## *Mosquito Model Aids in Malaria Fight*

**Model of a deadly mosquito is studied by Charles L. Garret-Jones, an entomologist of the World Health Organization, who is working with a Malaria Control Demonstration team in Lebanon. The British insect expert will help instruct Lebanese sanitary inspectors who study at the new Public Health Department of the University of Beirut. Mrs. Jones, who designed the model, looks on.**

## Sechelt P-TA Report

Sechelt P-TA wound up a very successful year with the annual meeting held at Wilson Creek Hall. Reports were good. Christmas Party held for the children, made possible by Fireman's Fund. Wood working class been very busy, supervisors Mr. J. Redman and Ross Laycock. Talent night saw many awards coming to Sechelt and district. Box Social raised major part of funds for year. Sports day at Pender Harbour, Sechelt won the Shield. May Day festivities and children's dance using the remainder of the Foremen's fund. Coronation Day celebration, and awards to pupils at graduating ceremony.

Officers to serve the forthcoming year are honorary Pres. school principal Mr. Maxwell Tracy, President Mr. D. Oike, 1st Vice (office not filled), sec Mrs. Grace Cooke, corresponding secretary Mrs. B. Sim, treas. Mrs. Dorothy Smith, publicity Mrs. Cherry Whitaker, health Mrs. E. Kraft, program Mrs. McDonald, membership Mrs. D. Walker, sunshine Mrs. Leo Johnston, committee members will be appointed at first meet- also the office of 1st Vice, Meet- will be held in September.

## Roberts Creek Residents Ill

It has been reported that two of Roberts Creek's well known people have been sent to hospital in Vancouver. Mrs. Monrufet was taken suddenly ill, and attended by Dr. Inglis over the week-end, and was sent to Vancouver.

Mr. Barnes, also has been sent for treatment.

## Pender Harbour Agamemnon Road

According to recent release from the Premier's office in Victoria, the Highway Construction Company has been given a contract of $31,169.78, for the construction of the road from Pender Harbour to Agamennon Bay, a distance of 10.78 miles.

This will form the next link in the system from Horseshoe Bay to Powell River.

It has been understood that local sub-contracts have already been let and that work has been started on this road.

## Mercy Flight

Mr. Albert Wagman, logger at O. and O. Logging Company, Sechelt Inlet, who was suffering from acute gastric ulcer, was flown out from Porpoise Bay by B.C. Airlines to St. Paul's hospital, Vancouver on Saturday night. His wife and Miss Mabel Cooper, R.N., the V.O.N. relief nurse accompanied the patient to Vancouver.

Condition has since been reported satisfactory.

## Red Cross Drive Successful

The Howe Sound Branch of the Canadian Red Cross Society met at the home of Mr. and Mrs. J. A. Mainil last Tuesday evening. The President, Mr. Norman MacKenzie, was presented with a service medal for conscientious, efficient work while treasurer of the Agassiz-Harrison Mills Branch from 1941 to 1952.

The report of the recent canvass in this area shows a total of $755.88, made up as follows: Gibsons Area, $466.88, Port Mellon, $289.00.

Canvassers were voted thanks for their very good work, and the Howe Sound Branch wishes to thank all of those who donated to this very successful Red Cross Campaign.

## Gibsons Resident Tops B.C. In Contest

First prize for all B.C. in the Co-operative wholesale society soap contest was won by a Gibson resident, Mrs. Annette Mc Kay. Mr. W.A. Jarmson, Co-operative grocery manager, in his letter to Mrs. McKay said, "The judges have picked your entry as being the best among the hundreds received from all parts of B.C.", and "your entry, they point out, stresses the fact that you have found Co-op soap to be ideal for all household cleaning purposes. They were also impressed with your soap budget figures – and the results conclusively support our claim that you need only half as much when the soap-powder is Co-op!

Mrs. McKay has thus been responsible for twice within the space of a few months, giving Gibsons a first in B.C. public events. It was she who entered the first public school verse-speaking choir in the B.C. speech arts festival, at which time the choir received the highest adjudication in that class.

## Gibsons Delegates Attend Liberal Convention

A party of delegates to the Liberal Convention left via Mr. Otto Giersh's boat on Saturday evening, and report a pleasant trip and a successful convention.

Over 130 delegates were in attendance, plus many visitors. They granted the Hon. James Sinclair, Minister of Fisheries and member for the Coast-Capilano riding a very enthusiastic audience.

Speakers at the meeting were the Hon. Mr. Sinclair, Mr. Ralph Campney, from the West Point Grey riding, and Mr. MacDougall.

Resolutions were passed expressing confidence in the leadership of the Prime Minister, the Rt. Hon. Louis St. Laurent, and extending congratulations to the Hon. James Sinclair on his appointment as Minister of Fisheries, and giving him continued, whole-hearted support as candidate in the Coast Capilano riding in the coming election.

Mr. MacDougall, head of the nomnating committee formally nominated Mr. Sinclair.

The Liberal Policy as outlined by Mr. St. Laurent was supported in its entirety.

Mr. Sinclair, as Minister of Fisheries, is concerned with the betterment of the working conditions of Fishermen generally. He spoke of the record of leadership of the Liberal party, stated that the unity between the Federal and Provincial Governments had greatly improved, demonstrated, he said, by the fact that Arthur Laing, Ralph Campney, and James Sinclair amicably occupy the same speakers platform. Party standing in the country had improved, he went on. In British Columbia, he gave much credit for this to Mr. Laing.

**(Con't on Page 8)**
**see Liberal Convention**

## A Weekend of Accidents

Reports have come in of accidents at varying points of the Peninsula.

From Hopkins Landing comes the report of a minor mishap to Mrs. Littlejohn, who fortunately suffered no ill effects either to herself or her vehicle when she failed to negotiate a turn.

A more serious report of an accident to Seymour Sandford, while driving in Hopkins Ldg. also, fortunately is clear of serious injury to any person.

Seymour, driving a group of friends, smashed into a power pole, shearing it off near the base. The car stayed up on the fill, but is badly smashed. Seymour and a young lady passenger, Gloria Rolfe, were both slightly hurt, but after being attended by Dr. Inglis in the early hours of Sunday were able to carry on to Selma Park. A few hours previously, he had sheared off a telephone pole at Elphinstone corner, Roberts Cr.

Two drivers were unable to negotiate the turn at Lew Reids corner in Gibsons.

Don Smith overshot the corner, damaging his vehicle considerably, while J. Skidmore of Hopkins Landing missed the same corner, but without serious mishap.

These accidents proved expensive, since in Magistrate A. Johnson's court monday, Seymour Sandford was fined fifty dollars and costs, for driving without due care and attention, and lost his driver's license for a period of six months.

Don Smith was assessed ten dollars and costs for the same offense, and J. Skidmore also paid a fine of ten dollars and costs.

## Gargrave Elected for Mackenzie Riding

Election count still incomplete

| | Elected | Leading |
|---|---|---|
| Socreds | 15 | 14 |
| C.C.F. | 11 | 3 |
| Liberals | 3 | |
| Pro. Con. | 1 | |
| Labor Pro. | 1 | |

Minister of Finance, Hon Gundereson defeated in recount.

## Union Steamships Employee Passes

Mr. Willie Paton of Sechelt, for the past seven years employed jointly by the Sechelt Water System and the Union Steamships as Maintenance man, succumbed to a heart attack on Thursday, May 25th, after an illness of only a few hours. He had been attended by Drs. McColl and Inglis.

Mr. Paton was sixty eight years of age, was born in Galston, Scotland, had moved to Canada in 1910. After working in various cities of Canada, he moved to the West Coast, and had lived in New Westminster for twenty years before coming to Sechelt.

He is survived by his wife, Helen (Nellie), his sister in England and nephews in Edmonton.

Private family service was held in the Graham Funeral Home in Gibsons, the Rev. Elliott officiating, and further services were held in the Chapel at the Vancouver Crematorium. Th ashes are to be scattered over Porpoise Bay, Willie Paton's favorite fishing ground.

## Sechelt Board of Trade Elects Officers

At a meeting of the Sechelt Board of Trade on Monday evening, the following officers were elected for the coming year: Past President, E. W. Pearson.

President O. Moscrip; Vice Pres. G. Dalzell; Sec. J. Mayne; Treas. Mrs. W. Berry; The Executive Committee members are E. E. Coe, J. Parker, C. Stewart, E. F. Cooke, R. Kent, W. Swayne, F. Oike, F. Mills, C. Lunn, and Wm. Parsons.

Ernie Pearson of Sechelt had been asked to act again as pres.. but felt that someone new, with a fresh approach to the work of the Board of Trade would perhaps lend new impetus to the Boards activities. Retiring, he turned over the gavel to his successor, Orv. Moscrip, who thanked the meeting for the honor and for their confidence in him. He said that he took the work of the Board of Trade seriously. He felt that the Peninsula was at present in a period of transition from dependance upon Logging as a major industry to that of the Tourist Business. It was his opinion that developments were at hand that could bring real revenue to the area, and that the Board of Trade could do so much to promoting it.

## B.C. Power Employee Joins Pipe Line

Mr. Peter Watt, who was employed at Clowholm Falls power station has left there. He and his family are going on a short holiday prior to leaving for Edmonton, where he will be employed by the Trans-Mountain Pipe Line, after a training period.

The family will join him when he is permanently located.

Mr. Art Asselestine is taking over as assistant operator at Clowholm Falls. He and His wife, Gwen, have gone up complete with bag and baggage, dog and cat.

## Sechelt Liberals Elect New Officers

At a meeting of the liberal Association in Sechelt last week, there was a change in administrative personnel.

Capt. A. Johnston has withdrawn from the presidency, the new president chosen by the meeting is Harry Batchelor. Mrs. A. A. French is the new secretary.

Delegates were chosen to attend the convention in North Vancouver, but owing to the fact that there were no funds available to pay expenses of delegates, it was uncertain whethe there would be any in attendance.

## Black Top And Travelling Public

For those of the motorists who have come into the Sunshine Coast recently, and who have lived for any length of time where there have been good surfaced roads, the following remarks will be familiar, and their import fully understood. For those who have for years driven on dirt roads except when they leave home, some of this may be new.

Local speed limits have been thirty-five miles an hour, except in restricted areas. This regulation is not made with malice aforethought, directed at the hurrying car driver or truck driver. This limit has been imposed as a safety measure, having due regard for both the driver and the pedestrian.

Our new blacktop will tempt many of the thoughtless to new speeds, just to find out how the car or truck will behave, or how it feels to drive faster for miles, or just for sheer fun.

May we remind the drivers that we still have pedestrians, that there will be more cyclists, that there will be more and more cars, and that though the road is surfaced, properly dished curves for fast driving are rare, and that we still have a few near blind corners?

Then again wandering live beef-steak has little regard for the type of road under its hooves, and a cow collided with at fifty is much more dangerous beast than one hit at thirty!

That the other fellow drives his truck at fifty-five and doesn't get into trouble, is no reason why we should try to emulate his lawlessness.

Now that we have a few miles of paving (and hope for more) let us use it as it was intended, as a safer more pleasant road on which to drive.

## Gibsons Library

Gibsons Public Library is now an accomplished fact, after many months of planning and forethought by a small group who are interested in adding another link to our rapidly growing community. This was made available to readers last week. The office was beautifully decorated with bowls of June Roses, and in charge of activities we found Miss Amy Jarvis and Miss Grace Dobie, who plan to issue books every Tuesday, from 2:00 p.m. to 4:00 p.m.

The thanks of every reader goes to Mr. Robert MacNicol, whose unresting efforts with the Provincial and local Governments engineered the venture.

Mr. McKibbin has graciously allowed the use of part of his office to house the books as a start, and it is hoped that a few of our public-minded citizens will seize this opportunity to secure larger accomodations ere too many years roll by.

A public library association has been founded, and a nominal sum yearly will make you a member. It is hoped that every family in the area will join and use the books.

## New Bus In Service

Sechelt Motor Transport has acquired a new Bus, an M.C.I. Courier, with seating capacity of forty one, plenty of room in the baggage compartment, air conditioning, fans, and all other modern comforts for the traveller.

The old "Number 4", a familiar friend to many, the "Monster", the Million Miler," the bus to which many terms of endearment have been applied by staff and public alike, has left the Peninsula for Edmonton. According to Harry Ladd, ...o. 4 will now be operating out of Edmonton, between there and Hay River, a round trip of 1026 miles. She will doubtless acquit herself well, built as she is for tough travelling and heavy loads.

*The Choice Of Summer Campers On The Peninsula*

## Marge Leslie Reports To W. A.

At the regular monthly meeting of the Howe Sound and district, Canadian Legion, 109, Women's Auxilliary, held in Gibsons Legion Hall on Friday June 19th. Mrs. Leslie, delepate to the Provincial Convention of Legion Auxillaries, in Harrison Hot Spring recently, gave a very interesting report of the activities of the 143 ladies auxilliaries in British Columbia during the past year.

Reporting a membership of around 7000 women in the Province, Mrs. Leslie described the many varied objectives in which the Legion ladies participate in peace time, and the work of the Womens Provincial Command in this connection.

An invitation was received from Roberts Creek Ladies Auxilliary of the Canadian Legion, to Mrs. Leslie to attend their next meeting and report on the Provincial Convention. This was accepted.

Plans were completed for a garden tea to be held at the home of Mrs J. Schutz, Gibsons on June 22nd.

The members of the local auxilliary attended the usual Decoration Day ceremony of the Legion Branch 109, on Sunday, June 21st.

## Editorial

July First is Canada's National Birthday. As a nation, she is young, having been in existence as such less than the average man's years.

At seventy six years, a man is just beginning to be able to sigh with satisfacation, lean back with his thumbs in the armholes of his vest, and con template his accomplishments.

A Nation at seventy six years of age is a veritable infant, in History's notebook. Her accomplishments at this age normally are far from phenomenal, her unity yet a trifle slack, her national wealth scarcely seen, and her influence in world affairs minute.

Canada is fortunate in being peopled from older lands, who have brought with them the knowledge, the skills, the arts and cultures of their homes. In this, she has a long start. That Nature has been more than abundant in supplying the basis of national wealth is becoming more and more understood. The bumptious days of Canada's early youth, the days of turmoil and struggle, of rebellion, division and self-dissatisfaction have almost passed.

Canada, young though she is, has taken a proud place among the Nations of the World, she does already have a sphere of influence that is spreading, owing to the work of her able statemen. While her numerical strength is still very far from adequate, either to develop or to defend, growth is evident.

Now it is up to us, who on July First celebrate "Canada Day". Our actions, our thinking, working writing and teaching are what will make Canada of the future. No matter how we celebrate the birthday of our young country, let us spare a thought to the fact that she IS our country, one to be proud of, one to keep united and strong, to keep growing in wisdom and humanity, as well as in wealth, pride and power.

Ladies and Gentlemen, on her Birthday, we give you a toast: "To Canada!"

## Reader's Right

St. Mary's Hospital
Editor, The Coast News,
Sir: —

In each edition of your paper you state "Support St. Mary's", but as far as I can see it ends there. People must realize the day is not far distant when the Vancouver Hospitals will refuse to take all but the most urgent cases, and then we will realize what St. Mary's means to the Peninsula.

To bring to the people's notice the needs of the Hospital, I suggest a committee to be formed, consisting of a committee with members from the following districts: Gibsons, Roberts Creek, Wilson Creek, Selma Park, Sechelt, Halfmoon Bay, Pender Harbour, one each and not of one section. The Chairman to be appointed by the Columbia Coast Mission.

How to appoint delegates can be worked out in different districts.

Geo. D. Phillips.

# C.N.I.B. Notes

by F. W. Dawson

The work done by the CNIB is well worth seeeing, I am sure no one with their keenest eyesight could do better crotcheting, embroidery and basketry. the men at the workshop on Broadway West have their individual jobs, and are very quick and efficient at them. The group making the brooms average 12 brooms per man hour.

Of course there are all sorts of different machines operating for other kind of work, and was blind, unless they were there to see for themselves

The switchboard operator was the one that fascinated us, the keyboard was in Braille, and as a call came in, the number shot up, so she immediately knew what to do. The switchboard was an ordinary board, also the typewriter she used was just an ordinary one.

The beautiful Queen Elizabeth Hall, which is the home for the blind, is very interesting to go through. Each has his or her own room, there is also a lovely room where they can get togeether to knit, do basketry work or play games. They all seemed happy to 'see' visitors.

Mrs. Harry Chaster made the above report following her visit to the C.N.I.B. in Vancouver recently.

# Air Alert

by FWD

Day, Saturday June 20th. Time, too early. Event: Mock-raid on Vancouver.

Some people never heard a thing. Slept right through it. Others thought of a thunder storm, and made the ears of the weather-forecaster burn.

One man must have earned the V.C. He threw himself to the ground. I, being brave, waved to the bombers, but upon reading the instructions, find that I am a casualty. Can only hope they'll give me a good pension. Am afraid they'll give me a jail sentence instead.

# Legal

**Notice of Intention to Apply to Purchase Land.**

In Land Recording District of Vancouver, B.C. and situate, on the northeast shore of Ruby Lake approximately 40 chains south east of the south west corner of Districe Lot 4590.

# Four New Power Extension

Mr. R. Cook, local superintendant of the B.C' Power Commission, has announced that approval has been reeceived for four short extensions on the Peninsula, and that work will start on them upon the signing up of potential customers and the Department of Public Works road permits being received.

First is a quarter-mile extension North of Hopkins Landing, as far as McLaren's.

Second is one mile on the upper Elphinstone Road (Roberts Creek Area) to Reeves and Sandersons.

Third extension will serve the Porpoise Bay area, one and quarter miles of West Porpoise Bay.

The fourth is a very short beach extension, known to the company as the Entwhistle extension, opposite the Shingle Mill at Wilson Creek.

The Power Commission does not anticipate many more inconveniencese due to moving of power poles, and it is expected that most of these will be moved at times to cause the least inconvenience to the smallest possible number of users. There are times when short interruptions are unavoidable, but these will be kept to a minimum.

# New News Agent

Mrs. Phyllis Waddell, presenty employed in the office of the Peninsula Building Supply, near the Bowling Alley, has taken over the duties of representative for the Coast News.

Mrs. Cherry Whitaker, who has served us in this capacity for several months, feels that her own private commitments for the summer are too great for her continuance in this position, and since she intends to be away in Pender for most of the summer season, has asked to be releived.

Mrs. Waddell will take all news items, classified advertising, and subscrptions as well as coverage of meetings and other local events. If Sechelt would figure in the news, remember your own local representative and keep her informed!

## TRANSPORTATION TENDERS

Tenders are invited for the transportation of approximately 40 students from the Port Mellon and Hopkins Landing areas to the Gibsons Schools and return each school day, commencing September 8th or as soon thereafter as road conditions permit.

Contractor must be prepared to provide a suitable bus and adequate insurance protection.

Forms of tender may be obtained from the undersigned.

Tenders, in sealed envelopes, marked "Transportation", will be received on or before 6 p.m. on Saturday, July 11, 1953.

The lowest or any tender will not necessarily be accepted.

Mrs. Anne Burns.
Secretary-Treasurer,
School District No. 46 (Sechelt),

# Notice To Contractors

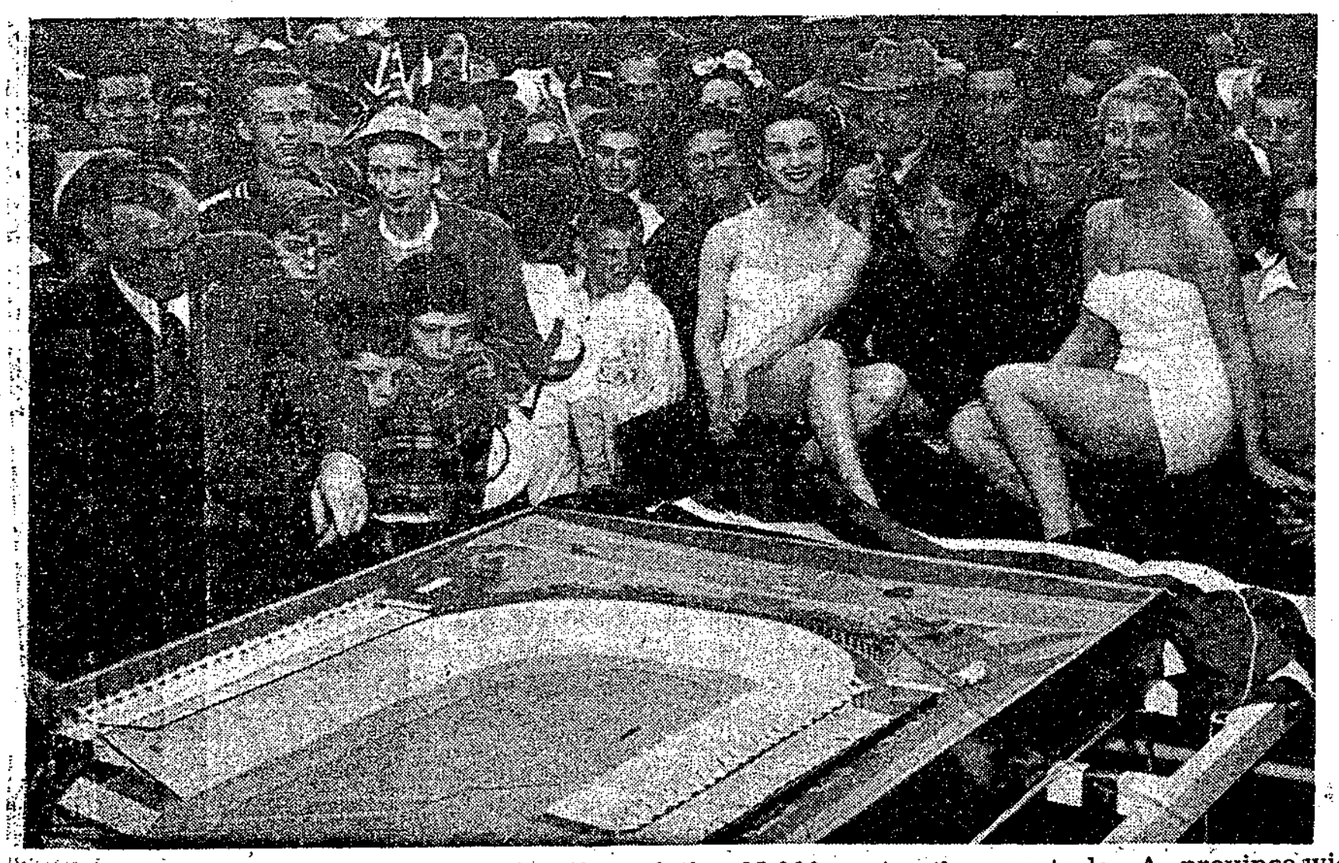
Tenders are invited for clearing, burning of debris, and rough grading approximately 4½ acres of the site at the Elphinstone Jr. Sr. High School at Gibsons. Plans and specifications may be obtained from the undersigned

Sealed tenders, marked "Clearing" will be accepted until 6 p.m. on Saturday, July 11, 1953.

The lowest or any tender will not necessarily be accepted.

Mrs. Anne Burns,
Secretary-Treasurer,
Sechelt District No. 46,
Gibsons, B. C.

# Sleek Models Unveil Sleek Model



SCALE MODEL OF MILLION DOLLAR British Empire Games Stadium being built at Exhibition Park in Vancouver was unveiled to the public at sod turning ceremonies Wednesday when Percy Williams, Olympic and B E G Track star of yesteryear lifted the first spade to signal construction of the 35,000 seat project. When completed (by March of 1954) it will be the largest stadium in Canada. It will be the hub of British Empire games activity next July and August when athletes from at least 20 Commonwealth countries converge on Vancouver for the spectacle. A province-wide contest will soon be announced by the BEG to name the stadium. Also under construction for the games is a huge indoor swimming pool and a bicycle track. Sight of the rowing competition has not yet been decided, but will likely go outside Vancouver.

## Selma News

by "Brevittee"

There has been a great smoke on the slope behind Selma Park but nothing to worry about, just the road construction crew heating up the witch's brew for surfacing the road. Trucks are busy hauling the material, and signs telling us to beware of the machinery, but we love to see it. After all, we stall have a road.

Friday night Selma Park Community Club held a special meeting, at which it was decided to hold a Sports Day, July 25, Saturday, to raise funds for the Sechelt Volunteer Fire Brigade, Selma Park's contribution to this necessary fire protection. Mr. F. Mills, Fire Chief and Assistant Fire Chief, Mr. H. Billingsley, attended the meeting. Watch for further details of the event.

The matter of street lighting was also discussed at the meeting, and the decision was that a canvass should be made for funds to finance their maintenance.

Mrs. Wm. A. Schott is in Vancouver for a week. Jackie Schott is staying with his grandmother.

Mrs. A.S. Baird is staying in her summer home with her two house guests, Mrs. Stark from private school in Vancouver for the summer vacation, and will be enjoying fishing from the fibre glass boat.

Master Nick Gilbert is home and Mrs. Feakes of Vancouver.

Mrs. A. H. Innes, 'Wildwood' has been ill. His sister, Mrs. C. Mannering and her husband, and Mr. Charlie Innes came up from New Westminster and Burnaby to see him.

**Indiscriminate shooting**

Mrs. Tim Newcombe and Mr. Dave Galvin had a scare on Tuesday, when bullets whistled by them. In fact Mrs. Newcombe said one was so close to her, she could see the air wiggling in its wake. The R. C. M. P. advise that indiscriminate shooting is just not done. Having to duck bullets while going about your affairs is apt to make you nervous.

## Sechelt News

**Mr. and Mrs. Guy Cuthbert,** Sechelt Tea Rooms, have their daughter, Mrs. B. Champion and their six week old grand daughter, Cathie, visiting them for week.

**Bethel Church has been** opened in Sechelt at the corner of Trail and Mermaid streets, one block north of the Shell Gas Station. Mr. Wm. Elliott is the pastor. He is well known in the area, having conducted services for many years, at Sechelt and the interdenominational church at Wilson Creek. Thirty four years ago he began coming to Sechelt to conduct services under the auspices of the B. C. Convention of Baptist Churches He is also the padre of the Sechelt Legion Branch. Through his efforts and those of the congregation the church has been built, and all are invited to attend and worship with them.

**Mrs. Marge Hodgson of Vancouver** and her counsellors are busy opening the Gamma Phi Beta Camp for another season. Monday, June 29 saw the arrival of 25 children for a holiday of fourteen days. Among the counsellors are four girls from the University of Southern California and one from Iowa State College. Every two weeks for six weeks will see another 25 children coming to camp. The staff have only one day in which to prepare for each group, which must entail planning to the last detail.

## Police Court News

**In Magistrate Johnston's Court**

David Hetherington, Vancouver fined $2.00 and costs for illegal parking in Gibsons.

John Watson Ingram, Gibsons sentenced to six months hard labour on two charges of obtaining monies through worthless cheques.

John Verishagin, Sechelt fined $20.00 and costs for exceeding the speed limit on Sechelt Highway.

Two youths from Port Mellon being minors, were fined $30. and costs for having liquor in their possession.

Peter Trower, Port Mellon received suspended sentence of 3 months and entered into recognizance for $100.00 when found guilty of supplying liquor to minors.

Harry Sawyer, Sechelt, won an acquittal on a charge of supplying an Indian with liquor. Mr. Sawyer was defended by A. E. Branca, Q. C., of Vancouver.

# Restricted Highway Parking

**Curb Parking Only**

With the construction of the pavement on the Gibsons-Sechelt Highway comes the warning from the R.C.M.P. that cars must not be parked on the sides of the pavement, or so that they project partly onto it. If they are parked alongside the road, they must be clear of the pavement.

Motorists are warned that violaters of this regulation will be prosecuted without further warning.

Increased traffic and speeds make the enforcement of this regulation necessary.

# Wilson Creek

**by Robbie**

To Mrs. Wm. Scott of Davis Bay, a son. Well congratulations Jean, glad to hear that you and the baby are in good shape, and doing fine.

Mrs. Dorothy Erickson, from Trails End, has gone over to Qualicum for a period of duty, she expects to return in about two months.

The Wilson Creek C.C. have called off all meetings for the summer. The next meeting will take place the first Wednesday in September. If of course you need any information regarding rentals, please call Wilson Cr. 21 S.

Residents from these parts will regret to learn that Mrs. Hill, one of the first to build along the waterfront at Davis Bay, has had the misfortune to lose an eye, through an operation. It appears that our old friend was to have had an operation to remove a cataract, and during the process, a more serious affliction was observed, which necessitated the removal of the eye. We are very pleased to report that she is progressing favourably.

From Vancouver, Mr. and Mrs. Harry Revett are visiting the Bay and hope to spend the next couple of weeks at their summer camp.

I'd like to give a detailed account of the game played at our grounds on Tuesday of last week, but I have to live here, the result however, was a stunning comeback for the Selma team, which finished on the long end of a seven to six count.

Young George and his sister Diane Lunn, are spending a few weeks with their grandparents, Mr. and Mrs. George Wright of Wilson Creek. I hear the Lunn family are leaving Vancouver, to take up residence in the U.S.A. shortly.

Mr. and Mrs. W. Steele and young daughter have arrived from the city, to spend the next month or so at their newly built summer camp at Davis Bay. This camp is next to the Reid residence, and do n on the beach. Incidently, Mrs. Reid was hostess to her daughter and son-in-law, Mr. and Mrs. Buckley from Whonnock, she will visit them for a week when they return.

Mrs. M. MacDonald and family are preparing for the road again, last year they took a tent and spent a couple of wonderful camping months, touring the states, but this year Marge says she is going to tour Vancouver Island. Well happy nights, Marge.

# Sea Lion Friendly Visitor

Ralph Perry, from Eastbourne on Keats Island, tells this one.

On Saturday, June 20th, he was working around the wharf, and suddenly raised his head, noticed a sea lion sitting in the sun. A friend of Ralph's who had just come in with his boat had seen the creature from the water, and thought it was Ralph sitting fishing, until re was close enough to see the whiskers. When he came to the wharf, the sea lion slipped into the water and disappeared.

The two men discussed the creature, and the fact that there is a bounty on them, due to their destructiveness among fish and fishing gear, so decided to try for it. Ralph went off for his rifle, and the two hid themselves in the wharf shed. In just a few minutes, back came the sea lion, and perched once more in the sun on the planking.

Ralph said he looked so friendly, and so like some one asking for just a small handout that he never even lifted his rifle, but sat and enjoyed the set-friends sunny smile.

# Sechelt

By ARIES

We are getting writer's cramp these days– so much to do with the enumeration. By the way the completeed lists will be displayed in the Post Office lobby– Any of you that have been missed will be able to get on the list July 23rd, so watch for the typewritten list, but geet on as soon as possible–

Saw a lot of pretty Indian girls recently from St. Paul's school in North Vancouver. They were guests of the school in Sechelt. Had a wonderful time, a dance and a Pro Rec display. There were a few boys with them, all teen ager's.

Visiting from Seattle was Mrs. Olive Simpson, Susan and Fred. Mrs. Simpson is the former Olive Jenkins– who went to the little Red School house on the hill, about twenty years ago- Still comes up to see us– and gets this paper.

Mrs. E. Findlayson and friend Mrs. D. McKay are spending a few days at the Inn. Mrs. Findlayson lived at Selma Park some time ago and finds Sechelt much changed.

We were all very shocked at the passing of Mrs. Jimmy Pope of West Vancouver – after a short illness. she leaves her husband and two teen aged sons.

Agatha Alec a very old resident of the Indian Reserve, supposed to be nearing the one hundred mark, passed away in St. Mary's Hospital Pender Harbour. She was buried on the reserve on Monday 22nd.

Mrs. M. Clampitt is in Vancouver for a few days.

School term came to an end at the Elementary school with the second annual Graduation Day Assembly, with Mortar Boards, white shorts or blouses and black bow ties, forerunners of days to come.

Addressing the assembly during the Excercises were Captain A. Johnston, and Mrs. Lee Redman, President of P.T.A. Presenting diplomas to graduation class was School trustee Mrs. L. S. Jackson.

Judges of the books were Mrs. Del Pratt and Mrs. Alec Macrae. Presentations from the children were made to Mrs. Dobbin who is leaving. Mr. Heskins the well beloved janitor also received a gift from the students.

Mrs. Lamb and Miss Nellie Lamb are spending a few weeks Mrs. E. McFarlane visiting her parents Mr. and Mrs. A. Gibbons, coming from Seattle.

# W. I. Notes

Gibsons Women's Institute regular meeting was held in the parish hall of the Anglican Church, preceeded by a luncheon. Fifteen members were present.

President Mrs. Haley opened the meeting, asking the members to repeat 'the Ode'. The Secretary read the correspondence. Data on the picnic at the Peace Arch was not available, but when received, notice will be posted on the W.I. board. The date is July 10th. Mrs. Haley, Presideent and Mrs. Corlett, Treasurer, will attend from Gibsons.

Convenors and Clerks for the Fall Fair Committees were appointed.

Mrs. Strom was appointed W. I. representative at the C.N.I.B. meetings.

The tentative date for wool shipment was Sept. 14th, with definite notice to appear later.

There will be a Xmas bazaar in the School Hall on Nov. 20th.

A note of sympathy was extended to member Mrs. Bain, on the passing of her sister, the late Mrs. Stewart sr.

The next W. I. meeting is to be preceeded by a picnic at 21st. Members will answer the roll call with novelty or other articles, suitable for a Bazaar.

# Bethel Church Opened At Sechelt

Just along the road from the Legion Hall in Sechelt, the Bethel Churc was opened on Sunday, June 21st. Services, with the Rev. W. Elliott as Pastor, will be held every Sunday at three in the afternoon, with Sunday School at two o'clock.

The little church has been completely remodelled inside, and the Pastor hopes to continue his services there indefinitely.

**NEW HOME OIL AGENT**

Mr. Van Norcross, of Home Oil in Vancouver, advises that the Sechelt Agency of the Home Oil has been taken over from Mr. Malakoff by Mr. Lou Fox of Sechelt, and his son Jack.

Lou has bas been running the Porpoise Bay Water Taxi and boat rental agency in Sechelt for the past 18 months, which he will continue to run.

Between Lou and Jack, the two businesses should be conveniently and well handled.

# Roberts Creek Round-up

by Madge Newman

Have you voted for Park Queen yet? You have until the 17th to do so, in either the M. and W. or Stapleton's store. This voting is managed under the 'honour' system and really it isn't cricket to vote more than once.

So well-received was the Walt Oliver "Swingtette" that the Hall Board has engaged them for the 11th. If you haven't danced to this orchestra you have a treat in store for you.

If anybody in the community rates tarring and feathering now is a good time to get on with it. The tarring is already accomplsihed – and what a joy it is, to both drivers and pedestrians, to see the dust finally laid. Gardens and greenery along the highway are emerging from their blankets of grime to show their true colours and 'tis a beautiful sight to behold.

**O. E. S. TEA**

Mt. Elphinstone Chapter, 65, O.E.S., held a Coronation Tea on the 24th at the home of Mrs. Pearl Osborne, Sechelt. Introduced by the Worthy Matron, Mrs. Phyllis Parker, Mrs. Osborne, Past Grand Chapter officer, opened the tea with an address of welcome. The sun chose to shine upon their labors and the garden became a colorful hive of industry when red, white and blue-aproned servitors moved among the crowded tea tables. The coronation motif was carried out in red, white and blue flowers on the tables and in decorations on the serving table which dominated the east end of the lawn. That these Eastern Star ladies can cook too was evidenced by the array of fine cakes, breads and pastries in the home cooking stall, every crumb of which was sold in record time. It was said that the Palmistry expert gave such complete satisfaction that she should hang her shingle out. Teacup reading was popular also, and Mrs. Turner did well with the bean guessing contest. Candy, handkerchiefs and raffle tickets were sold to help swell the coffers of the Chapter. Mrs. Doris Drummond had a wide dispay of greeting cards to sell for her pet project, the Cancer Fund, and did a very good business with them. Altogether, the tea, convened by Mrs. Dolly Jonas, was a great success.

Mrs. Ruth Mitchell has returned to the Creek and has as her house guests her sister, Mrs. M. Town, her niece Mrs. Wm. Marshall and Craig Marshall.

**ROBERTS CREEK P. T. A.**

New officers of the Roberts Creek P-TA elected for the coming year are: Pres. Mrs. A. H. Weal, 1st Vice Pres. Mrs. C.F. Haslam. 2nd Vice Pres. Mrs. J. Jack. Sec-treas. Mrs. C. Hillier. Convenors: Health Mrs. D. Blake, Membership Mrs. J. Rusk, Programs Mrs. E. Wallis. Publicity Mrs. J.T. Newman Social Mrs. H. Lomas.

July 9 is the date set for the annual P-TA tea, which will be held at the home of Mrs. E.J. Shaw. It is hoped that all who can, will gather there for a cup of tea and a visit with friends. Last year it was excessively hot during the tea hour and this year you may have to wear your furs if the weather does not change, but come anyway.

**Support St. Mary's**

# The Unknown Land

The last lap of the road to complete the ferry link with Powell River is now in the making and a new era is dawning for the lotus land that was prosaically named after Lt. Pender of Her Majestys survey ships of the navy. There does not seem to be any Indian names or in fact much Indian lore around Pender at all. The reserves are quite small and it would seem that the area never fostered any large bands in the past.

The geographical site of Pender Harbor lends itself to an isolation and also to the insularity of the hardy crofters that are very much at home and well scattered in the nooks and crannies of its tremedous shoreline. Here you have the perfect haven and shelter from winds and ocean sea seldom seen elsewhere except on the B.C. coast line. This place where herring can be jigged, oysters can b flipped, and cod and salmon taken at the doorstep as it were, will not long be able to keep its light under a bushel. As soon as the road is in to Agemmenon Bay the folks will have to resign themselves to visitors and the concomitant blessings and evils that come with them. The magic ol this land of lakes, bluffs and shaggy wood and with this the lovely small beaches and bays of the sea cannot be kept secret from the searchers looking for a Shangri La where they need neither toil or spin. The tremendous wild and rugged Caren Range provides the backdrop that shields the area from the cold north winds.

It is in the fall when the vine maple is turning color that this miles long splodge of old gold is a thing of beauty beyond my power of desciftion. With the advent of the power line the surge of new life will go through the whole area from Sechelt up. The well established hospital with its adjoining small church is set in a piece of rock and set cameo that will always catch the eye of the traveller.

There should be a plaque or marker of some sort to the eternal credit of the people responsible for this unique setting. It is a few steps from here to the beer dispensary, of this, the least said the better, except, a more suitable site would be of definite benefit to all concerned. Mine host at the Garden Bay Lodge quite close to the hospital will be able to carry out some of his advanced ideas when he sees the pole line in his yard. When the problem of phone and power is resolved and it is a difficult one a central spot will have to be decided on for a switchboard etc.

The area of the hospital on the map seems to be the geographical center but the future may populate the area differently and it will require some sound judgement and forbearance before this matter can be settled to the satisfacation of all.

It should not be overlooked that there is a great deal of arable land on the flat and the road may build this up first. We don't think you will find a herd of white face cattle anywhere nearer than Bella Coola better than those at the harbor.

The lower part of the Peninsula could very well take a leaf out of this book than advertise us with the crossbred bunch of scraggy scrubs that annoy the good gardeners with their presence on the hiways and biways. A generous sprinkling of traffic signs would be of great help around the twisting roads of the harbor and a good readable map of the immediate district posted at the Madeira Beach road junction with a parking space so that people can get off the hiway to study it. The postmaster, Mr. Potts, at Irvine's Ldg. has a very good area map that could be copied with some alteration. The school and the community hall are standing monuments to the good sense of the people of the district.

The officials who overcame many obstacles to put the school on its present site must be doubly comforted when it is viewed in the general perspective of its playing field and handiness overall. Pender Harbor is to be congratulated, it seems to be ready for anything and everything.

L. S. J.

# Gibsonews

by W.M. New

This is the time for visiting. Our best wishes go with Mr. and Mrs. George Williamson on their trip East, and to Mrs. Henderson of the Elementary school and party to Winnipeg and way points.

We think of Mrs. Drew on her way to Scotland for a trip, and wish her all the best.

Friends of Joy Elliott will be pleased to hear she has been chosen to go to New York in July to the United Nations Assembly. Joy is a member of the United Nations Club in her school in North Burnaby, and was recommended for this honour by Principal Carpenter. Joy attended school here in Gibsons for four years during the time her father, Ray Elliott was principal of thee Elementary school. She was a Ratrol Leader in the Gibsons Girl Guide Company.

We are sorry to hear that Mr. Lester Peterson of Elphinstone High school is at present a patient in Shaughnessy Hospital. We wish him a satisfactory and speedy recovery.

And good luck to the boys and girss who are starting their summer holidays with sore throats and mumps. By the time they are better the weather will probably be lovely.

**"COME RIGHT IN"**

*When you walk into a bank manager's office, you look to him for reliable information and sound advice. Today he can do more for you than ever before — through the wider contacts, the specialized services and accumulated knowledge built up by his bank. Through the years Canada's chartered banks have kept pace with ever-widening, ever-growing needs.*

THE BANKS SERVING YOUR COMMUNITY

**OUT-OF-TOWNERS OBTAIN BANKING SERVICE BY MAIL**

**Many rural residents of this district have the mailman do their banking for them at the Bank of Montreal. By this practice, they save themselves both time and trouble.**

**The service is fast, too. Deposits and instructions received at the bank through the mails receive prompt attention. every day, before the bank opens, the staff of Gibsons and Sechelt B of M are busy dealing with the business received by the first post.**

**Anyone desiring more information about this service should write to, or visit, Tom Larson, manager of the B of M's local branch. He will gladly provide a leaflet about banking by mail, as well as answer any specific questions.**

# M. W. Gormely Opens Office As Forestry Consultant

Mr. Gormely is a Forest Engineering graduate of the University of British Columbia.

Much of his professional experience was gained with the B.C. Forest Service in the Vancouver Forest District (Vancouver Island and the lower Mainland) in various capacities from Timber Cruiser to Assistant District Forester. However, he has worked in most sections of this Province. Latterly he was District Forester in Nelson and Prince Rupert. He has also worked for logging companies here on the Coast. He recently returned from a consulting forestry assignment with a pulp and paper company in New Zealand.

**WHEN DISCUSSING SHOPPING**

There are several things to stop and consider, these days.

Many of our local people have shown a tendency, lately, to go to the city for their shopping "on Time". This we presume, they do for one of the following reasons:

(a) to keep their business affairs more or less private.

(b) Because they are unaware of the conveniences offered locally, or

(c) Beccause they feel they can "Budget Buy" more cheaply in the city. To these reasons we make the following replies:

(a) Sunset Hardware offers, where desired, a completely confidential business service on Time Payment shopping.

(b) Sunset can offer you all the advantages of time-payment buying that can be found in the big Department Stores in the city.

(c) Because of the size of the Sunset Business Affiliation throughout B. C., Sunset can offer you a financing Arrangement of only 6 %, which cannot be bettered in the City.

There is a definite adantage in dealing at home this way, in addition to having your business done right at hand, without the expense and inconvenience of going away.

This big advantage is having your own Sunset Dealer available to service any appliance, should it be required, right in your own home, for the most part. You have your servicing done quickly, and have not the delays and other inconveniences attendant upon crating and shipping appliances away, correspondence upon the matter, and waiting the return of the serviced item.

Let Sunset serve you in "Time-payment shopping."

# Stanley Home Products Of Canada

Representatives are in the District to Demonstrate Stanley Quality plus Time and Work-Saving Products for the home, through the famous STANLEY HOSTESS PARTY PLAN.

Why not shop at a Stanley Hostess Party, or better still, have one of your own, and receive your choice of our beautiful Dividend Gifts?

Contact Mrs. I. Halliday,
Ridgeway Motel, (No. 2)
Gibsons Landing, B. C.

# NOTICE TO BOWLERS

The SECHELT BOWLING ALLEY will be closed starting Saturday, July 4th.

for Resurfacing Alleys, and preparing for the Fall Bowling Season

Expected date for Re-opening, Aug 10th.

For the 1953-54 season, there are still available 3 periods per week. Any Bowlers interested kindly contact J. Dolphin, phone Sechelt 85 W or 92 R.

The Bowling Alley Coffee Shop will be closed during this repair period, also.

**Liberal Convention**

(Continued from page1)

**The Liberal Party, he said, had been Champions for 18 years, and would defend their record.**

**In world trade, Canada has risen as a trading nation from 30th place to 3rd on the list under Liberal leadership. At home, she has the highest exemption from Income Tax.**

**Provided World trade continues sound, and industry at home permitted to work sound employment practices without the constant crippling of strikes, it is planned to reduce taxes and still increase social services.**

**The budget breakdown shows one half for defence, and one fourth for social services. The Liberals have established Old Age Pensions, Family Allowances, improved Un employment Insurance, etc. Veterans pensions and allowances are the most generous in the world.**

**Mr. Sinclair gave Mr. C. D. Howe credit for the increase of industrialization in Canada, with a consequent improvement in stabilization of the nations economy.**

**The only war debt Canada owes is to ourselves.**

**The only Government in Canada ever to default on a debt, Mr. Sinclair stated, either Provincial or Federal, was that of the Social Credit Party in Alberta.**

**Regarding Social Credit's proposition to put Canada's currency and finance into the hands of the Government of Canada, this has already been done. In the session of 1935-36, this was done, and it has since been publicly owned.**

**By its works, its policy and its legislation, the Government of Canada, under Liberal leadership, has placed a floor under Canadians through which no one could fall, but has not placed a ceiling to bar upward progress of a person of ambition.**

# Consulting Forestry Practice

Announcing the commencement of a general consulting forestry service to the British Columbia logging and lumbering industry.

Over 25 years of experience in handling Coast and Interior forestry problems is at your service. This includes many years with the B.C. Forest Service in various capacities up to District Forester.

Specializing in timber management—timber supplies, cruising, stumpage valuation, cutting contracts, timber sales, forest management licences, woodlot licences, timber trespass, seizure and lein procedures, fire protection and logging problems.

Preliminary consultation without obligation,

Marc W. Gormely
B.A.Sc. (Forestry Engineering) R.F.
British Columbia Registered Forester
2474 West 35th Ave.,
Vancouver, B. C.

# Public Health Clinics For July

Gibsons, Thursday, July 2 ,2 to 4 at the P.H. office

Roberts Creek, Tuesday, July 7, 2 to 3 at Roberts Creek school.

Wilson Creek, Thursday, July 9, 2 to 3 at Mrs. Chamberlin's home.

Port Mellon, Tuesday, July 14, 2:30 to 3:30 at Port Mellon school.

Sechelt, Thursday, July 16, 2 to 3 at Sechelt school.

Bowen Island, Tuesday, July 21, watch for time and place.

Half Moon Bay, Thursday, July 23, 2:30 to 3:30 at Mrs. Dipuma's home.

Garden Bay, Tuesday, July 28, 3 to 4 at the Club house.

Madeira Park, Wednesday, July 29, 3 to 4 at Madeira Park school.

All mothers are invited to bring their infants and pre-schools to clinics. Babies are weighed, immunized, and problems are discussed with the mothers. Inoculations consist of 3 doses one month apart, of Diptheria, Whooping Cough and Tetanus combined. Mothers are strongly urged to see that their children have these protective inoculations while they are young. The reactions to the inoculations are minimal when they are started at three months of age.

For further information, see or write the Public Health Nurse at Gibsons, or at the clinics.
