ARREST SUSPECTS IN MIDWAY MURDER CASE

Two suspects of the Thomas murder at Midway, were arrested at the Nicola Valley Coal and Coke mines on Wednesday by Provincial Constable Clark, Constable Austin of Midway, who traced them here and Constable Gillis of Greenwood, who was on hand to assist. Constable Clark had the men under surveillance for the past two weeks, they having been working at the coal mines since September 8.

They are now on their way to Greenwood gaol and are expected to arrive this evening.

IN NEW QUARTERS

The Finest in the Province

Messrs. Kinney and McDonald are now installed in their big new shop on Copper street.

This is claimed to be the finest and best equipped general blacksmith shop in B.C.

The main building is 25 x 80 ft. and was erected at a cost of $3,000 and has all the appurtenances of a first-class general blacksmithing and wagon-building establishment.

The equipment comprises two forges with electric blower, a five horse power electric motor to be used in connection with wood lathe, planer, emory wheel, etc., and a brick furnace for heating tires.

This device which is said to be the only one in British Columbia will heat a tire uniformly in ten minutes and is of special value as a time-saving factor.

Altogether Messrs. Kinney and McDonald have a thoroughly up-to-date shop and a good steady business and are to be congratulated on their present enterprise.

Arrested for Forgery

Ben Hughes, alias Ben Weaver a paroled convict of Washington State Penitentiary was arrested yesterday in Phoenix on a charge of forging certificates of deposit amounting to $125 on Mrs. L. M. McFarling, of Spokane.

He was parolled on Aug. 1st, after serving but two years of a five-year sentence for forgery.

The Pinkertons chased him over the line and caught him at Phoenix. His family is said to live in Spokane.

At Belden Musicale

The Misses Belden gave a musicale last Monday evening in the Walker studios to a large gathering of friends. The program included two Beethoven trios and solos for piano, violin and violoncello. Miss Agnes Belden played Liszt's "Twelfth Hungarian Rhapsody" with splendid effect. Miss Ethel Belden's best number was, perhaps, "Butterflies," by Hubay, though the "Vieuxtemps Sonata Appassionata" was warmly encored.

Miss Jessie Belden, the violoncellest of the trio, was on a visit from Greenwood, B.C., to her sisters, and played several times, delighting the listeners. One of her numbers was a melody by Chaminade, written for piano and transcribed by Miss Agnes Belden for piano and 'cello. To the program Mr. Francis Walker contributed the "Credo" from Verdi's "Othello," an aria by Max Bruch and a Schumann song.—The Evening Chronicle, Spokane.

Among the guests were Mr. and Mrs. Stow, Greenwood.

"Make no mistake about Canada, says the Cleveland Leader. "A great nation is rapidly growing up to the north of us."

POLITICAL NEWS

The Premier at Strathroy

Replying to the charge that the Liberals had given lands to companies instead of to the settlers, Sir Wilfrid Laurier said:

"This is my answer, and I give it in the face of every one in my hearing and challenge contradiction, not one acre of land fit for immediate settlement and on which farming operations could be undertaken at once, was given away. The only land disposed of was dry or semi-arid land which required capital to develop and an inducement to settle upon it. The homes of the gopher and prairie dog were displaced by American settlers, who understood the system of farming.

"The era when Canadians leave home for the United States is closed, thank God, and we have turned the tables on the United States. The Laurier, government I say, has done this, has brought the straying Canadian home and made of him again a British subject."

Returning Officers.

Retuaning officers for constituencies in B.C. have been selected as follows: Comox-Atlin, James Lipsome; Kootenay, John Keen, Kaslo; Nanaimo, O. Birker, Nanaimo; New Westminster, Thos. J. Armstrong; Vancouver, Thos. H. MacKay; Victoria, Thos. J. W. Hick; Yale-Cariboo, Dr. K. C. McDonald, Vernon.

Vancouver Slightly Mixed.

Secretary Gordon Grant of the Asiatic Exclusion League, of Vancouver, has resigned his office owing to a disagreement with other members in regard to the nemination of a candidate for the Commons by the League.

Mr. Grant's contention was that as the party candidates were all exclusive men it would be invidious for them to put up a candidate on the exclusion plank alone. He claimed that the certain defeat of their man would be a rebuke and a death-blow to their organization.

The meeting was poorly attended and the nomination was tendered to Joseph Martin. Mr. Martin has accepted the offer and will be candidate No. 4 for Vancouver.

With the Conservative candidate on a prolonged trip to the east, and the people nauseated with the flatulent newspaper campaign in that city the prospects of Mr. McInnis' election look brighter every day.

Clifford Sifton.

Hon. Clifford Sifton was re-nominated on 22nd at the most enthusiastic Liberal convention ever held in Brandon.

There were 400 delegates present and all unanimous for the former Minister of the Interior.

His opponent will be Hon. T. Mayne Daly, police-magistrate of Winnipeg, and at one time a member of the Conservative administration.

It has ever been necessary for the Conservatives to go outside of Brandon for a candidate to oppose Mr. Sifton and they have made a point to pick their very strongest men, but even Hugh John MacDonald himself went down and out before Mr. Sifton when he tried to capture Brandon.

McKENZIE KING

Has Accepted Liberal Nomination in His Native Riding

Mr. W. L. Mackenzie King has resigned the office of Deputy Minister of Labor, having accepted the party nomination to contest the riding of North Waterloo, Ontario, in the Liberal interest at the forthcoming general federal elections. In a letter to Hon. Mr. Lemieux, tendering his resignation, Mr. King said:

"In accepting the nomination so heartily tendered by the Liberals of my native county and in seeking the support of the electors I trust that the sacrifice I am making in resigning my present position to devote myself to larger duties in public life will be of itself sufficient to show that I have no end in view but the well-being of the people at large—no ambition to serve but that of contributing to the happiness and prosperity of our common country."

Misrepresentation and slander never won an election. But prosperity, statesmanship and a square deal administration has won many. That is why the Laurier government will be returned by a good safe majority.—Cranbrook Herald.

NEW SETTLERS COMING

Farmstead and Orchard for Hill and Valley.

A matter of great interest to the Boundary people is the settlement of the Boundary Valleys.

Some sixteen families direct from France will join the Carmi colony this fall or winter, their departure from the old land depending on the time of disposal of their properties there.

In addition to these, 250 French families who have been living in Alberta will come and settle in the Boundary as fast as they can sell their prairie farms.

These people are a very desirable class of settlers and have a warm welcome awaiting them. They are possessed of moderate means, are experienced farmers, fruit-growers and vineyardists, and in a few years will make the West Fork and adjacent valleys a harmony of happy homes.

With the fertile soil, the sparkling streams, a superb scenery and a climate that can scarcely be surpassed, the Boundary valleys offer every inducement to the man who wants to make a home; and when orchard, farm and garden deck the meadows and the rolling hills the sunny Boundary country will be a most desirable place to live in.

This transformation is already under way, and men and money are moving towards this land of opportunities where the miner's hammer marks time to the plowman's song.

DENORO DOINGS,

CORRESPONDENCE.

Mrs. S. Smalley is visiting her father and brothers at Chesaw.

The dance held at the Pacific hotel last Saturday evening proved a great success, a large number from Phoenix and Eholt being present. Miss V. Ince, Eholt, presided at the piano, and Mr. J. F. Loftus played the Violin.

The crew of the Denoro mine has been reduced to one half, about 35 men being laid off. It is to be hoped that is only a temporary lay off.

A. J. Hughes and helpers are now busily engaged erecting a residence for Supt. P. W. Lover, at Denoro.

Word has been received here of of the marriage of Charlie Bennett, for many years blacksmith at the Emma and Denoro mines, to Miss Emily Swanson, also for many years a resident here. The wedding took place at Hedley. All their friends at Denoro wish to extend them their good wishes

J. Silverthorne, President of the Phoenix Miners' Union was in camp Monday on business in connection with the branch at Denoro.

E. T. Kingsley, Socialist candidate for the City of Vancouver, gave an address on Socialism to the Denoro people dinner hour last Friday.

SERIOUS FIRE

Loss of $10,000 to Greenwood Property

A fire that looked extremely dangerous at the beginning destroyed the Victoria hotel and several stores on Copper street on Saturday last.

It originated in the building owned by Mrs. R. A. Bealey, and tenanted by Mrs. Darling as a clothes-cleaning establishment, who accidentally ignited a can of gasoline which exploded and set fire to the premises.

Mrs. Darling, severely burned about the arms and face, rushed to the street and was saved from further injury by the prompt action of citizens who smothered the flames of her burning clothing.

In a minute the smoke was rolling upward from the roof, the alarm was in and men were rushing to the fight.

The emergency hose was scarcely laid before the hose wagons were on the ground, and in five minutes six heavy streams were playing on the fire from every side. In twenty minutes it was under control and was kept confined to a street frontage of 100 feet.

The Victoria hotel and contents is a total loss and Mrs. Mason who had charge of the restaurant and rooms lost all her personal belongings amounting to about $400.

Mrs. Darling's premises were completely destroyed. Practically all of the Jaynes' grocery stock was removed, and they were engaged in trade across the street the same evening.

The upper storey of Holmes and Kennedy's building was gutted and much damage by water was done to the stock and fixtures.

The Victoria hotel, owned by Holmes and Floyd and leased by Hugh McGillivray was valued at $5,000. The insurance on the building was $1,500 and $500 on furniture, bar-fixtures, etc.

Mrs. R. A. Bealy's property was insured for $400 and the loss is said to be about $1,000.

Bannerman Bros. owned the Jaynes' grocery property and their was no insurance on either building or stock. Loss $300 on stock and $1,500 on building.

Holmes and Kennedy carried $650 insurance on their building and $500 on stock and fixtures.

Their loss will be in the neighborhood of $1,700 and they are awaiting the adjuster to start in business again.

The complete and efficient fire-fighting apparatus of the city and the splendid work of the fire-brigade gives the city a feeling of security, and it could be only under very extraordinary circumstances that the fire-element would get beyond the control of the Greenwood fire company.

They again demonstrated the fact that there is no town in Canada that enjoys a better measure of fire-protection than the City of Greenwood.

ON THE WEST FORK

The fishing is good and the days are sunny.

Postmaster Smith, of Carmi, visited Beaverdell last Sunday.

Herb. Holmes is hauling lumber for Tom Henderson.

Hugh Cropley has returned from Greenwood. He is getting in his winter's wood and will work his claim all winter.

The Bell claim is working 6 or 8 men and is looking good.

On the Bounty fraction, Tom Henderson and G. Cummings are doing considerable work. They have done about 85 feet this summer and claim it is O.K.

In the Sally mine a force of 8 or 10 men is working steadily.

George Barrett is working on the Revenge with encouraging results.

Rambo and Kelly report progress in their line shaft on the Buster and Standard fraction and have a promising property.

Nelson Excursion

Fifteen of those who took in the excursion to Nelson fair returned this morning and report that the cars were not heated and the trip as a result was very uncomfortable. The train which was scheduled to leave Nelson at 11 o'clock, did so on city time which is an hour ahead of railroad time, and as a consequence about 40 Greenwood people will not get home till this evening.

Such actions as these are to be regretted as they do not tend to engender good feeling between the people who are inconvenienced and those who are responsible for the mischief.

Hon. Wm. Templeman was nominated on the 22nd inst. for Victoria. No other name was presented.

Toronto Saturday Night, says: "We have no belief that any present combination of provincial premiers and local disaffections will suffice to cause the defeat of Sir Wilfrid Laurier."

IT IS THE PEOPLE'S FIGHT.

The tenth parliament of the Dominion has been dissolved and the people once more called upon to name the members of the House of Commons.

After forty years in the service of his country the venerable Premier makes a final appeal for an opportunity to put the cope-stone on his endeavor.

When Sir Wilfrid Laurier was given control of the country's affairs he assumed a task of great proportions. The nation's credit was low and the spirit of the people languished under the oppression of chartered corporations.

Politically they were humiliated before the civilized world; commercially their hands were tied while great works were waiting to be done.

The population was dwindling, mortgages increasing, and the great mass of the people were disgusted and discouraged.

But a swift and welcome change came in when Sir Wilfrid and his able ministers were given charge.

The avenues of opportunity were thrown open to the eager throng.

Hope rose strong in the Canadian breast, and the poorest man began to have a horizon. Confidence was restored and the people fell to the work they had so long been denied.

Great projects for the development of the country were soon put under way, and trade and commerce felt the inspiration of progressive plans.

The West was paid attention to, and all of Canada responded to the call to develop the vast resources of the prairie lands and the mines and forests of the newer Canada.

The advance of Canada has won the admiration of the world. The East has profited by the development of the West, and the whole country has experienced an era of prosperity that cheers us on to greater deeds.

Nowhere on earth has every man been given so good a chance to win his way, and no other land can give a better title-deed or greater rewards for the labor of his hands or brain. Much yet remains to be done in the completion of the plans which have produced this happy state of affairs.

Forces are at work that would throttle the great enterprises that are pushing our country to the front rank of commercial influence. They are generalled by men whose pulses throb with the desire for power—men who speak not of national principles nor view with pride the glories our industrial prowess has accomplished. Devoid of partiotism or of national feeling of any description they seize on subjects to deceive.

Masters of invective they seek to trail the flag in the mire of their abuse of our most honored men.

But the people know, and the people will reply. Canada must continue to progress.

"The price of liberty is eternal vigilance," and the battle for prosperity is worth the fighting.

Complaints have reached this office that the foremen on provincial roads have refused work to settlers who are not in accord with the political views and actions of Mr. Shatford.

Such a course is to be deplored and cannot be justified in any way

Those who settle on the land and make their homes in the country are surely entitled to a chance to make a dollar on the construction and repair of government roads whatever their polititial opinions may be.

A man who is a good citizen must have some political views and we all can't think alike.

He is the best citizen who takes the greatest interest in his own and his country's welfare, and it is a shame that an honest settler should be denied a job for want of a pull with a partizan road-boss.

The great gathering of the people who assembled 20,000 strong to hear Sir Wilfrid Laurier at Niagara was an auspicious opening for the Liberal campaign in Ontario.

The Premier's speech at Sorel has rung through the country as a call to arms and old Ontario has responded in the most complimentary manner.

The magnitude and enthusiasm of the Niagara meeting was the greatest compliment to the Premier, and is a certain criterion that Ontario is satisfied and will vote to help the progressive party carry on their work.

Some people with a lot of money are very anxious to see the Conservative party in power, and have been active in buying newspaper support in B.C.

This has not been done as a matter of profitable investment, nor from the point of view of the patriot.

There are other reasons why this money is being spent.

The railroad commission with its regulation of rates and the Transcontinental railway, and the refusal of the Dominion Government to raise the tariff on manufactured goods to a prohibitive standard are the principal reasons for the frantic expenditure of money by those in opposition.

The people know very well who they are; and they know too, that in the battle now on between the Liberal government and those who are so strenuously working to get control of the country's affairs this money is not being spent in the people's interest. The thing has been overdone, and will act as a boomerang on the men of money.

Mr. R. L. Borden has a great deal to say about civil service reform.

It is to be hoped that he will take special pains to impress his views of what civil servants should be on the Conservative premier of B.C.

Much of the work of the Tory machine in B.C. is done by provincial officials—their American primaries pledged to support and to collect votes and all—and an agitation for civil service reform amongst his own party followers might be productive of a lot of good.

Sir Chas. Tupper tells us that it will not look so bad if the Conservatives are defeated, as they have had six terms in office while the Liberals have only served four.

And Mr. Borden says that he can stand defeat. All of which is well.

Progress and prosperity have another term coming and the Conservative leaders evidently think it will be given.

The wage earners of this district knows full well that if the Conservative party were to be successful at the coming election the high tariff advocates would be in the saddle and the cost of living would go up, but not the wages. The conditions of the laboring man in the States has taught the laboring man in Canada a lesson that he will profit by.

Laurier and prosperity will be the slogan.—Cranbook Herald.

GENERAL NOTES

James A. Macdonell, the well-known railroad contractor rescued a small boy from the clutches of a tame bear at Field. The brute had drawn the boy into his pen and it took "Big Jim" five minutes to overpower him and get the boy away. It was a contest of strength and another feather may be added to the Glengarry bonnet. Mr. Macdonell was severely clawed and bitten and the boy will be badly marked about the body and limbs. The dangerous "pet" was shot.

Emigration returns indicate that Canada is easily the most favored country with Britishers and foreigners, despite the restrictions. During July over half the English, nearly two-thirds of the Scotch and over three-fourths of the Irishmen, emigrating, went to the Dominion.

According to the "Labor Gazette," the loss of time to employers through trade disputes in Canada during July was approximately 21,000 working days, compared with a loss of 92,525 days in June this year and 81,100 in July, 1907.

Natural gas has been struck at a depth of 600 feet near Calgary. The flourishing prairie city will be supplied with cheap heat, power, and light.

At Michel a new tipple is being erected at a cost of quarter of a million dollars, and the output will soon be increased from 2,000 to 5,000 a day.

Some six hundred miles of the G.T.P. railway is now open to traffic and will assist materially in handling the great wheat crop

---

The Dominion Steel Co's works at Sydney, N.S., are going full blast with orders exceeding the output by 50 per cent.

It is said that the C.P.R. have 800 British workmen employed in the Winnipeg shops, which is half the usual force.

Canadian imports have taken a jump, after a steady decline for the past ten months.

There is trouble in Edmonton over the compulsory vaccination regulation.

Gaylord Wilshire is accused of wild-catting his comrades out of $800,000.

There are forty-five teachers in the Edmonton public schools.

A gold deposit has been discovered at Brockville, Ont.

Everybody Agrees
that COD LIVER OIL and IRON are beyond question the greatest medicines known. Then why does not everybody take Cod Liver Oil and Iron? Simply because most people cannot take the Oil and few can digest the Iron in any ordinary form. These difficulties have been entirely removed by the introduction of FERROL, in which the Iron is scientifically combined with the Oil, rendering the Oil palatable and the Iron digestible. While
FERROL
is manufactured from the best quality of Cod Liver Oil (the whole of the Oil) and is richer in oil than any other emulsion, and while it contains just the right quantity of the best form of Iron and Phosphorus, it is so scientifically prepared that not one person in a thousand finds any trouble in taking it, and infants digest it without difficulty. Moreover the well-established value of the Oil and Iron is immensely enhanced by the process of manufacture, and as the formula is freely exposed it is not to be wondered at that physicians everywhere have fully endorsed FERROL and used it largely in their practice. FERROL is invaluable for the treatment of any kind of Lung or Bronchial troubles, while for wasting diseases it has no equal, and

What Do They Cure?

The above question is often asked concerning Dr. Pierce's two leading medicines, "Golden Medical Discovery" and "Favorite Prescription."

The answer is that "Golden Medical Discovery" is a most potent alterative or blood-purifier, and tonic or invigorator and acts especially favorably in a curative way upon all the mucous lining surfaces, as of the nasal passages, throat, bronchial tubes, stomach, bowels and bladder, curing a large per cent. of catarrhal cases whether the disease affects the nasal passages, the throat, larynx, bronchia, stomach (as catarrhal dyspepsia), bowels (as mucous diarrhea), bladder, uterus or other pelvic organs. Even in the chronic or ulcerative stages of these affections, it is often successful in affecting cures.

The "Favorite Prescription" is advised for the cure of one class of diseases—those peculiar weaknesses, derangements and irregularities incident to women only. It is a powerful yet gently acting invigorating tonic and nervine. For weak worn-out, over-worked women—no matter what has caused the break-down, "Favorite Prescription" will be found most effective in building up the strength, regulating the womanly functions, subduing pain and bringing about a healthy, vigorous condition of the whole system.

A book of particulars wraps each bottle giving the formulæ of both medicines and quoting what scores of eminent medical authors, whose works are consulted by physicians of all the schools of practice as guides in prescribing, say of each ingredient entering into these medicines.

The words of praise bestowed on the several ingredients entering into Doctor Pierce's medicines by such writers should have more weight than any amount of non-professional testimonials, because such men are writing for the guidance of their medical brethren and know whereof they speak.

Both medicines are non-alcoholic, non-secret, and contain no harmful habit-forming drugs, being composed of glyceric extracts of the roots of native, American medicinal forest plants. They are both sold by dealers in medicine. You can't afford to accept as a substitute for one of these medicines of known composition, any secret nostrum.

Dr. Pierce's Pellets, small, sugar-coated, easy to take as candy, regulate and invigorate stomach, liver and bowels.

MINING

Though the pecuniary position of the American Smelting and Refining Co. has not been very satisfactory during the past fiscal year, it is nevertheless certain that the continued improvement in the metal market will result in larger earnings in future. What the managerial policy of the "smelter trust" will be in a year or two hence will depend largely on the initiative of the Guggenheims, Wall street stories to the contrary notwithstanding.—Mining World.

The Dykehead mineral claim near the Fife lime quarries has been bonded to C. C. Dempster, of Rossland, for $50,000. One of the stipulations in the bond is that the mine shall be worked all winter. This property was located in 1895 and a very considerable amount of work has been done. The present owners are James Kelly and H. A. Forsaith

The eighth ordinary general meeting of the Granby company will be held at the head office of the company, 52 Broadway, New York, on Tuesday, Oct. 6th, for the purpose of electing directors and transacting other business. For the purpose of the meeting the transfer books of the company will be closed from Sept. 21st to Oct. 6th.

Mr. Camsell of the Dominion Geological Survey says:

"The Nickle Plate is easly the greatest gold mine in Canada. There is no reason why Hedley camp should not develop other rich propositions. All that is needed is intelligent development."

Interest is reviving in the copper properties in Highland Valley and on the Bonaparte river in the Ashcroft district.

George Chattaway bonded his Highland Valley property last week to Montana capital for the sum of $25.000

A coal discovery is reported near the Bamfield cable station, out-croppings being found on the surface. Quiet a rush is reported from the west coast to the discovery:

Ross Thompson, formerly operating in the Boundary district, British Columbia, is now operating copper properties in the Yerington district, Nevada.

A shipment of a carload of ore from the St. Elmo mine by the lessees, Peter Johnson and John Selta, was recently made to the Consolidated Co's smelter at Trail

The St. Elmo mine, Rossland, has again started shipping, thirty tons being sent to the Trail smelter. The ore is a good class copper-gold ore.

The Canadian Alluvials, Limited, has been formed with a capital of $375,000, to acquire the mining property, at Little Valley, Cariboo, B.C.

The mines of Rossland camp are maintaing a good output for the present times and the ore at all of the big producers is showing up strong.

An immense find of iron ore similar to the Swedish iron has been made on Douglas Channel Northern B, C.

In seven months this year Great Britain imported 40,286 flasks of quicksilver.

Great Britain imported 3,467,235 tons iron ore in seven months this year.

Silver is expected to increase markedly in the near future.

PROVINCIAL ITEMS

The Canadian Pacific railway has at present two large survey parties out locating a line, through Pine Pass, in the Rockies, also a line to Dunviegan, on the Peace river. Pine Pass has been twice surveyed, once by the Great Northern. It is next to the Yellowhead Pass, where the Grand Trunk Pacific is going

Frank Carpenter, the famous correspondent, says that the province of B.C. has such a wonderful wealth of natural resources, mineral, timber and fisheries, is suited so well to fruit-raising, and to large and small farming and cattle raising, that it eventually will be the leading and greatest province of the Dominion.

The Dunsmuir estate is in for another big law-suit through the action of Mrs. Joan Dunsmuir in asking for an accounting of all monies connected with the great estate since 1889. $30,000,000 will be involved in the contest.

The Daily Columbian says there is a good opening for a live candidate in Comox-Atlin. It begins to look as though the Liberals will have one riding by acclamation as a starter.

Nelson will accept the offer of 96c on the dollar by the Dominion Securities Co., for the new issue of debentures amounting to $85,000. The money will be used for the installation of a second unit at the power station.

Committals have been issued for the five fishermen who were fined $10 or 14 days for fishing contrary to the new regulations of the provincial government.

At what is known as the "Black Hand trial" at Fernie, nine Italians were found guilty and sentenced to terms ranging from six months to seven years.

Lord Aylmer, late adjutant-general of the Canadian militia, has turned his sword into a plowshare, and will engage in farming in the Kootenays.

The Vernon Fall Fair was a great success, with a magnificent fruit display and the best show of horses ever seen in the Okanagan

Jas. Bray, of Portage Plains, will exhibit two car-loads of thoroughbred Hereford cattle at Victoria fair.

Charles Bunting, of Grand Forks, has been tendered a nomination by the Socialists of Yale-Cariboo.

The date of the Provincial Exhibition at New Westminster is Sept. 29 and 30, and Oct. 1, 2, 3.

Dr. K. C. MacDonald, of Vernon, will be the returning officer for Yale-Caribco.

persons suffer at some-time or other from Piles!

So says a great medical authority. There is no disease causes more pain and wretchedness than piles; and by giving almost immediate ease Zam-Buk has won the praise of thousands of sufferers. If you are suffering let Zam-Buk cure you. Mr. Neil Devon, Webbwood, Ont. suffered with piles eight years. A few boxes of Zam-Buk cured him. He since says:—"I have had no return of the trouble so that I know the cure is permanent."

Mr. C. B. Frost, Lennoxville, P.Q., writes: "I have proved Zam-Buk a great cure for piles from which I suffered acutely for a long time."

Zam-Buk also cures cuts, ulcers, burns, abscesses, poisoned wounds, boils, eczema, and all skin troubles. 50c. a box, all druggists and stores or from Zam-Buk Co., Toronto. 3 boxes for $1.25.

SAYS THIS IS BEST

A leading health journal in answering the question, "What is the best prescription to clean and purify the blood?" prints in a recent issue the following:

Fluid Extract Dandelion one ounce;
Compound Salatone, one ounce;
Compound Syrup Sarsaparilla, four ounces.

Shake well and use in teaspoonful doses after each meal and at bedtime.

A well-known physician states that these are harmless vegetable ingredients, which can be obtained from any good prescription pharmacy.

This mixture will clean the blood of all impurities. In just a few days the skin begins to clear of sores, boils and pimples. It puts vigor and energy into run-down debilitated men and women. For many years Sarsaparilla alone has been considered a good blood medicine. But while it built up and made new blood, the impurities remained within and the good accomplished was only temporary. Sarsaparilla, however, when used in combination with Compound Salatone and Extract Dandelion, works wonders. This combination puts the kidneys to work to filter and sift out the waste matter, uric acid, and other impurities that cause disease. It makes new blood and relieves rheumatism and lame back and bladder troubles.

The annual fruit fair at Nelson is in progress and the excursion rates and special trains has attracted quite a number of Greenwood people.

Wanted—A good girl for general house work. Apply Judge Brown, Kimberley Avenue.

The funeral of the infant daughter of Jos. Wilmhurst, took place on Monday to the Greenwood cemetery, Rev. F. V. Venables conducting the service.

The annual convention of the Alberta and East B.C. Press Association is being held in Nelson today. Among these billed for addresses are "Old Man" Simpson of the Cranbrook Herald, and J. Herbert Woods, of the Calgary Herald.

Messrs. Frith, Gillam, Logan, Stevens and Birnie have been camping and fishing at James Lake, and great luck has been with them. Messrs. Birnie and Stevens, surfeited with success, have returned to town with a 5lb trout to prove their prowess with the rod and line.

Holmes and Kennedy tender their sincere thanks to the members of the fire team and the many good friends who helped to save their stock in the recent fire. They expect to have their store in working order in a few days.

As next Sabbath is children's day in the Presbyterian Church in Canada, the morning service will be specially for the children. The children are asked to bring flowers and contributions towards the children's day fund.

Card of Thanks

Mr. F. Jaynes, grocer, desires to express his thanks to the firemen and others who assisted in removing his stock of goods and greatly reducing his loss by the fire.

On complaint of J. McNeil before G. A. Rendell, J.P., of Eholt, John Connollys was charged with threatening to do bodily harm, and the case amended to intimidation, was tried before Stipendiary-magistrate McMynn on Monday. J. P. McLeod acting for complainant.

This trouble grew out of the C.P.R. strike situation at Eholt and was not considered serious enough for action on the part of the magistrate, the charge being dismissed.

The Greenwood Daughters of Rebekah celebrated the 57th anniversary of their order by a very pleasant entertainment in the Eagles' hall last Wednesday evening.

The program was varied and the different numbers were well received including an address by the Noble Grand. Mrs. Manross, pianoforte solos, songs, recitations and club swinging by a squad of the Boy's Brigade.

A very enjoyable supper was served followed by a couple of hours of dancing and the evening was one of the most successful that has been given by the local lodge of Rebekahs.

Our 1908 Wall Papers are as cheap as they are charming—McRae Bros.

Barry Dale, pioneer and prospector, was in the town on Monday.

Mr. Dale says the future of the West Fork country looks very bright. Prospectors are busy and a number of properties are well along in development work, and the operations of the railroad surveyors on the Midway-Penticton line has given renewed encouragement to those who will supply a tonnage of both high-grade and low-grade ores to that railway as soon as it is built.

It is reported that a grade of one and a half per cent. has been found.

Henry Steffens, owner of the Copper Jack claims on Goat creek, three miles from Duck lake, reports having done considerable tunnelling on his properties. He has 170 feet of work on his lower tunnel and 35 feet on the upper one, uncovering a vein from three to to four feet which assays $16 to the ton.

Extensive operations are to be commenced on the gypsum deposit known to exist on the main line of the Canadian Pacific Railroad, near Spence's Bridge

CAMPBELL'S CLOTHING

is our strongest argument why you should buy our clothing.

These days any man can be fitted perfectly in ready-made clothing of the better kind.

But besides Style and Fit—the honest wearing value—the point which makes a man buy the same brand again and again is specially featured in Campbell's Clothing.

The materials are as good as we can buy, the finishings and workmanship of the highest quality. The result—the clothing—is sold to you over our guarantee of money back if all details of style, fit and wearing value are not as we represent them.
