Creston Offered League Baseball

Meeting Sunday to Reorganize Creston Club and Discuss the Whole Situation—Financing is Not Considered Difficult.

All interested in more and better baseball should be at the meeting on Sunday afternoon at Creston Hotel, when the local club will be reorganized and plans laid for the 1930 season.

Recently Creston has been invited to enter an international league along with Libby, Montana, and Sandpoint and Bonners Ferry, Idaho, and in this connection a special committee of F. Putnam, R. Walmesley and M. J. Beninger have just about completed a canvass of the community to see just about what financial support can be looked for, and we understand they are quite well pleased with the response.

In addition to the international circuit there is likely to be an East Kootenay league into which Creston can get, along with Lumberton, Kimberley and Fernie, and one of the things to be decided on Sunday is which circuit Creston will play.

Present plans would have the international group open the season at about June 1st, and Creston would be assured a fast article of ball every other Sunday afternoon throughout June, July and August.

The intention is to make the game purely amateur. Each club will enroll whatever number of players it is agreed to allot each team, and these men will be the only material used throughout the season, unless permission is given a weak team to strengthen, if possible. So far as Creston is concerned local talent will be given the preference every time, and with most of the 1929 team available, Creston ought to be able to make a good showing in any company.

If league baseball comes the village council, which now owns the fair grounds will be asked to spend a few dollars putting the diamond in first-class shape, and the club will have to arrange to erect the customary wire screen behind the catcher, and back of which the rebuilt grandstand can be placed. And along with this will have to come better seating arrangements for the patrons of the games.

While nothing definite has been decided the finance committee hope to be able to arrange it so all those who have gone on the guarantee list will be presented with a season ticket providing free admission to all league games. Those who can not produce season pasteboards will be asked to contribute via the hat.

Wynndel

Regular meeting of Wynndel Women's Institute was held on Thursday last with a splendid turnout, even though the roads were in such poor shape. A very satisfactory report was given of the whist drive and dance. Arrangements were

ALL ARE INVITED.

made for the Institute birthday party on March 22nd, which is open to all. The matter of entertainment was left to Mrs. R. Anestad. Refreshment convener, Mrs. M. Hagen. Suggestions were given as to raising money, and it was decided to work for a sale of work about September. Convenors for child welfare were appointed, they being Mrs. Bathie and Mrs. R. Anestad. A lengthy discussion took place on proposed dental clinic. A hearty vote of thanks was tendered Mrs. Cooper for presenting the Institute with the pot of flowering bulbs, which brought in \$5.50 at the whist drive. A first aid emergency kit was presented Wynndel school by the Institute.

Mrs. Manuel of Creston is a Wynndel visitor at present, a guest of Mrs. J. J. Grady.

Mrs. Charlie Leamy and young son were Creston visitors last week, guests of Mrs. H. Christie.

Mrs. Grady returned on Friday from a visit at Spokane, and is accompanied by her grand daughter, Miss A. Hook.

Miss Jean Crane was a Nelson visitor a few days last week.

Mrs. Vankoughnet of Boswell was renewing acquaintances in Wynndel at the weekend.

Even though snow flurries are frequent spring seems to be here. Pussywillows are well out, and robins are coming around, also the skunks.

Father Choinel of Cranbrook held Roman Catholic Church service here on Monday morning.

Alice Siding

Robert Willis, who has been a patient at Cranbrook hospital for the past three weeks, arrived home on Wednesday last, and is recovering nicely from his appendicitis operation.

Residents of Alice Siding will be sorry to hear that Mr. and Mrs. J. C. Martin have decided to again make their home in Alberta, and they are having a sale of household effects, implements, etc., on March 15th.

T. Argyle is now living in his oldtime home at the Beazar place, which was built by Bohlee & Argyle about fifteen years ago, when they first came to Creston. Mr. and Mrs. Argyle have been living in the Jack Smith place since returning here about three months ago.

Two dozen players were out for the weekly session of the whist club on Friday night at Mrs. Kelly's, and the prize scores were made by Mrs. Webster and Mr. J. C. Martin. Tonight Mrs. Bourne will be hostess to the whisters.

Mr. and Mrs. Tooze were treated to a surprise party on Tuesday night last when a party of almost 70 neighbors dropped in unexpectedly and made an enjoyable night of it with dancing and other amusements, including a dandy midnight lunch. Tom Trevelyan, accordion; and Bob Marshall, drums, supplied the music for the dance.

Crestwood

Chas. Moore of Creston was a business caller last week, surveying the acreage recently purchased by Monrad Wigen. He reports the snow in the hills the deepest in at least six years.

Elgie and Lawrence Miller of Rutland were weekend visitors at Crestwood.

The snow is fast going on the flats, north of Dutch's Ridge, and the meadow-larks are tuning up, so we hope that spring is just around the corner.

Fred and Harry Smith of Creston were among the callers at the first of the week.

Joe Wein, of Carstairs, Alberta, was combining business with pleasure on a visit here this week.

Mr. Fletcher, who has had the Klockmann ranch on lease the past three years, and Howard English were Crestwood callers last week. Mr. Fletcher has vacated the Klockmann farm and is now locating at Colville, Wash., taking with him 276 head of cattle and horses that have been grazing here.

LOST—Between ranch and Creston York type grease gun for auto. Reward paid finder. Percy Boffey, Creston.

Canyon City

Miss Margaret Nygaard has just left for Nelson, where she has secured a position, and intends to remain.

Mrs. Lister's orchestra played for a dance under the orchestra auspices at the Community hall on Friday night, that was quite well attended.

The Farmers' Institute have the March meeting on Saturday night. It is expected a couple of the directors of Creston fall fair will be here to discuss 1930 exhibition with the institute.

John West, nephew of Axel Berggren, is the first in the district to purchase a 1930 auto. He has just taken delivery of a Buic from Kootenay garage, Creston.

John Anderson and his brother, Andrew, have just been advised of the death of their mother, which took place at the old home in Sweden early this month. Deceased was 87 years of age.

Miss Ruth Clayton of Nelson is spending a few days with her parents, Mr. and Mrs. Matt. Clayton.

Berggren & McQueen are again operating their tie mill in the timber they took out at Stony Point, opposite Lister, last winter. We hear they have a contract for 9000 ties.

Erikson

Mrs. Risdon of Strathmore, Alberta, is a visitor here this month, a guest of her sister, Mrs. E. Haskins.

Mr. and Mrs. Ered Brownrigg, who have spent the past two months with their daughter, Mrs. V. Mawson, returned to their home in Yahk on Sunday.

Mrs. H. A. McKowan of Cranbrook, who lectured at Creston on Friday night, spent the weekend here with her parents, Mr. and Mrs. Geo. Cartwright.

P. Heric was a visitor at Cranbrook over the weekend. He reports Marion doing nicely, but it will be two or three weeks yet before she can leave the hospital.

Windermere news in Cranbrook Courier: While proceeding in an auto truck and an automobile from his logging camp at Goldie Creek, F. V. Staples, late of Creston, and two of his employees in the darkness took a direction off the main ice road across the ice on Windermere lake and were led into a part where there was more or less open water. Before their speed could be stopped both the truck and the car went over the edge into about seven feet of water. It was by the merest stroke of good fortune that it was not deeper. From their positions they were able to crawl out onto the top of the closed car and shout for help. Their cries in the darkness reached the sharp ears of John Shibley who was milching cows for the night delivery. He summoned his father who went to the aid while the boy called up Constable Fritchard who was soon on the way to the rescue. The rescuers built rafts and

managed to bring the marooned ones to the solid ice. Both the automobile and truck were later drawn from the water.

Mrs. Harrison of Yahk was a visitor here this week, with her sister Mrs. McMaster.

Douglas Putnam got back last week from Invermere, at which point he had been helping with the installation of the Frank Staples tie mill.

Lloyd Cartwright of Goatfell spent the weekend at his home here.

L. Heric arrived home on Sunday for a short stay at the ranch to get spring work started.

Mr. and Mrs. Bert Young spent a few days in Creston this week, guests of Mr. and Mrs. Bush.

W. G. Littlejohn is back from the coast where he has been for the past month. He represented the Valley at annual meeting of the B.C.F.G.A. at Vancouver at the end of January, and has been reappointed director for the Creston district.

Percy Boffey, who is handling the sale of the B.C. Nursery Company stock, specializing in the Richard Delicious apple, has just been advised of what is claimed to be the world's record for two year apple production. On the L. J. Richardson ranch of 5 1/2 acres at Wenatchee, Was., 412 Richard Delicious in 1929 produced 7325 packed boxes, and had a showing of 7512 boxes for 1928.

Lister

Alf. Wellspring spent a few days in Spokane last week, where he was combining pleasure with the business of having some dental work attended to.

A. R. Bernard has returned to the Reeves-McDonald mine after holidaying for a couple of weeks at his ranch here.

Rev. C. Basse of Creston was here on Sunday afternoon for Lutheran Church service, which was well attended.

A. E. Dent, who has been occupying the former Millington place, has definitely decided to purchase the Weaver ranch of 30 acres on Section 7, and with Mrs. Dent and family are next week moving to their new home.

A. Krygsveld, who has been in charge of the farm at Camp 2 for some months past, is moving to Creston, where he has leased a ranch and will reside in future.

Mrs. Reno House underwent an operation at Bonners Ferry hospital on Saturday, and latest reports indicate that she is making a satisfactory recovery.

Miss Doris Yerbury is on a visit with her sister, Mrs. Pat Holland, Kimberley.

Jas. Duncan, who is cooking for the road crew at Washout Creek, was a weekend visitor at his home here.

Lister Trading & Supply Company are taking into stock another part carload shipment of the well known Ogilvie flour and in this shipment is a full supply of poultry feeds.

Rev. A. Garlick will be here on Sunday morning for Anglican Church service, which will include a celebration of Holy Communion. Sunday school will be at 10 o'clock.

Mr. and Mrs. A. W. Sinclair were at home on Thursday evening last at bridge at which four tables of players participated and the prize scores made by Mrs. Harold Langston and A. R. Bernard, with consolation honors falling to Mrs. Baker and Geo. Jacks. A very dainty lunch was served at the close of play and all the guests report a most enjoyable evening.

On Saturday night Mr. and Mrs. Chas. Huseroft were hosts to the members of the Community Society at their home at Huseroft, entertaining at eight tables of bridge. High scores were made by Mrs. R. Stevens and A. W. Sinclair, and the consolation award was made to Geo. Jacks. The radio was working fine, and the music and lunch rounded out an evening that all very much appreciated.

The German settlers in Camp Lister had a meeting on Thursday last, at which future operations were discussed and it was decided to take advantage of the offer of the Land Settlement Board and purchase about 40 head of purebred Ayshire cattle, which will be distributed from two to six head, according to each

Church Members Give Liberally

Additional \$5 per Member and Trinity United Church Would be Self-Supporting Banquet Guests are Informed.

The Beaver Brotherhood of Trinity United Church staged their annual banquet in the church hall on Tuesday evening last, the attendance totalling sixty, and besides the members and their wives included the officials and their wives and lady friends of the United Church congregations, at Canyon, Wynndel and Creston, with the Brotherhood president, Fred Lewis, in charge of proceedings.

Along with the customary toasts the occasion was taken, practical advantage of to present some vital features of United Church life, these including talks by Rev. D. Gray of Fernie, who was delegated by the Kootenay presbytery to discuss with the local congregation the matter of becoming self-supporting, and in this connection some interesting figures were submitted.

In 1925 official records show that the Creston charge of two circuits raised a total of \$980, or \$21.50 per member, while in 1929 Creston charge of one circuit raised \$2845, or \$39 per member.

In 1925 Creston charge of two circuits received \$1660 from Methodist and Presbyterian mission funds, while in 1929 Creston charge of one circuit received but \$400 from United Church mission fund.

It was pointed out that this average of \$39 per member is the highest of aid-receiving circuits in Kootenay presbytery, and exceeds the average of four self-supporting charges in payroll towns. During the evening the pastor, Rev. R. E. Cribb, gave a report of Kootenay presbytery, held in Nelson earlier in the week. In addition to the Fernie pastor, the gathering was favored with the attendance of Rev. C. A. Ryckably of Wardner, who proposed the toast to the Church. The toast list follows:

The King.
Our Country—Proposed by W. J. Truscott; response by Frank Bunt.
Our Guests—Proposed by Mr. Hewitt; response by Hilton Young.
Beaver Brotherhood—W. J. Craig.
The Ladies—Proposed by O. M. Samuelson; response by Mrs. Kernaghan.
The Church—Proposed by Rev. C. A. Rickaby; response by Rev. D. Gray.
At appropriate intervals there was community singing led by W. J. Truscott, into which all present joined heartily.

farmer's capabilities. The cattle are to be delivered about April 1st, and arrangements are already completed to ship cream to Nelson creamery.

'Fresh from the gardens'

The True Spirit

At the first showing at Ottawa of the moving picture record of the great Boy Scout Jamboree, held in England last summer, in which 50,000 boys from all parts of the world participated, His Excellency, the Governor-General, Lord Willingdon, in an introductory speech, spoke to the Boy Scouts and Girl Guides present "very particularly and in all seriousness," saying:

"You, young as you are, must know, we all know, that since the years of the Great War, all the nations of the world have been striving by conferences, by pacts and agreements, and by personal negotiations to get rid of the terror of future warfare. The League of Nations has during the past ten years done a great and noble service to secure this end. But I am inclined to feel myself that this younger League of Nations is the most hopeful organization to achieve what we are striving for.

"Under this association you are all growing up filled with the spirit of goodwill and good fellowship to all others, to do your good turn each day to one another, in whatever country your future work may find you, whatever the race and colour of that other may be. I beg of you all to let that spirit guide you in your future lives, for it is by that spirit which teaches us to think well and not ill of our neighbour, that we shall in time attain our great goal, peace among the nations of the world."

These words of His Excellency are most timely because, if there is any one thing calculated to nullify the efforts of statesmen in all countries, destroy the unifying work of many organizations, and bring to naught the prayers of millions of people, it is the persistent and poisonous propaganda of a few evil-minded persons who see gain for themselves, or temporary advantage for some cause they espouse, through the division of peoples and nations along racial or religious lines, and the cultivation of feelings of suspicion, ill-will, and antagonism among and between them.

It is probably too much to hope that those individuals who are serving their own selfish ends by such unpatriotic conduct at home, and destructive of peace and brotherhood abroad, will cease from their evil ways. They are fully alive to the harm they are doing, but that counts for nothing with them because they are reaping some small and temporary selfish benefit themselves. But there are bright hopes for the future if the boys and girls of today learn the better way, and in the activities of everyday life emulate the life and example of the Great Teacher who went about doing good to all men, who taught men that love is better than hate, who refused to recognize any distinction between men of different races or creeds, but emphasized at all times the common brotherhood of man and Fatherhood of God.

Just as the serpent brought evil and discord into the first Garden of Eden, so do the serpents of today in many disguises seek to keep alive all the ill-will, suspicions, prejudices and passions engendered in the bygone years of a less civilized era in the world's history. These fermentors of strife at home are the first line of defence maintained by those who desire for gain to keep the nations armed to the teeth, and who foment and precipitate wars.

The League of Nations is striving with every means at its control to allay racial suspicions and ill-will. While engaged with practical problems of disarmament, and other concrete causes of strife, the League is devoting possibly ever more attention to educational influences. The efforts made to raise the status of women and children in backward countries, to improve labor countries everywhere, to put an end to white slavery and the traffic in narcotics, all have as their underlying object the removal of causes of friction, misunderstandings, and ill-will among people, and the development of a spirit of world brotherhood. The Balkans have long been recognized as the danger spot of Europe, and the reason is found in racial and religious suspicions and prejudices. Once these can be allayed, peace in Europe will be largely assured.

Lord Willingdon sees in the Boy Scouts and Girl Guides one of the most hopeful movements for future world peace, while Sir Philip Gibbs has declared that the Junior Red Cross in banding the youth of all nations under the common banner of service for humanity, offers the most hopeful sign of the dawning of a better day. The Y.M.C.A. is engaged in the same work among young men of all races, colours and creeds.

Evil-minded men may stir up strife for a time here and there; they may appear to reap a measure of success; but it is temporary, and when the passion of the moment subsides, and people realize how they have been fooled for an ulterior purpose, it will be found their actual achievements have been nil. Hate may influence people for a time, but love in the long run will conquer. It always has; it always will, for love alone is enduring.

Manitoba Poultry Pool

Thirteen million dozen eggs were marketed in 1929 by the central selling agency of the Manitoba poultry pool, according to a statement at a meeting in Winnipeg. Membership in the pool is 14,000.

Colonel, inspecting barracks: "Supposing the barracks were to catch fire what would you do?"

Bugler: "Sound me bugle, sir!"

Colonel: "And what call would you give?"

Bugler: "Cease fire, sir."

When Pain Comes

What many people call indigestion very often means excess acid in the stomach. The stomach nerves have been over-stimulated, and food sours. The corrective is an alkali, which neutralizes acids instantly. And the best alkali known to medical science is Phillips' Milk of Magnesia. It has remained the standard with physicians in the 50 years since its invention. One spoonful of this harmless,

tasteless alkali in water will neutralize instantly many times as much acid, and the symptoms disappear at once. You will never use crude methods when once you learn the efficiency of this. Go get a small bottle to try. Be sure to get the genuine Phillips' Milk of Magnesia prescribed by physicians for 50 years in correcting excess acids. Each bottle contains full directions—any drugstore.

Interpreters At Geneva

Speeches Have To Be Translated Into English and French

Dr. Caroline MacDonald, of London, Ontario, who has spent many years in Tokio, in social service and prison reform work, last year accompanied the Japanese labor representative to the International Labor Conference in Geneva, as interpreter. This was no easy task, the Eastern and Western languages differing so radically. During the ten days' preparation in Geneva for the great conference, which lasted three weeks, Dr. MacDonald had to translate all speeches from the Japanese to the English, as English and French were official languages to be used, and following the address of the Japanese representative, she mounted the tribune and gave it in English to the non-Japanese speaking section of the audience.

The interpreters at Geneva are the eighth wonder of the world, says Dr. MacDonald. By an ingenious arrangement of telephones in the hall of meeting, interpretation of the speeches into two or more languages follows one sentence after the actual delivery. Telephones were at each desk, and each member dialed on whatever language they wished to hear.

ARE YOU RUN DOWN AND NERVOUS?

All That Is Needed Is a Tonic To Build Up the Blood

There are thousands of people who really find life a burden. They have endured nervousness, sleeplessness and a general run-down feeling so long that they have given up hope of again enjoying good health. Rest and a blood-building tonic are all that is required to restore health and vitality. Such a tonic is found in Dr. Williams' Pink Pills. They are recognized the world over as a wonderful blood-builder and nerve restorer.

Mrs. F. C. Granier, Toronto, Ont., bears testimony to the worth of these pills. She says:—"Five years ago, after a life of perfect health, I became ill. Not seriously at first, just no appetite, no pep and no sleep. I gradually grew worse. I became pale and listless; my arms and feet were badly swollen and although I doctored all winter my condition did not improve. In the spring I went to see a specialist and he sent me to the hospital where I remained for seven weeks. I left the hospital in worse condition than when I entered it and went home a nervous wreck. I remained ill at home all summer and entered the hospital again in the fall where I was under observation for three weeks and although everything possible was done for me I did not improve. Shortly after this a friend advised me to take Dr. Williams' Pink Pills as a blood builder so I sent for a supply. I do not know when I first noticed an improvement in my condition. It seemed to come to me gradually. I began to sleep better; my meals so long distasteful were being eagerly awaited and enjoyed. I began to show an interest in what was going on around me. The color came back to my face and strength to my limbs. I persisted in the use of the pills and soon I was well and happy again. That is five years ago and ever since I have been able to do all my household work and have not had the least return of my former trouble."

If you are feeling run down give Dr. Williams' Pink Pills a fair trial and new health will be yours. You can get them from any medicine dealer or by mail at 50 cents a box from The Dr. Williams' Medicine Co., Brockville, Ont.

Old Use For Eggs

You might not know it, but the same eggs you use for cooking are used for tanning gloves, and this industry is the cause of importing more than 800,000 eggs a year into England. Only the yolk of the egg is used in the tanning process.

For Catarrh.—It is one of the chief recommendations of Dr. Thomas' Electric Oil that it can be used internally with as much success as it can outwardly. Sufferers from catarrh will find that the Oil when used according to directions, will give prompt relief. Many sufferers from this ailment have found relief in the Oil and have sent testimonials.

A Dog's Paradise

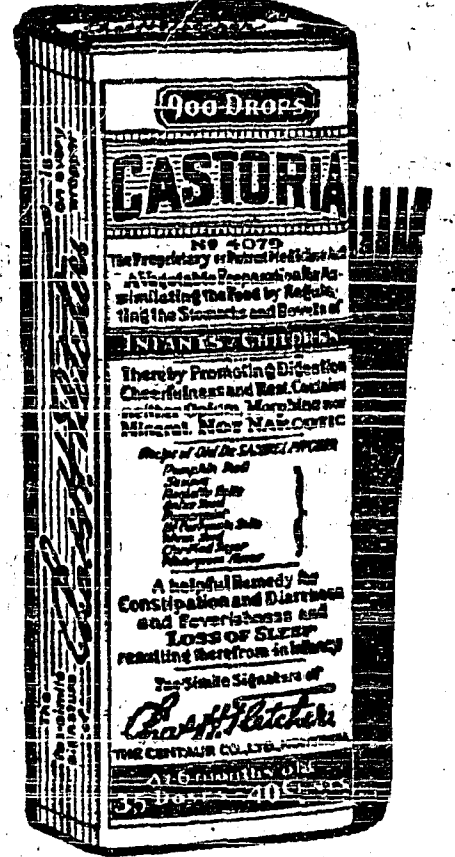

Not a single flea exists in the South African town of Prieska. Scientists working on a plague prevention survey of Africa, conducted wide researches for the elusive insect but at Prieska none were found. It is on the Karroo prairie. Prieska is now boasting itself as the "plague-proof" town, and dogs of all nations look upon it as a paradise.

Use Minard's In the Stable.

W. N. U. 1826

An Ailing CHILD

Are you prepared to render first aid and quick comfort the moment your youngster has an upset of any sort? Could you do the right thing immediately—though the emergency came without warning—perhaps tonight? Castoria is a mother's standby at such times. There is nothing like it in emergencies, and nothing better for everyday use. For a sudden attack of colic, or the gentle relief of constipation; to allay a feverish condition, or to soothe a fretful baby that can't sleep. This pure vegetable preparation is always ready to ease an ailing youngster. It is just as

harmless as the recipe on the wrapper reads. If you see Chas. H. Fletcher's signature, it is genuine Castoria. It is harmless to the smallest infant; doctors will tell you so.

You can tell from the recipe on the wrapper how mild it is, and how good for little systems. But continue with Castoria until a child is grown.

Life Saved By Hymn

British Soldier Suspected Of Being a Spy, Had Narrow Escape

How a British soldier escaped death as a suspected spy at the hands of the French by singing a hymn, was related to the Chapel-en-le-Frith (Derbyshire) Board of Guardians.

The man Joseph G. Davidson, who had sought relief during a recent indisposition, served with the Expeditionary Force in France during the war. He was taken prisoner, and after spending 2½ years at various camps in Germany escaped into the French lines. Here inquiries were made about Davidson, and information was received from the British G. H. Q. that the man had been killed in action.

The French promptly ordered him to be shot as a spy, but a few hours before the firing party were ordered out, a wounded British soldier asked Davidson if he could sing. He sang "Abide With Me," and this so impressed his captors, that they made further inquiries, and eventually released Davidson.

Minard's—50 Year Record Of Success.

The Greatest Mystery

According to a western newspaper, the sweet mystery of life is love, but according to a widely held idea the great mystery of life is how so many people manage to live up to a Rolls-Royce standard on a flivver income.—Boston Transcript.

An Unusual Picture

Sunset On Moon Taken With Motion Picture Camera

Motion pictures showing sunset on the moon was one of the features of the annual exhibit of the Carnegie Institution, of Washington. The film was made at the Mt. Wilson Observatory, in California, with a motion picture camera attached to the great 100-inch reflecting telescope. Like the earth, the moon rotates, thus causing the sun to rise, cross the sky and set, but as the moon takes twenty-seven and one-third days, instead of twenty-four hours to rotate, lunar sunrise and sunset are more leisurely than the earthly variety. Because there is no atmosphere on the moon, there is no twilight, and the sunset represents a sharp change from brilliant sunlight to darkness, instead of the gradual diminution of light on the earth. The film shows the shadows of the lunar mountains crawling across the surface. The actual times occupied in the taking of the film was five and one-half hours, but it is speeded up in projection, and runs through in a minute and a half.

Protect the child from the ravages of worms by using Mother Graves' Worm Exterminator. It is a standard remedy, and years of use have enhanced its reputation.

Steward (to sea-sick passenger): "Feel like a cup of tea, sir?" Passenger: "Do I look like a cup of tea you idiot?"

Don't Let Foods Stale

Foods that ordinarily stale quickly will stay fresh and tempting a surprisingly long time if you cover them with Para-Sani Heavy Waxed Paper.

Your grocer, druggist or stationer has Para-Sani in the handy, sanitary knife-edged carton. For those who prefer a lighter paper put up in sheet form ask for Appleford's "Centre Pull" Packs.

WHEAT POOL TO BE ESTABLISHED IN AUSTRALIA

Canberra, Aus.—A great wheat pool will be established in Australia. There is some difference as to whether it will be a Government-controlled body, or under the direction of the wheat growers themselves. But there is little doubt that a Commonwealth wheat marketing body will be in operation in a comparatively short time.

A great conference between the Commonwealth and State governments, and the Wheat Growers' Association, decided on the Pool. The Federal Government wants it to be under government control, with a state board in each state operating under a commonwealth board at Canberra, on which the state boards would be represented. The wheat growers want it to be under control of the farmers.

The real difference, however, centres around the government guarantee of a stabilized price for the farmer. The government offered to guarantee 96 cents a bushel for wheat delivered at country sidings, the equivalent of \$1.08 a bushel f.o.b., for one year only. The wheat growers asked that this guarantee be extended to cover three years. Hon. Parker Maloney, Federal Minister of Markets, said the government could not agree to extending this guarantee until it was seen the scheme for an Australia-wide wheat pool was in operation.

But when the pool is established and is working satisfactorily, the government will favorably consider the suggestion of extending the guarantee of price, the minister promised.

Record Entry For Manitoba Winter Fair

Officials Are Looking For Additional Stabling Accommodations

Brandon, Man.—Another record making entry has caused the officials of the Manitoba Winter Fair to look around for additional stabling accommodations. A year ago every available inch of space was used in the Arena buildings to take care of the livestock entries, and some departments were cramped even after some of the stock had been taken care of in outside barns.

It is expected that the Hon. T. A. Crerar will open the show. If the new Minister of Railways, and member for Brandon, can leave Ottawa even for a short time in March, he will probably attend the opening of the exhibition.

Would Give Power To States

Association Is Against Prohibition Amendment, Demands Its Repeal

Washington, D.C.—Outright repeal of the Eighteenth Amendment and a transfer to the states of the power to regulate intoxicating liquors was demanded by witnesses before the house judiciary committee which after a recess of several days has returned to the hearing of testimony for a change in the dry laws.

William H. Stayton, chairman of the board of directors of the Association Against the Prohibition Amendment, asserted people throughout the United States had lost respect for the government because of the prohibition law, and because it had lost its efficiency.

Worried By Dogs

The Pns.—Mongrel hussies, roaming the streets of the Pas during the winter season, are alarming citizens of the northern town. Their latest attack involved the mauling of William Hinchuk, 10, in front of St. Anthony's hospital. A passing priest saved the lad from serious injury. Three other cases of canine onslaught have been reported by hospital authorities.

Returning To England

Ottawa, Ont.—Capt. R. T. W. Flennos aid-de-camp to His Excellency, the Governor-General, has left Ottawa for England, to take up the appointment of adjutant to his regiment, the Royal Scots Greys. Capt. R. N. Brinkman, Grenadier Guards, has been appointed to take Captain Flennos's place on His Excellency's staff, and will arrive in Ottawa next month.

Drive Against Orientals

White Canada Association Asks E.C. Government For Campaign Fund

Victoria, B.C.—The British Columbia Government was asked to ascertain the practicability of the removal from the country of all Asiatics and expropriation of all property owned by them upon payment of compensation.

In arguments presented before the agricultural committee of the legislature, it was stated that the elimination of the Oriental from British Columbia was the most pressing matter before the people today, and that the situation was grounds for a grant of \$5,000 to the White Canada Association for a campaign fund to carry on an agitation for revision of British treaties which now bar restrictive local legislation.

The matter was brought before the committee of the advisory board of the Farmers' Institutes, and was spoken to at length by A. B. Smith, of Cranbrook, secretary of the advisory board; C. E. Hope, of the White Canada Association, and J. P. Hampton Bole, grand factor of the Native Sons of British Columbia.

It was declared that the whites could compete with the Chinese but that the Japanese were another matter. Severage of competition caused the whites to drop out of an industry, it was declared by Mr. Smith. He said, however, that there was no lessening of output, but an actual increase as Orientals took up slack production.

"To them, it is a profitable business," he said. "They have less overhead, work longer hours, and are willing to work the whole family."

Mr. Hope asked the province to persist in re-enacting disallowed legislation until some action was attained. He advised placing pressure on Ottawa towards attaining a redrafting of treaty arrangements. Such redrafts would be acceptable to Japan, he believed, if they were on a basis of exact mutuality.

Will Request Change In Banking System

Western Members Of Federal House Have New Plan

Ottawa, Ont.—Western members of parliament, gathered in the capital for the opening of the session, are keen to get on with public business and in many cases will endeavour to get parliamentary approval of important reforms.

Perhaps the most coherent objective among western members is to bring about a change in the banking system, whereby a federal bank of discount would be set up and the present discount activities of the treasury board much curtailed, if not discontinued altogether.

The Alberta members are particularly desirous of getting action along these lines. It is held that the general credit situation and the gold position in recent months has proved the inefficiency of the present banking system and the need of a change.

Will Use King's Cutter

Famous Racer Britannia To Test Speed Of Lipton's Challenger

Portsmouth, Eng.—King George's famous racing cutter "Britannia," will be specially commissioned to sail against Sir Thomas Lipton's new challenger for the America's Cup — The Shamrock V.—in the Solent. The date for the trials has not been set but probably will be arranged so His Majesty may attend. The Britannia is one of the fastest boats in the English waters.

Registered Mail Stolen

London, England.—A hundred registered letters, mostly containing money orders and bills in dollar currency, were stolen from a postal bag which left Montreal on February 9, aboard the "Doric," and was sent by train from Queenstown to Belfast via Dublin. The theft was discovered at Belfast. The seals of the letters were found to be broken, but the bag had been re-tied.

Bars Women From Law

Quebec, Que.—The bill designed to amend the statutes so that women might be admitted to the practice of law in the province of Quebec, was defeated in the legislative assembly by a vote of 37 to 29.

WINS GOLD MEDAL

John Johnson, chief superintendent engineer of Canadian Pacific Steamships whose paper "The Propulsion of ships by modern steam machinery" has been awarded the gold medal for 1929 by the Council of the Institution of Naval Architects.

Discuss Peace River Outlet

Private Company Asks Alberta Government For Permission To Build Line

Edmonton.—If the Canadian National or Canadian Pacific Railway companies jointly or individually, will undertake to build a new northern line giving the much desired Peace River outlet to the coast, information to that effect will be appreciated by the legislature; otherwise there is a fairly good chance of a charter being granted to the Beaver Lodge Narawa River Railway Company, which is asking permission to construct a line through the Gray Pass, it was revealed here. The bill to incorporate the company was before the railways committee of the house, and given a thorough discussion, the outcome being that C.N.R. and C.P.R. officials are to be asked to attend at a future sitting of the committee and state what objections, if any, and what intentions, if any, or both of the transcontinental roads may have, in the matter.

Royal Wedding Postponed

Rumanian Princess May Break Engagement To German Count

Bucharest.—Postponement of the wedding of Princess Ileana, of Rumania, and Count Alexander von Hochberg, is the only official answer in Rumania to reports that their engagement, which the princess herself announced some weeks ago, had been broken off definitely.

Premier Maniu said the government was investigating the antecedents of Count von Hochberg, in Germany, and was seeking further information about him. If the Rumanian Government found anything reflecting dishonor upon the count, it would intervene and advise against the maintenance of the engagement.

JEWEL VALIQUETT AND ROBERT CLIFFE WITH THEIR PET HUSKY

Here is shown Jewel Valiquett and Robert Cliffe with their pet husky dog, as they appeared at the first international winter carnival at Ottawa.

Applying For Charter

High Speed Road Bill Is Again Before Alberta House

Edmonton, Alberta.—Supported by an influential petition containing the names of over 5,000 residents of southern and central Alberta, the bill for a charter incorporating Alberta Trackways, Limited, comes before the Alberta legislature this session for the third time, sponsored this year by Donald Cameron, U.F.A., Innisfail.

The bill provides for the incorporation of a company which undertakes to lay concrete highways of not less than 18 feet in width, from Edmonton to Calgary, from Calgary to Banff, and from Calgary to Macleod, Lethbridge and Coultis.

Construction of the trackways is to be commenced within two years, and completed within five years of the securing of the charter.

The idea back of the plan is for a system of safe, speedy, all-weather highways, constructed of concrete between the points indicated, which would enable auto drivers wishing to make the best possible time between these points, to travel on the trackways instead of on the slower and more tortuous provincial highways.

A small toll would be charged each car for the privilege of driving over such trackway and, according to the promoters, such toll would more than be offset the saving in gasoline, wear and tear on car and tires, saving of time, etc.

The promoters are D. F. Whitney and W. D. Milner, of Calgary, and J. W. McDonald, of Macleod, and ample financial backing is available in case the legislature this year sees fit to grant the application, the promoters state.

Wins New Honors

Coast. Astronomer Awarded Medal For Distinguished Work

Victoria.—Dr. J. Plaskett, director of the Dominion astro-physical observatory, has received word that he has been awarded the Rumford medal, given by the American academy of arts and science for distinguished work in astronomy.

The last recipient of this honor was Professor Arthur Compton, of Princeton, winner this year of the Nobel prize.

The Rumford medal will be presented to Dr. Plaskett at Boston, on April 9, when he is en route to England to address the Royal Astronomical Society and receive his gold medal, recently awarded him for his remarkable studies in stellar movements and the scientific conclusions which have been made possible by his labors.

Granted Incorporation

Winnipeg.—The Scandinavian Colonization Association, an organization which will aid and assist in bringing immigrants to Canada from Norway, Denmark, and Sweden, has been formed, under the presidency of H. P. A. Hermanson, Winnipeg. Headquarters of the association, recently granted incorporation by the Dominion Government, will be in Winnipeg.

CONFERENCE TO MEET IN LONDON SEPTEMBER 30

London, England.—Prime Minister MacDonald told the House of Commons that the next meeting of the Imperial Conference will be held in London this autumn. The date for the opening meeting was fixed for September 30.

Ottawa.—Particular interest attaches to the announcement from London that the Imperial Conference will be held this autumn, in view of election possibilities. It has been rumored on a number of occasions that the Canadian Government would go to the country this fall, but announcement of the conference casts doubt upon such forecasts.

It is understood here that not only will there be an Imperial Conference, but that an Imperial Economic Conference will take place at the same time. The presence of the Prime Minister will be essential in London.

Consequently, if an election is to take place this year, it must be before the opening date of the conference, or after the conference is over. The latter would mean a pretty late election date.

There is no indication at present of what particular subjects Canada will desire to take up at the conference. These will be the subject of much consideration and discussion between now and October. With parliament in session, the Prime Minister will have an opportunity to hear what members from different parts of the Dominion have to say on matters of Empire interest before he departs for London.

Britain's New Auto Laws

One Provision Is To Increase Penalties For Dangerous Driving

London, England.—Miss 1930, with her modern learnings, will find no difficulty in complying with the order compelling motor cycle pillion passengers to ride astride, which is one of the provisions of the road of the transport bill, on which second reading was moved in the House of Commons by Herbert Morrison, the Minister of Transport.

Other provisions of the bill abolish the speed limit for light motor cars, increase the penalties for dangerous driving, fix 16 years as the minimum age of ordinary automobile drivers and at 21 as the age of those driving public service vehicles; lay down a maximum number of working hours for drivers of heavy vehicles and enforce compulsory third-party insurance.

Will Cost Half Million

Manitoba To Extend Highway To Ontario Border

Winnipeg.—Manitoba's road link, which will meet the trans-Canada highway expansion at the Ontario border, will cost the province \$528,197, Hon. W. R. Clubb, Minister of Public Works, told the legislature. The road, construction of which will start in the spring, starts from the Whitmouth River, near the village of Whitmouth, and will follow the general direction of the Canadian Pacific Railway tracks to the Ontario border.

Mistakes Poison For Water

Young Chemist Dies Few Minutes After Drinking Fluid

Vancouver.—Hugh Chester Bell, youthful chemist, mistook a glass of poison for water in his office here, drank it down and died a few minutes later. An emetic administered by one of Bell's co-workers whom the stricken man called to his aid, failed to take effect and he died before a doctor could reach him. The deceased, an Oxford University graduate, had arrived in Vancouver only 18 months ago from England. He is survived by his wife and one child.

Mail Plane Destroyed

Saint John, N.B.—A Canadian Airways mail plane en route here from Moncton on the way to Montreal, was forced down on the Kennebecasis River ice, took fire and was destroyed. The mail was saved. The pilot and mechanic escaped injury.

Frost proves foe of telephone service

Jack Frost waged war on telephone service in Greater Vancouver in January, putting 600 telephones out of order within a two-week period.

The nature of the trouble was the same in each case, lateral cables—underground lines giving service to apartment buildings, etc.—being frozen.

Seventeen of these cables were thus affected, causing the cessation of service on the 600 telephones fed by them.

In every case telephone men had the trouble remedied within 24 hours.

CRESTON, B.C., FRIDAY, FEB 28

Kitchener

Charles Anderson, who has been relieving the section foreman at Fernie, has returned home.

Louis Simpson of Blairmore, Alberta, is here visiting with his parents, Mr. and Mrs. Simpson.

Lambert Spencer of Creston was a weekend visitor with Claude Simpson.

Mrs. Senesael was a visitor at Creston during the week.

Miss Beatrice Molander of Cranbrook was a weekend visitor with her parents in Kitchener.

Mrs. Arrowsmith of Creston is a visitor with her daughter, Mrs. E. Drifill.

Tuesday Night's Concert

Every effort is being put forth to make the concert on Tuesday, March 4th, under the auspices of the Ladies' Guild of Christ Church, one of the best events of the season. The entertainment will be staged at the Grand theatre, with the curtain at 8.30 prompt, and an admission of 50 cents to adults and 25 cents to children. Tickets are on sale at the co-op. store.

The orchestra, under the able leadership of Mr. Stephens of Canyon, is to play several new selections. Vocal solos will be rendered by Mrs. Jewitt, Mrs. Harold Langston and Mr. Fortin. A musical trio of Mrs. Lister, Mrs. Constable and Mr. Lunt are rendering some splendid numbers.

The New Tip Top Tailor Samples Have Arrived

The new Tip Top Tailor samples for spring have arrived. Call in and look them over. All the latest styles to choose from. You are under no obligation to buy unless you find the material to suit your fancy.

V. MAWSON
CRESTON

Miss Vera Lister, with some of the Canyon school children, is putting on a short programme. There is exceptionally clever talent amongst these children, and Miss Lister has devoted much time and energy to make this part of the evening a very bright item.

Wynndel ladies are putting on a comedy sketch, which is sure to be enjoyed by all. It is to be hoped the people of this section will show their appreciation of the effort of the splendid local talent by turning out en masse and greeting each number with a well deserved reception.

Putnam President Fall Fair Board

1930 Fall Fair to Present New Features in Fruit Section and Other Departments Will Have Similar Attention Paid Them.

The best attendance Creston Valley Agricultural Association ever had at an annual meeting was in evidence on Wednesday evening, when the whole fall fair situation was thoroughly gone into by those present, with Chas. Murrell presiding.

Everyone was agreed that it is time for a change in the way the fair is staged if the exhibition is to again enjoy the popularity it had at its inception and for a few years thereafter, and as a start in that direction the Women's Institute will be asked to assume full responsibility for the displays in cooking, canned goods, needlework, flowers, etc.

The Stockbreeders' Association are to be invited to take more direct interest in the cattle, horses, etc., while the fruit section will be given some special attention in the way of having displays of the commercial packs as well as the high class packs of former years.

Some present favored splitting the fair into two divisions. The ladies' section, including flowers, with which will go the school sports and outdoor attractions, to be held earlier in September, to be followed at an October date with a straight apple show, and if funds were available the prize winning apples to be sent on for competition at the winter fair at

Toronto in November, and to the Imperial Fruit show in England.

Many other bright ideas were put forward by those present for the consideration of the 1930 board of directors, which was selected as follows: George Cartwright, Sam Moon, G. Hulme, Frank Putnam, Chas. Murrell, Col. Mallandaine, Dr. Henderson, Chas. Sutcliffe, Mrs. George Cartwright, Mrs. J. E. Hayden, Mrs. M. Young, Mrs. Maxwell.

At the close of the regular meeting a session of the directorate was held at which Frank Putnam was named president; Chas. Sutcliffe, vice-president; and Chas. Murrell, secretary-treasurer.

The finance committee for this year was also selected and is made up of C. Sutcliff, Mrs. M. Young, Col. Mallandaine and the president and secretary.

The new management is getting right down to business in connection with this year's fair, and another directors' meeting is called for March 18th, at which time the Women's Institute will have fully considered the proposition.

Representatives on the board from Canyon as well as Lister-Huscroft will be appointed by the Farmers' Institutes at these points and the directors from those sections will also be named in time for the meeting of the full board on the 18th.

Local and Personal

Special prizes will be given to children of St. Stephen's Presbyterian Sabbath school, who have memorized the prescribed number of scripture verses, on Sabbath, March 2nd.

Chas. Davis, Canadian customs officer at Rykerts, was a business visitor in town on Saturday. For 1929 the records show that 9722 autos carrying 29,280 passengers travelled north and south through that port, and these figures do not include purely local auto traffic.

Sleighting is so thin, even on the flats, that at the aviation school the airplanes are again using wheels. Pontoons are due to arrive this week for use when water conditions make them necessary—and which is taken to indicate that the school will be in operation for some weeks yet.

In view of the canvass for the funds of the British and Foreign Bible Society to be made early in March special reference to that great organization, with particular reference to the indispensable service which it renders to the Presbyterian Church throughout the world, at evening service in St. Stephen's Church next Sabbath.

Some fifteen tables of players were in evidence for the court whist which featured the congregational social evening of Christ Church at the Parish Hall on Friday; at which the prize scores were made by Mrs. W. H. Kemp and C. B. Twigg. Refreshments were served and there was a couple of hours of dancing to close proceedings.

W. K. Brown received word a few days ago of the death at Winnipeg, Man., of his sister, Mrs. James Munroe, which took place in that city on February 13th at the age of 71 years. Deceased was a visitor at Creston on occasion, being here about five years ago, and all who had the pleasure of her acquaintance will hear with regret of her passing.

All orchardists should be out for the public meeting that has been called by Creston Growers, Limited, for Tuesday afternoon, March 4th, at Trinity United Church hall, at 3 o'clock. R. B. Staples will speak on recent developments in connection with the present B.C. Fruit Marketing Act and other matters of concern to the fruit grower. No one is better qualified to discuss the orchardists problems than Mr. Staples, and none should miss hearing him.

The news just got out at the end of the week of the marriage of Miss Jean, third daughter of Mr. and Mrs. J. M. Craigie of Erickson, to Richard Chandler of the Imperial Bank staff. The marriage took place at Bonners Ferry, Idaho, on February 8th, Judge Henderson officiating, with Mr. and Mrs. A. Weir witnessing the ceremony. The bride and groom are both popular members of Creston's younger set and are receiving hearty congratulations on all hands.

Much sympathy is felt for Mr. and Mrs. Alex. McKay in the death of their only daughter, Elsie, aged two years, who passed away on Thursday last. The funeral took place on Saturday to Creston cemetery, Rev. P. McNabb having charge of the last sad rites. Amongst the floral tributes were those from Mother, father and brothers; Presbyterian Sunday School, Sam Steenstrup, Mary and Babe Watson, Mr. and Mrs. Haptonstall and family, Mrs. and Miss Fleetwood, Mr. and Mrs. Barner and Lily.

All the commissioners were out for a special meeting of the village council on Thursday night at which the taking over of the public library, as per the plebiscite on January 30th. After the whole situation had been thoroughly discussed the following motion was carried: "As the commissioners have not the power to form a municipal public library the vote of the electors cannot be carried out but the commissioners will allow Creston and District Public Library to keep their books in the municipal public building." The next move in the matter is now up to the old public library board.

The fire brigade had a reorganization meeting on Tuesday night which was none too well attended, at which the following officers were elected: Chief, Matt York; deputy chief, Ardrey Wilson; secretary W. G. Hendy. It was planned to bring the brigade up to a total strength of ten carefully selected members, and a drive will be made at once to secure an additional seven fire fighters. When this has been completed the brigade membership will be submitted to the village commissioners for approval and with this secured it is hoped negotiations can be carried on with the council that will enable the brigade to carry on the work expected of it more effectively than in the past.

Due to counter attractions the lecture on "The Point of View," by Mrs. Evah McKowan, in Trinity United Church, on Friday evening, was rather poorly

attended. Mrs. McKowan handled her subject in very practical fashion, injecting sufficient original humor to make the evening worth while for all. At the conclusion of the address the speaker was presented with a lovely bouquet of roses by little Margaret Cribb, which was acknowledged in orthodox fashion. Previous to the address the choir contributed a couple of numbers; W. J. Truscott a musical recitation, and Rev. R. E.

Cribb, a reading. Mrs. McKowan appeared under the auspices of Trinity United Ladies' Aid, and the evening was in charge of the president, Mrs. Geo. Cartwright.

It's Just Too Bad

It's unfortunate when we hear of anything that proves to us that we have misplaced our confidence; quite often it costs money to make a wrong guess.

There is no guesswork when you give your PLUMBING and HEATING contracts to us.

Your Plumbing contract should be awarded to a reliable firm to ensure satisfaction. Cheap plumbing fixtures, poorly installed, are not only a source of constant annoyance, but a menace to health.

When building for permanency, eliminate chance by availing yourself of the best advice, material and workmanship. Come in and let us talk it over.

We are also building Septic Tanks, Concrete and Steel Tanks, and they are guaranteed to give the very best of satisfaction.

In our Tinsmith shop we can supply you with whatever you need. Tanks are built to order, Eavetroughing, Conductor Piping, etc. Also Soldering of any kind of metal.

In our General Blacksmith Shop we can assure you of satisfaction on whatever repair work you may bring there. We have mechanics in this shop who have had a good many years of practical experience in that kind of work. And do not forget that it is much cheaper to have a broken casting Oxy-Acetylene Welded than to buy a new one, and it is just as strong.

As we by now will be starting building our well-known STEEL SPRAY TANKS we wish you would be kind enough to give in your order to assure prompt delivery.

Chest Colds Need Direct Treatment

It is an obstinate cold indeed that can resist the direct double action of Vicks. Rubbed on the chest, it acts 2 ways at once:

- (1) Direct to air passages with its healing vapors released by body heat;
- (2) Direct, like a poultice, it "draws out" the soreness.

WORLD HAPPENINGS BRIEFLY TOLD

Moscow authorities have decreed that all restaurants in the city should have nine meatless days each month, it being hoped thus to save both meat and fuel.

The giant British dirigible, R-100, is undergoing tests with the possibility that she may make a flight to Canada towards the end of April or the beginning of May.

Aeroplane service carrying passengers between St. Paul, Minn., and Winnipeg was inaugurated February 17. The passenger service will be operated over the week-ends only.

Canadian silver fox pelts are finding a ready market in Great Britain, it is stated by Lt.-Col. D. A. MacKinnon, D.S.O., of Charlottetown, P.E.I., one of Canada's principal silver fox breeders.

Orphaned by an air crash in Texas, recently, in which his father and mother were both killed, 18-month-old Robert Gray, Jr., must return 10,000 miles to New Zealand because of United States immigration laws.

With the intention of securing the same control over real estate dealers and their transactions as they now enjoy in respect of stockbrokers, the Ontario Government, at the present session, will introduce new legislation to prevent frauds against the public.

One of the most effective vermifuges on the market is Miller's Worm Powders. They will not only clear the stomach and bowels of worms, but will prove a very serviceable medicine for children in regulating the infantile system and maintaining it in a healthy condition. There is nothing in their composition that will injure the most delicate stomach when directions are followed, and they can be given to children in the full assurance that they will utterly destroy all worms.

Means Plenty Of Work

Recording Australia's Rainfall Is Considered Quite a Task

Australia has an area of 3,000,000 square miles, and the task of recording the rainfall is one of considerable magnitude. Throughout the continent there are no less than 6,000 rain gauges, 900 of which are operated by private citizens, who are all unpaid weather observers. In some parts of Australia the observers have a busy time in the rainy season. In eastern Queensland early this year as much as 10 inches of rain were recorded in 24 hours.

W. N. U. 1820

Subsidies For Air Transport Urged

Would Put Passenger Rates On Par With Railway

Subsidies for aerial passenger transport line were urged by Major General J. H. MacBrien, president of the Aviation League of Canada, in a speech at Montreal. In Europe, where such subsidies are paid, aerial passenger rates were on a par with railway rates whereas in Canada the air rates are three times as great as those offered by railroads.

For this reason the passenger branch of air transport was not progressing.

General MacBrien urged the formation of a branch of aviation to be known as aerial service in which all companies would co-operate to eliminate wasteful competition and work for greater development of the industry.

Busy Construction Season

Saskatchewan Awarded Largest Number Of Contracts During Year 1929

The Saskatoon Western Producer notes that, with a total of 2,327, Saskatchewan took the lead among the four western provinces for the number of construction contracts awarded during the year 1929, according to figures reported to the Saskatchewan Department of Railways, Labor and Industries. This compares with British Columbia's 2,275, Alberta's 2,055, and Manitoba's 1,653. The value of the permits in the province was \$34,184,300, or an increase of \$14,000,000 over the 1928 total.

PALPITATION Throbbing of Heart After the "Flu"

Mrs. J. Cunningham, Sault Ste. Marie, Ont., writes:—"Last February I had a severe attack of influenza which left me with palpitation and throbbing of the heart. I felt very weak and tired so began to take

and used about six boxes and have found them help me a great deal, and am very thankful for having found such a good medicine."

Price, 50c. a box at all druggists and dealers, or mailed direct on receipt of price by The T. Milburn Co., Limited, Toronto, Ont.

Largest Elevator At Any Seaport

Mammoth Alberta Wheat Pool Elevator In Operation At Vancouver

The largest terminal grain elevator at any port on the seven seas has recently been put into operation at Vancouver by the Alberta Wheat Pool. This elevator has a capacity of 5,150,000 bushels and is known as Vancouver Pool Terminal No. 1.

The port of Vancouver is now an important grain shipping centre. During the crop year ended July 31, 1929, shipments of grain totalled 96,138,218 bushels compared with 79,714,512 bushels for the year ended July 31, 1928, and 34,415,653 bushels for the 1926-27 crop year.

Dread Of Asthma makes countless thousands miserable. Night after night the attacks return and even when brief respite is given the mind is still in torment from continual anticipation. Dr. J. D. Kellogg's Asthma Remedy changes all this. Relief comes, and at once, while future attacks are warded off, leaving the afflicted one in a state of peace and happiness he once believed he could never enjoy. Inexpensive and sold almost everywhere.

Claim Tree Is Tomb

An oak tree, 1,000 years old, near the village of Noebdenitz, is claimed to be the tomb of the famed German poet and statesman, Hans von Thumel. The tree had a large hollow in its trunk and in this hollow, back in 1924, Thumel is supposed to have been interred. The cavity has been filled up with concrete.

There are, at present, only two places in Europe where the accordion is not despised—Scotland and Belgium, the latter country possessing 40,000 accordion players.

Minard's Kills Dandruff.

WHY SUFFER FROM YOUR LIVER?

Why be handicapped with unsightly blotches on the face, eyes with yellow tinge and that tired and languid feeling? This indicates a torpid liver.

Headache, Dizziness and Biliousness surely follow. You must stimulate your lazy liver, start the bile flowing with Carter's Little Liver Pills. They also act as a mild laxative, purely vegetable, free from calomel and poisonous drugs, small, easy to swallow, and not habit forming. They are not a purgative that cramps or pains, unpleasant after effect following, on the contrary a good tonic. All Druggists 25c and 75c red pkgs.

Will Try New Process

Canada To Experiment With Freezing Fish In Transit

Experiments in the freezing of fish in transit by the silica jelly process will be conducted by the Department of Fisheries early this summer, it was learned at Ottawa. It has been found in the United States that this method of refrigeration is eminently satisfactory in the transportation of pre-chilled fish, but the Canadian Department desire to go a step further and ascertain if it is equally as effective for fish that has not been pre-chilled.

Should the experiments prove successful it would mean a saving of about 12½ per cent. in refrigeration space, with a consequent increase by that proportion in the packing of fish cargoes by rail.

Some Figures About Canada

Few Grasp Vastness Of Britain's Largest Overseas Dominion

Canada is Britain's largest overseas Dominion; bounded by three oceans. Coastal distances (per Canada Year Book): Pacific Coast line, 7,180 miles; Hudson Bay coast line mainland, 6,000 miles; Atlantic coast line, 5,000 miles—Total 18,180 miles. Canada's greatest width in due east and west direction approximately 3,050 miles; greatest distance between southerly and known northerly land extremities, approximately 2,870 miles. Canada-United States boundary, 3,985 miles long; 1,787 miles by land, 2,197 through water. Canada is larger in area than United States with Alaska by 42,912,000 acres.

Manitoba Honey

Manitoba produced 6,899,399 lbs. of honey last year, 15 individual operators each produced a carload or more. Manitoba exhibitors secured three first places out of four classes entered at the Royal Agricultural Fair, at Toronto.

SUNDAY SCHOOL LESSON

MARCH 2

JESUS TEACHING ABOUT HIMSELF

Golden Text: "Come unto Me, all ye that labor and are heavy laden, and I will give you rest."—Matthew 11:28.

Lesson: Matthew 11:2 to 12:50. Devotional Reading: Isaiah 61:1-10.

Explanations and Comments

What Jesus Said About Himself To John the Baptist, 11:2-6.—John the Baptist had been imprisoned at Machaerus by Herod, and when his disciples came and told him what Jesus was doing, he sent them to Jesus to ask, "Art Thou He that cometh or look we for another?" "He that cometh" is a phrase for the Messiah, derived, it is believed, from Psalm 118:26. As Dr. Bruce comments, by this time John had been a prisoner for some time, long enough to develop a "prison mood." When John was free he had been the first to recognize that Jesus was the Coming One, the Messiah, but in his imprisonment he had grown doubtful, for to that caged eagle Jesus seemed too mild in His dealings with men to be the expected avenger, the Christ as had pictured Him.

"There is only one Man with whom it is always high-water; all others have ebbs and flows in their religious life, and variations in their grasp of truth."—Alexander MacLaren.

John's disciples found Jesus busy with the very work that had disappointed John. The sick were coming to Him, and He encouraged their coming; to the poor He proclaimed the gospel, but uttered no word about the fire or the ax of which John had spoken (Matthew 3:10-12). Jesus stopped His work to answer John's messengers. "Go and tell John," He said, "the things which ye hear and see; the blind receive their sight, and the dead are raised up, and the poor have good tidings preached to them—all a fulfillment of the prophecy as to the Messiah, in Isaiah 35:5, 6; 61:1. "Tell your story over again and remind him of those prophetic texts. Let him study the two together and draw his own conclusion." It was a virtual invitation to John to revise his Messianic idea, in the hope he would discern that after all "love" was the chief Messianic charism.—A. B. Bruce.

The miracles were Jesus' credentials. They proved His divine power, and they revealed His divine sympathy. They were "signs," as they are called in the Fourth Gospel, recorded "in order that ye may believe that Jesus is the Christ, the Son of God, and that believing ye may have life in His name."

"To me these acts of healing and restoration, whether of the soul or of the body, are not incredible. I do not regard them miracles in the sense of violation of the laws of Nature, but as manifestations of spiritual power, and as wrought through knowledge of spiritual laws in the obscure domain where soul impinges on body. Almost as important as their truth is the disposition of Jesus revealed in them."—Dean Worcester.

There was no word of rebuke for John's lack of faith, but this gentle

message was added: "And blessed is he, whosoever shall find no occasion of stumbling in me": Happy is the one who is not disturbed by the methods I use, by My ways of fulfilling My mission.

Some Brilliant Ideas

Even the newspapers are unable to reach 100 per cent. of the university students who are burning the midnight oil in quest of higher learning. In reply to a recent examination question regarding General Smuts, several students in one university said it was a disease attacking wheat, while one bright scholar confided that General Smuts were "stories that one should not tell."

Persian Balm appeals instantly to the dainty woman. Stimulating the skin, making it velvety soft in texture, it creates and preserves complexions of exquisite charm. Delicately fragrant. Cool and delightful to use. Especially recommended to soothe and dispel roughness or chafing. Stimulating and invigorating. Imparts a youthful loveliness and protects and enhances the most delicately-textured skin. Persian Balm is the unrivalled toilet requisite.

Among gypsies, children born on Christmas Day are said to have the power of divination and ability to avert the "evil eye."

Aching Feet

Stop aching when bathed in a solution of Minard's and warm water. Leaves smooth and rested feeling.

CHAPTER III.—Continued.

"I thought the room over the kitchen would be easier to heat in winter."
"The idea!" snapped Grandma. "That's where I used to put my hired girl!"

"And it's the most comfortable bedroom in the house," retorted Charmian. "I'd have taken it myself long ago, if I hadn't wanted to be nearer to you. But let's not worry over that question. He can decide it himself when the doctor brings him in on Saturday. Perhaps after his inspection he'll have none of us."

"Well, well," Grandma repeated, "it'll be a great change. I don't know as I like the idea—hardly. He may be fussy, and want milk in his tea instead of cream, like Deacon Purdie."

"Let's hope he does," laughed Charmian as she moved away. "It'll be that much cheaper feeding him!"

"Hush!" reproved the old lady. "Would you begrudge the poor man a dash of cream?"

It was a sunshiny Saturday when the doctor's dusty car stopped before the old Davis house. Grandma, peering from the window as usual, drew a breath of relief as she viewed the stranger who stood beside Doctor Howe, and was, evidently, admiring the carved pineapple above the door.

Yes, he was young, she decided, but not too young. He was past the age when he would thoughtlessly track dirt into the house (if a man ever is past that age!), and he wasn't old enough to be set in his ways—not thirty surely. He probably wouldn't notice whether his tea contained milk or cream; and he had fine, straight legs. Grandma had once been wooed by a youth who was slightly knock-kneed, and as she told Charmian, after sixty years the remembrance still made her shiver.

"The Davises were all tall and straight," she continued. "That's one reason I took to your grandpa. There wasn't a knock-knee or a bow-leg in the family. They walked like soldiers."

"And he does, too," mused the old lady, as she watched the newcomer move toward the house. Then the doctor looked up and waved to her, and in another moment was in the doorway.

"Well, Grandma," he began cheerfully, "this is John Carter. You see I kept my word and brought him in for you and Charmian to inspect. This is Grandma Davis, Doctor—Grandma to the whole town, and keeper of the village watchtower. We couldn't get along without her."

Grandma looked up and smiled, her eyes, bright as a bird's, meeting those of the young man as he took her hand and bent above it in a deferential manner of a bygone day.

She was thinking: "Somebody taught him his manners, anyway, and respect for age." She said, motioning her guests to be seated, "I supposed it was the other way round, and you were to inspect us. That's how Charmian put it. She's been cleaning the house from top to bottom, as if she thought you'd inspect the ice box and the attic," she added with a twinkle. "Charmian's my granddaughter, as the doctor's most likely told you. She'll be here in a minute. She just ran over to Lizzie Baker's with a half a cup o' cornmeal Lizzie forgot to order, as usual, and wanted to make an Indian pudding for her supper. Seems as if Indian pudding would set sort of heavy on the stomach come night, doesn't it?—but the Bakers can digest nails or horseshoes, as my father used to say; and which you'll find is true, young man, if ever you're called there—not that you will be, though, while our doctor has a leg to stand on."

"Hush!" laughed the old man. "Would you discourage him at the very start?"

"I'm only warning him," said Grandma. "Wickfield folks are set in their ways, and you're one of 'em, Edward, if I do say it to your face. Maybe you'll think it's disrespectful, my calling the doctor by his first name," she added to the younger man, "but we grew up together here in Wickfield, and I'm not much older than he is though he's caught the habit of saying Grandma like the rest of them. Here's Charmian now. She's seen the automobile and is hurrying. That blue gingham sets pretty on her, doesn't it? She made it herself. Come in, dearie. Here's the doctor and his young man."

Yes, the blue gingham certainly "set pretty on her." This was the prospective boarder's thought as he arose, feasting his eyes on the vision in the doorway. The old doctor was feasting his, as well; and Grandma Davis might have been said to do the same. For Charmian made an astonishingly pretty picture, her cheeks flushed from hurrying, her blue eyes shining, a bit of not unnatural embarrassment making her pause a moment before coming forward.

"Charmian," said the doctor, putting a fatherly arm across her shoulders to draw her nearer, "this is the boy who's promised to help me out if you'll find him a place to live. I knew his father and his grandfather before him, and will vouch for the fact that he won't run off with the Davis candlesticks!"

Charmian laughed as she stretched out a friendly hand which the young doctor took, and forgot to return till the girl drew it away. She said, a smile bringing out the dimples of which her mother had been so proud: "He might not think them worth the bother! They're brass, not silver, Doctor Carter. Would you like to go up now and see the rooms? The east room is larger; but the one in the ell looks toward the river and is very cozy."

"I really needn't look at anything," replied the young man impulsively. "I'll sleep in the attic, if only you'll take me in."

"Well," chuckled Grandma, "the attic's clean, anyway! I told you she'd cleaned everything. You take him up attic, dearie, and show him how pretty it is from the south window. There isn't a nicer view in all Wickfield. But I don't think, young man, that the room over the kitchen is good enough for a—a guest. However, you can take your choice; and as Charmian says, it's easy to heat come winter."

As the young people left the room, the old doctor drew his chair closer to Grandma's.

"Well?" he questioned. "How does the boy strike you, Polly?"

"Dear me," sighed Grandma, "I pleased right brightening her eyes, 'I don't believe anybody's called me Polly in twenty years. As for that boy, Edward, I liked him. He's got manners—not that manners are

everything, but they cover a multitude of sins. And he looks you straight in the eye. If his eyes had been shifty I'd never have consented to take him in. But almost the best thing about him is his legs. He walks like a soldier."

"Yes," laughed the doctor, "his legs seem to be all right; though I wish he were ten pounds heavier."

"We'll have to fat him up," commented Grandma. "His being here will make more work for Charmian, but she says she can stand it. Say, Edward" (lowering her voice), "have you seen that high-flyer that Jim Bennett took to the church sociable?"

The doctor laughed again; but his reply was interrupted by the opening door, and a small boy entered hurriedly.

"It's Jamie Oldham," said Grandma. "You tell your mother that her yarn hasn't come yet; or were you wanting something else?"

"I want the doctor," panted the little boy. "The baby's got an awful stomach ache and Mummy saw the automobile and sent me running. She said to tell you the baby's black in the face already, and for you to hurry."

"Like as not Susy Oldham's been feeding it mince pie," commented Grandma, as the doctor hurried away. "It's a wonder she's raised any of her children. I suppose Edward will come back for that young man soon as he's turned the baby upside down and given Susy a good talking to. I wonder which room the boy will take. It doesn't seem polite, somehow, to put him in the ell."

The "boy" was standing in the ell at that very moment, exclaiming at the beauty of a big four-posted bed.

"Yes, it's wonderful," said Charmian, touching the carved posts lovingly. "My great-grandfather slept on it. Later it was put in the guest room, and when black walnut came into fashion it was banished to the servants' quarters."

"Delightful quarters for the humble," smiled the young man. "I think I'll choose this room if it's as convenient for you."

"It will be more convenient. It's smaller to care for, and easier to sweep because of the hardwood floor. That Turkish carpet in the east room is gorgeous, but it's a sight of work to clean!"

"Look here!" said the doctor suddenly. "I won't have you cleaning for me. I'll have time enough at first, anyway, to take care of my own domain. I'm a dandy sweeper, and can make a bed as expertly as a trained nurse. Just try me!"

Charmian laughed. "What would Grandma say? She thinks it's frightful to even offer you this room where she used to keep her hired girl. But I think it's a lovely room with its quaint dormers. Just see the view from this window. Isn't the river adorable from here? When I was a little girl I used to pretend it was a silver ribbon, put there by the fairies. I remember confiding my fancy to Jimmy Bennett, and he laughed. I didn't forgive him for years and years!"

"No wonder!" responded John Carter with instant understanding. "Who is he? I'd like to smash his face for you!"

"You needn't bother," laughed Charmian. "In fact, I wouldn't have hurt him for worlds. Jim is the rising young man of our community, as you will soon learn; and at present is setting the town agog by running after a green hat."

(To Be Continued.)

If one be troubled with corns, he will find in Holloway's Corn Remover an application that will entirely relieve suffering.

Back in 1700, the foundations of industrial medicine were laid when a doctor wrote a book of 43 chapters on "Diseases of Artificers and Tradesmen."

Minard's Will Kill Corns.

Russia Erecting New Mausoleum For Lenin

Elaborate Ceremonies Will Mark Dedication In October

Behind a great wooden fence, in front of Moscow's famous Kremlin, entirely screened from public view, hundreds of Soviet workmen are battering down the grim wooden tomb in which Vladimir Illich Lenin, "Father of Bolshevism," has slept during the last six years.

On this site is soon to rise a finer and more enduring mausoleum of granite and malachite to house the frail figure of the great revolutionary leader. While these operations are in progress, the embalmed remains of Lenin have been transferred to a special mortuary chamber in the Kremlin, where the coffin is guarded day and night by armed red soldiers.

On the ceiling, under which Lenin will repose in a large, hermetically sealed glass case, will be an armorial ensign of the Soviet Union. Lenin will be garbed in a simple khaki suit of semi-military cut, as at present, and the full length of his body, bearing the order of the "Red Banner" will be exposed to view.

Construction of the new mausoleum is progressing rapidly. It will be completed by October, 1930, when the thirteenth anniversary of the October, 1917, revolution will be celebrated. The most elaborate ceremonies will mark the dedication.

**STORMY WEATHER
HARD ON BABY**

The stormy, blustery weather which Canadians experience during February and March is extremely hard on babies and young children. Conditions make it necessary for the mother to keep them confined to the house, whose rooms may be overheated or badly ventilated. The little ones catch cold and their whole system becomes racked. To guard against this a box of Baby's Own Tablets should be kept in the home and an occasional dose given the baby to keep him fit, or if a cold suddenly grips him to restore him to health again and keep him in good condition till the brighter, warmer days come along again.

Baby's Own Tablets are just what the mother needs for her little ones. They are a mild but thorough laxative which regulate the bowels, sweeten the stomach; break up colds and simple fevers; banish constipation and indigestion and make the cutting of teeth easy. The Tablets are sold by medicine dealers or by mail at 25c a box from The Dr. Williams' Medicine Co., Brockville, Ont.

Just as we were converted by the open-window campaign our next-door neighbor bought a radio.

WRIGLEY'S

WRIGLEY'S is good company on any trip.
It's delicious flavor adds zest and enjoyment. The sugar supplies pep and energy when the day seems long.

So SKINNY As Hamed in Bathing Suit Gained 15 lbs
—Bulah Lenningham writes, "Thousands gain 5 to 15 lbs. in 3 weeks with new Ironized Yeast. Skin clears like magic. Nerves, constipation, vanish overnight. Get Ironized Yeast tablets from druggist today."

Little Helps For This Week

"Let your speech be always with grace, seasoned with salt, that ye may know how ye ought to answer every man."—Colossians iv. 6.

Govern the lips
As they were palace doors, the king within;
Tranquil and fair and courteous be all words
Which from that presence win.
—Edward Arnold.

Wear your velvet within; show yourselves amiable to those, above all, who live with you.—Joseph Joubert.

He who governs his tongue is perfectly able to control all his passions.
—William Ellery Channing.

Will Cut Illiteracy
An active program will be inaugurated within the next two weeks to reduce the number of people in the United States who cannot read or write before the census takers come in the spring. The object is to show illiteracy so reduced that the nation will not feel humiliation when its figures are compared with those of England, Germany, Switzerland, Norway, Denmark, Japan and other countries that now lead it in this respect.

Needless Suffering

The next time a headache makes you stay at home—
Or some other ache or pain prevents your keeping an engagement—
Remember Aspirin! For there is scarcely any sort of pain it cannot relieve, and relieve promptly.

These tablets give real relief, or millions would not continue to take them. They are quite harmless, or the medical profession would not constantly prescribe them.

Don't be a martyr to unnecessary pain. To colds that might so easily be checked; neuritis, neuralgia; to those pains peculiar to women; or any suffering for which Aspirin is such an effective antidote.

Vaudeville

The Ladies' Guild of Christ Church announce a

VAUDEVILLE Entertainment

at the

Grand Theatre

on

Tues., March 4

Featuring the best talent in Creston Valley.

Adults 50c. Children 25c.

Local and Personal

COW FOR SALE—Fresh milch cow, Durham. R. Hurl Canyon.

FOR SALE—11 tons baled alfalfa. E. J. Malthouse, Camp Lister.

FOR SALE—Quantity of bee supplies and some bees. Enquire Review Office.

Mrs. Bunt of Victoria arrived at the end of the week on a visit with her son, Frank.

HAY FOR SALE—Ton prime alfalfa hay. M. Gaike (Croschwait ranch), Creston.

Mrs. Morris, Miss Williams and V. Machoine were Sirdar visitors at Creston on Tuesday.

ROOMS FOR RENT—Two rooms for rent, partly furnished. Apply J. P. Downey, Creston.

The season of Lent commences next Wednesday. Easter Sunday falls on April 20th this year.

FOR SALE—Imperial sewing machine, drop head, in good order, \$15. Can be seen at Creston Hotel.

FOR SALE—White Leghorn hens, laying good, \$1 each. Also cockerel. Mrs. J. B. Rudd, Wynndel.

Mr and Mrs. Wickstrom, who have spent the past three months on a visit with friends at Washington state points, arrived home on Tuesday.

FOR SALE—Chinchilla rabbits, does \$2 each. Two does and one buck, \$5. Mrs. J. B. Rudd, Wynndel.

FOR SALE—Good work horse, going cheap. Also some potatoes and vegetables. E. Nougier, Canyon.

J. N. Kimpton arrived from Nelson on Tuesday and replaces Dick Chandler as cashier at the Imperial Bank.

LOST—Between ranch and Creston Zerk type grease gun for auto. Reward paid finder. Percy Boffey, Creston.

FOR SALE—Team orchard extension disc, reversible—outhrow or inthrow. Cheap for cash. Bert Boffey, Creston.

Miss Johanna Scott of Champion, Alberta, is renewing acquaintances in Creston this week, a guest of Mrs. Fred Smith.
