High school checks over its awards

Throughout the year the staff of the Elphinstone High School has been studying various methods of encouraging students to improve their standing in school both generally and in specific subjects The staff feels that one means of achieving this goal might be an extension of the present awards system.

At present the high school awards fall mainly into two fields. One consists of flashes crests and pins offered by the Student Council which are competed for on a point basis that is cumulative throughout the years in high school. These awards are given for scholarship, citizenship and sportsmanship.

The second group consists of trophies and prizes donated by individuals, business firms and other groups. For the most part they are awarded for overall achievement in a particular grade. At the moment there are aggregate trophies for Grade XII, Grade XI, Grades X and IX combined and Grades VIII and VII combined. These are awarded for the highest aggregate points in scholarship, citizenship and sportsmanship.

In addition there are trophies and prizes for the best student in first year typing, in beginning French, for the best notebook in any subject, and for contribution to school music. There are numerous awards for sports.

The staff would like to see more awards in special subjects such as for the best student in Grade XII English or Chemistry or any other grade or subject. These preferably could be book prizes, selected by the staff and suitably inscribed. There is a need for additional aggregate trophies for Grade IX or Grade X, or for Grade VII or Grade VIII.

Accordingly an invitation is being extended to any individual, firm, club of fraternal organization interested in the school and in education to make additional awards available. Not only is the award itself an incentive, but the interest shown by the public in donating the award gives encouragement to the student to do his best work, especially in the field of his greatest interest.

Persons or groups interested in donating prizes or trophies are invited to contact Mr. Potter, principal of the High School, or Mrs. Rankin, chairman of the High School Awards committee.

Special talk

The Sechelt congregation of Jehovah's Witnesses extend a cordial invitation to all the residents of the Peninsula to attend a special talk that is scheduled to be given on April 17 at 2:30 p.m. at the Selma Park Kingdom Hall.

Mr. C. E. Statton who will deliver the talk, "What Does it Mean to be a Christian?" is a travelling representative of the Watchtower Society, and has delivered talks to audiences across Canada.

The entire program will be free, and no collection will be taken.

Oops! Sorry!

Editor: Confirming telephone conversation made by our president Mr. Lloyd Fraser with your office last week, it would appear that an error has been made when printing the announcement regarding the lights at Selma Park.

Second para., "A new contract has now been signed" should read "A new contract has now to be signed."

Perhaps you would be good enough to amend this in your next issue.

We would however, like to thank you for the excellent publicity you gave this write-up on your front page. This is much appreciated.

Selma Park Community Centre,
R. F. Orchard,
Secretary-treasurer.

Easter Seal Timmy meets Whipper

Thrill of a lifetime was enjoyed by Peter Sinclair, 11½, of Burnaby, B. C., when he met his idol, "Whipper" Billy Watson, top Canadian wrestler from Toronto, during "Whipper's" recent visit to Vancouver.

"Whipper" was on his third annual Trans-Canada tour at his own expense in aid of the national Easter Seal campaign. Peter is the 1960 "Timmy" representing crippled children of the province in the annual Easter Seal Campaign of the B. C. Society for Crippled Children. The Society has set $100,000 as the provincial objective of this year's campaign

Peter is one of nearly 1000 B. C crippled children, who have been receiving aid in the past year by the society. In June, 1956, the bright youngster had to have his legs amputated as a result of a train accident. With the help of artificial legs and crutches, Peter attends school through the Society's Bunny Bus service.

The Society's fleet of 22 Bunny Buses regularly transports more than 500 crippled children to and from schools and treatment centres in Greater Vancouver, Fraser Valley and Greater Victoria.

Another vital service is Easter Seal House, 625 West Twelfth Avenue, Vancouver. The House, with five housekeeping units, provides accommodation for out-of-town crippled children with parents or guardians, while the children attend treatment centres for specialized programs.

A special summer camp, open to all B. C. crippled children, is provided by the Society. At present a new location is being planned for the camp, which is of tremendous therapeutic and educational value to physically handicapped children.

Red Cross over top

The Red Cross drive is over and considering the weather and the demands made upon people for this and that project the reaching and probably surpassing of the objective of $700 is a certainty.

Canvassers are winding up operations and turning in receipt books to the Bank of Montreal where funds are being checked before sending on to the provincial Red Cross headquarters in Vancouver.

Last check revealed $677 actually turned in at the bank with canvassers of a couple of districts yet to report. Ted Henniker, manager of the bank was treasurer for the drive. Rev. David Donaldson, president of the Gibsons-Port Mellon Red Cross branch feels quite satisfied with the results and commends the canvassers for their public-spirited attitude towards the unfortunates for whom the Red Cross exists.

BASEBALL

Forty-five eager youngsters turned up at Kinsmen Park on Saturday and Sunday for a chance to play baseball this spring.

There is an urgent need of some help to handle these boys so if you like kids and baseball please contact J. Lowden, phone Gibsons 106H Parents are urged to note this need and come out to help these youngsters have some good summer sport under their supervision.

Presentation for Scouts

One hundred and seventy-two B. C Boy Scouts will be honored in Victoria on Thurs., April 21, at the Annual Queen's Scout Presentation ceremony in Government House. Sixty-two Girl Guides will join in the ceremony and receive recognition for having earned their Gold Cords, the highest Guide award.

Lieutenant-Governor Frank M. Ross, B. C. Boy Scouts patron, will present the certificates following a luncheon given by Mr. and Mrs. Ross.

The Queen's Scout Badge is worn by Scouts who have earned at least four of Scouting's public service badges and who have shown through example that they are trying to keep the Scout code of living.

The Guide Gold Cord is worn by Guides who have compleed a public service project and the "Be Prepared" challenge. This is undertaken in a part of the Province unfamiliar to the Guide where she must use her skill in meeting unexpected situations designed to test her personality and character.

The Scouts will spend three days in Victoria, attend a banquet, go sight-seeing, swimming and visit brother Scouts Girls from isolated points in B. C will have an opportunity to go shopping in the city.

Boys and girls from the mainland will travel to Esquimalt on two Navy ships. They will board at Vancouver's C.P.R. Pier "C" at 10 a.m., Wed., April 20.

The complete group gathers in Thunderbird Park, Victoria at 5 p.m., Wednesday and billets will be arranged in Victoria homes.

DON'T BLAME WEATHER

Foul weather is no excuse for an accident. Reduced traction and visibility call for reduced speed as well as smooth handling of the accelerator, steering wheel and brakes.

S.P.C.A. officers elected

Mrs. Violet Winegarden was elected president of the Society for the Prevention of Cruelty to Animals, generally known as the SPCA, at the annual meeting Monday night in the United Church hall.

Mrs. Bernice Chamberlin was elected vice-president with Mrs. Pat McIntosh as secretary and Mrs. G. T. Smith as treasurer. Committee members will be Mrs. W. G. Brown, William Malyea, Mel Hough, Miss A. Jarvis and Mrs. H. Gosden.

George E. Webb was chairman and reports on the previous year's operations were presented by Mrs. Webb and Mrs. Smith. The reports showed there were 20 inspections of animals, 24 dogs and 14 cats destroyed either because of sickness or at the request of owners and homes were found for 32 dogs and 14 cats. This does not include the number of lost animals restored to their owners.

Tom Hughes, managing director of the SPCA for the province was unable to attend so Inspector W. F. Taylor addressed the 20 persons present on operations of the organizations. He stressed that under the SPCA act of 1931 and the Criminal Code the organization had certain police powers because of the "teeth" that were put into such laws.

Mr. Taylor said headquarters was pleased with the manner in which the Gibsons branch was operating and hoped efforts of the local people would continue to support SPCA work. Mr. Taylor showed a movie on how the SPCA operated. He enlarged on his own work and explained what the SPCA had achieved during the year such as the passage of regulations concerning food animal slaughter, the closing down of a zoo on Vancouver Island and other incidents which have been in the news recently.

Inspector Taylor told of the more than 100,000 telephone calls received each year through the SPCA switchboard and how they were processed by members of the staff. The inspector was of the opinion fines levied under the Code and the SPCA act were on the light side when comparing such fines with other types of crime carrying heavier penalties.

Mr. Webb on retiring from office thanked all for their co-cperation during the past two years. The meeting also moved a vote of thanks for Mrs. Webb:

April 30 dance

Hopkins Landing Squarenaders Dance Club members are planning now for the wind-up dance of the season.

April 30 the date and 8 p.m. the time with Port Mellon Community Hall the place where hearts will be light and gay as local club members and out-of-town guests head for the dance floor when caller Harry Robertson sings out the command "Places All."

Square dancers from the Powell River, Dewdney, Mission, Sechelt and North Vancouver have been invited and at least 12 sets are expected to be dancing.

Plans are also underway for the club to enter a float in the Gibsons July 1 parade. Club caller Harry Robertson, Hazel and Bill Wright are doing the advance work on this project.

Help! Help!

Gibsons and Area Volunteer Fire Department will hold its annual drive for membership, starting Sat., April 16.

Funds collected are used entirely for fire work: new hose, siren, and equipment.

All work done by the Fire Department is voluntary and public support is greatly needed.

This is for your protection. For information required please phone 263H.

Faster mail service July 1

Starting July 1 there will be an improved mail service for the Sunshine Coast. The improvement will allow the return reply to a letter to go back to Vancouver on the same day from as far up the coast as Irvines Landing.

Word to this effect was received from William H. Payne, Conservative M. P. for this constituency as the result of correspondence from the office of the post-master general in Ottawa. The letter, from Guy Caron, executive assistant, outlines an arrangement made with mail contractors to leave Irvines Landing at a later hour to catch the Black Ball Ferry leaving at 5:35 p.m.

At present the mail leaves Langdale for Vancouver at 3.40 p.m. and during the winter when Black Ball's winter schedule operates, it left at 2:40 p.m. This new arrangement will allow return mail the same day the correspondence arrives.

Business houses all along the coast line will welcome the later pickup time. This will be particularly effective in Sechelt and Gibsons where most of the area business is located. It will also help the upper end of the mail pickup at Irvines Landing where there will be a longer period between the arrival of mail and the departure on the same day.

Gibsons council opposes departmental move

A move by the department of municipal affairs in Victoria to line up municipalities so the surveyor of taxes department can extend its services to all municipalities was turned down at Tuesday night's council meeting until further information can be obtained

As members of Gibsons village council understood the matter it meant raising assessed improvement values to 75% from the present 50%. At present the municipal clerk prepares the assessment roll. Under the department scheme the provincial assessor's office would prepare the collectors roll and tax notices.

Chairman A. E. Ritchey said this was a move the department tried before which the village council turned down as it meant an increase to taxation. He said the village taxpayers who build and improve their property had been saved a fair sum of tax money by maintaining its present system

It was felt there would not be sufficient saving under the government scheme to warrant making the change.

With arrival of the new municipal float from the federal department of public works it was decided to sell the old float to William Barter, Keats Island area, for the sum of $25. The new dock, from public works surplus, will be moved to the Municipal dock area as soon as possible and put into position.

The fire marshall's office reported an instruction truck of the provincial department is in this area at present and its personnel will make a check of Shell Oil tanks in Gibsons and make a report on them.

Accounts totalled $353.77 were checked and ordered paid with $141 for roads, $141.67 for water; $35.62 for fire protection and $35.48 general expense.

During committee reports Councillor Hodgson reported a meeting with Recreation Committee officials was held and arrangements made for it to continue. C. P Ballentine was named chairman and Mrs F. Crowhurst will remain as secretary for the time being. The committee had $137.11 in the bank which was divided between the Babe Ruth and Little Leagues, each getting $30 with the remaining $37.11 going to Kinsmen club program for children's sports.

Jules Mainil, clerk, reported on information gathered on garbage bylaws, one bylaw from Sechelt and the other from Squamish. Copies were turned over to councillors for study so some agreement can be reached when the matter comes before council.

J. Cook dies

Passed away April 13, Thomas John (Johnny) Cook. aged 98 years, of Sechelt. He leaves two daughters. Mrs. Jean Whittaker, Irvines Landing and Mrs. Ada Dawe, Sechelt; four grandchildren, two great grandchildren, one sister in England. Funeral service Monday, April 18 at 12.15 p.m. from the Vancouver Crematorium. 39th and Fraser St.. Graham Funeral Home directors, Rev. Denis F. Harris officiating.

He has lived on the peninsula 51 years, and in B.C. 70 years, and has been in Canada since before the railroad. He had been a purser on the Empress boats.

DeMolay visit

A group of 21 from the Sunshine Coast spent an enjoyable evening at the installation of Crown Chapter, Order of DeMolay in West Vancouver.

Among those present from Mount Elphinstone chapter were the three councillors, with their Chapter Dad; two sweethearts, (past and present); chaperone. Mrs. C Stewart, E.S., and Mrs. M. Leslie, Mothers' Circle.

Thanks are due the officers of Crown Chapter for their hospitality and ready help with transportation from and to Horseshoe Bay.

A NOTARY PUBLIC

Wesley B. Hodgson has received word that he has been appointed a notary public for the Gibsons area. There has been a growing demand for services of notary publics in the area and Mr. Hodgson's appointment helps fill the need

The Easter Story

Upon the first day of the week, very early in the morning, they came unto the sepulchre, bringing the spices which they had prepared.

They found the stone rolled away from the sepulchre. They entered in, and found not the body of the Lord Jesus.

It came to pass, as they were much perplexed, behold, two men stood by them in shining garments. They were afraid and bowed down their faces to the earth. They said: Why seek ye the living among the dead? He is not here but is risen. Remember how he spake unto you when he was yet in Galilee, saying, The Son of man must be delivered into the hands of sinful men, and be crucified, and the third day he rise again.

And they remembered his words.

From the Gospel according to St. Luke, St. James version.

Unbelief cast away

Why was not Thomas there when Jesus came
In quiet splendor to the upper room?
Was he bowed down with overwhelming gloom,
Or did the busy cares of earthly fame
And business in the market make their claim?
Was Spirit buried in a rock-bound tomb
And overlaid in thought the precious name?

But Jesus came again another day
(Love never turns aside our faith, though dim),
Nor did the gentle Master stop to chide;
He showed the printed hands, the wounded side.
The weight of unbelief was cast away
And with the others Thomas greeted him.

EASTER CUSTOMS

"See the land, her Easter keeping
Rises as her Maker rose,
Seeds, so long in darkness sleepingx
Burst at last from winter snows
Earth with heaven above rejoices,
Fields and gardens hail the Spring;
Groves and woodland ring with voices,
While the wild birds build and sing."

—Charles Kingsley.

What ever is the weather for Easter if there are little folk in the home, they will be full of questions about Easter Customs. Mother will explain to them that the date of Easter changes each year because it depends on the movements of the moon. Easter Sunday is the first Sunday after the full moon of the Spring Equinox.

The egg is symbolic of life and to the Early Christians it represented the Resurrection, or Jesus rising from the dead. People of many lands, Egyptians, Romans, Persians and Greeks for centuries have enjoyed coloring egg shells. When boys and girls use their paint boxes or buy dye powder to paint Easter Eggs and decorate them with pretty designs, they are following an old, old custom.

The legend of the Easter Rabbit may be traced to an old German superstition that White Hares laid eggs on Easter Eve, and from that has come the hope that the Easter Rabbits may leave colored eggs and candies at the homes of good children.

New clothes for Easter is another custom which goes back to the reign of Emperor Constantine in Rome. He declared that at Easter everyone should join in the religious processions and should dress in new garments. With the high cost of living, and the amount of money which must be spent to buy even a small child's outfit, this "new clothes for Easter" custom is an embarrassing one in many homes.

Parents do well to be frank with their children and tell them honestly that there is only a certain amount for clothes in the family budget and this must be spread over the whole family as fairly as possible. If a son or daughter can catch a glimpse of the necessary planning for clothes for everyone in the family, they are not so likely to be so demanding about new things—and they will be more willing, when they are able, to help with this expenditure.

Many people joke about a child's "Sunday best," but a child should be encouraged to take a pride in his appearance especially when he attends church. Sunday should be a special day—and good clothes are part of the "day set apart" feeling. Every child should have the privilege of attending church with his parents on Easter Sunday, "Man looketh on the outward appearance, but God looketh upon the heart."

Easter is the time when the heart rejoices at the return of Spring and the glad certainty that even as Christ rose again from the dead on that first Easter morning, we too, and those we love, will live on after this life on earth is over.

The North Star will remain our polar star for centuries more. About two thousand years from now, the star Gamma Cephei will probably be our pole star.

Navigable Waters Protection Act
R.S.C. 1952, Chapter 193
Proposed Ferry Landing
At Blubber Bay, Texada Island, B.C.

The Minister of Highways, Government of the Province of British Columbia, hereby gives notice that he has under Section 7 of the above Act, deposited with the Minister of Public Works, at Ottawa, and in the office of the District Registrar of the Land Registry District of Vancouver at Vancouver, B.C., a description of site and plan of ferry landing proposed to be built at Blubber Bay, Texada Island, B.C, the line of the proposed ferry landing being South 43 degrees 63 ft. East from a point approximately 155 feet along the high water line in a southerly direction from the existing Dominion Government wharf.

And take notice that after the expiration of one month from the date of the publication of this notice, the Minister of Highways, Government of the Province of British Columbia will under Sectoin 7 of the said Act, apply to the Minister of Public Works for approval of the said site and plan.

Dated the 5th day of April, 1960
H. T. MIARD,
Deputy Minister.
Department of Highways,
Parliament Buildings,
Victoria, B.C.

KNOW YOUR Canada

Prepared by the Research Staff of ENCYCLOPEDIA CANADIANA

When did the cost-of-living index start?

About 1913 the Dominion Bureau of Statistics began compiling and publishing such an index, using 1913 as the basic year equalling 100. The Department of Labor, beginning in 1913, also published an index of the cost of living in workingmen's families. In 1930 the DBS index was recalculated on the basis of 1926 equalling 100. In 1940 a consolidation of Canadian cost-of-living indexes was effected when a new DBS index, calculated on the basis of 1935-39 equalling 100, replaced the earlier one based on 1926 equalling 100 as well as the Department of Labor's index. This new one became the official cost-of-living index for Canada. Then in 1952 the official index was recast again, on the basis of 1949 equalling 100. At the same time the term "cost-of-living index" was replaced by "consumer price index" in official usage.

Who established Quebec's first printing plant?

In 1764 William Brown, assisted by Benjamin Franklin's brother-in-law, William Dunlop, brought a press out from England and set up in Quebec City the first printing establishment in the province. Brown was a Scottish lad who had been sent out to America in 1753, at the age of 15, and apprenticed to Dunlop in Philadelphia. In 1760 Dunlop sent Brown to Barbados to establish a printing shop there but the state of his health obliged him to abandon this enterprise in 1763.

A few months after coming to Canada, Brown, with Thomas Gilmore, began publication of the bilingual Quebec Gazette, which was to continue publication under several owners until 1874. Brown died at Quebec in 1789, having amassed what was for those days a large fortune.

* * *

What is the difference between an Indian Reserve and Reservation?

It is just a question of usage. In Canada tracts of land set aside for the native population are known as reserves. In the United States the same sort of tracts are called reservations. Because of American influence, one often hears Canadian reserves referred to as reservations.

* * *

What was the first newspaper between Winnipeg and the Rockies?

The Saskatchewan Herald, which was established at Battleford, Sask., in 1878. The town of Battleford lies on the south shore of the North Saskatchewan River, across the river from North Battleford, now the larger of the two communities. The Battle River joins the North Saskatchewan at this point. Battleford was the capital of the old Northwest Territories from 1876 to 1883.

* * *

Who were the first medical men in British Columbia?

The first medical men of note in the Pacific province were Archibald Menzies, William F. Tolmie and John S. Helmcken. Menzies was a graduate of Edinburgh and served as naturalist with Captain Vancouver in 1791. Tolmie arrived in 1833 as surgeon in the Hudson's Bay Company. It was he who discovered coal on the Pacific coast. Helmcken (1825-1920) was the most notable of the three. At one time he described himself as "the leading practitioner from San Francisco to the North Pole; and from Asia to the Red River of the north." This was accurate enough as he was the only practitioner within those limits at the time. He was a delegate from the province to Ottawa in 1870 to support terms of federation. His house in Victoria is preserved as a museum.

LAND ACT

NOTICE OF INTENTION TO APPLY TO LEASE LAND

In Land Recording District of Vancouver and situate on the foreshore of a portion of that certain parcel or tract of lands and premises designated as Lot Three Thousand Six Hundred Twenty-nine (3629), at the north end of Nelson Island.

Take notice that CLARENCE JAMES NICHOLAS of Pender Harbour, B.C., occupation Logger intends to apply for a lease of the following described lands:—all that foreshore or land covered by water fronting part of Lot Three Thousand Six Hundred Twenty-nine (3629), Group One (1), New Westminster District and more particularly described as:

Commencing at a post planted at the point where an extension of the most westerly boundary of Timber Sale X79593 in Disrict Lot 3629 in a northerly direction would intersect with the high water mark; thence four chains in a northerly direction; thence ten chains in a westerly direction; thence in a southerly direction to high water mark; thence following the sinuosities of the high water mark in a generally easterly direction to the point of commencement and containing four (4) acres, more or less, for the purpose of beds for oyster-culture.

Clarence James Nichols
Dated March 23, 1960.

New map of province ready

B. C. Travel Bureau anticipates a record demand for the 1960 edition of its official Road Map and Travel Guide, the Hon. Earle C. Westwood, minister of recreation and conservation, reports.

Large quantities of the new map are now off the press and are being shipped to distributing centres throughout the western United States and eastern Canada, the minister announced.

Basis for the expected heavy demand is a sharp increase in tourist enquiries being received at Travel Bureau headquarters. Total mail enquiries to date this year are 21,460, an increase of 63% over the same period in 1959.

Potential visitors are sent complete, illustrated information on the province's holiday attractions, accommodation facilities and transportation services, including the new Road Map.

Two versions of the map-folder are printed, one listing and describing provincial campsites and another containing detailed data on B. C.'s sport fish and where to catch them.

Alexandra Falls on Hay River near Great Slave Lake provides a scenic thrill for motorists on the Mackenzie Highway north of the Peace River.

LETTERS to editor

Editor: Would you please explain to me why you feel it is necessary to personally answer so many of the letters sent, in care of you, to be printed in the Letters to the Editor column of your newspaper. Thank you.

Fred R. Corley

Editor's Note: To say so many letters get a personal answer is not quite correct. Out of possibly 30 letters published during the last year only a half-dozen received what the writer of the above terms a personal answer. Where writers are replying to items or editorials published in the Coast News it is natural some reply be made

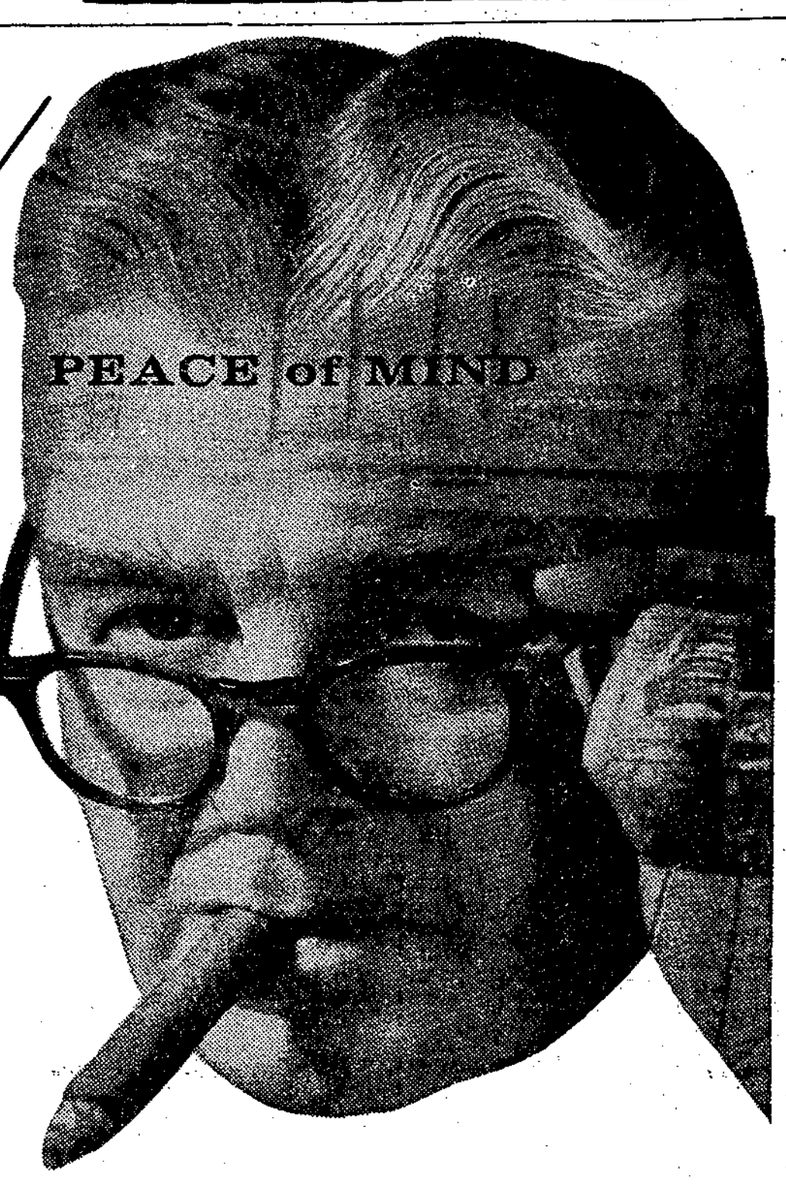
Insurance means PEACE of MIND



For Trade and Industry: Few people today would be able to risk the hundreds of millions of dollars needed for factories and equipment if insurance were not available to protect their investment.

Few would dare to take the risks of transporting their product to market without insurance. Few merchants and dealers could take the chance of stocking merchandise if there were no recourse against overwhelming disaster.

Back of practically all our trade and commerce is the *Peace of Mind* which comes from insurance. Last year, the companies writing fire, automobile and casualty insurance paid out more than 500 Million Dollars in claims across Canada — real evidence that insurance indeed means *Peace of Mind*.

ALL CANADA INSURANCE FEDERATION
on behalf of more than 200 competing companies writing Fire, Automobile and Casualty Insurance.

Printed Pattern

Empire-princess — the new shape that does the most exciting things to dramatize your figure. Collar curves away from neck above willowy waist and whirling skirt.

This week's RECIPE

BARBECUED BEANS

Precook one pound dry beans (any kind)

Fine-chop one peeled large onion and one peeled section garlic. Saute in three tablespoons vegetable oil until color turns.

Add one (eight ounces) can tomato sauce, one tablespoon cider vinegar, one tablespoon chili powder and ⅛ teaspoon cayenne to frypan.

Stir into beans. Cover.

Simmer one hour, when most of the liquid will evaporate.

Serve very hot, with or without a garnish of minced parsley and/or thin-sliced ham or sauteed thin-sliced luncheon meat.

BARBECUED BEANS HURRY-UP

Use three (one pound) cans kidney beans instead of pre-cooked beans and follow preceding recipe.

BARBECUE BEANS WITH MEATBALLS

Ten minutes before beans will be done add one can small Swedish meat balls or ½ can diced luncheon meat.

DEER POPULATION

For the fourth or fifth consecutive year, snow depth and temperatures have been less severe than average over most of the B.C. interior and coastal deer ranges. The result again this year is that deer are widely scattered and are occupying much higher elevations than is the case when snow depth is greater. In the Princeton area, deer have been observed well above the valley floor and as high as 5,000 or 6,000 feet.

Wife Preservers

When putting on new license plates, dip the threaded part of the bolts in clear shellac before putting on the nuts. This will act as a rust-preventative, making removal easy next year.

Oddfellows, Rebekahs form eye bank

The Independent Order of Odd Fellows, which has carried on projects for the good of humanity including the granting of educational bursaries, homes for aged and orphans, the United Nations Pilgrimage for Youth, children's summer camps and similar activities, has undertaken a new project. This new endeavour seeks to minimize the scourge of blindness through the establishment of the Odd Fellows World Eye Bank and Visual Research Foundation.

The initial objective set by the order is to raise $1,200,000 to permit establishment of a chair in opthalmology at John Hopkins University Hospital, Baltimore, Maryland, which will be devoted to visual research, setting up of a vast eye bank system to which individuals may pledge their eyes to be used after death, granting of financial assistance in operations where necessary, and education of the general public on sight conservation.

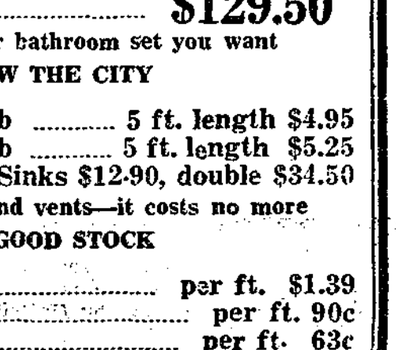
Odd Fellow and Rebekah Lodges throughout Canada, the United States and Cuba are united in launching this great campaign to preserve and give sight to the peoples not only of this continent, but of the world. Funds raised in Canada will be utilized exclusively in the dominion. Each lodge in every jurisdiction has been asked to appoint its committees to actively support this outstanding endeavour.

The latest decennial census taken in Canada revealed that .94 persons in every thousand, a total of 13,124, were totally blind. Glaucoma is a prime threat to the sight of persons over 40 years of age and considerable research and general public education is necessary if the rise in the incidence of glaucoma is to be halted.

The Odd Fellows World Eye Bank and Visual Research Foundation has made literature available outlining its program and steps that individuals can take to participate in it. While the necessary funds to promote the foundation are being secured from its membership, public support of its aims and objectives will be sought in the provision of eyes for operational and research purposes and in supporting the various activities which will be engaged in by Odd Fellow and Rebekah Lodges in their efforts to bring light to them that sit in the shadows.

EASTER EGGS

Church bells, not rabbits, are said to deliver Easter Eggs in Belgium and France. According to World Book Encyclopedia, one legend says that the bells, which do not ring from Good Friday to Easter, fly to Rome. They return on Easter and drop the eggs.



Your Teeth

A series on oral health prepared by the B. C. Dental Association.

Dental Care for Expectant Mothers

For every child a tooth! Old wives' tale or fact?

Expectant mothers can rest assured there is little truth in this tale passed down from mother to daughter over the years.

True, it is, that expectant mothers do experience an increase in tooth decay, but pregnancy itself is not the cause

Dental research reveals several factors contributing towards this increase.

Expectant mothers often change their food habits. Their eating of sweets shoots way up

Quite often not feeling too well, they slack off on normal oral hygiene practices.

It is not because the mother's teeth are sacrificed to build the child's teeth!

Many mothers do not obtain dental care during pregnancy fearing that treatment may have serious consequences.

In almost all cases, routine dental care can be safely carried out during pregnancy.

Occasionally, her physician may know of some reason why dental treatment should be deferred.

This is the exception rather than the rule.

Expectant mothers should not risk their own health and possibly the future of their children by neglecting dental treatment.

The extraction of an infected tooth in early pregnancy is not, as a rule, dangerous but if left until later could well be. Early treatment will prevent this occurring.

EASTER RABBITS

The rabbit may have become a symbol of Easter because of the moon. World Book Encyclopedia explains that some ancient peoples considered the rabbit a symbol of the moon ... and the moon determines the date of Easter.

MANY LAKE FISH

The fisherman should be well satisfied with his catch if he visits Manitoba, for the principal species taken are Northern pike, lake and speckled trout, and pickerel.

add to kitchen BEAUTY

(WHILE REDUCING KITCHEN DUTY)

with a new electric range!

Give your kitchen the clean-cut beauty of a modern electric range – and give your *cooking* new ease and convenience, too!

For today's new electric ranges have all the automatic features that mean better, tastier dishes – prepared in less time, with far less trouble. Automatic time and temperature controls cook oven meals while you're away; automatic *top* surface units maintain constant top-side temperatures, so foods won't burn, pots won't boil over. And because these ranges are so easy to clean, your kitchen will stay bright and new-looking.

Ask about all the attractive features of a new electric range at your appliance dealer's. You'll like the way it looks – and you'll *love* the way it cooks!

At the movies

Thursday night's Enchanted Isle with Dana Andrews and Jane Powell is another version of South Sea Island life with some excellent photography.

Friday and Saturday's picture, The Remarkable Mr. Pennypacker with Clifton Webb and Jane Wyman gives that tart tongued comedian a chance to repeat his sparkling performance which recalls his work in Cheaper by the Dozen

Sunday midnight's special The Curse of Frankenstein explains itself and horror addicts will need no further explanation.

Oregon Passage on Monday and Tuesday with Jon Erickson and Lola Albright is a sagebrush western of early days in gorgeous technicolor photographed in the state of Oregon.

Wednesday and Thursday of next week will see Speed Crazy on the screen with Brett Halsey and Yvonne Lime in leading roles. There are sports car race episodes.

POUND DISTRICT ACT

WHEREAS under the provisions of this Act, application has been made to the Lieutenant-Governor in Council to constitute as a pound district certain land in the vicinity of Roberts Creek, which may be more particularly described as follows:—

Commencing at the south-west corner of Lot 1541, Group 1, New Westminster District, being a point on the northerly highwater mark of the Strait of Georgia; thence northerly and easterly along the westerly and northerly boundaries of said Lot 1541 to the north-east corner thereof; thence easterly and southerly along the northerly and easterly boundaries of Lot 6213 to the south-east corner of said Lot 6213; thence easterly along the northerly boundaries of Lots 1321 and 3354 to the north-east corner of said Lot 3554; thence northerly and easterly along the westerly and northerly boundaries of Lot 1319 to the north-east corner thereof; thence easterly along the northerly boundary of Lot 1320 to the north-east corner thereof; thence southerly along the easterly boundaries of Lot 1320 and 3381 to the south-east corner of Lot 3381; thence westerly along the southerly boundary of said Lot 3331 to the easterly boundary of Lot 810; thence southerly along the said easterly boundary of Lot 810 to the north-west corner of Lot 1506; thence easterly and southerly along the northerly and easterly boundaries of said Lot 1506 to a point due west of the north-west corner of Lot 5820; thence east to the said north-west corner; thence east to the said north-west corner; thence easterly along the northerly boundaries of Lots 5820, 5821, 5822, 5823 and 5824 and the easterly prolongation thereof to the westerly boundary of Lot 2596; thence northerly and easterly along the westerly and northerly boundary of said Lot 2596 to the north-east corner thereof; thence easterly in a straight line to the north-west corner of Lot 4, of Lot 2626, as shown on Plan 3808 on file in the Land Registry Office, Vancouver; thence easterly along the northerly boundaries of Lots 4 and 21, of Lot 2626, of said Plan 3808 to the north-east corner of said Lot 21; thence north-easterly in a straight line to the north-west corner of Lot 1621; thence easterly and southerly along the northerly and easterly boundaries of said Lot 1621 to the south-east corner thereof; thence easterly along the northerly boundaries of Lots 1311 and 1312 to the north-east corner of said Lot 1312; thence southerly along the easterly boundaries of Lots 1312 and 904 to the south-east corner of said Lot 904; thence westerly along the southerly boundary of said Lot 904 to the north-east corner of Lot 2497; thence southerly along the easterly boundary of said Lot 2497 to the south-east corner thereof, being a point on the aforesaid northerly high water mark of the Strait of Georgia; thence in a general north-westerly direction along the said northerly high water mark to the aforesaid south-west corner of Lot 1541 being the point of commencement.

NOTICE IS HEREBY GIVEN that thirty (30) days after publication of this notice, the Lieutenant-Governor in Council will proceed to comply with the application unless within the said time objection is made to the Minister of Agriculture by eight (8) proprietors within such proposed Pound District in form "A" of the Schedule of the Act.

NEWTON P. STEACY
Minister of Agriculture.

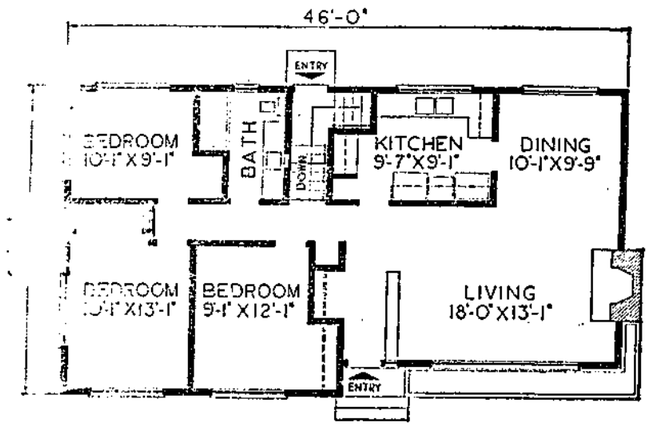
THE BUILDING CENTRE (B.C.) LTD.
PLAN SERVICE VANCOUVER B.C.



Plan No. 6-B-1139 (Copyright No. 117093)

Brick Front Gives Old World Air To Contemporary Design

Dramatically simple in conception, this design combines the contemporary with the traditional in the use of brick at the front, and the inviting stoop or porch under the wide overhang.

While the exterior of the house has an air of old world charm, inside the attractive front entry with "stub" or planter wall, the house is smartly up-to-date. An outside wall fireplace in the living room allows ample room for furniture arrangement, and the living room extends out into an L shape to encompass a dining area. Off the dining room is the efficiently planned kitchen, and in order to save space for the living areas, the entry to the basement is combined with the back entry.

The bathroom is planned for both beauty and efficiency — finish the large vanity in some of the new plastic tops now available in glowing colors — and along the short hall, the three bedrooms fan out, with each bedroom planned for space and privacy.

Outside, vertical siding has been combined with the red brick front, to create an effect that is dramatic and different. See the unusual roof line — use some of the lovely new colors in roofing — build a red brick planter to harmonize and set off the brick front, and finally landscape the front with a green lawn, and this house spells "welcome" to your visitors — and "home" to you.

It is designed for N.H.A. approval, and is another of the Building Centre plans designed especially for Canadians in all parts of the country, in all walks of life.

Working drawings are available from the Building Centre, 116 E. Broadway, Vancouver 10. To obtain a copy of our plan book, "Select Home Designs," send 25c in coin to cover cost of mailing and handling.

LETTERS to editor

Editor: The space you gave in the Coast News last week to the doings at Madeira Park hall in honor of my wife and me on my retirement as superintendent of the Columbia Coast Mission, was so generous that I hesitate to ask for a few inches more. But I was so deeply touched by the generosity of everybody that I failed to express our thanks adequately, and would like through the medium of the Coast News to re-iterate my thanks, and to reach those who had contributed to the various gifts and yet were unable to be present at the 'party.'

Knowing a little about organizing such events, I realize what a mass of work it involved, and I can only congratulate those responsible most heartily on what, to my wife and me, was one of the loveliest things we have ever enjoyed.

We are so glad that our remaining years will be spent on the Sechelt Peninsula, and I earnestly hope that my ministry, in those years will be worthy of the tributes paid to me that evening, in word and in gift.

Alan D. Greene,
Land Lubber Parson

Editor: Since reading your recent editorial I have been trying to find the right words to tell you how very mistaken you must be in your assumption that some members of the many service clubs, societies and organizations of this Peninsula are dissatisfied with your news coverage of their many meetings and social events.

I belong to some very active organizations on the Sunshine Coast and never have I heard a word of complaint in this regard. As a matter of fact, everyone I've ever spoken to concerning publicity for our many and various projects have been lavish in their praise of the good treatment received by your paper.

In every community there are those residents or transients who are unhappy with every effort of goodwill made by their fellow man and it's really a shame that those who speak ill of everything always manage to speak first.

Violet L. Winegarden.

Halfmoon Bay

By PAT WELSH

Canon and Mrs. Alan Greene will spend Easter at Redroofs, then leave for Vancouver on April 18, entraining next day for Montreal where they will board the Cunard Liner Ivernia for London, England. They expect to arrive at Tillbury, May 4.

Summer homes are being opened up and one of the first arrivals is Mrs. G. B. Simpson. The Charlie Lunns and Michael are here from Prince George to spend Easter.

Weekending here were Mr. and Mrs. H. Hunt, Mr. and Mrs. Bill Thom and Charles, the Don Macdonalds, M.r P. Craig and the McAllisters.

Business expands

Cliff's Shell Service at Sechelt, the proprietor of which is Cliff Connor, has expanded to take in a second station. This station is at Halfmoon Bay and was the Rae Kolterman Shell Station. Following the death of Mr. Kolterman, Mr. Connor took over the station which now gives him two Shell stations on the Sunshine Coast. Mr. Connor has operated the station at Sechelt for the last two years. He has an unbounded faith in the future of this area.

HOW TO SIT IN CAR

Sit up straight in the driver's seat and at least four to eight inches from the lower rim of the steering wheel. You will suffer less fatigue and gain more effective steering control.

CARD OF THANKS

We wish to extend sincere thanks and appreciation for many kindnesses, messages of love and understanding, and beautiful floral offerings from our many relatives, friends and neighbors, at the sudden passing of our beloved son and brother.

The Flumerfelt Family.

We wish to extend our sincere thanks and appreciation to our many friends, relatives and neighbors for the messages of love and understanding, and for the beautiful floral offerings at the sudden passing of our beloved husband and father.

Ruth Flumerfelt,
Alan and Jimmy

Please accept my thanks for the kindnesses shown me by my neighbors and especially, Dr. Inglis, Mr. Murray and Graham Funeral Home.

Mrs. Erikson, Roberts Creek

IN MEMORIAM

In loving memory of Capt Rev. Frank Bushfield, who passed on to his great reward, Easter, April 17, 1954.

"The gift of God is Eternal Life, through Jesus Christ, our Lord."

His wife, Ethel, sons Keith and Harold, daughter Phyllis, and six grandchildren, Dave, Jon, Heather and Paul Andy Fountain; Jeanetta and James F. Bushfield.

In loving memory of a dear wife who died April 13 1959. They say that time will heal all wounds and teach us to forget. But time so far has only shown how much I miss her yet.

Her loving husband, Norman H. Hartley.

DEATH NOTICE

GIBB — Passed away suddenly, April 12, 1960, James Bute Gibb, of 4522 Belmont St. Vancouver, B.C. Remains were forwarded to Vancouver for funeral service. Graham Funeral Home, directors.

REID — Passed away April 4, 1960, Mary Jeanette, widow of Rev. James G. Reid, of 4575 West 6th Ave., Vancouver, B. C. Survived by 2 sons, J. Louis, Vancouver, R. Douglas, West Vancouver; 3 daughters, Mrs. F. J. Hoiland, Gibsons, Mrs. J. E. Henderson, Revelstoke, Mrs. C. N. Moore, Brandon, Man. and 10 grandchildren.

WALTON — Passed away suddenly April 7, 1960, William Albert Walton, of West Vancouver. Remains were forwarded to West Vancouver for funeral service. Graham Funeral Home directors.

Dredging for Westview

A $186,000 contract has been awarded by the federal department of public works to the British Columbia Bridge and Dredging Company Limited of Vancouver, to carry out dredging in the harbor at Westview. This was announced by Mr. William H. Payne, M.P. for Coast-Capilano, on behalf of the Hon. David J. Walker, minister of public works.

The company was the successful bidder of four in response to advertising for public tenders. The work is scheduled for completion in four months.

The dredging, in an area of about 250 feet by 750 feet, will remove 75,000 cubic yards of material. It is part of the harbour development plan for a small boat harbor on the north side of the existing government wharf. A $180,420 contract was awarded in November, 1959, to the Northern Construction Company and J. W. Stewart Limited of Vancouver, for the construction of a breakwater in the area. Construction of the breakwater has proceeded to such a point that the dredging can be commenced.

Plans and specifications were prepared by the harbors and rivers engineering branch of the department of public works at Vancouvr. Supervision of the work will be under the district engineer, Mr. A. W. Walkey of Vanccuver.

Canadian joins Smokey's unit

First Canadian to be appointed to the planning committee of the continent-wide Smokey Bear Fire Prevention campaign sponsored by the U.S. Forest Service and the Advertising Council, Inc., is W. F. Myring, secretary-manager of the Canadian Forestry Association of B. C.

Plans for next year's international forest fire prevention drive were laid at a two-day meeting in Los Angeles, March 21-22, attended by the 16 members of the committee, the chief of the U.S. Forest Service and a presidential aide from the White House.

"While still stressing the familiar slogan, 'Remember — Only YOU Can Prevent Forest Fires!' the theme of future campaigns will be expanded to embrace the whole concept of protection through wise use of our forest resources," Mr. Myring said on his return to Vancouver.

Swiss alphorns, made to signal between mountain peaks, are as much as 18 feet long.

WANT AD RATES

Condensed style 3 cents word, minimum 55 cents. Figures in groups of five or less, initials, etc., count as one word. Additional insertions at half rate. Minimum 30c.

Easter toggery an old custom

The custom of wearing new clothes on Easter Sunday dates from the early days of Christianity, when newly baptized Christians were clothed in garments of white linen.

Researchers with World Book Encyclopedia report that baptism has always been closely associated with Easter. Just as the Resurrection represents the new life of Christ, so baptism represents the initiation of the believer into a new life.

In the early Church, Lent was the annual season of preparation for baptism, and the sacrament was celebrated on Holy Saturday during the Easter Vigil.

Eventually all Christians began to dress up for a joyful parade through town ... much to the joy of today's clothing manufacturers.

My name is Charpin and I'm a papillon, one of the few in Canada. Like most other dogs, I'd like to get outdoors and play a game of "Fetch." But I'm a TV and fashion show star so must content myself with looking "fetch-ing" in my new Easter hat, especially designed by a Toronto department store.

Cutie quite air-minded

A fluffy pint-sized Toronto papillon dog named Charpin has probably achieved more national fame since he came to Canada five years ago than, pound for pound,, any other new Canadian.

Charpin (pronounced Sharpan) also lays claim to having logged more miles as an airline passenger than any other dog in Canada.

His owner is Mrs. Alva McColl, Toronto, a former president of the Canadian Kennel Club and internationally know as a judge at leading dog shows. She used to breed Great Danes but fell in love with this tiny pooch when first she saw him in Switzerland while touring Europe with the Canadian Womens Press Club.

Before he ever set eyes on his new owner, Charpin had won championship ribbons in Austria, Germany, France and Switzerland. After Mrs. McColl bought him, and he flew the Atlantic with her and the other members of the Press Club, Charpin within four months of arrival had captured a Canadian championship.

Since that time, Charpin has travelled with Mrs. McColl constantly, flying from one end of Canada to the other, and to cities all over the United States, while his owner judged at dog shows.

In TV, Charpin has been on the Howdy Doody Show. On the CBC-TV network, he has starred in a play especially written for him. And on the legitimate stage, Charpin has acted with the Toronto Crest theatre group.

His forebears were lap dogs, living in luxury at the Court of France. They sat with titled mistresses for portraits by Rubens, Watteau and others. But times changed and, like many other descendants of the courtiers, Charpin is making a success on his own in this modern workday world.

New fisheries department ship

A trim, 45-foot motor vessel has become the newest unit in the Department of Fisheries' patrol fleet in the Pacific Area. The Temple Rock was christened in the traditional manner by Mrs. G. E. Moore, wife of the supervisor of fisheries, District No. 3, with headquarters at Nanaimo. Mr. Moore also participated in the ceremony as official representatative of the department.

The new vessel was designed by Robert Allen, Vancouver naval architect, and was built by Star Shipyards (Mercer's) Ltd., at New Westminster. It is estimated that the "Temple Rock" will have a cruising speed of 10-11 knots. Construction is of wood and the hull is a transom stern model with raised deck. The vessel has accommodation for a crew of three and a fishery Officer. Life-saving equipment includes a 4-man inflatable rubber raft.

The Temple Rock will be stationed in the Pender Harbour sub-district, replacing the patrol vessel Pursepa which has been in operation since 1928. Temple Rock, from which the new boat takes its name, is located off the mouth of Pender Harbour.

ESKIMO MUSEUM

There are many favorite tourist attractions in the Hudson Bay port of Churchill such as the whaling plant, the Eskimo museum in the old Roman Catholic mission and numerous grain ships in the harbor.

Items from here and there

HOSPITAL FINANCING

Directors of the 1,000-member B. C. Beef Cattle Growers' Association have presented a strong resolution requesting the B. C. government to change the present system of financing hospital construction. The association wants the cost to be borne by everyone rather than have a direct levy on property owners in hospital districts. At present, hospital construction is approximately 50 percent financed by local taxation on real property.

NEW FILTER METHOD

What has been described as a "sipping" whiskey has been developed as the result of an exclusive charcoal filtering process by Gooderham and Worts Limited. Good hard maple charcoal is used and it is explained it produces the smoothest, mellowest whiskey in its price class. Bottles of this new processed whiskey contain notification below the main label reading "Charcoal filtered for extra smoothness."

FEWER FLAT TIRES

The flat tire has dropped to a low level in 1959 as the cause of car breakdowns according to a B. C. Automobile Association service calls study. Tire failure has shown a steady decline since 1955 when tubeless tires were announced as standard equipment for all new cars. Tire trouble now accounts for only 13 percent of distress calls. Leading the list in 1959 were battery and electrical failures which accounted for 32 percent of the total of 40,146 calls.

FISH, GAME CONVENTION

Keynote speaker May 6 at the B. C. Federation of Fish and Game Clubs 1960 convention banquet will be author-conservationist Roderick Haig-Brown of Campbell River. Mr. Haig-Brown is currently engaged in writing a resource geography of B. C. for the B. C. Natural Resources conference, but will take time out from his book to talk on the history of conservation. The convention will be held May 5, 6 and 7 in the Aquatic Club at Kelowna. Other speakers will include David Roche, of Toronto, who will talk on hunting in Africa and will show movies made while on safari.

1 cent sale opens Monday

The day when a penny would buy somehing of value is not gone, as Sunshine Coast shoppers will discover at Lang's Drug Stores, Gibsons and Sechelt, when the Rexall Golden Anniversary Spring 1c Sale begins Monday, April 25 The sale runs six days from April 25 to 30.

Double quantities of regular drug store merchandise will be available at the regular price, plus just one penny. All items are standard Rexall merchandise, freshly stocked and quality guaranteed or money back.

Articles which are offered at greatly reduced prices constitute the money-saving "Bonus Buys" section. These items are not included in the 1c Sale plan but are added specials during the sale.

Another feature are advance order blanks which may be filled out and left at the store prior to the sale, and the order picked up during the sale.

This year's Spring 1c Sale celebrates Rexall's 50th Birthday and Golden anniversary and is one of two such sales held annually by Rexall druggists throughout Canada.

Save almost half of what you usually spend for your Spring and Summer drug store items. Wait for the Rexall Golden Anniversary Spring **ONE CENT SALE. "SIX" BIG DAYS.** Over 325 bargains. And two for the price of one, plus only one cent **MONDAY, TUESDAY, WEDNESDAY, THURSDAY, FRIDAY** and **SATURDAY (April 25, 26, 27, 28, 29 and 30)** at **LANG'S,** Rexall Drug Stores, Gibsons and Sechelt.

Personality helps says Juliette

JULIETTE

Songstress Juliette has been a favorite with Canadian audiences since she made her first public appearance at the age of five in Winnipeg. Always busy, Juliette has her own show each Saturday night on CBC-TV during the winter and spends most of the summer making personal appearances across the country.

Spend an evening with Juliette in the spacious livingroom of her apartment overlooking Toronto's Rosedale ravine and the talk invariably turns to entertainment.

"Voice is important, but not most important," CBC-TV's popular singing star remarks "Personality is the thing." She points to Perry Como. "Como's relaxed. Dinah Shore, on the other hand, is vivacious. All the top singers have one thing in common — they communicate with an audience. It's something you have, it can't be cultivated."

Juliette has been singing since she faced her first audience at the age of five. That was in her home town of Winnipeg, before she moved with her family to Vancouver. Whatever I'm doing at the moment is what I want to do. I guess you could say I live in the present."

At the age of 19, she turned down the offer of a Hollywood contract and an opportunity to sing with the Harry James orchestra. Already established in Vancouver, on radio and on the night-club circuit, she was also planning marriage to Tony Cavazzi, who now plays clarinet in the Juliette show orchestra and is his wife's personal manager.

How does Mrs. Cavazzi like being Juliette?

"I'm proud of what I've achieved," she declares. "I've worked for it. You have to take the digs with the applause and have faith in what you're doing."

Spring flowers add touch

Beautiful bouquets of early spring flowers decorated the chapter room at the Masonic Hall on April 2 on the occasion of the installation of officers of the Order of Eastern Star.

Some 80 members, many from other chapters and including several from grand chapter, gathered to witness the impressive ceremony of installing Mrs. Margaret Swan as worthy matron, and her 17 officers in their various positions.

The retiring worthy matron, Mrs. Grace Cumming, read her farewell speech which was written in verse and cleverly covered all she wished to say In it she thanked her officers and members for their support during her term in office. Her officers presented her with a bouquet of red roses, and Mrs. B. Shaw presented her with her past-matron's pin.

Mrs. Anne C. MacDonald, past WGM, came from Vancouver to head the installing team which also included Mrs. P. Osborne, Mrs. P. Parker, Mrs. M. Trueman, Mrs. C. Anderson Mrs. E. White, Mrs. R. Kolterman, Mrs. G. MacDonald, Mrs. W. Wardil, Mrs. M. Joss and H. Mylroie.

During the ceremony, Betty Wood sang a Scottish ballad for Mrs. Swan, who was charming in floor length white lace. Mrs. Swan carried a sheaf of roses, a gift from her husband, who also presented her with a gavel. Members of her family sent her a sheaf of crimson carnations from Vancouver.

The retiring worthy patron, J. Wardil, was presented with a past-patron's pin by Mrs. Wardil. Mr. J. Donnelly was installed as worthy patron.

The dainty corsages worn by the officers were fashioned from ribbon by the clever hands of Mrs. Grace MacDonald, as was the effective and beautiful centrepiece on the head table in the banquet room.

Thirteen past matrons and patrons of Mt. Elphinstone Chapter were present, including Mrs. Hattie Gray, now a resident of Chilliwak, and Mrs Molly McColl of Vancouver

Sechelt News

BY MRS. A.A. FRENCH

Vimy night social of Branch 140, Canadian Legion was a very disappointing affair in spite of a good program arranged by Mr. Harold Roberts. Apparently there were other socials on the same night and so many members down with the flu but those who attended reported a good time.

PTA family night was an outstanding success and brought to light much unknown talent. The program was arranged by Mrs. E. Crucil and Mrs. Lou Plumridge. Those responsible for the show which entailed a lot of hard work were Mrs. Vera Lowe of the Vera Lowe school of dancing, Pender Harbour, who had several talented youngsters on stage; Major J. Browning who wrote the skit on a principal's day at school, acted quite convincingly by young mother and father members of PTA. Mrs. Peggy Connor organized a dance group of teenagers; Harold Roberts had his young people's choir and the Kinsmen and Boy Scouts had comic al numbers. Mr. Maurice Hemstreet called for a square dance on stage which was well done, by the young married couples. Joe Benner was a very capable master of ceremonies. Mrs. H. Sinclair accompanied at the piano.

Mrs. Nora Havass of Hope visited her mother, Mrs. Dolly Dunn. Mrs. Dunn expects to leave for England shortly.

Greg Caple of St. George's School, Vancouver is visiting Miss Bessie Burrell.

Solution to X-Word on page 5

Rebekahs host to president

Arbutus Rebekah Lodge No. 76, I.O.O.F. was host on Wed., April 6 to the assembly president, Mrs. Pauline Hoskins, of Chilliwack and her suite consisting of Mrs. Bernice Hopkins, assembly treasurer of Powell River; Miss Hazel Van Buren, assembly marshall of Vancouver; Mrs. Evelyn Begg, assembly outside guardian; Mrs. Feidler, district deputy president of Powell River and Mrs. Henrietta Chamberlin, district deputy president of Gibsons. There were also other visiting Rebekah delegates.

A luncheon at the home of Mrs. Chamberlin and a tea at the home of Mrs. A. Osborne took up part of the afternoon. A banquet in the Anglican Parish hall brought the evening meeting to a pleasant climax. Mrs. Vida Burt, noble grand welcomed the visitors and the president was presented with a corsage, a gift and a cheque aiding her project which is in support of the I.O.O.F. residence.

During the evening there were several musical numbers and a skit was presented by Mrs. Rees, Mrs. Duncan and Mrs. Hutchins. A delightful tea was convened by Mrs. C. Ritchey and poured by Mrs. V. Burt and Mrs. M. Livingstone.
