A GOOD ASSET.

In Calgary (population 16,000) there were 251 convictions in the police court during the month of November. Calgary, according to its newspapers, is a city of churches and good living people, but to people at a distance, it looks as if that village badly needed fixing. Evidently the police court is the largest industry Calgary owns and it's declaring big dividends.

FOUL PLAY NOT THERE

Coroner's Jury Find Death From Suicide by Hanging —Funeral Today

An inquest was called on Wednesday night at 8 o'clock to enquire into the circumstances attendant upon the death of Un Wah, the Chinaman who came to his death by hanging in the C. P. R. yards on November 30. W. A. Macdonald of Nelson appeared for the friends of the deceased, who suspected foul play.

The jury summoned by Coroner Black was composed as follows: W. H. Craig (foreman), Wm. Dunstan, Robert Halcrow, James H. Dimmick, Neil R. Robinson, and George Vaughan.

The decision of the jury was that deceased came to his death by suicide by hanging.

Joseph Pemberton, foreman of the gang in which Jim, as they called him, had cooked since last September, said that the man had acted peculiarly when giving him his order for the month. He remarked it and asked if he had been playing black-jack the night before. The Chinaman said "No"

Mrs. Katherine Johnson, wife of the section foreman, said that he had smiled through his window at her and had seemed quite happy. That was at 10:30 a.m.

Dr. J. E. Spankie, who was called to examine the man, said that death seemed to have followed strangulation by hanging. There were no signs of death by poisoning nor any other mark of violence except the furrel from rope around his neck.

Suh Jim of Midway had tried to sell him some vegetables, but had had no further conversation with him. He did not say anything about not being well.

Ug See Soon, cousin of Un Wah, from Nelson, identified Un Wah said that he was a member of the same society as the deceased, but this was a different society from the Greenwood one.

The evidence of chief Dodd completed the inquest.

The remains of the deceased were removed at 1:30 this afternoon from Gulley's undertaking parlors to the cemetery.

Over the Line From Phoenix

A special train which reached the Great Northern Station on Wednesday night created quite a sensation. But it contained only General Manager J. M. Gruber, of the Great Norhtern and a staff of assistants who had been over the road as far as Keremeos. They pulled out at daylight next morning.

Editor Willcox has come down off Gospel Hill and is now snugly enconsced in the apartments he has fitted up for himself in the Pioneer building.

The Cripple Creek show had such a bumper house at Phoenix on Thursday night that they decided to double up and hold the town for another. There's a good show in Phoenix tonight.

Town Topics

A dandy Christmas present to your friends in the east is a year's subscription to the Boundary Creek Times. It beats a weekly letter.

Several cabbage leaf peddlers, or rather cigar drummers, were giving the hotel men the glad hand this week.

"At Cripple Creek" surprised the poor audience that was sprinkled about the Auditorium on Wednesday night. The show was good and the acting much above the average.

Show us a place on this or any other earth where the inhabitants are enjoying finer weather or more excellent health than the good people of Greenwood are! "Can't be did."

Notices are being sent out for a special meeting of the Curling Club to be held in the Court House on Monday evening next at 8 o'clock. Business: Election of skips and choosing rinks.

A new stock of Apples and Pears at the Russell-Law-Caulfield Co. Store.

Picking up a daily paper these days, one hardly ever fails to see a railway smash-up—derailment or collision. Just to even things up, the train from Nelson yesterday ran into the Greenwood yards

"Swear-off" (January 1st), is rapidly approaching. What's the matter in practising a little now, by backing all brands of booze over the dump, so as to be able to face the new year with a clear "upper level."

When in need of something special in the Apple line, call up phone 25— The Russell-Law-Caulfield Co.

The marriage License Office is still doing an excellent business. On Wednesday Will Jess Vradenburg and Mrs. Barbara Kate Monsey, both of Phoenix were allowed by the law to joins hands and lives. On the 12th, yesterday, a license was issued to Edward Marshall, of Eholt and Addie Oliver, of Phoenix. The book is full.

Remember the Christmas Tree entertainment to be given in the Presbyterian church, Friday evening, December 20th. An excellent program is being provided, consisting of club swinging by the boys, drills by the girls, songs, recitations and chornses by the children. Parents and others who wish to put presents on the tree may do so. Admission, adults, 25 cents; children, 15 cents.

Six Phoenix men—Alex Munro, Silas Smith, Ed. Matthews, James Morgan, W. A. Murray and Stuart Hudson—returned on Monday from the wilds, seventeen miles beyond Westbridge. They brought with them so many deer that some of them had to walk up the hill. Hudson is a printer, you see, and worked until recently in the Pioneer office. The boys claim they have five mule-tailed deer; but the editor of this paper is wise now. If they like he will introduce them to a gentleman who was as sure of this as they are and lost some cigars over it. The authorities tell us that though the mule deer has a tail like a mule it is because of its ears it is so named and it is called simply mule deer. There is no variety known as the mule-tailed deer.

Charles Tye arrived from Vancouver on Monday. T. M. Gulley came in on Tuesday via C. P. R. Mr. Gulley reports a fine summer—probably less rain than Greenwood usually has. The Babine and Stewart Lake country has lots of land that will be A1 for agricultural purposes. The party built their hatchery on the most northerly point of Stewart Lake, on a creek. Beside the hatchery proper, which was described in last week's issue, two other buildings were completed, one a residence for the superintendent and one a storehouse. The party left Stewart Lake on October 26th and arrived in Vancouver on November 27th. Angus Nicholson is still at Vancouver, but may be back in Greenwood for Christmas. Most of the party spent a few days in Vancouver, before starting for home. Mr. Gulley also visited his brother in Victoria. The other men, Frank Mosher and Thomas Hemmerle came in by C.P.R on Thursday.

H. V. Fuller came in from Winnipeg yesterday.

Michael Kane, the last member of the McDonald party to arrive home, reached Greenwood today.

Ottawa Notes.

Most of the executive business of the House of Commons is really done in the Select Standing Committee appointed at one of the earliest sessions of the House. Duncan Ross, M.P., for Yale-Cariboo, appears as a member of the Committees on Railways, Canals and Telegraph Lines, on Miscellaneous Private Bills, on Joint Committee, on Printing and on Agricultural and Colonization.

The first division of the House for the session came on an amendment proposed to the pons assinorium motion of an address in reply to the speech from the Throne—the hardest motion in the world for a new member to make and not get mixed up on. The division gave the Government a majority of 39. 151 members were on the roll.

THE CITY'S BUSINESS.

The city's business was looked after on Monday night by Mayor Bunting, Aldermen Desrosiers, Nelson and Sullivan.

A letter from Sister Aloysius asked for further consideration of the water rate for the Sister's Hospital in view of the fact that the city patients were cared for at the rate of $1.50 a day instead of $2.15. The hospital had also paid for the extension of the water mains and had allowed more tappings on their main than they had agreed. The council could not grant the request.

The following accounts were ordered paid:

Dominion Copper Co	$325 00
H. W. Moore	4 20
E. Hallett	3 60
Canadian Electric Co	50 00
G. H. Cropley	27 50
Hunter-Kendrick Co	8 69
Russell-Law-Caulfield Co.	1 40
White Bros	4 75
George Evans	25 00
Cameron & McDonald	7 80
A. S. Black	5 00
McRae Bros	17 00
H. McKee	37 00
A. D. Hallett	8 45

The fire and light committee reported having purchased a horse from the Dominion Copper Co. for $325.

The water committee reported one hydrant has been moved from Louise street to Wood street in order to improve the fire protection for the city.

PHOENIX MEN HOLD CARDS

Situation in Hands of Miners' Union There— No News

The climax of the Boundary mining situation has held off longer than was expected and the events of this week would seem to indicate that there is a real desire on the part, both of the operators and the miners to come to some agreement now. It seems to be generally held that it will be an unfortunate thing for the men as well as for the country, if the opportunity of having the mines reopened now is not given fair and free discussion. Considered locally the situation seems to be in the hands of the Phoenix Miners' Union who, nevertheless, stated today that no action would be taken and that they had nothing for publication. Secretary Benninger of Grand Forks Union is, however, reported to have stated that definite action would be taken by the union at Phoenix on Saturday night.

The Phoenix Board of Trade on Wednesday appointed a committee, headed by Mayor Mathison, to interview both the management of the Granby Company and of the Miners' Union to see if the two could not be brought together. The committee interviewed A. B. W. Hodges at Grand Forks and Mr. Hodges expressed his willingness to meet the Miners' Union committee.

Mayor Mathison, when asked by the Times this afternoon, said the committee had an appointment with the executive of the union for 3 o'clock. They would present to them Mr. Hodges' statement. Mr. Hodges had already written the union.

At the mines at Phoenix only a few men are working.

At the smelter at Grand Forks today, the whistle is still blowing regularly and about 15 men are at work unloading some of the 350 cars of coke, piled up there.

The attitude of the Executive of the W.F.M. is firm. It is stated that they have instructed the men to "stand pat." The Grand Forks Union is said to have received notice that the Boundary Unions would be supported by the executive in their fight to maintain wages here.

At the present time it looks as if the Saturday night meeting is the critical time and it is confidently expected that the men whose own interests are so seriously involved will at least take a position that will show that they are willing to treat with the companies on a reasonable basis.

Mining Notes

The famous Cripple Creek fight is over. The executive of the Western Federation of Miners at its meeting in Denver this week, gave the members of the union permission to go to work there. The reason given is that the camp is in need of skilled mine workers, and also that by calling off the strike now many men employed in less favorable places can go to Cripple Creek and accept work without violating their union pledges.

The move is simply a redistribution of the forces. Goldfield is the centre of the battle now.

Fernie is already congratulating itself over an unusually large payroll promised for December 21st. But the men who left the Boundary to go there when the mines here closed are returning in hopes of an amicable settlement. The Boundary is the best yet in British Columbia's mining industry.

If You Wish to Buy COPPER STOCK

Wire us for Quotations

Our facilities for buying Dominion, B.C., or Granby Stocks on the curb in New York or Boston are unequalled Even our competitors acknowledge that we can buy these stocks cheaper than they. Why? Because our Eastern connections are of the very best.

The stock business is a sideline with us consequently we can afford to handle your business on a very small margin.

Give us your limit and we will fill your order at a lower figure if possible

We will wire you the New York opening quotations daily, if desired.

EDITOR A. D. MACFARLANE

FRIDAY, DECEMBER 13, 1907

WHO IS THE DOCTOR?

The sensational climax to the investigations of Mr. Mackenzie King at Vancouver has reopened the question of the responsibility for the disallowance of the Natal Act. It is explicitly denied that Mr. Dunsmuir received any instructions from Ottawa concerning this bill. It is also asserted that several days before the passing of the bill Premier McBride told one of the federal ministers that it would never be permitted to become law. The question is between the Lieutenant-Governor and Premier McBride and while the disgraceful private acts of Mr. Dunsmuir throw him in the white light, Premier McBride has as yet done nothing more to clear himself and to make good his position on the Oriental question than to make the convenient statement that he did not advise the disallowance of the bill.

By his own action as president of the Wellington Colliery Co. the Lieutenant-Governor has placed himself in an impossible position with the people of the province. But when we are turning on the light let us get all the truth and find out who was responsible for turning down the Natal Act.

WHO'LL PAY THE BILLS?

Now we have a solution of the problem of how to rid the world of the incubus of capital. Upton Sinclair, of Jungle Book fame, has evolved a scheme to eliminate private property by means of a family wagon or caravan on wheels, in which he will perambulate the country at his own sweet will. His days will be spent upon the public highways and his restful nights on the public land. He will be the slave of no man. No creature of human birth shall be his king and commander. No tyrant gave his life; none shall take it away.

The scheme has many fortunate advantages. Of these the New York Post says: "Mr. Upton Sinclair's latest venture, a co-operative colony that shall be peripatetic, existing in tents and wagons, has certain manifest advantages over all previous projects. The list of evils which it escapes, compiled from official sources, includes plumbers, carpenters, rent, steam heat, taxes, starched collars, landlords, and fires. With these eliminated, the remaining vexations and restrictions of civilized life must, of course, be infinitesimally small. The colony will be organized at Battle Creek, begin its progress in southern California, cross the ocean about its second year, going, as its founder explains, 'anywhere and everywhere as our fancies dictate.' It is, as he truly says, "Utopia on a trek'"

It has, however, one disadvantage. Reduce human wants to the lowest terms and they still cost something to satisfy. The Post says that on an extremely low estimate there are forty million people in the United States who would like nothing better than to spend their days skylarking about the face of this planet—if they could only pay the bills.

It is useless to tell our Socialist friends that it is impracticable. But supposing we all did it, who would keep up the highways and in what condition would this fair land find itself in a trice? It's all right for a bloated capitalist like our friend Sinclair, but poor printers will have to get hold of something a little bit easier than this if they are to change this "sorry scheme of things entire."

Provincial Items

According to recent official returns there were 2,470 births in B.C. and 1,487 marriages in 1906. It's now up to the coast papers to gently remark "Just watch B.C. grow!"

"In God we trust" has been dropped from the gold coins of the United States. Does this signify that Uncle Samuel doesn't trust anyone now?

The custom of raising the national flag at the time school is opened for the day, and lowering it when the session is ended, will be in vogue at the Vancouver schools hereafter, according to an order of the school board, which was issued at a meeting held last week.—Revelstoke Mail Herald. This custom should be adopted by the Greenwood school board.

The provincial legislature will meet on Thursday, January 16. Fellow pilgrims, let us pray that some good legislation will be handed down at this session.

Butter assays $2 a pound at Hazelton, B.C.

The Associated Boards of Trade of South Eastern British Columbia will meet at Moyie on January 20th.

An eastern paper remarks, "Woodman, spare that tree." Wonder if the editor means the Christmas Tree?

British Columbia fruit beats the world. At the Agricultural Society's Exhibition at Edinburgh, Sheffield and Tunbridge, the fruit was awarded a gold medal; the highest award at the Herford exhibition and the silver medal at the Crystal Palace exhibition. Can any other province or State in the Union beat this remarkable record?

This is the season of the year that the purse proud ought to bear in mind that they began life barefooted, and that the reverses of fortune might leave them without clothes to their back, or a bite to eat. The poor and needy should be remembered at Christmas.

Canada is doing pretty well, thank you. At the International Life Stock Exposition held at Chicago, Canadian breeders captured the crowdig honors, defeating their United States brethren on their own ground.

Sir James Hector died at Wellington, New Zealand, last week. Many years ago Sir James, was the geologist of the Palliser expedition in northeastern British Columbia. Just east of Golden he was kicked in the chest by a horse and knocked senseless. When he came to he named the land and river "The Kicking Horse canyon and river"—the most picturesque scenery on the Canadian Pacific Railway.

During the last provincial campaign the McBride administration claimed credit for the good times and the universal prosperity of of British Columbia. Will the same administration take credit for the shutting down of logging camps, saw and shingle mills on the coast and East Kootenay, and the closing down of the mines and smelters of the Boundary?

At the grading camps of Welch & Stewart, near Keremeos, the wages of the men have been cut from $2 50 per day to $2.

A bylaw to raise $4,000 by debentures to build a city jail is to be put before the Revelstoke people for endorsement. Revelstoke must be a wicked city when it requires a $4,000 jail.

The Protestant and Catholic churches of Moyie, B. C., have joined to arrange a Christmas Tree program for this year. All the churches of Greenwood should unite and have one big tree with a splendid programme this Christmas.

The convention of British Columbia postmasters, as mentioned in The Times last week, took place on Wednesday, and the following officers were elected: President, W. T. Slavin, Kamloops; vice-president, George Kennedy, New Westminster; secretary, Chris. B. Lefroy, Vernon; executive, G. H. Hall, Grand Forks: A. McRae Revelstoke.

AS ITHERS SEE US.

The tone of the newspapers of the Boundary is optimistic. Their attitude on the present difficulty is doing much to restore confidence in the mining and smelting centres of British Columbia's great copper belt. It is to be hoped that the business men and others interested will recognize the service of their local papers in this regard and do all in their power to maintain the confident temper of their most loyal friends, the press. Too often, in times of depression the local newspaper, which is the only effective influence that is working for better conditions, is left to wage a trying campaign with the supply department so busily engaged in serving out ammunition that it forgets the commissariat entirely. There is no index of good times more readily accepted than vigorous advertising. —Fernie Free Press.

PLAIN TALK FROM THE DOCTOR

A prominent physician, famous for his success in the treatment of kidney and bladder troubles, stated that to the following prescription is due a great deal of his success:

One ounce fluid extract dandelion;
One ounce compound salatone;
Four ounces compound syrup sarsaparilla.

Mix and take a teaspoonful after meals and at bedtime, drinking plenty of water.

This mixture will, he says, positively cure any diseases arising from weak, clogged or inactive kidneys, and will assist these organs to cleanse the blood of the poisonous waste matter and acids, which if allowed to remain, cause lumbago, lame back, rheumatism and sciatica, and at the same time will restore the kidneys to healthy normal action. The ingredients, which are purely vegetable and entirely harmless, can be procured from any good druggist and mixed at home at very little cost.

This advice will undoubtedly be much appreciated by many readers.

A MODERN CITY.

Vancouver is having its own troubles, it seems. Its one great trouble is that its people are all at sea as to which way to pass each other on the streets. Those that were born in Canada and the States turn to the right; those that wese born in the Old Country turn to the left. This not only creates confusion, but it makes otherwise good people use words that are not often used in the home circle. All this trouble is brought about by people who when in Rome do not want to do as the Romans do. Vancouver will have less trouble within a year, for the people who now crowd her streets will be crowding the streets of Prince Rupert, where the rule of the road, "turn to the right," is observed by even the Japanese in the employ of the G. T. P.—Empire.

BOVRIL
the kitchen economist

Much of the left-over food you now throw out can be turned into delicious dishes by the addition of a little Bovril.

It gives warmed-over meats the juiciness of the original cooking.

It gives body and strength to soups and gravies.

It gives a delicious, piquant flavor to cold meats and hashes.

Every day you will find Bovril a help and an economy in your kitchen.

Bovril contains the essence, flavor and nutrient substance of the very best beef. It gives strength and nourishment to the invalid, and helpfulness and economy to the cook.

All good grocers sell BOVRIL

Things Both Here and There

MINING AND FINANCIAL.

The price of lead in the London market has dropped below the bounty point, and the Dominion Government bonus is again in effect.

The most appalling disaster in the history of soft coal mining in America occurred last Friday at Monongah, West Virginia, the result of an explosion of black damp. About 400 men went into the two mines, No. 6 and 8, of the Fairmont Coal Company, and it is thought that none of these have been able to escape the explosion and the poisonous gas which filled the mines immediately after.

Moyie may be only a one mine town, but that mine is running. —Moyie Leader.

Mining Science is the comprehensive title of the journal published at Denver, and representing a consolidation of the interests of the Mining Reporter and Ores and Metals. The new magazine will have greater strength, a wider clientele and in every way ought to be more useful than the two former ones.

During last month the local government received $157,554 from timber licences; 1,332 licences were issued. The receipts are about $14,000 more than were collected during the corresponding month last year. For tho first five months of the present fiscal year the increase over last year is $293,519. This is going some in timber revenue.

Confidence in B. C. Copper doesn't seem to have dropped. It has been altogether impossible to get any shares of this stock on the market this last week. The Boundary people know what they're getting when they buy B. C. Copper.

TORTURED DAY & NIGHT

Zam-Buk Cures Piles.

That there is no end to the healing powers of Zam-Buk is being demonstrated every day Mr. Julius Clacier, of Denbigh, Ont., was tortured day and night with blind bleeding piles, so bad that he says: "I could find no comfort standing, sitting or lying down, and was unable to do any work. One day my eyes rested upon a little sample box of Zam-Buk. I picked it up and read the words CURES PILES. I started using Zam-Buk that night, and before I could purchase a large box I was already cured and HAVE NOT BEEN TROUBLED SINCE. You may publish this if you wish for the benefit of other sufferers." This is only one of the many cases where Zam-Buk has healed piles when all else failed. Why do you go on suffering when such a splendid remedy is near at hand?

Zam-Buk heals sores, cures eczema, skin eruptions, ulcers, ringworm, itch, barber's rash, blood poison, bad leg, salt rheum, abrasions, abscesses, cuts, burns, scalds and all skin injuries and diseases. Of all stores and druggists at 50 cents, or from Zam-Buk Co., Toronto, for price. 3 boxes for $1.25.

THE BONNIE BRIER BUSH

"The Bonnie Brier Bush," with a company of 30 people will be in Greenwood early in January. The Company began its tour at Fort William and Kenora last Wednesday—is playing this week at the Walker Theatre in Winnipeg. The company which will present "The Bonnie Brier Bush" on this tour is composed of players of prominence, among whom are J. Palmer Collins, Walter Scott Weeks, Ward E. Rensello, Robert Ireland, late Pipe Major of the 48th Highlander of Toronto, Kenneth McKenzie, Marion McDonald, Ann Caird, Adelaide Mathews, Wm J. Casey, the Benner Children and many others of note. The entire New York scenic production and electrical equipment is carried, a special large baggage car being required for the transportation.

A decided feature will be the special engagement for this tour, of the Austrailian nightingale Miss Maggie McCann, the sweetest singer of Scottish songs that ever visited Canada.

"The Bonnie Brier Bush" stands out like a lighthouse on the sea of uninteresting stage stories. It is distinctly a play of heart interest while the comedy is abundant, wholesome and natural.

AT THE CHURCHES

ANGLICAN—St. Jude's. Rev. John Leech-Porter, B. D., pastor. Services at 8.30 a.m., 11 a.m. Sunday school, 12 p.m. All seats free.

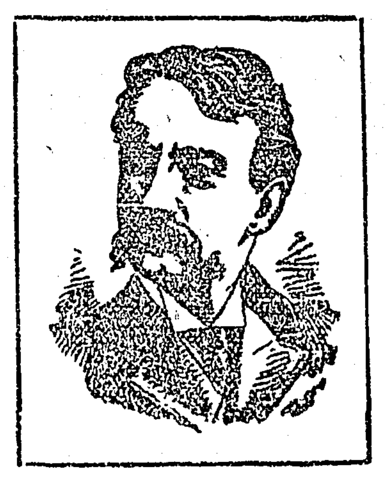
METHODIST—Rev. F. J. Rutherford B.A., will conduct services as usual at Methodist Church morning and evening Sunday School at 2.30.

CATHOLIC.—Church of the Sacred Heart.—Divine service 1st, third and fourth Sunday in each month. Holy mass at 10 a. m.; vespers, and benediction at 7:30 p. m.; Sunday school at 2:30 p.m. REV. J. A. BEDARD, O. M. I., pastor.

MEN

We Cure Every Case We Treat



OUR GUARANTEE: NO PAY UNLESS CURED

When You Need a Specialist, Consult One of Wide Experience.

We are just now completing our twentieth year as specialists in men's diseases. During these years of close application to a single class of ailments we have originated and perfected the only scientific and certain methods by which these diseases are cured. If we accept your case for treatment, a cure is but a matter of a reasonable time.

We guarantee every man a lifelong cure for Varicocele, Hydrocele, Urethral Obstructions, Blood and Skin Diseases, Prostatic Troubles, Piles, Fistula, Loss of Vital Power, Kidney, Bladder and Special Diseases. We especially offer our services to those who are afflicted with weakness as a result of their own follies or excesses.

Our methods are up-to-date, and are endorsed by the highest medical authorities of Europe and America, Hence our success in the treatment of Men's Diseases. Remember, our specialty is limited to the diseases of MEN and MEN only.

We cover the entire field of nervous, chronic, deep-seated and complicated diseases.

CONSULTATION FREE.

If you cannot call, write for Symptom Blank. Many cases can be cured at home. All correspondence confidential.

Synopsis of Canadian Homestead Regulations.

ANY available Dominion Lands within the Railway Belt in British Columbia, may be homesteaded by any person who is the sole head of a family, or any male over 18 years of age, to the extent of one-quarter section of 160 acres, more or less.

Entry must be made personally at the local land office for the district in which the land is situate. Entry by proxy may, however, be made on certain conditions by the father, mother, son, daughter, brother or sister of an intending homesteader.

The homesteader is required to perform the conditions connected therewith under one of the following plans:

(1) At least six months' residence upon and cultivation of the land in each year for three years.

(2) If the father (or mother, if the father is deceased), of the homesteader resides upon a farm in the vicinity of the land entered for, the requirements as to residence may be satisfied by such person residing with the father or mother.

(3) If the settler has his permanent residence upon farming land owned by him in the vicinity of his homestead, the requirements as to residence may be satisfied by residence upon the said land.

Six months' notice in writing should be given to the Commissioner of Dominion Lands at Ottawa of intention to apply for patent.

COAL.—Coal mining rights may be leased for a period of twenty-one years at an annual rental of $1 per acre. Not more than [illegible] acres shall be leased to one individual or company. A royalty at the rate of [illegible] per ton shall be collected on the merchantable coal mined.

W. W. [illegible]
Deputy of the Minister of the Interior.

N. B.—Unauthorized publication of this advertisement will not be paid for.

Greenwood Liquor Co.

IMPORTERS GREENWOOD

Purely Personal

Dr. Mathison, Dentist, opposite the Post Office, will be absent from Greenwood for some months after the end of December

Gene Shea of Phoenix, a friend of the Colonel's, was in town last Saturday.

Frank E. Mason of Stratford, Ontario, was enjoying city life in Greenwood this week.

J. P. McLeod, who spent a few days last week in Seattle returned to the city on Tuesday.

Boyle Page, of the Boyle Drilling Co., Spokane, was in Greenwood on business, Thursday.

Bob Fraser, of Phoenix, foreman of the Snowshos mine was a visitor in Greenwood yesterday.

H. W. Sharp, of Sharp & Irvine, brokers, Spokane, was in Greenwood the latter part of last week.

Mrs. C. E Shaw and her daughter returned on Monday from a lengthy visit in Winnipeg.

We can supply all your wants and guarantee satisfaction because we guarantee all goods sold. The Russell-Law-Caulfield Co.

C. Scott Galloway was over from Grand Forks yesterday, shaking hands with his many friends.

Constable Ashton, of Midway, was a Phoenix visitor on Wednesday. He spent Thursday in Greenwood.

Dr. Simmons has been spending a week in the Slocan country taking in the advantages of the Lucerne of America.

Wm. Wills, foreman of the sawmill at Bridesville was in the city yesterday. He had a suite of rooms at the Norden.

H. J. Bayley, of Eholt, and A. Logan took 3 fine mule deer on their hunting trip to James Lake. They returned on Tuesday.

Beautiful dolls, wonderful toys—a fairy land for the children is at Coles' Bookstore this week.

R. J. Moffatt, who has been spending the summer at Lethbridge, returned to the land of decent winters last week. The abundant supply of natural gas struck this summer at Lethbridge has robbed Medicine Hat of its unique position of the town where the lights always burn.

Dr. Simmons, dentist, Phone 96 Wallace-Miller Block, open evenings

J. E. McAllister left this morning for Spokane. Frederick Kefer has not yet returned from the Similkameen.

W. A. Macdonald, K. C., of Nelson, was in Greenwood Wednesday partly on legal business and partly on seeing what a real live town looked like.

A handsome pipe in a beautiful case makes a fitting Xmas Box. Coles' Bookstore has a splendid assortment of Pipes in Cases and Cases for Cigarettes. He'll appreciate it.

Forty miles to the next furniture store. close out prices at A. L. White's Red Front. Phone 16—The 2nd Hand Man.

D. M. Stirton, Secretary to E. S. Busby of the Department of Customs, left for Vancouver on Thursday. Mr. Busby completes his inspection tomorrow and will follow.

How short the way to fairyland at Christmas time. In Coles' Bookstore you will find presents of every kind that will make everybody happy. Remember this

Duncan McIntosh returned on Monday from the coast. Vancouver's streets are full of men out of work and demanding aid from the city. Duncan is of the opinion that there are lots worse places than Greenwood just now.

George Hobbs, accompanied by his wife, arrived in Greenwood Saturday night. Mr. Hobbs is an old timer of the Boundary, having worked claims both here and in the country around many years ago.

No pen will write like Waterman's Ideal. They make beautiful, handy and useful Christmas presents. From $3.00 to $8.00—all kinds and sizes at Coles' Bookstore.

Mrs. George Ingles left on Wednesday afternoon to spend Christmas and part of the winter in Boston. John McDermott also turned his back on the Boundary and left for the "blue nose" country where the coal mines aren't closed down. We'll expect to see him back when the sun is shining brightly again.

For Rent, 6-room Furnished Cottage, up-to-date, by Capt. Swayne. A. L. White, phone 16.

TOWN TOPICS

County Court will be holden in Greenwood on Tuesday next before Judge Brown.

The first degree in Oddfellowship will be conferred at Boundary Valley Lodge on Tuesday next. A big attendance is looked for.

We have just received another shipment of Creamery Butter in bricks and in 14lb boxes specially packed for family trade. The Russell-Law-Caulfield Co.

Soon be hanging up stocking night. Every child has socks to hang up and Mr. Claus proposes to fill them. There will be no one in need in Greenwood this Christmas.

The Court of Revision, to deal with the Municipal Voters' List, will sit on Saturday, December 21st. at 10 a.m. Mayor Bunting, Aldermen Sullivan and Nelson form the court with Alderman Desrosiers as alternate.

It will pay you when in need of anything in the Grocery line to look through our stock—The Russell-Law-Caulfield Co.

The infant son of H. P. Ball was buried on Thursday morning. The funeral service was celebrated by Rev. Father Bedard. The cortege proceeded at 10:30 a.m. to the Church of the Sacred Heart and thence to the cemetery. The child was only four months old.

New Stoves and Ranges at cost. Just 2 of the old style ranges left sale price $45. House furnishings of all kinds. A. L. White (he's selling out.) Phone 16

Lost—Ladies' gold watch, with small brown fob; initials L. E. engraved in monogram on back. Lost probably on Kimberley avenue, Copper or Government street. Finder can find owner by applying at Boundary Creek Times office.

The semi-annual session of the License Commissioners was held on Wednesday, December 11. Seated at the board were the Mayor and Commissioner Fleming. The tribunal had no business before them but to grant the 15 licenses, more or less, in Greenwood, and this was done.

For Sale or Rent Pianos, Sewing Machines, Organs, Etc. A. L. White, The 2nd Hand Man. Phone 16.

NEWS NOT OUT

Through the recurrence of a sprain in his wrist the editor of the Anaconda News has been obliged to pass up his issue for this week. Robert is carrying his arm in a sling and it is a rather difficult matter for anyone to set up galleys galore of type with hands that are well. With a sick hand it is manifestly impossible, and what one of our staff persists in calling "the brain leaks" of the News think tank will not take shape in cold, hard type this week. It is, of course, not necessary to explain that the above expression is not intended to be derogatory in any sense to the editor of the News. We are all too good friends for that and would not for the world infer that the think tank of any newspaper man had gaping sides or was otherwise in a dilapidated condition. We are too young at the business ourselves. Perhaps when we are older we will give our opinion of the veterans, but at present praise would be fulsome and blame imprudent. Finally, while we regret Mr. Keffer's indisposition, we are very glad to perform any service we can to the community and to the News by announcing the fact and the reason of its non-appearance.

Santa Claus has lost a little weight since last year, but it was bloat, and he'll be healthier for it in the end.

GOT 'EM BAD

Talk about sea serpents—the Gazette has a scoop on what looks like the durndest animal ever seen in these or any other parts. It was seen over in Jim Grant's lake and is claimed to be 200 feet long by 40 wide—fearfully and wonderfully made, a cross between a lizard and a tamarack.—Hedley Gazette.

It must be a fierce kind of booze sold at Hedley, and The Times would advise the editor of the Gazette to change his brand, or he will be seeing flying crocodiles, singing trees, fish living on dry land, snakes of every description, and in fact any old thing. By all means change your brand, Major, or The Times can see your finish.

CLARKE IS HOPEFUL

In a recent interview at Salt Lake City, Utah, former Senator W. A. Clarke of Montana, said: "The total reduction in the output of copper is so large that six months ought to see the surplus wiped out entirely. And when that is done, I expect to see copper go back to 16 cents a pound, and that is enough. At that figure consumption is possible on a large scale, and while it will not permit all the lines to resume on the old basis, it will still furnish employment for a large proportion of the men who have been thrown out of employment by the recent slump."
