

Serving a Progressive and Growing Area on B.C.'s Southern Coast. Covers Sechelt, Gibsons, Port Mellon, Woodfibre, Squamish, Irvines Landing, Half Moon Bay, Hardy Island, Pender Harbour, Wilson Creek, Roberts Creek, Granthams Landing, Egmont, Hopkins Landing, Brackendale, Cheekye, Selma Park, etc.

Vol. 4 — No. 11      Gibsons, B. C.      Monday, October 23, 1950      5c per copy, \$2.00 per year, by mail

**BETWEEN YOU AND ME...**  
by **BILL SUTHERLAND**  
Editor, The Coast News

HERE IS an easy way to understand all the ideologies of late years. It was dreamed up by Edward E. Hale and published in the New York Times.

**"Socialism —** You have two cows and give one to your neighbor.

**"Communism —** You have two cows; the government takes both and gives you the milk.

**"Fascism —** You have two cows; the government takes both and sells you the milk.

**"Nazism —** You have two cows; the government takes both and shoots you.

**"New Dealism —** You have two cows; the government takes both, shoots one, milks the other and throws the milk away.

**"Capitalism —** You have two cows; you sell one and buy a bull."

Here is a hint to Norman Hough or Milkman Secord.

Cows increase their milk production up to 50 percent when they are switched from hard to soft drinking water, according to recent experiments.

Water for Sechelt residents should be more plentiful in the future we understand. During the last unfortunate closure of the pipe entrance, Ed Enwright, manager of Union Estates, happened to be visiting in the area.

Ernie Pearson, everybody knows Ernie, he grabbed Mr Enwright and detailed him on the end of a shovel. Result was that plans are now afoot for bettering the entrance to the present pipe line. That is one way of getting improvements — get the boss man on the end of an Irish banjo and results happen.

While on the subject of Ed. It may be recalled that he was one of the figures behind the scenes when the School bylaw was being fought to the end that occurred. Ed started the investigation of actual increase in costs which resulted, among other things, in having Captain Drage pulling on the side of the bylaw.

He is not very well known up in this neck of the woods but one thing we would like to point out is that he is not as bad as his company's record would sometimes indicate. He, after all, just works to keep his family together just like you and me.

# Logging Accident Takes Life Of Rotter Employee

WILFRED Raymond Cain, 46, Halfmoon Bay, met his death from a logging accident which occurred at Rotter's Logging Camp, Tuesday, according to inquest jury findings, made following the tragedy.

Evidence given by eye witness Gordon Stewart drew a grim picture of a lashing lead line which struck the unfortunate man just a few moments before quitting time.

According to Mr Stewart a part of the tackle, only a few minutes before thoroughly inspected, had broken and the released line snapped back without giving the victim any opportunity to clear the lashing line's path.

The jury was told by Doctor Hugh Inglis, that death "was unavoidable" following the accident.

Death was due to hemorrhage caused by the line striking him in the back. According to witnesses the spreader bar broke under strain of a "log which was hung up."

## Many to Attend Liberal Rally

SELMA PARK — Delegates to the Federal Liberals' Convention to be held Oct 28 in West Vancouver will be Mrs Frank French, W. Waddell, Captain and Mrs Andrew Johnston (Captain Johnston is president of Sechelt Liberal Association), Mrs George Colson, W. T. Mayne, Dr T. R. McColl, Mr and Mrs Sid McKay.

Delegates were chosen at an association meeting, Wednesday.

Several resolutions will be laid before the convention according to Captain Johnston.

## New Members for Kin Club Are Initiated

GIBSONS—Welcomed officially into the Kinsmen Club, by past president Reg Godfrey, were Don Hauka, Tom Larson, Fred Saunders, Norman Hough, Vic Franske, Neil Sutherland, James Schutz and W. Sutherland.

Several of the members have been on actual duty with the unit for several months.

Occasion for the installation was Ladies' Night at Hunter's Guest House, Wednesday, when guest speaker was Doctor R. W. Frank, DDS.

The doctor, who has recently arrived to take over dental work for the schools, showed slides of a trip he made with the supply ship Nascopi into the Arctic circle.

Many of the films dealt with the Eskimo way of life, their methods and modes. By means of a running commentary, the doctor drew a graphic picture of the hardships endured by our northern neighbors.

Kinsmen and their wives learned why the Nascopi made the annual trip into the ice floes to supply every conceivable want of the Hudson Bay Company, the RCMP and natives alike.

"These people undergo unbelievable hardships," Dr Frank reported. He claimed the Government was spoiling the Eskimo and cited cases where actual harm has been done by dictatorial Ottawa methods. "They should leave the handling of the Eskimos to the Hudson Bay Company," he said. "Through the years the company has learned how to handle them for their own good (the Eskimos).

"These people will smoke everything," he said. "They love tobacco in any form," he claimed.

The Eskimo is a very smart man. He is somewhat of a mechanical genius. He can make motors run that absolutely baffle the white man. They never wash, yet they are never dirty.

Many of the pictures showed life within the igloo and summer tents of the natives. Cooking methods also were displayed.

pending school — outside those estimates for the construction, amounted to nearly \$9000 for the digging of wells and installation of pumps.

It has been roughly estimated that Mr Cluse's method, thought of for the School Board by Trustee Norman Hough, will mean a saving of more than \$8000.

## Parents May Square Dance

GIBSONS — A plea to attend the Saturday night square dances of local youngsters has been made by Gibsons and District P-TA.

Aimed at all parents, it has been suggested that the attendance of grownups would help them see some of the activities enjoyed by their sons and daughters.

Dances are held in the School Hall, every Saturday night.

## Bonfires Will Light Up Halloween Countryside

KEEN RIVALRY is expected between the youngsters when news goes around that first prize for the most Shellout tickets sold between October 23 and October 30 will be a brand, spanking new, up to the minute bicycle.

Reg Godfrey, chairman of the Kin Shellout committee charged with supplying all the eats, fun and frolic, aided by teachers and P-TA groups throughout the Peninsula, has assured all children of something in the way of surprises.

Parties will be held at Pender Harbour, Halfmoon Bay (this is still not quite sure), Sechelt, Roberts Creek and Gibsons. Final word on locations will be made at next meeting of the Kin Club, Wednesday. A full report on what is pending will appear in the next issue of The Coast News.

P-TA groups will be supplied with food by the Kin Club. This will be served by the groups to each bonfire party, said Mr Godfrey.

Two or three Kinsmen will be in attendance at each bonfire during the evening. They will be here to help promote and pick costume and prize winners in the various group contests and individual turnouts.

"A very good response has been met all through the Peninsula," said Mr Godfrey. "Everyone seems to be ready for the un, including the youngsters.

## Sorcery May Save School

GIBSONS — Aided by spiritual, voodoo mystery and a little foresight, it may be possible for the School Board to save more than \$8000 in one move.

Following orders received from the Board, Mrs Anne Burns, school secretary, accompanied by Edward Cluse, Sechelt, "divined" the Roberts Creek school site in an effort to find water at a level which would allow siphoning.

Mr Cluse, "I've divined 20 wells since I came here and never had a dud," by means of the forked stick, found much evidence of strong supplies of water. The water will be easy to siphon into the school, according to the diviner. "There will certainly be more than you need and only about 21 feet down."

Estimates from Pumps and Power in Vancouver in relation to the water installation for the

## EDITORIAL No More Guessing

A FEW MONTHS ago we were told, and we believed that schools on the Peninsula would cost approximately \$500,000. The Peninsula and the Howe Sound Islands pulled in their collective belts and said, "let's get on with it." They figured it would cost so much in increased taxes, and submitted to the boost.

It never struck anyone that around \$500,000 would never be enough by probably many thousands of dollars.

Nelson Island and Egmont schools were estimated by the firm that was finally given the contract. The firm was the only one dealing with that type of construction, therefore the Board and the architect had to ask first, then estimate, then call for tenders which came from the same firm. Naturally, estimated costs and the final figure were exact.

But such will certainly not be so with our remaining schools.

When discussing the broad difference between the estimates given, just a few short weeks ago, with Architect Mr Harold Cullerne we asked why there should be such a spread in the estimated price and the actual price presented by contractors. The latter prices, after all, are the prices upon which we will have to build our schools.

Mr Cullerne pointed out that costs had increased since first he had estimated. We agree.

What we do not agree with is that costs have risen as highly as would force the contractor to bid \$50,000 on a school, just a few short weeks ago estimated by Mr Cullerne and by the Department of Education at approximately \$37,000.

Something is radically wrong and we doubt if it is with contractors who place their bids with an eye to other competitors who are also busy figuring out their lowest bid.

We believe the Department of Education has on its staff a member or members of the building or allied trades or quite probably an architect or engineer.

We would suggest this part of the Department is not very well up with costs today. We would also suggest, after watching many estimates and actual bids, that the department could do with a good shakeup or at least hire someone who has been out in the world during the last two years.

We would point out that thousands of taxpayers rely on the Department to guide and judge building costs. We would suggest the ratepayers will see feet of clay on many idols in Victoria. Probably the largest feet and the oldest clay can be found in the engineer's department of the Department of Education.

We cannot see where Mr Cullern and his firm look any too bright on this deal either.

We believe Mr Cullerne works on a fee of six percent of the cost of construction. There is nothing in this arrangement that would even remotely cause the architect to worry too much about estimates.

And on his original bid rests the belief of taxpayers. On his estimate is the bylaw passed. It is quite conceivable, if the architect put forward a total cost estimate of \$600,000 in this particular instance, the bylaw would have failed.

Albeit non passage would have been bad for the area, it stands that that thought has nothing to do with the suggestion that architects are getting away with some very sloppy, careless estimating. And the Department of Education is either too lazy or incompetent to know that these wild architectural

(Continued on Page 8)

## Guide Fall Fair Has Many Young Entrants

SECHELT—Following is a list of winners from the School Children's Fall Fair sponsored by the Second Sechelt Guide Company, held October 14.

Judging was conducted, said Mrs Derby, guide captain by having all entrants marked by numbers in order to assure entrants of anonymity.

Home gardening — 1, Jimmy Derby; 2, Eleanor Powell; 3, David Parrish.

Home sewing table — 1, Marda Walker; 2, Dianne Pearson; 3, Caroline Watts.

Home cooking — 1, Frances Gilbertson; 2, Bobby Sicotte; 3, Caroline Watts.

Handicrafts—1, Vincent John; 2, Lanore Brown; 3, R. Larsen.

Art — 1, R. Larsen; 2, John Gordon; 3, Iris Williams. Shell winners were Lanore Brown, Dianne Pearson, Doreen Lockner. Leather crafte went to Vincent John, Tommy Paul, Joe Mitchell, and carving to Doreen Lockner.

Other prizes in the various en-

tries went to Dianna McColl, Jimmy Derby, David Parrish, Eleanor Powell, Frances Gilbertson, Bobbie Lumsden, and Ruth Lumsden.  
Judges were William Allen, William Younston, Mrs L. Hanson, Mrs Weston, Mrs E. Redman, Mrs A. McRea, Mrs W. B. Billingsley, and Mrs F. Postlewaithe.

MR AND MRS George Hill, and small daughter are back from their trip to Golden. Seems "Pocohontas" behaved very well, and back on the job once again. Mary Drew back from Oyama, where she spent a very fine two weeks' holiday. Ernie still up there.

William Skellett Sr, our Road Commissioner, home, and he reports he is home for good. Looking very well, and making a remarkable recovery. Mr and Mrs Bob Murray back from their vacation.

Well the "Kum-A-Gen" Cafe has changed hands, the Clark family will be leaving us for a home in New Westminster, as soon as everything cleaned up here. We welcome the new owner, and trust she will like our Village, and be as successful here as her predecessor.

Mrs Marge Leslie away for a holiday. Took a flying trip to Pender Hospital yesterday, and visited with Mrs Frank Wheeler, very impatiently "Lady in Waiting", but looking very well with it all. They tell me they had a very fine turnout at the P-TA meeting in Gibsons last week. Mrs Chloe Day prepared papers for discussion on "Child Psychology", for children from one to six years of age. The response and discussion on this subject was overwhelming. The discussion will be continued at another meeting.

For my part I don't believe there is a book written that would suit every family. There may be three or four children in the family, their characteristics are so different, how can you apply the book to one and all. It is rather amusing to me, that a great majority of these "brilliant lights", without a chick, or a child, profess to know so much about child life. They set out with their "BA's and MA's and DD's", etc, and feel they are qualified to settle the affairs of the world. Give these people some children of their own, and nine times out of ten, it's a very different story. It's very easy for them to advise little Mrs Oculis, on the raising of her Johnny and Mary, when she spends about half an hour there, but for the little woman, who has them 24 hours of the day, and all day, every day, it's certainly a different story. After about an hour or so with the book, that's it, she's had it, and then her own psychology comes to the fore, in the shape of some corporal punishment. The trouble with a number of people is they expect miracles to be worked in the school room, for that hour or so, and fall down on the job when the hopefuls come home. It's a 24-hour-a-day job with them, you can't let up for a minute, even though one gets mighty tired of don't do this, don't do that, do this, do that, but after about ten or 15 years of it, you do get some results. Is it worth it. I'll say it is, I know.

Bob Burns, village clerk, is away to California on a flying trip, due back Sunday. Mrs Dot Tesky will be leaving for Powell River to join her husband who is working there.

Attended "Ladies' night" at the Kinsmen's the other evening, as an invited guest, and had a wonderful evening. Dr R. W. Frank, the new school dentist, was there, and gave a very interesting little lecture with some colored slides, on his trip to the northern parts of Canada, in the ship "Nascopie". Explaining the habits and customs of the Eskimo, some of the hardships they undergo in these northern posts. Certainly a very interesting lecture, and time all too short to hear it all. It would certainly make a very interesting evening lecture for anyone who wished to hear it, and I'm sure a great many would, if the good Doctor ever has that much time on his hands. This column seems to jump from here to breakfast, but as I don't seem to get them written down, and pick 'em up as I go along, hence this hodge podge. As the Boss man "Sez", he never knows what he's going to get when the copy arrives, but it does arrive, believe it or not, and if you don't get to read it, I am not to blame.

"I fear the first printing came

These Are Our Opinions

MONDAY, OCTOBER TWENTY-THIRD, NINETEEN FIFTY

## Census Year Coming

SINCE next year will end in a "1", that means the government will undertake its decadal task of counting Canadian noses. This has been going on every ten years since 1871 and the last census-taking was in 1941.

The published results of the regular census are important to every community in establishing the population of its trading area. For most centres, the results are clean-cut and informative. Unfortunately, not so for this district.

In the last publication of the census, the listings by electoral districts show separately only municipalities and villages and the rest of the Vancouver North is all lumped in together as "Unorganized".

The electoral district of Vancouver North covers a large area along the coast and up the Fraser Valley so the total of the population living in unorganized areas of the district is a figure which means absolutely nothing to anybody.

Since the last census, amalgamation of District Lots 685 and 686 will have been completed with the Village of Gibsons. We would suggest that there is little to stop a breakdown of Vancouver North to show at least the enlarged vil-

lage and, or the Sechelt Peninsula.

We have a trading area between Hopkins and Pender Harbour that means nothing unless properly defined.

Now is the time for local interested organizations to make necessary representations to the Minister of Trade and Commerce in Ottawa through James Sinclair to have at least the Peninsula grouped and preferably the new Village of Gibsons and then the Peninsula. It would hardly be expedient to attempt having Sechelt defined from Halfmoon Bay and Roberts Creek from Wilson Creek. But the overall picture would be of far greater effect than what we now have.

More than six thousand people are here in a close area, bound as on an island and with no knowledge of their own size, strength, or dimensions.

The matter of two groupings here is not one which would entail any additional expense in preparing the census results.

With the next release of figures we hope to see the new Gibsons listed, also the remainder of Sechelt Peninsula. It can be done if we get behind the suggestion to have it done.

## COOK'S CORNER

By Shirley Pinchin, B.H.E.

### HALLOWEEN HILARITIES

Halloween is almost here again and the time has come to prepare "goodies" for children, both old and young.

The mystic rites performed on Halloween are age old, many of them originating among the Druids centuries before the Christian era. Many of these customs were brought to North America by the people of the European countries, and have been observed right down to today.

off the new presses yesterday, and our Bill is walking on air, it was regrettable that Sam was not here to be in on it, for he worked so hard at getting it set up. But he is doing fine and they tell me he is sitting up and eating, which is a good sign in anyone's language. Let's hope he's out of the trenches by Christmas and back with us again. Don't forget the Kinsmen's dance, a masquerade in the School Hall, Oct 27, come and have a good time.

Well folks this is it for today, it's raining cats and dogs, and a real dreary day, but the sun's still behind the clouds, so cheer up, and keep looking up.

These rites and superstitions make Halloween one of the most ideal times to have a party.

It is one of the simplest and least expensive parties to have, and provides fun for youngsters and grown-ups alike.

Decorations are traditional, too, pumpkins, witches on broomsticks, bats, black cats, hobgoblins and the like.

Favors and party hats should carry out the orange and black color scheme. Shiny-cheeked apples and luscious grapes, or the Jack-O-Lantern make effective centerpieces.

### GAMES TO PLAY

#### Spirit Messages

Write fortunes in lemon juice on white cards. Keep the personalities of your guests in mind when you make up the fortunes. Guests hold the cards over lighted candles, and the "spirit messages" appear.

#### Ducking for Apples

Ducking for apples is always a popular Halloween sport. An old custom is for a girl to pare an apple, the paring in one piece, swing it around her head three times, and drop it over her left shoulder; it should fall in the initial of her lover.

#### Magic Darts

Cover a regulation dart board

with cork paper. Fasten to it with glue or Scotch tape, any symbols of good luck (horseshoe, wishbone); bad luck (black cat, 13); also a heart, train, airplane, boat, dollar sign, and so on. Draw a good sized circle around each symbol. Each contestant throws three darts and the fortune of the person is told by the circles in which the darts land.

### HALLOWEEN GOODIES

Whether you have a party at your house, or whether you just want to be ready for little ghosts, spooks and witches who visit you during the evening, you should have a store of goodies on hand.

#### Hand-Out Cookies

These are perfect cookies for the children, and the jack-o-lantern face makes them fun on Halloween.

2 3/4 cups sifted flour  
3 teaspoons baking powder  
1/2 teaspoon salt  
1 teaspoon ginger  
1 teaspoon cinnamon  
1/4 teaspoon powdered cloves  
2/3 cup molasses  
1/4 cup brown sugar, firmly packed  
1 egg, well beaten  
1/3 cup melted shortening  
Currants or raisins  
1/2 cup icing sugar  
2 teaspoons warm water

Combine first six ingredients and sift together. Combine next four ingredients and add the sifted dry ones. Mix well and chill for 1 hour. Roll out on floured

## W.I. Meet

GENERAL meeting of Women's Institute and election of officers.

Regular meeting of the Women's Institute held at the home of Mrs H. Winn, pres. Mrs H. J. Metcalfe opened the meeting, members repeating the "Ode".

Secretary Mrs W. Haley read reports, and letters received from Provincial Supervisor, Mrs Stella Gummow. A vote of thanks was given Mrs D. Cochran for use of her home for WI sewing bee. Annual report of secretary disclosed membership of 30. Eighteen meetings, 12 regular, four executive, two sewing.

Donations were made to WI Memorial fund, Cemetery Board, "Save the Children", VON, and Needy Family. Welfare committee, had a busy year, with visits, cheer parcels, card to sick members, special cheer parcels, visits at Christmas to shut-ins, and needy families.

Thanks were given the two presidents, Mrs D. Burritt and Mrs H. J. Metcalfe, for inspiring leadership, throughout the year. Thanks also to members for generous support in each undertaking. Special thanks to Mrs M. Turner, and Mrs E. Pilling, for work on Fair Committee. Annual fair sponsored by combined efforts of Farmers Institute, and Women's Institute. Mrs B. Knight, treasurer, Mrs J. Corlett, Welfare Convenor.

Mrs D. Cochran elected president, Mrs J. Atlee, vice-pres; Mrs W. Haley, secretary; Mrs J. Corlett, treasurer. Directors, Mrs H. J. Metcalfe, Mrs E. Pilling, and Mrs E. Ross.

President Cochran took up new business of bazaar, 15th Nov, in School Hall.

Convenors Mrs A. Morris, Mrs H. J. Metcalfe, Mrs E. Ross, Mrs F. Fisher, Mrs W. Hodgson, Mrs M. Turner, Mrs D. Tyson, and Mrs J. Atlee.

Sewing course Nov 27 to Dec 2, rates \$2.00. Register with Mrs M. Turner or Mrs E. Pilling. Supply your own materials, patterns, etc. Convenors meeting re bazaar Monday, 13th Nov, 2 p.m. at Mrs E. Pilling's home. Next meeting at Angling Hall, 21st November.

board to about 1/8 inch thick. Cut with a round cutter or fancy Halloween cutters if you have them. Make eyes, nose, and mouth with cut currants, raisins. Bake at 375 degrees for about 10 to 12 minutes. Cool on wire rack. Combine icing sugar and water and beat until smooth. Outline facial features to make faces.

### Spooky Lollypops

These are easy to make and such fun. They will start your Halloween party off with a bang and make you the most popular mother in the block.

2 cups granulated sugar  
1/2 cup dark corn syrup  
1/2 cup water  
1/2 teaspoon salt  
6 tablespoons butter or margarine.

8 sticks Assorted candies

Combine sugar, corn syrup, water and salt in a large saucepan. With a thermometer in place, set over low heat and stir slowly until mixture begins to boil. Cook without stirring to 250 degrees or use cold water test (a small amount of syrup dropped in a cup of cold water makes a very firm ball). Add butter and cook to 300 degrees (brittle in cold water), stirring occasionally. Remove from heat and without stirring quickly spoon syrup onto greased baking sheets, 2 tablespoons for each lollypop to make a good size. Insert sticks. Work fast. Make faces with gum drops, life savers, etc., and transfer to waxed paper to cool.

By M. M.

REGULAR monthly meeting of the Canadian Legion, Branch 219, was held on October 13 at the home of Mr R. Cumming. A reply has been received from the Department of Public Works regarding the condition of the roads, and an investigation promised. In this connection two delegates from this branch, J. H. Kennedy and Charles Hall will represent the Legion at a meeting of the various organizations which will be held in the near future regarding roads and other matters which will come to the attention of the meeting.

A gavel was recently presented to the branch by Mr C. Hall, the secretary, and was made by his son, Craftsman R. J. Hall of the R.C.M.E. A vote of thanks was tendered Mr Hall for the gift.

Twenty blue berets have been purchased for members of the branch and it is hoped all members will avail themselves of the opportunity to purchase one. Preparations are under way for

the dance to be held at the Roberts Creek community hall on Saturday Nov. 11th. The annual Remembrance Day service will be held at St. Aidans Church on Sunday, November 12th, at 11 a.m. Padre Harbord will conduct the service. Members will meet at the home of Mr R. Cotton at 10:30 and march to the church. Medals and berets will be worn. Next regular meeting will be held at the home of J. H. Kennedy (lower road) on Friday, November 10th at 8 p.m. Members of the finance committee will meet one half hour prior to the regular meeting.

Mr and Mrs Colin McLean of Beach Avenue are spending a few days in West Vancouver.

Mr Mark Elsdon is in hospital in Vancouver. All his friends here at the Creek wish him a speedy recovery.

Mr H. Clarke, who has been in the hospital following a recent operation is home again.

Mr and Mrs F. Skinner are vacationing in Vancouver they will bring back to Roberts Creek with them Mrs Skinner's brother, Hamilton Henderson of Winnipeg.

Mrs Wilson and Mrs Johnson of Beach Avenue are leaving this week for Florida where they intend to spend the winter. They expect to visit relations in Swift Current and Winnipeg enroute.

Another resident of the Creek in Shaughnessy hospital is Pete Edmunds.

A farewell party was held at the Kewpie Kamp on Thursday October 12 for Mr and Mrs Murray McKenzie and family who are leaving for Vanderhoof this week. The party was given by the local P-TA and the OES jointly. Entertainment was in the hands of Mr and Mrs R. Cumming. Mrs Flumerfelt, Mrs Wallis, and Mrs Bourne were in charge of refreshments. A presentation was made by Mrs A.

Anderson on behalf of the OES and a similar presentation was made by Mrs Haslam from the P-TA.

We regret to announce the sudden death of Mr Bill Cane at Halfmoon Bay, the result of an accident. The sympathy of Roberts Creek residents is extended to his wife and family.

Thanksgiving is over once again. Apart from special services in the churches on Sunday, and a minor cloudburst on Monday, nothing of any particular importance seems to have occurred.

Visitors to the Creek for the holiday included Mrs M. Eldred of Vancouver, sister-in-law to Jack Eldred senior and Mr F. W. Merrick, Mr and Mrs Charles Merrick and family staying at the "Castle". Mr F. W. Merrick recently took a trip to Alaska and his many friends will be glad to know that he is much improved in health.

Mr and Mrs C. White of Victoria, B.C. were also recent visitors here, guests of their daughter and son-in-law, Mr and Mrs Gordon Reeves.

Mr R. Reeves senior is over on the Island visiting his son and daughter-in-law, Mr and Mrs Dick Reeves of Youbou.

Mrs Wardlow is back home from a recent holiday in Los Angeles.

Mr Al Barnes is holidaying on Vancouver Island.

Mr A. Funnell has returned from a visit to Vancouver.

Mrs C. A. Shaw is visiting in Los Angeles.

Miss Eleanor and Miss Doreen Shaw spent the holiday week. (Continued on Page 7)

## SECHELT

By "ARIES"

A VERY enjoyable and informative meeting held in the Legion Hall when the Sechelt Improvement Association met for their quarterly meeting. Chairman Harry Woods conducted the meeting and the guest speaker was Mr H. H. Howay, Provincial assessor of Taxes, who fully explained the system by which his department arrives at its basis of taxation. He spoke of the wonderful strides that Sechelt has made with the many buildings going up every day and especially with regard to the New Village Centre with the cafe, hardware store, bakery and drug store. He deplored the fact however that we are very much behind other small communities in our lighting. The volunteer fire department came in for a word of praise. A committee will be formed to contact the water board in Victoria for information from their chairman as to how to incorporate. The name of the association will be changed to Sechelt Ratepayers' Association and the executive was empowered to draw up the by-laws and apply for the charter. Subject of Port Mellon plant closing as how it affects our taxes was fully explained and it was hoped that this plant will soon again be operating so as to help with the burden of taxes and to bring prosperity into this area. The new association will meet again shortly when there will be the annual election of officers. We thought it was rather a pity that so few attended as we were informed that eighty five cards were mailed. There were notices in The Coast News too. It was a wonderful night, so there is no excuse. When speakers such as Mr Howay will come to our meetings it is scant courtesy that the hall is practically empty.

At the home of Mrs Frank Postlewaithe a very pretty show-er was held in honor of Gwen Berry soon to be married here. Mrs W. Uttley and Mrs Postlewaithe were hostesses assisted by Mrs George Taylor and Mrs Fred Gibbons. A very beautiful cake, donated and iced by Mrs Alec Grey, was the centre motif. Amongst those present were Mrs M. Lawson, Mrs L. McFarlane, Mrs A. McCrea, Mrs F. Gibbons, Mrs G. Gibson, Mrs Geo. Taylor, Mrs A. Wilson, Mrs W. Elliott, Mrs E. E. Redman, Mrs M. MacFarland, Mrs Phillips, Mrs F. Postlewaithe, Mrs W. Uttley, Mrs W. K. Berry, Mrs Alec Gibson, Mrs F. Grainger, Mrs H. Woods, Mrs A. Mills, Mrs W. B. Billingsley, Mrs S. McDonald, Mrs A. Grey, Mrs J. Evans, Mrs G. Hansen, Mrs J. McCrea, Mrs W. Allen, Mrs D. Jameson, Mrs M. Froom, little Katherine Berry and little Nina Callwell and the guest of honor, Gwen, who received many beautiful and useful gifts seated under an arch of traditional pink and white with a cluster of seven bells. She was presented with a corsage of white roses and pink

daisies the same colors being carried out for table decorations with fronds of trailing ivy. Altogether a very beautiful setting.

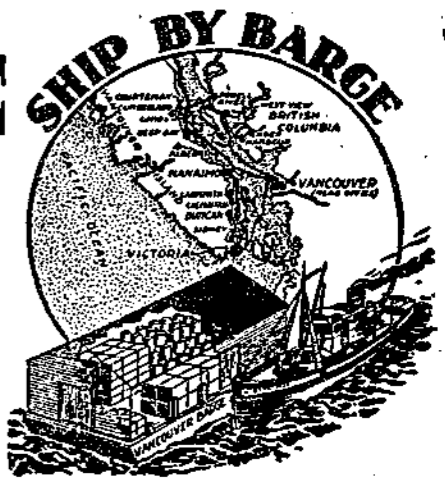

Spending a very happy vacation with her sister and brother-in-law Mr and Mrs Bob Cooke is Miss Billie Faber with friend Miss Terry Lamott, both here from Regina.

Was glad to meet our old

friends Mr and Mrs Frank Blower and to learn that they will not be leaving the district as was reported in this paper. Didn't think this was right somehow as they are among our early pioneers and don't think they would like to pull up roots as late as this, but rumors do get around somehow, most likely started when the news leaked out that the Blower property was up for sale. That doesn't (Continued on Page 6)

## SELMA PARK

By M. S.

IT SEEMS it's a family affair at the Tom Walkers. Up from town is Mrs Walker's mother, Mrs A. King, sister Audrey and baby Pat, also Clarence Dixon for the week-end. H. Kidd from "Bayview" is on his way to Stewart, B.C., for the winter. Sorry to hear Mrs Morley not feeling so well and hope she will soon be up and around again.

Away for a short visit to Vancouver and Mission were Mrs Moorehouse, Carol and Michael.

The Selma ladies had another nice afternoon on Friday. This is a chance for everyone to get together and have a little chat, swap yarns, do sewing and share in the tea. Last week it was supplied by Mrs Sid McKay and Mrs George Colson and they are very good cooks, at least as far as tea making is concerned.

We would like to remind some of ourselves of the thrill we had when junior first came home with the little red reader and read a few words to us. The same is happening right now all over the country but we feel sure none faster than our own under the tutelage of Mrs B. Lang. She also teaches a very nice prayer to her charges. We believe they are under good care with Mrs Lang.

First prize in our raffle is a travelling twin set. That means a lovely pair of bags (they have no legs). Tickets are on sale at Selma Park Store.

We hope the Sunday United Church services are continued by Mr Bevan.

Newcomers to Selma are Mrs and Mr Chuck Blanchard and son Dell. We hope they will like it here.

A happy little group gathered at the home of Ann and Heather Lang to celebrate their joint birthday party recently. Ann was seven and Heather three. They each had a cake, of course. Complete with all the trimming, they were decorated and held the usual number of candles.

Games were played and prizes won by Barbara Gibson, Dianna McCall and Linda Walker. There was fun and goodies for all present. Joan and Linda Walker, Marion Willows, Suzan and Roy Wigard, Barbara and Susan Gibson, Jean and Judy Lawrence, Dianna McCall and Caroline Watts, were among those present.

We were pleased to see Mr Ruffle of Vancouver visiting with us again. He stays at his Beach cottage.

**CANADA SAVINGS BONDS****SPELL SOUND SECURITY**

Buy Them on B of M Easy Payment Plan—Down Payment Only Five Per Cent—\$2.50 for \$50 Bond—\$5 for \$100 Bond—Balance Paid in Easy Monthly Instalments Over Year

WHEN YOU buy a Canada Savings Bond, you both acquire a source of future strength for yourself and your family, and you invest your money in a way helpful to your country. Canada Savings Bonds pay 2¾ per cent interest every year, and they are always worth their full face value.

There is no simpler investment, and a temporary shortage of cash need not stop you buying a bond. Just decide how much you can afford over the coming twelve months, up to a maximum of \$1,000. Then pay a call on Tom Larson, manager of the Bank of Montreal at Gibsons and Sechelt. He will be pleased to arrange the purchase of your bond on the bank's monthly instalment plan.

Here is how it works: you make a deposit of five per cent as a down payment. That's \$2.50 for a \$50 bond—\$5 for a \$100 bond. You pay the balance in easy monthly instalments over a year. It's a prize plan for steady saving.

The B of M also has full facilities for keeping your bonds safe, clipping the coupons and crediting your account with the interest. And, should you ever find yourself in need of cash for an emergency or sudden opportunity, remember there is no need to sell your bonds. With them, you can readily obtain a low-cost B of M personal loan.

Now is the time to buy your Canada Savings Bond. Guaranteed by the good name of this country, there is no sounder investment.

mean a thing, they still have their property at Selma Park. Glad we have this straight now.

Went to a new kind of shower recently (bride and groom shower) and it was a humdinger. In honor of Gwen Berry and Art Asseltine and held in the Legion Hall. Guests were too numerous to mention and gifts were very wonderful, the centre motif was a cake decorated with tiny parasols. Captain Andy Johnson was master of ceremonies and the evening was spent in dancing, square dancing being very popular, called by Bob Kean who is outstanding at this sort of thing.

Gifts were very wonderful and the young couple were very much surprised when they walked in the hall to be met with a grand march. Organized by a few Sechelt ladies, this, the first of its kind, was voted an outstanding success and the men will stay home after this.

Just met a very charming lady visiting here from San Francisco and staying with her friends Miss Ella and Miss Bessie Jamison. She came by plane from 'Frisco to Vancouver and enjoyed the trip by boat up here. She thinks we have wonderful scenery. She is Miss Elizabeth Gault and we hope she comes here again to visit us.

A committee meeting of the DePencier Circle met recently to discuss various projects on the agenda. Amongst which was the proposed Christmas party for the Sunday school children. Meeting was held in the Anglican Parish Hall and attended by Mrs J. Redman, Mrs A. Williams, Mrs D. McColl, Mrs G. Potts and Mrs I. Laycock.

A social group was formed recently and held at the home of Mrs Postlewaithe. Those ladies living on Marine Drive and vicinity were welcome. Attending the first meeting were Mrs Frank Postlewaithe, Mrs M. Arnold, Mrs A. Grey, Mrs W. Utley, Mrs E. E. Redman, Mrs J. Evans, Mrs M. Froom, Mrs A. Mills, Mrs W. B. Billingsley and Mrs McCrea.

Can't say the girls aren't ambitious around here. Hear some

of them are attending clay modelling classes at Roberts Creek. We might hie us forth one of these nights. Attending recently was Mrs F. Postlewaithe, Mrs A.

Grey and Mrs C. Lawrence. Yes, that's right, you can't do much without us knowing all about it. That's what keeps the printing presses running you know.

**Arthur Laing to Address Meet**

SECHELT — Arthur Laing, Liberal MP for Vancouver South, will be guest speaker at the last public meeting of the year to be held by the Sechelt and District Liberal Association on November 16 in the Legion Hall at 8 p.m.

According to Captain Andrew Johnston, Liberal association chief, entertainment and refreshments will be provided.

Arrangements re transport is also being made in order that all on the Peninsula who wish to do so may hear the up and com-

en your hearts and turn away. That forlorn look does not mean a thing. Its just the way his face is made.

Two of our younger citizens celebrated their first birthdays recently.

Kerry Eldred, son of Mr and Mrs Jack Eldred junior, held a birthday party at the home of his grandparents.

Brenda Soukovyoff celebrated her first anniversary at the home of her grandparents, Mr and Mrs Pete Edmunds. Among the guests were Mrs R. Hughes, Mrs Naylor with Edna and Jimmy. Mrs Crooks and Sharon, Mrs Finerty and Bernie and Beverley, Mrs F. Yates with Peter and Linda, Mrs Cain and Candy and Mrs F. Skinner.

The sympathy of all Roberts Creek residents will go out to Mrs Cooper on the sudden death of her son Marvin. In a small community like this, neighbours troubles are almost like our own, and the people of Roberts Creek were greatly shocked by the tragedy.

**Division of Educational Reference and School Service**

1. This Division of the Department of Education is responsible for the official publication of the Department. This is a professional magazine for teachers and is called "British Columbia Schools". It is published in two editions, one designed for elementary school teachers and the other for secondary school teachers. Each edition is published four times during the school year and is sent free of charge to all school teachers and principals throughout the Province. It is designed to aid them in their work, to help them keep abreast of the latest developments in the field of education, to list new teaching aids, and to inform teachers of changes in the programmes of studies and of new regulations of the Department of Education.
2. An extensive reference library is maintained for the use of Inspectors of schools, officials of the Department of Education, members of Curriculum Revision Committees, and educators who are engaged in research studies in education. This library contains a wide selection of the most authoritative and up-to-date publications in the field of education, recently published text-books, and professional educational periodicals.
3. Books and materials used in the revision of programmes of studies for the schools are secured by this Division, and transmitted to committees engaged in the preparation of curricula.
4. The Division of Educational Reference and School Service maintains close contact with educational publishers and evaluates new text-books and teaching aids of all kinds with a view to recommending them for use in the schools.
5. This Division is also responsible for the selection of professional educational books for the Teachers Professional Library which is operated by the Public Library Commission and which provides free library services for teachers in all parts of the Province.
6. Generally this Division provides a wide educational reference service to teachers and principals, inspectors of schools, officials of the Department of Education, and all those concerned with educational work.

For further information write to: The Director, Division of Educational Reference and School Service, Department of Education, Parliament Buildings, Victoria, B.C.

# Berry Wedding Social Event, Many Attend

SECHELT—St Hilda's Anglican Church, Sechelt was the scene of the ceremony when Gwendolyn Edna, daughter of Mr and Mrs W. K. Berry became the bride of Mr Arthur Asselstine, son of Mr and Mrs A. Asselstine of Vancouver.

To speak her vows the bride chose a gown of white satin covered with rayon net with seed pearls accenting the shoulders and neck line. Her long train was a heirloom formerly worn by the bridegroom's mother. She wore a sweetheart halo of white satin and carried a bouquet of red roses and white hyacinths. Her sister Betty as a bridesmaid wore an Alice Blue Gown of heavy brocade with net over skirt, wearing Queen Anne headdress and carried yellow chrysanthemums. Miss Shirley Asselstine, also a bridesmaid, chose pale blue taffeta with Queen Anne headdress and carried yellow chrysanthemums, preceded down the aisle by tiny flower girls Catherine Berry and Nini Callwell in colonial dresses of charm pink taffeta with overskirts of rayon net. They carried Colonial bouquets of tiny yellow chrysanthemums. Best man was Mr Geoff Cumming of Roberts Creek and ushers were Mr Alec Gibson and Dr Duncan McColl. The children's choir sang the 23rd Psalm and during the signing of the register Mrs Duncan McColl sang "O Perfect Love".

A reception for a hundred guests was held in the Legion Hall. The young couple left for a motoring honeymoon through the interior.

Out-of-town guests included

## PENDER HARBOUR

# Village Growth May be Sudden

GIBSONS Amalgamation of District Lots 685 and 686 may be in time for the election of municipal officers according to Robert Macnicoll.

Speaking to a non quorum meeting of the Gibsons and District Ratepayers, President Macnicoll suggested that amalgamation could be speeded up.

He was charged by members present to contact Victoria in an effort to hasten the joining.

It will be pointed out to Victoria that amalgamation would broaden the choice of representatives.

Review of the voters' list will be made by the village on November 15 when additions may be added, said Mr Macnicoll.

## MORE ABOUT... NO MORE GUESSING

(Continued from Page 1)

guesses are just that—and the people, those long suffering individuals are again being made fools.

As was recently pointed out, there could quite easily be a point in law on this. Judging by the Roberts Creek estimate, smothered because of a change in plans, and judging by what has gone before in the province, a good clear cut law case might well clear some of the cobwebs from some official eyes.

This is just the Peninsula where such a move would quite easily happen.

We would hasten to add that the School Board has little to do with the conditions that exist. Regulations do not call for an architect or builder or engineer to be on the Board.

Another way to avoid sloppy kicking around of figures which are actually our dollars and cents, is for architects to be paid a lot less than they are now demanding, and they be paid on either their own estimate, or the contractor's bid—whichever is the lesser.

We guarantee this would bring forward a spate of better estimates. And, if the architects did decide to band against this idea we suggest they read recent news about glass factories and baking firms. That is, provided they were foolish enough to consider tramping on the goose that lays the golden eggs—you.

And, in final summing up. We realize the costs of construction have gone up but we cannot find where they were boosted some 20 or 30 percent within the last few weeks.

Our schools are going to cost us a lot more than \$500,000 and you Sechelt Peninsula and Howe Sound Islands taxpayers will foot the bill.

## Dental Service

PENDER HARBOUR

Dr. A. M. Lowe will be in attendance at  
Pender Harbour immediately

Please phone Pender Hospital Secretary for  
further information.

Dr. Lowe will be there for a few days only, as he  
makes his regular treatment visit now.

Mrs. E. Nestman  
Immediate Service.

## APPRECIATION

I would like to take this opportunity of thanking all who were so kind during our recent bereavement. We would like to thank the police who were so considerate and the minister who was so kind.

Sincerely,  
MRS. MARGARET COOPER
