THE CRESTON REVIEW

VOL. XI. CRESTON, B. C., FRIDAY, NOVEMBER 7, 1919 No. 38

There's "Something In It"

$500,000.00 COMES BACK TO CRESTON VALLEY

If an old-established cannery firm proposed to establish a modern canning factory in Creston Valley at a cost of $5000 citizens would readily donate a total of $500 to secure the industry; or

If a reputable firm were to undertake to install an irrigation system at a cost of $50,000 residents would just as readily put up $5000 between them—without interest, too—to secure such a boon.

There would be "something in it" for them in either or both projects.

Possibly in a less direct, but certainly none the less sure, way all citizens will find "something in it" by seeing to it that this district subscribes at least its quota of $50,000 to the Victory Loan 1919.

Not less than Half a Million Dollars of the Loan will come back to Creston Valley.

At LISTER an area of 7000 Acres is being got ready for Soldier Settlement.

It is being allocated in 20-acre farms, principally, though where the area may be 'broken' some 40-acre farms may be necessary.

Subdivided in this way it is fair to assume there will be 250 farms at Lister.

Under the Federal Government Soldier Settlement plan veterans taking up land receive loans up to $8000 each.

Up to $5000 may be had to buy land. $1000 to purchase livestock. Up to $2000 wherewith to erect buildings.

But to be quite moderate we will figure each man will only borrow 25 per cent. of the total allowed,

This would be but $2000 per man—a modest estimate, surely.

$2000 per man for 250 soldier farmers and you have the Half Million Dollars previously stated.

Let's Finish the Job

Creston Valley's Quota $50,000

What does LISTER development mean to you? Let us cite a few examples of what it has already "meant."

Last April we had a ten-acre ranch owner beseech us to find him a buyer at $4000. In August he sold at $5000.

Last March a twenty-acre rancher announced to us his desire to sell at $10,000. He has since refused $12,000.

Late this spring another ten-acre owner was more than anxious to sell at even $6500. Last month they refused to consider even $8000.

These are just a few—and you can have the names if you wish.

In a very large measure just the assurance of the Lister settlement has enhanced improved land values $100 per acre—and they're worth every dollar of it.

The continued development at Lister assures and justifies a still further advance in Valley land values.

If the Provincial Government is willing to invest in 7000 acres, and spend the money necessary to clear it and put improvements on it; and if after working on it the veterans are eager to secure it, assuredly the land must be right.

This double assurance that our Valley heritage is a goodly one cannot fail to maintain and increase land values, as well as stimulate the demand.

Of the Victory Loan 1919 about $50,000,000 will be used for soldier settlement purposes.

On the facts aforementioned to recall that $500,000 will eventually come to Creston Valley is stating the case mildly.

And to assure the funds for this soldier land settlement effort Creston Valley is asked for but $50,000.

Aside from what "there is in it" this section ought to lend that amount if only in thankfulness for victory

Buy all the Victory Bonds you can for cash, and then buy fully as many more on the instalment plan. Your cash purchases will readily enable you to carry those you buy on time.

"He's certainly a fine old gentleman," Ruggles answered.

"Well," said Pembroke, "come out in the garden as soon as you're ready. I'll go order our chow."

He went out, and Ruggles stood for a moment staring into the glass. "Lord Pembroke — Lord Pembroke!" he repeated to himself. "And I was beginning to think he might be some sort of a con man! Golly!"

It swept over Ruggles that he was still very callow and inexperienced in regard to this world and the people in it. Also, he began to wonder if all men were as free and equal as his American principles had led him to maintain. Up to this time he had never been able to understand why he should not consider himself as good as anybody else, and now for the first time it occurred to him that perhaps he had taken far too much for granted.

The Pembrokes were his superiors, and so were Bartlett and her aunt and Mr. Bowers and Pembroke. The [illegible] of the American and English [illegible] of this higher order [illegible] seemed to [illegible] that he [illegible]

[illegible] little [illegible] thought he [illegible] did I get my [illegible] with Bartlett [illegible] Rod Bowers and bother her with [illegible] and [illegible] Lord Pembroke [illegible]

tail, but when the hors d'oeuvres were served he quickly discovered how badly he was in need of food. A fillet of sole, followed by a juicy steak, went far toward restoring him to his normal self. Pembroke was hungry, too, and neither had much to say until the coffee was served. Then Pembroke lighted a cigar, leaned back in his chair, and, looking at Ruggles, whose execution of the delicious luncheon he had been observing with kindly approval, asked with a smile:—

"Feeling better, old chap?"

"I sure am," Ruggles answered. "I guess I was hungrier than I thought. You see, I've had a lot of things bothering me for the last couple of days and I haven't thought much about eating."

"So I imagined," Pembroke answered. "You looked pretty well gone. Do you think they'll try to make it nasty for you down there?"

Ruggles shook his head. "I don't believe so," he answered. "Lorenz might, but he's got to go to Vienna today. Durand, the manager, will probably try to hush the thing up, if only for his own sake. I'm sorry it happened, but when that skunk Lorenz grabbed me by the arm I saw red. Then Durand had to butt in, and Wagner, the cashier, so I just sailed in to clean out the whole darn bunch."

Pembroke chuckled. "I must say you made a ripping thorough job of it," said he. "Since it had to be I wouldn't have missed it for anything. That right hook you put on the jaw of the German gentleman was a proper knock-out if he hadn't been such a bony brute. And you stopped him beautifully when he came back. Oh, it was a lovely scrap." He leaned back and laughed, then looked at Ruggles, who was sipping his coffee and taking no apparent pleasure in this sort of praise. "What are you going to do now?"

"I don't know," Ruggles answered slowly. "I've got a little money saved up and I thought I might go back to N York, and hunt up some sort of a job. I've got enough of this town. You see, it's not only losing my job," he went on, with a rather heightened color, "but only the day before, I got turned down by a girl I thought a whole lot about."

"No, really? I say, that is tough! What was the trouble, if you don't mind my asking?"

"I'd sure like to tell you about it," said Ruggles. "You've been so mighty kind to me, and I hate to have you think that I'm just a common rough-houser. But it's a long story, and as you're leaving tonight, you must have a lot of things you want to do and see."

Pembroke glanced at his watch. "I've got an hour yet," said he. "Tell me all about it. I might be able to help you. We medicos are often able to give advice that isn't purely physical."

Ruggles looked gratefully at the kindly, interested face of his host. It struck him that Pembroke was a considerably older man than he had at first thought. The fresh but rugged skin had certain lines of experience, and the crisp chestnut hair which curled above the small, closely set ears was flecked with gray. Ruggles decided that his host must be nearer forty than thirty. A sudden curiosity possessed him to know more of this strong, kindly man.

"What is it?" asked Pembroke, noting the look of inquiry.

Ruggles colored. "I was just thinking," said he, "that it seems sort of funny that you should be a doctor when you're an English lord."

"That's easily explained. You see, in England the oldest son inherits after the death of the father. When [illegible] died, my elder brother inherited the title and the estates. Rather than sit around at home, I went to Australia and scratched for myself. I had a sheep ranch for a [illegible] tried gold digging, and [illegible] went down to Melbourne and [illegible] Surgery had always [illegible] so I went in for [illegible] and made a decent little [illegible] did not see fit to mention [illegible] Lading surgeon [illegible] brother died [illegible]

Stuffy Head Cleared Of Catarrh Germs By "Catarrhozone"

To catarrh victims we have just one word of advice—cure it now. The remedy is "Catarrhozone." That it will cure permanently you cannot doubt. Catarrhozone has cured thousands; it will cure you, too.

It acts in two ways: First, it destroys the germ—that checks the progress of the disease. Its second action is to heal the sore places the germs caused. Nice to think of breathing little drops of healing to every part of the lungs, bronchial tubes and nasal passages. It is such absolute thoroughness that makes Catarrhozone so effective in grippe, catarrh, and colds. Then by its sedative influence upon the mucous surface it clears away the cough and throat tenderness very quickly. We owe something to a science that has given us Catarrhozone—that wonderful remedy which so surely enables us to permanently cure disease of the breathing apparatus. We all know that stomach dosing is useless, and this departure in the mode of treatment is an advance in medical science that everybody can appreciate and value. Complete outfit of Catarrhozone, which is guaranteed to cure any case of catarrh, asthma, bronchial or throat troubles, lasts three months, price $1.00; smaller size, 50c; trial size, 25c; sold everywhere.

"Well," said he, "it was like this, Lord—"

"Call me 'doctor,'" said Pembroke. "I like it better. You see, anybody might become a peer by virtue of birth or circumstance or because of—oh, a lot of things. But a man has to make himself a surgeon."

"Well, then," said Ruggles, "it was like this." And in his simple, frank, and often slangy manner of speaking, he proceeded to put Pembroke in possession of all the facts connected with his unfortunate affair. Pembroke lighted a fresh cigar and leaned back in his chair to listen. He was a man who loved his fellow men, loved to help and direct them, and his experience of human nature in the raw as well as in the finished product was considerable. He was the more eminently fitted to grasp the situation because the social conditions of life in Australia so closely approach those of the United States in many ways.

It did not take Ruggles long to tell his story, scarcely a quarter of an hour, in fact; the more so as he had so little to say about himself. Pembroke observed this trait in him with particular appreciation, realizing its rarity. Ruggles finished his narrative and looked hopefully at Pembroke.

"It's sort of funny," said Ruggles, "how much good it seems to do a fellow to get a thing like this off his chest. Say, doctor,"—he remembered Pembroke's admonition and it put him much more at his ease. He had not been quite sure about the proper form of address in speaking to a British peer, and whether politeness required that he should say "Lord," "my lord," "your lordship," or just what. "I haven't got this thing quite doped yet, but it sort of seems to me as if I'd made a darn fool of myself from the very start. Why, doctor, when you come to think of it, these people that I've been flocking with are way up out of my class. Now that I'm beginning to see it that way, it ain't so hard. I didn't understand, that's all."

"BEST MEDICINE FOR WOMEN"

What Lydia E. Pinkham's Vegetable Compound Did For Ohio Woman.

Portsmouth, Ohio.—"I suffered from irregularities, pains in my side and was so weak at times I could hardly get around to do my work, and as I had four in my family and three boarders it made it very hard for me. Lydia E. Pinkham's Vegetable Compound was recommended to me. I took it and it has restored my health. It is certainly the best medicine for woman's ailments I ever saw."—Mrs. SARA SHAW, R. No. 1, Portsmouth, Ohio.

Mrs. Shaw proved the merit of this medicine and wrote this letter in order that other suffering women may find relief as she did.

Women who are suffering as she was should not drag along from day to day without giving this famous root and herb remedy, Lydia E. Pinkham's Vegetable Compound, a trial. Refused $100 an Acre

Stettler District Sees Farm Land Values Much Increased

Every day brings new stories of the prices being paid for good farm lands in the West. One farmer near Stettler is said to have been offered $100 an acre for his farm, but turned the offer down. Other land in the vicinity has changed hands lately at prices ranging all the way from $35 to $90 an acre. The average price is about $40 an acre.

In the Stettler neighborhood crop yields have been especially good and have attracted large numbers of the American settlers who are coming into the West. Average yields in the district are: wheat 40 bushels, oats 60 and barley 35.

Canada's pulp and paper exports lead all manufacturing industries, except that of explosives.

Extent Of Damage Done To France

War Damages To The Extent Of 355,000,000,000 Francs

An extraordinary meeting of the French Parliamentary Committee of Commerce was held at the Palais Luxembourg when the president, Mr. Chaumet, heard a report on public finances by Raphael Georges Leag, who showed that France has suffered through the war damages to the extent of 355,000,000,000 francs. He declared that the next French budget will amount to 25,000,000,000 francs at the very least.

A TONIC FOR THE NERVES

The Only Real Nerve Tonic Is a Good Supply of Rich, Red Blood

"If people would only attend to their blood, instead of worrying themselves ill," said an eminent nerve specialist, "we doctors would not see our consulting rooms crowded with nervous wrecks. More people suffer from worry than anything else."

The sort of thing which the specialist spoke of is the nervous run-down condition caused by overwork and the many anxieties of today. Sufferers find themselves tired, morose, low-spirited and unable to keep their minds on anything. Any sudden noise hurts like a blow. They are full of groundless fears, and do not sleep well at night. Headaches, neuritis and other nerve pains are part of the misery, and it all comes from starved nerves.

Doctoring the nerves with poisonous sedatives is a terrible mistake. The only real nerve tonic is a good supply of rich, red blood. Therefore to cure nervousness and run-down health Dr. Williams' Pink Pills should be taken. These pills actually make new, rich blood, which strengthens the nerves, improves the appetite, gives new strength and spirits, and makes hitherto despondent people bright and cheerful. If you are at all "out of sorts" you should begin curing yourself today by taking Dr. Williams' Pink Pills.

You can get these pills through any dealer in medicine, or by mail at 50 cents a box or six boxes for $2.50 from The Dr. Williams' Medicine Co., Brockville, Ont.

CRESTON, B.C., FRIDAY, NOV. 7

It All Comes Back

While there may be parts of Canada where the short-sighted and strictly selfish citizen may excuse himself from buying on the plea that there's nothing in the Victory Loan 1919 for him or the particular locality he resides in, that very flimsy excuse won't go in the Creston Valley. For this particular spot in B.C. the very soundest of business as well as patriotic raasons exist for liberal buying of this security both for personal as well as community gain.

Looked at from the purely selfish standpoint Creston Valley's development and prosperity is wrapped up in the present loan. On land settlement plans already inagurated at Lister, where there are now at least 100 veterans who will shortly be receiving loans from Ottawa, one is quite within the mark in saying that at least $250,000 of the present offering will come back to that section of the Valley alone within the next twelve months.

And in addition to this there are the loan that have already been made, and the others that have been approved and for the completion of which the money will be along before the end of the present year. We feel safe in predicting that for the purpose of purchasing properties already developed at least Cresten's quots of $50,000 will be spent here before 1918 closes.

In connection with Lister none will gainsay the statement that the provincial government's purchase and proposed development of 7000 acres has firmly established the Valley's reputation as about the best point in B.C. for either horticulture or agriculture.

And largely as a result of the government purchase improved land prices have gone up not less than $100 an acre already, and the end is not yet by any means in the upward trend.

As to the improvement in general business the increase has been remarkable. If you can get into the confieence of any business man in town, or at any outside point in the district, he will tell you of an increase in sales—and spot cash trade at that—that will astonish you.

Omitting entirely the excellent interest rate these bonds bear, and the ease with which they can be utilized as cash if necessary, and all their other admirable features of that sort, a very generous buying of the bonds is advisable to make sure that the Dominion has the funds to promote soldier settlement on the scale projected here and elsewhere and thus ensure our continued development and prosperity.

Besides the "there is something in it" feature, let us not forget that a year ago we would cheerfully have given $50,000 to assure Allied success. Now that that victory has been won surely we are not going to be less generous when it comes to lending at an attractive rate of interest our full quota to make sure that the men who gave us peace are generously looked after in the process of civil re-establishment.

It Pays to Buy

Canvassers report difficulty in selling bonds due to the fact that prospective buyers hesitate to purchase on account of wanting to put any surplus cash they may have into improvements next spring.

Under ordinary conditions this looks like the right way to go at things, and undoubtedly the correct procedure if the contemplated impravements are of a sort that it will take a year or two to pay for.

If, however, said improvements are of a kind that the party expects to be able to pay for out of the receipts from his 1920 crop, we very much doubt if it is good business to overlook investing in Victory Bonds.

For instance if $500 is the amount involved that sum in a Vidtory Bond will earn $13.75 interest between now and May, at which time a loan of equal amount can be readily had at 8 per cent. If the loar is repaid by November, 1920, it will have cost $20 interest.

But, in the meantime his $500 bond has earned another $13.75 of interest, which added to the previously earned $13.75 really puts him $7.50 to the good on the transaction—provided he buys bonds.

Or, even if he has it in the savings bank from now till May at the regulation 3 per cent. allowed on savings, the Viotory Bonds still works out equally good investment.

Still another factor to be reckoned with is that Victory Bonds will not be for sale next year, and ss they happen to be the very highest class security going very careful considerrtion should be given to buying them while the buying is good—and buying all you can handle, and as many more as the bank will assist you to buy.

The camp was pretty well deserted of single men on hallowe'en night, dne to the social and dance at both the Huscroft and Canyon City schools.

An official visitor last week was Mr. Hunt, the secretary of the Land Settlement Board, Victoria, who spent two or three days making a thorough in vestigation of things generally.

A carload of shingles that has been on the way for almost two weeks is delaying building operations here. When the roofing material arrives it will not be long before the new schoolhouse will be available.

What looks as if it would provide an ample of water supply has been struck at a depth of about thirty feet in the wells which were sunk last week, and these are being cribbed in at present.

Five of the men got away this week for an extended holiday at Vancouver —possibly three months. The absentees are J. and A. Cliff, Geo. Stephens, G. A. Bishop, the motor truch driver, and F. Jones, who has been handling one of the Cleveland tractors.

With the new wells down and flowing plentifully and a car of flour just unloaded, the proverbial bread and water diet is assured no matter how badly things go with the world.

The dirty weather of the past week has been responsible for the easing off of operations for a couple of days. No one in camp will object to a green Christmas this year.

Erickson

Percy Truscott left last week on a business trip to Blackfoot, Alta., and expects to be away for a couple of weeks.

A. Lode, who recently sold his place here, is now located at Alamo, where he is mixing the mulligan for the crew employed at the concentrator at that point in the Kaslo country.

Jos. Stinson, who has been working at Blairmore, Alta., this season spent a few days at his home here last week.

Miss Palmer and W. W. Hall, the Victory Loan canyassers gave this section the once over last week in quest of bond buyers, meeting with fair success. They are confident the bond buying here will compare favorably with other points in the Valley.

A few sunny days to remove the snow and dry the land up a little will be welcomrd by those who have potatoes yet to harvest. Reports on the frost damage vary from 15 to 60 per cent. Whatever the loss may be it will be quite serious as some growers are reported to have sold their spuds as high as $40 a ton.

Mr. Bridge of Battleford, Sask., was a visitor here this week with W. Truscott. He states the government is shipping in Ontario hay to the farmers there at $30 a ton landed.

G. M. Gunn of New Denver was a visitor this week with Mr. and Mrs. H. Hamilton.

For October Erickson school attendance is up to 27 pupils, with an average daily turnout of 22 scholars. Those attaining perfect attendance last month were; Aubrey, Joan, Molly and Lyle Kemp, Richard and Stewart Penson, Lloyd Cartwright.

Alice Siding

Harry Farrell left on Sunday for Nelson, where he will spend the next few months attending business college in that city.

Miss Ruth Smith, who has been a Nelson visitor the past month, returned home a few days ago.

Clarence Pease and friend, Dave Atkinson of Princeton, were here for a few days last week with the former's parents, leaving for home on Sunday.

The Victory Loan canvassers started the rounds about the middle of the week and got off to a good start, one of them writing up $1600 on calls on but two families—both spot cash buys

Mr. Beazer of Beazer, Alta., who lately purchased the Bohlee ranch here, arrived a few days ago with his wife and three children and are getting nicely settled in their new home.

E. W. Payne, who lately purchased the S. A. Speers ranch, took possession the latter part of the month, after making some improvements and additions to the house on the place.

Residents here who had potatoes out in the recent freeze-up, and who have since dug them, report the loss from frost is not more than 15 per cent.

Ronald Smith left on Monday for Nelson where he will holiday for a few weeks this month,

Alice Siding school reports an enrollment of fifteen pupils for October and under Principal McLean the scholars are making excellent brogress.

H. Summers, who has been working with Jas. Compton for the past six months, and occupying the house on his ranch, moved his wife and family to Washington state last week, where he expects to reside permanently.

Women's Institute

At the Women's Institute meeting on Saturday afternoon announcement was made of the dates Miss Hayes, the domestic science expert, will visit Creston. She will make a three-day stay, and is to be here Tuesday, Wednesday and Thursday, Nov. 25, 26, 27th, and her talks and demonstrations will be on canning of fruit, meats and vegetables, and dry cleaning. The meetings will be held in Speers' Hall and will be free to Institute members, and nominal charge to those who do not belong to the Institute. At the meeting all arrangements were completed for the Armistic Day whist and dance in the Parish Hall next Tuesday evening, to which an admission of 75 cents will be charged. Those in charge of the hall are Mesdames Lidgate, F. H. Jackson and Garland, while Mesdames Goodwin, Speers and G. Young will be responsible for refreshments. At the affairs there will also be a quilt raffled at 10 cents a chance. Mesdames Lyne and Jackson reported on the annual W. I. convention at Nakusp, at which they had no trouble in securing the 1920 conclave for Creston. $10 was voted to the Navy League, and it was decided at a later date to put on an entertainment for the G.W.V.A. Another decision was to have a cookery sale at the December meeting. Fifteen quilt blocks were made during the meeting, which was attended by 29 members. In the matter of serving hot drinks at the school several suggestions were made for the expeditious handling of the undertaking. The directors will consider these at their next meeting and then the good work will be undertaken. At the close refreshments were served with Mesdames Putnam and E. Cartwright as hostesses.

The C. P.R. has closed its station at Phoenix, the government has shut up the customs house, and the Bank of Commerce has ceased to do business.

Kaslo showed its appreciation of services rendered by the local overseas heroes by giving them a complimentary dinner on Thanksgiving day.

Less than a dozen families now remain at Phoenix. One property owner contemplates dismantling his buildings, shipping the material to Trail where he will build a few stores and apartements.

Synopsis of Land Pre-emptions

Minimum price of first-class land reduced to $5 an acre; second-class to $2.50 an acre.

Pre-emption now confined to surveyed lands only.

Records will be granted covering only land suitable for agricultural purposes and which is non-timber land.

Partnership pre-emptions abolished, but parties of not more than four may arrange for adjacent pre-emptions with joint residence, but each making necessary improvements on respective claims.

Pre-emptors must occupy claims for five years and make improvements to value of $10 per acre, including clearing and cultivation of at least 5 acres, before receiving Crown Grant.

Where pre-emptor in occupation not less than 3 years, and has made proportionate improvements, he may, because of ill-health, or other cause, be granted intermediate certificate of improvement and transfer his claim.

Records without permanent residence may be issued, provided applicant makes improvements to extent of $300 per annum and records same each year. Failure to make improvements or record same will operate as forfeiture. Title cannot be obtained in less than 5 years, and improvements of $10.00 per acre, including 5 acres cleared and cultivated, and residence of at least 2 years are required.

Pre-emptor holding Crown grant may record another pre-emption, if he requires land in conjunction with his farm, without actual occupation, provided statutory improvements made and residence maintained on Crown granted land.

Unsurveyed areas, not exceeding 2c acres, may be leased as homesites; title to be obtained after fulfilling residential and improvement conditions.

For grazing and industrial purposes areas exceeding 640 acres may be leased by one person or company.

Mill, factory or industrial sites on timber land not exceeding 40 acres may be purchased; conditions include payment of stumpage.

Natural hay meadows inaccessible by existing roads may be purchased conditional upon construction of a road to them. Rebate of one-half of cost of road, not exceeding half of purchase price, is made.

PRE-EMPTORS' FREE GRANTS ACT.

The scope of this Act is enlarged to include all persons joining and serving with His Majesty's Forces. The time within which the heirs or devisees of a deceased pre-emptor may apply for title under this Act is extended from for one year from the death of such person, as formerly, until one year after the conclusion of the present war. This privilege is also made retroactive.

No fees relating to pre-emptions are due or payable by soldiers on pre-emptions recorded after June 26, 1918 Taxes are remitted for five years.

Provision for return of moneys accrued, due and been paid since August 4, 1914, on account of payments, fees or taxes on soldiers' pre-emptions.

Interest on agreements to purchase town or city lots held by members of Allied Forces, or dependents, acquired direct or indirect, remitted from enlistment to March 31, 1920.

SUB-PURCHASERS OF CROWN LANDS.

Provision made for issuance of Crown grants to sub-purchasers of Crown Lands, acquiring rights from purchasers who failed to complete purchase, involving forfeiture, on fulfilment of conditions of purchase, interest and taxes. NOTICE TO CONTRACTORS
KASLO DISTRICT

Highway Bridge, over Goat River, near Erickson

Sealed tenders, superscribed "Tenders for Goat River Bridge, Erickson," will be received by the Honourable the Minister of Public Works up to noon of Tuesday, the 25th day of November, 1919, for the erection and completion of a Highway Bridge over the Goat River, near Erickson.

Plans, Specifications, Contract and Forms of Tender may be seen on and after the 4th day of November, 1919, at Dept. of Public Works, Parliament Buildings, Victoria, B.C.; at the office of the District Engineer, Court House, Vancouver, B.C.; and the office of the District Engineer, Nelson, B.C.

Plans may be obtained from any of the above-mentioned upon payment of a deposit of $5, which will be refunded upon return of plans.

Each proposal must be accompanied by an accepted bank cheque or certificate of deposit on a chartered bank of Canada, made payable to the Honorable the Minister of Public Works, for the sum of ten per cent. of the amount of the tender for the due fulfillment of the contract, which shall be forfeited if the party tendering decline to enter into contract when called upon to do so, or if he fail to complete the work contracted for. The cheques or certificates of deposits of unsuccessful tenders will be returned to them upon the execution of the contract.

Tenders will not be considered unless made out on the forms supplied, signed with the actual signature of the tenderer, and enclosed in the envelope furnished.

The lowest or any tender not necessarily accepted.

ROYAL YEAST CAKES

Royal Yeast has been the standard yeast in Canada for over 50 years, and it is a well known fact that bread made with Royal Yeast possesses a greater amount of nourishment than that made with any other.

The 1919 Victory Loan

The people of Canada are once again asked to demonstrate their thorough-going Canadianism by subscribing to the limit of their financial ability to the Victory Loan, 1919.

Throughout the war the people of Canada never once failed to meet all demands made upon them by their country, and Western Canada in particular established a record for self-sacrificing patriotic effort unsurpassed in any province or country. Looking back over the history of the past five eventful years, the people of the West have nothing with which to reproach themselves; on the contrary, they have every reason for justifiable pride in their efforts and achievements.

The Great War is over so far as the fighting is concerned. It has ended in a triumphant victory for our cause, a victory made possible by the efforts of the five years now happily gone. But while the fighting is ended, victory achieved, and our soldiers home again, one very important part of Canada's war effort is yet uncompleted. The Victory Loan, 1919, is necessary to finish the work.

War is a tremendously expensive business, and modern warfare calls for an expenditure of money undreamed of in the centuries of the past. Canada pledged its honor to contribute all its powers, resources and wealth to the winning of the war. We said we would go to the limit of our last man and our last dollar in such a just and noble cause. Our men went, thousands gave their lives, other thousands are maimed and suffering from wounds, all require to be again established in civilian life. The soldiers have done their part. They have brought imperishable honor and glory to [illegible] soldiers their work is ended.

But Canada [illegible] obtained at [illegible] the [illegible] to finish their [illegible] bills [illegible] did not [illegible] Their home, [illegible] work. [illegible] who [illegible] is better to [illegible] for a woman than to live with [illegible] of them.

it must be provided by the Canadian people themselves. The Victory Loan is the medium through which this necessary provision is to be made.

When, during the war, our boys went "over the top," they had an objective before them, and be it said to the credit of Canada's soldiers that they never once failed to reach their objective. But while the "storm" troops went forward, others had to do the less spectacular but equally important work of "mopping up." All enemy dugouts, machine-gun nests, snipers, had to be accounted for, and a general "clean-up" carried out. If this was not done, and done thoroughly, there was grave danger to the final success of the operation.

Canada as a nation has reached its objective in the winning of the war. Now the work of "mopping up" must be attended to, all bills must be paid, and adequate provision made for our soldiers, and the necessary funds provided to keep all the wheels of commerce and industry turning in this Dominion. With Bolshevism and unrest rampant throughout the world, it would be nothing short of a national calamity if business became stagnant in Canada and unemployment widespread. The result would be disastrous, and no man can foretell what the end might be. A large over-subscription to the 1919 Victory Loan will avert such a disaster.

This is not a loan to the Minister of Finance. It is not a loan to Union Government. It is a loan by the people of Canada to Canada itself. In other words, it is a loan by individual Canadians to themselves in a collective capacity. It is a loan for national purposes, and every cent of the loan will be spent in Canada and thus redistributed again to the people of Canada. Canadians will receive the interest paid on the loan, and will ultimately receive back the whole of the principal sum.

If Canadians fail to subscribe the amount required, Canada must borrow it elsewhere, and if Canadians refuse to lend their own country the money it needs, it stands to reason that other people will only loan to it at absolutely ruinous rates of interest. Furthermore, the payment of that interest abroad will constitute an annual drain upon Canada, impoverishing it, but adding to the wealth of other countries.

Canada must pay its war bills and finance its own reconstruction policies. It is far better both for the individual taxpayer and the nation that Canadians themselves should provide the principal sum to cover such expenditures, and to pay to themselves the interest charges on that national indebtedness.

Every Canadian should, therefore, strain his or her resources to purchase the largest possible amount of Victory Bonds. Quite apart from helping Canada, and maintaining our national honor and credit before the world, it will prove a first-class investment. The security is unquestioned, namely, the entire resources of the Dominion. The interest rate is good—far better than that paid by any financial institution on savings accounts.

Help Canada to "mop up" by buying Victory Bonds, 1919, to the limit of your ability.

BABY HAD DIARRHOEA WAS GIVEN UP

DR. FOWLER'S EXTRACT OF WILD STRAWBERRY CURED HER

Mothers should look well after their children during the hot summer months, as this is the time of year when the young ones are liable to all kinds of bowel complaints.

If your children have any looseness of the bowels do not experiment with new and untried remedies. Get one having stood the test of time. Dr. Fowler's Extract of Wild Strawberry has been on the market for the past 74 years. Don't accept a substitute and perhaps endanger your child's life.

Mrs. Willis Coupland, Sundridge, Ont., writes: "About four years ago my little girl, then a baby two months old, took diarrhoea. I took her to the doctor, but to no avail. After he had given her up, I read of Dr. Fowler's Extract of Wild Strawberry and immediately got a bottle. Within two days she was improving fast. I cannot ever praise it enough. I hope some poor sufferers will see this letter and lead them to a friend indeed."

The Curious Origin Of One Word

History Locked Up In Words We Use Every Day

A fascinating study is that which searches for the origin of words. Much of the history of the world is locked up in the words we use every day, utterly unconscious of their derivation.

When the Arabs came into Europe and learned from the nations, they encountered the wisdom of all the ages then past, they became deeply interested in the attempts that the old Greeks had made to turn other metals into gold.

That it had been declared to be a secret and mysterious process made it all the more fascinating to them. And so they became alchemists and called themselves Hermetic philosophers, because tradition declared Hermes Thismegistus about two thousand years before Christ had discovered how to convert the baser metals into gold.

To melt the mouth of a glass tube so as to close it was called securing it with "Hermes, his seal." We know little or nothing of Hermes, or when he lived, or whether he ever lived at all; but it is curious that even to this day when a bottle or jar is closed so that it is airtight we call it hermetically sealed, after this same Hermes.

A dog makes almost as much noise when he barks as a man does when he barks his shins.

A cheeky girl with painted cheeks is—cheeky.

Some men would rather owe you a bill for ever than put you to the trouble of collecting it.

YES! MAGICALLY! CORNS LIFT OUT WITH FINGERS

You simply say to the drug store man, "Give me a quarter of an ounce of freezone." This will cost very little but is sufficient to remove every hard or soft corn from one's feet.

A few drops of this new ether compound applied directly upon a tender, aching corn should relieve the soreness instantly, and soon the entire corn, root and all, dries up and can be lifted out with the fingers.

This new way to rid one's feet of corns was introduced by a Cincinnati man, who says that, while freezone is sticky, it dries in a moment, and simply shrivels up the corn without inflaming or even irritating the surrounding tissue or skin.

Don't let father die of infection or lockjaw from whittling at his corns, but clip this out and make him try it.

Because we like apples we use them, but apart from that we use them because they contain healthful acids, needed minerals including iron, lime and sulphur, many calories of energy, and some real nutrition.

Canada's Fish Catch

During the month of August the total value of the sea fish brought to the various points of landing in Canada increased by $225,882, as compared with the same month last year. The total value of the fish taken on both coasts was $1,485,722. Especially on the Atlantic coast was the increase noticeable, the catch of cod, haddock, hake, and pollock being some 20,000 hundredweights greater than the catch in August of last year.

THE FALL WEATHER HARD ON LITTLE ONES

Canadian fall weather is extremely hard on little ones. One day is warm and bright and the next wet and cold. These sudden changes bring on colds, cramps and colic, and unless baby's little stomach is kept right the result may be serious. There is nothing to equal Baby's Own Tablets in keeping the little ones well. They sweeten the stomach, regulate the bowels, break up colds and make baby thrive. The Tablets are sold by medicine dealers or by mail at 25 cents a box from The Dr. Williams' Medicine Co., Brockville, Ont.

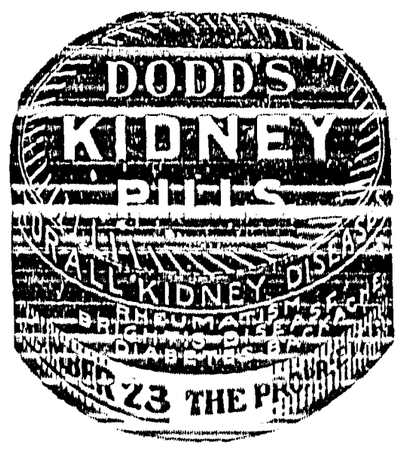
Miller's Worm Powders will drive worms from the system without injury to the child. The powders are so easy to take that the most delicate stomach can assimilate them and welcome them as speedy easers of pain, because they promptly kill the worms that cause the pain, and thus the suffering of the child is relieved. With so sterling a remedy at hand, no child should suffer an hour from worms.

Plowing Moderate Depth

Provided the plowing of the summerfallow in the previous year has been deep, as it should be, there is little advantage in deep fall plowing for wheat. About four or five inches will bury the stubble satisfactorily and will not be so much in danger of leaving an open dry bottom to the seed bed as where a large amount of stubble is turned in too deeply. This is even more true of early spring plowing, where a moderate depth is decidedly preferable.



U.F.O. Do Not Favor Coalition

Toronto. — There will be no alliance of the United Farmers of Ontario in the legislature with either the Conservatives or Liberals, but they may join with individual members of the old line parties in forming a government. This decision was arrived at by the members-elect of the United Farmers and U.F.O.-Labor after a lengthy session.

Following is the official statement of United Farmers of Ontario, issued by Secretary J. J. Morrison:

"The members-elect of the United Farmers of Ontario, after discussing the matter, have decided that it would be unwise for them to enter into alliance with either of the old parties. They are prepared to assume the fullest share of responsibility and form a government in co-operation with such members of other parties as are in sympathy with their platform and principles, and are free to give support thereto.

"In the formation of a cabinet, full consideration will be given to the various interests of the province."

Revised standing of new Ontario legislature follows:

U.F.O., 45; Liberals, 28; Conservatives, 25; Labor, 11; Soldier, 1; Independent Liberal 1. Total, 111.

U.F.O. list includes two candidates endorsed by labor, one endorsed by Liberals, and one endorsed by labor and veterans. The Labor list includes two also endorsed by U.F.O.

Sir John Hendry, lieutenant-governor, was in his office in the parliament buildings during the time the cabinet was in session, apparently ready to receive any advance that might be forthcoming from the premier.

The difficulty with the members of the present government is the matter of deciding as to their proper course. Now that the government has been rejected at the polls, they do not know what the United Farmers are going to do or what sort of combination may be formed in order that the government of the province may be carried on. Pending definite information from the United Farmer members-elect, the cabinet may meet from day to day to discuss developments.

Evacuation of Two Big Towns Ordered

Col. Avaloff-Bermondt Declares He Has Offered an Armistice to the Letts

Berlin.—The British naval commander at Libau, says a dispatch from Reval, Esthonia, has sent a demand to Col. Avaloff-Bermondt to evacuate Ust, Dvinsk (Dunamonde) and Thorensberg, west of Riga.

Col. Avaloff-Bermondt, in reply, said that after successfully safeguarding a strategic base for an offensive against the Bolshevik, he had offered an armistice to the Letts October 10.

He requested that his endeavors to obtain an armistice should be supported.

Britain Supplied War Material to Russians

Tremendous Number of Guns and Ammunition Has Been Sent

Vladivostok.—General Knox, chief of the British military mission, in a statement to the Russian Telegraph Agency at Omsk, says:

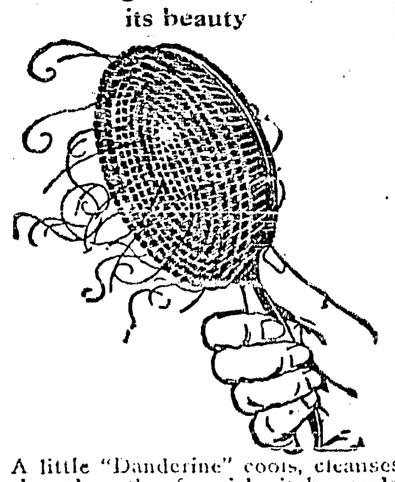
"Great Britain has furnished the Siberians and General Denikine with great quantities of munitions—hundreds of thousands of rifles, hundreds of millions of cartridges, hundreds of thousands of machine guns, as well as several hundred thousand sets of uniforms and equipments. Each cartridge fired this year by Russian soldiers was made in England, by English material and by English workers, the supplies being shipped to Russia on English steamers.

British Embassy in Berlin

London.—Walford H. Selby has been appointed provisional representative of the British Government in Berlin. He will open the embassy in Berlin as soon as the peace treaty becomes effective. The Associated Press was officially informed to this effect.

LET "DANDERINE" SAVE YOUR HAIR

Check ugly dandruff! Stop hair coming out and double its beauty



A little "Danderine" cools, cleanses and makes the feverish, itchy scalp soft and pliable; then this stimulating tonic penetrates to the famished hair roots, revitalizing and invigorating every hair in the head, thus stopping the hair falling out, or getting thin, dry or fading.

After a few applications of "Danderine" you seldom find a fallen hair or a particle of dandruff, besides every hair shows new life, vigor, brightness, more color and thickness.

A few cents buys a bottle of delightful "Danderine" at any drug or toilet counter.

Warships Bombarding Fortress of Kronstadt

French Vessels Reported Active on Forts, Are Able to Keep Beyond Range of Fortress Artillery

Copenhagen.—A dispatch to the Politiken from Helsingfors reports that French warships are bombarding Kronstadt. They are able to keep beyond range of the fortress artillery, owing to the long range of their guns.

Mennonites Must Comply With Law

No Deviation From Enforcing School Attendance Act

Winnipeg.—There will be no deviation from the rule of enforcing the School Attendance Act in Manitoba, and Mennonites, like other sections of the community, will have to comply with the law, Dr. Thornton, minister of education, told a delegation of Mennonites which requested the government to postpone enforcement.

The visit was the result of developments in the municipality of Hanover, Man., following legislation enacted at the last session of the legislature.

Previously Hanover had no public schools, but the government has mapped out the whole district into public school areas and two schools are already in operation and two others nearing completion.

Riots Resumed in New York

New York. — Rioting broke out again around the Lexington theatre, when for the second time in a week the Star Opera company produced German opera over the protest of veterans of the world war.

"SYRUP OF FIGS" CHILD'S LAXATIVE

Look at tongue! Remove poisons from little stomach, liver and bowels

Accept "California" Syrup of Figs only—look for the name California on the package, then you are sure your child is having the best and most harmless laxative or physic for the little stomach, liver and bowels. Children love its delicious fruity taste. Full directions for child's dose on each bottle. Give it without fear. Mother! You must say "California."

Sufferings in Russia

Men, Women and Children Are Falling Dead in the Streets From Hunger

Paris.—Pictures of Moscow's hunger are given in the Figaro by a Russian princess arriving from Russia. "I will not speak of the terrible revolting and odious things that passed in the streets of Moscow," she said, "but only of the hunger incidents I saw with my own eyes and which were repeated day after day. I met a woman and child, ragged and thin as skeletons, the child crying constantly with an unchanging expression of terror. The mother said that the child was hungry and asked for a piece of bread as they had not eaten for twenty-four hours. I opened my purse, but the woman turned away saying, 'No, not money, but bread.'

"Another time I saw a blonde-haired young girl with arms outstretched, leaning like a living crucifix against a wall and murmuring, 'I am hungry.' Next day she died.

"I have seen children, hardly clothed, hollow-cheeked, and with forms like shadows, on their knees in the street trying to pick from the paving stones grains of wheat that had fallen from a torn sack. I have seen before bakeries men, women and children stretched on the cold stones, waiting through days and nights their turn to get their meagre ration of bread, and then often falling exhausted and dying at the door steps before they received it."

Berlin.—The Supreme Council has refused a request from the German government that members of the inter-allied commissions in Germany should not wear uniforms after the peace treaty comes into effect.

Final Efforts To Avert Miners' Strike

Washington. — While committees representing miners and operators, making a final effort to avert the strike of half a million miners on November 1, were on the verge of parting for good, Secretary of Labor Wilson held them together, overnight at least, with a wage increase proposal that ignored union demands for a 34-hour week.

There was every assurance that the operators would accept it, and every indication that it would be rejected bodily by the miners.

Refusal of the miners to accept will bring the conference to a close and force government officials to resort to other means to prevent the closing of the mines with the first approach of winter.

Secretary Wilson's offer, which prevented acute disruption of the proceedings, set forth the following:

That wages be increased at the expiration of the present contract in an amount equal to the differences between increases in wages received by the mine workers since July, 1914, and the increase in the cost of living since that date.

That the increase be effective from the termination of the present agreement until March 31, 1920.

That on these conditions the strike order be withdrawn and that the miners continue at work on these terms; that negotiations be entered into at the usual time for making the new scale effective after March 31, 1920.

Austrian Constitution Is Amended

Dr. Otto Bauer Chosen Chairman of Commission to Frame New Constitution

Vienna.—The national assembly has eliminated from the constitution adopted recently the provision declaring Austria to be a composite part of Germany. The elimination was determined upon to meet the terms of the peace treaty.

Dr. Otto Bauer, who last week resigned as minister of socialization, has been chosen chairman of a commission to frame a new constitution for Austria.

Bulgaria Wants Trial Of Ex-Emperor

Demands the Arrest and Trial of King Ferdinand

Geneva.—A dispatch received here from Belgrade says the powerful peasant party in Bulgaria demands the arrest and trial of King Ferdinand, and also of former Premiers Radoslavoff and Malinoff, as being responsible for the war and leading Bulgaria into misery and the loss of provinces. According to the dispatch, confiscation of all the royal possessions is demanded.

Sir Adam Beck May Retire

Will Not Stay as Chairman Of Hydro-Electric Unless With a Sympathetic Government

Toronto.—Sir Adam Beck, interviewed, said he knew nothing of the discussion of the newspapers concerning his future course. He intimated that it was very doubtful if he would remain as chairman of the hydro-electric commission.

"On no account will I stay, except I am assured of a government that is in full sympathy with and behind the power development and hydro-radial projects," he said. "It would be useless to attempt to go on otherwise."

Delegates from Austria and Germany

Berlin.—The German and Austrian governments, it is learned, have decided to send delegates to the Washington Labor Conference, inasmuch as the supreme council of the allies has recommended their admittance as fully qualified members.

The delegates of the two nations probably will leave together for Washington soon.

Fleet For Far East Likely

Admiral Jellicoe's Report on Naval Defence Laid on Table in Australia

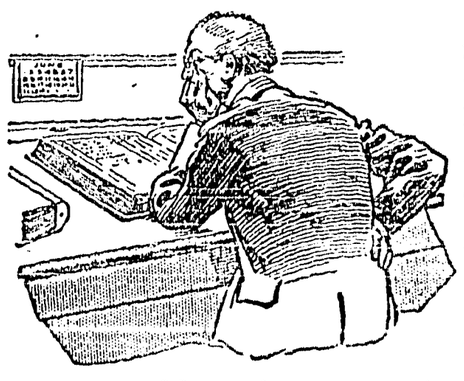
Melbourne.—The report of Admiral Lord Jellicoe concerning the naval defense of the Far East has been laid upon the table of the Australian House of Representation. Admiral Jellicoe, who has been making a tour of the British dominions to consider plans for their naval defense, says in the report that the naval end of the British Empire will probably demand within the next five years a strong Far Eastern fleet, comprising vessels of the royal navy, the East Indian squadron and the Australian, Canadian and New Zealand navies.

German-Austria Title Abolished

Vienna.—The National Assembly adopted an act abolishing the name of "German-Austria" for the nation and substituting the title "Republic of Austria." The Pan-German party offered violent opposition to the change.

A Nervous Wreck

BY DR. D. L. GRANTIER.



How many business men feel fagged out, nervous, with a "soggy brain"—worn out completely before the day and its tremendous tasks are half over? Try the right way! Clean the body first. That will help your nerves, your head and your circulation. Your doctor will tell you that anything from a headache or a common cold to grippe or a serious illness may result from allowing food to ferment in the intestines. Don't give the body a chance to absorb the poisons. Remove the toxins from the system and give the tissues of the body aid to resist disease by taking an occasional laxative such as castor oil, or a tiny pill made up of May-apple, aloin, jalap, and sold by most druggists as Dr. Pierce's Pleasant Pellets.

The kidneys and bladder suffer from the wear and tear, and we get chronic inflammations sometimes indicated by backache, painful voiding of water dull, heavy feelings. Perhaps the uric acid is stored up in the system in excessive amount, and consequently when the urate salts are deposited in muscles and joints one suffers from lumbago (pain in back), rheumatic pains, gout, etc.

Nothing will act so nicely as "Anuric" (anti-uric-acid), a recent discovery of Dr. Pierce's which can be had at all drug stores. "Anuric" washes away the poisons, cleanses the bladder and kidneys—rendering them antiseptic—consequently one is soon cured of lumbago, rheumatism, gout, and the body is put into a clean, healthy state.

Mrs. S. A. Speers and sister, Miss McMahon, are spending a few days with Spokane friends this week.

The first of the 1919 bazaar is announced. Christ Church Ladies' Guild have selected Wednesday, Dec. 3rd for theirs.

October was a bit unique in the matter of vital statitics. There were no births or deaths and but one marriage throughout the Creston Valley.

Saturday, Oct. 25th, was the coldest morning we have had so far accorning to the official weather returns. That a.m. the mercury travelled down to 12 above zero.

Sajatovich, the world's champion s rong man—according to the handb lls—was an added attraction at the Peekin on Monday night, giving exhib tions of his muscular prowess during the show.

All members of the Creston Board of Trade are urged to be out fot the November meeting on Tuesday night. Important Victory Loan and other business is on the order paper for immediate disposal.

FOR SALE — Canned fruit. Also small coal heater. Mrs. Fairhead.

GIRL WANTED—To assist with housework. Apply Mrs. F. Putnam, Erickson.

DRESSMAKING—After Nov. 3rd I am prepared to do dressmakidg by the day in your own home. Miss Vernon, Creston. over Peekin Theatre.

The Methodist Ladies' Aid hallowe'en social on Friday night in Speers' Hall was only fairly well attended, the gross intake being slightly less than $20.

October was unique in another direction. It had a total snowfall of almost six inches, which constitutes a record for at least the past fifteen years.

G. N. Gunn, who was provincial police here up till about seven years ago, who is now resident at New Denver, was calling on Creston friends a couple of days this week.

The three local churches are getting things in shape to launch the big Forward Movement, a Canada-wide drive for about $15,000,000, of which amount each of the Valley churches are asked to contribute about $500 each.

Fruit inspector A. McL. Fletcher is here this week inspecting what is expected to be about the last of the carload apple shipments from this point. He estimates that for the whole Valley the apple shipping this year will run to at least 125 carloads.

Creston Valley will observe the anversary of Armistice Day, Tuesday, Nov. 11th, with a whist and dance under Women' Institute auspices, with an admission of 75 cents. Cards from 8.30 to 10.30, followed by refreshments and then the dance. A large turnout is anticipated.

The T. M. Edmonson store property, at present occupied by A. Manuel, was purchased last week by Dong Barney, the local Chinese fruit and vegetable maguate, the price being $2500. Next year he will probably utilize it for a Chinese store, or move the Pacific resturant there.

W. R. Trotter, who leased his ranch here about four years ago to go back to prairie farming at McLeod, Alta. is again a Creston resident on his old place. He and Mrs. Trotter got back the latter part of the week. The dry weather of the past two years around McLeod were not productive of rich returns to the grain grower,

Mr. and Mrs. Sam Hatfield got away on an extended trip east on Tuesday, going via Spokane. They will have a stop in Northern Minnesota, where he has some property to dispose of and from there they go to the old home near Chatham, Ont. He recently disposed of all his property interests here, and is not expected to return.

Mr. Dicken of Fernie, who has the contract for the cement piers in the new high level bridge at Canpon, is here this week, making preparations to get the work under way. Given average Kootenay weather he expects to complete the job in at least two months. Tenders are now being called for the erection of the bridge itself.

The sale of Victory Bonds is progressing favorably at all points in the Valley from which the canvassers have so far reported, and there is every indication at present that with persistent effort and a consideration that it is only reasonable to expect from the public in this connection that between the corps of canvassers and bond sales at the bank that the Valley will negotiate the sale of the $50,000 worth.

For Christmas buying keep in mind the Gold Stripe. This is a publication that should be liberally purchased. The proceeds from the sale of it are for the benefit of the returned soldiers who are members of the Amputation Club at Vancouver, which takes in all B.C. men who have been maimed and wounded in the war. Jack Smith is handling the sale of Gold Stripe in the Valley and will be calling on you any day now,

The Hardware & Furniture Supply Company opened for business this week with a full stock of hardware and some of the lines in the furniture department with the promise of the latter section being well stocked before the end of the month from a carload of furniture which is now on the road. Picture framing will be handled. The store is in charge of M. J. Boyd, who assures patrons efficient and prompt service at rock bottom prices.

Creston Masonic Lodge had a visit on Wednesday night from R. W. Bro. Stoddart, D D.G.M., of Windermere, who was accompanied by F. Stockdale, P.M. of the same town. After the usual lodge business was disposed of a fourth degree was exemplified in No. 54's well-known style, followed by the usual round of speeches, and a thoroughly appreciated evening is reported by those in attendance- On Thursday the visitors were treated to a motor taip over the Valley under the guidance of their old friend, Major Mallandaine.

J. A. Grant, prairie fruit markets comissioner at Calgary, spent parts of Tuesday and Wednesday here interviewing growers and selling agencies on the 1919 season's successes and troubles. Mr. Grant reports a steady improvement in the quality of the pack of apples reaching the prairie market, but with still room for improvement. Despite the Alberta farmers turn down of the dozen boxes of Creston apples sent their annual convention last January. Mr, Grant states ahat the U.F.A. bought practically their whole 1919 supply of fruit of that sort in B.C., and never got better apples in their lives.

Canyon City

The hallowe'en party at the school-house on Friday night was a very enjoyable affair. Several representatives from Erickson and Lister were there and all seemed to enjoy themselves. It consisted of games and dancing.

Practices have begun for a comedy and concert to be given here during Christmas week, the idea being to raise more money for our soldiers' memorial.

There is a deck of cars at Lister not arrived yet, although Inspector Calvert has been asked to hurry them along. A carpenter is at work on the building making a porch, roof and other improvements. The new blackboards are already in place.

Mrs. Rice and daughter, Rose, are visitors at Cranbrook this week, while house moving is going on. They will take up residence at Lister on her return.

Miss Frances Lyne of Creston was a week-end visitor with Frances Knott, and was a guest at the hallowe'en party.

Matt. Clayton has finished his extensive apple packing operations this week. He has harvested fruit from three ranches this fall, so has been very busy.

The Debating Society meets again on Friday night. The subject this week is a simple one, "Which is preferable, Country or Town?"

Miss Bessie White is a guest of Mrs. Witherhead just now. Her friends extend sympathy in her bereavement. Her uncle, Jack White, was killed at Coeur d'Alene by a log pile slipping and throwing him into the mill pond. Although he was got out of the water speedily he did not regain consciousness and died soon afterward. Mrs. Harry White went from Yahk to attend the funeral.

Service in the schoolhouse will be half an hour earlier from now on, beginning at 2.30 instead of 3 o'clock. This is to enable Mr. Hamilton to return to Creston on the afternoon train
