THE CRESTON REVIEW

VOL. XIV. CRESTON, B. C., FRIDAY, MAY 26, 1922 No. 16

Sirdar

Quite a number of the ladies from here were at Creston on Wednesday for the Quaker Village Fair in the Parish Hall that afternoon.

Mrs. North and Mrs. Tuohey were at Creston on Thursday last, and were successful in making arrangements for free auto trips for Crestonites who will come to Sirdar for the sewing circle sale of work and fete on June 7th.

Provincial police McLaren of Creston was here on an official visit Thursday last.

There is a record show of bloom in all the Sirdar orchards, and a splendid show of blossoms on the strawberries, but it will be at least June 20th before berries will be shipping.

Rev. H. Varley had a fine turnout for the Church of England service in the schoolhouse on Sunday night. The congregations he gets here every visit fully warrants the giving of Sirdar the extra service just inaugurated.

Between the local-owned cars and the prospective tourist travel Mayor Daly is considering getting a number of silent policeman to place at the busier corners to control motor traffic this season.

Mrs. Moore and family of Cranbrook were visitors here last week with her sister-in-law, Mrs. Loasby.

Below will be found a list of those who contributed the $53.25 raised here by the school children for the bronze wreath fund of Creston soldiers' memorial:

B. F. Whiteside $4.00

W. D. Tuohey, T. Rogers, H. C. Hughes, R. R. McMaster, J. Swanson, and F. Cogle $2 each.

G. Cam, R. Dennes, J. Wilson, S. McCabe, J. Daly, A. Dibbon, A. E. Dobby, E. McCabe, Lee Yat, Mr. Jagyar, R. Proctor, C. Holden, W. Morris, H. G. Brock, C. Woods, W. G. Greaves, Thos. Caven, S. Cusnivick, E. G. Fletcher, W. H. Walker, W. H. Grice, W. M. Strachan, J. M. McFadden, Bob Tuohey, Bill Tuohey, and Miss Jean M. McMaster $1.00 each.

A. Sequin 75c.

C. Loasby, Miss Ellen Porter, S. Lombardo, S. Blackmore, H. Severn, Dorthea Cam, Frank Lombaldo, Rosie Pascuzzo, J. McDairmid, G. Rumsey, S. Rombough, C. P. Holly, H. Gammon, N. Gammon Geo. E. Carson, C. N. Brunner 50c. each and Harold, Ronald, Eddie and Lillie Cam 50c. J. H. Lewis, J. Man. Victor Grundy, Jack Grundy, Lucy Pascuzzo, Dominic Pascuzzo and Mike Talarico 25c. each.

Erickson

Rock crushing operations and the putting down of hard surface road material commenced the middle of last week, with foreman Davis of Creston again in charge. Plans for the year call for putiing this class of highway from the gate at the Long ranch by the school as far as the C.P.R. crossing.

Mrs. Jas. Maxwell was a visitor with friends in Nelson a few days last week.

Mrs. Thurston, who has spent the past month with Medicine Hat, Alta., friends, returned home about the middle of the month.

Mrs. H. A. McKowan of Cranbrook is here on a visit to her parents, Mr. and Mrs. G. Cartwright.

The Union unloaded another couple of cars of hay this week, which makes the winter's total import of this feed about fifteen carloads, and has possibly taken $6000 of Erickson money back to the prairie.

Mrs. J. M. Craigie left on Friday for Penetang, Ont., having been summoned back to the old eastern home due to the serious illness of her father.

Jas. Cook of Creston was a week's visitor here last week having an extensive grafting contract on the R. B. Staples orchard, where most of the trees of the fall varieties of apples have been top worked to Grimes Golden.

Mrs. Kemp and son Tony left on Sunday for Spokane, where they spent a few days with friends this week.

Billy Long was a business visitor at Nelson about the middle of the month, and completed arrangements for a game at Creston next month with the baseball team of that city.

If this year's crop of tree fruits is anywhere near in proportion to the show of bloom the C.P.R. will assuredly have to considerably enlarge its station facilities to take care of the fruit export business.

Erickson is claiming credit for what is thought to be but the third golden wedding anniversary ever celebrated in Creston Valley. Mr. and Mrs. J. W. Fraser are the fortunate couple to have accomplished half a century of married life, and on Monday received many callers and were showered with congratulations on rounding off fifty years of matrimonial happiness. Both are quite hale and hearty, and all are hoping to have the pleasure of wishing them many happy returns of the day for many years yet.

Lister

Fred Bagshaw, who has been on the Kimberley mine staff for the past two months, has returned home.

A number of the settlers were at the Canyon memorial service Wednesday evening last.

The G.W.V.A. held their regular monthly meeting on Saturday evening last. General routine business occupied the evening and President Bell occupied the chair.

Geo. B. Powell of Cranbrook and N. Wilson of Nelson, Singer sewing machine agents and piano saleman were business visitors early in the week.

The Trading company has changed their open hours for the summer, they will open later in the afternoon, 2.30, and close at 7.30 p.m.

WANTED—Small secondhand cook stove. H. Stevens, Wynndel.

FOR SALE—Part Jersey cow and calf, also heifer coming two years old. T. W. Davies, Wynndel.

FOR SALE—Hot water tank and pipe with connections to range, 30 gallons, new, and in perfect shape. Enquire Review Office.

FOR SALE—Holstein milch cow, just freshened. Also auto that can readily be rebuilt into first-class truck. C. Olsen, Creston.

Institute Flower Show Winners

When it is recalled that spring is at least two weeks behind schedule time in making its appearance in Creston Valley the promoters of Creston Valley Women's Institute flower show have every reason to feel proud of their initial floricultural exposition in Speers' Hall on Saturday May 43th. The late season militated againtt the show in that it limited the number of varieties of blooms in which a showing could be made, but what was lacking in quantity owing this untoward circumstance was abundantly made up in quality, and resident horticulturist Twigg, who made the awards, had quite a busy and serious time of it placing the red and blue tickets. The official list of winners is announced as follows:

Fern—Mrs. James Cook, Mrs. M. Young.

Flowering house plant—Mrs. Morrow, Mrs. Ebbutt.

Daffodils in vase—Mrs. Edmondson, Mrs. Lyne.

White tulips, single—Mrs. Edmondson, Mrs. Linn.

White tulips, double—Mrs. Edmondson, Mrs. Linn.

Tulips, colored, single—Mrs Edmondson, Mrs. Ebbutt.

Tulips, colored, double—Mrs. Edmondson, Mrs. Linn.

Narcissus—Mrs. Bennett, Mrs. Lyne.

Any other variety—Mrs. Edmondson 2.

Table decoration—Mrs. Garland.

Single flower in vase—Mrs. Bennett.

Along with the flower show the ladies had a sale of pantry products, as well as serving tea and dispensing light refreshments—the admission to the show being free—and the cash in take of the afternoon was $36. A number contributed to the prize list, among them being Mrs. Lyne and Mrs. Edmondson, whose donations were for the best table decoration and the best single bloom in vase.

This is your invitation to
VISIT SIRDAR on WEDNESDAY, JUNE 7th
when the Sewing Circle are having a
Sale of Work and Candy, with Afternoon Tea Ice Cream and Light Refreshments.
Boating on the lake at 25c. a trip. Raffle of Embroidered Quilt at 50 cents a ticke, which are on sale at Creston at Norris Bakery. Creston people please see Geo. Johnson at P. Burns butcher shop, who is arranging free auto trips to and from Sirdar.

GRAND THEATRE Saturday, MAY 27

PLAYERS' CLUB of the University of B.C.
Present
"Mr. Pim Passes By"
A Delightful Comedy by A Talented Company
Women's Institue auspices
Reserve Seats . . . 75c

Alice Siding

The sincerest sympathy of the community is extended Mrs. Barraclough and family in the death of Mr. Barraclough, who died suddenly while at work on his ranch Friday afternoon. The funeral took place to Creston cemetery on Sunday, and was largely attended.

Robert Stewart continues to increase his land holdings in the Alice Siding section, his latest purchase being the five acres commonly known as the Billy Burton ranch, about three acres of which is cleared. Mr. Saewart made the purchase last week from Arthur Pendry, the owner, who is now living at Eburne.

The Vaness strain of Barred Rocks are making a great name for themselves, with possibly the best showing being the hatch of 41 chicks from 46 eggs in the incubator handled by Miss Marie Vaness.

Guy Constable is going more extensively than ever into cattle this season, his latest purchase being the Simister Jersey herd.

Dr. Henderson, as medical officer, paid an official visit to the school at the middle of the month, but due to the busy season found the attendance on the small side.

John Parkin was a visitor with Michel friends last week.

BIRTH—On May 7th, to Mr. and Mrs. J. W. Vaness, a son.

John Marshall and party were Sunday visitors with Mr. and Mrs. Mason, Wynndel. Although the season is now ideal the Duck Creek growers do not expect to be shipping berries before June 25th.

A. E. Atkinson of the Fruit Growers Union staff was here last week on a business trip—calling on Union shippers with a view to making an estimate of their prospective fruit crop.

Mr. and Mrs. I. N. Rhodes of Caithness arrived here on Saturday last, and land clearing is now in full swing on the ten acres he some months ago purchased in the neighborhood of the Barraclough place.

Miss Mary Barraclough arrived from Calgary on Saturday to attend the funeral of her father, who died suddenly the afternoon previous.

Mrs. Scahfer of Barons, Alta., is spending a few days here with her mother, Mrs. Stace Smith.

Fernie Free Press: "Wm. Barraclough left on Sunday for Nanaimo, where he will be united in marriage to Miss Ethel Thompson, formerly of Fernie, B.C. The young couple will reside here, where Mr. Barraclough has a prosperous butcher business." The bride and groom reached here on Tuesday and spent a couple of days with his mother before going on to Ferdie.

FOR SALE CHEAP—10 young ewes with lambs included. Apply Mrs. M. Nathorst, Wynndel.

Kitchener

Mr. and Mrs. Lawrie of Cranbrook are Kitchener residents at present, Mr. Lawrie being C.P.R. operator at this point.

Chester Paulson of Spokane was a business visitor in Kitchener last week, and during his stay, in company with Mr. Cardiff, spent a day in Creston.

Jimmy McGovern, who has been here for some weeks, left a few days ago for Sirdar, where he expects to be employed for some time to come.

Mrs. G. A. Hunt, was a week-end visitor at Creston, taking in the Women,s Institute flower show in that town on the Saturday.

Mrs. Boyd of Creston was a Kitchener visitor the middle of last week, the guest of Mrs. Hunt.

R. Hunt, who has been a visitor here for several months with his brother, George, left at the middle of the month on the return trip to his home in Eastern Ontario.

A number from here are planning to spend Chautauqua week with friends in Creston. The big six days of entertainment was decidedly popular a year ago, and will be considerably better this season.

In a statement given out last week at Victoria by the minister of mines, as to investigations the department's engineers will conduct this season, it is stated that the iron ore, deposits at Kitchener will be explored this year. The Kitchener iron ore, the report states, must be given every consideration because it is a hematite, and and from reports thus far obtained certainly has commercial possibilities.

Kitchener people will be interested in a despatch from Victoria under date of May 20th, in which it is indicated that $32,000 has been set aside by the public works department for reconstruction work at Goatfell. This is taken to mean the widening and building of a new road from Goat River bridge into Kitchener, according to the surveys completed by Mr. McCullough of Nelson almost a year ago. As the federal government bears 40 per cent. of the cost this sum possibly also includes the road diversion at Arrow Creek as well.

EDUCATION : ENTERTAINMENT : INSPIRATION

CHAUTAUQUA June 15-21

.....DURING THE PAST YEAR we have all had disappointments. -Things have not gone as well as we had hoped. We have all had our troubles, and the great majority of us, at least, have worked hard. We owe it to ourselves and families to take a few days off and hear and see things that will be an inspiration to us. We need to have something else other than our troubles to think about. By doing so we will be happier and will be stronger to tackle the problems that are facing us.

Tickets: Adults $3. Children $1

Having disposed of my herd of tuberculin-tested cows to Mr. A. Comfort I take this opportunity of thanking my customers for their patronage in the past and trust they will extend the same to him in the future. W. V. JACKSON.

Freight Rates And Business

A special committee of the House of Commons has been appointed to study the whole question of freight rates with a view to bringing about a reduction in the existing high schedule, which, it is generally agreed, is having a detrimental affect on business, is operating to prevent a revival in industrial activity, and is particularly paralyzing to Western agriculture.

The problem of reducing rates in the face of an annual deficit of many millions of dollars in the operation of the National Railways is admittedly a difficult one. The National Railways badly need every dollar of revenue they can get, and a substantial reduction in freight charges may prove a very serious matter for them. Yet anything less than a substantial cut will be quite ineffective in providing a much needed stimulus to business and an appreciable aid to the farmers of the country.

There is, however, much force in the argument that a lowering in the carrying charges of the railways will not necessarily mean a reduction in net revenue earned. On the contrary, it is well within the realms of probability that the result would be an increase in revenue. Present rates are perilously close to the line where they amount to actual prohibition of traffic, and if a reduction of rates has the effect of stimulating business and thereby increasing traffic the earnings of the railways may easily record increases rather than the much feared decreases.

Support for this view is found in a comparative study of the figures of revenue and expenditure of Canadian railways for the years 1920 and 1921. Freight rates were increased in September, 1920, and partly reduced in January, 1921, and in December, 1921. If the arguments of those opposed to rate reductions is good, then the deficits in operation of the railways should have been greater in 1921 than in 1920. Yet the reverse was the case. The deficit on the old Canadian Northern system was nearly $10,000,000 less in 1921 than in the previous year; the deficit on what are known as the Canadian Government Railways, chiefly the Intercolonial, was almost cut in two, being reduced by $5,000,000; the Grand Trunk Pacific, which showed a loss of $10,000,000 in 1920, dropped to just under $4,000,000 for 1921.

These three roads between them showed a deficit in operation for 1921 of something over $16,00,000 where in 1920 the total was over $37,000,000. The operating profit of the old Grand Trunk was increased and so, too, was that of the Canadian Pacific.

Of course, there may have been, and undoubtedly were, other factors contributing to the betterments shown. Nevertheless, the figures would seem to point to the conclusion that rate reductions were not in themselves disastrous, but that, on the contrary, they proved beneficial and were contributing factors in bringing about a marked improvement in railway finances.

Admitting, however, for the sake of argument that substantial rate reductions will result in an increase in the operating deficit of the Canadian National Railways, the question arises whether it would not be better to face that possibility and meet the loss out of general taxation for a year or two if, through such reduction in rates, there was marked encouragement given to agriculture, manufacturing and business generally throughout the Dominion, with a consequent lessening in unemployment and increased buying power by the people and some return of prosperity.

The present deficit on the Canadian National Railways is a heavy one, and constitutes a very real burden for Canadian taxpayers. It is almost more than they can bear, because, through lack of employment and general business depression, they have not the money. No matter how light taxes may be people cannot pay them without money and in the absence of means of earning money. But with a return of business activity and more employment the people would be able to more easily pay even somewhat heavier taxes, if necessary, to meet a slightly larger railway deficit.

The railways are one of the chief agencies in the upbuilding of trade and commerce, and if their rates are maintained at a level so high as to restrict traffic, they are not benefiting either themselves or the people and country they were created to serve, but are, as a matter of fact, killing the goose that lays the golden eggs.

The experiment of enforcing a substantial reduction in freight rates as a means of reviving business throughout Canada, and giving some much needed encouragement to agricultural production, may well be tried at this time.

Japan Buying Lumber

Japanese Government Bans Production of Lumber from Native Forests

According to Mr. J. Sito, of Kobe, who arrived in Victoria with a party of Japanese lumber and pulpwood buyers, said to represent $35,000,000, Japan is to make an unprecedented demand for Vancouver Island lumber this year. The principal reason for this heavy foreign buying is that Japan has banned the production of lumber from native forests. Inquiries for almost every type of lumber have for some time been pouring into the Vancouver Island market.

Corns Between the Toes, Painlessly Removed

A real, sure, dependable remedy that has been lifting out corns for the past fifty years will surely lift yours out. Putnam's Corn Extractor is the old reliable corn remedy—it stands the test of time and never fails, 25c everywhere.

Recalls Days of Nelson

Mary Ann Carr, Born on Nelson's Ship, is Dead at Age of 85

Mary Ann Carr, who was born in the cockpit of Nelson's ship, Victory, near the spot where the famous Admiral fell, has just died at Portsmouth, at the age of 85.

Her memory of the early days aboard the ship was fresh up to within a few days of her death. She once saw a sailor dogged. The picture of the man suffering remained vivid in her mind through her long life. Only once did she see such a sight for on other occasions she was sent ashore to be spared the spectacle.

Just as there is a potential statue in every block of marble, so is there an ideal self in every man. He, then, the sculptor of your own character.

Keep Minard's Liniment in the house.

Overcrowded Britain

An eminent statesman reminded me the other day that in spite of the war the population of Britain has increased by 2,000,000 during the last decade. He asked me whether I thought the country could support them all, and I replied in the negative, suggesting that emigration is the only remedy. The trouble is that our surplus is among townspeople and not the rural workers needed by new countries.—London Sunday Pictorial.

A NERVOUS BREAKDOWN

When the Blood is Out of Order the Nerves Are Starved

The nerve system is the governing system of the whole body, controlling the heart, lungs, digestion and brain; so it is not surprising that nervous disturbances cause acute distress. The first stages of nervous debility are noted by irritability and restlessness, in which the victims seem to be oppressed by their nerves. The matter requires immediate attention, for nothing but suitable treatment will prevent a breakdown. The victim, however, need not despair, for even severe nervous disorders may be relieved by improving the condition of the blood. It is because Dr. Williams' Pink Pills enrich the blood that this medicine has proved beneficial in nervous disorders. The nerves thrive on the better blood made by these pills; the appetite improves, indigestion is better, sleeplessness no longer troubles the nerve-shattered victim, and life generally takes on a cheerful aspect. The value of these pills in cases of this kind is shown by the experience of Mrs. John W. Macdonald, Cardigan, P.E.I., who says:—"I have much cause to be grateful to Dr. Williams' Pink Pills. I was suffering from nervous breakdown, and my condition gave alarm to both my friends and myself. I suffered almost continously from nervous headaches, my appetite was poor, I hardly got any sleep, and in every way I was badly rundown. A friend advised me to try Dr. Williams' Pink Pills, and after I had taken them for a while there was a noticeable improvement in my condition. I continued using the pills until I had taken twelve boxes, when every sympiom of the trouble was gone, and I have since enjoyed the best of health."

You can get Dr. Williams' Pink Pills through any dealer in medicine or by mail at 50 cents a box or six boxes for $2.50 from The Dr. Williams' Medicine Co., Brockville, Ont.

The chief supply of the blue turquoise is drawn from the peninsula of Sinai, the great mining district of the ancient Egyptians.

Worms are encouraged by morbid conditions of the stomach and bowels, and so subsist. Miller's Worm Powders will alter these conditions almost immediately and will sweep the worms away. No destructive parasite can live in contact with this medicine, which is not only a worm destroyer, but a health-giving medicine most beneficial to the young constitution.

The region about the Dead Sea is one of the hottest places on the globe, and the sea loses many tons of water a day by evaporation.

HOW'S THIS?

HALL'S CATARRH MEDICINE will do what we claim for it—rid your system of Catarrh or Deafness caused by catarrh. We do not recommend it for any other disease.

HALL'S CATARRH MEDICINE is a liquid, taken internally, and acts through the blood upon the mucous surfaces of the system, thus reducing the inflammation and assisting Nature in restoring normal conditions.

All Druggists. Circulars free.
F. J. Cheney & Co., Toledo, Ohio.

Alberta Agricultural Production

The estimated value of agricultural and livestock products produced in Alberta in 1921 was $137,455,706. Of this sum grains, fodders and vegetables accounted for $82,795,290; animals slaughtered and sold $17,290,116; dairy products, $25,500,000; wool $300,000; game furs, etc., $1,500,000; poultry and poultry products, $8,470,000; and horticultural products and garden stuff, $1,600,000.

Constipation Is Relieved

Prompt—Permanent—Relief

CARTER'S LITTLE LIVER PILLS rarely fail. Purely vegetable — act surely but gently on the liver.

Relieve after dinner distress — relieve indigestion; improve the complexion—brighten the eyes.

CARTER'S LITTLE LIVER PILLS

Small Pill—Small Dose—Small Price

Canadian National Excursions

Plan Your Summer Trip Via the National Route.

The Canadian National Railways announce their summer excursion rates to the Pacific Coast and to Eastern Canada. The Pacific Coast trip through the Canadian Rockies, includes choice of route on land and sea, going or returning. A magnificent 750 mile voyage between Prince Rupert, Vancouver, Victoria and Seattle may be taken. The trip to Eastern Canada includes all rail and lake and rail, with choice of routes. See Toronto, Quaint Quebec, the Thousand Islands, and the magnificent Niagara Falls. Sail down the St. Lawrence.

The Canadian National trains cross the Rockies at the lowest altitude, the easiest gradients, and in view of Canada's highest peaks. Break your journey and stay at Jasper Park Lodge, Lac Beauvert, Jasper, Alta. The lodge is open from June 15th to Sept. 15th. It is modern in every respect, has a dancing pavilion, and commands a wonderful view of all the prominent mountain peaks. On your trip to the East, have your travel plans include a few days at "Minaki Inn," 115 miles east of Winnipeg. Decide now to take a holiday. You owe it to yourself and family. Get suggestions and full information as to fares, reservations, train service, etc., from any Canadian National Agent. Ask for free tourist booklets.

Nervous Breakdown
COULDN'T SLEEP NIGHTS

To those on the verge of a nervous breakdown the following symptoms present themselves; nervous headaches, a feeling of depression, fitful, disturbed, restless and unrefreshing sleep, often troubled with frightful dreams, avoidance of crowded places, dread of being alone, horror of society, etc.

When the nerves become affected in this way the heart generally becomes affected too, and on the first signs of any weakness of the heart or nerves, flagging energy or physical breakdown do not wait until your case becomes hopeless, but get a remedy that will at once quieten the nerves, strengthen the heart and build up the entire system.

This you will find in

MILBURN'S
HEART AND NERVE PILLS

Mrs. M. Damgand, Young's Cove Road, N.B., writes:—"I was bothered very much with my heart and nerves; had nervous headaches and dizziness, could not sleep at nights, and my appetite was all gone. I was on a nervous breakdown when a neighbor told me to try Milburn's Heart and Nerve Pills. This I did, and before I had the second box used I was better and would advise anyone who has nerve trouble to take them."

Price, 50c a box at all dealers, or mailed direct on receipt of price by The T. Milburn Co., Limited, Toronto, Ont.

Farmer Premiers

Five of the Provincial Premiers Are Farmers by Occupation

When the Premier of Manitoba makes the point that he is a farmer he calls attention to the fact that farmer premiers are quite common in Canada. Leaders of the Ontario and Alberta Governments are farmers both politically and by occupation. The Premiers of Manitoba and British Columbia are Liberals in politics and farmers by occupation. The Premier of Saskatchewan is a farmer in politics and is down in the Parliamentary Guide as a farmer by occupation. This accounts for five of the nine provincial premiers. Three of the others are lawyers, and the fourth a merchant.—Vancouver Province.

Requisite on the Farm.—Every farmer and stock-raiser should keep a supply of Dr. Thomas' Eclectric Oil on hand, not only as a ready remedy for ills in the family, but because it is a horse and cattle medicine of great potency. As a substitute for sweet oil for horses and cattle affected by colic it far surpasses anything that can be administered.

Growth of Canadian Industry

Illustrating the growth of the manufacturing industry in Canada, J. S. McKinnon, president of the Canadian Manufacturers' Association, stated that Canada's exports of manufactured goods represented in value $47 per head of population, whilst the export of United States manufactured goods represented $50 per head of population.

Mrs. Edmonds Makes Gain Of Fifteen Pounds

"I Honestly Believe Tanlac Saved Her Life," Declares Husband In Remarkable Statement Praising Master Medicine.

"The way Tanlac has restored my wife's health and built her up makes me one of the happiest men in Canada," said Wm. A. Edmonds, 398 King Edward St., Winnipeg.

"Two years ago her health began failing and she suffered terribly from indigestion, gas on the stomach and heart palpitation. Her head and back pained her continually and she had nervous spells when she would shake like a leaf. Finally her strength left her entirely and she was confined to her bed for one solid year.

"Everything possible was done for her and almost as a last resort, I had her try Tanlac. After taking it awhile she began to improve, and today her health is fully restored. She is not only in splendid health, but she has gained fifteen pounds in weight. I honestly believe Tanlac saved her life, and I am more than grateful."

Tanlac is sold by all good druggists.

Wishes Lloyd George Success

Failure Means War for Europe Says Gen. Smuts

Lieut.-Gen. Jan C. Smuts, Premier of the Union of South Africa, in a statement to the Cape Times on the subject of the Genoa conference said he prayed for victory for Lloyd George, for if all that resulted from the conference was the Russo-German treaty and the division of Europe into two armed camps, Europe would irrevocably split and Genoa would become a new and fatal milestone in European policy.

General Smuts said that if the faith of France and Russia in militarism prevails against the desire of Britain, former neutrals and many late enemies for disarmament, then the policy for disarmament, which Britain is adopting on land and sea, would yet prove a fatal blunder and it were far better for Britain to face realities at once and arm in her turn.

Unless Lloyd George could succeed in modifying the militarist policy of Poincare and Chitcharin, disarmament must disappear throughout Europe." Armaggedon would become the only goal of western civilization.

CORNS

Lift Off with Fingers

Doesn't hurt a bit! Drop a little "Freezone" on an aching corn, instantly that corn stops hurting, then shortly you lift it right off with fingers. Truly!

Your druggist sells a tiny bottle of "Freezone" for a few cents, sufficient to remove every hard corn, soft corn, or corn between the toes and the calluses, without soreness or irritation.

Chinese Guarded Silk Secret

For centuries after its first discovery China carefully preserved the secret of silk culture, and amassed great wealth by exporting it to India, Persia and Arabia.

Night and Morning. Have Clean, Healthy Eyes. If they Tire, Itch, Smart or Burn, if Sore, Irritated, Inflamed or Granulated, use Murine often. Soothes, Refreshes. Safe for Infant or Adult. At all Druggists and Opticians. Write for Free Eye Book. Murine Eye Remedy Co., Chicago

Lord Northcliffe Says Embargo On Cattle An Insult To Canada

London.—Declaring that he was very glad that he declined to become a member of the Coalition Government of Great Britain, if only because he would not want to be "one of those who helped to begin the end of the British Empire by losing the prairie provinces of Canada," Lord Northcliffe devoted the greater part of an address at a luncheon of the Empire Press Union to condemning the "great slur we place upon the people of Canada" by the embargo on the importation of Canadian store cattle. Lord Northcliffe is honorary-treasurer of the Empire Press Union.

Lord Northcliffe said:

"We are not watching Canada closely enough, especially as to what is happening in the prairie provinces. One of the cleverest men I ever met, Lord Shaughnessy, said to me 20 years ago: 'I wonder if I am right in thinking that the future of the empire is largely wrapped up in what happens in Alberta and Saskatchewan.'"

Continuing, Lord Northcliffe said: "I don't blame the British people for not giving attention to Canadian affairs. If I were issuing papers in New York—which God forbid—I should not give much attention to affairs in Australia or New Zealand, but should concentrate, as the American papers now very largely do, on the more interesting foreign affairs of the moment. Englishmen often very frankly say they are bored with this matter of the great slur we place upon the people of Canada by reason of the embargo on their cattle. One or two public men, Lord Beaverbrook in particular, have realized this problem. I have not his knowledge of Canada, though I certainly share his admiration for Canada.

"Canadians are not a very noisy people. We did not hear much about them going into the war, but they went in, and when there, they did great things. They are not talking very much about the embargo, except in the prairie provinces, which are far removed from Montreal and other great news centres.

"I assure you that while you can say to Canadians: 'You shall not enter our house,' you cannot say to them 'you shall not enter because you have a loathsome disease.' I have talked about this repeatedly with English stock breeders. It is purely a question of protection. Formerly it was a concession to the Irish, but it is no longer an Irish question at all. This thing affects the reputation of every Canadian farmer."

English Second Official Language

London.—The assembly of the international institute of agriculture has decided to adopt English as the second official language for the institute's bulletin, says Reuter's Rome correspondent. Crop reports will be distributed by telegraph to the various countries that are members of the institute.

Peace Negotiations Fail

Dublin.—The peace committee of the Dail Eireann, which has been making efforts to find a ground upon which the factions in Ireland could unite, has failed to reach a basis for a settlement it has been announced.

Floods Cause Immense Damage

Assiniboine River Overflows Banks and Ruins Crops

Winnipeg.—Heavy rains have contributed to a further rise of the Assiniboine River and protecting dykes along its banks have been swept away and the water is now creeping over thousands of seeded acres hitherto out of danger.

A fleet of flat boats has been put into operation in the Poplar Point area, and farmers are paddling to and fro from town releasing many persons who had been marooned in the upper stories of their homes. Four thousand acres of seeded land is now under water there. Farmers in many districts are driving their cattle to the bush and removing their valuables to safe spots in the hills.

For a 12-mile strip, three miles wide, the river has overflowed its banks at Iberville. Huterites, living in this district, are leaving their homes and seeking shelter in the highlands near Marquette. With the help of nearby farmers they have driven their cattle to the hills. The prospective crop estimated at $800,000 has been washed away. 40 sections of seeded land being inundated.

Bringing Big Sugar Shipment to Canada

Cargo of 6,600 Tons Largest Ever Shipped from Jamaica

Kingston, Jamaica.—The Canadian Pacific steamer Montezuma sailed for Montreal with 6,600 tons of sugar, the largest cargo of sugar ever shipped from this island. To date Canada has purchased over 75 per cent. of the sugar crop of Jamaica.

About a year ago Canada extended to Jamaica a customs preference similar to that granted to other portions of the British West Indies some years ago. During the first nine months of the Canadian preference, imports of Jamaica coffee and cocoa trebled, grapefruit quadrupled, spices, hides and skins doubled, while vegetable oils increased fourteen fold and raw sugar went up 4,000,000 pounds. About six weeks ago the Jamaica Legislature ratified a measure granting a customs preference on Canadian products, but the preference in most cases is only five per cent.

For Peace of Europe

Closing the Ranks Against Tyranny of Brute Force, Says Lloyd George

London.—Premier Lloyd George has sent the following telegram to the Congregational Union of England and Wales, in response to the Union's message to him assuring him of the organization's sympathy and support in his efforts to secure the peace of Europe.

"The humanitarian forces of the world are closing their ranks in the new cruasde against the tyranny of brute force. Genoa has sounded the tocsin of peace. We shall not rest until we have won."

VIOLENT STORM IN EASTERN MANITOBA

CYCLONIC WIND CAUSES GREAT DAMAGE TO DISTRICT EAST OF WINNIPEG

Winnipeg.—Striking Manitoba at a point near Ginot, about 30 miles east of Winnipeg, a cyclone swept farm barns from their foundations, wrecked a number of houses, blew down transmission towers of the Winnipeg Electric Company and the city hydro system, causing Winnipeg to be entirely without electric power for two hours; took down telegraph wires on both the Canadian Pacific and Canadian National systems, isolating the city from Eastern Canada by telegraphic communication for several hours and caused damage generally which will run into many thousands of dollars.

Reports state that several persons had been injured, but no fatalities were caused so far as could be ascertained.

Regina Coat of Arms Presented to Liner

City Appreciates Selection of Name for New Steamship

Montreal.—Mayor James Grassick, of Regina, presented the White Star Dominion liner Regina with a replica of the city's coat of arms at a luncheon aboard the new passenger liner. Nearly three hundred agents and friends of the company were entertained.

P. G. Ward, representing Premier C. A. Dunning of Saskatchewan, and C. A. Cook, manager and secretary of the Regina Board of Trade, were also present, and together with the mayor voiced the city's appreciation of the selection of her name for the new vessel.

Increase in Food Prices

Washington.—An upward trend in the retail cost of food was noted in statistics made public by the Bureau of Labor Statistics of the Department of Labor. Reports from 15 cities showed increases from March 15 to April 15, ranging up to three per cent, while only four reported decreases and only one of these, Fall River, with two per cent., showing more than one-half of one per cent. decline.

Will Accompany "Better Bull" Train

Moose Jaw.—Edward Evans, manager of the Southern Saskatchewan Stockyards, has been requested by Hon. C. M. Hamilton, Minister of Agriculture, to accompany the "better bull" train which will commence a tour of the province from Moose Jaw on May 29.

Fill Vacancy in Supreme Court

Ottawa.—It was announced by the department of Justice that David A. MacDonald, K.C., of Vancouver, has been appointed to be a Judge of the Supreme Court of British Columbia. The appointment fills the vacancy caused by the death of Mr. Justice Clement.

Spend your money at home, thereby helping your own town and local merchants.

Britain Still Hopes That Peace In Ireland May Be Restored

Vancouver Wants Drydock

Essential to City's Progress Opinion of Board of Trade

Vancouver.—As the result of action taken at a special meeting of the Board of Trade here, at which it was the unanimous opinion that a drydock for Vancouver is essential to the future progress of the city, a telegram was sent to the Government at Ottawa by President R. Kerr Houlgate, urging the Federal authorities to continue the subsidy to the drydock here as arranged for by the late Government, so that the work of construction can be proceeded with.

Prime Minister Mackenzie King is also being informed that the board is arranging a mass meeting of all the municipalities and organizations in the lower mainland of the province to discuss plans for further efforts toward securing a drydock for this port.

Will Surmount Difficulties

King Assures Belgium of British Empire's Sympathy

Brussels.—King Albert gave a banquet in the palace to King George and Queen Mary. In toasting his royal visitors, King Albert said Belgium still was suffering from the destruction and the economic troubles caused by the war. The king added that Belgium needs at the same time, reparations, peace, work and security, a complex necessity which had determined the policy Belgium had resolved to pursue in full agreement with her allies.

Replying, King George said if there was one thing certain in the uncertain epoch which the world was passing, it was that the difficulties of Belgium could rapidly be surmounted, thanks to the wisdom of Belgian statesmen and the indomitable vitality of the Belgian people. He added that in her progress towards the great future ahead of her Belgium always would have the sympathy of the British Empire, which fought beside her in the war.

Krupps Entitled to Royalties

Washington.—The American Government finds itself under the revived patent treaty with Germany faced with the necessity of paying royalties which may reach $5,000,000 to the Krupps firm on patents based on discoveries of American engineers, Thomas W. Miller, alien property custodian, declared.

Will Not Fight Unless Compelled

Tien Tsin.—Chang Tso Lin, the defeated Manchurian General, is reported to have fled to Dairen. Observers say his troops have established three lines of trenches this side of Luanchow, on the Mukden railway south of the Great Wall, but will only fight if General Wu Pei-Pu's forces press them too hard.

London.—The Government was again sharply attacked in the House of Commons for failing to protect the three Britisr officers recently kidnapped in Ireland. Austen Chamberlain, the Government leader, replying, repeated that General Sir Nevil Macready, the British commander in Ireland, had seen representatives of both parties but they had all assured him they knew nothing about the incident although they were doing their utmost to ascertain the facts of the case.

Mr. Chamberlain admitted that a grave issue was before the House—whether the Government should decide that the experiment in Ireland had been tried long enough and whether the Government, acting under a sense of horror at certain murders should declare the treaty at an end and step in and assume once more the duty of preserving law and order throughout Ireland. He had thought deeply about these outrages but begged parliament to think of the larger issue, and even amid the pain and anguish of these incidents keep their eyes fixed on the great result which might yet be obtained and which would mean accession of unity and strength to the empire.

Mr. Chamberlain appealed earnestly for a continuance of the experiment. He believed that the power and influence of the provisional government were increasing and that, given a little time, the provisional government would secure a mandate from the Irish people and establish its authority throughout the 26 counties.

"For heaven's sake," Mr. Chamberlain continued, "after the bitter experience of the past, let us give the provisional government a chance. We shall not save the lives of loyal subjects in Ireland by resuming what must be civil war that could only end in subjection, not in reconciliation."

The motion for adjournment on which the debate was raised, was defeated 258 to 64.

King George Eulogises Heroism of Nurse

Deposits Wreath on Spot Where Edith Cavell Was Executed

Brussels.—The heroism and self-sacrifice of Edith Cavell were extolled by King George of Great Britain who with Queen Mary is here for a state visit to King Albert and Queen Elizabeth of Belgium. The British King laid a wreath of entwined Belgium, French and British flags upon the spot where the British nurse, a large number of Frenchmen, and three Belgians, were executed during the war by the Germans.

As he deposited the wreath, King George said Miss Cavell left the world an imperishable legacy of courage and devotion which had a counterpart in the martyrdom of Joan of Arc.

Treat Your Liver Fairly

Help your liver act right

A disordered liver throws the whole system wrong and affects the health generally. Beecham's Pills act directly on the liver, cleanse and strengthen the stomach, regulate the bowels, remove all impurities from the system, and make you fit and well. BAYER

ASPIRIN

WARNING! Say "Bayer" when you buy Aspirin.

Unless you see the name "Bayer" on tablets, you are not getting Aspirin at all. Why take chances?

Accept only an "unbroken package" of "Bayer Tablets of Aspirin," which contains directions and dose worked out by physicians during 22 years and proved safe by millions for

Colds	Headache	Rheumatism
Toothache	Neuralgia	Neuritis
Earache	Lumbago	Pain, Pain

Handy "Bayer" boxes of 12 tablets—Also bottles of 24 and 100—Druggists

Aspirin is the trade mark (registered in Canada) of Bayer Manufacture of Monoaceticacidester of Salicylicacid. While it is well known that Aspirin means Bayer manufacture, to assist the public against imitations, the Tablets of Bayer Company will be stamped with their general trade mark, the "Bayer Cross."

WATER NOTICE
USE AND STORAGE

Take notice that Canyon City Lumber Company, Limited, whose address is Creston, B.C., will apply for a license to take and use of Ten (10) acre feet, and to store Ten (10) acre feet of water out of North Branch of Floyd Creek, which flows south and drains into Goat River about one mile from dam. The storage dam will be located at the Company's mill on Lots 209 and 210 of Lot 812. The capacity of the reservoir is about Three (3) acre feet, and it will flood about three-quarters acres of land. The water will be dammed in the stream at the Company's mill, and will be used for mill pond steam and domestic purposes upon the millsite, described es Lots 209 and 210, D.L. 812, G.1., K.D.

This notice was posted on the the ground on the 17th day of May, 1922. A copy of this notice and an application pursuant thereto and to the Water Act, 1914, will be filed in the office of the Water Recorder at Nelson, B.C. Objection to the application may be filed with the said Water Recorder, or with the Comptroller of Water Rights, Parliament Buildings, Victoria, B.C., within thirty days after the first appearance of this notice in a local newspaper.

CANYON CITY LUMBER COMPANY, LTD., Applicant.
By CHAS. O. RODGERS, Agent.

The date of the first publication of this notice is May 19, 1922.

WATER NOTICE
DIVERSION AND USE

Take notice that Charles Orin Rodgers, whose address is Creston, B.C., will apply for a license to take and use 50 acre feet and 500 gallons daily of water out of Hall Creek, which flows south-westerly and drains into Rykert Creek, about one and a half miles.

The water will be diverted from the stream at a point on No. 1 branch, about 1235 feet north-westerly from the N.E. corner of Lot 662, also about 900 feet due south of N.E. corner of Lot 662 on No. 2 branch. Also on No. 3 branch at a poiut 200 feet due east of east boundary of Lot 662, said point being about 1646 feet due south of N.E. corner of said Lot 662, and will be used for irrigation and domestic purposes upon the land described as Lot 662, G1, Kooronay District.

This notice was posted on the geound on the 8th day of May, 1922. A copy of this notice and and an application pursuant thereto and to the "Water Act, 1914," will be filed in the offie of Water Recorder Recorder at Nelson. Objections to the application may be filed with the said Water Recorder or with the Comptroller of Water Rights, Parliament Buildings, Victoria, B.C. within thirty days after the first appearance of this notice in a local newspaper.

CHAS. O. RODGERS, Applicant.

Date of the first publication of this notice is May 12, 1922.

WATER NOTICE
DIVERSION AND USE

Take notice that Charler Orin Rodgers, whose address is Creston, B.C., will apply for a license to take and use 500 gallons daily of water out of unnamed spring or pond the overflow of which flows westerly and drains into north-westerly portion of Section 9, about half mile north-westerly.

This water will be diverted from the stream at a point about 600 feet east of the S.W. corner of the northerly 60 acres of the N.W. quarter of Section 9, and will be used for domestic purposes upon the land described as northerly 60 acres of N.W. quarter Sec. 9, G 1, Kootenay District.

This notice was first posted on the ground on the 8th day of May, 1922. A copy of this notice and an application pursuant thereto and to the "Water Act, 1914," will be filed in the office of the Water Recorder at Nelson. Objections to the application may be filed with the said Water Recorder or with the Comptroller of Water Rights, Parliament Buildings, Victoria, B.C., within thirty days after the first appearance of this notice in a local newspaper.

CRESTON, B.C., FRIDAY, MAY 26

School Scholars May Help

Those in charge of the soldiers' memorial appreciate the thoughtfulness of the Red Cross ladies in turning over $50 of their benefit concert surplus for the purchase of one of the four bronze wreaths that will adorn the top of the memorial pillar.

Still more appreciated is the $53 received last week from Sirdar for the same purpose. The latter contribution is a notable one in that Miss McMasters, the teacher, and her scholars—very many of whom are Italian—went at the canvass for funds so wholeheartedly that there was no resisting them in their effort, as is strikingly ihdicated in the children's and citizens splennid spot cash contribution.

There are still two more wreaths to be taken care of and it is hoped that the excellent example set by Sirdar school will be copied by a couple of the other seats of learning in the Valley.

In about a month school will be closing for the long summer holiday. Why not have the closing exercises include a concert, the proceeds of which to go toward the purchase of a wreath.

The youngsters can be relied upon to do their part in this connection, and will see to it that the parents turn out to see their performance with the stipulated admission fee. Won't some of the teachers please oblige? Thank you.

A Week's Holiday at Home

The best and wisest of men in all ages have always maintained that it is a good thing to stop once in awhile and size things up, and for the rancher what time could be more opportune than in between the completion of the planting season and the start (for many) of the harvest.

That pleasure may be combined with the business side of this stock-taking what more auspicious occasion could be chosen than Chautauqua wrek—which opens in Creston on June 15th.

With programmes afternoon and night the morning is always available for the daily round of common tasks that must be attenped to, but for the rest of the day and evening why not let dull care begone.

For the person who would enjoy an inexpensive but highly entertaining holiday Chautauqua has everything to offer, and at a price easily within reach. All work, and no play, makes us all dull, indeed.

You'll feel a whole lot better for makihg Chautauqua week your midsummer vacation—and have just as much money to bequeath your heirs and assigns when you come to shuffle off this mortal coil.

Put a brick on six dollars for tickets for yourself and better half, as well as on a dollar for each of the youngsters, and buy early when the season ticket sale opens.

Cemetery Beautification

Chairman Bennett of the Board of Trade's cemetery beautification committee has just finished send ing out circular letters to many of the plot owners in the burying ground, soliciting their financial support toward the cemetery beautifying project.

That there will be a satisfactory response there seems no reason to doubt, but what is desired that those who are willing to contribute should do so immediately.

SPECIALS FOR THIS WEEK

We have three only LINOLEUM RUGS, sizes 6 x 9 feet. We offer these at a very special price... **$8.95**

Also one only Rug, 4 1-2 x 7 1-2 feet at.....$3.95

Mattresses

Single Mattresses, 3 x 6 ft., at.....$ 8.75
One only 3½ x 6 ft., slightly damaged but can be easily repaired going at..... 9.25
These are on display in the window.

Pillows

Another special we are offering is Pillows, in nice quality of fancy ticking, 16 x 26 in., special at $1.00 each.

A better grade, 16 x 25 inches, at each.....$1.25

--Shoes Many people took advantage of our special prices on these last week. Some families took as many as five pairs. These sale prices still hold good for this week, with other lines added at clearing prices.

CRESTON MERCANTILE COMPANY
LIMITED

There is considerable stumping and burning to be done in connection with the work, and this should be got at before the real dry season sets in.

In addition to contributing toward the cost the attention of some of the plot owners is respectfully called to the need of their devoting some personal effort in the matter of tidying up the plots in which they are interested, so that when the general plan of beautification is completed the cemetery throughout will present a uniformly attractive appearance.

The work to be undertaken has been endorsed by the cemetery company, and the Review has no hesitation in saying that when it is completed the burying ground will present the best possible appearance, but if the work thus accomplished is not to be, in some measure, lost it will be needful for those owning plots to co-operate with the cemetery company officials in seeing to it that the right sort of caretaking is done in the future.

Chautauqua Has Finest Lectures

For the 1922 Chautauqua, which opens at Creston on June 15th, the same excellent care has been exercised in securing talented lecturers on a variety of subjects, as is manifest in the choice of musical talent.

For the opening day evening the subject will be "Re-creation Through Recreation," with Capt. "Dinny" Upton handling this very important topic—a man with an international reputation on recreation. He has lectured in Australia, New Zealand, United States, and is to tour Canada for the second time. Thousands of kiddies in the land where he has delivered his message know him as the champion of their cause. It will do the old folks as much good as the young folks, to hear him, for, after all, we need to know how to play and how to relax.

On the second night of the Chautauqua, Herbert Leon Cope, "the kill-the-blues-philosopher" will give his famous lecture, "Family Remedies." During these times of hardship and disappointment, it does one good to hear a lecturer who presents to you joyous sdie of life. Last year Herbert Leon Cope appeared on the Ottawa Chautauqua and the papers were unanimous in saying that he was the greatest humorist that has ever visited Ottawa.

In the afternoon of the third day will appear a distinguished English statesman, Alexander Thompson, who will lecture on the subject, "Present Day Problems of Self Government in the British Empire." We Britishers are interested in knowing what the problems of the Empire are. We are, indeed, fortunate to have Mr. Thomson come to us and bring this message first hand.

The fourth day of the Chautauqua will be one that will long be remembered by those who enjoy good lectures and clean entertainment. In the afternoon, William H. Stout, will give his famous lecture known as "Seeing Life Whole". Mr. Stout was President of the International Lecturers' Associations for a period of two years. His own library is one of the largest in the world and he is said to be an intellectual giant. Morris G. Hindus will appear in the evening and lecture on "Storm Tossed Russia." Too much cannot be said about the splendid message that this man delivers. He is a native of Russia, a graduate of Harvard and a man who has written a number of books that are found in the best libraries everywhere. We are interested in knowing just what is the trouble with Russia and what is needed to bring about a condition in Russia that will lead to peace and harmony.

The fifth dav will be Play Day. There will be no program in the afternoon. In the evening, the Metropolitan Players will present the famous English comedy, "Mrs. Temple's Telegram". Many of us have heard of this play that was produced at the Oxford Theatre, London, England, and had a year's run there. It is said to be a clean wholesome delightful program.

The closing day of the Chautauqua will be one that will be long remembered by both the grown ups and the children. In the afternoon, Chief Strongheart, dressed in his chieftain regalia, will give his great message "From Peace Pipe to War Trail and Back Again". Chief Strongheart has lectured for many years on the Chautauqua platform, having spoken to audiences of thousands of people. Is the Indian happy? What are his problems and how has he been treated these will be questions that will be answered by Chief Strongheart in his entertaining way. The closing night of the Chautauqua will be given over to one of the world's greatest magicians and his assistant. From the time that Davis, the Master Magician, steps upon the platform until the close, he holds the attention of both young and old.

Local and Personal

Mr. Repsomer is confined to the house at present with a couple of badly fractured ribs, which he sustained on Saturday when he fell off the new Goat River bridge, landing on the side of a plank he was carrying at the time.

A. E. French of the Exchange billiard parlor, was at Cranbrook the fore part of the week, consulting Dr. Green. His health has been none too robust of late, and he will probably have to take an enforced holiday to recuperate.

In the absence of Mrs. Staples, Mesdames McLeod and Fred Smith took charge of the tea under Methodist Ladies' Aid auspices at the Staples home on Saturday afternoon. The affair was well attended, the intake being almost $7.

Those who appreciate a good comedy should see "Mr. Pim Passes By" at the Grand to-morrow night. The Players' Club who present it appear under the auspices of the Women's Institute, and reserved seats are at the popular price of 75 cents.

Owing to similar attractions at Canyon and Wynndel, as well as some of the town crowd being at Cranbrook for the day's celebration, the attendance at the orchestra dance in the Grand Theatre ballroom on Victoria Day night was on the small side.

The hot weather that prevailed most all last week set the Goat River on a rampage with the result that the flats flooded and it was necessary to remove the cattle to the hills on Sunday. This week cooler climatic conditions have prevailed and the flood waters are receding.

For this year's Chautauqua the committee in charge have been successful in securing the spacious grounds next the Imperial Bank from R. Lamont. No better location could possibly be had, and the Chautauqua guarantors certainly appreciate Mr. Lamont's kindness in letting them have the use of the field.

R. R. Piper of Cranbrook, and well known here, went through on Sunday en route for Nelson where he will spend the next few months as accountant for the firm of contractors putting in the Ymir Road. He had one arm in a sling—the member being broken when the engine in the Ford car he was cranking back fired, breaking the arm above the wrist.

T. Barrigan, the tinsmith, had the bad luck to sustain a broken kneecap on Wednesday night. It appears that in his efforts to speed up the move-on of some youngsters who were kicking up a racket near his house he made a race after them and in going down the grade at the rear of the house he fell, sustaining an injury that will keep him off work tor at least a month.

J. W. Smith of the provincial lands department, Victoria, is on official visit here at present. He is making an appraisal of all the K.V. lands that have gone back to the government, as well as the land embraced in part of the Davis-Sayward limit, which was subdivided last summer, and it is likely all these lands will be offered for sale by auction before the end of the year.

The Bevan garage has just made a decided improvement in its service to patrons by extending its free air and placing a gasoline pump at the street, so that there is now no occasion to run cars into the garage for this service. At the top of the gasoline tank a 50 watt electric lamp is placed which helps materially any autoist who wants to look his car over, as it sheds and abundance of light.

At the May meeting of the school board on Monday night the resignations of vice-principal Pearce and Miss Davidson, teacher of Division III. were presented the trustees, effective at the end of the term. The board have written the department at Victoria asking that the inspector make an investigation of the school situation with a view to next term having a two-room high school at Creston.

The Ladies Guild of Christ Church had a splendid turnout for their Quaker Village Fair in the Parish Hall on Wednesday afternoon. The event included the usual sale of cooking, candy and home produce, and in addition light refreshments were served. There was a target tree for the youngsters and fortune telling by a professional palmist was quite a popular attraction. Socially the after was very much enjoyed financially the fair was a pronounced suacess the cash intake being in the n ighborhood of $100.

West Creston

Jack Stephens of Tacoma arrived back a few days ago, and is very busy at present with stumping operations on the Stephens Bros. Ranch.

The house on the Reclamation Farm is again unoccupied, Mr. and Mrs. Blair having moved back to Canyon City about the middle of the month.

Mr. Bliss of Creston was here several days last week looking after ploughing operations on the French place. Mr. Bliss has since disposed of his team and proposes spending the next six months in Alberta.

Flood waters with an accumulation of driftwood is giving ferryman Lockhead considerable cable trouble these days, but with a decided mechanical turn to him Jimmy is giving a splendid service despite any and all drawbacks.

The Geo. Seymour place has been leased for the season by J. W. Pendry, who will work it along with the Logan ranch, on which he is residing.

J. W. Smith of Victoria, an inspector for the provincial department of lands, was here on an official visit, Thursday.

Angus Currie, who recently purchased ten acres of the former Seymour ranch, is busy with clearing operations, and is gardening quite an area of it this season.

Residents of West Creston, who require permits for burning, can get these from F. K. Hurry, who has been appointed honorary fire patrol for the area across the Kootenay.

West Creston district has had more land seekers looking it over this year than ever before, and most of them seem quite well pleased with this side of the river, and were better transportation available would probably buy land. What is particularly wanted is a good travellable road from the cedar bridge to Johnston's point. This bit of new highway would be of greater benefit to moretaxpayers than any other road that can be built, as well as giving access to much government land.

Wynndel

H. Rosindale left on Thursday last for Cranbrook, where he is to undergo a rather serious operation. He was accompanied by Mrs. Rosindale.

Dave Sutcliffe of Riondel, who was running the M. Wigen boarding house last summer, was here for a few days looking up old acquaintances, and also to take home his saddle horse, returning via Kuskanook.

E. F. Post, who has a position as assistant C.P.R. fire warden at Cranbrook, spent the week-end here, returning on Monday.

A. H. Piggott spent the week end at his home here, returning to Cranbrook on Monday.

A large irrigation tank has just been completed on the A. H. Piggott ranch. It is 14 x 16 feet, and has a capacity of 20,000 gallons. T. W. Davies had the contract of building it.

The United Farmers and Sunday school held a large picnic on Victoria Day, May 24th, at which nearly everyone in Duck Creek was to be seen. The site originally chosen was on the flats, but owing to the very fast rise in the water this was out of the question, and so the holidaymakers travelled to a spot near the Homeseekers' mill, where a most enjoyable day was spent. A dance was held in the Clubhouse in the evening, rounding out the day in good style, the crowd present filling the floor to capacity.

Canyon City

Fred Browell is a somewhat permanent resident at Erickson at present, where he is in charge of the engine at the good roads rock crushing operations.

As a turkey farmer Tom Hickey is certainly making a name for himself. Out of settings of 36 eggs he claims a hatch of 35 turkeys.

Wm. Nouguier, who lately arrived here from Macleod, Alta., on Thursday closed the deal of the R. Chambers ranch at a price of about $500 per acre—the buying including most everything on the place except household effects.

Announcement is now made that the annual school picnic will be held at the Whimster place on Saturday afternoon, June 3rd, and it is expected that the grownups will be out in full force and make the affair a real community outing.

While returning to Lister on Sunday evening the horse driven by Wm. Hurl ran away while going down the the school hill. Mrs. Hurl and children were thrown out and rather badly shaken up, while the rig was badly wrecked.

The United Farmers have decided to give prizes totalling $10 at this year's Valley fall fair. $2.50 of this will be awarded in the ladies' work, $2.50 will go for the best box apples, and a first of $3 and second of $2 will be for the best four plates of apples show by a Canyon City exhibitor.

The United Farmers' meeting on Saturday night was largely taken up with routine business of a general character. There is nothing definite to report as to the Canyon postoffice, but the undertaking is progressing favorably.

Mrs. Pepperdine arrived from Calgary, Alta., this week on a visit to her daughter, Mrs. Bateman, and Mr. Pepperdine will be along a little later for his annual holiday at the ranch.

The Methodist congregational meeting last week decided that they would continue to worship in the present building until fall, at which time it is likely a start will be made on a new and larger church structure.

A Closing Night Feature

"Bob Hampton of Placer," coming to the Grand Theatre on Wednesday next, is said to be Marshall Neilan's most pretentious picture, thousands of people having been used in its production.

In staging this film the producer has taken particular pains with the settings, and has presented the exteriors amidst the most artistic natural backgrounds that could be found in Montana and Arizona. To get new effects, two ten-ton electric generators and a carload of lighting equipment were shipped to various parts of those states and hauled to mountain passes, lake shores and deserts. New pictures in night photography are said to have resulted with thousands of soldiers, Indians, horses and buffalo taking part in animated tableaux of original conception.

Wm. Barraclough Dead

Death came suddenly to William Barraclough of Alice Siding late Friday afternoon, being stricken with heart failure while busy at work on his ranch. Deceased, who was in his fifty-ninth year, was a native of Yorkshire, England, migrated to Canada with his wife and young family about 1900 and for upward of a dozen years was a resident of Calgary, Alberta, from which city he moved to his present ranch location about eight years ago. The funeral took place on Sunday afternoon, the body being taken to Christ Church where service was held, and the remains interred in Creston cemetery. Rev. H. Varley conducting the last sad rites, with Messrs. Robson, Ostrenski, Webster, Crawford, Cherrington and Simister officiating as pallbearers, and a large turnout of friends and acquaintances to pay their last respects. In addition to the widow three daughters survive, Mrs. Foster and Mrs. Treyelyan of Creston and Miss Mary of Calgary; along with two sons, Will of Fernie, and John, at home, all of whom were present at the funeral except Will, who was married at Nanaimo earlier in the week, and whom it was impossible to locate in time. Besides a splendid reputation he enjoyed as a thorough horticulturist) the late Mr. Barraclough's outstanding characteristic was his joviality and general likablness of character. He will be missed by a host of friends particularly in Creston and Alice Siding, and these join in extending deepest sympathy to the widow and family.

Nelson will this year adopt daylight saving, but Kaslo has decided to have nothing to do with the innovation for 1922 at least.

Rossland and Trail citizens may unite in the securing of grounds for golf, tennis and general country club purposes, and purchase a site located midway between the two places.

Stops Bronchitis Quickly, Helps Irritable Throat, Ends Sneezing, Coughing

Relief comes at once when you breathe in the soothing vapor of Catarrhozone. Once its healing, piney essences strike the bronchial tubes, you realize that a powerful treatment is at work. Irritation can't live in the throat of a person inhaling Catarrhozon. It is so soothing, so warming, so full of concentrated healing power that you get results at once. Catarrhozone strengthens the weak throat, stops the cough, removes that hacking irritating necessity to clear the throat, makes even the chronic sufferer realize that at last he has discovered a real friend. For coughs, colds, catarrh and winter ills, nothing in the family could be better than the complete dollar outfit. Small size 50c, trial size 25c, all dealers or the Catarrhozone Co., Montreal.

MY CANADA

III.

Winnipeg.
June 8th, 19—

I have just returned from a shopping expedition taken in company with Mrs. Arnold and Mary. I really needed nothing; but they told me that shopping in Winnipeg is as interesting, as instructive, and almost as expensive as European travel, so of course I went with them.

We went first of all to the Hudson's Bay Stores. Fresh from the reading of Agnes C. Laut's "Lords of the North," I was rather disappointed to see an up-to-date departmental store where I had more than half expected to find a log fort with cannon guarding the gates.

However, Mary, who under a mixture of prosaic common-sense and irresponsible nonsense is blessed (?) with a romantic temperament, tells me that there is an indescribable but unmistakable characteristic atmosphere in all Hudson's Bay Stores, whether they be of the modern or of the pioneer type. This, she explains, is due to the peculiar odour that is found in them all, an odour of smoke-tanned leather, fish, and the home-made tobacco smoked by the Indians and half-breeds.

"You may laugh if you please," she said in response to Mrs. Arnold's unbelieving smile, "but I am sure that I, blindfolded, could pick out a Hudson's Bay Store at a hundred yards! I have been in five, and the same perfume—to be polite—hangs over them all. I like it, but I can imagine that to the uninitiated it might be anything but pleasant."

Probably the damp climate of England has blunted my sense of smell. At any rate, I was not able to reconstruct the old fur-trading days on the strength of it.

From the Hudson's Bay we went to Eaton's—a truly marvellous shop where one can buy anything from a paper of pins to a motor-car. But the most interesting thing I saw was the promised substitute for European travel; this was a party of Galician women, in their native costume, who gathered around a bargain counter on which was displayed "Canadian clothes" of the most violent colours. One smart maiden, who had evidently been in Canada for some time, was acting as guide and interpreter to her country cousins, and I could not but help notice how much nicer the others looked than she. Miss Sophistication wore a very tight skirt, a bright purple blouse with a very low Dutch neck and very short sleeves, and I am sure that her hat was trimmed by a landscape gardener. But I suppose she felt happy in the knowledge that she no longer looked the peasant—and perhaps the next generation will learn to choose clothes to suit their short, squat figures and broad faces.

I know that I am committing a platitude when I speak of Winnipeg as a cosmopolitan city. Perhaps it is better to quote Mary again, and say that the hardest thing to find in Winnipeg is a Canadian.

In addition to the immigrants from the British Isles, one sees on the street various tribes, or clans, or whatever the proper term is, from Russia; French; Germans; Italians in great numbers, who are, according to Mr. Arnold, excellent citizens—no "Black Hand outrages" here; Chinese men and boys; Jewish rabbis in their ceremonial dress; Greek Church dignitaries—everything, in fact, but the painted, be-feathered, and blanket-clad Red Indian, whom I quite expected to meet at every turn. I have not yet seen an Indian.

But I have wandered a long way from Eaton's.

After Mrs. Arnold had finished her shopping, we went up to the lunch-room that is one of the most popular features of the "big store," and there Mr. Arnold met us and we all had luncheon together.

Mr. Arnold had brought with him a young, a very young, Englishman, Mr. Hoyt, and I shall never again be surprised that the English are not always popular in Canada. Mr. Hoyt was with us for an hour, and during that time he never spoke but to criticize Canada, its people, its customs, its climate, its architecture—even the luncheon we were eating! He is only a boy, and he is evidently very homesick, but he might have had the good taste to consider the Arnolds, and to keep his grumbling for the ears of his countrymen. Only once he had the grace to look thoroughly ashamed of himself.

"Canadians!" he had sneered, "there is no such thing as a Canadian, unless one happens to be an Indian. You are all either English or Irish or Scotch or . . ."

"Pardon me, Mr. Hoyt," Mary broke in, "you call yourself English, and yet you told me that your grandparents were German. My grandparents, all four of them, were born in Canada. Why may I not call myself a Canadian?"

Well done, Mary.

I must say that the loyalty of the Canadian-born to Canada came as a surprise to me. We in the Old Land too often look upon the colonies merely as places in which one can make enough money to live upon at home. Canadians, on the other hand, are loyal to the Empire, to the British Constitution—whatever it is—and to the traditions of their forefathers, but what for lack of a better name I shall call their "personal loyalty" belongs to the land of their birth.

Perhaps I can give no better example of this than Mr. Arnold. I was with him a great deal when he was in England, and I am ashamed to say that he knows a great deal more of Britain's history and legend than I do. And yet last week I saw that grey-haired man stand speechless and bare-headed before the little monument that marks the grave of the Winnipeggers who fell in the North-West Rebellion—raw volunteers who by their gallant and fearless conduct won from the enemy the name by which the 90th Regiment is still affectionately known, "The Little Black Devils." I suppose that not one person out of a thousand at home has so much as heard of the North-West Rebellion. I was one of the nine hundred and ninety-nine; but I realize now that Canada has earned her right to a place among the nations—not independent of the Motherland, but in her dependence owning a distinct personality. As Mary quoted to-day,

"A Nation spoke to a Nation,
And a Queen sent word to a Throne,
'Daughter am I in my Mother's house
But mistress in my own.'"

(To be continued)

Headache

Recurring headaches usually come from an exhaustion of the nervous system, and they do not disappear until the vigor of the nerve cells is restored by such upbuilding treatment as Dr. Chase's Nerve Food.

Temporary relief by use of powders is often obtained at an enormous expense to the nervous system and the general health.

Get the nerves right and the headaches will not return.

Mrs. W. J. Pease, Nunn St., Cobourg, Ont., writes:

"My system became run-down and I suffered greatly with pain in my head. This was so severe that I would have to bind a cloth tightly about my head so that I could get my work done. A friend advised the use of Dr. Chase's Nerve Food, and after taking the first box I found quite an improvement in my condition. I continued using them until I had taken about seven boxes, and they strengthened and built up my system splendidly, completely relieving the pain in my head."

Dr. Chase's Nerve Food, 50c a box, all dealers, or Edmanson, Bates & Co., Limited, Toronto.

Alberta School Lands

Since 1905, the Federal Government has sold a total of 954,000 acres of school lands in the province of Alberta, realizing $13,204,000. This money is held in trust for the province.

He Is Satisfied With the Results

THAT'S WHY HE PRAISES DODD'S KIDNEY PILLS

Quebec Man Who Suffered from Bright's Disease, Diabetes and Backache Gave a Thorough Trial to Dodd's Kidney Pills.

St. Prosper, Dorchester Co., Que.—(Special).—Mr. Joseph Larochelle, well known and highly respected here, is telling all his friends of the satisfaction he got from the use of Dodd's Kidney Pills.

"I suffered for many years from Bright's disease, diabetes, backache and headache," Mr. Larochelle states. "I took from 10 to 15 boxes of Dodd's Kidney Pills.

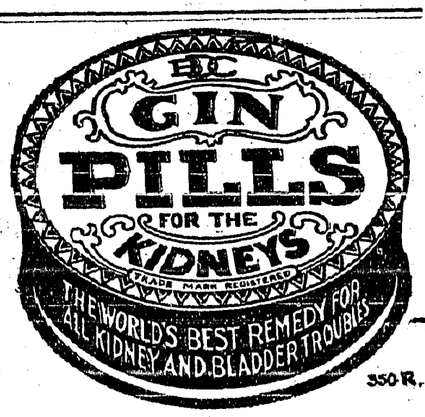
"I can tell you I am satisfied with the results. I advise all who use Dodd's Kidney Pills to take enough to make them well."

Dodd's Kidney Pills have been in use in Canada for more than a quarter of a century. They are known by the good they have done.

Ask your neighbors if Dodd's Kidney Pills do not make healthy kidneys.

Countries would not be so anxious to enter war if it was operated on the pay-as-you-enter plan.

Over 500 tons of flowers are sent annually from the Sicily Islands.



A Combination Of Straw And Feathers

A crown of straw, a brim of feathers, in loosely drawn strands, make up this charming little hat, which is sure to enhance the charms of the most beautiful face. It is a decidedly stunning model and one that will find favor in the eyes of most women. The disk of straw which adorns the peak makes it distinctly Russian in mode.

Engage in Business Enterprise.

Western Canada women are continually finding novel outlets for the expression of that new independence the war gave them. The Ladies' Touring Cars, Ltd., capitalized at $20,000, has just been incorporated at Vancouver, the Hon. Mary Ellen Smith, member of the provincial cabinet, being president. The company directors and employees are all women who have driven motor cars overseas, and they will cater to women tourists to the city and district.

An Oil that is Famous.—Though Catarrh may not be the birthplace of Dr. Thomas' Eclectric Oil, it is the home of that famous compound. From here its good name was spread to Central and South America, the West Indies, Australia and New Zealand. That is far afield enough to attest its excellence, for in all these countries it is on sale and in demand.

Cancer heralded in by any person can be measured by a newly designed apparatus.

A Double Escape

DOCTOR'S DAUGHTER'S STORY.

Another Toronto home provides evidence of how a simple cut, scratch or bruise, may pave the way to deadly blood-poison. Doesn't it show there's a vital need for keeping a reliable antiseptic like zam-buk, always handy?

When called upon at 3, Business Avenue, Mrs. J. E. Zealley, daughter of the late Dr. Bevan, of St. David's, S. Wales, said:—"My boy Alfred scratched his leg with the brass tag of a shoe lace. A nasty poisoned sore developed and it defied all the usual ointments. Hearing splendid reports about zam-buk I decided to give it a trial. To my great relief, the balm soon caused healing to set in. All inflammation and poisonous matter was quickly removed by zam-buk. It healed the sore without leaving a scar.

"Again when I fell over a steel fender and injured my knee badly, zam-buk alone saved me. My daughter, a nurse, was of the opinion that only an operation could remove the mass of inflammation and pus. But I again pinned my faith to zam-buk, and it cleansed and healed the wound in a few days." Equally valuable for eczema, pimples, cuts, burns, etc.

WORLD HAPPENINGS BRIEFLY TOLD

Goods in kind to the value of 80,000,000 gold marks were delivered to the allies by Germany during the first three months of the present year.

Winter wheat production in the United States this year was forecast at 584,793,000 bushels by the Department of Agriculture, which announced the condition of the crop on May 1 as 83.5 per cent. of normal.

James R. Davis, Federal Prohibition Director for Michigan, has asked headquarters at Washington for three motor boats of high speed to aid in curtailing liquor traffic on the Detroit River.

The University of Saskatchewan is experimenting with a scheme for domesticating the buffalo. Buffaloes in the Canadian parks are increasing so rapidly that they will soon be on the market for food.

Over 50,000 Government employees in France are being dismissed for reasons of economy. The wholesale dismissals will mean a saving of 300,000,000 francs. Most of those dismissed were taken on as auxiliary servants in the war period.

Something of a sensation has been caused by the announcement of Rev. G. Quinlan Warner, of Cronyn Memorial Church (Anglican), that he is calling a meeting soon for the discussion of the possibilities of a faith-healing cult.

Wizo, approximately 100 years old, known as the Queen of the Stony Reserve Indians, died near McLeod Lake, 12 miles north of Whitecourt, according to word reaching Edmonton. Her husband, who died three years ago, was believed to be 104 years old at the time of his death.

RHEUMATISM?

Health is the Most Valuable Asset You Have. You cannot Afford to Neglect It

Crofton, B. C.—"I was troubled for years with inflammatory rheumatism and rheumatic fever. I tried several cures for rheumatism, but did not receive any benefit from any of them. I had been in the hospital for months, being unable to walk. A friend advised me to try Dr. Pierce's Anuric Tablets. After taking the first bottle I began to improve, and after taking six bottles I had no more rheumatism. I think Dr. Pierce's Anuric is the most wonderful medicine that any one can take for rheumatism. I have recommended these tablets to several of my friends and they, too, have all been benefited by them."—Melville Collinson.

People are realizing that the kidneys, just as do the bowels, need to be flushed occasionally. The kidneys are an eliminative organ and are constantly working, separating the poisons from the blood. Uric acid backs up into the system, causing rheumatism, neuralgia, dropsy and many other serious disturbances.

This can be avoided by stimulating the kidneys to increased action, and because of its tonic effect on these organs any one would do well to get Dr. Pierce's Anuric Tablets which are to be had nowadays at almost any drug store or send 10c to Dr. Pierce's Laboratory in Bridgeburg, Ont., for trial package and write for free, confidential medical advice.

Ways of Measuring

How Lloyd George Got Even With the Chairman

A correspondent sends us the following little anecdote illustrating Lloyd George's ready wit. On one occasion when he was to address a meeting in South Wales, the chairman, thinking to be funny at the speaker's expense, said in introducing him, "I heard so much about Mr. Lloyd George that I naturally expected to meet a big man in every sense, but, as you can see, he is very small in stature."

Lloyd George arose. "I am grieved to find," he said, "that your chairman is disappointed in my size, but this is the way you have here of measuring a man. In North Wales we measure a man from his chin up, but you evidently measure him from his chin down."

After that the chairman made no more personal remarks.

THOUSANDS CONVERTED

Through ignorance, many have suffered aches and pains long thought incurable. But doubt quickly turns to belief when sciatica, lumbago and neuralgia are healed with Nerviline. It's soothing healing powers are really wonderful. Nerviline sinks in quickly, it penetrates into the sore muscles and brings grateful relief. The hundred and one minor ills that come to every family yield quickly to Nerviline. Try it. 35c at all dealers.

Prince Sends More Stock

Horse Valued at $55,000 Sent to Royal Ranch in Alberta

Four pure-bred race horse stallions and five mares have recently been shipped by the Prince of Wales from England to his ranch at Beddefield, Alta., which he bought when he visited Canada in the summer of 1919. One of these stallions was purchased in England recently for 55,000. Since His Royal Highness has had his Alberta ranch he has made several shipments of pure-bred stock from the Old Country. The last consignment of horses was sent over in charge of a special staff from one of his English farms.

SATISFIED MOTHERS

No other medicine gives the same satisfaction to mothers as to Baby's Own Tablets. They are equally good for the newborn babe or the growing child and are absolutely guaranteed to be free from opiates or other harmful drugs. They are a mild but thorough laxative and cannot possibly do harm—they always do good. Concerning them Mrs. Jos. Ache, Coteau Road, N.B., writes:—"I think that Baby's Own Tablets are a marvellous medicine for little ones. I gave them to my little girl with such good results that I now strongly recommend them to all mothers." The Tablets are sold by medicine dealers or by mail at 25 cts. a box from The Dr. Williams' Medicine Co., Brockville, Ont.

Canadian Authors' Association

Montreal Branch Now Numbers 129 Members

The annual meeting of the Montreal branch of the Canadian Authors' Association indicates progression in both membership and influence. Among those entertained by the branch during the past year were Mr. Bliss Carman, Mrs. Nellie McClung and H. M. Meredith, son of the famous novelist, of the publishing house of Archibald Constable, London, Eng. Miss J. E. Sime, whose recent novel, "Our Little Life" has been so favorably reviewed, was elected chairman for the present year. The branch, which now numbers 129 members, will hold monthly informal meetings during the coming year.

Worms cause fretfulness and rob the infant of sleep, the great nourisher. Mother Graves' Worm Exterminator will clear the stomach and intestines and restore healthfulness.

Soldier Settlement in B.C.

A total of 2,738 soldier settlers have been placed on British Columbia farms, 900 of whom have settled in the Lower Fraser Valley, according to a statement made by R. L. Ramsay, field supervisor for the Soldier Settlement Board at a meeting of agricultural officials here.

Japan has built a great arch, 60 feet high, overlooking Tokio, to commemorate those who died during the war in the service of the empire.

Keep Your Shoes Neat

2 IN 1 Shoe Polishes

The Mysterious Dogs

Method Adopted by Farmer to Protect His Fruit Crop

A phonograph that acts as a policeman has been rigged up by a fruit farmer in the United States in his orchard.

This is the way he worked it. He rigged up an old phonograph inside an unused beehive and had a record made of the fierce barking of dogs. Then he connected the machine by an electric wire with his house, which was within sight of the road. As soon as he sees an automobile stop in the road, he turns on the switch and the raiders are frightened by the barking of dogs, though they cannot see the animals.

However, the motor thieves never wait to find out where the barking is coming from.

A CORDIAL INVITATION TO DISEASE

This is an apt description of Constipation. It's an unnatural condition to begin with—but it's dangerous because it leads to indigestion, fills the system with poisons, brings on anæmia. You don't need a purgative, you don't want to weaken the system by a harsh gripping medicine—what you need is mild natural stimulant to the bowels. You get just what you need in Dr. Hamilton's Pills which tones up the liver, restore the bowels to perfect action and positively end constipation. You'll feel tip top after regulating your system with Dr. Hamilton's Pills. Good for young and old—a real family medicine. 25c all dealers or The Catarrhozone Co., Montreal.

Low Price of Manitoba Farm Land

That land in Manitoba is equal to that of soils in Illinois and Iowa, where the land is sold at $400 an acre, is one of outstanding statements of Prof. Bracken, of the Agricultural College, in his report tabled in the Legislature. In the survey covering the Dominion the average price of Manitoba farm lands was returned at $35.

No surgical operation is necessary in removing corns if Holloway's Corn Remover be used.

The Chief Danger

"Are you going any further West?"

"I planned to do so," said the foreign visitor. "Is there any danger from Indians?"

"Not if you keep out of the way of their motor cars."—Birmingham Age-Herald.

MOTHER SAVES DAUGHTER'S HEALTH

Lydia E. Pinkham's Vegetable Compound Helped Both Mother and Daughter

Lumsden, Saskatchewan.—"My mother had taken Lydia E. Pinkham's Vegetable Compound and when I needed something for my periods I took it and got good results. I recommend it to women with any female troubles and I know other women who have been helped by it and do the same."—Mrs. Mark Ritzer, Lumsden, Saskatchewan.

Many cases like this come to our notice. Lydia E. Pinkham's Vegetable Compound is often recommended by the mother and the grandmother too, for bear in mind, it has been helping women for nearly fifty years.

Women Tell Each Other

In your own neighborhood are women who know the value of this wonderful medicine and they talk to one another about it. So if you are troubled with pains and irregularities, a tired feeling, nervous and sleepless spells, or have other annoying symptoms caused by some female trouble, you have only to ask some neighbor what she thinks of your taking Lydia E. Pinkham's Vegetable Compound.

Save the Surface

America Spends Almost as Much on Cosmetics as on Education

The American people spend annually $750,000,000 for face powder, cosmetics and perfumeries and $1,000,000,000 for education. It is interesting to note that the amount America spends annually for face powder and its accompaniments is almost as much as she spends for her entire educational system. Looks as if America thought about as much of the outside of her head as of the inside. And as a matter of astonishing fact, the amount actually spent by America for face paint annually exceeds all she pays for the salaries of the teachers in all the high schools who are trying to get something into the heads of pupils in between times while they are applying the paint on the surface. —The Christian Herald.

Praises this Asthma Remedy. A grateful user of Dr. J. D. Kellogg's Asthma Remedy finds it the only remedy that will give relief, though for thirteen years he had sought other help. Years of needless suffering may be prevented by using this wonderful remedy at the first warning of trouble. Its use is simple, its cost is slight, and it can be purchased almost anywhere.

German Money Makers

Presses and Engravers Inadequate to Meet Demand

A terrible tragedy has transpired in the German Government's bureau of engraving and printing. Plates cannot be engraved fast enough and presses run fast enough to turn out thousand mark paper notes. Germany's paper note printing presses have reached their physical limit and the demand for paper money still greatly exceeds the supply.

Solving the dilemma, the German Government for the first time in the history of the mark has decided to print and issue 5,000-mark notes, which are much easier manufactured than the impressive 1,000-mark bills. The new 5,000-mark notes will appear on the market in the course of the summer. Germany's largest monetary unit, the one thousand mark note, is worth at today's rate of exchange $3.50, and the smallest paper note, that of 1 mark, is worth 3½ mills.

Dye Skirt, Dress Or Faded Draperies In Diamond Dyes

Each package of "Diamond Dyes" contains directions so simple that any woman can dye or tint faded, shabby skirts, dresses, waists, coats, sweaters, stockings, hangings, draperies, everything like new. Buy "Diamond Dyes"—no other kind—then perfect home dyeing is guaranteed, even if you have never dyed before. Tell your druggist whether the material you wish to dye is wool or silk, or whether it is linen, cotton, or mixed goods. Diamond Dyes never streak, spot, fade, or run.

Alberta as a Seed Producer

Where Oats and Other Cereals Reach State of Perfection

Alberta, it is officially stated, has supplied the rest of Canada with a half-million bushels of seed oats this spring. It is equally significant that orders came from every other province in the Dominion. As a seed-producer this province is only getting started, but it is getting started right, and is already securing results. Alberta oats stand in a class by themselves; no other part of the continent can produce either the quality or the quantity per acre. What is true of oats is true of other grains, and of grasses and vegetables. We may not grow here as wide a variety of crops as is possible in more southerly latitudes and lower altitudes, but what can be grown is grown to perfection. More and more the older provinces and the states will recognize that they must come to Alberta for hardy and virile seed. Much credit for what has been attained, and for the greater achievement in prospect, is due to the persistent and successful efforts which have been made by the faculty of agriculture at the University to interest Alberta farmers in seed-growing and to direct their operations in a way to build up a high reputation for their product. And the showing made last year and the year before, when Alberta exhibits carried away a good many of the coveted awards at the International hay and grain show at Chicago, has not been barren of practical results. It pays to produce the best; and then to let the world know that we have it.—Edmonton Bulletin.
