No. 7

## K. K. Klub 1930 Concert Success

Musical and Dramatic Offerings  
Please Audience that Packs  
Old Schoolhouse to Capacity—  
Supper and Dance Windup.

The Wynndel Kill Kare Klub presented their annual concert on Saturday night at the old schoolhouse, Wynndel, to a crowd that taxed the capacity of the hall to the limit and those in attendance pronounced it well up to the standard of the club's previous presentations. Following the concert, supper was served, and dancing for a couple of ours finished up a most enjoyable evening.

It would be hard to pick out any of the members of the cast for special mention, as every item was carried through without a hitch, and received generous applause.

The programme opened with a humorous sketch, "The Country Store," which dealt with the trials of a country merchant until one of his customers met dame fortune and pointed towards a decided uplift in the financial standing of the district. A song by J. Hulme followed, and was encored, and a lengthy monologue by C. Payette, "O Gee Gosh," was one of the best items of the evening. A vocal duet by Miss E. Towson and A. E. Towson followed and was very well received and encored. Next followed a pianoforte duet by Mrs. W. Cooper and Miss D. Butterfield. A quartette by Misses D. Butterfield, E. Towson, D. Payette and Mrs. R. Price was well rendered, and a duologue, "Please Pass the Cream," by D. Rutterfield and J. Hulme was excellently rendered and was given

Young Peoples.

well merited applause. A dance by Miss E. Towson was very popular, and received a lusty encore, and brought to a close the first half of the programme.

A song and dance by Miss D. Payette and Mrs. R. Price opened the second part, and was followed by "Raps," a duologue by Messrs. F. Hagen and D. Butterfield was accorded a well deserved encore, and was followed by a pianoforte solo by Mrs. Cooper. J. Hulme favored with another song, "Never Let Her Learn to Dance." The next sketch, "Foiled, by Heck," was, perhaps, the hit of the evening. The Misses D. Payette, E. Towson and Mrs. Cooper and Messrs. A. Hagen, F. Wilson and A. E. Towson playing their respective parts in finished style. A song by D. Butterfield, "Gilbert the Fibert," was followed by a chorus, "The Utah Trail," by the party, and this brought the 1930 K.K. Klub concert to a close. The door receipts were in the neighborhood of \$98.

### Wynndel

Alex. Cameron returned last week after spending the winter at Coleman, Alberta.

Mrs. P. Downey, who has been a patient at Cranbrook hospital for the past six weeks, returned home last week, and is at present on a visit with her parents Mr. and Mrs. Jas. Wood.

Mrs. Williams returned home last week after holidaying in Blairmore, Alberta, for the winter.

Mrs. Bathie and Lillian Gregory left on Friday for Victoria, where the latter will remain for medical treatment at the Solarium.

Paul Ofner was combining business with pleasure on a visit to Nelson last week.

Mrs. A. Renedetti, who has been a patient in Nelson hospital, returned home last week.

O. Davidge accepted delivery of a shipment of trees from the Layritz nurseries last week. Sam Moon has also taken delivery of trees—from the B.C. Nurseries.

There will be Easter service at the Anglican Church on Sunday at 3 p.m.

Ted Svendsen and Rasmus Walde are to be here for a dance in the old schoolhouse Saturday night, 19th, with an admission of \$1 to gents, and 50 cents to ladies, supper included. Oldtime and modern music as requested. Don't miss a good time.

### Lister

A. W. Sinclair is in charge of a small crew of men at work repairing leaks and filling in the pipe line of the waterworks system.

Rev. R. E. Cribb will be here on Sunday at 2.30 p.m. for United Church Easter service, for which appropriate special music is being arranged.

Mr. Zachodnik of Canyon has been here this week looking after the cultivation of five acres on the Lazachuk place. We hear Sam will be in from Kellogg for a spring visit at the end of the month.

The quartette of German settlers, who made a horse buying trip to southern Alberta last week, arrived in with about a dozen head of work horses on Saturday, which they secured near Barnwell, Alberta.

John Huscroft and Harry Helme are busy with trucks hauling out their cut of tie for shipment from the siding at Canyon.

Business visitors were much in evidence this week, including W. S. Olliver, C. R. Ward and Bert Sang of Cranbrook; W. A. Harrison of Nelson, and Ed. Church of Fernie. Roy Harris of the Kootenay Telephone Company, Cranbrook, was also a business caller.

Miss Doris Yerbury is a visitor with Nelson friends this week.

School closes for the Easter vacation on Thursday, and the teacher, Miss Curtis, will spend the vacation at her home in Slooan City.

Although orders for stumping powder were quite heavy, the very dry weather that obtains is preventing land clearing on the expected scale.

## Thirty Members Tennis Objective

Adult Membership Set at \$10.00  
—School Children Pay \$2.50—  
Construction of Courts Under  
Way—Village Council Helps.

The tennis fans were out it satisfactory numbers on Tuesday night to hear reports of committees named at the organization meeting a couple of weeks ago, with President Whitfield presiding.

Messrs. Forbes and Wheeler reported on a satisfactory interview with the village commissioners at which the council had agreed to allow them the use of the southeast corner of the fair grounds and will also provide a team and man for three days to help put the playing ground in order.

The meeting accepted the report and on Wednesday work was commenced on the courts, and today (Good Friday) an oldtime bee is being held to help keep down the cost of construction which with equipment is estimated to cost not less than \$300.

The meeting adopted a membership of \$10 to adults, and \$2.50 to children, whose hours of play will be definitely fixed. The objective is 30 adult members quite a number of whom signed up at the meeting, and all who wish to play are asked to turn in their names and dues to Mr. Purchase at the Bank of Commerce just as soon as possible.

The club plans call for the construction of two clay courts on an admirable location, and the greatest confidence is expressed that the requisite number of playing members will be hooked, and that very early in May play will be in full swing.

## League Baseball Starts May 4th

International Circuit is Proving  
Popular—Schedule to Extend  
Over Three Months—Creston  
Awarded Opening Game.

The four-club international baseball league made up of Troy, Montana, Bonners Ferry and Sandpoint, Idaho, and Creston, was officially established at a most enthusiastic meeting of baseball backers from these four centres, held at Bonners Ferry on Tuesday night, Creston's interests being looked after by W. H. For-

Auspices Beaver Brotherhood.

## Lantern Lecture

by

Rev. A. C. Pound

Adults 25c. children 15c

tin, R. M. Telford and Ray Crisler.

Dr. Severn of Bonners Ferry presided, with E. D. Raymond of Sandpoint, secretary, and these two, along with the managers of the four clubs interested, will constitute the league executive, with the former as president.

No time was lost in completing all league organization details, including the drafting of a 12-game schedule, which will provide games until about the end of July.

With just one or two exceptions each town will have a home game every other Sunday, and the opening is set for Sunday, May 4th, when Bonners Ferry will visit at Creston, and Troy will be guests of Sandpoint. No arrangements were made for holidays such as Dominion Day and July 4th, but the three teams from across the line are quite keen to visit Creston on July 1st for a tournament in which all four clubs will participate.

Double umpires will be used and each team will name its own arbiter for each contest. No hard and fast rules were made as to eligibility of players, due the fact that baseball material is none too plentiful at Bonners Ferry this year.

The circuit is a quite compact one, Creston having none the best of it in the matter of distance to travel. Troy is approximately 65 miles from here, and Sandpoint a matter of 75 miles distant.

### Erickson

Lee Heric arrived from Yahk on Saturday, to spend the weekend with his family at the ranch.

Erickson and Creston juniors met here on Sunday for a real good game of baseball, Erickson winning by a margin of 13 to 10.

Miss Ruby Martin is a Cranbrook hospital patient. She was taken there on Monday and was operated on the following morning for appendicitis.

R. M. Telford and Ray Crisler were Bonners Ferry visitors on Tuesday, where they attended the organization meeting of the international baseball league.

Miss Marion Heric, who has been a hospital patient at Cranbrook since January, returned home at the middle of the week.

There was general rejoicing on Tuesday amongst the ranchers on the Erickson irrigation system when water again came through the pipes. The system has been out of commission since the January cold snap.

School closes for the Easter holidays on Thursday. Both teachers expect to remain in the Valley for the ten day holiday.

### Alice Sliding

Cherry trees are coming into bloom in this area. Some Bings on the J. W. Parkin place, are the earliest reported.

Jeffrey Collis left at the end of the week for Silverton, Oregon, where he is on a visit with former Creston friends.

School is due to close for the Easter vacation on Thursday, 17th, and Principal Lukau will be spending the holiday at his home in Fernie.

Miss Iria Taylor is spending the week with Miss Helen Moore, teacher at Flagstone, and will return with her today when the latter comes home for Easter.

Spraying operations are fairly general in this section this week, Mr. Steiner on the Payne place being the first to get at this work.

Mrs. Halko, who has been at Tranquille, Kamloops, for the past two years,

## Tennis Courts at Exhibition Park

Club will Fit up Two Courts in  
Ideal Location on Fair Ground  
—Location for Clubhouse and  
Bowling Green to Come Later

The executive of Creston Tennis Club have definitely decided to utilize the southeast corner of the fair grounds, adjoining the Pridham ranch, for permanent tennis quarters, and at the meeting of the village council on Monday the necessary permission was received from the commissioners to proceed with the work of putting in the courts as per a very attractive plan designed by Chas. Moore, one of the best known local tennis enthusiasts.

Mr. Moore's plans provide for two courts of regulation size. They are of clay construction and placed north and south so as to get the maximum of daylight and get the maximum of relief from sun troubles. Plans as drawn show one court gracefully terraced over the divide of 15 feet, giving it an elevation of about two feet above the adjoining court.

Considerable grading will have to be done to put the grounds in shape for play, and their construction will provide a base of sand, gravel and clay with a dressing of lime, sand and clay—the lime assuring a playing surface of maximum uniformity. Fifteen feet is allowed at court ends, and the courts are to be wire screened on the four sides.

The location of the playing field is one whose natural surroundings are attractive with an abundance of shade trees. The plans also indicate a likely location for a clubhouse or pavilion for the convenience of spectators and to facilitate the social side of the game. Mr. Moore has also included an area which, if desired, could be readily developed as a bowling green, the pavilion having a convenient location for those participating in either sport.

If funds available permit of a tennis development on the plans submitted the game should prove immensely popular with the active members of the club and should also attract a considerable membership from less active admirers of the game who would be unable to resist the call of the courts set in such auspicious surroundings—and a non-playing membership fee set at an attractive figure.

is expected on an Easter holiday visit with her parents, Mr. and Mrs. J. W. Parkin.

Frank Simister had the bad luck to lose about 100 White Leghorn and Rhode Island Red chicks in a fire at his poultry house Friday night. The fire is supposed to have caught from the lamp in the brooder.

## The Problem Of Unemployment

The nations of the world, and more especially those of the white race, and of these those most highly industrialized, are confronted with a common problem which is becoming increasingly acute, namely, unemployment, resulting from a lack of gainful employment for hundreds of thousands of people, able, willing and competent to work, but who are unable to secure it.

The present situation is a paradox. No less competent an authority than the United States President's Committee on Recent Economic Changes reaches the conclusion that the rise in unemployment in recent years is not so much the result of recession in industry, closed factories and general depression,—usually advanced as causes of unemployment,—as it is the direct outcome of prosperity itself.

In other words, the intensified activity which has characterized progress in the past decade has likewise intensified, and in a sense created anew, one fundamental economic problem—the problem of unemployment.

The problem of unemployment has been recognized since the war as a serious one in Great Britain, and greater publicity has been given the British situation than in other countries, largely because of the fact that in Britain, with its schemes of unemployment insurance, facilities existed for obtaining a more accurate accounting of the actual number out of work. It is now becoming more generally known that the percentage of unemployed to population is almost as high in many other countries, and higher in some. And the number of the enforced idle is increasing, until it is now estimated that 20,000,000 or more throughout the world are unemployed. The situation in Canada is decidedly better than it is in the United States, Great Britain, Germany, Italy, and most other countries. Even so, unemployment is a subject of growing concern in this Dominion to all Governments, municipalities, labor organizations and business interests in general.

Of course, in a young and developing country like Canada, and particularly in view of its long winter months which necessarily slow up many of our major activities, there always has been and, in all probability, always will be seasonal unemployment. That is unavoidable, and those engaged in occupations which must slow up, or be temporarily suspended in the winter, must, like the farmer, earn a sufficient amount in the months of activity to carry him through the slack period.

But why, following one of the most active years in the industrial history of Canada, with building construction records greater than ever before known, with development works of all kinds in progress, unemployment practically unknown, business maintained at a high peak, which was the situation during the first three-quarters of 1929, should the unemployed problem be more acute than ever in the late fall and winter months? The answer cannot be found in any one thing, but is made up of many factors.

Let us consider Western Canada alone. In 1928, with a record crop volume of low grade, this country had to import over 50,000 harvesters, thus providing temporary employment which benefitted the whole country. In 1929 it was not necessary to import any harvest help, partly because of a 50% reduction in grain yield owing to drought conditions, but also largely because combined reaper-thresher machines, coupled with the use of motor trucks on a large scale, eliminated the work hitherto performed by manpower.

Decreased volume of production resulted in a heavy falling off of railway freight movement, and consequent large decrease in railway employment, which was accentuated by the general tie-up in the wheat markets. All down the line business was affected adversely, and unemployment grew.

Again, take railways. Every year witnesses increased traction power of locomotives. In the United States the tractive power of locomotives per railway employee increased 11 per cent. in the seven years between 1913 and 1920, but 35 per cent. in the two years between 1925 and 1927. Here in Canada, the C.P.R. and C.N.R. are introducing huge locomotives of great power undreamed of ten years ago. Enormous tonnage is now hauled in a single train which not many years ago would have called for the operation of two or three trains. Thus the number of train crews is lessened.

Cheap electric energy distributed all over the country, with a multitude of new machines of all kinds, electrically operated, is replacing hundreds and thousands of small industries where much work was done by hand.

But, it will be said, great industries have been built up as a result of new inventions which now employ hundreds of thousands, as, for example, the automobile industry, radio, aviation. True, but each replaces something else. Consider the automobile, and its companion the truck. It has replaced the manufacture of carriages, buggies, farm and other wagons. The making of harness is fast disappearing. The village blacksmith is almost extinct. On the one hand the automobile industry provides increased freight traffic for the railways; on the other hand it takes both freight and passenger traffic away from them.

One motor truck does the work of several horse drawn wagons; one combine replaces two binders, a threshing outfit, and a score or more stokers, teamsters, and other helpers. A motor driven power shovel or ditch digger supersedes a small army of laborers. The radio has silenced many a piano and phonograph. The moving picture has closed up the theatre with its travelling shows in all but the largest cities, and now the "talkies" with their elaborate musical presentations are finishing the work, as well as throwing thousands of men and women engaged in theatre and moving pictures orchestras out of work. Each picture is its own orchestra.

Mass production aided by wonderful new machinery turns out products of all kinds in ever increasing volume, employing one man where formerly a score found work. That one man receives greatly increased wages and enjoys a higher standard of living, but his high wages are but a mere fraction of the cost of production with cheap power, machinery, and mass production the main factors of cost. So while he and others prosper, and many people enjoy things formerly denied to them because of their cost, the unfortunates displaced in this onward march of progress are unemployed and in distress. With no work to be found for which by previous training and experience they are best fitted, they find all other avenues closed to them because the same process is at work everywhere.

What is the solution? No man yet knows. It will be found, because it must be. The continuance of civilization depends upon it. In a word, as one writer puts it, something of the same kind of engineering efficiency which has brought about these displacements of man-power will have to be applied to the problem of finding openings for competent men where they are needed.

An old temple bull has been restored to Japan by a Swiss museum, as a token of loyalty to the League.

**Invention For Blind**

Standard Typewriter Keyboard Can Be Converted Into Braille System

John Lemp, Tavistock druggist, has completed an invention whereby the keyboard on any standard make of typewriter may be converted into a Braille system keyboard for blind persons, who may wish to take up stenography.

The invention consists of a set of brass caps, embossed with Braille letters and figures instantly detachable.

Mr. Lemp, who has a blind daughter, has offered the invention free to institutions for the blind.

## A SPRING TONIC AN AID TO HEALTH

You Can Lay the Foundation Of Good Health Now By Building Up Your Blood and Strengthening Your Nerves Through the Use Of Dr. Williams' Pink Pills.

The good old fashion of taking a tonic in the Springtime, like most of the customs of our grandparents, is based upon sound common sense and good medical practice. Winter is always a trying time for those who are not in rugged health. Many men, women and children go through the winter on reserve strength they have stored up during the sunny summer months, and grow increasingly pale and languid as the spring days approach. A tonic of the blood and nerves at this time will do much for such people, by putting color in the cheeks and banishing that tired feeling that worries thousands of people at this season of the year.

It is impossible to be energetic if your blood is thin and weak, or if your nerves are frayed or shattered. You cannot compete with others if you do not get refreshing sleep at night, or if your appetite is poor or you are losing weight. You need a tonic at this time to add to your efficiency now, as well as to save you from suffering later on. And in all the realm of medicine, there is no safer or better tonic than Dr. Williams' Pink Pills. These pills tone and enrich the blood which circulates through every portion of the body, strengthening jaded nerves and run-down organs, and bringing a feeling of new strength and energy to weak, easily tired, despondent men, women and children.

Mrs. L. Hupman, Summerville Centre, N.S., writes:—"Dr. Williams' Pink Pills have been of the greatest benefit to me. A few years ago I was in a badly run down condition. I became so weak and nervous that I could scarcely go about, and doing my housework left me completely used up. Everything seemed to worry me, and I was in a very discouraged condition when I began taking Dr. Williams' Pink Pills. I soon found the pills helping me, and continuing their use I fully regained my health. Since then I always take a few boxes in the Spring to build me up for the hot weather, and always I find the best results. I therefore cheerfully recommend these pills as the best of health builders."

You can get these pills from any medicine dealer, or by mail at 50 cents a box from The Dr. Williams' Medicine Co., Brockville, Ont.

### Use Good Seed

In the opinion of a successful farmer and grain exhibitor, registered seed or seed closely traceable to registered is preferable because it produces uniformity in ripening, in appearance and in the shape of kernels. Impure or mixed seed is sure to produce a sample with different types and lacking in uniformity.

### Your Home Medicine Chest.

Among the standard household remedies that should always be on hand in your home medicine chest, none is more important than Dr. Thomas' Electric Oil. Its manifold usefulness in relieving pain and healing sickness is known by many thousands throughout the land. Always use Dr. Thomas' Electric Oil for relieving rheumatic and sciatic pains, treating sore throats and chests, coughs, burns, scalds, cuts, bruises and sprains.

### Largest Deposit Of Diatomite

The largest deposit of diatomite in the Dominion at present known is in the vicinity of Quennel in central British Columbia, where material of pure grade occurs in beds forty feet thick that extend over a huge area.

No one need endure the agony of corns with Holloway's Corn Remover at hand to remove them.

Ruins of an old Roman wharf, where no doubt the emperors' pleasure galleys were once moored, have been found at Lake Neim.

Mimard's has Wonderful Antiseptic Power.

W. N. U. 1888

## New Line To Bay Shortens Route

Sturgis Cut-Off Will Be Ready For Operation Early In May C.N.R. States

Construction work on the Sturgis-Hudson Bay Junction branch line of the Canadian National Railways will be finished about May 18, and the line will be turned over to the operating department on that date. An announcement to this effect was made recently by A. E. Warren, western vice-president of the company.

A very considerable saving in time and distance between southern Saskatchewan and the Hudson Bay Railway will result with the completion of this line and the opening of it for regular freight and passenger service. Between Regina, Moose Jaw and other southern points in Saskatchewan there will be a lessening of 94.6 miles over the existing route from those centers to The Pas. Intermediate points such as Melville and Yorkton will also be brought considerably nearer to The Pas and the Hudson Bay Railway.

Until the Sturgis-Hudson Bay Junction line goes into operation the route from Regina to Hudson Bay Junction is via Swan River, a distance of 429.6 miles. The distance by way of the new route which lies through Melville, Yorkton, and Canora will be 335 miles.

Passenger and freight train services are now under consideration by the departments concerned but it is not expected that an announcement on train service will be made for a few weeks.

The Sturgis-Hudson Bay Junction line was one of those included in the three-year branch line programme which was passed by parliament in 1927. Although it is practically the last item on that programme to be completed, the date upon which it is to be turned over for operation is more than six months ahead of that set by the bill. This adds to the enviable record of the engineering forces of the Western Region of the Canadian National Railways in completing all its construction work months ahead of the limit set by parliament. The laying of steel to Churchill and the completion of the Flin Flon and Sheridan Railways and the Aberdeen-Melfort branch line are other examples.

### Combines In Western Canada

The successful introduction of the combine into Western Canada by the Dominion Experimental Station at Swift Current, Saskatchewan, in 1922 has aided materially in establishing this system of harvesting in the Prairie Provinces. Since its introduction in 1922, the use of the combine has spread till in 1928 over 3,650 combines were sold in Western Canada.

## Don't dose a Child's Cold

CONTINUAL dosing upsets children's delicate stomachs. Vicks is applied externally and therefore cannot disturb the digestion. It acts in two ways:

(1) The body heat releases the ingredients in the form of vapors which are inhaled.

(2) At the same time Vicks "draws out" the soreness like a poultice.

acts 2 ways at once  
**VICKS**  
2 VAPORUB  
OVER 17 MILLION JARS USED YEARLY

### New "Ice" Discovered

New Liquid Yet Unnamed, Boils At 18 Degrees Below Zero

Discovery of a new refrigerant which, it is held, will bring about a vast improvement in living conditions, has just been announced by the division of industrial and engineering chemistry of the American Chemical Society.

The refrigerant, as yet unnamed, is a compound of carbon, chlorine and fluorine and is technically known as fluoro-chloro-methane. It is a clear white liquid, boiling at 18 degrees below zero Fahrenheit. Commercial production, the announcement said, will probably not be practicable for at least two years.

### Saskatchewan Coal

Saskatchewan's coal production in 1929 was more than 100,000 tons higher than in 1928, and created a record for the province. Total production was 568,759 tons as compared with 464,428 tons in 1928.

## SAYS BRITISH NAVAL POLICY IS DANGEROUS

London, England.—Great Britain's war-time first sea lord, Admiral Lord Wemyss, said recently that Great Britain's future as a maritime power was fraught with grave possibilities under the present naval policy and other policies of the government.

Making the presidential address at the institute of naval architects, Lord Wemyss pointed to the reduction of 46 per cent. in the British naval estimates as compared to 1914 "concurrent with an enormously increased national budget."

"Is this backbone of British industry and national defence," he asked, "to be sacrificed in order that doles and pensions shall be provided on a more magnificent scale to those who, in many cases, might be usefully employed in developing empire resources and helping to protect our interests overseas?"

"Let us hope that the reaction, which must inevitably come sooner or later, toward fuller realization of our naval requirements may find us with the power to act before our national resources in men, money and material are irretrievably lost through a policy of mistaken confidence and extravagant expenditure in unprofitable channels."

The suggestion was made in parliament recently that the admiralty should take opportunity of the presence in London of Dominions' naval delegates, to discuss the question of revising the contributions of the Dominions to Imperial naval defence. Hon. C. G. Ammon, secretary to the admiralty, said the question is more appropriate for the Imperial Conference.

H. Ramsbotham (Cons., Lancaster), who had raised the matter, insinuated the real reason for not discussing the question was that the British Government had "pinched" the contributions of those Dominions interested in the Singapore naval base, by announcing work had been slowed down on this base without saying anything about return of the money contributed. Mr. Ammon did not reply to this.

"While all the self-governing communities of the British Empire have an equal claim on the protective role of the navy, they take widely varying views of their obligations towards the cost of Imperial defence," remarked the Weekly Review, Truth, recently.

The statement was provoked by study of the memorandum on respective contributions of Great Britain and the Dominions, released by the first lord of the admiralty last week. This showed the expenditure per capita in Britain was \$5.96; Australia, \$1.83; New Zealand, \$2.47; Canada, 37 cents; South Africa (white only), 22 cents.

An even more striking manner of expressing these inequalities is the proportion of expenditure on naval defence to the value of the import and export trade protected," Truth continues. "The moral seems to be that neither Canada nor South Africa think there is the faintest prospect of another naval war, and that it is only wasting money to provide against it."

### Unemployment in Ontario

Ottawa.—That there are nearly 40,000 unemployed men and women in the province of Ontario, or double the number registered at the same time last year, was the statement by General Superintendent E. C. Hudson, of the provincial employment services, who concluded an investigation into conditions.

### Will Attend Passion Play

Oberammergau.—Prime Minister Ramsay MacDonald, of England, has ordered tickets for himself and family for the Passion Play to be presented here this summer.

### Duchess Takes Up Aviation

London, England.—The Duchess of Bedford, who is 65 and an aviation enthusiast, made her first solo flight in her own baby plane at her home, Woburn Abbey, Bedfordshire.

Spain is preparing to take a national census next spring.

## For Royal Ranch

Shipment Of Thoroughbred Stock Arrives From England

Saint John.—Seventy head of the finest thoroughbred stock arrived here from England destined to go forward by the Canadian Pacific Railway to the Prince of Wales' ranch in High River. This is the first shipment made to the ranch for four years, and great care has been taken by Professor Carlyle in his selection of the animals to secure the very finest types.

"The 40 pedigreed Shorthorn cattle, all of which have passed the extreme tuberculin test, are quite the best shipment that has ever been brought to Canada in my experience," Professor Carlyle said. They represent purchases made from some of the most famous Scottish and English breeders as well as a selection of nine two-year-olds and three yearlings, heifers from the home farm at Stroke Climsland, Cornwall, which are of the Prince's own breeding.

These heifers are of certain notable Shorthorn families not at present represented on the ranch.

Included in the contingent are 30 Hampshire Down sheep, three of which were prize-winners at every agricultural competition in which they have appeared. These are to improve and supplement the herd on the ranch at present, which has enjoyed such success, rams having been sold and supplied to ranches from Texas to the Peace River.

## Peace Memorial Park

Money To Be Raised By B.C. School Children Donating Ten Cent Pieces

Vancouver.—Money subscribed in ten-cent pieces by the school children of British Columbia will be devoted to laying out of a peace memorial park on the Canadian side of the Peace Arch at the international boundary between British Columbia and the state of Washington, it was decided at a meeting here of the International Peace Memorial Association.

The United States end of the Pacific highway is being diverted to the Peace Arch, and the Department of Public Works, at Victoria, is changing the Pacific highway from its present position to the right-of-way to the arch.

The work of the International Peace Memorial Association will be to establish a magnificent park area on the Surrey side of the line. The Dominion Government has agreed to turn over certain lands there for a park.

## Eastern Canada Interested

Ontario Grain Growers Plan To Enter World Grain Show

Toronto, Ont.—Eastern Canada grain growers have already started plans to enter the world grain show at Regina, still two years away.

A few smattering prize lists which have found ways into agricultural centres here have resulted in a flood of requests for more and these requests are being communicated to the Regina promotion headquarters.

Seven of the leading grain growers of Perth County, two of them consistent winners in Ontario competitions, recently declared at Stratford that they have already started developing seed for the world show. Middlesex farmers have also started organizing.

### Might Take Canadian Lumber

Ottawa, Ont.—A party of British Columbia manufacturers, who recently visited Australia and New Zealand, have been in conference with Hon. James Macleod, Minister of Trade and Commerce, and said a friendly attitude to Canadian products was observed and it is believed that if a revision of the Australian trade agreement was considered, Australia might be prepared to give a preference to Canadian lumber.

### Floods Threaten Manitoba Farms

Winnipeg, Man.—Rising river-levels west of Winnipeg, forced farmers to resort to dynamiting ice-jams in an effort to obtain relief from threatened floods. Sudden mounting of the level of the Assiniboine River at Poplar Point, about 40 miles west, promises to immerse miles of farm land unless the ice is allowed to flow free.

## VISITS BIRTHPLACE

Mrs. Aimee Semple McPherson, noted evangelist, who, heading her pilgrimage to the Holy Land, stopped at London, Ont., her birthplace, to mark a ballot showing how she would determine six contentious problems of the day.

## Canada's Relations With Russia

Are Very Similar To Those With Other Countries

Ottawa.—Diplomatic relations between Canada and Russia are similar to those existing between the Dominion and other countries with the exception of those countries in which Canadian legations are located. This statement was made in the House of Commons by Premier Mackenzie King. Russia, the prime minister stated, had enjoyed certain special diplomatic privileges which had been discontinued several years. The result of the discontinuance of these special privileges, Premier King stated, was that relations with Russia, diplomatically, were on the same footing, as with Austria, Italy and such countries. A Canadian desiring to go to Russia, the prime minister remarked, could secure his passport in Ottawa, and have it vised by Russian authorities.

## Miners Will Not Strike

Lethbridge Men Decide To Apply For Board Of Conciliation

Lethbridge, Alberta.—There will be no strike in the Lethbridge minefield. The result of a vote announced at a meeting of the miners was 278 for conciliation and 142 for strike action.

The miners will now apply for a board of conciliation under the Lemieux Act to consider their demands, which include a small increase in wages and recognition of the Mine Workers' Union of Canada.

### New Fuel Oil For Planes

Hartford, Conn.—A new device for an aeroplane motor which permits use of all grades of fuel oil has been successfully demonstrated by the Pratt and Whitney Aircraft Company. The device eliminates the usual carburetor and intake system of the gasoline engine by a new system of direct fuel injection.

## National Fuel Policy

Matter Brought Up In House Of Commons In a Series Of Questions

Ottawa.—The question of a national fuel policy for Canada is being brought up in the House of Commons in a series of questions propounded by T. L. Church, (Cons., Toronto Northwest). Mr. Church enquired:

"1. What steps have been taken to carry out a resolution which passed the House of Commons in 1926-27 for a national coal supply for Canada by which all coal would be mined and coked under the British flag, whether from Wales, Nova Scotia or Alberta?"

"2. Has the attention of the government been called to allegations made 'of sweated labor' regarding coal for Canada from Russia made in the House of Commons, London, on April 7, by Sir Newton Moore, (Richmond)?"

"3. What steps does the government propose to take regarding contracts for Russian coal coming into Canada to insure the carrying out of the terms of the aforesaid resolution for a national coal supply, and to prevent Russian coal displacing shipments of Welsh anthracite?"

"4. Is the government aware that 25,000 tons of Russian coal have recently been sold to a Montreal firm, displacing coal mined and coked under the British flag?"

## Shipped As Waste Paper

Large Liquor Cargo Seized At Niagara By U.S. Customs Officials

Niagara Falls, Ont.—A carload of waste paper, billed from Port York, aroused the suspicions of United States customs officials across the Niagara River. Working on the theory waste paper is not shipped such distances, the officials opened the car and discovered more than 1,000 cases of rare wines and cordials, hidden under the layer of waste.

The liquor was dumped into the river from the lower bridge to the great delight of boat owners. Word quickly spread that liquor was being thrown over and many persons rowed down under the bridge and salvaged bottles which had not broken.

## Natural Resources Bill

First Reading Of Bill To Ratify Agreement With Saskatchewan

Ottawa.—The bill to ratify the agreement between the Dominion Government and the Government of Saskatchewan, transferring the unalienated natural resources of Saskatchewan to the provincial government was introduced in the House of Commons recently and given first reading. The only difference between this agreement and the one made with Alberta, Hon. Charles Stewart, Minister of Interior, explained, was a clause providing for submission of certain questions to the courts. This litigation will not delay the transfer of the resources. They will be handed over as soon as the agreement is ratified by parliament and approved by the Imperial parliament.

## Distinguished Visitors

Rt. Hon. Lord Easdale Percy, seventh son of the seventh Duke of Northumberland, and president of the Board of Education in the Baldwin ministry, accompanied by Lady Percy, is shown here on board S.S. Duchess of Atholl, at Saint John recently. The distinguished couple are on a visit to Canada and the United States, where Lord Percy will inaugurate a series of lectures at Yale University on Anglo-American relations.

## WAR VETERANS ALLOWANCE ACT IS ENDORSED

Ottawa.—Broadly speaking, the ex-soldiers' organizations of Canada endorse the War Veterans' Allowance Act, which provides for granting to unemployable ex-service men a certain monthly allowance at the age of 60, said Lt.-Col. L. R. La Fleche, president of the Canadian Legion, to the special parliamentary committee on returned soldiers' problems. The bill provides for considering the "burned out" veteran, who is wholly unemployable, eligible for the grant before he has reached 60 years of age.

What was anticipated as a contentious matter was the clause which establishes a departmental committee, under direction of the minister, to control the operation of the act. The minister of pensions, Dr. J. H. King, informed the committee that on this departmental body the veterans would have an honorary member and also honorary members on the various district boards.

Col. La Fleche, speaking on behalf of the veterans, declared that this new provision would be satisfactory inasmuch as it would enable the ex-soldier organizations to keep in touch with the decisions of the committee. He said that the veterans desired it to be made clear that this bill should not have any bearing on the provisions of the Pensions Act.

## New Trade Relations

Germany To Cultivate New Markets With Adjoining Countries

Berlin.—Cultivation by Germany of closer commercial relations with her eastern and south-eastern neighbors, possibly at the expense of present trade relations with Canada and the United States and Argentina, was urged by Herman Dietrich, vice-chancellor and minister of economics.

He mentioned that the adverse trade balance with Canada was 216,000,000 marks, with the United States, 796,000,000 marks, and with Argentina, 370,000,000.

"They send us their surplus agricultural produce but decline to buy from us to the same extent. Consequently, readjustment of our commercial relations with the border states is perhaps the most important task of Germany's economic policy, and this applies especially to Poland and Rumania," he said.

## Colonel Ralston Is Returning To Canada

Hon. Philippe Roy Taking His Place At Disarmament Conference

London, England.—Col. the Hon. J. L. Ralston, head of the Canadian delegation to the naval disarmament conference, with Mrs. Ralston, have sailed on the steamship "Berlin" for Canada. The liner sailed from Southampton for Halifax, where it is due to arrive April 18.

Col. Ralston's place will be taken by Hon. Philippe Roy, Canadian minister at Paris. Pressure of parliamentary duties and work in his department of national defence necessitates the return of the Canadian cabinet minister.

## Suggests Pensions For Blind

D. B. Lawley Advocates Aid For Those In Isolated Areas

Ottawa.—Pensions for blind persons living in isolated parts of the country were advocated before the Canadian Federation of the Blind by D. B. Lawley, travelling secretary of the organization.

There are 7,000 sightless persons in Canada, he said, the majority of whom lost their sight after reaching 35 years of age. The handicap, he explained, weighed much heavier on those living in rural areas. He recommended setting up federal and provincial advisory committees to deal with the welfare of these unfortunates.

### New Post Office For Brandon

A permit for \$130,000 has been issued to cover the erection of the new post office in Brandon, for which excavation work has begun.

## Shooting put stop to telephone service

Trouble occurred on 200 telephones in the Kerrisdale area, Vancouver. A telephone man investigated and found that a portion of the metal sheath, enclosing the 200-pair cable that gave service to the instruments effected, was riddled with bullets.

Someone had discharged a shotgun in the direction of the cable. The trouble did not develop immediately as the wires within were not damaged by the shot, but eventually moisture—that deadly enemy of telephone circuits—found its way through the holes in the sheath and interruption to service was the outcome.

**Kootenay Telephone Co.**  
LIMITED

## April Session Village Council

**Tennis Club Gets Consideration—Fire Brigade Delegation is Heard—Refuse to Pay Bill for Pumping Theatre Basement.**

The April meeting of the village commissioners on Monday night was quite largely taken with a consideration of a varied line of communications, which included a request for sidewalk extension at the north end of town; advice as to a by-law governing electric light wiring; a claim for damage to property due to poor drainage, and application for permission to subdivide acreage into village lots. C. O. Rodgers wrote asking \$76 to reimburse him for wages paid men for pumping water out of the Grand Theatre basement, said flooding being due to interference with previous drainage installed on Barton Avenue. On motion of Commissioners Edmondson and Jackson the council decided to take no action in this matter.

Guy Constable wrote directing attention to the fact that in this province insurance companies insisted that the Canadian Code of Regulations be strictly observed in wiring premises for electric light and power, and unless this course is adopted insurance money will be jeopardized in case of loss by fire. He asked that the council secure a copy of these regulations and enact a by-law in this connection. The clerk will secure a copy of the regulations after which future action will be decided upon.

Messrs. Emil Johnson and K. E. Paulson wrote for authority to subdivide Lot C of Block 3 DL, 891 K.D., containing about ten acres and asking that the council open a road from Canyon Street through to Hillside Road, making the council an offer of, preferably, a 40 foot strip of property for such purpose. The council authorized the creation of the subdivision and agreed to open a 60 foot road if right of way is given the village, grading not to start, however, until there is actually need for the highway.

R. Sinclair Smith, R. W. Maxwell, C. H. Hare and S. A. Speers forwarded a petition asking for the construction of a sidewalk leading to the houses at the north end about opposite Christ Church. Action was deferred pending an investigation and report by Com-

missioner Edmondson, chairman of the streets committee.

A delegation consisting of R. J. Forbes and E. Wheeler appeared in the interests of Creston Tennis Club, asking for permission to use part of the fair grounds for the installation of tennis courts and clubhouse and expressing themselves as not unwilling to have the village help with the necessary improvements to the grounds. The commissioners sanctioned the use of the area requested and will pay for the work of a man and team for two days in constructing two courts.

Matt. York and J. P. Johnston appeared in person to discuss fire brigade matters generally and the need of additional equipment in particular. Incidentally they submitted some additional names as having been added to the brigade strength. Commissioners Jackson and Henderson were named to make an investigation of the whole fire brigade situation. The names of all brigade members have been turned in at telephone central and in case of a blaze all who have telephones will be called by phone.

A conference was held with A. E. French and E. Winchcombe to arrange for an amendment to the hours of closing by-law that would have barber shops observe the same working hours as the general stores. Mr. French came out strong for the customary six o'clock closing but Mr. Winchcombe argued that a hardship would be worked on those who toiled through till six p.m., to say nothing of the men on the land who could not conveniently secure tonsorial treatment during ordinary business hours. It being impossible to arrange any agreement between the knights of razor and clippers, the hours of closing for barbers will go unchanged.

The usual donation of \$20 was made the Salvation Army, and the March accounts totalling \$575 were paid. In this was \$223 for culvert pipe purchased and \$70 paid Mrs. Fran en for land on Vancouver street. The purchase of the required ten feet from Axel Anderson to give Vancouver street a uniform width for its entire length is held up. At a previous meeting it was thought a bargain had been struck with Mr. Anderson whereby he would sell the wanted land on the same basis as the purchase arranged with Mrs. Fransen, but when it came time to sign up the agreement of sale it was found that instead of having to pay Mr. Anderson approximately \$175 his price is \$270. The matter is stood over pending a conference with the owner.

### Canyon City

Mrs. Myles Hurl and young son of Carmanay, Alberta, arrived the latter part of the week to spend Easter with her parents, Mr. and Mrs. W. Cook.

John Butler is here from Trail for his usual spring visit at the ranch and is busy, as usual, at land clearing on his place.

Mr. and Mrs. W. E. Searle arrived on Friday from Bellvue, Alberta, to look after the season's operations on the ranch here. Mr. Searle has been working at Bellvue since last fall.

Mrs. Bateman has just arrived from Calgary, Alberta, on a visit with her son and daughter, Jim and Miss Elsie Bateman. The latter has been a visitor here all winter and intends to make Canyon her permanent home.

Rev. R. E. Cribb will take Easter services at the United Church on Sunday afternoon at 4 o'clock, and choir, under Jas. Bateman, is preparing special music for the occasion.

Another of our residents, F. Knott, has just attained the full three score and ten years and the auspicious occasion was fittingly celebrated at his home on Friday night when a party of thirty oldtime friends were on hand to while away the evening pleasantly at cards, music and

a very fine midnight lunch. During the celebration Mr. Knott was presented with a silver mounted walking stick which he acknowledged in suitable terms.

The United Church Ladies' Aid are completing arrangements for their usual Easter Monday sale, cafeteria tea and concert to be held in the Community Hall, on Monday evening, 21st. The concert is reported to be exceptionally meritorious.

Lethbridge Herald: A quiet but pretty wedding was solemnized at Wesley United Church manse on Saturday evening, April 5, when Miss Ella Rumberg of this city, formerly of Medicine Hat, became the bride of Robert Burns, formerly of Creston, B.C., now a resident of this city. The bridal attendants were Miss Marie Lange and Luther Sullivan, and the ceremony was performed by Rev. J. W. Melvin. Mr. and Mrs. Burns will reside in Lethbridge.

Rules and regulations governing the gopher killing contest the Farmers' Institute is putting on for the public school children were formulated at a meeting of the executive on Wednesday night last. There will be five cash prizes of \$5, \$4, \$3, \$2, and \$1 to those making the highest kills, in addition to which two cents per tail will be paid for all gophers slaughtered, but no boy will be considered a contestant until he makes a kill of 25. The institute expects to pay at least \$200, and tails must be accounted for with Manford Samuelson, institute secretary.

F. R. Harback, who was in charge of United Church work here in 1925-26, has just graduated in theology from St. Stephen's United Church College, Edmonton, Alberta. A gold medal for proficiency in the entire course was awarded him, and was presented by Lieutenant-Governor Egbert at the convocation. Mr. Harback was also the winner of a travelling scholarship of \$500 for graduate study at another college, and a prize of \$10 in books, both from the St. Stephen's College Women's Guild.

### Kitchener

Birth—At St. Eugene Hospital, Cranbrook, on April 6th, to Mr. and Mrs. C. Foisy, a daughter.

Mr. and Mrs. C. R. Faulson of Spokane have been Kitchener visitors the past week.

Mrs. Driffil left on Sunday for Cranbrook, where she will remain for a few days.

Sam Littlejohn left on Saturday for his home in Saskatoon, Sask., where he expects to remain for some time.

Miss Ruby Martin of Erickson spent last week at Kitchener, a guest of Miss Clara Hunt.

Fritz Molander, who has been spending a few days with his parents, left on Friday for Sirdar, where he has secured a position.

### Sirdar

Mrs. D. Lombardo of Revelstoke is a visitor here with M. P. Lombardo.

Principal Moore of Sirdar school was at his home in Creston for the weekend.

Mr. and Mrs. C. W. Harlow of Nelson spent a short visit here with the latter's parents, Mr. and Mrs. Jas. Wilson, while on their honeymoon, the happy couple returning to Nelson on Sunday.

Nelson News: A quiet wedding was solemnized at St. Paul's United Church manse yesterday afternoon when Rev. F. R. G. Dredge united in marriage Lillian Maude Mary Wilson, eldest daughter of Mr. and Mrs. J. S. Wilson, Sirdar, and John Clarence Harlow, second son of Mr. and Mrs. C. W. Harlow of Nelson. The bridesmaid was Miss Vera Harlow, sister of the groom. J. H. Donaldson supported the groom. After a short honeymoon the happy couple will reside in Nelson.

### NEWS OF KOOTENAYS

Residence building is quite brisk at Penticton this year.

A Women's Institute has just been organized at Grand Forks.

Kimberley has just organized a cadet corps with 70 members.

At least 50 acres will be planted to tobacco in the Okanagan this year.

Last year membership fees in Fernie Golf club totalled close to \$2,500.

Grand Forks has a new chiropractor and a new Chinese restaurant.

Kaslo's tax rate is 40 mills. 18 mills will be needed to finance the town schools.

At the end of March but 40 carloads of apples were unsold in the Okanagan.

At Grand Forks gasoline is 37½ cents a gallon cash, or 40 cents where credit is given.

Official records show that the Invermere district had less than 13 inches of precipitation for all 1929.

Three carloads of seed peas have already arrived for planting on the dyked lands near Bonners Ferry.

Kaslo council has just donated the board of trade \$100 to help finance the board's publicity campaign this year.

Two poultry clubs—boys and girls—have been organized in connection with public school work at Grand Forks.

### LAND FOR SALE

Twenty acres of improved land, buildings, and plenty of water, goes for price of improvements. E. NOUGUIER, Canyon, B.C.

100 acres of land at Arrow Creek; 10 acres fenced; 4 acres cleared and planted to apple trees from 3 to 5 years old, price \$2200. Apply FRED LEWIS, Creston.

Greatest Eleven-Acre bargain in Kootenay. Overhead irrigation. Improvements and land cost owner over \$12,000. Sale price \$4000. Address Geo. Nickel or Monrad Wigen, Creston B.C.

Another Fifteen-Acre Bargain, with orchard of 50 trees from 12 to 20 years old. Two acres equipped with overhead irrigation. Two dwellings and other buildings. Cost the owner close to \$10,000. Sale price \$3500. Address Geo. Nickel or Monrad Wigen, Creston, B.C.

### NOTICE OF BUSINESS CHANGE

This will give notice that I have purchased the business of the Pacific Restaurant and Rooming House from Jan Hing. All people having accounts against the business must present them before May 1st, 1930, and all accounts due the business up till April 1st, 1930, are to be presented at once and to be settled for by Jan Hing. MAT MAH HEH

## It's Just Too Bad

It's unfortunate when we hear of anything that proves to us that we have misplaced our confidence; quite often it costs money to make a wrong guess.

**There is no guesswork when you give your PLUMBING and HEATING contracts to us.**

Your Plumbing contract should be awarded to a reliable firm to ensure satisfaction. Cheap plumbing fixtures, poorly installed, are not only a source of constant annoyance, but a menace to health.

When building for permanency, eliminate chance by availing yourself of the best advice, material and workmanship. Come in and let us talk it over.

We are also building Septic Tanks, Concrete and Steel Tanks, and they are guaranteed to give the very best of satisfaction.

In our Tinsmith we can supply you with whatever you need. Tanks are built to order, Eavetroughing, Conductor Piping, etc. Also Soldering of any kind of metal.

In our General Blacksmith Shop we can assure you of satisfaction on whatever repair work you may bring there. We have mechanics in this shop who have had a good many years of practical experience in that kind of work. And do not forget that it is much cheaper to have a broken casting Oxy-Acetylene Welded than to buy a new one, and it is just as strong.

As we by now will be starting building our well-known STEEL SPRAY TANKS we wish you would be kind enough to give in your order to assure prompt delivery.

**Creston Blacksmith, Plumbing & Heating Co.**  
S. STEENSTRUP. A. S. REED.

## Reduced Prices

You can save upward of \$100 by buying your new Ford now. See us if you are thinking of getting a new car this spring. We have some very attractive prices on the model now in stock. Also some real buys in used Cars and Trucks.

**Let us give you an Estimate on Wiring your House for Electric Lights**

Have your work done by the firm that can guarantee it to pass Government Inspection and save yourself a lot of inconvenience, trouble and expense. We use all standard material, and our workmen are careful. Work done in the shortest possible time and at the shortest notice.

**PREMIER GARAGE**  
PALMER & MAXWELL

## NOTICE TO CONTRACTORS

CRESTON DISTRICT

Construction of Kuskanook-Grey Creek Road, from Kuskanook for a distance of 10 1/2 Miles, more or less, running north to near Gino's.

SEALED TENDERS, superscribed "Tenders for Kuskanook-Grey Creek Road," will be received by the Minister of Public Works up to noon Thursday, the 24th day of April, 1930, and opened in public at 3.30 p.m. on the same day.

Plans, Specifications, Contract, and Forms of Tender may be obtained from the District Engineer's Office, Nelson; Public Works Office, Court House, Vancouver; or from the undersigned. A sum of Twenty (20) Dollars will be required as deposit on Plans, etc., which will be refunded upon the return of same in good order. Each tender must be accompanied by an accepted bank cheque on a Chartered Bank of Canada, made payable to the Minister of Public Works, for the sum of Twenty-five Thousand (25,000) Dollars, which shall be forfeited if the tenderer declines to enter into contract, or if he fails to complete the work contracted for.

The cheques of unsuccessful tenderers will be returned to them upon the execution of the contract.

Tenders must be made out on the forms supplied, signed by the actual signature of the tenderer, and enclosed in the envelopes furnished.

The lowest or any tender will not necessarily be accepted.

P. PHILIP,

Chief Engineer,  
Department of Public Works,  
Parliament Buildings,  
Victoria, B.C., April 12th, 1930.

## Intitute Having Usual Bulb Show

Date Will be Fixed by Directors  
—Apron Sale Coming in May  
—Wynndel Institute Invited to  
Co-Operate Putting Over Fair

The April session of Creston and District Women's Institute on Friday afternoon was largely taken up with routine business and planning a number of future events to provide the institute with some necessary working capital. Mrs. J. E. Hayden was in the chair, and one new member was added, bringing the membership up to 34.

Progress was reported by Mrs. R. Stevens, who is at the head of the committee in charge of issuing the new institute cook book. A great variety of new recipes have been received and a book somewhat larger than the old one is likely to be issued.

In connection with the ladies' classes at the 1930 fall fair, which the Institute are to handle, Wynndel Women's Institute have been written to asking them to assist in every way possible in making this year's exhibition bigger and better than ever, and the Wynndel ladies will go into the matter at the April meeting this week.

The directors were given full authority to set the date and make necessary arrangements for the bulb show, which will held as soon as the season, permits, and committees to handle the affair was named as follows: Mrs. G. Young, Mrs. D. O'Neil, Mrs. W. Hendy, Mrs. T. Ross, Mrs. Cherrington, Mrs. F. C. Rodgers, Mrs. Maxwell and the president.

Some date in May the Institute will have an apron sale. Each member will donate an apron and these will be sold at a price not to exceed 75 cents each. A prize will be given for the best apron turned in for sale.

Mrs. Hendy and Mrs. Stevens reported visiting the local school and reported first aid kits in two of the rooms running low on two or three lines, and the directors were authorized to make the necessary purchases to refill.

The tea hostesses were Mrs. G. Young, Mrs. Hollm and Mrs. F. C. Rodgers and the collection amounted to \$2.15 which goes into the crippled children's fund.

## Local and Personal

Jas. Anderson of Vancouver, a former well known resident of Kaslo, was a weekend visitor here on business in connection with Reclamation Farm affairs. Mr. Anderson represents the Alexander interests, former owners of the farm.

FOR SALE—6-tube radio complete; accordion, piano, banjo, cabinet gramophone, drums and traps, all in perfect condition and going cheap. I can sell all the above on terms, but, nothing doing; I need the money; cash. Geo. Davie, Canyon.

The athletic display, originally set for the 25th has been postponed until May 1st, owing to other entertainments conflicting with the date first set. The young folks are very much interested in their work and have arranged a good evening for all. The Parish Hall has been engaged for the occasion.

The committee in charge of the old-timers dance are arranging for the best of oldtime music and a full list of old time dances for their ball in the Grand theatre ballroom next Wednesday night, the proceeds of which go to the baseball club. The admission is 50 cents to ladies' and gents, \$1. Supper included.

Special music will feature the United Church services at all points in the valley on Easter Sunday, April 20th. At Creston the choir will render three anthems during the evening service. "Hosanna in the Highest," "Christ is Risen," and "The Lord is Risen."

Next week's social attraction is the bridge under the auspices of the high school students, in the Parish Hall on Friday evening, April 25th, with cards due to start at 8.15 prompt, and an admission of 50 cents. The funds go to the high school tennis club and are needed for the purchase of some new equipment.

The identity of the airplane that flew low over Creston on Tuesday of last week has been disclosed as that carrying Major Tudhope, inspector of air mail service, who was flying from Vernon to Ottawa. There is a probability of a try out being given an air mail service Calgary to Vancouver via Lethbridge and the Crows Nest Pass route.

All interested in the public library are reminded of the re-opening on Saturday, 19th, at 3 p.m., at the new quarters in town hall. In order to function to the best advantage more members are needed and all former, and many new, library patrons are asked to join up on opening day. A new shipment of books has arrived from Victoria this week.

W. H. Fortin and R. M. Telford were Creston's representatives at the meeting at Bonners Ferry on Tuesday, when matters in connection with the international baseball league were discussed with the delegates from Bonners Ferry and Sandpoint, Idaho; and Troy, Montana. In addition to being invited to join this circuit, Creston also had the chance of getting in a league with Lumberton, Cranbrook and Kimberley.

"Around the World" is the title of an illustrated lecture that is sure to be of interest and which will be given in Trinity United Church on Thursday evening, April 24th, commencing at 8 o'clock. The lecturer is Rev. A. C. Pound, B.A., of Moyie, who announces that pictures of China, taken by himself, will be the chief feature. He appears under the auspices of the Beaver Brotherhood with an admission of 25 and 15 cents.

M.W. Bro. R. L. Reid of Vancouver, Masonic grand-master, is making an official visit this week of the lodges at Golden, Windermere, Fort Steele and Cranbrook, and at the two latter points will be accompanied by R.W. Bro. G. F. Hayes, D.D.G.M. It is expected that a number of Creston Masons will be at Cranbrook tonight where a joint meeting of the Cranbrook and Kimberley lodges will be held in honor of the distinguished visitor.

## "Canary Murder Cuse"

Vengeance? Fear? Jealousy? Robbery? What caused the murder of Broadway's most alluring and coldly ambitious showgirl? Find the motive and you solve the mystery of this most baffling crime, says Philo Vance, suave, fascinating, amazingly keen silk-hat detective. You'll live this tense drama as S.S. Van Dine's famous character pieces together the baffling circumstances. Millions enjoyed the book. You'll enjoy the picture.

### Stops a Cough In One Night

A cough may be Catarrh with a dry tickling in the throat, it may be accompanied by partial stoppage of the nostrils and shortage of breath. Often there is a gagging in the throat, and every cough tears and hurts.

Coughs have a hundred different causes, yours may be due to any of the following:

- |                   |                 |
|-------------------|-----------------|
| Asthma            | Inflamed Throat |
| Exposure          | Bronchitis      |
| Enlarged Tonsils  | Pneumonia       |
| Inflammation      | Croup           |
| Stomach Disorders | Pleurisy        |

One remedy upon which physicians are relying today is Catarrhazone. It removes the cause of the cough, doesn't smother it.

It's simply wonderful to think how quickly a bad throat or catarrh can be helped with Catarrhazone. Its rich balsamic vapor is carried along with the breath to the innermost recesses of the lungs, bronchial tubes and chest, making it impossible for the germ of Catarrh to live. Thus soreness in the chest is at once alleviated — phlegm is loosened and ejected from the throat, old standing coughs are removed.

REMEMBER THIS, you breathe Catarrhazone and it will alleviate coughs, colds, catarrh, and weak throat. Large size, guaranteed, costs \$1.00, and lasts two months; smaller sizes, 25c. and 50c. Beware of imitations and insist on "CATARRHAZONE."

### WORLD HAPPENINGS BRIEFLY TOLD

On its annual arctic cruise this summer, the S.S. Beothic will endeavor to reach Melville Island, situated 360 miles beyond the most westerly point yet reached by steamship.

Prominent railroader, pioneer of the West, and veteran of the Riel rebellion, W. H. Tomkins, 68, died recently at his home in Winnipeg. He was captured and held prisoner at Batoche, Sask.

Rt. Hon. Montagu Norman was re-elected governor of the Bank of England. This makes the eleventh year in which he will fill the office of governor to which he was first elected in 1920.

J. R. Nesbitt, of Shoal Lake, prominent dairyman, has been granted an honorary diploma from Manitoba Agricultural College. The honor follows the established custom of honoring each year one outstanding man in Manitoba's agriculture.

In a motion adopted by city council, of Toronto, police commissioners have been asked to prohibit the operation of a "bad and doubtful debt" collecting car, whose driver, clad in a brilliant uniform, with his gaily decorated car parked in front of homes of debtors, drew a good deal of unwelcome attention.

Ralph Hull and Ralph D. James, of Vancouver, students at the University of British Columbia, have been awarded mathematical scholarships, valued at \$1,000 each, by the University of Chicago. These are the first awards of the institution to Canadian students who plan to specialize in mathematics.

As a vermifuge an effective preparation is Mother Graves' Worm Exterminator, and it can be given to the most delicate child without fear of injury to the constitution.

#### Many Uses For Spruce

The wood of all Canadian spruces is tasteless and odourless, making it valuable for food containers. It is also in great demand for musical instruments, principally for organ pipes, piano sounding boards, violin backs, etc.

Seventy pieces of wood go into the making of a violin.

### Dandruff

You needn't be bald. Minard's kills Dandruff, checks falling hair, stimulates new growth and adds a healthy gloss. Rub into scalp with finger tips, four times a week.

W. N. U. 1838

### SUNDAY SCHOOL LESSON

APRIL 20

#### JESUS TEACHING FORGIVENESS

Golden Text: "Forgive us our debts, as we also have forgiven our debtors."—Matthew 6.12.

Lesson: Matthew 18.15-35.

Devotional Reading: Psalm 32.1-7.

#### Explanations and Comments

How To Treat Offenders, verses 15-20.—Jesus' parable about the Good Shepherd, illustrating His care for those who go astray (our last lesson), is followed in Matthew's Gospel by His counsel in regard to man's treatment of offenders. He advised His disciples first to tell the offender of his fault, then to rebuke him in the presence of two or three others, and then, if he still gave no heed to their words, to tell his offense to the Church. "When two or three are gathered in My name," he added, "there am I in the midst of them."

Unlimited Forgiveness, verses 21, 22.—Peter's question about forgiveness of offenders naturally followed: "Lord, how often shall my brother sin against me, and I forgive him? until seven times?" Seven denoted the perfected number. Peter's heart glowed with self-complacency, for was he not ready to go much farther in forgiveness of the ordinary man? Did not the Talmud say: "When a man sins against another, that other forgives him once, he forgives him a second time, he forgives him a third time, but the fourth time he does not forgive him?" "No, I tell you, Jesus answered, "not until seven times, but times without number, until seventy times seven." Magnanimity is not calculating, there is no place for arithmetic in the grace of forgiveness, or, as Dr. Jowett poetically says, "forgive to a number where the scaling power of arithmetic retires with wearied wing."

Peter himself was an illustration of the grace of unwearied forgiveness. He sinned, and sinned, and sinned again. Dr. J. D. Jones fancies Peter after Christ's death saying to himself, "O to grace, how great a debtor, daily I'm constrained to be," and again and again taking himself as a text and preaching a sermon of comfort and hope to downcast and despairing souls.

"O Man! forgive thy mortal foe,  
Nor ever strike him blow for blow;  
For all the souls on earth that live,  
To be forgiven must forgive.  
Forgive him seventy times and seven;  
For all the blessed souls in heaven  
Are both forgivers and forgiven."  
—Tennyson.

### Heart and Nerves Caused Her To Have Cold Hands and Feet

Mrs. Joseph Price, Red Pine, N.B., writes:—"Several years ago I was troubled with my heart and nerves and was so bad, at times, my hands and feet would become numb and cold.

"I happened to see

advertised and started taking them at once. I continued for some little time, and since then I have had no return of my trouble."

Price, 50c. a box at all druggists and dealers, or mailed direct on receipt of price by The T. Milburn Co., Limited, Toronto, Ont.

Doctor: Your throat is in a bad state. Have you ever tried gargling with salt water?

Sailor: Yes, I've been shipwrecked a dozen times.

Persian Balm. Cool and refreshing. Soothing and protective. The perfect aid to beauty. Unrivalled in its softening and beautifying effect on the skin. Imparts a fresh and fragrant charm to the loveliest complexion. Banishes roughness caused by weather conditions. Safeguards the skin and keeps it smooth, soft and flawless. Use it for the hands and face. Always results in the highest expression of beauty.

#### Income Tax Collections

A total of 137,101 persons paid income tax during the fiscal year ended March 31st, 1929, and the sum collected was \$38,422,323.25, the largest amount yet gathered in by the Federal authorities. In 1920 there were 215,277 taxpayers who paid in \$55,571,001.67.

#### Strengthening Butter Boxes

Recent tests on butter boxes at the Forest Products Laboratories, Department of the Interior, showed that one wire applied around the centre of the box doubles its strength.

Minard's Wm. Stop That Toothache.

### DO YOU SUFFER WITH HEADACHE?

So easy to get quick relief and prevent an attack in the future. Avoid bromides and dope. They relieve quickly but affect the heart and are very dangerous. They are depressing and only give temporary relief, the cause of the headache still remains within. The safe and harmless way. First correct the cause, sweeten the sour and acid stomach, relieve the intestines of the decayed and poisonous food matter, gently stimulate the liver, start the bile flowing and the bowels pass off the waste matter which causes your headache. Try Carter's Little Liver Pills. Druggists 25c red pkgs.

#### Carioads Of Horses.

Animals Being Assembled At Moose Jaw For Spring Work

Under the management of the Saskatchewan Co-operative Live Stock Producers, Limited, the horse marketing section of that organization is undertaking to assemble carloads of horses at the Moose Jaw yards in readiness for spring work. With the aim of improving the condition of these horses they will be fed for a few weeks before offered for sale. This affords buyers an opportunity to visit the yards and select their teams.

Asthma Cannot Last when the greatest of all asthma specifics is used. Dr. J. D. Kellogg's Asthma Remedy assuredly deserves this exalted title. It has its credit thousands of cases which other preparations had failed to benefit. It brings help to even the most severe cases and brings the patient to a condition of blessed relief. Surely suffering from asthma is needless when a remedy like this is so easily secured.

#### Does Away With Noise

Contractors In London Use Silencer On Road Drill

Equipped with a silencer which eliminates more than half the noise and much of the vibration, a pneumatic road drill attracted much attention when exhibited recently in London. It was made for the use of contractors who meet with protests against the noise made by the ordinary drill exhaust. The silencer, clustered around the centre of the drill, are designed on the principles of the motorcycle silencer.

#### Will Combine Exhibits

Saskatchewan, Manitoba and Alberta will combine their exhibits at the World's Poultry Congress to be held in London, England, next July. The exhibit will occupy a frontage of 36 feet and will be the largest of the provincial exhibits.

#### Experiment a Success

Complete Newspaper Page Sent By Radio From San Francisco To New York

The complete front page of a newspaper has been transmitted across the country by radio for the first time.

Giving the present a peep into what may be commonplace in the future, engineers of the General Electric Company at Schenectady, N. Y., reported that successful experimentation had permitted them to read the first page of the San Francisco Call-Bulletin three hours after it had left the press. It was reproduced in full size in the laboratory of a new type automatic carbon receiver, connected to short wave receiving equipments actuated by signals originating 2,000 miles away.

The engineers did not hesitate to forecast many possibilities for this improvement in facsimile transmission, which, while still in a highly experimental stage, gave an indication that some day radio may be delivering a large part of business mail and may also bring daily newspapers directly into the home.

#### Canada's Oldest Men Dead

Within a period of less than three weeks death claimed the two oldest men in Ontario, and two of the oldest in Canada. James Wilson, 109-year-old negro, died at his home in Welland, Ont., and two weeks later at St. Joseph's hospital, Peterboro, James Hendley, of Peterboro County, died in his 109th year.

Inquiry by experts of the Mayo Foundation indicates that rheumatic persons can "sense" the approach of rain.

## When Pain Comes

What many people call indigestion very often means excess acid in the stomach. The stomach nerves have been over-stimulated, and food sours. The corrective is an alkali, which neutralizes acids instantly. And the best alkali known to medical science is Phillips' Milk of Magnesia. It has remained the standard with physicians in the 50 years since its invention. One spoonful of this harmless,

tasteless alkali in water will neutralize instantly many times as much acid, and the symptoms disappear at once. You will never use crude methods when once you learn the efficiency of this. Go get a small bottle to try.

Be sure to get the genuine Phillips' Milk of Magnesia prescribed by physicians for 50 years in correcting excess acids. Each bottle contains full directions—any drugstore.

## Make Your Windows Pay

Invest in WINDOLITE Windows and you will be repaid a hundredfold in the health of your Poultry and Live Stock

### WINDOLITE

THE ORIGINAL GLASS SUBSTITUTE

MADE IN ENGLAND SINCE 1817 ON ORIGINAL PATENTS

This unbreakable glass substitute is light and flexible, easy to cut and fit, will withstand extreme changes in temperature, keeps out cold and wet, but

allows the full sunlight to enter, including the health-giving Ultra-Violet Rays, which do not penetrate ordinary glass.

CUT DOWN  
YOUR LOSSES  
BY INSTALLING  
WINDOLITE

USE  
WINDOLITE  
IN  
BROODER  
HOUSES  
LAYING PENS

#### CHAPTER VIII—Continued

The girl laughed, handed him "Cabot's Diagnosis," and wiped the top of her great-grandfather's desk with the dust cloth, as she replied: "I was merely considering the fact that it may have caused Jim Bennett to use his own brains—instead of his mother's."

The doctor pondered for a moment while Charmian watched him, a smile hovering on her lips.

"I begin to see light in the darkness," he said at last. "Your friend Bennett, I gather, possesses a forceful maternal relative who prefers, let us say, the mail-order variety of goods, to the honest home-made product. She must be mentally unbalanced."

Charmian's smile widened, but she flushed also, a fact that did not escape the watchful eye of her companion.

"You are too clever for an unsophisticated country maid," she said.

"You mean, 'provincial,' don't you?" he retorted, grinning.

She laughed.

"I had almost forgotten that terrible appellation. Poor Grandma! How it did trouble her. There! this place would look just right if we had a rug before your desk, and a couple of old brass candlesticks on the mantel. And we must shine up the andirons. An antique dealer from Eastboro wanted to buy them, and Grandma would have consented if I hadn't arrived in the nick of time. She argued that they weren't doing us any good out here, and that the ten dollars the man offered—"

"Ten dollars!" broke in the doctor. "He was a shark!"

### Weak After Operation

"I was very weak after an operation. My nerves were so bad I would sit down and cry and my husband would not go out and leave me alone. Now my nerves are much better, thanks to a booklet that was left under the door. Lydia E. Pinkham's Vegetable Compound surely put me on my feet. I have taken eight bottles. My friends tell me I look fine. My sister has taken this medicine too."—Mrs. Annie Walton, 67 Stanley St., Kingston, Ontario.

Lydia E. Pinkham's  
Vegetable Compound

W. N. U. 1888

"Good work!" he said. "A widow woman and six kids ought to be a bargain at a dollar!"

#### CHAPTER IX.

When Deacon Purdie arrived promptly at two o'clock that afternoon and found Grandma Davis seated placidly in her chair by the window, he little guessed that there were two eavesdroppers in the next room. If Grandma herself was suspicious of the fact, she ignored it, and greeted the deacon with a guileless and deceiving smile. Though a shrewd business man as a rule, he didn't suspect that at this juncture of his fifth venture into matrimony, he had met his equal in a deal.

"Have you got 'em?" he questioned anxiously, as he stood hesitating in the doorway.

"The beads?" asked Grandma innocently. "Sit down, Edgar, and rest yourself a minute. You look as hot as tophet. You've got some new shoes, haven't you? I heard the squeak when you came up the steps. I guess you bought 'em at Earl and Hovey's. My husband used to say that Elias Earl bought squeaky shoes to sort of advertise his business. When he'd go up and down the aisle on Sundays passing the contribution box, folks would hear the squeak and be reminded of what he had to sell. And you're wearing a new tie, too. Aren't you getting a little old for a red necktie, Edgar?"

The deacon cleared his throat, while one large, hairy hand sought the latest extravagance that adorned his neck.

"I like a bright tie, Grandma. Nothin' like dressin' sort o' snappy on—on occasions. Now those beads—"

"And yet," broke in Grandma heartlessly, "with poor Sarah only six months in the grave. . . ."

She sighed, and her caller, fidgeting a moment, replied sanctimoniously: "Do you consider it's Christian to mourn when our loved ones have gone to a brighter shore? Man was not meant to live alone, Grandma, or—or—well, about those beads." (He glanced uneasily at his big silver watch.) "I got a long ride before me, and—"

"Dear me!" smiled the old lady, "I was forgetting what you came for, Edgar. I hope you won't be disappointed, but only one strand came, though they're real pretty. Perhaps it'll be easier for you not to be obliged to make a choice. There!" Grandma lifted a satin-lined box from the broad window sill and held aloft, before the deacon's dazzled vision, a strand of yellow beads. "Aren't they handsome?"

Deacon Purdie hitched his chair a trifle nearer, and reached for the bauble—removed his long-distance spectacles, and scrutinized the proposed purchase minutely.

"Do they come high?" he questioned after a serious moment.

"That depends on what you expect to do with 'em," replied the old lady briskly. "If you were going to donate 'em to a church fair, say, why you might hesitate; but if they're a gift to a lady friend, or some dear, loved relative, Edgar, why that's a different matter. They're worth two dollars."

"Two dollars!" he exploded, in genuine consternation. "Did you say two dollars, Grandma Davis, or have my ears deceived me?"

"Your hearing is all right, Edgar, and you can be thankful for it, too, a man of your age. Beads are stylish these days, and the price maybe a little bit inflated." ("Inflated!" murmured one of the eavesdroppers in the next room. "Gosh!") "And if—"

The deacon arose dazedly, reaching for his hat.

"It's too much to expect of a man, Grandma," he said regretfully. "I had no idea they come so high. Maybe I could use somethin' I got at home, or—"

"If it's for a present, Edgar," broke in Grandma soberly, "I wouldn't risk any second-hand junk from 'round the house. Now you look here, maybe we'll come to terms."

"I'd give a dollar for 'em," admitted the deacon.

"Grandma!" cried Charmian, in a shocked voice; but the doctor laughed.

ted the deacon grudgingly, "though such a waste of money seems almost sinful, and not one cent higher will I go."

Grandma reached for the beads and began arranging them carefully on their satin bed.

"Well, I'm sorry, Edgar." Her tone was definitely final. "But you wouldn't want me to lose money on the transaction, would you?"

"What did they cost you, Grandma?" queried the deacon warily, and sat down again. "I—I might on a pinch give a dollar and a quarter."

Grandma sniffed.

(To Be Continued.)

### Little Helps For This Week

"It is a good thing to give thanks unto the Lord, and to sing praises unto Thy name, O Most High."—Psalm 92. 1.

Seven whole days, not one in seven, I will praise Thee; In my heart, though not in heaven, I can raise Thee.

Small it is, in this poor sort To enroll Thee; E'en eternity is too short To extol Thee.

—George Herbert.

I think we are not as thankful as we ought to be; we are lacking in the spirit of praise. We are far too much given to complaints and wailings, and I do not think these can please our Holy Father. If you are seeking to help another here, are heaping benefits on any one, it is not cheering to listen to a ceaseless tissue of lamentations. God expects His blessings to be acknowledged, both temporal and spiritual.

—Archer Thompson Gurney.

### WARNING TO MOTHERS

#### Watch the Health Of Your Little Ones At All Times

No mother can expect that her child will escape all the ills to which babyhood and childhood are subject, but she can do much to lessen the severity of these troubles. The mother should be constantly on her guard to prevent childhood ailments, or if they come on suddenly as they usually do, to have the means at hand to relieve them. Thousands of mothers have found Baby's Own Tablets the ideal remedy for little ones—thousands of mothers always keep the Tablets in the house as a safeguard against the sudden illness of their little ones.

Baby's Own Tablets are a mild but thorough laxative. They regulate the bowels; sweeten the stomach and thus banish constipation and indigestion; break up colds and simple fever and make the cutting of teeth easy. The Tablets are absolutely guaranteed, free from injurious drugs and may be given to the youngest child with perfect safety. They are sold by medicine dealers or by mail at 25c a box from The Dr. Williams' Medicine Co., Brockville, Ont.

#### A Federal Responsibility

##### Argument In Favor Of Federal Aid For Transcontinental Highways

The prime minister is partly—and Westerners believe, only partly—right when he tells the House that road building is a provincial responsibility. It could be proved by that bulwark of the Canadian constitution, the British North America Act, that road building is an affair for the provinces, just as the prime minister says. But the draftsmen of the act no more anticipated the coming of the automobile, than they anticipated, say, the entry of women into politics and parliament. Yet, while the market roads and the byways of travel are provincial responsibilities, surely, if the transcontinental railways are the concern of the Dominion of Canada, why not transcontinental highways, in these days of universal auto travel? — Calgary Albertan.

Miller's Worm Powders destroy worms without any inconvenience to the child, and so effectually that they pass from the body unperceived. They thoroughly cleanse the stomach and bowels and leave them in a condition not favorable to worms, and there will be no revival of the pests.

#### Polite To Foreigners

A movement has been initiated at Dresden, Germany, to have the school children of Saxony taught to be especially polite and helpful to all foreigners. Hotel owners and others interested in the tourist traffic are behind the movement.

Minard's is Best for Grippe.

## WRIGLEY'S

Alertness scores everywhere.

Wrigley's creates pep and energy and keeps you alert.

A 5¢ package may save you from going to sleep at the wheel of your car.

## "After Baby Came I Was Weak, Skinny, Gained 22 lbs."

"After baby was born I was very weak, skinny. Since taking Ironized Yeast feel fine. Gained 22 lbs."—Mrs. Laura Benoit.

Thousands write new Ironized Yeast adds 5 to 15 lbs. in 3 weeks. Ugly hollows fill out. Bony limbs get graceful roundness. Muddy skin gets clear and rosy like magic. Nervousness, indigestion, constipation vanish overnight. Sound sleep, new pep from very first day.

Two great tonics in one—special weight-building Malt Yeast and strengthening Iron. Pleasant little tablets. Far stronger than unmedicated yeast. Results in half time. No yeasty taste, no gas.

So quit being skinny, tired, unattractive. Get Ironized Yeast from druggist today. Feel great tomorrow. Money back from manufacturer if not delighted with quick results.

#### A Japanese Discovery

##### Doctor Says Long Eyelashes Are Sign Of Weak Vitality

Long eyelashes are considered to add to the charm of a face. But they are, according to a Japanese physician, a sign of weak vitality. This doctor says that consumptive children have lashes twice as long as those of healthy little ones. While a normal baby's eyelashes grow about an eighth of an inch during its first year, tiny sufferers from infantile diseases have at the end of twelve months lashes twice as long. These discoveries were made in a hospital attached to one of the Imperial Universities.

## true dyes are easiest to use!

Dresses, drapes or lingerie look new when they're re-dyed with Diamond Dyes. No spotting or streaking; never a trace of that re-dyed look. Just rich, even, bright colors that hold amazingly through wear and washing.

Diamond Dyes are the highest quality dyes you can buy because they're so rich in pure aniline. That's what makes them so easy to use. That's what they've been famous for 50 years. 15 cent packages—all drug stores.

FOR SALE—Jersey cow, DeLaval cream separator, potatoes and other vegetables. Also some feed. E. Nougier, Canyon.

Mrs. Keith Kettlewell of Kimberley arrived last week on a visit with her parents, Mr. and Mrs. A. Anderson, Victoria Avenue.

LAND FOR SALE—Adjoins Reclamation Farm. Will sell in blocks of 40 acres or larger at \$10 per acre. Monrad Wigen, Creston.

FOR SALE—Black currants, Book-scoop Giant and Black Naples, extra strong 2-year old plants. \$2 per dozen. H. F. Robson, Wynndel, B.C.

Miss M. L. Wade, teacher of Division 3 of the public school, left on Wednesday to spend the Easter vacation with friends at Fairmont, in the Windermere district.

BLACK LEAF "40"—1 ounce, 35c.; 4 oz., 85c.; 8 oz., \$1.25; 1 lb., \$2.25; 2 lb., \$4; 5 lb., \$8; 10 lb., \$13.50. These are cash prices. Creston Drug & Book Store.

LEGHORNS AND RED CHICKS—Everyone a money maker. Write for illustrated catalogue which gives official production averages. Don Bradley, Creston.

Christ Church Ladies' Guild had fairly generous patronage at their tea and sale of cooking at Christ Church rectory on Saturday afternoon, the cash intake amounting to \$30.

The annual meeting of Creston Valley Stockbreeders' Association is to take place on Tuesday, 22nd, at 2.30 p.m., at the Creston Hotel. Chas. Sutcliffe is the retiring president.

Miss Helen Lacey, who arrived a couple of weeks ago from Lethbridge, Alberta, on a visit with her parents, Mr. and Mrs. T. Lacey, has joined the sales staff at Creston bakery.

Mrs. P. J. Downey, who has been a hospital patient at Cranbrook past six weeks, where she underwent a serious appendicitis operation, arrived home at the first of the week.

Excavation was commenced this week on the basement of a fully modern and commodious residence Geo. H. Kelly is erecting at the north end of town, just beyond the R. Stevens home.

The Valley got the first of its April showers on Sunday night, accompanied by thunder and lightning for a short time. This is about the earliest ever for an electric storm according to oldtimers.

Creston tennis club has definitely decided to utilize an area in the southeast corner of the fair grounds for their tennis courts, and work at putting them in shape is expected to commence this week.

Fred Ryckman, indian constable at Cranbrook, paid Creston an official visit on Monday. He reports E. H. Small, indian agent, who is a hospital patient in Cranbrook, as making a slow but sure recovery.

Creston bakery has just completed the installation in the most modern of Frigidaire plants. This makes the third installation of this sort in town, Burns & Company and Creston Meat Market being similarly equipped.

Trinity United Church Ladies' Aid have their usual Easter baazar on Saturday afternoon 19th, in the church basement. There will be afternoon tea with sale of plain and fancy sewing, home cooking, candy and novelties.

Saturday's Calgary Herald carries the announcement of the organization of York Motors, Limited, in that city, with Ron. Lidgate, formerly of Creston, named manager of the big new firm. They are the DeSoto dealers in that city.

Chas. Peck, manager of Creston Meat Market, is a patient in Cranbrook hospital at present, to which institution he was taken on Thursday last, suffering from pneumonia. In his absence H. Walkely of Cranbrook is in charge of the shop.

Creston schools close for the Easter vacation this (Thursday) afternoon, with operations due to resume on April 28th. There will be one new member on the staff when school resumes, Miss Holmes, teacher in Division 4, having tendered her resignation.

Miss Edna Holmes, one of Creston's spring bride's-elect, has been guest at a couple of functions in her honor during the past week. On Thursday night last it was a cup and saucer shower tendered her by girl friends of the teaching profession at the home of Mrs. W. H. Craw-

Stockbreeders' Association Annual Meeting

Notice is hereby given that the annual meeting of Creston Valley Stockbreeders' Association will be held at the Creston Hotel, Creston, B.C., on TUESDAY, APRIL 22nd, 1930, at 2.30 p.m. Business: General and election of directors. W. H. Browne of Nelson, assistant grazing commissioner, will be present. GEO. NICKEL, Secretary.

ford, and on Tuesday night she was honor guest at a miscellaneous shower at the home of Mrs. Maxwell. At both functions the popularity Miss Holmes justly enjoys was strikingly evidenced in the many and varied useful gifts with which she was remembered.
