THE CARIBOO SENTINEL

SATURDAY, FEB. 13, 1875.

INDEPENDENCE OF PARLIAMENT.

A very important resolution was passed at a public meeting of the electors of the Yale-Lytton district held on the 19th December last, a report of the proceedings at which appears in the Victoria Standard of a late date, and the wisdom of the proposal must commend itself to the people of the Mainland, for the protection of whose interests it seems absolutely necessary that the resolution should be carried into effect at the next session of the Legislature. The Constitution excludes from the Legislature all persons accepting or holding any office, commission, or employment permanent or temporary, to which an annual salary, or any fee, allowance, or emolument, or profit of any kind or amount whatever from the Provincial Government is attached; but there is no provision to exclude from the Legislature a class of men whose business relations with the Dominion Government, and whose personal interests as the holders of large contracts with that Government, must, should they be allowed to obtain seats, influence their votes on any question in which the interests of the two Governments might conflict. To remedy this omission is the object of the resolution we have referred to, which reads as follows:—"That this meeting deems it highly expedient, in the interests of British Columbia, that our Provincial Constitution should be so changed or arranged as to exclude from seats in the Assembly all persons holding any office, or emolument, or contract, under the Dominion Government."

We have no right to say that the Railway difficulty has not been settled in good faith between the two Governments; but so far as the Mainland is concerned especially, many details of the arrangement, nay, even the very commencement of the work, is still left in [illegible] pose, as is quite possible postpone the completion or [illegible] fit to the Mainland, and it is deemed desirable to smooth the matter over with the Provincial Legislature, if Dominion officials and contractors are allowed to hold seats in the Assembly how would their votes be cast? Or suppose the ratification of the relaxed terms is to be decided by the election of members, for or against, at the next election. Is it not imperatively necessary that all persons likely to be influenced by the Dominion Government should be excluded from the House? To be forewarned is to be forearmed. Mr Edgar's mission, and the wholesale bribery policy which that gentleman was instructed by his employers to carry out in this Province, ought to be sufficient to put British Columbians on their guard; and we hope the alarm note sounded by the electors of the Yale Lytton district will be repeated in the Provincial Assembly next March, and Government be asked to bring in a bill to amend the Constitution so as to provide the necessary safeguards for the thorough independence of Parliament.

THE RAILWAY SURVEY.—The Victoria Standard says Mr Horetzsky and party have returned from their reconnaissance of the north west coast, where they had been in search of a railway route to the coast more practicable than any so far known. Mr Horetzsky is silent as to the result of his explorations, but it is understood that nothing to equal the passes by Bute Inlet or the Fraser valley have been discovered. The country is of the wildest description, and the climate is not much better, particularly during the winter Mr Horetzky penetrated into the interior in several places.

ESQUIMALT GRAVING DOCK.—Canadian newspapers say that Mr Walkem has succeeded in obtaining £20,000 additional from the Imperial Government towards the construction of the Esquimalt graving dock. This makes £50,000 granted by the Imperial Government towards the construction of the dock.

THE COLD SNAP.—Following is the record of the thermometer at the Williams Creek Meadows for the month of January, 1875. As some of the lower country newspapers consider that the publication of the record of such extremely cold weather is calculated to injure the country abroad, we may state that the Meadows is considered the coldest place in Cariboo, the thermometer registering 10 or 12 degrees lower than any other place in the neighborhood; that the altitude is about 4,000 feet above the level of the sea, and that it is only once or twice in a decade such cold snaps occur. We may also mention as a proof that 40 or 50 degrees below zero is not altogether unenjoyable in Cariboo, that during the very cold weather the heads of numerous families of mosquitoes were observed out on the snow taking their airing as usual. Two or three degrees above zero is much more severely felt in the lower country than 40 below in Cariboo. This, of course, arises from the dry atmosphere of the upper country, and the almost entire absence of winds during the winter.

THE CARIBOO SENTINEL

SATURDAY, FEB. 13, 1875.

BY TELEGRAPH

VICTORIA.

Victoria, Feb. 5.—Henry Child, a man 80 years of age, who kept a small grocery across James Bay, had been missing for a week. Yesterday the police forced an entrance, and found him dead on the floor. He was a native of England, and formerly in the Hudson Bay Company's employ.

Columbia river is reported open to Portland; and large Eastern mails are expected by next Sound steamer. It is raining here to-day and all along the Sound.

[From the Victoria Weekly Standard of the 10th.]

The unavoidable detention of Mr Walkem in Canada in advancing the material interests of the Province will necessitate the postponement for a few weeks of a grand banquet in his honor for which prominent patriotic citizens inform us preparations have been for some time in contemplation. Mr Walkem's name is not in the list of passengers. He has been finishing up his mission, bringing it to an amicable close. He will be here on steamer of 24th, or possibly may travel via Portland, reaching home a few days earlier.

The Post Office Inspector, through Mr Mackenzie's pencil, the Colonist, calls for tenders for carrying mails between this city and Cariboo.

The Alaska Indians say that if the steamer California on her next trip to Fort Wrangel does not contain the body of the Stickeen Chief who committed suicide on the previous passage to Portland, together with a big potlach of blankets, they will seize and hold the vessel.

Sylvester was to leave Dease Creek on the 1st January, but up to the time of the California leaving Wrangel he had not arrived at the latter place.

On Christmas day the thermometer registered 23 below zero on Telegraph creek. On the 12th November the ice jam broke on Dease creek, carrying away wing dams, &c., making a clean sweep. The few claims that were working on Dease creek at latest dates were making good wages.

Capt. Moore's new sea-going steamer for the Stickeen river trade, now building at Gravel Point, is now ready for planking. She is 120 feet long 21 feet 6 inches beam, and 5 feet hold.

An Ottawa dispatch of January 11th says the Dominion Government is about to send out five parties of surveyors to British Columbia for the purpose of locating the railroad route.

CANADA.

Quebec, 5th.—Eight bodies have been discovered in the ruins of Beauport Insane Asylum, which was burned last week. It is reported one of the escaped lunatics named Fleury has killed his sister at Three Rivers.

Montreal, 4th.—The walls of Queen's Hall, burned last spring were blown down last night, falling through the roof of the Hazard Assembly Rooms, carrying down to the stores below a portion of the dancing floor with the dancers, several of whom were seriously injured.

Montreal, 9th.—The strike on the Grand Trunk Railway is ended.

UNITED STATES.

New York, 9th.—A fire at Hunter's Point yesterday destroyed an engine house, a school house, and four other buildings. Loss $40,000. Three officers were seriously burned while rescuing the children from the school. One child was fatally burned. The fire, which originated in the engine house, is supposed to have been incendiary, and caused by rivalry among the members of two engine companies.

Boston, 9th.—The Boston Pilot says the Pope has raised the dioceses of Boston, Philadelphia, Milwaukie, and Santafe to the dignity of Archbishoprics, and their respective Bishops to that of Archbishops.

EUROPE.

London, 4th.—A dispatch to the Cologne Gazette says Bismarck is suffering from a nervous attack. It is rumored in the Upper House that the Prince intends to retire after his 69th birthday. The Gazette does not give much credit to the last statement.

Cairo, 4th.—Darfur has been annexed to Egypt.

Rome, 4th.—The English and Americans in Rome will give a banquet to Garibaldi.

London, 4th.—Bullion in the Bank of England has decreased £1,536,000 sterling during the past week. The proportion of the Bank reserve to liabilities, which last week was 50 per cent, is now 44 1 8. The bullion withdrawn from the Bank on balance to day was £103,000. The directors made no change today in the discount rate.

Paris, 4th.—Specie in the Bank of France has increased 33,880,000 francs the past week.

The New York Herald's correspondent at Villada Feb. 2d says Gen. Moriones entered Noain, 8 miles from Pampeluna, to-day.—Twenty thousand men will enter Pampeluna to morrow and probably attack Carbrascot simultaneously, from their having now turned that important position. The Carlists, numbering 30,000, are at Saragossa. At Monreal the fighting was very severe. Moriones suffered severely. The battle is only really beginning. It is impossible to predict the result. The Carlists are abandoning Villada, and will rejoin the main army to-morrow.

Madrid, 4th.—The Alfonzoists captured Puerta la Rieda at the Point of the bayonet, winning a complete victory, and are now within six kilometres of Estella. The village of Puerta la Rieda was fired by a shell and destroyed. Gen. Loma defeated the Carlists yesterday at Ceatona after five hours' hard fighting.

Brussels, 4th.—Prince Philip, Duke of Saxony, was married to-day to Princess Louise, eldest daughter of the King of Belgium.

London, 5th.—Parliament assembled to-day.

THE QUEEN'S SPEECH.

My Lords and Gentlemen,—My relations with all Foreign Powers are friendly. The peace of Europe continues unbroken, and I trust it will remain so. I shall use my utmost endeavors thereunto. The Congress at Brussels on the usages of war has been concluded. My Government has carefully examined the report of its deliberations; but considering the acceptance of the principles involved and the widely different opinions thereon expressed, and the improbability of their recognition, I have refused proposals for further re-consideration.

The Serrano Government of Spain has ceased to exist, and Prince Alfonso has been called to the throne. The question of recognising him in concert with the other Powers, is now before my Government, and the decision will not long be delayed. I earnestly hope that peace will be substantially restored to that great but unfortunate country.

Exertions for the suppression of the East African slave trade have not been relaxed. I trust they will result in the complete extinction of that traffic, which is equally repugnant to humanity and injurious to legitimate commerce.

The differences between China and Japan, once threatening war, are now happily adjusted. I have learned with pleasure that my Minister at the Chinese Court was largely instrumental in effecting this result.

The past year has been one of memorable prosperity and success. The condition of our Colonies on the Gold Coast shows a steady advance in the establishment of government. Peace has been restored and slavery abolished, and henceforth there will be freedom there and elsewhere. I shall doubtless have your concurrence in any measures which it shall be my duty to adopt insuring a wise and humane system of native administration in Natal.

An ample harvest has restored prosperity in India. By the blessing of Providence, I was able entirely to avert the loss of life which was apprehended from the famine.

Gentlemen of the House of Commons,—The finances are in a satisfactory condition. The trade of the country has somewhat fallen short, but there has been general prosperity, supported by an excellent harvest. The reduction of taxation has led to a steady increase in the consumption of the necessaries of life and such articles as contribute to the revenue.

The Queen recommends the repeal of exceptional laws in relation to the peace of Ireland, the enactment of a law for the transfer of lands and the reconstruction of the Judiciary. She also recommends the passage of an act for the improvement of the dwellings of the working classes, a sanitary law to prevent the pollution of rivers, and one for the establishment of public prosecutor.

London, 5th.—In the House of Lords tonight, the Address in reply to the Queen's speech was moved and seconded. Earl Granville remarked that the list of new measures proposed by the Government was meagre, and thought that to leave the question of the recognition of King Alfonso open to Parliamentary criticism was impolitic. The Duke of Richmond replied that Government would decide that question on its own responsibility.

In the House of Commons, during the debate on the address, the Marquis of Hartington said he trusted Alfonso would not be recognised until there was some proof that he would rule in accordance with the wishes of his people. The address was adopted in both Houses.

Paris, 5th.—The Assembly has adjourned until Thursday next without taking final action on the Ventavon Bill. Colombette, Legitimist, intends to introduce an amendment making members of the Royal and Imperial dynasties ineligible for President.

London, 5th.—Bullion withdrawn from England £1,900,000.

Madrid, 9th.—Official dispatches admit that the advance of the extreme left of the troops operating against the Carlists in Navarre has suffered a check, owing to over-confidence. The Carlist chief Mendezi was shot by order of Don Carlos for treason.

Madrid, 9th.—Gen. Maronez has been appointed Commander-in-Chief of the Army of the North.

Hendaye, 9th.—The military operations of the Alfonsoists in the North have been momentarily suspended. The troops are fortifying themselves in positions which they occupied in their advance. Count Valmazeda is to be appointed Captain General of Cuba.

London, 9th.—The Carlist commissioners in this city claim to have information that the Carlists have won a great victory over the Alfonsoists, the latter losing 7,900 killed and wounded, and that Don Carlos has issued a congratulatory address to his troops.

CHINA.

Shanghai, 4th.—A proclamation has been issued stating that the question of a successor to the throne is settled.

London, 4th.—Tzsin, one of the Princes of China, has been proclaimed Emperor of China.

THE BALL AT QUESNEL.

Editor Sentinel:—One of the pleasantest events that ever came off in Cariboo came off on the evening of the 10th at Quesnel. I refer to the ball held there, and to which invitations were sent over the whole country, from Cameronton to Cache Creek. The committee were evidently determined to make the affair a success, and it was a success in the fullest sense of the word. On arrival at Quesnel the guests were cordially welcomed by smiling hosts and comfortably housed, every one doing his best to make the stranger feel at home. By Wednesday evening all had arrived, including many from Barkerville, Lightning creek, and Lalo la Hache, and then the ball opened at 9 o'clock p.m. Some sixteen ladies and about twice as many gentlemen were present. Among the former were Mesdames G. Elmore, Dubig, Green, Barlow, Byrnes, Lindsay, Wilson, Hyde, Boyd, Felker, Bowron, and McLeese, and the Misses Hyde, Parker, Felkers, and Barlow. At 12 midnight the company sat down to a splendid supper, and afterwards dancing was resumed an l kept up until daylight, made the lamp burn dim. On the following evening the ball was again reopened, and kept up with even more spirit for by that time everybody's friends than and treated each quaintances. Of course, the feminine comforts were not forgotten, and another feast at midnight was the result, at the conclusion of which there was an exchange of compliments between hosts and guests, each drinking the other's health with three times three and the honors. Dancing was then recommenced and kept up till 4 o'clock in the morning. On Friday the party broke up, and nearly all returned home. In this hasty letter, Mr Editor, it is impossible for me to do the affair justice; but I think I express the feelings of every one when I say that never at a ball in British Columbia were there more liberal, cordial hosts, lovelier and jollier ladies, better pleased guests, and, taken altogether, a better managed or more successful gathering.

S.

VanWinkle, Feb. 13, 1875.

Eastern Mining Excitement.—The latest excitement we have heard of is the discovery of "six miles of silver," at Newburyport Mass. A man named Rogers found some metal, thought it was valuable, and then studied geology and mineralogy to find out what it was. He kept his secret until he bought the land, in company with a rich farmer, paying $350 for it. He found float, and at six feet struck the "true vein." The Boston Advertiser contains a long account of the matter, from which we take a few extracts: "The pieces taken from the pit exhibited vein structure, the upper five inches being composed of galena, while the under three inches—the three inches next the supposed foot-wall—contained considerable gray copper ore or tetrahedrite, galena, quartz, copper and iron pyrites. Four specimens were assayed. The first, coarse-grained galena, assayed for silver, yielded $56 37; and the second, fine-grained galena, $75 23 per ton; the third, a comparatively pure piece of gray copper, containing also some quartz and galena, assayed for silver, copper, and incidentally for gold, yielded, of silver, $1,270 per ton, gold $129 per ton, and about 27 per cent. of copper. The fourth specimen, weighing about three pounds, tried for lead, was found to be nearly pure, and hammered quite readily. The lead was 52 per cent. of the whole matter. The mine has been bonded for $100,000. The ore, as at present mined, yields $90 per ton of silver, $70 of lead, and $11 of gold, a total of $171. The cost of smelting and separating is $20 per ton, so the profit is $150 per ton.

Mining News.—We have been unable to procure our usual report from Lightning this week, but there is nothing new to report from that quarter. The Vancouver, VanWinkle, and Victoria companies continue to pay well, the latter company washing up over 700 oz. last week. On Williams creek, the Cariboo co. is taking out good pay, the cleaning out of the bed-rock drain is progressing rapidly, and next week the Barker and Baldhead companies expect to be in full blast. The Cora claim, on Conklin gulch is looking well; washed up 17 oz. on Thursday. On Grouse creek, the Princess Marie co. have been fortunate enough to recover the pay lost by the old Lady of the Lake company. A few inches further—in the right direction—and the Lady would have caught it. Stock in the Princess Marie stands high in the market.

The Hope-Westminster Wagon Road.—Travellers from the upper country are unanimous in their praise of the utility of the new wagon road from Hope to the Fraser mouth. Every resident on the line speaks in the highest terms of the wisdom and forethought of the Government in opening up the country to settlement; no better method could have been devised for arriving at this end than by building roads throughout the Province. Already we begin to see the farmers and settlers contiguous to the road making use of this great highway. But for this road the mails from Cariboo downwards would have been detained, and the public would have been without their letters.—[Standard.

Correction.—In the telegraphic account of the late fire published in the Victoria papers it is stated that Mr Hitchcock's application for insurance left about an hour before the alarm was given. The application was made six weeks previous to the fire, and the form of policy filled up and mailed to the Insurance agent at Victoria one day before the fire occurred.

The Electors of Yale-Lytton district at a public meeting held lately endorsed the action of the Local Government in sending a delegate to London, and expressed confidence in them.

Trails.—A petition for the repair and improvement of the trail from the 150-mile house to Harvey Creek, signed by 39 of the principal residents in the Quesnel and Harvey Creek districts, was forwarded to the Government by last mail.

Meeting of the Legislature.—Mr Barnston, M.P.P., leaves for Victoria by to morrow's Express. Cariboo expects that, as heretofore, Mr Hunter and Mr Barnston will give a hearty support to the Government.

The Assay Office.—A large amount of gold has been melted since the fire. The establishment is now in complete working order.

The Ball at Quesnel.—A correspondent, in another column, gives a short account of this festive gathering, which he pronounces to have been a very successful affair.

Barnard & Co.'s Express, with the mails, left Quesnel at 5 o'clock yesterday p.m. Only one passenger—Mr McLellan, from Clinton to Barkerville.

The well-known Danielson ranch, Quesnelmouth, is offered for sale by Mr Thaddeus Harper.

Berkeley, September, 1869.—Gentlemen, I feel it a duty I owe to you to express my gratitude for the great benefit I have derived by taking 'Norton's Camomile Pills.' I applied to your agent, Mr Bell, Berkeley, for the above-named Pills, for wind in the stomach, from which I suffered excruciating pain for a length of time, having tried nearly every remedy prescribed, but without deriving any benefit at all. After taking two bottles of your valuable Pills, I was quite restored to my usual state of health. Please give this publicity for the benefit of those who may be thus afflicted.—I am, sir, truly yours. Henry Allpass.—To the Proprietors of Norton's Camomile Pills."

Notice.—Mr Lindsay, of Van Winkle, will act as agent for the Sentinel on Lightning Creek, and all orders left with that gentlemen will be promptly attended to. Parties at the lower end of Lightning desirous of subscribing, will please leave their orders at McDermott's, Stanley. Sent by Mail to subscribers at the rate of $1 per month, payable in advance.

SURVEYING.

PARTIES INTENDING TO AVAIL themselves of the new Mining Law and to put these their ground, can have the Survey of the same and Maps made by addressing

CAPT. O. J. TRAVAILLOT.

NOTICES.

Public Notice.

NOTICE IS HEREBY GIVEN THAT THE following are the Boundaries of the Land Recording Districts in the Province of British Columbia:

NEW-WESTMINSTER DISTRICT.

The Land Recording District of New Westminster shall be bounded on the South by the Southern Boundary of the Province (the 49th Parallel of North Latitude) to a point about 65 miles East from the shore of the Gulf of Georgia, said point being the South-Eastern corner of New Westminster District, and the South-Western corner of the Yale District; on the East by a line (being also the Western boundary of the Yale District) running North from the said South-Eastern corner, crossing Fraser River about 8 miles above the mouth of Harrison River, to a distance of about 45 miles, and thence North-West by North about 50 miles, at an average distance of about 10 miles East from the general course of the Douglas Portage, to the North-Eastern corner of said District, which is also the North-Western corner of Yale District; on the North by a line (being also the Southern boundary, in part, of the Lillooet District), thence running West from said last named corner, crossing Lillooet Lake at a point about equi-distant from either end, and touching the extreme Northern point of Jervis Inlet (which is the South West corner of Lillooet District) thence to Forbes Bay on the shore of Desolation Sound; and on the West, by a line running through the middle of Homfray Channel to Sarah Point; and thence in a straight line Southerly to the most Westerly point of Savary Island; thence to mid-channel of Gulf of Georgia; thence to the centre of Sabine channel to the boundary of Nanaimo Land Recording District, following through the centre of said channel to a point opposite Point Upwood, Texada Island; thence following the mid-channel of the Strait of Georgia to the North-Eastern corner of Cowichan District; thence West on the 49th Parallel to point of commencement, and shall include the following Islands:—'Roffy,' 'Mary,' 'Melville,' 'Morgan,' 'Otter,' 'Mink,' 'Rugged,' 'Savary,' 'Harwood,' 'Texada,' 'Hardy,' 'Nelson,' 'Captain,' 'Pearson,' 'Thormandy,' 'Trail,' 'White,' 'Anvil,' 'Defence,' 'Woolbridge,' 'Gambier,' 'Keats,' 'Bowen,' 'Pasley,' 'Popham,' 'Woolcombe,' entire, and all other small Islands not [illegible] boundaries.

DISTRICT OF YALE (YALE DIVISION).

The Yale Land Recording Division shall be bounded on the West by a line commencing on the 49th Parallel of North Latitude, 65 miles East from the Gulf of Georgia, being also the South-Eastern corner of New Westminster Land Recording District; thence North about 45 miles; thence North about 45 miles; thence North-West about 50 miles to a point being the North-Easterly corner of New Westminster District; thence East about 37 miles to a point near the junction of the Thompson and Nicola Rivers; thence in a South-Easterly direction, running parallel to the general course of the Nicola River, and distant about 7 miles therefrom, for a distance of about 35 miles to Goldwater River; thence in a Southerly direction along the trail to a point 2 miles West of Princeton; thence due South to the 49th Parallel, about 36 miles; thence along the said parallel to the point of commencement.

DISTRICT OF YALE (KAMLOOPS DIVISION).

The Kamloops Land Recording Division shall be bounded on the South by a line commencing at a point 2 miles West of Princeton, running due East to the South point of Okanagan Lake; thence on the East by a line running Northward, and following the Eastern shore of Okanagan Lake to its head; thence due North to Round Lake; thence on the South by a line running due East to the Eastern boundary of Yale Electoral District, being also the Western boundary of Kootenay District; thence following the Western boundary of Kootenay District, to the North-East corner of Yale Electoral District; thence on the North by the Southern boundary, in part of Lillooet District, running West from the said last named corner, and passing about three miles North of Seymour, to a distance of about 20 miles; thence in a direct line about 65 miles, to a point on the North Thompson River (Meridian Bend) about 15 miles North of Kamloops; thence in a direct line about 15 miles North of Kamloops; thence in a direct line about 50 lines to the 114 mile post on the wagon road from Yale to Clinton; thence in a direct line 60 miles to the South West corner of the said Yale Electoral District, being also the North-East corner of New Westminster District; thence following the Northern and Eastern boundaries of the Yale Land Recording Division to the point of commencement.

NOTICES

DISTRICT OF YALE (OSOOYOOS DIVISION).

The Osooyoos Land Recording District shall be bounded on the South by the 49th Parallel, commencing at a point (being also the South-East corner of the Yale Land Recording Division); thence running West, to the Western boundary of Kootenay District thence running Northward along the said Western boundary to the South-East corner of the Kamloops Land Recording Division; thence following the Southern and Eastern boundaries of said Land Recording Division, to the South-Western corner of the said Kamloops Land Recording Division; thence due South along the boundary of the Yale Land Recording Division to point of commencement.

LILLOOET DISTRICT.

The Land Recording District of Lillooet shall be bounded on the East by a line (being also the Western boundary, in part, of the Kootenay District), commencing from the North-Eastern corner of Yale Electoral District; thence following a course parallel to the general course of the Columbia River and about ten miles distant therefrom, 50 miles, to a point on the 52d Parallel of North Latitude, which is the North-Eastern corner of said Lillooet District, and the South-Eastern corner of Cariboo District; on the North by the said 52d Parallel (being also the Southern boundary of Cariboo District) crossing the Cariboo Road at the 138th mile post, for a distance of about 220 miles, to a point on the 124th Meridian, which is the North-Western corner of said Lillooet District, and the South Western corner of Cariboo District; on the West by the said 124th Meridian, a distance of about 125 miles, to the point where the said Meridian intersects the Northern boundary of New Westminster District, at the Northern extremity of Jervis Inlet; on the South by the Northern boundary of New Westminster District, to the North Eastern corner of said District (which is also the North-Western corner of Yale Electoral District) and thence by the Northern boundary, before described, of said Yale Electoral District, to the South-Eastern corner of said Lillooet District, which is also the North-Eastern corner of Yale Electoral District.

DISTRICT OF KOOTENAY.

The Land Recording District of Kootenay shall be bounded on the West by the before described Eastern boundaries of Yale Electoral and Lillooet Districts up to the North Eastern corner of Lillooet District, which is also the South-Eastern corner of Cariboo District, and thence by a line (being also the South Eastern boundary of Cariboo District) following the general course of the Columbia River, and distant from it about 10 miles, for a further distance of about 50 miles, to a point on the 118th Meridian, about 15 miles North-East of the Boat Encampment, and thence by the 118th Meridian (being also the Eastern boundary, in part, of Cariboo District) to the summit of the Rocky Mountains, the Eastern boundary of the Province; on the East by the said Eastern boundary of the Province; and on the South by the 49th Parallel, the Southern boundary of the Province.

DISTRICT OF CARIBOO.

The Land Recording District of Cariboo shall be bounded on the West by the 124th Meridian, which is also the Eastern boundary of the Coast District; on the South by the 52d Parallel, which is also the Northern boundary of Lillooet District; on the South-East by the before described boundary, in part, of Kootenay District; on the East by the 118th Meridian of West Longitude (being also the Western boundary, in part, of Kootenay District) to the summit of the Rocky Mountains, and thence Northward by the summit of the Rocky Mountains, and by the 120th Meridian of West Longitude, the Eastern boundary of the Province; and on the North by the 60th Parallel of North Latitude, the Northern boundary of the Province.

DISTRICT OF OMINECA.

The Land Recording District of Omineca shall be bounded on the South by the 54th Parallel of North Latitude; on the East by the 124th Meridian of East Longitude; on the North by the 56th Parallel; and on the West by the 127th Meridian of East Longitude.

DISTRICT OF CASSIAR.

The Cassiar Land Recording District shall be bounded on the South by the 56th Parallel of North Latitude; on the East by the 12[illegible] Meridian of West Longitude; on the North by the 60th Parallel; and on the West by Alaska, a Territory of the United States of America.

ROBERT BEAVEN,
Chief Commissioner Lands & Works.

Lands and Works Office,
Victoria, July 18th, 1874. au5

LEA & PERRINS'

Celebrated

WORCESTERSHIRE SAUCE

Declared by Connoisseurs to be

THE ONLY GOOD SAUCE.

Caution against Fraud.—The success of this most delicious and unrivalled Condiment has caused certain dealers to apply the name of "Worcestershire Sauce" to their own inferior compounds. The public is hereby informed that the only way to procure the genuine, is to

ASK FOR LEA & PERRINS' SAUCE

and to see that their names are upon the WRAPPER, LABELS, STOPPER, and BOTTLE.

Some of the foreign markets having been supplied with a spurious Worcestershire Sauce, upon the wrapper and labels of which the names of Lea and Perrins have been forged, L. and P. give notice that they have furnished their correspondents with power of attorney to take instant proceedings against MANUFACTURERS and VENDORS of such, or any other fraudulent imitations by which their right may be infringed.

Ask for LEA & PERRINS' Sauce and see Name on Wrapper, Label, Bottle, and Stopper.

Wholesale and for export by the proprietors, Worcester; Crosse & Blackwell, London, &c., &c.; and by Grocers and Oilmen universally.

Pubic Notice.

PRIVATE BILLS.

All applications for Private Bills, properly the subject of legislation by the Legislative Assembly of British Columbia, within the purview of "The British North America Act 1867," whether for the erection of a Bridge, the making of a Railroad, Turnpike Road, Telegraph Line, the construction or improvement of a Harbor, Canal, Lock, Dam or Slide, Ferry, the incorporation of any particular trade or calling, or of any Joint Stock Company, or otherwise for granting to any individual or individuals any exclusive or particular rights or privileges whatever, or for doing any matter or thing which in its operation would affect the right or property of other parties, or relate to any particular part of the community; or for making any amendment of a like nature to any former Act, shall require a Notice, clearly and distinctly specifying the nature and object of the application, to be published as follows, viz:

A Notice inserted in the British Columbia Gazette, and in one newspaper published in the district affected, or if there be no newspaper published therein, then in a newspaper in the next nearest district in which a newspaper is published.

Such notice shall be continued in each case for a period of at least six weeks, during the interval of time between the close of the first Session and the consideration of the petition.

Before any Petition praying for leave to bring in a Private Bill for the erection of a Toll Bridge is presented to the House, the person or persons intending to petition for such Bill shall, upon giving the notice prescribed in the preceding Rule, also at the same time, and in the same manner, give notice of the rates which they intend to ask, the extent of the privilege, the height of the arches, the interval between the abutments or piers for the passage of rafts of vessels, and mentioning also whether they intend to or not a drawbridge or not, and the dimensions of the same.

J. ROWLAND HETT,
Clerk of the Legislative Assembly

jul

Gold Commissioner's Notice.

NOTICE IS HEREBY GIVEN THAT on and after the

FIRST DAY OF NOVEMBER NEXT,

all Claims in the Cariboo District may be held over until the 26th May, 1875, subject to the 9th Section of the Gold Mining Amendment Act, 1872.

H. M. BALL,
Gold Commissioner.

Richfield, 7th October, 1874. oct6

Government Assay Office,

BARKERVILLE.

FROM THIS DATE THE ASSAY Charge is for lots of Gold Dust of Fifteen Ounces or under

REDUCED TO TWO DOLLARS,

and for

MINERAL ASSAYS TO FIVE DOLLARS,

the latter payable in advance.

20th August, 1874. W. HITCHCOCK.
