HOME-MADE MEDICINE

P***********

Said to Relieve Kidney Trouble and Rheumatism

One ounce Fluid Extract Dande One ounce Compound Balatone:

Four ounces Compound Syrup Sarsaparilla;
Mixed and taken in teaspoonful doses after meals and at bedtime, is stated by a prominent physician to give most excellent results in kidney or urinary afflictions, and also in rheumatism and solution. The mix-ture opens the clogged pores of the kidneys, thus assisting them in their work of filtering all waste and poison-ous matter from the blood, and expels these in the urine. To allow this poisonous matter to remain means that it will settle in the muscular tissues or joints, and cause the untold misery known as rheumatism.

The mixture is composed of harm-less vegetable ingredients which can be purchased at any good drug store, and mixed at home.

Anyone suffering from any of these afflictions will no doubt be pleased to learn of so simple and highly recommended remedy.

Everybody Agrees

that COD LIVER OIL and IRON ar beyond question the greatest medicines known Then why does not everybody the Cod Live: Oil and Iron? Simply because most people cannot take the Oil and few can digest the Iron in any ordinary form. These difficulties have been entirely removed by the introduction of FERROL, in which the Iron is scientifically com-bined with the Oil, rendering the Oil palatable and the Iron digestible. While

of Cod Liver Oil (the whole of the Oil and is richer in oil than any other emulsion, and while it contains just the right quantity of the best form of Iron and Phosphorus, it is so scientifically and infants digest it without difficulty Moreover the well-established value of the Oil and Iron is immense enhanced by the process of manufacture, and as the formula is freely ex posed it is not to be wondered at that physicians everywhere have fully endorsed FERROL and used it largely in their practice. FERROL is invaluable for the treatment of any kind of Lung or Bronchial troubles, while for wasting diseases it has no equal, and
