Ready by June

Sechelt Plan to go to public

The proposed Sechelt Community Plan will be going to public hearing before June. Tom Becker of UMA Engineering, the consultants for the plan, told Mayor Bud Koch at a meeting with Sechelt Municipal Council last Wednesday that his firm will be able to incorporate suggestions made by the Area Planning Committee (APC) and have a second draft ready for council's consideration within two weeks.

The meeting was held to deal with some questions and concerns that council had about the first draft and to hear recommendations from the APC.

In a presentation which Becker called 'excellent', committee chairman Maurice Egan recommended that the plan incorporate 16 objectives which relate specifically to the District of Sechelt.

The essence of the entire proposal was summed up in the first objective which was stated as, "the controlled management of growth and change so as to ensure high quality of life for all citizens of Sechelt". This approach is one that has been

stated by Mayor Koch on numerous occasions and council members expressed pleasure that the APC so accurately reflected their own way of thinking.

The implementation of the APC's recommendations will result in an emphasis on the preservation and cultivation of the Sechelt waterfront, as well as maintenance and development of parks in the area.

The community plan focuses development of a commercial core in the 'Village of Sechelt' which the APC calls "recognition of the fact that a community needs a 'soul', a vital, active and interesting centre."

The provision of housing and appropriate recreational facilities for an increasing retirement population was also emphasized in the presentation, as was the importance of encouraging 'the arts, festivals, and cultural expression.'

Mayor Koch and each council member thanked the committee for a job well done and for their time and commitment

to the community, before turning to settle some final details with Mr. Becker.

Alderman Anne Langdon had some question about the recommended zoning in Porpoise Bay. Becker's firm recommended that, "except for existing industrial sites, Porpoise Bay should be reserved for residential use."

The preservation of the 'waterways' for recreational use caused some concern for Langdon until Becker assured her that the industrial designation at existing sites was drawn in to include the use of the foreshore connected with those properties.

One aspect of the plan that council unanimously insisted be changed was recommended minimum lot sizes. UMA Engineering had suggested that the minimum lot size allowed, with access to sewer and water, be 500 square metres; with access to water only, 2000 square metres; with no access to water or sewer, 5000 square metres.

But aldermen argued that the required size of 2000 square metres could prevent some peo-

ple from purchasing property and that a smaller minimum size, 12,000 square feet was acceptable when property had access to water but no sewer.

They also felt strongly that they would not consider lot development where no water or sewer was available.

Becker agreed to take council's instructions back to the drawing board and return with the new draft as soon as possible.

National Forestry Week sees

Silviculture course grads

Eleven Coast residents are coming to the end of a six month program of the study and practice of silviculture. The program is sponsored by the Sunshine Coast Employment Development Society and funded by Canada Manpower and Immigration.

Silviculture is described as the science and art of production of higher quality trees, with greater yields at harvest over a shorter period of time than if the forest were entirely left in the hands of nature.

Belanger upbeat on project

Founder Joe Belanger of the Sunshine Coast Maritime History Society is upbeat about the prospects for his project of building a replica of Captain George Vancouver's boat in Gibsons.

Belanger reports that the Small Ship Society of Vancouver is interested in coming to both Gibsons and Sechelt this year for the Sea Cavalcade and Celebration Days respectively.

In addition, Belanger has sent greetings back to King's Lynn in Norfolk, the birthplace of Captain Vancouver, and to Peterborough in Surrey where the great sailor is buried.

"We are lucky in that the emissary who bears our greetings, Ernie Crawford of Sechelt, is himself a native of King's Lynn," says Belanger.

Belanger is particularly cheered by the support and encouragement he has received from the Gibsons Town Council and the Gibsons and District Chamber of Commerce.

"The possible spinoff benefits for the Sunshine Coast from the activities of our Maritime History Society, I believe, are very considerable," says Belanger.

Bill 20 studied

90% of teachers take study day

by Ken Collins

On Tuesday, April 28, at 9 am, teachers on the Sunshine Coast gathered at the Legion Hall in Sechelt for a study session on Bill 20. All across the province teachers were doing the same. The purpose of the meeting was to attempt to gain an understanding of what effects the 25 pages of complex legislation was going to have on lives and careers of teachers in the future.

Each teacher on entering was given an information package that included the complete legislation. Small discussion groups of 10 to 12 people were formed. After studying the legislation the views of the different groups were to be forwarded to the central body of the British Columbia Teachers Federation (BCTF). The process was not unlike that taught to students so they may develop a critical and rational approach to problem solving. Teachers were instructed to attempt to come up with a "balance sheet" which meant searching for positive things in the legislation.

Over 90 per cent of the teachers showed up for the sessions. Four teachers reported for work, one student showed up for school and no difficulties were reported from parents. Principals were manning the schools with the support of the teachers so that no student would be turned away.

Minute by minute communication was maintained with the BCTF utilizing a printer, keyboard and modem.

Letters of support were read out from organizations as distant as Central America Teachers Federation and the Ontario Teachers Federation. Support also came from Canadian Teachers Federation, B.C. Federation of Labour, College Institute Educators Association, CUPE, B.C. Nurses Union, Simon Fraser Faculty Association, and Hospital Employees Union.

Addressing the session, Sunshine Coast Teachers Association President Bill Forst stated, "We are here to exercise our professional responsibilities beyond the bargaining rights." He went on by extracting points from the BCTF report of the Task Force on Bargaining and Professional Rights on professional responsibility.

"Teachers also have responsibilities for delivering educational services in the public school system. They have an obligation to bring their particular expertise, knowledge, experience and reflective skills to the task of preparing young people to become responsible participating citizens in a democratic society. The teacher as a professional has a further basic responsibility to participate in a meaningful way in improving, influencing and regulating those processes related to the development and delivery of these educational services.

"In my opinion," Mr. Forst concluded, "much of this legislation will be denying us the opportunity to engage in that part of our professional responsibility."

Skelly struggles with

Aqua West Saga

Comox-Powell River MP Ray Skelly appears to be receiving the same response from the federal government regarding their audit of AquaWest that local politicians received from the provincial government when their audit was done. Skelly told the Coast News in an interview last week that federal Fisheries Minister Tom Siddon has confirmed that the audit had been carried out and completed.

Although Siddon maintained that "everything was in order" he refused to release a copy of the audit. A similar circumstance occurred when Regional Director Gordon Wilson requested that the provincial government audit AquaWest, who where \$40,000 in debt before they ever opened. The provincial ministry of agriculture told the Coast News that the audit showed all monies accounted for but refused Wilson's request to release the audit documents.

Skelly said that he intends to put his request for a copy in writing to Siddon, but if that is not successful, he may apply under the Freedom of Information Act.

Gordon Wilson has not given up his fight for information on the project, which left an estimated \$100,000 in debts un-

paid on the Sunshine Coast. Wilson told the Coast News that he plans to raise the issue of government monies paid out to Socred supporters during his bid for the leadership of the provincial Liberal Party.

Premier VanderZalm has still

95% oppose legislation

Pulpworkers vote against Bill 19

The proposed new labour legislation brought down by the provincial government has elicited a strong and negative response from Local 19 of the Canadian Paperworkers' Union, local President Verne Rottluff told the Coast News last week.

"The 250 employees at Port Mellon took a vote," says Rottluff, "and voted 95 per cent in favour of boycotting the proposed Bill 19."

According to Rottluff, the action was taken with some regret.

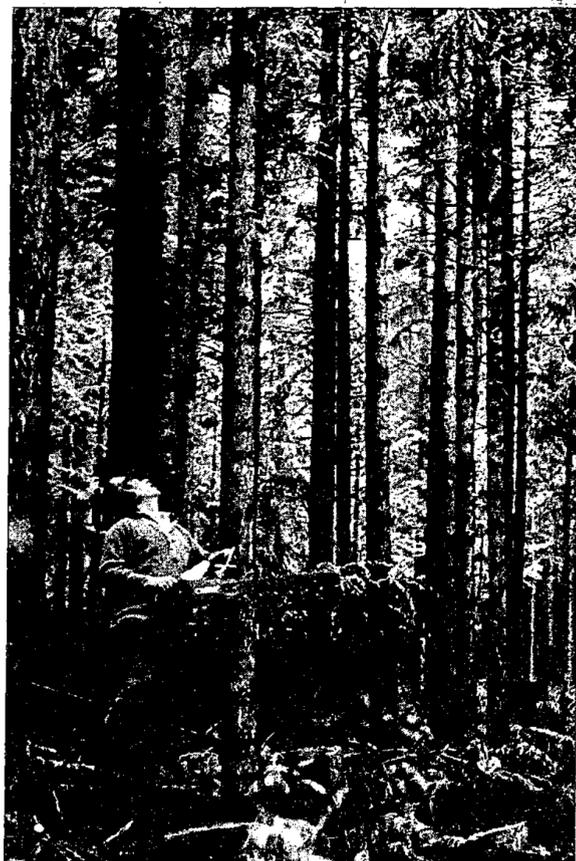

"Let's face it we have, management and the union working together, made Port Mellon again a most viable operation. Last year we ap-

not responded to a request to "get the facts out in the open" and Wilson says that if he doesn't get a response soon he may have to air the whole mess in the media. He confirmed that CBC has already been in touch with some of the creditors.

proached negotiation in a conciliatory frame of mind and had a contract three months before the deadline. But this legislation leaves us no option but to fight back."

Particularly repugnant to the union, according to Rottluff, were provisions in the legislation which say that non-union people can be hired and that the company will have the right to hire non-union contractors.

"We have achieved labour peace at Port Mellon, but this legislation attacks a problem which does not exist. Our opposition to the legislation is part of a province-wide reaction and it could see us shut down in sympathy with any labour organization in the province."

The first silviculture course given on the Sunshine Coast featured the use of the clearing saw for thinning the trees, a viable alternative to herbicide spraying. The first course wraps up this week, during National Forest week. See adjacent story. —Ken Collins photo

Comment

Provocative

This may be one of the relatively rare opportunities we have for seeing the Sunshine Coast accurately as the province in miniature.

We editorialized recently about the abruptness with which the provincial government had introduced its schools and labour legislation and speculated that nothing but insecurity could result from such sudden and drastic attempts to alter those conditions under which many British Columbians live and work.

Since that time we have seen a work stoppage by school teachers and a 95 per cent expression of opposition from the pulp union locally.

The later is surely the more regrettable, though neither can be said to be welcome harbingers of a prosperous year.

After a turbulent history, last year's settlement by the Canadian Paperworkers was a veritable model of responsible labour relations. Beginning bargaining six months before the contract was up, the union and management working together managed to bring in a contract three months before the expiry of the old. It seemed that a new day of rationality and co-operation was dawning on the local labour scene.

Now all that seems in jeopardy due to the hasty and free-swinging assault on the trade union movement by the present government.

Given the crucial importance of the steadily working mill to the economy of this area, the new confrontation is extremely regrettable. Clearly, on the Sunshine Coast the government has succeeded in turning a period of labour peace into yet another period of confrontation and economic suffering.

This most assuredly is not what Premier VanderZalm was elected to do and none but the blindly loyal can see the current provocative legislation as being in the best interests of the people of B.C.

Regrettable

This week has been designated National Government Awareness Week and it is appropriate that we stress, as this newspaper has done many times in the past, the importance of that level of government which is closest to us and whose actions affect us more nearly.

What we cannot approve of, however, is the growing tendency of local governments to hire information officers to tout their successes and importance to the public.

We saw it in Sechelt briefly at the turn of the year and now it is the regional board that considers it appropriate to spend the taxpayers' money in order to tell the taxpayer what a good job the politicians are doing.

We consistently criticize, and will again, the vast sums spent for propaganda by the senior levels of government and we decry this new activity at the local government level. The taxpayers' money is being used to the benefit of sitting politicians, that is the reality of the situation. And it is a misuse of that money.

What about staff awareness?

by Nancy MacLarty

May 11 to 17 has been proclaimed "Awareness Week" by the Sunshine Coast Regional District, District of Sechelt and the Town of Gibsons, as well as many other B.C. municipalities. This is a week devoted to making citizens more aware of municipal government and how it works.

The regional district has planned "open houses" at its offices in Sechelt, but upon calling them for more information, I was told that the person or persons heading the project were not in on Fridays and full details were not available.

The same inquiry to Gibsons brought a more informative response. Lorraine Goddard tells me that an invitation has gone out to Elphinstone Secondary to have their students come and "sit in" as mayor, aldermen, etc. for a day. To date, no reply from Elphinstone.

However, when I called the District of Sechelt for information on their plans, none was available. They had, they told me, proclaimed the week, but

that was all the information they had. The administrator, Malcolm Shanks, was not there but they said they would ask Mayor Koch and get back to me.

Shortly thereafter Rob Buchan, Sechelt's planner, called to say that he had just spoken to an alderman about it and the matter would be taken up at the next council meeting May 6. Hopefully, this will not be too late for Sechelt to set up a program. I recall the matter being brought up about six weeks ago at Sechelt Council and then referred to a committee for consideration. Apparently, it wasn't considered.

Mr. Buchan related to me the positive influence "Awareness Week" has had on young citizens in other municipalities he had worked for, when young people came in and took over (under supervision) different municipal responsibilities and then conducted an actual council meeting.

May I suggest that if the high school students are unable to take part, that the call be put out to ordinary citizens to act in

these different capacities. (I would give my eye teeth to be by-law enforcement officer in Sechelt for just one day!) And may I suggest that in future, municipal employees and others be made more aware of "awareness week".

Now some notes on previous columns. I had several calls asking how to set up a slug farm after my piece on a possible "slugaculture" industry starting up in the area. To those of you still interested in this questionable profession, may I suggest you contact the government agent for information.

Regarding my column on junk mail...the Jay Norris Company has just sent me another envelope full of goodies along with its most recent catalogue. A cheque for \$9.99 was also enclosed to assist with purchases. And, once again, after scratching away the silver from their Sweepstake Circles, I find that I am the possible winner of a new car because my numbers match the winning combination. Twice in one month is just too much excitement! I think I'll pass.

You'll be glad to know that

Magus Kennels have allowed me and my dog Sandy to return once again to dog obedience classes. I am happy to report that Sandy was the best behaved dog at the first class. Time will tell whether this is just an aberration.

Thanks to the April 20 column, I am no longer called a "lady" by anyone and my Prohibition Days piece in the April 27 edition of the Coast News prompted several calls on hypocrisy in local government.

To those of you who have commented to me or the Coast News on Coast Lines, either positively or otherwise, I thank you. And to those who have pet peeves with any level of government or society in general or want to bring some of the absurdities of life to the attention of others, please let me know. I'm always looking for ideas. Either drop me a line at Box 1443, Sechelt or give me a call at 885-5473.

And if this is not my usual "tongue in cheek" column, I'm sorry. I just got finished doing my income tax and find it difficult to laugh at anything!

Maryanne's Viewpoint

Nostalgic cricketing memories

by Maryanne West

I don't often think nostalgically about cricket, except perhaps in the summer driving around Brockton Point when a game is in progress.

The white-flannelled players look just as authentic against the majestic backdrop of the snow-capped mountains as on any village green ringed with "immemorial elms". But I chuckled recently reading a tea-towel available in tourist shops in Britain, explaining the game to foreign visitors, with typical British humour.

Why do North Americans find it so difficult, I wonder. Even my kids now back in Britain find it beyond their comprehension!

I've read of cricket being described as a 'gentle' game. That's a word I'd use for croquet, though I'm told the Victorians could swing a mean mallet. Cricket in my memory is a game of ceremonial ritual, very dignified and civilized interspersed with moments of mayhem, chaos and wild excitement as fielders scramble for the ball and batsmen race for one more run and everyone shouts encouragement or advice.

I played at school of course, where, while winning was nice and inter-school rivalries were intense, games were still primarily for fun and enjoyment and no-one was terribly upset if I sacrificed an extra run by getting the giggles; having, more by good luck than good judgement succeeded in slicing the ball neatly between the slips. The excitement of making a good hit combined with the surprised looks of the fielders as the ball sneaked between them

was always too much for my composure.

That special sound of a bat connecting squarely with a ball, echoing across the grass in Stanley Park always reminds me of the feel of the ball, of that ridge of stitching, and I mentally manoeuvre my fingers to put a spin on the ball, so that instead of that resounding clunk there'll be a sharp click as the ball pops up into the waiting hands of silly point.

The designation "silly" to a fielding position tells you it is one so close to the bat that no-one in their senses would take. It is all right as long as the bowler has such good control of the spin that he can baffie the batsman, but should he send down a loose ball the batsman

can really get wood on, then watch out for your head and be prepared to duck.

I can remember my reflexes overriding any aspirations for valour and dropping flat rather than attempt to catch a ball aimed straight for my head at incredible velocity!

Later I played for Manchester Women, a wonderful group, none of whom took themselves too seriously although several members of the club were of professional standing and had played for England. Under no pressure from League competition we played for fun, and everyone got their turn at that ceremonial honour, reserved in most teams for the best to open the batting. But if this is all Greek to you,

let me explain in the few words on the tourist tea-towel:

You have two sides,
One out in the field and one in.
Each man that's in the side
that's in goes out,
And when he's out he comes in,
And the next man goes in until
he's out.
When they are all out,
The side that's out comes in,
And the side that's been in
goes out,
And tries to get those coming
in out.
Sometimes you get men still
in and not out.
When both sides have been in
and out,
Including the not-outs,
That's the end of the game.

Simple isn't it?

Home-Made Beer

I was justly annoyed 10 years ago in Vancouver: making beer in a crock under the kitchen table when this next door youngster playing with my own kid managed to sit down in it and emerged with one end malted — With excessive moderation I yodelled at him

"Keep your ass out of my beer!" and the little monster fled — Whereupon my wife appeared from the bathroom where she had been brooding for days over the injustice of being a woman and attacked me with a broom — With commendable savoir faire I broke the broom across my knee (it hurt too) and then she grabbed the breadknife and made for me with fairly obvious intentions — I tore open my shirt and told her calmly

with bared breast and a minimum of boredom "Go ahead! Strike! Go ahead!" Icicles dropped from her fiery eyes as she snarled

"I wouldn't want to go to jail for killing a thing like you!" I could see at once that she loved me tho it was cleverly concealed — For the next few weeks I had to distribute the meals she prepared among neighbouring dogs because of the rat poison and addressed her as Missus Borgia — That was a long time ago and while at the time I deplored her lack of self control I find myself sentimental about it now for it can never happen again —

Sept. 22, 1964; P.S., I was wrong — Al Purdy

Peace notes

Peace education gets support

by Alan Wilson

Endorsements for the Peace Conference this Saturday, May 2 at Malaspina College in Nanaimo continue to flow in, including messages of support from Mike Harcourt and Bishop Remi De Roo.

Bishop De Roo says, "I extend my best wishes for your Nanaimo Conference. Studies have shown that this type of activity is a liberating force for young people, to free them from the paralysis of fear that creates fatalistic attitudes about the future."

The Bishop, of course, was one of the moderators last year at the Gabriola Island Peace Association (GIPA) People's enquiry. The other enquiry moderator, Edmonton publisher Mel Hurtig, has also now sent his support.

Hurtig, as you may know, is Canada's superpatriot, president of the Council of Canadians and publisher of the Canadian Encyclopedia. It was after participating in the People's Enquiry that he decided to hold the True North Strong and Free? inquiry in Edmonton.

Says Hurtig, "You people continue to do great work. Your current Peace Conference, coinciding with the cross-country SAGE Tour, is just as important as the People's Enquiry. It's part of a timely wave of youth peace activism which promises to carry the country forward to a newly active democracy."

Newly acclaimed Leader of the Opposition, Mike Harcourt, writes, "Your association is to be commended. I congratulate you on your efforts and wholeheartedly support the objectives of the conference. Peace and Peace Education initiatives are of paramount importance and are vital for the survival of our society."

"I believe that it is crucial to our children's well-being for them to be given a thorough grounding on the subject and I am in total agreement that there is a great need to have Peace Education included in the school system. I would like to take this opportunity to congratulate your association on its excellent work."

From Dr. Rosalie Bertell's International Institute of Concern for Public Health (in

Toronto), comes the message, "The need to include Peace Education in our school system is vitally important. I fully support the initiative of SAGE and the conference that you will be holding on May 2."

While those of us organizing the conference (the GIPA and the Malaspina College Disarmament Group) have worked hard on this event, we must remember the greater sacrifice being made on a daily basis by the SAGE students. They have given up an entire year of their schooling for this tour, making several presentations to schools every day, day in and day out, all across the country.

Fortunately, such effort has its reward. The National Film Board has been documenting their tour on film, and SAGE has been profiled on the Journal. Last week they were interviewed on the Webster show. They have also had many articles written about them, including an excellent article in the current Canadian Living magazine.

But the real rewards are found in the reactions of students they meet. Students

write, "What I liked the most about your tour was your totally undogmatic approach. You presented the facts, stated what you were doing, and what could be done, without sounding preachy or trying to win us over to your side." (Andrew Clifford, Ontario).

"I liked the idea of students giving the presentation. I found it easier to relax with people close to my age. It made me realize that there is a way I can help prevent global extermination." (Vira Rada, Quebec).

"I enjoyed the fact that towards the end of the discussion they clearly stated that they were a group with hope that a nuclear war would never occur, instead of leaving us with feelings of fear and hopelessness." (Julia Naggiat, Quebec).

This recent spate of student activism deeply impresses those of us in the Peace Movement. Bolstered by their energies we feel the issue can no longer be kept in the old Cold War stalemate, but must now be perceived as a positive and democratic assertion of optimism, human society can make the changes necessary for survival!

...from the files of the COAST NEWS

We Remember When

5 YEARS AGO

Gibsons residents of the Bay area indicated to Gibsons Council that they are not in favour of any large-scale commercial development around Gibsons Harbour other than the new marina.

The Cheekye-Dunsmuir power line is nearing completion.

Costs of \$250,000 are reported necessary in the budget of St. Mary's Hospital by Hospital Board Chairman Ian Morrow.

Faye and Dick Birkin report seeing a long flattish creature of considerable size in the waters off Roberts Creek.

10 YEARS AGO

Municipal Affairs Minister Bill VanderZalm points with pride, during a recent meeting held in Chatelech Secondary School, to the funds made available by the provincial government for youth employment.

Members of Howe Sound Women's Institute pay tribute to long-time member Eva Peterson who recently passed away.

20 YEARS AGO

A second floor for St. Mary's Hospital has received tentative approval from department of Health officials in Victoria.

30 YEARS AGO

The Honourable James Sinclair will address a public meeting in Bal's Hall in Gibsons this week to mark the official opening of the election campaign.

40 YEARS AGO

Gibsons will have its first cement sidewalk in front of the new \$35,000 show land dance building, if approval is given. There will be five stores on the ground floor of the building.

Mayor's appeal

Editor's note: the following was received for publication.

Open letter to the residents of Gibsons.

Dear Residents and Taxpayers:

Over the last few years your council has spent a great deal of money and employee effort upon the beautification of our town. The Gibsons Garden Club has made a major contribution, as have several individuals. The results of the combined efforts, are becoming evident. We want very much to continue these efforts, but we find ourselves spending an unreasonable and ever increasing amount of money repairing the effects of vandalism.

Flowers have been broken off or ripped out. Trees have been uprooted. Signs have been pushed over, broken off or smashed. Lights along the seawalk are continually being smashed by rocks. Not only public property, but private property as well, is being damaged and destroyed.

I am appealing to our citizens to be observant and to report any incidents they witness. Please, telephone the police or

the Crimestoppers with any information you have. Even if the bit of information you can offer is not sufficient to apprehend or convict the culprit, it may assist in that objective when put together with information offered by another citizen.

Certainly we pay policemen to enforce our laws. But by turning a blind eye to petty crime, by pretending that we haven't seen it, we are in fact condoning it. We must assist the police force by providing information which may contribute to arrest and conviction of vandals. Only when the "silent majority" begins to work together to stop these criminal acts will we convince vandals that Gibsons is not the place in which to be destructive.

When we control this wave of vandalism, not only will the improvements we have made remain attractive, we will have money, presently being spent to repair vandalised property, to spend upon further improvements. The Town Council earnestly requests your assistance in achieving this objective.

Mayor Diane Strom

Bentley seen attacking unions

Editor's note: The following was received for publication

Mr. Peter Bentley
Canadian Forest Products
2800-1055 Dunsmuir Street
Vancouver, BC

Dear Sir:

It was with utter astonishment that I read the article in the Vancouver Province of April 28 concerning Canfor's earnings and your comments on Bill 19.

As President of Local 1119 I am pleased that Canfor is working itself out of the economic doldrums, even if it has meant drastic hardships on many of our members. We realize that Canfor has to survive in order that we also survive.

In order to affect survival, we had entered into an unheard-of era of co-operation at Howe Sound Pulp (HSP). Management and union have worked harmoniously to ensure that HSP could once again become a viable operation. It has meant sacrifices, changes of attitude, and not least, softening of previous hard won union positions. This was done for one reason, security!

For you to so blatantly support such insidious legislation as proposed in Bill 19 is perceived

as an unwarranted attack on each and every member of Local 1119, and signals an end to any further co-operation.

Bill 19 is an attack on our security, and for you to support this bill, is also deemed an attack on our short-lived security.

The Pulp and Paper Industrial Relations Bureau, of which you are a senior officer, has previously been described as a covey of birds, hawks and doves. I submit the following definition. Source: **World Book Dictionary**, Hawk: 1. a bird of prey with a strong, hooked beak and long, curved claws. The hawk family includes the buzzard hawks, the kites, the harriers, the Old World vultures, and especially the accipiters. Some hawks are trained to hunt and kill other birds and small animals. 2. figurative, a person who preys on others. 3. informal, a person who advocates a war-like or military solution in a conflict.

In conclusion, upon reading your press release and defining the word hawk, henceforth, you shall be referred to as the 'head hawk'.

Vern Rottluff
President, Local 1119
Canadian Paperworkers' Union

That which was taken away...

Editor's note: the following was received for publication.

Honourable M.B. Cuvelier
Minister of Finance
Parliament Buildings
Victoria, BC V8V 1X4
Dear Mr. Cuvelier:

Pleased to see new budget

pledging more money for health, education and forestry.

However if I am not as effusive as I might be it will be because I remember Mr. VanderZalm cutting health care and school budgets a couple of years ago, and Mr. Bennett diverting forest stumpage fees to general revenue.

I sort of feel you are not giving us anything, just returning what was recently taken from us.

Billy Griffith

Three generations involved

GBS marks 40th anniversary

One of the longest-established businesses on the Sunshine Coast marks its 40th anniversary in business this week with the third generation of family members beginning to participate in the life of the business.

Founder of Gibsons Building Supply, Dick Fitchett, first came to the Sunshine Coast in 1922 direct from Saskatchewan and for three years attended the one-room school at the top of School Road.

"Then they whipped me off

to Vancouver," Dick remembers, "but every possible holiday we spent in Gibsons."

The founder of the Coast's major building supplies outlet remembers the 1930's fondly. His chums were Fred Holland, Eric Inglis and Norm Berdahl. The young Fitchett worked as a packer at the old Elphinstone Co-op under manager Stan Harris.

War-time saw Fitchett working as a templet maker for Boeing in Vancouver before a two-year stint in the Navy during the last two war years.

Peacetime saw Fitchett back in Gibsons where he began building houses with his uncle, Arthur Hall who was the Chairman of the Village Commission of the time.

"My uncle and I started to build small houses," says Fitchett, "and people started coming to us for building supplies and so we started to sell it."

The first official sale was made to a Mr. Bertram in 1947 out of the Gibsons Building Supplies' original store on Seaview Road.

From 1947-1951 all building materials were barged up to the Coast by Inglis Freight from the Straits Towing Dock in Vancouver "usually in the middle of the night". In 1951 Blackball Ferries started and life got a little easier.

By the mid-50's the firm was supplying all building needs including gravel and concrete. They took over the gravel operation from Gordon Reeves and Roland Spencer and started the Redi-Mix operation on Veterans Road in 1957.

The first fork lift, an old Bullmoose, was purchased in 1954. Prior to that lumber had been moved by use of an A-frame.

"Many of the fork-lift operators at Port Mellon were trained on the old Bullmoose," present owner Barry Reeves remembers, "and it could break your wrist if you weren't careful."

Mrs. Ann Fitchett joined the business in 1955 and became an integral part of the growing years.

She remembers one hair-raising experience from 1972 when she and her husband went back east to Windsor to purchase two trucks, the first new equipment purchased.

"It was winter and Dick and I started back, without chains, driving across the northern states to the Coast. His back went out and I finished up bringing the two trucks piggy-back across the continent."

During the 1960's competition got keen with Hilltop Building Supplies opening up in 1960 followed soon after by Twin Creek Building Supplies and, before the decade was out, Windsor Plywood Building Supplies.

Son-in-law Barry Reeves joined the firm in May of 1966.

"I got my basic business training working for the Claytons in Sechelt for nine years in the grocery business," Barry recalls.

Reeves purchased the business in November of 1971 and shortly after was joined by a second son-in-law, Keith Framp-ton. Keith received his business training from Timothy Eaton Company in Vancouver where he managed the sporting goods. In 1976 Keith and Barry became full partners in the business.

Meanwhile, in 1972 the store had been moved up the hill from its original location on Seaview Road to its present location.

Dick Fitchett retired from the business in 1975, followed into retirement two years later by wife Anne. The Redi-Mix operation was sold in 1978 to Lorrie and Isabel Rendleman and the building supplies outlet was expanded in the spring of 1981 to more than twice the amount of available retail space and a like expansion of warehousing space.

At the height of the building boom in 1980, there were 40 employees at Gibsons Building Supplies, a number which shrank to just 18 during the worst of the economic recession but which has rebounded with the economy of 36 employees at the present time.

40 years

Continued from page 4

In 1981 the first tractor trailer was purchased and it hauls 42 tonnes of materials per trip and averages four trips per week. In peak periods of activity it is also necessary to hire independent trailer operators.

"Throughout the 40 years the business has been going," says Barry Reeves, "we have hired and trained a lot of high school students and we have also been supportive through the years of many community events and activities."

The latest expansion came in April 1984 when the Secht outlet was opened, at first the building was leased but it was purchased in February 1987.

Today, high school students Juli Reeves, Scott Frampton, and David Reeves work at the store on weekends making for the third generation of the family to work in the building supplies business on the Sunshine Coast.

Barry Reeves points to the motto on the bottom of the firm's invoice. "Specializing in Service," it says. "That's the secret of whatever success we have encountered," says Barry.

Cavalcade

Sea Cavalcade preparations are progressing, but more help is needed.

The traditional events are virtually all organized, and a couple of new events are being introduced but we need "idea people" to conceive and direct a project which can be unique to Gibsons.

The prime objective of Sea Cavalcade is a weekend of fun and involvement for the people of Gibsons, but an important secondary objective is tourist attraction. Nanaimo has the bathtub race, Prince George has snow golf, but we have no major spectacular event.

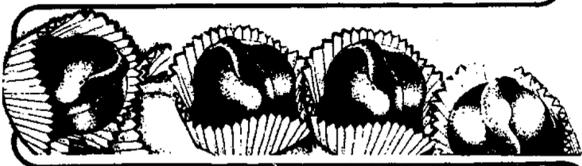

With all the talent available in Gibsons, we should be able to develop an event that will be instantly recognized as ours.

Our meetings are held every Wednesday at 7 pm upstairs at 280 Gower Point Road. Everyone is welcome to attend.

Surprise your Mom on May 11,

Pender People 'n' Places

May 16th is Pender Harbour Day

by Joan Wilson, 883-9606

Pender Harbour's biggest celebrations are almost here. May Day, which has been celebrated for 41 consecutive years, with the traditional May Queen, parade, children's activities, dances and fun for everyone.

Parade co-ordinator this year is Diane Gamble, 883-2286. Start planning your entry, which will be judged on creativity, colour, originality, work involved, clarity of identification, use of sound or music. Let's make May 16, 1987 the biggest and best May Day Parade ever! Call Diane to let her know that you'll be there.

The May Queen this year is Erin Duncan, who will receive her crown from Deena Lowings, 1986 Queen. Erin's attendants are Kim Struthers and Sarah Beadle. Flower girls are Sara Disney, Dina Godkin, Michelle Zacharias, Rose Ellen Nichols, Danielle Thompson and Bobby Moranville. Spring Queen from Pender Harbour Secondary is Kelly Boyd, who was also May Queen in 1982, with princesses Leanne Duncan and Lana Ross.

Dance the night away at the Legion May Day Dance, Friday, May 15, 9 to 1, with music by Steve Hubert. Free to members and guests.

THANK YOU!
The Pender Harbour Lions wish to thank all those who donated and bought items at their auction last weekend. The money raised goes back into our community on service projects.

MOTHER'S DAY
What are you going to do for your mother next Sunday? How about a lovely plant or hanging basket?

Take mum out for a pancake breakfast at Lions Hall from 9 to 12. For a reasonable price, you can treat her and not have to wash the dishes!

PHSS HONOUR ROLL
Third Term Honour Roll at Pender Harbour Secondary School: Grade 12, Darrin Jordison; Grade 11, Darren Vickers; Grade 10, Cherie Cochet, Paula Wellings; Grade 9, Leanne Ross, Nicole Gooldrup, Ryan Phillips; Grade 8, Carla Wellings, Richard Wilson, Kirsten Vader, Tara O'Coiffey. Congratulations!

The Alternate School and Grade 10 students arrived back Sunday evening from their exchange visit with Sheet Harbour, Nova Scotia. More news next week!

AREA 'A' CLINIC
The Auxiliary to Area 'A' Clinic have a dictaphone, dentist's chair and two wheelchairs for sale. Please call Margaret Causey, 883-9957 for more information.

RICK HANSEN
Man in Motion World Tour

Egmont News

May reminders

Ann Cook, 883-9253

Here are reminders for this merry month of May.

Bingo is on for Wednesday, May 13 and Wednesday, May 27. The first bingo ironed out the wrinkles and the second one had a better turn out. Let's hope next time all the bingo players and their friends will show up.

Mother's Day is next, on Sunday, May 10. We can start the day by taking a mother to the Lions Park Hall for a pancake breakfast. As always, this breakfast treat is put on by the Pender Harbour Lions Club. Pancakes served until noon Sunday.

There will be a Month of May Tea, that will be a Wednesday. Date to be announced next week.

The Thrift Store is open all day every Wednesday except when they paint the hall floor like last week.

The way they have been working on the Egmont Community Hall I think they are Beavers in Lions clothing. What with the hammering and painting the old hall has taken on a new look. The finishing touch is the name Egmont Community Hall painted out front! Thank you Egmont and Pender Harbour Lions Clubs.

HAPPY BIRTHDAYS

Happy Birthdays to: Lyn V., Bill F., Kay B., Edna H., Wally S., Suzy C., Jennifer J., Irene Spence, Bruce S., and Chic Page (who is retiring from school bus driving in June), Judy Tyndale, Cliff S., Marie Wallace - sweet 15; Jennifer Wismer and Dad Tim, Ben Angus, Alan Bryant, and G. Silvey.

Shea Young, who is one year old, has moved away from Egmont (but maybe he'll come back like Kevin Graham has), welcome back and happy birthday Kevin.

RUMMAGE SALE
Here's the sale you've been waiting for! Pender Harbour Church Women's Annual Rummage Sale, with bargains in children's wear, toys, housewares, books, plants and miscellaneous. Saturday, May 23, 10 am is the day to be at St. Andrew's Church, Front Road, Pender Harbour.

BICYCLE RODEO
Saturday, May 9 is the day all the young bikers of the Harbour can test their skills in the RCMP Bicycle Rodeo. Meet at 1 pm in the IGA parking lot. Dennis Gamble is organizing the event once again, and urges all Brownies, Cubs and Guides to attend and earn their cyclist badges.

WILDLIFE OUTING
Would you like to come with the Wildlife Society on a field trip to Powell River's bird sanctuary, their museum, and other points? Just show up at Earl's

Cove ferry lot, 10 am, Thursday, May 7. Bring binoculars, sandwiches (or buy lunch later). They'll car pool across and get back to Earl's Cove around 6:30. All you need to pay are shared travel costs, and seniors, the ferry's free!

DON'T FORGET
Swap Meet at the Community Hall, Saturday, May 9, 10 am. Call Hans Schroeder to reserve a table, 883-2573.

ANNOUNCEMENT
Dr. Dan Kingsbury
has opened his 2nd Dental Office at the Pender Harbour Health Clinic. He is available at this location Tuesdays and Wednesdays.

Province of British Columbia

ROYAL COMMISSION ON ELECTORAL BOUNDARIES

Order in Council No. 690

SCOPE AND PURPOSE

A Commission has been issued under the Inquiry Act appointing the Honourable Judge Thomas Kemp Fisher as Commissioner to inquire into the composition of those Electoral Districts that now return two members to the Legislative Assembly and into the composition of the Electoral Districts that are contiguous to those Electoral Districts that now return two members, and to carry out the other duties hereinafter set out.

The Commissioner shall conduct his inquiries with a view to recommending the establishment of new Electoral Districts, each returning one member to the Legislative Assembly, to replace those that now return two members to the Legislative Assembly.

The Commission has been directed to have regard to the following factors:

- (a) The principle of the electoral quota, that is to say, the quotient obtained by dividing the population of the Province, as ascertained by the most recent population figures published by Statistics Canada, pursuant to the Statistics Act (Canada), by the total number of members of the Legislative Assembly;
- (b) Historical and regional claims for representation;
- (c) Special geographic considerations including the sparsity or density of population of various regions, the accessibility to such regions or the size or shape thereof;
- (d) Special community interests of the inhabitants of particular regions; and
- (e) The need for a balance of community interests.

Those Electoral Districts that could be affected by the Commission's recommendations include:

PROVINCIAL ELECTORAL DISTRICTS CURRENTLY RETURNING TWO MEMBERS	CONTIGUOUS PROVINCIAL ELECTORAL DISTRICTS CURRENTLY RETURNING ONE MEMBER	PROVINCIAL ELECTORAL DISTRICTS CURRENTLY RETURNING TWO MEMBERS	CONTIGUOUS PROVINCIAL ELECTORAL DISTRICTS CURRENTLY RETURNING ONE MEMBER
1. Boundary — Similkameen	Yale — Lillooet Okanagan North Rossland — Trail	8. Nanaimo	Cowichan — Malahat Alberni Comox
2. Cariboo	McKenzie Omineca Prince George South Yale — Lillooet	9. Okanagan South	Yale — Lillooet Okanagan — North
3. Central Fraser Valley	Chilliwack	10. Richmond	Burnaby — Willingdon New Westminster
4. Delta	Surrey — Guildford — Whalley Surrey — Newton Surrey — White Rock — Cloverdale	11. Saanich and the Islands	Esquimalt Port Renfrew Cowichan — Malahat Oak Bay — Gordon Head
5. Dewdney	Surrey — Guildford — Whalley Coquitlam — Moody West Vancouver — Howe Sound Chilliwack	12. Vancouver Centre	West Vancouver — Howe Sound North Vancouver — Capilano North Vancouver — Seymour
6. Kamloops	Yale — Lillooet Prince George — South Shuswap — Revelstoke	13. Vancouver East	North Vancouver — Seymour Burnaby North Burnaby Willingdon
7. Langley	Surrey — White Rock — Cloverdale Surrey — Guildford — Whalley	14. Vancouver Little Mountain	
		15. Vancouver South	Burnaby — Willingdon
		16. Vancouver — Point Grey	
		17. Victoria	Esquimalt — Port Renfrew Oak Bay — Gordon Head

HEARINGS

Public Hearings will be held in those Electoral Districts that currently return two members. The date and location of such Public Hearings will be advertised following the first meeting. The first meeting shall be only to receive the formal documents constituting the Commission and will be held at 10:00 a.m. on Friday, May 15, 1987 at:

Windsor Room
Hotel Georgia
801 West Georgia Street
Vancouver, British Columbia

SUBMISSIONS INVITED

Interested persons and organizations are invited to submit written briefs. Those delivering written briefs should indicate whether or not an oral submission will also be made. Written briefs are requested on or before June 12, 1987. Forward written briefs to:

The Honourable Judge Thomas K. Fisher
Commissioner
580 - 625 Howe Street
Vancouver, British Columbia
V6C 2T6

The Commission will also receive oral submissions at Public Hearings to be held on dates and at locations to be announced.

All enquiries should be directed to Mr. Terry Julian, Chief Administration Officer, at 580 - 625 Howe St., Vancouver, B.C. V6C 2T6. Telephone: 860-4169.

George in Gibsons

Library to hold Open House

by George Cooper, 886-8520

LIBRARY OPEN HOUSE

Open House at Gibsons Public Library on April 24 welcomed a great number of visitors, both members and prospective new members. The volunteer staff showed them new acquisitions, the children's section, and other services the

library offers residents of this end of the Sunshine Coast.

The Open House marked Volunteer week as well as our National Book Festival. Donations to buy Canadian Books for our library were acknowledged by the donor's name written on a red leaf of the Canadian maple displayed on the library wall. If you missed

that, you can still donate otherwise to the work of the library.

Pam Feichtner, chief librarian, and Gail Reimer, children's librarian, say that the number visiting on Open House day was very encouraging to them and to the more than 20 ladies who work as library assistants. All their work is volunteer except for a part-time clerk-typist.

The children's librarian, by the way, reserved a copy of *Paddle-To-The-Sea* for me in response to my query of a week ago. Now I know the ending and rest of the story, too.

Thank you, and if others of you wish to refresh your memory of the story of the toy canoe and its journey through the Great Lakes and down the St. Lawrence, the library copy is back on the shelf awaiting you. **LIFEBOAT NO. 7**

B.C. Lifeboat 7, chief coxswain Roy Boutillier informs us, is looking for volunteer coast watchers to pinpoint any trouble spots, and for people to monitor radio calls when an emergency is underway.

Lifeboat 7 is now officially fully operational and berthed at the moorage that Gibsons Marina has donated to them.

Volunteers, as mentioned above, will greatly enhance the efficiency of the crew to deal with emergencies.

Those who have a clear view from their residences of Howe Sound or Georgia Strait can assist by coast watching. Those who have their own radio equipment can assist by reporting calls to Lifeboat 7, and monitoring calls when a search is on.

If you can do either of these services let Roy know and then be ready to organize yourselves as a group. Perhaps there are those who would undertake to do the organizing. Call Roy. Flares are for marine emergency use! No more capers, please. Setting off flares either in ignorance of their purpose or just for fun. The false flare alarm the other week almost cost lives.

Lifeboat 7 crew will pick up any unneeded flares you may have. No flares lying around, no mischief!

Lifeboat 7, a volunteer organization with expenses of upkeep, does require donations to keep going.

Our local lifeboat group, by the way, did bid as requested for a surplus 19 foot Outrage Boston whaler belonging to the B.C. Ferry Corporation but the bid was not accepted. Our crew had asked the corporation to donate a surplus lifeboat and were told to bid for one. **ELPHIE GRADS**

Ken Yu Sim, winner last year of the Canfor scholarship, is completing his year in computer sciences at UBC. Older brother, Keng Mian, an Elphie grad of five years ago, is now a log scaler with Crown Forest Products.

Sandra Vandergeest has put her Medical Society scholarship to use in her first year of the B.Sc in Nursing degree. Sandra follows in the footsteps of her mother who is a nurse on the staff of St. Mary's Hospital.

Tracey Strom, winner of Branch 109 Ladies' Auxiliary bursary last year, took a short course to qualify as an insurance agent in Autoplan and other general insurance. She is now working in Ken's Lucky Dollar.

Bernadine Lee, a Branch 109 scholarship winner, has spent this past academic year at the University of Victoria in her first year Arts program, psychology, sociology, anthropology, with a view to getting a degree in Social Work.

Sheila Reynolds expects to return to Queen's next fall to continue science studies. She hopes to qualify for entrance either in mechanical or aeronautical engineering later on.

Bruce McDougall, awarded the Teachers' Association scholarship last June, has had an exciting year in Ottawa with his appointment as Page in the House of Commons. Bruce attended the University of Ottawa to take visual arts, and improved the sound foundation in French he had had at Elphinstone by a six week French Immersion course last summer at Laval University on a bursary from that institution.

Supervisors train Jack and Jill pre-schoolers how to cross roads safely...

...to the safe sanctuary of the park at the end of Franklin Road. The official opening of the pre-school on Harmony Lane is this Saturday from 11 am to 2 pm. All are invited. —Bob Maxwell photo

Sechelt Scenario

Local resident shines

by Peggy Connor, 885-9347

Vancouver Better Business Bureau "Business Person of the Year" is Wendy McDonald, President and Chairman of the Board of B.C. Bearing Engineers Ltd.

Wendy is a member of the Stoker family, long time residents of North Vancouver who are also long-time summer residents of Halfmoon Bay. Many of the family now live here permanently.

A strong supporter of local events, it is a pleasure to hear her business ability is recognized and that she is so honoured. Congratulations Wendy!

SECHELT GARDEN CLUB

The theme for the mini show at the Sechelt Garden Club meeting on Wednesday, May 6 is "Mother's Favourites".

Everyone is encouraged to participate to try and bring at least one entry: cut flowers of any size, house plants (not necessarily in flower), species entry, which could be any flower from your garden or house plant, or one single flower, with a name if possible.

SOUTHWESTERN AGM

The annual general meeting of the Tourism Association of Southwestern B.C. took place on Friday, May 1 at Sheraton Villa Inn, Burnaby.

The Sunshine Coast is one of the five destination areas belonging to this tourism association. The others are: Rainbow Country, up Harrison Way; Heritage Country, includes the Fraser Valley; and Sea to Sky, goes from Squamish to Pemberton or from Horsehoe Bay up. Tourism Vancouver includes Greater Vancouver Regional District and Whistler will be the sixth short-ly.

The board is made up of some very vibrant, active peo-

ple, some from the private sector, some from regional districts and chamber of commerce.

Jean Anderson of Vancouver moved up to President, John Allen is the immediate Past President. Newly elected board member and on the new executive is Bryan Rubin of the Bonniebrook Lodge on the Sunshine Coast. Re-elected to the board is Andy Culos of Powell River and Peggy Connor, representative of the Sunshine Coast Regional District.

The start of the day was time for brochure displaying and Travel Sunshine Coast 1987 was there. The Vancouver Visitor News, a paper that is put out free for tourists and distributed in all the hotels, April edition, has a good article on Day Trips and Circle Tours offered by the Sunshine Coast.

VOLUNTEER TEA

The Third Annual Volunteer Recognition Tea was served to a packed house at the Sechelt Legion Hall on Thursday, April 30. It was sponsored by the Volunteer Action Centre, a member of the Sunshine Coast Community Services and master of ceremonies was Vivian Tepoorten. Presentation of certificates were made by Jim Gurney, Chairman of the Sunshine Coast Regional District, Alderman Lillian Kunstler of Gibsons, and Mayor Bud Koch of Sechelt. Sybil MacGinnis of the Volunteer Action Advisory Committee made a special award to the President of the Sunshine Coast Community Services, Val Silver, for dedication and work she has done for the community.

Nikki Weber presented Gwen Robertson of Gibsons with the special volunteer award and the Legion and Ladies Auxiliary in recognition of the work of this group who donated the hall, the

refreshments and the ladies' services.

A fine salute to the many volunteers in our area. May they continue to enjoy their work, without them so many things would not get done.

Davis Bay News & Views

by Jean Robinson, 885-2954

DAVIS BAY SCHOOL

The Parents' Advisory Group of the Davis Bay Elementary School meets in the school library on May 5, at 7:30 pm. All parents with children attending the school are urged to participate.

HAPPY HOLIDAY

Welcome back to Rita and Eric Stansfield after their long trip south.

Also to Susan and Jim Brown with their family, recently returned from a trip to Disneyland.

PIONEER PICNIC

The Davis Bay/Wilson Creek Community Association will be having their fourth Annual Pioneer Picnic on August 30, from 2 until 6 pm. Any ideas for this one? Let me know.

It takes place at Whittaker Park with a potluck dinner in the hall. Corn on the cob of course, right from the sunny Fraser Valley.

The general meeting of the DB/WCCA is on May 11, at 7:30 pm. Plan on being there.

BROOKMAN DERBY

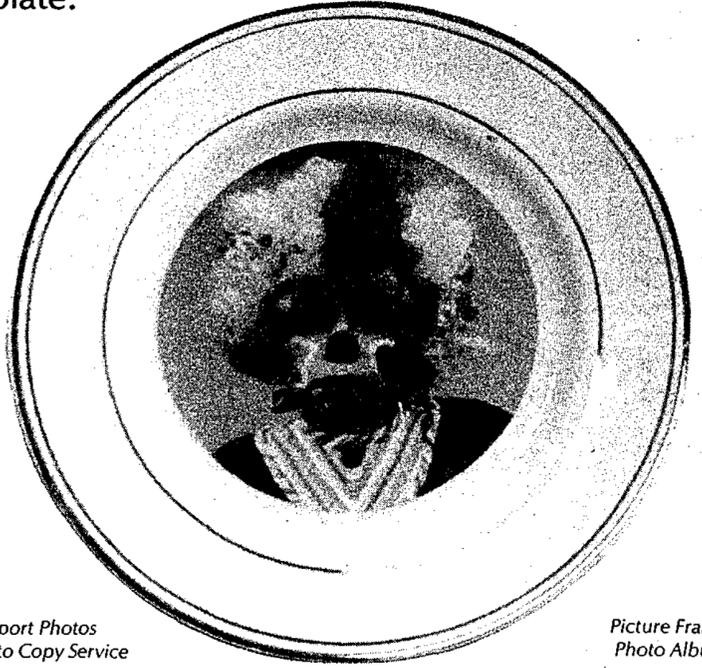

Turner Berry and the other business people in the Davis Bay area are looking forward to another Children's Fishing Derby in August. Date is to be decided. Keep watching here for more news.

Roberts Creek

At the Legion

by Jeanie Parker, 885-2163

Larry Branson returns to the Roberts Creek Legion this weekend, both Friday and Saturday nights. His easy-listening tunes are popular so drop in for a few turns around the dance floor. Members and guests welcome.

SALE SOON

Time is running out to dig up items for the Legion Ladies Auxiliary's garage sale. Please drop them off at the branch or phone 886-3084, 885-9258, 885-3522, or 885-3326 for pick-up.

TEMPORARY MANAGER

Community Hall Manager Debbie Osler is taking a month off so anybody wishing to rent the hall or make other inquiries between May 9 and June 9 can contact Yvonne Mounsey at 885-4610.

The hall received several donations of mirrors for the washrooms after a request a few months ago. Many thanks to Flo McSavane and Mildred and John Forbes.

The ladies washroom could still use a vanity or small cabinet to provide a little counter space. If you have something that might be suitable, please phone Yvonne at the above number.

CF MONTH

Next to cancer, cystic fibrosis

is the second largest killer of children in Canada. The disease is a real heartbreaker and makes the Cystic Fibrosis Foundation's drive for funds very important.

May is Cystic Fibrosis Month and cans for donations have been placed with many local businesses, including Seaview Market. There is also a raffle for a weekend at the Pan Pacific Hotel, a portable propane barbecue from ICG, a \$50 gift certificate from Super Valu, and a deck crib board. Look for ticket-sellers in the malls and you could win a prize while helping a good cause.

Queen contestants

Names are now being taken of those girls wishing to compete for the 1987 title of "Miss Sea Cavalcade". If you wish to register for the competition you may do so by contacting the Queen Committee Co-ordinator, Mrs. Sharron Burk at 886-2533 (after 5 pm) no later than May 15.

Contestants must be: a) a resident of the Gibsons area for a minimum of six months; b) single, female; and, c) 17 to 21 years of age.

HWY 101, GIBSONS AUTOMOTIVE 886-9500

The 1987 Volunteer of the Year is Gwen Robertson of Gibsons! There were 28 nominations for the prestigious award and scrolls of commendation and three special awards were presented to those so honoured at the Volunteer Recognition Tea held last Thursday at Sechelt Legion Hall. Last year's winner Nikki Weber, above, presented Gwen with her award. Runner-up was Diana Zornes of Roberts Creek. In the words of Sechelt Mayor Bud Koch to the volunteers, "We salute you, we commend you, but most of all, we appreciate you."
—Fran Burns photo

Sechelt Seniors

by Larry Grafton

It's getting around to that time of year when our thoughts turn to gardening, golfing, fishing, sun bathing and yes, I've even seen swimmers on our beach. This always diminishes participation in regular scheduled activities at the hall. There will be two more aggravation sessions on May 12 and 26.

Start-up in the fall is scheduled for September 8, so all you enthusiasts who enjoy aggravating your best friends, please mark your calendar accordingly.

EXECUTIVE MEETING

Our branch executive members and committee heads will meet on May 5 at 10 am in our hall. There are important decisions to be made and all executive members are requested to attend. Mike Timms will again be in the chair since Gerry Challier is still encountering health problems. We're all pulling for you Gerry!

THE FUN NIGHT

As it is getting late in the season, the Fun Night will be discontinued until next September. At that time an announcement will be forthcoming. A possible change in format may improve the good fellowship that this activity was scheduled to promote.

THE 69'ers

On April 26, a potluck supper for the singing group, their wives, and past members was organized. The food was delectable and there was ample for seconds. The meal was preceded by a happy hour and followed by a most enjoyable variety of activities. Nikki Weber supplied the music for dancing. May and Viv Pallot as a team supplied games, stories and jokes. A good time was had by all.

On April 29, we were back to earth, practising for presentations at the Ex-naval Veterans Reunion at the Legion on May 8

B & P W

Join the Gibsons Business and Professional Women's Club on Thursday, May 7, 6 pm at Pronto's in Gibsons for their monthly dinner meeting.

This club is open to all women in the work force whether it be in business, professions or industry.

Guest speakers will be Barb Estey, Assistant Administrator and Director of Resident Care at Shorncliffe, and Hazel Rimmer, Provincial President of the B.C. and Yukon Business and Professional Women's Club.

Tickets for the dinner are \$11 each and are available at Gibsons Realty or phone Laurella at home 886-9683.

Halfmoon Bay Happenings

Hall kept busy

by Ruth Forrester, 885-2418

BUSY HALL

As Welcome Beach Community Association's President Bill Vorley remarked at the 'Tea For Pete' last Monday, "This must be the busiest community hall on the peninsula." There is always some activity taking place there.

The 'Tea For Pete' was a most pleasant afternoon with more than 50 in attendance. Several tributes were made in appreciation of her loyal and dependable carrying out of the Halfmoon Bay mail delivery for the past 11 years.

Bill Vorley, Peggy Connor and Mary Shannon reminisced on Pete's long time residence in the area and Ruth Forrester read a poem for the occasion. Mary Shannon made the presentation of a miniature mail box with gifts from grateful residents.

SHUFFLEBOARD PROS

The Welcome Beach shuffleboard group held their wind-up banquet last Saturday and

sat down to a delicious dinner which was catered by the ladies of the group.

First prize was won by Dave and Helen Hain while second prize was presented to Jim and Elva Dinn. The really good dance music was provided by The Music Man from North Vancouver. A happy social evening was enjoyed by all.

The next date to mark on your calendar for a nice social get-together is Monday, May 11, when the Hospital Auxiliary have their tea and craft sale. Try to turn out for this one and support your hospital.

Don't forget that Saturday, May 16, is the date for the Welcome Beach plant sale. It starts at 1:30 pm. This is a fund raiser for the hall and your help

Through the TV magic of the The Beachcombers, April showers have brought both May flowers and Christmas decorations to the Gibsons. —Fran Burnside photo

Long-time resident approaches 100

Mrs. Eleanor Morris of Pratt Road will have a birthday this Friday, May 8. A resident of the Gibsons area since 1923, Mrs. Morris will be 100 years old on this coming birthday.

Although she is unable to receive numbers of guests, she does like to hear from others and greeting cards would bring her some pleasure.

Widowed for many years, Mrs. Morris operated a small plant nursery with her brother, Allen Nevins, on Pratt Road for many years.

She is a staunch member of St. Bartholemew's Anglican Church and served in the alter guild, as well as in the choir for as long as she was able.

She was long a member of the Women's Institute and a guiding hand in the former Fall Fairs. A table in the Gibsons Library reference section was, at her instigation, provided by the Women's Institute at the time of its disbandment.

Eleanor often rode bicycle on errands as far as Sechelt in the days of dirt roads and one speed bicycles. She was part of the staff of the jam factory on Henry Road and remembers the young Fred Holland as "a bit of a cut-up".

With the help of close friends, Mrs. Eleanor Morris has kept her independence to remain in her own home and near her beloved garden.

Halfmoon Bay Happenings

Continued from page 9 and support is needed. Give Grace Lamont a call if you are willing to lend a hand.

CONGRATULATIONS

Good wishes to Tor and Mary Orre of Redroofs who recently became proud grandparents of a bouncing baby boy. He is Jonathan Scott and is the son of Dag and Dianne Chaloner of Richmond.

SWING PARK

Volunteers of the Halfmoon

Bay Recreation Association are busy clearing an area for a swing park at Connor Park.

Firewood is being sold from the area and the fellow to contact is Steve Feenstra who is taking care of the project.

A question has been asked for a long time. "When will picnic tables be installed at Cooper's Green Park?" A picnic park without tables is not a good idea.

The Beachcombers

are scouting for interesting buildings -boats - locations in the Gibsons area.

Please phone 886-7811 between 8 am & 6 pm

Mmmm MINT!

Marvelous green shoots of flavourful leaves busily sprouting away. Don't just use mint as mint sauce to accompany lamb, though that is delicious.

MINT SAUCE

1/2 cup chopped mint leaves 1/2 cup white wine vinegar
- try pineapple mint 1/4 cup sugar

Boil sugar and water until sugar dissolves. Pour over mint and leave to cool.

Try mint leaves chopped with broiled fish, cooked carrots and peas, sprinkled over salad, tomato soup, or in an omelet.

After that there's mint tea, mint juleps (which you may need after trying to keep the mint in your garden snug in the container in which it's supposed to stay!).

LEISURE

Rhythms of Life

Turbulent offspring

by Penny Fuller

If you were born between October 1963 and August 1968, you may be surprised to know that you have a lot in common with children born between September 1982 and October 1983. People born during each of those times have a real thing about power.

The first group is approaching their 19th through 24th birthdays. All of you were born when Pluto, a planet that often represents power issues in a person's life, was hanging around Uranus, the planet of revolution. It's not a big surprise that when this group hit their teens, heavy metal and punk rock became big.

This five year generation will always feel a strong resentment toward any power which restricts their individuality. I'm surprised that we haven't had mass burnings of social insurance cards. It would be quite symbolic of the kind of revolutionary attitude this group has.

Any of you born at that time who have children born in the second group between 1982 and 1983, might want to start doing some serious reading about karma, especially if you're female. These children, who are approaching kindergarten age, also have a Pluto aspect in their natal charts.

During that time, Pluto had a brief fling with Saturn, the planet of restriction and repression. Saturn is also interpreted by many astrologers as representing various aspects of the mother.

These children will have a constant struggle learning appropriate use of power. Daycare workers and teachers may want to take note. The use and abuse of power is something that these children will constantly be testing, especially with mothers or mother-figures. Be very aware of what you teach them, because this generation will also have its day in the driver's seat.

Anyone who is trying to care for these children should try to be very conscious of what limits and priorities are essential and where they can bend a little. Deliberately giving these children choices, where you can, will also diffuse some of their need for control over their lives. What colour socks they're going to wear, which kind of sandwich they want for lunch, which blanket on top; these kinds of decisions can be left up

to the child without causing too much disruption.

At least then they won't be left feeling they lose every battle for independence, which could leave them with a real defeatist attitude later in life or a simmering rage that could explode with nasty consequences.

Back to the first group. If you aren't currently expecting a baby, I would strongly suggest that you wait until 1989 to start one. Power struggles are already an issue for you, and they aren't necessarily restricted to the established society, they can also be with the generations that follow you.

Children born between December 1987 and December 1988 will have Saturn and Uranus paired up in their natal charts. Although Pluto isn't involved this time, the combination does indicate these people will be constantly struggling to maintain a balance between their sense of individuality and restrictions that are placed on them. If the parent has their own power issues to handle it could make for a tumultuous home life.

For those who say that everybody probably has some combination like that, you're wrong. Saturn moves the fastest and the last time it lined up with Pluto was between June 1947 and June 1948. Between June 1941 and July 1942, Saturn was conjunct with Uranus. It seems to me that both those groups of people were active in that dinosaur known as the 'hippy movement'.

Exhibit at museum

A special travelling exhibit produced by the B.C. Provincial Museum will be featured at Elphinstone Pioneer Museum for the next three weeks.

"Language, The Great Game" is a display of artifacts, posters and maps illustrating the diversity and complexity of the languages spoken by the native peoples of B.C.

The museum, located on Winn Road, Gibsons, will be open every day, seven days a week, from 9 am until 4 pm. The exhibition will be on view from Monday, May 4, until Friday, May 22.

The museum will continue to feature travelling exhibitions throughout the coming months.

Pages from a Life Log

Shearing the dark shores

by Peter Trower

Gordon Gibson was far ahead of his time when it came to improving living conditions in the camps. Most of his competitors were in no hurry to raise the standards of food and accommodation. Logging methods had altered radically since the days of Jerry Rogers but life in the bunkhouses had remained dingy and minimal. Finally, some of the more progressively-minded loggers got fed up with taking the dirty end of the stick and they began to organize.

The unionization of the woods was no easy task and it took many years to achieve. In her watershed book *Tough Timber*, the late Myrtle Bergren describes graphically how difficult a proposition it was. The remoteness of many camps and the transient nature of loggers in general, was a good part of the problem. Also, the logging bosses were adamantly opposed to unions in any way, shape or form. Many would-be organizers were literally ridden out of camp on a rail and even murdered.

But they persevered. Meetings were held secretly in the middle of the night. The boats of the legendary Logger's Navy, moved like ghost ships from camp to camp, signing up members. Eventually they achieved their purpose. The timber moguls grudgingly capitulated and the first IWA contract was signed. Compensation was introduced and Unemployment Insurance. Safety regulations were established and wages were raised. The plight of the traditionally hard-done-by logger began to slowly improve.

In 1929, a man who was destined to chronicle the saga of the loggers as well as anyone ever has, entered the woods as a hand-faller. His name was Bus Griffiths and he followed his gruelling trade for over 40 years, interspersed with a fling at commercial fishing. Bus was a natural artist and he honed this talent in his spare time, sketching the men he worked

with; capturing the spar-trees, steam donkeys, bull-blocks and other logging paraphernalia with meticulous attention to detail.

Gradually these drawings evolved into a comic strip called *Now You're Logging*. During World War Two, Bus published an early version of the strip in a series of comic books produced by the old Maple Leaf Publishing Company in Vancouver. After a couple of years, the strain of holding down a steady job and drawing the strip in addition, proved too exhausting and Bus was forced to discontinue it. He turned his attention to oil painting.

Bus did a series of paintings based on his memories of the camps of the Dirty Thirties. These were purchased by the Courtenay Historical Society and brought Bus his first serious recognition. This led to a meeting with Martin Keeley, editor of the *B.C. Lumberman*. Keeley recalled *Now You're Logging* from the Forties and urged Bus to reactivate the strip with a more adult slant. One thing led to another and the end result was a totally unique graphic novel that is quite without precedent. Through Bus' eyes it is possible to journey back into the past and experience those hard-boiled days when steam was king.

I have been privileged to have Bus as my illustrator on several other projects, including a book of poems. He is a troupier of the old school and a joy to work with, an authentic folk hero of the high timber.

The sixth annual Aldersprings Art Show on display at Hunter Gallery in Gibsons includes craftwork as well as paintings this year. The exhibition runs until May 16. — Fran Burnside photo

Heritage Society meets in Gibsons

The Gibsons Landing Heritage Society (GLHS) had its most recent get together last week at the home of Lee Walters.

Among those present at the meeting was Tam Johnson, of the Elphinstone Pioneer Museum. He explained the exact purposes of the Museum Society, and its role in gathering and presenting to the public, artifacts, photos and histories, etc.

This proved very useful to the new Heritage Society in helping to focus its aims and objectives. It is naturally very important that the two organizations not overlap their functions. Unlike the Museum Society, the primary purpose of the GLHS, is to ascertain which buildings, structures and sites are worthy of official heritage designation by the municipal or regional government concerned and further to lobby these bodies so that this is done.

Another special guest at the meeting was invited by alderman and founding member Lillian Kunstler.

Mr. Eric Earle, representing the Anglican Church, gave a very informative report on the future status of the church and adjoining hall. The Anglican Church Board is presently in the middle of deciding the cost and practicalities of replacing their aging hall and renovating the church building. All this is of

Spinners and Weavers

There really is something for everyone in the Sunshine Coast Spinners and Weavers Guild Exhibition at the Arts Centre in Sechelt. This highly successful show continues until May 10 so you still have a chance to attend demonstration on Tapestry Weaving by Heather Fearn on Thursday, May 7 at 1 pm and Machine Knitting with Hand-spun Yarn by Sue LeNeve on Saturday, May 9 at 1 pm.

It is interesting to note that this newly formed guild has 38 members, most of whom reside on the Sunshine Coast including Gambier Island. Two live in Vancouver. Expect to see more of them and their work in upcoming events and fairs.

Nature Walk

John Hind-Smith has agreed to take a few people (maximum 12) on a hike to a special spot to view a spring spectacle of various wildflowers on Sunday, May 24.

There is a nominal fee of \$2.50. Interested participants should call Continuing Education at 886-8841 or 885-7871 before May 15.

GARRY GILLESPIE

Mother's Day show from theatre group

by Alice Albrecht

The Gibsons Landing Theatre Project Society will be presenting 'Ladies of the Mop' in Holland Park on Mother's Day, May 10 in conjunction with the Lions Club Pancake Breakfast which will be held between 8 am and 12:30 pm.

Ladies of the Mop is a humorous skit about four charwomen's dreams of what they have been if only... They act out their fantasies while taking a break from cleaning the theatre after the evening's show.

The society will have on display the scale model of the proposed theatre it intends to build on the site of the Old Gib-

sons Firehall.

There will be canvassing for memberships and for every membership bought for a mom the recipient will receive a fresh carnation. Individual memberships are \$5 each.

They will also be holding a raffle in the park at noon. The first prize is season's tickets for two to the Summer Play Parade. The second prize is a Colour Analysis and Coded Make-up by Diana Mansfield of the Knit Wit. A beautiful hanging flower basket is the third prize.

Everyone is invited to come out and join in the fun while at the same time supporting a valuable community project.

Gardening notes

by Marguerite.

Gladioli corms can be planted in sandy soil and a sunny place, and chrysanthemums may be set out in pots, or in the soil directly, from mid May onwards.

Annuals sown out of doors should be thinned. Biennials are sown this month for flowering next spring, such as wallflowers, sweet william, canterbury bells, fox gloves, pansies and polanths.

The compost will be growing daily. It is essential to good gardening, and can consist of any green vegetative material such as grass cuttings, weeds, soft shrub prunings, leaves and flower stems.

Weeds should be pulled before they flower, otherwise the compost heap is likely to be full of weed seeds unkillable because of insufficient heat within the heap. A six inch layer of vegetation can be sprinkled with sulphate of ammonia, and after the next six inch layer, dusted with lime.

The heap can be built in this way alternating with lime and ammonium sulphate, and of

course seaweed if you wish.

Quickly made heaps with plenty of green material in them will heat up high and fast, and kill weed seeds, fungus diseases and pests. Turning sides to middle is possible within a few weeks, and the heap can be ready to use in three months or less, but in any case, not before it is dark and crumbly.

Mulching prevents crusting of the soil, and creates ideal seeding conditions at the interface of mulch and soil.

Some members of Gibsons and Sechelt Garden Clubs are having a bus tour from the Sunshine Coast to Minter Gardens on Monday, May 4.

Sechelt Garden Club's May meeting is being held on Wednesday, May 6 at St. Hilda's Church Hall at 7:30 pm. The guest speaker is Mr. Yakahashi. New members and guests welcome.

Drop off your COAST NEWS CLASSIFIEDS at Peninsula Market Davis Bay "A Friendly People Place"

particular interest to the Heritage Society.

It was decided at the meeting that the GLHS would co-sponsor with the Bank of Montreal, this year's Early Settlers' Tea.

Last year's annual event saw over 100 locals meet and have a good time at the "Old Doc Inglis" house, now the home of Rob Hagar and Kathy Love.

This year "The Tea" will again be held at the same place, but rather than be during Sea Cavalcade it will be held on a date to coincide with the school boards Elderhostel program. Consequently, this year the date in question is June 6 from 2 until 5 pm.

If you think you know of a pre-1937 building etc., worthy to be added to the list give Fred W. Inglis a call at 886-3890.

Even better become a member and get involved.

DINING GUIDE

A listing of restaurants and pubs

Toast of the Coast

Mother's Day is soon everyone, and we hope you are taking a close look at the Dining Guide for ideas on where you are taking your number one lady this Sunday. My fellow mother and I work Sundays and so we decided to treat ourselves early, since going afterwards just seemed somewhat anti-climatic. Our choice for a special Mother's Day dinner was the Creekhous Restaurant in Roberts Creek.

The Creekhous's menu changes quite often and so we were greeted with all sorts of new delectable dishes to look for since our last visit. Making a decision on one thing from their tempting menu must be one of the more difficult tasks facing restaurant goers on the Sunshine Coast.

We chose the seafood platter for two to share as our entree, and for that reason my wise friend suggested we have salads for an appetizer. We ordered the house salad which they serve with their famous house dressing (available across the street at Seaview Market) and a shrimp and roasted red pepper salad. The house salad was beautifully decorated with thin strips of red cabbage and slices of carrot, the dressing, need I say it, was wonderful. The shrimp salad was equally delicious, the shrimp were melt-in-your mouth tender and the roast red peppers were juicy and sweet.

When the entree arrived after a lengthy enough wait to re-stimulate our appetites we were nearly stunned by the generous supply of seafood we were going to try to consume. The selection of seafood read like a who's who of the sea: lobster, scampi, shrimp, scallops, salmon (huge succulent chunks of it) and oysters. All this garnished with asparagus, slices of carrot, roast potato and covered in a delicately spiced cream sauce. I think we really surprised ourselves and certainly our lovely waitress by eating almost every single mouth-watering morsel.

We didn't think we could possibly have room for dessert, but the waitress gave us enough time to deliberate the question and we caved in and savored a home-made Italian chocolate ice cream flavoured with (we suspect) almond and orange, and a tangy lemon mouse. The absolute perfect cap on a most delicious meal.

Don't you think that your Mom deserves a quiet, restful and truly elegant meal for Mother's Day? The Creekhous is sure to deliver just that.

NIGHT ON THE TOWN

Bonniebrook Lodge - Enjoy relaxed and intimate dining in this historic seaside lodge. The views are spectacular, the continental cuisine (Swiss chef) is excellent and the prices are set to suit every budget. Entrees include seafood, crepes, pasta and steak. Chef Jurg's desserts are sure to delight. Open for dinner Thurs. thru Sun. from 5:30 pm. Enjoy the scenic waterfront drive out Gower Point Road from Gibsons Landing or from Hwy 101 upper Gibsons, follow Pratt Rd., Chaster Rd., then Gower Point Road north and west to Gower Point. V. MC. Reservations suggested, 886-2887.

Creek House - Intimate dining and European cuisine in a sophisticated yet casual atmosphere. We serve live Atlantic lobster, rack of lamb, duck, crab, clams, scallops, steaks, also daily specials. Reservations recommended. Roberts Creek Road and Beach Avenue - 885-9321. Open 6 pm - 10 pm. Closed Mondays. V. MC. 40 seats.

Lord Jim's Resort Hotel - Come enjoy a special dining experience at Lord Jim's Resort. The atmosphere is warm and intimate, the views magnificent. Our imaginative menu features the freshest local seafoods and exciting daily specials, all prepared with a bright, West Coast flair. Some selections from our current menu include Fillet of Lamb with a fresh Dijon mint sauce, Baby Back Ribs marinated in ginger and soy with a honey pineapple glaze, Broiled Swordfish with a Pernod cream sauce. Join us for lunch or dinner. Dining room, lounge and poolside service. All major cards accepted. For reservations and hours please call 885-7038. Olle's Cove, just north of Secret Cove on Hwy. 101.

Ski Club to host Open House

The Tetrahedron Ski Club cordially invites the public to attend an Open House at the Sechelt Airport on Saturday, May 9 between 10 am and 2 pm.

Phase one of our cabins and trails project will be complete. The log shells for our four cabins will be finished and not yet dismantled for moving up into the mountains.

Our building crew will be pleased to explain and demonstrate their log construction

techniques: Norwegian Half Notches, Socket Slicks, Power Saws, Scribes and Shake Cutting.

Photographs and maps will be on hand to help club members outline the remaining phases of the project.

The draw for our firewood raffle will be held at High Noon.

Refreshments will be served and everybody is welcome.

Pender Golf

by Pat Mitchell

Senior Men's Days - every Tuesday morning.

Jim Buntain is very pleased with the turn-outs on Seniors' Days at the Pender Harbour Golf Club. All men golfers over 55 are welcome.

On April 21 Vic Belland won for low gross, Eldy Gandy won for low net, second low net was won by Roy Cumbers and closest to the pin was won by Vic Belland.

On April 28 the men played in teams and the winning team players were: John Willcock, Jack McFarlane, Pete Waycott and Ron Murdock. Closest to the pin was won by Pete Waycott. Congratulations to all.

Men's Days - every Saturday morning.

Men's Days are open to all men over 18 and once again the club is very pleased with the response. On April 11 they held a Kickers Event. There was a tie for low gross, Carl Rietze, John Willcock and Eldy Gandy.

Second low gross was won by Jim Buntain and closest to the pin was won by John Willcock on hole number three.

On April 18 low gross was won by Randy Legge and there was a tie for low net, Pete Waycott and Rob Cameron. Rob Cameron was also the winner on April 26. Congratulations guys!

Girls' Softball

by L. Cleland, 886-2569

The Gibsons Minor Girls' Softball games last Sunday night were very close indeed. Roberts Creek and Coast Cablevision tied 13-13. The Ravens defeated Gibsons Lanes 14-11.

Wednesday night's games were not as close. Roberts Creek trounced Coast Cablevision 18-9 and Gibsons Lanes beat the Ravens 15-12.

Games are at 6 pm at Brothers Park, Roberts Creek or Sechelt. Come out and support the girls.

The league wishes to thank Elphinstone Recreation, Lion's Club, Andy's Restaurant, Gibsons Lanes, and Coca Cola for their generous support.

S.C. Golf and Country Club

Pro-am results

by Bill McKinnon

In the annual Pro-Am Tournament, professional Norm Jarvis had the low gross with 67 which included a hole-in-one on 17. The low amateur team with a net 59 was the foursome of Gordon Clayton, Bill Forman, John Petula and Art Hauka.

In the Monday Mixed Twilight, teams of two played an alternate shot round. In first place was the team of Mary McKinnon and Walt Faulafer with a net 36, second; Gladys Warner and Leon Dorais with 39 1/2, and third; Doris Reeveur and Wilf Nestman with 40 3/4. Low putts went to Aileen Pinkerton, Edna Fischer and Nan MacFarlane.

In Nine Hole Ladies' play, Hazel Earle had a low net 29 followed by Connie Hobbs net 33. Low putts went to Elsie Cupit with 13.

The Eighteen Hole Ladies' group played a 'throw out the worst hole' round with the following results: First flight; first; Ruby Head net 54, second; Eleanor Thompson 58, third; Marg Ross 60. Second flight; first; S. Gray-Moir net 54, second; Kay I little net 55, and third; Jay Townsend net 58. In inter-club play, the ladies'

second team hosted the Vancouver Club with the locals winning by 27 points while the ladies' third team were guests of Shaughnessy with the Sunshine Coast Ladies winning by 2 points.

In Wednesday Men's Twilight, Gordie Scott had low gross with 34 followed by Boris Meda with 36. First low net was turned in by Ozzie Hincks with net 29 1/2 and second Art Hauka with 30 1/2.

On Thursday, 47 'web-footed' seniors splashed around with Gene Johnson reigning with the low net 26 1/2. Diving into a second place tie were Ed Matthews and Ray Phillips with 30 1/2 and wading into a tie for third were George Grant and Frank Taber with 31. Closest to the pool on number eight was Tom Wark.

Some tickets are still available for the Spring Dance on Saturday, May 9, at which time I will disprove the rumours that my use of crutches is an excuse to avoid dancing.

The Gibsons Ladies' Fishing Derby, held April 10, 11 and 12, was so successful that proceeds enable a cheque for \$1000 to be presented to seven year old Kari Petersen for the purchase of new hearing aids. A Grade 2 student at Gibsons Elementary, Kari was born totally deaf, and was diagnosed as such by Children's Hospital when she was three. Her condition is not surgically correctable, but hearing aids give her normal hearing. They must be replaced every four to five years. Presenting Kari and her mother, Janet Strom, left, with her cheque is Anne Worrell, on behalf of derby organizers Sharon Wilhelm, Cathy Crawford, Debbie Sach, Penny Pederson, Barb Sorokan, Joanne Pitts, Pat Wickerson, Shirley Macey and Linda Bessant.

—Fran Burnside photo

Strikes & Spares

All the leagues have now finished their playoffs and the Gibsons 'A' League winners were Liz Lacey, Julia McLellan, Lee McLellan, Kathy Clark and Sylvia Bingley. The consolation winners were Lorne Christie, Anna Cavalier, Peter Cavalier, Barb Christie and Judi Handford.

The Ball and Chain League winners were Kelly Redshaw, Phyllis Francis, Frank Redshaw and Bud Mulcaster. The consolation winners were Isabel and John Hart, Pam and Art Dew.

The Phuntastique League winners were Bob and June Fletcher, Tom Gilchrist, Ed Riddoch and Hazel Skytte. The consolation winners were Bud and Marlene Laird, Leslie and Bob Fraser and Jack Hoffman.

The Night Owl League winners were Kella and Kim Gregory, Vicki and Wayne Wright. The consolation winners were Wally McDonald, Karen Hendricks, Lori and Pat Winn.

The Tuesday Coffee League winners were Janine Larsen, Lee Larsen, Wendy Craighead, Carol Service and Dorothy Robinson. The consolation winners were Bonnie McHeffey, Karen Powers, Donna Jay, Jackie McHeffey and Pat Hogg.

The house round for the Teambowl Tournament was finished last Sunday night and the first place team was Gord McKenna, Arlene MacBrayne, Dave MacBrayne, Heather Lyons and Linda Klausen. They rolled 271 pins over average. Second place went to Marilyn Davidson, Linda Voll, Carole Boyce, Jean Craze and Sue Whiting. They rolled 203 pins over average. The two teams will bowl at Lucky Strike Lanes

May 3 for the top prize of a trip to Reno.

Our G.A. Leagues had their Bowler of the Year tournaments two weeks ago and Ena Armstrong won Bowler of the Year honours for the ladies in both the G.A. Swingers and Sechelt G.A. Leagues. Jim Gilchrist won for the men in the G.A. Swingers and George Caldwell won in the Sechelt G.A. League.

We held an 'in-house' eight game singles tournament last Saturday night and the winner was Lionel McCuaig. Rita Johnston was second, Ena Armstrong third, Kathy Clark fourth, and Pat Prest fifth.

Our Y.B.C. bowlers bowled a year end five game singles tournament Friday night. Neil Clark took first place rolling 261 pins over average, Tony Sutherland was second with 160 POA, Stan Jones was third with 124 POA, Janine Ferreira was fourth with 123 POA and Tyson Cross was fifth with 66 POA.

Still a couple of tournaments to come and the Spring League starts this week. Anybody interested in the Spring League give us a call. We'll have the next report in in a couple of weeks.

Ladies' Ball

Week two of the year was very exciting. Monday night saw KenMac defeat Gilligan's by a score of 23-12. Tuesday night Trail Bay Sports downed Pender Harbour 17-5 with home runs by Wendy Allen and Viv Watson.

Ball Hawks squeaked by the Eagles 8-7 and Cedars beat Roberts Creek 18-5 on the strength of Michelle Borley's pitching.

On Wednesday night the Ball Hawks played an outstanding game winning over Trail Bay Sports 8-1. Edna Naylor pitched very consistently and assisted in nine outs at first base.

Thursday night games were rained out. Standings at the end of week two are:

	W	L	T
Trail Bay Sports	3	1	
Ball Hawks	2	1	1
Cedars	2	1	
KenMac	2	1	
Roberts Creek	1	1	1
Gilligan's		1	2
Eagles		1	2
Pender Harbour			3

Minor Softball

Softball season has been in play for two weeks now. There have been a few rain-outs, but otherwise the kids have been out on the fields, eager and at ball.

There are about 72 boys and girls, aged 6 to 8 on teams, about 84 boys and girls, aged 8 to 11 on the mixed league teams, and about 36 boys and 36 girls, aged 12 to 15 in the boys and girls leagues. That's 228 kids playing ball this season.

A special thanks to all the coaches, umpires and their helpers. The season would not happen without these enthusiastic volunteers.

Here is a list of the teams in each division, their names, based upon their sponsors, and their points (two points per win):

Team	Pts.
T-Ball	
Sechelt Lions Club	
Shop Easy	
Sunshine GM

Ralph Jaeck remembered

On Easter Monday, April 20, a memorial service was held for Ralph Jaeck of Langdale. The service was held in St. Bartholomew's Anglican Church in Gibsons with Reverend John Robinson officiating. His message to the large attendance was the relationship between the Easter message and the life of a loved one - Life, Death and Resurrection.

Assisting Reverend Robinson in the service were members of Ralph's family; Fred Gazeley, a close friend of the family; and Hanna Skytte, a young neighbour. The material they chose was true to Ralph's character and the way they presented it showed the love they held for him.

Other friends taking part were Nancy Miller, the organist,

and Dianna Brackett who sang I'll Walk Beside You, the song sung at Kay and Ralph's wedding in Australia 20 years ago.

Family members attending, besides Ralph's wife, Kay and son, Brock, were his daughter, Anna and family, from Oregon; his son, Ralph and family, from California; daughter Sylvia and family, from Campbell River; his brother, Harry and family,

from Cloverdale, and many other close family members from the Lower Mainland.

Refreshments were served following the service. These were planned and thoughtfully prepared by Barbara Laffere, Nadine Gazeley and friends.

The service was a loving tribute to Ralph who gave so much of himself to others. His memory will live on in the lives of all who came in contact with him.

With a cheery smile and a wave of his hand, He has wandered into an unknown land.

Peace films next week

At the next meeting of the Sunshine Coast Peace Committee on Monday, May 11, two short films from the National Film Board of Canada will be shown.

The first, "A writer in the Nuclear Age: a conversation with Margaret Lawrence," shows "the lady of Manawaka"

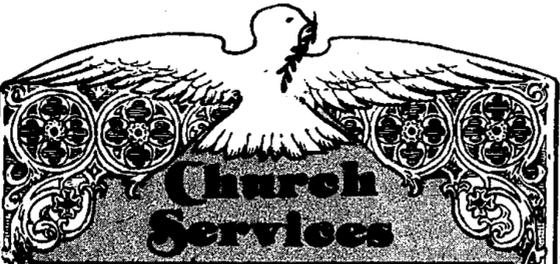

expressing her deep caring for human life and her conviction that "the nuclear issue is the moral, and spiritual and practical concern of our time."

This will be followed by "Nuclear Addiction: Dr. Rosalie Bertell on the cost of deterrence." A scientist, a Roman Catholic nun and a

world-renowned expert on low-level radiation, Dr. Bertell has studied the short and long term effects of nuclear radiation on our planet and its people. She is shown here sharing her findings at a Halifax lecture.

The films are free, open to all, and will be shown in the library of Roberts Creek school at 7:30 pm.

Police news

The RCMP request information on door-to-door salesmen attempting to sell home repair products particularly aluminum roofing. Beware of salesmen requesting payment in advance for these products. If you have information, call the detachment at 886-2245 and quote file 87-1073.

On April 28 there were reports of mischief done to rural mailboxes on Pratt, Cochrane, and Grandview. Phone 886-TIPS.

There have been complaints by residents in the area from Gibsons to the ferry terminal of motor vehicles speeding especially near ferry departure times.

The RCMP will enforce speed regulations over the ensuing months as their resources permit by radar and by standing patrols.

Fri., Sat. May 8-9, 1987

Forests... A Shared Resource

SILVICULTURE

Reforestation and stand-tending ensure that high-value forests will be available for generations to come and employ 100 people annually in the District.

FISHING

Forestry operations are planned and monitored to ensure that spawning areas and fish habitat are preserved and enhanced.

SKING

The Trenchard Ski Club, Canadian Government and B.C. Forest Service are cooperatively developing a 25 km Backcountry ski facility in the Tannis Lake area.

WATERSHEDS

The District contains community watersheds, private water leases and wells. Forestry operations are carefully planned to preserve water quantity and quality.

WILDLIFE

Forestry operations are planned to preserve and enhance wildlife habitat. Forest roads provide access for viewing and hunting opportunities.

CAMPING & HIKING

Forest roads provide access to numerous lakes, streams and Forest Service recreation sites.

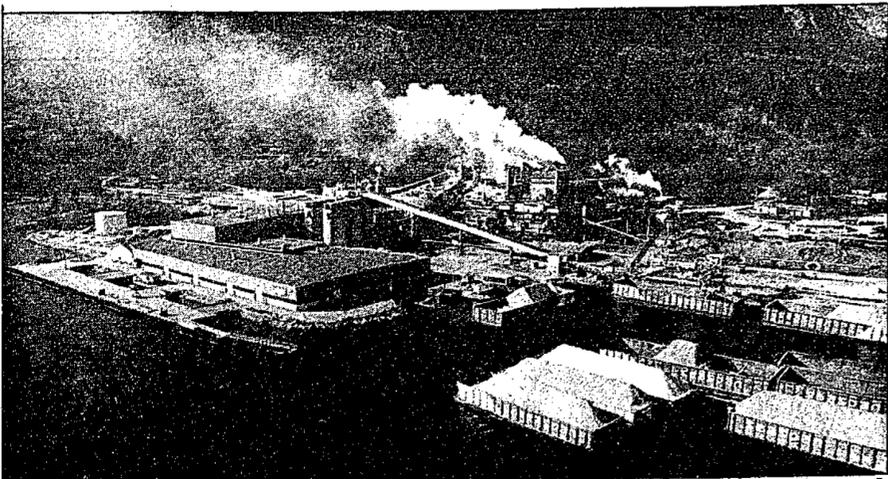

MINOR PRODUCTS

Power line poles, shakes, firewood, evergreen cuttings & Christmas trees represent part of the diversity of products derived from our forests.

Canadian Forest Products' Howe Sound Pulp Division at Port Mellon. The process of converting wood chips to Kraft pulp establishes the mill as the single largest employer on the Sunshine Coast and produces a product that is marketed worldwide. —Kent Sheridan photo

Pulpmakers of Port Mellon

People produce quality

by Kent Sheridan

There are 325 hourly paid and 90 salaried employees at Howe Sound Pulp who are involved in the process of transforming wood chips into Kraft pulp. Of the 325 hourly paid, 160 work on continuous rotating 12 hour shifts and are known as Tour Workers, the other 165 work on a day-shift basis. Approximately 12 salaried personnel work shift in a supervisory capacity.

The remaining salaried employees can be found throughout the mill working in various capacities: Mill Manager; Production, Mechanical and Maintenance Supervisors; Engineers; Technical Control Services; first Aid and Security; Millstores; Industrial Relations who look after personnel recruitment, scheduling and administering, Health, Welfare and Benefit packages along with the collective agreement, and Accounting they are responsible for all financial matters concerning the division.

A unique feature of Port Mellon is its Volunteer paid Fire Department. Various mill employees are paid for any lost time during their working shift if called to a fire and fire pay is given for attending practices and responding to fire calls on their days off.

All individuals at the mill contribute towards the goal of producing a high quality product that meets or exceeds market requirements.

Port Mellon's Kraft Pulp is marketed world wide with the bulk of their product selling to Japan, China, Australia, Germany, Italy, Korea and the United States. A smaller portion is sold to India, Bangladesh, Switzerland, Indonesia, Malaysia and England.

Customers convert the Kraft Pulp to high grade writing paper, magazine gloss paper, napkins, disposable diapers, transparent paper and the very thin paper that is found in Bibles.

Port Mellon's key to obtaining a portion of the world market share is in its ability to consistently produce a quality product while maintaining a competitive price. Customers look for consistency in the strength, brightness, cleanliness and fibre make-up of the pulp.

Two major contributing factors for producing a high standard pulp are: the quality control of the entire pulp making process and the softwood chip blend of fir, hemlock, spruce

and cedar that is available in the Pacific Northwest.

In the final analysis the production of quality Kraft Pulp at Port Mellon is a result of the people who operate, maintain, provide support services and coordinate the inter-related systems and equipment throughout the mill.

Vega Brannan

In Memoriam

To a dear friend and neighbour, Vega Brannan.

Vega was born in Poland. At an early age, in 1930, with her parents, two sisters and the youngest, a brother, she settled in Prince George, B.C. The young brother died a year after their arrival in Canada.

Vega went to school at St. Ann's Academy and graduated from the Little Flower Academy in New Westminster. After highschool, she acquired Registered Nurse status from St. Joseph's Hospital and School of Nursing in Victoria.

Not too many years later she met Jim while nursing at the Veterans' Hospital in Victoria. They were married in 1954 and have raised three sons; Mark, Cameron and Bruce, all of whom are married. They presented this proud and loving grandmother with one granddaughter and five grandsons.

This lady shared her time and energy far beyond the maintaining of an attractive home and garden. Since their arrival in Gibsons, 19 years ago, she has been extremely active in every aspect of St. Mary's Catholic Church.

The Old Age Pensioners' Association at Harmony Hall have enjoyed her energetic participation as a member for the past 19 years. And for the past six years she volunteered her assistance weekly at the United Church Thrift Store.

She endeared herself to all who met and came to know her. In her own unique manner she has touched and enriched so many lives by her generosity and kindness.

Her sudden passing on April 21, has left an incredible void.

Vega shall always be remembered in this quote from St. Paul:

*I have fought the good fight
I have run the race to the finish
I have kept the faith
Now a crown of holiness awaits me.*

Clara Nygren

To everything there is a season, and in a season of sorrow all nature seems to grieve. Yet when friends and family are with you, light will shine through the darkness as the sun through the forest leaves. Let us lead you to a time of peace.

You know us...we know how to help.

Gibsons

Democracy endangered?

by Ken Collins

"The issue is Democracy," stated Fred Wilson of the B.C. Provincial Committee of the Communist Party of Canada to a public meeting in Gibsons on Thursday evening. Forty people attended in sharp contrast to the 16 pulled out by the Teachers Association public meeting two nights previous.

Mr. Wilson was speaking on both Bills 19 and 20. He pointed out that the perspective of labour legislation has changed from one of encouraging collective bargaining to one of securing and maintaining industrial peace. The legislation has been drawn up by the best corporate lawyers in B.C., "and the legislation is not bad, or stupid, or unbelievable.

"This is kidding ourselves," he said. "From their point of view it is excellent."

A QUIZ ON BILL 20

The following statements have been given as the reasons for the new legislation.

- Teachers wanted the right to strike, now they've got it. **TRUE** **FALSE**
 - Teachers have been asking for a less disruptive choice between strike/lockout and compulsory arbitration. Compulsory arbitration is now impossible.
 - At the same time as Bill 20 gives teachers the same 'right to strike' as other workers, Bill 19 takes 'right to strike' away again by defining education as an essential service.
- The new 'College of Teachers' will be controlled by elected teachers, so what's the complaint? **TRUE** **FALSE**
 - The critical first year of the college's 'Council' will be appointed by cabinet, not elected. In fact VanderZalm has already threatened to appoint 'retired teachers'. Even when the elected 'Council' comes into being, all by-laws and regulations can be vetoed by cabinet.
- The 'College of Teachers' is the same as that of other professions such as Nurses. **TRUE** **FALSE**
 - No, all of the other professions have 'Colleges' designed by themselves to meet their own needs, not imposed and controlled by government.
- The new legislation is designed to weed out incompetent teachers easier. **TRUE** **FALSE**
 - It is designed to put teachers "in their place" and to stop them from speaking out against government's education policy. VanderZalm has said that under the new legislation "...Teachers may be fired with 30 days notice for 'unprofessional conduct' or 'any other cause which renders the teacher unsuitable,'" in specific reference to our protests. If teaching professionals can't criticize the governing structure in a democratic way, who will?
- The Certification process needs to be tightened up. **TRUE** **FALSE**
 - And the teachers have been asking for this. Certification has been the responsibility of the Ministry of Education, we were seeking a joint committee of teachers with ministry appointees.
- Principals should be managers and not part of the professional association. **TRUE** **FALSE**
 - Education research shows that the best model for schools is one where Principals are educators, working co-operatively with the professional teachers; not managers in an adversarial role. This aspect of the legislation could make schools a constant battleground between the management and the frustrated teacher.
- Teachers have been consulted on this legislation. **TRUE** **FALSE**
 - We had no idea of its content until it was tabled in the legislature. It does not reflect the recommendations of the 'Let's Talk About Schools' report, and it flies in the face of the newly appointed 'Royal Commission on Education'.
 - Parents were not consulted at all.
- This legislation will improve the climate in our schools. **TRUE** **FALSE**
 - Evidence is that our school system has had standards which we can be proud of. This legislation will cause years of chaos and confusion which must have nothing but ill effects on the public schools of B.C.

The Sunshine Coast Teachers' Association

urges you to write to Premier Bill VanderZalm, Education Minister Tony Brummet, and Mackenzie's MLA Harold Long, and demand that Bill 20 and Bill 19 be withdrawn until teachers, parents and taxpayer groups have had the opportunity to fully consult with this supposed 'open government'.

Thank you

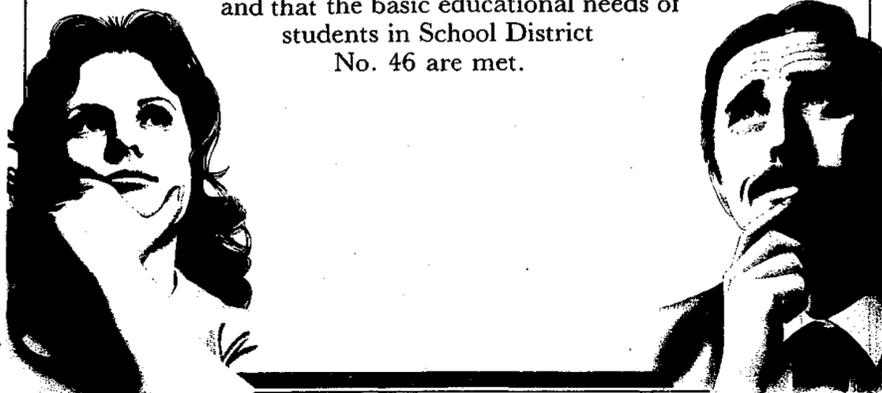

MESSAGE TO THE COMMUNITY
FROM
BOARD OF SCHOOL TRUSTEES
SCHOOL DISTRICT No. 46
(Sunshine Coast)

The Board of School Trustees of School District No. 46 fully understands the difficulty teachers are experiencing with the proposed legislation contained in Bills 19 and 20. However, the Board is unable to condone the job actions which have been taken by members of the Sunshine Coast Teachers' Association.

The one-day strike action taken by the province's teachers on Tuesday, April 28th, disrupted educational services and was illegal.

The present "instruction only" campaign now being waged across the province, is regretted by this Board. Although the "instruction only" action is painful for most teachers, the impact of such action is felt most keenly by students who are not direct parties in the dispute between teachers and the government.

The Board wishes to reassure the public that all possible steps are being taken to minimize the negative affects of the disruption in educational services on the Sunshine Coast. The Board is also making every effort to ensure that the school year will end in a positive fashion and that the basic educational needs of students in School District No. 46 are met.

Child Clinics

Child Health Clinics will be held in Gibsons on May 5, 12, 19, and 26. In Sechelt they are on May 6, 13, 20, and 27. Pender Harbour Clinic is on May 19. The new location of the Sechelt Clinic is at Bethel Baptist Church, corner of Trail and Mermaid Streets, across from the firehall.

Tuberculin Skin Testing and Travellers' Clinic will be held from 3 to 4:30 pm, on May 4, 11, and 25 in the Gibsons Health Unit. In Sechelt, skin testing only on May 27. In Pender Harbour, Tuberculin and Travellers' Clinic is on May 19 from 3:30 to 4 pm. Please make appointments for all clinics for Gibsons and Sechelt by phoning 886-8131, for Pender Harbour, by phoning 883-2764.

Prenatal Classes; Early class for May is May 5 from 7 to 9 pm. Late classes are on May 19, 26, and June 2. Pender Harbour Prenatal Classes can be arranged upon request (883-2764). Single and pregnant? Phone the Health Unit at 886-8131.

The hospital tour will take place the last Wednesday of the month. Please phone St. Mary's Hospital switchboard for this information (885-2224).

The New Parent and Baby Drop In gives parents an opportunity to meet other parents and discuss common concerns. The group gathers every Tuesday from 1:15 to 3:30 pm in the Gibsons Health Unit (1538 South Fletcher) and at 1:15 to 3:15 pm at Bethel Baptist Church in Sechelt on Wednesdays (corner of Mermaid and Trail).

There will be a Breast Self-Exam Class May 11 in the Coast-Garibaldi Health Unit, 1538 South Fletcher Road, Gibsons. Learn to do breast self-exam).

Residents may sue Pender foreshore problem

The Sunshine Coast Regional District (SCRD) passed a recommendation from their planning committee last week, to send a strongly worded letter to Jack Hall, regional director of Lands and Forests, stating their concern about a foreshore lease in Pender harbour.
The lease was granted to Margaret Dove last year for the purpose of setting up a marina. At that time the Area Planning Committee (APC) and the SCRD both recommended against it, but after some modifications were made to the application, Lands and Forests granted the lease without further consultation with either the regional district or the APC.
One of the objections to the lease application was that the location was inappropriate for the stated purpose, Area A Director Gordon Wilson told the planning committee. The bay in from of the property goes totally dry during low tide, making a marina impractical.
Now, one year later, debris is strewn across adjacent property, pilings have been driven in front of other people's property, and partially built sheds litter the upland, he said.

Wilson made the recommendation that the SCRD send a letter demanding that "the Ministry of Lands and Forests enforce its own by-laws."
Neighbouring lease owners are also angry and some of them have retained lawyers to look into the possibility of suing the ministry for allowing the situation to happen.
Reg Morton, one of the owners of Lowe's Marina, located next to the Dove lease, told the Coast News last week that, although the pilings which had been blocking access to his marina had been moved, he's still upset about the condition of the beach.
"We've spent a lot of years building this beach up so it would be a nice place for people to come. Kids come down here all summer, families have picnics, it was a place that the whole community used. Now it's a mess," he said.
A stop work order has been issued on the upland construction and pilings have been moved, since complaints were sent to Lands and Forests, but the

pilings in the bay are still causing some problems to other residents.
Ray and Doris Phillips live next to the contentious lease. In the small bay they have a net float. However, the pilings which Dove's partner, John Ansen relocated, now come within 20 feet of the float, making it difficult to bring Phillips' 16 foot wide fishing boat along side.
Sechelt Alderman Joyce Kolibas told Wilson that Sechelt has had similar problems. "People put in docks and things without the proper permits and then Lands and Forests takes the attitude that since it's already there it may as well stay," she told Wilson after the planning meeting.

Dazed

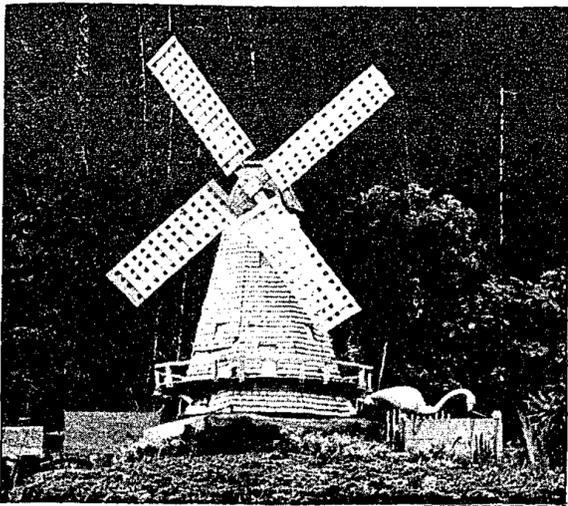

We're counting down to Roberts Creek Daze once again, and already organizers are getting ready to take your calls.
If you are a crafts person, or you'd like to have a food booth at the Daze, held this July 18, at the mouth of Roberts Creek, then call Randie at 886-9324 to book your table. It will cost you \$10 for the afternoon.
And what would the Daze be without a parade? Put on your thinking caps now and help make this year's Higgeldy Piggeldy Parade the best ever. Parade marshal this year is Dave Young and you can call him for information or to let him know you'll be there, at 885-2238.
Mr. Roberts Creek is back this year. If you're one of the brave souls who'd like to enter this contest, which is a spoof on all those 'beauty pageants', then call Alan Young at 886-7859.
And lastly, musicians, don't forget that you have the opportunity to play on Saturday afternoon on a large, well-equipped sound stage. Call Kevin Shepherd at 885-2972 for more information.

Guess Where

The usual prize of \$5 will be awarded the first correct entry drawn which locates the above. Send your entries to reach the Coast News, Box 460, Gibsons by Saturday of this week. Last week's winner was Kath Brewer of Box 483, Cowrie Street in Sechelt who appropriately comments, "One good move deserves another!"

Business manager hired

Bruce Moseley, Finance Chairman of the Sunshine Coast Economic Development has announced that a manager is to be hired for the new Sunshine Coast Business Development Centre which will be located at Capilano College.

The manager will direct and operate the centre and assist individuals in the development and expansion of local small businesses. Because the manager will deal directly with small business people, he/she shall have experience owning or managing a successful small business and in instruction or consulting.

At an Economic Development Commission meeting held several months ago, it was also agreed that a heavy emphasis would be placed on marketing experience. Commission members agreed that there was a wealth of resources on the Sunshine Coast, but few people knew how to market their products successfully.

During the past few years, small business development centres have been established throughout British Columbia, Washington, and Oregon.

Together the Economic Development Commission and Capilano College have raised \$30,000 to fund a part-time Business Centre for the Sunshine Coast. The centre will come under the auspices of the Sunshine Coast Employment Development Society.

The activities of the centre will emphasize practical business instruction for people already operating businesses and for individuals wishing to set up a new business.

For existing business, the centre will provide help with advertising, bookkeeping, marketing, personnel and other business related matters. On the Coast we have many home based or cottage type industries. The centre will endeavour to assist the operators of these important businesses.

For individuals considering a new business, the centre will offer guidance on how to set up a business. Many businesses are opened without sufficient planning and financing. The centre will assist individuals to prepare a business plan and a loan proposal.

Persons interested in applying for position of Manager,

SCRD sees progress

At the regular meeting of the Sunshine Coast Regional Board (SCRD) last Thursday, two long-awaited by-laws were given final reading. The Elphinstone Community Plan has been on the drawing board since SCRD chairman Jim Gurney first came on the board, and the new W-1 zoning by-law was one of the first initiated by Area A Director Gordon Wilson when he was first elected to the board at the end of 1985.

The W-1 zoning will exclude aquaculture as a permitted use of the foreshore and now extends from Port Mellon along the Coast to Wood Bay where a legally non-conforming aquaculture operation is located. The SCRD has already received a petition from residents further north along the coastline to extend the new zoning up to the Francis Peninsula.

Business Development Centre, may refer to the advertisement appearing elsewhere in this newspaper.

Schools Budget adopted

by Ken Collins

Sunshine Coast School District budget and tax rate by-law was adopted at the school board meeting April 28 at the board office in Gibsons. The total budget specified is \$13,626,873.

\$5,314,309 of this money will be raised from increased taxes. The burden will be divided, Town of Gibsons, \$462,725; District of Sechelt, \$1,271,415; Rural Area, \$3,580,169. This means the rate to be applied to the net taxable value of residential land and improvements in the school district is 7.83200 mills.

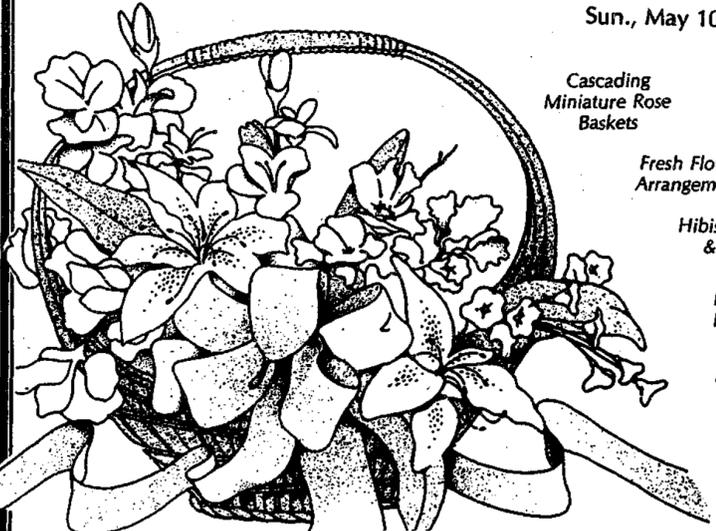

The superintendent's report included a presentation by Mr. Bill Boudreau and student Eleanor O'Keeffe on the recent cultural exchange visit of students to Quebec. The visit included seeing a Northern Quebec maple sugary, St. Joseph's Oratory on Mount Royal where people allegedly have been miraculously cured and to the French Quarter of Old Montreal.

At first glance, travelling to a large cosmopolitan city may appear frivolous but Mr. Boudreau pointed out they had to be aware of the dangers of the city. They had to encounter rudeness and deal with the Metro System where not making the correct snap judgement can put you miles out of your way. "They became aware... grew up a little bit," he stated. He wants these trips continued and wants to see them more accessible to students. He sees these trips as an integral part of the French Program.
