## Peiper store in new hands

Mr. Filgas, a retired marine engineer, took possession of the property on Thursday of last week. He and Mrs. Filgas will operate the store with the same staff formerly employed by Mr. Peiper.

Mrs. Joyce Lee will continue on a part-time basis, assisted by Miss Dorell Edwardson, and Walter Fisher will remain in charge of the marine service station. Walter and his new chief should have things in common both originating from Northern Ireland.

Mr. Leonard Kyle, West Vancouver realtor, acted for Mr. Peiper in the transaction, and will continue to represent the latter's interests in connection with the remainder of the Irvines Landing and other of Mr. Peiper's interests in the Harbour.

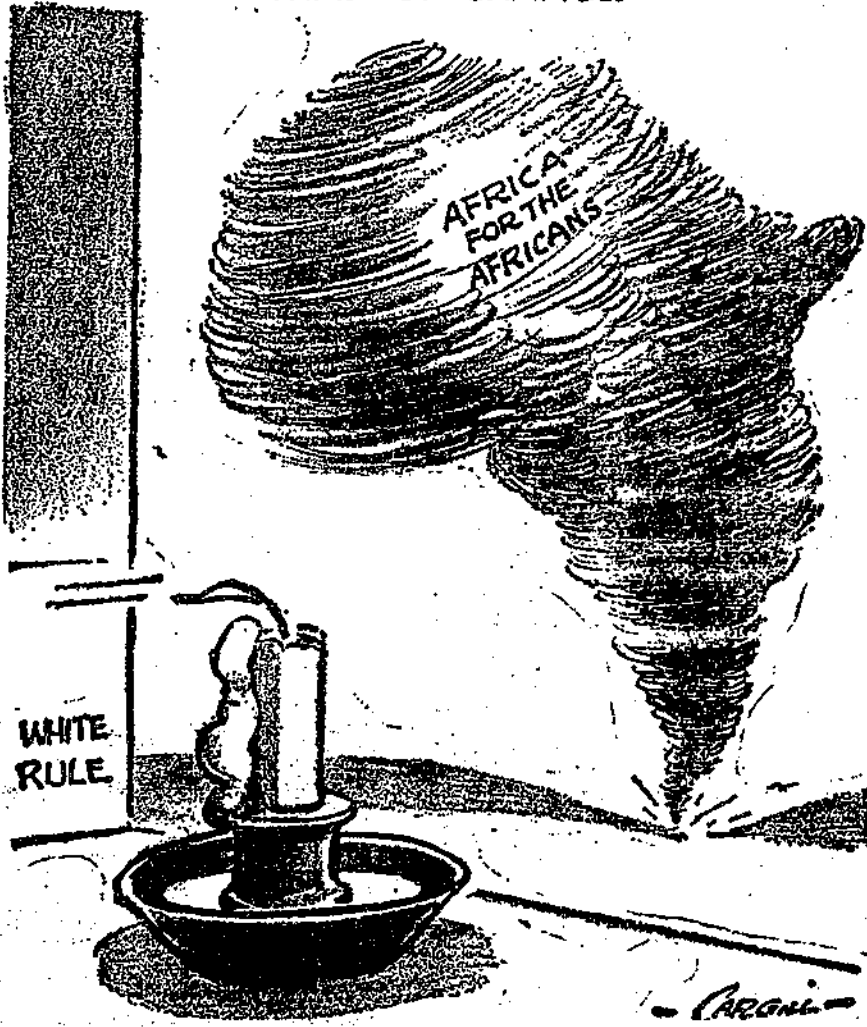

The property sold to Mr. Filgas involves only the store and marine service station, and the lot on which the store stands. Mr. Peiper will continue to reside at Irvines Landing, and will assist the new owner for the next month.

### WIND OF CHANGE!

## Blitz week for concerts coming

Next week will be Blitz Week! Overture Concerts association is preparing for its fifth season.

A blitz is being held to round up sufficient members to make possible the excellent program lined up for this season.

So if a canvasser calls on you, sign up and help this community to obtain better and yet better musical attractions for people of the Sunshine Coast to attend.

This year's program starts with the Hart House orchestra. This is a \$3,000 attraction sent across Canada with a Canada Council subsidy to help out. It will appear in Gibsons Elphinstone High School hall on Thurs., Sept. 29.

Boyd Neel is conductor of 15 top-rated musicians, all of whom are members of the nationally famous Toronto Symphony orchestra. Boyd Neel is himself quite a force in the Canadian music world.

Les Hemsall, chairman of the Overture Concerts has announced the other two programs for dates to be announced. They are the Phyllis Inglis Singers, a dozen female

vocalists under direction of Phyllis Inglis.

The most striking thing about this group is their presentation and staging. They sing as one. Another factor which makes this group so effective is their costumes for the various sections of the program. These include everything from long flowing Grecian robes to bright and gaudy Gypsy outfits.

As these costumes indicate, their program is a varied one including well-known folk songs, German choral works from the romantic period, Gypsy songs and a few comical shorter works.

The third attraction will be the Medleys, Bill and Pat who strive to make great music fun for everybody with charm and a desire for perfection. They present a musical ability of many moods and have extraordinary talent.

Taking all three concerts as the season's bill of fare it looks as though Blitz Week should be a success. Many people from points as far as Pender Harbour have taken a keen interest in this year's attractions.

## Bank names winners of five scholarships

Winners of the five first-year Bank of Montreal Canada Centennial Scholarships for British Columbia have been announced by the bank.

They are: Maureen A. Covell, 17, Kitsilano Secondary School; Pat Mary Ellis, 17, Magee High School, Vancouver; Bonnie H. Erickson, 16, West Vancouver High School; Terrence C. Leung, 17, Victoria High School; and Andrew L. Pickard 17, Lord Byng High School, Vancouver.

The five winning students will each receive \$750 for first-year university study, either in arts or sciences.

The successful youngsters were among 236 boys and girls in this province who applied for the 50 first-year B of M awards — all of them top-ranking 1960 graduates of their respective B. C. high schools.

Across Canada, 2,208 students applied, and each application had to be accompanied by the recommendation of the student's principal, so that there was considerable "pre-selection" in the schools.

Winners were decided upon within the last week by provincial selection committees composed of leading educationists in the provinces concerned.

The 50 awards of \$750 now announced are the first step in a seven-year plan announced by the B of M last May to provide bank-aided university study.

The program will culminate in 1967, the year of the centennial of Canadian Confederation and the bank's 150th anniversary, when two final

Canada Centennial awards will be made. One award will be in arts and one in science — each in the amount of \$5,000 for study anywhere in the world.

The scheme provides for a total of 124 awards in the years 1960-67, ranging from \$750 to \$5,000. When the plan was announced, G. Arnold Hart, president of the B of M, said the bank hoped the scholarships would provide "a tangible and worthwhile observance of the national centennial to the future national advantage."

## Fourth gala day held at Hopkins

By Margaret J. Hunter

The sun broke through and shone on Hopkins Landing for its fourth annual Gala Day Aug. 27. The day started very early for some youngsters who were out fishing at dawn in the derby.

Here are the results: Heaviest, Ken Day; second heaviest, Jane Johnson; smallest, Allan Marler; strangest fish, Jim Scroggie. Shiner results. Most, Mark Hopkins; second most, Bobby Laird; third Jimmy Laird and Johnny Rae and fourth Leslie Marler.

The sun tan derby was won by Libby Hopkins. Freckle contest was won by Ron Hunter.

## Gargrave pushes road to Squamish

"It is a pity my Social Credit opponent in this campaign is not supporting the Squamish road," said Tony Gargrave, CCF candidate for Mackenzie at a meeting in Madeira Park Community hall Saturday evening. It is going to require a long campaign by a lot of people to get this road built and all candidates should be supporting it, he said.

Mr. Gargrave told the meeting he had discussed the needs of the Sechelt Peninsula at every session of the legislature since he was elected in 1952 and would be looking forward to doing all that he could for the area in the future. "I feel the scent of victory in the air for a CCF government on Sept. 12," he said.

The CCF candidate again dwelt on the need for better coast guard facilities on the B. C. coast and told of the resolution that he had sponsored in the Legislature last March urging the federal government to improve sea rescue services.

"More people are telling me that they are voting CCF this time because they want integrity at Victoria and they want

to give the CCF a chance to institute our medical care plan

"I think the housewife has shown more interest in our medical care plan than in any other issue discussed in this campaign. The CCF is pledged to institute a medical care plan now with the almost \$20,000,000 that we are getting from the federal government towards our hospital insurance. We can carry the hospital insurance quite nicely with two percent of the sales tax and use the federal grant for the medical care plan," Mr. Gargrave said.

He told the meeting that the election of a CCF government would mean medical care for all and cheaper light bills through bringing the B. C. Electric under public ownership.

### Kinsmen are on your trail

You may not have to look out for Jimmy Valentine, the famous safe cracking artist of bygone days but you will have to look out for a band of determined Kinsmen who from the gleam in their eyes will be only too willing to let you in on a good thing.

The good thing is a jeep which will be drawn for on a date to be decided. Proceeds from this jeep will go towards the fund for the construction of a health centre building for this area.

### CNIB MEETING

Peninsula District branch of the Canadian National Institute for the Blind will hold a meeting Sept. 14 at 8 p.m. in the United Church Hall.

## No paper next week

The Coast News staff is taking a breather next week and there will be no paper. Staff holidays for employees on newspapers are as necessary as in other vocations — so for one week only readers will be without their favorite hometown periodical.

## Port Mellon sports day

Labour Day at Port Mellon enjoyed favorable weather for the crowning of the new Pulp Queen who is Miss Carol Encmark. The retiring queen Miss Maureen Forshner performed the ceremony on a platform in Seaside Park.

Joy Forshner and Audrie Waterhouse were maids of honor with Adele Jameson, Georgette MacLack and Carrie Gallier as flower girls. Crown bearer was Johnny Austin.

This was the 18th annual Labor Day celebration for Port Mellon and a long slate of races were run off starting around 10 a.m. Following morning races, came the lunch period and after lunch the new queen was crowned. Senior sports attracted quite a few and an interesting field of events was lined up. Bingo was part of the festivities. In the evening a dance was held in the Community Hall with Al Ferris and his Vancouver orchestra supplying the music.

This annual event is put on by the International Brotherhood, Pulp, Sulphite and Paper Mill Workers, Local 297, at Port Mellon.

### BEARS AROUND

Bears have become fairly common in this part of the country. Two blocked the path of Mrs. Finlayson of Gibsons Bakery the other morning and would not give ground. Mr. A. J. Charman scared them off. Later a cub was located in vicinity of Burns road.

### W. I. DRAWS

The Women's Institute hamper was won by Mrs. E. Bryant with Mrs. H. Winn in second place. The sugar and cream set was won by Mrs. Forbes and the TV by Mrs. Fulkerson.

## You Vote on Monday

Next Monday is voting day in the province of British Columbia and in case some people might forget, also in the Mackenzie riding. How you vote is your business but to make your voice an effective one in the interests of this riding and the province generally, a vote should be cast. This riding has four persons seeking election: a Social Crediter, a Liberal, a C.C.F. candidate and one for the Conservatives.

The conservative candidate, D. A. Moon of Bowen Island is practically unknown along this coastline as far as the average voter is concerned. But if you like Conservative policies do not let that fact stop you from casting a Conservative vote.

Perhaps you think Liberal policies suit your tastes. Liberals generally believe in the middle course with independent enterprise and a continuous drive toward a better life for all. The provincial Liberal party is headed by a man who has offered a well thought-out platform. Whether the majority will accept it remains to be seen. F. W. McCloskey of Powell River is the Liberal candidate.

The C.C.F. candidate which has controlled this riding for a good many years would appear to be the man to beat. Will any other candidate have sufficient strength to beat the present C.C.F. candidate, Tony Gargrave, who has represented the riding for a good many years?

There are people who argue Mr. Gargrave has done nothing to advance the prosperity of this area. Some go so far as to say he has not even mentioned this area on the floor of the house. One has only to check back into the Coast News files to refute any such statement. Mr. Gargrave has supported various issues and has said so through news stories. What one can expect from an opposition member in an overwhelming Social Credit legislature should not be too difficult to guess because Social Credit policy regards an opposition as an irritant which should be squelched, in spite of its so-called democratic base. So if you like Mr. Gargrave and C.C.F. policies by all means vote for him.

The Social Credit party is represented by Vince Bracewell of Gibsons. There will be some people who will vote Bracewell rather than Social Credit but they should remember that the man for whom they vote must carry party policy with him. The Social Credit slogan — not policy mind you — is Action, not Promises and Progress, not Politics. If you are satisfied with Social Credit slogans by all means vote Social Credit.

Now if one man's opinion is desired in order to sway your vote, here it is: What British Columbia needs badly is an orthodox provincial government which will cut out all the financial ballyhoo now being offered, reduce taxes and let the population have more of its own cash to allow more men to be employed in other than government projects. The present government has the cart before the horse. Some day the people of this province will realize this and wonder why they were suckers for bait which they supplied themselves.

tions as may be prescribed by the governor in council, examine every proposed regulation submitted in draft form to the clerk of the Privy Council pursuant to the Regulations Act and every bill introduced in or presented to the House of Commons, in order to ascertain whether any of the provisions thereof are inconsistent with the purposes and provisions of this part and he shall report any such inconsistency to the House of Commons at the first convenient opportunity.

In this age of wonder drugs, of great advances in the conquest of sickness and disease, nobody should go without proper medical attention just because they cannot afford it... but thousands do! This is a blemish on our society, an added anxiety we don't have to bear... we CAN have a truly comprehensive medical and hospital insurance plan that brings the benefits of modern medicine to everybody, regardless of their means. This plan is a major plank in the CCF platform.

### WEDDING ANNIVERSARY

Over the past years with unflinching regularity intimate friends of Mr. and Mrs. Dave Rees have called at their home in the Headlands to convey greetings on their wedding anniversary, this one being the 57th. Lovely cards, flowers and gifts, beautifully expressed the thoughts and the hope that many anniversaries will follow.

## Liberal candidate outlines policy in an interview

In View of the fact Frank McCloskey, Liberal candidate in Mackenzie riding, will not be speaking in Gibsons area until after the last paper is published before the election the following interview was obtained from Mr. McCloskey:

"Our program isn't tied exclusively to business, labor, agriculture or any single interest. It is blueprinted from the thousands of replies we received from all over B.C. in May, 1959 to our grass-roots survey.

"We hold ownership to be a major key to freedom. Our goal is ownership for all people as individuals. We will work for laws and to educate towards partnership in responsibility and rewards among management, workers and shareholders. The Liberal government will encourage any fair plan where freely adopted by mutual choice of workers, unions and management.

"Sky-high taxation will be curbed to help gird a united province to fight to regain world markets for the products by which we all live. We aim to weld into cheerful co-operation all forces of labor, business, industry and government for this fight.

"The Liberal government will launch an all-out attack on unemployment, by far B.C.'s most urgent problem. We'll undertake public works spotted when and where the need is greatest. We'll encourage cities and municipalities to push forward on as many projects as possible that qualify for proffered make-work spending.

"The Liberal government will build long range employment by dispelling with frankness, and full information the dark distrust among normal outside investors by fanciful and unbelievable claims about B.C.'s provincial finances.

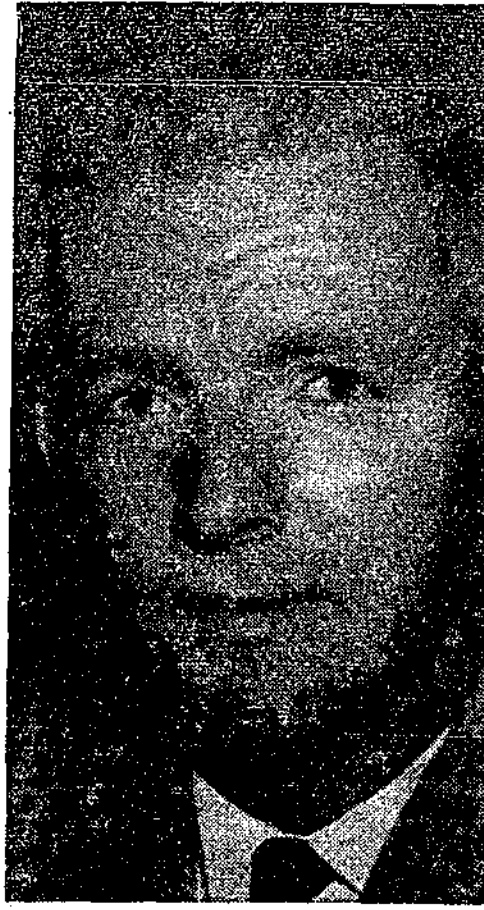

"A Liberal government will promote sale of B.C. products across the nation and around the world, through government resources and by aid and encouragement to venturesome individual selling efforts. An Economic Development Council will provide hard facts in the battle for a fair share of jobs, new industries and word markets.

A British Columbia Business commission will undertake research loan assistance, and other promotion to encourage free enterprise to create new, payroll-bearing industries.

The Liberal government will fight for a fair share of ship-building, for portable pensions, and for measures to end the savage waste of manpower that results from discrimination against older workers.

"A fair deal for labor is a key Liberal project. Liberalism always has stood for the freest collective bargaining. The Liberal government will extend this right to civil servants, repealing legislation that discriminates against them.

We would remove threats to freedom of speech and assembly in existing labor legislation by amending the Trade Union act and the Labor Relations act in line with amendments proposed by the Liberal Party at the last legislature session.

FRANK McCLOSKEY

City and municipal governments will receive the respect they are entitled to expect in Victoria. A major example of Liberal plans to restore some equality in taxation and revenue sharing with local government, is our continent-leading reform of school finances. The Liberal government will cancel local school taxes paid by home owners, home renters and working farmers. We will respect fully the autonomy of local school boards in expanding provincial grants to replace local taxes.

"We will extend MSA-type non-profit medical care coverage to the entire province. We will speed construction of a Mayo-type medical centre at the University of British Columbia to which doctors from all over B.C. can refer difficult cases for the finest diagnosis service and specialist treatment.

A Liberal government will halt immediately the callous diversion to other uses of millions of dollars which the federal government pours into B.C. for hospital care. Liberalism will see that long-promised chronic hospitals are built rapidly by offering clear cut, positive financial aid that will enable local government to start building.

A Liberal government will restore and expand mental health services, arming them for the first time with modern research and treatment to meet a serious crisis in mental health.

Low-cost, plentiful power is the key to an expanding economy of new industries and more jobs. The Liberal government will assure orderly public development of all power sources in B.C., based upon careful assessment of all factors.

A Liberal government will strengthen the Public Utilities Commission and inspire it to act as a zealous guardian of the supply and distribution of power at the lowest cost.

A Liberal government will end the blight of bunco and bilk that robs B.C. consumers and merchants of millions of dollars each

## Weddings

WEBB — WILLIAMS

A pretty wedding was held at St. Hilda's Anglican church with Rev. Denis Harris officiating. Principals were Margaret Mary Williams, daughter of Mr. and Mrs. Archibald W. Williams and John N. W. Webb, son of Mr. and Mrs. Frederick W. Webb of Royal Oak, B. C.

The altar had bronze and yellow chrysanthemums and the pews were decorated with white ribbons and purple heather.

The bride's princess style gown was of white de-lustered satin and a pearl tiara held her fingertip veil. She carried stephanotis.

Carolyn Jayenna Webb was maid of honor and Margaret Chambers flower girl. Michael Seal of North Vancouver was best man and Roger Lucken of Wilson Creek and Howard Webb of Royal Oak were ushers.

Mr. C. G. Lucken proposed the toast to the bride at the reception held in the Parish hall. Margaret is well known in Sechelt being one of the first girls in the Anglican children's choir going on from there to Christ Church cathedral in Vancouver. The young couple will reside in Fort St. John where Mr. Webb is teaching.

More than 350,000 man years of Canadian employment are accounted for within the forest industries.

year. Canada's first government Agency of Consumer Affairs will be directed by a B.C. woman qualified in consumer work.

Liberals will re-establish meetings of the Farmers' Institute, and other farm organizations with the Select Standing Committee on Agriculture while the Legislature is in session.

Other highlights of the Liberal blueprint:

A Department of Youth Affairs and a province-wide physical fitness program.

Restore North America's investing confidence by rewriting destructive laws.

Stop issuing Tree Farm Licences, review all existing licences and protect the small logger.

Appoint top-notch public defenders to ensure equal justice to all. Establish the right to sue the Crown without permission from the attorney-general.

Develop the neglected tourist industry to its ten-fold prospect of pouring One Billion Dollars a year into B.C.

## WHAT WOULD YOU DO IF YOU WERE IN THIS POSITION?

You are in Toronto, New York or London... or maybe in Vancouver.

You are trusted as a professional manager or advisor with moneys saved up by people or by companies of shareholders. Your job is to place these savings wisely.

In the past you have put some very large sums of money in B.C. (This and more money like it helped make our province for a long time the fastest growing in Canada.)

You have been disturbed by the 1958 and 1959 record of strikes in B.C. But even more disturbing to you is the prospect that, if the Socialist CCF party were to win in the coming Provincial Election, an ambitious small group of paid officers of labor unions now dominating and financing the CCF would control the Government of British Columbia. Joining union leader power over labor and industrial relations with political power over all property and lives in British Columbia, this group would have dangerous strength.

So, wondering whether to invest more money in British Columbia or to put it in Alberta, Manitoba, Ontario or elsewhere — without such risk—what would you do?

To help these managers of savings make decisions favorable to B.C., British Columbians should vote to reject the idea of State Socialism, run by a handful of union officers.

The B.C. Federation of Fish & Game Clubs has called upon experienced hunters to give safety leadership in the field during the 1960-61 hunting season which opened Saturday, Sept. 3.

During 1960, the fish and game clubs of B.C. have had 2,000 junior sportsmen under training in a safety education program conducted jointly by federation clubs and the provincial department of recreation and conservation.

Art Morton of Nelson, federation director who heads the junior safety training plan gave these safety tips for hunters:

Make sure your health is good enough to stand the rigours of hunting; Many accidents are caused without guns — by heart attacks, falls, or due to bad eyesight.

Check your gun and ammunition before you leave home. Never carry ammunition which does not properly fit your gun.

Be sure to tell your friends where you intend to hunt. If you get lost you endanger the lives of others who go in search for you.

Obey the basic safety rule that every gun is loaded until proven otherwise.

B.C. hunters will have a new game bird target this season. For the first time, mourning doves will be legal game in certain districts. These pigeon-like birds have been increasing rapidly in some districts and have been fair game in U.S. states for many years.

The Canadian Lumbermen's Association of Ottawa reports that at the last census in 1956, there was over 10 Billion board feet of White Pine available in the accessible forests of Ontario.

**MOST PRIZED TROPHY** to be won by a Fish and Game Club in British Columbia is this work of art in native yellow cedar. The O'Keefe Conservation Trophy was presented for the first time this year at the B.C. Federation of Fish and Game Clubs convention in Kelowna. Winning Club was Southern Okanagan Sportsmen's Association of Oliver, B.C. President of the Oliver Club, Albert Rand (right) received the Award from David Roche, Vice-President of the O'Keefe Brewing Company. With the Trophy goes a cash award of \$200 to further community fish and game club projects.

**Roberts Creek library open Saturdays only**

Many Roberts Creek residents will remember the Community Library of some years ago which was supervised by Mrs. Rooke in her cottage. Due to Mrs. Rooke's illness the cottage was closed for two years and the books were not available to the public.

About six months ago after satisfying the authorities at Victoria that all the stipulations of law had been complied with, the cottage was completely refurbished and painted with proper shelves installed for the books and it is now a credit to the small community at Roberts Creek.

As most people will remember this is part of the property that was purchased by the Centennial funds. The material for rebuilding was supplied by the Community Association which also paid for part of the labor. The rest of the work was done by the library committee and various others spurred on by Mrs. Graham.

The library was opened again on July 1 but the number of people using it has been disappointing. The committee therefore announces library hours Saturdays only from 2 p.m. until 4:30 p.m. A number of people apparently do not realize there is a library and there is quite a good selection, especially with the addition of a number of books from the travelling library at Victoria.

Assistance will be needed as the building will require wiring for electricity before the days get much shorter. A larger turnout at community meetings would do much to resolve some of these and many other community problems.

**Church Services**

Starting with this issue a minimum charge of 50 cents per issue will be charged for church announcements. Space beyond the present allotment will be charged extra.

**Gibsons park in brochure**

An eight-page brochure titled "Gifts that last Forever — Parks for the People of British Columbia, has been issued by the provincial department of recreation and conservation. It provides some pictures of parks and a map showing where these parks are. There is also a page on which the parks are described. Brothers Memorial Park in Gibsons area is mentioned as follows: "This 5-acre park located in the vicinity of Gibsons Landing was donated to the province by Mr. G. W. Jackson on Feb. 23, 1951." The map showing park location errs somewhat by placing Brothers Memorial Park on the

wrong side of Howe Sound. The brochure lists 29 parks in the province and adds that these gifts were made by public spirited citizens, business companies, municipal organizations and other individuals and groups.

These five promising young British Columbia students are among the 50 from all parts of Canada who will shortly begin their college careers in the Arts or Sciences at the Universities of their choice under the Bank of Montreal Canada Centennial Scholarship Plan. Each of these students will receive a scholarship of \$750, in this, the first year of the Bank's seven-year Plan.

We, at the Bank of Montreal, congratulate these exceptional young people. We are happy to assist them in their pursuit of

a higher education in fields where they will have the opportunity — through scientific research and pursuits in the public service — to contribute in some notable way to the common good of the nation in the years ahead.

To all of these students we extend warmest wishes in their endeavours to qualify for the additional valuable scholarships to be awarded each year until 1967, when the Plan culminates in Canada's Centennial Year.

HERE ARE THE ADDITIONAL AWARDS FOR WHICH THESE STUDENTS MAY QUALIFY:

### 48 SCHOLARSHIPS OF \$1,500...

In the Spring of 1961, the top 16 of these 50 students will each be awarded a B of M Scholarship of \$1,500 for second-year university training.

In 1962 and 1963, provided at least good second-class grades have been maintained, these same students will each be awarded a B of M Scholarship of \$1,500 per annum... leading to graduation in 1964.

### 24 FELLOWSHIPS OF \$3,000...

In the Spring of 1964, the top eight of these 16 students will each be awarded a B of M Scholarship of \$3,000 for one year's study anywhere in Canada or abroad.

In 1965 and 1966, provided a satisfactory standard of work has been maintained, these same students will each be awarded a B of M Scholarship of \$3,000 per annum for further study leading to their Doctorate.

### 2 BANK OF MONTREAL CANADA CENTENNIAL AWARDS OF \$5,000

In 1967, to culminate this seven-year plan, the two top students—one in Arts and one in Science—will be chosen, from all 50 original participants in the plan, to receive the Bank of Montreal Canada Centennial Awards of \$5,000 each for a further year of study anywhere in Canada or abroad.

Thus, to each of these two winners—if they have been participants throughout the plan—the Bank will have provided financial assistance amounting to \$19,250.

Scholarship Students are chosen on merit alone — academic standing and character — by independent selection committees of faculty members of Canadian Universities. THE B of M HAS NO PART WHATEVER IN THE DECISIONS OF THE COMMITTEES.
