

THE CRESTON REVIEW

VOL. XIII.

CRESTON, B. C., FRIDAY, NOVEMBER 11, 1921

No. 41

Sirdar

Mr. and Mrs. C. M. Loasby left on Tuesday for Vancouver, where the latter is undergoing medical treatment. They will probably be away for at least two weeks.

The Thanksgiving supper and dance in the schoolhouse on Monday night was a splendid social as well as financial success, the proceeds being in the neighborhood of \$80.

Mr. and Mrs. R. Dennes left on Monday for Revelstoke, to which city they had been called owing to the sudden death of Mrs. Dennes' sister, Miss Tunnycliffe. Deceased was an occasional visitor at Sirdar and was quite well-known and popular with those who enjoyed her acquaintance, and who will bear with keen regret of her death.

Jas. Mannerino was a business visitor at Creston on Monday. He has successfully marketed his big vegetable and fruit crop of this year.

Mr. and Mrs. Art Wallace of Cranbrook were motor visitors here on Tuesday, en route to Nelson. Leader Warren was a third member of the party.

The political pot is almost boiling over at Sirdar, and right now it looks as if the farmer-labor candidate should poll quite a big majority vote at this point.

Jack Cameron and Jim Doolan were Cranbrook visitors last week-end.

Arrangements are now made for the loading of the soldiers' memorial stone at the Wilson quarry for shipment to Creston this week.

Car foreman Tuohy was a visitor to Creston on Friday having a disjuncted finger put back into place by Dr. Henderson, and is able to carry on as usual in spite of the inconvenience.

Capt. Armstrong, who had the contract for building Kuskanook wharf, in company with F. McKane, federal wharf inspector, were here last week, when the former had a crew of seven men making somerepairs to the wharf, which included moving the wharf house to the east side of the dock and strengthening the dolphins by adding three new piles to each group. Capt. Gogle with the tug Ondok took the workmen away on Monday to Bowen, where similar work is being done on the wharf at that point.

While the shipping of ripe tomatoes on October 25th is doubtless, an event that deserves special mention at Erickson, such incidents are so common-place at Kuskanook that they get no attention whatever. By way of demonstrating the super salubrity of the Kuskanook climate we might state that on Mrs. Jones' place they are still gathering strawberries almost daily for table consumption; if the frost holds off another few days the second yield of green peas will figure in the dinner menu, while green beans are still available from the vines when desired, as well as cauliflower. The last of this year's watermelons was gathered on November 9th, while plums which were left on the tree to test out their keeping qualities in that respect so far show no effect of frost whatever. When the townsite property is put on sale it will not surprise if the O.P.R. moves the big hotel at Balfour to Kuskanook and thus be able to operate it as a summer resort the year around.

Alice Siding

Road superintendent J. D. Moore, in company with T. Harris, the local road boss, were busy here on Friday staking out the road diversion to reduce the grade on the Simister hill.

The take of venison on Goat mountain, by local gunners is quite plentiful this year, Messrs. Benzer, Barraclough and Stewart each having a supply to their credit.

Mr. and Mrs. Constable, accompanied by Miss Alice Carr, were week end visitors with friends in Bonners Ferry.

The water supply at the school is failing, and the trustees are calling for tenders for deepening the well.

Sam Moon of Wynndel has been a business visitor here the past week, taking spring delivery orders for trees for the B.C. Nursery Company.

Frank Simister is a patient at the Nelson hospital, taking treatment for a strain in the back, due to overlifting.

S. Vaness of Alberta arrived a few days ago on a visit to his brother, J. W. Vaness.

Mrs. McMurtrie was a visitor with Nelson friends a few days last week.

R. Stewart is a business visitor at Canyon City this week—building a chimney on the new school.

Last of the Mohicans

When Maurice Tournear picked his cast for J. Fenimore Cooper's famous Leather Stocking tale, "The Last of the Mohicans," to be seen at the Grand Theatre, Saturday night, he chose the best artists.

The beloved Uncas, last of the Mohicans, could not be a wrist watch-wearing Broadway actor of the screen hero type. He had to be a spiritual character, with a real man to be the carrier of Uncas' message. Hence Tournear examined many actors until he found Albert Roscoe, who is an eighth Osage Indian, an a well-known leading man. He shaved his hair, bared his body and made up for the part.

Magus, the Hun-like redskin, who betrays the whites, is in the capable hands of Wallace Beery, noted villain and bad man, who carries off all honors for playing mean parts.

The Colonel's two daughters, Cora and Alice, played by Barbara Bedford and Lillian Hall, respectively, are pretty pictures on the silver sheet.

It is unjust to call any actor in "The Last of the Mohicans" a supporting player for each is a star. Henry B. Waltham, playing the role of Tournear's regular leading man, and does some fine work in this picture.

Death of Mrs. Dudley

The Valley lost another of its elderly citizens by death on Wednesday, Nov. 2nd, when Mrs. E. M. Dudley passed away at the home of her son-in-law, Charles Bliss near Porthill. Deceased was in her 82nd year, and had made her home with her daughter for the last six years, and is survived by but one son and one daughter. The funeral took place on Thursday last to the cemetery at Porthill, the funeral services being taken, by Mr. Asher of Creston. Although not widely known, the late Mrs. Dudley enjoyed the friendship of many of the neighbors, who will sympathize deeply with Mr. and Mrs. Bliss in their bereavement.

Mr. and Mrs. Charles Bliss take this means of expressing their very deep appreciation of the sympathy and kindness shown them in their recent bereavement.

MAK Sennett's Five-Red Comedy Scandals "DOWN ON THE FARM"

Erickson

Mrs. Geo. Cartwright left on Tuesday for Edmonton, Alta., where she will visit her daughter, Mrs. Peck.

Hill Cameron, who has been working at the Fraser ranch all summer, has left for his home at Vancouver.

Although both the Union and Staples Fruit Company packing houses ceased operations about the middle of last week, there is still a considerable export of apples. For the first week in November nine straight cars were shipped.

E. A. Penson is busy at present with erection of quite a commodious addition to his residence on the lower road.

Parties contemplating a trip to the Old Country or who may be going south for the winter, are reminded that steamer or other long distance trip tickets can be purchased at the Erickson station.

Mr. and Mrs. D. Macdonald of Cranbrook were Thanksgiving week visitors at the home of the latter's parents, Mr. and Mrs. Geo. Cartwright.

The United Farmers met in November session on Tuesday night with quite a large turnout of members. The oncoming political campaign was the chief topic of discussion, and if the enthusiasm at present in evidence does not abate Mr. Humphrey, the farmer-labor candidate should poll a splendid vote at Erickson.

Hugh Graham and Ernest Stinson are the two first young hunters to bring home a deer this season. They got theirs one day last week while operating in the regions about the Eby Ranch at Arrow Creek. The incident is further noteworthy, in that deer they got was the first one seen on the trip; they got it with the first shot fired out of their Lee-Enfield, and it was the first of the season. They had the luck to draw a bead on. Incidentally the venison was a particularly fine sample, the carcass weight 204 pounds dressed.

A serious mishap befell Dennes, the nine-year old son of Mr. and Mrs. E. W. Harrison on Sunday last, which will probably result in the little fellow losing the sight of one eye as well as suffering some facial disfigurement. While playing about the ranch he came across a dynamite can, which he innocently applied a lighted match to, with the disastrous after effects as aforestated. Dr. Henderson was immediately summoned and rendered every possible aid, and on Monday, accompanied by Mr. Harrison, the lad was taken to Spokane where he is undergoing specialist treatment, and every hope is held out that the sight of one eye only will be lost due to the mishap.

Lister

Jas. Jory has been awarded the contract for the several improvements and additions that are being made to the school buildings.

The United Farmers had a special session on Friday night at which the chief business was the completion of arrangements for the pruning and packing schools. It is expected 25 of the local ranchers will take both courses of instruction.

The Ladies' Auxillary of the G.W.V.A. are meeting this Thursday afternoon in annual session, at which the 1922 officers will be elected.

The financial statement in connection with the school concert the latter part of October shows the net proceeds to have been in the neighborhood of \$84.

C. H. Phillips is here for a few days from Cranbrook.

Dave Chalmers and daughter, Nina, were Thanksgiving week visitors at their home here from Cranbrook.

Last week we omitted mention of a most enjoyable hallowe'en party which was given at the schoolhouse on October 31st by Misses Campton and Irving, the Lister teachers, along with Miss Nellie Chalmers and Miss Irving, the Canyon City teacher. Quite a

large company of friends were entertained, dancing being the feature, with a supper at midnight, and all present report a fine time was spent.

Lister would be pleased to hear from any hunter who has this season brought down a finer sample of cotton-tail deer than the one bagged by Dick Peterson on Monday. Peterson's kill shows seven points on each horn and when hung up it displays a length of exactly ten feet.

No French Poppies on Hand

Word has been received from G.W.V.A. headquarters at Ottawa that stocks of all supplies in connection with Poppy Day are quite exhausted throughout the Dominion, and no further supplies are available this year. The Women's Institute had made arrangements for the sale of these flowers on Armistice Day, and also the day before, so that all could have availed themselves of the opportunity of wearing the memorial flower, and very much regret the disappointment that will be occasioned. No time was lost in replying to the very urgent appeal for orders for poppies to help the French children, who are making them, and 200 poppies and a large wreath were ordered immediately, and later 50 more poppies were asked for as the sale showed signs of being very large. Apparently, however, the sale of them has been tremendous seeing the stock was so quickly exhausted.

Grand Forks shipped seventeen cars in one day last month. Ten of them were apples and seven prunes.

RANCH FOR SALE

Get me a successful buyer and I will pay \$500 commission on the sale of 44 acres commercial orchard (400 trees 12 years old), on main road, 1 of a mile from Creston station, with the house, cottage, pantry, storeroom and cellar, barns and haysheds; water on premises. Also six acres partly improved fruit land. Terms. Apply O.H.A.S. MOORE, Creston.

Canyon City

Norman Strong, who has been working at harvesting and threshing operations at Waldeck, Sask., for the past three months, returned home the latter part of the week.

A. Nelson, the local Pat Burns, reports some slight decrease in the demand for meat this week, principally due to quite a large kill of venison last week. Axel Bergen got a couple of deer, and Leslie McInnes had the good luck to bring home one. Milt Beam of Erickson, operating in this neighborhood accounted for the fourth deer taken.

Miss Irving, principal of the Canyon school, was a Thanksgiving week visitor at her home in Nelson.

A very small crew of carpenters are now employed at the new school, and at the rate it is progressing it will be after New Years' before it will be ready for occupation. R. Stewart of Alice Siding is busy this week erecting the brick chimney.

Alf. Palmer is another Ericksonite who has purchased Land Settlement Board land in the Canyon section. He has just taken twenty acres situated between the Whimster place and the 20 acres purchased by Sam Scott.

The entertainment committee of the United Farmers open the 1921 social season on Saturday night, the feature of which will be a whist drive, with supper at the close.

At the November meeting of the United Farmers on Saturday night it was decided to have meetings twice a month in future—the first and third Saturday evenings, with the annual meeting due to be held on the next meeting night, Nov. 15th. The feature of the Saturday night session was the report of R. VanAckeran, who was the official delegate to the Farmer-Labor nominating convention at Nelson on Nov. 1st. His report was followed by a lively informal discussion of the federal political situation.

Reduce The Expenditures

The public debt of Canada is seven to eight times what it was seven years ago, and the great bulk of this enormous increase in debt represents money borrowed at a much higher rate of interest than this Dominion was called upon to pay prior to 1914. The result is that Canada's annual interest charges are now almost, if not quite, equal to the total revenue and expenditure of the Dominion a comparatively few years ago.

In addition to this tremendous drain upon the revenues of the country, Canada has a national railway system which is operating at a loss of more than a million dollars a week. Sir Joseph Flavelle, now chief of the Canadian National Railways directorate, declared a few weeks ago that the loss for 1921 would be between \$67,000,000 and \$75,000,000. He added that the system would continue to lose money and he estimated that it would be from three to five years before it could even pay operating expenses, and that it might be ten years before interest charges as well could be covered by earnings.

Canada also has today an extensive Government Merchant Marine which is operating at a loss, with many vessels tied up idle in harbors, and the capital value of the ships enormously depreciated as compared with their original cost.

Coupled with these facts the country is faced with a declining revenue from Customs occasioned by decreased world trade, and the decreased buying power of the Canadian people.

Faced with such a situation in his personal business, what would a keen financier, manufacturer, or business man, do? What, in fact, do such men always do when they find liabilities and debts piling up? There is only one answer: They cut out every item of expenditure they possibly can; they stop expenditures on new ventures unless they are of an immediate revenue and profit producing character; they throw all their skill and energy into bringing their expenditure within the limits of their revenues, and rigidly refrain from incurring any new liabilities. In a word, they safeguard all their resources and devote careful attention to the strengthening of their credit.

And surely that which long experience has taught the keen financier and commercial magnate to be good business, is equally good business for the nation. But is Canada profiting by the lessons of such experience? It would seem to be necessary to record a negative answer.

In the press reports we still read of contracts being awarded for great works, such as drydocks for the Pacific Coast, to cost millions of dollars. Reports of the launchings of new ships for the Government Merchant Marine still appear in print although it is an acknowledged fact that there is now a surplus of world shipping and those now in commission are losing money. Only the other day announcement was made that it had been decided to revive the building of wooden ships on the Pacific Coast.

With declining business and falling revenues, a business man loses no time in decreasing his staff; but in Canada our Governments continue to pay salaries to a top-heavy civil service, employing two and three men, or women, where one would be sufficient for the work demanding attention.

At a time—three years after the close of the war—when Canada should be beginning to gradually reduce the great debt created by the war, the appalling fact is that the national debt is still increasing, little or no attempt is made to restrict expenditures, and certainly no truly courageous effort is made to meet the needs of an exceedingly serious situation.

The inevitable result is that taxation is not only heavier than ever before known in this Dominion, but it is increasing, as it is bound to increase with every addition to the national debt, and as it must continue to increase until a vigorous and really effective attempt is made to stop all unnecessary expenditures, eliminate all waste and extravagance, and reduce the total of all national expenditures to a figure, not only within the revenue, but which will produce a surplus to apply in the reduction of the existing debt.

This is not a political article in a partisan sense. The situation we have outlined in regard to the Dominion is more or less true in many of the provinces and municipalities. The debt of Ontario has been largely increased, while recent figures show that the gross debt of the City of Toronto was increased by nearly \$26,000,000 between January 1 and September 30 of this year.

In view of present world conditions, this tendency to add to national, provincial and municipal debts is all wrong. It is time the people, who must bear the burden and who will be the chief sufferers in the long run if a halt is not soon called, must emphatically demand a return to sanity and the exercise of the same prudence in the management of public business which the great majority of them insist upon in the handling of their private affairs.

New Plant at Chilliwack.

A new milk powder plant at Chilliwack has been completed and operations commenced. It will have a daily capacity of three thousand pounds.

Seedy One.—What does a bath cost? Attendant.—Twenty cents. You can have twelve tickets for \$2. Seedy One.—Twelve! Say, I ain't askin' to be a life subscriber.—Stockholm Kasper.

That's Why You're Tired

—Out of Sorts—Have No Appetite—Your Liver Is Stagnant—

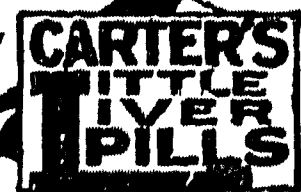

CARTER'S LITTLE LIVER PILLS

will help put you right in a few days.

They act quickly though gently and give nature a chance to renew your health.

Correct the immediate effects of constipation, relieve biliousness, indigestion and sick headache.

Small Pill—Small Dose—Small Price

"Cascarets" Tonight

For Liver, Bowels

You're bilious! You are headachy, constipated, your eyes burn, skin is yellow; your stomach is sour, gassy, upset. No wonder you feel miserable. You need a thorough physic with "Cascarets" tonight to cleanse the stomach of sour, fermenting food and foul gases; take the excess bile from the liver and carry out of the system all the constipated poison in the bowels. Get a 10-cent box now and let "Cascarets" straighten you out by morning.

Getting the News.

"Is my wife going out this evening?" inquired the lord and master as he entered the house.

"She is, sir," the maid responded. "And," he further questioned warily, "am I going with her?"—New York Sun.

For some years ultraviolet rays have been used for sterilizing water, milk and other fluids. This idea has been applied to the disinfecting of barrels and casks.

Hellum gas can be produced to a liquid at 518 degrees below zero.

Minard's Liniment used by Veterinaries

French Soldier Will Wear Khaki

But Not Until Stock of Horizon Blue Is Exhausted.

Horizon blue will be replaced by khaki as the color of the uniforms worn by French officers and soldiers, under a decision reached by the superior war council. The uniform of the French army will in future be similar in color to those of the British army.

The order for the change in the uniforms of the French army will not immediately come into effect, but will be operative when the present stocks of horizon blue cloth are exhausted. These stocks, it is said at the ministry of war, are sufficient to last for ten years.

Select Laxative Medicine With Great Care

In debility and weakness, medicine should be mild and far-reaching. Many pills and purgatives are too hard, are drastic instead of curative. Excessive action is always followed by depression, and knowing this Dr. Hamilton devised his pills of Mandrake and Butternut so as to mildly increase liver and kidney activity, so as to flush out the system by toning and regulating the bowels. Thus do Dr. Hamilton's Pills eliminate poisons from the body, thus do they restore clearness to the skin, thus do they renew health and strength. To keep your system in healthy good working order, regulate it with Dr. Hamilton's Pills, 25c all dealers or The Catarrh-zone Co., Montreal.

Existence Varied.

New Butler.—At what time, sir, would you wish to dine as a rule.

Profiteer.—At what time do the best people dine.

New Butler.—At different times.

Profiteer.—Very well. Then I, too, will dine at different times.

STERN REMINDERS OF RHEUMATISM

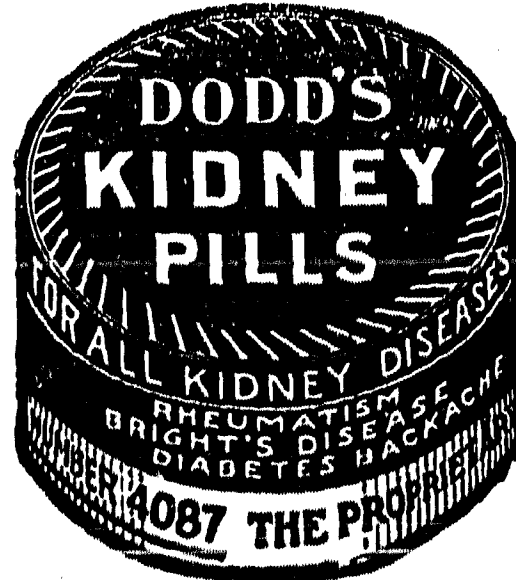

The Trouble Must be Treated Through the Blood.

Every rheumatic sufferer should realize that rheumatism is rooted in the blood and that to get rid of it, it must be treated through the blood. The old belief that rheumatism was caused by cold, damp weather, is now exploded. Such weather conditions may start the pains, but it is not the cause. Liniments and outward applications may give temporary relief, but that is all they can do because they do not reach its sources in the blood. The sufferer from rheumatism who experiments with outward applications is only wasting time and money in depending upon such treatment; the trouble still remains, and it is all the time becoming more firmly rooted. Treat this disease through the blood and you will soon find relief. Dr. Williams' Pink Pills act directly on impure, weak blood; they purify and strengthen it, and so act on the cause of the rheumatism. Mr. P. J. MacPherson, R.R. No. 5, Cardigan, P.E.I., says: "About three years ago I was attacked with rheumatism. I began taking Dr. Williams' Pink Pills and soon the trouble disappeared and I am in better health than before. I also know of an old lady acquaintance who was badly crippled with rheumatism in her arms and legs, and who suffered very much. She, too, took Dr. Williams' Pink Pills and is now able to do her housework. I tell you this in the hope it may be of benefit to some other sufferer."

You can procure Dr. Williams' Pink Pills through any dealer in medicine or they will be sent you by mail at 50 cents a box or six boxes for \$2.50 by writing direct to The Dr. Williams' Medicine Co., Brockville, Ont.

It has been reckoned that a single pair of sparrows and a nest of young ones consume about 3,000 insects a week.

A prominent woman physician of New York City is stated to have cleared a steady income of \$30,000 annually for some years.

W. N. U. 1293

Biggest Thing Of It's Kind Ever Seen In New York Says Druggist

The fact that 625,000 bottles of Tanlac have been sold in the State of New York since its introduction there less than one year ago, is a big business item that will attract unusual attention throughout the entire East, for nothing like it has ever happened before. It breaks all records.

Mr. George B. Evans, manager of the Gibson-Snow Company, the well-known wholesale druggists, with branches in Albany, Buffalo, Roches-

ter and Syracuse, recently announced that the preparation was now selling in their trade territories alone at the phenomenal rate of approximately 500,000 bottles a year.

"If the present rate continues," said Mr. Evans, "this State alone will probably require considerably over 750,000 bottles a year. This is a tremendous figure, but I am really conservative in making this statement."

Tanlac is sold by leading druggists everywhere.

Great Demand for Cypress Cedar

Lumber Sells From \$150 to \$200 Per Thousand Feet.

The Steltz Manufacturing Company, Ltd., which operates a large shingle mill at Rusken and has extensive timber limits, will probably erect a sawmill either at Vancouver or at Stave Falls to manufacture cypress cedar lumber. There is a great demand for cypress cedar for making storage battery boxes, tubs for washing machines, etc.; it sells at from \$150 to \$200 a thousand feet. It is reported that the company has about two hundred million feet of cypress cedar on their limits at Stave Lake.

Mother Graves' Worm Exterminator will drive worms from the system without injury to the child, because its action, while fully effective, is mild.

Discovery of Borax

Preservative Power Discovered by Prospector in Yellowstone Park

The wonderful preservative power of borax were first discovered in Yellowstone Park, Wyoming. A wandering prospector in that desolate though picturesque region came across the body of a horse, which, although it must have died long before, was perfectly whole and sweet. Looking around for an explanation of the phenomenon, he found that the animal was covered with a layer of fine dust, which proved to be borax. He saw the commercial value of his discovery and sold the secret to a large packing firm in Chicago.

It has Many Qualities.—The man who possesses a bottle of Dr. Thomas' Electric Oil is armed against many ills. It will relieve a cough, break a cold, prevent sore throat; it will reduce the swelling from a sprain, relieve the most persistent sores and will speedily heal cuts and contusions. It is a medicine chest in itself, and can be got for a quarter of a dollar.

B.C. Box Factories Busy

Total Output For 1921 Will Be 300,000 Packages

The output of the box factories at Wyndel and Canyon City this year is more than double that of 1920 and fifty per cent. greater than any previous year's. Of apple boxes alone about 150,000 have been made, some of them going to packing stations in the Okanagan while all the local requirements have been supplied. Crates and boxes for all the produce of the districts, which includes apples, pears, plums, peaches, cucumber, tomatoes, are made in large quantities at these factories, whose total output this year will be at least 300,000 packages.

A-Corrector of Pulmonary Troubles.

Many testimonials could be presented showing the great efficacy of Dr. Thomas' Electric Oil in relieving disorders of the respiratory processes, but the best testimonial is experience and the Oil is recommended to all who suffer from these disorders with the certainty that they will find relief. It will allay inflammation in the bronchial tubes.

Slightly Off.

"What's the 'proletariat' I read about in the papers, Mike?"

"It's what the cowboys use to catch wild horses, ye ignoramus."

Where fifteen English women students come forward in any one district, the British ministry of labor is empowered to institute classes in cookery and general domestic work.

The total length of London Bridge, with the approaches, is half a mile. The bridge rises to 223 feet above the water, and cost \$5,810,000 to build.

Minard's Liniment for Distemper

Just Before the Battle.

Miss Sayitt.—Oh, is that your husband's photograph? I knew he must be good-looking—your children are so pretty.

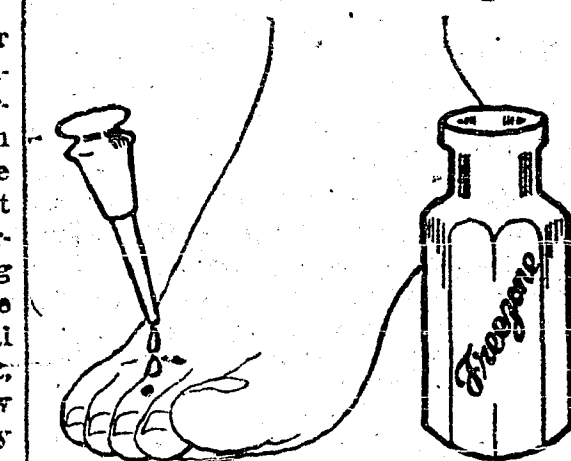

Try a Bottle To-day

DR. MINARD, Inventor of the Celebrated MINARD'S LINIMENT

CORNS

Lift Off with Fingers

Doesn't hurt a bit! Drop a little "Freezone" on an aching corn, instantly that corn stops hurting, then shortly you lift it right off with fingers. Truly!

Your druggist sells a tiny bottle of "Freezone" for a few cents, sufficient to remove every hard corn, soft corn, or corn between the toes, and the calluses, without soreness or irritation.

THIN, FLAT HAIR

GROWS LONG, THICK AND ABUNDANT

"Danderine" costs only 35 cents a bottle. One application ends all dandruff, stops itching and falling hair, and, in a few moments, you have doubled the beauty of your hair. It will appear a mass, so soft, lustrous, and easy to do up. But what will please you most will be after a few weeks use, when you see new hair—fine and downy at first—yes—but really new hair growing all over the scalp. "Danderine" is to the hair what fresh showers of rain and sunshine are to vegetation. It goes right to the roots, invigorates and strengthens them. This delightful, stimulating tonic helps thin, lifeless, faded hair to grow long, thick, heavy and luxuriant.

Best for Baby Best for You

Baby's Own Soap so fragrant and refreshing

4-10-21

British Expert Says Conditions Gradually Returning To Normal

New York.—Reginald McKenna, former chancellor of the British exchequer, who has been making a three-weeks' study of the commercial and economic situation in America, declared in a statement "that the financial horizon seems clear, and thought it will probably be some considerable time before normal conditions are restored, I am inclined to say that the corner is turned."

"I would like to add, however," Mr. McKenna said, "that it is no time for speculation. Recovery is bound to be slow, working through a period of moderate fluctuation, though I hope, and expect, that the tendency will be an improving one."

"I find," Mr. McKenna continued, "that very considerable interest is taken in the question of international debts between governments. This is a subject on which I could only venture to speak from the British point of view. We are large creditors, and in relation to the United States, we are also debtors. As a debtor, I have nothing to say except that Britain pays her debts. On the other hand, speaking as a creditor, my opinion is that Britain would be selfishly wise having regard only to her industrial and economic position, to remit the obligations due to her."

"If I dared to tread on dangerous ground for a moment it would be to say that the influence of the United States is indispensable in the councils of the world. You are already tied to Europe and the Far East by the bonds of trade, and the responsibilities which arise from this relationship cannot be ignored without great loss to the world and an unfavorable reaction upon yourselves. In England, the calling of the conference by President Harding is most warmly welcomed, not merely for the sake of the results which it is hoped may be achieved, but it is the first time that a great and powerful government has assumed the responsibility of bringing together the prime ministers of other nations to confer upon the means of securing lasting conditions of peace. Peace and industry are the prime needs of the world at the present time, and the world looks to the United States to lead the way."

Banks in Barrie Protected

Barrie, Ont.—Mayor Little and Chief King have completed arrangements to prevent any Barrie bank from being looted. In each branch an electric alarm has been fitted which not only will sound a gong on the street, but also is connected with the fire alarm, and a number of firemen have been sworn in as special constables for emergency service.

HEART WOULD BEAT LIKE A TRIP HAMMER

Heart trouble has of late years become very prevalent. Sometimes a pain catches you in the region of the heart, now and then your heart skips beats, palpitates, throbs, or beats with such rapidity and violence you think it is going to burst.

You have weak and dizzy spells, sinking sensations, are nervous, irritable and depressed, and if you attempt to walk upstairs or any distance you get all out of breath.

We know of no remedy that will do so much to make the heart regain strength and vigor, regulate its beat and restore it to a healthy normal condition as will

MILBURN'S

HEART AND NERVE PILLS—

Mrs. Chadwick, Delhi, Ont., writes: "I had palpitation of the heart, and the least exercise, such as going upstairs or up a hill, my heart would beat like a trip-hammer and at times I was dizzy-headed and had a sinking sensation as if my time were near."

A friend suggested I try Milburn's Heart and Nerve Pills, so I procured three boxes, and by the time the first one was used I began to improve. In all I took six boxes, and now although in my 66th year I feel like a young girl; no dizziness or heart-thumping, and can walk miles without fatigue. At time of sickness I weighed 120 lbs. now I weigh 150."

Price 50c a box at all dealers, or mailed direct on receipt of price by The T. Milburn Co., Limited, Toronto, Ont.

W. N. U. 1383

Many British Flags At U.S. Convention

Escorts Who Met Admiral Beatty Greeted With Cheers

Ottawa.—That British flags were being carried and cheered by delegates to the convention of the American Legion in Kansas City, was stated in a message received at Great War Veterans' Association headquarters here from N. B. Maxwell, Dominion president, and Rev. C. E. Jenkins, fraternal delegates representing Canadian ex-service men at the convention. Mr. Maxwell, in his message, declared the spirit of the gathering "would prove to be one more sure step towards a better understanding between the British and American people."

When the contingent of Britishers marched to meet Admiral Beatty, they were everywhere cheered and no untoward remarks were heard as they escorted the famous admiral through the streets.

"Admiral Beatty has made a splendid impression," Mr. Maxwell wired. "Enemies of Britain in the United States are dismayed at the unanimity of public opinion which acclaims this British tar as the foremost hero of sea warfare during the present century."

Information Wanted On Soviet Offer

Note Mentions Assuming of Imperial State Debts Only

London.—Great Britain, it was indicated in authoritative quarters, will reply to the recent note of M. Chicherin, foreign minister of Soviet Russia, offering conditionally to assume the debts of old Russia up to 1915, by the dispatch of a note, pointing out the Soviet's offer mentions only the Imperial state debts, which are but a part of the Russian total.

It will also set forth that the conference to establish peace desired by the Moscow Government would be possible only after an allied, or preferably an international consensus of opinion was obtained regarding the policy that was to be pursued toward Russia's indebtedness.

Victim of Wreck Had Valuable Picture

Kamloops, B.C.—A painting purchased from a German prisoner overseas by Geo. Goodwin, one of the victims of the wreck in the Palliser tunnel disaster in October, proved on expert examination to be an old master, whose name was not given out, and was valued at \$60,000.

Goodwin was on his last trip as a railwayman, preparatory to taking the picture to Europe, when he was killed. He left a wife and two children.

Abandon Loan to China

U.S. Change Plans On Default Of Republic

New York.—Default by the Chinese republic of the \$5,500,000 loan made by the Continental and Commercial Trust and Savings Bank of Chicago, has resulted in the abandonment of a proposed loan to China for \$16,000,000, it was announced by a United States banker representing the Chinese consortium.

Opposes Withdrawal of Rhine Troops

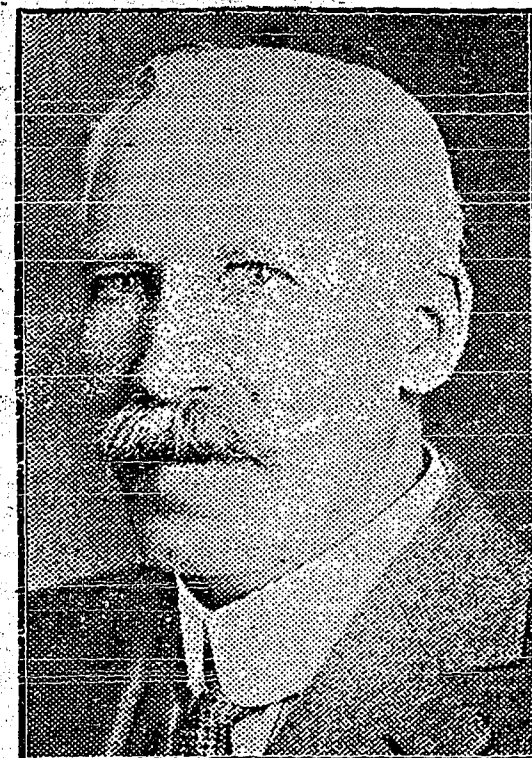

Washington.—President Harding was understood to have expressed opposition during a conference with Chairman Porter, of the house foreign affairs committee, to passage of any resolution providing for immediate withdrawal of United States troops from the Rhine.

Fatally Injured In Fall

Vancouver.—Falling from the top of a British Columbia Electric railway baggage car, Charles Elliott, aged 55, died a few minutes later from injuries received.

Tattooing is forbidden to the Jews.

Canadian Veteran Heir to Estate

Informed of Legacy While Working in U.S. Public Parks

Youngstown, Ohio.—While working in parks here as one of the city's unemployed, C. P. Virtus, 28, former Canadian soldier, received a letter from a trust company of Edmonton, Alta., informing him that he had become heir to his father's estate valued at between \$40,000 and \$50,000.

The letter said a will leaving the property to Fisk University, Nashville, Tenn., had been found, but as the will had not been witnessed, it is not regarded as valid under Canadian law.

Mother! Clean Child's Bowels With California Fig Syrup

Even a sick child loves the "fruity" taste of "California Fig Syrup." If the little tongue is coated, or if your child is listless, cross, feverish, full of cold, or has colic, give a teaspoonful to cleanse the liver and bowels. In a few hours you can see for yourself how thoroughly it works all the constipation poison, sour bile and waste out of the bowels, and you have a well, playful child again.

Millions of mothers keep "California Fig Syrup." They know a teaspoonful today saves a sick child tomorrow. Ask your druggist for genuine "California Fig Syrup" which has directions for babies and children of all ages printed on bottle. Mother! You must say "California" or you may get an imitation fig syrup.

Assumes Presidency

Buenos Aires.—Felix Palva has assumed the presidency of the republic of Paraguay, following the deposition of President Gondora, against whom a revolutionary movement broke out, says a despatch to La Nacion from Asuncion.

Grain Via Vancouver

Vancouver.—Ten thousand tons of bulk grain have been booked for the United Kingdom and the continent, and if the rate continues as low as at present, in the neighborhood of 30 shillings, grain men predict a great movement through this port.

U.S. Becoming Alarmed Over Rapid Decrease Of Canadian Trade

Has Confidence In Disarmament Meet

First Lord of British Admiralty Not Looking For Failure

New York.—Confidence that much good would come out of the Washington conference on the limitation of armaments, was expressed by delegates from Great Britain, Italy and China, on their arrival here on the Olympic.

Lord Lee of Fareham, First Lord of the British Admiralty, in a formal statement said:

"So far as I am concerned, and here I speak not only as the responsible head of the British Admiralty, but as one of the official delegates, I come in a spirit of quiet confidence that the results of this conference will be such as to amply justify President Harding's far-seeing initiative, and, personally, I am not prepared even to contemplate the possibility of failure. To do so would be to assume that the world was afflicted with an incurable insanity and could not be restrained from suicide."

Seek to Prevent Grain Blockade

Railway Companies Co-operate to Relieve Congestion at Lakes

Winnipeg.—A meeting was held between the representatives of the two railway companies and the members of the Northwest Grain Dealers' Association, when conditions at the lake front with respect to grain storage were discussed.

It was decided that the line elevator companies, and the co-operative elevator companies would lend assistance if called on in order to prevent anything in the nature of blockade at the lakes.

"As far as the Canadian Pacific Railway is concerned," said D. C. Coleman, vice-president of the company, "there is no congestion on the line and if lake tonnage continues to offer in any volume at Port William, loading restrictions will not be necessary."

Australian Premiers Confer

London.—A Reuter cable from Melbourne says that a conference has been opened between Federal Premier W. M. Hughes and the Australian state premiers on questions of uniform railway wage throughout the Commonwealth, disposal of the wheat harvest, soldier settlement, finance and future arbitration in labor disputes.

Winter Work for Prince Rupert Dock

Prince Rupert.—J. E. Simmonds, of the Simmonds Construction Company, Winnipeg, has arrived here to commence the construction of the ocean dock superstructure. Work will continue throughout the winter months.

New York.—The trade of the United States with Canada "right now is waving a red flag," declared the New York Herald in an editorial discussing the fact that the value of United States' exports to Canada is decreasing much more rapidly than that of United States' imports from the Dominion. The Herald suggests in this connection the advisability of extending larger credits to Canada.

"Canadian values are not very far apart from our own," the paper says. "If, therefore, we lose two dollars of sales to Canada for every dollar of sales that Canada loses to us, we are moving decidedly in the wrong direction."

The paper declares that this is what the United States has been doing, quoting figures to show that for every dollar that Canada's exports to the United States have gone down in the last year, United States' exports to Canada have gone down two dollars and a quarter.

"And Canada, let us not forget, has become our second biggest and best customer in the world," continues the Herald. "With our Canadian exports of approximately a billion dollars a year, only the United Kingdom surpassed Canada in the volume and value of goods bought from us. The whole of South America with Mexico, Central America and the West Indies thrown in, did not equal Canada as a buyer in the markets of the United States. Now the relative swing is heavily against us."

Discussing possible remedies, the Herald declares: "We have plastered loans all over other countries which never can be normal customers of ours while we have been stingy with credits to the one country destined naturally to be our very best customer."

Lady Laurier Dies After Brief Illness

Distinguished Canadian Woman Dies At Age Of Eighty

Ottawa.—Ottawa is in mourning for Lady Laurier. Messages are being received from all parts of the world expressing regret at the death of the venerable and noble-hearted widow of the former prime minister of Canada and great Liberal chieftain.

She is survived by two brothers, Godfrey LaFontaine, Montreal, and Charles LaFontaine, of Lisbon, Maine; a sister-in-law, Mrs. A. E. Brodeur, Montreal, and several nephews and nieces.

Lady Laurier was in her eightieth year, and caught a chill while out walking recently. Sir Wilfrid died February 17, 1919.

PAINS SO BAD STAYED IN BED

Young Mrs. Beecroft Had Miserable Time Until She Took Lydia E. Pinkham's Vegetable Compound.

Hamilton, Ont.—"I have suffered for three years from a female trouble and consequent weakness, pain and irregularity which kept me in bed four or five days each month. I nearly went crazy with pains in my back, and for about a week at a time I could not do my work. I saw Lydia E. Pinkham's Vegetable Compound advertised in the Hamilton Spectator and I took it. Now I have no pain and am quite regular unless I overwork or stay on my feet from early morning until late at night. I keep house and do all my own work without any trouble. I have recommended the Compound to several friends."—Mrs. EMILY BEECROFT, 263 Victoria Ave. N., Hamilton, Ontario.

For forty years women have been telling how Lydia E. Pinkham's Vegetable Compound has restored their health when suffering with female ills. This accounts for the enormous demand for it from coast to coast. If you are troubled with any ailment peculiar to women why don't you try Lydia E. Pinkham's Vegetable Compound? It is made from native roots and herbs and contains no narcotics or harmful drugs.

For special advice women are asked to write the Lydia E. Pinkham Medicine Co., Lynn, Mass. The result of forty years experience is at your service.

CRESTON, B.C., FRIDAY, NOV. 11

Engineers Report Drainage Progress

The most satisfactory Kootenay Flats Reclamation conference yet held, is the optimistic term applied by President Bevan and Messrs. Garland, Constable and Hayes of Creston Board of Trade executive, who were at Bonners Ferry, Idaho, on Saturday in connection with another on-the-spot drainage conclave, attended by Mr. Swendsen, the Idaho superintendent of reclamation, and E. A. Cleveland, the B.C. comptroller of water rights, who has charge of the Kootenay Flats drainage investigation on this side of the line.

It will be recalled that in July these officials had a meeting at Bonners Ferry, at which, after looking over the Idaho side of the problem, plans were laid for gathering further engineering data on the B.C. side. During September, resident Engineer Biker and his staff spent about six weeks at the work, which was done principally between the Creston ferry and the international boundary at Porthill. Mr. Biker has this data all assembled and ready for official consideration.

The import of the second get-together on Saturday was for the purpose of making a survey of the B.C. side of the project, and to make a thorough job of this Messrs. Cleveland and Swendsen and their assistants motored from Bonners to Porthill via the river road on Sunday morning, accompanied by Mr. Constable. At Porthill a motor launch met them and they made the trip down the river and along the lake by launch, so as to afford ample time to make a study of conditions along the lake shore, particularly at Proctor, where it is imperative that a widening of the narrows be made in order to assure a quicker flow of the flood waters to the western outlet below Nelson.

From Nelson the party will continue the investigation through to Grohman Creek, at which point it will be needful to widen the river's outlet to pass out the flood waters as fast as they enter the lake, and at which point, also, it will be necessary to erect a dam in order to conserve the lake water at a normal level once the early summer high water period has passed.

With this trip concluded Messrs.

Cleveland and Swendsen will again sit in at a conference at which the next stage of the finish-up investigational work will be mapped out and the work of assembling the data called for will be proceeded with at the earliest possible date.

While it had been expected that this second conference would be held at Creston, the change of venue was a particularly happy move. At the present time work is under way at District No. 1, about three miles from Bonners Ferry, dyking the Kootenay River and Deep Creek with a view to bringing under annual cultivation an area of some 4000 acres of these Kootenay Flats lands. Part of this area has already been tractor ploughed and the visitors were able to get a fine first-hand glimpse of the quality of the soil, and also to investigate hay, grain and root crop yields on the higher of these lands that were put under crop this season.

That they were convinced of the wonderful fertility of the soil was best evidenced when Mr. Constable started in to discuss the wondrous productiveness of those bottom lands, and was assured by Mr. Swendsen that a look at the ploughed area told the story of fertility quite as eloquently as was possible by language. And Mr. Swendsen went further than that, assuring that the fertility of the B.C. area should be even greater, due to it being located further from the mountain streams that fed the Kootenay, and of necessity the silt deposit would be of a rather superior quality.

State senator King of Bonners Ferry was host at a dinner at the International Hotel in the evening at which the engineers and their assistants and the Creston delegates were guests, and at which an informal and semi-confidential discussion of the whole project was the feature. Both Mr. Cleveland and Mr. Swendsen were exceptionally frank in imparting such information as it was permissible to disseminate at this stage of proceedings, and it will be good news to all to know that the engineers are agreed that the area will, if necessary, stand a remarkably high charge for reclamation and still be saleable at a price well below the actual producing value of lands.

While cautious in any remarks as to the feasibility of the project such observations as they had to make in this connection were all in an optimistic strain, and both were agreed that in case drainage is undertaken the aim should be for total reclamation. It had been suggested that the work might be done in progressive stages and the land reclaimed by the first stage of reclamation brought under cultivation, and thus make the scheme to some extent self-supporting, as it were. Mr. Cleveland's objection to this instalment plan effort was that under it dyking would possibly be necessary, while Mr. Swendsen argued that in financing it the best plan would be to get the money needed at one time rather than in three or four instalments. The money market was uncertain at the best of times.

Mr. Swendsen was quite emphatic in his assurance that the scheme had been very carefully thrashed out with the Washington authorities in the past six months, and there was every reason to expect the heartiest possible U.S. federal support in the event of drainage being found feasible.

Whether the further data this week's conference will call for will be all that will be required to determine the feasibility or otherwise of the scheme, Mr. Cleveland was unable to say. In view of the fact that he passed up the usual Thanksgiving holiday in order to visit the Kootenay Flats project, may be taken as highly significant of the

interest both Mr. Cleveland and Hon. T. D. Patullo, minister of lands, are taking in drainage, and certainly justifies the optimism of the Creston delegates that every possible attention is being given the project both in Idaho and B.C., and insofar as the matter has developed even greater optimism is justifiable as to the feasibility of successfully draining the area.

Farmer-Labor Organization

The Farmer-Labor party in Creston Valley was quite thoroughly organized at an enthusiastic meeting of the new party supporters on Thursday night. This meeting was really an adjourned session of the preliminary organization meeting held on October 23rd, and A. R. Swanson, who presided at the initial gathering, occupied the chair on Thursday night, with W. B. Embree officiating as secretary.

The first order of business was the report of the delegates to the nominating convention at Nelson on November 1st, at which L. M. Humphrey of Nelson was selected as standard bearer in West Kootenay. After each of the convention delegates present had made his individual report, the platform as adopted at the Nelson convention was then unanimously adopted.

After the membership roll had been signed, the election of officers was proceeded with, the meeting deciding to have a list of four vice-presidents, thus giving each centre in the Valley a representative. The officers chosen are:

President—W. V. Jackson.
Vice-Presidents—W. G. Littlejohn, Erickson; O. J. Wigen, Wynndel; W. D. Tuohy, Sirdar; E. VanAckeran, Canyon City.
Secretary—A. R. Swanson.
Treasurer—Jas. Adlard.
Executive (with power to add)—W. B. Embree, E. Simister, J. A. Lidgate, sr., W. Truscott, Creston; J. B. Holder, Erickson; T. R. Mawson, Canyon City; Guy Constable, Alice Siding; A. H. Figgot, Wynndel; C. C. French, West Creston.

Penman's Hosiery

When you think of Hosiery for fall and winter you will, doubtless, be reminded of the word Penman.

We are pleased to inform you that the following lines are exceptional in values and qualities.

Women of Canada

"I ask from all the people of Canada an earnest review of the real issue before Canada to-day. I ask from men and women a calm, thoughtful consideration of serious public questions; and, so far as I am concerned myself, I ask not favors but fairness."—ARTHUR MEIGHEN.

WOMEN OF CANADA, the coming General Election will be one of the most momentous in Canadian history, and Arthur Meighen asks YOU to give the issue fair, unbiassed consideration.

Women and men alike are called upon to decide whether political, industrial and economic stability is to be replaced by class rule, political and industrial chaos and possible economic bankruptcy.

The facts are clear, and every Canadian woman will do her own thinking. She will not be misled by others. She will not blindly follow family political precedent, neither will she be carried away by the false theories or empty "isms" of theorists and extremists. Every woman will arrive at a personal decision by the application of practical common sense.

The great issue is the Tariff and here are briefly the facts.

The present Canadian Tariff, so far as it affects the necessities of life, is a very moderate one. It is simply a tariff maintained to keep Canadian factories in Canada, employing a steadily increasing volume of Canadian labor and developing Canadian resources.

Meighen stands firm for the continuance of a reasonable tariff. It is now even more imperative than in the past. All other important countries are retaining or increasing their tariffs in order that they may hold their home markets for their own people.

Under **Croft's** Free Trade policy Canada would be swamped with foreign goods, principally from the United States, Canadian industry would be ruined, thousands of men and women would be out of work with all the hardships to themselves and their children that must result. The farmer's great home market would be seriously affected, taxes would be increased, and Canadian working men would have to go to the United States for employment.

While **King's** Tariff policy is wobbly it nevertheless tends toward the destruction of the Tariff and would bring with it practically the same results.

MEIGHEN'S POLICY EVERYBODY KNOWS. It is the only means whereby confidence may be maintained and employment given to all classes of the people.

The foregoing is a plain statement of logical conclusions arrived at from the facts. Think the matter over carefully "without favor but with fairness".

Make your own decision, stand by it unmoved and be sure to exercise your vote.

Canada Needs Your Vote; and—

Canada Needs Meighen

NEWS OF KOOTENAYS

Bernie bakers have dropped the price of bread to 10 and 20 cents a loaf.

Boy scout troops have again been established at Greenwood and Grand Forks.

New Denver public school was closed for three days last week—all the teachers had had colds.

The evaporator at Vernon is paying \$10 a ton for culls, windfalls and No. 3 apples this season.

Dr. Rutledge, V.S., is at the head of the Cranbrook National Liberal Conservative Association.

Cranbrook Women's Institute made \$180 at their annual bazaar, held the latter part of October.

The Vernon News states that three special trains carrying nothing but apples—100 cars—left that city for New York during the past week.

M. McCordle has gone to Calgary to purchase a carload of milk cows, and intends to open up still another dairy at Cranbrook.

Manager Leask of the Rex moving picture theatre, Cranbrook, gave all returned soldiers free admittance to the theatre on Thanksgiving Day.

Cranbrook Baptist Sunday school has an attendance of 102 scholars when they are all on hand. For last year the total collections were \$206.

The cannery at Penticton this year put up 6000 cases of apples, no cherries were canned, due to the fact that last year's pack of that fruit had not been wholly disposed of.

One day last week twenty-five men were removed from a westbound freight train at Kerne. The cash capital of the lot when searched by the police totalled hardly \$10.

The Free Press is rather well pleased with the showing Fernie has just made in sending two of the city-raised girls to Winnipeg to take the officers course in training at the Salvation Army school in the Manitoba capital.

The Leasker asserts that New Denver averages about six dances a month, and suggests that in view of the fact that the town hospital needs money the right thing to do would be to have one dance a month for the sole benefit of the hospital.

Synopsis of

Land Act Amendments

Minimum price of first-class land reduced to \$5 an acre; second-class to \$3.50 an acre.

Pre-emption now confined to surveyed lands only.

Records will be granted covering only land suitable for agricultural purposes and which is non-timber land.

Partnership pre-emptions abolished, but parties of not more than four may arrange for adjacent pre-emptions with joint residence, but each making necessary improvements on respective claims.

Pre-emptors must occupy claims for five years and make improvements to value of \$10 per acre, including clearing and cultivation of at least 5 acres, before receiving Crown Grant.

Where pre-emption in occupation not less than 5 years, and has made proportionate improvements, he may, because of ill-health, or other cause, be granted intermediate certificate of improvement and transfer his claim.

Records without permanent residence may be issued, provided applicant makes improvements to extent of \$500 per annum and records same each year. Failure to make improvements year. Failure to make improvements or record same will operate as forfeiture. Title cannot be obtained in less than 5 years, and improvements of \$10.00 per acre, including 5 acres cleared and cultivated, and residence of at least 1 year, are required.

Pre-emptor holding Crown Grant may record another pre-emption, if he requires land in conjunction with his farm, without actual occupation, provided statutory improvements made and residence maintained on Crown granted land.

Unsurveyed areas, not exceeding 20 acres, may be leased as homesteads; title to be obtained after holding residential and improvement conditions.

For grazing and industrial purposes areas exceeding 240 acres may be leased by one person or company.

Mill, factory or industrial sites on timber land not exceeding 40 acres may be purchased; conditions include payment of stumpage.

Natural hay meadows inaccessible by existing roads may be purchased conditional upon construction of a road to them. Rebate of one-half of cost of road, not exceeding half of purchase price, is made.

PRE-EMPTORS' FREE GRANTS ACT.

The scope of this Act is enlarged to include all persons joining and serving with His Majesty's Forces. The time within which the heirs or devisees of a deceased pre-emptor may apply for title under this Act is extended from one year from the death of such person, as formerly, until one year after the conclusion of the present war. This privilege is also made retroactive.

No fees relating to pre-emptions are due or payable by soldiers on pre-emptions recorded after June 26, 1913.

Taxes are remitted for five years. Provision for return of moneys accrued, due and been paid since August 4, 1914, on account of payments, fees or taxes on soldiers' pre-emptions.

Interest on agreements to purchase town or city lots held by members of Allied Forces, or dependents, acquired direct or indirect, remitted from enlistment to March 31, 1920.

SUB-PURCHASE OF CROWN LANDS.

Provision made for issuance of Crown grants to sub-purchasers from Crown Lands, acquiring rights from purchasers who failed to complete purchase, involving forfeiture, on fulfilment of conditions of purchase, interest and taxes. Where sub-purchasers do not claim whole of original parcel, purchase price due and taxes may be distributed proportionately over whole area. Applications must be made by May 1, 1920.

GRAZING.

Grazing Act, 1915, for systematic development of livestock industry provides for grazing districts and range administration under Commissioner. Annual grazing permits issued based on numbers ranged; priority for established owners. Stock-owners may form Associations for range management. Free, or partially free, permits for settlers, campers or travellers, up to ten head.

Do Your Ears Buzz? Have You Headaches?

When your ears ring, your head aches, and you seem slightly hard of hearing, beware of Catarrh. Mr. J. A. Hammil, writing from Greenmount, P.I., was similarly troubled, and writes: "No one could have worse Catarrh than I had for years. It caused partial deafness, bad taste, upset my stomach, made me sick all over. 'Catarrhazone' cleared my nostrils, stopped the cough and gave me a clear feeling in my breathing organs. I am now absolutely well thanks to Catarrhazone." Nothing so certain as a Catarrhazone Inhaler to strengthen a weak throat, to rid you of Bronchitis, to drive out Catarrh, coughs and colds. Sold everywhere, 25c, 50c and one dollar for complete two months treatment. Dealers, The Catarrhazone Co., Montreal.

(Continued)

"Oh, that's not far," he said. "Can you ride?"

"Everybody here rides horseback. It's the standard means of locomotion. And the women ride astride. I was a bit shocked at first, but you soon get used to it. But twenty-five miles is different from a romp round the pasture-field, so I said I was afraid not."

"Arthurs is coming down with the buckboard," remarked the other man. "I passed him on the trail as I came in."

"Sure enough, a little later Arthurs himself drew up at the hotel. I wouldn't have known him, but one of the young men pointed him out, and it would have done you good to see how he received me. 'And you are Jack and Mary's daughter,' he said, taking both my hands in his, and holding me at arm's length for a moment. Then, before I knew it, he had drawn me up and kissed me. But I didn't care. All of a sudden it seemed to me that I had found a real father. It seems hard to say it, but that is how I felt."

"Well, he just couldn't keep away from me all evening. He showered me with questions about you and father, which I answered as well as I could, but I soon found I couldn't keep my secret, so I just up and told him all. He was very grave, but not cross. 'You need time to think things over, and to get a right perspective,' he said, 'and our home will be yours until you do.'"

Indoor Life

Spending more time indoors makes women far more subject to constipation than men.

The liver becomes sluggish and torpid, the bowels constipated and the system poisoned by impurities.

If you would get away from the myriads of ills which result from constipation, it is only necessary to use Dr. Chase's Kidney-Liver Pills.

The benefits from their use are as lasting as they are prompt and certain.

Mrs. John Barry, 18 St. Amable Street, Quebec, Que., writes:

"This is to certify that I was troubled for years with constipation and tried all kinds of medicines without relief. At last my husband suggested that I try Dr. Chase's Kidney-Liver Pills. I did so, and must say that they have given me more relief than all the medicine I have taken during the last fifteen years. I may also add that I have used Dr. Chase's Ointment for piles with excellent results."

Dr. Chase's Kidney-Liver Pills, one pill a dose, 25c a box, all dealers or Edmanson, Bates & Co., Ltd., Toronto.

W. N. 1. 1393

"We drove home the next day, up a wonderful river valley, deep into the heart of the foothills, with the blue mountains always beckoning and receding before us. Mrs. Arthurs was as surprised and delighted as he had been, and I won't try to tell you all the things she said to me. She cried a little, too, and I'm afraid I came near helping her a bit. You know the Arthurs lost their little girl before they left Manitoba, and they have had no other children. They both seemed just hungry."

"There's nothing so very fine about their home, except the spirit that's inside it. I can't describe it, but it's there—a certain leisurely way of doing things, a sense that they have made work their servant instead of their master. And still they're certainly not lazy, and they've accomplished more than we have. When they left Manitoba in the early days, discouraged with successive frosts, they came right out here into the foothills with their few head of stock. Now their cattle are numbered in thousands, and they have about a township of land. And still they seem to live for the pure happiness they find in life, and only to think of their property as a secondary consideration."

"Now I really must close. Mrs. Arthurs sends a note, and I'm quite sure it's an invitation. Oh, mother, what could be lovelier! Now don't say you can't. Father has plenty of money; let him hire a housekeeper for a while. The change will do him good."

"Love to you dearest, and to Allan, if he still thinks of me."

"Beulah."

"P.S.—I forgot to mention that Jim Travers left Plainville on the same train as I did. He could hardly believe his eyes when he saw me there. I told him I was going West on a visit, but I don't know how much he guessed. Said he was going West himself to take up land, but he wanted to call on some friends first, and he got off a few stations from Plainville. Between you and me, I believe he changed his plan so that the incident—our being on the train together, you know—could not be misunderstood if the neighbors got to know of it. It would be just like Jim to do that."

With Beulah's letter was a short but earnest note from Lillian Arthurs, assuring the mother of her daughter's welfare, and pressing an invitation to spend the autumn in the glorious scenery and weather of the foothill country. Mary Harris read both letters over again, with frequent rubbing of her glasses. Love for her daughter, desire to see her old friend once more, and growing dissatisfaction with conditions at home, all combined to give weight to the invitation so earnestly extended. "If I only could!" she said to herself. "If I only could But it would cost so much."

The dinner was late that day, and Harris was in worse humour than usual. He had just broken a plough-beam, which meant an afternoon's delay and some dollars of expense. When he had started his meal his wife laid the full envelope before him. "A letter from Beulah," she said.

Without a word he rose from the table, took the letter in his hand, and thrust it into the kitchen range. A blue flame slowly cut round the envelope; the pages began to curl like dry leaves in autumn, and presently the withered ghost of the missive shrank away in the dull glare of the coal fire behind.

CHAPTER XI. The Price of "Success."

At last the ploughing was finished, and, although the rich smell of wheat in the milk filled the air, it still would be almost a month before the ripening crops were ready for the binder. Harris felt that he could now allow himself a breathing spell, and that the opportunity to investigate the rich lands of the Farther West was at hand. Many nights, while Mary milked the cows, he had walked over to Riles', and the two had discussed their forthcoming venture until they had grown almost enthusiastic over it. Riles, it must be said, was the leading spirit in the movement; although already possessed of sufficient land and means to keep him in comfort through his advancing years, the possibility of greater wealth, and particularly of wealth to be had without corresponding effort, was a lure altogether irresistible. And Harris fell in with the plan readily enough. A quarter of a century having elapsed since his former homesteading, he was now eligible again to file on free Government land; Allan could do the same, and, by taking advantage of the purchase of script, it was possible to still further increase their holdings. In addition to all this, Riles had unfolded a scheme for staking two or three others on free homestead land; it would be necessary, of course, to provide them with "grub" and a small wage during the three years required to prove up, but in consideration of these benefactions the titles to the land, when secured, were to be promptly transferred to Riles and Harris. This was strictly against the law, but the two pioneers felt no sense of crime or shame for their plans, but rather congratulated themselves upon their cunning though by no means original scheme to evade the regulations.

Harris found the task of disclosing his intentions to his wife more unpleasant than he would have supposed, and it took him some days to make up his mind to broach the subject. He felt that he was doing what was for the best, and that his business judgment in the matter could hardly be challenged; and yet he had an uncomfortable feeling that his wife would not fall in with his plans. That,

How Many Women

with sensitive skins, but what dread another Canadian winter? Yet chapped hands, chilblains, cold-sores and frost-bites are readily overcome by Zam-Buk. This famous balm keeps the skin smooth, healthy and flexible under most trying conditions. Zam-Buk's pure herbal essences are so highly refined that the pores and tissues absorb them readily. They take out smarting pain and irritation instantly, heal roughness and soreness, and prevent eczema and blood-poisoning.

Miss B. Stojas, of East Hansford, N.S., writes:—"My hands bled and became so painfully chapped that I dare not put them in water. Zam-Buk caused smarting pain and soreness to quickly disappear and I continued to use it until my hands were thoroughly healed."

Miss A. Lepard, of Beaverdale, Ont., writes:—"Where other remedies failed, Zam-Buk soon rid me of chilblains. It speedily ended the itching irritation, drew out the inflammation and healed perfectly." Also splendid in eczema, ulcers, abscesses, piles, poisoned wounds, cuts, burns and scalds. 50c., all dealers.

of course, would not be allowed to affect his plans; since Beulah's departure nothing but the most formal conversation had taken place in their household; yet it would certainly be easier for him if Mary should give her encouragement to his undertaking. He felt that he was entitled to this, for was it not for her that he was making the sacrifice? Was not all his labours directed toward increasing her reserve against the rainy day? And yet instinctively he felt that she would oppose him.

It was the evening of a long day in July when, very much to Mary's surprise, her husband took the handle of the cream separator from her. To the sad-hearted woman it seemed that the breach was at length beginning to heal, and that happiness would shortly return to their hearthside. Below the din of the separator she actually found herself humming an old love-song of the 'eighties.

But her happiness was of short duration. When the milk had been run through, and the noise of the whirling bowl no longer prevented conversation, Harris immediately got down to business.

"Allan and me 'will be leavin' for the West in a day or two," he said. "I suppose you can get along all right for a few weeks until harvest. Bill (the hired man) will be here."

In an instant she saw the motive behind his apparent kindness, and the hopes she had just entertained only deepened the flood of resentment which swept over them. But she answered quietly and without apparent emotion: "That's unfortunate, as I was planning for a little trip myself."

"You!" he exclaimed. "You planin' a trip! Where in the world do you want to go?" Such a thing as Mary going on a trip, and, above all, unaccompanied by himself, was unheard of and unthinkable.

"Yes, I thought I would take a little trip," she continued. "I've been working here pretty hard for something over twenty-five years, and you may say I've never been off the place. A bit of a holiday shouldn't do me any harm."

"Where do you think of goin'?" he demanded, a sudden suspicion arising in his mind. "Goin' to visit Jim and Beulah?"

"I think you might at least be fair to Beulah," she retorted. "If you had read her letter, instead of putting it in the stove, you would have known better."

"I ain't interested in anything" Beulah may have to say, and any other letters that fall into my hands will go in the same direction. And what's more, she's not goin' to have a visit from any member of this family at the present time. I'm goin' out West to take up land, and Allan's goin' with me. It ain't fair or reasonable for you to try to upset our plans by a notion of this kind."

"It isn't a notion, John, it's a resolve. If you are bound to take up more land, with more work and more worry, why go ahead, but remember it's your own undertaking. I helped to make one home in the wilderness, and one home's enough for me."

"Don't be unreasonable," he answered. "There's a great opportunity right now to get land for nothin' that in a few years will be worth as much or more than this here. I'm ready

Fulness After Eating

If you have fulness after meals, a bad taste in your mouth in the morning, fur on the tongue, flatulence after meals and no appetite, take Mother Seigel's Syrup. It will clean your tongue, renew your appetite, give you relish for food and the power to digest it thoroughly and easily. Sold in 50c. and \$1.00 bottles at drug stores.

to go through the hardship and the work for the sake of what it will do for us. We can be independently rich in five years, if we just stand together."

World Happenings Briefly Told

A catch of 1,680,000 pounds of fish was landed at Boston recently. It was the largest in years.

The Prussian ministry has resigned. Its decision was taken after the failure of attempts by Premier Stegerwald to reconstruct the ministry.

Fire destroyed the auditorium of the Kabukiza Theatre, one of the largest and oldest in Tokio. The loss is estimated at \$1,500,000.

Torrential rains in Western Guatemala have done great damage to property and have caused floods in which 18 persons have lost their lives.

Joseph Simonetti was found dead, head downwards, in a vat of wine, alleged to have been illicitly made, at his home in Los Angeles.

A Reuter's cable from Melbourne says statistics furnished by the Australian Government show that workers lost £1,250,000 last year in wages through 554 industrial strikes.

Terminating her thirty-ninth inward voyage the Trans-Pacific liner Empress of Russia reached Vancouver from the Far East. She brought in 200 saloon passengers, 75 second class and a large Asiatic steerage list.

Paper money reaching the enormous total of 5,750,000,000,000 roubles has been issued by the Soviet Government, the latest output being 750,000,000,000 roubles in new money for the opening of the National Bank.

Nicholas Shafer, a pioneer contractor of British Columbia, was killed when a tree fell on him at his home near Kamloops. He was born in Woodbridge, Ont., 73 years ago, and had resided in British Columbia several decades.

Twenty-four hours after they had thawed, a shipment of frozen eggs from China, Paris health authorities say, they found the eggs contained 36,000 harmful microbes. The officials advised against their use, except for biscuit making.

Manitoba Beekeepers May Organize

Will Work for More Efficient Marketing of Honey.

A movement is on foot to organize the beekeepers of Manitoba for more efficient marketing of honey and purchase of supplies. More than 700 beekeepers already have been listed, and it is estimated that there are as many more unlisted in various parts of the province. At Beausejour, Ladywood and Brokenhead, beekeeping is one of the main industries of the settlements. These colonies produced more than 25 tons of honey this year.

Have You Stomach Risings, Gas, Heartburn, Sourness? Tells of a Simple Remedy

It's really wonderful, the quick relief you get from ten or twenty drops of Nerviline taken in sweetened water. For cramps and spasms, Nerviline is equally efficient. To safeguard yourself against these ailments, keep handy on the shelf a bottle of trusty old Nerviline. It will relieve the minor aches and pains of the whole family. Good for internal or external use. 35c at all dealers.

Airplane Hit Mountain

Small Horsepower Engine Unable to Clear Peak

Two passengers and the pilot of an airplane of a commercial company maintaining an air line between Mexico City and Tampico were injured near Pachuca when the plane fell on the mountain side near a mining camp. The machine was completely wrecked. The accident is ascribed by the passengers to the inability of the plane, with its engine of small horsepower, to clear the mountain peak which appeared suddenly out of the clouds on the flight from Tampico.

Sentenced to Death

No Appeal Possible

The death warrant is passed out every time a corn is treated with Putnam's Corn Extractor. It means the end of the corn. Putnam's lifts out corns, root and branch, and never fails. Refuse any substitute for Putnam's, 25c everywhere.

Fed Up On Hay

After emerging from a hay mow, where he had been buried for nine days, a Hamilton man vows that he will never eat breakfast food again—Vancouver Province.

The manufacture, sale or keeping in stock of matches containing phosphorus is illegal in Belgium.

Bonx borough of New York City is a big as Baltimore in population.

USE SLOAN'S TO WARD OFF PAIN

LITTLE aches grow into big pains unless warded off by an application of Sloan's. Rheumatism, neuralgia, stiff joints, lame back won't fight long against Sloan's Liniment.

For more than forty years Sloan's Liniment has helped thousands, the world over. You won't be an exception. It certainly does produce results.

It penetrates without rubbing. Keep this old family friend always handy for instant use. Ask your neighbor.

At all druggists—35c, 70c, \$1.40.

Sloan's Liniment (Pain's Enemy)

Chartered Thirty Ships

Vancouver Merchants' Exchange Shipping Grain and Lumber.

Thirty deep-sea ships were chartered by the Vancouver Merchants' Exchange to carry lumber or grain from Pacific Coast ports. Nine vessels closed for lumber, one for mixed grain and lumber cargo, and the balance for grain. They include seven Japanese steamers, nine British, three American and the balance Spanish, French, Dutch, Norwegian, Swedish.

WOULD NOT BE WITHOUT BABY'S OWN TABLETS

Once a mother has used Baby's Own Tablets for her little ones she would not be without them. The Tablets are a perfect home remedy. They regulate the bowels and stomach; drive out constipation and indigestion; break up colds and simple fever and make baby healthy and happy. Concerning them, Mrs. Noble A. Pye, Ecum Secum, N.S., writes:—"I have found Baby's Own Tablets of great benefit for my children and I would not be without them." The Tablets are sold by medicine dealers or by mail at 25 cents a box from The Dr. Williams' Medicine Co., Brockville, Ont.

60 Years' Bank Savings.

Sixty years ago the British Post Office Savings Bank was opened with a staff of 20 clerks and at the end of the first day \$4,500 had been deposited by 435 people. At its recent Diamond Jubilee the department had 13,500,000 ordinary depositors, and between five and five millions of investors in stock. Its staff numbered more than 5,000 last year.

Miller's Worm Powders are sweet and palatable to children, who show no hesitancy in taking them. They will certainly bring worm troubles to an end. They are a strengthening and stimulating medicine, correcting the disorders of digestion that the worms cause and imparting a healthy tone to the system most beneficial to development.

Edmonton Man

Discovers Pure Iron

Millions of Tons Will Not Require Mining.

A valley of almost pure iron lying on the shores of Lake Athabasca with deep water right to the claims, has been discovered by N. C. Butterfield and his son, according to the Edmonton Bulletin. Analysis of the claim shows that it is 64.36 pure iron, 150,000,000 tons have been measured off, while 5,000,000 tons, in the shape of loose blocks, are lying on the surface of the ground close to the lake, ready for shipment without any mining operations being necessary.

Good for Asthma. Asthma remedies come and go but every year the sales of the original Dr. J. D. Kellogg Asthma Remedy keep up. No further evidence could be asked of its merit. It relieves. It is always of the same unvarying quality which the sufferer from asthma learns to know. Do not suffer another attack but get this splendid remedy to-day.

A Delicate Way.

Kenneth was discussing the football team of which he was a member, and said to the girl:

"You know young Barker? Well, he's going to be our best man before long."

"Oh, Kenneth," she cried, "what a nice way to propose to me."

Never kick a hornet's nest just to ascertain whether the family is at home.

The Knicker Suit For Sports Wear

By Marie Belmont.

Perhaps one of the most practical creations for outdoor sports is the knicker suit. This model is cut from a brown mixture tweed which is enlivened with a narrow pin line of orange. The coat is elaborated with four large patch pockets that will be appreciated by those who wander afield. Leather buttons accentuate its sportsmanlike appearance, while the belt is slipped through a leather covered buckle. An orange felt hat trimmed with a band of brown ribbon gives a colorful touch to the costume. The brown wool stockings reveal touches of orange in their fancy tops.

How's This?

HALL'S CATARRH MEDICINE will do what we claim for it—rid your system of Catarrh or Deafness caused by catarrh. We do not recommend it for any other disease.

HALL'S CATARRH MEDICINE is a liquid, taken internally, and acts through the blood upon the mucous surfaces of the system, thus reducing the inflammation and assisting Nature in restoring normal conditions. All Druggists. Circulars free. F. J. Cheney & Co., Toledo, Ohio.

The first known moving picture camera was made in 1890.

Corns are painful growths. Holloway's Corn Remover will remove them.

Flies abominate the scent of lavender.

Minard's Liniment for Garget in Cows

Cuticura

Quickly Soothes Itching Scalps

Treatment: Gently rub Cuticura Ointment, with the end of the finger, on spots of dandruff and itching. Follow next morning with a hot shampoo of Cuticura Soap. Repeat in two weeks. Nothing better than these fragrant super-creamy emollients for all skin and scalp troubles.

Soap 25c. Ointment 25c and 50c. Tubes 25c. Sold throughout the Dominion. Canadian Depot: Lyman, Limited, 344 St. Paul St., W., Montreal. Cuticura Soap shaves without razor.

A new broom doesn't sweep cleaner than an old one with a new hired girl attached.

BEAUTY OF THE SKIN

is the natural desire of every woman, and is obtainable by the use of Dr. Chase's Ointment. Pimples, blackheads, roughness and redness of the skin, irritation and eczema disappear, and the skin is left soft, smooth and velvety. All dealers, or Edmondson, Bates & Co., Limited, Toronto. Sample free if you mention this paper.

Dr. Chase's Ointment

J. K. CHORLTON TEACHER OF 'CELLO AND VIOLIN

As an inducement to beginners I am offering 21 lessons for \$20.00—\$10.00 down and balance at the end of the term. This offer not good after November 30th, 1921.

Local and Personal

FOR SALE—Three husky young pigs. \$7. Chas. Moore.

WANTED—Five pounds of sage. Fred Smith, Creston.

FOR SALE—Kirstin stump puller. Apply Box 13, Creston.

Miss May Small left Tuesday on a visit with friends at Cranbrook.

BIRTH—At Summerland, B.C., Nov. 1st, to Mr. and Mrs. S. A. MacDonald, a son.

Your photo makes an excellent Christmas gift. Asher's studio.

C. O. Rodgers left on Sunday on a business visit to Calgary and other prairie points.

Mrs. Chas. Moore got back on Friday from a three week's visit with old friends at Kaslo.

DRY WOOD FOR SALE—16-inch cottonwood, \$4.50 a cord, cash on delivery. Fred Smith.

T. M. Lytle, the local jeweler, is spending a few days this week with his family at Crawford Bay.

FOR SALE—Well bred driving horse in good condition, or will exchange for good work horse. Robson, Wynndel.

Chas. Moore left on Sunday on an important business trip to Okanagan points, and will be away at least a month.

RULES—For indoor and outdoor planting, we are clearing out the balance of our stock at reduced prices. S. A. Speers.

FOR SALE—303 Savage rifle, nearly new, \$90. Also one Winchester .22 automatic, in good shape, \$18. E. S. Batterfield, Wynndel.

FOR SALE—Driving pony 6 years old, well broken; set single harness; 1 1/2 h.p. gas engine almost new. Morrow's Blacksmith shop.

E. C. Kimberley arrived from Revelstoke the latter part of the week, succeeding Geo. Mead as accountant at

the Creston branch of the Imperial Bank.

MATTRESSES FOR SALE—14 mattresses, all in fair shape \$5 and \$6 each. Apply Doug Barney, Pacific Restaurant, next Mawson's store.

Ted Mawson, who has been helping with harvesting and threshing operations at Weyburn, Sask., the past two months, returned on Saturday.

The Valley poultry is in the moulting stage at present and the consequent shortage of eggs has sent the price of hen fruit up to 60 cents dozen.

The vital statistics for October show the Valley to have received four newcomers—two boys and two girls. There were no marriages and no deaths.

The November meeting of the Women's Institute is announced for Friday next, Nov. 18th, the feature of which will be a paper on a timely topic by Mrs. H. B. Downs.

Frances, the young daughter of Mr. and Mrs. Chas. Moore, had the misfortune to sustain a broken collarbone by a fall from a horse on which she was riding on Monday.

Rev. J. B. Stirling of St. Paul's church, Nelson, will be the speaker in Creston Presbyterian Church on Sunday, with Rev. J. A. James taking the pulpit work in Nelson.

G. T. Poppel, who re-opened the Creston Cafe in the Jackson store on Wilson Ave., about six weeks ago, has closed up shop, and left with the family for Vancouver on Saturday.

COCKERELS FOR SALE—Some Banded Rock cockerels for sale, from 200 to 275-egg birds, \$3 to \$5 each. Try one, and put some egg-laying into your flock. Wm. S. McAlpine, Creston.

The attendance at the Presbyterian Ladies' Aid thanksgiving supper on Friday night was well up to the average of other years. After paying all expenses the dinner will show a profit of \$50.

Major Mallandaine was a Cranbrook visitor last week, and during his stay was present at the big Liberal rally at which M. A. MacDonald, General Odum, and the candidate, R. E. Beattie, were the speakers.

The outstanding feature of Creston's observance of Thanksgiving Day on Monday was an afternoon of tennis at the court on the Presbyterian manse grounds. Even in Creston November tennis is rather a rarity.

Mrs. J. R. Bruce, who recently closed her millinery store here, and opened in business at Trail, was a business visitor here over the week-end. She is well pleased with the business situation in Trail, and likes the town fine.

Mr. and Mrs. Dennis, who are returning from a wedding trip to Vancouver and Victoria, spent a few days here this week with Mr. and Mrs. A. E. Swanson, on their return to Portage la Prairie, Man., where they will reside.

The Ladies' Guild of Christ Church have selected Friday, December 2nd, as the date of their annual bazaar, which will be held in the Parish Hall. In the evening there will be a dance with the best local talent furnishing the music.

A brief but appropriate Armistice Day service will be held at the soldiers' memorial tablet in front of the Bank of Commerce this (Friday) afternoon, at 3.45 p.m., at which it is hoped there will be a large attendance of townspeople.

Mrs. G. A. Hunt and Miss Schmidt, teacher at Kitchener, were in town for the Presbyterian supper on Friday night. The attendance at Kitchener school this term is nineteen, with the work spread over eight different classes, including Entrance.

This week the concrete base has been put in for the soldiers' memorial on Barton Ave., opposite the Grand Theatre. The nine-ton granite pillar, which will be the central feature of the memorial, is still at the quarry at Sirdar awaiting shipment.

A real old time thanksgiving dinner will be served in Speers' Hall on Thursday night, Nov. 24th, by Creston Methodist Ladies' Aid. Hot chicken and pumpkin pie will be among the items on the menu, and the dinner will cost adults 50c., children 25c.

To-night's social feature is the whist drive and dance in the Parish Hall under the auspices of the Women's Institute, with cards to start at 8.30. Lunch will be at 10.45 and dancing will commence at 11, with music by Mr. Foreman and Mr. Alex. Lidgate. The admission is 75c.

Stan. Watson, who has embarked in the dry business under the name of Creston Cartage Company, has secured a downtown office in the building opposite the Methodist church, lately vacated by Mrs. Bruce, and orders for work in his line left there will receive prompt attention.

The weather report for October shows the Valley to have a total outpouring of wetness of approximately one and a quarter inches. The coldest day of the month was the 29th, when the mercury got down to 23 above zero, while the balmiest spell was the 10th when 68 in the shade was recorded.

An attendance of approximately 175 was in evidence on Sunday night at the united Methodist Presbyterian thanksgiving service at the latter church, at which Rev. G. Knox was the speaker. A combined choir of twenty voices furnished the music, features of which were the solo by C. A. Eby, and the quartette, "Come Un-

to Me," by Mesdames Oatway and R. B. Staples, and Messrs. W. Truscott and Oatway.

There was quite a rush for hunting licenses during October, provincial police McLaren gathering in \$155 from this source for last month. The provincial revenues also benefitted to the extent of \$68 on amusement tax collected at Creston during the month. Police court dues, however, were light, only one offender being tried, whose fine was the nominal \$10 and costs.

C. A. Eby, who has been employed at the Mallandaine mill and later at the Eby ranch at Arrow Creek, left on Wednesday for Saskatoon, Sask., where he will be located for the present. He will be much missed in musical circles here, particularly in the Presbyterian choir, where his solo work was an outstanding feature of the musical service for some months back.

Creston Fruit Growers Union, Ltd., announces that this year it will ship a car of apples to England for Christmas distribution. For \$4.50 a box the Union will sell and transport a box of any variety of winter apple, except Delicious, and guarantee delivery at any point in England or Scotland before Christmas. Here is an exceptional chance to send Old Country friends a timely Yuletide remembrance. Orders must be in by Thursday next, Nov. 17th.

During the past few weeks a number of citizens have been making temporary plans for an Old Country trip next summer, a report having been current that bargain boat fares would prevail via the Panama canal in connection with the world's fair at Glasgow, Scotland. One resident, who has taken the trouble to enquire of both rail and steamboat officials has been very definitely assured that the cheapest boat trip can be made from Vancouver is a matter of \$300.

From the list of names already in a packing class for this winter seems assured: Creston local of the United Farmers have the matter in hand and any who wish to learn the packing business should get in touch with Secretary McAlpine, or give their name to Mr. Loveday. The fee this year will be \$2.50 per pupil, which money goes to supply apples and paper. The class will be held in the Union packing house, and Mr. Loveday is treating us very generously in regard to supplies and equipment that will be required. Hurry up with your names, as the list has to be in the hands of the agriculture department next week.

Advice has just been received from the Dominion Fruit Commissioner at Ottawa giving the prize winners in the different varieties of the overseas section of the British Apple Show in London last week which will be published in our next issue. The advice states that the cash prizes won by Mr. Stark are \$50 as first on the five-box lot of Cox Orange, and \$100 for his

win on desert apples in the British Empire section.

Drainage engineers Swendsen and Cleveland broke their Kootenay River trip from Porthill on Sunday, motoring over to Creston and spending Sunday afternoon on a look over the flats area at Creston. President Bevan of the board of trade invited them to all the points of vantage along the flats and to various points that they were desirous of looking over along both the Kootenay and Goat rivers. They resumed their trip on to Nelson on Monday morning.

FOR SALE OR EXCHANGE

I will sacrifice my land, 90 acres adjoining Porthill, Idaho, in U.S.A., and will sell on any reasonable terms, or will exchange for improved acreage between Porthill and Creston. Address JOHN H. HALL, 222 Harrison St., Pullman, Wash., U.S.A.

TENDERS FOR DEEPENING WELL

Sealed tenders will be received by the trustees of Alice Siding School District up till Monday, November 21, 1921, for the deepening of the school well. Full particulars to be had from W. MATHER, Secretary.

ANNOUNCEMENT

The undersigned announces that he has opened out in the Transfer and General Draying business.

In addition, I am also handling WOOD, COAL, and SLAB-WOOD in both the 16-inch and 16 foot lengths; and am prepared to deliver BLACK LOAM.

In a few days I will be permanently located downtown, and telephone installed.

My endeavor will be to give efficient service at reasonable charges, and I solicit a share of the trade in these lines.

CRESTON, B.C.

Coleman Air-O-Lite GASOLINE GAS LAMPS

Ribbed or Fancy Dome Shade—\$12.50

- Generates its own gas from gasoline
- Perfectly simple and absolutely safe
- Gives a very bright white light

A distinctive feature of the Air-O-Lite Lamp is that it lights with common matches.

Explosion impossible; every part carefully inspected,

Gives 300 candle power light at about one-third the cost of operating a coal oil lamp.

Requires to be filled once a week; cleaned once a year.

Gasoline capacity, three pints—which will burn about eighteen hours.
