600 attend Elphinstone High School graduation

It is on the lives of you intelligent young persons that the future of the world depends, Mr. A. E. Loft, professor of education, Victoria College, told the graduating class of Elphinstone High School Friday night of last week.

Mr. Loft was delivering the address to the graduating class following presentation of awards and the ceremonials leading to the presentations. He described graduation not only as a recognition of achievement but as a recognition of the unselfishness and self-sacrifice of others who were behind every graduate. A self-made man does not exist, he said, explaining that behind everyone were parents, kinsfolk, friends and teachers. There was also the influence of the home, school and books and to quote Robert Frost, he added, Home is something we do not have to deserve.

M.r Loft stressed to the students they could only repay in the future what they owed in the past. It was not possible for them to stand upon yesterday and ignore tomorrow. He urged them to live to breathe clean air, pointing to the possibilities of mass destruction existent these days. If they could achieve this what a debt of gratitude would be owing them. He urged them to turn in revulsion to the world of MacBeth's "upon this bank and shoal of time we'd jump the life to come." It was on the lives of intelligent young persons that the future of the world depends, he said.

Mr. W. S. Potter, Elphinston principal thanked the donors of the new awards offered for the first time and thanked the mothers of grade eleven pupils and the class itself for the excellent work they had done in helping to make the graduation event the success it was. There were at least 600 persons in the school auditorium, the largest crowd ever to attend this ceremony.

Mr. Alfred Funnell, chairman of the school board was unable to attend so Mr. G. Fahrni filled where the chairman of the board was to officiate. Rev. Denis Harris pronounced the invocation. Janet Cattanach gave the last will and testament of the graduating class and Mr. H. I. R. Jeffrey, district superintendent of schools, presented the diplomas. Sheila Smith delivered the valedictory address (at bottom of page one).

Musical numbers were provied by Ann Lang in a piano solo and glee club selections by a chorus under direction of Mrs. Ran Vernon. The three-part singing was the best performance of its kind ever heard in E.phinstone school.

HERE ARE AWARDS

Awards made available by the Student Council given for citizenship and scholarship. Points toward these are accumulated beginning with Grade 7

Citizenship Awards presented by Mrs. Day: Gold Leaf and Bar — Joyce Inglis. Silver Leaf, Dale Nystrom.

Scholarship Awards presented by Mrs. Rankin: Scholarship Ring, Sheila Smith. Gold Torch and Bar, Myrna Hetherington. Silver Torch and Bar Robert Janis and Sharon Marsh. Silver Torch, Dale Nystrom.

It might be noted that there are students who achieved these awards last year and who consequently were not named in this year's ceremony These included: Lyn Vernon, Scholarship and Citizenship; Myrna Inglis, Scholarship; Heather Bracewell, Citizenship.

Scholarship prizes offered by individuals and organizations in the area and presented by Mr. MacKenzie:

Port Mellon Community Association award for proficiency in Chemistry, Langford Chamberlin.

Norman MacKenzie prize for proficiency in Math 91 and Physics 91, Bill Hubbs.

Coast News book award for proficiency in Creative Writing, Nick Gilbert.

Special $5 award for Research Essay, Helen Hanna.

Mrs. Rankin Magazine subscription for proficiency in Senior French, Helen McSavaney.

Mrs. Livingstone $10 award for outstanding effort all through high school, Sharon Keeley.

Gibsons Women's Institute award for proficiency in sewing, Joyce Inglis.

Gibsons Kinsmen award (book prize) for efficiency in Social Studies 30, Bob Janis.

Doreen Hough pin for proficiency in senior clerical courses, Janet McDannald.

Headlands Service Club $25 award for scholarship, Gr. 11, Dell Ritchey.

Headlands Service Club $15 award for scholarship, Gr. 10, Dale Nystrom.

Gibsons Building Supplies, Sr. I.A., John West.

Presentation of Trophies, presented by Mr. Peterson:

Coast News Shield for general proficiency in Grade 12, Sheila Smith.

Bob Fretter Trophy for general proficiency in Grade 11, Dell Ritchey.

Sunnycrest Trophy for general proficiency in Grade 10 Dale Nystrom.

The Don Brown Mug, for the first year typist who accomplished most, Barbara Olson.

Stewart Cup, for the best notebook of the year, Myrna Heatherington.

Cloke Trophy, for contribution to music, Dan Coates.

Student Council Officers Awards presented by Mr. Cooper and Miss Kathy Toynbee, Student Council President Elect for 1960-61: President's Pin, Bob Fretter; vice-president's pin, Barry Reeves; secretary's pin, Marda Walker, treasurer's pin, Myrna Hetherington; and club co-ordinator Allan Murray.

Gravel lease considered

At Tuesday night's Gibsons Village council meeting, a letter from the lands branch, Vancouver office, informed council that F. M. Cunningham, land inspector, was prepared to recommend a 16-acre gravel dredging lease in Shoal Channel off Keats Island near Home Island be granted a Mr. Hind,, who had applied previously to council for a lease off the Headlands.

If granted the operation would not interfere with navigation as federal authorities demand a 1,400 ft. channel be kept open. The leased area would be one chain outside high water mark on the island

Accounts totalled $490.33 and were ordered paid. Roads took $292.56, fire protection $11.82; water $10.18; parks and beaches $16.82 and general $197.97.

Councillor Pay reported work on the Municipal dock is about complete and the grounds around the Municipal hall have been cleaned up.

Resignation explained by school trustee

Appearing before Sechelt's village council Wednesday night of last week, Mrs. W. N. McKee explained why she was resigning as trustee on the school board.

Speaking of events that have transpired recently concerning school problems and specifically with school bus transportation, Mrs. McKee said that with the bitterness shown it would seem some people have no confidence in the present members of the school board. "My skin is just not thick enough," she added.

Members of council expressed the opinion her resignation would be a definite loss to the community. Holding public office was not the sinecure some people thought it was and it was a pity some people took the attitude they did where public officials are concerned.

Mrs. McKee explained the bus transportation problem as regards Porpoise Bay area and that the board had done what it could to satisfy those concerned without any result. She added the board intended to go over the whole bus transportation system for the next school year. At one point in her discussion a closed session cleared the room of all but members of the council.

At the end of the discussion with Mrs. McKee a vote of thanks was moved for the splendid job she had done with an expression of regret that some ignorant people had come along and upset things.

It was reported to council the Sechelt Recreation committee officers for the next year would be Norman Burley, chairman, Mr. F. Parker, vice-chairman; Mrs. A. Dawe, secretary and Mrs. J. Redman, Mrs. J. Toynbee, Mr. E. F. Cooke, Mr. F. Newton, Mr. J. Strachan and Karl Hergt as directors.

A building permit for a $150 carport was granted E. Benner

Councillor Burley notified council he was seeking an extension of Hackett Park area. The matter is now under consideration.

A letter from the Town Planning commission sought information whether Sechelt wanted to continue under its present town planning scheme in view of the fact a parcel of land under consideration had been re-zoned as commercial property. Council decided to write that it would continue under the plan.

Additional room for Trail Bay high

Arrangements have been made by Sechelt District School Board to extend Trail Bay Junior High School by adding another classroom at a cost of $7,911. This the board expects will put a stop to complaints about any of grades seven, eight and nine having to be accommodated in basement rooms.

The School board has been working on this plan for the last month and could make no announcement on it until approval had been given by education department officials in Victoria. Arrangements for adding the extra classroom will not involve expense outside of the referendum amount voted for school extension last year. It will also mean the same contractor who has been building Trail Bay School will construct the added classroom as part of the previous contract.

The board also announced it was in the process of engaging certified secondary teachers for Trail Bay School when it opens for the new school year.

This was announced at Monday night's meeting of the School Board in its board room in Gibsons. At the same meeting Mrs. W. N. McKee announced her resignation from the board. Appearing before the last meeting of Sechelt's village council to explain why she considered resigning, Mrs. McKee stated she had thought of resigning before but held off until present pressures had made up her mind that she had had enough. Mrs. McKee's resignation becomes effective in 30 days time. A new appointee must be named within 60 days through Sechelt's village council or by some arrangement with department officials at Victoria. Mrs. McKee's term would be up in December.

Tenders for painting various schools were opened and the contract for painting Madeira Park School, Sechelt Activity room and Egmont school was given Joe Benner of Sechelt at a total cost of $3,511.50. Contract for painting Gibsons Elementary school was awarded Victor Daoust for $310 subject to confirmation.

Grade XIII will be established at Elphinstone High School in September. This Grade XIII course is a new venture in this district and Sechelt School board hopes students will take full advantage of the opportunity given them. The continuation of this program in future years will, to a great degree, depend upon the students themselves, the board says.

Resignations have been accepted with regret from Mrs. Joan Whyte and Mrs. M. Estelle Wilson, Gibsons Landing Elementary School and from Mr. J. H. Platt, Madeira Park Elementary School. Mrs Hazel Kwasney has been appointed for the Vancouver Bay Elementary School for September 1960.

Arrangements were made through the board office for the boys presently in Grades XI and XII at Pender Harbour High School to visit the Vocational School in Vancouver under the supervision of Mr. Tjorhom.

A delegation of parents from the Pender Harbour area attended the board meeting and were assured that the board would make every effort to obtain fully qualified secondary teachers for the Pender Harbour High School.

Parents! Please!

Scouts and Cubs group committee desires the attendance of parents at a meeting Wed., Jun 15 at 8 p.m. in Kinsmen Hall, Kinsmen Park. Leaders of Scouts and Cubs are preparing an open air program to entertain parents Saturday evening, June 25 and for this particular evening the group committee seeks assistance from parents. That is why parents are asked to attend a meeting on Wednesday night of next week.

Cubs and Scouts of Gibsons area plan a bottle drive for Sat., June 18 so have your bottles ready for the lads. Money earned in this manner will be used to help out in the various activities of the Scout and Cub organization.

REV. ROBERT SCOTT

The funeral took place Wednesday afternoon in Vancouver for Rev. Robert Clyde Scott who was one of the early ministers at Gibson Memorial United Church. Some details concerning Rev. Mr Scott's association with this area will be published, if available, next week.

Dredging award

Contract for dredging at Porpoise Bay has been announced in Ottawa. The contract was awarded Sagra Shipping and Towing Company Limited, of Vancouver. Amount involved in the contract is $13,090. There were nine tenders received. The announcement was sent the Coast News by W. H. Payne, M.P. for this area.

Valedictory address as delivered by Sheila Smith

Honored guests, members of the staff, ladies and gentlemen and fellow students:

We the grads, face you tonight with mixed emotions. We have been told that we would have nostalgic memories of school days but not till tonight has its meaning been clear. For this night, which we have awaited with such excitement and impatience is here but we suddenly find it hard to say goodbye to good life we have known within these walls. Elphinstone holds for each of us many, many memories. We remember the basketball games, volleyball games and floorhockey games, where we cheered our teams on sometimes to victory, sometimes to loss. We remember the dances, the sports days, the variety nights and even the target practices we sneaked in under the watchful eyes of our harried teachers. But most of all we remember and appreciate the friendships we have found, the sympathy and understanding we have received, and the basic training in everyday living that we have been given throughout our school life.

George Bernard Shaw was said to have stated, no doubt with good reason, that it is too bad that youth is wasted on the young. But it is also true that youth is endowed with great optimism. So we go forth to face a great new world of responsibility and independence with amazing confidence. And the world of adulthood, which we are about to enter, is truly a world vastly different from the sheltered one we have known in the past. However, our sincere belief that our parents, school and community have made every effort to prepare us to meet this challenge, has given us faith that we will have enough success, each in our chosen fields, so that if not proud of us, those responsible for what we are today, at least will not be ashamed.

Now to our loving, patient, an ambitious parents, who have encouraged and persuaded us through high school, we give humble thanks, Now that the long grind is almost over, we can more fully appreciate the high value placed on a high school diploma.

We wish also to thank our teachers for giving to us the key to the door of a challenging world of knowledge.

We too would be most ungrateful, if we did not appreciate the generosity of the residents of this district, who, through their hard working representatives, the members of the school board, have provided us with this modern, well-equipped school in which to pursue our studies.

In closing, we would like to wish our fellow students every success. May their school associations be as pleasant as ours and in the years to come, may we see each in turn, take final leave of his school from the stage on which we now sit.

EMPTY BOAT FOUND

Up to press time the body of Charles Rodney Silvey of Egmont whose motor boat was found circling in Chamberlain Bay, Sechelt Inlet, has not been found. He left Egmont about 4:30 a.m. Saturday for Sechelt. The boat was found towards 8 a.m. Saturday with the motor still running. RCMP are investigating.

A bad day for bands

To be effective criticism should also contain a speck of diplomacy. It does help to get across an idea which while unpalatable, could be sugar-coated slightly so acceptance would be easier.

The judge of a juvenile band competition at Abbotsford which was attended by the Sechelt and Gibsons school bands apparently did not believe in diplomacy or sugar-coating, call it what you will. He tore into the young minds in a manner which left their leaders and the youngsters in a decidedly unsettled state of mind.

Perhaps the Abbotsford officials who obtained the services of this judge may have an explanation. There should be one because from what one hears from the children themselves, the result of the trip to Abbotsford is the opposite to what their leaders and the children themselves expected.

Those who have sat through music festivals where perhaps some 40 youny hopefuls have all played the same Chopin number as their test piece or listened to youthful string quartets find their way through a Beethoven number will understand why diplomacy helps. By the time the day is over, a silence, no matter how dignified, is welcomed. But music festival judges, while they have been a bit harsh at times, have hardly matched the severity of the judge at Abbotsford, based on the reports received back in Gibsons and Sechelt.

However the youngsters should not be discouraged by a tactless attack on their musical ability. Perhaps the judge had a really bad night and if he were to do the same job over he might be more lenient.

There are reports some of the youngsters in the bands are quite fed up with what occurred and have decided to quit. Best thing to do is not quit but put in a year's practice and invite the same judge back to his job again and just give him one good, cold, hard stare when he starts his judging remarks. It could make him stop and think. To quit because someone commented in a nasty manner is no reason why instruments should be forsaken. Best thing to do is show this judge how wrong he was.

Undiplomatic approach

In all the years during which the editor of this newspaper has been associated with the news and the public, an episode last week before the paper was printed really had him wondering.

An individual interested in bus transportation for school children in the Sechelt area inquired whether the Coast News was going to publish the correct report as made by Dr. William Plenderleith to the school board.

Naturally curiosity was aroused as to why there was any wonder about the matter. The suggestion he made was that the Coast News would not get a complete report, therefore it would not be a correct report. The implication appeared to mean that only those parts the board wanted printed would see the light of day. Well, the fact is the report supplied the Coast News is word for word like the report at the School Board office, also like the report read to Sechelt's Village council on Wdnesday night of last week. What was left out was an itemized table of costs which was covered sufficiently in the published portion to render its use unnecessary.

Some of those people concerned with the lack of buses to convey children to school did not help their cause along one bit by suggesting the school board was handing out only what it wanted published and that the Coast News was a submissive vehice for its purposes.

The usual method is to wait an see what a newspaper publishes before allusions are made. Then direct charges are in order.

There is no written law which states the school board or anybody else must give the Coast News the truth and nothing but the truth. There is however, the moral law that applies to all and that is, it is safer in the long run to tell the truth.

If there are any other suspicious minds who desire to check the veracity of what is going to be published in Coast News columns, a chair will be supplied them and so long as they do not interfere with whatever business is going on in the Coast News office they can check until they get blue in the face — and we hope they will.

Letters to the editor

Editor: Generally speaking those of us who left school some decades ago are rather prone to be severely critical of the youth of today.

Having this in mind it is distinctly refreshing to read the excellent article in your last issue by Nick Gilbert. There is meat in the article for all ages, and too much publicity cannot be given to such splendid thoughts.

I write for two reasons, first to congratulate the writer and second to advise anyone reading these words to look the article up if they have missed reading it.

Keep up the good work, students. Dave Rees.

Editor: Our legislative member, Tony Gargrave rendered a most timely suggestion as per your Coast News issue of May 20, titled "Gargrave supports road to Squamish."

Therefore no time should be lost on the part of our various organizations, fraternal and otherwise, in enlisting a co-operative effort in the form of a co-operative resolution towards the linking of the highway from Port Mellon to Squamish.

To substantiate the importance of this link one just has to give a tentative ear to the general conversation of the travelling public both on and off the ferries plying between Horseshoe Bay and Langdale. Believe me were it not so pathetic one could thoroughly enjoy the epithets that so substantially endorse the resolution in question.

If organization is strength, let's make the co-operative resolution a reality and trust that the powers that be will grant this much desire of "We the People" in the not too distant future. Pro Bono Publico.

29,000th ACCOUNT

The British Columbia Hospital Insurance Service paid its 29,000th account for out-of-province coverage during May. Hon. Eric Martin, minister of Health Services and hospital insurance, stated, that this represents an estimated total of $2,200,000 paid on behalf of residents of B.C. who have incurred hospital care while away from the province.

Report on new schools for area

By Dr. William Plenderleith, Director of Special Services, Department of Education, Victoria.

A summary of suggestions respecting future school building needs in School District No. 46 (Sechelt):

Pender Harbour: Jr.-Sr. High additions; 133 pupils now in area. This number of secondary pupils will increase to 164 by Sept. 1962.

Kleindale Junction, 2-room elementary (new); 27 pupils now in area; This could be built when Madeira Park School becomes overcrowded.

West Sechelt: 2-room elementary (new); 56 pupils now in area. This could be build when Sechelt Elementary becomes overcrowded.

Trail Bay, Sechet, Junior-Senior (additions); 147 pupils now in area. The number of seconary students in this area will exceed 200 by Sept. 1962 and increase to 258 by Sept. 1965.

Selma Park, 2-room elementary (new), 45 pupils now in area. This could be built when Sechelt Elementary becomes overcrowded.

Roberts Creek (halfway from Gibsons), 2-room elementary (new) 57 pupils now in area. This would be built when Roberts Creek becomes overcrowded

Gower Point, 2 room elementary (new) 38 pupils now in area. This could be built when Gibsons Elementary becomes overcrowded.

Williamson's Landing, Granthams Landing, Langdale and Hopkins Landing: 2 room elementary in the vicinity of Langdale-Williamsons Landing (new); 36 pupils now in area. The road connecting these settlements is very narrow and hazardous for pedestrians. The school now under consideration by the board should be built as soon as possible.

Same area as above: 2-room elementary in the vicinity of Hopkins Landing (new); In the future it would be advisable to plan for another school on this road about halfway between Langdale and Gibsons. This could be built when the new school in the Williamsons-Langdale area is filled.

Following Dr. Plenderleith's recommendations the school board decided to retain the present Grade VIII in the Trail Bay Junior High school to complete the Junior High school program in Sechelt. Four qualified secondary teachers will be engaged and arrangements are presently being made with Mr. Potter for pupils wishing to take the home economics and industrial arts course at Elphinstone High school until such time as these facilities can be added to the Trail Bay school. The smaller Grade VII class will be retained in the Sechelt Elementary school until additional classroom space is available in the high school.

An increase in population in the Sechelt area has warranted engaging an additional teacher for the elementary division in the Sechelt Elementary school.

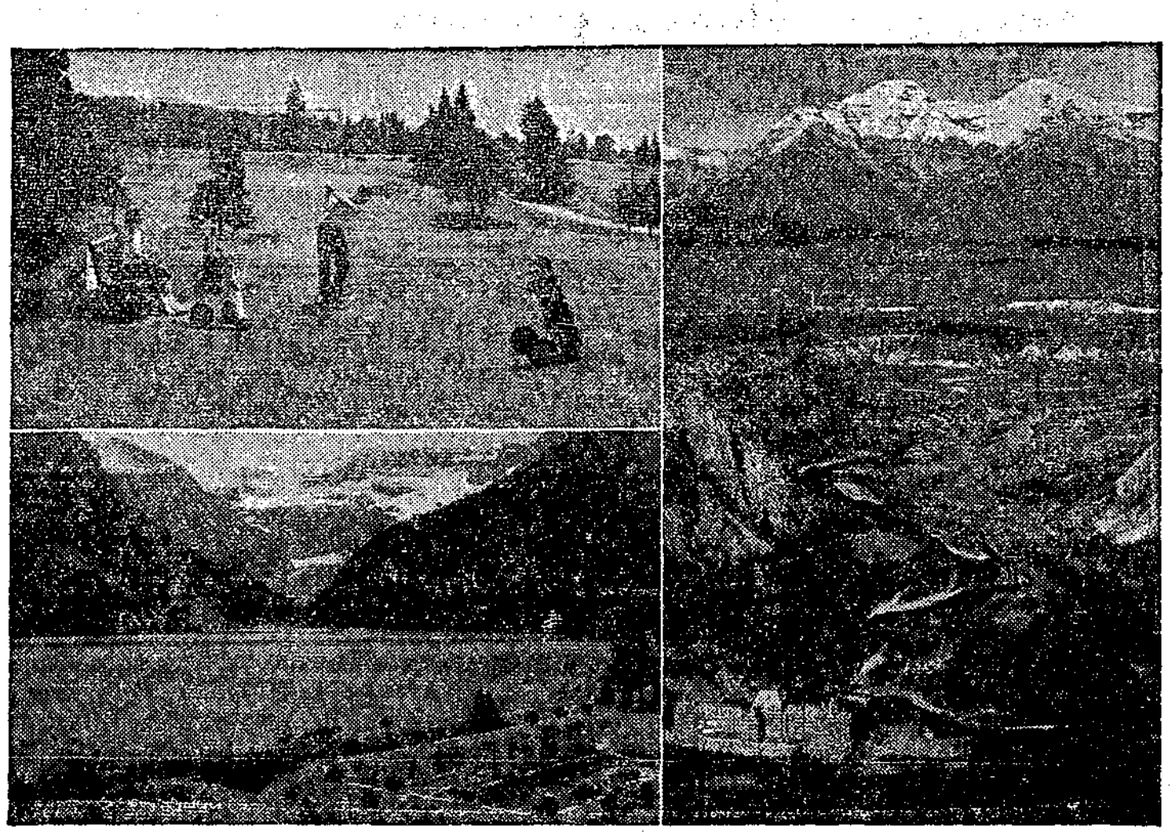
The boundary of the Davis Bay attendance area will remain unchanged. The Grade V students now enrolled at Davis Bay will be retained to form a new Grade VI thus fully utilizing the facilities in this school.

PANEL DISPLAY

The 69th annual meeting of the B.C. Pharmaceutical Association will be held at Penticton starting June 8. One of the features of the meeting will be pharmacy's special panel display which has been seen by more than 300,000 British Columbians. Three sections of the display have been remodelled this year to tell the story of drug prices and the vast reduction in health care expenses made possible by rapid cures for illness.

INSECTS GALORE

There are about 624,300 different species of insects in the world, of which 20,000 are common to the United States and Canada. And, speaking of insects, only four species have been domesticated by man — the honey bee, the silk moth and the cochineal and lac insects.



OUTDOOR EXPOSURE — Advance bookings on guests and conventions at Canadian Pacific's resort hotels across Canada indicate a banner season is in store for 1960. In Western Canada, some of the world's most picturesque mountain ranges and natural scenery are two very good reasons why thousands of tourists flock to the Rockies where Canadian Pacific operates the 600-room Banff Springs Hotel, open from May 19th until September 15th and the 400-room Chateau Lake Louise Hotel, open from June 13th until September 6th. On Canada's rock-ribbed east coast, the Digby Pines Hotel and cottages will open June 15th and close September 3rd, while the renowned Algonquin Hotel at St. Andrews by-the-sea, N.B., opens its doors June 23rd and closes September 9th. In mid-July, a special "golf week" tournament will be held on the hotel's seaside championship course. Among eye-catching sites are above left:— guests enjoy a round of golf over the 18-hole course at the Algonquin Hotel; lower left:— riders silhouette jade green Lake Louise with Victoria Glacier in the background; exterme right:— scenic view of Banff Springs Hotel with the Bow River winding its way toward the snow-capped Fairholme Range Montains.

Sechelt breakwater situation outlined

Editor: In the issue of the Coast News of May 19th you carry a report of a recent meeting of the Sechelt Board of Trade.

In the last paragraph the question of a breakwater for Sechelt area is discussed, and you say, "—it will be remembered that Mr. William Payne, M.P. recently stated that as there was no file, or even data on this subject, in Ottawa, it would be pretty hard to convince the department in the capital city of the need for this breakwater."

I am most anxious to have this matter completely understood.

In the first place there is a file in Ottawa on the Sechelt breakwater. This file consists of data regarding engineering studies and cost factors of the construction of such breakwater.

The most recent engineering study and estimate of cost was Aug. 1958, at which time the Hon. Howard Green, then minister of public works, advised me as follows: "It appears from the information I have, that the provision of a suitable small boat harbor is estimated to cost something in the order of $240.-000. Furthermore this would be mostly used for pleasure craft which, apart from the tourism industry content, is not considered a federal responsibility." The engineering work and survey undertaken then was done at my request during June and July 1958.

A previous survey had been undertaken in 1954,at which time the estimated cost was for $260.000 in the initial development. with an ultimate cost of $308.000. In October 1957 another survey was made in the general area of the wharf, and the estimated minimum cost at that time was $300,000.

men's usage of this facility. should it be constructed. This

All of the above breakwater facilities were based upon the construction of a rock fill breakwater—something which the engineers considered an essential due to the heavy weather conditions existent at various seasons of the year.

I point the above out so that the public will realize that I have not at any time said there is not a file on this matter in Ottawa, as there certainly is.

What I have said to the Board of Trade is that, in view of the government policy, past and present, that the federal government construct such facilities only for the use of commercial craft and fishing vessels I faced quite a problem in showing the necessity of breakwater construction in this locality. I have told the Board of Trade, and others, that there is nothing on file in Ottawa which will assist me in putting forward their case. I putting forward their case. I have a number of submissions, most of which show the potential usage of this breakwater for the protection of pleasure craft. The provision of shelter for pleasure craft is not recognized today as the responsibility of the federal governmen.

I have requested the Sechelt Board of Trade, The United Fishermen and Allied Workers' Union, and other individuals and organizations to assist me by submitting detail as to the potential commercial usage and fisher- would give me a basis upon which to establish my arguments for the need of the breakwater. This is what I have stated would help me in forwarding this case; this is what I have stated as lacking in the files at Ottawa.

I may assure you that any time I may receive this data, I will immediately contact the minister and further urge the construction of a breakwater at Sechelt.

I should state also that in the Committee of Railways, Canals and Telegraph Lines Sessions in the summer of 1958, I brought forward a proposal that the federal government, through the department of transport, undertake studies of the need for shelter for pleasure craft on the Pacific coast, and again at the session of parliament brought this proposal forward during the estimates of the department of public works. I am keenly interested in seeing a breakwater constructed at Sechelt, and shall do everything possible to further this end. — William H. Payne, M.P., Coast-Capilano.

NEW GLASS INVENTED

A new glass with a thousand one uses has been invented by two Japanese scientists. The glass is an attractive purple color in sunshine, but when the sun sets the glass becomes transparent. The first use of this new glass will be for manufacture of curtains and blinds. The invention is the result of joint efforts of professors from the Ochanomizu Women's College and the Tokyo University of Technology.

LAND ACT

NOTICE OF INTENTION TO APPLY TO LEASE LAND

In Land Recording District of Vancouver, B.C. and situate on the southeast shore of North Lake, District Lot 672.

Take notice that John Goodson Chappell of 3309 Puget Dr., Vancouver, B.C., occupation school teacher intends to apply for a lease of the following described lands:—

Commencing at a post planted on the lake shore at the northeast corner; thence in an east southeast direction for 600 ft., thence in a south southwesterly direction for 200 ft.; thence in a west northwesterly direction for 600 ft.; thence in a north northeasterly direction to the starting post and containing 3 acres, more or less, for the purpose of a summer camp.

JOHN GOODSON CHAPPELL

Sechelt's May Day race results

Running races

Girls 7, Lorraine Franklin, Sharon Lawson, Debbie March boys, Norman Cooper, Jimmy Cosmick, Mark Wagman.

Girls 8, 9; Joy Farquhar, Nancy LeWarne, Audrey Owen; boys, Roger Duncan, Mike Dusenberry, Allan Wilson.

Girls 10, 11: Gail Swanson, Marilynn Lymer, Lorraine De Bock; boys, Kenny Johnson, Peter Yates, Bruce Marshall.

Girls 12, 13: Laurel Postlethwaite, Joan Higginson, Janie Whitaker; boys, Rocky Zantolas, Robert Baptist, Sammy Pielle.

Girls 14: Laurel Postlethwaite, Jane Whitaker, Joan Higginson; boys, Frankie Joe, Hubert Joe, Gene Louie.

Nail driving

Ladies, Mrs. Aune, Mrs. Skytte Mrs. Pearl Tyson; men, 5-way tie, Joe Asyan, A. Page, Bill Edge, Albert Wagman, Martin Wagman.

Sack races

Girls 10, 11: Kathy Kennedy Lynda Yates, Ruby Stroshein; boys, Kurt Reichel, Kenny Johnson, Peter Yates.

Girls, 8, 9: Robin Postlethwaite, Jay Forshner, Susan Thorold; boys, Trevor Owen, Allan Wilson, Robin Warren.

3-legged races

Girls 8, 9: Robin Postlethwaite and Susan Thorold, Joy and Carol Forshner, Janis Postlethwaite and Charlotte De Vaney; boys, Robin Warne and Sandy DeLeenheer, Mark Wagman and Raymond Everett, Trevor Oram and John DeBock.

Girls 10, 11: Laurel Postlethwaite and Gail Swanson, Lynda Yates and Phyllis Tyson, Janice Postlethwaite and Phyllis Emerson; boys, Mark Seymour and Kenny Johnson, Raymond Moscrip and Peter Yates, Clyde Higginson and Jack Gaeson.

Urge prayer as voters' aid

Decisions about national elections should come out of each voter's communion with God and the guidance obtained through prayer, the Christian Science board of directors said at the annual meeting of the Mother Church, The First Church of Christ, Scientist. in Boston, Massachusetts.

"In the United States," the directors said, "the current year will record important political decisons as well as international approaches." They added that "through prayer, we can rise above blind partisanship and the irresponsible tumult of aggressive mental suggestion."

Named president of the Mother Church for the coming year was Arthur W. Eckman of Cambridge, Mass. A lawyer, he is a native of Vicksburg, Mississippi. He was educated at the University of Texas, the University of Southern California and Harvard Law School.

The threats to be coped with, Mr. Eckman said, "are not merely external forces under authoritarian dictatorships that would seek to destroy our way of life. Vicious internal enemies, represented by organized crime in league with corrupt politics and subversive influences, claim the power to take over government in one community after another. . ."

Through reliance on God's power and guidance, these challenges will be met and mastered, he declared, adding that "the beneficent government of the founding fathers will be preserved, and civil and religious freedoms reign supreme."

1700 BUTTON

Mr. John Atlee found out from reading the Illustrated London Times that a medal was struck Sept. 19, 1959 in bronze, silver and gold with photos of Wolfe and Montcalm who both fell in the Plains of Abraham, on Sept. 13, 1759. The uniform button he found could have something to do with that battle. He has written the British Admiralty about it.

MOSQUITO CATCHERS

Birds can be a boon to mankind in more ways than one. Nighthawks, for instance have been known to eat 500 mosquitoes at one meal. Perhaps it would be a good idea to take a nighthawk along on that next camping expedition.

NOW'S THE TIME FOR B.C. POULTRY

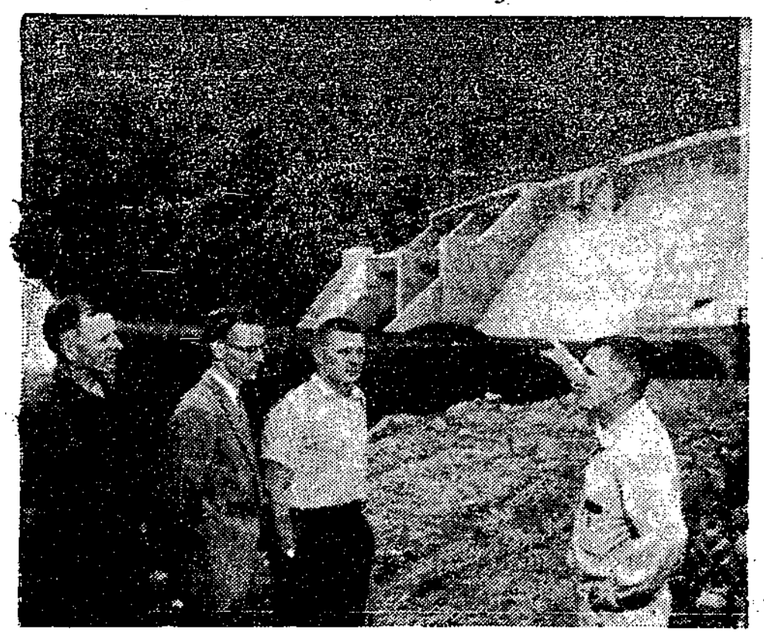
Notice the prices on B.C. Poultry these days. There's real value in every tender young fryer, in every plump turkey. You could easily serve this flavourful chicken and turkey every week of the year and never serve exactly the same dish twice. Eggs are just as versatile. And when you remember how easily digested and what good quality protein you get from poultry and eggs, you'll want to serve them much oftener.

AN IMPORTANT B.C. INDUSTRY

The poultry farmers of British Columbia are independent business men striving to produce the finest poultry and eggs at the lowest possible prices. They contribute over $30,000,000 a year to the economy of our province but their importance cannot be measured in dollars alone. Poultry farming is a vital part of our agricultural industry and B.C. poultry products are among the best in the world.

B.C. GOVERNMENT
HONOURABLE NEWTON P. STEACY, MINISTER OF AGRICULTURE
V5862-2

Party of officers visit BCE Clowhom power plant



Water for Clowhom electric powerhouse at the head of Salmon Arm, northeast of Sechelt, is impounded by this concrete dam, 75 feet high and 1500 feet long, BCE sub-foreman Len Morrison told C. B. Davies, far left, resident manager of pulp mill at Port Mellon; Dal Matterson of Powell River, and Les Hempsall, plant engineer at Port Mellon.

Sechelt banker D. H. McNab turned waiter for his host, BCE vice-president J. H. Steede, during picnic lunch near the power company's Clowhom plant. To the right of Mr. Steede is Mrs. Andrew Johnston, chairman of Sechelt Village Commission, and on the other side is Mr. Johnston, Sechelt magistrate. In thanking the utility company for the visit to Clowhom, Mr. Johnston said: "We came here with grateful hearts that the B. C. Eectric is in our districts."

Ray Cumberland, BCE distribution design supervisor of Sechelt, was kept busy at Clowhom answering questions of, from left, A. E. Ritchey, chairman of Gibsons village commission; councillor Wes. B. Hodgson, and village clerk J. A. Mainil

A party of 55 persons from Sechelt, Gibsons, Port Mellon Powell River and Vancouver visited BCE's Clowhom power plant Saturday morning of last week and obtained firsthand knowledge of what the company had achieved at that hydro location.

Heading the party of BCE officials was Jack Steede, vice-president and chief engineer, and Ted Collins, superintendent of generating stations The party included public officials newspaper representatives and others. From Powell River came C. Burroughs representing the council and Al Alsgaard of Powell River News. Sechelt's representation was headed by Mrs. Chris Johnston chairman of the council and from Gibsons, A. E. Ritchey, chairman of the council headed a party while C. B. Davies of CFP headed the Port Mellon delegation.

The party left Sechelt in four boats and on arriving at Clowhom partook of a box lunch, then inspected the plant arriving back in Sechelt soon after 4 p.m. Magistrate Johnston replied to Mr. Steede's welcoming speech at the plant.

Clowhom hydro-electric generating station on Salmon Inlet, 22 miles northeast of Sechelt, was added to the B. C. Electric power system in December, 1957. This plant harnesses 40,000 hp. compared to only 4,000 hp. turned out by the original plant which is no longer operating.

Power from Clowhom is transmitted at 60,000 volts to a switching station at Sechelt, where it is stepped up to 132,000 volts and fed into the 101-mile Cheekye to Powell River transmission line which went into operation in the fall of 1956.

Water from Clowhom Lakes is impounded by a concrete dam 75 feet high and 1500 feet in length. A steel penstock, or pipe, 900 feet long and 14 feet in diameter plunges the water 175 feet to spin the 40,000 hp. turbine in the power house on the shore of Salmon Inlet.

The plant is fully automatic, but three BCE servicemen live at the site. They are J. Len Morrison, sub-foreman; W. G. Hewett and J. M. Roosa.

Since the middle of 1956 when the BCE took over power distribution in Sechelt Peninsula from the B. C. Power Commission, the company has spent more than $1,280,000 in line installation, poles, service lines, meters and street lighting, in addition to building the new $6,500,000 Clowhom plant and substations at Port Mellon, Roberts Creek, Sechelt and Pender Harbour, and erecting transmission lines.

Indicative of the growth in the area is the increase in electric power customers for the same period. Domestic and commercial customers have increased nearly 52 percent, or from 2,006 to 3,047.

Currently the B. C. Electric is doing a survey in preparation for building a power line from Kleindale to Egmont, a distance of some 13 miles.

It could have rained in Spain

By DICK KENNETT

Spring and summer suffered a setback as nearly three times the normal rain was recorded for the dreary month of May. Dull skies, lack of sunshine, and temperatures below normal resulted in the poorest May in more than a decade.

Total rainfall this spring has been 10.61 inches, but is not likely to exceed the 14.33 inches recorded for last year.

	May 1960	Norm.	Ext.
Rainfall	4.81 in.	1.78	4.81 ('60)
Days with rain	16	12	16 ('60)
Highest Temp.	71	79	87 ('56)
Lowest Temp	36	34	28 ('54)
Mean Temp	51	54	58 ('58)

In the last ten years, the wettest June recorded was 5.75 inches in 1956, while the normal June rainfall is 3.03 inches. SO —?

HIGHWAY ACCIDENT

Saturday about 6:10 p.m., an accident in West Sechelt resulted in injuries to two women, Mrs. Lillian Scherger and her daughter Mrs. Peters of Vancouver. Mrs Scherger was so seriously injured both women were flown to a Vancouver hospital. RCMP investigated the mishap.

DEATH BY DROWNING

The inquest into the death of Dan Zoney, 17, of Burnaby, who was drowned with a companion, Ralph N. Neyhart, 37, also of Burnaby, resulted in a verdict of death by drowning with no blame attached to anyone. These two men along with Gilbert Matilla, 24, of Vancouver, were fishing off Thormanby Island when their boat swamped. Matilla was able to make shore and was the only survivor. Neyhart's body has not been recovered. RCMP investigated the accident.

CIVIL DEFENCE TALK

The final meeting until September of Gibsons and Area Ratepayers' Association was held May 30 in United Church hall in Gibsons where Wes. Hodgson, village councillor and area co-ordinator on Civil Defence spoke on the ramifications of Civil Defence.

Scouts attend camporee

At the recent Camporee, near Powell River, for Boy Scouts represnting Campbell River, Comox, Powell River, Westview, Wildwood, Sechelt and Wilson Creek, all patrols received a "B" rating in survival contests. The whole agenda of the Camporee was based on the survival problem.

Of the 76 Scouts who attended the three day session, 30 were local boys from the Wilson Creek and Sechelt troops under leadership of Les Younghusband, assistant Scout master of the Wilson Creek troop. Ted Farewell and Tony DeAngelis also accompanied the local contingent as Scoutmaster "Tic" Payne was unable to make the trip.

The leaders said the trip was made possible through the generosity of the Fleetwood Logging Company which provided two crummies and Hansen's Transfer who provided a truck to transport the boys and equipment to and from Powell River. Black Ball Ferries donated transportation from Earls Cove to Saltery Bay and return for the trucks.

COMING EVENTS

June 18, 10 am, United Church hall, Bake sale, Evening Circle, Gibsons United Church W. A.

June 19, C. W. L. Father's Day Dinner, Port Mellon Community Hall, 5-7 p.m.

Classified advertisements deadline 5 p.m. Tuesday.

Kinettes are active in many fields

The last business meeting of the current year of the Kinette Club of Gibsons was held Tuesday, May 31 at the home of Ellen Marshall. The principal business of this meeting was the election of new officers for the next term, which begins in early September of this year. Officers elected were: President, Margaret Smith; vice-president, Thelma Prittie; secretary, Evelyn Shadwell and treasurer, Kathy Mandelkau. The new "Sunshine" girl for the club is Vi Peterson.

The Kinette club is quietly active in a good number of helpful ways around Gibsons. They are the girls who assist the district nurse at Polio and Baby Clinics, providing food and transportation for the monthly Old Age Pensioners meeting, held, incidentally, free of charge in the Kinsmen clubhouse.

At Christmas they sent generous food hampers to some half dozen needy local families parcels to a dozen mental patients in Vancouver, collected and dispatched clothing to the Salvation Army, as well as staged a Christmas dinner party for all Kinsmen children.

In addition they assisted their Kinsmen club with July 1 float, ran concession stands in the Kinsmen playground, provided one monthly dinner to Kinsmen, at their clubhouse They also donated $10 to Gibsons Volunteer Fire Dept. and $100 to the Hospital Improvement District Organizing Committee. The new project for the past year was the adoption of a War Orphan in Korea. The Kinettes, with their new staff of officers in charge and with the help of Gibsons citizens will carry on a similarly useful program in the new 1960-61 term.

BOOKS in Library

The Library staff announces the recent addition of new books to the juvenile department as follows:

12-16 yrs.

The Farthest Shores — R. Haig-Brown.

10-14 yrs.

The Enchanted Book — Alice Dalgleish.

Terrible, Horrible Edie — E. C. Spykman.

8-12 yrs.

Explorers and Penguins — Edna M. Andreas

6-8 yrs.

Wilson Creek

BY MRS. D. ERICKSON

Mrs. Edith Hellier entertained recently for her son Douglas and his bride the former Eleanor May Ewan. Visitors from Vancouver included Mr. and Mrs. Ben Kopelow, Max Power and Roy Hellier. At a weekend party guests were Mr. and Mrs. Stan Dowling, Leslie and Mike Jackson and Connie and Don Motzer. Mr. Hellier, Mr. Kopelow and Mr. Power are active in theatricals with The Barnstormers and will be in production later in the summer.

Mr. and Mrs. Albert Trelenberg visited the Paul Strosheins.

Capt. and Mrs. Ted Daykin visited Cst. and Mrs. Dennis Calvert to arrange for improvements to the house as they hope to retire here soon. Capt. Daykin has been for several years in the pilot service out of Vancouver and Victoria

Mr. and Mrs. Alfred Cosky of Penticton visited Rev. Dr. and Mrs. R L. Morrison at Davis Bay.

TAKES PHOTOGRAPHS

C. B Cunningham, big game guide and wildlife photographer of Bralorne, B. C., visited the Sunshine Coast last week and during his trip took quite a few interesting shots of scenery enroute.

POUND DISTRICT ACT

WHEREAS notice has been duly given of the intention to constitute as a Pound District certain land in the vicinity of Roberts Creek, which may be more particularly described as follows:—

Commencing at the south-west corner of Lot 1541, Group 1, New Westminster District, being a point on the northerly high-water mark of the Strait of Georgia; thence northerly and easterly along the westerly and northerly boundaries of said Lot 1541 to the north-east corner thereof; thence easterly and southerly along the northerly and easterly boundaries of Lot 6213 to the south-east corner of said Lot 6213; thence easterly along the northerly boundaries of Lots 1321 and 3354 to the north-east corner of said Lot 3554; thence northerly and easterly along the westerly and northerly boundaries of Lot 1319 to the north-east corner thereof: thence easterly along the northerly boundary of Lot 1320 to the north-east corner thereof; thence southerly along the easterly boundaries of Lot 1320 and 3381 to the south-east corner of Lot 3381; thence westerly along the southerly boundary of said Lot 3381 to the easterly boundary of Lot 810; thence southerly along the said easterly boundary of Lot 810 to the north-west corner of Lot 1506; thence easterly and southerly along the northerly and easterly boundaries of said Lot 1506 to a point due west of the north-west corner of Lot 5820; thence east to the said north-west corner; thence easterly along the northerly boundaries of Lots 5820, 5821, 5822, 5823 and 5824 and the easterly prolongation thereof to the westerly boundary of Lot 2596; thence northerly and easterly along the westerly and northerly boundary of said Lot 2596 to the north-east corner thereof; thence easterly in a straight line to the north-west corner of Lot 4, of Lot 2626, as shown on Plan 3808, on file in the Land Registry Office, Vancouver; thence easterly along the northerly boundaries of Lots 4 and 21, of Lot 2626, of said Plan 3308 to the north-east corner of said Lot 21; thence north-easterly in a straight line to the north-west corner of Lot 1621; thence easterly and southerly along the northerly and easterly boundaries of said Lot 1621 to the south-east corner thereof; thence easterly along the northerly boundaries of Lots 1311 and 1312 to the north-east corner of said Lot 1312; thence southerly along the easterly boundaries of Lots 1312 and 904 to the south-east corner of said Lot 904; thence westerly along the southerly boundary of said Lot 904 to the north-east corner of Lot 2497; thence southerly along the easterly boundary of said Lot 2497 to the south-east corner thereof being a point on the aforesaid northerly high water mark of the Strait of Georgia: thence in a general north-westerly direction along the said northerly high water mark to the aforesaid south-west corner of Lot 1541 being the point of commencement:

AND WHEREAS objections to the constitution of such proposed Pound District have been recorded:

THEREFORE NOTICE IS HEREBY GIVEN that the majority of the proprietors of land within the above-described district must, within thirty days from the posting and publishing of this notice, forward to the Minister of Agriculture their petition in the form required by the Section 5 of the "Pound District Act," or otherwise such proposed Pound District will not be constituted.

(Signed) Wm. MacGILLIVRAY,
Deputy Minister of Agriculture.
Department of Agriculture,
Victoria, B.C.
May 19th, 1960.

NOTE The word, "proprietor" in the "Pound District Act" means any holder or occupier of land under whatever tenure or any superintendent, overseer, servant, or other person acting for and on behalf of such holder or occupier.

Group paints Sechelt church

St. Paul's Young Adult Fellowship group of Vancouver arrived at Sechelt recently to paint St. Hilda's church and hall. Led by their president, Don Thomas, this group came equipped for the task they had set for themselves. Everyone had his or her job to do, even to sharing in the kitchen fatigue.

Sunday saw them partake in the communion service which was taken by Rev. A. Heron, assistant rector of St. Paul's. The afternoon was spent at Secret Cove where they lunched with Mr. and Mrs. F. Stone, picnic style. After tea at the Smith's they headed back to the hall ready for the next day.

Monday saw them reinforced with their rector and his family, the Rev. P. Ellis to complete the job. They even took in the May Day parade at Sechelt.

The hardest part of the job was the trip home for some of them had the long five hour ferry wait at Langdale. The Rev. D. Harris of St. Hilda's helped and expressed the opinion the group should feel proud of a job well done.

FIRE REPORT

Forty-five new fires, of which 29 were in the Vancouver Forest District, were reported during the week ending June 3. Forty-four fires were extinguished, leaving a total of 15 still burning.

So far this season there have been 287 fires reported and Forest Service fire-fighting costs amount to $24,763. Last year at this time there had been 642 fires costing $92,580.

The Prince George District leads in costs with $19,754 expended so far.

Elders visit for ceremony

Mormon missionaries of the Church of Jesus Christ of Latter Day Saints report increasing interest in their efforts in Sechelt area. A service and Sunday school is held each Sunday at the home of Mrs. Agnes Engen. Elders Garn and Gill come from Vancouver each Sunday and all interested are invited to attend.

On May 29, Elders Slater, Davis and Harvey visited the Earl Leslie sr. family in Madeira Park area where an all day ceremony took place including an ocean ceremony at a quiet cove where six members of the family were baptized. There were 37 persons watching this ceremony while seated on a huge log. The Leslies came recently from Langley. In the afternoon Gordon Murray, the baby of the family was baptized. Other members of the family were confirmed also during the afternoon.

There were eight elders present, Elders Strenling and Spencer from Powell River, Elders Slater and Vance from Port Moody, Elders Davis and Harvey from Langley and Elders Garn and Gill from Vancouver.

Members of the North Shore branch who made the trip for this event were President and Mrs. Ken Grayson, President and Mrs. Bernard Dawe, Robert Craig, Mr. and Mrs. Walter Bailey, Leona and Norma Bell. Sister Whitelaw and Russel McDairmid. Others attending were Linda and Allen Fodchuk. Fred and Norman Nelson, Elsie Klusendorf, Mr. and Mrs. George Nelson, Agnes Engen and her mother Mrs. Elsie Hogfoss who has since left for her home at Fairdale, North Dakota.

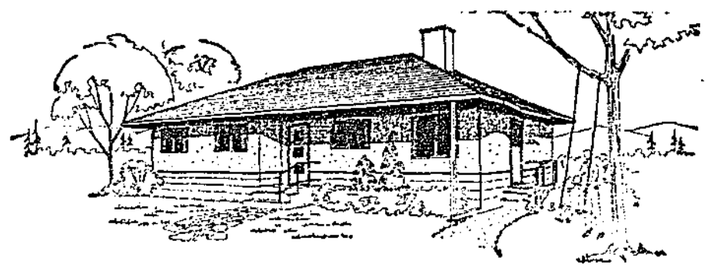
Here's a wonderful idea!



Here is a house that has been designed specifically for the lot with the view to the rear — BUT why not turn your city lot into a park like vista, opening your living room to the back where you can enjoy the results of your labor in the garden?

If you cannot enjoy the vast expanse of river and mountain, or sea, you can enjoy the beauty of your own landscaped garden in this charming house. The living room faces the rear, which is of course why we make these suggestions. The kitchen-dinette is at the front, where mother can watch the world go by, as she prepares meals and looks after the children.

The luxury size master bedroom is at the back of the house with a commodious walk-in closet as a special feature. Two smaller bedrooms and nicely appointed bathroom complete the layout.

Dress up the front of the house by using one of the new modernistic panel doors — consult your hardware dealer for the latest style in door hardware. The wide overhang of the roof protects you from the weather. Stucco and wainey siding finishes the exterior of this smartly contemporary home. The artist here suggests a flagstone walk to add to the charm of the outside appearance.

Working drawings, designed to N.H.A. specifications, are available from the Building Centre Design Dept., 116 E. Broadway, Vancouver 10. To obtain a copy of our free booklet, Select Home Designs mail 25c in coin to cover cost of mailing and handling.

400 sign petition

The Peninsula Committee on Radiation Hazards was encouraged by the support of more than 400 signatures on petitions circulated prior to the Summit conference.

Three representatives from Gibsons attended the workshop arranged by the Vancouver Committee on Radiation Hazards on May 14. They reported the suggestions and ideas of the Peninsula Committee were well received, in particular the news letter, of which several groups ordered copies.

The workshop produced agreement upon immediate and ultimate aims of the groups. To work for an end to nuclear tests and stockpiling of nuclear weapons; to prevent further research into chemical and bacteriological warfare; total disarmament; world government and world law; consideration of China's admission to the U. N.; a government department of peace to study problems arising from disarmament; control of medical and industrial radiation trol of inustrial use of atomic energy, problems of disposhazards, X-rays, etc.; and conal of radioactive waste materials.

Eileen Laurie, the CBC morning commentator, will give one program per month to discuss radiation hazards topics.

Believing the time has come for all people of goodwill to come forward and exercise their democratic rights, to protest the plans for mass destruction being prepared in their name and demand courageous moral leadership, the Peninsula Committee on Radiation Hazards is making contacts with similar groups across Canada. Anyone knowing of other groups is asked to contact Mrs. Bennie, phone Gibsons 97X.

Report from fishermen

Period ending May 31, supplied by federal department of fisheries, Vancouver.

Vancouver - Howe Sound: Fishermen were out in the area Sunday in spite of rain and generally overcast weather Over 40 boats were checked with the catch averaging slightly less than ½ fish per boat. Catches comprised spring salmon ranging from 5 to 50 lbs and averaging 9 lbs.; spring grilse at 2 lbs. and a few jack spring.

Local waters are becoming discolored by Fraser River runoff and there is an indication that a seasonal decline is taking place in the availability of salmon. Best results were obtained near Long Bay and Halkett Point off Gambier Island, even though the general spottiness of fishing was reflected by the catches in many parts of the area On Tuesday a 28 lb. 4 oz. spring was taken by Mr. J. W. Sampson off Keats Island.

Pender Harbour: Weather was the main factor in sports fishing on Saturday, with southerly winds and choppy water discouraging most fishermen from venturing out to the more productive fishing areas. The few boats out averaged four fish per boat, two-thirds of the catch made up of coho grilse ranging from 2¾ to 3 lbs. The balance consisted of coho averaging 5 lbs. and a few spring in the 5 to 12 lb. bracket.

by Marian Martin

Look It's easy as A-B-C to cut out and stitch up this practical, pretty play set — no sewing talent needed! Be thrifty, make several in no-iron cotton.

Police Court

Except for one case only motor vehicle infractions were heard in Magistrate Andrew Johnston's police court. The exception was Paddy Julius of Sechelt who pleaded guilty to a charge of failing to file an income tax return. He was fined $25.

Richard Klein of Pender Harbur was fined $15 for crossing the solid white line on the highway.

Wm. Pumphrey of Sechelt received a $10 fine for operating his car contrary to the restrictions on his driver's license.

Robert Smith of Gibsons was fined $30 for backing into a truck near Gower Point road He was fined a further $25 for driving a car without liability insurance.

Wolfgang Fuhrmann of Gibsons was fined $50 for driving without due care and attention.

Toivo Wais also of Gibsons was fined $30 for a similar offence.

Oliver Gibson of Gibsons was fined $50, also on a charge of driving without due care and attention.

Three people paid a total of $75 in fines for speeding. They were, Walter Anderson and Zygmunt Wolski, both of Westview and Eddy Vowles of Vancouver.

Turkey talk

Ever talk turkey? CWL members are full of it these days as they busily make plans for Dad's big day, June 19.

Turkey and all the trimmings will be served by the ladies on Father's Day in the Port Mellon Community hall from 5 p.m. to 7 p.m. Everybody is welcome. Tickets may be purchased from Mrs. Kay Johnson, Port Mellon, Mrs. Clara Nygren, Gibsons and Mrs. Pearl Tyson, Sechelt, as well as other CWL members. So come, treat Dad and a break for Mom too.

Cheering crowd fills Sechelt bleachers

The sun shone, the band played and a cheering crowd filled the bleachers Sunday, June 5 to witness the opening of Hackett Park as the home of the Sechelt Mustangs.

Maurice Hemstreet, master of ceremonies, welcomed the crowd and called on Jerry Fahrni and his Sechelt Elementary School band to play O Canada after which they swung into a lively tune while marching smartly around the field followed by two visiting Little League teams from Wilson Creek and Gibsons. Bringing up the rear came the Babe Ruths from Gibsons and the Sechelt Mustangs.

Mrs. Christine Johnston threw the first ball across the plate officially declaring Hackett Park open at the Mustangs' home. Then the battle was on, with the Mustangs playing Gibsons Firemen, the latter emerging victorious after some thrilling innings of play.

Mr. N. G. B. Burley of the Sechelt Recreation Commission recently organized the Sechelt and District Athletic Club. He found the Babe Ruth League was dying from lack of support, so using this organization as a nucleus the Athletic Club came into being. Mr. Burley commended the parents who rallied to give him support in getting the organization going. He stated that other athletic groups are invited to join the new club. They should first appoint a coach and manager who will automatically become directors of Sechelt and District Athletic Club, and will have the privileges of the organizations facilities.

The officers of the Sechelt and District Athletic Club are: President, Charles Humm; vice president, C. H. Moorehouse; secretary, Mrs. Margaret Rankin and treasurer, Mrs. Anne Kurluk. Any of these officers or Mr. Burley will supply information regarding the organization.

Completing the day's entertainment, the Sechelt Connie Macks and the Gibsons team stretched their game out to ten innings before Sechelt was able to bat in the inning run.

The Sechelt and District Athletic Club, sponsors of the Mustangs, extend their thanks to the many who participated in making this day such a success.

Friday night at Hackett Park the Mustangs tangle with the Residential School team.

Start work on dials June 1

Conversion of Sechelt and Gibsons manual exchanges to automatic operation — scheduled for about mid-November — will move a step closer when telephone men begin installing the dial switching equipment June 1.

The $30,000 Sechelt dial exchange building — now completed — is located at Inlet Avenue and Mermaid Street. It will house the intricate switching equipment.

Cost of converting the present facilities and its 600 magneto-type phones to the dial system will be nearly $300,000

The $80,000 Gibsons dial exchange building — nearing completion — is located at North Road and Hillcrest Avenue. It will cost over $500,000 to change the existing manual system and its 900 magneto instruments to automatic operation.

Total conversion cost of the two exchanges — which includes buildings — will be approximately $850,000.

Free calling between Gibsons and Port Mellon will continue following the conversion say company officials. The combined areas now have a total of more than 1050 phones.

YEAR OF CONFUSION

The year 46 B. C was known as the "year of confusion" because the calendar was three months ahead of the seasons. World Book Encyclopedia explains that the Roman calendar was changed at the whim of politicians. To adjust the calendar to the seasons, the year 46 B. C. was given 15 months.

Little league

Gibsons Firemen are now two games up on their rival, Wilson Creek Orioles.

Jeff Oram and Dave Ennis the new battery did a good job After the game they returned to Sechelt and enjoyed the Connie Mack game.

And speaking of entertainment, what about the Little League Ball club. If you like kids, you'll really enjoy the fine ball these fellows play. Let's hope that by the time they are old enough Gibsons will have something to offer in the way of a Senior A Ball club.

27 confirmed

A confirmation service was held Sunday May 29 at St. Hilda's Anglican Church, Sechelt. The Rev. Denis F. Harris presented 27 candidates from Port Mellon, Gibsons, Roberts Creek and Sechelt to The Lord Bishop of New Westminster, Rt. Rev. Godfrey P. Gower, for the laying on of hands ceremony.

The congregation, friends and relatives filled the church to overflowing for this service.

At a social hour after the service the Bishop presented the candidates with their confirmation certificates and prayer books. The ladies of St. Hilda's, Afternoon and Evening branches of the W. A. served refreshments.

Fish Derby

The June 2 Pender Harbour PTA meeting with 20 members present did not have enough representation to elect a new president and secretary. Mrs. Jan Whittaker declined the presidency.

A swimming instructor recommended by the Red Cross has been chosen for this season's instruction sponsored by the PTA. A committee of three will take care of this matter.

The annual Fish Derby will be held July 1 and 2. Prizes will be announced later.

WATCH FOR IT!

Auntie Mame, a most hilarious movie is coming to Sechelt Theatre soon and even if you have seen it once it is the sort of film one could see time and time again. It ran for weeks in Vancouvr, so remember to keep the Auntie Mame dates open.

SPRINKLING REGULATIONS

Sprinkling or irrigation of lawns or gardens with water from the Municipal Water System is prohibited during the months of June, July and August except on permit issued by the Municipal Clerk. Such permits to allow sprinkling one hour each day, on an hour designated by the permit, between 7 o'clock p.m. and 11 o'clock p.m., on three days each week. Permit to be posted in a conspicuous place on the premises, and open to inspection by officer of the Corporation.

Fee for permit:

For Flat Rate Service, $2.50 for June, July and August.

For metered service, Fifty Cents for June, July and August.

JULES MAINIL, Clerk.

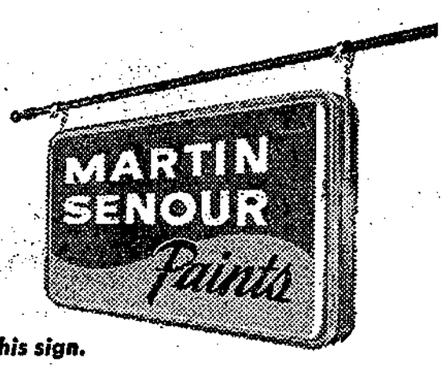
THE INDUSTRY'S MOST REVOLUTIONARY DEVELOPMENT since your Martin-Senour dealer introduced Super Kem-Tone interior latex paint! A-100 Latex Housepaint *for the first time* lets you paint your house anytime, anytime at all — even after rainfall! Just wipe droplets off and paint right over damp surface!

LETS YOU PAINT AND ENJOY SEASON'S PLEASURES! Yes, A-100 Latex now makes it possible for you to start painting whenever convenient . . . quit at the end of any section. Upon drying, you won't be able to tell the difference between one day's application and the next.

EASY TO USE. Because A-100 is a latex-type paint, it flows on in half the time needed for ordinary finishes . . . and you can use it on masonry as well as on wood! Plain water cleans the tools when you're through — it's a cinch!

DRIES IN MINUTES. In fact you'll find your A-100 finish dries so fast that bugs (or dust) hardly have time to mar a perfect job!

RESISTS BLISTERING AND PEELING. Your A-100 Latex coat will last and last — its color staying sparkling bright for years. A-100 Latex Housepaint resists blistering, peeling and mildewing . . . stands up to the extremes of our climate in a way never before thought possible!



In a wide range of modern colors at all stores displaying this sign.
