OLD TIME SUMMER RESORT: The small arrow at top right of this air-photo points to the wharf at Seaside Park, one time popular Summer resort on beautiful Howe Sound, 30 miles North of Vancouver. Seaside Park's popularity was at its height just prior to the first World War. The development of other resorts in the area depleted interest in Seaside but its eclipse is not yet. A thriving pulp mill is operating and expanding along side, known as Port Mellon. The mill is that of the Sorg Pulp Co. Ltd. The Company has purchased the Seaside property including its hotel and is now carrying out an improvement and expansion program. This includes the installation of modern equipment and machinery, cafeteria and modern homes. The population of Port Mellon and Seaside is 800. Its thriving industry produces daily 160 tons of unbleached kraft pulp and each month turns out over 1½ million feet of lumber. The above picture was made at an elevation of 4,000 feet. The entire pulp production of this mill, like other pulp and paper mills in B.C. is sold in the United States, helping acquire much needed American dollars. In 1946 the Pulp and Paper Industry in B.C. secured over $40 millions in American dollars for B.C. and Canada.

Irvine's Landing Woman Protests Treatment of Passengers by 'Union' Crew

Irvine's Landing, B.C.,
October 19, 1947.

The Editor, Coast News.

Sir,—On Saturday, October 18, there were eight adults, two children and a week-old baby, came up on the Union Steamship for Pender Harbour. They were told at Halfmoon Bay that the Union was not calling into Pender Harbour and they would have to get off the boat. When some asked if they could stay on and take a chance on the boat going into Pender they were told that they would be put off at the next stop, which would have been Stillwater, and at their own expense. They got off the boat without knowledge of transportation or way of getting to their destination whatsoever. They did get a taxi and when they arrived at Pender Harbour the Union boat was in unloading the freight. It was an absolute disgrace and the crew of the Union was sarcastic, insulting and rude to the passengers. Those people had paid their fare to Pender Harbour and then were put off the boat and had to pay their own taxi-fare from Halfmoon Bay to Pender Harbour. I am sure they have lost quite a few more passengers that the Jervis Express and Gulf Lines will acquire.

One of the women had just gotten out of the hospital in Vancouver that morning with a week-old baby. That girl was sick when she finaly reached home. She was absolutely going in circles.

MARGARET DUNCAN.

BIBLE READING

THUS saith the Lord, Let not the wise man glory in his wisdom, neither let the mighty man glory in his might, let not the rich man glory in his riches: But let him that glorieth glory in this, that he understandeth and knoweth Me, that I am the Lord which exercise loving-kindness, judgment, and righteousness, in the earth: for in these things I delight, saidth the Lord.—JER. 9:23,24.

And the seventy returned again with joy, saying, Lord, even the devils are subject unto us through Thy name. And He said unto them, I beheld Satan as lightning fall from heaven. Behold, I give unto you power to tread on serpents and scorpions, and over all the power of the enemy: and nothing shall by any means hurt you. Notwithstanding in this rejoice not, that the spirits are subject unto you; but rather rejoice, because your names are written in heaven.—ST. LUKE 10:17-20.

Thou wilt show me the path of life: in Thy presence is fulness of joy; at Thy right hand there are pleasures for evermore—PSALM. 16:11.

GIBSONS NEWS
By LES PETERSON

IT IS good to see that that grand old trouper, Jim Rennie of Granthams, is up and around again. Reporter Rennie underwent a serious operation in hospital some time ago, but is convalescing now. In the meantime, Mrs. Rennie is doing nicely in handling Coast News for the home town.

* * *

Mr. and Mrs. Harry Gough of Vancouver have moved to Gibsons to live. Harry Gough bought the Riley property near Gower Point a few years ago, and although he and Mrs. Gough have been paying visits to their home here for some time it is only now that they have moved here to live. This move does not mean retirement for Mr. Gough, proprietor of Gough Electric, but it does mean that he and Mrs. Gough will be at Gibsons a greater percentage of the time than was the case up until now.

Gibsons and Roberts Creek in Challenge Badminton Matches

BADMINTON enthusiasts witnessed a friendly challenge between Gibsons and Roberts Creek Badminton Clubs when the latter played host on Friday, October 24.

Roberts Creek won 18 games to Gibsons' unlucky 13—with Gibsons having 15 players on hand to Roberts' 26.

During the coffee recess president L. Peterson invited the Roberts Creek players to a return engagement on November 4, which was accepted with enthusiasm by president Keith Wright on behalf of the members.

Royal Wedding Day Holiday for Schools

VICTORIA — November 20, Elizabeth's wedding day, will be a school holiday in British Columbia, provincial secretary Pearson announced following a cabinet meeting today.

It will not be proclaimed as a general holiday requiring closing of places of business, but the children will be free from their lessons for that day.

Wharf Completed

GIBSONS—The Dominion government has completed construction of a wharf in the bay at Gibsons. Dominion public works materials for floats and wharves from Sechelt to Gambier Island will be stored in a shed which is to be built on the structure.

KLEINDALE
By MRS. O. DUBOIS

MRS. JAMES Phillips is now cooking for the Cockbourne Logging Co. at Nelson Island. Due to the cook shortage here she was forced to go and fill in as a cook until they are able to get a permanent cook.

In the meantime her youngest set of twins, Caroline and Jack, have started school here with their elder sisters, Jean, Marlene and Diana.

* * *

Mr. Roy West of the One-Man Logging Show has his one section of logs again boomed. He does remarkably well to get as many logs in as he does, all by himself. It means a long walk to work for him. He falls his own timber with a one-man power saw, runs his own small donkey, hooks his own logs on and in they come, if they don't hang up. As I said before, Well done, Mr. West, for a man close to 60.

* * *

Winnie Sundquist just purchased another cow, this one from Mrs. Henry Harris. She is now running a small dairy business.

* * *

The meat shortage did not hurt the local farmers any at any rate, they got rid of their surplus beef and pork at a good price, which is something for the farmer.

* * *

It doesn't seem possible but we are even tired of eating turkey. Almost every family bought a turkey over the week-end and had to invite their neighbors in to help eat it. Mr. and Mrs. Archie West had as guests for a turkey dinner Monday night Miss Charlotte Ferguson, our local school teacher; Mr. and Mrs. Oliver Dubois and children, Terry, Beverly, Marline and Baby Nancy.

* * *

The children of Kleindale are planning a big celebration for Hallowe'en, so tie up your dogs, neighbors, and have plenty of candy and what not, and maybe the local spooks won't be so hard on you.

* * *

Ronald Heid has left again for Vancouver where he will seek work again in a logging camp.

* * *

Kleindale community concert and box social is to be held at the Kleindale School on Nov. 22 at 8 p.m. Outside talent wanted. Anyone wishing to participate please get in touch with Miss C. Ferguson, Kleindale School, before Nov. 21. Three prizes will be given to the best performances.

Free transportation will be provided from Madeira Park to school for concert for anyone coming by boat, last car leaving Madeira at approximately 7:45 o'clock.

Now this concert by the adults is being put on to collect enough money for the children's Christmas tree so come one and all. The admission is only 25 cents so come and get your quarter's worth, and last but not least, ladies, bring baskets for the box social.

Women Noticeable by Absence at Polls Says Sinclair

NORTH VANCOUVER — Ottawa could "well do with a better representation of women," James Sinclair, M.P., told North Vancouver Junior Chamber of Commerce Thursday.

The absence of women on Capitol hill is "very noticeable," he said, "and it takes woman to speak with eloquence on problems of family significance."

The low ration of women M.P.'s he suggested, might derive from the fact that "it takes a top flight woman candidate to beat a second rate man at the polls."

Switzerland now allows tourists to take up to five Swiss wrist watches out of the country.

Mrs. L. C. McKinnon Passes October 25

ROBERTS CREEK—Mrs. Louisa McKinnon passed away Saturday evening, October 25, 1947, at the home of her devoted daughter, Mrs. Ruth Mitchell. Born in Victoria in 1862, she left for Oakland, Calif., at an early age where she received her education, coming back to Victoria at the age of 18.

She was the daughter of John Hill, a pioneer building contractor before the "Big Fire" which completely demolished his assets. After the fire he started re-construction and many of his buildings are still standing on Main Street where they were built when that area was the centre of a young city.

The late Mrs. MacKinnon was married in Vancouver to Thomas McKinnon and widowed when her five children were still young. She moved her family to Santa Barbara where she lived until five years ago She has since made her home at Roberts Creek with her daughter Ruth. She leaves to mourn her passing four daughters, Mrs. Ruth Mitchell, Roberts Creek; Mrs. M. H. Bell, Miss Helen McKinnon of Seattle, Mrs. Robert Bucknam, Sacramento, and one son, Mr. G. S. McKinnon, Vancouver. One grandchild Marian Bell of Seattle, and two sisters, Mrs. J. W. Witworth of Roberts Creek and Mrs. J. Bates, Vancouver.

Mrs. McKinnon was buried October 28 in the family plot, Masonic Section, Mountain View Cemetery.

BOWEN ISLAND
By PEARL PUNNETT

A PRETTY wedding was solemnized on Saturday, October 25, at St. Andrews-Wesley Church in Vancouver when Mr. Terence Riley and Miss Sheila Carson were married by the Rev. O. S. McCall. Terry's mother and dad, Mr. and Mrs. T. Riley, and brother, Leslie Riley, went to Vancouver to attend the wedding.

* * *

Mr. and Mrs. Doug Wilson and baby were up for the week-end to stay with the former's parents, Mr. and Mrs. Wilson of Scarboro Road, Bowen.

* * *

Mrs. J. Brand and Beverley were visiting Bowen for the week-end.

* * *

Mrs. Alec Pithie of Vancouver has just returned from a six-months' trip to the Old Country to visit old friends and relations and was here on the week-end to stay with her husband's parents, Mr. and Mrs. W. Pithie. According to reports she had a wonderful time.

* * *

Mr. Bill Glenn was taken to Shaughnessy Hospital on Saturday, after collapsing while out for a walk. He has not been well for quite some time. Bill was an employee of the Union Estates for over 20 years.

Arthur Rhodes Wed 50 Years

GIBSONS—An eventful milestone in the lives of another Gibsons couple was passed here on October 20 when Mr. and Mrs. Arthur Rhodes celebrated their golden wedding anniversary.

Mr. and Mrs. Rhodes came to Gibsons in 1916, and for many years had one of the largest berry farms in the district.

A large gathering of relatives of three generations and friends of the family attended the anniversary party.

ROBERTS CREEK
By CAROLA

MRS. DUNCAN McNair together with her son and daughter, Peter and Marcia, have returned to North Vancouver after spending a week at the Creek, the guests of Mrs. J. Newman.

* * *

Mrs. J. Newman's two little charges made their first plane trip recently — Kitty Ripley spending two weeks with her mother visiting Vancouver and Seattle; Shiela Smith, her grandmother in Cranbrook, whom she hasn't seen since she was a wee mite.

* * *

Eric Lindwall celebrated his birthday in Vancouver with his mother, Mrs. J. Lindwall. Eleven candles on his cake!

* * *

A happy birthday to Joan MacKenzie whose birthday falls the day before Hallowe'en. Eleven candles on her cake!

* * *

Mrs. G. Cotton spent two weeks in Vancouver at the home of her daughter and son-in-law, Mr. and Mrs. Herbert Nowell during their absence on a business trip to Montreal. Mr. Nowell is well known in the radio field, singing over C.B.S.

* * *

Mr. and Mrs. J. McCullough have moved to their new residence at Wilson Creek.

* * *

Mrs. Muriel Coles and her three kiddies are now living in one of McCulloughs cottages. Mrs. Coles is the new Sunday School teacher at St. Aiden's, having replaced Mrs. G. Wells who was unable to carry on in that capacity due to ill health.

* * *

Mr. George White who died in Vancouver recently was a resident of Roberts Creek for over 17 years, formerly of Manitoba, cousin of Doctor F. White and former owner of the MacKenzie residence.

Our economists, sizing up the national health, seem as confused as Groucho Marx taking a patient's pulse; "Either this man is dead or my watch has stopped."

Port Melon-Pender Harbour Telegraph Program Slated

THE provincial government has announced a program for rebuilding telegraph lines between Port Mellon and Pender Harbour. Included in the plans will be a complete reconstruction of the pole line from Port Mellon to Halfmoon Bay.

The pole line from Halfmoon Bay to Pender Harbor is also scheduled for rejuvenation, and approximately 40 per cent of the poles will be replaced.

Two high-grade copper wire circuits have already been installed between Gibsons and Port Mellon. A third copper circuit will go ar far as Williamsons Landing and will connect with the submarine cable just recently laid between New Brighton on Gambier Island and Williamsons. This circuit when completed will give Gambier Island its first land line telephone communication service.

A lead-covered aerial cable has been installed between Gibsons and Hopkins Landing. With the arrival of the new switchboard for Gibsons, this cable will be connected and give residents in that area the opportunity to have private line telephone service. By next spring, similar service will be available for the residents of Headlands.

ALREADY INSTALLED

Other circuits already installed are: one line to Gower Point, two circuits to Roberts Creek, three unloaded toll circuits between Gibsons and Sechelt, a Vancouver direct from Sechelt, two Wilson Creek circuits, two Selma Park circuits.

Expected to be completed by November 15 are a third Roberts Creek circuit, a third Selma Park circuit, at least one more local line at Sechelt North, an improved Thornby Island to Lasqueti Island circuit, a Madeira Park circuit, two Pender Harbour party line circuits, a Pender Harbour private line for pay stations use, a teletype circuit to Port Mellon.

By next summer it is expected that an aerial cable will be strung between Sechelt, Wakefield, and Wilson Creek, giving private line service in these areas. A second Sechelt-Vancouver circuit will be installed and possibly a fourth Gibsons-Vancouver circuit, also by next summer, and a circuit at Redroofs.

Two new switchboards capable of handling an ultimate of 160 lines have been ordered. Delivery was promised for March, 1947, but to date the boards have not arrived.

Switchboard for Gibsons is expected in December.

COUNCIL MEETING . . .

Over 300 Applications For Power Received by Peninsula Trade Board

AT A RECENT executive council meeting of the Sechelt Peninsula Board of Trade, the extension of light and power on the peninsula was discussed.

Under the auspices of this board, applications for light and power have been collected. Though this list is not yet complete it already contains some three hundred names. To this should be added the needs of our numerous logging establishments, machine shops, business institutions, and the Pender Harbour hospital.

A letter from the board has been dispatched to the B. C. power commission requesting an immediate survey of the light and power needs of the area from West Sechelt to Pender Harbour, inclusive.

GUEST EDITORIAL . . .

Get Behind Sechelt

By EARLE GRAY

ON FRIDAY, October 17, plans were brought forward at the monthly P.T.A. meeting to erect a community hall at Sechelt. The need for a hall at Sechelt, such as the one suggested at the P.T.A. meeting, is imperative. The school children need a gym, and so does the Pro Rec. During the winter the school children must take their physical training period (provided for on the school curriculum) in the rain or do without it. The proposed hall would provide a solution to this problem.

It would also provide a court for the badminton club and a dance floor for Teen Town. The P. T. A., the Sechelt Improvement Association, the Board of Trade, and Teen Town could use the hall to hold their meetings in. The community could use it for plays and concerts, thus providing an outlet for local talent. In such up and coming communities as Sechelt and Selma Park, a community hall is of infinite importance.

These plans are to be further discussed at Sechelt Improvement Association, Board of Trade, and Teen Town meetings. Under the present plan representatives from these organizations will constitute the board supervising construction. Thus the new hall will have the complete backing of organizations of good standing. Already Teen Town has promised to support the project with financial aid to the best of their ability.

If this project is to be a success the people must get behind it and give it their full support and co-operation. We must unite our efforts to build one good, substantial, and practical hall, centrally located. It is better to have one large, well-organized, and well built hall, centrally located, than two or three inadequate and decentralized halls. It is beter to have a hall that will serve us well than one that we have wasted both time and money on.

If the people realize all the advantages that a good community hall offers, they are bound to co-operate. When the building is completed, a fine monument to united efforts, the people will be able to say with pride, "this is our building for our use".

Because of these reasons and many more, if you are called upon to donate either time or money, do not hesitate, but give generously and get behind the project. You are not really giving, but buying something worthwhile for yourself.

Gibsons Board of Trade Ask for Water Board

GIBSONS — The Gibsons and District Board of Trade has undertaken wide and far-sighted planning on a number of projects concerning the development of this area.

The three matters considered by the board to be of the most concern at the present time are the formation of a district water board, the construction of the Port Mellon Road, and the inauguration of a police office at Gibsons.

President J. P. Veitch and special secretary P. G. McPherson have returned from a trip to Vancouver and Victoria concerning these points. Interviews concerning the water problem were held with Dr. A. Cleveland, of the Vancouver and District Water Board, and with Major Farrow of Victoria. In view of the urgent need for running water not only for domestic use but also for agricultural and dairying needs they suggested a survey of the entire Sechelt - to - Gibsons area with the object of setting up a metropolitan water district. Mr. Lane, legal council to Major Farrow, gave some advice and heartening encouragement concerning the financing of the huge project.

An interview with Dr. Carruthers, deputy minister of public works, concerning the construction of the Port Mellon road, was likewise encouraging. Dr. Carruthers stated that the government's prime concern in the matter of roads was the maintenance of stabilized highways and lifelines to industry. Since the Port Mellon Road would fall under the latter category Dr. Carruthers felt that it would receive consideration.

Further interviews were held with the department of reconstruction, the department of education, and with Police Deputy-Commissioner R. Peachy.

The reconstruction department offered to send officials to this area to make surveys and give advice to local councils concerning zoning plans and problems.

The department of education assured support in the Port Mellon Road project in order to enable students to obtain at Gibsons High School facilities denied them at Port Mellon.

Deputy-Commissioner Peachy stated that if existing obstacles can be overcome a provincial police officer will be stationed in the Gibsons area.

A final interview with the deputy-assistant minister of agriculture brought to light a land-clearing scheme which migh possibly be inaugurated in this district. This program would permit bona fide farmers to have their acreage cleared with government equipment at very moderate cost.

In summarizing his report to the executive of the board of trade, Mr. Veitch affirmed that in his opinion the implementation of the water, road and land projects would portend to vast development of the Sechelt peninsula and West Howe Sound.

Mrs. Bowman Heads Women's Institute

GIBSONS — Tuesday, October 21, the Women's Institute annual meeting was held in the United Church Hall. Election of officers for the new year was the main business. Mrs. Bowman was elected president by acclamation; Mrs. Gertie Corlett, vice-president by acclamation, and Mrs. Haley, secretary-treasurer, also by acclamation.

The five directors elected were Mrs. H. B. Metcalfe, Mrs. H. Knight, Mrs. Filley, Mrs. Pilling and Mrs. Turner. Mrs. Metcalfe is head of the building fund, Mrs. Knight is in charge of the citizenship group, also home economics; Mrs. Bushfield and Mrs. Bartle again accepted the visiting of the sick; Mrs. Lefleure is again in charge of agriculture with Mrs. Topolinski as assistant.

Mrs. Knight is the convener for the bazaar of Nov. 21. A special meeting to discuss plans for the bazaar will be held in the United Church Hall, 2:30 p.m., November 4.

A hearty vote of thanks was given the retiring officers, Mrs. Knight, Mrs. Bartle, Mrs. Filley and Mrs. Perrochet.

The committee in charge of the sick visiting was instructed to send flowers to Mrs. Ross at the General Hospital, and something suitable and nice to Mrs. Fred Soames.

BRITANNIA BEACH
By NETTIE HAMILTON

(*Held Over From Last Week*)
SORRY to report Mrs. W. Adamson is in the townsite hospital and hope she is feeling much better. She has been ill for several weeks. We had another near tragedy which could have been a lot worse than it was and I'm sure very thankful to have my Dad (Mr. Lewis Will) here with me this week.

He was starting or testing an oil boiler and it backfired. He was burned badly on hands, back and the side of his face, with the hands being the worst. He is feeling much better but will be off for some time yet.

* * *

Birthday greetings to Francis Bergenham, Carol Wallis, Mr. Jack McDonald, Mrs. C. Thomas, Mrs. S. Andrews, and anyone else whose birthday is in October.

* * *

It was a very wet day for the wedding of Elizabeth McKenzie and Frank Bogle. We wish them the very best of luck and happiness.

* * *

Our deepest sympathy to Bob Philips who lost his mother. She had just celebrated her 80th birthday and last Thursday suffered a stroke.

* * *

Anniversary greeting to the Baldersons, the Verdiscos, the G. Mounseys.

* * *

Mrs. C. P. Browning had a gang in for Mr. Browning's birthday. Many happy returns. Those present were Mrs. Wallis, Mr. and Mrs. Hatch, Mr. and Mrs. McKay, Mr. and Mrs. McGregor, Mr. Wiser, Mr. and Mrs. Matheson, Mr. and Mrs. Nelson and Mr. and Mrs. G. Stewart.

* * *

Mrs. Jack McDonald also celebrated Jack's birthday. Happy birthday, Jack, and also to George Taylor.

* * *

Congratulations to Colin and Doris Stewart (nee Doris Wharton) of Vernon on the birth of a daughter.

* * *

Wedding anniversary congratulations to Gord and Lil Mounsey. Birthday greetings to Marry Mounsey, 5; Danny Henshow, 7; Barbara Ann Hamilton, 5.

* * *

Thanks to Mrs. O. Erickson (writer for Wilson Creek) for saying hello to Wes and I in your column, so "hello" to you and that better half. You'd hardly know anyone here now especially at the townsite.

I've been asked to congratulate Mrs. Edith Fleming on singing such a nice solo in church.

* * *

I hear wedding bells have at last rang out for Clint Nickolson to a lovely little lady right out from Holland. Congrats from all that know you here at Britannia.

* * *

I hear Mrs. A. Proudfoot has her precious bundle, a daughter. Congrats Ann. Slipped up on congrats to Oliver Browning on the birth of a son.

* * *

The Wills twin daughters, Carol Louise and Deanne Margaret, aged 3 months, were baptised by Rev. Mr. McKay at a lovely Thanksgiving service.

* * *

On Oct. 11 we really enjoyed a wonderful evening put on by body really enjoyed themselves. Bingo was played, and all enjoyed a real good sing-song led by Gordon Mounsey. Mr. McArthur put on a tumbling act, and an old timer Vic Rice, sang "The Laughing Song," accompanied by his wife. Vic and Jimmie Newberry got together for a duet. We really saw fingers travel when Yvonne and Sven Anderson gave us a tune on the piano and accordion. A good laugh was four men being fed by four women with a bottle of beer with a nipple on them. The affair wound up with an hour's dancing.

* * *

The old cigars are sure having a "shell out." Mr. and Mrs. Mort Adamson were blessed with a daughter, so congrats to you three. Also to the Bob Carters who got their third daughter. Sorry Ollie you didn't get that much wanted son. (Maybe next time?)

* * *

Glad to say Mrs. W. Adamson is home from the hospital and feeling much better.

* * *

Mrs. J. Dunbar is in Vancouver General Hospital and has had an operation and is doing nicely and hope she will soon be home.

* * *

Georgia Roach was home for the week-end. Nice to see her again and she likes living in Vancouver.

* * *

Mrs. R. Fleming arrived home after buying Vancouver out.

* * *

Mr. Lewis Will is also back after spending a few days in Vancouver, and all being well will be back to work shortly.

* * *

Well once again the fireman's ball is over for another year. By all accounts no one had to the "Beach Club." It was the first event we have ever had like it. I am sure that everybe saved, not even a "fireman." The music was good, a nice turn out and all had a good time until 3 a.m.

* * *

The Ladies' Aid had a bridge and whist on Friday, and sorry to report there wasn't a very large turn out, but by all accounts they really had fun. The prizes were wonderful. I hear Mrs. Browning enjoyed the cakes so much she had three pieces on her plate at one time,

* * *

My daughter Barbara Anne came tearing in last night, "Come, Mum and Dad and see the wildcat, so off we went, and off "it" went too, a mere skunk. We weren't long in closing the door.

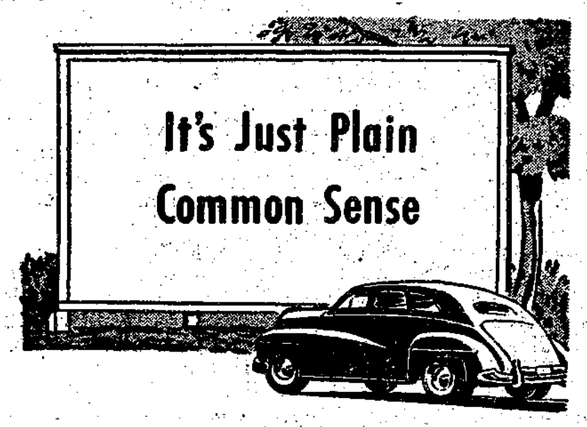
It's Just Plain Common Sense



That car of yours cost a lot of money. It's just plain common sense to have faulty brakes fixed immediately . . . to have inadequate lights made right . . . to have necessary adjustments taken care of before they grow into larger troubles. We can put your car in top condition for so little. Then you can smile at driving hazards, steep hills, sharp curves . . . and let those who don't use common sense pay the bill.

VISUAL EDUCATION

The Department of Education has recently established a Division of Visual Education. One of the chief functions of this Division is the operating of a bureau for the circulation of Visual Aids. Included among these instructional media will be a library of filmstrips and sixteen-millimetre sound and silent films pertinent to such topics as:

Art	History
Agriculture	Industry
Biology	Languages
Commercial Studies	Mathematics
English	Manual Arts
Elementary Science	Music
Guidance	Physical Education
Geography	Safety Education
General Science	Social Studies
Health	Teacher Training
Home Economics	Vocational Training

Those desiring information relative to this service may write the Director of Visual Education, 1722 West Broadway, Vancouver, British Columbia, or 704 Yates Street, Victoria, British Columbia.

Department of Education
Parliament Buildings **Victoria, B.C.**
Honourable Geo. M. Weir, Minister

IRVINES LANDING

By MARGARET DUNCAN

TRAVELLERS to Vancouver last Sunday were Mr. W. P. Falconer, Mr. R. E. Wilson, Mr. Ronald Heid, Mr. George Donahue and Mrs. Yates for the Harbour. Mr. and Mrs. Kuchinka and Mrs. F. Simpson and her son from Kuchinka's Camp also were Sunday travellers.

* * *

Mr. Mort Douglas and Mr. Charles Heid came home Tuesday on the Gulf Wing.

* * *

Mrs. Wm. Billy and niece Geraldine Walt from Kuchinka's were the visitors of Mrs. R. E. Wilson for a few days this week.

* * *

Miss Jean Woodrow is visiting at the home of Mr. and Mrs. A. R. Dingman. Mrs. Dingman has been quite ill but is recuperating nicely now.

* * *

Mr. J. Potts went to town Friday.

* * *

The Henry Whittaker's have been visiting the Charles Whittakers this week.

* * *

Don't forget the masquerade Friday, October 31. It's going to be good.

* * *

And also the hospital bazaar which is on November 8. It is for a good cause and the things they sell are really worth seeing and buying.

* * *

Mr. Clifford Edwardson returned from the north. He must have had a good season fishing because he just stopped at the Harbour long enough to ask his sisters Dolly and Myrtle, if they would like to go to Vancouver for a few days. They went. As would anyone who was offered a chance like that.

* * *

Miss C. Woulds went to Vancouver for the week-end.

* * *

MR. AND Mrs. A. Atcheson returned last Friday from a very good fishing season up north.

* * *

Mrs. H. Blair and daughter Margaret Patricia went to Powell River on Tuesday to visit Mrs. Blair's sisters.

* * *

Miss Dorothy Mullins left Tuesday to visit her sister in Powell River.

* * *

Mrs. Ole Lee is in Vancouver, where she is to undergo an operation. Since she left, Mr. Ole Lee has been in the Garden Bay Hospital.

* * *

Mrs. Bill Brawn was in the Garden Bay Hospital last week for a few days. She burned her face rather badly when some hot grease exploded in her face.

* * *

Mr. Ossie Nichol is working up at Coburn Point.

* * *

Miss Alice Dubois went to Vancouver for the week-end.

* * *

The Badminton Club had its first game of the season on Friday night. There was a very good turnout. It looks as though we will have a full membership this year. Don't forget the masquerade dance sponsored by the Pender Harbour Badminton Club on Friday, October 31. Everyone is welcome.

* * *

Mrs. R. Glassford is up visiting her daughter and son-in-law, the Len Wrays.

* * *

Have we been having the weather? I'll say we have. On Tuesday it was blowing so hard the Union Steamship could not land at the wharf. They have never done that before. The passengers, mail and freight were taken off the boat by small boats that went out to it.

* * *

Mrs. Gilbert Gooldrup came home Saturday with her week-old daughter.

* * *

Mrs. Ole Lee returned home for a few days before entering the hospital in Vancouver.

* * *

Mrs. Benny Kline and son came home on Saturday, also Mrs. R. E. Wilson came home after a holiday in Vancouver.

HOPKINS LANDING

(Held Over From Last Week)

THERE were many visitors at Hopkins Landing for the Thanksgiving holiday. Some of those who came up for the long week-end were: Mr. and Mrs. J. Allen, Mr. and Mrs. Braden, Mr. and Mrs. Nairn, Miss Barbara Black who brought a friend with her, Miss Pamela Spate who came to spend the holiday with her mother and father, Mr. and Mrs. Spate. Mr. and Mrs. Duncan had as their guests Mr. and Mrs. A. C. Crighton of West Vancouver, Miss McDonald and Mr. and Mrs. McLeod, all of Vancouver.

* * *

Mr. and Mrs. Cambourne expect to move into their new home at the end of the week.

KNOW YOUR TREES

Douglas Fir

(Pseudotsuga taxifolia)

also known as Oregon Pine and Douglas Spruce.

A coniferous tree which prefers fresh, well-drained, porous, deep, loamy soils, avoiding saturated poorly-drained, heavy soils. Most gigantic tree of the Pacific Coast forests, with the exception of the great Sequoias of California. Commonly grows from 150 to 200 feet in height with diameters from 3½ to 6 feet. Has wide range in the interior of B.C., but chiefly confined to lower part of coastal region.

Very valuable for construction timbers. Also suitable for normal lumber products, finishing lumber, spars, veneer and pulp.

$94,000,000 is invested in the Pulp and Paper Industry in British Columbia. Greater than any other B.C. industry.

YOUR FORESTS ARE YOUR DAILY BREAD . . . NOW AND IN THE FUTURE

Be kind to little trees . . .

No. 2 in a series of informative advertisements. Paste them in your scrap-book for future reference.

PULP & PAPER INDUSTRY IN BRITISH COLUMBIA

SECRET COVE

By INEZ WILLISON

A TEA Party was held on Friday evening at the home of E. Willison in honor of the ladies at the Jorgenson logging camp. They all eenjoyed a grand time until the wee hours; also a couple of men came in on the party (lucky men). The guests were Mrs. Ivor B. Jorgenson, Mrs. Elmer M. Jorgenson and Miss Ida Jorgenson of Secret Cove; Mrs. A. Ritchey, Miss Joan Ritchey and Mrs. Pete Hanson, Miss Louise Hanson, Mrs. Harper (teacher), all of Silver Sands; Mrs. G. Nautio and Mrs. Thodeson of Wood Bay; Mrs. W. Pearson of Madeira Park.

* * *

Mr. Ivor B. Jorgenson has returned after several days' stay at Jervis Inlet where he is planning a new logging camp site.

* * *

Mr. and Mrs. A. Allbright and their two children, stopped in on their way from Prince Rupert to Vancouver. They are travelling with their own boat.

The contract rate for the Churchill memoirs is a dollar a written word, with nothing extra for clearing the throat, which was always a dramatic high spot in the wartime oratory.

By BROWNIE

(*Held Over From Last Week*)

SUNDAY, October 12. — Mrs. George Berry, Mrs. Ted Jackson and son Edward, returned home today after a visit and shopping spree in Vancouver. (P.S.: Ted and George are now taking orders for Christmas cards to make up the deficit.)

* * *

Monday, October 13—Mr. and Mrs. George Berry had a Thanksgiving dinner party at their home, guests were Mr. and Mrs. Ted Jackson and Edward, also Mr. and Mrs. Chuck Royal and sons Wayne and David. After dinner there followed an enjoyable evening of music and cards, with Mr. L. S. (Pop) Jackson dropping in for an hour or so to kibitz and have coffee.

* * *

Belated greetings to Mr. and Mrs. Fred Mathias on their first wedding anniversary, October 12, best wishes, Freddie and Kay for many more. Mr. and Mrs. E. Olsen had a social evening at their home to celebrate the happy occasion.

* * *

Mr. Chris Smith bagged another mountain goat this year Keep it up Chris, sure helps the meat shortage, also delicious eating.

* * *

The shooting irons are all oiled and ready to fire, the roasting pans and ovens are heated in readiness, and of course some of us pessimists always have something else on hand. Reminds me, I must look at those sausages in the ice box!

* * *

Odds 'n-Ends—While en route home from the big city, was talking to Piv Jackson at Salmon Bay, he told me he and his bride Irene hope to come up here for a few days of duck shooting.

* * *

Weather report—Ankle-deep sunshine.

Eire comprises five sixths of Ireland—the balance is included in North Ireland, politically a member of the United Kingdom.

Reader's Right

—Letters To The Editor

Editor, The Coast News.

Sir,—I have heard certain rumors to the effect that a car was seen in the vicinity of Middle Point, its occupants several men in white uniforms carrying butterfly nets. These gentlemen, it is further rumored, were enquiring for none other than Jack McGoon.

Now, in order to dispel these rumors I thought that for the benefit of those readers who actually read your worthy paper and not those who upon receipt of it immediately carry it outside where their plumbing is located, I would relate the story of "Jack's" life.

He was born on a little island in the North Sea where his parents raised him on fish. (Fish —a rare type of food noted for its brain developing qualities.)

Upon his arrival at the McGoon abode his fond parents debated whether to keep the stork or throw Jack away but finally decided to keep both. The stork was then trained to keep the family larder well stocked with fish on which little Jackie was raised.

His tremendous appetite soon depleted the local runs of fish, but luckily during a freak gale a whale (a "fish" whale) was washed ashore, which Jackie proceeded to devour with great relish.

As a result his brain developed quite rapidly and at the tender age of six he graduated with top honors at the local college. He became quite famous as a scientist, philanthropist and explorer. He is believed to have found the "Missing Link" although no one there could remember losing it. He received the highest honor of his country by developing the self-hilling potato (spud to you). This potato resulted from his experiments in crossing a potato with a mole. The honor received by Jack was the ancient "Order of the Boot."

He soon departed from his native land and arrived in this country—his one hope was to show the people here the error of their ways and to teach them how things were done in the Old Country. However, he soon learned the error of his ways and that his former high I.Q. rating gave him the rating here of about a grade A moron.

This did not deter his ambition, so after recently consuming great guantities of an almost extinct species of fish known as the codfish he has now hit upon an idea for revolutionizing the logging industry by eliminating to a great extent the expense of transporting logs from the woods to the water.

His idea is I believe to utilize a by-product of the logging industry—this by-product is produced in large quantities but to date has been found to be of little practical use—namely hot air.

This by-product he hopes to compress in cylinders which will be attached to each log, it will then be released on the rocket principle to propel the log — thus eliminating trucks, etc.

Jack believes that this method will at first be only practicable in large camps where there is a greater volume of hot-air produced.

SHORTY MCBEER,
MCNAUGHTON POINT.

Gibsons School News

By MARY SLINN

(*Held Over From Last Week*)

WE SPENT nearly the whole of one afternoon in the polling booths set up in various classrooms this week. The school officers are: President, Pat Slinn; vice-president, Barry Stewart; treasurer, Chuck Kane; secretary, Sue Armour.

The school hall has been improved by being painted outside and lined inside. Basketball players claim that there is better vision because of the lighter-colored walls — and it seems true. By the way, there is basketball practice every Thursday night.

Mrs. Stalker has started a dramatic club which should interest many of the pupils. It promises to be good.

It's nice to see Wilf Nestman back at school . . . we missed him. Wilf has been working up the coast.

Welcome to Jerry Vannatta from Shafter, California. (Eddy Battison, please note.) Jerry is in grade nine.

We are going to miss Pearl and Chuck Kane who are moving to Port Mellon. Seems Les Farwell is at Port, too. What has Port Mellon got that we haven't got?—Besides that!

CHARACTERS YOU KNOW

Jim (Froggy) Smith can't seem to convince Mrs. Stalker he's not in English VI. It's kinda tough on you, isn't it, Froggy; but with Harold Bernhof's help, you're doing all right.

Betty Brown gave us a scare the other day when she passed out. She is still going around with a dazed look on her face; not entirely due to the fall. There is a certain grade nine boy who has a lot to do with it.

Earle Foulkes has a talent for getting into trouble. One day he is lighting firecrackers under people and the next day he is busy making the teacher's life miserable by methods known only to him. He must spend nights thinking up horrible things.

It was nice to see Gloria Forst and Iola King last week-end. School doesn't seem the same without them.

At a Teen Town meeting recently Ruth Norris was nominated mayor; Claire Veitch, treasurer; and Kay Coleridge, M.C. They are already planning a Hallowe'en dance.

Science class gets our vote for the most interesting period of the day. After viewing membranes of a pig under microscopes, and examining one "Rusty," a bantam rooster, we weren't even surprised when several earthworms were subjected to examinations, tests and bisecting. Gory, but we love it!

AT A SCHOOL assembly this week Mr. E. Sargent spoke of the Hallowe'en party the Legion is putting on for us. It promises to be a success. See you there!

Doreen Shaw is the new school treasurer since Chuck Kane has left us for Port Mellon. Lucky Port Mellon!

School activity cards will soon be on sale at 75 cents each. These cards entitle the holders to attend the four school parties planned for this year.

Monitors have been appointed to supervise the basketball games at noon and after school. The monitors are June Moir, Eleanor Shaw, Eleanor Arrowsmith, Yvonne Palmer, Sue Armour, Ted Parnwell, Bob Graham, Earle Foulkes, Don Brown and Murray Begg.

Two teams are being planned for competition and the noon hour schedule is: Monday, senior boys; Tuesday, senior girls; Wednesday, grade 6 and under; Thursday, junior boys; Friday, junior girls.

Grade 7 and 8 have withdrawn from the students' council and are going to try their own wings—good luck!

That social studies exam was the longest one I've ever written—four days long. Gad!

The basketball game between the crew of H.M.C.S. "Antigonish" and Gibsons senior boys was really special. The score: Navy, 30; Gibsons, 33. Nice going, fellas.

AND CONFIDENTIALLY

Overheard Shirley Kirkland memorizing the story of the show she was supposed to have gone to. Just for the record, Shirley? We're beginning to suspect that you didn't arrive there.

What cute li'l' blonde goes dreamy-eyed every time Eddy Battison's name is mentioned?

Jack (Worms) Norris gave out with some weird wailings when he sat on the porch of the High School and serenaded us, last period one afternoon.

When Bud Foulkes and Roy Wallis missed their books one period the first person they suspected was Doreen Shaw. Jim Smith turned out to be the guilty party who had hidden their books in the piano.

Harold Barnhof got hungry in science period and ate the onion he was drawing. Probably was forced to hang his head out the bus window all the way home.

Finally found out why Don Graham was nicknamed Weegee. Seems they called him Wee Graham for a while, and then shortened it to Wee G. By the way, Don, you'd better keep an eye on your big brother because he's keeping his eye on that tall blonde in Grade 9.

It can't be true that Mr. Oliver is going to leave us. We hope it is just a rumor. Imagine baseball without him!

IMPROVEMENT ASSOCIATION MEET

THE ROBERTS Creek Improvement Association will be holding its next regular meeting on Thursday, November 6 and several important matters will be brought up. But the real reason for the meeting is the election of trustees for the planned Roberts Creek waterworks district. Notices of said election are already posted, and a full attendance of property owners of the district laid out in the notice will endeavor to attend at the Community Hall at 8 p.m., Thursday, November 6, 1947.

* * *

On Sunday, November 9, an Armistice Day service will be held in the English church at Roberts Creek at 11 a.m. A tablet in memory of those who served in the armed forces from Roberts Creek will be unveiled. The address will be given by the Reverend Mr. Harbord. Legion members will meet at the home of Comrade D. Boutilier at 10:40 a.m. and parade to the church. Medals and decorations may be worn.

No. 3 grade honey may not be of such good flavor as higher grades and may have some pollen or wax. It has poor keeping qualities and is not so good for table use but is excellent for baking.

BING CROSBY on CKWX

Newest highlight on the CKWX schedule is the "Bing Crosby Show," presented by Philco, and broadcast every Wednesday (Bingsday) at 9:00 p.m. Bing stages one of radio's top entertainment sessions with the help of John Scott Trotter and his orchestra, Songstress Peggy Lee, the Rhythmaires, Ken Carpenter and famous guest stars.
