THE CRESTON REVIEW

VOL. XIX. CRESTON, B. C., FRIDAY, FEBRUARY 18, 1927 No.

Institute Wants Jubilee Observed

The regular February meeting of Creston and District Women's Institute was held on Friday afternoon, 24 members being present, and the president, Mrs. R. Stevens was in the chair.

The usual routine business was dealt with, followed by correspondence, one letter suggesting the establishment at Nelson of an exchange for members' work. The Queen Alexandra Solarium on Vancouver Island will be open to receive patients in March. Creston Institute having contributed to this during 1926 is entitled to a member, and Mrs. C. B. Twigg was appointed to that position.

It was arranged to hold a benefit dance to raise funds for the Mert. McCullough family, who recently had all their possessions destroyed by fire. Arrangements for a social evening in March were deferred until the regular meeting next month. The members were asked to get new subscribers to the Creston public library.

The directors were appointed a committee to confer with the village commissioners and the Creston Board of Trade in regard to the Dominion Jubilee celebration at Creston on July 1st. The election of conveners of standing committees were put off until the March meeting.

The tea hostesses for the afternoon were Mrs. Stevens Mrs. R. B. Staples, Miss Scrimgeour, Mrs. F. Rodgers and Mrs. Murrell. Freewill offering was $2.60 which goes to the Crippled Children Fund.

Lister

Ernest Stephens was a visitor with Nelson friends last week, arriving home on Saturday.

Harry Yerbury, who is operating a trap line at Sumit Lake, was home for a few days this week, prior to shifting operations to the Cultus Creek district.

Two auto loads of Lister folks were at the Ladies' Community Club dance at Canyon last Friday night, and report a very fine time.

Rev. S. Newby was here from Creston on Sunday afternoon last and had Church of England service at the schoolhouse, the feature of which was the christening of the infant daughter of Mr. and Mrs. R. T. Millner.

Harold Langston is spending a few days in Nelson this week, leaving for that city on Wednesday.

Lister is to be favored with a concert on Friday night, February 25th, when the dramatic entertainment put on in December by the A.Y.P.A. at Creston will be repeated here. Three sparkling comedies will be offered and a dance will wind up proceedings.

W. K. Beard has increased his Lister farm holdings up to 50 acres by the purchase this week of the former Chas. Lodder farm, which is just across the road from the Beard place.

Sandy Philip left on Thursday last for Trail, where he has secured work at his trade of bricklaying, and will be away for some weeks.

Mr. and Mrs. Mert. McCullough, who lost their home and effects by fire at Huscrofts on Tuesday of last week, are now residents here, and are occupying the house on the McLeod place opposite the school. With their arrival the school population has increased by three.

Erickson

R. J. Long got back at the end of the week from Vernon, where he had been attending a directors meeting of the Associated Growers.

Jos. Swiziuski, at present residing at Huscroft, has taken a year's lease on the H. Brownrigg place, and gets possession at the end of the month.

Frank Celli left at the first of the week on a business visit to Lethbridge, Alberta, and other Crow line points.

Eric Craigie, who had his leg badly crushed in a logging accident at Lumberton a couple of weeks ago, and has since been in the hospital at Cranbrook, has recovered sufficiently to reach home at at the first of the week.

Rev. S. Newby announces that he will be here for Church of England service at the schoolhouse at 2.00 o'clock Sunday afternoon.

A chance to secure implements, furniture, etc., is offered at the auction sale of H. Brownrigg on Tuesday afternoon, Feb. 22nd, with sale due to start at 1 o'clock prompt.

R. Dodds, who has been on his trap line at Summit Lake the past six weeks, is home for a few days.

Cranbrook Courier: On Monday, E. Craigie, who is employed at Camp 1, Lumberton, as scaler, was taken to the hospital at Cranbrook with a broken leg. He was engaged in scaling on the skidway, when owing to the icy condition of the logs, they commenced to roll, and pinned him between two of the large logs. The leg was broken below the knee. He received first aid treatment at the camp and stood the long journey to Cranbrook in good shape.

Alice Siding

Miss Annie Parkin, who has been a visitor at Michel the past two weeks, arrived home on Saturday.

Miss Morgan, the Creston evangelist, is attracting very large crowds to the Sunday afternoon services she takes at the Todd ranch house.

The flats haymakers have been very busy the past week and most all the stacks in this section of the flats have been hauled home.

Dick Smith, who is operating a trap line this winter, is having considerable luck. He has already taken three lynx and quite a few other pelts.

There will be the usual dance at the Todd house tonight, Friday, 18th, which will be featured by a couple of three-round boxing bouts.

Tom Anderson was down from the Alice mine for the weekend, and reports a snowfall of at least four feet at the mine.

Messrs. Hood, Sutcliffe and Carr have completed the ice harvest for Creston customers, and have hauled considerably more than 100 tons of the frozen fluid to town.

Mrs. John Marshall was at home to Alice Siding ladies on Wednesday afternoon, the affair being arranged for the purpose of giving Miss Morgan an opportunity to get acquainted with the ladies, who were out in large numbers.

Kitchener

W. M. Evans of Red Deer, Alberta, was a Kitchener visitor last week, the guest of his sister, Mrs. W. Arb. He returned on Monday.

C. Sadler of the Crown Tailors, Cranbrook, was a business visitor on Tuesday.

C. H. Robinson of Nelson, Dominion fishery inspector, was here on Wednesday, stocking up Meadow Creek with cutthroat and Eastern brook trout fry.

Cyrille and Marcel Senesael, Clifford Foisey and Alphonse LePage, are spending a few days with friends here after an absence at work at Lumberton for some time. They are guests at Kitchener Hotel.

Provincial police McLaren of Creston was here on official visits Friday and Saturday. He did quite a business in dog licenses both days.

Mr. and Mrs. Lamptree and son, of Yahk, spent the weekend with Kitchener friends, and were guests at the Kitchener Hotel.

W. O. Davis, who is trapping up Goat River, came down last week with some nice marten pelts—about 10 in all.

Misses Mildred Andeen and Clara Hunt of Creston spent the weekend at their homes here.

Mr. and Mrs. Omer Gerour and daughter, Joan, arrived here last week after an absence at Vallican for the past two months.

Clifford Foisy made a business trip to Cranbrook on Thursday, coming back the following day.

H. Woodman of the Sash & Door Company, spent last week in town on the firm's business, leaving on Saturday for his home at Cranbrook.

Marcel Senesael went to Creston on a short business visit, getting back on Saturday.

Robert Byrne and Jack Dodds came in from Arrow Creek on Saturday night and were guests at the dance.

P. W. George of the Nelson Hardware Company, Nelson, was a business visitor here on Saturday.

G. Johnson and R. Walmsley of of Creston were between trains visitors on Monday. James Byrne was another Creston caller between trains on Sunday.

Joe Lavergne left on Tuesday for Cranbrook, where he is on a visit to Dr. Green about his injured leg.

V. C. Russell of Cranbrook spent Monday here on a business call.

Miss Kathleen Porter and Mrs. Driffil went to Creston on Friday, coming home next day.

C. R. Paulson of Spokane is here on business with the Continental Lumber & Pole Company, arriving on Monday.

Another whist and dance is announced for Hunt's Hall Saturday night, February 19th. Come one and all. You are entirely welcome.

Pastor Janzow, Lutheran minister at Nelson, held service in the schoolhouse on Monday evening, with a large congregation in attendance. While here he was the guest of Mr. and Mrs. N. P. Molander.

Mrs. G. A. Hunt was hostess at an afternoon tea on Wednesday, at which a number of friends were delightfully entertained. The invited guests were Mrs. E. Driffil, Mrs. B. Johnson, Mrs. N. P. Molander, Mrs. A. Simpson, Mrs. L. Noland, and Misses Grace Kendall and Kathleen Porter.

The Lumberton Chips put on a dance in the Senesael restaurant on Saturday night, and the guests report a wonderfully fine time. Most everyone seemed to be present, and dancing was kept up till the wee hours of the morning, with a dainty lunch served at midnight. The music was by Charlie Harmer, banjo; J. K. Chorlton, 'cello: Lewis Simpson, piano,

Quite a large company gathered at the home of Mr. and Mrs. Carl Anderson on Thursday. Cards and dancing were the features of the occasion, with a splendid lunch at midnight. Everyone had a good time. Those present were Misses Ellen Andeen, Edith Geroux, Esther Nelson, Mr. and Mrs. N. K. Devlin, Alphonse LePage, Clifford Foisey, Lewis Simpson, Cyrille and Marcel Senesael, Clarence Devlin, W. M. Davies, Ludwig Anderson and, of course, Mr. and Mrs. Carl Anderson.

Sirdar

Mrs. Dennes, Mrs. Rogers and Mrs. Heap were between trains callers at Creston on Thursday.

Mrs. Martin was a Sunday caller at Creston, going up with her sister, Mrs. hopwood, who returned from Nelson hospital that day.

Rev. S. Newby will be here for the usual Church of England services on Sunday evening.

Sid McCabe's B & B crew left at the first of the week for Crowsnest early this week, where they will make a short stay, and then expect to return to Kootenay Landing.

The St. Valentine tea party on Saturday afternoon, with dance in the evening was a very enjoyable affair, and a splendid success financially. The proceeds go to the community hall fund.

Wynndel

BIRTH—On February 1st, to Mr. and Mrs. Charles Hindley, a son.

On Wednesday, February 9th, Miss Marie Gillotte and Mr. Steve Benedetti were quietly married at Creston, Rev. J. Herdman officiating.

A whist drive and dance was staged in the old schoolhouse on Thursday night in aid of the Schmidt family of Alice Siding. There was a good turnout, and quite a good sum was realized. Mrs. Schmidt and family wish to that everyone for their kindly aid.

Steve Benedetti left on Friday last for the Lardeau, where he will be working on th M. Wigen limit.

Misses Cherrington and Severn spent the weekend with friends at lake points.

Mrs. Slingsby left on Saturday for a few days' visit with Kimberley friends.

Mrs. J. B. Rudd left at the first of the month for a few weeks visit with relatives at California points. Mr. Rudd, who had been south for the winter, got back just prior to Mrs. Rudd's departure.

The department at Victoria has made a grant of $750 to help pay for a new X-ray machine for Kaslo hospital.

Cranbrook trustees are undecided whether to add five rooms to the present high school building or erect a new ten-room structure. The size of the government grant will be a determining factor.

February Session Village Council

Creston village commissioners met in regual February session on Monday night, with Chairman H. S. McCreath presiding, and Commissioners F. H. Jackson and Geo. Johnson in attendance.

Prior to getting down to the business of the evening a deputation from Creston and District Women's Institute waited on the commissioners asking their co-operation in staging a fitting celeberation at Creston on July 1st of the sixtieth anniversary of Canadian cohfederation. The delegation consisted of the president, Mrs. R. Stevens, Mrs. C. Murrell and Mrs. R. B. Staples, and were assured of a full measure of support from the council.

The proceedings of the assessment roll court of revision on the 7th of February were confirmed. These showed a cut of $500 on the new residence of Mrs. Benney. A reduction of $400 on the F. H. Jackson store building and lots on Wilson Avenue, and a reduction of $200 on the lots of R. Sinclair Smith, opposite Christ Church.

Geo. Nickel wrote asking for permission to use the village streets to move a barn on the Berg property on Victoria Avenue to the Nickel ranch at the narth end. Permission was given.

The clerk was authorized to write C. O. Rodgers acknowledging the latter's letter of February 2nd, re electric light supply, stating the matter was having due considerations by the commissioners. A Mr. Lightfoot of Calgary, Albera, who had applied for the position of consulting electrical engineer during the installation of the proposed municipal light plant, will be acknowledged. Accounts for the month of January, totalling $124, were ordered paid.

On motion it was agresd to purchase a No. 4 road grader and prices on same are to be obtained forthwith. The village treasurer reported that A Spencer had completed the audit of the village accounts and the official balance sheet will be submitted in a few days.

The clerk also reported that the tax notices for 1927 had been sent out at the first of the week. The roll as approved shows a total of $146,448 land assessment, and improvement assessment of $194,107. This year's mill rate on land is 12 mills, while improvements are assessed at 50 per cent. of their appraised value, giving the village an estimated revenue of $1757 from land, and $1164 from improvements. As compared with last year the 1927 assessment is $25 higher the figures being $2897 for 1926, and $2922 for this year.

The Okanagan Telephone Company, Limited, is paying a 5 per cent. dividend on 1926 operations.

WORLD HAPPENINGS BRIEFLY TOLD

There are 113,500,000 people in Russia, according to preliminary official estimates. This is an increase of thirty-eight per cent since 1897.

The Saskatchewan wheat pool has taken out a $100,000 building permit for a drying plant, at its terminal elevator in Port Arthur.

General Sir George W. A Higginson, who won promotion for his service in the Crimean War, is dead at his home at Glydernscroft, Marlow-on-Thames.

Discovery of a supposedly new comet of the eighth magnitude is announced in a cablegram received at the Harvard Observatory from the astronomical clearing house in Copenhagen. It is to be called Reid's comet.

Twenty-seven rebels have been executed by the military authorities in Oaxaca City in reprisal for the massacre of a small Federal column which was annihilated by rebels in San Miguel El Grande on January 12.

President Kruger's traveling wagon which it was announced in November, the City of London corporation had decided to offer to the Dominion of South Africa has been shipped to South Africa.

They Can Be Taken By Old and Young Alike

Saskatchewan Lady is Very Enthusiastic About Dodd's Kidney Pills

Mrs. E. M. Tatton Gave Them to Her Little Boy Who Was Suffering From Urinary Trouble.

Waldron, Sask. (Special).—"Ever since my little boy was born he has suffered with involuntary urination," writes Mrs. E. M. Tatton a well known resident of this place. "I thought he would grow out of this but he did not do so. At times I thought it was pure laziness and used to spank him, until I discovered it was not the child's fault, but kidney weakness. I tried Dodd's Kidney Pills with great success and he is never troubled now. My husband and I use them frequently whenever we have pains in the back."

Dodd's Kidney Pills have become a family remedy because people have tried them and found them good. They help Rheumatism, Lumbago, Diabetes, Lame Back, Heart Disease and Urinary troubles, because all of these are either Kidney Diseases or are caused by the kidneys failing to do their work.

Hubby—"Kind hearts are more than coronets."

Wifie—"Why, Henry, that isn't right. It's 'Kind hearts are more than coronets.'"

Hubby—"Well, I know it was some kind of a musical instrument."

Delivery Horses in Demand

Reserve Animals Always Needed to Fill Up Gaps

Clean, upstanding horses, sixteen hands high, especially strong in the legs, weighing from 1200 to 1400 pounds, and single broken, are the type of animals business firms want for delivery horses, members of the Saskatchewan Horse Breeders' Association were told at their annual meeting by Arthur Newman, Winnipeg. Mr. Newman was speaking for the larger firms in that city who require a number of horses for service on their delivery wagons.

"There are over 400 delivery horses in daily service in Winnipeg," Mr. Newman stated, "and reserve animals are needed at all times to fill up the gaps in the ranks. Only one in ten of the animals we get now are single broken, and you can imagine the difficulty of breaking them in busy streets of Winnipeg. Any farmer who has a horse or number of horses answering the description of what we consider the "Typical Delivery Horse" will always be able to sell them, and at good prices.

Shirring is Modish This Season

This charming frock would be very effective if fashioned of crepe satin or velvet. The two-piece skirt is shirred to the bodice in an attractive manner, thereby achieving a soft self-trimming. Tulle is fastened at the left side of the round neck and falls gracefully to the hem. Long sleeves may be added and would make this a very smart afternoon frock. No. 1496 is for misses and small women and is in sizes 16, 18 and 20 years. Size 18 (36 bust) requires 3¼ yards 39-inch material, or 2⅝ yards 54-inch, and ⅝ yard 36-inch lining; ⅝ yard tulle. Price 20 cents the pattern.

Home sewing brings nice clothes within the reach of all, and to follow the mode is delightful when it can be done so easily and economically by following the styles pictured in our new Fashion Book. A chart accompanying each pattern shows the material as it appears when cut out. Every detail is explained so that the inexperienced sewer can make without difficulty an attractive dress. Price of the book 10 cents the copy.

Is Now Important Industry

Cost of Raising Reindeer in Alaska is Very Low

More than 350,000 reindeer, distributed in 110 herds, are now being kept in Alaska, according to statistics and thirty-three and forty-five per cent, thirty-three and forty-five pe rcent, annually. Within recent years, the raising of the animals has become an important industry. They are known as "three-way" producers, useful for food, clothing and for transportation, and in some sections, are supplanting the dog teams for hauling. The cost of producing averages only about $1 a year for each reindeer, while prices of $10 to $12 are realized in the butcher markets. Between 1918 and 1925 nearly 2,000,000 pounds of reindeer meat was exported from Alaska. The government is endeavoring to improve methods of control and management of herds and the grazing facilities. It is said that the country can afford pasturage for at least 3,000,000 animals.

SICK CHILDREN LOVE "CASCARETS" FOR THE BOWELS

Give "Candy Cathartic" for a bad cold, sour stomach, constipation

Get a ten-cent box now.

Most of the ills of childhood are caused by a sour, disordered stomach, sluggish liver and constipated bowels. They catch cold easily, become cross, listless, irritable, feverish, restless, tongue coated, don't eat or sleep well and need a gentle cleansing of the bowels—but don't try to force a nauseating dose of oil into the little one's already sick stomach—it is cruel, needless and old-fashioned.

Any child will gladly take Cascarets Candy Cathartic which act gently—never gripe or produce the slightest uneasiness—though they cleanse the little one's system, sweeten the stomach and put the liver and bowels in a pure, healthy condition.

Full directions for children and grown-ups in each package.

Mothers can rest easy after giving this gentle, thorough laxative which costs only 10 cents a box at any drug store.

The longest calendar year on record was 47 B.C. It contained 445 days, by order of Julius Caesar, in order to make the seasons conform to the solar year.

Miller's Worm Powders will eradicate the worm evil that bears so heavily on children and is believed to cause many fatalities. They are an acceptable medicine to children and can be fully relied upon to clear the food channels thoroughly of these destructive parasites and restore the inflamed and painful surfaces to healthfulness. They are an excellent remedy for these evils.

Agriculture in B.C.

Farming Population Has Doubled Within Ten Years

There are 22,000 farmers in British Columbia and a total farm population of 90,000, according to the Hon. E. D. Barrow, Minister of Lands. He pointed out that the farm population has doubled in ten years and that within this time dairy products had risen from $3,000,000 to $10,000,000 in value. Total farm production rose during the ten-year period of 1915 to 1925 from $31,000,000 to $65,000,000.

Exhausted from Asthma. Many who read these words know the terrible drain upon health and strength, which comes in the train of asthmatic troubles. Many do not realize, however, that there is one true remedy which will usually stop this drain. Dr. J. D. Kellogg's Asthma Remedy is a wonderful check to this enervating ailment. It has a countless record of relief to its credit. It is sold almost everywhere.

Consumption of hard liquor in Germany last year was only one-third that of pre-war times.

The Best Laxative He Ever Tried

Mr. W. J. Dorion, New York, writes: "Sick headache, indigestion and constipation have troubled me for years. I tried everything but I can truthfully say your CARTER'S LITTLE LIVER PILLS is the best laxative I have ever used. I find that they are small, easy to take and their action does not pain me. They keep me regular and I want to tell you how I appreciate this purely vegetable medicine, knowing, due to my experience in laboratory work that laxatives, containing Mercury, Calomel and other poisonous drugs are injurious."

CARTER'S LITTLE LIVER PILLS are sugar coated, small, easy to swallow, and everyone in the family can take them in perfect confidence as they are a doctor's own formula.

CARTER'S LITTLE LIVER PILLS in red packages 25c. and 75c.

SUNDAY SCHOOL LESSON

FEBRUARY 13.

MAKING OUR HOMES CHRISTIAN

Golden Text: Let us love one another; for love is of God.—1 John 4-7.

Lesson: Ephesians 5.25 to 6.4.

Devotional Reading: 1 Corinthians 13.1-7.

Explanations and Comments

1. The Duty of Husbands to Love Their Wives, 5.25-33.—"Husbands," counsels Paul, "love your wives, even as Christ also loved the church, and gave himself for it." Paul sets a high standard for a man's love for his wife when he declares that it should correspond to the self-sacrificing love of Christ for the church, that it should be capable of suffering and dying for her as Christ died for the church.

"Would we codify the laws that should reign in households, whose daily transgressions annoys and mortifies us and degrades our household life, we must adorn everyday with sacrifice. Good manners are made up of petty sacrifices."—(Emerson.)

Paul goes on to state the object of Christ's sacrificial death—the setting apart and consecration of the church by cleansing of guilt by baptisms "in accordance with the divine promise (or, on the ground of the preached word of the Gospel)," with a view to its ultimate presentation to himself as a glorious church, holy, without spot or blemish. Even as Christ loved the church, so ought husbands to love their wives. He that loveth his wife, loveth himself.

"Although the husband's love for his wife may be compared to what is called his love for himself, inasmuch as it leads him to regard her welfare as his own, and to feel all that concerns her as if it concerned himself, the two loves are certainly different in their essence. There is no emotion in self-love; it is the product of reason, not of feeling; and it is a 'law' of man's nature, not in the sense of obligation but in the sense that it necessarily belongs to a rational creature. The basis of conjugal love is altogether different, and is to be found, not in the rational part of man's nature, but in the affections. The love is reinforced by reflection, and made firm by the sense of duty; but it can never become a merely rational regard for another's happiness, as 'self-love' is for one's own."—(T. K. Abbott.)

IF STOMACH IS TROUBLING YOU

Instantly! End Indigestion or Stomach Misery with "Pape's Diapepsin"

As soon as you eat a tablet or two of "Pape's Diapepsin" your indigestion is gone! Heavy pain, heartburn, flatulence, gases, palpitation, or any misery from a sour, acid stomach ends. Correct your stomach and digestion for a few cents. Each package guaranteed by druggist.

Many English people caused their friends some thought and uncertainty by sending them a Christmas card in the form of a cross-word puzzle, which, when solved reveals the identity of the sender.

Athletes use Minard's Liniment.

Alberta Oil Production

Alberta's petroleum production will exceed 200,000 barrels for 1926, when all returns are in, according to Government estimates. This compares with 183,000 barrels in 1925. The production of Royalite No. 4 well, in Turner Valley, exceeded 100,000 barrels for the year up to November 30th, the average production being 528 barrels of naphtha per day.

There isn't anything chicken-hearted about the game rooster.

Relieve Asthma with Minard's Liniment.

Adopt English Word "Home"

The French have adopted the English word "home." The lack of its equivalent in the French language always has been remarked by English speaking people, with an air of patronizing pity. Department and furniture stores now advertise articles for "le home," and newspapers use this word as a caption for domestic and women's news.

A DOCTOR'S PRAISE

A Noted Doctor Strongly Endorses Dr. Williams' Pink Pills

The test of any remedy lies in its acceptance and employment by the qualified medical practitioner. No less an authority than Dr. Andrea Amici, physician to the Papal household, writing on the subject of anaemia, impoverishment of the nervous system and disorders attributable thereto, strongly endorses Dr. Williams' Pink Pills, recommending them as superior to other tonics.

Dr. Amici's testimony reads as follows:—"For several years I have made use of Dr. Williams' Pink Pills in my work and I have always found them efficacious in the treatment of disorders due to impoverishment of the nervous system, anaemia and neurasthenia, stomach weakness, retarded development in young women, and irregularities. There is no lack of tonic remedies, but in my experience no one of them manifests a superior efficacy to that of Dr. Williams' Pink Pills."

No more conclusive evidence of the value of Dr. Williams' Pink Pills could be asked for or given, than is found in the above endorsement of this noted European physician. Besides this, however, this medicine has enjoyed a world-wide public confidence for more than a third of a century and has brought relief to thousands and thousands of weak and suffering people.

Try Dr. Williams' Pink Pills for anaemia, rheumatism, neuralgia, nervousness and stomach trouble. Take them as a tonic if you are not in the best physical condition and cultivate a resistance that will keep you well and strong. You can get these pills through any medicine dealer or by mail at 50 cents a box from The Dr. Williams' Medicine Co., Brockville, Ont.

Hebrideans for Alberta

Fifty Hebridean and Northern Irish families will be established in a new colony at Saddle Lake, Alberta, early this spring. This will be the second settlement of its kind in this province—the first having been established north of Vermilion. Buildings are now being erected on fifty farms at Saddle Lake and it is expected that new arrivals will take over holdings there just as soon as necessary arrangements can be made.

Warden—"What! You back again!" Convict—"Yes. Any letters or parcels for me."

Became So Weak Could Hardly Stand

Mrs. Wm. Palmer, Tomahawk, Alta., writes:—"Last spring I had a long spell of sickness and became so weak I could hardly stand. I could not sleep at night as the least little noise would wake me up. I tried blood tonics and other nerve pills, but they did me no good, and I was getting worse.

I wrote my mother about my condition, and she sent me three boxes of

MILBURN'S HEART AND NERVE PILLS

After the first box I was feeling much better, so I kept on until I had used the three boxes, and now I feel as well as ever I did when I was a young girl."

Price 50c. a box at all dealers, or mailed direct on receipt of price by The T. Milburn Co., Limited, Toronto, Ont.

Mothers Treat Colds The New "Direct" Way

No Longer Necessary to "Dose" Children With Internal Medicines to Break Colds.

Children's digestions are easily upset by too much "dosing." Vicks VapoRub being externally applied, does not upset little stomachs.

At the first sign of croup, sore throat, or any other cold trouble, apply Vicks freely. There is nothing to swallow—you just "rub it on."

VICKS VAPORUB

OVER 17 MILLION JARS USED YEARLY

The Chinese City Of Shanghai

Foreign Powers Have Held Concessions Under Treaty for Many Years

The spotlight on the Chinese stage falls now on Shanghai, one of the five ports opened to foreign trade in 1843. . . . . Shanghai is made up of two parts separated by a moat—the ancient walled native town, and the three foreign concessions, British, French and American, which house modern Shanghai, the principal port of Central China, through whose business houses and from whose wharves flows the immense trade of all this part of the "garden of China." Ships of all nations come to this port. The swift "silk" trains that thunder across this Dominion have as cargo, silk from Shanghai. Tea also carries the name of Shanghai. This enormous trade has been built up through these decades by foreign capital and foreign enterprise, and of the nations participating both as seller and buyer, by far the most extensive in its operations has been the British Commonwealth. In 1914, 18,930,918 tons of foreign shipping entered and cleared the port, of which 40 per cent. was British. Native shipping in that period amounted to 2,101,430 tons.

Early it was recognized that if trade was to be prosecuted at this point it could not be with the foreigner as a resident of the native city, where sanitation was and is not and where plagues are epidemic. Therefore, under treaty and at a low rental the foreign powers mentioned have held their concessions, built and governed by themselves. The British and American concessions are amalgamated under one municipal council and on the British concession have been established the consulates of the other nations. The subjects of each nationality are under the jurisdiction of their own courts. On the request of the Chinese government, after the native rebellion of 1855, the three foreign governments holding concessions were invited to superintend the collection of customs. This harbor-master, whose work has, at least heretofore, been satisfactory to all, has always been an Englishman.

To the foreign concessions have flocked Chinese families, especially those of retired officials. The last available census, 1914, gives the population as 650,000 of which 13,436 are foreign. Of these, 1,465 were British, 3,361 Japanese, 941 American and 330 French.

The chief mission establishments of the Christian denominations are at this centre.—Manitoba Free Press.

Does Weakness Detract From Your Good Looks?

—Photo by Michiethwaite

Mrs. Thomas Chapman of 3 Somerset Place, Toronto, Ont., whose picture appears here, said: "Dr. Pierce's Favorite Prescription was very helpful to me and I know it to be the very best medicine a woman can take when nervous and rundown. I had a break-down—my nerves were so upset I could not sleep. I also suffered from nervous indigestion, but after taking Dr. Pierce's Favorite Prescription I did not suffer with indigestion and I could get a natural night's rest, which I could not do before. No woman can appreciate what a wonderful medicine the 'Favorite Prescription' is until she gives it a trial."

All druggists. Tablets or liquid.

Subject for Interesting Address

New York Man Tells People Many Things About Grasshoppers

Sometimes it does not take a very great object for a well-informed person to make a rather interesting address. Dr. William Vinal, of the New York State College of Forestry, undertook on a recent occasion to entertain an audience by talking about a grasshopper.

In his address he told several things that the average person knows nothing about. Here they are—just check them over and see how many of them were familiar to you before:

1—The grasshopper has six legs, and never gets them entangled. Human beings, with two legs, horses with four, often trip and fall—the grasshopper never does.

2—If the human being could jump with ability in proportion to that of the grasshopper he could clear a 15-story building and land without injury.

3—The grasshopper is noisy only in his old age, and he makes all his noise with his hind legs.

4—Grasshoppers, being hatched from eggs in the spring, never see their parents, therefore any success they achieve is due to their own efforts. There's no chance at all for them being subjects of favorable influence by ancestors. They are, to use a popular phrase, "self-made."

5—The music supplied by grasshopper "orchestras" is from the older male members, and the lady grasshoppers just sit still and listen. Whether they admire the music, or haven't got the musical instinct in their hind legs, the professor did not state. But it's a trifle interesting to note in this day when masculine supremacy is being so seriously challenged, that the grasshopper men still retain a very firm hold on the reins in their lowly kingdom.

Linking Empire By Beam Radio Phone

Successful Experiments With Canada Make Plan Possible Says Marconi

William Marconi, describing the rapid development of the beam system during a speech at London, said that recent experiments between England and Canada proved it was possible to maintain easily a clear simultaneous telephone conversation and high speed transmitting and receiving telegraphic messages without the slightest hindrance.

This meant, he explained, that it will soon be possible to establish such simultaneous services with Australia, India, South Africa and other distant countries served by beam stations and as both services use the same plant communications will be cheaper.

The World Capital

The International Management Institute is Founded at Geneva

Already the seat of more than forty international organizations including the League of Nations, Geneva has added to her right to be known as the world capital by founding "The International Management Institute."

The Institute, which will be housed in a special building on the grounds of the International Labor organization, will interest itself in problems of production and distribution and world manufacture and commerce, and will establish contact with a variety of national associations.

Protecting Bird Friends

By catching 510 crows at one time and putting them to death at his "bird sanctuary," Jack Miner, of Kingsville, Ont., has become the central figure in a controversy regarding the right of men to take the life of birds. The owner of the sanctuary claims that he is warring on crows to protect his other bird friends. Miner brands the crows as "murderers" and "thieves," and believes they should be destroyed.

CHILBLAINS

Zam-Buk soon allays the inflammation and swelling, lulls the tingling pain, and soothes the maddening irritation. Where skin is broken, festered or ulcerated Zam-Buk is doubly valuable because of its great healing and antiseptic power.

Zam-Buk

Invents New Poison Gas

Twelve Bombs Would Wipe Out City Like Chicago Says Chemist

French papers are publishing extracts from the findings of a League of Nations committee of chemical experts on the use of poison gas in the next . . . last war. The report is not at all cheering. It may be summed up like this: Useless to prohibit the use of gas; useless to limit its manufacture. For these gases can be turned out by any chemical factory any time. Such a factory could be put into shape in less than a week. Les Ailes, a periodical devoted to aviation, says: "We learn from the report that an American chemist has invented a gas, Lewisite vesicant, of which twelve bombs thrown from an aeroplane are sufficient to annihilate all life in cities of the importance of Chicago, Berlin or Paris. The next war will be terrible, but short," adds the paper. "In a month or so a dozen millions of Frenchmen will be asphyxiated."—New York Evening World.

New Appointment

Travelling Passenger Agent of Canadian National at Saskatoon Goes to Winnipeg

R. C. Creelman, passenger traffic manager, western region, Canadian National Railways, has announced the appointment of Thomas A. Tait, travelling passenger agent of the Company with headquarters in Saskatoon, to be assistant chief clerk of the Passenger Traffic Department at Winnipeg. Mr. Tait replaces Mr. D. S. Dewar who has been transferred to Vancouver and he will assume his new duties at once.

Mr. Tait, who was born in Prince Albert, has been in the Company's services for a number of years and is particularly well known in the Province of Saskatchewan. He has been travelling passenger agent at Saskatoon since March, 1925.

International Highways

Canada Will Spend $35,000,000 on Highways in 1927

Canada took a prominent part in the annual convention of the American Road Builders' Association in Chicago recently, when delegates from the United States, Mexico, Central America, South America, Cuba, Porto Rico and Alaska stressed the point that peace can best be maintained and cordial relations furthered among the nations of the western hemisphere by a system of international highways, making these countries more accessible to one another. Wilfrid Lefebvre of the Dominion Highways Department, Ottawa, said that Canada will be spending about $35,000,000 on highways in 1927. There was 400,000 miles of roads in this country of which 51,000 are improved.

FACE COVERED WITH PIMPLES

Surrounded by Blotches. Suffered Three Months. Cuticura Healed.

"My face was covered with sore pimples that were surrounded by white blotches that itched and burned causing me to scratch. Scratching caused eruptions and my face was disfigured. For three months I suffered this torment.

"I tried several remedies without results. My mother advised me to try Cuticura Soap and Ointment so I purchased some. After using them a short time the terrible itching was greatly relieved and in three months I was healed." (Signed) Miss Mandy Siren, Radway Center, Alta.

Use Cuticura for every-day toilet purposes. Bathe with Soap, soothe with Ointment, dust with Talcum.

Sample Each Free by Mail. Address Canadian Depot: "Cuticura, Ltd., Montreal." Price, Soap 25c. Ointment 25 and 50c. Talcum 25c.

Cuticura Shaving Stick 25c.

Deliver Mail By Air

New Canadian Skyways to be Marked Out This Year

New Canadian skyways will be marked out this year if the estimates now being prepared in government departments are approved by parliament. Last year the defence department estimates for the Royal Canadian air force totalled $2,200,000, but for the coming fiscal year about $3,000,000 will be asked for, it is said. As well as this the post office department will ask for $75,000 to begin the preliminary work on the establishing of air mail routes.

This year, with the probable development of the postal delivery by air, the force will be called upon to set up some more elaborate ground equipment than has been kept in the past. The post office department is receiving inquiries from all parts of Canada and the United States regarding the plans and several private flying companies have indicated their intention of offering tenders for any contract which the department will call for bids on. From the civil branch of the Royal Canadian air force letters have gone out to the mayors of all Canadian cities inquiring about possible civic airdromes.

BABY'S WELFARE DURING FEBRUARY

Should be Most Carefully Guarded by All Mothers

February is one of the hardest months of the year on little ones. It is a month of cold, blustery days that prevent the mother taking her baby out for the fresh air so necessary to its welfare. Baby is consequently confined to the home. More often than not the rooms are overheated and badly ventilated and the little one catches cold or grippe. What is needed to keep the baby well is a gentle laxative that will regulate the stomach and bowels; banish constipation and indigestion and in this way will either prevent or break up colds and grippe. Such a laxative is found in Baby's Own Tablets. They are mild but thorough in action; are absolutely safe and they are guaranteed to contain neither opiates or other harmful drugs. They never fail to be of benefit to little ones and may be given to either the newborn babe or the growing child.

Baby's Own Tablets are sold by all dealers in medicine or may be had by mail, post paid, at 25 cents a box from The Dr. Williams' Medicine Co., Brockville, Ont.

Little Helps For This Week

Be thou an example . . . in word, in conversation, in charity, in spirit, in faith, in purity.—1 Tim. iv. 12.

For no one doth know
What he can bestow;
What light, strength, and beauty may after him go;
Thus onward we move,
And save God above,
None guesseth how wondrous the journey may prove.

Others are affected by what I am, and say, and do. And these others have also their sphere of influence. So that a single act of mine may spread in widening circles through a nation or humanity.

William Ellery Channing.

The doors of your soul are open on others, and theirs on you. Simply to be in this world, whatever you are, is to exert an influence,—and influence compared with which mere language and persuasion are feeble.

Horace Bushnell.

U.S. Motorists Spend Millions

Automobile tourists from the United States entering Canada in 1926 left a gross revenue in the Dominion of about $194,000,000, according to a careful estimate made by A. W. Campbell, Dominion Commissioner of Highways. In 1925 the estimated gross revenue from this tourist traffic was $188,555,510.

For Scalds or Burns.—Dr. Thomas' Eclectric Oil is a standard remedy for the prompt treatment of scalds and burns. Its healing powers quickly soothes the pain and aids a speedy recovery from the injury. It is also an excellent remedy for all manner of cuts, bruises and sprains, as well as for relieveing the pains arising from inflammation of various kinds. A bottle in the house and stable saves many a doctor's and veterinary's fee.

Words to the number of 500 per minute can be sent over a new cable now working between London and New York.

Doctors vouch for Minard's Liniment.

May Erect Power Plants

Saskatchewan Investigating Possibilities of Producing Electrical Energy

The Saskatchewan Government has appointed a commission to enquire into the feasibility of erecting power plants throughout the province. The personnel consists of Messrs. L. A. Thornton, of Regina; Arthur Hitchcock, of Moose Jaw; Prof. A. R. Grieg, of Saskatoon; and R. N. Blackburn, chief mechanical superintendent of the province. The Government considers the present move advisable, bearing in mind the recent and prospective growth of the province and the advancement in the science of producing and distributingg electrical energy. The discovery and survey of water powers within the province are such as to warrant the present undertaking, it is said.

It Bids Pain Begone.—When neuralgia racks the nerves or lumbago cripples the back is the time to test the virues of Dr. Thomas' Eclectric Oil. Well rubbed in it will still the pain and produce a sensation of ease and rest. A trial of it will establish faith in it.

Inspector—"What do you do to keep the milk pure?"

Milkman—"Why, I sterilize the pump morning and evening."

Teeth resemble verbs: they are regular, irregular and defective.

Nothing Like It to Relieve Colds

In formula and action, Buckley's Mixture is different from all other remedies. It literally "acts like a flash" in conquering coughs and healing the inflamed parts. The instant relief that follows the first dose is multiplied 40 times in a 75-cent bottle! "Buckley's" should be in every home. Your druggist sells it under a money-back guarantee.

THE CRESTON REVIEW

Issued every Friday at Creston, B.C Subscription: $2.50 a year in advance $3.00 to U.S. points.

C. F. HAYES, Editor and Owner.

CRESTON. B.C., FRIDAY. FEB. 18

The B.C. Budget

British Columbia's estimated revenue for the current year, ending March 31 next, is $18,559,346 (capital and current account), according to the budget Hon. Dr. MacLean, Minister of finance, has just presented to the Legislature. Estimated expenditure total $18,247,052. For next year estimated revenue is placed at $19,757,296, an increase of approximately $1,200,000. Estimated expenditure is given at $19,502,806, an increase of $1,255,000.

The Minister therefore predicts a surplus for 1927-8 of $254 489.

Hon. Dr. MacLean announces that no assessment of personalty will be made on the 1927 or subsequent taxrolls. For years, he commented, there has been strong opposition to this tax, and several years ago the government reduced it from 1 per cent to 1 2 of 1 per cent. It now is to be altogether abrogated. As an alternative, it is proposed to impose a tax on gross income, so that the burden will be spread over a larger number.

The Minister said that given the widest possible publicity during the past year to this tax, and public opinion seemed strongly in favor of the proposed change.

Further relief will be granted tax payers, the Finance Minister announced, legislation being introduced to increase the rebate allowed a married person, from $1,500 to $1,800 and for dependents from $200 to $300. This will relieve provincial taxpayers to the extent of approximately $125,000, especially acceptable to those with small incomes. Widows and widowers with dependent children, will also be allowed the same rebates as married persons.

Supporting his contention that the government of which he is a member had materially reduced taxation provincially, the Minister anounced that within the past four years reductions had amounted to $1,216.000 annually. Present proposed reductions total $525,000, making a total in the half-decade of $1,735,000, annually as from 1927.

Repealing the personal property tax aad substituting the gross income tax is expected to result in a gain, said the Minister, and this gain will, if realized, be applied to further reductions.

It will be necessary this session to ask the House to pass a loan bill for $6,000,000. This amount will be used as follows: Roads and bridges, $4,000,000, public buildings, $1,100,000; Pacific Great Eastern railway, $500,000; South Okanagan development $100,000; University lands development $300,000.

The money for highways will be used for the carrying on of major works, it is explained, including replacement of bridges due for reconstruction.

In connection with public buildings, there is to be an addition to the Tranquille Sanatorium. A new building will be erected also to meet the increased demand for accommodation for the demaned to care for the mentally afflicted.

Of the $300,000 for University lands development, $100,000 is to provide for loans for the building of residences, and the residue for development of the second unit. The Minister explained that in order that the goverment may secure a return from the University lands, it is necessary to so improve them that they may be saleable.

The sum of $100,000 ts required for the administration and extension of the irrigation in South Okanagan, in connection with works begun and prosecuted under the the Soldier Settlement scheme.

WHAT OTHER PAPERS SAY

Super-Men Impossible

Three super-men must be found in British Columbia to adminster the marketing control bill, according to some members of the Agricultural Committee of the Legislature, engaged in licking it into shape. This is according to a news dispatch from Victoria.

Should it prove true that a search for such men is being made, there will be great disappointment among the fruit growers' whom the legislation being brewed is supposed to benefit. Most growers are wise enough to know "there ain't no such animal." If such men are required, the instrument tney are to have put in their hands must be sadly defective, and those insisting on super-men must know this to be so. Any bill that requires super men to administer it is not a bill that will prove benefical to to the growers.

Legislators appear to have forgotten that they can no more divorce themselves from responsibility for the acts they put on the statute books than could Pontius Pilate for the judgment of Christ. It would be refreshing to hear them express views after studying the situation rather than to slavishly try to select what is retailed to them as the demands by growers.

The Okanag n fruit growers wanted legislation which will make impossible the disastrous competition for markets which prevailed last year and resulted in a scaling of prices to below cost of production. Bold, decisive steps, that will secure this, are what the growers demand.

It is more than possible that growers indicated the processes through fear that if they did not do so there would be too many opportunities for throwing "a monkey wrench into the works." The Oliver Government has unique opportunity for making a whole host of new friends.—Vernon News.

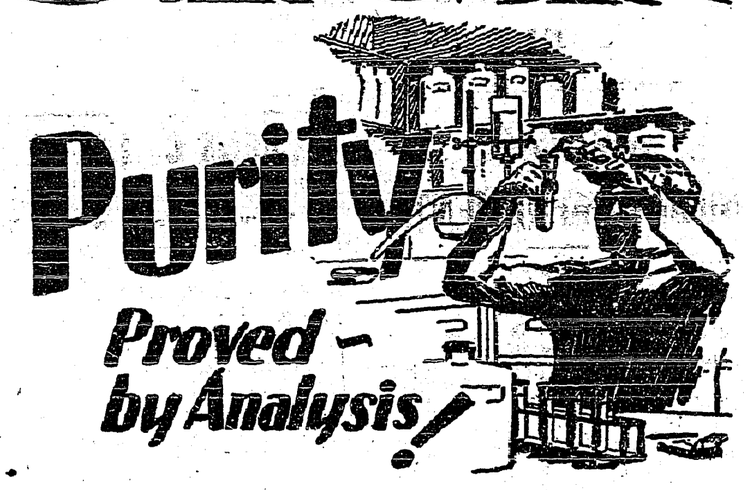
CRESTON MERCANTILE COMPANY

LIMITED



THE finest malted grains and hops brewed with the most scientific care in five modern plants go to make the pure beer consumed by the people of British Columbia. Then the Amalgamated Breweries continuously call upon independent firms of chemists of reputation for independent analysis. These analyses PROVE the purity and quality of British Columbia beers and its fullest maturity.

HERE is an extract from the last analysis of Amalgamated Brewing beer made by the firm of McDonald and McDonald, analytical chemists of Vancouver:

"All three samples had a sparkling brightness and a substantial foam remaining on the glass for a considerable time. Each had a refreshing aroma and an agreeably bitter hop taste. The analysis shows conclusively that all three samples are pure and wholesome beverages. The high Extract, low Acidity, high Nitrogenous Matter, substantial Ash and Phosphoric Acid contents are absolute evidence of the good, wholesome quality of these beers, proving them to be pure Malt Beverages. The analysis of these samples of beer is very similar to that of the best European varieties."

McDonald & McDonald,
(*Signed*) A. W. Satterfield, Chemist.

IN the Amalgamated Breweries are associated Vancouver Breweries Ltd., Rainier Brewing Co. of Canada Ltd., Westminster Brewery Ltd., Silver Spring Brewery Ltd., and Victoria Phoenix Brewing Co. Ltd.

Creston is Oversupplied with Dairy Butter!

Some of it is good, some of it is bad, and a lot of it is indifferent.

But all of it is sold in wrappers marked "Choice Dairy Butter."

Buyers have no way of telling who made the particulat pound they happen to buy—be it good, indifferent, or poor stuff.

And worse still—for the good buttermaker—so long as this haphazard way of putting butter before the public continues the demand for Dairy Butter will fall off.

If you are one of at least a few who make *really good butter* why not let folks know *your* butter by using PRINTED BUTTER WRAPS—*showing your name.*

They cost very little more than the readymade sort you use now—to your own disadvantage.

By way of induciug you to use the printed sort—with your name printed on them—we will supply you with FIVE HUNDRED Wrappers at the popular price of $3.00.

It's a pleasure to show samples.

THE CRESTON REVIEW

COMMERCIAL PRINTING DEPT.

SYNOPSIS OF LAND ACT AMENDMENTS

PRE-EMPTIONS

Vacant, unreserved, surveyed Crown lands may be pre-empted by British subjects over 18 years of age, and by aliens on declaring intention to become British subjects, conditional upon residence, occupation, and improvement for agricultural purposes.

Full information concerning regulations regarding pre-emptions is given in Bulletin No. 1, Land Series, "How to Pre-empt Land," copies of which can be obtained free of charge by addressing the Department of Lands, Victoria, B.C., or to any Government Agent.

Records will be granted covering only land suitable for agricultural purposes, and which is not timberland, i.e., carrying over 5,000 board feet per acre west of the Coast Range and 8,000 feet per acre east of that Range.

Applications for pre-emptions are to be addressed to the Land Commissioner of the Land Recording Division, in which the land applied for is situated, and are made on printed forms, copies of which can be obtained from the Land Commissioner.

Pre-emptions must be occupied for five years and improvements made to value of $10 per acre, including clearing and cultivating at least five acres, before a Crown Grant can be received.

For more detailed information see the Bulletin "How to Pre-empt Land."

PURCHASE

Applications are received for purchase of vacant and unreserved Crown lands, not being timberland, for agricultural purposes; minimum price of first-class (arable) land is $5 per acre, and second-class (grazing) land $2.50 per acre. Further information regarding purchase or lease of Crown lands is given in Bulletin No. 10, Land Series, "Purchase and Lease of Crown Lands."

Mill, factory, or industrial sites on timber land, not exceeding 40 acres, may be purchased or leased, the conditions including payment of stumpage.

HOMESITE LEASES

Unsurveyed areas, not exceeding 20 acres, may be leased as homesites, conditional upon a dwelling being erected in the first year, title being obtainable after residence and improvement conditions are fulfilled and land has been surveyed.

LEASES

For grazing and industrial purposes areas not exceeding 640 acres may be leased by one person or a company.

GRAZING

Under the Grazing Act the Province is divided into grazing districts and the range administered under a Grazing Commissioner. Annual grazing permits are issued based on numbers ranged, priority being given to established owners. Stock-owners may form associations for range management. Free, or partially free, permits are available for settlers, campers and travellers, up to ten head.

NEWS OF KOOTENAYS

$11,461 will be required to finance Kaslo high and public schools during 1927.

At Nakusp the moving picture theatre is only open every other Saturday night.

Fernie has ten beer parlors and three beer club licenses. The fee is $250 for 1927.

$4276 is required each month to pay school teachers' and janitors' salaries at Cranbrook.

Fernie council has repealed the by-law which compelled all public dances to end at 1 a.m.

Moyie debaters have decided that a college education is a detriment to a young man going into bnsiness life.

The snow is so deep some Okanagan points that residents are being urged to set out grain feed for the wild birds.

Rev. P. Hayman, for fourteen years Anglican rector at Grand Forks, has resigned, and will be leaving at May 1st.

The S.I. Railway will spend $10,000 this year in putting in new tunnels between Bonners Ferry and Kingsgate.

The Free Press is demanding better street lighting at Fernie. The council have been juggling this matter for two years.

Auto drivers at Cranbrook complain of robes being stolen off the radiators of their cars left standing on the street.

Beer parlor licenses at Cranbrook are to cost only $250. The town may have eleven of these refreshment booths.

Pheasants in the district around Bonners Ferry are being fed by the farmers and state game department officials.

For the first time in three years ice is being shipped from Mirror Lake, near Kaslo. Nineteen cars have gone to Nelson.

Grand Forks Rod and Gun Club is after the Game Conservation Board for a supply of pheasants to turn loose in that district.

The English Church parson handling the Arrow Lakes parishes resides two weeks each month at Nakusp, and the rest of the time he makes his home wherever he hangs up his hat.

Clothesline thievers are operating at at Cranbrook.

Telephone installations at Okanagan points show an increase of 6 per cent. over 1925. Kelowna leads them all with 30 new phones put in.

Postmaster Kane added to his official duties that of stipendiary magistrate, juvenile court judge, and judge of the small debts court at Kaslo.

Struck down on Monday last by a falling tree, whilst at work in the woods at Yahk Louis Roy was pinned down four hours before being released.

Coyotes are unusually numerous and bold in the Grand Forks district this winter. Dne to a scarcity of rabbits they are invading poultry yards in quest of food.

Canyon City

The Ladies' Community Club had quite a good turnout at their dance at the hall on Friday night, with delegations from Creston, Lister and Erickson in attendance.

Mr. Zachodnick, who has the Pochin ranch on a one year lease, is now in possession and has the spring pruning well under way.

Jock McRobb arrived back from Klockmann about the middle of the month, and has gone to work on the new bridge across Goat River at Kitchener.

Canyon school children observed St. Valentine's Day on Monday with presentations of home made valentines that was quite the largest and best in the school's history.

A sleighload of Canyon young people in charge of Jeff. Knott invaded Erickson on Monday night for a party at the home of Mr. and Mrs. A. E. Penson.

A psairie Russian, who is buying the old property of Principal Kolthamer last week moved one of the houses from near the mill on to the ranch; and is now occupying it.

A Canyon rink made up of J. W. Wood, Geo. Davie Jock McRobb and Roy Browell were just one point behind in an extra-end curling game at Creston on Monday night. R.S. Bevan skipped the winning rink.

Mr. and Mrs. J. E. VanAckeran were enforced hosts to a surprise party of almost 40 Canyonites who made a totally unexpectod call on Saturday night and proceeded to pass a most enjoyable evening at dancing and other amusements which continued considerably ayont the twal. A very fine lunch was served at midnight.

The moving picture shows at the Community Hall are attracting splendid attendances each Saturday uight, and Messrs. Knott and VanAckeean, who are in charge of the pictures, are getting them on the screen in good shape. "The Coward" was screened last Saturday night and was favorably commented upon by the crowd which was big enough to nett the hall fund $25 after all expense was met. 8

STEERS AND CALF ESTRAY

Estray since feeding time: One red steer 18 months old, and one red and white steer 18 months old—both branded 7D on left hip. Also red and white heifer calf, 7 or 8 months old, not branded. Reward to party giving information leading to recovery. J. W. DOW, Creston.

GOVERNMENT LIQUOR ACT

Notice of Application for Beer License

Notice is hereby given that on or after the 16th day of February next the undersigned intends to apply to the Liquor Control Board for a license in respect of premises being part of the building known as the the Russel Hotel, situated at Kitchener, B.C., upon the lands described as Lot Ten in Block Eight, Townsite of Kitchener, Group One, Kootenay District, Nelson Land Registration District, in the Province of British Columbia, for the sale of beer by the glass or by the open bottle for consumption on the premises.

Dated this 12th day of January, 1927.

JOE LANGLOIS, Applicant.

MINERAL ACT
FORM F

Certificate of Improvements

NOTICE

May Day and Pink Diamond Mineral Claims, situate in the Nelson Mining Division of Kootenay District.

Where located: About three miles from Ymir, B.C.

TAKE NOTICE that I, A. H. Green, acting as agent for Lewis Davies, Free Miner's Certificate No. 8664C, intend, sixty days from the date hereof, to apply to the Mining Recorder for a Certificate of Improvements, for the purpose of obtaining a Crown Grant to the above claims.

And further take notice that action under Section 85, must be commenced before the issuance of such Certificate of Improvements.

Dated this 4th day of January, 1927.

Solving Western Problems

Dr. H. M. Tory, president of the National Research Council and also of the University of Alberta, making appeal in a recent issue of a Canadian periodical for greater aid in the work of research in Canada, says: "Such an organization could in a few years be made to mean far more to industry than all the petty tariff changes about which there is so much agitation."

Dr. Tory is a man of sound economic views, is above playing the game of party politics, and is one whose opinions carry great weight throughout this whole western country, and, indeed, to an increasing extent throughout the Dominion. His words, above quoted, are, therefore, deserving of attention.

The truth of this statement can hardly be questioned, because, by making production more efficient greater help will be brought to industry in all its branches than can possibly be done by any tariff. Efficiency in one branch of industry assists all other branches whereas tariff changes which are designed to help one particular industry or group of industries very frequently operates to the disadvantage of other industries more or less dependent upon the first group.

The National Research Council is, within the limits of its comparatively small income, practicing what its president preaches as to the undoubted benefits of scientific research applied to the needs of industry. A few days ago announcement was made that research work of really vital importance to all the wheat farmers of western Canada is to be carried on at all the provincial universities of the three prairie provinces in association with the Dominion grain research laboratory at Winnipeg. The particular problem to be tackled is damp and tough grain, the importance of which will be appreciated by every farmer who has sustained loss during the present crop season.

The National Research Council some time ago appointed a special committee on grain research to study various problems connected with the production and marketing of grain, including factors affecting milling and baking quality, commercial grading, and diseases affecting grain plants, particularly rust. This committee now proposes an immediate survey of the methods employed in grain drying, to be followed by a study of the different methods with a view to determining which is most advantageous from the viewpoint of economy and the resulting quality of the dried product.

In order to make investigation as thoroughgoing as possible, the Universities of Manitoba, Saskatchewan and Alberta will engage in the work. Milling and baking test laboratories of the most modern type have already been installed at the Alberta and Saskatchewan Universities and the same equipment is being installed in Manitoba. Dr. Tory has expressed the opinion that it is doubtful if a research of such magnitude has ever before been undertaken in Canada.

Our Prairie Universities are playing a large part in the development of these provinces and in finding solutions for many problems. Research work is necessarily slow. To be of any value it must be most thorough, frequently covering years of study and many tests. Anything haphazard will not do. Because of this, many people are impatient of research work and are critical of money spent on it. But the fact remains that it has been the work of scientists and experts, rather than tariffs, which has made the United States the great industrial nation it is today. The industries of Great Britain built up their world trade, not because of tariffs, but through the application of scientific discoveries. Industrial Germany was the product of research work probably to a greater extent than any other country.

Canada, it must be admitted, has been backward in this respect, and our manufacturers are largely to blame, because for years they have been obsessed with the idea that in Customs tariffs, and in Customs tariffs alone, was prosperity to be found. If the Canadian manufacturers would throw the whole weight of their influence and resources back of the National Research Council, a new and better era in Canadian industry would result.

Children Cry for

Fletcher's CASTORIA

MOTHER:— Fletcher's Castoria is especially prepared to relieve Infants in arms and Children all ages of Constipation, Flatulency, Wind Colic and Diarrhea; allaying Feverishness arising therefrom, and, by regulating the Stomach and Bowels, aids the assimilation of Food; giving natural sleep.

To avoid imitations, always look for the signature of Chas. H. Fletcher. Absolutely Harmless—No Opiates. Physicians everywhere recommend it.

A Wonderful Age

Seventeen Has Been Heroic Age for Many People

Many are the readers who laughed till they cried over Booth Tarkington's "Seventeen." The hero of that book is a typical boy at an age when momentous subjects swing into his ken. Girls, tall and short, blond and brunette; clothes, his first dress suit, gorgeous neckties, the fancied necessity of shaving twice a week; flowers, bonbons, dates—at seventeen, what a life!

Yet seventeen is an age of something besides these things usually associated with callow youth. George Young, winner of the Catalina Channel swimming contest, is seventeen. Think of the qualities necessary to achieve a swim of 22 miles in cold, rough and dangerous waters. One hundred and two men and women made the start, some of them experienced swimmers for a decade or more, but it was a youth of seventeen who was there at the finish.

Seventeen is an age when most anything might happen. Time and time again it has been an heroic age for some. At that age many a youth has borne the load of the family support, and borne it uncomplainingly. Fortitude, pluck, persistence, audacity, all these belong to the age of seventeen, and because of this fact youth is the wonder of the world. Was it not St. Paul who wrote to a certain young man, "Let no man despise thy youth?"

Swollen Joints, Quickly Limbered Up

Rub On Nerviline

You would be surprised at the wonderful action of "Nerviline" in just such cases. Being thin and not an oil preparation, it is able to penetrate quickly, and down it sinks into the tissues, carrying its healing, soothing action wherever it goes. For stopping muscular or nerve pain, for easing a stiff joint, Nerviline is a complete success. Pain, soreness, stiffness all vanish before the magic power of this wonderful liniment. Nearly fifty years of success proves the merit of Nerviline, which is sold everywhere in large 35 cent bottles.

King and Prince to Exhibit

Prize Birds to be Shown at World's Poultry Congress in Ottawa

Among the exhibits at the World's Congress to be held in Ottawa, Canada, July 27 to August 4, 1927 will be prize birds from the farms of King George V. of Britain, H.R.H. the Prince of Wales and possibly from the famous pens owned by King Albert of Belgium and King Alfonso of Spain.

Exhibits to be shown at the Congress are coming from at least 35 countries all of which will be represented by delegates. No less than 2,500 poultry experts and fanciers are expected from the United States.

The Congress is to be held in Landsdowne Park, Ottawa, where the Central Canada Exhibition is held annually. Extensions to some of the principal buildings on the grounds have been made at a cost of $250,000, in order to take care of the thousands of exhibits that are coming to the Congress.

That Overseas Trip

The Canadian Pacific Railway are operating through tourist sleeping cars from Winnipeg each week to connect with steamers sailing from Saint John, N.B. This arrangement has been made in order to provide every convenience for overseas travellers. These tourist cars go direct to the ship's side, and assure connection and facilitate transfer from train to steamer. See any ticket agent of the Canadian Pacific to arrange for bookings and reservations on these cars.

Ice Fall is Perennial

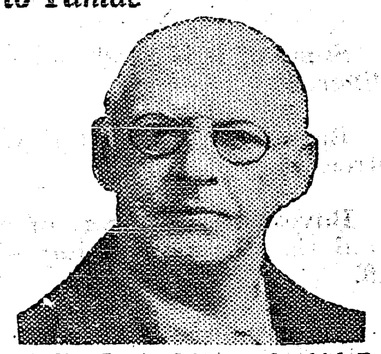
Surpassing any waterfall in grandeur, an ice fall is the boast of Mount McKinley. A large glacier, coming down from a height of 18,500 feet to the 15,000 foot level makes a sheer drop of 3,000 feet. The fall is perennial.

Recognized as a leading specific for the destruction of worms, Mother Graves' Worm Exterminator has proved a boon to suffering children everywhere. It seldom fails.

Take away a reckless automobile driver's license and he becomes a common pedestrian, which is about the worst punishment the court could give him.

Canadian Farmer Tells His Experience

"Les" Booth, widely known Ontario farmer, and a sick man for 20 years, suffered daily, only half alive. Now strong, robust, vigorous, credits new found health to Tanlac



Though popularly known as "Les," Mr. Booth's correct first name is George. His home is at 271 Perth St., Brockville. For the past three years he has enjoyed vigorous health but what he endured before then is best told in his own words. "For twenty years my arms, shoulders, back and hips, ached with rheumatism," said Mr. Booth. "Often I had to quit work entirely and I remember one bad spell that kept me in bed for six months.

"My case got to be so chronic that the help run the farm. I was practically helpless. Even my wrists and hands would swell up so that I couldn't write my name. I dreaded bedtime, for I got no rest, but lay there in agony, waiting for morning. Nervous spells would seize me and I would tremble all over like a leaf. I couldn't get any benefit from my food and had to force myself to eat. My weight was far below normal.

"Three years ago I decided to give Tanlac a good trial, for nothing else had helped me. I could scarcely believe such results were possible as those Tanlac soon showed. The aching stopped, my appetite came back and I could eat heartily. My nights became more restful, too, and I slept soundly. I gained 16 pounds which I still retain, and I now work hard outdoors from 8 to 10 hours a day. *I never have an ache. It's hardly believable!* If folks want to know what Tanlac can do, tell them to write to Les Booth, or to come and see me. I'll tell 'em."

If your health is broken from overwork or neglect, profit from Mr. Booth's experience. Try Tanlac, nature's own body builder, made from roots, herbs and barks. Your druggist has it. Over 52 million bottles sold.

Alberta Takes Care of Settlers

Boards of Trade Supply New Comers With Information

Immigrants to the number of 6,148 registered at the Immigration Hall at Edmonton in 1926, as compared with 1,984 in 1925. A large proportion were from the British Isles and the balance from Central Europe. The boards of trade at Edmonton, Calgary, and Lethbridge, are bestirring themselves to supply the new settler with the best information as to desirable lands and do all they can to help him make good.

The power derived from the hydro-electric plants at Niagara Falls is equal to the combined efforts of 45,000,000 able-bodied men.

Pearls, like diamonds, are found in different colors, and, oddly enough, the black pearl is the most expensive.

Agriculture On Up Trend

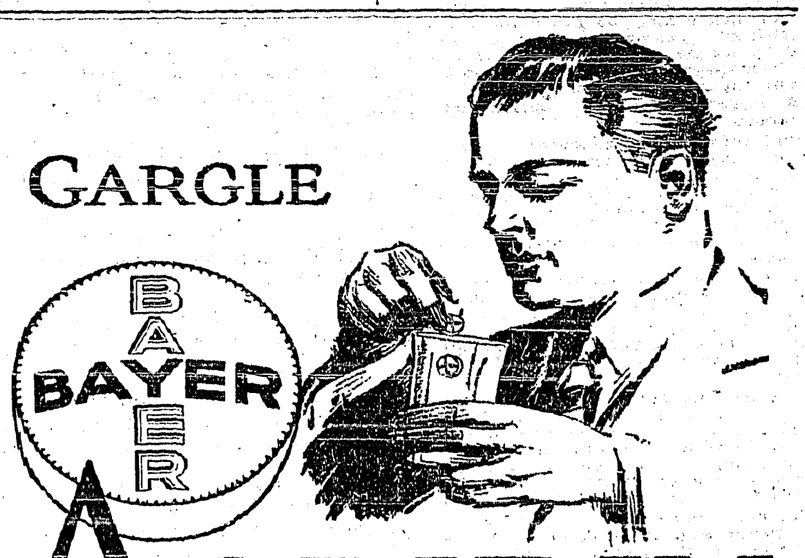
Farmers Have $6,250,000,000 Invested In Country

Hon. T. A. Crear, president of the United Grain Growers, predicts that Canada's development in the next fifty years will be unparalleled in history. Agriculture in this country is just starting a great forward movement, he said, and farmers have already invested $6,250,000,000 in the country.

Only the uninformed endure the agony of corns. The knowing ones apply Holloway's Corn Remover and get relief.

"So dark and yet so light," remarked the funny man as he looked at a ton of coal the driver had just delivered.

It is easier for a young man to fool his own mother than it is for him to fool any other woman.



GARGLE

BAYER

ASPIRIN

Dissolve two "BAYER TABLETS OF ASPIRIN" in four tablespoonfuls of water and gargle thoroughly.

Swallow some of the solution. Don't rinse the mouth. Repeat gargle every two hours if necessary.

This is an effective gargle proved safe by millions and prescribed by physicians.

For TONSILITIS *and* SORE THROAT

Safe — Accept only "Bayer" package. Look for the "Bayer Cross."

Handy "Bayer" boxes of 12 tablets. Also bottles of 24 and 100—Druggists.

Aspirin is the trade mark (registered in Canada) of Bayer Manufacture of Monoaceticacidester of Salicylicacid (Acetyl Salicylic Acid, "A. S. A."). While it is well known that Aspirin means Bayer manufacture, to assist the public against imitations, the Tablets of Bayer Company will be stamped with their general trade mark, the "Bayer Cross."

BUY COAL DIRECT FROM MINE

To introduce VICTORY coal, mined 45 miles West of Edmonton, in the Foothills of the Mountains. We OFFER in Carlots of 30 tons or over.

Double Screened Lump over 4 in. screen	-	$4.00 per ton
" " Egg from 2 in. to 4 in.	-	$3.50 " "
" " Stovenut 1 in. to 2 in.	-	$3.00 " "

All prices F.o.b. cars Mine, Wabamun, Alta., C.N.Ry.
Every ton guaranteed free from Rock, Bone or Shale.
Make up a car with your neighbor. Send $50.00 with order, balance C.O.D. We REFER YOU TO ANY BANK.

LAKESIDE COALS, LIMITED, EDMONTON, ALTA.

NEGOTIATE WITH CHINA TO BREAK THE DEADLOCK

London.—After a lengthy cabinet meeting, the British Government cabled fresh instruction to Owen St. C. O'Malley, the British charge d'affaires at Hankow, in an effort to break the deadlock which developed in the Anglo-Chinese negotiations there when the Cantonese Foreign Minister, Eugene Chen, questioned the right of Great Britain to dispatch a military force to Shanghai.

Shorn of technicalities, it is admitted in competent official quarters that the whole Chinese situation is at a standstill over the issue of the troops now on the way. There is no likelihood that the expedition will be recalled but there is a possibility that it may be partly diverted to Singapore and Hong Kong, or that an agreement may be reached with the Chinese authorities regarding its length of stay at Shanghai.

The Foreign Office maintains that the negotiations between Charge d'Affaires O'Malley and the Chinese minister have not been broken off, explaining that Chen has merely refused to sign the draft agreement dealing with the future status of the British concessions at Hankow and Kiukiang, where the recent rioting occurred.

This refusal has given the Anglo-Cantonese discussions a new turn with respect to the general British proposals, which were first announced in a Christmas memorandum to the powers, amplified by Sir Austen Chamberlain's Birmingham speech. These proposals deal with the whole problem of China's relations with Great Britain, including the questions of extra-territoriality, customs, missionaries and other important questions.

Start Anti-Religious Campaign

Chinese Nationalists Destroying Idols Says Missionary

New York.—Chinese idols dating back to the remote past and tablets symbolizing China's historic ancestral worship are being destroyed in southern China as part of a Nationalists campaign against religion similar to that of Soviet Russia, says Dr. N. Bercovitz, prohibition missionary doctor on the island of Hainan, China.

This anti-religous campaign, Dr. Bercovitz declares, is paralleled by a movement among the youth of China that respects neither its ancient religions nor Christianity, but preaches a philosophy of materialism and "absolute freedom for every one in everything."

Writing from his station in China to the Prebyterian Board of Foreign Missions, Dr. Bercovitz says that the anti-religious movement was directed by the Nationalist government in Canton which has for its avowed object the destruction of spiritual things of all things among the people.

Lose on Telegraph Service

British Post Office Department Finds Telephone Competition Strong

London.—The Government's loss on operation, through the post office department of telegraph services during the past year, is about £1,500,000, partly due to the strong competition of the telephone service, which is also a branch of the Government's activities. The traffic in newspaper telegrams has resulted in a loss of about £250,000 yearly. The British press has lately adopted a leased wire policy, paying wire rental instead of word rate charges.

Pension for Former Premier

Paris.—Antoine Monis, after thirty-five years service to his country as premier, deputy and senator, is destitute at the age of 81. Premier Poincare, learning indirectly of his plight has introduced a bill in parliament which would grant him an annual pension of 21,000 francs.

Quake at Shanghai

Shanghai.—The city was alarmed by a fairly severe earthquake recently. Earthquakes are most unusual in this district. No damage has been reported.

W. N. U. 1667

Urges Colonization of North

Canada's Hinterland Should Be Mapped Says Frank Henderson

Ottawa.—"At the present rate of progress it will take 70 years to explore Canada's rich Northland to the extent of showing its principal features on our maps," Frank D. Henderson, D.L.S., President of the Dominion Land Surveyors' Association, told the convention in Ottawa in an address in which he urged Dominion surveyors "who made possible the orderly settlement of the fertile wheat lands of Western Canada to use their utmost efforts to speed up the colonization of the almost totally unexplored and unexploited hinterland of Canada."

In this vast northern country there is, said Mr. Henderson, a task of colonization and development greater and more complicated than that which faced Dominion land surveyors in the West.

The first requisite to development, Mr. Henderson pointed out, is adequate maps. As to what a good map would show, he quoted the fact that a recent mapping operation had shown that within a radius of 35 miles of one Northern Ontario town there are some 1,800 hundred lakes.

How is a man ever to penetrate such a country without maps?

Fewer Forest Fires

Canadian National Railways Use Measures to Protect Forest Areas

Winnipeg.—A saving of more than $19,000 in damages resulting from fire along the lines of the Canadian National Railways during 1926, as compared with the previous year, has been reported by W. A. Kilby, chief of forest protection for the company. This decrease is attributed by Mr. Kilby to increased efficiency and an educational campaign among the railway employees during the past year.

On the Western region, including lines in British Columbia where fire hazards were great during the spring, 9,000 acres were burned over with an approximate monetary loss of $41,650 as compared with 25,285 acres and $61,896 in 1925. More than 4,000 miles of fire guards were constructed on the Western region in 1926 and every precaution was maintained to prevent the ignition of fire by sparks from locomotives.

Good Revenue From Fines

Many Prosecutions in Vancouver Under the Motor Act

Vancouver, B.C.—Prosecutions under the Motor Act and city traffic by-laws, virtually trebled during 1926, in Vancouver, when 6,973 cases were heard in the special automobile court, presided over by Magistrate J. A. Findlay. On 1925, the number of cases was 2,979.

Last year, fines aggregating $23,521 were paid by motorists who were convicted of minor violations of the Motor Act, while 199 drivers were convicted of driving to the common danger, and contributed an additional amount of $5,650.

Mexican Soldier Kills Four

Member of Military Guard Goes Suddenly Insane

Mexico City.—A soldier, one of the military guard on a Laredo-Mexico City passenger train, suddenly became insane when the train was nearing Gomez Farias, state of Chihuahua. He seized several rifles, one after the other, and began shooting promiscuously. He killed four and wounded two of his fellow soldiers before he was subdued.

No passengers were hurt but both foreign and Mexican passengers were badly frightened, for they thought it was a bandit attack.

C.P.R. Hotel for Toronto

Toronto. — Official announcement that the Canadian Pacific Railway has purchased the Queen's hotel, fronting the new Union station, and will erect on that site a thousand room hotel, was made by President E. W. Beatty, of the C.P.R., here today.

Duke of York Initiated

H.M.S. Renown.—The Duke of York, King George's second son, now can properly call himself an old seadog. He was, with his duchess, duly initiated into King Neptune's kingdom as the Renown crossed the equator in the Pacific en route to Australia.

10 EARTHQUAKES OCCUR YEARLY IN EASTERN CANADA

Ottawa.—Dominion land surveyors from all parts of Canada assembled here for their annual three-day convention.

A feature of the proceedings was the presidential address by F. D. Henderson, in which he reviewed the general conditions in Canada and emphasized the fact that immense areas remain unsurveyed. The work of mapping the mineralized areas of Northern Canada would take many years.

Hon. Charles Stewart, Minister of the Interior, speaking at the annual luncheon, strongly deprecated the talk of class organization.

The difficulties to be solved as regards Canada will never be cured he said "by the false doctrine of class organization."

"He urged that individual effort must be put forth and it is mainly on that the citizens of Canada must depend."

"There are at least ten earthquakes a year in Eastern Canada," Ernest A. Hodgson, seismologist of the Dominion Observatory at Ottawa told the convention. "We know there are at least that many. Really sensitive instruments possibly would indicate something like a hundred. We do not know but these earthquakes are as a rule nice gentle ones, which occur at fairly regular intervals." He explained that the Montreal Mountain is an extinct volcano.

"The conditions in Quebec," said Mr. Hodgson, "are not those of California, but as the seismic centres are determined, it would be the essence of good judgment to avoid them as sites for commercial enterprises which form so large a part of the present or potential wealth of the province."

Death of Lt.-Col. Munro

Winnipeg.—Lt.-Col. William Aird Munro, D.S.O., is dead here after a lengthy illness. He was 56 years old.

Saskatchewan Co-Operative Elevator Co.

Meeting to be Held in Regina to Wind Up Affairs of Company

Regina.—Arrangements for the winding up of the Saskatchewan Co-Operative Elevator Company, including the appointment of inspectors to act with the official liquidator on behalf of the shareholders of the company, will be made at the annual convention of delegates to be held here, Wednesday, March 2.

Each of the 451 locals of the company, is entitled to send one delegate to the convention and shareholders throughout the province are now busy electing delegates at local meetings.

Willing To Make Exchange

Order-in-Council Permits Settlers to Transfer From Barren Lands

Regina.—According to the current issue of the Canada Gazette, the Governor-General-in-Council has ordered that certain settlers in the Moose Jaw land office district, now on the verge of abandoning their land on account of its inferior nature, be allowed to exchange their farm holdings for certain lands now used for grazing purposes.

In the case of homesteads now occupied, the settlers will be required to reconvey title to the Crown.

Reclaiming Land in B.C.

Vancouver.—Between 150 and 200 families will participate in a "back to the land" movement near Ladner, B.C., at the mouth of the Fraser river, as a result of the opening up of a large area of land. One of the men behind the scheme is Leon J. Ladner, Federal member for Vancouver South, whose parents were among the first settlers in the Fraser Valley.

Takes Over Duties This Month

Ottawa.—Hon. Vincent Massey, Canada's first minister to Washington, will, it is expected, take over his duties there early in February. He will be received by President Coolidge shortly after his arrival.

MASSACRE SURVIVOR TELLS EXPERIENCES

Typical Cree Indians who participated in the massacre at Frog Lake

(Inset) Chief Big Bear

An unique and intimate record of the massacre at Frog Lake in 1885 at the time of the Canadian Northwest Rebellion has been given to Canadian history by William Bleasdell Cameron, the sole white survivor of that appalling disaster. In a volume recently published by the Ryerson Press, Toronto, Mr. Cameron recounts in vivid detail the events which led up to the attack, the bloody progress of the massacre, and his two months experience as prisoner of the Indians. "The War Trail of Big Bear" is not only outstanding for its value as a historic record; it is a remarkably powerful and dramatic narrative.

Mr. Cameron was a young Hudson's Bay Co. agent at Frog Lake when the Massacre occurred. He describes the general restlessness of the Indians preceding the Rebellion when it seemed as if the whole Middle West might be swept by the carnage of semi-savage rebels on the war path, had not the Canadian Pacific Railway, then in its infancy, stepped into the breach and sent troops to quell the uprising.

Big Bear, the old chief of the Cree Indians is a noble and pathetic creature, a lover of peace and a friend of the white man. He has little influence over the fiery and blood-thirsty members of the tribe, and knew little of the killing at Frog Lake. One of the most dramatic incidents in the book is his speech at the trial of the Indians following the massacre when eight of his band were sentenced to death. Dejected, lonely, shorn of his freedom, he was still able to hold up his head. He was still Big Bear, chief of the Crees. And his plea was not for himself, but for his people—for his children, hiding in terror "afraid to show themselves in the bright light of day."

USE PLANES TO EXPLORE WATERS OF HUDSON'S BAY

Ottawa.—A full inquiry into navigation conditions on Hudson's Bay and Straits, mainly by means of aeroplanes, is to be made by the Government this summer and a commission which has just been appointed to direct the work has held its organization meeting here. It consists of N. B. McLean, of the staff of the St. Lawrence ship channel, who has 25 years experience with ice conditions; Col. James Scott, of the air service, and E. B. Kost, engineer of the railway department. Mr. McLean is to be chairman.

Three departments, marine, defence and railways are interested and represented. It is intended to establish three air bases at points on the Bay and Straits and at least six 'planes will be utilized, in addition to patrol boats and wireless stations. Ice, tidal and all other conditions affecting navigation will be noted daily throughout the year.

The work will start July 1. Among other things the order-in-council creating the commission recites that: "It is important that early consideration be given the questions relating to the navigation of Hudson Strait, in order that an effective program may be adopted, and the completion of the work itself so timed as to be available on completion of the initial test development proposed for the Hudson's Bay harbor terminals."

Learned Nothing From Industrial America

System Not Greatly Ahead of England's is Report of Commission

London.—The report of the government's industrial commission which went to Canada and the United States last fall, The Westminster Gazette says, will declare that industrial America has few important lessons to teach British industry, that American prosperity is due to a temporary boom, that wages are admittedly high but so is the cost of living and that industrial co-operation, although good in America, is not greatly ahead of the system employed in England.

Ernest Bevin, general secretary of the Transport Workers' Federation, one of the commission, The Westminster Gazette adds, will issue a minority report as he profoundly disagrees with some of the findings of his colleagues.

Suggests 'Plane Survey Of Hudson Straits

Intensive Examination Recommended by Minister of Railways

Winnipeg.—The Ottawa correspondent of The Manitoba Free Press says:

"Intensive study of Hudson Straits in 1927 by a fleet of hydroplanes is being strongly recommended to the Government by Hon. Charles Dunning, Minister of Railways.

"If his recommendation is accepted the Royal Canadian Air Force, in co-operation with the Canadian Navy, will carry out an intensive examination of the Straits.

"The government departments concerned have prepared an estimate of the cost of such an investigation and have placed the total at $900,000."

Super Cinemas for London

London.—The Evening News says plans are afoot to provide London with at least 20 new super cinemas within a year. The houses will rival those of New York in completeness, will seat more than 52,000 people, and cost over £2,500,000 or about $12,125,000. This development, the paper says is the result of London business men entering the motion picture field. Other big cinema projects are contemplated.

Bandits Use Machine Gun

Chicago.—Blocking the only convenient exit with a machine gun, a gang of robbers ordered more than 100 bettors in a handbook establishment to lie face down on the floor while they escaped with $10,000 here. Two of the robbers waved shotguns while their companions, armed with the automatic gun, led the escape.

FERTILIZER

Place your order now for early delivery of fertiiizer. The "Co-Ops." will be ordering in the very near future for early delivery and yon will want to be protected.

We do not order much in excess of what has been definitely placed. Please estimate your requirements now and we will take care of them.

Nothing will pay you better than proper use of good fertilizer. Make two to three tons grow where one grew without it.

Creston Valley Co-Operative Assn.

Stores at CRESTON & ERICKSON

Local and Personal

PIGS FOR SALE—Six weeks old, $7 each. J. B. Rudd, Wynndel.

FOR SALE—Two lots with 4-room house. Apply W. Eisher, Creston.

LOST—Yale lock key, in Creston, on February 5th. Finder please return to Review Office. Reward.

Mrs. R. Walters and little Miss Doris are visitors with Spokane friends this week, leaving on Sunday.

Miss Lyda Johnson is away on a two weeks' vacation, which she is spending with Cranbrook friends.

FOR SALE—Yorkshire boar, going cheap. Also Chesepeake female, $25, purebred, registered. G. Davie, Canyon.

The milder weather that has previaled this month has brought down egg prices to 45 cents paid the poultryman.

Creston Valley Co-Operative Association shareholders have their annual meeting in Speers' Hall on Saturday afternoon.

Mrs. Bowman of Nelson was a visitor here for a few days last week, the guest of her brother, Capt. Oatts, forestry official.

C. O. Rodgers got back on Monday from Kelowna, where he had attended a two day session of the B.C. Box Makers' Association.

R. Lamont is reported to have purchased the property on Goat River bottom, until a few months ago occupied by Mr. and Mrs. Bloor.

Mrs. Hopwood has sufficiently recovered from her recent appendicitis operation at Nelson hospital, as to be able to return home at the first of the week.

Creston Women's Institute have already commenced work in connection with the celebration on July 1st of the sixtieth anniversary of Canadain confederation.

FOR SALE—Potatoes, $2 per 100 lbs. delivered. G. Davie, Canyon.

Mrs. Kelly, wife of Principal Kelly of the high school, with their young son, left on Tuereay for Ladner, where they will be making an extended visit.

FOR SALE—Jersey heifer, due to freshen soon; Chevrolet touring car, heavy team wagon, team disc, buggy, quantity of good table potatoes. P. Boffey, Creston.

E. McMahon of Ottawa, who has been renewing acquaintances in Cresfor the past month, a guest of his daughter, Mrs. S. A. Speers, left for home on Tuesday.

The men employed at Winlaw's logging camp showed practical sympathy for Mr. and Mrs. McCullough by contributing almost $200 when the hat was passed last week.

Remember the Children's Motto Party at the Parish Hall to-nsght, Prizes for the best executen motto on a card 6 x 9 inches. The admission is 25 cents. Party at 7.30 p.m.

Six tables of players were in evidence at the afternoon whist under Christ Church Ladies' Guild auspices at the Parish Hall on Wednesday, the high score prize going to Mrs. F. V. Staples.

The Presbyterian Ladies' Aid had a generous patronage at their St. Valentine tea and pantry sale at the home of Mrs. Henderson on Saturday, the day's intake being in the neighborhood of $35.

Mr. and Mrs. Campbell Dow and young son of Nanaimo, who have been here on a visit with the former's parents, Mr. and Mrs. J. W. Dow, for the past two weeks, left for their home on Thursday last.

FOR SALE—Pair young and sound horses, weigh about 2300 lbs., good workers. Horses, harness, sleighs, whiffletrees, neckyokes, all for $135. Will make a good farm team. C. O. Rodgers, Creston.

LAND FOR SALE—Ten acres of real good land. Half-acre set out in different kinds of fruit. J. G. Wearmouth, Canyon, B.C.

The ladies will be interested in the S. A. Speers' announcment that on Friday, February 25th, he will have a one-day showing of all the newest in ladies' spring coats, by one of Canada's foremost manufacturers.

Village dog owners who wish to avoid police court action will do well to pay their 1927 dog licenses at once. Final notice in this connection is given this week, and the clerk will immediately take legal steps to collect.

A. L. McCulloch, the well known Nelson engineer, is here at present surveying the dyke line and completing the final plans for the dyking of 10,000 acres on Kootenay Flats by Creston Reclamation Company, Limited.

Rev. P. Hayman, who about a dozeu years ago was rector of Christ Church, Creston, since when he has been in charge at Grand Forks, has resigned his position in the Boundary town, to take effect at the end of April.

Miss Rose Cherrington, principal of the Wynndel school, was brought to her home at Creston on Wednesday night, having that evening sustained a broken collar bone whilst sledding. She will be off duty for at least two weeks.

J. Holdsworth of Kitchener was up before Magistrate Mallandaine on Tuesday on a charge of taking muskrats out of season, and was fined $15 and costs tnd the pelts confiscated. The charge was laid by provincial police H. McLaren, who found about about fifteen rat pelts on the premises of the accused.

All village property owners got a valentine on Monday in the shape of the annual tax notices which village clerk Taylor had in the mails that day. The rate is the same as a year ago, and the total increase in the expected revenue this year over 1926 is about $25, due to improvements made during 1926.

Next week's big attraction is the appearance on Thursday night at Trinity Church of Miss Elsie M. Luhan, the well known Canadian entertainer, who presents a miscellaneous programme of musical monologues, humorous and dramatic stories, and classic and modern character sketches at popular prices of 50 and 25 cents.

Of Miss Elsie McLuhan, entertainer, who appears at Trinity United on Thursday evening, February 24th, the Moosejaw, Sask., Times says: "Elsie McLuhan is Canadain born, and in her recitals is making a large place for Canadain writers. Her splendid interpretation will add to her popularity. A group of character sketches provided humor for a well-balanced programme of literary worth.

D. K. McDonald of Spokane, with his two brothers Simon and Henry, large landowners in Drainage District No. 1 at Bonners Ferry, were visitors here at the first of the week, conferring witb the directors of Creston Reclamation Company, Limited. The latter state that Bonners Ferry the expectation is for less than the average of high water on the flats and on this assumption land in District No. 6 is going to be cropped with only the low stretches in the Kootenay River bank filled in.

The dancing fraternity should be out in full force on Wednesday night next, February 23rd, for the benefit dance in aid of Mr. and Mrs. Mert. McCullough, who lost all their household effects in a fire that destroyed their home at Huscrofts on Tuesday of last week. The Women's Institute are in charge of the affair, and the admission is 75 cents to gentlemen, and 50 cents to ladies, which includes supper. Mrs. Lister's orchestra will supply the music.

About fifty skaters were in costume for the masquerade carnival put on by Manager Waylett at the skating rink on Friday night, and the costuming was so uniformally good that the judges had considerable trouble in making the awards as follows: Best dressed lady, Mrs. F. C. Rodgers. Best dressed gentleman, M. R. Joyce. Ladies' comic, Mrs. M. J. Beninger; gents' camic, Ada Lewis, Mexican cowboy. Best dressed girl, Joyce Mooee; best dressed boy, Arthur Speers. Girls' comic, Lily Lewis; boys' comic, Harold Beninger. In addition to the skaters there was quite a large turnout of spectators who very much enjoyed the occasion.

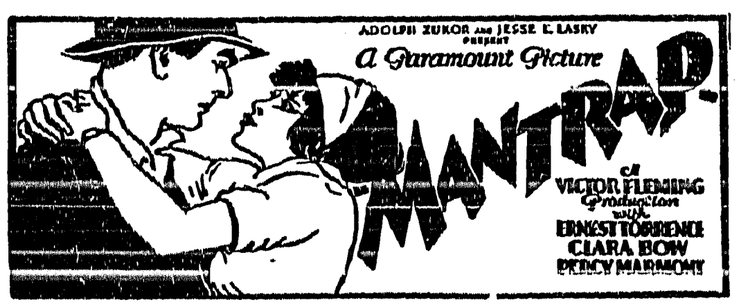
Grand Theatre **Sat., Feb. 19**



A drama of the Northland—of two men and a girl—who vamps wise and foolish alike. And just see who they are—an all star cast:

ERNEST TORRENCE, CLARA BOW and PERCY MARMONT

We recommend this Picture, also the cast, very highly. Don't miss it at Regular Prices.
