Rate Payers Discuss Road Maintenance

With Village Commissioners A.E. Ritchey and C.P. Ballentine and also Clerk R. Burns present, a well attended meeting of the Gibsons and District Ratepayers Association met in the United Church Hall on Thursday, April 1st, and discussed village affairs.

Mr. R. Lamont was appointed chairman of a membership committee, and a drive will be made for new members among the taxpayers of the village.

A detailed statement of 1953 finances was presented to the meeting by President Macnicol, showing a satisfactory balance on hand, after paying expenses.

Mrs. E. Milligan, Marine Drive, complained about overgrowth on a lot adjoining her property, and produced a letter received from the Inspector of B.C. Municipalities, Victoria, stating that the village commission had the authority to pass a bylaw preventig lots remaining in a condition as stated by Mrs. Milligan.

The difficulty of enforcing such a bylaw in a village like Gibsons where such condition was prevalent was outlined by Clerk Burns. The complaint was referred to the Deputy Fire Marshall for Gibsons area to see if this nuisance could be classified as a fire risk.

Upon the propsal of Mr. Ben Knight, a suggestion box will be made available for use of members, for subjects for discussion at the monthly meetings.

The matter of possible damage being done ti people's flower and vegetable gardens by the lack of care in spraying weeds etc., was discussed at length, and objection taken to certain types of spraying machines in this connection.

The report of the Village Commission for 1953 came under review and expenditures on roads, fire hall, etc. were explained, or a promise given by the Commissioners present that more detailed information could be supplied by Clerk Burns, on request of the Ratepayers association. A motion was passed, on the request of Mr. H. Fearn, that information covering a breakdown of the road expenditures during the year 1953, in the Headlands District (District Lot 685) be obtained from the village commission.

Attention was drawn to the fact that the village of Gibsons had spent more on roads in the years 1952 and 1953 than had been collected in property taxes and business license fees during that period, and that the grants received from the Provincial Government during these two years were in excess of the amount collected in taxation. This makes the village dependent upon these grants from other sources other than taxation, if road expenditures were to be carried on at the present rate.

Admitting that roads were necessary in order that the village may progress, the statement was not combatted "that roads now opened up, those already in existence, had to be maintained in the future, and with a full mill rate of twenty mills, and the amount of government grants in future years an uncertainty, a continuation of expenditures at the present rate would eventually lead to an increase in the improvement taxation rate, and/or in assessment values."

That these matters should be the concern of every taxpayer, it was generally agreed by all present.

At the close of the meeting, President Macnicol showed some interesting moving pictures, and refreshments were served under the acting social committee convener Mrs. A. Shoebottom, assisted by ladies of the association, the shrimp sandwiches being donated by Mr. Harold Fearn.

Next meeting will be on Thursday May 6th.

Choraliers Elect New Committees

The annual general meeting of the Choraliers was held in the Wilson Creek community centre hall, last week.

The financial statement was presented and showed a balance in favour of the singers.

The sum of approximately eighty dollars was expended on music, which, as well as the cost of transportation is borne by the choir.

Several committees were elected under the presidency of Hilda Lee, who was returned to office unopposed for the third successive year.

The rehearsals for the next concert season will commence on the first Sunday after Labour Day. It is hoped that more singers will be added to this popular group, to replace the vacancies caused by the graduation of some of the student members who will be leaving the district.

Persons with choral experience or a knowledge of music who wishes to continue with this work, may obtain the required information from Mrs. Ed. Lee, Selma Park, or may contact members of the group.

At the close of the meeting, refreshments were served, and for services rendered, small tokens of appreciation were presented to Mrs. Reid, Jack Whittaker, Mr. Haley, Mrs. Lee, and H. Roberts.

Sechelt Choir Does Well In Music Festival

Trained and conducted by Harry Roberts of Davis Bay, the Sechelt Children's Choir competed in Vancouver Musical Festival, and came within three points of the top award in their class. The adjudication, which Mr. Roberts will give in full for general interest next week, gave the Choir 79 points on their first number and 82 on their second song.

The choice of songs, and the performance was very good.

The choir against whom these thirty Sechelt children competed was a sixty voice choir, ranging in age to eighteen years. The Sechelt children were twelve years and under.

The trip was a wonderful experience for the choir, who went to Vancouver via Sechelt Motor Transport, with Mr. Tracey, Mrs. Ladd and Mrs. Simms as chaperones. Karen Stockwell was accompanist.

SECHELT REPRESENTED AT GIRL GUIDE CONFERENCE

At the B.C. Girl Guides Annual conference to be held in the Hotel Vancouver on April 9th and 10th, Sechelt will be represented by Mrs. Betty Williams (Brown Owl) and Mrs. Irma Laycock (Tawny Owl). In six years, Mrs. Williams has missed attending only one of these events. This year will mark Mrs. Laycock's third attendance.

DEBATE ON COMMISSIONERS PAY

If some person can be found to take the affirmative stand on the subject "should the indemnities of the Commissioners for the Village of Gibsons Landing be increased" there will be a debate on this question at the next meeting of the Gibsons and District Ratepayers Association, to be held in the United Church Hall, on Thursday May 6th.

Screen Stars at the U.N.

Two outstanding personalities of the theater and film world recently donated their talents to tell the story of the work of the United Nations Children's Fund (UNICEF). At left is Deborah Kerr, British-born actress. Checking her script is Audrey Hepburn who has a fitting background for international stories. She was born of Dutch and Irish parentage in Belgium. In a special broadcast heard by millions in English-speaking countries, they joined with five other luminaries of stage and screen in dramatizing UNICEF's seven-year history of world-wide aid to needy mothers and children.

Gibsons Gun Club In Tournament

Four members of the Gibsons Club were entered as a team to compete in the Capilano Rod and Gun Club Tourneoment on April fourth. The members qualifying for this competition were Roy and Walter Nygren, John Bunyan and Clarence Sicotte.

The team did very well in their first attempt in a Pistol Tournament.

In the Individual Marksmen Class, John Bunyan ranked in the top half, in the Slow Fire match. Clarence Sicotte did well in the Timed-fire competition. Roy Nygren and Walter Nygren were in the top half in the Rapid-Fire match.

The officers of the Capilano Rod and Gun Club are deserving of credit and congratultions on the efficient manner in which the Tournament was conducted, and in making the visiting teams welcome.

A Pistol Tournament is being held in Mission at the end of May, and it is hoped that the Gibsons Gun Club will enter a team in this competition.

TALENT NIGHT STARTS MAY 1ST

Gibsons Talent preliminaries will be held in the High School Auditorium on May 1st, at 8:00 p.m. Entry categories are, 1. Vocal; 2. Piano; 3. Violin; 4. Elocution, 5. Duet, vocal and instrumental, 6. Choirs, two numbers, A. Senior, trio or more. B. Elementary, trio or more.

7. Orchestra, A. pre-school. B. Open. Age groups for all entries, 10 years and under, 14 years and under, and 15 years and over.

Entries must be in by April 15th. The fee is twenty five cents for each entry. Entry forms may be obtained from both local schools and from the Howe Sound 5 and 10.

Klondyke Night Draws Good Crowd

Last week the Klondyke Night Dance was well attended, and a success financially, but there was a disappointing lack of costumes, and only three present in beards. Times must be changing in Port Mellon. The first Prize beard was worn by Harold Stewart, and the second by Jimmy Buriel.

The best dressed lady present was Mrs. J. Swan, second, Mrs. J. Thompson, and the comic award went to Mrs. D. Pitman.

Among the men, the best dressed was G. MacDonald, and second H. Stewart.

Prizes donated by Gibsons merchants came from Knowles Hardware, John Wood Hardware, and Mrs. Stewart's Five and Ten.

Plans Made For Sechelt May Day

The May Day Committee has already begun planning for the big day on the twenty-fourth There will be parades, the May Queen will be crowned, there will be games and sports of all kinds.

A program will be available, with coupon draws again this year, and prizes of ten and five dollars, and four of two fifty are already arranged for.

The Committee meets again on the 15th of April in the School.

Local VON Now Incorporated

The Elphinstone Branch of the Victorian Order of Nurses has now been incorporated as a Provincial Society, under the Provincial Societies Act.

It will now be in a position to accept benefits and legacies, which before was impossible. It will now have a standard constitution and a standard set of by-laws, as set forth in the Act.

At one time in its early history, the Elphinstone Branch was incorporated, but this was, for some reason, dropped, and reverted to a Branch of the Dominion organization. The new policy of the parent organization is that the various Branches across the country be incorporated under the regulations of the various Provinces.

The final papers were delayed, pending receipt by the Province of the list of officers. The resignation of Mrs. Meikle necessitated the moving up of each of the other officers to eliminate the vacancy in the Presidency.

Kinsmen Club To Sponsor Art Exhibit Here

The Gibsons and District Kinsmen's Club is sponsoring an Art Exhibit in Gibsons on April 30th and May 1st in the Parish Hall, featuring the work of Wes B. Hodgson and other Artists of the Peninsula.

Artists of the Peninsuda are asked to exhibit one work each, of painting, sculpture or Graphic Art. Anyone on the Peninsula, from Port Mellon to Pender Harbour, may enter a work, and applications should be requested from the Secretary of the Kinsmens Club R. Kennett, as early as possible, so that the exhibit may be planned early.

This will be the first of the Annual Art Exhibits to be held in Gibsons, and it is hoped that there will be a good number of entries from the various parts of the Peninsula.

Roads, Water, Parking, Discussed By Commission

At the Village Commission meeting on Tuesday evening, correspondence was read and discussed, and an agreement for the re-classification of the Gower Point Road as a secondary Highway to permit Provincial participation in the costs was signed and sealed. As soon as agreements can be completed with the Adanac Company of Vancouver, the work will be begun.

This calls for a paved surface of twenty four feet width in the portion of the highway within the Village of Gibsons, a distance of approximately .88 of a mile.

Correspondence regarding the aquisition of land in the watershed of the Gibsons water system was read and filed, also correspondence regarding the Municipal share of the Social Securities Tax.

Clerk R. Burns was instructed to prepare to attend the conference of Municipal Officers in Victoria on June 8th and 9th.

The Village approved a donation of forty dollars to the Kinsmen Club towards their work on the Children's Playground.

FERRY PARKING

A letter from Mr. N.M. McCallum regarding the Black Ball Ferry Company's plan for parking on the wharf was read. This outlined the plan to move the Wharf Shed to another location on the wharf, which permit an additional thirty five vehicles to park. and the stationing of a man to direct such parking and traffic. A letter was to be sent indicating that the problem confronting the Village was not so much the parking on the wharf as the string of parked cars around the corner and along tht street above the wharf.

SUMMONS RECEIVED

The Village Commission is in receipt of a Court Summons, plaintiff, Chris Jorgenson, in the matter of alleged flooding of his land. A letter has been sent to Barrister Dugald Donaghy directing him to appear in the defense of the Village when this action is heard.

The Power Commission is to be asked to reimburse the Village for the expense of having a service connection replaced which had been torn out by a truck becoming fouled in a line strung too low.

Commissioner Ballentine reported rough grading and culvert laying on the Bay and Burns Roads, and some general gravelling done.

Commissioner Schutz was authorized to have trees and brush, now grown to be a nuisance, removed from the site of the springs in the water system.

A letter was received from D. Irgens, quoting prices on individual portions of rights of way to be cleared. Owing to prior committments the Village felt it could not proceed immediately with this work.

By-Law 103, dealing with water rates was given its third reading. By-Law 104, concerning Commissioners' Indemnities was introduced, and given its first and second readings.

A letter from Mr. Bracewell to Mrs. Milligan regarding the clearance of Vacant Lots was filed.

Miss F. Hoare has been sent a letter asking her to have removed a fence from the southern extension of the Burns Road.

The Commissioners were in receipt of rubber tired ashtrays and ball point pens from Commissioner Schutz, which grace the council table, and add we hope, to the efficacy of the meditation and considerations.

Interested spectators at the meeting were W. Keene, D. MacFarlane, J. Gordon and N.R. McKibbin.

Local CNIB Branch Elects New Slate

The Peninsula District Branch of the CNIB held its 4th annual meeting in the Parish Hall, April 1st. Mr D. Waddington, Field Secretary for this district reported his activities since taking over the territory from Mr. Harold Guest, former Field Representative.

Mr. W. Lissiman, chairman of the branch for the past three years, has retired and been replaced by Mr. John Wood of Gibsons.

Mr. Wood is looking forward to his association with the work of the CNIB and to attending the annual meeting of the CNIB to be held in Vancouver May 31st. Mrs. Hough, who has been secretary for past years and who has been re-elected will be attending this meeting also.

Rev. H.U. Oswald was reinstated as vice chairman. Mr. D. Smith, of the Bank of Montreal, was elected treasurer; Mr. H.A. Cole convenor of publicity. Persons attending the meeting and, who have accepted membership in the branch are Mrs. Strom, Womens' Institute, Mrs. Kirkham, Farmers' Institute, Mr. Ashworth, Canadian Legion, Mrs. Oswald, Mrs. Lissiman, Mrs. Turner, Mrs. Nygren, Mrs. Pilling, Mrs. Chaster, and Mrs. King.

Choraliers Give Concert At Roberts Creek

A two hour program of singing and music delighted a capacity audience at the Roberts Creek Community Hall on the third.

Harry Roberts and his Choraliers, sponsored by the Eastern Star, entertained music lovers from Halfmoon Bay to Port Mellon.

One of the highlights of the evening was the Junior choir composed of some 36 youngsters whose true, young voices blended perfectly in such favorites as "Thanks be to God" and "Dear Land of Home", followed by a "Welsh Air", "John Peel" and "Sweet and Low". They were accompanied by Miss Karen Stockwell.

Mrs Ivy Roberts Bird came from Vancouver to sing two solos, "Dream of Me" and "Kiss Me Again". She was accompanied on the piano by her little son Tommie, who later played "Waltz" by Greig.

Joanna Ritchey also played a piano selection, "Country Gardens".

Mrs. Hilda Lee chose for her solo "Song of Songs" and for an encore "Believe Me if all those Endearing Young Charms".

Mrs. Lucken and Mrs. Stockwell were brought back to repeat their duet arrangement of "The World is waiting for the Sunrise". "Tales of Home" was sung by a double trio.

Songs sung by the entire group were, June is Busting out all over, If I Love You, Deep in my Heart, Kathleen Mavourneen, Where e're You Tread, Safe in his Father's Arms, Oklahoma, Gypsy Love Song, In the Garden of Tomorrow, Some Enchanted Evening, and Men of Harloch.

Mrs. Hattie Gray, Worthy Matron of Mt. Elphinstone Chapter, O.E.S. gave a short address in which she thanked Mr. Roberts and the Choraliers for their splendid performance and also expressed gratitude to the audience for their support. She explained that the profit made from the concert would go to the Star Cancer Fund.

Driver's Tests

The interest taken in the Driving Tests on the Peninsula was quite enlightening. It involved a large percentage of the drivers in the area, since most of the drivers had either received 'Restricted' licenses on the Peninsula from the local staff of the R.C.M.P., and had not taken their regular tests elsewhere, or had not taken a driver's test within the past five years.

We found the tests were mostly common sense, and did not begin in severity with some tests taken elsewhere, and in other circumstances.

Recognition of signs, and correct interpretation of them seemed very simple, but while taking ours, we almost missed a point because of recalling an odd accident some years ago because the driver did not read English. A motorist, driving with his wife and small children, was proceeding into the Peace River country. At Mirror Landing, known as Smith, in Railroading circles, one crosses the Athabaska River by Ferry. At that point, the hills are steep, and there was a sharp curve just above the last slope to the ferry. Two road signs warned of the hill and a 'Caution, Ferry Crossing' was planted just at the top of the last slope.

This driver drove down the hill at cruising speed, and straight into the river. The ferry crew saw this happen, but were too far out in the stream to give assistance. Fortunately three or four men were at work on a scow near by, and were able to save the family. They suffered chills and shock, lost some of their possessions, and the cost of putting the car back into driving shape was considerable.

A knowledge of the meaning of road signs would have saved all that.

These tests serve to make the driver conscious of the fact that there is real meaning in signs, that drivers' signals are necessary, and that observance of driving conduct regulations may save accidents or worse.

To those who passed the tests properly, our congratulations, and a hope that their everyday driving reflects their knowlege. To those who didn't, try again.

The Clean-up Campaign

During one of our recent sallies about the Village of Gibsons, we observed that the local populace had already made large strides towards a clean-up of their own private properties, and many of them were looking quite spruce, even before the Village Commission came up with their campaign. Others spurred on to a little effort by the news that there was a recognized clean-up week, were out tidying and repairing.

The saddest part of the week, to us, was the defeat of the effonts of many by the neighboring properties, some permanently vacant. Others temporarily so, being in a state far worse than Nature ever left them.

Huge masses of Himalayas growing in almost impenatrable tangles, accumulations of rubbish, old tree-snags, sagging fences and a general air of hopeless neglect pervades these empty places. Next door, the property owner may have tidy yard or garden, neat fences and a fresh paint job. As the season advances, the blackberries invade the yard, a snag may fall across and break the fence. The rubbish is temporarily overgrown, but it is still there. This gives little encouragement to the neighbor with tidy habits, particularly if he or she is physically unable to care for more than his own lot.

We have been asked to give a word of warning in relation to a campaign against rats. If laying out poisons, we have been asked to warn against indiscriminate use of these items, and to suggest that if used, poisons should not be placed where pets have access to them.

SAFETY RULES
FOR BETTER DRIVING

"One of the first rules for driving in traffic is Know your Community's Traffic Regulations," said Harry Duker, Chairman of the B.C. Automobile Association's Traffic and Safety Committee. "And if your are driving through a strange town it pays to consult the map before you tackle the traffic on busy streets. If you know where there's a turn coming up you can prepare for it by moving into the proper lane. On a motoring trip it is important to know the Traffic Regulations in the towns through which you have to drive. The traffic regulations in your city may be quite different from those in other localities. If you are ever in doubt about the traffic rules, play safe and DON'T DO IT."

"Incidentally, if you move your permanent residence," continued Mr. Duker, "One of the first things to do is to get acquainted with the local traffic regulations. It will save time and headaches to know the law."

Roberts Creek Round-up

by Madge Newman

Miss Jac Johnson was home from Vancouver for the week end and spent it riding around the country on a foor-footed friend.

The newly elected Hall Board had its first meeting on Friday. Ways and means of repairing and running the hall were discussed. The male half of the members decided to meet at the hall on Sunday to go over the building, check the foundation etc. A busy year is anticipated.

The United Church had a successful tea and sale last week.

Mr. Charles Bourn has sold his house on Lower Road to Mrs. Edith Wilson who will make her home here.

Gordon Smith is home for a visit. Maureen Ross was a recent visitor at the Walis home, as were Mr. and Mrs. Dick Gaines, (Norma Wallis). Mr. and Mrs. C.F. Haslam have returned to the Creek from Alberta where they spent the winter.

Reader's Right

WELFARE SERVICE

I would suggest that the welfare bodies such as the VON, the Provincial Health Service, and the School Board Dental Service or Program, put their cards on the table and let us know whether the ends justifies the means.

I am asking:

1. Does the VON warrant the expense of $7000 to keep up its extremely dubious position?
2. The expense for four days on end of $25.00 for three hours' attendance for the dentist to cater to school childrens' tooth disease, and the vain efforts of the Board to get the parents to bring their children.
3. Public Health clinics with one of our worthy doctors in attendance for two hours, with one patient, value 75 cents. This of recent date.

Residents of District 46, I ask you, how much more stupid can we get? If this sort of bureaucratic bumbling is allowed to exist without protest, then please, I beg of you, let us hear no more of onerous taxation.

R.E. Alistic.

LITERATURE AND SMOKING

The letter from the Roberts Creek PTA to the respective Boards of Trade at Sechelt and Gibsons re: the salacious literature and smoking, etc., in the High school, Why was it not sent to the School Boards as well? They represent the people.

It is their duty to attend to these complaints. The spectacle of one of our Medicos and a teacher getting up at a Board of Trade meeting and suggesting that a smoking lounge be provided in the school is, to say the least, not very edifying.

We could go one step further and suggest that the School Board get a cocktail license for the enervated students.

The Teacher's remarks were concerned with the literature, and using two Mickey Spillane books as samples, decided that as the Bible and Shakespeare were some what salacious, then it was quite alright to take Mr. Spillane's outpourings for a literary thesis.

I am leaving this matter in the hands of your readers for comment.

Weather-wise

by R.F. Kennett

In short, March might be termed the coldest, driest and brightest month for a good number of years, and to prove these points a glance at the facts will give you the desired result.

The mean temperature for the month was 38.4 degrees, or four degrees below average. Spring officially was with us one week when the temerature dropped to a chilly 20.2 degrees on March 28th. Further to the cold facts, there were 23 days during March which had temperatures below freezing. February of this year could boast only 9 days with temperatures below freezing, and a paltry 26.1 degrees for its lowest temperature.

Looking now to the dry side, March had only 1.92 inches of precipitation, or less than half its normal share. There were only 12 days with precipitation, four of which saw snow fall in mild doses. Three days have passed in April and already we have nearly half the March total for rainfal, whirh gives us some idea as to the dryness of March and perhaps the over dampness of April.

SHOWER HELD
FOR PENDER COUPLE

A bridal shower in honor of Miss Celina Masioner, was held at the home of Mr. Mrs. Jim Stephens of Garden Bay, Sunday evening March 21st. Hostesses were Mrs. Margaret Wise and Mrs. Dene Stephens.

Thirty-four guests attended the shower which was planned as, and proved to be, a real surprise for Celina, who received many lovely and useful gifts. Miss Masioner is the future bride of Mr. Harry Wise, a well liked and long time resident of Pender Harbour. Wedding will take place early in May.

Refreshments were served by the hostesses.

NOTICE

As a result of legislative revisions in the B.C. Hospital Insurance Act which became effective April 1st, 1954, you are no longer required to pay premiums.

The Government of British Columbia, on your behalf, will pay your premiums into the Insurance Fund.

Any premiums you have paid in advance of April 1st will be refunded automatically. Please do not write in concerning your refund as this would only delay your cheque. Refunds will be mailed in the near future.

Hospital benefits will remain the same; all-inclusive public ward accommodation which includes all services provided by the hospital in which you are a patient. The "dollar-a-day plan" will continue as will the $2.00 emergency short stay charge.

Out-of-province benefits will continue as before, providing you have not been out of the province for more than three months.

To be eligible for benefits, a person must be deemed a resident of British Columbia, or a dependent of a resident.
A resident is a person who: was living in B.C. on March 31st, 1954,

with the intent of establishing his home here and has been a resident since then

or has lived in B.C. continuously for the twelve month period prior to his entry into hospital

or has been certified by the Deputy Minister of Welfare as being entitled to Health Services.

If a person leaves the province for more than twelve months, he will no longer be considered a resident.

A resident's dependent who is a full-time student at a school, university or other educational institution located outside the province shall not cease to be considered a resident.

A resident who leaves the province but who maintains a home and dependents within British Columbia shall not cease to be considered a resident.

Gower Gleanings

by Gypsy Towers

Ex Gowerite Mrs. J. Marshall, Sr., looking very chipper as she revisits Gower with her sister May of Kamsack, Sask. Planing a visit to Seattle, accompanied by said sister, to see how it goes with son Russell and his happy family.

Mrs. Katherine Richardson spending a week with Mrs. A. B.B. Hill. Falling in love with Gower and wishing she could persuade her husband to forsake Lynn Valley and settle in our peaceful haven, to be soothed by the rolling surf.

Mr. Jim Dykes back from a visit to Vancouver and check with the doctor who reports all is well.

A dash up to Sechelt over our rolling highway, showing Mrs. Hill and her house guest the beauties of the Peninsula highlighted the week for Mr. and Mrs. Will Bow. Mrs. Bow beginning to feel more like her gracious self again—able to direct the Tuesday afternoon Dance Session, aided by the music master, Jimmy Beaton.

Mrs. Beaton not feeling quite up to par but on the mend, just needing a little co-operation from the weather man.

The Goodwins still busy with their remodelling of their future home at Gower—not able yet to move in.

A goodly sprinkling of daffodils, polyanthus and hyacinths heralding Spring despite the icy blasts emanating from the weather man. Gardens getting turned over and the odd spot of painting here and there, everything shaping up for the Easter onslaught.

EASTER EXAMS START NEXT WEEK

Next week, the students at Elphinstone High will be plodding through examinations for Easter. In oder to approximate conditions of standard term-end exams, the students will, for the four days, April 12th to 15th inclusive, have periods for writing and periods for study only, on these four days. This is for Grades ten, eleven, and twelve.

Grades seven, eight and nine will have two periods in the morning and two in the afternoon, instead of the customary five.

Noon hour for these busy young people will be from 11:40 a.m. to 12:40 p.m. for the four days, to facilitate the division of the day.

New amendments to the Workmen's Compensation Act, threaten to place the Workmen's Compensation Board under political control. This is the only interpretation that can be placed on the suggested government revisions. I view with alarm the intrusion of the Lieutenant-Governor in Council (Cabinet) into the Board's affairs.

Bill 25, an Act to Amend the Workmen's Compensation Act, amends Section 34 of the old Act to give the Cabinet control over compensation assessments levied on the employer. These assessments are the source of revenue for compensation payments.

Bill 25 also eliminates a term of office for members of the Workmen's Compensation Board. No longer will a Board Member have security in his position, but only hold office at the pleasure of the government. They were previously appointed for ten years but could be removed for cause. This subjects the Board to political pressure.

Nobody challenges the necessity of government agencies being responsible to a minister. Indeed parliamentary democracy requires this. However, the threat of day to day interference is intolerable.

The Workmen's Compensation Board is a trust appointed to administer those sizable funds that have been built up over the years to protect injured workmen and their dependents. These funds do not belong to the government. They belong to the workers of this province.

Another example of unnecessary interference is the proposd amendment to Section 8. The Workmen's Compensation Board has always been able to add industrial diseases to their schedule. These diseases are silicoses, lead poisoning, industrial deafness from noise, and others. If a new disease appeared from a new industrial process, the Board could make provisions for the affected workmen. Now approval of the Cabinet must be sought.

The Workmen's Compensation Act should be amended in line with the recommendations of the B.C. Federation of Labour, the B.C. Trade Union Congress, and the Standard Railway Labour Joint Legislative Committee.

An injured workman, unable to work, will now receive 75% of his average earnings on a maximum allowable income of $4,000. This is an improvement over the old 70% with a $3,600 maximum.

The improvement on old age pensions awarded prior to 1943 is also commendable. However, the number of people affected is small. The money for this increase comes from the existing fund through accumulated interest on invested reserves. No extra government revenue is involved. Assessment to industry will not be increased to any large extent.

The Workmen's Compensation Board fund, at present, contains seventy-five million dollars. This money is being held in trust for the workers of B.C.

Next week I hope to write an analysis of the new Labour Relations Act.

No. 1 Wilson Creek — No. 2 Sechelt — No. 3 Gibsons

Sechelt Notes

by B.W.

An enterprising little project has been started in Sechelt by Mrs. Alice A French, in connection with St. Hilda's Church.

The project takes the form of a small parish pamphlet, with warden's and other Church officer's names, times of services for the month, Vicar's letter and many items of parochial interest. Mrs. B. Rankin co-operates with Mrs. French and the second of these monthly pamphlets is now available for parishioners.

A proposal has been received from Rev. Godfrey Gower, Bishop of New Westminster, to send a student from the Theological College to take over all parish duties in connection with St. Hilda's Church, Sechelt, for four months. A church council meeting is being called to discuss this fully.

The Youth Club, to be held in St. Hilda's Parish Hall on Thursday April 8th, and the final one on the 29th, which will be a winding-up party for the Summer months.

SOCIAL

A pleasant surprise party was given by Joan Chambers for her friend, Joy Middleton on Sunday evening. Joy, who has been staying with her Aunt and Uncle, the Herb Stockwells, expects to join her parents at Beach Grove, Ladner, next week-end.

Enjoying the party, were Leanna Moscrip, Wendy Yates, Carolynn Gilbertson, Darlene Laycock, Betty Salter, Bruce Redman, Barry Pearson,, Paul Mulligan, Kendall Pearson, Del Blanchard, Rennie Lumsden, Palle Poulson and Joan and Joy.

SPORTS

At a meeting in the Sechelt Service Store, the teen-agers of Sechelt gathered to organise a ball team, and so many were interested that a girls team and a boys team was formed.

Officers were appointed: Teddy Scott captais the boys with David Lucken as Secretary Treasurer. Helen Garry is Captain of the girls team, Ruth Tyson secretary and Marolyn Turner, treasurer. The first practice scheduled for Sunday April 4th, was cancelled due to rain.

Shopping Around

by Do.

The names that are invented for dress material amaze me. Now, it's "Crunchy". The fabric is a pleasant, crisp Nylon, something similar in feel to the first 'Orlon' we saw, but finer in appearance. I note some very nice spring dresses in this 'Crunchy' at the Toggery.

The drygoods and hardware departments at the Union Store are quite festive-looking with fresh items in for Spring. One may dress either oneself or one's home from items there, and be ready for Easter.

The daintiest little dress-and-pantie sets for very little girls at Tasella took my fancy. There are innumerable ways to dress up a sombre outfit for Easter, too. Belts, Collars and scarves galore that should add a bright note to the wardrobe.

The items available this week-end at Lang's, either in Sechelt or Gibsons, for the traditional one cent are amazing. Whether it's on the flyer or not, you'll find items at surprising prices.

B.C. GARDENER

If you should happen to walk into one of the CBC's offices in the Hotel Vancouver and see some of the staffers with sprigs af heather in their lapels, you'll know that James P. Dickson has been in, either on business or just for a friendly chat.

It's an appropriate calling card for the man who is better the past 9½ years he has made known to the CBC radio audience as tne B.C. Gardener. In innumerable friends with his valuable gardening hints delivered in a chatty, informal style on Sunday mornings at 10:00 a.m.

It isn't only adults who like his broadcasts. He says one of his keenest listeners is his three-year-old grandson, who can already differentiate between flowers although his pronunciations ("ganiums" and "napragons") leave something to be desired.

Gibsons News

This Also Happened

by Albert Crowhurst

At the Kinsmen General meeting last Thursday, there was a good turn out, including two guests, Doug Smith and Sandy Gordon from our local Bank. It being Mike Landry's last night here before leaving for his new post, a very good evening of Fellowship was enjoyed following the meeting. The Kinsmen Draw was won by Ed Turner, who held the lucky ticket.

Mike Landry, popular member of the staff of our local bank, has now left for new surroundings, and taking his place is Mr. Sandy Gordon, whom we welcome to our community.

The local Social Credit League held a successful Tea and Sale of Home Cooking, Fancy Work and Plants in the School Hall last Friday.

Some one has the lucky number 24112 pink ticket, drawn at John Woods Hardware Sale. Prize is a mantel radio.

Last Monday the Ground Observers of the district held a brief meeting to prepare for the big show scheduled for next Sunday, weatier permitting, so if you see more planes than usual in the air you will know the exercise is on. All Ground observers of Gibsons area are requested to get in touch with Harold Wilson before they go on duty to make sure it hasn't been called off.

Due to rain last Sunday the Gibsons Merchants softball practice was called off. There will be a practice on Sunday April 11th, at the school grounds.

Fall Fair Committee Plan Varied Entry List

Word has come from the Secretary of the Fall Fair Committee to the effect that plans are well under way for the Annual Fall Fair in Gibsons.

There will be some changes, a few deletions and some additions to the classes of entries for this year, mostly in the vegetable and flower groups. These changes are minor, some items that have not been entered for several years are being deleted, some flower groups are being changed slightly.

All in all, the list of items that may be shown is a large and comprehensive one, and there are classes for everyone of the Peninsula.

It is hoped this year for a larger and more varied list of entries than there were last year, and that more people from the area generally will compete Everyone who has a garden, a field, a flock, or a household will find something that is "better and bigger" than that of his friends, and which really ought to win a blue ribbon. The only way this can be proven is to enter it.

Those who draw, paint, spin, weave, knit, sew or embroider will find plenty of classes they can enter.

Now is the time to begin planning an exhibit. Additions can be made as late as two days before the Fair if something else seems to be crying out to be shown.

A radish, a pot of jam, a loaf of bread or a pie, a dozen eggs or a chicken may be your winning exhibit, but be sure to plan to enter something in the Howe Sound Fall Fair, at Gibsons.

Halfmoon Beams

F. Cormack

Mr. and Mrs. Stan Moffatt are back in Halfmoon Bay again after an absence of six months.

Lloyd Brackett is working up in Sechelt Inlet for a while. He is able to get home every ten days.

Mr. and Mrs. Tony Tchaikowsky were up at Redrooffs last weekend. They have sold their home to Mr. and Mrs. Tingley of Egmont, who will be taking possession shortly. Tony has bought a lot from the Tom Robilliards and will put up a cottage, so that they will have a place from which to do some weekend fishing during the summer.

Gus Schneider and Lloyd McDougall of Half Moon Bay are now at Nelson Island working a falling contract for K.O.S. Logging.

Bill Kolterman of Kolterman Sawmills made a business trip to Vancouver last week.

Mrs. A. Menzies of Welcome Beach spent a few days in Vancouver last week visiting her daughter who was down from Powell River en route to join her husband up north.

Ron Bendy made quite a showing in clearing his lot when he was up from Vancouver last week.

Don and Nora McDonald and Ray Cormach of New Westminster weekended up here last weekend, the McDonalds at their summer cottage and Ray with his parents the Bob Cormachs of Welcome Beach.

Norm Clark of Burnaby was up at his summer cottage last weekend. He reports lots of bluebacks running out at Bear Rock the last few weekends. It is a bit chilly fishing in this weather but well worth it, so we are told. Guess the heat from your new fireplace was appreciated over the cool weekend, Norm.

Mrs. W. Meikle was home from Vancouver for the weekend. She reports that Mr. Meikle is having quite an uphill fight after his recent operation. We hope to hear better news from her soon.

We hear that Len Greenall caught a nice Spring salmon right at his front door the last time he was up.

Port Mellon Briefs

by Mrs. Swan

COMMUNITY CLUB MEET

The Community Club meeting on Monday night was well attended. Mrs. Carlson was in the Chair. The first item is to get the children's playground ready, and to install new equipment in the playground for the Upper Townsite. There was a good response tothe request for voluntary help.

The Community Church benefitted from Mrs. F. Rennie's sale of daffodils. These she had brought from her home in Saanich, Vancouver Island. The sum of twenty-five dollars was raised this way.

LINEN SHOWER

Mrs. Ruth Linden was the guest of honor at a linen shower on Tuesday evening at Mrs. King's home. Joint Hostesses were Mrs. Burns, Mrs. A Kings and Mrs. H. Clark. Gifts were presented in an umbrella, decorated in yellow and green.

The tea-table was centered by a large bowl of daffodils. Refreshments were served to complete an enjoyable evening.

Out-of-town guests at a birthday party for Verna Bursey on Saturday were Miss C. Anctil of Vancouver and Mr. G. Hughes of Mission.

R. Westgate is on two weeks sick leave, so he and Mrs. Westgate have gone to Victoria. Hope it won't be too long before Ron is back on the job again.

J. Carlson, suffering from burns to his face, is in hospital, but getting along nicely.

Mrs. S. Peterson has been confined to bed for two weeks with the flu bug.

Quite a number of youngsters are ill with the measles.

Mr. and Mrs. Brody have returned from their honeymoon spent in San Francisco.

Local Masons Install Officers

Colorful installation rites took place at the Masonic Hall Thursdaf night when 18 members of Mt. Elphinstone Chapter No. 65 took office.

Mrs. Hattie Gray, carrying a bouquet of red and white carnations, a gift from her family, was installed Worthy Matron by Mrs. Jenny Clay, past Matron, who came from Vancouver for the ceremony. The retiring Worthy Patron Captain H. Metcalfe, installed Mr. Bill Kolterman in his office.

Mrs. Doris Drummond and Mrs. J.T Wardil took their places as Associate Matron and Associate Patron. Secretary for the ensueing year is Mrs. Christine Anderson and Treasurer is Mr. J. Drummond. Mrs. Swan, Port Mellon, is Chaplain.

Other officers include Mrs. M. Mcoll, Mrs. Bessie Shaw, Mrs. Leslie Jackson, Mrs. Peggy Doyle, Mrs. Florence Turner, Mrs. Thelma Mosier, Mrs. Grace MacDonald, Mrs. Sabina Gardiner, Mrs. Kay Franske, Mrs. Elizabeth Dalzell and Mr. C. Bourn. Mrs. Pearl Osborne and the retiring Worthy Matron, Mrs. Phyllis Parker, assisted in the installation service. Mrs. Florence Struthers, past Worthy Grand Matron, was present and acted as Chaplain.

It was noted that, for the first time, all past Worthy Matrons of Mt. Elphinstone Chapter were present together. They were Mrs. Jenny Clay, Mrs. Pearl Osborne, Mrs. Rae Kolterman, Mrs. C. Anderson and Mrs. Phillis Parker.

That the retiring Worthy Matron had concluded a successful year was evidenced by the gifts presented to her by her officers and the members and by the poetic flower presentation to her by the retiring officers.

In the banquet room the tables were beautifully decorated with daffodils, and covers were laid for 60 persons. The banquet was convened by Mrs. J.T. Wardil who was aply assisted by Mrs. H. Wilson and Mrs. C. Wingrave. Soloist was Mrs. Molly McColl who sang "My Best to You."

$440.00 RAISED FOR RED CROSS CAMPAIGN

As the Red Cross canvassers have completed their work in the district, any person who has not been contacted may leave their donation at the local Bank.

Amount collected to date is $440.00, and the Campaign Committe appreciated the efforts of all canvassers. The Canvassers were given a friendly and generous reception throughout the district, they report.

Sechelt Hook & Ladder

For their courtesy in giving the right of way to the Fire Truck when proceeding to a recent fire at Selma Park the Firemen wish to express their thanks and appreciation to all car drivers in the District.

If you know what makes a fire, you can learn more easily how to prevent one from starting—and how to put it out.

Three are needed for a fire. They are: 1. Fuel to burn, 2. heat to make it burn, and 3. air to keep it burning.

Most small fires can be put out by cooling or smothering. As a rule, burning liquids such as gasoline or grease are smothered, There is little difference between throwing a handful of soda into a blazing skillet and using chemical foam to blanket an oil tank fire. The results are the same. Both fires go out for lack of oxygen.

Burning solids like wood, cloth or paper are best cooled with water. Turning your garden hose on a trash fire has the same effect as pouring water into a blazing building. The fire goes out in either case because of the cooling effects of the water.

LAND ACT

Notice of Intention to Apply to Purchase Land

In land recording district of Vancouver, and situate in Blind Bay, being an island approximately 250 feet offshore from lot 6349, Group One, New Westminster District.

Take notice that R.M. Shuck of Billings Bay, B.C., occupation Saw Mill operator, intends to apply for permission to purchase the following described lands:—

Commencing at a post planted on the shore of the small island about 6 chains south of the N.W. corner of Lot 6349, Group One, New Westminster District; thence around the shoreline to the point of commencement and containing one acre, more or less.

Raymond Mitchell Shuck.
Dated March 8th, 1954.

LEGAL

LAND ACT

Notice of Intention to Apply to Lease Land.

In Land Recording District of New Westminster, B.C. Assessment District - Vancouver, B.C. and situate at Storm Bay, Sechelt Inlet, B.C. (Approximately 15 miles more or less from the village of Sechelt, B.C.)

Take notice that I, Vernon Arnold Owre, of Sechelt, B.C., occupation Cutting Forest Greens, intend to apply for a lease of the following described lands:—

Commencing thirteen chains in a Northerly direction from the South West corner of Lot 4285, Group 1, N.W.D., Storm Bay, Sechelt Inlet, B.C., thence Southerly to the head of the Bay; thence in a North Westerly direction to the South east Corner of Lot 4445, at a Zero tide level, and, thence back around the Bay to the point of commencement at a ten foot tide level, and containing Ten acres, more or less, for the purpose of Oyster-culture.

Vernon Arnold Owre.
Dated March 31st, 1954.

Sawdust Used In Agriculture

The B.C. Farm Experimental Station at Saanichton has experimented with incorporating sawdust with soil for agricultural purposes, and makes the following suggestions and tentative recommendations:

Additional nitrgen must be applied to the soil, at the rate of 5.5 lbs ammonium nitrate per 1000 square feet the first year for each additional inch of sawdust applied; 2.7 lbs the second year, and 1.4 lbs the third year. This is in addition to fertilizer required for crops.

Not more than two inches should be applied at once, which should last three or four years. Sawdust incorporation loosens heavy clay soils, and increases the organic matter and moisture holding content in sandy soils.

More than two inches makes it difficult to keep the soil nitrogen in balance. Weathered sawdust is better for incorporation than fresh. Cedar sawdust should be avoided.

Try small plots for incorporation first. A Rotovator is a good machine for this use. Saw dust makes mulch for trees, an absorbent in poultry houses and barns, and for composting. Mixing it with soils requires careful management.

MUSIC FESTIVAL

Thirty children will represent Sechelt Elementary school in the forthcoming musical festival be held in Vancouver April 6th, in the Kitsilano community hall.

The children are under the direction of Mr. Harold Roberts and will travel by chartered bus, to be provided by the local school board and the Elementary school PTA.

Hot lunch will be served the youngsters at 1 p.m. and they will compete at 2:15 p.m., and will return by bus in the early evening. Six adults will acompany the party and will be responsible for their care and safety.

CREDIT UNION MEETING

Mrs. R.A. Monrufet was guest speaker at the annual meeting of the Roberts Creek Credit Union held in the Legion Hall at Sechelt. It was decided to change the name to "Sunshine Coast Credit Union" as it was felt the title Roberts Creek was a little misleading as the Union covers territory from West Howe Sound to Half Moon Bay.

Mrs. Monrufet stressed the need of more publicity and fuller education on Credit Union work. The local Union has increased its membership and is paying a three percent dividend to investors. The Union would like a more active interest on the part of Junior members.

Mr. E.E. Parr Pearson was re-elected as director and Mr. G. Duncan and E.S. Clayton on the credit committee.

NEWS BRIEFS

Mr. Charlie Reda, one time operator of Wakefield Inn paid a hurried trip to Sechelt, with him came Jack Burt and Frank Strief.

Also visiting Sechelt is Mrs. H.B. Cotton of North Vancouver and daughter Wendy, staying with Mrs. D. Clampitt.

Mrs. Charles Ralston is visiting in Vancouver for a few days with her sister, Mrs. Norman White.

Congratulations to Mr. and Mrs. Chris Julian on the birth of a baby boy born in Seattle.

Sorry to hear about the accident sustained by Mr. Gunnar Johannsen who was badly hurt whilst working at Osborne logging camp.

A pool hall and barber shop is supposed to be slated for Sechelt. Well that will be nice. Can't say we will patronize the pool hall, but the beauty parlour will be something we girls can use.

to be held in Vancouver April 6th, in the Kitsilano community mont was visiting in Sechelt recently. He stopped off on his way back from Vancouver to visit old friends Mr. and Mrs. John Toynbee.

Lucky winners at the Wednesday evening show were Robert Tyson, Tommy Ayton, and Ray Nestman.

Many Happy Returns to Mr. A. Crucil of Crucil Logging Company on his recent birthday.

Visiting Sechelt, and guests of Mr. and Mrs. Leo Johnson, are Mrs. Ethel Lakberg, of Blue River, B.C. and Mrs. Axel Anderson, of Vancouver.

Mr. and Mrs. Danny Hipwell and son Riley, have left Sechelt for Vancouver. Mr. Hipwell was manager of Wakefield Inn.

Returning to Wakefield Inn as Manager is Mr. Dick Kline, well known here and very popular with patrons of the Inn. His old friends are glad to see Dick back on the job.

Another old timer visiting Sechelt is Mr. Harry Tomkins, who settled in Sechelt ngha after world war one, but has been away for many years.

Celebrating her ninth birthday was Caralee Johnson, daughter of Mr. and Mrs. Leo Johnson. Little guests at the party were: Carol Moorhouse, Wendy Billingsley, Judy Linton, Sheila Nelson, Elaine Potts, Joyce Potts, and sister Arlene.

Our sympathies to Mr. Ozzie Hincks in the loss of his mother Mrs. Hincks of Victoria. Mrs Hincks was a well known newspaper columnist in that city.

Cancer Campaign Starts Annual Drive

Since the first settlers came to this land, Canadians have worked together to solve their problems. During this month of April we see further evidence of this as we join with the volunteers of the Canadian Cancer Society to make the annual campaign a success.

In universities and hospitals across the land, able men and women work tirelessly to discover the cause of cancer and to find more effective forms of treatment. Their work is vitally important to all of us. Their success depends largely upon or support.

Research, however, is only part of the story. Our present forms of treatment can be most effective when the disease is discovered in its first stages. Through some 1400 local units from the Atlantic o the Pacific, Canadian Cancer Society volunteers are informing our people of the importance of early diagnosis.

The Society also devotes its energies to a welfare program in aid of cancer sufferers. Sick room supplies, transportation to and from clinics and family care are provided.

Research, welfare and education services are expensive. The Canadian Cancer Society receives its income from voluntary contributions only. We can all share in this good work by supporting the cancer campaign.

THE GOVERNMENT OF
THE PROVINCE OF BRITISH COLUMBIA

Take notice that the Liquor Control Board of British Columbia, with the approval of the Lieutenant-Governor in Council, has designated the following area as a licensing area for the issuance of licences under the "Government Liquor Act, 1953":—

Licensing Area No. 41.

Description: Village of Gibsons Landing.

And further take notice that the Board will receive applications for licences within that area until the 25th day of May, 1954.

And further take notice that the Board will, at a meeting to be held at the Board's office, 525 Fort Street, in the City of Victoria, on the 26th day of May, 1954, commencing at the hour of ten o'clock in the forenoon, proceed to deal with the applications for licences received prior to the 25th day of May, 1954, unless in the meantime:—

(a) The Municipal Council of the Corporation of the Village of Gibsons Landing requests the Lieutenant-Governor in Council to submit to a vote of the electors of the polling divisions within the licensing area any or all of the questions hereinafter set out; or

(b) The Lieutenant-Governor receives a petition in the form prescribed by these regulations or to a like effect signed by thirty-five per centum of the electors of the polling divisions within the licensing area requesting that any or all of the questions hereinafter set out be submitted to a vote of the electors of the polling divisions within the licensing area.

The questions that shall upon request as aforesaid be submitted to a vote of the electors in the licensing area are as follows:—

(a) Are you in favour of the sale of beer, ale, and stout only under a public-house licence for consumption on licensed premises?
(Note:—A public-house licence will be similar to the present beer-parlour licence.)

(b) Are you in favour of the sale of beer, ale, stout, and wine only under a dining-room licence for consumption with meals on licensed premises?
(Note:—Dining-room licences will be granted to hotels, restaurants, clubs, railway-cars, steamships, and resorts.)

(c) Are you in favour of the sale of liquor under a dining-lounge licence for consumption with meals on licensed premises?
(Note:—Dining-lounge licences will be issued principally to what are commonly known as cabarets, and to clubs.)

(d) Are you in favour of the sale of liquor under a lounge licence for consumption on licensed premises?
(Note:—Lounge licences will be issued to cocktail-bars. They will be granted only to clubs, hotels, resorts, railway-cars, and steamships.)

LIQUOR CONTROL BOARD
PROVINCE OF BRITISH COLUMBIA

D. McGUGAN, *Chairman*

Wilson Creek

by Minus Three

Mr. and Mrs. Jack Baird and young sons Tommy and Bruce have returned to the city after a busy weekend here. They assisted with the successful concert at Roberts Creek. Mrs. H. Roberts left with them for a short visit. The fact that they have three generation with so much talent must be unique. They have Tommy Baird pianist, Mrs. E. Lucken and Mrs. I. Baird soloists, grandsons and daughters of Mr. and Mrs. H. Roberts, and Robbie as conductor is well known to all on the Peninsula.

Congratulations to Phyllis and Johnny Hicks on their first wedding anniversary. Guests at a party for their friends were, Bob and Audrey Jones from Deroche, Dick and Rosaline Jones from Vancouver. Bob and Dick are cousins of Phyllis Hicks.

A small group of residents here have been annoyed by a noise on their radios. The Department of Transport advises that the trouble may be a faulty warming pad. They may have an inspector working in the district soon checking the trouble. Mr. Howlett of the B.C. Power Commission states that they have no equipment for making a check.

Mr. George Wright's friends will be glad to know he is feeling better. Mrs. Wright finds time for some fine weaving. She has three lovely rugs in the making.

Mr. and Mrs. J.O. Little are back from an enjoyable holiday in California. Mrs. Little Sr., who lived at Pender Harbour a few years ago was in charge of the house and pets during their absence.

Welcome to the district are Mr. and Mrs. T. Stokes and family, they are renting the De-Long house.

We extend our deepest sympathy to Mr. H. Begg on the loss of his wife. Mrs. Begg passed away after a long illness Interment was in Vancouver on Wednesday April 7th. Mr. and Mrs. Begg were residents of Davis Bay for 14 years.

Pender Resident Passes Suddenly

A resident of Pender Harbour for forty-two years, well-known and well liked by all,, Dan Cameron passed away suddenly on Monday, April fifth, at 69 years of age.

Born in Minard, Scotland, in 1885, Mr. Cameron came to Canada in 1905, and seven years later to Pender Harbour.

He is survived by his wife, Maggie, one daughter, Peggie, and five sons, James, Robert, Donald, William, and Duncan, all of Pender Harbour.

Funeral services will be held in Pendder Harbour, conducted by the Rev. Canon Greene, on Thursday, April 8th at 1:30 p.m. Interment will be in Seaview Cemetery. W. Graham of Gibsons is in charge of the funeral arrangements.

Drivers Are Good But Rather Careless

The three-man board at present testing motor-vehicle drivers at Sechelt, are handling about sixty drivers each working day, according to P. Berkson, one of the officials. There are somewhat over nine hunderd drivers to be tested, some bf whom have been driving with restricted licenses; others who have not recently been tested.

With Mr. K. Preddis and Mr. T. MacFarlane, Mr. Berkson finds most of the drivers on the Peninsula are good drivers, but inclined to be careless in their observance of traffic signs, signalling regulations, and in making turns at intersections.

The percentage of those who have not had their restrictions lifted, or who have been asked to surrender their liceneses entirely are very small, between three and five percent, so far, but many of these have asked to come back and try certain sections of the test over again. Of those retested so far, all have passed the requirements.

There have been some whose eye-sight does not come up to standards, and who may receive correction from glasses or other means, as there are some whose hearing are not sufficiently acuee. These people have an opportunity to have treatments, following which they are assured they may re-apply for licenses.

The members of the testing board seemed very quick and courteous, delaying the applicants just as little as possible, both in the testing room and on the course, which provided rough and smooth roads, turns and a little hill, though not a great deal of traffic. The tests served not only to test the drivers, but to alert them to the need for observance of traffic regulations.

A boyhood ambition was realized the first day Frank Herbert took his place before a CBC microphone. At the age of seventeen, Herbert had decided to become a radio announcer due to, as he put it, "the prospect of being paid merely for talking". In the years that followed, he found that there was more to announcing than he first presumed, and it was only after he had studied speaking in his spare time that he reached his goal.

LOCAL STUDENTS PASS MUSIC TESTS

In the Toronto Conservatory of Music Examinations held earlier this week, two of Mrs. Atlee's students in Gibsons have passed their exams with honors. Barbara Knowles, Grade Four, and Dick Vernon, Grade Five.

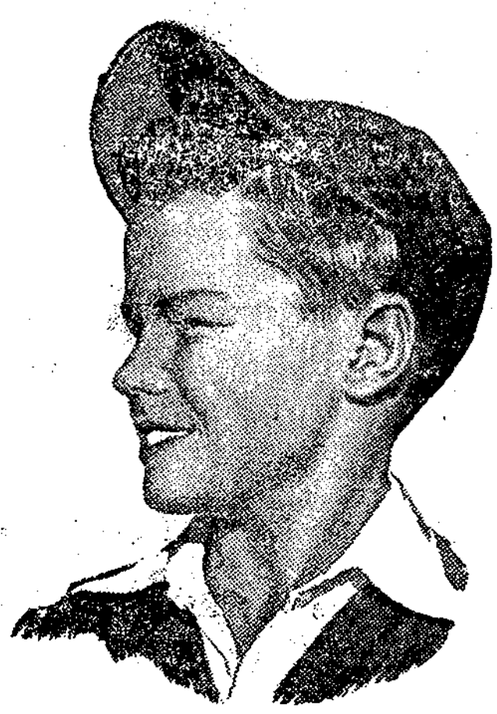
True Case History of Johnny B.



Johnny's paper route ends at 'MY BANK' every Friday!

Johnny's only in grade VI, but he already knows what he wants to be . . . an electrical engineer. And he's doing something about it. Regular as clockwork, he's at his B of M branch each Friday, depositing another dollar from his earnings for that college education. That's a long-range objective even for a grown-up. But Johnny has figured out early that the only way to get what you want is to save for it . . . at the B of M.

Why not start your youngster on the way to independence and success by opening an account for him at "MY BANK"?
