G. R. NADEN AT CITY COUNCIL

Tells Story of Municipal Clauses Act Amendments--Not Opposing Tunnel Scheme--Council's Heavy Session

G. R. Naden, M.P.P., was present at Monday evening's meeting of the City Council and though he left early and could not be held responsible for the protracted character of the meeting which adjourned at 11.30, he gave some information about the rejection of the Amendment to the Municipal Clauses Act requested by the City.

The City's request had come in after the committee has finished its work, and the member for Greenwood had the chairman call a special meeting of the Committe at which the members unanimously acceded to the request to add the word "tunnel" to the Act. When the matter came up in the House, the opposition that had developod was a perfect surprise to Mr. Naden.

"The Attorney-general," said Mr. Naden, "opposed giving municipalities the power to bonus a mining scheme. There were seven Conservative members on the Municipal Committee and all had voted against it on the floor of the House. The chairman, who been instructed by the committee to introduce the amendment went into the lobby and did not vote."

Mr. Naden objected strongly to the opposition and did not see why this privilege could not be granted to Greenwood when it was given generously to others.

Afterwards, Mr. Naden had gone twice to see the Attorney-general and then to see the Premier. The Premier had advised that we should pass the By-law, get the consent of all the bondholders and next session get a Private Bill put through validating the by-law."

It was remarked that the City Debentures were payable to bearer and that sometimes the coupons were not called for for nearly a year after interest was due. It would be very difficult to find the bondholders.

Mr. Naden pointed out that the City had not come more than half way up to the limit of its borrowing powers and that while he had expressed no opinion of the tunnel scheme, if the citizens of Greenwood wished to go into this scheme he did not see why they shouldn't be allowed to do so. "I am opposed to municipalites bonusing but if one municipality can bonus, another must."

It was suggested that Mr. Naden had been reported as opposing the scheme itself, "I didn't know anything about the details of the scheme. And if I had been opposed to it, that would not have affected my actions in getting the amendment made. But I don't want to be understood as opposing this tunnel scheme. I have not said one word in opposition to this tunnel scheme."

The City Solicitor on being asked his opinion stated that he thought it would be absurd for the city to pass a by-law on such a basis. It would be of no value at all until validated. They could neither assess nor tax property under it.

The Fire Chief's report and request for supplies also occasioned considerable discussion. It embodied beside a list of necessary supplies a recommendation for further protection against disaster in the school and in the Auditorium. It was stated that the trustees would take up the school matter immediately and after the approval of Alderman Mortimer was given, Ald. Fleming and Gulley carried a motion requesting the Auditorium authorities to provide an additional exit on the ground floor leading direct to the street. The management of the Auditorium will also be requested to furnish two permanent passes to the Fire Brigade provided the men deputed wear their badges and appear on duty. The remainder of the request was referred to Fire and Light Committee and will be considered in the estimates.

The contention of the Columbia and Western Railway that their right of way and all property bought as right of way was unassessable and untaxable by the city again required the services of the city Solicitor. Municipalities incorporated after Feb. 11, 1895 do not appear to have power to tax railways. In 1906, a change with a view to giving them this power was made in the Municipal Clauses Act but not made in the Railway Assesement Act. The matter was not clear and the council instructed the clerk to ask Mr. Brown, of the C.P.R., on what basis he claimed exemption.

The request of D. Manchester and the Sisters' Hospital for decrease of water rates were laid over.

The following accounts were ordered paid:

Greenwood City Waterworks Co	$133 25
Boundary Creek Times	13.50
S. Oliver	20.00
E. W. Bishop	56.74
Russell-Law-Caulfield Co	4.10

A. D. Hallett	3.75

The Oddfellow's Smoker

Slab dab! Slab dab! was one of the spirits prevalent at the I.O.O.F. smoker on Friday night last. And let it be understood that there were no "speerits" there but everybody had a good time and everybody seemed ready to do his part, so there was no need to grease the wheels with anything except good cheer and good feeling—the commodity which according to chairman W. B. Fleming, the affair was held to produce lots of. The Orchestra gave the sort of music we are growing accustomed to hear from them, as the seller of Deckajulie tea says—"only one kind—the best." Mr. Hopkin's songs were thoroughly appreciated and heartily applauded, as were the dutiful responses of others too numerous to mention. We only wonder, if Fred B. Holmes, when in lodge always retains that mild, modest, bashful, blushing appearance that marked his features when the chairman called on him for a song. The refreshments were of the same kind as the music, songs recitations and the people attending—the best.

CARD OF THANKS

Boundary Valley Lodge, No. 38, I.O.O.F., wish to thank the Greenwood Orchestra and all friends who helped to make their Smoker such a success last Friday evening.

PROTECTING BOUNDARY FISH

Enthusiastic Meeting of Fish and Game Association---Practical Measures Being Taken to Preserve Sport

The annual meeting of the Kettle River Fish and Game Protectice Associatioh on Wednesday night last showed that there was considerable interest in the protection of the fish of the district. After the reading of the petitions sent to the Dominion and Provincial governments, Mr. Naden stated that Commissioner Fulton had promised to consider the requests of this district for a longer close season, provided arrangements were made this year giving his department charge of inland fisheries.

G. R. Naden and O.F. Hawtrey were elected members of the association.

The election of officers for the ensuing year resulted as follows:

President—E. O. Boak.
Secy.-Treas.—D. C. McRae.

It was decieed to create the office of Vice-president, and Mayor Bunting was elected by acclamation to that position. It was desired to have the committee representative. The committee was elected as follows: J. S. Birnie, E. G. Warren (Greenwood). W. O. Wright (Rock Creek), James Dale (Carmi), C. L. Thomet (Midway).

In view of the fact that a Game Act will likely be introduced at the next session of the Legislature Mr. Naden suggested that any requests the Association had to make should be sent in at an early date, so as to be incorporated in the bill, if possible. He also suggested as one means of protecting game, the forbidding of its sale, at least in some cases.

Deputy Game Warden Palmer introduced a discusion of the fish ladders at Granite and at Boundary Falls. The stocking of the headwaters of Boundary Creek was also discussed.

Negotiations are at present being carried on by Slocan cities to have Mr. Taylor of the B.C. Biological station report on the stocking of certain waters there, notably Slocan Lake. The secretary was instructed to wire Duncan Ross, M.P., asking that this official be sent here that he might report on the measures that could be taken here to protect the supply of fish in Boundary Creek and Long Lake. Mr. Taylor could also be consulted on matters generally.

During the past year subscriptions amounting to $182 were received by the Association. A statement of the expenditure was submitted as follows:

The Ledge	5.25
T. S. Palmer	12.00
G. H. Cropley	1.75
F. Haussener	2.00
McRae Bros	.70
Jno. L. Coles	.30
F. C. Buckless	1.50
J. S. Birnie	2.00

Funeral of Mrs. Morrison

The funeral of the late Mrs. Morrison was attended by very many friends of the deceased. After the celebration of mass in the church of the Sacred Heart by Father Bedard, the interment took place at the Greenwood cemetery. The pall-bearers were W. B. Fleming, C. J. McArthur, Thomas Walsh, Sydney Oliver, John O'Brien and Hugh McKee.

LIBERALS ELECT THEIR DELEGATES

To the Vernon Convention---Naden Addresses the Association---Work of Greenwood's Members

The largest attendance that the Liberal Association in Greenwood has ever had, except when right in the midst of an election marked the meeting in the Rendell Block last night. After the reading of the minutes and the reply of Duncan Ross, M.P., to the resolution of appreciation forwarded to him, G. R. Naden, member for Greenwood, addressed the Association. In the past session, there was no possible doubt of the fact that the Liberals at Victoria had had much the best of the argument. The speaker then outlined at some length the energetic measures he had taken to have proper attention given the request of Greenwood for its amendment to the Municipal Clauses Act. He sketched the course of the Natal Act from the time when it was first stolen by the Attorney-general from one one of the other members from Vancouver until today when Hon. W. J. Bowser if he ran today in Victoria would certainly be defeated owing mainly to the revelations recently made by Duncan Ross. The Liberal party at Victoria had voted for the Act knowing it was invalid as against the Japanese with whom the Dominion government were competent to deal but hoping that it might do something to stop any influx of Hindus until this question was settled otherwise. The Liberal party at Victoria had been able to check a good deal of pernicious legislation.

To one piece of legislation however, he wished particularly to refer. A bill had been introduced and forced through the House amending the Railway Assessment Act, 1907, by giving the Lieutenant-Governor in Council the power to grant any railway which may be completed after the first of January, 1908. an exemption from assessment and taxation. The objection was that it was getting to be government by cabinet instead of government of the people by the people for the people.

The next business before the meeting was the election of delegates to the nominating convention of the Yale-Cariboo Liberal Association to be held in the Opera House, Vernon, on the 14th of April, at 2 p.m. One delegate is allowed for every fifty votes or a fraction of fifty in any polling division, thus giving the Greenwood Association eleven delegates

The following are the delegates elected:

The President, G. R. Naden, Dr. Simmons, A. D. Hallett, Dr. Mathison, E. H Mortimer, C J Wilson, K McKenzie, S P. Dixon, H. Bunting and J. D. Spence

Father Hartman Bereaved

The many friends of Rev. Father Hartman whose faithful ministrations from end to end of this parish have made him many devoted admirers, will be grieved to learn of a recent bereavement which has taken away his brother, also a priest, stationed at Kenora. By those who know Father Hartman, the following account of the obsequies of his brother will be appreciated:

The remains of the late Rev. Father Hartman, O.M.I., who for some time has been parish priest at Kenora, and who died after a short illness, on Sunday last, were brought to the city yesterday and immediately convered from the train to St. Mary's church. This morning solemn requiem mass was celebrated and the service was one of the most solemn and impressive ever held at St. Mary's. The celebrant of the mass was Rev. Father Guilbert, O.M.I., with deacon and sub-deacon, and his grace the Archbishop of St. Boniface gave the final blessing. Besides his grace a large number of the regular and secular clergy of the diocese, including the vicar-general, Monsignor Dugas, occupied seats in the sanctuary. The body of the church was filled with a most representative gathering of people, especially noticeable being a very large proportion of the officers and members of Winnipeg council of the Knights of Columbus, the late Father Hartman having been a valued member of Duluth council. The beautiful music of the requium mass was most impressively sung and at the close of the service whi'st the people were viewing the remains the Knights of Columbus quartette gave an affecting rendition of some of the stirring and appealing hymns of the order. The remains were taken to St. Charles where they will remain in a crypt until the arrival of a brother of the deceased from British Columbia and the interment will then take place.

Rev. Dr. Drummond, who was present at the ceremony with a large number of clergy and faithful, said to a Winnipeg Free Press reporter that Father Hartman was a man of more than ordinary accomplishments in both an intellectual and spiritual sense. He died from inflammatory rheumatism.

If You Wish to Buy

COPPER STOCK

Wire us for Quotations

Our facilities for buying

Dominion, B.C., or Granby Stocks

on the curb in New York or Boston are unequalled Even our competitors acknowledge that we can buy these stocks cheaper than they. Why? Because our Eastern connections are of the very best.

The stock business is a sideline with us consequently we can afford to handle your business on a very small margin.

FRIDAY, MARCH 20 1908

OBSERVATIONS.

"The Attorney-general is opposed to giving municipalities the power to bonus a mining scheme or anything relating to a mining scheme," said Mr. Naden at the meeting of the Council last Monday. It is difficult to see the view-point of the Attorney-general. If a district, essentially a mining country cannot bonus anything relating to the mining industry, its bonusing power is to all practical purposes taken away while the other sections of the province have full and free power to assist financially pretty nearly every venture they may wish to help.

Such a position on the part of the Attorney-general means only petty and unfair discrimination against one large industry of the Province and Dominion.

The little town of Camrose last year spent $1,700 in advertising the attractions and resources of its district. That's a bee worth keeping in our municipal bonnet.

History repeats itself. The events of 1896 will come again, but where? Ninety-six has a story of treachery, disunion and obstruction on the part of Mr. Foster and his seceeding members and victory, overwhelming victory for the Liberal party. Recent events portend a similiar happening and the victors are the same parties. Mr. Foster is again the discontented, selfish lieutenant and when Sir Wilfrid Laurier's government goes to the country, there'll be victory, a famous victory for him again. Sir Wilfrid lives in the hearts of the people more strongly than ever he did.

The following from John Houston who is not usually disposed to feel kindly to corporations and whose differences with the G.T.P. have been hurled far and wide over the country in order to make political capital by vaguely charging all sorts of things against the Government, we give to those who know the outspoken Editor of the Empire for what it is worth:

"The policy the Grand Trunk Pacific Railway adopted in clearing the townsite of Prince Rupert is one that company, if it is wise, will continue to follow in British Columbia. It let clearing contracts at a fair price to local contractors; the white contractors had a free hand to employ the best labor at a fair price, and none of them attempted to employ Asiatic coolie laborers. One contractor was a Japanese, and he employed Japanese and lost money. The contractors purchased the greater part of their supplies from local business houses, and by doing so doubled the sales of the local houses. The men were paid in checks on a local bank, got their money and paid cash for clothing and other necessaries that they purchased locally. It is estimated that of the $120,000 paid for clearing the 1,000 acres that have been cleared, that $20,000 will go the contractors as profits and re-imburse them for tools and boardinghouse plant. Of the $100,000 paid the men for wages, one-third or $33,000 went for board, which leaves $67,000 as the net earnings of the men, a proportion of which was spent in Prince Rupert for clothing, etc., and a good share of the remainder will be invested in town lots, once lots in the townsite are offered for sale. The clearing of the townsite of Prince Rupert is an object lesson for the managers of corporations who can only see one side of the labor question—and that side the side of Asiatic coolie labor. It should also be an object lesson for Mr. Chas. M. Hays, president of the Grand Trunk Pacific Railway, who is broad enough to see both sides of the question. His company has secured the good-will of every one in anyway engaged at clearing the townsite of Prince Rupert, and the way that good-will was secured can be secured in building his road across British Columbia, and in operating it after it is built. More: If his company has secured the good-will of the 200 to 300 men who helped clear 1,000 acres of land on which Prince Rupert will be built, by dealing fairly with them, is not the good-will of the thousands of men and women who will build Prince Rupert worth securing, if it can be secured in the same way? President Hays, it is up to you!

The provincial government is taking time by the forelock at last. In an Act to amend The Highway Traffic Regulation Act, it has the following clause, which under other circumstances would be good legislation but which in view of the appropriation not made for roads in certain constituencies is amusing:

"8. It shall be unlawful for any waggon or vehicle carrying a load of more than two thousand pounds to be drawn or driven on any public highway unless the tires of such waggon or vehicle shall be at least four inches in width."

The wide tires are a good rig but we want the roads first.

The Government at Ottawa is again taking the statesmanlike way of dealing with its problems. W. L. Mackenzie King, Deputy Minister of Labor is now conferring with the Imperial, Indian and Colonial offices in England regarding the exclusion of the Hindus from this province. The intention of the Government is to have all possible means taken to prevent an influx of dark-skinned laborers this summer. But the Hindus are British subjects and only the Imperial Government has power to deal satisfactorily with them.

Because British Columbia, Manitoba, Ontario and New Brunswick have Conservative governments, a section of the Conservative press would like very well to persuade the people that this works to the disadvantage of the Laurier government. Not at all. The passing of the Liberal party into opposition in these provinces has only given strength to the administration at Ottawa. New Brunswick, although it really has not a party system in provincial affairs, has given Blair, Tweedie, Emmerson and Pugsley to the Federal government. Ontario recently gave the strongest man in the Liberal ranks there, in the Hon. Geo. P. Graham. In addition to this, let our Conservative friends remember that in 1891 when Sir John Macdonald was returned to power, every capital from Victoria to Charlottetown was the seat of a Liberal government.

The Canadian Courier, a weekly that is not Liberal has in its current issue, an interesting sketch of politics in New Brunswick. While it aptly says that "Today there is not a man outside of New Brunswick who understands their politics and its isues down there; and if there are ten men inside the province who do, that only goes to show what a clever people, the New Brunswickers are," it explains that New Brunswick has been free from the party system for many a day. There are grits and tories in Federal politics; but when it comes to provincial affairs they have escaped "the unclean thing." The result has been that until this last cataclysm, you could never tell who had won the election by merely counting the votes of the electors. The Blair government would go to the polls and get beaten but that did not prevent Mr. Blair from remaining perpetual Premier. He would make a few "deals" with the new men sent to the Legislature by an indignant people to drive him from power and thus pluck the rose of victory from out the thorn bush of defeat."

In the light of it all, how flat falls the vaunted avalanche down by the sea. A new man has caught the eye of the people who look to the men rather than to issues of which there are none in provincial affairs. In Federal affairs there are issues and New Brunswick will sing a song of Liberal victory in the next election as of yore.

Second issue of the Preferred Stock

OF THE

British Canadian Wood Pulp & Paper Co. Ltd., of Vancouver,

Now Open for Subscription

The British Canadian Wood, Pulp & Paper Co., Ltd., of Vancouver, are now offering for subscription their second issue of 100,000 Preference Shares in blocks of 100 at $1.00 per share, each 100 shares entitled to a bonus of 15 shares of Preferred Stock. The second issue is being sold at the same price as the first with the exception that the first 100,000 carried a bonus of 25 per cent. This stock is entitled to an annual dividend of 7 per cent. commencing November 1st, 1908, but unlimited as to further dividends, i.e., after 7 per cent has been paid upon the preferred and common both stocks thereafter participate equally. Payments for stock are as follows:—10 per cent. on application, 15 per cent. on allotment, balance in eight calls of 30 days each.

The Company have purchased a large tract of land on Howe Sound, 25 miles from Vancouver at the entrance of Rainy River, upon which they have been granted the water rights and where they are now rushing work on the first unit of their plant. The entire plant when complete will have a weekly capacity of 180 tons of newspaper and 270 tons of wrapping paper. Mr. Sylvester G. Faulkner of the British Columbia Trust Corporation, Vancouver, is President of the Company and the Directors are all well known and substantial business men of British Columbia.

THEY.

Why don't they keep the streets a little cleaner?
You ask with deep annoyance not undue:
Why don't they keep the parks a little greener?
(Did you ever stop to think that 'they' means you?)
How long will they permit this graft and stealing?
Why don't they see the courts are clean and true?
Why will they wink at crooked public dealing?
(Did you ever stop to think that 'they' means you?)
Why don't they stop this miserable child labor?
And wake the S.P.C.A. up a few?
(While thus you gently knock your unknown neighbor,
Did you ever stop to think that 'they' means you?)

—Life.

SILVER SHIPMENTS

The shipments to Hong Kong last week of 140,000 ounces of silver from the Consolidated Mining and smelting plant at Trail brings the shipments of silver from this plant for the past six months to over one million ounces. nearly half of this has gone to the Canadian mint at Ottawa. All gold from this plant is now shipped to the assay office at Seattle and from there to the various branch mints of the United States So soon as the Canadian mint is ready for gold, the Trail smelter and refinery is able to supply it, so that the output of the Canadian mint will be almost entirely from the Trail plant. Between fifty and sixty tons of lead are produced daily, most of which are shipped to the Orient.

Antoniello's band—the Rossland aggregation—who thought to fill the aching void left in Spokane by the disappearance of Dutch Jake's Variety House have returned home and now will vie with the blasts in making the night hideous with their instruments.

Phoenix has still six more babies. Poor Phoenix! Soon they will set up opposition to Antoniello's band.

Antonio Ciddeo, the Italian arrested recently at Salt Lake on the charge of blowing up the hotel at Niagara a year ago, is said to have confessed to the deed to compatriots now in the State of Idaho who are willing to testify against him.

MINING

Rumored changes in the personel of the directorate of the Crow's Nest Pass Coal Company did not maferialize at their annual meeting held in Toronto on the 11th inst. As elected for the current year the officers of the company are: G. G. S. Lindsey, president; Hon. Robert Jaffray, vice-president; Sir Henry Pellatt, second vice-president; E.R. Wood, treasurer; Col. W. P. Clough (New York), H. B. McGiverin (Ottawa), E. C. Whitney (Ottawa), Elias Rogers (Toronto), and Jay P. Graves (Spokane), directors.

The report for 1907 gave net profits for the year of $382,986 28, an increase of $31,195 over 1906. To this has been added $343,592.- balance at credit of profit and loss brought forward from 1906, and $324,420 representing premiums on new stock. making a total of $1,060,998 70. From this amount four quarterly 2½ per cent. dividends have taken $355,178.98. $324,420 has been transferred to reserve, and $381,399.72 has been carried forward to credit of profit and loss. The amount of coal mined in 1907 was 981,399 tons, as against 806,801 tons in 1906, and the production of coke was 231,368 tons, as against 213,-295 in 1906. Otherwise the st ry of the year is the same as that of the smelters. Fluctuating demand for product, increased operating expenses and generally unsettled conditions made against large profits.

The Ingenika or west fork of the Findlay River, a tributary of the Peace River is furnishing the latest sensation in placer mining in this province. A prospector, Bates. reporting at Hazleton holds out a bait of gravel, going three dollars to the pan up there. The country can be reached via Hazleton or via Ashcroft and Quesnel. When the rivers are opened up the latter passage is good water travelling involving only one portage, seven miles in length. Merchants from Hazleton who have been and are prospecting in that section claim the reports are exaggerated, but meanwhile Golden claims that it is a new gateway "to the new Klondyke."

Auriferous black sand deposits at Gold Beach, near Cape Scott, at the north end of Vancouver Island are giving results making the working of them possible.

Moresby Island, the lumber and mining point, on the Queen Charlotte Islands also produces oysters which according to a Coast lawyer are such a size that "one of them will be sufficient for papa and mama and the baby." Even three hungry lawyers couldn't devour an entire one. Mr. Arno'd is in Mr. Bowser's office and was afraid even his friends would doubt his veracity, so he brought along some shells said to measure eight inches across.

The Ikeda mines have now some 125 men employed and are turning out some six hundred tons of ore a month averaging from $65 to $110 a ton in gold and copper. They are installing new machinery and by fall exspect to increase their tonnage to 1,500 tons per month.

The improvements at the Granby smelter at Grand Forks include the enlargement of the furnaces from 17 feet eight inches to 22 feet in length; the erection of three new converter stands 84 inches by 116 inches to replace the smaller ones now in use; the lengthening of the steel converter building by eighty feet; the doubling of the engine and blower capacity and all necessary motor installations to handle the increased business. July 1st is specified definitely as date of delivery.

Despite the warning of John Houston, Prince Rupert is filled to overflowing. On Saturday nights, when the clearing gangs come in from the woods, the one street becomes simply full of men so that they flow out on the wharf and John's meditations are disturbed.

Cures Woman's Weaknesses.

We refer to that boon to weak, nervous, suffering women known as Dr. Pierce's Favorite Prescription.

Dr. John Fyfe one of the Editorial Staff of THE ECLECTIC MEDICAL REVIEW says of Unicorn root (*Helonias Dioica*) which is one of the chief ingredients of the "Favorite Prescription":

"A remedy which invariably acts as a uterine invigorator * * * makes for normal activity of the entire reproductive system." He continues "in Helonias we have a medicament which more fully answers the above purposes *than any other drug with which I am acquainted.* In the treatment of diseases peculiar to women it is seldom that a case is seen which does not present some indication for this remedial agent." Dr. Fyfe further says: "The following are among the leading indications for Helonias (Unicorn root). Pain or aching in the back, with leucorrhœa; atonic (weak) conditions of the reproductive organs of women, mental depression and irritability, associated with chronic diseases of the reproductive organs of women; constant sensation of heat in the region of the kidneys; menorrhagia (flooding), due to a weakened condition of the reproductive system; amenorrhœa (suppressed or absent monthly period), arising from or accompanying an abnormal condition of the digestive organs and hyræmic (thin blood) habit; dragging sensations in the extreme lower part of the abdomen."

If more or less of the above symptoms are present, no invalid woman can do better than take Dr. Pierce's Favorite Prescription, one of the leading ingredients of which is Unicorn root, or Helonias, and the medical properties of which is most faithfully represents.

Of Golden Seal root, another prominent ingredient of "Favorite Prescription," Prof. Finley Ellingwood, M. D., of Bennett Medical College, Chicago, says:

"It is an important remedy in disorders of the womb. In all catarrhal conditions * * and general enfeeblement, it is useful."

Prof. John M. Scudder, M. D., late of Cincinnati, says of Golden Seal root:

"In relation to its general effects on the system, *there is no medicine in use about which there is such general unanimity of opinion.* It is *universally* regarded as *the* tonic useful in all debilitated states."

Prof. R. Bartholow, M. D., of Jefferson Medical College, says of Golden Seal:

"Valuable in uterine hemorrhage, menorrhagia (flooding) and congestive dysmenorrhœa (painful menstruation)."

Dr. Pierce's Favorite Prescription faithfully represents all the above named ingredients and cures the diseases for which they are recommended.

WORTH TAKING

One ounce Fluid Extract Dandelion;

One ounce Compound Salatone;

Four ounces Compound Syrup Sarsaparilla;

Mixed and taken in teaspoonful doses after each meal and at bedtime, is pronounced by a prominent physician to be the best mixture for the cure of the kidney, bladder, and all urinary troubles.

This says the doctor, is the most simple though remarkable prescription ever written to cleanse the system of impurities and waste matter. It acts as a powerful tonic to the kidneys, forcing them to filter out the acids and poisons, overcoming rheumatism, lame back, sciatica and other afflictions arising from sour, impure blood.

The ingredients can be procured at any good drug store, and being purely vegetable and entirely harmless, can easily be mixed at home.

If you have a suffering friend show this to him, as he will undoubtedly be pleased to learn of so simple and highly recommended a remedy.

IN THE SUPREME COURT OF BRITISH COLUMBIA—IN PROBATE.

In the Matter of Edward James - Deceased

And

In the Matter of the Official Administrators' Act

NOTICE IS HEREBY GIVEN that by an Order made by His Honour F. C. Calder, Local Judge of this Honourable Court, dated the 11th day of March, A.D. 1908, the undersigned was appointed administrator of all and singular the estate and effects of the above named Edward James, late of James Creek, near Kettle River in the County of Yale, in the Province of British Columbia, Rancher, who died intestate on or about the 20th day of October, A.D. 1907.

ALL PERSONS having claims against the estate of the said deceased are required to send the same with the particulars thereof duly verified to the undersigned on or before the 30th day of April, A.D. 1908, and all persons indebted to the said deceased are required to pay the amount of such indebtedness to the undersigned forthwith.

Dated this 13th day of March, A.D. 1908.

"ALEC. D. MACINTYRE,"
Official Administrator for the County Court, District of Yale, Kamloops, B. C.

THE

COPPER

HANDBOOK

(New edition issued Nov. 15, 1906)

Is a dozen books in one, covering the history, Geography, Geology, Chemistry, Mineralogy Metallurgy, Terminology, Uses, Statistics and Finances of Copper. It is a practical book, useful to all and necessary to most men engaged in any branch of the Copper Industry.

Its facts will pass muster with the trained scientists, and its language is easily understood by the everyday man.

It gives the plain facts in plain English without fear or favor.

Its lists and describes 4626 Copper Mines and Companies in all parts of the world, descriptions running from two lines to sixteen pages, according to importance of the property.

The Copper Handbook is conceded to be the

WORLD'S STANDARD REFERENCE BOOK ON COPPER

The Mining Man needs the book for the facts it gives him about mines, mining and the metal.

The Investor needs the book for the facts it gives him about mining, mining inveatments and copper statistics. Hundred of swindling companies are exposed in plain English.

Price is $5 in Buckram with gilt top; $7.50 in full library morocco. Will be sent, fully prepaid, on approval, to any address ordered, and may be returned within a week of receipt if not found fully satisfactory.

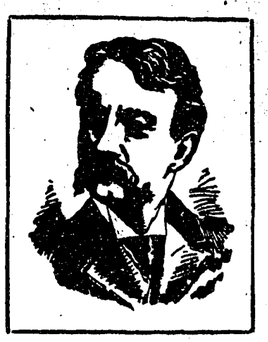
MEN

We Cure Every Case We Treat



OUR GUARANTEE:
NO PAY UNLESS CURED

When You Need a Specialist, Consult One of Wide Experience.

We are just now completing our twentieth year as specialists in men's diseases. During these years of close application to a single class of ailments we have originated and perfected the only scientific and certain methods by which these diseases are cured. If we accept your case for treatment, a cure is but a matter of a reasonable time.

We guarantee every man a lifelong cure for Varicocele, Hydrocele, Urethral Obstructions, Blood and Skin Diseases, Prostatic Troubles, Piles, Fistula, Loss of Vital Power, Kidney, Bladder and Special Diseases. We especially offer our services to those who are afflicted with weakness as a result of their own follies or excesses.

Our methods are up-to-date and are endorsed by the highest medical authorities of Europe and America. Hence our success in the treatment of Men's Diseases. Remember, our specialty is limited to the diseases of MEN and MEN only.

We cover the entire field of nervous, chronic, deep-seated and complicated diseases.

CONSULTATION FREE.

If you cannot call, write for Symptom Blank. Many cases can be cured at home. All correspondence confidential.

TORTURING SKIN DISEASE

Afflicted this bright little girl

LITTLE LORINDA MINER, GUELPH

Mrs. F. Miner, of 321 Suffolk Street, Guelph, Ont., says: "A year since, while while living in Oshawa, Ont., my little daughter Lorinda, six years of age contracted a skin disease on the upper part of her body. This first broke out like tiny water blisters, afterwards taking the form of dry scabs. These would disappear for a short time and then reappear worse than ever. The clothes coming in contact with the skin set up such a severe irritation that it was impossible to keep her from scratching. We tried various preparations yet obtained no good results until we began using Zam-Buk. With each application the irritation and soreness was greatly relieved, and the child rested easier. Thro' continued using, the eruptions and scabs fast disappeared and in a short space of time the skin was completely cleared from the disease. It is now some months since we used Zam-Buk, and as there are no signs of any more eruptions breaking out on her body, we believe Zam-Buk has worked a complete cure." **Zam-Buk Cures** cuts, chapped hands, itch, ulcers, eczema, running sores and all diseases of the skin. Of all druggists and stores 50c. or from Zam-Buk Co., Toronto.

Synopsis of Canadian Homestead Regulations.

ANY available Dominion Lands within the Railway Belt in British Columbia, may be homesteaded by any person who is the sole head of a family, or any male over 18 years of age, to the extent of one-quarter section of 160 acres more or less.

Entry must be made personally at the local land office for the district in which the land is situate. Entry by proxy may, however, be made on certain conditions by the father, mother, son, daughter, brother or sister of an intending homesteader.

The homesteader is required to perform the conditions connected therewith under one of the following plans:

(1) At least six months' residence upon and cultivation of the land in each year for three years.

(2) If the father (or mother, if the father is deceased), of the homesteader resides upon a farm in the vicinity of the land entered for, the requirements as to residence may be satisfied by such person residing with the father or mother.

(3) If the settler has his permanent residence upon farming land owned by him in the vicinity of his homestead, the requirements as to residence may be satisfied by residence upon the said land.

Six months' notice in writing should be given to the Commissioner of Dominion Lands at Ottawa of intention to apply for patent.

COAL.—Coal mining rights may be leased for a period of twenty-one years at an annual rental of $1 per acre. Not more than 2560 acres shall be leased to one individual or company. A royalty at the rate of five cent per ton shall be collected on the merchantable coal mined.

W. W. CORY,
Deputy of the Minister of the Interior.

Purely Personal

Dr. Simmons, dentist, Phone 96 Wallace-Miller Block, open evenings

J. E. McAllister is spending a week on his ranch at Kelowna.

E. D. Ireland, of Nelson, of the staff of C.P.R. engineers was in town on Monday,

James Stewart has been made customs officer at Carson in place of the late Alex. McAulay.

F. M. Elkins returned on Tuesday from Vancouver. W. G. McMynn left for the coast on Saturday last

J. H. Macfarlane spent a few days in Greenwood this week, having come over from Rossland to attend the funeral of the late Mrs. Morrison.

Mrs. C. J. Tynan, of Spokane, came to Greenwood on Saturday last to attend the funeral of her sister Mrs. J. H. Morrison.

Rev. R. W. Dalgleish with Mrs. Dalgleish and their children, left on Monday for their home at Swift Current, Sask. Their youngest child was born in Greenwood a few weeks ago.

Ernest Bunting, Mayor Bunting's son who has been with the Eholt Trading Co., left on Monday for the coast. Ernie will probably go to Prince Rupert to see what the new terminus of the G.T.P. looks like.

John McIntosh returned last week from an extended trip to the coast, and to various places in the United States. In Los Angeles he saw D. A. Benermen, who is now living at San Jose, Cal. running a large automobile and generally prospering. He travelled all over Nevada and came home by Spokane.

J. A. Cowie, of Grant, Minn., chief engineer of the Grant Consolidated whose mines near Cheesaw are well known over the continent, was a visitor in Greenwood on Tuesday.

Miss Brown, of Medicine Hat, arrived in Greenwood on Tuesday and will take charge of the millinery department at Rendell & Co's this season. Millinery openings come about the first week in April.

O. B. Smith, W. R. Williams, W. Macy, and O. Smith were a Phoenix delegation to this bustling valley on Monday. The steady crunch of the ore cars up the hill is too much for the residents and they delight to get away from the din occasionally.

Mrs. F. Keffer left for Spokane on this morning's Great Northern train. She will meet Mr. Keffer there on his return trip from Ottawa and Montreal.

Mrs. I. M. Parsons, of Minneapolis, Minn., owner of the Maureen mine in South Deadwood camp, spent the week end at the Imperial. Mrs. Parsons is a woman of some literary ability and has no hesitation about her opinion of the Maureen. On the property there is now an electric hoist and considerable other development machinery.

Geo. R. Naden, M.P.P., returned to Greenwood on Monday last from the Legislature. This week Mr. Naden has addressed the Council, the Fish and Game Association, and the Liberal Association. In the day time, he has been kept busy shaking hands with his many friends.

R. C. Trimen, of the B.N.A., who has been in the Greenwood branch of the Bank for a couple of years past has received notice of his promotion to be acting manager of the Bank at Rosthern, Sask. Mr. Trimen has not yet been notified just when his relief here will come but it will be in the course of a forthnight.

TOWN TOPICS

Logging on the Main Kettle River will begin again about April 15th when the logs will be floated down to Cascade.

Closing-out Sale, new and second hand goods. H. J. Clint. Copper Street.

Subjects in the Methodist church on Sunday are as follows: morning service, "The Children's Christ," evening, "Pilate's Question, 'What is Truth?'"

Remember when you want tea that Smith and McEwen's are now the only agents for Deckajulie—the tea that you know so well.

A car of ore from the Sally went from Midway on Thursday of this week. It contained about 20 tons of the Sally's high-grade ore and went to Trail.

We have bargains in Wall Paper remnants that we wish to clear. Get busy before that tall chimney starts spouting. McRae Bros.

An important change is being made in the services in St. Jude's church, Next Sunday services will be held at 8 a.m. and 7.30 p.m. On alternate Sundays—the three regular services will be celebrated at 8 a.m., 11 a.m. and 7.30 p.m. with Sunday school at 12 o'clock.

Coles' Bookstore has an unequalled display of chocolates. If you have'nt seen them, do so at once. They are worth the while

The meeting of the Board of Trade will be held on Monday evening next at eight o'clock in the City Hall. The additional members of the council will be elected and a greal deal of important business transacted. Only persevering persistence will ever make any place a good town, so keep it in mind.

The current issue of the Bulletin of the Canadian Mining Institute contains a paper by Mr. C.S. Baker, Notes on the Practice of Assaying in British Columbia. Another article that will be of interest to this part of the country is by Mr. Charles Camsell, of the Geological Survey Department, Ottawa, on "The Geology and Ore Deposits of Camp Hedley."

The choicest confection in the land 60c per pound. Halt pound and pound boxes, 35 and 75 cents er box at McCrae Bros.

The Pinker Moving Pictures are to be shown in Greenwood in the Miners' Union Hall every Wednesday night and in Midway on Thursdays. Four thousand feet of film are thrown on the canvas at every entertainment. At Wednesday night's show the pictures were well chosen, well asorted, and the illustrated vocal selections given by Mrs. Murray were well appreciated. The managers certainly maintained their proposition of giving a good, clean entertainment. The views are not only amusing, but have a good tone and are instructive

The Conservative nomination convention for Yale Cariboo will be held in Vernon on Thursday, April 23rd, at 2 o'clock. The Ledge remarks that the nominee should have a walk over. Yes, he should, over the bridge that will carry him into the cold, clammy shades of defeat.

Ring up Smith and McEwen's when you need tea. They have Deckajulie, the tea with one brand always good, always the same.

The Eighth Annual Ball of the Greenwood Miners' Union, No. 22, on St. Patrick's Night eclipsed all others of its kind in this district. There were about 70 couples on the floor which is all that the hall will hold with comfort, and the story of the rest is what has been so often before—everyone went in for the best dance of their lives and had it. As for the Orchestra, only one thing can be said, it is giving even better music at every appearance and Leader Hallett and the boys with him deserve the high-credit for their interest in giving good music to Greenwood audiences. Supper was served at the Pacific Cafe which was decorated for the occasion and the long dining room could not accomodate the crowd

The Granby mines for the fourth successive week are at the record smashing business. Their shipment last week is 25,388 tons and their biggest day 4,005 tons on the 13th.

SUTHERLAND—YOUNGE

In the Presbyterian church, on Monday evening last, Mr. T. F. Sutherland, M.E., and Miss Ethel Florence Younge were united in marriage by Rev. M. D. McKee. The ceremony was performed in the presence of a few intimate friends. Both bride and groom are well known in Greenwood. Miss Younge, being formerly with Rendell & Co., and Mr. Sutherland having carried on his business as an assayer here. They are staying in Greenwood for a few days before going to their new home in Golden, B.C.

AT THE CHURCHES

ANGLICAN—St. Jude's. Rev. John Leech-Porter, B. D., pastor. Services at 8. a.m., and 7.30 p.m. Sunday school, 12 p.m. All seats free.

PRESBYTERIAN—Services will be conducted morning and evening, 11 a.m. and 7.30 p.m. Rev. M. D. McKee, Pastor.

METHODIST—Rev. F. J. Rutherford B.A., will conduct services as usual at Methodist Church morning and evening Sunday School at 3.

CATHOLIC.—Church of the Sacred Heart.—Divine service 1st, third and fourth Sunday in each month. Holy mass at 10 a. m.; vespers and benediction at 7:30 p. m.; Sunday school at 2:30 p.m. REV. J. A. BEDARD, O. M. I. pastor.

SEALED TENDERS addressed to the undersigned, and endorsed "Tender for heating Post Office, Vancouver, B.C.," will be received at this office until Saturday, April 25th 1908, inclusively, for the construction of a heating System for the Public Building at Vancouver B.C.

Plans and specifications can be seen and forms of tender obtained at this Department from Mr. William Henderson, Superintending Architect, Victoria, B.C., and from Mr. Charles Tossell, Clerk of Works, Vancouver, B.C.

Persons tendering are notified that tenders will not be considered unless made on the printed form supplied, and signed with their actual signatures.

Each tender must be accompanied by an accepted cheque on a chartered bank, made payable to the order of the Honourable the Minister of Public Works, equal to ten per cent 10 p. c. of the amount of the tender, which will be forfeited if the party tendering decline to enter into a contract when called upon to do so, or if he fail to complete the work contracted for. If the tender be not accepted the cheque will be returned.

The department does not bind itself to accept the lowest or any tender

By Order
FRED. GELINAS
Secretary

Department of Public Works,
Ottawa, March 12th, 1908

Newspapers inserting this advertisement without authority from the Department will not be paid for it.

PILES

8 Years Torture Ended by Zam-Buk

Mr. George Lee, 35 Steiner St., Toronto, says: "For 8 years I suffered torture from blind, itching piles. During that time I believe almost everything in the line of ointments and salves was used, but in vain. The very first application of Zam-Buk gave me relief from that terrible itching, and a little perseverance with the balm brought about a complete cure. I have not been troubled again and it is now over six months since Zam-Buk was used. If this statement can be used for the benefit of other sufferers from this trouble, you are at liberty to publish it."

Zam-Buk

Is especially recommended for all kinds of skin diseases, eczema, bad legs, piles, ulcers, boils, chapped hands, barbers' rash, festering sores, poisoned wounds, cuts, bruises, burns, sprains etc. Of all druggists and stores, 50c. box or from the Zam-Buk Co., Toronto, post-paid. 3 boxes $1.25.

FREE

A sample box will be mailed you free if you cut out this coupon and send it with 1c. stamp to the Zam-Buk Co., Toronto. S.K.4

Moore's Cafe

Moved to the WINDSOR HOTEL. Our New Restaurant is newly appointed throughout. You have eaten your meals with us before. Try us in our new home. Anything you want, at any time you say. Everything of the best.

HOWARD MOORE, PROPRIETOR.

BOUNDARY ORE TONNAGE

March 20'08

The following table gives the ore shipments of Boundary mines for 1900, 1901, 1902, 1903, 1904, 1905, 1906 and 1907, as reported to the Greenwood Times—
