

It Costs More Now To Have A Baby

GIBSONS — Victorian Order of Nurses service costs for the Sechelt area have been more than the money taken in.

Treasurer Mrs T. Waddell reported to the VON general meeting in United Church Hall, Wednesday that \$37 more has been spent than was gathered during the first ten months of operation.

Halfmoon Bay and Roberts Creek Auxiliaries have been the only two groups reaching their quotas. Roberts Creek has launched another money raising drive in an effort to combat the deficit.

VON Nurse Miss A. Baker reported she had made 1677 visits this year compared to 2056 for last year. Nursing fees collected this year amounted to \$606 compared to \$579 for 1949.

Due to Nurses' visits being increased to \$1.25 per visit, confinement costs have risen from \$5 to \$7.50 and \$2 a day visit to the mother and baby following confinement.

Children at the Indian Residential School have been tuberculin tested according to the report. They, who reacted negatively, were vaccinated with new serum—BCG.

Headland's Auxiliary gave a report and announced a tea and sale of work in the United Church Hall to be held November 22 from 2 to 5 p.m.

Many Gather for Armistice Day

GIBSONS — Armistice Day was observed on the Sechelt Peninsula in the traditional manner.

Services were held at Sechelt, Pender Harbour and here. Wreaths were laid and services said by the Legion padres.

At Pender Harbour, a parade of veterans and auxiliary personnel held services in the Madeira Park Community Hall. At Sechelt wreaths were laid on the new cenotaph which stands on the triangle made by Sechelt Highway and the wharf road.

At Gibsons, Legion Padre H. V. Oswald conducted services prior to which, wreaths were laid by Legion President S. Fladager and Branch 109 Legion Auxiliary led by vice-president Mrs L. Schutz.

A social evening was held in each branch during the evening of the Memorial Day.

Attlee Fails to Meet Provision

GIBSONS — More than 200 new names have been added to the voters' list of this village following amalgamation.

Only three persons attended the court of revision when the addition to the list was made by Municipal Clerk Robert Burns.

New lists of voters will be placed at the post office and the municipal hall.

Voting for election of three commissioners will take place on December 14, 9 a.m. to 7 p.m.

Ratepayers' Association nominee for commissioner E. Attlee failed to pass the property barrier. His name will be struck from the list of potential commissioners, according to Commissioners.

Miss Henson Was Busy During Guide Training

GIBSONS—Miss B. Henson, Girl Guide trainer from Vancouver, was guest of honor at two meetings of the Gibsons Guide Company and Brownie Pack, November 4.

Brownie Owl Mrs M. Stenner and Tawny Owl Mrs Betty Ballentine held tests in nature study during the Saturday morning. Children also learned new games.

The meeting ended with Brown Owl being awakened from under the Toadstool and Brownies repeating their prayer.

Mrs E. Clendinning, Brownie Commissioner, was guest of honor.

During the Guide meeting, Miss Henson gave instruction in constructive games and pastimes.

Arthur Laing Outlines Pension Plans for Future

Asset to Community Is New Sunset Store

GIBSONS—"We, and the Mac and Mac company behind us, have a belief in the future of the Sechelt Peninsula. Proof of this is in the building and stock we have put into the store. We intend to grow with the community."

Manager Jim Veitch of the newly opened Sunset Hardware, voiced his views when he led a tour of inspection of the practically new building which "cost many many thousands of dollars."

Building owner C. P. Smith handled the construction which is made to last for many years. A list of costs sounds like the annual report from the bank.

More than \$500 was spent on the battleship linoleum which graces the floor of the three-storey building. Each of the many display tables in the hardware section cost more than \$260, while the display cases are individually worth \$140.

More than \$1250 is what the plate glass windows are valued at. They will eventually be spotlighted and 'boosted' with colored fluorescent.

Mrs Alice Veitch will be in charge of the enlarged record and music department. She will also handle all accounts. The Record and Appliance Shop in Bal's Block will be emptied. All stock is now on display at the new store which stands on the site of the old.

A new one-ton truck will be added which, in the words of the manager, "Will assure express service to anywhere."

"I intend to work only in the store from now on," Mr Veitch said. "We intend to have a trained appliance and furniture salesman on the floor at all times. A ship chandlery section will be in operation very soon." (Continued on Page 5)

JIM VEITCH

Boat Crashes At Sechelt

SECHelt — The 32-foot gillnetter, "Linda" had a narrow escape from total destruction when it piled on the beach opposite the Union Store during the storm, Wednesday.

Owner C. Gaff, New Westminster, had his boat contracted to Dawson and Wade, when she broke her one-inch mooring line and beached.

Clarence Joe received minor damage to his seiner when he performed salvage operations on the "Linda".

School Board Meeting

By MRS E. NESTMAN

START on the clearing of a school site for Madeira Park was given the green light by School Board 46 trustees at a partial completion price of \$1500.

Water supply for Madeira Park school was then taken up, and as the Forestry Department is also anxious to get supply of water, it was decided to investigate the possibilities of a cement tank, to be used as a storage for water, from the creek. Board will contact the cement people and obtain prices and costs of such a project. It was the opinion of the Board that a well would certainly not be satisfactory, and with the Forestry co-operating in part of the costs, felt this would ensure a good supply of water for both.

Dental Program well on its way, and a report from N. R. McKibbin, shows that Dr Frank getting through the territory out west in record time. Work completed at Garden Bay, Britain River, Vancouver Bay, and Deserted Bay. It was brought out that not enough pre-school children are being included in the program, and instructions will be issued to Dr Frank, that this is definitely part of the program, and that they must be included in the dental program. While on the discussion of the children's teeth, it was brought out by several Board members, that the teeth of the children are showing an alarming amount of decay especially in the small children's age. Some of the Board members were of the opinion, that there is definitely, something lacking in the water on the whole peninsula. This matter will be discussed with Dr. Frank, and his opinion obtained on the matter.

Permission was given to Dr Frank, to finish up all the work at the Pender Harbour area, including the pre-school children, so he will not have to go back there, and will be able to continue down to this end of the area. Representatives appointed and elected: Egmont, Mrs Jean Jeffries; Nelson Island, Paul Harding; Irvines Landing, Leonard Wray; Pender Harbour, Mrs

Following inspection conducted by Commissioner Mrs Clendinning, Captain Mrs J. Filley and Lieut Mrs L. Fletcher, games, which included Guide training were played. Semaphore was particularly interesting. Many guides brought samples of their cooking training with them to the meeting. The Guide Association wishes to thank Miss Henson for her very informative discussions and for the time she gave so willingly.

(Continued on Page 8)

SECHelt—Indians, old age pensioners and veteran's allowance persons may soon get a new deal, according to Arthur Laing, M.P. addressing a meeting of Sechelt and District Liberal Association, in the Legion Hall, Thursday.

Mr Laing seemed unaware of the small pittance allowed Indians on relief. He spoke on new outline of the coming Indian Act, taking exception to the arbitrary settling of certain relief sums on every type of Indian in Canada.

He believed each province has different situations and should be treated accordingly.

On the question of old age pensions (Mr Laing is on the Parliamentary committee now charged with overhauling the present system) he pointed out there would quite probably be contributory systems in Canada. There would also be two age groups.

One, at the age of 70, would be without the means test while the second, granted to persons in ill health before the 70 limit, would be subject to a means test. Pensioned soldiers should have

the same as old age pensioners, Mr Laing contended. He hinted this would also be taken care of in the near future.

At present many burned out soldiers get much less than the old age pension plan allows.

Respecting Indians, Dr D. T. R. McColl and E. Parr Pearson pointed out that only \$7.50 were allowed the indigent members of the tribe, then the government decreed what could be bought with even that small sum.

Mr Laing promised he would look into the matter following his return to the centre of government.

Captain Andrew Johnston, local Liberal party president, was in the chair.

Refreshments followed the meeting which was attended by more than 40 persons.

Gambier School Gives Nod as Rep to Drage

GAMBIER HARBOUR—Francis Drage, J.P. was unanimously elected School Representative for the area at the trustee's annual report meeting in Veteran's Hall.

Trustee Norman Hough acted as chairman. C. A. Lett, J.P. filled in as secretary.

Holland Retires After 25 Years

GIBSONS — More than 25 years service for one employer was given credit recently when Sidney Holland was the recipient of a purse and contents following his retirement from Elphinstone Co-operative Store staff.

The presentation was made during a short ceremony in the store.

Mr Holland started work for the Co-op when Gibsons was still in its childhood. He has seen it grow from a few houses "used by summer visitors," to its present size. He feels it is still a long way from reaching its full growth.

Owner of a small parcel of land, Mr Holland will spend his time developing his liking for growing things.

In accepting the nomination, Drage pointed to the fine move made in Gibsons by election of Tom Humphries, CA, to the board of representatives. He urged that Mr Humphries, "owing to his vast experience and reputation should be elected as trustee during the voting among representatives on November 30.

Drage stated "I have no ambition to do other than act as representative for the island, in order to look after island interests.

"With my veteran and welfare work it will be impossible for me to act as a trustee, if such was the desire."

In thanking the speaker, Mr Lett, also secretary of the Gambier Island Ratepayers' Association, remarked on the attention granted Drage by the audience.

Depleted Tigers Lose Very Close Decision

GIBSONS—It was a case of five boys against eight when Gibsons Kin Tigers tangled with last year's champion basketballers and came out second best on a 27-25 score.

North Vancouver CYO was just a fraction too much for the local men but the Tigers are positive, given a little more training on the North Vancouver floor and just a shade more experience, they will "take" the CYO team.

Captain Jack Nestman was high scorer on the Kin team — two of his baskets were outstanding, according to team coach and mentor, Father Ed O'Dwyer. "It was basketball at its best," said the enthusiastic padre.

He also paid Ron Godfrey a high compliment when recalling the "outstanding performance", given by the co-captain in defensive work during the last session.

Bill Pye played a solid game in spite of "worrying about the clock".

Wally Sandberg and Chuck

Kane were sound on guard. "With a little more experience," said Father O'Dwyer, "these two boys will be very good."

Mike Poole was the only reliever who got on the floor but he, brother Noel, and Howard Dean are nearing the stage, "maybe next game" where they will play throughout the game.

A call for help has come from the team. Another one or two players are needed to round out the group. Applicants must be under 18 years of age. See Father O'Dwyer.

PROVINCIAL LIBRARY

Thankless School Boards

THERE will be new faces on the School Board next year. A few of the public decided to have a shuffle. We can only hope the decision was wise, and the new men and women will approach the job of handling our schools with at least a degree of excitement and the will to do.

The position is hardly one to be taken lightly. Despite small gatherings from which these members were appointed, and the seeming disinterest of the public in general, it should be pointed out that the Peninsula is actually watching the actions of our school trustees, with considerable interest.

It may be well to remark that every child attending school has parents somewhere on the Peninsula. Those parents are hardly completely disinterested in the School Board's action.

New members will be well to sit back for at least one meeting and silently absorb the workings.

We know of one new representative who has threatened to shake up the Board. We know of this man's ability (not Drage this time) and we forecast he will remain a representative and will be denied the position of trustee. This man's attitude is hardly a healthy one. If it were possible for him to fill the trustee's position, it would be bad for the future of schools. The attitude is wrong.

Our representatives will elect trustees on the last day of this month. We hope they do so with a belief in the future of our children and not for the sake of appointing some wiseacre to create a disturbance.

Men like Mr Tom Humphries and Mr A. Funnell are not on the Board to be "flim flammed" by some know it all. They are the type of men who are the backbone of School Boards. Their's is the planned decision, slanted for the betterment of schools and pupils.

In some ways we are sorry to see A. E. Ritchey resign and in some we are very glad.

Mr Ritchey is a man of knowledge and experience which has proved invaluable to the School Board, particularly during years of con-

struction and major repairs. He has had many years on the Board and in various public bodies throughout the Peninsula. These have given him a surety in discussions which are of utmost value when more than three people get together in order to make a decision.

By virtue of his position in private life and his being chairman of the School Board building committee, he has been the target for more sniping and inuendo than any other member.

We will say this for blunt, straight from the shoulder Al Ritchey, that he is man enough to go through with the job when he so decided.

Many men took advantage of his position and threw darts from cover. Others took good aim and let loose with a broadside against the big man. But it was always an uncomfortable position for him.

We were very glad when we heard he had resigned. We predict he will certainly save money now. Working for School Boards can often be costly, despite a rather liberal allowance for expenses.

Mr Ritchey is now in the position where he can apply, for every bit of school work that arises, he can apply and probably will be awarded these jobs. We think that is fair.

We think that is the position Mr Ritchey would have liked to be in but his sense of duty kept him where everyone who thought they knew something could prod at him.

The School Board will miss Al Ritchey, but, as in royalty, someone will quite probably fill his shoes.

One last word. Only one district thought of thanking the Trustees for their year of unselfish labor when they made their annual report to the public.

Egmont stands alone in manners.

That—you new members of the Board — is what will probably happen when you have worried yourselves sick for two years. There is no glory in this job. Only abuse and 'I told you so' from every corner, after you have made your decision and probably lost.

Such is democracy.

CUP AND SAUCER SHOWER

Mrs. Frank Postlewaite was complimented at a cup and saucer shower at the home of Mrs. R. D. Cooke. Very beautiful cups and saucers were received during the afternoon by this young bride and the party was a very great surprise to her. Mrs. Gordon Reeves played many selections on the piano which were much enjoyed. Among those present were Mrs. Frank

Postlewaite Sr., Mrs. Alice A. French, Mrs. W. Schott, Mrs. G. Reeves, Mrs. B. Simm, Mrs. Fred Mills, Mrs. F. Read, Mrs. T. Watts, Mrs. G. Eldred, Mrs. W. Waddell, Mrs. Ed Lee and Mrs. R. D. Cooke. Little Susan Cooke helped to unwrap the gifts.

Oil is found in Canada in Alberta, Saskatchewan, the Northwest Territories, Ontario and New Brunswick.

Thank you . . .

To the many friends of Bud Paton, we would like to express thanks for their kindness in sending flowers, messages of condolences, and for their presence in town at the funeral. To Father O'Dwyer for his kindness at the funeral. To them all, we are very grateful.

DEPARTMENT OF THE PROVINCIAL SECRETARY

Hon. W. T. Straith, K.C., B.A., LL.B., Minister.
R. A. Pennington, Esq., O.B.E., Deputy Minister.
A. M. Gee, M.D., C.M., Director of Mental Health Services.

CREASE CLINIC OF PSYCHOLOGICAL MEDICINE Essondale, B.C.

The Provincial Mental Health Services are administered through the Department of the Provincial Secretary and provide suitable treatment and care to meet the many and varied needs of the community.

The Preventive Services comprise a group of Child Guidance Clinics situated in Vancouver and Victoria with a travelling unit covering other areas of the Province at stated intervals.

The Crease Clinic of Psychological Medicine, as pictured above, is an active treatment and educational centre for the short term treatment of early mental illness.

The Mental Hospital Services continue to provide active treatment and care for the more advanced types of mental illness.

The school for the treatment and education of the mentally retarded child in New Westminster has been expanded and further expansions of this division is now under way.

The care of the aged is becoming an increasing problem requiring further expansion to meet the ever increasing demands. A separate division has been created with specialized units to care for the aged mentally ill. Units are now functioning at Port Coquitlam, Vernon and Terrace.

Veterans' Gathering

GAMBIER HARBOUR — Discussion on a proposal to change the constitution of Unit 276 of Army, Navy and Airforce Veterans will highlight the annual meeting on the first Saturday in December.

The meeting is usually scheduled for the last Sunday in November, Unit President Francis Drage said. "Circumstances have changed the date."

Transportation for Gibsons members will be provided, a schedule of boats and departure times will be announced later in this paper, also notices in the Village.

The unit urges that every member bring a prospective member. "We have had an excellent growth during the past year," Captain Drage reported, "but with our new recreational facilities, we should have little trouble attracting new members."

It will also be proposed that a vice presidency for the Gibsons area be appointed, also a public relations officer.

Refreshments will be provided.

BOWEN ISLAND

By PEARL PUNNETT

MR AND MRS John Lister had their daughter and granddaughter, Mrs E. Davies and Sally, for the long week-end recently.

Mr Fred Billington was rushed to hospital last week for an emergency appendix operation, and at the time of writing he is making satisfactory progress.

Mr and Mrs Ken Hewitt and Mr and Mrs Gordon Harding were the week-end guests of their parents, Mr and Mrs Douglas Harding.

Glad to see Mr James McKirdy get off the boat on the 11th, home from a six weeks' stay at Shaughnessy Hospital. Our postmaster, Mr H. Thompson, is still in there, but hopes to be home shortly.

Mr and Mrs Stuart Jamieson and children were the holiday week-end guests of Mr and Mrs James Collins.

A service was held at the Cenotaph here on Nov 11, conducted by the student from United Church, Mr C. Greenaway, and gave a short but impressive message. Wreaths were laid by the presidents of the men's and women's branches.

Folks seen coming off the boat on the 11th for the long week-end were Mr and Mrs Cliffe, Mr Alec Pithie, Mrs O'Brian and Kathleen, Mrs J. Fairgrieve.

Mr and Mrs Peter Wood were in to Vancouver last week to visit Mr Fred Billington, who is Mrs Woods' eldest son.

The regular monthly meeting of the Women's Auxiliary to Canadian Legion No. 150 was held on Nov 14.

A tea and sale of home cooking was held on Nov 13 at the "Tub" with fish pond for the children and tea cup reading by Mrs Lena Farrell. The proceeds are for the Bowen School Christmas Tree which were \$43.95. It was sponsored by the "Wednesday" Club which has about 25 members.

WHAT IS A CREDIT UNION!

THE UNION OF YOUR SAVINGS in an organized way forms the basis of capital, which permits you to borrow more than you have actually saved on the understanding you will pay it back out of future earnings. Your efforts to save and good personal character inspire confidence in you and makes Credit available to you out of the Union of Your Savings, thereby creating a

CREDIT UNION.

GOVERNMENT SUPERVISION

The "Credit Unions Act" explains the powers and limitations of a Credit Union, and it is supervised by the Inspector of Credit Unions, who makes an annual examination of all accounts.

ADMINISTRATION AND SECURITY

A Credit Union is administered by a Board of Directors, a Credit Committee (who approve loans), a Supervisory Committee (who audit the accounts and report quarterly to the Inspector). All Committees are elected from the membership. All persons handling cash or securities are bonded. Twenty percent of all net earnings are placed in a reserve fund yearly.

**YOUR SAVINGS ARE DOUBLED
YOUR LOANS ARE FORGIVEN**

in the event of death before the age of 55 and graduated protection is given thereafter until the age of 70.

For further information about forming or joining a Credit Union, contact Mr. T. A. SWITZER, Provincial Government Inspector of Credit Unions, Court House, Vancouver, B.C., or the B.C. Credit Union League, 96 East Broadway, Vancouver, B.C.

Immediate Laboratory Service

Continuity of Electric Service

Interruptions to electric service are very annoying to the users and the British Columbia Power Commission appreciates this fact and makes every effort to reduce such interruptions to an absolute minimum.

As the Sechelt Peninsula develops, clearing operations are necessary. These, when carried out skilfully, need not result in trees falling across power lines. In the past few months unskilled or careless operators have caused considerable annoyance to power users by interrupting service through felling trees through the lines. In many instances, these operators do not realize the physical hazard which exists, and in several instances it is miraculous that no one has been hurt.

An energized conductor which has been brought down is extremely dangerous; it endangers not only the operator who felled the tree which brought it down, it also endangers anyone who comes near it until such time as it is repaired.

In the interests of the Sechelt Peninsula customers the Commission must recover from the person who caused the damage all the costs which arise from the accident. Nothing the Commission can do, however, can reduce the inconvenience nor guarantee that the careless operator or a casual passer-by will not be killed.

To protect yourself and others from serious physical harm and to protect your neighbor's electric service, please exercise the greatest care when clearing near power lines.

Sechelt Guides Plan Banquet

REGULAR monthly meeting of Sechelt Local Guide Association was held on November 6 at the Sechelt Inn.

Plans were discussed and arrangements made to hold the Annual Mother and Daughter Banquet on November 24 at 6 p.m. in the Sechelt Inn. Invitations to visitors were approved and will be in the mail very shortly. Each Guide and Brownie is requested to bring her mother or a friend, to act as Mother for the evening.

Members for the entertainment committee will meet to make final arrangements for the Banquet.

Mrs E. Derby, Guide Captain, gave a report of activities for the 2nd Sechelt Guide Company, from June 30 to October 30, A flag dedication service will be held on November 26 immediately after morning service, in the Anglican Church, Sechelt. Guides and Brownies will lay a wreath to honor fallen soldiers, of the last two wars, at the new Cenotaph. Service will start at 10 p.m. at the Legion Hall, Dedication Service to be held at the Cenotaph at 10:30 p.m.

Mrs Williams reported on the progress of her Brownie Pack, and said she had four Brownies to go into Guides, a flying up ceremony would be held shortly after the mother and daughter banquet.

Help in the way of Guiders is still being asked for, and anyone feeling at all able is asked to contact the president of the association, Mrs Bob Cooke, or with Mrs J. Derby. A Brownie Leader would also be appreciated, and if anyone enjoys work-

ing with the younger children, Mrs B. Williams would be only too pleased to hear from them. Manufacturing wage rates in Canada have more than doubled since 1939.

MORE ABOUT . . .
New Sunset Store
 (Continued from Page 1)

Professional fishermen may use this 12 feet by 24 feet, warmed, cement floored portion for repairs of their gear. This is just part of the service we intend to supply.

"You may stress," Jim Veitch said, "that this store is going to excell in service to the customer from now on. Service is going to be our motto."

A full furniture department is in operation on the top floor which is going to be remodelled in the near future. Main line to be handled will be famous Kroehler brand.

It is believed the store will soon feature a new line of sport fishing equipment and lures now being developed by a resident of the area. "The fish will come out on dry land after some of the stuff this man showed us," Jim chuckled. "It is really good looking equipment and we will be only too pleased to help promote it if it turns out to be quality."

Among the departments included in the new building, profusely illuminated and heated by the first Peninsula installed controlled blast, automatic furnace, will be a full line of plumbing, Domestic Sewing Machines, full electrical services, including wiring and, very soon, radio repairs. Chinaware and building supplies will also be included. RCA Victor and Stromberg Carlson radios will line the walls while Frigidaire products will also be on display.

Mr Veitch came to Gibsons five and one-half years ago, following a term as townsite manager for Sorg Pulp at Port Mellon. Prior to that he lived in Victoria where he was born. He worked for many years in ship-yards, finally ending his service with them as outfitting superintendent. One time president of the Board of Trade, he is still a strong force in that body.

Mrs Alice Veitch is also a member of the Board of Trade in her capacity as manager of the Record and Appliance Shop. They have one daughter, Claire, now studying nursing in St Paul's Hospital.

Steer for
Hassans' Landing
Midway South Shore

Sechelt West
By MARGARET ALLAN

MRS. FLORENCE Taylor has gone to town for a holiday, also Mrs. Pheobe Hansen.

Frank Walker and his logging partner Roy Ericson have just returned from a tour of the U.S.

Had a visit from Alex Kean whom you all know, looking well and prosperous. He says there are a lot of carpenters idle in town owing to this Korean business, readjustments being made. Have to report this way as I don't see that a pseudonym covers identity especially in a small

place where everyone knows everyone else. Paging Walter Winchell, now I am asking for it.

Mrs. Bloom of Wakefield Bar-becue has bought Mrs. Dorothy Ericson's place.

Had tea at Mrs. Walter McFarlane's, met Mrs. E. Redman, Mrs George Taylor, Mrs Florence Taylor, Mrs. Fred Gibbons. Mr. Mac has just had his 82nd birthday.

Bill Loma is having solid rock and cement steps put in front of his house.

It was the quietest Hallowe'en ever, not a sound was heard; almost monotonous.

New "RPM" developed by Atomic Energy
DOUBLES THE LIFE
OF AUTO ENGINES!
 ...in the toughest test a motor gets!

New Atomic tool! By equipping test engines with piston rings treated at the Atomic Energy Commission's Oak Ridge Plant, our scientists for the first time measured wear as it happened found out with Geiger counters exactly why motor oils failed. A New "RPM" was developed!

Cold operation tests, under rigid controls, were used to simulate stop-and-go driving conditions... the toughest kind a motor meets. New "RPM" was compared with the best of conventional motor oils. Results were amazing!

New RPM Motor Oil was shown to double the life of average automobile engines between major overhauls due to lubrication. Laboratory tests proved it. Severe road tests backed it up.

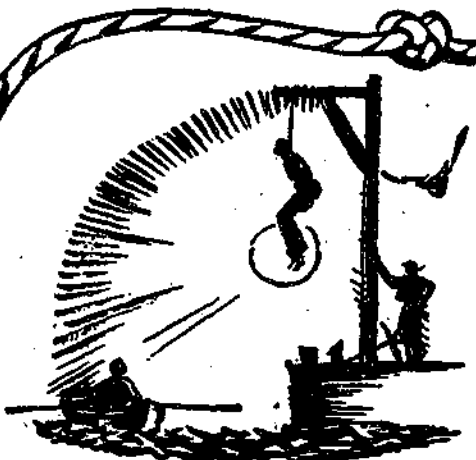

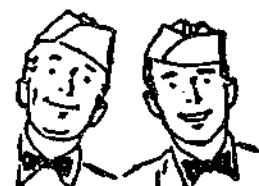

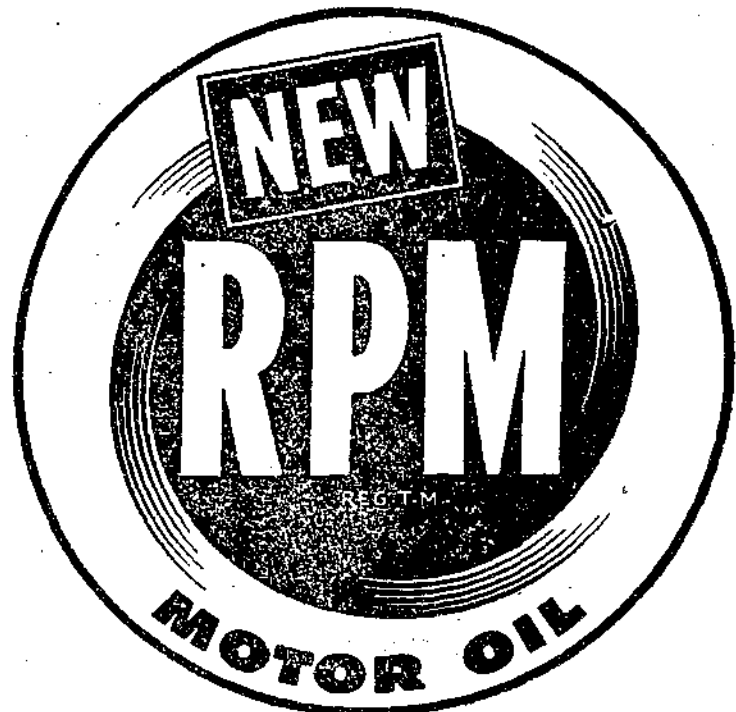

Finest engine insurance
you can buy

No motor oil gives you better protection than New "RPM." Compared with conventional motor oils,* it doubles the life of average engines between major overhauls due to lubrication. It cuts in half the wear-rate of such critical engine parts as piston rings and cylinder walls. It doubles protection against gummy carbon, acid, corrosion, rust and varnish... maintains the low-oil-consumption life of the average engine twice as long. Sold with a money-back guarantee of satisfaction.

* "Premium Type" oils as designated by the American Petroleum Institute.

We take better care of your car

By ARIES

NOT MUCH to report this time as we have been away again. We were at the cenotaph service at Victory square and a grand turn out there. Met many old friends and the seat allotted behind me we noticed Mrs. Peebles, well known to many in Sechelt. She is the past president of provincial command Army and Navy Veterans. We spoke for a minute or two. She enquired after Mrs. M. Edwards and was anxious to know if Ronald Edwards was on active service. Said we would pass the word along. Also met another lady, one of my own ex-service group there who told us she had recently been operating the Coffee shop near Wakefield's. Never dreamt that we were in Sechelt otherwise would have said hello some time. However says to say hello to any old friends of her's up that way, especially Mrs. Dorothy Erickson, so here it is. Name is Mrs. Moore, now at Gambier.

A lovely tea was held at the Sechelt Inn when executive and members of the Sechelt P-TA entertained the young mothers of the community. Greeted at the door by Mrs. Hazel Critchell, convener, and Mrs. Grace Cooke, wife of the president. The ladies and their many pretty babies were escorted to the spacious lounge where at a beautifully appointed table tea was served. Presiding at the urns were Mrs. Alice French who was instrumental in organizing the local chapter, and Mrs. Lillian Powell, a past president of the local group. Address of welcome was given by Mrs. French and a brief outline of the aims and objects of P-TA was explained. Talented young people entertained during the tea hour, including Heather McColl and Karen Stockwell with piano selections; Betty Pratt, vocal selection accompanied by Mrs. Stockwell; Sharolyn Maywood and Sharon Keeley recited.

Spending a short vacation were Mrs. Frank Martin of Ioca and Mrs. Ed Lindgren of Vancouver, both staying with their sister and brother-in-law, Mr. and Mrs. Walter McKissock.

Glad to see that Nels J. Nelson and W. Elliott are both home again from Shaughnessy Military Hospital.

Atlee, and T. Humphries; Gambier, Capt Francis Drage; Deserted Bay, A. Gustavson; Britain River, V. J. Ramsey; Vancouver Bay, Arne Borgland; Port Mellon, Margaret Swan.

Halfmoon Bay school is now on a swing shift, and Miss Lois Minish, has been appointed as a second teacher.

The Bowen Island School

Choir, which is practically 95 percent of the school, are spending the day in Vancouver, where they are busy making recordings, to be broadcast over CBR, Nov. 22 and 29 at 2:15 p.m. The music will be Hansel and Gretel. They will be taking part in the school musical festival.

APPRECIATION

We wish to thank members of the Gibsons and District Volunteer Fire Brigade for their prompt action and courteous efficiency during the recent outbreak of fire at our home at Gower Point.

This time the fire was not serious but it could have been, and in many cases has been. It is nice to know that willing and efficient help is available.

The Fire Department is to be congratulated

ROBERTS CREEK

By M. M.

THE CANADIAN Legion, Roberts Creek Branch No. 219, spent a busy Armistice week-end. The regular monthly meeting was held on November 10 at the home of J. H. Kennedy, Lower Road. Eighteen members were present. A reply was read from the department of public works re the Hall Road, in which it was pointed out this was considered a secondary road. The issue is being kept alive until the department decides to put the road in a state of repair which the heavy volume of traffic demands.

On Remembrance Day a number of members from Branch 219 journeyed to Sechelt and took part in the unveiling of the war memorial.

A Remembrance Day dance was held at the Community Hall, which was a well attended success.

Annual Remembrance Day service was held at St. Aidans church on Sunday, November 12; members of the branch paraded to the church. The Rev. (Padre) Harbord conducted the service, assisted by Rev. H. U. Oswald. After placing the wreath by the president, William Gilbert, two minutes silence was observed.

Members desiring berets will please contact the secretary, Charles Hall, so that more can be ordered.

Comrade and Mrs. (Scotty) Clark were renewing old acquaintances over the Remembrance Day holidays.

The next regular monthly meeting will be held at the home of R. Cumming, Beach Avenue, on Friday, December 8 at 8 p.m. Thanks for the above are due William Gilbert, president of Branch 219, and in charge of publicity.

The Red Cross whist drive held October 27, was poorly attended, possibly due to lack of publicity. These evenings were well attended last year and very much enjoyed. This is to advise the regulars and any new patrons that the whist drives will now be held regularly and all are welcome.

The Tullochs have returned to the city for the winter.

Mrs. C. A. Shaw has returned to the Creek from a visit to Los Angeles.

Gordon Reeves is in hospital in Vancouver following an accident while working. It is expected that he will be there for a week or ten days.

Mrs. James McIntyre of West Vancouver spent the week-end at Greenacres.

Mrs. William Small of West Vancouver spent the week-end with the Colin McLeans on Beach Avenue at Elphinstone.
