

# THE CRESTON REVIEW

VOL. XXII.

CRESTON, B. C., FRIDAY, JANUARY 16, 1931

No. 43

## Christ Church Annual Meeting

**Year Closes with Satisfactory Balance—Sunday School Roll Increases—Jeffrey Collis is Chosen People's Warden.**

There was a large turnout of Anglicans from most points in the parish, which includes Sirdar, Wynndel, Camp Lister, Yahk and Creston, for the annual meeting in the Parish Hall on Friday night, with the rector, Rev. A. Garlick presiding.

After the minutes of the previous annual meeting had been adopted, J. W. Hamilton, treasurer, submitted the financial statement which showed all 1930 obligations fully met, and a surplus of slightly over \$100 carried forward into 1931. The showing is considered eminently satisfactory as the past year has witnessed quite a falling off in population at Sirdar and Yahk particularly. Camp Lister's financial contributions were the heaviest ever, and givings had been well maintained at Creston and Wynndel.

Mr. Hamilton also submitted a report covering the activities of the various church organizations. The Sunday school attendance continues to increase and an additional teacher was added to the staff at the end of November. The Junior Auxiliary, under the supervision of Miss Wade, had met its obligations in connection with payments to the M.S.C.C., and the Women's Auxiliary had also fulfilled all its promises in the same connection.

Quite early in the year the Ladies' Guild, the pioneer women's organization, had made the final payment of principal and interest on the rectory, and as this completed their objective of some years standing, the question of amalgamating with the Woman's Auxiliary, which has been held in abeyance for the past four years, was decided in the affirmative, and union was consummated on December 31st. The first appearance of the new society was at the annual meeting

when they had charge of serving the refreshments at the close of proceedings. The 1931 officers are:

People's warden—Jeffrey Collis. Rector's warden—R. A. Paley. Vestry Clerk—J. W. Hamilton. Sidesmen—L. Littlejohn, John Hall, Bert Young, E. Haskins, C. B. Twigg, John Bird, Jas. Cook and A. A. J. Collis.

The usual votes of thanks were tendered the organists, the retiring officers and the workers in the Sunday School and other organizations. Before adjournment a rescind was given a motion passed at a previous committee meeting stipulating that only a married man would be acceptable as a successor to Rev. A. Garlick. The bishop will be advised in this connection and urged to fill the vacancy on or before February 15th, at which time the rector's offer of supply expires.

## Kitchener

Mr. and Mrs. B. Johnson were visitors at Creston on Monday.

Chas. Anderson is at Columbia Lake, where he is relieving the section foreman at that point.

The C.P.R. change in train time will enable visitors from points west to make quite a visit here, as the eastbound arrives at 1.50 and the westbound at 4.12 railway time.

Col. Mallandaine and provincial police officer R. H. Hassard of Creston were here this week on official business.

Gordon McPhail, who has charge of the Kitchener school, got back on January 4th from Salmon Arm, where he spent the holidays with his parents.

Ivor Hyde, Jack Nilsson and Martin Elsing are busy making poles for Harry Bedmile, who has a nice contract from the B.C. Telephone Company. The poles will be used on the improvements to the line between Erickson and Yahk.

A large gang of Kitchener men, under the formanship of L. N. Leamy, are working on the cut and fill at Goat River crossing which, when finished, will materially improve the road at this point.

Chas. A. Bush was down from Goatfell on Saturday for the dance. He has charge of loading the C. O. Rodgers cut of logs at that point. Carl Anderson, who is working at Goatfell, returned there on Sunday after a layoff on account of strained back.

The Amusement Club is still going strong, seven tables for bridge being out on Saturday night, with the first prizes going to Mrs. Simpson and Selmer Anderson. Mrs. Devlin and Willard Blair were consolation prize winners. After cards supper was served and then dancing followed until 2 a.m., to complete a very pleasant evening for all.

The policy of the C.P.R. in giving out small tie contracts is greatly appreciated here. Gus Patrick and Fritz Molander are the latest to start work on such contracts. Both are operating in the C. O. Rodgers timber northwest of Kitchener. Ernest Drifil is another who has a contract and has been at work for some time.

## Presbyterian Aid Officers

St. Stephen's Presbyterian Church Sunday School held the annual meeting at the church on Thursday evening last. The reports showed progress along the line of attendance and contributions for maintenance and missions. The former officers were reappointed. A new feature of the work is the installation of a library which will be in charge of Byron Willis as librarian. Those in charge for 1931 are: Rev. P. McNabb, superintendent; Miss G. A. Webster, secretary-treasurer; Miss Jean McCreath, organist. Teachers—Mrs. Dow, Mrs. McNabb, Mrs. Boyd, Mrs. McLaren, Mrs. Taylor, Miss E. Couling, Miss Fleetwood, Miss B. Speers, assistant infant class teacher.

## Officers Elected Women's Inst.

**Close Year of Useful Community Effort—Good Friend to New Hospital and Fall Fair—Mrs. Hayes is New President**

A bigger and better institute, co-operating in every possible way to make Creston's new public hospital a success, was the slogan adopted for 1931 by a representative and enthusiastic turnout of members at the annual meeting of Creston and District Women's Institute Friday afternoon. The session was in charge of vice-president, Mrs. Hayes, in the unavoidable absence of the president, Mrs. J. E. Hayden, who has been ordered by her physician to sojourn for some time at a low altitude to recuperate her health, and who is now resident at Seattle.

Amongst the correspondence was a letter from Mrs. Middleton of Nelson, who wished the ladies to inform her of any likley houses to rent. The Middletons have bought a ranch near Goat mountain and will be moving shortly, and want a temporary residence until such time as they improve their ranch property.

Before going into the business of the annual meeting very hearty votes of thanks were tendered the businessmen of town for the splendid support they had given the flower show in the way of prize donations and equally appreciated help in taking advertising space in the new cook book. The retiring officers, including the secretary, were similarly remembered, as was the Review for the splendid publicity given Institute doings throughout the year. A letter is also to

## AT THE HOSPITAL

Visiting hours at the hospital have been definitely fixed for 11 to 11.30 a.m., 2 to 4 p.m. and 7 to 8 p.m. All other hours only by special permission.

Mrs. W. E. Barner was able to return to her home on Tuesday.

Mrs. E. Botterill and Mrs. P. Truscott are still patients, but are progressing favorably.

Edward Read is undergoing treatment for a few days.

Percy Robinson and Miss Frances Moore were operated on for tonsils on Monday morning, and were able to leave the hospital the same day.

Mrs. A. Weir has been admitted recently.

Frank Putnam was admitted on Saturday morning suffering from fractured ribs. He has made very satisfactory progress and will be leaving for his home shortly.

## Grand Theatre Sat, Jan. 17

Due alterations that are being made in theatre interior in connection with the "Talkie" installation

**There will be  
NO SHOW of  
PICTURES on  
SATURDAY  
JAN. 17th**

be sent Mrs. Hayden wishing her a speedy return to former health.

Miss Edith Crawford, presented a very businesslike review of the past year, the outstanding feature of which was the great work done by the Institute in backing the hospital in very practical fashion. In this connection the report showed that just over \$90 had been spent in buying furniture for the ward the Institute has equipped, in addition to which members had donated linen, scarves, tray cloths, curtains, feather cushions and pillows, along with a shower held in October at which 115 jars of canned fruits, jams and jellies had been donated, this good work having been directed by a committee composed of Mrs. Jas. Cook, Mrs. Hayes, Mrs. R. Stevens, and Mrs. J. E. Hayden.

During the year the Institute had held its bulb tea, which in 1930, included a sale of aprons, which was a great financial success. In July there was the regular flower show which last year included a health exhibit in charge of Mrs. Cherrington and Mrs. Stevens, and opened by Col. Mallandaine, which was also a conspicuous social and financial success.

In 1930 the Institute had taken over the ladies classes at the fall fair, compiling the prize list therefor and taking full charge at exhibition time, making the usual cash grant of \$20. The Institute had also made a showing of needlework at the Vancouver Exhibition at which they captured \$21 in cash prizes as well as winning the silver cup for the Institute making the most points in the Institute class at the big fair. A quilt that was made from the raw wool supplied the Institute free, and carded by Mrs. Maxwell, had been raffled for \$46, and this amount had been donated the hospital committee.

In December the Institute's new and bigger and better cook book was published. 300 copies were secured and these were meeting with a ready sale at 60 cents a copy. In August the Institute sponsored a five-lesson demonstration in crystallizing fruit which was taken charge of by Mrs. Gibbs of Nelson, and was quite largely attended.

The treasurer's statement showed a cash intake for the year of \$453. Of this amount the bulb tea had produced \$44, and the flower show \$36, sale of cook books to the end of the year \$36. The tea collections taken at the regular meetings totalled \$22 and this had gone to the crippled children's hospital. After meeting all the year's expenses which included \$173 paid the Cranbrook Courier for printing the cook book, the Institute starts the new year with \$73.

Mrs. Cook and Mrs. G. Young were named scrutineers for the election of directors of whom eight were nominated, and the ballot resulting in the election of Mrs. Mallandaine, Mrs. Maxwell, Mrs. W. H. Crawford, Mrs. Hayes and Miss Edith Crawford. At the meeting of the directors at the close of the session Mrs. Hayes was chosen president; Mrs. Mallandaine, vice-president; and Miss E. Crawford reappointed secretary-treasurer.

About 25 members were present and for the February meeting they are each pledged to bring an additional member which will get the Institute off to a splendid start. The tea hostesses were Mrs. Edmondson, Mrs. A. E. French and Mrs. E. Johnson, with a freewill offering of \$2.20.

## Library Association Annual

The annual meeting of Creston Library Association was held on Saturday last when the following were appointed directors: W. J. Truscott, chairman; Mrs. McMurtrie, Mrs. Kemp, Mrs. Geo. Young and high school principal Levins. Mrs. Young was appointed librarian and secretary-treasurer in place of Mrs. J. W. Hamilton, who resigned her position. The new directors are making a determined effort to increase the membership for 1931. The fee is only \$2 for the whole year and for this sum two books can be taken out each week, making it possible to read over 100 books for that small expenditure. There is an excellent assortment of fiction for those who want light reading, besides many good works on various subjects for the readers of heavier literature. The juvenile books are amongst the best published and can be taken out one a week for only 60 cents a year.

## Rod and Gun Club Officers

**Club's Great Concern is Conservation Water Fowl—American Influx Needs Stricter Regulating—Sutcliffe Again President**

Creston Valley Rod and Gun Club met in annual session Friday evening with the president, Chas. Sutcliffe, in charge, and quite a good turnout of members. The president's address and the report of the secretary indicated that 1930 had been one of the most active in the club's history.

Early in the autumn the district had a visit from Bryan Williams, chief game guardian, and members of the club took advantage of his call to discuss game matters very fully. At present the club's chief concern is in connection with the ducks and geese, which are threatened with rapid extinction due to the large influx of hunters from across the line and the methods they employ to secure the bag limit every day they are abroad.

By way of added protection the club advocates the raising of the non-resident license fee from the present \$25 to at least \$50, and would amend the regulations so that it would be unlawful to use live decoys. Considerable complaint is heard of the ruthless slaughter of ducks which are lured in large numbers by the familiar call of the live Mallard.

By way of further safeguard the club has taken up with the authorities at Ottawa the matter of placing an export duty on all ducks and geese taken into the United States. In addition to securing some needed revenue this impost would permit of a close checkup of the daily kill of the visitors and thus assure that the daily bag limits are not being exceeded.

So satisfactory have the 1930 officers performed the work entrusted them that they were all re-elected by acclamation, as follows:

Hon. President—Col. Mallandaine.

Hon. Vice-Pres.—W. L. Hathaway.

President—Chas. Sutcliffe.

Vice-President—Harry Smith.

Secretary—Geo. Mawson.

Treasurer—Lloyd Couling.

Directors for the outside points were named as follows: Erickson, Vic. Mawson; Wynndel, C. Sutcliffe; West Creston, W. B. Muir; Kitchener, H. Smith; Sirdar, L. Couling; Lister, Tom Leaman; Canyon, Col. Mallandaine; Boswell, E. Winchcombe; Grey Creek, W. G. Hendy.

Due representations made by the Creston Club the duck shooting season in this area was curtailed fifteen days this year, and as a result of the December 1st closing the club has the satisfaction of knowing that a flock of at least half a thousand ducks are this year wintering on the warm water sloughs on Creston flats. In other years, with a closing in the middle or at the end of December, no such flocks were in evidence.

A hearty vote of thanks was tendered the 1930 officers.

## Bulk No. 1 WHEAT

We have bought a carload of Bulk No. 1 Wheat and are prepared to book orders for delivery ex car in customers own sacks.

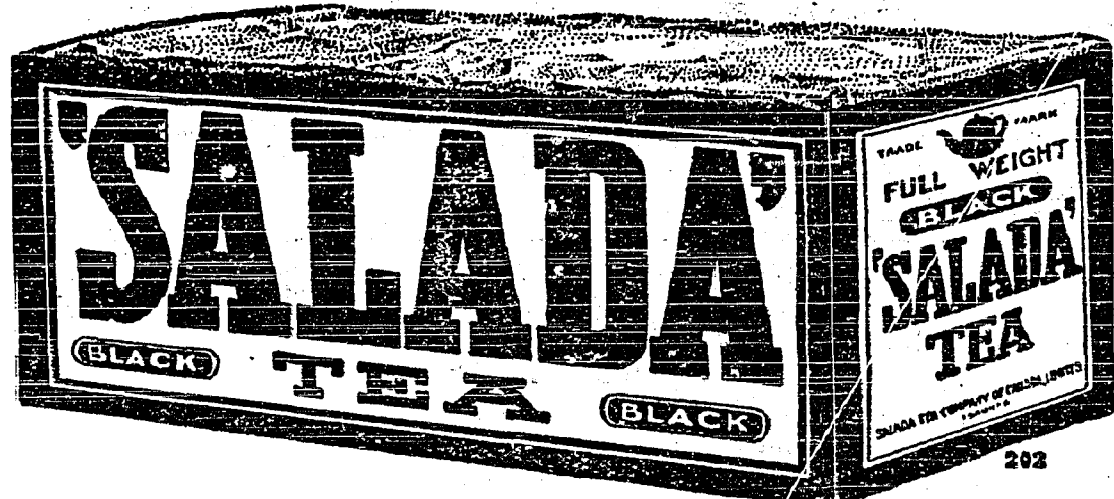

**There will be about 3  
tons of Sacked Barley

## A Turnover Tax

Financial journals throughout Canada are discussing probable ways and means whereby the Dominion Government will raise the revenues required to carry on all the services and administrative responsibilities of the Federal Government, meet the charges on the public debt, and balance the national budget. The same question is receiving the close attention of the Prime Minister and his cabinet, and before long will demand consideration by Parliament and the people generally.

It is admitted in all quarters that the Dominion will face a deficit in the operations of government for the year 1930-31; that, instead of the national debt being reduced, it will be increased. In view of this situation, steps must be taken to devise new sources of revenue because no reductions in expenditure that could possibly be made would, in themselves, be sufficient to offset the decline in revenues which has taken place, and which it is forecasted will continue this year.

This is not a party question; it is a national problem to be faced and solved. Canada is not alone in having to face such a condition; other nations are in exactly the same box.

It is estimated that the Dominion's deficit this year will be in the neighborhood of \$75,000,000. There have been heavy declines in Customs duties, sales tax receipts, excise tax. The income tax yielded a slight increase, but it was payable on 1929 incomes, which were generally greater than in 1930, so that a drop in this source of revenue next year must be anticipated. Furthermore, inasmuch as it is the Government's policy, approved by the people in the last general election, to cut off some hundreds of millions of imports it follows that Customs duties will show a still greater drop this year.

On the expenditure side of the national ledger increases rather than decreases must be looked for. The unemployment relief bill of \$20,000,000 has to be met; Old Age Pensions to be borne solely by the Dominion rather than fifty-fifty with the Provinces, and which will be made effective in all Provinces, means an expenditure of another \$20,000,000 or more; the completion of the Trans-Canada Highway will be an expensive undertaking.

So more money must be found, and a fairly large sum at that. In view of the fact that the Sales Tax has been reduced to a mere one per cent.; that Income Tax returns will be smaller; that Customs duties will take a drop as a result of decreased imports and cannot be depended upon in future to yield the major portion of the national revenue, it is being suggested in Eastern Canada that both the Sales Tax and the Income Tax be abolished in their entirety, and that a new tax, a tax on turnover, be created.

This proposal is deserving of study and should be the subject of discussion by all the people, because it is a tax that will be paid by everybody. It has the merit that no one will be able to escape from it. The other question is, will it be equitable to all in relation to the ability of each and all to pay.

A turnover tax means a tax on every business transaction that takes place in Canada. A Customs tax applies only to articles imported into Canada from other countries; an Excise tax is imposed on only a number of specified articles, intoxicating liquors, tobacco, matches, bank cheques, etc.; the Sales tax is levied on a limited number of transactions. But a turnover tax would mean the levy of the tax on each individual transaction, whether it be on the raw materials sold to the manufacturer, on the manufactured article sold the jobber or wholesaler, on the same article again when sold by the wholesaler or jobber to the retailer, and again when sold by the retailer to the ultimate consumer. It would mean a tax on railway tickets, telegrams, telephones; it is a tax which hotels and restaurants would have to levy; you would pay it to the barber, to the taxi driver, to the newspaper publishers, to the theatre. And so on all along the line every time an article was sold by some person and purchased by another.

The annual turnover of business in Canada amounts to many billions of dollars,—just how large the amount is it is difficult to even estimate. Even a very small tax, a trifling tax, one per cent., one-half of one per cent., one-quarter of one per cent., would yield an enormous revenue. But where an article passes through many hands or avenues of trade before it reaches the final consumer, even a small tax on each turnover might mean a fairly heavy charge in the end.

Possibly certain exemptions would be provided, but the moment exemptions are provided possibilities for evasion of the tax arise; also the danger of discrimination in favor of one class of people, business or industry. The whole subject is intensely interesting, and, as, stated, deserving of close study and full discussion.

The amethyst and violet tinted glass of the ancients owed its color to manganese.

Millions of fish were destroyed by drought last summer in at least 19 states.

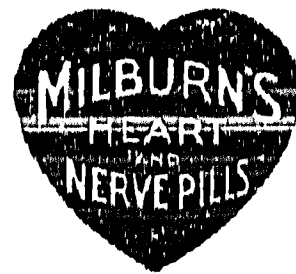

An "electric inspector" which detects flaws in bottles has been invented.

England's first census was taken in 1801, when the population was 8,893,000.

## Smothering and Fainting Spells

### Everything Would Turn Black

Mrs. Andrew Black, Harcourt, N.B., writes:—"I had been troubled with smothering and fainting spells and everything in front of me would turn black, and I would fall down in a faint and be unconscious for several minutes. I did not know what to do, until one day I was reading where Milburn's Heart and Nerve Pills had helped so many people and decided I would give them a trial. I used four boxes and found they help me wonderfully."

Price 50c a box

Sold at all drug and general stores, or mailed direct on receipt of price by The T. Milburn Co., Ltd., Toronto, Ont.

## Was Noted Scientist

Dr. Henry Ami, Canadian Archaeologist, Dies in France

Dr. Henry Marc Ami, one of Canada's outstanding scientists, died recently at Mentone, France, according to news received at his Ottawa home. An archaeologist and palaeontologist of international reputation, Dr. Ami startled the world of science a few years ago by his discovery of evidence tending to show that the Eskimo races, now found exclusively in the Canadian Arctic, at one time lived in France.

In recent years, Dr. Ami divided his time between France and Canada. He was the founder and leader of the Canadian School of Prehistoric History in France, through which he made the archaeological excavations at Dordogne, upon which he based his theory of the early life of the Eskimos.

Dr. Ami is survived by his widow, three grandchildren, Nicholas H. Slater, Clara and Jeanne-Anne Slater, of Toronto, and a brother William Ami, of the University of Manitoba, Winnipeg.

## Excavations in Mesopotamia

### Interesting Discoveries Reported Of Traces Of Ancient Civilization

Excavation in Ur of the Chaldees in Mesopotamia, have uncovered proof of the existence of buildings and a civilization there prior to the flood described in the Bible, it was announced in London, England.

The announcement was made by officials of the joint expedition of the University of Pennsylvania and the British Museum, headed by C. L. Woolley.

The excavations into the ruins of Ur, it was declared, proved the existence of a civilization in the land which the flood actually covered.

The scientists also discovered interesting tombs of great kings of the third dynasty, about 2400 to 2300 B.C., the report disclosed.

## Woman's Fortitude

### Forces Herself To Smile Through Pain

"I never seem to find time to rest," says many an overworked housewife. Under smiles and forced cheerfulness she conceals weariness and nervous depression; headaches and backaches. Often she is in real pain, but still refuses to give up. This very fortitude is apt to be her undoing. If she continues to neglect the signals of distress she will sooner or later suffer a serious breakdown.

A noted doctor has stated that nine-tenths of the ills of womanhood are due to poor blood. That anaemia is the cause of the low spirits, the poor appetite and palpitation that make life a burden for so many.

There is no need, however, for women to suffer in this way. All the miseries of anaemia can be banished by taking Dr. Williams' Pink Pills. These Pills create an abundance of new, rich red blood, and this new blood will bring strength and vitality to nervous, overworked women. The Pills are sold by all medicine dealers or by mail at 50 cents a box from The Dr. Williams' Medicine Co., Brockville, Ont.

## Will Visit Buenos Aires

The Canadian delegation to the British Empire trade fair being held in Buenos Aires next spring, will reach the Argentine city in time for the inauguration of the exhibition by the Prince of Wales, March 14. This was announced at Montreal by Angus McLean, president of the Canadian Chamber of Commerce, which is organizing the Canadian party.

Praises This Asthma Remedy. A grateful user of Dr. J. D. Kellogg's Asthma Remedy finds it the only remedy that will give relief, though for thirteen years he had sought other help. Years of needless suffering may be prevented by using this wonderful remedy at the first warning of trouble. Its use is simple. Its cost is slight, and it can be purchased almost anywhere.

## Great Lakes Herring Catch

The herring catch at the head of the Lakes this fall is estimated at around 2,500,000 pounds. Some of the fish will find their way to the west coast and some to the east coast while orders have also been received from the United States. Between 300 and 400 men have been employed in this industry during the season.

## WINTER SKIN TROUBLES

For chapped hands, cold sores, chilblains, frost bite and all the skin troubles due to cold weather, Zam-Buk will be found particularly effective.

Mr. F. W. Ashton, 1318 Lansdowne Ave., Toronto, says:—"I willingly testify to the splendid healing qualities of Zam-Buk. I was troubled with Nasal Catarrh during the winter and this was aggravated by frost bite which gave much pain and inflammation, but Zam-Buk worked wonders and ended the trouble."

Zam-Buk works wonders also for Colds in the Head if heated and inhaled up the nostrils.

Sample Free and post paid on application to Zam-Buk Co., 316 Dupont St., Toronto.

## The Evening of LIFE

DON'T let the evening of your life be shadowed by poverty. Though the future looks bright now, you owe it to yourself to make sure your old age will be one of independence and comfort. The Canadian Government Annuities System offers you an opportunity to do this. Send for details.

## A New Style Restaurant

### Mechanized System Is Planned By New York Man

Soon a diner will be able to sit down, press a button and his food automatically will appear, according to an invention made public by H. Russell Brand, New York.

Brand soon will open a restaurant where food will be cooked without cooks, will be served without waiters, dishes will be taken away without boys, and will be washed without kitchen help. He hopes eventually to complete a chain of restaurants throughout the country with his mechanized system in use.

Chloroform was discovered in 1831 by Lebig in Germany, and Soubeiran in France, and their reports were published almost simultaneously.

**Strange New Ray**  
 Discovery of a ray believed to come from some of the stars in the Milky Way, which pierces eighty inches of leaden plate with a loss of only half its strength, was claimed recently by Professor V. F. Hess, of Vienna. He declares it is ten times as penetrative as the strongest radium ray.

## FRANCE PAYS FINAL TRIBUTE TO WAR HERO

Paris, France.—France, in a final tribute of love and respect to the "Savior" of Paris, gave Marshal Joffre a national funeral which in its grandeur, reminded of that "Day of Ashes" when the body of Napoleon Bonaparte was brought back from St. Helena.

The body of the victor of the Marne lay, like that of Napoleon, under the great dome of the Invalides, in a disguised sacristy of the Chapel of St. Louis, dedicated to the old crusader king. It was placed there so that Madame Joffre might pray beside her soldier husband in silence.

Some months from now the body will be transferred to "Chestnut Grove," the marshal's country home, where it will be entombed in a mausoleum.

Church and state united to make the last rites of France's loved soldier a full expression of the Republic's gratitude and respect. The thousands of French people who filled the gray old cathedral of Notre Dame and the million or more who lined the route of the cortege from the cathedral to the Invalides testified abundantly the love that Paris bore for "Papa" Joffre.

There was not a foot of standing room at Notre Dame when the arrival of President Doumergue signalled the beginning of the Requiem Mass, shortened at Joffre's own request. The highest officials of the government were here in sombre garb and representatives of many nations, many of them attending as the personal representatives of rulers and sovereigns. Monsignor Joseph Marie Tessier, bishop of Schönsur-Marne, read the absolution and gave the final blessing.

Outside in the square in front of the cathedral the cortege formed. Republican Guardsmen in the lead. On either side of the coffin marched a company of infantry, and behind, after the marshal's immediate family, marched the president, members of the government, and the diplomatic corps.

An orderly led "Sorciere," the marshal's horse, caparisoned in black.

There was intense silence as the cortege moved slowly up the Rue de Rivoli to the Place de la Concorde and the Grand Palace, where it turned and crossed the Alexander III. bridge to the Great Square in front of the Invalides. There Louis Barthou, Minister of War, paid the government's eulogy.

He hailed Joffre as a "saviour of world liberty" and said that he was there to "voice the unanimous gratitude of the nation."

After the funeral oration the marshal's body was borne solemnly to the sacristy where it will remain until the mausoleum at Louveciennes is ready.

Mourning for Marshal Joffre was expressed in all the theatres which remained open. Simultaneously in each, at 9 o'clock, an actor appeared on the stage and read the marshal's famous Marne battle order of the day in which he called on the French army to die rather than retreat. A minute's silence was asked, and as it ended the orchestra sounded Taps.

### Shipping Into B.C. Decreased

Vancouver, B.C.—Final figures of deep-sea movement into this port in 1930 are now completed by the Vancouver Merchants' Exchange and show a total of 1,188 arrivals, of 4,474,225 net tons. This is a reduction as compared with the two preceding years. In 1929 the total was 1,285 vessels and 4,606,649 net tons, and in 1928 it was 1,325 vessels and 4,663,002 net tons.

### Reduction in Prices

Ottawa, Ont.—Hon. G. D. Robertson, Minister of Labor, expressed satisfaction at reductions in the price of commodities, including breakfast foods, that had been effected recently as a result of representations made by the labor department. The probe being conducted by the department under the Combines Investigation Act into the price of bread is expected to be concluded shortly.

W. N. U. 1872

## Canada Scholarship Fund

Large Amount Being Subscribed To Bring British Graduates Here

Montreal.—Subscription of \$800,000 is now being made in Canada and England, to be known as the "Canada Scholarship Fund," to bring British public or secondary school graduates to Canada for their university education and subsequent entrance to Canadian life.

Canada's allotment of the fund is half of the total, most of which has already been pledged upon condition that a similar amount is raised in Great Britain, according to an announcement made today at McGill University.

E. W. Beatty, K.C., is the chairman of the Canadian committee which also comprises Sir Arthur Currie, principal and vice-chancellor of McGill University.

Brig.-Gen. V. W. Odium, of Vancouver, and Dr. R. C. Wallace, president of the University of Alberta, are members of the committee.

## Postpones Flight

Amy Johnson, British Girl Flyer, Will Await More Favorable Weather

Warsaw, Poland.—Amy Johnson, the British girl flyer, has postponed her flight to China until more favorable weather, which she does not expect to have before spring.

She will leave Warsaw by train for Moscow, where she expects to meet Soviet personages interested in her attempt and hopes to get full information necessary for her flight across the Ural Mountains and Siberia.

She expects to return to Warsaw this week, by which time her plane, damaged when it was forced down at Amelin, near here, will have been repaired.

## FIVE ITALIAN FLYERS KILLED IN TAKE-OFF

Bolama, Portuguese Guinea, Africa.—Five Italian aviators died and three others were injured at the start of the great aviation adventure which carried 10 seaplanes safely from this point on the West African coast to Brazil.

The Stefani News Agency, official Italian press service, said that two planes crashed shortly after the take-off.

Two others which were forced to land on the ocean, while General Italo Balbo, took the ten remaining ships safely into Natal, were taken in charge by Italian naval vessels. The Stefani Agency said both were expected to be towed to Gerando Noronha, Brazilian penal island, not far from Natal.

This official announcement by the Stefani Agency clears up the confusion which has existed since Gen. Balbo and his ten ships skimmed to rest at Natal after a speedy trip of 17 hours, 15 minutes yesterday. First reports said that 12 ships left Bolama with two of them landing at sea en route, but later despatches from various sources asserted that two had not been able to take off. The official report shows that 14—two of them were repair and replacement units not scheduled to make the trip originally—took off.

Of the two which met disaster, Captain Renangno took up one from the water, but it dived sharply after reaching an altitude of only about 50 yards. The man killed, a sergeant-major acting as mechanic, was riding above the right pontoon, which was shoved upward and wrecked when the plane dropped to the surface. Captain Renangno, another officer acting as co-pilot, and the radio operator, were injured.

The other unfortunate ship, commanded by Captain Eber, flew all right for about 10 minutes after the take-off, but suddenly was forced to land at full speed.

So sharply did the heavy seaplane slip down upon the ocean, that fire broke out and burned to death the four occupants, Captain Eber, Lieutenant Barbiacini, Sergeant Mechanic Nenis, and Radio Operator Barbiacini. The accidents were attributed to the extremely heavy loads carried.

## HERO OF THE MARNE

Marshal Joseph Cesaire Joffre, noted hero of the first battle of the Marne, who died after a short illness in the hospital of St. Jean De Dieu in Paris.

## Saskatchewan Village Has Disastrous Fire

Business Section Of Mayfair Is Practically In Ruins

Saskatoon, Sask.—The explosion of a lamp leaves the village of Mayfair, on the new Speers-Rabbit Lake branch, northwest of Saskatoon, with most of its business places in ruins. Before the fire could be checked two general stores, the Bank of Toronto building, and a Chinese restaurant were gutted. An early estimate sets the damage at around \$30,000.

David Cunningham was about to retire when the explosion of a lamp in his store quickly spread rapidly and despite desperate efforts of the villagers who worked a bucket brigade, F. W. Allenby's store and post-office, the bank and restaurant were enveloped in flames. Without any fire equipment the villagers tore down an implement office and so stopped any further spread of flames.

Mayfair, which is 22 miles north of Speers, was established only two and a half years ago when the new branch line went through that territory.

### London Service For Joffre

London, Eng.—Cardinal Bourne, archbishop of Westminster, officiated at a requiem mass for Marshal Joffre, at the same time services were being held for the marshal in Paris. Representatives of the Prince of Wales, the Duke of Connaught and other distinguished personages attended.

Toronto, Ontario.—An interesting career that included service in the metropolitan police, London, England; at one time personal body-guard to the King and for the past 25 years a guardian of a local financial institution, is recalled by the retirement of George Cuddy, at the age of 84.

## Demonstration Train

Agriculture College Facilities Being Carried To Farmers Over C.P.R. Lines

Winnipeg, Man.—With a view to carrying a college of agriculture facilities to the farmers of North Eastern Saskatchewan, the Canadian Pacific Railway in conjunction with the extension department of the college of agriculture, University of Saskatchewan, is supplying, equipping and moving demonstration and lecture cars especially dealing with poultry and dairying.

Under the supervision of W. H. Boyle and C. E. Thomas of the University of Saskatchewan and three lecturers, the trains left Saskatoon early Tuesday, January sixth, for the first meeting at Ristow, the same day. The train consists of, demonstration and lecture cars, the former containing materials for demonstrative purposes for agriculturists interested in poultry and dairying. No livestock or seed is being carried for sale.

A wide range of topics will be discussed, care of poultry, best housing methods, killing and market preparation and, in the dairy section, care and feeding of milch cows, making a cow pay her store bill, testing cows and handling milk and cream.

The train will tour the whole of North Eastern Saskatchewan served by Canadian Pacific trackage and will travel as far east as Bredenbury and leaving there January 13, will journey via Goudie as far north as Nipawin. Leaving Nipawin January 28th, the train returns to Lanigan via Leslie, Wynyard and Dafos February 4. Leaving Lanigan February 6th, the tour leads as far as Gronlid, February 13, returning to Govan February 17th, and travelling south via Duval, Strasbourg, Bullock, Balmores, Neudorf, March 6, to Stockholm, thence back via Imperial and Renown, concluding the tour at Young, March 19th.

## Provinces Pay Five Per Cent.

Ottawa Assumes Bulk Of Cost Of Old Age Pensions

Winnipeg, Man.—The Dominion Government in future will pay 95 per cent. of the cost of old age pensions, it was revealed by John Bracken, premier of Manitoba.

Mr. Bracken in commenting on the western premiers' conference here with Prime Minister R. B. Bennett, disclosed that assurance had been given by Mr. Bennett that the provinces would be called upon to pay only 5 per cent. of the old age pensions charges as compared with the 50 per cent. now contributed.

### Plane Links Pacific Dominions

Wellington, N.Z.—Guy Menzies, young Sydney aviator, made the first light plane flight between Australia and New Zealand. He took Charles Kingsford-Smith's "Southern Cross Jr." over the 1,200 miles between Sydney and Westland in 13½ hours. He came down in a swamp near Ross, damaging the plane slightly.

## A MEASURE OF HOME RULE FOR INDIA PROBABLE

London, England.—Hindus, Moslems and Europeans of India have joined in support of the scheme of home rule for India, which was laid before the round-table conference some days ago by Sir Tej Bahadur Sapru. The same plan, in its essentials, was accepted by Lord Reading on behalf of the British Liberal delegates, but was received by the British Conservative delegates coldly and non-committally.

Gav'n Jones, president of the European Association of India, before the conference committee, described the present government of India as hopeless and humiliatingly weak. The country was drifting into chaos, he said. He could see no way out but to give a larger measure of responsibility to the Indian legislature.

Sir Bhupendra Mitra, one of India's leading financial experts, thought no greater safeguards should be imposed on the Indian government than were imposed on Canada when she was created a Dominion. Sir Bhupendra, indeed, termed the new administration "the Dominion government of India."

M. A. Jinnah, a prominent Moslem barrister, declared he was under no misapprehension that India was not going to get either Dominion status or full responsible government. He strongly argued, however, that some of the proposed safeguards were unnecessary.

"It is very commonly said in England," Jinnah added, "that we must either rule India or get out." Let me tell you, you can neither rule India nor get out. Are you going to meet the situation that has arisen in India or not? I say that it will indicate an utter bankruptcy of British statesmanship if you do not meet the situation before you leave."

Jinnah criticized the attitude of Sir Samuel Hoare, the Conservative spokesman. "Sir Samuel said that he would take a non-committal attitude. That was the only contribution he could make to the discussion," he said.

The situation in India was thus summed up by Jinnah:

"There is the position in India: One strong body stands for complete independence. Another solid body stands for Dominion status. Now we have come to you and we say: Are you going to agree to that measure of responsibility which will win over to your decisions the large bulk of these politically united people, so that they will say 'Now we have got something which is worth something; now we have something substantial to work for?'"

Sir C. P. Aiyar also pleaded for responsible government, saying he believed the viceroy should have power to govern in case of a complete constitutional breakdown, but that the ordinary machinery should be left to handle the situation otherwise.

Sir Sultan Ahmed, Moslem barrister, expressed hopes that the British Conservatives in time would come to agree with Lord Reading, Liberal spokesman, in acceptance of the Sapru scheme of responsible government. He also declared the Indian response to Lord Reading's speech had been electric, and Bombay had been particularly pleased.

Warm tribute to Lord Willingdon, the newly-appointed viceroy, for his attitude while Governor of Madras some years ago, was paid by Sir C. P. Aiyar. He remarked that Lord Willingdon had taken all the ministers and the legislature into his confidence, and as a result had secured their willing co-operation.

### British Battle Fleet On Cruise

Portsmouth, England.—The British battleship "Nelson" has started on a cruise during which she will visit the United States fleet at Colon, Panama, February 23. The "Nelson," flying the flag of Admiral Sir Michael Hodge, will head a special squadron of seven new battleships and cruisers, the finest Great Britain has ever sent to the West Indies. The squadron will visit each British possession there.

Professional men of Italy have agreed to reduce their fees.

## 1930 All-Lines Champions

W. T. Warren (left), captain of the Toronto Freight Office First Aid Team of the Canadian Pacific Railway, shown receiving the Lord Shaugnessy Challenge Trophy from W. M. Neal, general manager of the railway's western lines. Toronto Freight Office won the coveted trophy when as winners of eastern lines championship, they defeated the winners of the western lines championship, Weston Shops, at Winnipeg, in December. The Shaugnessy Trophy is emblematic of the Canadian Pacific All-Lines First Aid Championship and was won last year by the C. P. R. Police team.

## A "thank you" by long-distance telephone

Somehow you always dread that "thank you" period after Christmas when you have to sit down and write those distant friends and relatives who remembered you. It isn't that you're unappreciative, but you just don't like writing letters—and there's so many! Uncle Jim... Aunt Mary... Bill... Jack! Why you'll be writing letters all year.

A good way to overcome your difficulty is to express your thanks over the long distance telephone. You'll be surprised at the speed with which you can "visit" those far away dear ones, and the sound of your voice over the wire will mean far more to them than any written words.

## Kootenay Telephone Co. LIMITED

### Canyon City

Chas. Pipe returned a few days ago from Holcyon Springs, on the Arrow Lakes, where he has been working for a couple of months. He is again domiciled in the Wm. Ridd House.

Jock McRobb left at the first of the week for Wynndel where is on the bridge building crew.

Campbell Blair returned from Winnipeg, Man., at the end of the week.

W. V. Jackson of Creston is here this week looking after the pruning of orchards in this area.

The junior Badminton Club are having a whist drive at the community hall on Saturday evening, 17th. The admission is 25 cents.

The Misses McRobb were at home to many of the young people of Canyon at their home on Wednesday evening last. Games, music, and dancing were the features, along with a delightful lunch.

The Farmers' Institute has named Saturday evening, February 15th, for their concert in aid of Creston Hospital. Work has already started on lining up the programme, and the entertainment is sure to be worth while.

Mrs. R. Walsh left at the first of the week for Nelson, where she has secured a position and will be remaining.

Alf. Nelson and son, Eric, arrived from Lethbridge, Alberta, at the first of the week, and are stopping with his sons, Albert and Gunnar, who still make their home at Canyon.

Reports submitted at the annual meeting of Canyon United Church showed 1930 to have been an active one in all departments. It is gratifying to note that the Sunday school, in charge of Miss Helen McRobb, has an enrollment of 70 and for last year the children contributed \$140. The showing of the ladies' aid under the direction of Mrs.

McRobb, was equally satisfactory, the ladies raising a total of \$345. much of which has been spent on improvements to the church property and donated to missions. The board of stewards for 1931 is made up of W. E. Searle, A. Halstead and H. Young.

### Erickson

Mrs. Angus Cameron left for a two weeks' visit with friends at New Denver and Silverton.

Mrs. J. E. Healey, who has been a patient in Creston public hospital, was able to return home on Wednesday last.

Mrs. McKelvey, who spent the yuletide vacation with friends in Calgary and other Alberta centres, arrived home early this month.

Mrs. Wallace Woodhall (nee Jeannie Hall) of Nelson, arrived on Thursday last on a visit with her parents, Mr. and Mrs. John Hall.

Carl Newmann, who has been a patient at Creston hospital with a broken leg for the past six weeks, returned home early last week.

Floyd Celli, on his return from Vancouver to Coleman, Alberta, spent a few days renewing acquaintances here at the end of the week.

J. G. DeWolf, an inspector with the irrigation branch of the department of lands, Victoria, was here on an official visit at the middle of last week, and found everything in connection with East Creston Irrigation District affairs in first-class shape.

Miss Annie Drexler is a patient at the Cranbrook hospital, to which city she was taken last week.

Mrs. Murphy and children, who have been visiting with Mr. and Mrs. W. H. Kemp for a few weeks, left on Tuesday for Langley Prairie, where they are to reside in future.

Miss Joan Kemp, who has been housekeeper at Creston hospital for the past six months, is spending some time at her home here.

Frank Putnam is a patient at Creston public hospital at present, laid up with three broken ribs, which he sustained at Arrow Creek on Saturday morning. In company with his son, Perley, they were coming up the hill with a truckload of logs but finding they were not going to be able to make the grade Mr. Putnam got off the load to block the rear wheels and to sprinkle sand on the snowy highway in order to give the wheels a grip, but as this did not work it was decided to back the truck down hill, the backing process starting before he had got clear of the bank against which he was pinned and the injury sustained. He was immediately rushed to the hospital where the X-ray was used to ascertain the exact extent of the damage and the injury dressed. He is making quite a satisfactory recovery.

### Wynndel

Wynndel Intermediates were again winners of hockey. In another clash with Creston on Sunday the score was 4 to 3 in Wynndel's favor.

Ladies' Aid meeting was held at the home of Mrs. P. Hagen on Thursday of last month.

Mrs. Joy, who has been a patient at Creston Hospital, returned home on Saturday.

A very enjoyable social evening was

held in the annex of the new hall on Monday evening. Dancing was the favorite amusement. A splendid lunch was served by the ladies.

The meeting of the Kill Kare Klub on Tuesday evening last was a splendid success. A good time is reported by all. It is hoped to have a gymnasium opened soon under the direction of Sam Steenstrup. A fancy dress carnival for St. Valentine's night was discussed and announcement in this connection will be made later.

Rev. A. Garlick will be here for Anglican Church service on Sunday, 18th, at 8 p.m.

The annual meeting of Wynndel Women's Institute was held on Tuesday of last week in the Annex of the new hall. Mrs. Davis occupied the chair. Minutes of previous meeting were read and adopted. Financial report duly audited was read. This showed receipts of \$684, with an expenditure of \$675, leaving a balance of \$9. Mrs. Bathie submitted a comprehensive report of year's work. The treasurer's report showed that \$35 pledged to Othao Scott fund had been paid. In the election of officers Mrs. Bathie was chosen president by acclamation. In the balloting Mrs. R. Uri was elected vice-president; Mrs. G. Huscroft, secretary and treasurer; with Mrs. Grady, Mrs. Davis and Mrs. Greig elected directors.

## Local and Personal

A Sunday school has just been started at Alice Siding, with Rev. P. McNabb of St. Stephen's Presbyterian Church, as superintendent. The opening attendance was 18.

\$1720 was collected in hunting, trapping and fishing licenses at Creston office of the provincial police last year. In 1929 the intake from these sources was only \$1310.

At the council meeting on Monday night February 9th, was set as the date for the 1931 assessment court of revision. Assessment notices will be going out in a few days.

The election of officers of the Beaver Brotherhood of Trinity United Church, scheduled for Monday night, has been stood over until after the annual congregational meeting tonight.

Due to plastering operations being under way at the Grand in connection with the installation of the "talkies," there will be no show this Saturday night, January 17th.

Mrs. McDougall is a visitor with friends at Yahk this week.

## Built for Many Thousands of Miles

THE NEW FORD has been designed and built to give you many thousands of miles of faithful service. Beneath the flashing beauty of line and color—in those vital mechanical parts which you may never see—is a high quality of material and accuracy in manufacturing. The reliability and capable performance of the car, in all weather, and under all conditions, make it a particularly good choice for long, constant use. It stands up under the added strain of bad roads and hard daily service.

## General Motors announces a NEW CHEVROLET SIX

### Bigger... Finer Lower in Price

TODAY General Motors and Chevrolet are proud to present a new Chevrolet Six. The new car has a lengthened, 109-inch wheelbase... beautiful new bodies by Fisher... de luxe wire wheels... and important mechanical improvements. Yet it sells at new reduced prices... the lowest at which any Chevrolet has ever been introduced.

With all its new beauty and added value, no departure has been made from the basic principles of six-cylinder operation and extreme economy which have won 2,000,000 owners to the Chevrolet Six... and made Chevrolet the world's largest-selling six-cylinder car.

Bigger—finer—lower in price... the new Chevrolet Six is now on display at the show-

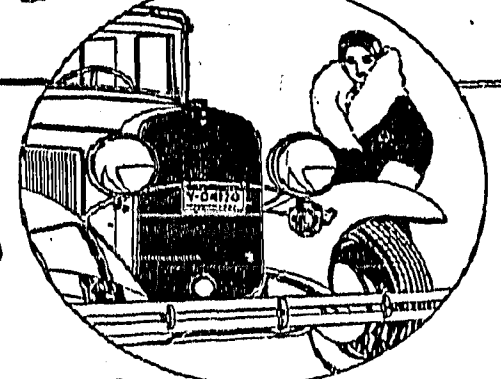

SPECIAL SEDAN—A de luxe car... six wire wheels, two in fender wells, and chrome-plated radiator grille standard equipment.

rooms of dealers everywhere.

Come and drive this bigger, finer Six today. If you can afford to buy any car... the new Chevrolet Six, at its extremely low prices, is easily within your reach.

The GMAC plan of deferred payments offers the lowest financing charges available... and the General Motors Owner Service Policy pledges lasting satisfaction.

## Alice Siding

Sunday school work was revived on  
 Sunday last with an attendance of 18  
 children. The work was organized with  
 Rev. P. McNabb as superintendent,  
 and meeting at 2.30 p.m.

Word to hand from H. E. Ostendorf  
 early in the year brings the good news  
 that he is just about his oldtime self as  
 regards health, and that Mrs. Ostendorf  
 and children never felt better. He  
 states that the Rosthern, Sask., district  
 is having an unusually mild winter so  
 far.

Mrs. W. A. Pease arrived home on  
 Monday from a month's holiday visit  
 with members of the family at Princeton,  
 Cloverdale and Vancouver, spending  
 Christmas at the latter point.

Mr and Mrs. Ivan O'Neil of Calgary,  
 Alberta, are visiting with the latter's  
 mother, Mrs. Stace Smith.

The contract for supplying the school  
 with wood this winter has been let to  
 Tom and Bob Marshall.

Mrs. McDougall is a visitor with  
 friends at Yahk this week.

Mr. and Mrs. J. W. Parkin entertained  
 the Whist Club on Friday night last and  
 the high score prizes were won by Elsa  
 Willis and Victor Carr. This week Mr.  
 and Mrs. Carr will be at home to the  
 club.

About 40, mostly of the young people  
 of the district, gave Mrs. Marshall a  
 surprise party on Friday night at which  
 dancing was the order of the evening to  
 music by T. Trevelyan, accordion, and  
 Bob Marshall, drums, and a very fine  
 time was had by all.

## Lister

R. Stevens, who has been a visitor at  
 Trail for the past ten days, arrived  
 home at the end of the week.

Rev. R. E. Cribb is due here for  
 United Church service on Sunday after-  
 noon at 2.30 o'clock.

Douglas McKee left a few days ago for  
 Wynndel, where he is working on new  
 bridge construction at that point.

School enrollment is now at 83, Nita,  
 the youngest daughter of Mr. and Mrs.  
 Jacob Reimer, being the latest to enroll.

All our German residents are back  
 again, the rock road contract at Twin  
 Bay having been completed.

Notices are up for an oldtime dance  
 at Huscroft school on Saturday night,  
 17th, to which admission is 50 cents to  
 gents and 25 cents to ladies.

John Huscroft has just completed the  
 moving and re-erection of the former  
 Monrad Wigen mill at Porthill, to a site  
 in the Corn Creek district and is this  
 week starting cutting about 5000 ties on  
 a contract obtained from the C.P.R.  
 Elmer Huscroft and Clarence Tedford  
 are on the mill staff, along with a  
 couple of residents of Canyon and two  
 or three from West Creston.

Seven tables of players were on hand  
 Saturday night for the Community  
 Society bridge at the schoolhouse, which  
 was in charge of Misses Peggy Smith  
 Minnie Huscroft and Agnes Sinclair,  
 with the high score prizes going to Miss  
 Curtis and H. C. Sparrow. The occasion  
 was livened up by the introduction  
 of some games, after which an excellent  
 lunch was served. The next gathering  
 will be in charge of a committee of the  
 Lister bachelors and is looked forward to  
 with pleasurable anticipation. It will be  
 held on January 24th.

These was a fair turnout on Tuesday  
 night for the annual meeting of Lister-  
 Huscroft Farmers' Institute with the  
 retiring president, A. W. Sinclair, pre-  
 siding, and Fred Powers doing the secre-  
 tarial work in the unavoidable absence of  
 Bert Hobden, who is on the sick list.  
 The new officers are: President, E.  
 Langston; vice-president, Fred Powers;  
 secretary-treasurer, Bert Hobden; Direc-

## SUNDAY SCHOOL LESSON

JANUARY 18

## THE MINISTRY OF JOHN THE BAPTIST

Golden Text: "Bring forth therefore fruits worthy of repentance."—Luke 3:8.

Lesson: Luke 3.

Devotional Reading: Isaiah 40:3-11.

## Explanations and Comments

John's Preaching in the Wilderness, verses 1-6.—To John, son of Zacharias, the word of the Lord came (he was made conscious that this was God's plan for him), directing him to go to the Jordan, and preach the baptism of repentance unto the remission of sin; thereby, says Luke, fulfilling the words of Isaiah (Isaiah 40:3-5).

"John baptized, that is, he used a purifying rite in connection with his preaching. It helps to remember the distinction between baptism as practised in the Christian Church and as practised by John. In the church baptism has come to be regarded as a dedicatory rite by some, and by others as an initial and confessional rite. But in the first use of it, by John and Jesus, it was a purifying rite. It was a confession, too, but of sin, and the need of cleansing, not, as later, of faith in a person, or a creed, although it did imply acceptance of a man's leadership. To a Hebrew mind it was preaching by symbol as well as by word."—S. D. Gordon.

The Call To Repentance, verses 7-9.—Our poet Lowell speaks of

"A kind of maddened John the Baptist  
To whom the hardest word comes  
aptest."

and harsh indeed was John's word to the multitude who came to him to be baptized: "Ye offspring of vipers," was the way in which he addressed them. Vipers and serpents, were considered, emblems of deceitfulness and wickedness; John called Pharisees and Sadducees by this term because, knowing their natural deceitfulness and cunning, he doubted the sincerity of their motive in coming to him. And he questioned them: "Who thought it worth while to warn you to flee from the Day of Judgment?" The phrase, the wrath to come, recalls the picture of serpents in the fields fleeing before the flames when the stubble is set on fire. The coming of the Messiah was expected to be a day of judgment, Luke 2:23. Since the Pharisees thought themselves so righteous, they should not have feared the judgment; since the Sadducees professed not to believe in it, they should not have been disturbed.

"Bring forth therefore"—if you would escape the wrath—"fruits worthy of repentance," deeds that will prove the sincerity of your repentance.

"A new life is the best and most sublime penitence."—Martin Luther.

The Oil For the Athlete. — In rubbing down, the athlete will find Dr. Thomas' Electric Oil an excellent article. It renders the muscles and sinews pliable, takes the soreness out of them and strengthens them for strains that may be put upon them. It stands pre-eminent for this purpose, and athletes who for years, have been using it can testify to its value as a lubricant.

## Fish Farming

## New Idea Is Being Promoted In British Columbia

"Fish Farms" are now being promoted in British Columbia. An undertaking is under way to obtain from the Provincial Government a long lease of a small lake which is to be stocked with commercial fish, such as whitefish or lake trout, with a view to providing the general market with fresh fresh-water fish. The fish would be ready three or four years after stocking the lake.

Miller's Worm Powders attack worms in the stomach and intestines at once, and no worm can come in contact with them and live. They also correct the unhealthy conditions in the digestive organs that invite and encourage worms, setting up reactions that are most beneficial to the growth of the child. They have attested their power in hundreds of cases and at all times are thoroughly trustworthy.

## An Automatic Electric Plant

South America's first automatic hydro-electric plant, five miles from Juiz de Fora, Brazil, is reported to be operating successfully. It was opened recently when a Brazilian official closed a switch in an electric substation in Juiz de Fora. Since then turbines have continued to spin although there are no human attendants there.

Letter from firm of easy term furnishers: "We are surprised that that money owing to us has never reached us."

Reply from client: "Do not be surprised. The money has never been dispatched from this end."

## Saskatchewan Oil Discovery

## Another Find Of Oil Reported In the Readlyn Valley

Another find of oil is reported in the Readlyn Valley on the farm of Thomas Powley. It is found that when pumping water a greasy substance comes up with the water and when separated readily ignites.

"This greasy substance comes up through a strata of sandstone and this sandstone when split open reveals samples of forest leaves embedded in the rock. P. Bridger, of Readlyn, Sask., opened up some of the sandstone formation and on splitting the rock found the leaves in almost perfect condition. It shows that at some time the whole of the valley must have been a dense forest."

The farmers are of the opinion that gas and oil abounds in huge quantities under the rock formation at less than 500 feet. Mud geysers exist in eight or nine places and seem to be bottomless, continually bubbling with grease and oil.

The Canadian Pacific Railway runs right through the centre of this coal and oil valley from end to end. A government inspector stated that requests have been received to drill in the townsite of Readlyn but so far no permission has been granted owing to the compact nature of the village.

The new find of Thomas Powley is just one mile up the valley from the C.P.R. depot and of course would be less hazardous for exploitation.

## Swedish Railways Plant Trees

More than 5,000 fruit-bearing trees and bushes were planted last year by the Swedish state railways. Nearly 200,000 such trees have been planted making the government railroad board the largest gardening establishment in Sweden. The trees are tended by railroad employees.

No child should be allowed to suffer an hour from worms when prompt relief can be got in a simple but strong remedy—Mother Graves' Worm Exterminator.

## The Loudest Noise

A Montreal scientist says there is too much noise in the world, but fails to point out that the loudest sound of all is that made by the ticking of the clock in a store that does not advertise.

## Canada's Fisheries

The product of Canada's fisheries in 1929 had a total value of \$53,518,521.

## Serious Rectal Troubles Often Caused By Harsh Cathartics

ENO is pleasant, gentle, safe and sure.

A daily dash of ENO'S "Fruit Salt" in a glass of water, morning or night, tones up and sweetens the entire system. Acid stomach, fatigue, biliousness, quickly disappear.

ENO'S  
FRUIT SALT

## Another Scientific Discovery

## Short Wave Radio Said To Cut Virulence Of Diphtheria Poison

Science has opened a hitherto unknown opportunity for short wave radio—a newly found power to cut the virulence of diphtheria poison.

In one sentence this discovery was summarized to the Society of American Bacteriologists by Wacław T. Szymanowski and Robert Allan Hicks of Western Pennsylvania hospital, Pittsburgh.

"Highly potent diphtheria toxin," they stated, "is found to be diminished in strength by the action of short electric waves, 1.9 and 3.76 meters, at approximately 158,000,000 and 80,000,000 cycles per second."

Diphtheria toxin is the poison which causes the disease and is produced by diphtheria bacteria. The radio waves are the same sort which were announced about a year ago as producing artificial fever in human beings.

## B.C. Apples For Java

Dehydrated apples shipped by Bulmans Limited, to Batavia, Java, have given such satisfaction that another order for three times the original quantity has been booked. The apples are shipped in five pound tins.

A mosquito that stores up fat in the summer time, like a bear, and then hibernates in the winter in sheltered spots is found in northern Montana.

## Flowerpot Island

## Island In Georgia Bay Turned Over To National Parks Board

Flowerpot Island, in Georgian Bay, has been turned over to the national parks branch of the Department of the Interior. It is situated at the north end of the Bruce Peninsula, and gets its name from two rock formations that resemble huge flowerpots. They have been formed by erosion by the seas, and have trees growing on the top. The parks branch will reinforce the "flowerpots" as their bases are in danger of being eaten away entirely by the action of the waves.

## Chest Colds Yield to this Treatment

Redden chest with hot wet towels; rub on—apply thickly

VICKS

OVER 12 MILLION JARS USED YEARLY

New Building For Grain Show  
The general meeting of the Regina Agricultural and Industrial Exhibition authorized the building committee to proceed with the plans for the erection of the new grain exhibition building for the World Grain Exhibition and Conference in 1932.

## Genuine Gratitude Compels Tribute.

Mr. Victor Hills, of Thornton Heath, writes:—"For many years I have suffered with that distressing complaint—constipation, and its attendant effects of sick-headache and indigestion. It was a red-letter day for me when a friend recommended me a treatment of Carter's Little Liver Pills, and I can honestly say that results have been truly marvelous. I now enjoy good health and feel that life is worth living. The relief I have experienced compels me to add my sincere tribute." Take Carter's Little Liver Pills. All druggists 25¢ and 75¢ red pkgs.

## WORLD HAPPENINGS BRIEFLY TOLD

The winter cruise of H.M.C.S. Vancouver started on January 26 to the foreign ports of the Pacific Ocean.

Television will be a commercial proposition within five years according to Major-General Harbord of the Radio Corporation of America.

Canadian art will be exhibited at the British Empire Trade Exposition at Buenos Aires in March and April, 1931.

Deer have become such a pest in certain parts of New Zealand that plans for their extermination has become a difficult problem, and many remedies have been suggested.

For the first time since it was dedicated in 1753, the Mansion House, home of the Lord Mayor of London, is empty, city officials having moved to a hotel while the building is being modernized.

From the land of the midnight sun in Alaska to the pampas of the Argentine will be the route of the international highway now being projected by governments, good roads associations and automobile clubs of the countries concerned.

The authorized fish catch in Saskatchewan lakes, large and small, approximates 10,000,000 pounds a year, according to estimates of the Department. Approximately 1,400 men were employed in Saskatchewan fisheries last year.

Elk, which roamed in countless thousands over the northwest years ago, and which have since been reduced to a few scattered herds, will be given a chance to multiply again on the wild lands of the Queen Charlotte Islands, far from the hunter's trail.

## Just Right For Upset Stomach

For after-eating distress, gas, sourness and bloating, the quick and positive neutralizing action of Bisulphate of Magnesia has proved to be just right! Relief, certain and gratifying, almost instantly follows the very first dose—and a few cents worth obtainable from any good druggist, lasts for a long time.

## New Industry

## Manitoba To Manufacture Frames, Comb Foundations and Honey Extractors

As a result of the investigations made by the special committee of the Industrial Development Board of Manitoba into the Manitoba honey situation, Manitoba is to have two new industries. One is the manufacture of frames, which were previously purchased in the east, and the other is the manufacture of comb foundations and honey extractors.

Chase & Sanborn's Tea

Miss McFarlane says: "My successful experience with Magic Baking Powder dates back many years. Consequently, I always use and recommend it because I know it will give dependable baking results. Even a beginner can use it confidently."

MAGIC  
Baking Powder  
ensures better baking results

Look for this mark on every tin. It is a guarantee that Magic Baking Powder does not contain alum or any harmful ingredient.

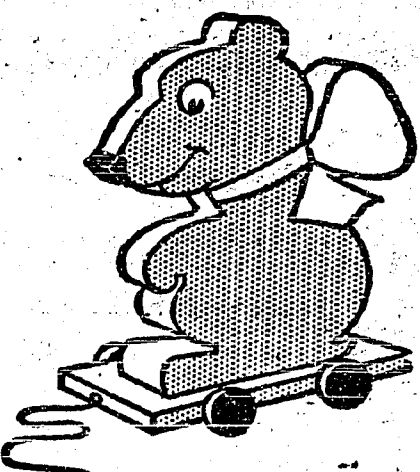

## Here is Miss McFarlane's Recipe for GRAHAM GEMS

1 cup flour	1 cup Graham flour
4 tablespoons brown sugar	1 cup milk
¾ teaspoon salt	1 egg
4 teaspoons Magic Baking Powder	4 tablespoons butter, melted

Sift together white flour, sugar, salt and baking powder. Add Graham flour, add milk, egg and melted shortening and beat well. Half fill greased muffin tins and bake in hot oven at 425° F. about 20 minutes.

Buy Made In Canada goods

## CHILDREN CRY FOR IT—

CHILDREN hate to take medicine as a rule, but every child loves the taste of Castoria. And this pure vegetable preparation is just as good as it tastes; just as bland and just as harmless as the recipe reads.

When Baby's cry warns of colic, a few drops of Castoria has him soothed, asleep again in a jiffy. Nothing is more valuable in diarrhea. When coated tongue or bad breath tell of constipation, invoke its gentle aid to cleanse and regulate a child's bowels. In colds or children's diseases, you should use it to keep the system from clogging.

Castoria is sold in every drugstore; the genuine always bears Chas. H. Fletcher's signature.

### CHAPTER VIII.—Continued.

"Come," he said at last, "take down those hands or I'll do it for you. Sit down, Angela. If you're really suffering, I'm sorry; but you're a good actress, and you've cheated me too many times. I never mention the Ashleys unless you drive me to it, or—or as a warning. God! do you think I want to remember?"

She sank onto a divan, and her arms relaxed. Her husband moved nearer.

"You told me," he said, "that if you had a garden—something to work over—you'd be safe. You were frightened then. You probably believed it. But I can see now that the garden is only a pose. It doesn't absorb you any more than does your painting—or your singing, at which you might do something worth while. Nothing has ever absorbed you but the pursuit of man. If you had a child—"

She looked at him, and her lip curled.

"Didn't you once say that I was not fit to be a mother?"

"You're not; but—"

Her eyes blazed.

"I suppose you'd like to see me turn into a drow, like that stupid little moron next door. Two babies in four years! I call it indecent. I don't believe she's seen her back hair in a mirror since the first one came. I doubt if she's had a new gown since

the last. I dare say she'll have a third before she has time to see a dress-maker. That sort always does. She's stupid—too stupid to know her own husband—too stupid to see that a man won't stand her untidy ways. Why, by lifting a finger I could have Nick Hastings, eating out of my hand!"

"Take care then, that you don't lift it; but I'm not so sure. I thought you lifted more than a finger the other night, and as I told you then—it didn't work."

Angela laughed bitterly.

"Well, I'll show you that it will work, I—"

"You will not! Do you understand? I don't ask you to prom'se, because I know you don't keep your promises; but I shall watch, and you know, Angela, things don't escape me."

He moved toward the door as if the interview were at an end; then paused, looking back at the blue figure on the divan. Angela's shoulders had drooped in an attitude of such weariness as she seldom allowed herself. Even her eyes looked tired; and at the sight something hovered wistfully across her husband's face—an elusive thing that seldom came there, wiping away the cynicism, leaving in its place a glimpse of something better that fought unhappily for life. He turned, and going to her side, laid his hand gently on her arm.

"My dear—I don't mean to be unkind. Deep in your heart you know that I have never been unkind—don't you? More than anything in the world, Angela, I desire your happiness. There is nothing I would not do for you, if—if you could be satisfied with me—alone."

"You!"

She sprang up, shaking off his hand as if it scorched her.

"You!"

She laughed, scornfully, and sweeping past him without a glance, ran up the stairs.

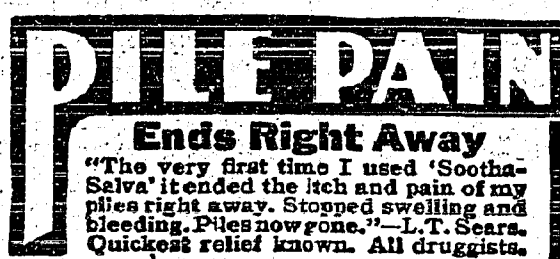

For a moment James Halliday stood where she had left him. It was not until the sound of her feet was silenced, that he sighed, wearily, like a man who has fought and lost. Then, catching sight of himself in a long mirror, he straightened up, and his lips took on their familiar, unpleasant curve. There was no trace left of the thing that had lighted his face a moment since; and with a shrug that might have been Angela's very own, he went back to his study and the day's work.

### CHAPTER IX.

Gay had been gone a month, a month that had brought color to her cheeks and rest to her eyes. She was right in thinking that morbid ideas couldn't live under the same roof with Uncle Sim. His unfailing kindness—his faith in God and his fellow men, was something before which doubt and suspicion faded away. And the Sundays with Nick had been like a repetition of their honeymoon. One never-to-be-forgotten day they left the babies with Uncle Sim and his housekeeper, and tramped off together, as care-free as two children out of school.

"You just leave your responsibilities with Mis' Bemis and me, and forget all about 'em for a spell," said Uncle Sim. "You'll be all the gladder to pick 'em up again when you get back."

"You bet we will!" said Nick, lifting his youngest responsibility for a kiss. "Come on, Gay, Mrs. Bemis

knew the ins and outs of infant feeding before you were born. You needn't advise her any further."

"That's right," said Simeon. "Run along now and don't keep Nick waiting. Shan't look for you till the cows come home. Gorry! you don't neither o' you look old enough to have two babies!"

"We don't feel old enough—today," laughed Gay, as they turned away. Simeon, Sonny on his knee, watched them lovingly till they turned the corner.

"It's a good thing to be young," he murmured dreamily, "but it ain't had been' old, neither, so long as you've got somethin' young around you. Don't hardly know what I'll do when Gay takes these babies back to Bakersville. Wish my old woman could see 'em. Maybe she does. Like as not she knows just how I'm a settin' here with Sonny on my knee. Well, little boy, you want to feed the chickens?"

"Yep," answered Sonny eagerly, and slipping off Simeon's knee, went straight for the umbrella, much to the admiration of his adopted uncle.

As for Gay and Nick, they forgot their cares with amazing ease. They climbed Bear Hill, the nearest approach to a mountain that the vicinity possessed, and later, in the cool of the forest shade, they waded a brook, while Nick built a dam; the task that getting married had interrupted four years before.

It was Gay who reminded him of that long-gone interruption. She sat on a convenient rock, her feet in the water, and watched him work.

"I hated to keep you from building the dam that day, Nick," she said regretfully. "It seemed wicked that you shouldn't do everything that came into your head; but I thought you'd forgotten what was before us, and I was nervous, even while it worried me to stop your fun. It worried me all the way to State Line."

"Idiot!" said Nick, pausing in his absorbing task to throw her a smile of understanding. He worked silently for a while, then stopped to survey the finished product of his labor.

"Some dam, my dear! I ought to have been a civil engineer. Always wanted to, and I bet you, Gay, I'd have made a good one; but uncle wouldn't consider it for a minute."

He came nearer, and sat beside her on the rock.

"Say!" he exclaimed boyishly, "isn't it great being off here together? How cunning your feet look in the water!"

"Cunning!" laughed Gay. "I'd hardly call them that; though beside yours they do look—well, smaller than usual."

"They're small enough; and they haven't been spoiled by the spike heels our fair neighbor persists in wearing. I wonder what she'd think, Gay, if she could see us now!"

Sudden color flooded Gay's face, and she drew one foot up out of sight.

"You mean Mrs. Halliday? Why, I—I suppose she'd think it was—impossible."

Nick shook with laughter.

"Gay, you're the funnest kid. I bet just remembering Mrs. Halliday and her fastidiousness, made you feel ashamed. Put that foot back. There are no fussy city people around, and I like you just as you are. I wouldn't give a red cent for a wife who wasn't a pal as well. Say, sweetheart, let's bring Sonny up here some day to see this dam."

"I thought you were ordered to forget your responsibilities," Gay answered, as her foot slipped back into the cool stream.

"I don't regard Sonny as a responsibility—today, anyway. He's a good little chum, just as you are. Do you know, dear, sometimes it comes over me how bleak life would be without you all. Just suppose I hadn't gone over to say good-bye to you that morning!"

Gay looked at him, her eyes brimming with tenderness.

"And you so nearly forgot me, darling."

Nick stared. He had never told her how true that was. Even now, as she slipped an arm across his shoulders, he felt ashamed at the memory.

"Did you think for a minute that I

didn't know?" she questioned gently. "I was in the garden when I saw you come out with that stick and bundle. Could I have misunderstood, after the times we'd planned your going? And when you turned away something—something went dead in my heart, Nick. It seemed so terrible that you could go like that—without a word—without even a thought of me, when—when I loved you more than anything in the whole world."

"You—loved me!"

She smiled at his amazement.

(To Be Continued.)

### Will Use Canadian Materials

#### City Of Saskatoon Will Insert Special Clause In All Contracts

Acting on a recommendation from the Department of Trade and Commerce, the City of Saskatoon will in future include a special clause in all contracts providing that materials used shall be Canadian products where possible. Permission to use foreign materials will be granted only where sufficient cause is shown.

## Crying Babies Are Sickly Babies

The well child does not cry. He is laughing and happy all the time. Baby's cry of distress is the only means he has of telling the mother or nurse he is ill. Mothers, you can keep your little ones well and happy by giving them Baby's Own Tablets—the safe and efficient remedy for all childhood ailments.

Baby's Own Tablets are a mild but thorough laxative. They sweeten the stomach; regulate the bowels and thus banish constipation and indigestion; break up colds and simple fevers and allay the irritation accompanying the cutting of teeth. They are sold by all medicine dealers or by mail at 25 cents a box from The Dr. Williams' Medicine Co., Brockville, Ont.

### Canadian Cobalt

Canada continues to supply practically half the world's requirements of cobalt, the remainder coming chiefly from the Belgian Congo. Practically all the cobalt produced in Canada is a by-product of the silver mining industry and is obtained by treating arsenical silver-cobalt-nickel residues from the Cobalt, South Lorrain, and Gowganda silver camps.

Douglas' Egyptian Liniment, always quick, always certain. Stops bleeding instantly. Cauterizes wounds and prevents blood poisoning. Splendid for muscular rheumatism.

### In Honor Of Amundsen

Firing of a 200,000 candle-power aeroplane rocket from the summit of Pike's Peak in memory of the late Roald Amundsen, famous explorer, is the salute for 1931 by the Ad-an-ang Club, mountain-scaling organization, of which Amundsen was a member.

## At Last! The Truth About PIMPLES

Pimples, acne and blackheads are caused by a rundown, disordered system; by those harmful acids and toxins which make your skin break out.

So if you want swiftly to rid yourself of that ugly, blemished complexion and to obtain beautiful, smooth and soft skin for all times—eyes sparkling like diamonds—superb daily health—take Kruschen Salts.

Kruschen Salts are a perfect blend of the six vital salts which nerves, glands, blood and body organs ought to receive from food if they're to work properly—but it's simply impossible to obtain these salts in these days of modern cooking!

Therefore take Kruschen Salts in a glass of hot water every morning before breakfast—this quickly puts back these precious minerals into your system—and drives out harmful acids and toxins, assuring you enviable and glorious youthful beauty and health.

### Little Helps For This Week

"I must work the works of Him that sent me, while it is day; the night cometh, when no man can work."—John ix. 4.

Rest not content in thy darkness, a cloud;

Work for some good, be it ever so slowly;

Cherish some flower, be it ever so lowly;

Labor! all labor is noble and holy; Let thy great deeds be thy prayer to thy God.

—Frances S. Osgood.

Remember now and always that life is no idle dream, but a solemn reality, based upon eternity and encompassed by eternity. Find out your task, stand to it; for the night cometh, when no man can work.

—Thomas Carlyle.

Persian Balm the creator and preserver of beautiful complexions. Tonic in effect and wonderfully stimulating. Safeguards and beautifies the most delicately-textured skins. Cools and relieves all skins flushed or irritated by weather conditions. Magical in results. A little gentle rubbing and a youthful freshness and daintiness is instantly created. Invaluable for softening the hands and making them flawlessly white. Truly the perfect toilet requisite for the woman who cares.

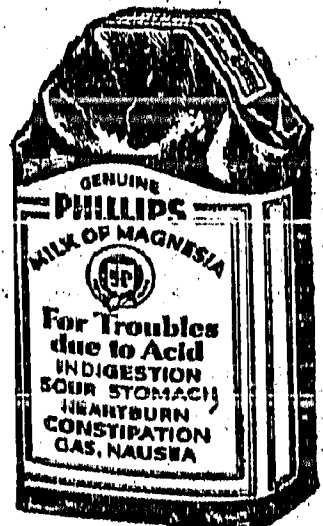

### Had Eye On Australia

A curious map, now in the possession of the French Geographical Society, reveals that Napoleon Bonaparte once planned to invade Australia and annex it to France. The map is covered with notes written by Napoleon and contains the outline of his proposed attack. Prince Roland Bonaparte, descendant of the Emperor, presented the map to the society.

To think of a clever but cutting remark, and then not make it—there is a sign of nobility.

# GAS

relieved

WHAT most people call indigestion is usually excess acid in the stomach. Food has soured. The instant remedy is an alkali which neutralizes acids. But don't use crude helps. Use what your doctor would advise.

The best help is Phillips' Milk of Magnesia. For the 50 years since its invention, it has remained standard with physicians. You will find nothing else so quick in its effect, so harmless, so efficient.

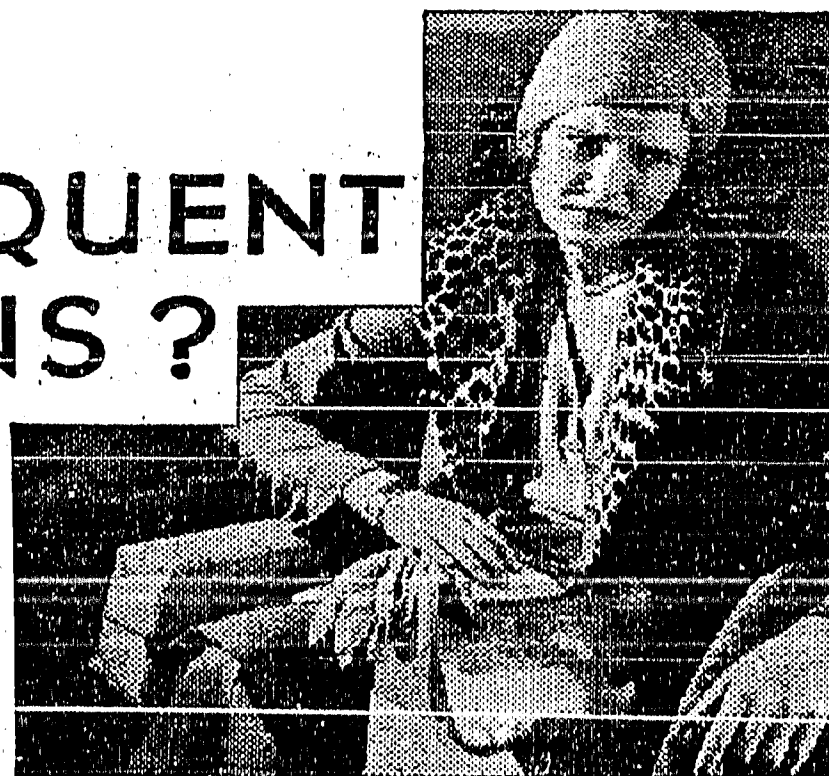

One tasteless spoonful in water

neutralizes many times its volume in acid. The results are immediate with no harmful after-effects.

Once you learn this perfect way you'll never deal in any other manner with the headaches, gas, bloating, nausea, dizziness, indigestion, biliousness, etc., due to an over-acid stomach and bowels.

Be sure to get genuine Phillips'. It is always a liquid; never made in tablet form. Look for the name Phillips on the bottle. All drugstores sell it—50¢.

## FREQUENT PAINS ?

NEVER let a throbbing head interrupt your shopping! Or other pain that Aspirin ends so quickly. These harmless tablets are an antidote for the most acute pain. Relief is almost instantaneous. Taken in time, they will break up a cold and head off discomfort. They'll relieve your suffering from neuralgia, neuritis, or the like, at any time. Thousands of

women depend upon Aspirin tablets every month to spare them from those pains peculiar to women. These tablets do not depress the heart; they may be used as frequently as there is need of their quick comfort. So, it's folly to endure any pain that Aspirin tablets could relieve so promptly. Get the genuine, which is always to be had at any drugstore.

Listings solicited.

CRESTON, B.C.

Father L. Choinel, O.M.I., will say Mass on Sunday, January 18th, at Holy Cross Church, Creston.

For 1930 police court fines and costs totalled \$1015.60. This is an increase of almost \$700 as compared with 1929.

The continued mild weather is speeding up egg production and the poultrymen will have the biggest January on record.

FOR SALE—40 one-year old White Leghorn hens, just commencing to lay; while they last at \$1 each. V. Mawson, Creston.

Chas. Sutcliffe was favored with a second term as president of the Rod and Gun Club at the annual meeting on Friday night last.

FOR SALE—Team heavy horses, in good flesh. Also two milch cows, one just freshened, and some baled hay. E. Nougaur, Canyon.

Work of installing the "talkies" at the Grand is progressing favorably and it is possible the first showing of sound films will be on January 31st.

Up to the middle of the month the number of auto and truck licenses issued is leading the phenomenal showing made in this respect in January, 1930.

Creston intermediate hockey team took another 4-3 beating in their third successive clash with the Wynndel team on the latter's ice Sunday afternoon.

Don. Bradley was favored with reelection as president of Creston Farmers' Institute at the annual meeting on Wednesday afternoon at the town hall.

Donald Archibald is the last of the students, who have been home for vacation, to return. He left for Brentwood College, Victoria, on Wednesday.

FOR SALE—Garage, \$50, and frame barn, \$150; both situated at rear of Mrs. J. F. Rose residence. Apply S. A. Speers' executor estate of late J. F. Rose.

Fees collected under the Motor Vehicle Act at Creston last year totalled \$7491. This is again of \$680 over 1929, and represents the sale of 397 license plates.

The Woman's Auxiliary of Christ Church announce a bridge for Friday, January 25th, in the Parish Hall, with cards at 3.15 p.m. prompt. Admission 50 cents.

The Junior Auxiliary of Christ Church announce a masquerade dance for Friday evening, January 30th, at the Parish Hall, to which the admission is 75 cents.

H. S. McCreath will have a car of green oat hay and alfalfa in on Tuesday, 20th, and a very special price is offered if delivery is taken direct from car. See his advt.

Milder weather at the first of the week halted curling after but two nights play on the opening competition, President vs Vice-President, with the rinks supporting the latter leading by a few points.

Bridge and whist drive under the joint auspices of the L.O.L. and L.O.B.A., at the lodgeroom, over Mercantile store, on Friday evening, January 16th, with cards at eight prompt. Admission 50 cents.

Up to the present at least two cold waves predicted by Foster for the first half of the month have failed to make their appearance. The winter so far has been one of the mildest old timers can recall.

At the annual meeting of Christ Church congregation on Friday night R. A. Palfreyman was named to succeed Jas. Cook as rector's warden, and Jeff. Collis replaces Mr. Palfreyman as people's warden.

At the annual meeting of Creston public library on Saturday Mrs. G. A. M. Young was chosen to succeed Mrs. J. W. Hamilton, who has been librarian ever since the library opened almost ten years ago.

The dramatic society of Trinity United Church announce that their offering this season will be the well known three-act comedy, "Are You a Mason." Date for its presentation will be announced later.

School tax notices came to hand at the middle of the week. With \$9385.00 asked for to operate on this year it has been necessary to strike a rate of 12.2 mills, the highest tax Creston school district has ever paid.

FULL GOSPEL TABERNACLE—Sunday: 11 a.m., Morning Worship; 2.30 p.m., Sunday School; 7.30 p.m., Evangelistic. Tuesday: 8 p.m., Prayer meeting. Thursday: 8 p.m., Evangelistic. Friday: 8 p.m., Young People. Everybody welcome.

Reports submitted at the annual meeting of Creston and District Women's Institute indicated that 1930 has been one of the most useful years in the history of the organization. Mrs. Hayes is the new president, with Miss Edith Crawford reappointed secretary.

The Board of Trade has its annual meeting and dinner at the Creston Hotel tonight at 7.00 o'clock. President Mallandaine is busy on the compilation of the statement of 1930 shipments in grain, fruit, vegetables, etc., which forms part of the president's address. All are welcome to this gathering, dinner tickets being \$1.50.

## BREAD

SAME WEIGHT  
SAME QUALITY

and

FRESH FROM THE  
OVEN TO YOU

Fraser's Bakery  
CRESTON

Members of the Presbyterian Ladies' Auxiliary were out in large numbers for the annual meeting on Thursday afternoon last at the home of Mrs. McCreath. Former officers were elected as follows: President, Mrs. J. W. Dow; vice-president, Mrs. (Rev.) P. McNabb; secretary, Mrs. H. W. McLaren; treasurer, Mrs. C. H. Hare. In every respect the year just closed has been a satisfactory one, the year's revenue totalling \$705.

Evening worship at Trinity United Church on Sunday was featured by a baptismal service at which a quartette of very new Creston citizens were christened. They were: John William, son of Mr. and Mrs. J. S. W. Clowes; Sheila Margaret, daughter of Mr. and Mrs. D. A. MacDonald; James Oliver, son of Mr. and Mrs. Elmer Bailey; and Eugene Lewis, son of Mr. and Mrs. Orcutt. The attendance of adults and Sunday school children at the service was large.

Thursday evening last was installation night at Wild Rose Lodge, Knights of Pythias. There was a turnout of about 60 members to witness the ceremonies, which were handled very ably and impressively by the district deputy grand chancellor, A. E. French, assisted by the past chancellors. The following officers were installed:

C.C.—W. J. Truscott.  
V.C.—J. Romano.  
Prelate—R. A. Palfreyman.  
M. of W.—E. P. Staples.  
K.R. & S.—S. Steenstrup.  
M. of F.—V. Mawson.  
M. of E.—A. E. French.  
M. at A.—F. J. Hale.  
Inner Guard—Albert Davies.  
Outer Guard—Ray McKelvey.

Prior to the 1930 officers vacating the chairs they conferred the second rank on

two candidates. A feature of the evening was the presentation of a past chancellor's jewel to C. F. Armstrong, who has just completed his term as chancellor commander. A banquet closed the evening most auspiciously.
