THE CRESTON REVIEW

VOL. XI. CRESTON, B. C., FRIDAY, SEPTEMBER 19, 1919 No. 32

Weather Expert Visits Creston

Mr. Napier Denison, who is in charg of the observatory and weather reporting station at Victoria, was a Creston visitor a couple of days the latter part of the week, his mission being to get acquainted more intimately with the lay of this part of the Kootenay country, as well as to learn if the weather bureau service at present supplied is satisfactory, or could be enlarged and improved.

Robt. Stark and Dr. Henderson, who does the meteorological work here, discussed matters with him, as well as showing him over the Valley, and as a result of his visit arrangements have been made to make Creston a full weather recording station. This will include the installation of a sun recording instrument, which will be placed on the Mercantile store, and which E. C. Gibbs will take charge of. The instrument records the minutes of bright sunshine on a card, which is changed every day, and daily and monthly reports are made. In order to more accurately guage actual weather conditions here with those forecasted on the daily bulletin it has been arranged that Mr. Gibbs will each month return the bulletins wired here and on the back of each will state the weather conditions that actually obtained each day.

In order that the local weather maximums and minimums may appear in the daily press regularly it is hoped to be able to arrange to have the figures telephoned to Nelson each morning and wired in direct. At present they are wired via Calgary and much time is lost in transmission, the information invariably arriving too late to figure in the daily bulletins.

At Lister a rain guage as well as a standard thermometer will be installed almost immediately, Col. Lister having assured that the regulation records will be kept and reports made from that point. Dr. Henderson is also having a barometer sent him at his own expense and for his personal use. When all these improvements are effected the Valley will be quite well informed on climatic conditions.

Canyon City

As soon as the seats and other equipment, which are on order get here the new room at the public school will be opened in the church. The present intention is to provide for twenty scholars—the younger pupils, who will be quartered in the new premises.

Otto Johnson is busy these days building a new verandah and otherwise improving his residence here.

Messrs. Simons and Davis, two of the married men at Camp Lister, who have just got back with their wives, are spending a few days with Mr. and Mrs. Rice, before taking possession of their temporary homes at the soldier settlement.

Andy Wickholm, who has been working at Blairmore all season, returned this week, and will spend the winter on his ranch.

Miss Corbett, the Canyon teacher, was a week end visitor with friends at Kingsgate.

Little Miss Eleanor Blair, who has been rather seriously sick since early i nthe mounth, is now on the mend nicely.

Norman Strong left last week for Calgary, Alta., where he is spending a short holiday with his friends.

Chas. Simpson has purchased Floyd Rodgers' Ford car, which was rather badly wrecked in the recent airplane smash last month, and is having it rebuilt into a truck.

A. R. Swanson, who is taking his annual vacation at present, is getting thnigs in shape to stump several acres on his ranch here. Geo. Strong, who is at present on the place is getting ready to build a house on the ten acre he purchased this spring, adjoining Mawson brothers tract.

Rev. G. H, Hamilton was here for his first Methodist church service on Sunday afternoon, making a very favorable impression on a congregration that numbered almost half a hundred.

A literary society has just been organized here, more particularly to brighten up and improve social life for young people, and will have its first meeting to night when a debate on the subject that wheat growing is more profitable than fruit will be the feature, with Messrs Strong and Carver on the affirmative, and Messrs. Gilbert and Samuelson the negative. In addition to the debate there will also be a musical paogramme, and the public are all invited. Officers elected for the society are: President, Geo. Strong. Vice-president, Miss Corbett. Secretary-treasurer, Mr. Samuelson. Exeutive, Messrs. Gilbert, Carver and Chambers.

Sirdar

Messrs. Dennes and McDiarmid made a launch trip to Proctor the latter part of rhe week to sample the fishsng, but report them biting none too good.

Geo. Cam was at Creston on Monon his usual visit to Dr. Henderson. The injuries to his fingor are progressing nicely.

Mr. Brewis, the new school teacher is accompanied by his wife, and for tne present they are making their home at the C. P. R. Hotel. Mr. Brewis, so far, has created a very favorable impression.

Rev. J. S. Mahood was here for church service on Sunday evening and was favored with a fine turnout.

Mrs. Joues of Kuskanook was here for Sunday service, sbending the day with Mesdames North and Dennes.

The news agents are now making the run through to Sirdar. Formerly they quit the job at Cranbrook. Those on the run are Mr. McCann and the Billiken brothers. Occasioeally we have Mr. Senator Gavis of the Soo line, one of the oldest agents in the service.

C. M. Loasby Casey jonesed a party to Creston on Saturday night, the passengers being Mfs. Grundy, Mrs. Loasby, Mr, Crosby and Jack Cameron.

For the Creston fall fair next week an effort is deing made to have the C. P.R. run a one-passenger car special from here in the evening, returning after the dance.

Mr. and Mrs. Dennes and son get back last week from Spokane, where they had been guests of the former's father for a short vacation.

At Greenwood the schools opened with an attendance of 63 pupils. At the high school there were 11. This will probably be increased 50 per cent.

The Gazette claims that during the last week in August Grank Fords real estate dealers sold $40,000 worth of ranch properties. The trade is so good that H. Robertson is forsaken Nelson in order to open an office at the Forks.

Ladies' Work Prizes

The attention of the lady exhibetors at the Creston fair is called to the fact that in the printed prize list the sections shown do not include three lines that should be there, and which were announced as as going to be in the premium list in this paper on April 18th. The three items and prizes to be given are:

Sec. 230a—Collection of home mending: Darning on table linen, tear darned on woolen goods, patched hole on cotton goods, patched hole on woolen goocs. 1st, $3; 2nd, $2.

Sec. 230b—Fancy tea apron, 1st, $1; 2nd, 50c.

Sec, 230c—Best working apron machine made, of colored material, 1st, $1; 2nd, 50c.

Contestants are asked to make their entries as for Class 12, using the section numbers as above. These are three popular features of needlework and a considerable list of entries is anticipated.

Erickson

Miss Boffey arrived from Kamloops on Tuesday and will be with her sister-in-law, Mrs. Boffey for a time. The latter is still laid up, at present having a rather acute attack of neuritis.

Mrs. Jas. Maxwell left last week for Alberta, where she will visit friends at Claresholm and Calgary.

Word has just come that instructions will be given to have the roads in these parts put in travelable shape so as to make the trip of the Nelson business men a little pleasanter than is now possible. Along with this we should have a rain to settle the dust, with both of them the crowd at the fair will include all hands.

A. R. Swanson, C.P.R., agent at Creston, who is on holidays, is spending a couple of weeks of his vacation looking after the shipping here. Miss Marion Swanson having gone back to high school.

Truscott Bros. have their Gifford apple grading machine at work at the W. V. Jackson ranch this week, and it is giving tip top all round satisfaction. With two men operating it the machine handles 280 boxes of domestic pack a day—nothing under 2¼ inches going into the pack.

Sam Scott, who went overseas with Major Mallandaine's forestry draft in the spring of 1917, arrived home from war service on Friday, looking as well as ever, and certainly the same genial Sam to talk to. He has been in eastern Canada under the doctor's care foe the past two months. Mrs. Scott, who went to England in June, is expected back shortly.

Nelson Fall Fair

Now that the war is over, and things are slowly returning to their normal condition, the directors of the Nelson fuir felt that it was time to again place the Nelson Faia on its pre-war footing, with this end in view they have arranged an extensive program of attractions to provide amusements for the ont os town visitors.

Arrangements have been made with the transportation companies to provide round trip tickets for single and one third fare.

The stellar attraction will de the engagement of the fearless aviator Capt. McCall of Calgary, who will give daily aerial stunts, the like of which has never yet seen seen in the Kootenay's in addition to which he will make daily passenger flights to accomodate those who are hankering after a trip through azure.

Music will be furnished by the Great War Veterans Band of Nelson, and daily vaudeville attraction will de staged on the platform in front of the grand stand. The Midway will be provided for by the Boucher Big United Shows. The dates of the Fair, are Tuesday, Wednesday and Thursday, Sept. 23rd, 24th and 25th.

Power Apple Grader

The power apple grader has arrived in the valley. The first one is a Gifford, which Truscott Bros. brought in a few days ago, and which has been operating at the W. V. Jackson ranch this week, and working so well that the pickers have not been able to keep up to it at times.

So far it has been working on a domestic pack of apples, and for an eight hour day [illegible] boxes of this grade alone, with no count kept on the other sizes which have rolled down the other two compartments on the machine—nothing under 2¼ inches being allowed in the Domestic pack.

A half-horsepower engine is competent to handle this size of Gifford, and it is figured that with a staff of five men—a feeder, a man to take out the culls as they get into the sizing runway on the machine, and with [illegible] 360 boxes a day would be easy for the grader.

THE REVIEW had a look at it in operation on Tuesday and the pack of Wealthys could not be improved on for uniformity of size. Truscott Bros. have demonstrated it will save a cent a box even handling the orchard run stuff, while they claim in taking care of the wrapped fruit it increases a packer's efficieney not less than 20 per cent. Packing from a machine of this sort they estimate most packers should account for not less than 90 boxes a day.

Boy Scouts

T. R. Heneage of Victoria, who is in charge of boy scout work in British Columbia, was a visitor here on Thursday and Friday last, reorganizing matters for the local troop, due to the removal of the former scoutmaster, Alex. Smith, to West Vancouver. He had a meeting of the boys and parents interested in the schoolhouse on Saturday night, at which he spoke on the all-round importance of the scout work. F. H. Pearce, the new vice-principal, was chosen to take charge of the drill and indoor work, while Principal Smith has consented to handle the sports, hikes, and outdoor scout effort. The juvenile scouts, who are known as wolf cubs, will be handled by Miss Marion Swanson, who has had charge and given excellent satisfaction the past few months. The junior officers are Arthur Gobbett and Earl Swanson, patrol leaders, and Lionel Moore, assistant patrol leader. The boys are in need of funds to procure a library and other equipment and are planning to put on an entertainment later in the fall to secure the money needed.

Moving Pictures Fair Night Sure

The Peekin, Crestons first picture theatre, will be open for business on fair night, Saturday, Sept. 27th. Most of the equipment is already here, and on Wednesday morning F. Mitchell, an expert electrician from Spokane, commenced work on installing the theatre plant, and with ten days to go on is confident he will have everything in shape for the first showing of films at 8 p. m., on the 27th, Mr. Mitchell remaining here to take charge of opening night operations.

The first-night films are already booked, and delivery guaranteed. These include the well-known "Fight for Millions," a fifteen-week serial, the first chapters of which will be shown on the 27th, along with a two reel comedy and five-reel feature of the same high class.

Manager F. C. Rodgers announces that the picture machine will be on exhibition at the Peekin theatre window for a couple of eays before installing and invites everyone to have a good look at it. The old Auditorium has been thoroughly renovated and certainly no expense has been spared in any direction to make the Peekin thoroughly modern moving picture house. Seating is provided for 200.

There will be two shows opening night, the first at 8 prompt, and thereafter the show nights will be Mondays, Wednesdays and Saturdays, with a change of films each night. First-class music will be provided, and popular prices will always prevail.

The Graham evaporator at Vernon pays $30 a ton for second grade apples.

How To Awake Fresh As A Daisy Constipation Gone

No other remedy acts the same. Works while you sleep, smooth, silent, effective. Cures the worst headache or constipation.

This is what happens when you use Dr. Hamilton's Pills.

For wind or pain in the stomach nothing works better.

No bad taste left behind, no furred tongue, no more dizzy spells or bilious fits after taking Hamilton's Pills.

All the old costiveness, frightful dreams and nervous disorders disappear as a ship in the night.

The appetite is sharpened up, takes on a keen edge.

You enjoy your meals, relish and digest them.

Strength and buoyant spirits return. You feel good, you look like your old self again, with bright eyes and rosy cheeks.

The best guarantee of good health and old age that man and woman can have is the regular use of this family Pill.

Suited to all ages, you should get a few 25c boxes from the drug store and keep them handy.

Filling His Own Shoes

(Continued.)

Ruggles would never have suspected that amongst his other gifts he possessed eloquence. Miss Challand's tightened features softened as she stared at the flushed, boyish face. She had never before considered the question of trade from the viewpoint so eloquently presented by Ruggles, and her British sense of fair play forced her to admit that it might be well taken.

"Miss Challand," said Ruggles, "I wish I could speak to your niece."

Miss Challand hesitated. She was sorry for Ruggles, but she could not forget that he was a shoe clerk and, even though promoted to the charge of a shop, must still, she felt, be separated from her niece by a social gulf that admitted of no bridging. She quickly reflected, however, that Ruggles would soon be leaving Paris for Vienna, after which they need see no more of him. Besides, he had been guilty of no actual fault, and for the sake of their past pleasant relations it seemed ungracious to send him off with a snubbing. So she answered a little reluctantly:

"Very well. I'll ask her to come and listen to what you have to say, Mr. Ruggles, though I doubt whether you will be able to change her attitude."

"I don't know," said Ruggles, hopefully. "She's a sensible girl and she's seen enough of me by this time to know that I'd never do anything—"

[illegible]

"Oh, I guess you succeeded, all right," Ruggles answered, stung as though he had been lashed across the face with a dog whip. In the shop his patience was limitless, partly because he regarded a customer, no matter how disagreeable, quite as impersonally as the customer regarded him; partly because he felt that he owed this politeness to the people who paid him for that and other qualities that go to make a good salesman. But out of the shop it was a different matter. He respected other people's feelings and saw no reason why other people should not respect his. "If I'd thought for a second that you were the sort of a girl to think less of a man because he was working hard to make an honest living and get on in the world, I would have told you long ago that I was just a salesman in the Walkeasy shoe store. It never came into my head that you took me for a rich man."

"I never did take you for a rich man," Darthea replied. "But I took you for a gentleman."

"Well, and so I am," said Ruggles. "What have I ever done that wasn't gentlemanly, I'd like to know? What I told you about expecting to represent a big American exporting concern in Austria was true. Why, I'm expecting every day to get orders from the home office to take the managership of one of our stores in Vienna; and believe me, Miss Westbrooke, it will be just as fine an establishment, if not finer, than our Paris store that you came into yesterday."

Darthea gave a little shiver, yet her eyes lingered on Ruggles with a sort of puzzled doubt.

"And is that the height of your ambition?" she asked, "to be in charge of a shoe-shop in Vienna?"

"It is, just now," Ruggles answered stoutly. "What more can you expect of a man of my age? No doubt, later on, when I've made good, I may go gunning for something better. You can never tell; if I—oh, say, look here, Miss Westbrooke, it's the same with all of us. Just now you're working hard to get a picture hung in the Salon—and you sort of feel as if that was the height of your ambition, don't you? Well, suppose you do, you're still only one of thousands that get pictures hung in the Salon. You wouldn't be satisfied with that. The next thing, you'd want a medal, or something, or a picture bought by the state and hung in the Luxemburg. Well, it's just the same in business."

"I must say," said Darthea coldly, "I fail to see any connection between art and business."

"There is, though," said Ruggles, stubbornly. "There's got to be art in everything that's made, I guess, if you want to make it a success. And there's got to be business in art, too. The two things go together, just like—like a man and a woman." The color flooded his face.

"I fail to catch your meaning," said Darthea, and quite untruthfully, for she had caught it perfectly, both in its abstract and concrete senses.

"Well," said Ruggles, "it's like this. Suppos'n' there was nothing but artists in the world? Who'd supply their materials and build their studios and furnish their food and clothes, and, most of all, buy their pictures? All that couldn't go on without business. And, on the contrary, if everything was business, with no such thing as art, the world would be like one big factory. It wouldn't be worth living in. Believe me, you can't get along without the other, and just for that very reason [illegible] artist hasn't got any more right to look down on a business man than [illegible] has got his license to [illegible] an artist. See?"

Darthea felt rather confused. She understood, in a vague way, what [illegible] trying to impress upon [illegible] unable to find any [illegible] in his argument. No [illegible] had retreated to a simi[illegible] on the lip of a [illegible] and joined a [illegible] of Art in [illegible] But [illegible] of the Bal[illegible] getting him [illegible] for a visit and tea in the [illegible] these people and the fea[illegible] as a

cell in most well-managed prisons, or monasteries or convents and similar institutions.

"Very interesting, I'm sure," said Darthea, and looked at the door, wishing that Miss Challand would come to her rescue.

Ruggles reddened, and rose from the edge of the divan where he had been sitting. He felt the sudden need of air and exercise. Ruggles was a bit of a physiognomist as well as a pedalist (if there is such a word). He had seen similar expressions to that now worn by Darthea on the faces of customers whose earnest wish was to escape from the store as quickly and gracefully as possible, without having made a purchase.

How You Can Tell Genuine Aspirin

Only Tablets Marked With "Bayer Cross" Are Aspirin

If You Don't See the "Bayer Cross" on the Tablets, Refuse Them—They Are Not Aspirin

BAYER

There is only one Aspirin, that marked with the "Bayer Cross"—all other tablets are only acid imitations.

Look for the "Bayer Cross"! Then it is real Aspirin, for which there is no substitute.

Aspirin is not German, but is made in Canada by Canadians, and is owned by a Canadian Company.

Genuine "Bayer Tablets of Aspirin" have been proved safe by millions for Pain, Headache, Neuralgia, Colds, Rheumatism, Lumbago, Neuritis.

Handy tin boxes of 12 tablets—also larger "Bayer" packages—can be had at any drug store.

Aspirin is the trade mark, registered in Canada, of Bayer Manufacture of Monoaceticacidester of Salicylicacid.

One can't judge the good there is in a man by the worldly goods he possesses.

CHILDREN NEED HELP

MRS. M. SUMMERS, Box 966, Windsor, Ont.

Yorkshire Miners Cost Nation Dear

Strike Fund Exhausted With End of Fourth Week's Benefits

London.—The Yorkshire miners' strikes have been an expensive thing for the miner as well as for the people not directly connected with the dispute. The generally accepted figures are:

Damages to mines, $10,000,000; coal lost to industry, $15,000,000; losses to kindred industries, $12,500,000; the strike fund of the miners, amounting to $1,400,000, was exhausted with the end of the fourth week's strike benefits. This fund, it was stated, had taken some 25 years to accumulate. The Local Government Board, it is stated, cut out a lot of red tape, and with the co-operation of the local relief authorities averted distress throughout the district. In some cases $2.50 a week was allowed every married woman, with $1.25 for every child. This money, with the strike benefit, averted, the authorities believe, a great deal of suffering.

One Big Union Is Dead Issue

Winnipeg.—In the opinion of R. A. Rigg, organizer for the internationals in the West, the One Big Union movement is definitely defeated as far as Regina, Saskatoon and Moose Jaw are concerned.

"Very little O. B. U. sentiment is apparent in these cities, and with very few exceptions the unions are lining up behind the internationals."

When you hear a man say that he is tired of the world it's a safe bet that the world is tired of him.

Had a Very Bad Attack OF Bowel Complaint IT WAS CURED BY DR. FOWLER'S EXTRACT OF WILD STRAWBERRY

Any one suffering from bowel complaints such as diarrhoea, dysentery, colic, cramps and pains in the stomach, summer complaint, etc., will find that Dr. Fowler's Extract of Wild Strawberry will give quicker and more permanent relief than any other remedy on the market today.

This old tried and proven medicine has been on the market for the past 74 years. You don't experiment when you buy it. Surely the test of time proves this.

Mrs. Daniel Hartwick, Mountain Grove, Ont., writes: "I used Dr. Fowler's Extract of Wild Strawberry and have found that it is a good remedy. When my little girl was 2½ years old she had a very bad attack of bowel complaint. Nothing prescribed by the doctor seemed to do her any good. She got worse, until we thought we would lose her. I got a bottle of 'Dr. Fowler's,' and she soon found relief. Everyone who has children should not be without it in their home.

Price 35 cents a bottle; put up only by The T. Milburn Co., Limited, Toronto, Ont.

London-Paris Air Service

Journey Both Ways Being Made in Just Under Six Hours

London.—Three machines took part in the inauguration of the air express service to Paris, the journey both ways being made by one machine in just under six hours.

The "Airco 41," which belongs to the Aircraft Transport and Travel Limited, and which has often carried Mr. Bonar Law and General Seeley to France, carried one passenger and a cargo of goods and accomplished the journey in scheduled time.

The "Airco 16," polited by Major C. Patterson, M.C., carried several journalists and a cargo of newspapers at the fast speed of 140 miles per hour, also arriving to time, despite head winds.

The Handley Page machine, piloted by Major Foote, carried 11 passengers, but was detained in Paris. All the machines were examined by customs officers at Hounslow and at le Bourget before departure and on arrival.

A recent issue of the Aberdeen Journal was the [illegible] number of that venerable newspaper now the oldest in Scotland. The first issue of the Journal was published on April 18, 1746, and contained an account of an eye-witness of the battle of Culloden fought two days previously.

Some men always do their best—including their best friends.

Finest Thing Ever For Chronic Catarrh!

Gets Away From the Medicine Habit, Cures By Novel Method

With the many remedies you have tried you surely know that no liquid medicine can cure your throat or nose. Even a gargle only bathes the entrance of the throat—it can't really get inside, nor can it reach the inflamed bronchial tubes.

With Catarrhozone, it's so different from medicine-taking — you simply breathe its healing vapor, inhale its balsamic fumes, which carry cure and relief to the minutest air cells in the lungs, nose, throat, and bronchial tubes.

In this scientific way the soreness and inflammation is rapidly allayed, relaxed cords are toned up, the entire mucous membrane invigorated. Every trace of catarrh disappears, the disagreeable dropping of mucus in the throat, hawking, spitting and stopped-up nostrils — all these sure signs of catarrh and bronchitis are permanently cured by Catarrhozone. Large outfit lasts two months, costs $1.00; small size 50 cents, trial size 25 cents, at dealers everywhere.

Hutterites Must Educate Children

Must Conform to Regulations or Suffer Prosecution

Winnipeg.—The Hutterites, as in the case of the Mennonites, must conform to the regulations of the Manitoba school attendance act or suffer prosecution, was the decision announced by the department of education.

Robert Fletcher, the deputy minister of education, visited the colonies at Eli, Man., and informed the Hutterites that they must make some provision for the education of their children. A school is under erection now, and upon completion the department of education will appoint trustees, as the Hutterites do not take part in elections, and assign a teacher to the school.

GIRLS! WHITEN YOUR SKIN WITH LEMON JUICE

Make a Beauty Lotion for a Few Cents to Remove Tan, Freckles, Sallowness

Your grocer has the lemons and any drug store or toilet counter will supply you with three ounces of orchard white for a few cents. Squeeze the juice of two fresh lemons into a bottle, then put in the orchard white and shake well. This makes a quarter pint of the very best lemon skin whitener and complexion beautifier known. Massage this fragrant, creamy lotion daily into the face, neck, arms and hands and just see how freckles, tan, sallowness, redness and roughness disappear and how smooth, soft and clear the skin becomes. Yes! It is harmless, and the beautiful results will surprise you.

Fortune Teller (reading cards): "You have money coming to you, but no sickness whatever."

Client: "That's singular! I'm the new doctor across the street."—Boston Transcript.

THIS WEAK, NERVOUS MOTHER

Tells How Lydia E. Pinkham's Vegetable Compound Restored Her Health.

Philadelphia, Pa.—"I was very weak, always tired, my back ached, and I felt sickly most of the time. I went to a doctor and he said I had nervous indigestion, which added to my weak condition kep me worrying most of the time—and he said if I could not stop that, I could not get well. I heard so much about Lydia E. Pinkham's Vegetable Compound my husband wanted me to try it. I took it for a week and felt a little better. I kept it up for three months, and I feel fine and can eat anything now without distress or nervousness."—Mrs. J. WORTHLINE, 2842 North Taylor St., Philadelphia Pa.

The majority of mothers nowadays overdo, there are so many demands upon their time and strength; the result is invariably a weakened, run-down, nervous condition with headaches, backache, irritability and depression—and soon more serious ailments develop. It is at such periods in life that Lydia E. Pinkham's Vegetable Compound will restore a normal healthy condition, as it did to Mrs. Worthline.

Mysterious Blaze Reported At Sea

Captain Smith Saw a Flash of Fire Ten Miles Distant

New York.—Another mystery of the sea was reported upon the arrival of the steamer Merauke, from Rotterdam, with a tale of a strange explosion. Captain James Smith said that when approximately 600 miles from New York he saw a flash of fire to the north of his ship at 3.50 a.m. He judged it was about ten miles distant from his position.

Three hours later, Captain Smith reported, red-hot material was thrown high into the air and he plainly heard a terrific explosion. He found no trace of wreckage, however, although the weather was clear and there was a smooth sea.

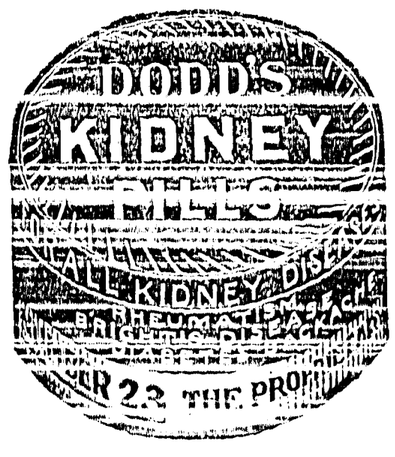
An Easy Pill to Take.—Some persons have repugnance to pills because of their nauseating taste. Parmelee's Vegetable Pills are so prepared as to make them agreeable to the most fastidious. The most delicate can take them without feeling the revulsion that follows the taking of ordinary pills. This is one reason for the popularity of these celebrated pills, but the main reason is their high tonical quality as a medicine for the stomach.

Aero Club of Manitoba

Winnipeg.—The Aero Club of Manitoba is to be the official title of the organization of former air service men formed in this city recently. The objects of the club are to promote good fellowship among those interested in flying, to promote flying and to safeguard fliers, to assist in recruiting in an emergency, to render charitable and financial aid to flying men in case of need, and to stimulate interest in flying; also to raise patriotic funds if the necessity arises.

New Air Stunt Succeeds

New York.—A feat never before attempted, was successfully performed here by three aviators, who flew consecutively under the five East River bridges. Lieut. A. S. Roberts headed the trio with Lieut. C. H. Burgess, who was recently married in an airplane, on his left, and Lieut. N. L. Elliott on his right. They flew in the form of a triangle.



Liquor Congesting London Docks

Big Revenue in Sight If Government Cares to Make Use of It

London.—One of the chief causes of the unprecedented state of congestion on the London docks is said to be an enormous influx of wines and rum for which the liquor trade gave tremendous orders immediately after the armistice was concluded. It is reported that the port of London authorities are taking steps to slow down these shipments until conditions become more normal.

A suggestion that the government could look to the liquor trade to ameliorate its financial problems was made in a speech at Carlisle by Baron d'Abernon, chairman of the central (liquor traffic) control board, and well known as a financier. Baron d'Abernon said that despite the increased taxations, the profits from the sale of liquor were greater than at any period in the trade's history. If financial conditions required it, he added, the revenue from alcohol could easily be brought up to £200,000,000 yearly.

Oil for Toothache.—There is no pain so acute and distressing as toothache. When you have so unwelcome a visitor, apply Dr. Thomas' Eclectric Oil according to directions and you will find immediate relief. It touches the nerve with soothing effect and the pain departs at once. That it will ease toothache is another fine quality of this Oil, showing the many uses it has.

The crack of a rifle startles the average woman less than the crack of a dish in the hands of the hired help.

Minard's Liniment for sale everywhere.

Confiscated Jewels Recovered

Vienna. — Baron Adolph Ulman, director-general of the Hungarian general credit bank, is quoted by the Vienna papers as saying that the private accounts, and likewise the jewels confiscated by the Bela Kun government, have been found intact in the various banks. The jewels were systematically tagged with their owners' names.

The heart of a coquet is like a street car, inasmuch as there is always room for one more.

Hurrah! How's This

Cincinnati authority says corns dry up and lift out with fingers.

Hospital records show that every time you cut a corn you invite lockjaw or blood poison, which is needless, says a Cincinnati authority, who tells you that a quarter ounce of a drug called freezone can be obtained at little cost from the drug store, but is sufficient to rid one's feet of every hard or soft corn or callus.

You simply apply a few drops of freezone on a tender, aching corn and soreness is instantly relieved. Shortly the entire corn can be lifted out, root and all, without pain.

This drug is sticky, but dries at once and is claimed to just shrivel up any corn without inflaming or even irritating the surrounding tissue or skin.

If your wife wears high heels she will be glad to know of this.

Finder of Gold at Vimy Ridge Sought

London.—Canadian headquarters has received an inquiry concerning a sum of gold stated to have been buried on a Lafolie farm, near Vimy Ridge, by a farmer, and subsequently discovered by Canadian soldiers, who gave it to their superiors.

Anybody possessing any knowledge of this matter should communicate with headquarters.

Big Enough Then

"What small feet your wife has!"

"Yes, but they're plenty big enough when she starts to walk all over me."

Reparation Commissioner

New Reparation Commissioner

London.—Sir John Bradbury, joint permanent secretary to the Treasury, has been appointed principal British representative on the reparation commission in Paris, and is succeeded by Sir W. Fisher. Three departments have been set up in the Treasury to deal with supply services, establishments, and general financial administration.

CHOLERA INFANTUM

Cholera infantum is one of the fatal ailments of childhood. It is a trouble that comes on suddenly, especially during the summer months and unless prompt action is taken little one may soon be beyond aid. Baby's Own Tablets are an ideal medicine in warding off this trouble. They regulate the bowels and sweeten the stomach and thus prevent all the dreaded summer complaints. They are an absolutely safe medicine being guaranteed by a government analyst to contain no opiates or narcotics or other harmful drugs. They cannot possibly do harm — they always do good. The Tablets are sold by medicine dealers or by mail at 25 cents a box from The Dr. Williams' Medicine Co., Brockville, Ont.

The poor man who is going downhill needs a substantial check.

To safeguard the child from damage that worms cause, use Miller's Worm Powders, the medicine par excellence for children. These powders will clear the system entirely of worms, will regulate and stimulate the organs injuriously affected by the worms, and will encourage healthful operation of the digestive processes. As a vermifuge it cannot be surpassed in effectiveness.

Be happy and perhaps you'll be good.

Relieve Congestion Of London Traffic

Plan to Make 5,000 Trucks Do Work of 95,000 Vehicles

London.—A. G. Gattie, in a conference with the board of trade committee with reference to his scheme for the reform of freight traffic in London, said that his proposal to use 5,000 motor trucks for the transport of commodities through London in connection with a centralized freight station, would take 95,000 vehicles off the traffic-jammed streets. Criticizing the present methods of handling cargoes on the London docks, he said it reminded him of "bailing a cistern with a teaspoon."

He advocated the employment of deep water wharves, abandoning docks.

Minard's Liniment Co., Limited.

Dear Sirs,—I had a Bleeding Tumor on my face for a long time and tried a number of remedies without any good results. I was advised to try MINARD'S LINIMENT, and after using several bottles it made a complete cure, and it healed all up and disappeared altogether.

DAVID HENDERSON,
Belleisle Station, Kings Co., N.B.,
Sept. 17, 1904.

Would Abolish Conscription

Washington.—Withdrawal of the United States from the League of Nations two years after ratification of the peace treaty, unless all nations abolish conscription within that time, was provided for in a bill introduced by Senator Jones, Washington, a Republican.

Cuticura SOAP

OINTMENT & TALCUM

The pore-cleansing, purifying and sterilizing properties of this wonderful skin soap, using plenty of hot water and soap, best applied with the hands, will prove helpful to those who use it for the first time. Touch eruptions, roughness or irritation, if any, with Cuticura Ointment before bathing. Dry and dust lightly with Cuticura Talcum, a fascinating fragrance for powdering and perfuming the skin. Nothing better than these ideal skin purifiers and their cost is but little.

Cuticura Soap 25c., Ointment 25 and 50c., Talcum 25c. plus Canadian duties. Sold everywhere. For sample each free address: "Cuticura, Dept. N, Boston, U.S.A."

Pay $11,750,000 Rent

Washington, D.C.—Rail Director Hines has signed a contract awarding the Pullman company $11,750,000 as one year's rental for their coaches, it was recently announced.

No matter how deep-rooted the corn or wart may be, it must yield to Holloway's Corn Cure if used as directed.

White lies are apt to leave black marks on a man's reputation.

Minard's Liniment Relieves Neuralgia.

The average man is moderately sane—except when he is engaged.

YOU CANNOT MOTOR IN COMFORT WITHOUT THEM

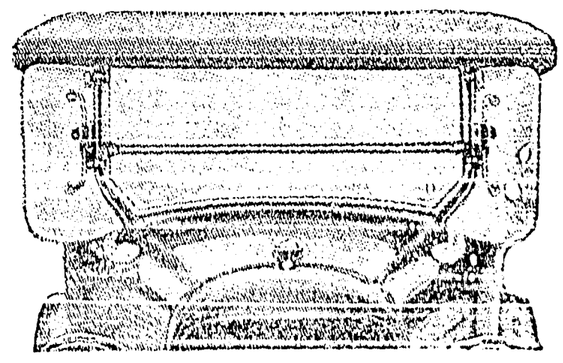
(PATENT APPLIED FOR)

ROYAL SIMPLEX WINDSHIELD WINGS

MOVABLE IN ALL DIRECTIONS
THEY KEEP OUT DUST, WIND, RAIN, SLEET AND SNOW

Will also adjust to throw the air directly upon the occupants of the front seats and tonneau at will. The Royal Simplex Wings are handsomely designed, and add a note of distinction to the finest automobile—and add class to the cheaper grade of cars. Can be clamped on any make of car in five minutes.
The sale of the Royal Simplex Wings has been enormous since they were first put on the market in the United States.

Ladies need no protection to their faces when riding in the front seat when the Car is FITTED WITH THESE WINGS



Royal Simplex Windshield Wings eliminate the draught for those in the front seat. In rainy weather it is not necessary to use side curtains for the front seat, thereby allowing the driver the same view of the road as in clear weather.

RETAIL PRICE $25.00 per pair NET

In Nickel or Black Enamel

In ordering give the name of car and year built

Can be procured from

THE ROYAL SIMPLEX WIND DEFLECTOR CO.
120 Wellington Street West, TORONTO, CANADA
175 McDermott Ave., WINNIPEG, Man.
Or from any dealer in Automobile Supplies or Garages

THE CRESTON REVIEW

Issued every Friday at Creston, B.C. Subscription: $2 a year in advance; $2.50 to U.S. points.

C. F. HAYES, Editor and Owner

CRESTON, B.C., FRIDAY, SEPT. 19

The Mines Portfolio

Great minds do not always run in similar channels. While THE REVIEW has always had the idea that when Hon. Martin Burrell was shelved at Ottawa R. F. Green, M.P., would be selected to succeed him as minister of mines, the Kaslo Kootenaian is not seeing things that way, and in rather vigorous fashion Editor Grier states the reason why in his last issue, after this fashion:

In last issue the Creston Review touches on possible federal cabinet changes and says that Burrell will probably drop out of the cabinet and Bob Green take the portfolio of mines. There are probably two reasons why this will not take place. The first one is that Burrell will not let go until he is sure of a life job either in the senate or civil service. It is well known that Shatford beat him to the upper house two years ago. The second reason why this is not likely to happen is that Bob Green may not accept the portfolio of mines in the present government, and we believe he would be foolish to do so. The writer is one of those who opposed Mr. Green's nomination in the Conservative convention, because he was not a resident of the constituency. He is the only live representative from British Columbia in the federal house. Delegations from other constituencies usually have to go to him for assistance when their own representatives can't find time to attend to their affairs. By accepting a portfolio Mr. Green would simply be scrapping himself in about the poorest junkpile that was ever shoveled together in the British Empire.

Within the month Vancouver despatches to the daily press would tend to create the impression that H. H. Stevens, the member for that city, would step into Mr. Burrell's shoes. Should anything like this happen—thus giving both Victoria and Vancouver cabinet representation to the exclusion of the interior—opinion pretty generally will be that the Kootenaian does not come far from telling the truth the whole truth and nothing but the truth in the above-stated view.

Despite the exceedingly dry season Penticton still maintains the fruit crop will exceed last year's by a margin of 20 per cent.

The Herald says Penticton apples will be of the smaller size this year, though the peaches have not suffered in this respect at all.

Piano Tuning & Repairing

NELSON ASSESSMENT DISTRICT

I HEREBY GIVE NOTICE that on October 9th, 1919, at the hour of 10 a.m., at the Court House, Nelson, I will sell at public auction the lands on the list hereinafter set out, of the persons in said list hereinafter set out, for delinquent taxes unpaid by said persons on the 31st day of December, 1918, and for interest, costs and expenses, including the costs for advertising said sale if the total amount due for period ending December 31st, 1917, is not sooner paid.

The Collector will be pleased to receive any information respecting the following list where the owner is a member of the Allied Forces and entitled to the benefits of Section 29 of the "Taxation Act Amendment Act, 1918."

Board of Trade September Meet

Nineteen members were out for the September meeting of the Board of Trade on Tuesday night, President Constable occupying the chair, with a number of live local questions claiming the attention of the session. Jas. Cherrington was elected to membership, which gives the board a list of 42 members.

An interim report on the entertainment of the Nelson board members and business men who are coming here on the 27th to see the fair and to get a close-up introduction to Kootenay Flats reclamation and the Valley generally, showed that almost 75 visitors may be expected, which will include the members of the Veterans' brass band, which is about 22 strong. The band is accompanying the Nelson delegation and it is expected that it will be available to supply music afternoon and evening, supplementing the efforts of the Creston band if it is sufficiently reorganized to be able to play that day. Present plans would seem to be to devote the afternoon to seeing the fair with the banquet at night, while Sunday morning will be taken up with a trip over the flats and such parts of the Valley as time will permit of. Committees have been named to look after accommodation of the visitors, and it is hoped, in this connection that the C.P.R. sleeping car will be run up from Sirdar, and placed on the sidetrack here for Saturday night, which will sleep quite a few of those expected.

On the visit of the federal reclamation expert, E. T. Drake, the president reported that if sufficient notice is given of his arrival a delegation will be up from Bonners Ferry to present the American side of the case to him.

On irrigation Robt. Stark reported that all the field work on the Arrow Creek-Creston scheme is now complete and the report as to the best system and the cost thereof might be expected reasonably soon. By utilizing both O'Kell and Arrow Creeks ample water is assured for at least 3000 acres.

The necessary authority was given the fall fair committee to prepare the best possible fruit display for the Cranbrook fair early in October. The big East Kootenay exhibition prize list has been enlarged to include all the fruit sections shown in the Creston list, with prize money totalling almost $350 for fruit alone.

There was a very thorough discussion of the fruit selling done at the C.P.R. station, and the opinion was very freely expressed that in many cases only culls were being offered for sale, and that in consequence Valley fruit was getting some undesirable publicity. C.P.R. authorities will be written to asking if some plan cannot be worked out whereby only fruit that is of at least average quality will be allowed to be sold.

To Geo. Johnson was delegated the matter of getting in touch with Road Supt. Moore asking that the roads on the flats particularly be given some needed attention to put them in good travelable shape for fair day's invasion by Nelson business men, and also that the road grader be got to work to put other sections of the Valley roads in fair good shape. The minister of works will be written to asking that the ferry be operated on Sunday during the haying season.

Trail has just started in to spend $10,000 putting down new cement sidewalks.

Nelson ferry handled over 6000 passengers last month—an increase of fifty per cent over the same month in 1918.

The News admonishes the citizens of Vernon not to be afraid to drink the city water in its raw state. Although the supply is limited the purity is of the usual high standard.

Is there any Meat in the House?

This is the first question that presents itself to the housewife if an unexpected visitor drops in for a meal. But why worry?

Shamrock Brand
Hams and Bacon
Finest Quality
Cooked Ham
Lunch Meat
Bologna, &c.

are always to be had here. In meats nothing quite equals 'Shamrock' products.

P. BURNS & CO., Ltd.

Synopsis of Land Act Amendments

Minimum price of first-class land reduced to $5 an acre; second-class to $2.50 an acre.

Pre-emption now confined to surveyed lands only.

Records will be granted covering only land suitable for agricultural purposes and which is non-timber land.

Partnership pre-emptions abolished, but parties of not more than four may arrange for adjacent pre-emptions with joint residence, but each making necessary improvements on respective claims.

Pre-emptors must occupy claims for five years and make improvements to value of $10 per acre, including clearing and cultivation of at least 5 acres, before receiving Crown Grant.

Where pre-emptor in occupation not less than 3 years, and has made proportionate improvements, he may, because of ill-health, or other cause, be granted intermediate certificate of improvement and transfer his claim.

Records without permanent residence may be issued, provided applicant makes improvements to extent of $300 per annum and records same each year. Failure to make improvements or record same will operate as forfeiture. Title cannot be obtained in less than 5 years, and improvements of $10.00 per acre, including 5 acres cleared and cultivated, and residence of at least 2 years are required.

Pre-emptor holding Crown grant may record another pre-emption, if he requires land in conjunction with his farm, without actual occupation, provided statutory improvements made and residence maintained on Crown granted land.

Unsurveyed areas, not exceeding 20 acres, may be leased as homesites; title to be obtained after fulfilling residential and improvement conditions.

For grazing and industrial purposes areas exceeding 640 acres may be leased by one person or company.

Mill, factory or industrial sites on timber land not exceeding 40 acres may be purchased; conditions include payment of stumpage.

Natural hay meadows inaccessible by existing roads may be purchased conditional upon construction of a road to them. Rebate of one-half of cost of road, not exceeding half of purchase price, is made.

PRE-EMPTORS' FREE GRANTS ACT.

The scope of this Act is enlarged to include all persons joining and serving with His Majesty's Forces. The time within which the heirs or devisees of a deceased pre-emptor may apply for title under this Act is extended from for one year from the death of such person, as formerly, until one year after the conclusion of the present war. This privilege is also made retroactive.

No fees relating to pre-emptions are due or payable by soldiers on pre-emptions recorded after June 26, 1918. Taxes are remitted for five years.

Provision for return of moneys accrued, due and been paid since August 4, 1914, on account of payments, fees or taxes on soldiers' pre-emptions.

Interest on agreements to purchase town or city lots held by members of Allied Forces, or dependents, acquired direct or indirect, remitted from enlistment to March 31, 1920.

SUB-PURCHASERS OF CROWN LANDS.

Provision made for issuance of Crown grants to sub-purchasers of Crown Lands, acquiring rights from purchasers who failed to complete purchase, involving forfeiture, on fulfillment of conditions of purchase, interest and taxes. Where sub-purchasers do not claim whole of original parcel, purchase price due and taxes may be distributed proportionately over whole area. Applications must be made by May 1, 1920.

GRAZING.

Grazing Act, 1919, for systematic development of livestock industry provides for grazing districts and range administration under Commissioner. Annual grazing permits issued based on numbers ranged; priority for established owners. Stock-owners may form Associations for range management. Free, or partially free, permits for settlers, campers or travellers, up to ten head.

TRAVELLERS' CHEQUES

Convenience, security and economy are secured by the use of Travellers' Cheques issued by this Bank. They enable the bearer to identify himself and are readily converted into the current coin of any foreign country.

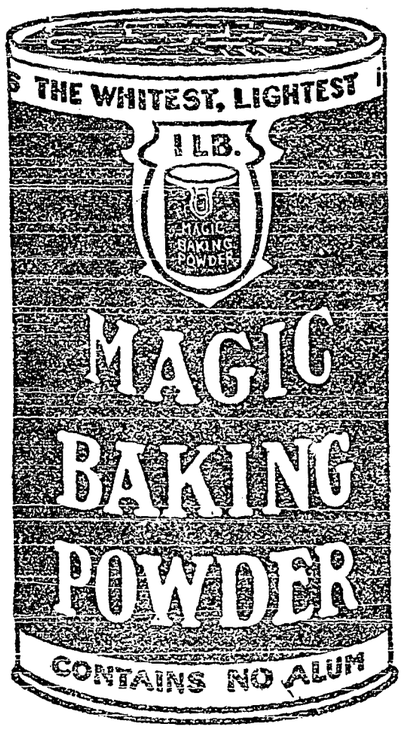
(Continued on Page 8)



Back To School

The schools' summer holidays are over for another year, and teachers and pupils are again occupying their places in the little schoolhouses all over this prairie country, where the real foundations of Canada's future citizenship are being laid.

But while the teachers are in their places, something more than ten thousand of them in the three Prairie Provinces, it is important to ask and answer the question whether all the boys and girls are again in school who ought to be there.

Compulsory school attendance laws are in force in these provinces, under which it is obligatory on parents and guardians to send their children to school until a certain age is reached. These are wise laws, designed to prevent future citizens from growing up to young manhood and womanhood not only uneducated, but illiterate. In this western country boys and girls are wisely compelled to learn to read, write and speak English and master the rudiments of a primary common school education.

Every year, however, some thousands of boys and girls reach the age when the compulsion of the law enforcing school attendance is lifted, and it becomes a matter to be decided by the fathers and mothers whether Charles or John or Susie shall return to school, or whether they will be kept at home to help on the farm or in the store or about the house, or be allowed to go out and "get a job" and thus help to keep the family.

It is a critical decision fathers and mothers are called upon to make. Boys and girls, usually, are anxious to get away from the discipline, routine [illegible] It is not until [illegible] look back upon [illegible] happiest, [illegible] lives [illegible] anxious [illegible] and learn [illegible] it is the per- [illegible] look for [illegible] [illegible] [illegible]

Miners In Britain Are Still Restless

London.—The situation of the coal question now is that the Miners' Federation has unanimously rejected the government's plan for working the mines in favor of nationalization. They have, however, left it to the Trades Union Congress, to be held at Glasgow on September 8, to decide whether there shall be direct action by the miners or whether constitutional means shall be employed to secure nationalization of the mines.

This means, in the opinion of the competent judges, that direct action will not be taken. The miners, nevertheless, are said to be flirting with the idea and will endeavor to induce the labor triple alliance—the miners, transportation workers and railwaymen—to order another ballot of its members on the employment of direct action against conscription and military interference in Russia.

Messrs. Smillie and Brace, in recent speeches, both plainly intimated that it would be a mistake to assume that direct action had been abandoned, and urged the government not to drive the miners to extremes.

Point seemingly is given to Mr. Brace's declaration that coal is more important than gold by figures issued by the Board of Trade, showing steady decline week by week in the output of coal, from nearly 5,000,000 tons the week ending May 31, to just a little more than 2,500,000 tons for the week ending August 9. The greatest reduction in Output was in Yorkshire.

Significant Shuffle In Cabinet

Hon. Arthur Sifton Now Minister of Public Works

Ottawa.—A small, but, in a way, significant shuffle in the cabinet took place, when Hon. Arthur Sifton, former minister of customs, walked across the square and took the place of Hon. F. B. Carvell as minister of public works.

No announcement is yet made as to the customs portfolio, but it is quite possible that when Hon. Martin Burrell, secretary of state, goes out, H. H. Stevens, of Vancouver, will become minister of customs and the new secretary of state will come from New Brunswick.

By this move Mr. Sifton heads a live spending department, and considerable interest attaches to the change.

Armenians Fear Massacre

London.—Responsible authorities in Armenia continue to emphasize the exceedingly grave situation that must follow the withdrawal of British troops. There are conclusive indications that as soon as the withdrawal occurs the Armenians will be attacked from the east and southwest by Tartars, Kurds and Turks, who will likely form a combined force under Turkish officers. The Kurds and Tartars are already moving towards Erivan, the Armenian capital, to be in readiness to strike when the Armenians are left defenceless.

Warn Income Tax Dodgers

Winnipeg.—A local paper, in a special dispatch from Ottawa, states that prosecution of income tax dodgers will begin this week, according to a report from the Department of Finance. The department, it is said, plans vigorous prosecution of all persons who failed to file a return on their income or who gave false information. Several Montreal and Halifax business men and several prominent westerners are in line for early prosecution, it is reported.

U.S. Navy to Go to Greet Prince

Vancouver.—Hon. Josephus Daniels, secretary of the United States navy, will send part of his Pacific fleet to Vancouver on September 22 when the Prince of Wales is to be here. Mr. Daniels wired city officials that while he would not be able to be present himself, he would be pleased to send part of the fleet, and would "make such arrangements as possible." Mr. Daniels is to visit Victoria on a dreadnought on September 11.

Germans Must Fulfill Peace Terms

Allies Will Show Firmness in Having Peace Treaty Fully Carried Out

Paris.—Commenting upon the action of the peace conference in simultaneously handling Austria, in final form, the peace terms framed for her acceptance, and the delivery to Germany of the note demanding a change in the German constitution to eliminate the provision for the selection of Austrian representatives to the German parliament, the Paris newspapers declare this was not a simple coincidence. It means, the press argues, at once a firm resolution by the Allies to insist upon respect for the terms of the German treaty as regards Austria and the definite end of the Danubian monarchy.

Wilson Will Consult People

Going on Stump for Peace Treaty All Over States

Washington. — President Wilson has left on his western speaking tour on behalf of the peace treaty, confident of ratification of the instrument by the senate without amendments or "destructive reservations" which would require re-negotiation.

The trip, perhaps the most arduous ever undertaken by a President, will carry Mr. Wilson and his party as far west as the Pacific coast, almost to the Canadian border on the north and almost to Mexico on the south. He will speak in every state west of the Mississippi except four, and will make up for the omission of these by speeches in Ohio, Indiana, Kentucky and Tennessee. In Seattle he will review the Pacific fleet.

Although it is expected that the President will devote most of his attention to the peace treaty, he probably will also touch on the high cost of living and other domestic problems.

Rumors Waste In Navy

Admiral Fisher Suggests Money Might Now Be Reserved for Better Things Than Fleets

London.—A protest couched in vigorous language in the Times by Lord Fisher on naval expenditure has evoked interesting comments. Lord Fisher declaimed against alleged incredible and ruinous waste in the navy, which now costs one hundred and forty million pounds sterling annually, as compared with thirty-four million in 1904, notwithstanding that the German fleet does not exist. Lord Fisher declares that half the navy is already obsolete and should be scrapped and says that the other half will be equally useless in a few years because of internal combustion engines and oil.

Lord Fisher concludes: "If the nation don't sack the spendthrifts, the day of crumbling is not far off."

$30,000 for Grubstakes

Dawson.—The Dawson city's welcoming and re-establishment committee for returned soldiers has adopted resolutions asking the Federal Government for $30,000 for relief of returned men who arrived back here too late to earn a winter grubstake, or who are physically unfit, and asking particularly that soldier-miners be given this assistance in lieu of land grants.

New Zealand Agrees

Wellington, N.Z. — The peace treaty with Germany was unanimously ratified by parliament, after members of the Labor party had criticized the pact.

Oil Find at The Pas

Winnipeg. Reports reaching here from The Pas, Man., state that a discovery of crude oil of great commercial value has been made 20 miles southwest of The Pas.

Aviators Take Up Life On Ranch

To Breed Horses, Cattle and Sheep and Grow Cotton

London.—A party of former officers of the British forces held a meeting here with the purpose of getting acquainted preparatory to their departure for Central America, where they will take up life on a ranch under the supervision of Brig.-Gen. Alfred Critchley, former commander of the Royal Air Force.

Brig.-Gen. Critchley originated the plan "in recognition of the desire on the part of many other demobilized officers for healthy sporting and adventurous open-air life, combined with unlimited possibilities of a commercial nature."

On the ranch, which is located in the centre of a well-stocked sporting area, it is purposed to breed horses and cattle and sheep, and grow cotton and other crops. The estate belongs to General Critchley.

It is planned to divide the land among the members of the party after the first year spent on it.

All the members of the party who will make the trip are bachelors, but married men, who are former officers of the British forces, will be welcomed to membership in the club after the inauguration of the enterprise.

Brig.-Gen. Critchley, who was born in Calgary 29 years ago, is widely known in Canada as a sportsman, hunting, polo, golf and tennis being his favorite pastimes. He was a member of the Lord Strathcona Horse at the outbreak of the war and went to Europe and served with the First Canadian Division. He was awarded the D.S.O. in 1915.

Army Food Going Cheap

Prices Slashed to Meet Cut Made By Chain of Grocery Stores

New York.—Sale of surplus army food in New York took on the aspects of a cut rate war, when Market Commissioner Day, in charge of sales, announced that prices of canned soups had been slashed to meet a cut in soup prices made by a chain of grocery stores following army food sales.

The army soup originally was sold at nine and ten cents a can, which was below the price chain stores were asking for similar products. The chain stores cut their prices to three cans for 25 cents. Commissioner Day's new price for army soup is seven cents a can.

Commissioner Day also announced revision downward of the prices charged for army bacon, beans, corn, peas, condensed milk, corn syrup and canned tomatoes. All these staples now are being sold at prices considerably below those fixed by the fair price committee, he said. According to Commissioner Day, the army food sales have totalled more than $500,000 in eight days, and at the present rate the supply of army food will have been exhausted in two more weeks.

Cheaper Meat for New Yorkers

New York.—The retail price of meat has declined from one to two cents a pound in this city, according to Arthur Williams, federal food administrator, who has just issued his semi-weekly fair price list. In the matter of groceries, however, the campaign against the pool has not been so successful, as most of the items under this head have increased slightly.

Arrest Mexican Outlaws

Washington. Outlaws responsible for the murder of John W. Correll, an American citizen, have been arrested and will be placed on trial at Tampico, the Mexican embassy has announced. The arrests were made near Los Mezquils and included Ramon Diaz, chieftain, and his followers, Rafael Ruiz, Francisco Camboa, Blas Vidal and Francisco Valverde.

Prince Will Unveil Statue

London.—The statue of Queen Victoria, purchased by the British Columbia government before the war for placing in front of the government buildings at Victoria, is being shipped, and it is hoped that it will arrive in time for the Prince of Wales to unveil. The statue has been at the Royal Exchange.

Feasibility Of Airplane For Commercial Use

London.—The Air Minister states that the demonstration flight recently carried out to Scandinavian countries by a flying boat of the Royal Air Force proved to be remarkably successful.

Starting from Felixstowe and proceeding via Dundee, the machine flew direct to Norway and landed at Christiansand, this being the first occasion on which the journey has been accomplished by a British seaplane. From Christiansand the trip continued by stages to Christiania, Copenhagen, Stockholm, Gossburg, Esbjerg and back to Felixstowe, a total distance of 2,450 sea miles, which was covered in a total flying time of 40 hours and 40 minutes.

The flight was made entirely as a demonstration of the commercial use of flying boats, and it is noteworthy, because no mishap of any kind occurred, despite the fact that from its departure until its return to Felixstowe the machine spent a total of 27 days on the water or in the air. Exhibition and passenger carrying flights were carried out at Christiania, Christiansand and Copenhagen.

The first exhibition flights were made before the King and Queen of Norway, and as the Queen expressed a desire to fly, her Majesty was taken up on two occasions seated beside the pilot. Her Majesty was keenly interested in his manipulation of the controls and during the second flight, when the Queen was accompanied by the Crown Prince, her Majesty actually took control of the flying boat for a short period.

A very good impression was created in each of the Scandinavian towns visited and it is hoped valuable results will accrue to the British aircraft industry in opening up what is perhaps the best market in the world for water-going crafts.

Australians To Learn Dry Farming

Hundred Picked Veterans Will Study Methods in United States

New York.—One hundred picked Australian soldiers will arrive in New York on the steamship Celtic, en route to the University of California, where they will take a twelve months' course in farming, it was announced here. They will return home and teach Australian soldier farmers scientific agronomy and irrigation.

The Australian Commonwealth recently appropriated nearly $250,000,000 for the aid of returned soldiers and sailors in obtaining land holdings. Believing that a large number of veterans will go into agriculture, the government has sent the Australian delegation to the United States to study modern farming methods.

100,000 Germans Escaped Service

Switzerland Leads Neutral Countries With 40,000 Deserters

Geneva.—Nearly 100,000 officers and men are considered deserters from the German army during the war, according to Munich advices. Included in this number are many thousands who were in England and America at the outbreak and were prevented from joining the German army, "although advised beforehand to join the colors," the dispatch says.

Switzerland leads the neutral countries with forty thousand deserters. A proclamation of amnesty to these men has been issued if they will return to Germany this year, but many former German soldiers in this country refuse to go back, fearing that they will be placed in the ranks once more because the allies have permitted Germany to retain her army on a war footing until the end of 1919. The amnesty proclamation does not apply to those accused of treason.

Cheap Meat For U.S.

Five Million Pounds of Frozen Food Made Available By the Government

Washington.—Five million pounds of frozen meats, now in cold storage in New York and Chicago, were offered by the War Department to municipalities for sale. The offer will remain in effect until September 25, at which time other methods of marketing such portions of the stock as remain will be resorted to.

The meats in storage include about 1,120,000 pounds of frozen poultry at New York and more than 1,000,000 pounds in the Chicago zone. This will be sold at 32 cents per pound. Large quantities of frozen mutton and pork shoulders and loins also will be offered from 16 to 27 cents. Since these products can only be transported in refrigerator cars, no order for less than a carload lot will be accepted.

German Doctors for Russian Army

Berlin.—The medical journals in Germany are publishing advertisements offering positions to German physicians and surgeons in the Russian army. Attractive pay and the right of securing homesteads is promised them.

Medical men are urged to enlist with volunteer troop units organized for fighting Bolchevism and are promised a premium of 5,000 marks if the counter-revolution is successful.

To Protect Salmon

Washington, D.C. — A treaty between the United States and Great Britain for the protection of [illegible] salmon of the Fraser river system was signed at the state department. Secretary Lansing signed for the United States, and R. C. Lindsey, in charge of the British embassy, and Chief Justice John Douglas Hazen, of Canada, signed for the British Government.

Made In Germany

Story of Proposed Attack Upon Petrograd Without Foundation

London.—It has been ascertained that the dispatch from Berlin giving German reports from Riga to the effect that Gen. Gough, of the British army, had issued a proclamation to the population of Petrograd that an attack was about to be made on that city is untrue.

Gen. Gough left Helsingfors August 19 for home, and at the present time is in England. He did not see Admiral Cowan, commander of the British naval forces, operating in the Baltic sea, before his departure for home.

Threw Bomb at Governor

Tokio.—Advices received here from Seoul, capital of Korea, state that a bomb was thrown at Governor-General Saito and that twenty persons were wounded, including an American woman named Harrison, who is believed to be related to Carter Harrison, former Mayor of Chicago. Governor-General Saito was not wounded. No further details were received.

After Due Deliberation

Lexington, Ky.—"Uncle Johnny" Shell, described as "the oldest man in the world," has just celebrated his 131st birthday by sending for a life insurance agent. "You never can tell what'll happen sonny," he told the agent, "and I want to prepare for the worst."

Have to Wait Their Turn

London. The C.P.O.S. have a waiting list of 5,000 people for transportation to Canada. The Cunard company list will not be cleared until the end of November, and it is said that over 500 applicants call at the company's office daily.

Pershing's Rank Permanent

[illegible] has signed the bill making permanent the rank of General John J. Pershing, commander of the expeditionary force.

No man ever comes half way up to the expectations his mother had of him when he was a boy.

E. FERGUSON,
Act. Assessor and Collector.

Dated at Nelson, B.C., this 8th day of September, 1919.

The Ledge claims business at the Greenwood postoffice is greater right now than it was a year ago.

The Best Ammunition

The bird and deer season opens to-morrow, with grouse takable for only two weeks.

With such a short bird season, and not much time to spare for hunting, it is important that you use the very best Shells and Cartridges.

This year we are handling the best to be had in these lines, and specially recommend the favorably-known Dominion goods. In these we have

Regal and Canuck

12 and 16 guage Shot Shells, as well as a complete line of Rifle Cartridges.

Come in and see these goods, and let us explain the all-round advantages of the Canuck acknowledged by all sportsmen to be perfection in shells

MAWSON

Better Service — BROTHERS — Lower Prices

Local and Personal

PIGS FOR SALE—Five weeks old. Guy Constable. Creston.

BIRTH—At Glenlily, on Sept. 10th, to Mr. and Mrs. A. L. Barnhardt. a son.

Miss Wilson of Calgary, Alta., is a visitor here at present, the guest of Miss E. Smith,

Len. Mawson, section foreman at Marysville, was here over the week-end, the guest of his parents.

BICYCLE FOR SALE—A Rambler bicycle, in good condition. cheap for cash, at Bevan's garage, Creston.

G. Taynton arrived from Redcliffe, Alta., on Wednesday to join the staff of the Creston branch of the Imperial Bank.

FOR SALE—Hotel range, 7-foot top; Moore gasoline lighting system, one Aladdin hanging lamp. Apply White Lunch, Creston.

Mawson Bros. announce that starting to-morrow they will have the well known Choquette Bros. (Nelson) bread on sale every day.

Mrs. M. J. Boyd, who spent the past three months with friends at Ottawa and other Ontario points, returned to Creston on Friday.

S. A. Speers had a sudden call to Griffin, Sask., on Friday last owing to the sudden death of his sister in that town that morning.

Misses Selma and Elin Anderson of Kimberly arrived on Wednesday on a visit to their parents, Mr. and Mrs. A. Anderson, Victoria Ave.

Dr. Primrose Wells, who has been spending the past couple of months on his ranch here, announces that he will resume the practice of his profession in Creston.

Owing to the Peekin theatre being in operation the dance announced for fair night at the Peekin will be held in Mercantile Hall, commencing at 9 o'clock prompt.

FOR SALE Girl's dark navy blue cloth coat, beaver collar, for girl 14 years, cost $12, will sell for $8. Girl's dark grey dress skirt $1.75. Enquire Review Office.

[illegible] at the Nelson hospital for a couple [illegible] returned home on Tuesday, apparently in about the same state of health.

Mrs. Evans and Mrs. M. Young have been Nelson visitors this week, with Mrs. Andy Miller, who has just undergone a rather critical operation in the hospital in that city.

There has been a steady demand for prize lists and entry forms all week, and a banner display in all departments of Creston fair seems assured. Entries close to-morrow.

Miss Erma Hayden left on Tuesday for Corvallis, Wash., where she will attend the state ladies' college this term. En route she is spending a couple of days in Spokane.

P. B. Foote, who is recently back from overseas, last week purchased the C. Hogarth ranch, adjoining the McCarthy place. Mr. and Mrs. Hogarth have moved to Vancouver.

Joe Martell, for a time porter at the Creston Hotel, who has been at the Cranbrook hospital the past three months, died in that institution last week and was buried in that city.

Mrs. Perry and young son of Bonner, Mont., and Mr. Chatfield of Albion, Mich., arrived this week on a visit to their sister, Mrs. R. R. Piper. The latter is just recently home from overseas service with Uncle Sam's forces.

Mrs. C. F. Hayes left yesterday on a six-weeks' holiday trip to Toronto, Markham, and other Ontario points. She was joined at Kitchener by Mrs. Forrester, who will probably spend the winter at the old home at Woodstock, Ont.

E. T. Drake of Ottawa, who is in charge of the federal reclamation and drainage service, arrived at noon yesterday to make an investigation of Kootenay Flats, and is being shown over the area by President Constable and a party of Board of Trade members.

Ensign Nelson of the Salvation Army was in Creston last week making arrangements for the Red Shield Home Service campaign, which will be held in the Valley shortly. She was promised enthusiastic support. Manager Allan of the Imperial Bank has consented to act as treasurer.

The Women's Institute will serve meals in Speers' Hall on fair day and if any ladies in the Valley feel that they would like to bring any refreshments to help provide for the great number of visitors expected it will be greatly appreciated. We will need plenty of salads, pies, cakes, bread, butter and pickles.

Insp. Junguet of Fernie, who is in charge of the East Kootenay R.N.W.M.P. forces, was here yesterday looking for quarters for a two-man detachment of the red coats who will be stationed here. It is likely temporary premises will be taken until the residence of R. Sinclair-Smith is vacated the latter part of October.

The first serious effort to provide storage for apples and thus get away from the necessity of the rush to get the fruit away the fore part of November is being provided at the C. O. Rodgers ranch, where contractor Jas. Johnston is busy on the erection of a two-story-and-basement packing shed. The storage is provided in a 22 x 36 x 7 foot basement, provided with a 12-inch wall which will readily store 2500 boxes of apples in absolute safety in the coldest weather this part of B. C. has yet seen.

Women's Institute

The September meeting of Creston Women's Institute was largely taken up with business having to do with the annual Kootenay W. I. convention, which will be held at Nakusp next month, and making arrangements for serving meals and refreshments on fair day.

The fair day programme includes serving dinner and supper at 50 cents in either Speers' Hall or the Grady building, with afternoon tea and refreshments also available at popular prices, while at the fair grounds there will be a booth handling ice cream and soft drinks. Mesdames G. Cartwright G. Young, Lidgate, McMurtrie and Hayden were named the refreshment committee.

For the convention consideration was given the resolutions that will be considered at the gathering. There are only five of them, two of which are from Creston. The two from here ask that the B.C. university be put in complete working order, while the second calls on the education department to make a regulation that girls attending the provincial normal school shall all wear the same costume while at school.

The Institute is organizing a drive for new members and Mesdames Downs and J. W. Hamilton were chosen captains for the rustle. Another $3 was reported donated for fall fair building lawn social, making a matter of $123 the ladies have turned in to the building fund.
