on farming land owned by himself must notify the Agent for the district of such intention.

WORTH TAKING

One ounce Fluid Extract Dandelion;
One ounce Compound Salatone;
Four ounces Compound Syrup Sarsaparilla;

Mixed and taken in teaspoonful doses after each meal and at bedtime, is pronounced by a prominent physician to be the best mixture for the cure of the kidney, bladder, and all urinary troubles.

This says the doctor, is the most simple though remarkable prescription ever written, to cleanse the system of impurities and waste matter. It acts as a powerful tonic to the kidneys, forcing them to filter out the acids and poisons, overcoming rheumatism, lame back, sciatica and other afflictions arising from sour, impure blood.

The ingredients can be procured at any good drug store, and being purely vegetable and entirely harmless, can easily be mixed at home.

If you have a suffering friend show this to him, as he will undoubtedly be pleased to learn of so simple and highly recommended a remedy.
