THE CRESTON REVIEW

Vol. XIII. CRESTON, B. C., FRIDAY, JUNE 3, 1921 No. 18

$3 Season Ticket Sale Going Strong

Rivalling even the weather as a topic of conversation does the big six-day Dominion Chautauqua which is due to open at Creston on Thursday afternoon next, at 3 o'clock.

The Chautauqua tent, which will seat in the neighborhood of 1500, will be on the Lamont lot, next the Imperial Bank. The tent is due either Sunday or Monday, and with it will come the crew to erect it and manufacture the stage, seating, etc., so that everything will be in readiness for on-time opening on Thursday.

Either today or tomorrow Miss Conn, who will have charge of the Junior Chautauqua, will reach Creston and will spend almost a week here providing children's entertainment, sports and supervised play at the local school, and as many of the outlying schools as it is feasible to have her visit.

While the ticket sale was not supposed to start until Wednesday, school principal Smith and T. W. Bundy who are handling the Erickson territory, commenced operations on Saturday, and every place called at made purchases of one or more tickets or asked the salesman to call again, and this has been pretty much the experience of all who are handling ticket sales.

E. C. Gibbs, who is at the head of the ticket selling organization, has completed arrangements for a sales campaign at every point in the Valley, including Porthill, from which point there will be an attendance that will require all the available cars in that section for transportation. At Kitchener, E. McGonegal and Reg. Hall are looking after Chautauqua interests. Misses Corbett and [illegible] are in charge at Canyon; Col. Lister, M.P.P., at Lister; [illegible] J. D. Dewar, H. F. Packman and D. Butterfield at Wynndel.

In the Creston area the territory has been cut up into sections and two salesmen named for each. These will make a house to house canvass within the week, but if, perchance, any are overlooked tickets may be had from either the Beattie-Oatway store, A. French, or Postmaster Gibbs.

As the financial success of Chautauqua (insofar as the twenty local citizens who are guaranteeing it are concerned) depends wholly on the number of season tickets sold by 8 p.m. of Thursday, June 9th, all who are going to Chautauqua are urged to buy season tickets. They are by long odds the cheapest way to see the big line of entertainment, and as they are transferable within the family there is no possible chance of the holders of them not getting their money's worth, either directly or by proxy.

The transportation committee have an ample supply of autos available to take care of patrons from outside points who wish to come to Creston to Chautauqua, and are giving the preference to season ticket holders, of course. The fare from Canyon to Creston and return will be $1.50 per person, while the round trip from Wynndel will be $1.75.

Chautauqua backers are hoping to see a very large attendance of children. At $1 for a season ticket almost any youngster should be staked to the price of a six-day admission, paste board as he will readily earn and repay the amount with the biggest berry season on record just about to start. There will be ample room, and entertainment that they will enjoy will be in evidence at every performance.

Ticket holders are advised that on the opening day they will be able to pay the 30c. amusement tax at the tent before being admitted, and payment will be stamped on the back of the ticket, and for the balance of the performances there will then be no need to worry about the amusement tax. In the case of children this tax will be 10c. per ticket. Attention to this on opening afternoon or evening will expedite the handling of the crowd measurably.

Almost 1000 copies of "Chautauqua Talks" have been distributed and the praise it has for the different items on the six-day programme are being repeated in the papers coming from Victoria, Vancouver, Kamloops, and other points west where Chautauqua has already been seen. Everywhere the lecturers and musical talent are winning high praise and even at three times the price Chautauqua would still be the best value ever offered entertainment goers.

Buy a season ticket, but remember that if you would procure one at $3 for adults and $1 and $1.50 for children they must be purchased by 8 p.m., of Thursday, June 9th.

Alice Siding

Wynndel growers will have to look to their laurels as early strawberry producers this year, as the Stewart ranch is expecting to have berries to offer buyers before June 10th.

Reed & Mather are getting ready to handle a considerably incrersed strawberry output this year, and are this week erecting a new packing shed on their lower ranch.

Judging by the quantity of fencing material that is already afloat on the flats, this year's high water is considerably more extensive than in the last half dozen years at least.

The school children had their annual picnic on Wednesday, the rendezvous being an ideal spot in the neighborhood of the old Alice mine.

Board fencing is now replacing the old time rails and the more modern wire on the Rose & Watcher ranch, where about half a mile of it is about completed.

Hay haulers in this section will this fall rise up and bless the name of road boss Tom Harris, who this week has a small crew under the direction of [illegible] badly [illegible] hills between the McMurtrie and Simister places.

R. Stewart, the local hot house proprietor, reports a great demand for tomato plants. He has already sold about 9000 of them, and orders are still coming in.

Sirdar

Mrs. Brewis left on Thursday last for Detroit, Mich., and will spend an extended holiday with friends at eastern points.

Freight traffic through Sirdar is lighter than ever. A week end survey of the yard showed not more than twenty box cars in sight—something extraordinary within the last ten years.

Report has it that the Wilson stone quarry will be called upon to supply the granite slab for the soldiers' memorial monument to be erected at Creston this year. Mr. Wilson is expected back shortly to resume the season's operations.

Mr. and Mrs. Whitesides were week end visitors with the latter's parents, Mr. and Mrs. Simister, at Alice Siding.

Rev. H. Varley will be here for English Church service on Sunday morning, with a gathering of the children preceding it—at 10.30.

Right now prospects are excellent for a big crop of cherries and plums on the Cherbo, Pascuzzi and North ranches, though the latter's showing of apples is not nearly as good as on the other two places.

If transportation is available Sirdar will be well represented at the evening performances of chautauqua at Creston commencing on Thursday next.

Mr. and Mrs. Jas. Cook were week end visitors at Sirdar, guests of Mr. and Mrs. Loasby.

Mr. and Mrs. Jack Cameron were Sabbath visitors at Creston, where Jack was a spectator at Creston-Copeland baseball match. On their showing that day he is of opinion that with a little practice Sirdar could about put over a win on Creston.

[illegible]

A small sized hay famine that has been in existence here for the past ten days has been relieved, the United Farmers getting in a car of this feed on Monday.

H. A. Dodd has joined up with the army of motorowners. He purchased a Chevrolet last week—the car owned by Mr. Playter, who moved to Telkwa early in the spring.

Apples are still on the shipping list, about 50 boxes of the Boyd ranch Jonathans going out by express on Monday.

Rhubarb is also moving in some quantity at present, with J. Handley the first to start the export trade—about the middle of May.

Rev. Mr. Varley of Creston was here on Sunday morning for Church of England service at the schoolhouse, which was quite well attended.

Residents living along the lower road into Erickson are having a watering cart built, and will utilize the sprinkler keeping down the dust on that stretch of highway into Erickson commencing this month.

The Women's Institute has everything in fine shape for the dance at the Staples Fruit Co. warehouse tonight, and with first-class music engaged and a splendid supper assured, a very large attendance is looked for.

Mr. and Mrs. W. G. Birney and son, Earl, got away this week. Mr. Birney goes to Calgary, where he will take hospital treatment for a rather acute attack of sciatica, and later will join Mrs. Birney at Banff, where they will reside for the present at least. Both Mr. and Mrs. Birney were active workers in most everything that tended to advance the interests of Erickson, besides being personally popular with a host of friends, all of whom will wish them well wherever they locate.

Alex. Duperry last week parted company with the last 23 acres of his original 80 acre holding at Erickson, the buyer being F. Celli of Coleman, who is reputed to have paid in the neighborhood of $17,000 for the place.

At the rate G. P. Smith was selling tickets the early part of the week Erickson will be largely represented at the six-day Chautauqua, which opens at Creston next Thursday.

The June meeting of Erickson Local of the United Farmers will be held at the schoolhouse on Tuesday night at 8 prompt. As there is much important business a full turnout of members is

Minister of Lands Busy at Creston

Hon. T. D. Pattullo, provincial minister of lands, had quite a busy time of it during his twenty-four hour stay here from Wednesday to Thursday afternoons, officials of the local Liberal Association taking advantage of his call to show him over the Valley as well as to arrange interviews with him for those interested in the several irrigation schemes projected or in operation, as well as with a delegation from the Stockbreeders Association, the Reclamation Committee of the Board of Trade, and several interested citizens.

On Wednesday evening he had looked over the Lister area, and on the way back met a big delegation of those behind the Canyon irrigation scheme, the conference being held in the school basement. All phases of the project were gone into thoroughly and so favorably impressed is the minister with all-round merits of the project that he assured that if money was available and the department found the engineer's figures and plans right undoubtedly the necessary loan would be forthcoming. On his arrival at Creston the same evening Mr. Adlard had a session with regarding the Arrow Creek project.

After an informal talk with a number of the officials of the Stockbreeders' Association on Thursday morning, President Bevan headed a delegation from the board of trade who conferred with Mr. Pattullo on several local matters, but principally on Kootenay Flats drainage, with Chairman Constable of the Reclamation committee as spokesman.

After hearing the case stated by those present Mr. Pattullo stated that the department's policy was exactly in accord with the wishes as stated by Chairman Constable. The province was making all possible speed to get representative engineers from Idaho, Washington, Ottawa and British Columbia together to make a complete and final report as to whether drainage was feasible and at what cost. No move will be made till all four parties have named their engineers and agreed upon a date to commence these final proceedings, and so far as B.C. is concerned Mr. Pattullo assured that the best possible man will be secured to look after the province's end of this all-important work. He also strongly concurred in Mr. Constable's view that before any decision is reached as to the desirability of drainage—insofar as its cost might apply—local landowners will be consulted as to what might be considered a reasonable cost per acre to spend on drainage to make it a sound investment.

On Thursday afternoon the minister was motored to Wynndel, where he was shown over the proposed mutual water user's scheme and very thoroughly probed the merits and demerits of the project with a committee representing the owners who are asking for government assistance to irrigate that area. Mr. Pattullo boarded the train at Wynndel, en route for Nelson.

Cow For Sale—Fresh cow, cheap for quick sale. Hilton, Creston.

Copeland disposed of Creston rather handily in the baseball match at Creston on Sunday afternoon, the score being 13-5 against the locals. The biggest crowd of the season was out to see the match, and the thank offering was about $18.

Western Premiers' Conference To Discuss Unoccupied Land Problem

The announcement has been made in the Manitoba Legislature that Premier T. C. Norris will call a conference of the prairie province Premiers to consider what kind of uniform legislation is necessary to deal with the unoccupied land problem in Western Canada. It is also proposed that the conference consider the position of settlers now on the land with a view of finding ways and means to increase their productivity to the country.

It need not be argued that the calling of a conference for such a purpose is timely and in the national interest, for it has been well said that the economic future of the West and of Canada as a whole, depends upon the proper settlement of the unoccupied lands along existing railway lines and upon the improvement of conditions affecting the production of basic farm products.

The forthcoming conference is the outcome of various meetings held between the Western Provincial Cabinet Ministers and the officials of the Western Canada Colonization Association.

In the memorial recently presented to the Western Governments by the Managing Director of the Colonization Association, the view was clearly and strongly expressed that uniform legislation, calling for the listing of unoccupied lands at firm prices and for a reasonable period, was the keystone to the success of any genuine colonization movement.

It is idle to advance the theory that voluntary listing of unoccupied lands will suffice, for those who are in a position to judge as to the possible success of any voluntary movement are seriously impressed with the statement of General McRae that the proposed legislation is both reasonable and necessary, if the money subscribed to the Western Canada Colonization Association is to be expended in the national interest. The listing of unoccupied lands with the provincial governments will enable their Land Boards to issue maps and price lists similar to those now issued by the railway companies. Such maps and price lists will be generally distributed and will not only serve the purpose of the Western Canada Colonization Association, but as well all the land agencies throughout the provinces. In addition the necessary information will be provided to enable the Dominion Government to direct immigrants to the vacant lands near existing railway lines where homesteads are no longer available.

The unqualified endorsation given throughout the country to the proposal for provincial legislation is evidence that the people of the West are seriously anxious to effectively deal with, and find a solution for, the unoccupied land problem in the prairie provinces.

The proposed "inter-provincial Premiers' conference" will probably be held at an early date, the outcome of which will doubtless affect every community interest in the West. In the meantime every Board of Trade, Municipal Council, Farmers' Organization, and all interested public bodies and citizens, should give serious consideration to this important subject and make representations in regard thereto to their respective Governments. Some legislation undoubtedly is necssary to deal with the serious unoccupied land problem. Needless to say, every urban resident is affected by the success or failure of the farmer on the land and should therefore be vitally interested in the forthcoming Premiers' conference when agricultural conditions will be fully reviewed and an honest attempt made to find a remedy for existing ills.

Germany Lost Her Opportunity

Refused Chance to Make Voluntary Offer to Allies.

The British premier lays open the very core of the problem when he notes the change of attitude in Germany's spokesman since the first days of their terror when they came as suppliants to Foch on November 11, 1918. Today Berlin is making excuses not merely for delay, but for avoidance of her debts. "She is beginning to challenge her responsibility," he says, and when her representatives "refuse to face their obligations they are cheered, and encouraged and supported."

Germany had an opportunity to make a voluntary offer, but she refused to take advantage of the offer. When forced to take action, the proposals she made were in the words of the British premier "exasperating." Today she is faced with an ultimatum backed by the rifles of Britain and the bayonets of France. If the terms are harsh Germany has only herself to blame.—The Montreal Star.

delights the taste, and causes none of the harm that often comes from tea and coffee.

"There's a Reason"

Discoverer of Radium Is Remarkable Woman

Madame Curie's Position In Scientific World Is Without Parallel In History.

Mme. Marie Curie, discoverer of radium, is in New York to receive the gift of one gram of this very valuable element from American women. The rise of this woman to the position of a leading scientist of the world is without parallel in history. The daughter of a poor but distinguished Polish scientist, she worked her way up in the field of her choice until today she bears the unique distinction of having, together with her husband, received the Nobel Prize award, being the first and only woman professor at the Sorbonne in Paris, of having refused the ribbon of the Legion of Honor because, as she put it, "I don't like decorations," of receiving the English Albert Medal from the Royal Society of Arts, the second to be granted to a woman, Queen Victoria having received the first. There were many more honors and decorations offered, but the response in almost all instances was similar to the one given to the suggestion of the Legion of Honor award.

A STUDY OF OLD AGE

Is always interesting and reveals the fact that the blood is usually thin and lacking in the strengthening properties of young folks blood. If you want to fill your blood with the fire of youth, build up your strength, restore your nerves, just use Dr. Hamilton's Pills. This wonderful medicine is a grand system regulator. Keeps the bowels in good condition, keeps the body free of waste and impurities. For young and old the use of Dr. Hamilton's Pills is recommended. 25c at all dealers or The Catarrhozone Co., Montreal.

Tuesday Is Calamity Day.

Statistics show that calamities are far more common on Tuesday than on any other day of the week. Railroad disasters, fires, street accidents —the record in each case is easily held by Tuesday.

Catarrh

Catarrh is a local disease greatly influenced by constitutional conditions. HALL'S CATARRH MEDICINE is a Tonic and Blood Purifier. By cleansing the blood and building up the System, HALL'S CATARRH MEDICINE restores normal conditions and allows Nature to do its work.

Telephone Subscribers Increase.

The new issue of the Manitoba Government telephone directory for Winnipeg shows an increase of 600 subscribers, there being 40,000 names in the latest, while in the January issue there were 39,400 listed.

WELL SATISFIED WITH BABY'S OWN TABLETS

Once a mother has used Baby's Own Tablets for her little ones she will use nothing else. Her use of them leads her to believe there is no other medicine to equal them for any of the many minor ailments of childhood. Concerning them Mrs. Eugene Boisvert, East Aldfield, Que., writes: "My baby was terribly constipated, but after the use of Baby's Own Tablets he is entirely well again. I am so well satisfied with the Tablets that I lose no opportunity in recommending them to other mothers." The Tablets are sold by medicine dealers or by mail at 25 cents a box from The Dr. Williams' Medicine Co., Brockville, Ont.

Allies Will Care For German Graves

Over 400,000 Estimated to be on French Soil.

A conference will shortly be held between the representatives of the British French and Belgian War Graves Commissions and German representatives, with regard to the treatment of German graves in Allied countries and of Allied graves in Germany. It is estimated that there are well over 400,000 German graves on French soil, and under 30,000 French graves in Germany. It is hoped that a satisfactory solution of this problem may be reached at the conference.

Minard's Liniment used by Physicians

After Three Years Of Liquid Diet, Kaiser Is Picture Of Health

"I had lived on a liquid diet for three years and my case had twice been pronounced hopeless, but Tanlac has completely overcome my stomach trouble and I eat meat, vegetables and everything else I want now," said Joseph S. Kaiser, a boilermaker, who lives at 331 Beverley St., Winnipeg.

"My trouble dates back to a spell of the flu three years ago and from that time up until I took Tanlac I steadily went down hill. For a whole year I was so weak I couldn't put my foot out of the house and while I spent hundreds of dollars trying to get on my feet, nothing helped me a particle. I just moped around the house so weak I couldn't even lift a shoveful of coal. I was suffering nearly every day from dizzy spells, headaches and awful attacks of nervousness. My skin got yellow and I fell off until I was hardly more than a walking skeleton.

"This was the fix I was in when a friend called and persuaded me to give Tanlac a trial. He was certainly a friend in need. I improved right from the first dose. I am as sound as a dollar today, have put on twelve pounds in weight and look, so everybody tells me, the very picture of health. I feel twenty years younger and the change in me is so great that my friends who know what a desperate condition I was in see me now are simply amazed. I have never known anything in my whole life to equal it."

Tanlac is sold by leading druggists everywhere.

Barnado Boy's Success

Accumulated Fortune of $15,000 In Twenty-Five Years.

A former Barnardo boy, a farm laborer at Bowmanville, Ontario, was killed recently in an accident while working in a barn. He came to Canada twenty-five years ago from England as a boy and up to the time of his death worked as a farm laborer. He left an estate of $15,000; $1,000 he bequeathed to a Bowmanville hospital; $1,000 to the Barnardo Homes in England, and the balance to a brother in England. He came to Canada penniless, and was forty-four years of age at the time of his death.

An Oil Without Alcohol.—Some oils and many medicines have alcohol as a prominent ingredient. A judicious mingling of six essential oils compose Dr. Thomas' Eclectric Oil, and there is no alcohol in it, so that its effect are lasting.

Bolshevists Abandon Food Control

Order Came Too Late To Relieve Situation.

Lenine's abandonment of government control of foodstuffs came too late to relieve the situation in Bolshevist Russia, according to letters received in Berlin from a family which has lived in Petrograd throughout the Bolshevist regime.

"The conditions are worse for us than they were when food was issued on cards," one letter stated. "We are told now that we may buy food, and the peasants are told they may sell food without violating government regulations. But there are no food shops. And the peasants about Petrograd have little food to sell. They don't want paper rubles."

London's Missing.

Every year no fewer than 30,000 persons are reported missing in London alone. Some of them are never seen nor heard of again; others, after weeks or months of absence, return and take up the threads of their former life as if they had never left it.

The Deadly Fly.

The scratch of a lion's claw is almost as deadly as his bite, for he never cleans his nails, and he always carries under them rotting meat that is rank with deadly germs. Flies do the same thing on a smaller scale; and don't forget that they never wipe their feet.—Montreal Herald.

A Keen Edge For Every Shave

YOU never need shave with an unstropped blade if you use the Valet Auto Strop Razor.

Stropping realigns the edge of the blade and gives you a keen edge for every shave.

If you want perfection every morning, you must use the self-stropping Valet Auto Strop Razor.

It strops its own blades automatically and perfectly. It gives a clean, comfortable shave. It is rinsed and wiped dry without a single part being removed.

Razor, strop and 12 blades in assortment of cases, $5.00 the set. Fancy sets up to $16.50.

VALET Auto-Strop Razor *sharpens itself*

Auto Strop Safety Razor Co., Limited, TORONTO.

Saves Axles and Harness

Wheels turn easier and axles wear longer when they are properly lubricated with Imperial Mica Axle Grease. Its powdered mica flakes form a glassy surface for grease to work over. Thus friction is reduced and wear retarded. It costs less than any other grease because it lasts twice as long.

Imperial Eureka Harness Oil keeps your harness pliable, strong and new-looking. It gives leather a rich, black, lasting finish, protects it from moisture, and adds years to its life. It is easily applied and is a big money-saver on repair bills.

Imperial Mica Axle Grease and Imperial Eureka Harness Oil are the first choice of teamsters, farmers and liverymen. A dealer near you carries both in convenient sizes.

Old Fort Ellis and Sioux Indians

Crossing the Plains to Fort Carlton

Summer 1875.

By O-GE-MAS-ES (Little Clerk).

(Copyrighted)

(Continued)

The month was July and shortly after my arrival five York boats arrived from the furthest north post in the district, Lac du Brochet, situated at the northern end of that lake and semi-arctic in climate. About half the boat crews were Chippewayan Indians. It was my first meeting with this tribe and certainly a greater contrast in appearance to that of the plain Indians could not be found. They were rather short, more Asiatic in looks, many of them blear-eyed, and they were not a pleasant looking lot, but by all accounts good hunters and industrious people. Brochet was a famous fur post, and as many of these men were noted hunters, they nearly all had considerable credits with the company, goods having run short at their home post. These balances ran from fifty skins to two and three hundred a man, and fortunately for us Mr. Pierre Deschambeault accompanied the brigade, he having succeeded his father before him in charge of that post and, moreover, speaking Chippewayan like a native. I and a young apprentice clerk named Jack Stewart, were detailed to the trading store and here we passed many hours settling up with these Indians who appeared to be very inferior to the Crees in intelligence.

Two or three were taken into the store at one time, Mr. Deschambeault being present, then goose-quills were solemnly counted out to them in accord with the number of skins to their credit. At first we tried to hurry the procedure, but soon found that the more haste the less speed with these primitive men, as once get them confused and they would have to commence at the beginning and go all over the performance. The old depot as it was called in which the trading store was situated, was over a hundred years old, built of massive square timber, which had been rafted down the Saskatchewan River. Down on the floor squatted each Chippewayan, and spread out before him were the quills, and as he kept sorting them out in various little lots, would exclaim in guttural accents his wishes. The language they spoke was very different from any of the other native languages I had heard, and sounded as if it was uttered from the back of the throat. Mr. Deschambeault would answer him in the same clucking accents and so on until my patience was sorely tried, as we were very busy and working every night. But at last a list would be given us and we would fill the order. In due time they were all paid off and then we had the boatmen to settle with, also much stuff to pack for various posts, as boats had to leave at a certain time to get at their destination before freeze-up.

Madame Belanger, who had been a Miss Marion, was a lady of much refinement, very kind to us youngsters and constantly entertained us. She had a beautiful garden in which cultivated roses formed a prominent feature, and these were quite equal to anything you would find in Eastern Canada. Madame Deschambeault, who had accompanied her husband to headquarters, was a gay young creature, and only too delighted to get away from the lone desolation of Lac Du Brochet to the comparative civilization of Cumberland House where dances were held several times weekly. Pierre himself detested so-called civilization, and counted the days until he could return to his beloved north country. He was known to be possessed of a considerable private income (which he took good care of) and in an indent sent down some years before, just after he was married, there was included with his private order one very indispensable article of China, that is generally kept under the bed. Some wag changed this to one dozen and again at the Fort Garry Depot the dozen was erased and gross written in, so that no less than twelve cases containing 144 of these articles were shipped to Brochest on Pierre's private account, the freight, of course, amounting to many times the prime cost. This was the first trip he had made to Cumberland since these goods were forwarded and as the story was well known we were all agog to hear the result, but Pierre remained discreetly silent in regard to it. He, however, finally produced a bale of most beautiful beaver and otter skins. "Hello," was Factor Belanger's remark, "what is this? You well know private trade is not allowed." "Well," was his slow and cautious reply, "when kind friends sent me up so much china I let the fact be known to the Chippewayans that some entirely new vessels had just come in which were invariably used by white people, and they shortly became the rage, and the Indian family who could not serve up caribou soup in one of them was not counted amongst the elite of savagedom." There was a great laugh. Truly Pierre had one on the crowd, and credit was at once given to him for the total cost of the goods, while the company annexed the fur. A slow smile spread over his face, and he sure was not so slow, now was he?

We at last had all goods ready for Lac Du Brochet, Pelican Narrows and other posts, and one fine day away they went on the long and arduous journey of many portages and rapid rivers, not to mention Lac Brochet itself, which is said to be some two hundred and eighty miles long and full of islands. In fact one year in foggy weather the boat brigade having got off their direct course, which was marked by lobsticks from island to island, got lost for a week. The whole lake is still a terra incognita and though geologists have reported valuable mineral veins it is even at this late date unexplored, like so much of the great north country.

Factor Belanger, having decided to go east for the winter on a visit to his people, The Pas was made headquarters for the district, and a Mr. Alex. Matheson (chief clerk) a very talented Scotchman, was placed in charge of the district, with myself as an assistant. Alas, all the districts accounts (covering a country extending from Grand Rapids at the mouth of the Saskatchewan River to a point midway between Brochet and Churchill, roughly speaking some seven hundred miles in length) came to The Pas for my edification, but these I have mentioned in a former article.

Mr. Matheson rose to be a chief factor in the service, his last charge being Fort William. His death occurred some years ago and was greatly lamented. He was very much beloved in the service by employees and Indians alike; in fact to know him was to love him, and, personally, I owe him a deep debt of gratitude for helping to shape my future.

Disturbance In Egypt

Wires Between Cairo and Alexandria Have Been Cut.

London.—Telephone wires between Cairo and Alexandria, Egypt, have been cut, says a Central News despatch from Cairo. No news is coming from Alexandria, and disquieting rumors are current in Cairo, the despatch declares.

There was only desultory firing in the streets of Alexandria, reports received on the result of the recent riotous disturbances stated. Fifty persons, including 12 Europeans, were killed and nearly 200 persons wounded. Looters and skulkers were responsible for these disturbances.

American Company Buys B. C. Mines

Big Sum Has Been Paid For Silver Lead Mines.

Revelstoke, B.C.—The Waverley-Tangier Silver Lead Mines, situated at the head waters of Downie Creek, have been purchased by the Walters Investment Company ,of Spokane, Washington. The exact terms of the deal are not disclosed, but it is known that $20,000 has been paid already and that the Walters interests have spent another $10,0000 for development work, which includes the construction of eight miles of wagon road from Albert Canyon, B.C., to the property.

Coal Freight Rate Cut

Reduced 10 Per Cent. From Alberta Mines to Prairie Provinces.

Winnipeg.—A reduction of ten per cent. in the rates on coal from the Alberta mines to the three prairie provinces is granted by the Railway Commission in a judgment according to an Ottawa dispatch to the Winnipeg Evening Free Press. The despatch says:

"The mine operators and the dealers alike co-operated in an application to the board for a 20 per cent. reduction. The board grants 10 per cent. pointing out that when there was a general increase in freight rates last fall coal did not figure to the same extent as other commodities and that with such a reduction the increase would not be more than five per cent. The order is effective June 1, and expires August 31."

Record Journey Made To Reace River

First Party Travelling By Boat Has Arrived.

Peace River, Alta.—The first party to reach Peace River by the water route from Prince George, B.C., this season, has arrived. During the course of their trip they were forced to cut through the ice on Summit Lake. A record was made as the journey was accomplished in seven canoeing days and 101 miles were made down the Peace River in one day.

The party included C. J. Vernon MacKenzie, editor of MacLean's Magazine; H. Weston Taylor, of Philadelphia; and W. V. Chambers, of Bermuda, who are gathering magazine material.

Crank Dies By Fasting.

Selma, Iowa.—Walter Oliver, son of a wealthy farmer, died on the sixtieth day of a self-imposed fast.

Oliver was a conscientious objector and was sent to the Federal penitentiary when he refused to don a uniform. Upon his return to his home here he became a recluse and later entered into a fast, declaring, "I will not take food until the Lord blesses me."

C.N. Station Dynamited.

Montreal. — Much damage was caused at Cushing on the Canadian National Railway about five miles north of Carillon, by the dynamiting of the station. It is believed that the outrage was an act of spite owing to the removal of the station facilities from one point to another. There were no persons on the premises at the time. No arrests have yet been made.

Many Injured In Fire Which Destroys Dublin Custom House

Seven Civilians and One Auxiliary Killed In Catastrophe Alleged to be Work of Sinn Fein.

Dublin. — The Dublin Customs House is in ruins and all the most important documents of the Government relating to Ireland together with papers and records, the value of which cannot be estimated, have been destroyed. This, Dublin Castle officially announces, is the work of Sinn Fein forces, which made the most formidable attack against Government property that has been engineered since the present rebellion was started.

London.—The Irish office has issued the following official report on the Customs House fire at Dublin:

"Three tenders carrying auxiliary cadets and accompanied by an armored car approached the Dublin Customs House shortly after 1 o'clock this afternoon. As they approached the building, a number of bombs were thrown at the tenders from the railway bridge, while revolver fire was opened on them from the windows of the Customs House, which was occupied by a large force of Sinn Feiners.

"The cadets dismounted under heavy fire and surrounded the Customs House which was seen to be burning. Fires from the auxiliaries and the machine gun on the armored car was poured into the windows of the Customs House, from which the rebels replied vigorously and a series of desperate conflicts followed between the crown forces and seven or eight parties of rebels who rushed from different doors of the building, making dashes and firing as they ran. The first party to emerge consisted of three men, one of whom was killed and the other two wounded.

"By this time smoke and flames were pouring from the building and the official staff, including many women, who had been held prisoners by the rebels, came flocking out with hands above their heads, waving white handkerchiefs. While the staff was making its exit, the rebels made a last sortie, this party consisting of six men, only one of whom escaped, the rest being killed or wounded.

"Some of the auxiliaries then stormed the blazing building where many of the rebels surrendered. Some of them were found to be saturated with petrol and several were probably burned to death before the crown forces entered.

"The firemen were held up at the fire station by rebels so that the fire engines did not arrive until 2 o'clock by which time the fire had taken hold of the entire building. At the conclusion of the fighting, dead and wounded rebels lay about on all sides of the building while the ground was strewn with broken glass and empty cartridge cases.

Likes British Rule

Bombay Citizen Says It Is Blessing to India.

Chicago.—The British administration has been a great blessing to the masses of India, Rustom Rustomjee, former editor of the Oriental Review, Bombay, India, told the members of the Commerce Association. He said he was not a "servile apologist" of the British Goverment of India, but belonged to the constitutional opposition faction until that party was captured by radicals.

To Dredge Narrows at Vancouver.

Vancouver, B.C.—The Federal Government will assist with the dredging of the first narrows at Vancouver to make the passage into the harbor safe for deep sea craft of heavy draft. A telegram from Hon. F. B. McCurdy, minister of public works at Ottawa, was read at a luncheon of the Vancouver Shipping Bureau, promising aid in the work.

French Demobolize Married Men.

Paris.—The Government on a favorable report from the army staff in the Rhineland, ordered demobolization of the married men and supporters of families from class of 1919. The remaining forces are considered by the Government to be adequate for all contingencies likely to arise.

Starving Soldier Found in Forest

Had Been In The Bush About A Week.

Toronto.—A discharged British soldier with $56 in his pocket, though his clothes were tattered and filthy, was found in the forest near Woodbridge, Ont. His memory was gone. He was famished and ate ravenously when given food. It is thought he was in the bush about a week. He was brought to Toronto and handed over to the D.S.C.R. and was placed in the military hospital as a bed patient. According to the papers he carried his name is John McQuade and he is 29 years old.

U.S. Meat Imports.

Washington.—The United States last year imported 160,000,000 pounds of meat of all kinds, the Department of Agriculture announced. About two-thirds of the imports are said to have been New Zealand lambs.

Turks Must Release British Prisoners

Constantinople.—The British naval officials here have sent a warship to Adalia to force the Turks to release eleven prisoners who were removed from the British steamer Palatina.

Restrictions On Orientals Increased

Entry of Chinese to Canada Made More Difficult.

Ottawa.—The bill to amend the Chinese Immigration Act was given a final reading without debate in the House of Commons. The bill increases restrictions on the entry of Chinese to Canada. Its main provision is one which abolishes certificates of identification for Chinese merchants and requires them to establish their bona fides to the satisfaction of the Canadian Controller of Immigration.

Will Visit Indians In North

H. A. Conroy Leaving Soon to Pay Treaty Money.

Edmonton.—On his way to Fort Providence and beyond to pay treaty money and to visit the natives of the north, H. A. Conroy, of the Department of Indian Affairs, is in Edmonton making preparations for his long journey into the north.

The Mackenzie River Indians will come in for treaty this year, according to Mr. Conroy, and the fact that treaty has never been paid them in the past attaches considerable interest to the expedition.

CRESTON, B.C., FRIDAY JUNE 3

Buy Season Tickets

In less than a week the big six-day Dominion Chautauqua will be under way in Creston, and from reports comiug in from those entrusted with the ticket selling—which only opened on Wednesday—there is excellent prospect of the affair being put over without direct financial loss to the twenty odd gentlemen who are guaranteeing its appearance here.

Of the genuine merit of the varied programmes that will be submitted throughout the week there is no room for doubt. Many Valley residents are already familiar with previous Chautauqua offerings and they have no hesitation in stating that the entertainment offered is of the very best, and their testimony is corroborated in the fact that Chautauqua plays the same towns year after year and never fails to draw its old patrons, as well as new ones.

Of the sterling value offered those who buy season tickets for Chautauvua still less need be said. For $3 an adult's season ticket may be had admitting to the whole eleven performances, while a whole-show ticket for children under 14 years may be had for $1. and of the youngsters between 14 and 17 but $1.50 is required to give them admission to the complete eleven programmes.

As will be noted from the literaature that has been distributed, Chautauqua offers a nicely balanced programme of lectures, drama, and both vocal and instrumental music by artists of the highest standing, and the lowest price for a single admissirn to any of the evening offerings is 75c., while two of them are $1 each. Single admissions to the six night events will cost $5. Even if you only wish to attend four of them $3.25 is the cheapest you can do it on the single-admission route—and just as sure as death and taxes if you see the opening day programme you will want to see the rest of them—hence the economy of buying the $3 season ticket.

And speaking of ticket buying, it is to be hoped the children will not be overlooked. At 10 cents a head Chautauqua is not only the best but also quite the cheapest entertainment the juveniles will be offered for a long time to come. There will be something in every programme to catch their fancy.

Some criticism is offered Chautauqua on the score that it takes money out of town—which it does, the same as all travelling companies do. But there is also evidence that it brings money into town. At Cranbrook, for instance, shrewd business men like R. E. Beattie and J. P. Fink tell us that for every dollar Chautauqua takes out of that town the merchants gather in six. And speaking of sending money out of town it may interest Review readers to know that investigation shows that Valley people are sending at least $40,000.00 a year out of town to mail order houses—some goodly portion of which might surely be spent here.

In addition to a season ticket being a splendid investment, the buying of these six day admittances will be helpfnl to the men who are guaranteeing Chautauqua financi ally, as well as devoting their time in completing much of the work necessary to its presentation. Their safety against monetary loss lies in the sale of not less than $1500 worth of season admissions by opening day afterhoon, June 9th.

Creston has been asking for just this sort of entertainment. In Chautauqua it will be provided in wholesome, popular fashion at prices well within reach of both adults and children, and the Review looks forward with confidence to the public showing its appreciation of the enterprise of the guarantors by buying season tickets.

Junior Red Cross Work

The peace-time program of the Red Cross League of Nations, to which the Conadian Red Cross is signatory, embraces and embodies the very important platform of Red Cross instruction to the children. This branch is known as the Junior Red Cross, and in Canada this is the medium through which the Canadian Red Cross is endeavoring to induce among the children and young people Red Cross instructions and activities of an educational and social value. In this situation the Red Cross aims to enlist the services of the children and young people on behalf of suffering childhood to minister to the needs of those children less fortunately situated than themselves, and more especially, until the post-war work of the Society is compleed, to the children of soldiers or those suffering directly as a result of the Great War. In this respect it will furnish to children and young people a useful and healthy outlet for their energies and present to them a definite purpose for which their talents may be employed.

Dealing with the program of the Junior Red Cross work in the British Division it is conceded that the extension of the Junior Red Cross Organization in this Province is really one of the most important duties which devolves upon the Society. Upon the children in the schools depends much of the Red Cross support of the future. With the warm approval of the Provincial Department of Education and the various boards of school trustees, the Society purposesestablishing Junior Red Cross branches throughout the Province with separetly organized units in all the larger schools. This being done, it is proposed to create a "Junior Red Cross Sick Childred's Fund," which will be devoted to providing hospital treatment and care for sick children who are not in a position to receive proper hospital treatment. In the extension of this branch, it is also proposed to provide country vacations for delicate or convalescent city children, who are otherwise unable to secure such a holiday. The ultimate purpose of the Junior Fund, however, will be to assist in the establishment of a Children's Hospital or Ward in this Province, so that our sick children may be assured, at all times, of the very best care, and attention from nurses and doctors, specializing in in children's work.

From this Junior Branch of the Red Cross, great results are expected. Children, properly enthused in any good enterprise, are oblivions to obstacles and difficulties. Few persons can refuse the plea of a child. None will refuse the children's plea for children.

Copeland Evens Series; Wins 13-5

Creston had a decidedly "off" day at baseball on Sunday afternoon—on which occasion they stacked up against Copeland in the return engagement for the contest at Copeland on May 8, with the result of the visitors pulling off an easy win by a margin of 13-5—and working shy of two of their regulars, who were unable to get here due to auto trouble at Porthill.

Able substitutes, however, were found for the absentees in Bayle and Bessette. The former performed at first base in capital style, showing considerable of his old-time ginger at the initial corner, and also had quite a good day of it with the bat, while Bessette was still more noticeable both in the field as well as at the hitting.

Copeland presented a well balanced team throughout, with the exception of Waltz, who lacked judgment in sizing up the hitters, invariably playing left field too deep and missing a few high ones that should have been his rather easily. Purson played a stellar game at short, covering all sorts of territory and handling all sorts of chances faultlessly. Ellis caught well, and certainly kept the stolen bases down to the minimum. Bear twirled steadily throughout, and for the most part had Creston hitting them to the infield, where airtight support made victory all the easier.

About the only redeeming feature to Creston's performance was the showing of some of the new talent, notably McKelvey, at first, who came through a busy day without a slip, as well as ranking with the best of them in the hitting. Art Gobbett was quite conspicuous in his left fielding, and for the five innings he occupied the mound Ayis certainly had the enemy eating out of his hand, and with even average support in the field would have turned his opponents back scoreless for the five frames he performed. Bruce and Long were the biggest disappointments, the former's hitting and the latter's fielding being away off, while Telford failed to hit his usual stride in both fielding and batting. In fact, so far as batting went none of the homesters worked true to form—due in some measure to good headwork by Bear, backed by equally excellent coaching behind by Ellis. The players and score:

C. Ogilvie umpired the game to the satisfaction of both teams and the biggest Sunday afternoon crowd seen this season witnessed the game.

Very Best Music Lectures, Drama

When the Chautauqua opens in Creston on June 9, for six days, it will be found to have assembled a notable collection of artists and interpreters of thought.

One of the musical headliners is Lieurence's Little Symphony. It plays the wonderful Tschaikowsky numbers and an especial sketch containing part of the "Goldmark Rustic Wedding." You will have an opportunity to hear the ballet music from Faust and other operatic gems. Inaddition to selections from the old masters, as Gounod, Goldmark, Schubert, Schuman, Tschaikowsky and Dvorak, throughout the the program is woven some of Mr. Lieurance's wonderful Indian songs effectively arranged for the symphony Among them might be mentioned "By the Waters of Minnetonka."

The program this year contains the names of widely recognized thinkers, writers and speakers. These include Miss Agnes Laut, Judge George D. Alden, Dr. James L. Gordon and Lethe Coleman. The 'Lloyd George of the Chautauqua platform," Dr. James L. Gordon, will deliver his lecture, "Grace, Grit and Greenbacks," on the second night. Dr. Gordon is one of the three truly great preachers of the world," according to the Chautauqua announcement. Old Winnipegers will remember his oratorical gifts.

On the fifth night the Coffer-Miller Players, who have long been on the Chautauqua circuit with standard dramas, will revive Sheridan's rollicking comedy, "The Rivals." They are headed by Jeff Coffer and Miss Martha Miller.

And Lethe Coleman—"The Homing of the People" is her subject when she speaks on the fourth afternoon. Several years ago she had an opportunity to give expression to her findings. Her thoughts took fire and now she is a leader of thought on home problems.

Climatic in the music of Chautauqua week are two programs by Thuriow Lieurance's Symphonic orchestra, which is supported by J. Horace Smithey, baritone, and Princess Oyapela, in Indion stories and dances.

This orchestra will appear on Saturday, June 11 and will form a musical background for the whole week. This background will be augmented daily. on the first day by the Bell Ringers, a male quartette of mature musicians who develop a program of peculiar attractiveness by the unique use of about a hundred handbells.

On Friday, June 10, a particularly charming program will be given by the Dixie Girls quartette. The Dixie Girls' program will be outstandingly attractive because of the costumed sketches and the old-time songs which they will feature.

The Tennesse Dub, like the Dixie Girls, emphasize to a little greater extent the lighter entertainment type of music.

Judge George D. Alden, will speak on "The Needs of the Hour." Judge Alden is recently from New Zealand, where he received an ovation from the island commonwealth. He will give his inspirational lecture on the fourth evening.

"Canada at the Crossroads" touches the depths and points to the heights of Canada's past, present and future.

The week will close Wednesday, June 15, with a concert entertainment and concert prelude in the evening by the Scotch-Canadian Concert company, which features Walter Henderson, Scotch comedian; Edna Reed, colartura soprano; Thelma Rose, violinist and accompanist, and Marrietta La Dell, reader.

Wynndel

T. W. Davis left on Saturday for Calgary, Alta., on a two week's business trip.

The United Farmers' dance on Saturday night was well attended, and a real good time was indulged in. Misses Bathie and D. Butterfield, and Messrs. M. Wigen and E. S. Butterfield supplied the music, which was of the highest order. $10 was netted for the U.F. treasury.

The Co Operative Fruit Growers are holding a general meeting on Friday, June 3rd, at 8 p.m., at the schoolhouse. All members are requested to attend.

Mrs. T. Sadler left on Saturday for Coleman, Alta., where she will visit her mother for awhile.

The Sunday school is having it annual picnic on Saturday, June 4th. The site has not yet been definitely decided upon.

There will be a housewarming dance at Mr. Payette's new residence on Saturday night. Come out and give Mr. and Mrs. Payette such a housewarming, as only Duck Creek knows how.

A. McL. Fletcher of Nelson, Dominion fruit inspector, was a visitor here on Wednesday, and was greatly interested watching the girls baseball practice in the evening.

Mr. Davis, who has recently purchased a block of land from Mr. Cory—next the Foxall place—has a gang of carpenters at work erecting a fine house which will very shortly be ready for occupation.

With the water quite high M. Wigen is figuring on towing his logs over from Cottonwood camp, and getting the mill running steadily.

Everything points to a good berry crop this season, and the Co-Operative Fruit Growers Association are making arrangements to handle the biggest crop they have ever had.

We had our last touch of winter weather on Friday last when after an all night rain the ranchers in the locality awoke in the morning to see quite a liberal covering of snow over everything. However, the sun made its appearance in due time, melting the white goods with much beneficial effect to all crops.

FOR SALE—Grade Shorthorn milch cow, due to freshen about June 1st. good butter cow. H. H. Taylor, Creston.

FOR SALE—320 acres known as Sub Lot 54, on Arrow Creek, $10 per acre. Apply to owner, W. K. Esling, Rossland, B.C.

Synopsis of Land Act Amendments

Minimum price of first-class land reduced to $5 an acre; second-class to $2.50 an acre.

Pre-emption now confined to surveyed lands only.

Records will be granted covering only land suitable for agricultural purposes and which is non-timber land.

Partnership pre-emptions abolished, but parties of not more than four may arrange for adjacent pre-emptions with joint residence, but each making necessary improvements on respective claims.

Pre-emptors must occupy claims for five years and make improvements to value of $10 per acre, including clearing and cultivation of at least 5 acres before receiving Crown Grant.

Where pre-emptor in occupation not less than 3 years, and has made proportionate improvements, he may, because of ill-health, or other cause, be granted intermediate certificate of improvement and transfer his claim.

Records without permanent residence may be issued, provided applicant makes improvements to extent of $300 per annum and records same each year. Failure to make improvements or record same will operate as forfeiture. Title cannot be obtained in less than 5 years, and improvements of $10.00 per acre, including 5 acres cleared and cultivated, and residence of at least 2 years are required.

Pre-emptor holding Crown grant may record another pre-emption, if he requires land in conjunction with his farm, without actual occupation, provided statutory improvements made and residence maintained on Crown granted land.

Unsurveyed areas, not exceeding 20 acres, may be leased as homesites; title to be obtained after fulfilling residential and improvement conditions.

For grazing and industrial purposes areas exceeding 640 acres may be leased by one person or company.

Mill, factory or industrial sites on timber land not exceeding 40 acres may be purchased; conditions include payment of stumpage.

Natural hay meadows inaccessible by existing roads may be purchased conditional upon construction of a road to them. Rebate of one-half of cost of road, not exceeding half of purchase price, is made.

PRE-EMPTORS' FREE GRANTS ACT.

The scope of this Act is enlarged to include all persons joining and serving with His Majesty's Forces. The time within which the heirs or devisees of a deceased pre-emptor may apply for title under this Act is extended from for one year from the death of such person, as formerly, until one year after the conclusion of the present war. This privilege is also made retroactive.

No fees relating to pre-emptions are due or payable by soldiers on pre-emptions recorded after June 26, 1918 Taxes are remitted for five years.

Provision for return of moneys accrued, due and been paid since August 4, 1914, on account of payments, fees or taxes on soldiers' pre-emptions.

Interest on agreements to purchase town or city lots held by members of Allied Forces, or dependents, acquired direct or indirect, remitted from enlistment to March 31, 1920.

SUB-PURCHASERS OF CROWN LANDS.

Provision made for issuance of Crown grants to sub-purchasers of Crown Lands, acquiring rights from purchasers who failed to complete purchase, involving forfeiture, on fulfillmant of conditions of purchase, interest and taxes. Where sub-purchasers do not claim whole of original parcel, purchase price due and taxes may be distributed proportionately over whole area. Applications must be made by May 1, 1920.

GRAZING.

Grazing Act, 1919, for systematic development of livestock industry provides for grazing districts and range administration under Commissioner. Annual grazing permits issued based on numbers ranged; priority for established owners. Stock-owners may form Associations for range management. Free, or partially free, permits for settlers, campers or travellers up to ten head.

When Does Bronchial Trouble Begin To Get Serious?

First it was a little throat tickle, then a cough which grows severe. This neglected cough travels down the lungs, and it's mighty hard to treat. To treat throat trouble right, use Catarrhozone. It heals the sore spots, allays irritation, eases the cough, makes breathing regular, clears out the phlegm and frees the nostrils from crusts and accumulations. You can prevent colds, and keep free from Catarrh and bronchial trouble by frequently using Catarrhozone—thousands prove this every day. Sold everywhere, two months treatment $1.00, medium size, 50c; small size, 25c.

Enter Mother-in-Law

By Ella Randall Pearce

The letter was addressed to Mrs. Franklin Kirby and its contents enjoined secrecy. "I want to surprise Franklin," wrote that young man's mother.

"And you've surprised Franklin's wife, too." This thought was slightly tinged with bitterness, for Vera had her pre-conceived notions of mothers-in-law, and her first feeling was resentment that her happy little home was so soon to be invaded by the arch-enemy of domestic tranquility.

"Franklin's mother—of course, I expected to meet her some day. And of course, I'll do my best to get on with her. But now—" Vera bent above the written page again.

"I'm coming for a visit, but if it suits me I may stay." Vera gave a gasp as she read. "The idea! Cool, I call that. Coming for a visit—and may stay. Does that mean forever? Oh, well I'll have to hang out the welcome banners, for Franklin's sake.

Vera kept her secret during the next few days; but it rankled within her heart. You couldn't tell her anything about mothers-in-law! She knew what they were like, even the best of them.

They never thought a woman quite good enough for their precious son—and Franklin was an only child! And they never quite approved the wife's housekeeping methods, especially her cooking. And they always considered the other woman a little extravagant, to say the least; and a little careless of Hubby's comfort; and a little too fond of worldly pleasures.

"Oh, I'm sure to come in for criticism and advice," reflected Vera. "And Franklin thinks me quite satisfactory as I am. Now he's going to have my faults pointed out. Now he's going to learn that the woman he married isn't and never can be quite as good as the mother he forsook."

Vera went about her daily tasks, conjuring up disturbing visions of what the advent of the elder Mrs. Kirby might mean. She had known Franklin but a short time before they were married; and she had not met a single member of his family. And there had been much for her to learn in the way of domestic arts and sciences.

"And now I'll be told how far from perfect I am!" Vera shook her head as she went about the task of setting the guest room in order. It was also her sewing room, and now she would have to give up her needle work for the present.

"And, if it suits her, she'll stay," moaned Vera. "I'd like to ask Franklin some questions about his mother, but I don't dare. He'd suspect. If only I knew more about her. First impressions are so important. Well, the scene is ready, the time is come, enter mother-in-law!"

And then a taxi whirled up to the door, and the stranger guest whirled into the Kirby's living room and dropped all her bundles to embrace the waiting hostess.

"So this is Vera, little Vera. Why, you're head and shoulders above me," ran a laughing, silver-toned voice. "I'm going to take a good look at you when I get a chance. Oh, my roses—I'm dropping them all over the floor. They're for Franklin. I've brought some bon-bons for you, my dear."

The newcomer threw off her wraps and looked eagerly around.

"Franklin's home—if you knew how I've wanted to see it! Can't I look about now, every nook and corner?"

She slipped a hand childishly into Vera's clasp. "You modern young homemakers frighten me," she rippled. "You're so wise, so efficient. I never did learn to keep house." Then she laughed merrily. "But I kept a cheerful home, and that's something, I made Franklin's father happy. And I made Frank happy as long as he was with me. And now you're making him happy. I know by his letters.

She looked long and lovingly at Vera, and tenderly patted the hand she held. Isn't Franklin wonderful!" she said with enthusiasm. "Isn't he worth doing things for?"

They stepped into the tiny blue and white kitchen. Oh, just like a toy house," exclaimed Franklin's mother. "I believe I could work here and enjoy it. But I never did care for kitchens, and cooking seems a mysterious art. I always had someone else do the cooking, and I gave my attention to the service end. I can pour tea to perfection."

Vera watched her in bewilderment as she went from room to room, talking entertainingly of many things. She was an exquisite figure, slender and light-footed, with silver blond hair fashionably arranged, bright blue eyes and a fresh pink and white complexion. Her small nose uplifted a trifle and there was a dimple in her cheek. She had an air of permanent youth. The sort of person who never grows up, thought Vera. Yet there was wisdom and shrewdness, too, in her bright eyes; and an undercurrent in her silvery tones that twanged at one's heart strings now and then.

"Such a dear sweet home. I'm going to be happy here while I stay. And I'm going to do all I can to make my visit a happy memory for you, you two dear children."

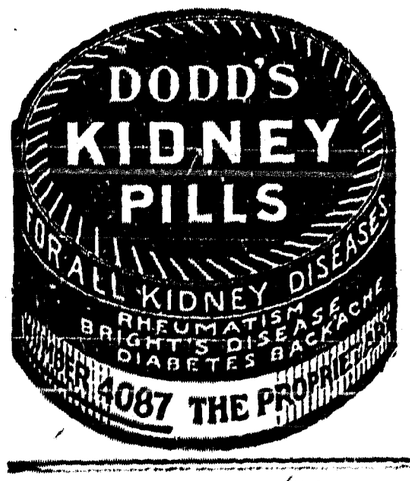
Children! Vera already felt old and sober beside this light-voiced, light-footed stranger. The elder Mrs. Kirby tilted her head charmingly, with a sparkle of mischief in her glance.

"Did my letter worry you? I always announce my visit in that way, that if I am suited I shall stay. But I never stay." Her dimple came into play. "I am a wanderer. When Franklin's father was living, we traveled together and so I got into gypsy ways. I have friends everywhere. So I come and visit, but I never stay."

Vera watched her vivacious guest as she arranged the roses she had brought in a cut-glass vase. A sudden tenderness crept into her heart. A thrilling longing, almost maternal in its nature, to draw that gay, roving, childish spirit within the sweet, protective circles of home life.

She went swiftly to the other woman's side and laid a caressing hand on her shoulder.

"I want you to remember, Mother Kirby," she said, and her voice quivered with newly awakened emotion, "Wherever you go, this is your home. Always. With Franklin and me. And always we shall want you to come and stay as long as you will."



Good Price For Wool Clip.

About $400,000 was received by Southern Alberta flock owners for last year's wool clip. The total consignment through the Southern Alberta Wool Growers' Association amounted to 1,465,844 pounds, for which an average price of 28.83 cents net was obtained. This is considered a very favorable figure in view of the state of the wool market.

Tallest Man Dies.

Bernard Coyne, 24, said to be the tallest man in the world, is dead at his home near Sioux City. Coyne stood 8 feet 1 inch and weighed 300 pounds. He wore size 24 shoes.

CUTICURA HEALED PIMPLES ON FACE

Also Itchy Scalp. Hair Fell Out. Face Disfigured.

"My head began to itch and there were scales on my scalp. My hair came out badly when combed and it became very dry and thin. I also had pimples and blackheads all over my face. The pimples were hard, large, and red, and caused me to scratch and irritate them, and my face was disfigured.

"This trouble lasted about two months and I began using Cuticura Soap and Ointment. After I had used two cakes of Soap and two boxes of Ointment I was completely healed." (Signed) Miss Zona Jackson, R. 3, Goldendale, Wash.

Improve your skin by daily use of Cuticura Soap, Ointment and Talcum. They are ideal.

Soap 25c. Ointment 25 and 50c. Talcum 25c. Sold throughout the Dominion. Canadian Depot: Lymans, Limited, 344 St. Paul St., W., Montreal. Cuticura Soap shaves without mug.

South Africa Behind In Caring For Veterans

Canadian Delegates Return From Conference With Marshal Haig.

Marshal Haig has returned to England from South Africa, whither he had gone to preside at the empire conference of Great War Veterans. He said said the British Empire Services League for ex-service men throughout the empire gave him a hearty welcome.

The two Canadian delegates to the Cape Town conference, R. B. Maxwell, of Winnipeg, Dominion president of the Great War Veterans' Association, and J. Morgan, of Toronto, representing the Army and Navy Veterans' Association, travelled back to England with Earl Haig.

Mr. Maxwell declared that South Africa was much behind the other dominions in caring for ex-service men.

Miller's Worm Powders will eradicate the worm evil that bears so heavily on children and is believed to cause many fatalities. They are an acceptable medicine to children and can be fully relied upon to clear the food channels thoroughly of these destructive parasites and restore the inflamed and painful surfaces to healthfulness. They are an excellent remedy for these evils.

More Gypsum in Canada

Large Reserve Available If Market Can Be Found.

In drilling to test the commercial possibilities of the salt beds in the Fort McMurray district of the Athabasca River country, recently, it was found that there are nearly 100 feet of anydrite and gypsum of commercial quality at depths ranging from 500 to 600 feet, and if a market can be found for it there is a large reserve available for development. Gypsum is one of the important non-metallic minerals of Canada, and is found in several of the provinces but was not known to exist in the far north. The total production of this mineral in Canada in 1920 was valued at $1,676,595, but the value of the deposits of the ore must run into many millions.

Refuse To Change Wheat Grades

Ruling Is a Great Disappointment To American Farmers.

United States wheat producers of the border country, and especially throughout the northwest, are keenly disappointed over a ruling just announced by Secretary of Agriculture Wallace refusing to change the federal grades on spring wheat, except in one small particular. The decision is regarded as a victory for millers, though Secretary Wallace promises a thorough investigation prior to marketing season a year hence. The Canadian grain trade is much interested in the situation.

Where Farming Pays.

Starting out to work a farm with a mortgage tacked on it for more than the farm was worth was the prospect of Sam Chute, of Berwick, Nova Scotia, 25 years ago. Last year he sold 20,000 barrels of his own apples, and about 60,000 quarts of strawberries. The old mortgage is gone and forgotten, except as a memento.

"Your Teeth"

By Rea Proctor McGee, M.D., D.D.S., Editor of Oral Hygiene.

IN LATER YEARS.

Copyright, 1921, by Rea Proctor McGee.

Time lies in wait for every man and will get him sooner or later if something else doesn't. When time begins to get a man the question is, how well is he prepared to resist the downward drag of years? We know this drag is sure, but we all hope to make it slow. It must be terribly disconcerting for a man to suddenly have the skids knocked out from under him and to miss the pleasure of the long, quiet twilight of life.

Not that any of us are yearning for that "quiet twilight" business, but it is the best we will have when it comes, so let's make the most of it.

It is a fact that men and women past fifty years of age, who have perfect teeth, are remarkably free from chronic disease. Very few people who are past fifty years and who show advanced pyorrhea and decay of the teeth have anything like normal health.

There are people seventy to ninety who have nearly perfect teeth and their splendid health leads us to believe that there is a definite connection, in old age, between good teeth and good health.

Many old people are vigorous who have well-fitted artificial teeth, much healthier in fact than people of the same age who have advanced pyorrhea, or a number of abscessed roots, or both, in their mouths.

Good artificial teeth are far preferable to diseased natural teeth.

Artificial teeth are made from porcelain. A great deal of careful study has been put upon the shapes, colors, types and contours of porcelain teeth.

The making and fitting of plates to the mouth, and the arrangement of the teeth, both from the artistic and from the mechanical aspect, has been reduced almost to an exact science in America.

If we keep our machinery in good repair as we go, we will have no regrets when the time comes to reduce speed and jog along quietly to the end of the road.

"Sengite" Is New Explosive.

South Africa is now manufacturing a new material to take the place of nitro-glycerine explosives. It has been tested in mines and is regarded as both strong and safe. It is called sengite, the first syllable being derived from the initial letters of the words, "substitute explosive, no glycerine."

A sign has been discovered in an old tailor shop in Pompeii reading: "Creases ironed in your togas while you wait."

LETTER FROM MRS. WAKELIN

Tells Remarkable Story of Sickness and Recovery.

Toronto, Ont.—"I suffered greatly from weakness, seemed to be tired all the time, and had no ambition to do anything or go any place. My nerves were in bad shape, I could not sleep at night, and then came a breakdown. I read of Lydia E. Pinkham's Vegetable Compound in the newspapers and several of my friends advised me to use it, and it surely put new life into me. Now I am quite able to do all my own work, and I would strongly advise every suffering woman to give Lydia E. Pinkham's Vegetable Compound a trial."—Mrs. CHARLES WAKELIN, 272 Christie St., Toronto, Ont.

The makers of Lydia E. Pinkham's Vegetable Compound have thousands of such letters as that above—they tell the truth, else they could not have been obtained for love or money. This medicine is no stranger—it has stood the test for more than forty years.

If there are any complications you do not understand write to Lydia E. Pinkham Medicine Co. (confidential), Lynn, Mass.

The Thrift of the French

People Have Worked and Saved Money Since the Armistice.

France was dreadfully torn by the war, terribly depleted financially by its expense. But what do we see now? Two years and a half after the armistice her people are able to invest 10,000,000,000 francs a year in bonds! There's a lesson in thrift, in saving, in resources, for the whole world! It we had anything to compare with it in America our prosperity would be the marvel of all ages, our money power almost beyond computation. But France has not been spending billions for luxury since peace came to her. She's been saving her sous while we have enjoyed scattering our dollars. And they work in France.—Chicago Journal of Commerce.

World Happenings Briefly Told

The Cunard steamship line has re-opened its office in Berlin.

Grasshoppers are reported to be hatched out in the Hartney district and steps are being taken to combat the pest.

It is unofficially stated that at a British naval conference at Singapore, plans were formulated for combined action by the East Indian, China and Australian squadrons in the event of war.

Sir Edward Carson, who for many years has been leader of the Ulster forces in Parliament, has been appointed Lord of Appeal in Ordinary in succession to Baron Moulton, who died in March.

The body of eight-year-old Lilly Manning, who fell into a sewer on St. James street, Montreal, on March 10 last, was recovered in the St. Lawrence River, near the Montreal Cotton Mills at the foot of Harbor Street, Hochelaga.

The port zone at Buenos Aires, which has been closed since late in March by the boycott of the Port Laborers' Union, has been re-opened. The union laborers returned to work but only ten of the huge fleet of tied up ships accepted their services.

Hon. Geo. H. Malcolm, provincial minister of agriculture, and John Bracken, of Manitoba Agricultural College, will go to Ottawa early in June to discuss the matter of federal aid to the development of agriculture in the province with the Dominion Cabinet.

Adam Philipchuk, shoemaker, charged with stealing 700 bushels of wheat, and Mike Grigorew, farmer, charged with concealing $5,000 of assets, were arrested at Vernon, Calif., at the request of the British Consul-General and are held for return to Perdue, Sask.

Youth and Age

THERE is no time in woman's life that she cannot benefit by the use of Dr. Chase's Nerve Food in order to keep up the supply of pure, rich blood and to ensure a healthful condition of the nervous system.

Headaches, neuralgia, sleeplessness, nervous spells, irritability, tired, worn-out feelings, soon disappear when the vigor and energy of the nerves are restored by the use of this great restorative.

50 cents a box, 6 for $2.75, all dealers, or Edmanson, Bates & Co., Ltd., Toronto.

Dr. Chase's Nerve Food

Scheme To Drain Alberta Lakes

Would Mean Thousands of Acres Reclaimed For Cultivation.

Twenty-three thousand acres may be added to the cultivable area in the Morinville district, east of Edmonton, by the draining of the Manawan Lake. This is the largest of the proposed drainage schemes in Central Alberta in connection with which reconnaissance surveys are to be undertaken this summer and autumn.

Surveys are also being undertaken at Chip Lake which covers about 19,000 acres and at Lanes Lake, covering about three thousand acres in an excellent mixed farming district of Central Alberta.

If the projects are found to be practicable and to warrant reclamation operations being undertaken ditching schemes will probably be put in hand next year.

STERN REMINDERS OF RHEUMATISM

The Trouble Must Be Treated Through the Blood.

Every rheumatic sufferer should realize that rheumatism is rooted in the blood and that to get rid it must be treated through the blood. The old belief that rheumatism was caused by cold, damp weather, is now exploded. Such weather conditions may start the pains, but it is not the cause. Liniments and outward applications may give temporary relief, but that is all they can do because they do not reach its sources in the blood. The sufferer from rheumatism who experiments with outward applications is only wasting time and money in depending upon such treatment; the trouble still remains, and it is all the time becoming more firmly rooted. Treat this disease through the blood and you will soon find relief. Dr. Williams' Pink Pills act directly on impure, weak blood; they purify and strengthen it, and so act on the cause of the rheumatism. Mr. P. J. MacPherson, R.R. No. 5, Cardigan, P.E.I., says: "About three years ago I was attacked with rheumatism. I began taking Dr. Williams' Pink Pills and soon the trouble disappeared and I am in better health than before. I also know of an old lady acquaintance who was badly crippled with rheumatism in her arms and legs, and who suffered very much. She, too, took Dr. Williams Pink Pills and is now able to do her housework. I tell you this in the hope it may be of benefit to some other sufferer."

You can procure Dr. Williams' Pink Pills through any dealer in medicine or they will be sent you by mail at 50 cents a box or six boxes for $2.50 by writing direct to The Dr. Williams' Medicine Co., Brockville, Ont.

The Forest Fire Season is Here

From Five to Eight Thousand Occur Each Year Through Carelessness.

Five settlers who were recently placed on trial for causing disastrous forest fires through carelessness in "burning off" their lands gave as their excuse, "We did not know that little fires could escape from our control so quickly.." This is the story of almost every forest fire in Canada. From five to eight thousand occur year by year and in most cases through thoughtlessness and indifference. When one considers that the forests of just one province, Quebec, are valued at 600 million dollars just as they stand in the "wilderness," and that timber is the one member of the family of our resources most easily and quickly destroyed, the seriousness of all forest fires is at once recognized.

In a recent statement, the Canadian Forestry Association urges precautions by campers and smokers as follows:

When in the woods, do not throw away a lighted match or tobacco.

Make your camp fires small because they cook better and are easily put out. Never build your camp fire near leaves or moss or in a dry bog or against an old log. Select a stony or gravelly soil if possible.

When leaving camp, put your fire completely out, and that means Dead Out; you can do it with a few pans of water or a shovel of earth.

Settlements, one with a population of 240, previously unknown, were discovered during the taking of Japan's first official census last fall.

Minard's Liniment Lumberman's Friend.

CASTORIA

For Infants and Children

In Use For Over 30 Years

Always bears the Signature of Chas. H. Fletcher

Will Plant Corn and Sunflowers.

Considerable acreage near Lethbridge will be planted to corn by former North Dakota farmers, who raised it very successfully there and feel certain that they will make a success of it here. There will also be a big addition to the area planted in sunflowers this spring.

Separation, But No Alimony

A peaceful, quiet separation, no damage done, everybody happy again—that's the situation when you divorce your corns. Try Putnam's Corn Extractor. Acts like magic, no pain, no failure, success every time. Refuse a substitute for "Putnam's", 25c everywhere.

Butter Once Regarded As Medicine.

In the early Christian era butter was regarded merely as a medicine, while among the Romans the use of butter marked the distinguishing mark between the rich and the poor.

Holloway's Corn Remover takes the corn out by the roots. Try it and prove it.

If a woman hasn't anything else to do she borrows a recipe from her neighbor and attempts to make a cake.

The Oil of Power.—It is not claimed for Dr. Thomas' Eclectric Oil that it will cure every ill, but its uses are so various that it may be looked upon as a general pain killer. It has achieved that greatness for itself and its excellence is known to all who have tested its virtues and learnt by experience.

The oarfish, fully 20 feet long, lives in the open sea. When angry it raises its narrow body out of the water to a height of four or five feet.

Keep Minard's Liniment in the house

Sends Ontario Corn to Germany.

Sending seed corn from Blenheim to Germany is something new, yet it is being done. T. C. Warwick, long recognized as an authority on seed corn in Ontario, and who for a number of years has been shipping extensively to Eastern Ontario, to points in the United States and elsewhere, has received an order for seed corn from a large firm in Danzig, Germany, for experimental purposes. The corn was carefully prepared and forwarded.

TOBACCO HEART

Every Smoker Read This

Tobacco does not seem to affect all alike. Many men enjoy their smoke, live to a good old age, and apparently suffer no ill-effects from the use of the weed.

There are others though, on whose heart and nervous system tobacco produces the most serious results.

It causes palpitation, pain in the heart, and irregularity of its beat, makes the hands tremble, sets the nerves on edge, and causes shortness of breath and loss of sleep.

To counteract this demoralizing influence on the heart and nerves there is no remedy to equal Milburn's Heart and Nerve Pills.

They make the heart beat strong and steady, restore tone and vigor to the nerves, and remove all the evil results caused by the tobacco.

Mr. D. McKillop, Coxheath, N.S., writes:—I was using too much tobacco, and got so I could not sleep at night, my hands used to tremble something awful, and I suffered terrible from pains in my heart. I told a friend about it, and he advised me to get your Milburn's Heart and Nerve Pills. I took two boxes and they gave great satisfaction."

Price 50c a box at all dealers or mailed direct on receipt of price by The T. Milburn Co., Limited, Toronto, Ont.

An American silver dollar was recently found in a can of pickled tongue opened in Wales.

Nature is too busy to turn out handsome men.

Taffeta Wrap Topped With Brocade

By Marie Belmont.

Apple blossom pink is the color of the taffeta used in this engaging summer wrap. Tier upon tier the silk is arranged so that the topmost frill is much narrower than those below. They are lined with pale blue georgette, which is apparent when the wearer winds her wrap about her. The upper part is fashioned from a rich piece of brocade. In this threads of gold and silver delicately outline the green foliage and the strange looking flowers of pink and blue. One may glimpse a flash of this only occasionally, for a spreading collar of the taffeta partly conceals it.

To have the children sound and healthy is the first care of a mother. They cannot be healthy if troubled with worms. Use Mother Graves' Worm Exterminator.

Inventor of T.N.T. Visiting Canada

Was Chief of British Chemical Department During War.

A memorable visit to Ottawa culminated in the reception given Prof. Chaim Weizzman, says the Ottawa Citizen. Prof. Weizzman, inventor of T.N.T. and head of the World Zionist Organization, was received at the home of Mrs. A. J. Freiman, 149 Somerset Street, and greeted by 500 persons, comprising the leaders of the Ottawa Jewry and some of its leading citizens.

"Dr. Weizzman made an excellent impression," says The Citizen, "fraternizing with ease and grace with all. Naturally there were many who wished to address the leader of Jewry, and to all he gave gracious audience. Tall, serious of mien, he entered into the spirit of the occasion with an easiness and a poise that endeared him to all.

"Mrs. Weizzman, too, appeared particularly engaging. She is a doctor of medicine, and rendered valuable assistance to the British cause during the war by taking command of a large hospital during this period. Thus, while her husband was chief of the chemical department to the British admiralty and adviser, Mrs. Weizzman lent her energies to administering to the soldiers fighting for the empire."

Exhausted From Asthma. Many who read these words know the terrible drain upon health and strength, which comes in the train of asthmatic troubles. Many do not realize, however, that there is one remedy which will relieve this drain. Dr. J. D. Kellogg's Asthma Remedy is a check to this enervating ailment. It has a countless record of relief to its credit. It is sold almost everywhere.

A Northern Hospital.

Dr. Ings, of Calgary, will have the distinction of operating the farthest north hospital in Canada, when the building now being constructed at Fort McMurray is completed.

ASPIRIN

Only "Bayer" is Genuine

Warning! Unless you see the name "Bayer" on package or on tablets you are not getting Aspirin at all. Take Aspirin only as told in the Bayer package for Colds, Headache, Neuralgia, Rheumatism, Earache, Toothache, Lumbago and for Pain. Then you will be following the directions and dosage worked out by physicians during twenty-one years and proved safe by millions. Handy tin boxes of twelve Bayer Tablets of Aspirin cost few cents. Druggists also sell larger packages. Made in Canada. Aspirin is the trade mark (registered in Canada), of Bayer Manufacture of Monoaceticacidester of Salicylicacid.

Local and Personal

WANTED—One-horse plow; hillside preferred. A. North, Sirdar.

COW FOR SALE—Just freshened. A. Anderson, Victoria Ave., Creston.

FOR SALE—Good saddle horse, will drive double or single. Enquire Review Office.

Miss Vida Gobbett of Vancouver arrived on Friday on a holiday visit with her parents, in Creston.

Formaldehyde

Guaranteed full 40% Standard.

Don't chance Potato Scab when a simple solution of Formaldehyde will assure you a good clean crop of potatoes.

Beattie-Oatway
Limited

Mrs. Hopwood, who has been a Lethbridge, Alta., visitor for the past month, returned on Tuesday.

WANTED—Capable girl or woman to assist with house work two days a week. Apply W. H. Kemp, Erickson.

FOR SALE—Half set of double work harness, good as new, $25. H. F. Wood, (Stace Smith ranch), Creston.

Miss Kate Moore, who has been attending Normal school at Vancouver since September, arrived home on Wednesday.

HORSE FOR SALE—Ranch horse, 1250 lbs., gentle and well broken. Also good buggy for sale. F. J. Klingensmith, Erickson.

FOR SALE—Eaton democrat, run less than 90 miles. Cash price $50 less than today's f.o.b. price, Creston. H. A. Dodd, Creston.

Ice cream in one and five-gallon tubs $2 gallon delivered. Cream, Butter, and Buttermilk. Phone your orders. F. K. Smith, Creston.

Mr. Kyle of Nelson arrived on Monday and has taken the position of stenographer and shipping clerk at the Fruit Growers Union for the season.

FOR SALE—Tomato plants, transplanted. "Earliana," the Banko special strain; these plants cannot be beaten. Cabbage plants also for sale. J. W. Vaness, Creston.

On accounts of Chautauqua monopolizing the afternoon of their regular monthly meeting date, Creston Women's Institute June meeting is postponed until Friday, 17th.

Public school inspector Daniels, of Fernie, was here yesterday hearing the reading of the candidates who will be writing on the H. S. Entrance exams, at the end of the month.

Dominion Day, Friday July 1st, has been booked by the Rod & Gun Club for a dance. The committee in charge is out to secure the best possible music announcement of which will be made later.

Good time is being made on the hard surfacing of the road west of town, operations now being on a hitherto particularly bad stretch of about 200 yards of the Alice Siding road, beyond the English church.

J. A. Bryan, who opened up the Creston Cafe in the F. H. Jackson store on Wilson Ave. last October, has retired from the business, and taken the job of cook at the sawmill boarding house at Lister.

All auto owners are asked to attend a meeting in Speers' Hall at 8.30 on Tuesday night next, at which it is hoped to re-organize the Auto Club, as well as transact other business of interest to motorists.

The expected shipment of new books arrived last week at Creston public library, and are now available to members. There are over 100 of new fiction in the lot, with the balance juvenile books and general literature.

All members of the intermediate nursing class were out for last Thursday afternoon's session, which was devoted to a lesson on sewing. This Thursday will be given over to a demonstration on candy making.

B.C. Methodist conference has returned Rev. G. Knox to take charge of Creston congregation for another year, and after a three weeks' absence at conference he will resume his pulpit work on Sunday evening next.

During the absence of Rev. G. Knox at conference the Methodist pulpit has been very ably occupied by Mr. Asher, who for the three Sundays he has been in charge agreeably surprised large congregations with practical addresses equally well delivered.

Fred Smith has decided to quit the milk delivery business, and made his last call on his customers on Tuesday morning. His own ranch and work of a similar nature offer more remunerative employment, hence his decision to discontinue the delivery of milk.

For the conveyance of townspeople who wish to attend the Women's Institute dance at Erickson to-night, autos will be at the postoffice up till 8.30 to provide transportation. As the dance proceeds go to the fall fair it is hoped there will be a big crowd out.

Mr. and Mrs. F. Celli of Coleman, Alta., were visitors here the latter part of the week, and during their stay completed the purchase of the 23-acre Duperry ranch. Mr. Celli is bringing in a Ford truck and other modern equipment and will operate on an extensive scale.

Fred Smith, who is branching out in the ice cream manufacturing line, claims to have secured a formulae that enables him to produce the frozen delicacy of just as good quality as the out-of-town creamery made article, and is prepared to supply the local demand on short notice at attractive prices.

Miss McGregor, travelling secretary of the W.M.S., occupied the pulpit in the Presbyterian church on Sunday night, delivering an address in the interests of the society. In the afternoon she also spoke at Wynndel, at at which point a branch W.M.S. has been organized with Mrs. Eakin as president, and ten members to start with.

Mrs. Searle, wife of the late R.C.M.P. Sergt. Searle, who was drowned in the Goat River about three weeks ago, left on Thursday last for Lethbridge, Alta., accompanied by her mother, Mrs. Moses, who had been with her for some weeks. Both ladies made numerous good friends during their residence in Creston, who will regret their departure.

Another inch and a half was added to the month's precipitation in the rainfall of Thursday night last, which finished up with quite a heavy, wet snowfall, there being almost half an inch of the slushy sort of snow in evidence at 8 a.m. Friday. The lowest the mercury registered that morning was two above freezing so no frost damage was experienced.

J. C. Rykert, Dominion Immigration inspector and collector of customs at Rykerts, B.C. (Porthill), was a Creston visitor on Sunday. He states that the Kootenay River is higher right now than it has been at this date in the last ten years and that with a straight week of hot weather part of the business section of Bonners Ferry could hardly fail to be flooded.

The acre lot next the Imperial Bank has been secured for the big six-day Chautauqua, which opens in Creston on Thursday next. The crowd will be housed in a mammoth tent, which will have seating capacity for about 1500 persons. You will save considerable money by buying a season ticket at $3, admitting to each of the eleven programmes. Children's season tickets are but $1.

H. White, customs officer at Cranbrook, accompanied by Mayor Genest of the same city, were here on Sunday, when the latter completed the purchase of the Buick car, which was seized by the R.C.M.P. last fall from a whiskey runner who had failed to report his entrance into Canada via Porthill. The car had been stored in the Bevan garage for the last eight months. They left for home in the car the same afternoon.

Mike Benninger of the Commercial Hotel, was taken suddenly with an attack of appendicitus on Wednesday afternoon in such acute form that it was necessary to motor him to Cranbrook immediately for hospital treatment, leaving here about 7 p.m. in charge of Ron. Lidgate and Tom Dalton. While none too pleasant weather conditions prevailed he made the trip quite successfully, and will most likely be operated upon this (Thursday) afternoon.

Work commenced on Wednesday at taking the Dominion census of the Valley, which is expected to be complete for all Canada by the end of the month. E. W. Payne is in charge of the west half of the Valley, with Victoria Avenue as the dividing line, but so far as we can learn no one has as yet been secured the east half, which extends through to Goatfell. In addition to gathering details as the number and ages of the humans, an elaborate census is also being taken of the livestock, poultry fruit trees, etc.

The Parish Hall was quite well filled on Saturday afternoon for the entertainment given by the children of Chrtst Church Sunday school, under the direction of Mrs. Thurston. The programme consisted of two playlets, "The Magic Ring" and "The Meeting of the Fairies," as well as nursery rhyme songs by a dozen little boys and girls. Almost without exception the juveniles all showed considerable talent, and Mrs. Thurston well deserved the compliments paid her not only for ability to train children but also in picking the numbers, which were well chosen.

Canyon City

The sawmill shut down on Monday, and will probably be closed for at least the summer months. The two extra trucks used on the log haul were returned to Baynes on Sunday.

The second of the season's spraying operations were general at the first of the week.

Mr. Asher of Creston had a splendid turnout at the schoolhouse on Sunday afternoon for the regular Methodist fortnightly service. He is taking the work while Rev. Mr. Knox is attending conference.

A. D. Pochin left on Saturday for Montreal, to which point he is accompanying his mother, who has left on the return trip to the Old Country.

Mr. Atkinson, representing the Spramotor Company, was a business visitor here on Tuesday, selling power sprayers for 1922 delivery. He made at least two sales—Eric Olsen and Huygens & VanAckeran both being buyers.

The cold dip on Saturday morning, following the heavy rain and light snowfall of the morning previous, did no damage here.

Those who have a crop of fall rye for hay feed were busy cutting their crop this week.

Canyon had calls from several motor parties on Sunday who were making the round trip from Spokane via Kingsgate, Yahk and Porthill. Never in any previous years have so many of these motorists been seen at any stage of the tourist season.

Orchard Supplies

We will have for sale at the lowest market price a complete line of Orchard Supplies, including BERRY CRATES, made up and knocked down; Apple Boxes, Pear Boxes, Peach Boxes, 4-Basket Crates.
