No. 29

## Directors Arrange Fall Fair Matters

At a well attended meeting of the directors of Creston Valley Agricultural Association on Tuesday night all arrangements were completed for the 1920 fall fair which will be held on Saturday, Oct. 2nd.

President Rodgers occupied the chair and after the minutes of the July directors meeting had been approved as read, a considerable budget of correspondence was tackled. This included a letter from the Dominion experimental farm authorities at Invermere, stating that they had gotten together a brand new display that was sure to prove of interest and asked that space be reserved for them at this year's Creston exhibition. A similar request was also received from Willis Pianos, Ltd., who want to put on a display. Both requests were granted.

The Athletic Association have agreed to handle the program of sports on fair day afternoon and \$100. was voted for this feature of the exhibition. Owing to secretary Constable having to take over the work of supervising hay cutting operations on the flats it is necessary to secure a successor to him, and the president was authorized to interview R. Walmsley and engage him for the position. The firm at Cranbrook handling the Decca systems will be compensated with in order to have an electric lighting system for the main building both days of the show.

A committee composed of Messrs. Bennett, Allan and Garland was named to handle the dance in Mercantile Hall on fair night, which the association is putting on this year, and they will be requested to consider also engaging the old Peekin theatre, if available that night, to take care of any overflow there may be. If there is no picture show it is felt one hall will hardly be big enough to accommodate the dance crowd.

Messrs. Bevan and Speers were constituted a committee, with power to add, to look after the decoration of the main building. As there have already been a number of requests as to the charge for the privilege of serving refreshments on the grounds on fair day the directors decided to make a charge of ten dollars and all who care may set up booths on paying that fee.

For the grounds committee Chairman Johnson reported that tenders has been called for the four-strand wire fencing of the grounds but that the cost was in excess of the amount allocated for the work and in view of this increased cost it was decided to abandon the fencing for the present. For the poultry display a temporary shed will be erected, most likely on the north side of the building.

A letter from the department notified of the appointment of judges for this year. There will be two of them in the fruit section one for live stock and dairy products, and one for the poultry. Three outsiders were named to make the awards in the ladies' sections, as well as in the school district's competition. The judges not being deemed sufficient for the fruit class an effort will be made to

also have E. C. Hunt of Nelson sent along to help with the work.

Those who are at the heads of the several departments are being urged to be at the grounds at 8 a.m. of the first day of the fair to receive exhibits and from present appearances there will be no hitches of any sort in promptly accommodating exhibitors as well as having the stuff carefully set up and everything in readiness for the judges to start work as early as they care on Saturday morning, so that Hon. John Keen, who is to be invited to open the exhibition, can proceed with the opening exercises promptly at 1 p.m., Oct. 2nd.

## Lister

Mrs. Alexander, who has been a visitor at Lethbridge, Alta., the past month, returned the latter part of the week.

School re-opened on Thursday morning with Mr. Lewis of Vancouver in charge as principal, and an opening day attendance of 49 pupils. According to the School Act as soon as the attendance reaches 40 a second teacher must be provided, and as soon as the furniture arrives for the new room it is expected the second teacher will be secured immediately after.

A meeting of the settlers' organization is called for the 15th inst. by President Bell. This will positively be the last chance for any to put in applications for a supply of flats hay.

Rev. J. S. Mahood, visiting Church of England vicar at Creston, will be here on Sunday afternoon, Sept. 20th, at 3.30 for the purpose of conducting a baptismal service. Any wishing to have children christened can make arrangements by communicating with A. R. Webb.

About two inches of rain have fallen here since the 10th, and Jas. Jory is of opinion that at least double that quantity has descended. Just when the rain started the men had the roof off his shack—which is being re-built into his new house—and up till Tuesday it had been impossible to get the top covering back on again.

The concert and dance at the school house on Sept. 4th netted a matter of \$45, half of which the Ladies' Auxiliary turned over to the Labor Day picnic fund and the other half goes toward the debt on the piano.

Fred Weston is an absentee from camp this week—on a visit with friends at Nelson.

At the re-organization meeting of the Sunday School on Sept. 5th John Bird was unanimously chosen superintendent and a good list of teachers were enrolled, who are working in turns in handling the several classes in the school. For the present Sunday school is being held in the morning.

R. Hewat of Kaslo, the official registrar of voters, was here on Wednesday evening at the schoolhouse, for the purpose of affording a last chance to Listerites to get on the new voters list. A few who had neglected the duty previously were enrolled.

John Bird has just received official notification of his appointment as a deputy game guardian, with special jurisdiction over the Lister section.

A most interesting feature of Sept. 4th concert which escaped mention in our last issue was the presentation to each one of the men here of a Princess Mary gift box. These are made out of British army cartridges and are supposed to be pencil boxes—each one having a pencil encased in the bullet. The boxes are of brass and about three inches square, with a miniature photo of the princess embossed on the cover. When the programme reached the stage where the boxes had to be distributed there were shouts from all over the hall for Col. Lister to make the presentation which were so insistent that there was nothing for it but for him to oblige, which he did with his usual ability getting a round round of applause at the conclusion of the good work.

## Busy Sept. Session Board of Trade

The appearance in town of the first road show of the season kept the attendance at the September meeting of Creston Board of Trade down to the requisite quorum, of seven members, and outside of routine and unfinished business the session was featureless.

President Constable occupied the chair, and after the minutes of the August meeting had been approved as read, and G. A. M. Young had been elected to membership, a start was made to dispose of a sheaf of correspondence appertaining to matters taken up at the two previous meetings.

Chief of provincial police McMynn wrote from Victoria that special notices were being posted at points near the Alberta and U.S. boundary points warning visiting motorists that it was compulsory for them to register with the nearest available provincial police officer on entering B.C. Creston Women's Institute wrote thanking board members for making their cars available to provide an auto trip for the delegates to the recent institutes' conference. Commissioner Starkey of the Associated Boards of Trade wrote asking for specific information to present before the session of the traffic commission at Nelson, and there was a letter from the comptroller of water rights stating that no license would be issued to C. P. Hill to develop mining claims if such license was liable to interfere with the Valley's Goat River irrigation scheme.

A letter from the proposed new East Kootenay Associated Boards of Trade was read, in which the date of September 20th was suggested as a good time for the meeting of the organization, with Fernie suggested as the meeting place. As the time was too short for the preparation of resolutions, etc., the secretary was instructed to write asking that the meeting be not held till about the middle of October, and the following were selected as convention delegates: President Constable, C. O. Rodgers and S. A. Speers. Owing to no provision having been made in the financing to take care of this latest affiliation the delegates will be in attendance at this function at their own expense.

After a considerable correspondence with several officials as well as the member for West Kootenay re having Creston again made a port of direct distribution of dutiable parcels shipped by mail, a letter was received from the deputy postmaster general through R. F. Green, M.P., in which the board is informed that the convenience sought has been re-established as from September 1st.

A delve into the proceedings of the board of several months back revealing the fact that assurance had been given that when the German artillery was being distributed as war trophies Creston would receive every consideration. And as almost every town of any consequence in the Kootenays has now received one or more of these guns, the secretary will write the War Trophies Board to ascertain when Creston's allotment of this discarded artillery is likely to be shipped. With definite information on this point the soldiers' memorial committee might find matters easier to handle in the way of choosing a site.

## Erickson

Miss Ruth Klingensmith, who is at Blairmore with her parents this year, was an Erickson visitor last week, the guest of Miss Stella McKelvey.

Mrs. E. W. Klingensmith of Yahk has been here for a couple of weeks looking after the fruit harvest on their ranch at Erickson.

Mrs. Frank Staples left on Wednesday last for Grand Forks, where she will spend the next couple of months with Mr. Staples, who is handling the Staples Fruit Company operations at that point.

The Union Sunday School resumed operations the first Sunday in September after being closed during the two

summer months. Mrs. Birney has again consented to act as superintendent and the attendance has been in the neighborhood of thirty teachers and scholars.

Erickson local of the United Farmers are out to develop the practical as well as the social side of the organization. Last week they took delivery of a carload of hay, which the members have purchased. Flour and feed will also be handled later. Prices on timothy and alfalfa mixed are about \$35 a ton at present.

The rainy spell we have had since last Friday has played considerable havoc with the ripe tomatoes and from now on the export in this line will be mostly of the green sort. However, the wetness is expected to materially help size up the apples and possibly the spuds.

School re-opened for the fall term on Tuesday of last week, and to date the attendance has been over the 30 mark—the biggest almost for the past six years.

Miss Melva Cartwright has returned to Cranbrook where she is starting on her third year as a member of the school teaching staff in that town.

Erickson has been active in carload shipping the past ten days, during which the Union has loaded out four cars from its new warehouse and this week the Staples Fruit Company loaded its first car.

The Union warehouse is now complete for this season's operation with the putting in of the new floor and the putting in of an apartment which Packer Atkinson will occupy. Miss Wood of Creston has been here a few days this week being initiated as an apple packer at the Union warehouse.

Frank Palmer was Erickson's representative at Spokane fair this year, spending a few days there last week.

Another change has taken place in Erickson property. On a visit here last week J. E. Myers of Vancouver disposed of his 20-acre unimproved place to Geo. Hobden. The land is opposite the Hobden ranch and it is Mr. Hobden's intention to at once start in stumping and getting it ready to plant out to orchard.

## Kitchener

A basket social and dance for the benefit of Kitchener school was held at the Kitchener Hotel on Saturday night, and although the weather was anything but favorable for a good turnout, financially the affair was a huge success. The auction of the boxes produced a total of \$187, while Trustees Frame gathered in another \$20 on the raffle of a duck donated by E. Drifill—both as an auctioneer and booster for Kitchener school surely this performance put Jimmy in the gold medal class. And on top of all this P. A. Paulson, who was unable to be present, sent along a donation of \$10, bringing the total intake of the evening up to \$217, all of which goes to the school fund. The ladies of Kitchener have every reason to be proud of their baskets and contents, especially Miss Laura Geroux, whose lunch box sold at the respectable total of \$31, while the one manufactured by Miss Simpson was good for \$20. Mr. Schonnert officiated as auctioneer, and the best recommend he could possibly ask for was the uniformly high prices he got for all the boxes offered—to say nothing of the smiles his good work produced on the hard working trustees, Messrs. Hunt, Johnson and Frame. For the dance excellent music was supplied by our two popular and capable musicians, the genial Jimmy Dooth at the piano and Oliver Simmons on the violin, with Mr. Schonnert in charge of the floor. One writer has it: "The old should be good, they have come a long way; the young must be good, too, they have a long way to go," and surely this fine old saying was nobly upheld by the people of Kitchener. Thank very much, boys, say the trustees; and as for the ladies they can't thank you enough. Among the out-of-town guests were Miss Seycalrud and Miss Selma Anderson of Creston. Miss Irene Smith of Roseland has just arrived to take charge of the school.

## Public Library Prospects Better

At the Women's Institute meeting on Friday afternoon hearty votes of thanks were passed to the members of Creston Board of Trade and other people who so kindly lent their cars and drove the delegates to the conference and some of the institute members on the trip through the Valley.

Mrs. R. Sinclair Smith was also most heartily thanked for the generous supply of flowers she provided for the decoration of the tables and platform on the night of the banquet at the Parish Hall. Everyone admired them, and they were very much appreciated afterwards by the sick people to whom they were sent.

One of the conference visitors, Mrs. Brodie of Nelson, has kindly consented to put up any girl or woman for the night who may be passing through the city, and unwilling to stay alone at a hotel—if the Women's Institute will let her know in time so that she may meet the boat or train.

Mrs. Mallandaine has offered a special prize for six quart jars of anything made from tomatoes, either green or ripe. The first prize is \$3, and second \$2. \$15 was voted as a donation to the school for the hot lunches next winter.

Mr. Killam, superintendent of travelling libraries, addressed the meeting on the subject of providing a public library. He spoke at an informal gathering the night before and a sufficient number of people signed a declaration of their intention of forming a Creston and District Public Library Association. This has been mailed to the registrar of joint stock companies and a charter of incorporation will be sent in a few weeks, when a library board of five members can be chosen by a public meeting to be called by the Association, and officers elected. This board will then decide upon the details of financing and housing the library, and all other matters connected with it. The institute will have a whist drive and dance on the evening of Armistice Day, Nov. 11th.

## Wynndel

Mr. and Mrs. E. Butterfield returned home on Monday after a ten days' holiday at lake points.

F. Stark of the A. Macdonald Company, Nelson, was a business visitor here on Friday.

Mr. and Mrs. E. Wall left on Tuesday for Creston, where Mr. Wall is working for Jas. Compton.

Duck Creek is now experiencing one of the most extensive rainy spells in its history. Already we have had six consecutive days of it. The prolonged streak of wet weather has driven all the early-bird haymakers off the flats.

Miss Anslang Andestad and Mr. Charlie Hindley were quietly married in Nelson on Tuesday, Sept. 7th, and are now spending their honeymoon at the coast. Their numerous friends extend best wishes for long life and happiness.

Mr. and Mrs. H. F. Packman left on Tuesday for Creston where Mr. Packman will be on the apple packing staff at the Compton ranch.

Duck hunting is all the rage here at present, but so far as we can make out the local sportsmen get very little more than a real good wetting. There should certainly be more ducks in evidence for the quantity of shot that has been fired.

E. S. Butterfield spent the week-end at Procter, looking up old friends.

E. Ferguson, provincial assessor, of Nelson, paid Wynndel district a business visit on Friday.

Owing to the bad weather several parties were disappointed in not being able to get to Creston on Wednesday. Manager Rodgers has such a knack of putting on good shows that we hate to miss even one of them.

C. Ogilvie is getting ahead fast with his new house and expects to have it finished by the end of the month.

## EARTHQUAKE IN ITALY CAUSES GREAT DAMAGE

WIDESPREAD DISASTER FOLLOWS EARTH TREMORS.

Many Thousand Are Reported to be Injured in Violent Shock.

Rome.—Italy is again suffering from an earthquake disaster, the extent of which has not yet been measured. It is known, however, that hundreds of people have been killed and thousands injured. Many small towns and villages have been wrecked, and although assistance is being hurried from all parts of the country to the afflicted area, there is much suffering for want of food, medicines, and shelter for the people.

It is not yet possible to calculate how many hundreds are dead. The list up to this evening shows close to 400 already reported. There are many bodies under the ruins, and there are wounded also under the ruins who have not yet been reached by the rescuer. There are believed to be many thousands of injured, the hospitals at Spezia have already admitted 500, and 500 have been taken to other hospitals nearby. Improvised hospitals composed of tents are caring for others.

All classes are combining in their efforts to render aid. Survivors describe the shock as terrifying, the air was filled with choking, blinding dust, so black that the sun was lost to view.

The great towers of medieval castles were shaken and partially destroyed. The Ducal Palace at Massarara, which was the summer residence of Napoleon's sister, was seriously damaged.

## One Great Essential To a Woman's Health Is Her Nerves

Nature intended women to be strong, healthy and happy as the day is long, instead of being sick and wretched. But how can any woman be healthy and happy when the whole nervous system is unstrung. The trouble is they pay more attention to their social and household duties than they do to their health. Is it any wonder then that they become irritable and nervous, have hot flushes, faint and dizzy spells, smothering and sinking spells, become weak and nervous, and everything in life becomes dark and gloomy.

Milburn's Heart and Nerve Pills are the very remedy that nervous, tired-out, weary women need to restore them to the blessings of good health. Mrs. P. H. Ryan, Sand Point, N.S., writes: "I have been a great sufferer from nerve troubles. I was so weak and nervous I could not sleep at night and my appetite was very poor. I could not walk across the floor without trembling. I had hot flushes and fainting spells. When I was on my second box of Milburn's Heart and Nerve Pills I began to feel better and kept on until I had used six boxes, when I felt like a different person. I am never without them in the house and recommend them to all who suffer with their nerves."

Price and a box of all details mailed direct on receipt of price by The T. Milburn Co., Limited, Toronto, Ont.

## Leniency Is A Failure

Lloyd George Says Guarantees of Good Behaviour Are Necessary In Ireland.

London.—Guarantees that attacks upon police in Ireland must cease are necessary before the government can consider the liberation of Terence McSwiney, lord mayor of Cork, and other hunger strikers, says the London Times in discussion Premier Lloyd George's views on the subject as outlined in his interview at Vige, Switzerland.

"The policy of leniency has been tried three times already," says the newspaper. "After the Easter rebellion of 1916 a large number of prisoners were unconditionally released and twice since then the same thing has been done. The very men let out of prison at once engaged in fresh conspiracies and started murdering police in Ireland all over again."

The newspaper declares the government must either protect the forces in Ireland or withdraw them altogether. It points out that Premier Lloyd George made a distinction between the Sinn Fein, which is not "a criminal organization" and the "republican army" which is striving by force to dismember the British Empire.

## French Object to American Interest

Rate For New Loan Calculated at 9.42 Per Cent.

Paris.—The French press, commenting on the new loan to be floated by the French government in the United States, comments on the rate of interest to be borne by the \$100,000,000 issued which, with the charges and premium, is calculated at 9.42 per cent. This, it is noted, appears very high to the French people, unacquainted with the money situation in the United States. It is not unreasonable, however, the commentators explain, when compared with the average income from securities, with the bank rate and with the interest charged for recent loans in Switzerland and Belgium.

## Aid for Housing Scheme

Proposal to Exchange Victory Bonds For Winnipeg Debentures.

Winnipeg.—Should the Provincial Government carry out Hon. Edward Brown's proposal to exchange \$300,000 worth of Victory Bonds for city of Winnipeg debentures, the bonds will be realized without delay by the city, and the money loaned out to home builders under the civic housing scheme at seven per cent interest. A by-law authorizing this procedure was passed at a special meeting of the council. The \$300,000 will allow about 75 more houses to be built this year.

## Women Meet in Christiania

Discuss Problems Relating to Welfare of Individuals and Community.

Washington.—Women from countries that remained neutral and from those that took opposite ideas in the late war assembled in the first meeting since 1914 at the Quinquennial Congress of the International Council of Women, at Christiania, Norway, September 8 to 17.

The object of the congress is to provide a means of communication between women's organizations in all countries on questions relating to the welfare of the commonwealth, the family and the individual. Some 400 women have enrolled to attend.

Discussions will be held on such subjects as new lines in the system of education, international aspects of public health, the housing problem, the campaign against social diseases, and the League of Nations.

Delegates will be received in the Royal Palace by Queen Maud of Norway, the city of Christiania will tender a luncheon and they will be entertained by various civic societies. The meeting will be closed on the 17th by a session of the Norwegian Parliament.

## REASONS GIVEN FOR INCREASED RAILWAY RATES

JUDGMENT OF BOARD HAS BEEN ISSUED.

Advance in Wages and Operating Expenses Necessitated Raise In Rates.

Ottawa.—The judgment of the board of railway commissioners in the railway rate case, covering some 20 typewritten foolscap pages, has been issued. It was written by Hon. F. B. Carvell, chief commissioner, and is concurred in by four of the other five commissioners composing the board. It states the reasons of the board for arriving at the decision to grant increases in freight and passenger rates and emphasizes the fact that the railways have not received advances in rates consistent with the advancing cost of operation.

"I realize," said Mr. Carvell, "that these rates will be a substantial burden upon the people of Canada, but it was admitted by all parties at the hearing that the cost of everything entering into the operation and maintenance of railways has increased more than 100 per cent in the last four years while the railway companies have been granted increases in what are known as the 15 per cent. and 25 per cent. cases, amounting on an average to not more than 35 per cent."

The judgment lays emphasis upon the fact that a large proportion of the increase granted will be taken up in maintaining the increased wages which the employees of Canadian railways will receive when the Chicago wage award schedule goes into effect in Canada.

At the hearing, it says, Howard G. Kelly, speaking for the Railway Association of Canada, stated that they had decided to pay the railway employees the rates granted to the American employees by the Chicago award, granting back pay to May 1 last, and on cross-examination, he frankly admitted that if they were not granted he firmly believed "there would be a general strike throughout Canada."

"Realizing the sincerity of his statement and the terrible results which would necessarily fall on the people of this country, as a whole, under such a contingency, I have taken his statement into consideration in adjusting the rates herein. It must not be forgotten that a very large part of the increase hereby granted will be necessary to take care of this increased wage, in the case of the Canadian Pacific Railway Company alone, amounting to nearly \$22,000,000 per year."

## HAS NO PAIN NOW

What Lydia E. Pinkham's Vegetable Compound Did for Mrs. Peasey of London.

London, Ont.—"I suffered with periodic pains, was weak and run down, could not eat and had headaches. The worst symptoms were dragging down pains so bad I sometimes thought I would go crazy and I seemed to be smothering. I was in this condition for two or three years and could not seem to work. I tried all kinds of remedies and had been treated by physicians, but received no benefit. I found one of your booklets and felt inclined to try Lydia E. Pinkham's Vegetable Compound. I received the best results from it, and now I keep house and go out to work and am like a new woman. I have recommended your Vegetable Compound to my friends, and if these facts will help some poor woman use them as you please." Mrs. J. W. Peasey, 200 Rectory Street, London, Ont.

The reason women write such letters to the Lydia E. Pinkham Medicine Co. and tell their friends how they are helped is that Lydia E. Pinkham's Vegetable Compound has brought health and happiness into their lives. Freed from their illness they want to pass the good news along to other suffering women that they also may be relieved. If there are any complications you do not understand write to Lydia E. Pinkham Medicine Co., Lynn, Mass.

## Not Satisfied With Increase

Railway Employees Want Advance of Thirty Per Cent. Over Present Scale.

Ottawa.—A. B. Mosher, grand president of the Canadian Brotherhood of Railway Employees, confirmed the statement that the recent increase of 20 per cent. did not satisfy the Canadian National Railways' employees and unskilled laborers. The employees demanded an increase of 30 per cent. of present wages.

The Canadian National Railway offered to apply the recent award of the United States Labor Board, which presented an increase of 20 per cent. over the McAdoo award of two years ago, to these employees, many of whom already through schedule arrangements, increases greater than those represented by the award of the United States Labor Board.

Committee representing the employees of eastern lines will resume negotiations with officials of the Canadian National Railways, but no arrangements have yet been made, Mr. Mosher said, for joint representation to be made before the Canadian National Railways and the Grand Trunk Railway.

About 5,000 employees are affected on the eastern lines of the Canadian National Railways.

## Jugo-Slavs Want Albania

Troops Are Already in Possession of Towns.

Rome.—Jugo-Slavia intends to make itself master of Albania, it is declared here in the light of recent reports. Jugo-Slavian troops have occupied Tarabosh and are attacking Kastrati, Dibra and Elbassan. In the fighting at Dibra, the Jugo-Slavs have been repulsed, losing a number of cannon and machine guns. It is reported they lost 1,200 prisoners, Bosnian and Slovenian troops surrendering. Other attacks being made are progressing more favorably.

## Not Concerned With Freight Problems

Liverpool Market Regulates Flour And Grain Price.

Toronto.—"The Liverpool price regulates that of flour and grain for the world," said a prominent Toronto milling firm manager this morning when asked if the increase in freight rates on the railways would affect the price of those commodities. "Liverpool is not concerned with our freight problems and is only anxious to buy in the cheapest market, but I think they cannot do better than in this country."

## Bush Fires Under Control

Fires in Northern Manitoba Worst in Ten Years.

Winnipeg.—F. K. Herchmer, district inspector of forestry department, received news that bush fires at Norway House are under control. No loss of life or damage to buildings has been reported.

The bush fires in this district have been the worst recorded during the past ten years. Owing to lack of rain pasture has been completely dried up and farmers are already feeding stock.

## B.C. Coal For Alaska

Seattle.—Four ships of the Alaska Steamship Company's fleet are bound to Alaskan ports with cargoes of British Columbia coal for points supposedly adjacent to the Alaskan coal fields. Another vessel of the fleet with 1,000 tons of British Columbia coal will sail for Alaska.

## Troops Desert Semenov

London.—General Semenov's adventures in the Far East have ended and his troops, under the leadership of General Lohvitski, have gone over to the government of the Russian Far Eastern Republic, according to a wireless despatch from Moscow. Semenov's entire gold reserve is said to have been captured and handed over to the Vladivostok government.

W. N. U. 1333

## RUSSIA NOW ANXIOUS TO RESTORE PEACE

WAR WITH POLAND WAS ONLY AN EPISODE.

Soviets Were Amazed at Allies Imposing Blockade of Russia.

London.—The Russian delegation in London, headed by M. Kameneff, has published the reply of M. Tchitcherin, the Bolshevik foreign minister, to the last note of Arthur J. Balfour, lord president of the council.

It is a long and argumentative document in justification of the soviet administration. It declares that in the face of the allied blockade of Russia, it is hardly in a position to express anything definite or anything but astonishment at the procedure.

The note reiterates that peace, in order to develop her possibilities, is Russia's fundamental aim, and declares that the war with Poland is only an episode in the struggle for peace.

The Polish appeal for mediation in her dispute with Lithuania will be considered at the next meeting of the League of Nations which will be held in Paris September 16. It will then be decided whether Lithuania, which is not a member of the league, will be asked to state its intentions.

This is similar to the procedure resorted to in the case of the Aland Islands, in which Finland, a non-member, was called upon, with Sweden's permission, to submit its argument.

## Clemenceau to Hunt Tigers

Paris.—Georges Clemenceau, the former French premier, will leave for India on Sept. 20 on board the steamer Iacordiller, sailing from Marseilles. He will land at Singapore, where a British ship will carry him to Calcutta.

M. Clemenceau will proceed to Himalaya to hunt the tiger, and will return to France about New Year's day.

Revolt in Moscow Against Bolshevik.

London.—Several serious revolts against the Russian Soviet government have broken out in the neighborhood of Moscow and have been suppressed with much bloodshed, says a despatch to the Exchange Telegraph Company filed in Copenhagen. It quotes telegrams received in that city from Riga.

## Just a minute, please!

HERE'S a timely suggestion for your vacation kit.

Put in an Ingersoll Maple Leaf with a Radiolite dial—the face that lights up in the dark.

The cost will be \$4.00, and for that you'll have a hardy, handy, husky watch, built to keep going wherever you're going; to stand any rough stuff you can stand, to give you faithful record of the time of day and time o' night.

Thus you can give your expensive watch a vacation in a nice comfortable strong box, knowing that the Maple Leaf will tell just as good time and bear hardships much more cheerfully.

Then if you lose the Maple Leaf Radiolite—you should worry, when you realize you've only lost \$4.00. Suppose it had been your high priced watch!

And there isn't any town too small to supply you with a new Maple Leaf.

Maple Leaf Radiolite, \$4.00

Models from \$3.25 to \$14.50

**Loyal Orange Lodge, No. 2095**

Meets **THIRD THURSDAY** of each month at Mercantile Hall. Visiting brethren cordially invited.

ERIC OLSON, W.M.

The proceeds of the sale of the dismantled Phoenix skating rink amount to \$1200, and this will be spent on a monument to those fallen in the great war, the memorial to erected on the site of the C.P.R. depot which has also been dismantled and moved away.

**WATER NOTICE**  
DIVERSION AND USE

Take notice that the persons mentioned in the Schedule below, whose address is Creston, B.C., will apply for licenses to take and use the quantities mentioned in the Schedule below of water out of Sullivan Creek, which flows northwesterly and drains into Goat River, about 100 yards southerly from the C.P.R. bridge at Canyon, B.C. The water will be diverted from the stream at a point at about the intake of the Erickson Water Users' Community Pipe and will be used for domestic and irrigation purposes upon the land described as mentioned in the Schedule below. This notice was posted on the ground on the 23rd day of August, 1920. A copy of this notice and an application pursuant thereto and to the Water Act, 1914, will be filed in the office of the Water Recorder at Nelson. Objections to the application may be filed with the said Water Recorder or with the Comptroller of Water Rights, Parliament Buildings, Victoria, B.C., within thirty days after the first appearance of this notice in a local newspaper. The date of the first publication of this notice is August 27, 1920.

The Persons Mentioned in the Schedule below,  
Applicants.

G.A.M. YOUNG,  
Agent.

**SCHEDULE**

Names of the persons who have mutually agreed with one another to form the East Creston Water Users' Community, and who will apply for licenses to take and use the quantities of water for the purposes on the lands respectively hereinafter mentioned:

Name of Applicant	Quantity of water applied for Irrigation.	Domestic	Description of Lands.
Jas. Adlard	5 acre ft.	500 gals. day	Lots A & E, Blk. 28, Lot 891
H. A. Dodd	"	"	N.E. 10 acres, Blk. 28, Lot 891
Cotterill Bros	"	"	S.E. 9 acres, Blk. 28, Lot 891
Geo. Cotterill	"	"	Lot 1, Blks. 3 & 4, Lot 812

**NEWS OF KOOTENAYS**

Just a little over \$2000 was collected in police court fines at Fernie last month.

At Penticton minors are not allowed to frequent places where two per cent. beer is sold.

The C.P.R. is erecting a new coal chute at Fernie almost adjoining the freight shed.

The C.P.R. still has strong faith in Rossland and will erect a new water tank at the depot there.

Cranbrook hunters are importing Chesapeake dogs to assist with hunting operations this year.

Grand Forks has now a branch of the Lord's Day Alliance—the only one in the Boundary country.

Vernon council has contracted for the city's winter's hay supply at \$40 a ton delivered in that city.

Fire did \$100,000 damage to the sheds and lumber stock of the Bonners Ferry Lumber Co. last week.

Snow is now somewhat in evidence in the hills around Cranbrook, arriving the latter part of August.

To regulate auto traffic silent policemen will be placed at the important street corners in Grand Forks.

Rossland council is taking steps to provide parking space and other conveniences for auto touring parties.

The second hand store at Cranbrook was burglarized last week, and \$150 worth of second hand guns stolen.

The Herald states that ex-mayor Cameron now has the prettiest car in Cranbrook—a seven passenger carrier.

Revelstoke council has decided that two per cent. beer shall not be sold in that city except over the regular hotel bars.

Toward the end of August Vernon was shipping potatoes to Minneapolis, Minn., at a price of \$41 a ton f.o.b. Vernon.

The Brooklyn Hotel at Phoenix is being dismantled. The heating plant will be installed in the public school at Grand Forks.

Stuart Mitchell, a Greenwood rancher, had two cows killed last week. The animals were both run over by autoists.

City Engineer, Essie of Cranbrook has just been granted a three month's leave of absence, and will take a trip to South America.

Kaslo Methodists are so well pleased with Pastor Hughes that at recent meeting of the quarterly board he was given a raise in salary.

Fernie moving picture theatres are now starting the shows 7.30 p.m., each evening except Saturday, and are running but one show a night.

Fernie council has just concluded an agreement with the Alberta and B.C. Power Co. to supply the city with electric light for the next ten years.

Water for irrigation purposes at Penticton has not been available since the 20th of August. The supply exhausted itself a year ago about a week earlier.

Cranbrook citizens have been using electric light and power at the rate of 400,000 kilowatt hours per year—or 48,000 more than Fernie consumes annually.

The Kootenian estimates the Kaslo cherry crop to be worth \$6,000 this year. About ten tons of them were shipped. J. Wm. Cockle heads the list with 24 tons.

Some body walked off with a shed from the Methodist Church property at Grand Forks last month, and the police have not been able to locate the absent property.

The Kootenian publishes a list of sixteen Kaslo ladies who will have charge of schools this year. With one exception all of them are teaching away from home.

Owners of cattle at Grand Forks that allow the bovines to roam at large will be charged up with any damages the cattle do and the amount collected as taxes.

Penticton claims to have shipped 17,400 crates of cherries this year, with Bings and Lamberts the most prominent. In addition to this the cannery factory took care of 1200 crates.

The Courier hears that investigations so far conducted indicate that the St. Mary's prairie adjoining Cranbrook can be irrigated, and that the lands department will proceed with the work shortly.

Cranbrook may put on a drive to raise \$3000 which is still required to purchase a motor ambulance for St. Eugene hospital. \$1300 has already been secured by dances, etc.

N. M. Trafton, who recently disposed of his moving picture theatre interests at Trail, is now running a grocery store in Calgary. Since tackling real work he has reduced his weight about 30 pounds.

Unless the eight shareholders in Fernie's skating rink come across with \$3300 at once the holder of the mortgage on the building threatens to foreclose and the town is liable to have no rink this winter.

Half a dozen Vernon youths were in the police court in that town last week and convicted on charges of stealing from C.P.R. freight cars. Cigarettes figured prominently in the stolen property recovered.

F. R. S. Barlee, one of Grand Forks' real estate agents, had his clothes line completely stripped of fine underwear, dresses, etc., one night last week. About this time last year the Gazette states this sort of thieving was some prevalent.

Trail citizens are being asked to purchase \$9000 of cement sidewalk bonds. Grand Forks recently sold its citizens

**To Lottie Mead of Creston, British Columbia, Administratrix of the estate of Mary Moran, Deceased, and all others whom it may concern:**

Under and by virtue of the powers contained in the two certain mortgages which will be produced at the time of sale there will be offered for sale by public auction by William Cutler at the Court House in the City of Nelson, Province of British Columbia, at the hour of 11 o'clock in the forenoon, on Monday, the 27th day of September, A.D. 1920.

On the following property, namely: Lots One (1), Two (2), Three (3), Four (4), Five (5), and Six (6), Block Twenty (20), Town of Creston, Map Six Hundred and Ninety-three (693), Kootenay District, British Columbia, it a building known as the Creston Hotel.

For terms and conditions of sale apply to Messrs. Hamilton & Wragge, Solicitors for the Nelson Brewing Company, Limited.

Dated the 25th day of August, A.D. 1920.

**HAMILTON & WRAGGE,**  
Solicitors for the Nelson Brewing Co., Ltd.

**NOTICE**

**NOTICE IS HEREBY GIVEN** that all persons holding Crown Lands or Lots in Townsite subdivisions under agreements for sale from whom the purchase money on such lands or Townsite Lots remaining unpaid is overdue are required to make payment, within six months from the date of this Notice, either of the full amount due, together with interest thereon, if any be due, or a substantial proportion of such amount, which must at least cover the full interest due to date together with evidence that all taxes, whether Municipal or Provincial, have been paid, failing which the agreements for sale will be cancelled, as provided by Section 70 of the "Land Act," Chapter 120, Revised Statutes of 1911.

G. R. NADEN,  
Deputy Minister of Lands,  
Department of Lands,  
Victoria, B.C., April 1st, 1920.

**NOTICE**

**NOTICE IS HEREBY GIVEN** that in accordance with an Amendment to the "Townsite Proportionate Allotment Act" passed at the last session of the Legislature any person holding an agreement for sale from the Crown in respect to the purchase at Auction of Town or City lots or lands within the site or suburb of a town, payment for which has not been made in full, and who wishes to obtain a proportionate allotment of such land in consideration of the monies already paid, must file application in that respect on or before the 1st day of September, 1920, on which date the privilege of obtaining a proportionate allotment will cease and any person in arrears of payment under an agreement for sale as aforesaid failing to make application as stipulated will thereafter be debarred from taking advantage of such privilege, and will be subject to the fulfilment of the terms of the sale and the provisions of the "Land Act" governing overdue purchase money, in connection with which special attention is drawn to the notice appearing in the current issue of this paper.

GEO. R. NADEN,  
Deputy Minister of Lands,  
Department of Lands,  
Victoria, B.C., May 5th, 1920.

\$25,000 worth of debentures, and Penticton investors are to have opportunity to buy \$35,000 of that city's irrigation securities.

On a recent visit to Greenwood, Hon. Dr. MacLean, M.P.P. for that riding, informed the Ledge that no provincial election need be looked for until well into next year—and that the Oliver government would be returned by a handsome majority.

& CO., Ltd.

**Synopsis of Land Act Amendments**

Minimum price of first-class land reduced to \$5 an acre; second-class to \$2.50 an acre.

Pre-emption now confined to surveyed lands only.

Records will be granted covering only land suitable for agricultural purposes and which is non-timber land.

Partnership pre-emptions abolished, but parties of not more than four may arrange for adjacent pre-emptions with joint residence, but each making necessary improvements on respective claims.

Pre-emptors must occupy claims for five years and make improvements to value of \$10 per acre, including clearing and cultivation of at least 5 acres, before receiving Crown Grant.

Where pre-emptor's occupation not less than 3 years, and has made proportionate improvements, he may, because of ill-health, or other cause, be granted intermediate certificate of improvement and transfer his claim.

Records without permanent residence may be issued, provided applicant makes improvements to extent of \$300 per annum and records same each year. Failure to make improvements or record same will operate as forfeiture. Title cannot be obtained in less than 5 years, and improvements of \$10.00 per acre, including 5 acres cleared and cultivated, and residence of at least 2 years are required.

Pre-emptor holding Crown grant may record another pre-emption, if he requires land in conjunction with his farm, without actual occupation, provided statutory improvements made and residence maintained on Crown granted land.

Unsurveyed areas, not exceeding 20 acres, may be leased as homesteads; title to be obtained after fulfilling residential and improvement conditions.

For grazing and industrial purposes areas exceeding 640 acres may be leased by one person or company.

Mill, factory or industrial sites on timber land not exceeding 40 acres may be purchased; conditions include payment of stumpage.

Natural hay meadows inaccessible by existing roads may be purchased conditional upon construction of a road to them. Rebate of one-half of cost of road, not exceeding half of purchase price, is made.

**PRE-EMPTORS' FREE GRANTS ACT.**

The scope of this Act is enlarged to include all persons joining and serving with His Majesty's Forces. The time within which the heirs or devisees of a deceased pre-emptor may apply for title under this Act is extended from one year from the death of such person, as formerly, until one year after the conclusion of the present war. This privilege is also made retroactive.

No fees relating to pre-emptions are due or payable by soldiers on pre-emptions recorded after June 26, 1918. Taxes are remitted for five years.

Provision for return of moneys accrued, due and been paid since August 4, 1914, on account of payments, fees or taxes on soldiers' pre-emptions.

Interest on agreements to purchase town or city lots held by members of Allied Forces, or dependents, acquired direct or indirect, remitted from enactment to March 31, 1920.

**SUB-PURCHASERS OF CROWN LANDS.**

Provision made for issuance of Crown grants to sub-purchasers of Crown Lands, acquiring rights from purchasers who failed to complete purchase, involving forfeiture, on fulfilment of conditions of purchase, in-cluding payment of purchase money.

Sub-purchasers do not claim whole of original parcel, purchase price due and taxes may be distributed proportionately over whole area. Applications must be made by May 1, 1920.

**GRAZING.**

Grazing Act 1919, for systematic development of livestock industry provides for grazing districts and range administration under Commissioners. Annual grazing permits issued based on numbers registered, priority for establishment of new ranges.

Provision made for range management. Free, or partially free, permits for settlers, campers or travellers, up to ten head.

## If Breath Comes Hard If Nose is Plugged You Have Catarrh

Perhaps you haven't heard of the new remedy—it's so pleasant to use—fills the nose, throat and lungs with a healing balsamic vapor like the air of the pine woods. It's really a wonderful remedy—utilizes that marvelous antiseptic only found in the Blue Gum tree of Australia.

The name of this grand specific is Catarrhose, and you can't find it equal on earth for coughs, colds, catarrh or throat trouble. You see it's no longer necessary to drug the stomach—that spoils digestion—just simply inhale the balsamic essences of Catarrhose, which are so rich in healing that they drive out every trace of Catarrh in no time.

For speakers and singers and persons troubled with an irritable throat, bronchitis, asthma, catarrh or la grippe, Catarrhose is of inestimable value.

The inhaler can be carried in your pocket and may be used at any time or in any place.

Large size, guaranteed, and sufficient for two months' use, costs \$1; smaller size, 50c; sample size, 25c. Sold by all storekeepers and druggists.

### Odessa Best Black Sea Port.

The harbor of Odessa, in South Russia, is formed by several stone piers and a long breakwater and is protected in every direction. It is the only port in Southern Russia where ships drawing thirty feet can come directly to the docks and the docks are larger and better equipped than those of any other Black Sea port. The depth is thirty-five feet on one side and thirteen to seventeen on the other.

As a vermicide there is no preparation that equals Mother Graves' Worm Exterminator. It has saved the lives of countless children.

### B.C. Lumber Shipments.

British Columbia shipped 29,000,000 feet of lumber during the first six months of the present year and has orders for approximately 36,000,000 feet, including 2,900,000 feet for South Africa, 14,000,000 feet for the United Kingdom, 700,000 feet for South America, 18,000,000 feet for Australia and 3,000,000 feet for New Zealand.

### Minard's Liniment For Sale Everywhere.

A fly walks—in proportion to its size—13 times as fast as a man can run.

Never judge an argument by its sound; it may be all sound and not sound at all.

## And His Family Medicines

MOST people first knew Dr. Chase through his Receipt Book. Its reliability and usefulness made him friends everywhere.

When he put his Nerve Food, Kidney-Liver Pills and other medicines on the market they received a hearty welcome, and their exceptional merit has kept them high in the public esteem.

Take Dr. Chase's Kidney-Liver Pills for example. There is no treatment to be compared to them as a means of regulating the liver, kidneys and bowels and curing constipation, indigestion, biliousness and indigestion.

One pill a dose, 25c a box at all dealers, or Edmondson, Bates & Co., Ltd., Toronto.

## Iron Shutters Cause Riots

### Protection For Shops In Near East Source Of Trouble.

Iron shutters have probably caused more riots, massacres and pogroms in the Levant than political agitators. All shops in the Near East are provided with rolling iron shutters which work in iron grooves. When they are banged down they make as much noise as a machine-gun. Every time there is rumor of any sort of trouble some timid merchant slams down his shutters to protect his plate glass. Without investigating the cause, other merchants follow instantly with such a clatter that the public becomes panicky and rushes about trying to discover the cause of the flurry.

At such moments, excited crowds will credit any rumor which is put into circulation. Pickpockets avail themselves of such opportunities. Soapbox orators, street fakirs and magicians gather crowds by this device. In any Turkish city the circulation of a rumor that a movement is to be started against Christians will cause all the Armenians and Greek shops to close within a few minutes, and frequently the noisy closing of the shops fans the religious hatred of the Moslems into action.

## FREQUENT HEADACHES

### A Sure Sign That the Blood is Watery and Impure.

People with thin blood are more subject to headaches than full-blooded persons and the form of anaemia that afflicts growing girls is almost always accompanied by headaches, together with disturbance of the digestive organs.

Whenever you have constant or recurring headaches and pallor of the face, they show that the blood is thin and your efforts should be directed toward building up your blood. A fair treatment with Dr. Williams' Pink Pills will do this effectively, and the rich red blood made by these pills will remove the headache.

More disturbances to the health are caused by their blood than most people have any idea of. When your blood is impoverished, the nerves suffer from lack of nourishment, and you may be troubled with insomnia, neuritis, neuralgia or sciatica. Muscles subject to strain are undernourished and you may have muscular rheumatism or lumbago. If your blood is thin and you begin to show symptoms of any of these disorders, try building up the blood with Dr. Williams' Pink Pills, and as the blood is restored to its normal condition every symptom of the trouble will disappear. There are more people who owe their present state of good health to Dr. Williams' Pink Pills than to any other medicine, and most of them do not hesitate to say so.

You can get Dr. Williams' Pink Pills through any dealer in medicine or by mail at 50 cents a box or six boxes for \$2.50 from the Dr. Williams' Medicine Co., Brockville, Ont.

## Care of Machinery

### Implements Kept in Repair Give More Satisfactory Service.

Do not merely go through the motion but shelter machinery considerably, and before doing so, first list the repairs needed for next season and secure them along with an assortment of bolts, rivets, springs, etc. in time to have each implement repaired and ready for use on time. An implement in repair at all times will have a longer life and will give more satisfactory service during its life than one receiving irregular attention. Secondly, clean and oil each machine and give all polished surfaces an application of some anti-rust preparation. Axle grease or other lubricant will answer the purpose.

### Minard's Liniment for Burns, Etc.

Australian war casualties were about the same as those of the United States.

A Pill for Brain Workers.—The man who works with his brains is more liable to derangement of the digestive system than the man who works with his hands, because the one calls upon his nervous energy while the other applies only his muscular strength. Brain fog begets irregularities of the stomach and liver, and the best remedy that can be used is Parnelee's Vegetable Pills. They are specially compounded for such cases and all those who use them can certify to their superior power.

## HOUSEHOLD NECESSITY

Gillett's Lye has long been regarded as a household necessity because of the fact that it is useful in so many ways, and so satisfactory in every respect that no woman feels that she can keep house without it. Makes the finest kind of soap for washing and cleansing. One can of Gillett's Lye will make ten pounds of good soap in twenty minutes. Many of its uses are shown in booklet under the label.

**"GILLETT'S LYE EATS DIRT"**  
Made in Canada.

## Lifeboats to Protect The Shipwrecked

### New Life Raft Supplied With Artificial Heat.

The drawback to most of the existing forms of lifeboats or life-saving rafts is that the occupants are exposed to wind and sea, being drenched with spray in bad weather and having no means of warming or drying themselves. The invention of a Hull man bids fair to overcome this danger, as in his life-raft the shipwrecked are completely protected from the elements, and are plentifully supplied with air, and, if necessary, with artificial heat. Hitherto the chief difficulty has been to admit air into enclosed floating chambers while keeping out water in a rough sea, but this problem has been solved by an ingeniously contrived wire trap-door in the top of each chamber. In the full-sized raft it is proposed to make each tank eight feet square, giving accommodation for 25 persons, and provision for a wireless installation is to be made, where this is thought advisable. Ample room would be available for heating apparatus and for stores of food and drink.

The Oil for the Farmer.—A bottle of Dr. Thomas' Electric Oil in the farm house will save many a journey for the doctor. It is not only good for the children when taken with colds and croup, and for the mature who suffer from pains and aches, but there are directions for its use on sick cattle. There should always be a bottle of it in the house.

### Enlarging Flour Mills.

Rapid progress is being made on the addition to the Robin Hood mills at Moose Jaw. When completed the mills will have a capacity of 425,000 bushels.

### Minard's Liniment For Dandruff.

### Fishing by Telephone

Norwegian fishermen are adopting the telephone to warn them when great numbers of fish are about. The submarine war has taught them the value of the telephone. A microphone, which in the ordinary way is called the mouthpiece, is lowered from a fishing boat, and connected by a wire with the listening instrument in the boat.

**Baby's Own Soap**

Many Canadian Beauties owe much of their exquisite complexion to the creamy, skin-healing, fragrant lather of "Baby's Own Soap."

Its Best for Baby and Best for You.

ALBERT SOAPS LIMITED,  
Manufacturers,  
EDMONTON.

### Salmon Fisheries Satisfactory

"On the whole, the condition of the salmon fishery on the west coast is very satisfactory," said W. A. Found, assistant deputy minister of fisheries, who has recently returned to Ottawa after a prolonged inspection trip. "The run to the Fraser, while comparatively small, is considerably larger than was anticipated," he continued, "but this river can never be brought back to its maximum of productivity until some international agreement for its protection has been consummated."

### New Bank in Regina.

Work has commenced on a new branch of the Merchants' Bank of Canada in Regina, to cost when completed \$175,000.

## MOTHER!

"California Syrup of Figs"  
Child's Best Laxative

Accept "California" Syrup of Figs only—look for the name California on the package, then you are sure your child is having the best and most harmless physic for the little stomach, liver and bowels. Children love its fruity taste. Full directions on each bottle. You must say "California."

The Dutch still refer to April as the "grass month," the name given by Charlemagne.

## BUY "DIAMOND DYES" DON'T RISK MATERIAL

Each package of "Diamond Dyes" contains directions so simple that any woman can dye any material without streaking, fading or running. Dyeing has color card—Take no other dye!

### Power From Winnipeg.

The town of Portage la Prairie is now being supplied with hydro-electric power from Winnipeg. The transmission line is over 56 miles long.

St. Joseph, Levis, July 14, 1903. Minard's Liniment Co. Limited. Gentlemen,—I was badly kicked by my horse last May, after using several preparations on my leg nothing would do. My leg was as black as jet. I was laid up in bed for a fortnight and could not walk. After using three bottles of your MINARD'S LINIMENT I was as well as ever, so that I could start on the road. JOS. DUBES. Commercial Traveller.

### Good Sample of Salt.

Boring for salt at Fort McMurray has produced a good sample. At a depth of 523 feet. Development of the natural resources in the Fort McMurray section will mean increased business for the Alberta Great Waterway Railway.

Ancient mirrors were made of highly polished metal.

### To Drill For Oil.

It is reported that English capital representing the Whitehall Oil Company will drill for oil on an extensive scale in Alberta this year.

The Bank of Amsterdam was the great warehouse for bullion in the seventeenth century.

The Greeks regarded amber with religious reverence due to its mysterious properties.

**COWS FOR SALE**—2 milch cows; one with calf at side, freshened in August; other will freshen in March. Apply M. Churchill, Creston.

Local hunters are reminded that the grouse shooting season for this year closes on the 20th inst. In most sections of the Valley these birds have been rather scarce this year.

**COWS FOR SALE**—Two milch cows: one to freshen January 1st, the other about February 15th. Also 5-months' calf. Enquire Review Office.

Miss Erma Hayden left on Wednesday for Corvallis, Oregon, where she will resume her second year course in the state college in that city.

F. E. Loyeday, manager of Creston Fruit Growers Union, got away on Sunday on a business visit to Lethbridge and other Alberta points.

A dance with Creston orchestra music is announced for Friday night next, Sept. 24th, in Mercantile Hall. Gents 51. Supper 25c. per plate.

Thursday, Nov. 11th, has been appropriated by the Women's Institute for an Armistice Day whist and dance, which they propose to make an annual affair hereafter.

The ladies are reminded of Mrs. Bruce's fall millinery opening on Saturday afternoon, Sept. 18th, to which all are invited. Store opposite the Methodist Church.

The current issue of the B.C. Gazette contains notice of the organization of the Staples Fruit Company, Limited, with head office at Creston and authorized capital of \$50,000.

B. F. Greenwood, who was on the Bank of Commerce staff at Creston up till a few months ago, when he was transferred to Greenwood, has again been shifted—this time to Vancouver.

Those interested in the forthcoming prohibition referendum are notified of an organization meeting on Tuesday night at 8.30 in Mercantile Hall, at which Rev. R. W. Lee, of Cranbrook, will deliver an address.

At the September meeting of Creston Women's Institute on Friday a donation of \$15 was voted to assist with the good work of serving hot drinks to the Creston school pupils during the winter months.

The Presbyterian Ladies' Aid announces that they will again this year serve the usual Thanksgiving dinner on the Thursday evening preceding Thanksgiving Day—which will probably be about the middle of October.

Saturday night's show will likely be the last at the old Peekin theatre. Next week Manager Rodgers expects to start moving the equipment into new building, which will be open for fair night, Oct. 2nd, if at all possible.

At the fall fair directors meeting on Monday night a vote of \$100 was made for the purpose of putting on a line of races, etc., on the afternoon of fair day, features of which will be a baseball match and the usual list of horse races.

John Keen, M.P.P., of Kaslo, paid Creston another visit on Thursday last. He is busy on irrigation matters at this end of the riding, and is developing a definite and practical proposition to submit to the department in Victoria in this connection.

R. J. Ferris, editor of the Agricultural Journal, Victoria, was a Valley visitor on Monday and Tuesday. Mr. Ferris is an authority on silos and is making an investigation of these admirable adjuncts to successful dairying in the Kootenay country.

Misses Edna Holmes, Katherine Moore and Sadie Wood got away last week for the coast, where they are attending Normal School this term. The former is at Victoria, and the two latter at Vancouver. All three graduated at Creston High School last term.

The rainy weather of the past five days pretty well disposed of the ripe tomato crop, and from now on the export in this line will be principally of the green variety. The rain also played considerable havoc with the plums—the ripe ones splitting badly.

This year's harvest thanksgiving service in connection with Christ Church are announced for Sunday, Sept. 26th, at 11 a.m. and 7.30 p.m. Those who have fruit and vegetables to loan for decorative purposes please have same at the church the Saturday previous.

The rainy spell which set in in earnest on Friday last continued pretty well right up to Wednesday noon. On Thursday, however, it had cleared nicely and haying operations have been resumed. During the five days of wetness almost two inches of rain fell.

Miss Sevalrud of Mrs. Bruce's millinery store staff, and Miss Selma Anderson of the telephone central, were at Kitchener on Saturday night for the school box social, and report it a tremendous success in every way. All told a matter of \$217 was realized, one of the boxes selling at \$31.

Clifford Roberts, one of the foremost speakers of the International Bible Students, is announced to deliver an address on the topic, "Millions now Living will Never Die" in Speers' Hall, Creston, Monday evening, Sept. 27th at 8 o'clock. Seats free and no collection. Everybody invited.

Carload shipping has been quite active the past ten days, the Union accounting for a matter of five cars between the Creston and Erickson warehouses, while the Staples Fruit Company loaded out their first car at Erickson early in the week. Both Gravenstein and Wealthy apples are moving in considerable quantities.

Sunday will be Children's Day at the Presbyterian Church, and at 11.15 Rev. Mr. James' address will be particularly appropriate for such an occasion. At 7.30 p.m. his subject will be "The Broken Nest." Sunday will be Rev. Mr. James' last appearance here, and those who appreciate his class pulpit effort should not miss this discourse.

H. Killam, Victoria, superintendent of travelling libraries, had an informal conference with some of the citizens on Thursday evening last, the outcome of which was the organization of a library association which, as soon as its charter is received, will proceed to get things in shape—materially

and otherwise—to open up a public library in town.

Mr. and Mrs. C. O. Rodgers got back on Saturday from their trip to Calgary making the return in a new McLaughlin car. The new auto is the very latest in the well-known McLaughlin construction, and is of seven-passenger capacity. Between Calgary and Crowsnest no trouble whatever was experienced in averaging 25 miles an hour for that part of the journey.

Christ Church Sunday school resumed operations last Sunday with the usual attendance in evidence. Local Anglicans are awaiting with interest the return from England of the bishop of Kootenay. A couple of Alberta English Church ministers have signified a willingness to take charge of Creston parish, but nothing is likely to be done until his lordship's return.

Ronald Hewat of Kaslo, registrar of voters for this constituency, was here on Tuesday holding a court of revision of the new voters list. One new name was added, and none were struck off. He was at Lister for the same purpose on Wednesday. The new list will be used in the vote on the prohibition referendum which takes place on Oct. 20th, and contains about 1900 names.

At the September meeting on Tuesday night Creston Board of Trade decided to get after the War Trophies Board to secure, if possible, at least one German field gun for soldiers' memorial decorative purposes. A couple of years ago the board was given assurance that when the guns were distributed Creston would receive its quota of the discarded artillery.

J. E. Myers of Vancouver was a Creston visitor on Friday last, and during his stay put through the sale of his 20-acre ranch property in the Erickson section to Geo. Hobden. Mr.

Myers is now provincial organizer for the Liberal party and after a visit to many of the constituencies in the interior is optimistic as to the government being sustained when it appeals to the people some time next year.

## Another Tribute to the WILLIS PIANO

Nelson, B.C., July 3rd, 1920

WILLIS PIANOS, LTD.

Dear Sirs,—Allow me to congratulate you on your piano, which we had the pleasure of using at our Chautauqua concert.

It is one of the finest instruments we have ever met with, and we were pleasantly surprised to find such a high standard in Canadian pianos.

Wishing you continued success.

Very truly yours,  
NICOLAI ZEDELER,  
with Edison White Chautauqua.

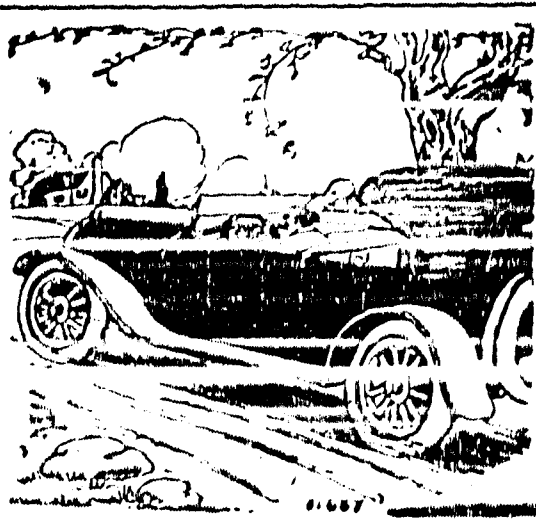

NELSON BRANCH at 304 BAKER ST.
