THE CRESTON REVIEW

VOL. XIV. CRESTON, B. C., FRIDAY, JUNE 9, 1922 No. 18

Lister

Mr. Manning, public school inspector, was here on an official visit the latter part of the week, and we understand has turned in a very favorable report of the teaching staff at the Lister school.

BIRTH—On June 4th, to Capt. and Mrs. Rowbury, a daughter.

Mr. and Mrs. Jas. Cook and Mr. and Mrs. Tom Goodwin of Creston were Sunday visitors at Lister.

Rev. G. Knox, who is back again from conference, will take the usual fortnightly service here on Sunday.

Percy Lye had the misfortune to lose his driving horse one day last week, while on a trip to Creston, a bad attack of colic causing the equine's death.

Messrs. Gibbs and Allan of Creston were visitors here on Thursday evening last in the interests of Chautauqua, and were successful in getting Misses Campion and Irvine to handle the ticket selling

Mr. Langston, sr., left a few days ago for Yahk, where he has secured a job for the next few months.

Geo. Paton, at one time accountant at the L.S.B. office, but now assistant purser on the C.P.R. steamer Nasook in at Nelson, was calling on friends here at the first of the week.

Kitchener

The C.P.R. work train is expected to complete the excavation of material for the Kootenay Landing fill this week. Kitchener will seem quiet with the crew of about ten men no longer here.

Gunder Johnson and Oscar Anderson are decorating the mountain scenery at frequent intervals these times on their bear hunting expeditions, but so far have only taken one bruin.

There is a slight movement in Kitchener property this month, Ed. Hanson having bought a lot on the Thoreson estate, and is busy erecting a bachelor bungalow on it.

Vic. Anderson left a few days ago for Nelson, where he hopes to strike work on the construction of the Ymir Road.

When the heat eases off in the evenings, as well as in the morning N. Delvin is busy with the excavation of the basement on to which he intends to move the present store building.

Billy Johnson cranked up his Ford on Sunday and motored Victor Geroux, Lionel Forrester, A LePage and L. Guillmont to Creston for the baseball match between the Creston and Wycliffe nines.

Mr. Geroux and his road gang are idle at present, but are looking for word any day now to resume operations. Engineer Ramsay was here last week and states that there is every reason to expect a substantial grant for road improvements between here and Goatfell.

Foreman McGonegal is busy this week loading out the last of the big stock of big poles that Paulson Mason have had stored in their yard for the past year.

Kitchener Timber Company has a small crew of men making poles on the firm's limits near here.

Andy Holvelt, who has been with Paulson Mason for the last three years, retired from their employ at the first of the month and is now a member of the section crew. On his new job he naturally finds lower town a bit slow and in consequence has moved across the track into the old laundry building.

Two surveyors are now at work on the Chippy Hill and C.P.R. iron claims, and although there is no definite information available these activities are taken to mean that development work on a considerable scale will be undertaken almost immediately.

1922 Chautauqua Opens Thursday

Before another issue of the Review is off the press Creston's Chautauqua will be under way, the big six days of entertainment and education opening on Thursday afternoon, June 15th, and all who attend are due to have the happiest week of the year. That the crowd in attendance will be large is indicated in the sale of season tickets to date—the demand for these, at outlying points particularly, being considerably better than a year ago.

Newspapers to hand from points west at which the Chautauqua artists have already appeared are all unanimous that the 1922 programmes are just a little superior to the 1921 offerings. This is particularly the case with the lectures—all of which are on timely topics and real live issues of the day, with just enough of the lighter sort to give a balance that will make the lot of them eminently pleasing all round.

In "Mrs. Temple's Telegram" the dramatic feature of Chautauqua, a comedy that will appeal to all is selected and reports agree that the company presenting it is a talented one throughout.

For Saturday afternoon and evening all will be charmed with the programme that will be submitted by the Eiler-Willoughby orchestra, which will be supplemented by Fenwick Newell, Canada's foremost lyric tenor. In addition to the orchestra and vocal numbers Miss Willoughby will captivate with her exylophone selections and equally enjoyable will be the cornet and violin solos by other orchestra members.

To many of our readers Ruthven McDonald needs no introduction. He has been an eastern favorite for years, and for this season has surrounded himself with three other vocalists of equal ability, so that no lover of vocal music should think of missing the Adanac Quartette. A novel feature of this year's musical bill will be the one-man band in which Emory Parnell is the only performer.

And for closing night a super-for attraction has been secured in Davis, the master of magic. His tricks and feats are all new and his performance will be of the same high class, refined sort as the artists who precede him. Both adults and children will be amazed at the skill of this master magician.

This is the only opportunity you will have this year to enjoy such high-class entertainment as such a moderate price. Don't miss it yourself—and don't deny the same pleasure to your wife and youngsters.

Canyon U.E.

At the United Farmers meeting on Saturday night Messrs. Wood and Searle were added to the committee of directors that has been asked to locate a suitable area for a recreation and picnic grounds. Mesdames McRobb, Searle, and Knott were named a committee to allocate the article on which the U.F. will give its prize in the ladies' section at this year's fall fair, and votes of thanks were tendered Miss Wood, Mrs. Browell and Messrs. Kolthammer and Pochin, who handled the annual picnic, and Messrs. Knott, Young and Searle who had charge of the soldier's memorial erection and unveiling were also tendered the commendation of the local for their good work. The minister of customs has been notified of Canyon's opposition to the removal of the dumping clause as provided for in the Fielding budget. On the establishment of a postoffice the correspondence read indicated that possibly a compromise would be reached by the authorities employing a carrier who would bring in the mail from Erickson and leave it at some central point where it would be handled in much the same fashion as a regulation postoffice so far as mail distribution is concerned.

Alice Siding

J. Compton has completed the installation of his irrigation system, and has an excellent supply of water for the area taken care of by the pipe line.

Walter Carr, who has been working at Spokane, is a visitor at his home here at present.

Messrs. Rose and West replenished their larders with fresh beef one day last week. A westbound freight broke the leg of a fine young steer, and the animal had to be killed.

Mr. Wood has installed a small irrigation system of his own, to take care of the strawberry patch. He has erected a tank with pump, the wet goods being obtained from the C.P.R. culvert.

Gordon Smith, who has been visiting his mother, Mrs. Stace Smith, left for Victoria at the end of the week.

Alice Siding is getting its full share of attention from the caterpillar pest that has invaded other points in the Valley.

John Miller sustained rather a serious loss on Thursday last when the westbound passenger hit one of his work horses that was grazing on the right of way—the animal having to be shot to end its suffering.

The continued rise in the water necessitated moving the balance of the cattle from flats the middle of last week. Just now the water is about the highest it has been for several years. With the flood also has come the mosquitoes for their 1922 sojourn.

The Rose ranch has the material on the ground for the erection of an overhead irrigation system to take care of about four acres of small fruits.

J. W. Smith of the provincial lands department, Victoria, was here a few days last week re-valuing some of the K.V. tracts that have gone back to the government, and which will be re-sold by auction in a few weeks.

Heals Inflamed Nostrils, Stops Catarrhal Discharge, Relieves Colds Quickly

You'll be pleasantly surprised at the quick action Catarrhozone has upon Catarrhal conditions in the nose or throat. It is so soothing, so healing, so agreeable to use, so safe and reliable that thousands praise it and use it every day. No nasty medicine to take—you just breathe in the balsamic vapor, the healing essences of Catarrhozone and feel better at once. Catarrhozone is breathed through the inhaler into every air cell in the lungs, into every air passage in the throat and nostrils. No matter where the cold or Catarrh is, Catarrhozone will reach it. You can keep free from coughs, colds, bronchitis and the like by using Catarrhozone. Two months treatment One Dollar, small size 50c. Dealers everywhere, or the Catarrhozone Co., Montreal.

MY CANADA

— BY —

ELINOR MARSDEN ELIOT

Published by Special Arrangement with the Author

(Continued)

V.

Elba, Manitoba
June 21st, 19—

At the present moment I am sitting, in a green-and-red plush-covered easy (?) chair, in the parlour of

"THE PALACE BOARDING-HOUSE
Refreshments for Man and Beast at Reasonable Rates.
Hot Meals and Beds.
European Plan—You Pay for What You Eat.
Proprietor, MRS. REBECCA MILLS."

I quote the sign-board.

At the opposite side of the room Mary is seated before one of those modern instruments of torture known as an American organ. From it she is extracting—no word but that one so suggestive of dentistry will describe the operation—accompaniments to the most ragged of rag-time melodies which she is singing for the edification of Mrs. Mills' twin sons. The boys, who rejoice in the names of Reginald and Percival, are eight years old. They are red-headed, freckled little imps, and they possess the angelic smile which is peculiar to twins who are so much alike that they cannot be told apart and which, I believe, is due to the fact that punishment is always meted out to the wrong boy. Mary has discovered that Percival is minus a front tooth, so she feels sure that she will make no mistake. But if I am any judge of human nature as it is exhibited in boys of eight, Reginald also will lack a tooth before long. Who could blame him? I, for one, have not forgotten how I used to long for a "twin sister exactly like me."

"So long, Mary.
Mary, we will miss you so!
So long, Mary,
How we hate to see you go!
We'll be longing for you, Mary,
While you roam.
So long, Mary,
Don't forget to come back home."

The incorrigible girl has just succeeded in convincing the boys that this classic was written by a personal friend of hers, to be sung as a farewell when she left for England three years ago!

"Aw, Miss Mary, can't you stay here more'n one day?" says Percival coaxingly. "This town's deader'n Goliath, but if you'd stay we could have a swell time. Gee, I wish you'd come fishin' with me an' Reg—we'd put the worms on the hook if you're scared! What's the use of goin' back to Winnipeg? There ain't no fun there—too many cops around to take a kid home if he only just goes for a walk."

"Say, Miss Mary," broke in Reginald, "was you ever in the Police Station? Me an' Perc was wunst when he was in Winnipeg. We just went down the street a little ways an' 'long comes a cop an' says, 'Say, son, does your mother know you're out?' An' I says, 'No, does yours?' An' he just laughed and ast us where did we live and we says Elba, an' then he says, 'Well, wouldn't youse kids like to take a walk with me?' An' then we went right to the P'lice Station, an' 'I'll eat my hat if them ain't the young divils a Mrs. Mills has been 'phoning about. Better have a good time when you're here, kids, because when your Ma gets you she'll be so darn glad that she'll well nigh lick the hides off of you.'"

"You bet she did, too," added Percival, with a reminiscent twinge.

Mary answered them, with deep regret, that she must go home as soon as I was called for, but she made them both promise to visit her when next they went to Winnipeg. Poor Mrs. Arnold.

But to go back. Yesterday at noon, after three hours of uneventful travel through uninteresting country, Mary and I reached Elba. I do not blame Napoleon for leaving his Elba as soon as possible if it was at all like its Canadian namesake. In spite of my unromantic nature, I had pictured the scene of my labours as a cosy farmhouse, nestling among tree-clad hills, where I should enjoy the freedom of Canadian life coupled with the comfort and refinement of England. But the picture vanished, never to return in its full beauty, when I saw Elba.

Flat prairie as far as I could see in three directions, and in the fourth a few scattered poplar bluffs, with the merciless noon-day sun searching out—as only the Canadian sun can—all the bareness and crudity of the little village that at first I scarcely noticed, so strong was the spell of the prairies upon me . . . that is, Elba.

The Corporate Village of Elba consists of three grain elevators (why "elevators" I cannot tell, for they are merely storehouses for corn—grain, I should say—but their dominating height draws all eyes to them, so them, so there is probably some phychological reason for the name); one "General Store," which I shall describe later; two agencies for agricultural machinery; a blacksmith's shop; a bank no larger than a good-sized packing-case—in fact, Mary looked for the address tag; and two or three houses. The station is a superannuated goods-van, one end of which is fitted up as an office and made impressive by the telegraph instrument, a copy of the Homestead Regulations, and a safe, and in the other end the stationmaster lives.

"The carriage waits, my lady," said Mary as we stepped off the train; and then I saw, at the end of the platform farthest from the engine, a typical western conveyance—a two-seated light wagon to which was harnessed a pair of handsome but only half-broken horses. The driver did not seem to be at all disturbed by the way in which they reared and plunged, for he talked over his shoulder to the stationmaster most of the time while the train waited, only occasionally addressing an uncomplimentary but apparently soothing remark to his horses.

My heart sank as I thought of trusting my precious life—to say nothing of my camera—to the tender mercies of such a careless driver and his Wild West Show steeds, but I hope I showed no timidity as I asked him if he were from the Fiske farm.

"No," he replied; "I don't think that any of the Fiskes are in town to-day."

"That is strange!" said I. "I telegraphed them to meet me."

At this the stationmaster turned to me. "There is a telegram for Mrs. Fiske lying in the office," he volunteered. "It has been there since yesterday morning; and if it is yours they will not know that you are coming to-day." Then, seeing my look of dismay, he added, "Their man will be in with butter to-morrow, and when he comes I'll tell him that you are here. We have a boarding-house in Elba now, where you will be safe but uncomfortable, and I guess you can put up with it for one night."

I looked at Mary and she looked at me, and then we both laughed. The men smiled in sympathy, and a bulldog that had been dozing on the platform wakened, and gazed at me with a condescending air that said, plainer than words, "I told you so." At last I realized that I was in the Canada of my dreams.

"What is the [illegible]?" asked Mary. "Within walking distance, I presume?"

Nervous Breakdown

The extreme depression and discouragement which comes over one at times is the most alarming symptom of nervous exhaustion.

This letter is a message of hope to all who find themselves in this unfortunate condition.

Mrs. Geo. T. Tingley, Albert, N.B., writes:—

"For years I was in a very nervous, run-down condition, was much depressed in spirits and suffered a great deal at times. The least noise would irritate me and at times I felt as though I certainly would go crazy. I consulted different doctors to no effect.

"A friend advised the use of Dr. Chase's Nerve Food and I can truly testify today to the great benefits received. There was a marked change before I had finished the second box and when I had used a dozen boxes my nerves were thoroughly restored and I was entirely relieved of those terrible feelings I used to have. I shall ever be ready to testify to the benefits of this wonderful medicine, feeling sure that it will give to others the quick and permanent relief it has given me."

Dr. Chase's Nerve Food, 50c a box, all dealers, or Edmanson, Bates & Co., Ltd., Toronto.

CASTORIA

For Infants and Children

In Use For Over 30 Years

Always bears the Signature of Chas. H. Fletcher

Without taking any notice of the reflection upon the size of Elba, the stationmaster picked up our bags and lifted them into the back of the wagon. "Livingstone, here, goes right past the house, and he can drive you over," he said.

"Livingstone" now awoke to a sense of his duty. "Yes, get right in. Sorry I'm not going Fiske's way, so that I could take you out."

Again I felt that England and the conventions were far away; but remembering old Jane's comforting proverb to the effect that you may as well be killed for a sheep as a lamb, and also realizing that there was really nothing else to do, I accepted the invitation and Mary and I "got right in."

(To be continued)

In China the farms average little more than half an acre in extent.

The Druggists All Agree That "Putnam's" Is Best

The oldest corn remover on the market is Putnam's Corn Extractor, and it is the best. Your corns will all drop out after a few treatments with this painless remedy. Failure impossible. Refuse a substitute for "Putnam's," 25c everywhere.

Where the "I's" Have It

An American advertisement spells the word "inside" as "insyde." This must have been an accident, because the elimination of the "i" is not really an American tendency.

Hall's Catarrh Medicine

Those who are in a "run down" condition will notice that Catarrh bothers them much more than when they are in good health. This fact proves that while Catarrh is a local disease, it is greatly influenced by constitutional conditions. HALL'S CATARRH MEDICINE is a Tonic and acts through the blood upon the mucous surfaces of the body, thus reducing the inflammation and assisting Nature in restoring normal conditions.

All Druggists. Circulars free.
F. J. Cheney & Co., Toledo, Ohio.

The Right Man

"Strange you should come to me about your husband, madam. I'm a horse doctor."

"That's all right. He's a chronic kicker."

Cheapest of all Oils.—Considering the qualities of Dr. Thomas' Eclectric Oil it is the cheapest of all preparations offered to the public. It is to be found in every drug store in Canada from coast to coast and all country merchants keep it for sale. So, being easily procurable and extremely moderate in price, no one should be without a bottle of it.

It takes forty men twelve months to break up a modern warship.

Some 10,000,000 eels are sold in the London market every year.

Memorial Cross Issue Extended

Wives and Mothers of Deceased Soldiers to Receive Medal Regardless of Date of Death

The Memorial Cross which heretofore has been available only to the wives and mothers of soldiers whose deaths resulted from active service prior to November 11th, 1920, will now be issued in respect of any man who dies as the result of active service, regardless of the date of death. A militia order has just been issued to this effect as the result of representations from the Ontario Provincial Command, G.W.V.A., strongly supported by Capt. H. A. Chadwick of the Records Branch, Department of National Defence.

The issue of the Memorial Cross in the first instance was prompted by the desire of the nation to provide some tangible recognition of the sacrifice of mothers who gave their sons in the defence of the nation. It was also made available to the wives of married deceased soldiers, but the issue was contingent upon death having occurred within two years of the signing of the Armistice. The new regulation makes provision for the issue of the Cross to those eligible on account of deaths which have occurred since November 11, 1920, and which were attributable to war service, and for such deaths that may occur in future.

The authorities have no means of securing accurate information concerning post-war deaths so it is necessary for those concerned to make application to the department for the issue of the medal. In the cases of soldiers who married after enlistment, and whose deaths occurred prior to or after discharge, both the wife and the mother are eligible to receive the Memorial Cross. G.W.V.A. branches will in future, as in the past, provide every assistance necessary, in this and other respects, to the relatives of deceased sildiers.

The Values of Colors

Hints for Selecting Wallpapers for Every Room

In choosing wallpapers and hangings it is useful to know the value of different colors.

Yellow, for instance, enlarges things. A room papered in yellow looks larger than it really is. It gives a glint of sunlight to a dark room.

Blue is a color which contracts a room. Some shades are rather cold.

Red gives a feeling of richness. It shows the positive size of an apartment.

Pink allied to white paint is an excellent selection for a bedroom.

Brown is good for a living-room.

Grey is an unpretentious color which harmonizes beautifully with almost any other hue—mulberry, peacock blue or primrose.

Claims Canadian Record

A two-year-old Guernsey heifer, Violet of Cedar Cove, bred by C. Hawthorne, of Cheam, B.C., has established a Canadian record, it is claimed by her owners. In a 365-day test she produced 11,051 pounds of milk and 557 pounds of butter.

HEART WOULD BEAT LIKE A TRIP HAMMER

Heart trouble has of late years become very prevalent. Sometimes a pain catches you in the region of the heart, now and then your heart skips beats, palpitates, throbs, or beats with such rapidity and violence you think it is going to burst.

You have weak and dizzy spells, sinking sensations, are nervous, irritable and depressed, and if you attempt to walk upstairs or any distance you get all out of breath.

We know of no remedy that will do so much to make the heart regain strength and vigor, regulate its beat and restore it to a healthy normal condition as will

MILBURN'S HEART AND NERVE PILLS

Mrs. Chadwick, Delhi, Ont., writes:—"I had palpitation of the heart, and the least exercise, such as going upstairs or up a hill, my heart would beat like a trip-hammer and at times I was dizzy-headed and had a sinking sensation as it my time were near.

A friend suggested I try Milburn's Heart and Nerve Pills, so I procured three boxes, and by the time the first one was used I began to improve. In all I took six boxes, and now although in my 66th year I feel like a young girl; no dizziness or heart-thumping, and can walk miles without fatigue. At time of sickness I weighed 120 lbs. now I weigh 150."

Price 50c a box at all dealers, or mailed direct on receipt of price by The T. Milburn Co., Limited, Toronto, Ont.

Correct

Farmer Gray.—"What course is your daughter taking at the boarding school?"

Farmer Green.—"Blessed if I kin remember, but I think it's cosmetics."

Aspirin is the trade mark (registered in Canada) of Bayer Manufacture of Monoaceticacidester of Salicylicacid. While it is well known that Aspirin means Bayer manufacture, to assist the public against imitations, the Tablets of Bayer Company will be stamped with their general trade mark, the "Bayer Cross."

The Liver Is the Road to Health

If the liver is right the whole system is better off. Carter's Little Liver Pills awaken your sluggish, clogged-up liver and relieve constipation, stomach trouble, inactive bowels, loss of appetite, sick headache and dizziness. You need them. Purely vegetable. Small Pill—Small Dose—Small Price

CARTER'S LITTLE LIVER PILLS

WORLD HAPPENINGS BRIEFLY TOLD

Thomas Draper, Petrolea, Ont., has leased 1,920 acres of tar sand property in Alberta from the Federal Government.

The Polish Diet has enacted a law requiring an annual vacation of two weeks with pay for all industrial workers.

The police commission has refused to revoke the order for the strict enforcement of the Lord's Day Act in Victoria.

A special despatch from Moscow announces the appointment of Leonik Krassin, Russian Bolshevik representative in London, as Soviet ambassador to Germany.

The ambassadors council has ordered the Bulgarian Government to proceed immediately with the disarmament of the Wrangel troops on Bulgarian territory and the dissolution of their military organizations.

Italy has agreed to restore to Germany for 300,000 lire all German property in Italy, seized during the war except some which has already been converted for public utility, says a despatch to the London Times from Rome.

The first Jewish municipal bond issue in history, amounting to £80,000, has been authorized by the Palestine Government for the township of Tel Avist, the self-contained Jewish municipality near Jaffa. The obligations are secured by taxation, the bonds being issued at 6 per cent., repayable in 20 years.

Quick Work in Germany

Tree Being Transformed Into Newsprint Paper Within a Single Day

Trees on which birds warbled their morning song are turned into newsprint paper and sold as midday editions on the same day in certain towns of the Harz district, says the Papierfabrikant, the leading German papermakers' organ.

The exact time taken in the process is 8 hours 25 minutes. The trees were felled at 7.35 a.m.; pulped and turned into paper by 9.39, rushed in a motor truck two and one-half miles to the printing office and at 11 o'clock newspaper boys were crying the local sheet on the streets.

CHILDHOOD INDIGESTION

Nothing is more common in childhood than indigestion. Nothing is more dangerous to proper growth, more weakening to the constitution or more likely to pave the way to dangerous disease. Fully nine-tenths of all the minor ills of childhood have their root in digestion. There is no medicine for little ones to equal Baby's Own Tablets in relieving this trouble. They have proved of benefit in thousands of homes. Concerning them Mrs. Jos. Lunette, Immaculate Conception, Que., writes: "My baby was a great sufferer from indigestion, but the Tablets soon set her right and now I would not be without them." Baby's Own Tablets are sold by medicine dealers or by mail at 25 cents a box from The Dr. Williams' Medicine Co., Brockville, Ont.

Miller's Worm Powders are the medicine for children who are found suffering from the ravages of worms. They immediately alter the stomachic conditions under which the worms subsist and drive them from the system, and, at the same time, they are tonical in their effect upon the digestive organs, restoring them to healthful operation and ensuring immunity from further disorders from such a cause.

As a vermicide an excellent preparation is Mother Graves' Worm Exterminator. It has saved the lives of countless children.

Eastern Syndicate Leases Oil Lands

Twenty-five hundred acres of land at Pouce Coupe have been secured under oil leases by an eastern syndicate, incorporated under the laws of Quebec. It is said that the syndicate is a close corporation, and that extensive development work will be undertaken during the coming season.

Beecham's Pills
Keep you fit

Earnings of Saskatchewan Telephones

The total net earnings of the Saskatchewan provincial telephones in 1921 was $1,964,495. The total pole mileage of the provincial system is now 6,000, and the wire mileage 31,500.

Feathers, Fringe and a Bag to Match Milady's Chapeau!

Fringe! There is nothing new about fringes. It has been used in every way and in every place under the sartorial sun, but so firm a place has it won in our affections that we must have at least a bit of it on some garment in our wardrobe. On the overblouse of spring it lends an attractive finish to the bottom, as well as to the sleeves. It gives a suggestion of grace to whatever it embellishes.

And feathers! As elaboration their use dates back no further than the Garden of Eden, but Milady 1922 affects them as often as she possibly can and loves them just as dearly as did Eve.

Neither is there anything particularly novel in the matching of the hat and the bag, but it is a pleasing fancy and one which is revived annually when March goes out like a lamb.

MISS MARGUERITE K. O'LEARY, of Reading, Pa., who says she has gained eight pounds and can hardly find words to express her praise for Tanlac for the good the medicine did her.

"I am so happy over what Tanlac has done for me I can hardly find words to express my praise," said Miss Marguerite K. O'Leary, who lives with her parents at 1223 Chestnut St., Reading, Pa. "I wasn't exactly what would be called sick, but for a year I had been all run down and sometimes felt so weak and miserable I could hardly hold up my head. I was so nervous the telephone bell or a door closing would startle me so I would tremble like a leaf.

"I needed something to build me up and give me strength and energy, and that is exactly what Tanlac did. It gave me a fine appetite and improved my digestion. I gained eight pounds, the color came back to my face, my nerves became normal and I soon felt as well as I ever did in my life. It is simply wonderful that medicine could make such a big change in any one. My friends and neighbors are surprised when they see me now, and no wonder, for I look like a different person. Tanlac is grand and I never intend to miss a chance to say a good word about it."

Tanlac is sold by all good druggists.

Soldier Settlers Increase Acreage

Last year's crop acreage put in by soldier settlers under the Soldier Settlement Board will be increased this year by more than 40,000 acres, according to the District Superintendent of the Board. The acreage tilled last year by soldier settlers was 120,000 acres, and this year it is expected to exceed 160,000 acres.

No matter how deep-rooted the corn may be, it must yield to Holloway's Corn Remover if used as directed.

Telephones in the United States average one to every eight persons or every two families.

Australia is the world's largest producer of wool.

Here's a real treasure from Nature's storehouse

GOOD old Mother Nature has placed in wheat and barley the wonderful food properties which build and sustain life and health.

Many so-called "refined" foods are robbed of vital elements which the body needs.

Grape-Nuts—that famous wheat and barley food—brings you all the natural goodness of the grains in perfected form, with a crispness and flavor that charm the appetite.

You will find Grape-Nuts an ideal dish for breakfast or supper-time. Ready to serve from the package, with cream or good milk.

Order Grape-Nuts from your grocer today.

Grape-Nuts—the Body Builder

"There's a Reason"

A Few of the World's Lofty Peaks

Some of Nature's Most Gigantic Works Along Line of C.P.R.

The Canadian Pacific Rockies comprise some of Nature's most gigantic works. This can better be visualized when it is said that in the various mountain ranges that make up the Canadian Pacific Rockies, there are, according to Government measurement, no less than 598 mountain peaks over 5,000 feet in height above sea level. The Government list include only those peaks which bear names, and it does not profess to include the innumerable mountains that have not been named or measured. Of those listed there are 512 over 7,000 feet, 405 over 8,000 feet, 291 over 9,000 feet, 147 over 10,000 feet, 44 over 11,000 feet, 3 over 12,000 feet and 1 over 13,000 feet.

A great many of these majestic peaks are visible from the train, while others may be explored at leisure during the stay at the many beautiful resorts such as Banff, Lake Louise and Glacier.

Low summer tourist tickets are on sale daily to Vancouver, Victoria and other Pacific Coast points, which allow stop-over at any or all of the mountain resorts.

The trip through the Canadian Pacific Rockies to the Pacific Coast ranks among the finest in the world, with nature at her best during the summer months.

Four trans-continental trains each way daily will be operated by the Canadian Pacific Railway this summer through the Rockies, each equipped with open top observation cars. This service will include Canada's finest and fastest trans-continental train "The Trans-Canada Limited."

In certain parts of Russia the mail is carried by buffaloes. This animal is picked for the service because of his very flat feet, which enables him to travel where horses would sink.

WATER NOTICE
USE AND STORAGE

Take notice that Canyon City Lumber Company, Limited, whose address is Creston, B.C., will apply for a license to take and use of Ten (10) acre feet, and to store Ten (10) acre feet of water out of North Branch of Floyd Creek, which flows south and drains into Goat River about one mile from dam. The storage dam will be located at the Company's mill on Lots 209 and 210 of Lot 812. The capacity of the reservoir is about Three (3) acre feet, and it will flood about three-quarters acres of land. The water will be dammed in the stream at the Company's mill, and will be used for mill pond steam and domestic purposes upon the millsite, described as Lots 209 and 210, D.L. 812, G.1., K.D.

This notice was posted on the the ground on the 17th day of May, 1922. A copy of this notice and an application pursuant thereto and to the Water Act, 1914, will be filed in the office of the Water Recorder at Nelson, B.C. Objection to the application may be filed with the said Water Recorder, or with the Comptroller of Water Rights, Parliament Buildings, Victoria, B.C., within thirty days after the first appearance of this notice in a local newspaper.

CANYON CITY LUMBER COMPANY, LTD., Applicant.
By CHAS. O. RODGERS, Agent.

The date of the first publication of this notice is May 19, 1922.

WATER NOTICE
DIVERSION AND USE

Take notice that Charles Orin Rodgers, whose address is Creston, B.C., will apply for a license to take and use 50 acre feet and 500 gallons daily of water out of Hall Creek, which flows south-westerly and drains into Rykert Creek, about one and a half miles.

The water will be diverted from the stream at a point on No. 1 branch, about 1235 feet north-westerly from the N.E. corner of Lot 662, also about 200 feet due south of N.E. corner of Lot 662 on No. 2 branch. Also on No. 3 branch at a point 200 feet due east of east boundary of Lot 662, said point being about 1646 feet due south of N.E. corner of said Lot 662, and will be used for irrigation and domestic purposes upon the land described as Lot 662, G1, Koorenay District.

This notice was posted on the geound on the 8th day of May, 1922. A copy of this notice and and an application pursuant thereto and to the "Water Act, 1914," will be filed in the offie of Water Recorder Recorder at Nelson. Objections to the application may be filed with the said Water Recorder or with the Comptroller of Water Rights, Parliament Buildings, Victoria, B.C. within thirty days after the first appearance of this notice in a local newspaper.

CHAS. O. RODGERS, Applicant.

Date of the first publication of this notice is May 12, 1922.

WATER NOTICE
DIVERSION AND USE

Take notice that Charler Orin Rodgers, whose address is Creston, B.C., will apply for a license to take and use 500 gallons daily of water out of unnamed spring or pond the overflow of which flows westerly and drains into north-westerly portion of Section 9, about half mile north-westerly.

This water will be diverted from the stream at a point about 300 feet east of the S.W. corner of the northerly 60 acres of the N.W. quarter of Section 9, and will be used for domestic purposes upon the land described as northerly 60 acres of N.W. quarter Sec. 9, G 1, Kootenay District.

This notice was first posted on the ground on the 8th day of May, 1922. A copy of this notice and an application pursuant thereto and to the "Water Act, 1914," will be filed in the office of the Water Recorder at Nelson. Objections to the application may be filed with the said Water Recorder or with the Comptroller of Water Rights, Parliament Buildings, Victoria, B.C., within thirty days after the first appearance of this notice in a local newspaper.

CHAS. O. RODGERS, Applicant.

Date of the first publication of this notice is May 12, 1922.

CRESTON, B.C., FRIDAY, JUNE 9

Win from Kaslo Lose to Wycliffe

Creston fans had their first opportunity to see the Creston baseball team in action against fast company t the end of the week and in both cases the showing was quite satisfactory. On Saturday afternoon, playing eased up in the final three frames, they trimmied Kaslo 12 to 9 with an innings to the good, but on Sunday the Wycliffe aggregation were winners to the extent of 14 to 10. Ideal weather conditions prevailed, and there was a large turnout of spectators at both games.

In the clash with Kaslo the Creston nine jumped into the lead in the opening stanza and were never headed, and had not an injured ankle necessitated the removal of Bleumenauer from the mound at the end of the fourth the beating would have been more decisive. Kimberley, who replaced him, was equally as effective, but the shuffle thus necessitated in the infield weakened the defensive play of Crest on quite considerably.

Cockle pitched good enough ball to have made the score much closer but his infield support was wobbly throughout, while the heavy artillery hardly performed up to last year's standard. The outfield was quite reliable however, and certainly Garland's catching was equal to his best previous effort. Abey was the Babe Ruth of the day—both of his tallies being circuit drives.

Both at the bat and in the field Creston's play was the best seen here for several years. In the fifth ragged work in the infield was responsible for Kaslo's big innings. Taylor has not got his batting eye working yet, but he was the only one in the lineup that Cockle was really effective against. The players and score:

CRESTON		KASLO	
Telford, c	4	Abey, cf	3
Atkinson, 2b	1	Skillicorn, ss	1
Romano, lf	1	Garland, c	1
Maxwell, cf	0	Goodwin, lf	1
Long, 2b	2	Valliance, 2b	2
Bleumauer, p	2	Nelson, 1b	0
McKelvey, 1b	1	Murchison, 3b	1
Taylor, rf	1	Hewat, cf	1
Kimberley, ss	0	Cockle, p	0
	12		9

Creston	3	4	2	3	0	0	0	0	x	12
Kaslo	1	1	0	2	3	0	0	0	2	9

Inability to hit when hits meant runs, coupled with what little luck there was to the game going to Wycliffe, in some measure helped Wycliffe to the 14-10 victory it batted out on Sunday afternoon. Too, Kimberley found the pitching of half a game on Saturday quite a handicap in negotiating a full nine inning the following day, and with Bleumenauer favoring the ankle he twisted in the Kaslo game Creston has quite an efficient alibi to offer for the trimming received at the hands of Wycliffe.

The Sunday game furnished by far the best opportunity to gauge the ability of the locals both on the offense and defense, and with the possible exception of the receiving department certainly Wycliffe was little the superior. In the outfield Maxwell and Romano were right at home, the former gathering in all the high ones into his territory without a miss, while both he and Romano were prominent at the bat. McKelvey had a slightly off day, but at that the Creston inner works were somewhat the better of the visiting infield. Atkinson had a busy day at second but was equal to every occasion. Bleumenauer, with an injured ankle, fielded creditably, while Bill Long at third rounded out an infield that the fans watched with confidence—and were seldom disappointed. Atkinson not only second based in stellar fashion, but was equally prominent at the bat, getting a couple of triples on his first two trips to the plate. Luck was clearly against Kimberley. In the five innings in which he was scored against it is safe to say in four of them the counters came after the first two men to face him had been retired. In the ninth he was replaced by Elko, a newcomer rancher, who has a wonderful show of speed and who, when in condition, should make a welcome addition to the pitching staff.

For Wycliffe the outstanding performer was our old friend "Tuff" McPeak, who caught a finnished game, and also has the distinction of hitting out the only home run clout of the session. The outfield showed up well, but both Greenway and Ferko had an off day at third and in the shortfield. The players and score:

CRESTON		WYCLIFFE	
Telford, c	0	Greenway, 3b	2
Atkinson, 2b	3	McPeak, c	2
Romano, lf	2	Ferko, ss	2
Maxwell, cf	2	Clark, 1b	2
Long, 3b	2	Lewis, p	0
Bleumauer, ss	0	Crowe, 2b	2
McKelvey, 1b	0	Forbes, cf	2
Taylor, rf	0	W. Staples, rf	1
Kimberley, p	1	E. Staples, lf	1
	10		14

Creston	1	0	4	0	1	0	0	4	0	10
Wycliffe	0	6	1	0	0	1	2	2	2	14

With the two stiff workouts Creston had over the week-end, and with a week for the cripples to get back to form, the match with Yahk on Sunday afternoon should be the best yet

Creston's School Report for May

DIVISION I.—G. P. Smith, Principal.

Highest standing: Entrance Class—Edith Davies, Ralph Swanson, Dean Peairs. Fourth Reader—Helen Moore, James Cherrington, Bert Quist.

Perfect attendance—Marguerite Benney, Ollie Christie, Edith Davies, Herbert Manuel, Joyce Moore, Annaretta McDonald, Alister Ross, Ivan Staples, Albert Sherwood, Gladys Webster, Harry Webster, George Winch, Harold Payne.

DIVISION II.—F. B. Pearce, Teacher.

Highest standing: Senior Third—Ted Bush, Eileen Hendy, Charles Cotterill. Junior Third—William Manuel, Harold Speers and Clarence Staples equal.

Perfect attendance—Edith Wilson, Harold Speers, Alex. Henderson, Leslie Boffey, Ted Bush, Charlie Cotterill, Louise Nickel, Ruth Kennedy, Nadine Bell, William Manuel, William Bush, Fred Christie, James Leamy, Lloyd Couling, Lily Wilson, Eileen Hendy, Lily Lewis, Myrtle Taylor.

DIVISION III.—Miss Davidson, Teacher

Highest standing: Junior Third—Marion McDonald, Muriel Oatway, Arthur Couling. Senior Second—Laura Holmes, Jean McCreath, Dora Spratt.

Perfect attendance—Rophina Androsow, Arleigh Bird, Eva Bolton, Ena Christie, Arthur Couling, Letty Couling, Lionel Downes, Catherine Embree, Laura Holmes, Ada Lewis, Ethel Lewis, Jean McCreath, Charlie Moore, Madeline Moore, Walter Nickel, Jack Norris, Muriel Oatwy, Verne Olsen, Randell Payne, Lillian Thompson, Arthur Webster, Marion McDonald.

DIVISION IV.—Miss Moore, Teacher.

Highest standing: Junior Second—Betty Speers, Mary Goodwin, Mary Small. First Reader—Beth West, Kathleen Mawson, Robert Dunn. Second Primer—Earl Christie, Lillian Trevelyan, Frances Moore.

Perfect attendance—Freddy Alderson, Harold Beninger, Earl Christie, Levi Doble, Robert Dunn, Wellman Rollins, Mary Goodwin, Hazel Hopwood Frances Lewis, Kathleen Mawson, Mervyn Oatway, Beth West, Hirell Miller.

DIVISION V.—Miss Verreau, Teacher.

Highest standing: First Primer A—Ronald Gibbs, Eric Bennett, Dorothy Dunn. First Primer B—Jay Bliss, Kate Payne, Arthur Speers. Receiving Class—Margaret Blinco, Herbert Couling, Tom Crawford.

Perfect attendance—Lynn Beazer, Eric Bennett, Joan Hilton, Albert Hendy, Jack Gibbs, Marjorie Learmouth, Frances Lewis, Mary Maione, Lloyd Olsen, Jay Bliss, Andrew Miller, Rolland Miller, Hubert West, Hubert Benninger, Tom Crawford, Sydney Fisher, Arthur Speers, Allan Speers, Gordon Grande, Shirley Olson, Amy Webb.

Synopsis of Land Act Amendments

Minimum price of first-class land reduced to $5 an acre; second-class to $3.50 an acre.

Pre-emption now confined to surveyed lands only.

Records will be granted covering only land suitable for agricultural purposes and which is non-timber land.

Partnership pre-emptions abolished, but parties of not more than four may arrange for adjacent pre-emptions with joint residence, but each making necessary improvements on respective claims.

Pre-emptors must occupy claims for five years and make improvements to value of $10 per acre, including clearing and cultivation of at least 5 acres before receiving Crown Grant.

Where pre-emptor in occupation not less than 8 years, and has made proportionate improvements, he may, because of ill-health, or other cause, be granted intermediate certificate of improvement and transfer his claim.

Records without permanent residence may be issued, provided applicant makes improvements to extent of $300 per annum and records same each year. Failure to make improvements or record same will operate as forfeiture. Title cannot be obtained in less than 5 years, and improvements of $10.00 per acre, including 5 acres cleared and cultivated, and residence of at least 2 years are required.

Pre-emptor holding Crown grant may record another pre-emption, if he requires land in conjunction with his farm, without actual occupation, provided statutory improvements made and residence maintained on Crown granted land.

Unsurveyed areas, not exceeding 20 acres, may be leased as homesites; title to be obtained after fulfilling residential and improvement conditions.

For grazing and industrial purposes areas exceeding 640 acres may be leased by one person or company.

Mill, factory or industrial sites on timber land not exceeding 40 acres may be purchased; conditions include payment of stumpage.

Natural hay meadows inaccessible by existing roads may be purchased conditional upon construction of a road to them. Rebate of one-half of cost of road, not exceeding half of purchase price, is made.

PRE-EMPTORS' FREE GRANTS ACT.

The scope of this Act is enlarged to include all persons joining and serving with His Majesty's Forces. The time within which the heirs or devisees of a deceased pre-emptor may apply for title under this Act is extended from for one year from the death of such person, as formerly, until one year after the conclusion of the present war. This privilege is also made retroactive.

No fees relating to pre-emptions are due or payable by soldiers on pre-emptions recorded after June 26, 1918 Taxes are remitted for five years.

Provision for return of moneys accrued, due and been paid since August 4, 1914, on account of payments, fees or taxes on soldiers' pre-emptions.

Interest on agreements to purchase town or city lots held by members of Allied Forces, or dependents, acquired direct or indirect, remitted from enlistment to March 31, 1920.

SUB-PURCHASERS OF CROWN LANDS.

Provision made for issuance of Crown grants to sub-purchasers of Crown Lands, acquiring rights from purchasers who failed to complete purchase, involving forfeiture, on fulfillment of conditions of purchase, interest and taxes. Where sub-purchasers do not claim whole of original parcel, purchase price due and taxes may be distributed proportionately over whole area. Applications must be made by May 1, 1920.

GRAZING.

Grazing Act, 1919, for systematic development of livestock industry provides for grazing districts and range administration under Commissioner. Annual grazing permits issued based on numbers ranged; priority for established owners. Stock-owners may form Associations for range management. Free, or partially free, permits for settlers, campers or travellers, up to ten head.

Mr. Hutchinson of one of the Vancouver branches, arrived on Monday, and succeeds Miss Heath as cashier at the Bank of Commerce.

The winter's snowfall was the lightest recorded for some time, official measurements giving the total for the season as only 50 inches.

The band has booked the night of Friday, June 30th, for a dance in the Parish Hall, full particulars of which will be given next week.

If you are thinking of a piano for home call at S. A. Speers and get details of the Willis. You will have a Willis at the Chautauqua again this year.

FOR SALE—Six Leghorn cockerels, Marquis strain, first of March chicks from R. S. A. Jackson's (Duncans, B.C.) prize pen. $5 each. G. W. Harrison, Erickson.

Messrs. Wickstrom, Eastlake and Geo. Mawson got away on Monday for their annual four-day bear hunt. They are operating on International mountain this year.

At their June meeting on Friday afternoon the Presbyterian Ladies Aid awarded the contract of painting the church to Mr. Bush, who will be starting on the job in a few days.

Miss Della Lockhead, who has been a guest of her brother, Jimmy, at the ferry the past few weeks, left on Wednesday for Calgary, Alta., where she will spend the next few months.

NOTICE—A meeting of the guarantors of the 1922 Chautauqua will be held in the C.P.R. station waiting room at 8 o'clock Saturday, June 10th. All guarantors are urged to be present.

The showery weather that prevailed Wednesday and Thursday has furnished almost a total of one inch of rainfall and the vegetable crops and gardens are now coming along in great shape.

Note the pure quality of the Willis Piano at the Creston Chautauqua. These magnificent instruments may be purchased on convenient terms and at price to suit all pocketbooks. S. A. Speers, agent.

Teddy Haskins has started clearing operations on the seven acres of the Dow addition, near the Sherwood ranch, which he purchased last year, and will commence the erection of a house shortly.

TO CLEAR—We have a small quantity of chemical fertilizer, flour of sulphur and land lime, which we would like to close out this season, and are offering these at cost to clear. Creston Fruit Growers Union, Ltd.

Mrs. and Miss Marion Swanson received a hurried call to Calgary, Alta., on Monday morning, when a message arrived notifying that the former's sister, Mrs. Havden, was in precarious health, and not expected to live.

The crow killers had a banner month of it during May, during which month provincial police officer McLaren disbursed $130 in bounty. Some of the whites made a little pocket money on the crow kill on Victoria Day.

Mr. and Mrs. Frank T. and Miss Olive Abey of Kaslo celebrated the King's Birthday by making a trip to Creston, and had the pleasure of seeing their home town baseball team defeated by the locals by a score of 9-12.

FOR SALE—Three hundred and twenty acres near Arrow Creek known as sub-lot 54. Purchaser may have choice of north or south half at $10 per acre, or the whole lot at $8 per acre. W. K. Esling, Rossland, B.C.

Rev. J. A. James got away on Monday to Winnipeg, Man., where he is attending the sessions of the general assembly. He will probably go east after the sessions close and will be absent from Creston for at least the next two Sundays.

For the first time in the quite long history of Presbyterians in the Valley Creston congregation this year has a lay delegate to the general assembly which opened at Winnipeg on Wednesday, John Miller being the representative.

The June meeting of Creston Board of Trade is called for Tuesday night. Among the matters to come up will be a Dominion Day trip to Bonners Ferry in connection with recent developments in the Kootenay Flats drainage scheme.

In the list of Chautauqua ticket sellers given out last week the name of T. E. Goodwin was omitted. He is teamed with Jas. Cook in handling a part of the town area and from present indications they will equal the best effort of those in charge of disposing of the pasteboards in town.

Canyon City

Mrs. Browell, who has charge of the sale of Chautauqua tickets in this section, is meeting with great success, and it is now assured that Canyon will be well represented at the six days of entertainment that opens at Creston next Thursday.

Tom Hickey has a crew at work moving the portable sawmill plant of the Homseekers' Agency at Wynndel to Canyon, where it will be set up in the neighborhood of Camp 3 and will be used to cut the logs coming off the Company area around the Lyon ranch.

Inspector Manning was here on Thursday for his annual inspection of the Canyon school, and in his reports to the trustees he states that the all-round conduct of both rooms shows decided improvement over last year.

The community picnic at the Whimster ranch on Saturday was very largely attended by both children and adults, and a splendid afternoon was spent with races, games, and various other amusements, including a tug of war in which the team headed by J. W. Wood had the best of it in a contest with the stalwarts headed by W. Searle. The supper spread was worthy of the Canyon ladies and was done full justice to by all present.

A. D. Pochin is operating a home-made Skinner system for irrigating his soft fruits, while at the Huygens & VanAckeran place a sprinkler system is in use, and to look at the strawberries it would be hard to say which is the best. On both places there is a splendid show of fruit.

Wynndel

Walter Carr, who has spent the winter in Spokane, returned here last Friday and is at present on the office staff of the Co Operative Fruit Growers.

Mrs. R. Dalbom was taken to Cranbrook hospital on Tuesday morning in a rather serious condition, and had to be rushed to hospital for an immediate operation for appendicitus. She was accompanied by her mother.

Pete Wallace of Fernie, who worked in the M. Wigen mill here all last summer, returned on Monday and figures spending this summer also.

The many friends of H. Rosindale will be pleased to hear that he is doing very well after his operation, and that he will probably be able to return to his home in a week or ten days.

The glorious weather over the week end took out most everybody on picnics in one direction or another. No less than three parties left here, and Duck Creek was a real deserted village on the Sabbath.

A. Bartlett landed here on Monday with a survey party and is busy on an extensive geological survey. They have located their camp on the point between the M. Wigen boarding house and the Indian camp, and are fixed up for quite a stay.

J. Gasken, who suffered a couple of broken ribs in a buggy accident last week, is able to hobble around again. He was in town on Monday, and though badly shaken up has the appearance of soon being his old time self again.

A. C. Pope and Bob Foxall left last week for Elk, Wash. The former has taken a piece of land there, while the other is working in a large mill. Mrs. Pope and family will join them shortly.

E. F. Post of Cranbrook was a week-end visitor here, returning to the big town on Monday.

Mr. Sheppard of Winnipeg, who recently bought block of land from H. A. Bathie, sr., is busy getting out the sills and other timber for his house. Clem Payette has the contract for hewing the former.

Messrs. Hayes and Speers of Creston were visitors here on Friday billing the town for the big six day Chautauqua that opens at Creston on Thursday.

The United Farmers dance on Saturday night was, without doubt, the best dance of the season. Andestad boys provided most of the music, and it was of the highest order, Miss D. Butterfield relieving for a short time at the piano, while L. Moborg added a little variety by some accordeon selections. The floor was crowded all night and it was a very reluctant gathering that quit at 2.30 a.m. A very nice sum was netted for the U.F.

When paying a flying visit to Duck Creek with S. A. Speers on Chautauqua business last week we dropped in to have a talk with our old friends, Butterfield & Son, and found them busy painting and decorating their ice cream parlors, so as to make them not only pleasing and attractive, but also quite sanitary. The walls and front of counter have been done in a pleasing, cool-appearing contrast of black and white, while the floor has been painted a restful dull green, the whole being carried out with a special sanitary gloss paint. During our stay we were served with sundaes of which the store is always ready to dispense in numerous flavors and at a moderate price. The store also has a splendid soda fountain, and all their equipment is of modern design. The ice cream sodas and sundaes are served in Vortex paper cups with plated holders. Everything is spotlessly clean, their constant efforts being directed towards cleanliness, efficiency and service. Windows and doors can be opened all round the store thus rendering it on the hottest summer days a cool retreat—quite the coolest spot in Duck Creek. We also noted they are carrying a full stock of bananas, oranges, lemons, besides a fine line of goods to meet the requirements of the summer trade. It is always pleasurable to find a pioneer business man keeping on making improvements; advancing with the times, Butterfield's store is the pioneer store of Duck Creek, and began some years ago in a very small way, but every year has seen some addition or improvement to enable them to better service to their patrons and all will wish them success this season. When running out of town in the evening make a bee line for Butterfield's ice cream parlor, and you will come home with something to talk about.

OPEN SATURDAY EVENINGS

Commencing with Saturday, June 10, the Feed Warehouse at Creston will be open for business from 7 o'clock p.m. to 9.30 o'clock p.m. each Saturday evening.

ROYAL YEAST CAKES

Product of Canada

It was known many years ago that yeast is an excellent thing for the many ills that result from disordered stomach or rundown blood condition. Lately eminent scientists have been investigating the matter thoroughly and their conclusions point to the fact that the beneficial effect of yeast has not been overrated. The yeast treatment is very simple and economical - and altogether harmless.

Before each meal eat a Royal Yeast Cake, or take a cake dissolved in water or fruit juices. The scientific investigators say that the curative elements in Royal Yeast are the vitamines and nuclein which it contains. It is certainly well worth a fair trial by those who suffer from any of the ailments mentioned above.

Send name and address for free booklet "Royal Yeast Cakes for Better Health."

WINNIPEG. TORONTO. CANADA. MONTREAL.

Remodel The Constitution

Just as the spur of necessity forced governments all over the world to increase taxation in order to raise enormous war revenues and to meet interest charges of ever mounting war debts, so necessity now demands the inauguration of every safe and business-like reform calculated to bring about a reduction in national expenditures and thereby make possible a lowering of taxation. High taxation is today throttling all industrial and commercial enterprise and is operating as a clog on the wheels of business, hampering the provision of adequate and remunerative employment for tens of thousands of people, and retarding a return to pre-war prosperity.

There is opportunity for the inauguration of economies in public administration in Canada through a revision, a remodelling, of some of the provisions of the national constitution as it governs the relations between the Federal Government and the several Provincial Governments.

Canadian taxpayers today are called upon to bear the expense of nine Government departments of agriculture, one in each province and one for the Dominion as a whole. There is inevitably an enormous amount of overlapping in effort and waste in expenditure. Inasmuch as agricultural conditions and needs vary greatly throughout the Dominion it is probably necessary to have Provincial departments devoted to the encouragement of agriculture, but with each Province looking after its own requirements in this respect, where does the need exist for a Dominion department? It could very well be done away with, a substantial saving effected, and no outstanding loss to the industry of agriculture result. Yet the Canadian constitution gives jurisdiction to both Federal and Provincial Governments concerning agriculture.

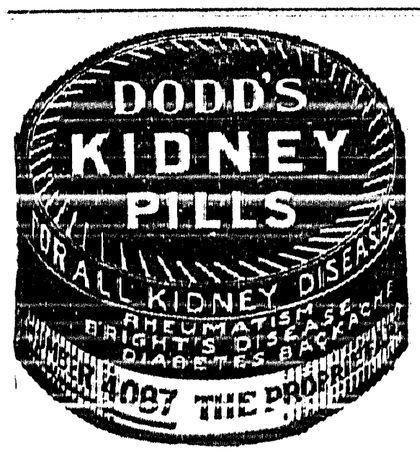
Then there is over-lapping in connection with such subjects as insurance, with the result that we find departments at Ottawa and in the Provincial capitals, fully staffed, compiling insurance data and statistics, enforcing inspections of one kind and another, collecting fees from companies, which, of course, the people in the final analysis have to pay, while Parliament on the one hand and Provincial Legislatures on the other are busy enacting new laws and regulations governing the conduct of the business of insurance.

Much the same thing is true in connection with laws concerning the incorporation, management, taxation, etc., of Companies during business throughout the Dominion. There is a constant conflict in legislation and authority, and the courts are full of actions and appeals to decide where the authority of the Dominion ends and that of the Provinces begins, or vice versa. Constant recourse is had to the Privy Council in London to decide these knotty questions, for all of which the people of Canada ultimately pay.

Step by step Provinces have in recent years encroached upon what was formerly regarded as the exclusive right of the Federal Parliament to legislate in the matter of Banks and banking. Farm Loan Boards are essentially a form of banking, taking the money of people on deposit in the form of bonds and debentures and re-loaning the proceeds, while in Ontario and Manitoba the Provincial Governments have actually established Provincial savings banks. Even admitting that such action has been forced on the Provinces through the failure of the Federal Parliament to revise the Bank Act in order to make it meet conditions in these Provinces, rather than leave it as it is, chiefly of benefit to manufacturing industry and the larger concerns of finance and commerce the fact remains that we are heading for further duplication and waste in effort, with consequent increased expenditure.

The Canadian constitution needs clarifying. There is need for a sharper, more clear cut definition of the powers of each of our legislative bodies, Federal and Provincial. There should be reduction to an absolute minimum of those subjects in regard to which both have jurisdiction. Many subjects should either be left absolutely and solely to the Dominion, or in like manner to the Provinces. Even in the matter of divorce we have Provincial courts granting them, and Parliament—whose time should really not be taken up with such matters—engaged in the same work.

We would like to see Premier Mackenzie King take firm hold of this question of a revision of the constitution and call a conference of Provincial Premiers and Attorneys-General to meet with the Federal ministers in a well defined and sincere attempt to simplify the constitution and evolve one more in keeping with the present day conditions and the requirements of the Dominion. Aside from large savings in administration costs which could unquestionably be effected, there is the even more important fact that less confusion and litigation would exist, and greater efficiency in public service result.



Remarkable Generosity

Sandy, the farmer, had been staying with some friends for about a month, and while he and his host were out for a walk one day they called at a wayside inn for a drink. As his host was about to pay for it Sandy stopped him.

"Na, na," he said. "I'll not allow it. Ye've been keeping me in everything at yer hoose for a month, and ye've treated me to th' theatres, and cab fares, and paid for all the drinks. I tell ye, I'll hae ma mair of it. We'll toss for this one."

Minard's Liniment used by Physicians

The Largest Coin

Large Coins Were Commonly Used in Sweden in Olden Days

Probably the largest coin in the world is one belonging to Farren Zerbe, internationally famous expert on rare coins. It is a piece of stamped copper plate 10 inches square and weighs six and one-half pounds. It has a value of "1 daler" (the daler was a coin of varying value) stamped on it, and the date 1730. Such coins were commonly used in Sweden for some time during and after the wars of Charles XII. It is a part of a collection of more than 30,000 specimens, representing mediums of exchange of all countries and periods from the earliest times to the present day. The total face, or original exchange, value of the collection is counted in millions, but no present value has ever been placed on it. Many of the coins are, of course, rare and of much greater value than their face.—East and West.

Alberta's Rapid Growth

Statistics just compiled show that the urban population of the area included in Alberta has grown in twenty years from 18,533 to 222,904, an average increase of about 10,000 per year. During the same year the rural population has been increasing at an average rate of 15,500 per year.

PALE, WEAK GIRLS AND DELICATE WOMEN

Can Find New Health by Enriching Their Blood Supply

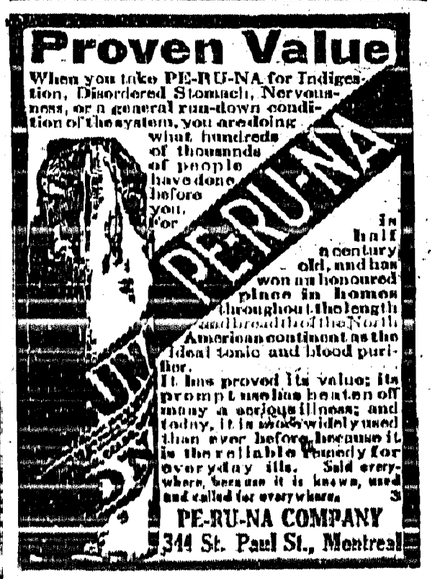
Nature intended every girl and every woman to be happy, active and healthy. Yet too many of them find their lives saddened by suffering—nearly always because their blood is to blame. All those unhappy girls and women with colorless cheeks, dull skins, and sunken lusterless eyes, are in this condition because they have not enough red blood in their viens to keep them well and in the charm of health. They suffer from depressing weariness and periodical headaches. Dark lines form under their eyes, their heart palpitates violently after the slightest exertion, and they are often attacked with fainting spells. These are only a few of the miseries of bloodlessness. When the bolod becomes thin and watery it can be enriched through the use of Dr. Williams' Pink Pills and the troubles that come from poor blood disappear. In almost every neighborhood you will find some formerly ailing woman, or pale breathless girl who has a good word to say for this medicine. Among them there is Miss Laura Monaghan, Campbellton, P.E.I., who says:—"Before using Dr. Williams' Pink Pills I was in a badly run down condition. I was pale, thin and scarcely able to go about. The least exertion made my heart palpitate so violently that I actually was afraid one of those spells might carry me off. Often my nights were sleepless, and as the treatment I was taking did not help me I was almost in despair. Finally a friend advised the use of Dr. Williams' Pink Pills, and in the course of a few weeks after beginning this treatment there was a decided improvement in my condition. I continued using the pills, and am now enjoying good health. I am glad to give you my experience in the hope that some other sufferer may find the way to better health."

These pills are sold by all medicine dealers or may be had by mail at 50 cents a box or six boxes for $2.50 from The Dr. Williams' Medicine Co., Brockville, Ont.

A lighthouse on the Japanese coast is constructed of bamboo. Bamboo was used because it has great power of resisting salt water, and does not rot like ordinary wood.

Ask for Minard's and take no other

More than 5,000,000 eggs are required for the daily larder of Greater New York.



RED ROSE TEA is good tea

27 Years the Same Good Tea—and Always in the Sealed Package

87

The Killjoy

Wife (at the theatre).—Oh, John, did you notice if that match you threw into the wastepaper basket before we left home was really extinguished?—Life.

DO YOU FELL LIKE THIS WHEN YOU WAKEN?

Do you feel blue, sickly, heavy, too tired to get up? If so, it's probably your liver which is slow, and needs to be toned and stimulated by Dr. Hamilton's Pills. It's a wonderful change Dr. Hamilton's Pills will make in a few days. They relieve the system of poisonous wastes, they aid the stomach, improve digestion, increase your appetite. You'll feel like new all over after using this health bringing medicine. Thousands have proved it. Sold everywhere in 25c boxes, or The Catarrhozone Co., Montreal.

Wild Animal Sanctuary

Mr. Patrick Establishes Park for Wild Animals at Yorkton

At Yorkton, Sask., J. A. M. Patrick, K.C., has established at his own expense, and as a means of affording him pleasure, a sanctuary for wild animals. He has succeeded in obtaining a number of specimens of our rapidly disappearing wild life, among them being antelope and white-tailed deer. He has recently purchased four pure white deer from Grand Rapids, Mich. These deer are exceedingly rare, only seventeen being known to be in existence on the continent. Mr. Patrick is having the usual difficulties in protecting his sanctuary, but is continuing the good work.

Railway Mileage in Saskatcehwan

The total railway mileage in the province of Saskatchewan is now 6,269, of which the Canadian Pacific operates 2,777 miles. The aggregate mileage in 1905 was only 1,525; in 1910, 3,259; and in 1915, 6,102.

Could Hardly Live for Asthma, writes one man who after years of suffering has found complete relief through Dr. J. D. Kellogg's Asthma Remedy. Now he knows how needless has been his suffering. This matchless remedy gives sure help to all afflicted with asthma. Inhaled as smoke or vapor it brings the help so long needed. Every dealer has it or can get it for you from his wholesaler.

Plan Radio Station At Norway House

For Reporting Fires and Broadcasting Reliable Weather Reports

If present plans mature, two radio stations will be installed this season for the use of the forest aeroplane patrols at Norway House and Victoria Beach, according to Major B. D. Hobbs, of Winnipeg station of the Canadian Air Board. The outfits will be able to transmit by key only and to receive key and telephone calls. The advantages of the methods will be that speedy communication may be made between bases in the matter of reporting fires to the district inspector of forestry at Winnipeg, so that help may be sent to the scene of conflagration as soon as possible, and for the broadcasting of reliable weather reports from the north country. The flying boats will also be equipped with wireless outfits.

Production of Gold Increased

The value of lode gold produced in British Columbia in 1921 was $2,804,154, as compared with $2,481,392 in 1920, an increase of $322,762, or about 13 per cent., according to a report of the Department of Mines. The production of gold in British Columbia during each of the last four years has only been about one-half of the annual output immediately preceding the war. However, judging from developments now in progress it would seem that in a short time the annual duction of gold in the province should increase considerably.

Keep Minard's Liniment in the house

For a White Australia

Policy of Australia for White Population Favored in England

The Imperial British Government, as a matter of Empire concern, is favorably inclined toward Australia's "White Australia" policy reports Sir James Connolly, Agent-General for West Australia in London.

Sir James states that the policy would help close the back door to the Australian continent, and especially to the unpeopled semi-tropical territories of Northern Australia.

It is possible, Sir James said, that the Imperial Government would aid in the scheme of building railways and roads and equipping 2,000 farms in the territory for occupation by emigrants from British lands.

When Overtaken by Nausea Try This Simple Remedy

When you don't know whether it's going to stay down or come up, when you look like thirty cents, and feel even worse, what you need is twenty drops of Nerviline, in sweetened water. Almost like magic is the change you experience. Those feelings of vomiting disappear. Thousands of homes rely on Nerviline in case of sour stomach, gas-bloating, nausea and upset stomach conditions. Get it to-day, large 35c bottles sold by all Dealers.

"I have a new job in the bank, now," announced Tom Withers. I'm a draft clerk."

"Draft clerk?" asked Edgar. "What does a draft clerk do?"

"I open and close the door."

Simple and Sure.—Dr. Thomas' Eclectric Oil is so simple in application that a child can understand the instructions. Used as a liniment the only direction is to rub, and when used as a dressing to apply. The directions are so plain and unmistakable that they are readily understood by young or old.

Automobiles Indicate Prosperity

If the demand for automobiles is an indication of general prosperity, as is usually supposed, Canada must be in an enviable position. Aside from the large number of automobiles manufactured in Canada there have been imported into this country in the last five years passenger automobiles to the value of $45,749,115.

STOMACH TROUBLE? INDIGESTION?

Here's Good News for You

Lindsay, Ont.—"Dr. Pierce's Golden Medical Discovery is the best medicine I have ever taken for stomach trouble. For many years I suffered with gastric stomach trouble and nervous indigestion. Would be so bad at times that it was necessary for me to be in bed two or three days at a time. I have doctored and taken many different medicines with little relief. Just recently I began taking Golden Medical Discovery and it has given more relief than all the other medicines I have ever taken. My stomach does not bother me and I have not had any indigestion since taking this medicine. I can highly recommend the 'Discovery' to others who suffer with stomach trouble."—Mrs. Geo. Wellington, 6 John St.

All druggists. Liquid or tablets.

Mrs. Fawcett Gives Advice to Mothers

St. Catharines, Ont.—"I took Dr. Pierce's Favorite Prescription during expectancy when I felt especially in need of a tonic and it benefited me greatly. I always take pleasure in recommending this 'Prescription' to young mothers because I know it will not fail to help them." — Mrs. J. H. Fawcett, 8 Beach St.

Your health is most important to you. It's easily improved. Just ask your nearest druggist for this Prescription of Dr. Pierce's in tablet or liquid form.

Write Dr. Pierce, President Invalids' Hotel, Buffalo, N. Y., if you want free medical advice.

Important Changes In Taxation Announced In Budget Speech

Ottawa.—Not a seat was vacant in the House when Hon. W. S. Fielding arose to present the first budget of the present administration, but his sixteenth as a Minister of Finance. When Mr. Fielding last made a budget statement, 11 years ago, his story was one of a bounding prosperity. To-day (as an aftermath of war), it was because of the gravity of the financial situation that he stressed the necessity of making his budget balance. He had reductions to announce in custom's duties, but he had likewise some sweeping increases in taxation. He pleaded for the "deep and earnest need" of economy; he urged that Members of Parliament and the people alike should pass a self-denying ordinance. "I would not, however," Mr. Fielding hastened to add, "have anyone draw the impression that I take a gloomy view of the situation. There is, happily, a brighter side."

For the financial year 1922-23, the Finance Minister summarized the financial situation in this wise:

Estimated revenue, $332,629,000; estimated expenditure, $306,983,359.

The following gives the budget in brief:

Tariff reduction combined with increases in special taxes:

British preference increased on many items.

Few reductions on imports from United States.

Acts of last sesison regarding consular certificates, valuation for duties, and limiting depreciation on foreign exchange to 50 per cent., are all repealed.

Goods Marking Act repealed, but marking made permissive at option of Government.

Sales tax increased by 50 per cent.

Tax of 1 per cent. imposed on bank circulation, in addition to income tax.

Five per cent. tax on premiums paid to unlicensed insurance companies.

Tax on cheques raised to 2 cents on each $50.

Tax on telegrams raised to 5 cents.

Taxes on tobacco cigars and cigarettes revised so as to relieve cheaper brands and increased rates on more expensive.

Ale, beer, porter, etc. to pay tax of 15c per gallon.

Soft drinks taxed 10c a gallon.

Additional tax of 5 per cent. on automobiles up to $1,200 in value; above that, 10 per cent.

Confectionary to pay tax of five per cent.

Tax reduced on matches in small boxes.

Customs rates on agricultural implements reduced by from 2½ to 5 per cent.

Increase in British preference on sugar.

Duties on cocoa and chocolate reduced.

Reduction of 2½ per cent. in duties on woollen clothing.

Collars and cuffs, reduction of 5 per cent.

Boots and shoes, duty reduced 2½ per cent.

Reduction in duty on gasoline for fishing vessels, and on other fishermen's supplies.

Reduction of 2½ per cent. in British preference rates on cotton yarns and cotton fabrics, also on knitting goods, linen, or cotton clothing.

British "movie" films to come in at lower rate.

Machinery for saw mills reduced under the general tariff.

Excise tax of 49 cents imposed on beet sugar.

Parts of pumps and iron tubing come in at reduced duties for mining industry.

Iron tubing and tools reduced for plumbing.

Window shades reduced 2½ per cent.; if British.

Import of many lines added to prohibited list.

Drawback schedule revised.

W. N. U. 1422

Has Faith in Canada

Duke of Devonshire is Complimentary to People of Dominion

London.—The Canadian Club of Great Britain on Empire Day entertained the Duke of Devonshire, ex-Governor-General of Canada, at luncheon which was attended by a good many Canadians and ex-Canadians now residing or visiting in London. There were present also Ambassador Harvey of the United States; Sir Hamar Greenwood, Secretary for Ireland; Hon. E. Shortt, Home Secretary; and Col. L. C. Amery, Parliamentary Secretary for the Board of Admiralty.

Sir George Brown presided in the absence of Hon. P. C. Larkin, who is in Geneva.

Responding to the toast in his honor, the Duke said that even the ten months that had passed since he resumed his residence in England had not robbed him of the optimism acquired in Canada. It was easy enough to talk about Canada's natural resources but the marvellous development of the country was equally due to the character of the people and its institutions.

Temperance and Morals

Liquor Question Will Be Issue in Quebec Elections

Montreal.—"There will certainly be elections. I cannot say just when, I hope they will come soon, but I certainly don't think they will be held either in June or July."

This was the feature of the speech made by Hon. J. L. Perron Provincial Minister of Roads, addressing the members of L'Association de la Parole Liberale here. He added: "Whether the sale of liquor in this province is to continue under Government control or go back to individual vendors as under the old license system, is in my opinion the fundamental question and it is on this question first and foremost that elections will be held in this province."

M. Perron declared that alcohol in North America was a necessity.

"We must have it, for if we did not there would be worse things. The revenue part, after all, is only a secondary matter. It is a question of temperance and morals."

Serious Position Of British Aviation

France Will Have 226 Squadrons Against Britain's 12

London.—Major W. T. Blake, of the Royal Air Force, and Captain Norman MacMillan, who on the death of Sir Ross Smith took over the latter's plan to fly around the world, were entertained at luncheon in London by the Daily News. Lord Montagu, of Beaulieu presiding. It was announced that a private individual was financing the entire expedition. Lord Montagu speaking of the serious position of British aviation said the end of 1922 would find the French with 226 air squadrons compared with Great Britain's 12.

English Meat Traders Ask Embargo Removal

Say Canadian Cattle Only Remedy for Livestock Shortage

London.—"We are greatly concerned over the big shortage of livestock in the country and the high price of English meat. The only remedy is re-introduction of Canadian cattle." Thus begins the anti-embargo resolution of the National Federation of Meat Traders. The Daily Express, in commenting on the embargo controversy, supposes Sir Arthur Griffith-Boscawen and other ministers prefer home-killed meat themselves, so why imagine that other people prefer the frozen variety.

Ottawa.—Practically without discussion the House voted $1,199,000 for the maintenance of fisheries; $114,810 for steamboat inspection; $262,000 for meteorological service; and $90,000 for the Sorrel shipyard.

WESTERN EDITORS

H. D. Peddlar, Editor of The Herald, Oxbow, Saskatchewan.

Saskatchewan Musical Festival

Splendor of Massed Choral Singing Subject of Comment

Regina.—Not less than 3,500 people gathered at the Stadium on Wednesday evening and in point of attendance the day may be said to have been a complete success in spite of the holiday rather than because of it. For trains both into Regina and out carried capacity crowds, and though hundreds sought rural refuge from paved streets, hundreds of others came in to attend the festival—a proportion of them to take part.

The evening programme was given over to the final performances of Class A brass bands, choral societies and military bands. This was followed by the performance by the massed choral societies—an aggregation of something like 1,000 singers—of Rachmaninoff's "Cherubim Song" under the baton of Fracis Stevenson, conductor of the Orpheus Choral Society of Saskatoon.

Saskatoon carried off the most coveted honors of the 1922 musical festival, when the Orpheus Society won the shield in the choral society contest with 174 points. The Moose Jaw Choral Society, conducted by W. H. Maxwell, came second with 170. The Regina Choral Society, conducted by F. Laubach, was given third place with 163 points; and Prince Albert Choral Society, conducted by Madame J. E. Morrier, was fourth, with 160½ points.

The splendor of the massed choral singing can best be imagined from the statement of T. Tertius Noble, who has shown no inclination to be over-liberal of praise, but who said of this culminating production, "This is a festival chorus most undoubtedly and it is made up of magnificent material."

The United States is the world's largest consumer of crude cocoa.

TIRED AND RUN DOWN

Lydia E. Pinkham's Vegetable Compound Helped Where Other Medicines Failed

Vancouver, B. C.—"I took Lydia E. Pinkham's Vegetable Compound because I was tired and run down. I had headaches and no appetite and was troubled for two years with sleeplessness. I tried many medicines but nothing did me any real good. While I was living in Washington I was recommended by a friend to take the Vegetable Compound. I am stronger and feel fine since then and am able to do my housework. I am willing for you to use these facts as a testimonial."—Mrs. J. C. Greaves, 771 Hornby St., Vancouver, British Columbia.

Many women keep about their work when it is a great effort because the work must be done. Lydia E. Pinkham's Vegetable Compound has brought relief to thousands of tired housewives by removing the troubles which cause annoying symptoms.

If you are suffering from nervousness, headache and backache, pains in right or left side, tired and run-down feelings, take Lydia E. Pinkham's Vegetable Compound.

Just bear in mind this medicine has been used by women for nearly fifty years. That is a long record of service, and stands upon the foundation of merit.

Railroad Freight Rates In United States Are Reduced Ten Per Cent.

Washington.—Railroad freight rates in the United States will be reduced on July 1 by amounts equal to 10 per cent. of their present levels, under a decision of the inter-state commerce commission.

Practically all classes and commodities of traffic are affected by the decision which marked the conclusion of the investigation begun last autumn by the commission, on its own initiative into the reasonableness of existing freight levels.

The cut in freight rates was fixed by the commission at 14 per cent. in eastern territory; 13½ per cent. in western territory, and 12½ per cent. in the southern and mountain Pacific territories.

The commission, in ordering the decreases—which are on a horizontal basis—held that the nation's railroads are entitled to earn 5¾ per cent. on the value of their property rather than the approximate six per cent. fixed as a reasonable return in the Transportation Act of 1921.

Agricultural products in all sections of the country outside of New England, livestock and western grain and grain products are the chief commodities excluded from the reduction, these comprising the freight classifications upon which reductions have been recently put into effect.

Passenger charges and Pullman fares also are unchanged by today's decision.

Though a divergent view within the commission was indicated by several supplemental concurring or dissenting opinions, the full weight of the commission appeared to be thrown behind the statement made in majority and controlling opinion that a general reduction in the rate level as substantial as the conditions of the carriers will permit will tend to stabilize the conditions under which commerce and industry are carried on, consequent fuller assurance to carriers of realizing a fair return.

The great reductions in freight rates are expected to have an important bearing on importations from Canada and elsewhere. The lowering of freights, as viewed here, will to some extent increase imports from Canada which have had to encounter not only tariff duties but such high freight charges as to greatly restrict markets.

Inefficient Sea Power

London Telegraph Deplores Lack of Dominion Participation in Naval Matters

London.—The Daily Telegraph, in an editorial dealing with the Empire's naval position, asks what has happened regarding dominion participation in pursuance of the co-operation policies between Britain and the dominions as outlined at the meeting of premiers.

Supplying the answer, it says: "Nothing, and less than nothing." The Telegraph remarks that the baby navies of Australia and Canada will, in a few months, to all intents and purposes, cease to exist.

The newspaper continues:

"In the view of a legitimate cry for economy in this country our squadrons are being further cut down in European waters. The time is not far distant when we shall be an inefficient power by sea and the Washington standard will seemingly be a mere scrap of paper. Is that a small matter to Canada looking out over the Atlantic and the Pacific and does it suggest no reflection to Australia, New Zealand and South Africa? By joint effort they could at least see that the Washington standard accepted by Great Britain and the dominions is maintained."

Fatal Canoe Accident

Two Men Drown When Canoe Overturns in Rapids

Winnipeg.—Overturning of a canoe containing three members of the forestry service, on Winnipeg River, above Manitou Rapids, resulted in the drowning of Fred French, a first year student in the forestry school, University of Toronto, and Albert Bale, of Winnipeg, a cook, according to word received here.

Another university student, N. M. Kenslt, succeeded in reaching shore after making a valiant effort to rescue French. He held him until he realized they both would be drawn over the rapids, when he was forced to relinquish his hold. French and Bale were swept over the rapids.

Post Office Will Issue Licenses

Ottawa.—After June 1, radio receiving licenses will be issued through the post office department of larger cities as well as through the radio branch of the naval service department. Hitherto all licenses were issued through the latter department. An earlier report that the issuing of the licenses will be turned over to the postal department is incorrect. The charge is $1 annually.

German War Material Destroyed

Berlin.—Up to March 1, Germany had destroyed 5,855,000 rifles and carbines, 104,000 machine guns, 35,700,000 loaded shells and mines, 14,800,000 grenades, 13,383 airplanes and 24,035 airplane engines, according to official figures.

Many Soldiers Have Abandoned Farms

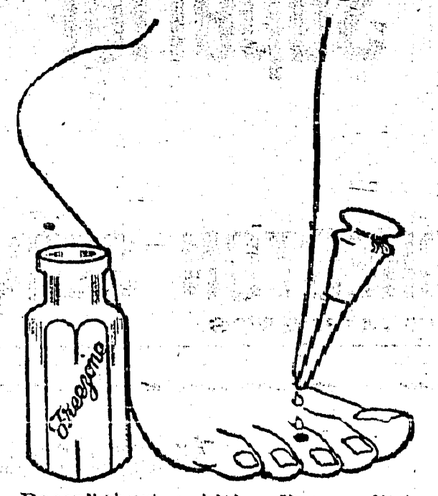
Hon. Charles Stewart Says Number Totals Over Two Thousand

Ottawa.—Hon. Charles Stewart, Minister of Immigration, stated in the House of Commons that there had been 2,352 abandonments of farms by soldier settlers.

The total amount of public monies invested in the abandoned farms was $9,885,535. The amount invested in lands and buildings was $1,651,257. The return received was $1,852,334. The amount invested in stock and equipment was $539,853, and the return received from the sale of this stock and equipment $376,466.

CORNS

Lift Off with Fingers



Doesn't hurt a bit! Drop a little "Freezone" on an aching corn, instantly that corn stops hurting, then shortly you lift it right off with fingers. Truly!

Your druggist sells a tiny bottle of "Freezone" for a few cents, sufficient to remove every hard corn, soft corn, or corn between the toes, and the calluses, without soreness or irritation.

Fruit Crops Damaged

Victoria.—Frost has damaged fruit crops on Vancouver Island and the gulf islands, estimated at from 30 to 50 per cent. of the early bloom, according to the Government report. In some cases the damage was a good deal heavier, the report says.

Local and Personal

FOR SALE—Fireless cooker, on view at Mercantile Co. store.

The Willis piano has again been selected for use by the Chautauqua circuit. The artists all have the highest praise for "Canadian Best" piano. S. A. Speers, agent.

Creston Valley helped in better than average fashion to augment the government revenues via the provincial police route during May, when $140 was collected in fines, $375 in motor licenses, and almost $40 in amusement tax.

A commodious glass showcase has just been installed in the window at the Norris bakery which in addition to rendering the goods weather and fly proof also permits of a much more effective display of the several new lines of hot weather cookery that are now being made.

There has been quite a healthy demand for telephones this month, and amongst the June installations are residence phones for C. B. Twigg and F. C. Rodgers at Canyon City; a business phone for the Winlaw Lumber Company at Wynndel, and another at the U.S. customs house at Porthill.

The weather statistics for May show that the hottest day of the month was on the 16th, when the heat wave reached 81 in the shade. The third was the coolest day of the month with a showing of 29 above. The rainfall for May was lighter than usual the total precipitation being less than one inch.

Wm. Ramsay of Nelson, public works engineer, was here on an official visit on Thursday and Friday, looking over the hard-surfacing road operations and the new Goat River bridge. He is expecting to call for tenders for the new roads at Kitchener and Arrow Creek before the end of the month.

In order that a definite conclusion may be arrived at as to needed school accommodation all parents who will have children six years of age to start school after summer holidays are asked to notify Principal Smith or either of the three trustees, R. B. Staples, F. H. Jackson or S. A. Speers, immediately.

Although Wednesday's weather was cool and inclined to be showery a number of loads of Creston people motored to Sirdar for the Ladies' Aid sale of work and day of general amusement. Despite the threatening atmospheric conditions the event was a big social and financial success the day's intake being almost $200.

The fate of Creston Lodge Knights of Pythias was officially sealed on Thursday last when the regalia and other equipment, as well as some $200 of accumulated dues were returned to the Grand Lodge, where they will be held pending the possible re-opening of the lodge here. Even the piano was sold, W.W. Hall being the buyer.

Although May is usually one of the quiet month for ferry traffic the records for the month show that the Kootenay River transport had a total passenger list of 160 on the almost 200 round trips made. The travel was principally with double rigs, 76 of these having been carried to 16 single, and a showing of 51 saddle horse riders.

The ball game of the season is scheduled for 2.30 Sunday afternoon at Exhibition Park when Yahk will be here for a return game with Creston. These teams met early in May at Yahk when Creston batted out an 8 to 1 victory, and as the locals are playing still better ball this month certainly a fast and exciting game may be looked for, as Yahk has taken on some new talent and will show improved form.

The Chautauqua ticket selling campaign is now in full swing at all points in the Valley, and reports reaching Chairman Allan are all to the effect that at the outside points the buying is considerably heavier than a year ago, while in town there is also a fine demand for both the adult and children's admissions. From all appearances a crowd larger than last year will be on hand for all the performances.

Miss Alice Heath, who has been on the staff of the Bank of Commerce for almost the past five years, has given up her position, and left on Sunday for her home at Invermere. Both as junior as well in the other positions she held Miss Heath combined courtesy with ability and has been one of the most popular and efficient clerks the local staff has ever had, and her retirment will be regretted by all the bank's patrons.

The Catholic Club finished their four-night series of whists on Friday, with the honors for the evening's play going to Miss Sadie Wood and Frank Putnam, while the worst showings of the night were by Mrs. McCarthy and Herb Manuel. The grand prizes for highest total points on the four games went to Miss Wood and "Jock" Osborne. While the play furnished four evenings of splendid entertainment, owing to the series being so late in the season the attendance was not as large as hoped for, but at that the ladies will clear a few dollars on their undertaking.

"Canadian Best" piano is both Canadian and British through and through. Built by Canadian labour and financed by Canadian capital, the Willis stands for the highest ideals in piano construction. Again selected for the Chautauqua circuit in British Columbia and the west. S. A. Speers, agent.

Rev. G. Knox got back on Friday from attending the annual Methodist conference at Vancouver, and reports it about the most successful yearly conclave of recent years. Creston people will be interested to know that Rev. Mr. Hamilton, who had to give up the work here due to ill health in 1920 is now back in the pulpit—at Grace Church, Vancouver. Rev. M. W. Lees, who retired as local pastor in 1918 is now at Smithers, while Rev. Fred L. Carpenter, will again this year be in charge at Sapperton.
