World Co-operation In Prospect

Events of the past few weeks have concentrated attention on the interdependence of the nations of the world, and, by their promise of a general attack on a world scale upon the major problems of the hour, have injected new hope in suffering humanity that at last a serious effort is being made to cure the ills which have prostrated the world economic system. Conversations of leading statesmen at Washington, definite assurance that the world economic conference will be held in London next month, the prospect that solution will be found in reciprocal tariff arrangements and adoption of an international monetary unit, have had immediate beneficial effect in the markets of the world, and appear to have restored some of the confidence lost in the crash of 1929 and the bitter years since.

Canada, in particular, faces the task of committing its new crop to the fertile soil with a renewed optimism and a higher courage. Assurance from Washington and Ottawa of reciprocal agreements in the offing that will tend to reopen channels of trade long made barren and unproductive by prohibitive tariff barriers, have produced a most welcome reaction in the Prairie West. Conjoined with this looms possibility of an easing of the general trade situation in Continental Europe where Canadian wheat has found continually increasing obstacles to overcome—obstacles created by local fears and narrow prejudices. The movement toward world co-operation bears with it also the harbinger of such conditions as will make effectively beneficial the Empire trade agreements consummated at Ottawa, last year. With these auspicious circumstances encouraging him, no wonder the Prairie Farmer sows higher hopes with his seed this year!

The idea that an international problem can only be tackled successfully in an international way, was long in penetrating the minds of many world statesmen. This may have been due to the fact that statesmen are proverbially hesitant of moving in advance of public opinion—and it is a fact that public opinion, since the war, nurtured on fears and despondencies, has been notoriously nationalistic in sentiment in virtually every civilized country. In consequence, the nations have sparred defensively to evade disarmament, despite the general abhorrence of war; and have erected tariff barriers in the futile hope of developing self-contained national economies, despite the fact that a customs port may be more provocative than a concrete fort. The resultant stimulation of animosities has tended to retard concerted action upon the economic problems; but the strangulation of world trade with its accompaniment of widespread unemployment and almost universal suffering, has finally served to awaken general realization of the essential interdependence of nations, and recognition of the fact that the sure path to recovery lies through co-operation. Even France, with all her hoards of gold, has been forced recently to borrow \$150,000,000 from England to buttress the franc, demonstrating that in this day and generation no country is so organized as to be able to live of itself alone.

Generally speaking, therefore, it may be said that the world at last has become internationally-minded; and that is a sign that common-sense is reasserting itself. In Germany alone would there appear to be a reactionary movement towards a narrower nationalism, but the movement in Germany is capable of a dual interpretation. It may be true that Herr Hitler and his Nazi army have resurrected some of the more subversive characteristics of Prussian "junkermism" in their so-called "bloodless revolution"; but it is also true that Herr Hitler has evinced a willingness to negotiate with other nations of the world not only in matters of trade and commerce but also in matters of armaments. The new Germany, therefore, while driven along internally in a narrow nationalistic regimentation by men imbued with the "administrative ideals of a sergeant-major" (as Guedalla would say), is awake to the necessity of co-operation in the wider field of world politics and trade in the interests of world peace and world prosperity. That is to say, the rigors of the Nazi discipline would appear to be fundamentally protective of the German commonwealth against the peril within the gates rather than aimed at any imaginary peril from without. In any case, the German internal situation does not necessarily impair prospects of a successful solution of the world economic problem, nor weaken hopes of a restoration of normal trade relations among the countries of the world.

Blame the Translator

British Authority Says Cinderella's Slippers Were Fur and Not Glass

Cinderella's slippers, popularly supposed to have been made of glass, really were made of fur, according to Sir Gerald Wollaston, garter king-of-arms and an authority on heraldry. He told members of the Royal Society of Arts that the slipper was made of "vair," which is heraldic fur of white and blue. The other idea, he said, came from a confusion with the French "verre," meaning glass.

The Netherlands may restrict planted areas for agriculture.

Hold Meetings By Telephone

Post Office In London, England, Gives Unique Service

So that business men in widely separated towns can hold a joint conference without travelling, the general post office in London, England, has arranged for simultaneous telephone connection.

The matter is arranged simply by informing the post office that certain specified people in, say, London, Manchester, Leeds and Glasgow are required at a definite time. The general post office links them up and they can then each hear the voices of all the others and do their business as though they all sat in one room.

Nervous—Could Not Sleep Tired Out All The Time

Mrs. George Scribner, Newburg, N.B., writes:—"I was so very nervous I could not sleep at night, and felt tired out all the time."

A neighbor told me about Milburn's Heart and Nerve Pills, and as she was using them at the time she gave me some to try. I found they were doing me so much good I procured two boxes and they proved of wonderful help to me."

Impressed By Visit

British Vice-Admiral Gives Account Of Trip To Canada

Vice-Admiral Francis Wade Caulfield gives a breezy account of a six-week's visit to Canada in his report as president of the association of retired naval officers.

"A small property near Vancouver was recently turned over to me. Affairs connected with this property or settlement (called 'Caulfield' after my father, who bought it as virgin forest and started to develop it at the end of the last century) necessitated a trip through Canada to the Pacific coast, and so, incidentally, gave me the opportunity of meeting A.R.N.O. members of whom, in September, there were 24 scattered between Nova Scotia and Alaska. It was a strenuous, but splendid six weeks. The welcome given me everywhere was something not to be forgotten, and I should like to take this opportunity of once again thanking my various hosts and hostesses for their charming hospitality and the truly delightful and extraordinarily interesting time they gave me.

"One member (working on a farm for his approaching university degree) was pitching corn, another was running a ferry, another was perched on top of a sort of Eiffel Tower as fire 'look-out' in the forest area of Ontario. A fourth member owned and worked a 20 acre fruit farm. Apples! Why the branches were breaking with their load, and hardly a tree but carried 2,000, some nearly 5,000 apples; whilst a fourth a 'J.P.' in the Rocky Mountains, and friend and counsellor to the whole of his little community, in fact, his word 'went,' and little was done in his district without the knowledge and approval of 'The Commander.'

"Everyone who was dependent on pension or English income was being badly hit, the pound sterling having dropped from \$4.86 to \$3.80 and 'servants' were becoming a luxury. I was amazed, however, to find how comfortable and happy a family can be in a house sans servants, but fitted with labor saving appliances, cheap electricity, and a cheerful and efficient housewife.

House Had Gold Ceiling

Residence Of Former Chicago Bank Director Sold By Auction

The famous house with the 14-carat gold-ceilinged smoking room, lined with morocco leather—a house so luxuriously furnished it would have done credit to a fabulously wealthy Indian Maharajah—has gone on the auction block at Chicago.

It was the home of Frank A. Mulholland, real estate operator and a former director in the chain of twelve defunct Bain banks, who was indicted with other officials of the financial institutions.

The house, situated in exclusive Beverly Hills, was one of the show places of the section.

The building contains eleven rooms and sold along with it were the costly furnishings which included a beautiful hand-carved antique dining room suite of walnut, and French walnut love seats.

Fast Northern Trip

Constable Travels From Chesterfield To Churchill In Seven Days

From Chesterfield to Churchill, a distance of 425 miles, in seven days is the accomplishment of Constable Norris Yates. This is the shortest time on record. Constable Yates, accompanied only by an Indian guide, travelled by dog team.

The feat of the young constable was accomplished early in April. The trip to Churchill is only made twice a winter to carry mail and necessities. Constable Yates was an escort to a western Canadian scientific explorer for a month last winter and spent that time completely away from civilization, living the life of an Eskimo.

The Explanation

Wife—"Henry, here you are grousing about a few little bills for my hats, stockings, and whatnot. Do you know I could have married M. T. Hend, the telephone magnate—and he's a millionaire. But I didn't."

Henry—"Yes, that explains why he's a millionaire."

ONLY 20¢ A BIG PLUG

Need More Cattle Steamers

Western Brokers Claim Only Six Available For Trade

Neglect of the Dominion Government to subsidize ocean tramps to enter the Canadian cattle trade is strongly resented at Winnipeg. Brokers point out that only six tramp steamers are available to this trade, that two British companies have chartered these boats and that the tramp steamer owners some months ago offered to pay half the cost of fitting up the boats to carry cattle if the Dominion Government would pay the other half.

The Dominion Government was silent on this issue. Today, as a consequence, the Canadian cattle export trade is limited only by the capacity of these steamers to carry cattle. They are scheduled to carry 450 each every three weeks to Britain all summer which will mean that a maximum for the year of 45,100 will be exported.

Canada could easily export 100,000 head it is claimed. The cost of fitting a boat is about \$12 per head of cattle capacity. A boat big enough to take 500 head would cost \$6,000. A boat to carry 400 head would cost \$4,800.

Support Land Scheme

Regina To Participate In Provincial Back To The Land Plan

Decision to participate in the provincial government's back to the land scheme was reached by Regina city council recently, although some criticism was directed to two points in the scheme. Protested points were that the cost per family will be higher this year than last, and the change of policy of the government this year compared with that in effect last year.

Under this year's scheme the municipality participating in the plan is required to agree to undertake to contribute one-third of the expenditure per family up to \$400 and, further, to assume one-third of an excess expenditure over \$400 but limited to an additional \$200.

Last year the cost to the city per family was \$100 and some aldermen felt those who went out under last year's plan would have ground for objection to an advantage given to those going under this year's plan.

Completes Twelve-Year Task

Priest-Artist's Paintings Adorn Walls Of Gravelbourg Hospital

Msr. Chas. Maillard, priest-artist, has completed twelve years' labor in painting religious pictures adorning the walls of Gravelbourg hospital.

His "Way of the Cross," just finished, consists of fourteen life-size paintings placed around the church proper. They are rich in colours, beautiful and of aesthetic value. In addition to beautiful contrasts of colors, symmetry, order, regularity and balancing of ideas are found in his work. They come from the mind of an artist, who has painted the apologetic, dogmatic and moral doctrine of the Christian faith.

Coyotes have special places to meet and sing their weird songs after nightfall, but they never use the same meeting ground two nights in succession.

Dominion Drama Festival

Masquers Club Of Winnipeg Awarded First Place

The Masquers' Club of Winnipeg, is winner of the Dominion drama festival competition, with their play "The Man Born To Be Hanged," by Richard Hughes. The Winnipeg club received a marking of 83 per cent. of excellence from Rupert Harvey, festival adjudicator.

To the Masquers' Club will be awarded the Bessborough cup, emblematic of amateur dramatic supremacy in Canada, as well as the special trophy given for the best play in English to be presented during the festival.

As the second best presentation in either English or French Mr. Harvey nominated "Les Rantzau," by Erckmann-Chatrain, which L'Union Dramatique de Quebec Enr. Offered as their entry. This performance received a marking of 80 per cent. of excellence. The Quebec dramatic organization will receive the special trophy awarded for the best play in French, although it is notable that "Les Rantzau" took second position in the whole competition.

The second best English performance during the competition was "Back to Methuselah," by George Bernard Shaw, which the Vancouver Little Theatre Association gave. This presentation received a marking of 79 per cent. from Mr. Harvey. Only Part I. of the first act of this play was presented.

Third in the English plays came "Will Shakespeare" by Clemence Dane, presented by the Ottawa Drama League Group B). Its marking was 77 per cent.

In the French plays, "Le Baiser Dans la Nuit," presented by Le Cercle Dramatique des Etudiants de Leval, Quebec, was awarded second position. Its percentage was 66. This play is by Maurice Leval.

The third best performance in French was "Une Affair d'Or" (1st act), by Marcel Gerbidon, which Les Anciens du Gesu de Montreal presented. It gained 63 per cent. of excellence.

Not So Good

A farmer's son once decided to be a lawyer. His father drove him into town and got him a job as office boy to a law firm. Three days later the young fellow was back home again. "Well, Josh, how do you like the law?" his father asked.

"Aw, it ain't what it's cracked up to be," said the boy. "I'm sorry I ever learned it."

COOKERY PARAGONET Appelford PAPER PRODUCTS HAMILTON, ONTARIO

U. S. CURRENCY INFLATION PLAN IS APPROVED

Washington.—With a roaring chorus of ayes, piling up a vote of 307 to 86, the United States House of Representatives approved the Roosevelt currency inflation plan.

The inflation rider which now has complete congressional approval, will allow President Roosevelt, among other things, to expand currency and credit by as much as \$5,000,000,000 in addition to altering the gold backing of the United States dollar by as much as 50 per cent.

Action came on the inflation amendment in the House after it disagreed to all senate farm relief amendments and sent them to conference.

The inflation amendment gives President Roosevelt broad powers over the financial structure of the government. These powers could be used alternatively or together, depending upon needs to meet the financial situation.

Briefly it permits:

The Federal Reserve banks to buy \$3,000,000,000 in outstanding government bonds, against which currency may be issued.

The president to issue if he sees fit, another \$3,000,000,000 in United States notes.

The president to reduce, up to 50 per cent., the content of the gold dollar.

The president to change the ratio of the silver dollar and provide for the free coinage of silver.

The president to accept \$200,000,000 in silver from other countries as payment on the war debts at the rate of up to 50 cents an ounce, against which currency may be issued.

Great Air Armada

Italian Aviators To Cross North Atlantic In June

St. John's, Nfld.—Italian aviation experts, busy preparing for the great air armada that will cross the north Atlantic in June, announced recently that two submarines and two drifters would arrive here the middle of May. These vessels will act as convoys for the 24 airplanes of the "11th year crusade" along the northern route.

The airplanes, scheduled to leave Orbetello late in May or early in June, will fly to Chicago for the Century of Progress Exposition, touching at Amsterdam, Holland, Londonderry, Ireland; Reykjavik, Iceland; Cartwright, Labrador, and Shediac, New Brunswick.

Three advance planes arrived here last week on the liner "Rosalind," and as soon as weather permits they will fly to Cartwright to establish a supply base for the flotilla.

Re-Armament Idea Is Disavowed By Germany

Delegate To Conference Says Opinion Is Wrong

Geneva, Switzerland.—Germany, through her delegate to the world disarmament conference disavowed the "opinion that Germany wishes to avail herself of disarmament to proceed with re-armament at the highest possible level."

Count Rudolf Nadolny, the German representative, proposed the British arms plan be changed to provide a maximum calibre of 105 millimetres for mobile guns and to abolish all tanks.

"There are still great difficulties but they are not insuperable," Count Nadolny declared after suggesting the amendment and explaining that if the German proposals are rejected, his nation should be allowed all land, naval and air armaments deemed necessary for defence by other countries.

Calgary Unemployed

Calgary, Alberta.—Unemployed to the number of 370 reported at relief jobs despite the unemployed married men's relief strike, sponsored by workless organizations in protest against lower summer relief allowances.

Muskrats Menace Free States' Hydro Scheme

Government Seeks Canada's Advice On Means Of Extermination Dublin, Irish Free State.—Canadian muskrats are believed to be threatening the Free State's great hydro-electric scheme on the river Shannon. In an unguarded moment last year the Department of Agriculture gave permission for the importation of two of the rats from the Dominion.

After a short period in captivity the animals escaped from their owner and last week it was discovered the Free State was afflicted with a pest from which it had hitherto been immune.

Half a dozen of the rats were shot by a Tipperary farmer who observed them on a Shannon embankment and mistook them for otter.

The Department of Agriculture has ordered an investigation and experts from the Department of Industry and Commerce fear stringent measures will have to be adopted to prevent the pests from damaging the hydro-electric scheme embankments.

The government has promised to introduce a bill in the dail which will make the rats illegal inhabitants of the Free State, believing the present system of licensed importation is inadequate. In the meantime the department of agriculture is to seek advice from the Canadian Department of Agriculture as to the best means of exterminating the animals.

Ramsay MacDonald Says Visit Was Successful

British Premier Pleased Over Talks With President Roosevelt

Southampton, Eng.—A cheering crowd on the dock greeted Prime Minister Ramsay MacDonald on his return from his economic discussions with President Roosevelt in Washington.

Mr. MacDonald declared on landing that he was very pleased with all of his conversations with Mr. Roosevelt, which he described as most successful.

The prime minister said it was well worth while going ahead and tackling world problems which were bound to yield to co-operative good will. It was that good will which he found in a striking way in Washington, he declared.

He denied inviting Mr. Roosevelt to come to London for the world economic conference which is to open June 12, saying that the matter never was mentioned between them.

"I am very pleased with the whole of the transactions," the prime minister told interviewers. "I met a man who is sincerely interested in getting things to move in the world, and we found ourselves in most complete agreement. We had talks on how to do it of the most friendly kind."

Milk Probe Finished

Ottawa, Ont.—The parliamentary milk probe is virtually ended. Only in the eventuality of a desire for enlightenment on the milk situation to be explained by some particular witness will any further evidence be taken. After its 25th sitting the committee gave out this official intimation. An immediate report to parliament is probable.

Ottawa May Erect Building

Ottawa, Ont.—A large office building in Ottawa is planned by the government to relieve unemployment. It would be west of the Confederation building on Wellington Street. It is proposed that the new structure, which would cost \$5,000,000, would be paid for by "transient notes," to be paid off in annual payments, instead of the more costly plan of issuing debentures.

March Exports To U.S. Down

Ottawa, Ont.—Agricultural products exported to United States in March totalled \$416,780, as against \$453,823 for the corresponding month last year, according to a report issued by the Dominion Bureau of Statistics. For the nine months ending March, farm products exported to United States were valued at \$2,517,705, as compared with \$7,731,674 for the corresponding period in 1931-32.

CREATED BRITISH AIR FORCE

Great Britain has lost one of the greatest minds behind the creation of the British Air Force with the sudden passing of Sir William Geoffrey Salmond, commander-in-chief of the Air Defence of Great Britain. He was to have become Chief Air Marshal this month, in succession to his brother, who was to retire.

Obligations Will Be Covered By Debentures

Shareholders At Annual Meeting Of C.P.R. Approve Issue

Montreal, Que.—To permit the liquidation of short term loans amounting to \$30,000,000 and other maturing obligations, shareholders approved the issue of additional consolidated debenture stock at the annual meeting of the Canadian Pacific Railway Company here.

In his address to the meeting Edward W. Beatty, chairman and president, said despite unfavorable conditions the operations of the company showed it had come through in excellent physical condition and with its financial structure on a conservative basis.

Working assets at the end of the year were \$52,811,144, while current liabilities were \$14,311,257, a ratio of 3.7 times.

Mr. Beatty, Senator Frederick L. Belque, W. A. Black and Lord Shaughnessy were re-elected to the board of directors, their present term of office having expired. The address of Mr. Beatty was adopted without discussion.

Railway Making Profit

B.C. Road Announces Revenues Exceed Expenditures

Vancouver, B.C.—The Pacific Great Eastern Railway is one of the brightest spots in British Columbia industry, according to reports just submitted by Robert Wilson, executive assistant to the board of directors. Revenues will exceed expenditures for the first six months of the current year, it is prophesied.

Mr. Wilson declares this will be the first time revenue has topped expenditure in the first six months of any year the road has been operated.

Statement for March shows a profit on operation of \$879, as compared with a loss of \$13,465 in March of last year.

Surtax On U.S. Goods

French Minister Of Finance Is Ready To Take Action

Paris, France.—The ministry of finance has prepared to impose shortly a 15 per cent. surtax on U.S. goods.

The decree, it was learned, is ready for signature, to be issued when the U.S. dollar approaches 20 francs, which officials expect.

This surtax already is effective on British and Japanese goods because of depreciated exchange.

It cannot be increased without parliamentary authority, which Premier Daladier was reported contemplating.

American residents in France and tourists, who already have lost a large part of their incomes, have been badly hit by the 15 per cent. fall in the dollar. Many of them, unable to hold out longer, are beginning to flock back homeward.

Movements of both the dollar and the pound sterling have been complicated by the weakness of the franc, but it was hoped France will be helped by measures the government is considering to defend French commerce and further slashes of the budget by the senate. This, the ministerial press indicates, the cabinet supports.

Weakness of the franc was attributed to concern over the repercussions of commerce of the unbalanced French budget and the necessity for borrowing abroad.

A general race to wind up pending commercial pacts before the convening date of the world economic conference in London, England, June 12, was discussed in some quarters.

Prorogation Of House

Early Closing Of Ottawa Parliament Is Anticipated

Ottawa, Ont.—Possibility of an early prorogation of the House of Commons was seen in the course of an interchange on the subject between Prime Minister R. B. Bennett and Rt. Hon. Mackenzie King, leader of the official opposition.

The question arose when Hon. E. N. Rhodes, Minister of Finance, asked for a second interim supply of 1-12 of the total, in order to carry on day to day requirements of government, and meet the May 15 salary list.

Mr. Mackenzie King suggested that, as the opposition had no desire to further prolong the session, it might be possible to prorogue before the middle of May and that interim supply would not be necessary.

Sugar Tax Passes House

After Liberals Made Demand For General Retrenchment Scheme

Ottawa, Ont.—The two-cent sugar tax passed the House of Commons after demands from Liberals for a general retrenchment scheme to trim the costs of government. Official Ottawa, said Hon. James Malcolm, former minister of trade and commerce, should take a lesson from private business and cut its overhead. He instanced the 34 research laboratories operated in various government departments and, at the same time a national research council equipped to handle the same work.

BAN OATH OF ALLEGIANCE TO BRITISH CROWN

Dublin, Irish Free State.—Hope that he soon would have the pleasure of proclaiming Ireland a free republic was expressed by President Eamon de Valera in a hushed Dail during the closing debate which followed the enactment of a bill removing the oath of allegiance to the British crown.

The president added that he was resolved to wipe from the existing constitution "everything inconsistent with the sovereign rights of the Irish people."

This utterance was the most definite of the kind de Valera ever had made.

"We are going to remove from the constitution every badge of inferiority," the president declared. "The people will be consulted before the republic is declared."

Holding aloft a copy of a draft constitution submitted by an Irish delegation to Great Britain in 1922 which was amended by the British, de Valera said the would take from it every clause Great Britain "forced" them to accept.

The abrogation bill was re-passed by the Dail Eireann by a vote of 76 to 56. Previously twice rejected, it becomes law through invocation of article 25a of the constitution, setting a time limit on the upper chamber's veto.

The action was taken on the motion of President de Valera himself, made in Gaelic, the Irish national language.

Conviction that the British government would consider the Anglo-Irish treaty setting up the Free State broken, the moment the first person took his seat in the dail without subscribing to the oath, was expressed by Grattan Esmonde, supporter of former President William T. Cosgrave.

President de Valera replied he did not believe the bill's passage was a violation of the treaty and added it was his intention to continue pressing for removal from the constitution of any "symbols" regarded as inconsistent with the position of the Free State. One of these "symbols," the oath, he said, was being removed and others would disappear through legislation in the near future.

Thirty Professors Lose Positions In Germany

Dismissed From Berlin and Cologne Universities Under Hitler Regime

Berlin, Germany.—Opening of the summer semester at German schools and universities under the auspices of the Hitler regime has been marked by the dismissal of 30 professors from Berlin and Cologne universities.

Meanwhile the students' federation of the former institution has inaugurated a boycott against Jews remaining on the staff, contending that "the German student resents having the principles of knowledge and thinking set by Jews."

It is the duty of every German student, the federation declared, "neither to enroll in courses nor to hear lectures given by Jews."

Dismissal of the 30 professors, 21 from Berlin University, and nine from the Cologne school, was announced by Bernhard Rust, Prussian education minister.

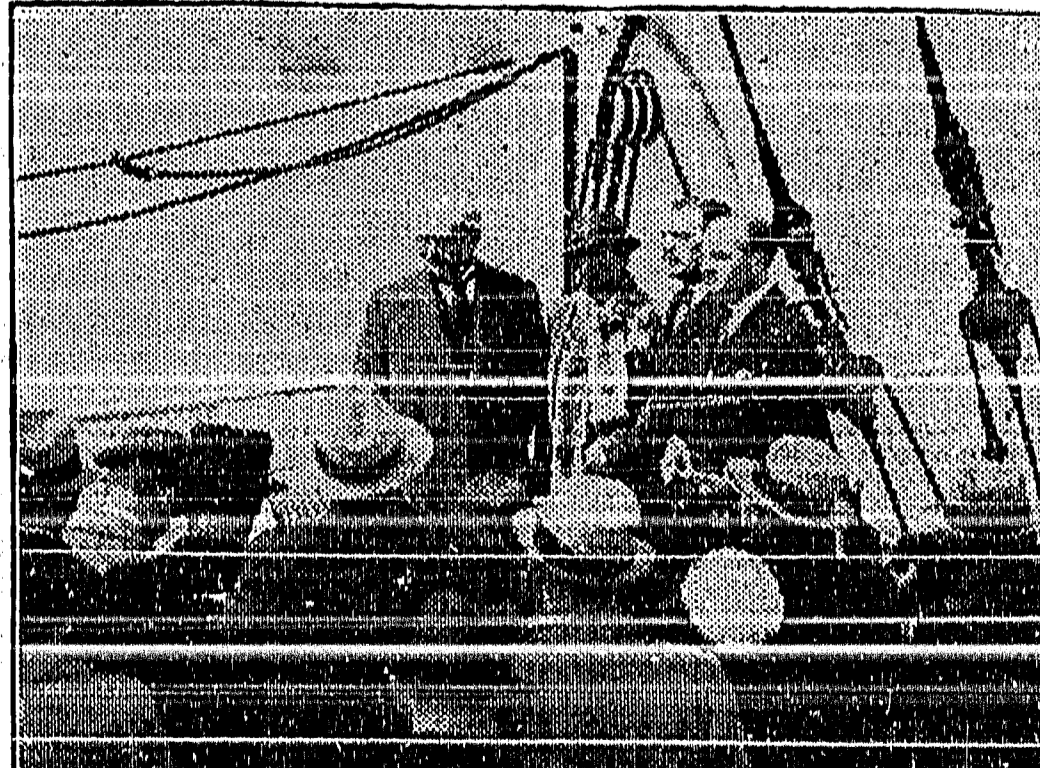

To Prosecute Gold Hoarders

Time Limit For Surrender To U.S. Treasury Has Expired

Washington.—United States government has said it intends to proceed against gold hoarders, but it has yet to reveal its course of action. Indications are that many hoarders are waiting for treasury officials to show their hand.

The time limit for returning gold has expired, and it is understood the treasury is checking a list of hoarders compiled by banks. Last week there was approximately \$700,000,000 in gold and gold certificates still out, the bulk of it believed to be in hiding in this country.

PRESS PHOTOGRAPHERS BID MACDONALD BON VOYAGE

Here is an interesting photograph of Prime Minister Ramsay MacDonald, with his daughter Isabel, photographed on board the liner "Berengaria" just before he said goodbye to America. The press photographers gave him one of their typical "bon voyages," and a few of the camera men can be seen in the foreground.

Home to Mother by telephone

Mary lives too far away from her home city to see her mother very often, but every Mother's Day, at least, she sends her voice home by long-distance telephone.

"It's almost like chatting with Mother across a table," says Mary, "and we both get so much pleasure out of the talk. I wouldn't miss it for worlds."

Use the long-distance telephone to "go home" to Mother on Mother's Day, May 14.

\$3.00 to U.S. points.

C. F. HAYES, Editor and Owner

CRESTON, B.C., FRIDAY, MAY 12

Is YOUR Name on the List

If you are desirous of voting at the provincial election that will be held some time before the snow flies, and your name is not already on the voters list, it now seems pretty certain that Monday, May 15th, will be the last day you will have opportunity of enrolling as a voter.

In order to qualify as a voter you must have been resident in British Columbia six months, one of which shall have been spent in Creston district—or any other part of the Creston-Nelson riding.

Or if your name is on the list of some other provincial constituency no time should be lost in signing the necessary papers and having your name transferred to the polling place in which you desire to vote.

Previous to other provincial elections both the old parties were active in rounding up citizens and getting them to sign the regulation blue registration papers, but just at present there is no such activity, and unless individuals have been looking after their registration personally it would look as if there are many citizens who have not yet had their names officially inscribed on the voters list.

Too, it must be remembered that there is no connection between the lists used at the Dominion election in 1930, and any provincial list. We mention this so that residents who voted in 1930 will not run away with idea that their name will also appear on the provincial list of voters.

If you were here and voted in the election of 1928 your name should be on the list, but so there will be no disappointment it will be well to phone the registrar of voters, F. H. Sackson, and know for sure. And if your name is not on the list again be reminded that your last opportunity will be on Monday next—and you must appear in person before the registrar.

LETTERS TO THE EDITOR

The Band; A Town Asset

Editor Review:

Sir,—The advantages and influences of a band are, indeed, great and far reaching. Many a half-asleep, stagnant town has been roused and stimulated into a live, prosperous community, largely as a result of a band.

During summer months band concerts on the public squares certainly do attract considerable trade not only from the townspeople, but from the district surrounding. This is well proved by the fact that whenever once established the town band should find hearty support from local merchants, also the citizens.

Still, further a band properly supported will engender pride of citizenship, provide much advertising to the town, and serve as a strong influence to keep young people at home instead of breaking away to other fields.

The individual advantage and influences are equally great. If you have ever played in a band yourself you know the keen enjoyment you derive, the good times you have had, and the pleasant associations you have formed. Better, still, look at it from a standpoint of training. Band work is splendid discipline as it calls for strict attention to the task in hand, and more or less quick thinking.

Better still, it promotes good health, as any physician will testify that performers upon wind instruments rarely suffer from lung trouble. Playing a wind instrument forms the habit of deep breathing which is one of the requisites of good health.

Measured from the standpoint of both the individual and the community there is, perhaps, no form of activity that yields greater returns than a well conducted band. A good band brings good fellowship and prosperity to a town or community and beneficial results to each person. Of course, it stands to reason it takes money to keep a band together until it can put itself on a self-sustaining basis.

The band in Creston is receiving free tuition. The young boys are being taught music and also an instrument, and a few of them will soon be able to take their place with the older members. I may add that we are having a good response from the citizens for donations to enable us to buy new music. Later we will publish a list of the subscribers and thank them for their support.

W. G. HENDY, Bandmaster.

Erickson School Report

Division 1 of Erickson school had an average attendance of 23.35 for April, according to the report issued by Principal Tully, which shows the following taking the high standings: Grade 8—Patsy Dodds, Muriel Penson, Carol Healey, Evelyn Speaker, Peg Murphy. Grade 7—Hazel Beam, Jack Fraser, Lawrence Leadbetter, Gwen Putnam, Peter Heric. Grade 6—Margaret Bundy, Olive Speaker, Leona Heric, Marion Healey, Yvonne Putnam, Kenneth Tompkins. Grade 5—Aileen MacDonald, James Carr, Stella Tompkins, Roy Cartwright, Bertha Fraser, Joan Heric, Anton Neumann.

Perfect attendance—Patsy Dodds, Muriel Penson, Evelyn Speaker, Carol Healey, Peg Murphy, Hazel Beam, Jack Fraser, Gwen Putnam, Olive Speaker, Leona Heric, Margaret Bundy, Marion Healey, Aileen MacDonald, James Carr, Roy Cartwright, Bert a Fraser, Anton Neumann, Stella Tompkins, Joan Heric.

In Division 2 Miss Walker's report gives pupils' rankings as follows: Grade 4—John Richardson, Mildred Fraser, Zane Beam, Eric Pakenham, Moira Pakenham. Grade 3—Anita Heric, Martha Neumann, Norma Bundy, Rose Leadbetter, John Murphy, Beryl Tompkins, Emil Neumann. Grade 2, Senior—Alice Healey, J. Anthony Holder, Freddy Speaker, Jessie Beam, Lois Botterill. Grade 2, Junior—Lois Bundy, Elizabeth Gatsko, Norma Spedding, Muriel Clements, Alvin Clements. Grade 1—Elmer Pagano, Harold Beam, Freddy Carr, Maurice Murphy, Leland Heric, Evelyn Andrews, Mabel Chernoff, Hazel Botterill, Henry Read.

Do Well at Festival

Creston was again represented at West Kootenay musical festival held at Trail at the end of the week, with competition somewhat keener than at Cranbrook. In piano duet under 13 years, Marguerite Grant and Edith Johnston ranked sixth in a class of nine competitors. Mr. Anderson, the adjudicator, in his remarks pointed out that the latter's playing was a little too weak for the leading part, which resulted in a loss of marks. In piano class, under 13 years, Marguerite stood fifth in a class of nine. This being her first appearance at a musical festival it was but natural her playing would not be as smooth as on ordinary occasions, in addition to which she suffered from loss of memory, this making it necessary to use the music thus robbing her of five points. In the piano class, under 14 years, Edith stood third, and was but two points be-

hind the winner. A delicacy of shading and nice a dling of phrasing was particularly stressed by the adjudicator. In elocution, under 12 years, Edith ranked third. In open elocution Mrs. J. E. Johnston was placed second in a class of seven, being but two points behind the winner. In the two festivals this month Creston pupils of Mrs. Johnston took two first prizes, one second and two thirds—a showing that Mrs. Johnston in particular, and Creston citizens in general may well be proud.

ANNOUNCING

THE APPOINTMENT OF A NEW FORD DEALER

Central Motors Creston

WE TAKE PLEASURE in announcing a new Ford dealer in this territory. The appointment is in keeping with the established Ford policy of rendering thoroughly satisfactory service to Ford owners throughout all sections of Canada.

The Ford service policy is founded on the belief that a sale does not complete the transaction between us and the buyer but establishes a new obligation on us to see that the car gives good service. We are as much interested in your economical operation of the car as you are in our economical manufacture of it.

Every Authorized Ford Dealer has pledged himself to the carrying out of this policy. Throughout the entire life of the car, the constant endeavor will be to help you get the greatest possible use over the longest period of time at a minimum of trouble — expense.

The mechanics of all Ford dealers are thoroughly trained in schools conducted by the Ford Motor Company of Canada, Limited, and they use tools and machinery made specially for servicing the Ford car. When replacements are necessary, the parts used are identical in size and quality with those from which your car was originally assembled in the Ford factory. The charge for these parts is low, in accordance with the Ford policy. Labor on all ordinary maintenance operations is billed at a standard flat rate. No matter what the job—large or small—you will find the Ford dealer equipped to handle it for you promptly, at a fair price, and in an intelligent, businesslike manner. The well-ordered cleanliness of the display room and shop and the consistent courtesy of all attendants will be especially appreciated by the lady driver.

Western Sales Offices: REGINA, Sask. WINNIPEG Man. PENTICTON, B.C.

The Pythian Sisters are having one of those always popular military whists at the K. P. lodgeroom Friday evening next, May 19th, with cards at 8.15 prompt. Admission is 85 cents.

Christ Church Woman's Auxiliary are having their annual May sale of home produce, home cooking plain and fancy needlework, along with afternoon tea at the Parish Hall on Saturday next, May 20th, 3 to 5 p.m.

The United Young people were entertained on April 27th when Rev. G. Kinney of Procter, marine missionary on Kootenay Lake, gave a moving picture show and lecture on some very interesting scenes, among others the mountain climb and Kokanee Glacier were shown.

In addition to being unusually dry, April was also exceptionally chilly. On 17 mornings of last month the mercury went below the freezing point, with the coldest touch on the 9th when the mercury stood at 22 above zero. The warmest day was the 27th, when it was 72 in the shade.

A marriage of interest both in town and at Canyon was solemnized at St. Mary's Church, Cranbrook, on Friday, when Father Choinel joined in wedlock, Miss Helen, eldest daughter of Mr. and Mrs. Roy Brownell of Canyon, with Teleford (Shorty), second son of Mr. and Mrs. F. LaBelle.

At the United Young Peoples meeting on Thursday evening last Miss Marion Carr, R.N., matron of Creston hospital, gave the society a very instructive lecture and demonstration of artificial respiration. This concludes the first aid lectures, and a hearty vote of thanks was given Miss Carr.

The opening game of the ladies' softball season was played at Exhibition Park on Thursday evening last. The Wildcats trimmed the High School 22 to 8. The battery for the winners was Ena Christie, and Donna Tillotson, while Nell Payne and Elsa Willis were in the points for the losers.

The Farmers' Institute are asking that poultry flocks be kept in first class laying condition from now on in order to maintain the supply of fresh eggs. The demand for the well known "Breakfast Eggs" is running ahead of the supply and a serious shortage is occurring which is most disappointing to the trade.

The apple packing school conducted by Creston Co-Operative Fruit Exchange last week had a class of 26 all of whom successfully took the work. It was found necessary to turn down quite a few of the 50 applicants wishing to take the course.

Those not on the voters list are reminded that Monday next, 15th, is likely to be the last opportunity they will have to enroll and be entitled to vote at the on-coming provincial election—and they must appear in person before the registrar of voters, F. H. Jackson. According to the list as revised at the middle of April there are now over 700 names on at the Creston poll.

The evangelistic services held by Supt. J. E. Barnes and party in the Tabernacle and at Arrow Creek school were a pronounced success. A number were soundly converted, lives transformed, and many helped spiritually. The attendance was good and interest keen, extra seats having to be provided for the closing meetings. Mrs. Story accompanied the party to Crawford Bay on Monday, and from there to Nelson for a week's meetings.

Creston's recently formed brass band made its first public appearance of the year at an open air concert in the business section on Saturday evening. It presented a programme of ten numbers with a nice variety of waltzes, marches, medleys, overtures, etc., which proved very popular with quite a large crowd that was out to hear them. Bandmaster W. G. Hendy had sixteen musicians out and has every reason to be proud of the quality of their performance.

Erickson

W. R. Long, of Long, Allan & Long, Limited, is a business visitor at Calgary and Lethbridge, Alberta, this week.

Miss Beulah Penson, nurse-in-training at Cranbrook hospital, spent the weekend with her parents, Mr. and Mrs. A. E. Penson.

A number from Erickson have been taking the Exchange apple packing school classes at Creston the past week.

R. Long, jr., is a business visitor at Cranbrook this week.

Mrs. Frank Celli is a visitor with Coleman friends, this week.

Miss Margaret Stewart, who has been a visitor at Cranbrook, returned home at the end of the week.

Lister

Postoffice inspector Farren of Calgary, Alberta, was here on Tuesday on his annual inspection of the local office.

Otto Wolfrum, who has been on the former Millington place for the past three years, has moved to Wynndel, where he has taken a lease on an improved place.

Mrs. Fisher of Nelson spent a few days last week, a guest of Col. and Mrs. Fred Lister.

Quite a number of the Lister-Huscroft young people were at Kitchener on Friday night for the bridge and dance, and report a very fine time. They travelled via the Fred Huscroft truck.

Public school inspector Manning of Cranbrook was here during the week on his usual spring inspection visit. Dr. Henderson was also here on his usual medical inspection call during the week.

Tuesday was travelers' day at the local store with visits from Messrs Sang, Reed and Moser, the latter accompanied by Bob Walmsley of Creston whose call had to do with strengthening the Pattullo vote in these parts.

Mrs. Tom Yerbury (nee Irene Well-spring) was guest of honor at a very pleasant social function at the school-house on Wednesday afternoon last. It was a miscellaneous shower sponsored by Misses Curtis, Webster and Agnes Sinclair with a large turnout of the ladies of the district who were entertained with music, various amusements and supper. Mrs. Yerbury was the recipient of tubful of useful gifts for which she suitably thanked the donors.

Canyon City

Canyon baseball team opened the league season on Sunday afternoon by taking a beating at the hands of Creston Athletic Club by a score of 6 to 2. It was one of the best games seen here.

Sunday is Mother's Day at the United Church and services will be appropriate for such an occasion.

Will Wickholm and friend were here for a couple of days from the Windermere country on a visit with his parents, Mr. and Mrs. Andy Wickholm.

Mr. and Mrs. Bob Clayton and family spent the weekend at Canyon with his parents, Mr. and Mrs. Matt Clayton.

The West Kootenay Power & Light Company have their posthole digging crew at work—along the sideroads at present. The crew at work on the power house numbers about 20. Due to the cooler weather the water is not now going over the big dam.

There was a good turnout at the May meeting of Canyon Farmers' Institute at the home of P. Knott on Saturday night, with President A. Bond presiding. Some permits have already been issued to local stockmen and the department has advised the boundaries of the grazing area will be defined later at which time a checkup of cattle will be made to see that owners are not running herds in excess of the regulations pertaining to grazing. A letter will be sent the local road foreman asking for repairs on some local bridges. There was a lengthy letter from W. K. Esling, M.P., in de-

fense of the sugar tax of two cents a pound. Dick Penson of Erickson was present and gave a practical talk on the Co-Operative Commonwealth Federation, announcing that the party would not have a candidate in this year's pro-

vincial election, but that they would have one in the next Dominion contest. The June meeting will be at the home of E. Nougier.

WORLD HAPPENINGS BRIEFLY TOLD

In a fine state of preservation a 70-year-old note of the private banking house of Macarthur and Knowles of Prince Albert, North West Territories, has been found there.

People live to a ripe old age in Victoria. Out of 245 persons buried in Ross Bay Cemetery last year there were 50 more than 80 years of age. Nearly 50 per cent. had reached 70.

Germany has proposed to the world disarmament conference that the British arms plan be amended to provide a maximum calibre of 105 millimetres for mobile guns and to abolish all tanks.

F. J. Burd of the Vancouver Daily Province and a director of the Canadian Press, was re-elected director of the American Newspaper Publishers' Association at the close of the 47th annual convention in New York.

Doukhobor children to the number of 154, who have been held almost a year in various public institutions at the coast, have been returned to their relatives in the Doukhobor settlements at Nelson.

Pointing out the railway line has been into Churchill for more than four years, a delegation at The Pas is urging the Manitoba Government to complete a hotel this summer for the accommodation of the travelling public.

The last train that will ever run over the abandoned Canadian Pacific line at Mono Road, Ontario, killed A. Stewart, Toronto, and injured Frank Sandell, whose car was struck by a work train proceeding to tear up the line.

One million trees—mostly spruces and pines—will be planted in Valcartier district by the unemployed men to be stationed there by the Dominion Government this summer. They will be furnished by the Quebec Government.

Reduction in the board and residence fees of Royal Victoria College, women's section of McGill University, was announced. The fees will be reduced from \$500 to \$450 and the new scale will go into effect at the opening of the next term.

The number of persons in Canada who are receiving direct relief is placed at "over 1,600,000" by Miss Charlotte Whitton, executive director of the Canadian council on child and family welfare, in her report. The monthly cost of this relief Miss Whitton places at approximately \$6,000,000.

Says Rumor Unfounded

"Of course it is not true," said H. Kawamura, Charge d'Affaires of the Japanese legation at Ottawa, commenting on statements made in the House of Commons by Thomas Reid, Liberal, New Westminster, B.C., to the effect Japanese naval officers in guise of fishermen had obtained employment in fishing activities to familiarize themselves with Canada's Pacific coast.

After a checkered career of 253 years Archbishop Abbot's school, Guildford, England, has been closed for lack of funds.

Win Strathcona Fellowships

Award To Three Canadians Announced By Yale University
Award of five Strathcona fellowships for the investigation of transportation problems has been announced by Yale University, three of the fellowships being awarded to Canadians.

The recipients are Robert A. Emerson, Morden, Man.; S. Milne Gossage, Montreal; Palmer E. Savage, Montreal; Thomas M. C. Martin, Warsaw, Wis.; and Lyell R. Shellenbarger, Hopkins, Minn.

Strathcona fellowships were made possible by the bequest of Lord Strathcona, identified with the pioneer days of railroading in Canada. All five successful candidates have had previous railroad experience, two of them being third generation railroad men.

Children Uprooted Trees

Jealous Because They Were Left Out Of Arbor Day Ceremony

Jealous children who were not chosen to assist in an Arbor Day ceremony took their revenge at Ladysmith, South Africa. The town fathers and leading citizens assembled on the sports ground and entertained a number of school children. Lectures on trees were delivered and after the speechmaking the children were entertained with music and refreshments. The mayor and magistrates then each planted a tree, assisted by certain children. Next morning the trees were found uprooted and stripped of their foliage.

Trip To West Indies

Summer Cruises On Fast Cunard Liner Mauretania

Five summer cruises from New York to the West Indies have just been announced for the fast Cunard liner "Mauretania." The duration of each cruise will be 12 1/2 days, the steamer leaving New York on a Saturday and returning Friday two weeks later. It is considered this will make the cruise very suitable for those whose vacations cover only two weeks.

The itinerary for these cruises will be much the same as that covered by the "Mauretania" so successfully this last winter. The ports will include Port of Spain, Trinidad, La Guayra, Venezuela, South America, Willemstad, Curacao, Colon, Panama and Havana, Cuba.

Two nights and one day will be spent in Panama, allowing passengers time to cross the Isthmus to the old city of Panama and view the various locks on the way. The same period will be spent also in Havana, with bathing, racing, basketball, golf and jai alai to attract the visitor.

Practically a full daylight day will be spent ashore in each of the other ports.

Cruise sailing dates are July 8th, July 22nd, August 5th, August 22nd, and September 9th.

Commenting on this unusual cruise programme, Arthur Randles, general passenger manager of the Cunard and Anchor-Donaldson Lines in Canada, said, "We have had so many inquiries this year for summer cruises to the West Indies that we have decided to schedule a programme which a few years ago would have been impracticable. Apparently thousands of people who cannot get away in the winter are anxious to visit the places in the West Indies which they have read of and heard so much about, but which up to now have not been accessible in the manner arranged for winter vacationists, that is, by cruises in large Atlantic liners on the all-inclusive expense basis. Because of the tremendous number of inquiries received at our offices we decided to look into the question of climate thoroughly. We obviously did not want to send pleasure cruises to the West Indies in summer if there was any doubt as to whether such voyages would encounter pleasant and comfortable weather.

"To this end we obtained official weather and temperature reports for the entire year at various West Indian ports which the "Mauretania" touched at this winter. We found that these statistics bore out completely what our agents in these ports had represented, that the variation in temperature between summer and winter was practically negligible.

"During the day the islands are swept by constant trade winds, so that a sultry day, such as we experience in New York is practically unknown. The nights are invariably cool and comfortable.

"Summer seas prevail throughout the entire itineraries practically guaranteeing complete absence of motion, the highly desirable feature of cruising at sea without the discomfort of rough weather.

"The cost of sea cruising was never so economical from the passenger stand-point than it is today. The rate for these cruises is less than what an ordinary summer vacationist spends at home or in a Canadian or American resort."

Aircraft In Demand

There is practically no depression in Edgware, Middlesex, England. British civil aircraft have proved so popular that the De Havilland aircraft factory has been forced to work a full staff both night and day. The company's business has increased 40 per cent. in recent months and deliveries have fallen away behind orders.

SOURD ON THE WORLD?—THAT'S LIVER

Wake up your Liver Bile —No Calomel necessary

Many people who feel sour, sluggish and generally wretched make the mistake of taking salts, oil, mineral water, laxative candy or chewing gum, or roughage which only move the bowels and ignore the liver. What you need is to wake up your liver bile. Start your liver pouring the daily two pounds of liquid bile into your bowels. Get your stomach and intestines working as they should, onto more. Carter's Little Liver Pills will soon fix you up. Purely vegetable. No opium. No. 100. Ask for them by name. Refuse substitutes. 25c. at all druggists.

SUNDAY SCHOOL LESSON

MAY 14

JESUS ASSERTS HIS KINGSHIP

Golden Text: "Behold, thy King cometh unto thee; He is just, and having salvation."—Zechariah 9:9.

Lesson: Mark 11:1-33. Devotional Reading: Revelation 5: 9-13.

Explanations and Comments

Jesus Publicly Claims To Be the Messiah, verses 1-10.—We have come to the solemn entry of Jesus into the Holy City in a triumphal procession for which He deliberately planned. We have heard Him caution some one not to report a miracle He has wrought, or charge the disciples to "tell no man that He is the Christ." And after the feeding of the five thousand He escaped to the hills when the people sought to make Him king. He has constantly feared that popular enthusiasm would hinder His mission. Now, however, another purpose is impelling Him to seek publicity, to court the enthusiastic worship of the people, to let the world know that He is the Messiah. He no longer dreads interruption to His work. His hour has come.

When in the neighborhood of Bethphage and Bethany Jesus sent two of His disciples to secure for Him a colt that had never been ridden. Should their right to the colt be questioned by the owner, all they would need to say was that the Lord hath need of him and would return him. It all happened as Jesus said. The colt was found tied in the street at the door of a house, the disciples were challenged as they unloosed him, and upon replying as they were directed they were allowed to lead the colt away. They threw their loose outer garments upon the colt as a seat for the Royal Rider.

"I beheld the procession descend the mountain bringing him," said the Egyptian to Ben Hur. "I heard them singing. They were beautiful with palms in motion. I looked everywhere among them for a figure with a promise of royalty—a horseman in purple, a chariot with a driver in shining brass, a stately warrior behind an orbed shield, rivaling his spear in stature. I looked for His guard. It would have been pleasant to have seen a prince of Jerusalem and a cohort of the legions of Galilee. Instead of a Caesar helmeted and sworded, I saw a Man, riding an ass' colt."

"The manner of His riding into Jerusalem was in keeping with all Jesus' appearing among men. The keynote of it was struck at the very beginning on that first Christmas morn, when the King came as a helpless Child, loaded with disabilities of place and family and position in the world. The stable and the manger and all the other conditions of that birthday of Jesus in Bethlehem are only object-commentaries on the essential nature of His character and work. His life was consistent from the manger to the cross. He was the same Prince of Peace in His triumphal entry into Jerusalem as in His humble entry into Bethlehem."—Hugh Black.

Quebec Town Lowers Taxes

Rigid Economy Has Provided Montreal Suburb With Surplus

Among the Quebec municipalities that have maintained balanced budgets through the difficult years of the current economic depression is the town of Mount Royal, a suburb of Montreal. Mayor T. S. Darling of that municipality is not only in a position this year to announce a balanced budget but also a reduction in the tax rate from twelve to eleven mills.

Revenue for the year is estimated at \$100,838 against estimated expenditure of \$98,995. The estimated surplus and the tax rate reduction have been made possible, Mayor Darling said, through reducing the town's expenditures on non-essentials, and keeping maintenance costs to a minimum.

In its 21 years of existence Mount Royal has not wasted much money on election costs. Mayor Darling has been elected by acclamation for 21 consecutive one-year terms.

Will Visit Grain Show

The Governor-General and Lady Bessborough will be visitors to Regina during the World's Grain Exhibition and conference, it was learned unofficially recently. Word from an authoritative quarter has been received by those in charge of the exhibition stating that their excellencies, on their forthcoming tour, plan to spend a day or two in Regina at the time of the exhibition.

Tennis rackets are the favorite diet of an insect, one-quarter of an inch long, which has just invaded England.

Holding Garden Contest

Undertaking Being Sponsored In Winnipeg By Women's Canadian Club

Designed to develop a spirit of self-help, and giving seed to the competitors, a garden contest for the unemployed of Winnipeg will be staged this summer by the Winnipeg Women's Canadian Club. The city is divided into 12 zones for the contest and prizes will aggregate \$250. Each contestant will also receive 12 tomato plants from the committee. Zone canning centres will also be established to save the garden products.

Points will be awarded each month for such results as family co-operation, planning, arrangement and maturity; development of growth, when ready for eating, freedom from weeds and apparent yield; appearance, proper thinning and use of thinnings, freedom from insects and disease, care of surplus; straightness of rows, utilization of space, condition of crop and use of products in the home.

Cash prizes will be awarded in each district with a grand prize for the city title.

In a recent compensation claim case in Manchester, England, the judge ruled that a policeman is not a worker.
