MRS. MAHONEY'S CAT.

Not long ago, up at Virginia, a Spanish woman, the mother of two children, residing on South C street, was sick. She had been sick for three weeks, and was in considerable trouble besides, so that the poor woman hardly knew which way to turn or what to do. Some of her Spanish friends, fancying that she acted strangely at times, concluded that she was

A LITTLE CRAZY,

and perhaps she might finally have become so. At all events, a little dried-up old Chileno, who was said to be a sort of prophet or a conjurer, because he wasn't good for anything else, declared it to be his deliberate judgment that this unfortunate female was bewitched, and badly so at that. The disease being now accurately defined, the next thing was the remedy for it. The old fellow, after due consultation with supernatural authorities, announced that the only potent remedy in the case was for the afflicted woman to drink some blood extracted from a freshly-killed cat, and afterwards to eat some of the cat also. The next thing was to procure the requisite cat, which was not so easy a matter; for although cats were plenty enough in the neighborhood, yet they had been so harassed by dogs, junk-bottles, boot-jacks and other missiles, that they were exceedingly shy of the human race.

OLD MRS. MAHONEY

was a widow woman residing close by, who got her living by taking in washing; and Mrs Mahoney had a cat. It was a nice, well-behaved cat, with brindled, glossy fur, and she most always stayed in the house sleeping on the old woman's bed, except when she laid on the front porch sunning herself. It was on one of these latter occasions, when Mrs Mahoney happened to be out, that the unsuspecting cat was captured, bagged and taken into the back room, where, notwithstanding her vigorous resistance, she was foully murdered. Her throat was cut from ear to ear, and from her flowing jugular a teacupful of the bright warm blood was taken, and the Spanish woman that was said to be crazy had to drink it. Then the cat was skinned, and in due process of time served up in the form of a stew. The crazy woman had a good big dishful of it forced upon her, and then she eagerly declared she felt better, so they did not oblige her to go the whole cat. There was

A MISCHIEVOUS YOUNG GIRL

also living in the neighborhood. She was sweet fifteen, and her name was Jennie. She knew all about this cat affair, and thought it was wicked to swindle Mrs Mahoney out of her cat in that way; so she managed to nip the balance of the stew, and took it to her, telling the old lady it was stewed rabbit.—"Ah!" said the old lady, after she had done with it, "but ye're a fine girl, Jennie. A finer bit o' mate or sup av, shtew I havn't ate for many a day. Sure I've claned the dish, and saved the bones for me cat." But her cat never seemed to come home, and Mrs Mahoney wondered and searched to no purpose.

A FOOLISH, TRIFLING YOUNG CHAP,

living in the neighborhood, who was Jennie's friend and confidant, thought this was too good a joke to lose, so he couldn't keep it to himself at all, but, like a silly goose that he was, one day when he had too much beer in him he went and told Mrs Mahoney all about it. The old lady was horrified, but she was a good Christian woman, and got resigned as soon as she could; but it was "too much for her, intirely." "The dirty haythins!" says she; "I'll lave thim, the cat-atin' Graysers." She packed her things and left for California next day. The crazy Spanish woman has been well cared for since, and is fully recovered. This may seem like a queer story in some respects, but it is all true, nevertheless. —[Gold Hill News.

FLYING MACHINE—An officer of the Italian army engineer corps, who has long studied the art of sustaining men in the air, has just completed an apparatus which, when fitted on a strong man, enables him to rise from earth and fly like a bird. The apparatus has been tried repeatedly and successfully. It consists of two immense wings made of isinglass, which are moved rapidly by two ropes secured to the heels. The man on whom this apparatus is fitted runs; before he has gone twenty paces he finds himself lifted from the earth, the upward motion becomes constantly greater, and he rises higher and higher. It is necessary he should not for an instant cease the motion of his legs, which is just like that of a man running. Convinced of the value of his invention, this officer bet with brother officers in garrison with him at Alexandria, he would fly over the Bormida, a shallow but broad river, which is just beyond the outer fortifications. A few mornings since he put on his apparatus, and in presence of all his friends attempted to win the wager. At first everything went well, he arose and flew through the air, but the motion soon ceased and he fell heavily on the gravel of the river's bed. He broke a leg and an arm. He is in the hospital and doing well. He constantly talks of his apparatus, and is sure he will be able to bring it to perfection.

SATURDAY, JUNE 10, 1871.

POSTAL REGULATIONS.

Among the important changes which will be inaugurated by Confederation, one of the most important will be the transfer of the Post Office from the Colonial to the Dominion Government, after which we hope to see vastly increased accommodation in that department.

The expense of carrying mails through the colony compared with the revenue derived has naturally hitherto afforded a good reason why the rates of postage should be kept so high and the service so limited, but this should be looked upon by the general government from a more liberal view. The service now costs the colony about $20,000 over receipts, which will be a mere trifle in the Canadian Estimates. This is, however, based upon present colonial rates, and, of course, under the reduced charges of the Dominion the deficit will at first be higher; but the experience of every civilized country has shown that cheap postage is in the long run most beneficial to the revenue. With more frequent communications, low charges and increasing population the amount of correspondence would be augmented to a degree which it is impossible now to correctly estimate. The Victoria Standard in an article on the subject, after recapitulating the services provided for in the articles of union—namely, twice a week with Puget Sound and twice a month with San Francisco—remarks that from New Westminster to Cariboo "there ought to be a semi-weekly mail for at least eight months in the year, and a weekly for the balance of the time; and throughout the Kamloops, Okanagan and Kootenay country there ought to be a regular weekly mail." With these remarks we thoroughly concur; and we would suggest that the people of Cariboo should take the earliest opportunity after a postal agent or superintendent has been appointed for British Columbia to bring the matter before that officer's notice.

There is another mail service, too, which is at present altogether unprovided for—we refer to Omineca, a section which although at present comprised in the district of Cariboo, is so far removed from the remainder of the district as to derive no practical benefit from the mail service now performed. There will probably be a population in that region this year of nearly a thousand persons, of whom a large number are from the older portions of Cariboo, between whom and the residents of the places they have been connected with so long there still remain the most intimate and friendly connections, and it would be only simple justice to so large a population that they should enjoy frequent opportunities of hearing both from the outer world and the interior of the colony. Some provision for carrying a mail thither should have been provided this present year, and it is to be hoped that the new administration of the department will take immediate steps to remedy the evil. There should also be a mail service between the different mining creeks in Cariboo,—a subject which we hope will receive prompt attention. There are in the Dominion about three thousand post offices, scarcely a little village being found which cannot boast of one, while in Cariboo, not including Omineca, we have important localities without an office within sixty miles.

COURT OF ASSIZE.

The Government Gazette announces that the Supreme Court will hold Assize Courts on the Mainland on the following days:

At New Westminster, Thursday, June 22; Yale, Thursday, June 29; Clinton, Thursday, July 6; Richfield (passing Soda creek 13th July,) Thursday, July 20. The Court will return, arriving at Soda creek about Tuesday, August 8; Clinton, about Tuesday, Aug. 15; Lillooet, Thursday, Aug. 17 (Assize will be held on 18th); Lytton, about Tuesday, Aug. 22; Yale, about Saturday, Aug. 26; New Westminster, about Wednesday, Aug. 30.

It will be seen from the above announcement that the recommendations of the Grand Jury and the remonstrances of the press have been without avail so far as inducing the Court to visit Cariboo earlier or remain here longer than previously, the arrangements being almost similar to those of last year, when the Assizes were held at Richfield on July 18th and the Court left on August 1st. When we had one Supreme Judge for the Mainland he had time enough to spare to make it convenient to spend three or four months every year in Cariboo; but now, when travelling is more expeditious and the limits of the district have been extended so far to the north, the Court can only stay here a fortnight. Is the pressure of business in Vancouver Island so great as to require the constant presence of two judges there for nearly ten months in the year, to the manifest inconvenience of the residents of the rest of the colony, who have nevertheless to pay extra fees for the privilege of being neglected? Suppose, now, that any offence or litigation of sufficient magnitude to come before the Assize Court should occur in Omineca next month or the month after, what will be the consequence? Why, unless other arrangements are made, no decision can be given till the middle of next summer.

THE CARIBOO SENTINEL

SATURDAY, JUNE 10, 1871.

MINING INTELLIGENCE.

WILLIAM CREEK.

The Forest Rose co. washed last week 240 oz. The Ballarat co. washed 63 oz.; they have had considerable disadvantages to contend with on account of high water. The hydraulic companies are now all in full blast, with a prospect of a first-rate season's work ahead owing to the quantity of snow on the mountains. The Black Jack co. have got down a good deal of the bank. At Richfield, the Cornish co. are at work, and above, the Six-toed Pete, Stedman, Red Jacket, Dutch Bill, Brouse, McLaren, Excelsior, Sims, Wilson, Bradley-Nicholson (which includes the Downie, San Juan and Mountain companies). The Bedrock Flume co. have ground-sluiced off the top of the tunnel run up creek this last winter, 270 feet in length, and are starting to-day with a powerful hydraulic on the old Forward ground.

STOUT GULCH.

The Golden Hope co. are piping and making a large opening on the old ground at the mouth. The Taffvale are hoisting and have commenced taking out pay.

LOWHEE CREEK.

The Brown co. will have to run a new tunnel, the old one having caved in consequence of the hill sliding forward. The Victoria co. are getting very good prospects.

LIGHTNING CREEK.

The Eleven of England co. have commenced taking out pay; they have got into ground in the Anderson channel paying 18 to 20 oz. to the set, and are also drifting out for the Lightning channel. The Gladstone co. have got their diggings pumped out, and are now drifting with sanguine expectations of shortly striking the channel. The Victoria co. are drifting; they are about getting a twelve-inch iron pump from Victoria. The Vanwinkle co., having flumed their tail-race, have commenced pumping again. The Spruce co. are not doing much work, as there is too much water to drift towards the creek.

ANTLER CREEK.

Work is being resumed by the different companies on this creek.

HARVEY CREEK.

The New Dominion co. have struck through into gravel. The Minnehaha and Cumming companies are preparing to flume the creek.

GROUSE CREEK.

The Talisman co. washed last week 56 oz.

SECTIONAL LEGISLATION.

EDITOR SENTINEL:—Can you inform me if there are two Registration Laws or only one in force in this colony? In the abstract of the law published by you it was stated that the Collector should charge a certain price for blank forms, but by an advertisement in the British Colonist signed by the Registrar for Victoria District it appears that the Collectors for the various polling divisions of that district supply forms free, while the Collector here charges the usual rate.

INQUIRER.

[In reference to the above we would state that while there is only one law in force, there are sometimes two ways of administering it. In Victoria, as here, there was a decided repugnance to paying for forms, the consequence of which was that they were supplied free by outside parties; and we can only explain the fact of the Registrar ordering them to be supplied free also, while no instructions to a similar effect were sent to Cariboo, on the supposition that the Government wishes to see a heavy vote registered in Vancouver Island and a small one on the mainland, thus justifying apparently the manner in which the representation was apportioned.—ED. SENTINEL.]

FROM QUESNELMOUTH.

Quesnelmouth, June 8, 1871.

Nothing of much importance has occurred there the last week. The two first bull teams of the season arrived this morning—Ryder, loaded for Beedy, and Thorpe with machinery for a sawmill at Germansen creek. Mr Finlayson arrived here yesterday from the upper country. He reports that Stevens and Kelly are each making $60 a day rocking in the new diggings struck eight miles up Germansen creek. The steamer from Soda creek was detained five hours, having run aground on a bar. The following teams had arrived at Soda creek last evening:—P. Sherman, D. Kernor, Kirkpatrick, George Dunn. On road below Soda creek:—Harry Fallis, Lane & co., two H. B. Co.'s teams, Dick Fair and Sherry, for Quesnel. A couple of trains passed over the river bound for Stewart's lake. About 20 passengers came up on this steamer. Col. Lane is on Johnson's stage.

OCCASIONAL.

DOMINION DAY CELEBRATION.

The Committee appointed to make arrangements for celebrating the ensuing Dominion Day are determined to spare no effort towards rendering the celebration the most magnificent of any that has transpired in Cariboo, as will be seen from the published programme. From certain paragraphs which have appeared in the Victoria Colonist and Standard, it would appear doubtful whether the formal proclamation of the admission of British Columbia would be issued before the 20th July or even 1st August; but the former journal, in its issue of May 24th, says: "We are glad to be assured that every effort will be made with a view to having the interesting ceremony of admission take place on the first, and we do not yet despair of its accomplishment." We hope that the arrangements will be made in time, so that in future we may be able to celebrate the original Dominion Day and our own admission simultaneously; but whether or not, the people of Cariboo will observe the first of July this year with enthusiasm, as even if the formal declaration of admission may not have been actually made, the fact of the necessary preliminaries having been complied with, and the joint address to the Crown duly adopted by both British Columbia and Canada, justifies us in considering our colony as in reality a portion of the Dominion.

The following committees have been appointed:

COMMITTEE OF MANAGEMENT.

J. H. Todd, W. Davison, T. R. Pattullo, S. Pearcy, J. Wickham.

FINANCE COMMITTEE.

T. R. Pattullo, W. C. Price, C. Vaillancour, T. L. Briggs, N. F. Foster, A. Fletcher, W. Powell, J. McKay, E. Pearson. S. A. Rogers, Thomas Elwyn, John Thorne—Grouse creek. W. Forrist, Robert Starrett—Lowhee. C. Booth, J. T. Edwards, M. Bray, J. Hocking—Lightning.

STREET COMMITTEE.

J. Lindsay, R. H. Brown, Thos. McDougall, James Wickham.

DECORATION COMMITTEE.

John Bruce, F. Perret, W. Davison, Joseph Denny, J. Z. Hough, W. W. Dodd, F. Bissonnette.

MUSIC COMMITTEE.

Jas. Elder, S. Drake, W. C. Price, J. Z. Hough.

SPORTS AND PRINTING.

W. Davison, J. S. Thompson, G. M. Morris, J. Bowron, J. H. Sullivan, Geo. Byrnes, S. Pearcy, T. R. Pattullo, J. Lindsay, J. Hunter, C. Booth, J. Munro, J. Wickham, D. Kurtz, J. Denny.

PASSENGERS.

The following passengers arrived yesterday evening by Barnard's Express:—L. Jarvais, Wing Sing, P. Coleman, G. Gartley, Miss Mary Bent, Miss Han Yan, and one Chinaman.—By extra stage to Soda creek:—Peter Lind, A. McLean, J. Wilkie, A. R. Thorp, W. L. Alexander, W. Everett, James Leighton, T. de Nouvion, Mr Lyons.

The following parties came passengers from Yale by Johnson & Gerow's express, which arrived at Barkerville on Saturday evening last:—From Yale—Mr Garry, to Bridge creek; Mr and Mrs McDonald, to Blue Tent House; Mr G. W. McCully, to 150-mile house; Mr Fleming, to Cold Spring House; Messrs. Going, Riley and Cline, to Barkerville.—From Quesnel to Barkerville—Mr J. Baker and two Chinamen. By the down trip on Monday:—Mr Gold Commissioner Ball and Dr T. Bell, to Quesnelmouth; Mr T. Harvey, to 150-mile house.

THE ROADS—Mr T. Spence has nearly completed the repairs at Cottonwood, where the river washed the road away. A party of men will be kept on between Quesnelmouth and William creek. We would suggest to the head of the department here the propriety of having the snow shovelled off the road between Richfield and Vanwinkle so as to make it practicable for pack trains to get in. Stocks of several articles are running very low here, and it is very desirable that freight should be brought in without delay. We are informed that from two to three hundred dollars judiciously expended would make the road passable, and we think it is only fair that this should be done at the public expense.

THEATRE ROYAL.—The performances of the McGinley Minstrel Troupe on Saturday evening last, and on Tuesday for the benefit of Miss Alice, drew respectable houses and afforded much amusement. The troupe will give another entertainment this evening prior to leaving Barkerville.

WILLIAM CREEK FIRE BRIGADE—The first practice of the Brigade was given on Thursday afternoon. The hose carriage was run out, and in a very short time from leaving the door of the engine house a stream from the lower tank was playing on the roofs of the houses. It was quick work and reflects credit on the efficiency of the Brigade. The new hose carriage and alarm bell which were ordered from San Francisco have arrived in Victoria by the Prince Alfred, and arrangements have been made with Johnson's express to have them brought through without delay, and we presume they will be here in time for the Dominion Day celebration. The financial statement of the affairs of the Brigade published to-day shows satisfactorily that the citizens of Barkerville appreciate the necessity of the organization, and are determined that it shall be kept up even in the absence of the paltry five hundred dollars which the Government could not afford to give after the Council had made the recommendation.

NEW STEAMER—The Prince Alfred, an iron steamer which has been purchased by the firm of Rosenfield and Birmingham, coal dealers, San Francisco, for the trade between that port and Vancouver Island, arrived at Victoria after a good passage of four days on May 25th, bringing 98 tons of freight and 112 passengers. The Prince Alfred is described as a fine propeller, with superior accommodations for passengers. It is intended that she shall run regularly to Victoria and Nanaimo, taking as a return cargo about 1000 tons of coal from the latter port and making the round trip in about twenty days. An independent steamer of this class will prove a great benefit to the colony.

THE WEATHER for the past week has been variable, the first day or two being hot, raising the water in the creek considerably, since which we have had cold showers with snow on the mountains, causing the water to decrease again. The season on the whole is the most backward which has been seen in Cariboo for eight or nine years. The quantity of snow on the road is still very great, and as it is getting very soft travel between Eagle creek and the Richfield hill is extremely difficult.

THE PUBLIC SCHOOL, under the direction of the William Creek School Board and superintendence of Mr Mundell, will be opened on Monday next, when we hope to see a good attendance of juveniles, who have been so long deprived of educational privileges. The grant of three hundred dollars made by the Government towards purchase of a school house has been paid over by Mr Ball to the Secretary of the Board.

LANE & KURTZ MINING COMPANY—Mr Riley, the Company's millwright, and Mr Going, of the Lane & Kurtz Company, arrived here on Saturday. A portion of the machinery, including a portable engine, had started before these gentlemen left Yale, and on its arrival here work will be commenced immediately sinking a shaft and putting up the buildings and machinery.

LATEST NEWS—The Versailles troops occupy Paris. The slaughter has been awful and the destruction of property enormous. The insurgents murdered the Archbishop of Paris and a large number of priests. The leaders of the Communists are being tried by court martial and shot without mercy.

ACCIDENT—A wagon loaded with wheat for the Clinton mills was recently capsized into the Bonaparte river, a short distance above Cache creek. The animals were saved, but the wagon was completely overturned, so that the only way that the cargo could be got out was by cutting out the bottom.

THE LAST DAY!—This is the last day for registration; so, men of Cariboo who are entitled to be registered as voters, avail yourselves now of the last chance, otherwise no power in the country can save you from being disfranchised for the next twelve months.

CHEAP TRAVEL.—As will be seen by advertisement, the rate of fare from Barkerville to Yale by Barnard's fast express is now only $30. The stage leaves Barkerville on Mondays, and passengers reach Victoria on Saturday.

RETURNED—Among the passengers by last express we observe one of our old Caribooites, Mr Duncan McDonald, who left for Canada last year, and has now returned accompanied by his bride, a daughter of Mrs William Wright, of the Blue Tent ranch.

SUDDEN DEATH—John Slonacher, who has been teaming on the road from Yale for several years, has died suddenly at Spence's bridge, Thompson river.

LOST HIS WAY—A humming-bird was seen yesterday between William and Grouse creeks, searching in vain for flowers among the snow.

Two pack trains have arrived at Vanwinkle—B. Leon's train, loaded for Messrs. Oppenheimer Bros., and T. Hutcheson's for Messrs. Grunbaum Bros.

BARNARD'S Express arrived at 7 o'clock last night, and will leave on Monday morning.

MINING RECORDS.

WILLIAM CREEK.

San Juan co.—June 1—Recorded in favor of Joseph Fletcher, William Sooby, each 1½ interest; re-record.

HOW A PREACHER WAS BOTHERED BY AN AUDITOR.

A Wisconsin paper tells the following story:

One who does not believe in immersion for baptism was holding

A PROTRACTED MEETING,

and one night preached on the subject of baptism. In the course of his remarks he said some believe it to be necessary to go down into the water and come up out of it to be baptized. But this he claimed to be a fallacy, for the preposition "into" of the Scriptures should be rendered differently, as it does not mean into at all times. "Moses," he said, "we are told, went up into the mountain, and the Saviour was taken into a high mountain," &c. We do not suppose that either went into the mountain, but upon it. So with going down into the water—it means simply going down close by or near to the water, and being baptized in the ordinary way, by sprinkling.

He carried this out fully, and in due season and style closed his discourse, when an invitation was given to all who felt so disposed to rise and express their thoughts.

QUITE A NUMBER

of the brethren arose and said that they were glad that they had been present on this occasion; that they were well pleased with the sound sermon they had just heard, and felt their souls greatly blessed. Finally a corpulent gentleman, of Teutonic extraction, a stranger to all, arose, and broke the silence that was almost painful, as follows:

"Mister Breacher, I ish so gladt I vash here to-night, for I has had explained to my mindt some tings dat I never could pelief pefore.—Oh, I ish so gladt dat into does not mean into at all, put shust close by or near to, for now I

CAN PELIEF MANISH TINGS

vat I could not pelief pefore. We read, Mister Breacher, that Taniel vas cast into de ten of lions, and came out alife. Now, I neber could pelief dat, for the wild peasts would shust eat him up right off; put now it is ferry clear to my mindt. He vas shust close py or near to, und tid not get into de ten at all.—Oh, I ish so gladt I vash here to night!

Again, we read dat de Hebrew children vas cast into de firish furnace, and dat air alwish lookt like a peeg story, too, for dey would have peen purnt up; put it ish all plain to my mindt now, for dey were shust close by or near to the firish furnace. Oh, I ish so gladt I vash here to-night!

Und den, Mister Breacher, it ish said dat Jonah vas cast into de sea und taken into de walesh pelly.

NOW I NEVER COULD PELIEF DAT.

It alwaysh seemed to me to pe a peeg feesh story; put it ish all plain to my mindt now; he vash not taken into the walesh pelly at all. put he shust shumped onto his pack und rode ashore. Oh, I ish so gladt I vash here to-night!

Und now, Mr Breacher, if you will shust explain two more bashages of Scriptures, I shall pe, oh, so happy dat I vash here to night! One of dem is vare it saish de vicked shall pe cast into a lake dat purns vith fire and primstone always. O, Mister Breacher, shall I pe cast into dat lake if I am vicked? or shust close py, or near to—

SHUST NEAR ENOUGH

to be comfortable? O, I hope you tell me I shall pe cast shust py a good vay off, und I vill pe so gladt I vash here to-night! The other bashage ish dat vare it saish 'Plessed are dey who do dese commandments, dat dey may have right to de tree of life, und enter in through de gates into de city.' O, tell me, I shall gets into de city, und not shust close py or near to—shust near enough to see vat I have lost—und I shall pe so gladt I vash here to-night!

He sat down with the impression made on many minds present that it would do to take the Bible for only what it clearly says.

AN EXPLANATION.—"Strange that the prisoner on trial for his life should appear in court with such a *smooth* countenance!" exclaimed Jones. "O, he was ironed just before he was brought in," explains Bones.

NOTICE.

THE UNDERSIGNED BEGS TO INFORM HIS friends and the public, that he has fitted up some

COMFORTABLE BED-ROOMS

in his new building, where he is prepared to give good Beds at a reasonable price. Those who will favor him with their patronage, may depend on the cleanness and comfort of his house.

He takes also this opportunity to remind the Caribooites that his Brewery has received the FIRST PRIZE of the Colony for his celebrated

XXX ALE,

And the true amateurs will be able to judge by themselves that such honorable prize has been justly awarded to him.

N. B.—A large front room to let.
Barkerville, Jan. 23, 1869. N. GUNIO

PREVENTION BETTER THAN CURE.

I HAVE been requested by several respectable parties, who can testify to the efficacy of my system, to again make public the fact that

Moses' Hair Invigorator

WILL PREVENT BALDNESS,
RESTORE HAIR THAT IS BECOMING THIN OR FALLING OFF, and effectually CURE SCURF OR DANDRUFF.

This is not a mere assertion on my part, as I have in my possession numerous testimonials certifying to the success of my remedy.

I do not of course pretend that I can make the hair grow on heads which have been bald for years; but I will guarantee to stop the hair from falling off, to increase its growth, and effectually remove Scurf or Dandruff.

W. D. MOSES,
Barkerville, B.C.

CERTIFICATE.

This is to certify that during last spring my hair was rapidly falling out and my head was fast becoming bald, when I applied to Mr W. D. MOSES, Barber, Barkerville, who in a few weeks restored my hair to its former healthy state DAVID GIBBONS.
Barkerville, Dec. 29, 1866. no26 1m

LEA & PERRINS'
Celebrated
WORCESTERSHIRE SAUCE
Declared by Connoisseurs to be
THE ONLY GOOD SAUCE.

Caution against Fraud.—The success of this most delicious and unrivalled Condiment having caused certain dealers to apply the name of "Worcestershire Sauce" to their own inferior compounds, the public is hereby informed that the only way to secure the genuine, is to

ASK FOR LEA & PERRINS' SAUCE and to see that their names are upon the WRAPPER LABELS, STOPPER, and BOTTLE.

Some of the foreign markets having been supplied with a spurious Worcestershire Sauce, upon the wrapper and labels of which the names of Lea and Perrins have been forged, L. and P. give notice that they have furnished their correspondents with power of attorney to take instant proceedings against MANUFACTURERS and VENDORS of such, or any other imitations by which their right may be infringed.

Ask for LEA & PERRINS' Sauce and see Name on Wrapper, Label, Bottle, and Stopper.

Wholesale and for export by the Proprietors, Worcester; Crosse and Blackwell, London, &c.; &c.; and by Grocers and Oilmen universally.

WAKE-UP-JAKE

Restaurant and Bakery.

THE Proprietor of this old and well-known establishment would respectfully thank his numerous friends and the public for the extensive patronage heretofore bestowed on him, and trusts that by his usual strict attention to business to merit a continuance of their confidence and support.

Meals, $1. Board, $14 per Week.

BREAD MADE OF THE BEST FLOUR

I recommend to the public my

GROUND COFFEE,

which is a much superior article than any which can be had from below. I Roast and Grind it myself and choose the best berries, consequently the public may be sure of it is being free from adulteration.

BUSINESS NOTICES.

PAIN KILLER PERRY DAVIS & SON PROP. PROVIDENCE R.I.
1840 1870

THE GREAT FAMILY MEDICINE OF THE AGE.

THIRTY YEARS

Have elapsed since the introduction of the Pain Killer to the public, and yet at the present time it is more popular and commands a larger sale than ever before. Its popularity is not confined to this country alone; all over the world its beneficial effects in curing the "ills that flesh is heir to," are acknowledged and appreciated, and as a PAIN KILLER its fame is limited to no country, sect or race.—It needs only to be known to be prized.

THIRTY YEARS is certainly a long enough time to prove the efficacy of any medicine, and that the PAIN KILLER is deserving of all its proprietors claim for it is amply proved by the unparalleled popularity it has attained. It is a SURE and EFFECTIVE remedy. Sold by all Druggists and Storekeepers.—Directions accompany each bottle. je3
